### MURDERER HIDING IN NEW YORK.

COLORADO SPRINGS, Colo., Jan. 31.—Chief of Police Reynolds of this city, who has been on the trail of Milton Franklin, suspected of having murdered Bessie Burton, has returned. He announces that he is convinced of two things, first that the body found on Cutler Mountain is that of Mrs. Bessie

Bouton, of Syracuse, N. Y., and second, that Milton Franklin Andrews, of Hartford, Conn., is the Milton Franklin, alias George Bouton, Barnett, who he believes is responsible for her death. This chief says he will have a warrant issued at once for Franklin's arrest. He says that Franklin is in hiding in New York city and that he has been traveling with a woman who calls herself Cutler Mountain is that of Mrs. Bessie

### SUPREME COURT OPENED TODAY.

Several Interesting and Important Cases.

Stephen B. Bustin Appeals Against the Recent Decision of the St. John Circuit Court.

(Special to the Star.)  
FREDERICTON, N. B., Jan. 31.—The Hilary term of the Supreme Court opened this morning. The full bench was present with the exception of Judge Hanington. The following common motions were made:—In Fred T. Dayton vs. Alexis Meneault, T. M. Jones moved for attachment against the sheriff of Madawaska county for contempt in not obeying a rule of court to bring up the body. Court considered. In W. H. Thorne & Co. vs. Stephen B. Bustin, Geo. W. Allen, K. C., moved for leave to enter and time to file notices and serve. Court granted leave to enter and time to file notices and serve until 15th March. In Mary Lloyd vs. Stephen Gillis et al., G. W. Allen, K. C., moved for time to file notice and serve same and for leave to enter. The court granted leave to enter and notice to be filed in time for argument this term. In the King vs. the Municipality of Gloucester, G. W. Allen, K. C., asked for leave to move for a mandamus in the 2d common motion day. Court granted the request. This concluded the common motions and the court adjourned.

The regular annual meeting of the Barriesters' Society of New Brunswick will be held in the supreme court room tomorrow evening at 8 o'clock.

### SECOND COMING OF CHRIST.

MONTREAL, Jan. 30.—Rev. G. Osborne Troop, formerly of St. John, started his congregation in St. Martin's church Sunday evening when he declared, "I reverently believe that the second coming of Christ is not far off and I will not be surprised if you and I are alive when the Lord Jesus comes."

Mr. Troop directed the attention of his hearers to the tremendous religious revivalist movement in England and especially in Wales where all shades of theological opinions were being borne on before it.

After telling of the progress of the revival Rev. Mr. Troop added: "Is this not wonderful? Is it not evident that the Lord is at hand. Would that this holy fire spread to this city and to this congregation so that in the Lord's visitation you and I may not be left out."

### THE GERMAN PRINCE'S CONDITION.

POTS DAM, Jan. 31.—The physicians in attendance upon Prince Felix Friedrich issued the following bulletin this morning:

"During the first half of the night the prince was restless on account of pain and difficulty in breathing. He slept five hours after midnight. Temperature 101, pulse 70. The inflammation of the right lung is diminishing. The left lung is unchanged. Coughing and irritation normal, but the patient is weak after the coughing spells."

### FIVE SALOONS CLOSED TODAY.

Tomorrow there will be only seventy-five bars open in St. John. At ten o'clock tonight the five barsrooms which are doing business under extensions will have to close for good. What stock they have on hand will be purchased by some of the other saloon keepers.

### JAPS AND RUSSIANS MET WITH HEAVY LOSSES.

Russian Position Has Been Greatly Weakened and as a Result Their Front Will Be Materially Changed.

### HEAVY LOSSES.

LONDON, Jan. 31.—2.30 p. m.—A despatch to the Japanese legation from Tokyo dated today says Field Marshal Oyama reports that the Russians have left twelve hundred dead on the field since Jan. 25.

ST. PETERSBURG, Jan. 31.—A telegram from Schiatun dated, Jan. 25, states that the Russian losses Jan. 25 to Jan. 28 were ten thousand, but five per cent. of the total loss. The Japanese losses were very heavy. Over 300 Japanese were made prisoners.

### RUSSIAN POSITION WEAKENED.

TOKIO, Jan. 31.—11 a. m.—It is believed that the loss of Heikoutai weakens the Russian position and probably will compel a material change in the Russian front in that vicinity. Heikoutai will be strongly defended by the Japanese who are now occupying the Russian works. As the ground is frozen it is practically impossible to construct new works.

MUKDEN, Jan. 30.—Constant streams of wounded men are arriving here from the right flank. Including Lieut. General Mischchenko, who is in excellent spirits and is receiving visitors. The official organ of the wounded number 3,500.

### KING EDWARD'S DAUGHTER. A REMARKABLE STATEMENT.

Has Undergone a Successful Operation for Appendicitis—She Has Been Ill for Some Time.

LONDON, Jan. 31.—The Princess Victoria, daughter of King Edward, who has been ill for some time, underwent a successful operation for appendicitis at Buckingham Palace, this morning. The operation was performed by Sir Frederick Treves, surgeon-in-ordinary to the King.

A bulletin subsequently issued says: "The circumstances of the operation were favorable. The princess bore it very well and is progressing very satisfactorily."

The Princess, who has been ill for some time, came to London January 27, to prepare for the operation. She was born in 1893.

### NOT A DOVE OF PEACE.

But Only an Ordinary Pigeon Circled Above the Magistrate's Head This Morning.

The solemnity of the St. John police court was marred this morning by a pigeon circling the head of the magistrate, while he was investigating a charge of profanity. The incident created a lot of comment and one person was heard to exclaim poetically: "O, look, the dove of peace."

The large crowd of spectators were intensely listening to witness when their attention was distracted by the bird gracefully sweeping around the dais on which the magistrate sits. The magistrate did not seem to be the least disturbed by the bird, which flew back to the place whence it had so mysteriously come.

### BIG BARGAINS FOR MEN AND BOYS.

Tomorrow morning in the new building of Manchester, Robertson, Allison, Ltd., the Annual February sale of men's and boys' furnishings and clothing will be commenced. This is a grand bargain disposal of collars, shirts, cuffs, neckties, braces, underwear, suits, overcoats, ulsters, trousers, etc., etc., and all prices will be deeply cut. All the stock is fresh and new, nothing old or shop-worn in the lot.

### A SURE CURE.

If you are troubled with the blues, spend a quarter for a ticket for the V. S. and A. Club carnival at Victoria Park on Friday next. You will forget your troubles in watching the gorgeous spectacle of thousands of young people in fancy and grotesque costumes fitting here, there and everywhere to the music of the V. S. Own band. Forty dollars in gold will be awarded as prizes to those clever enough at impersonations.

### THE BANDMANN-DALLAS OPERA COMPANY.

"Sergeant Bowser," the piece selected for Mr. Cole's benefit, is written by the successful author, Owen Hall, who wrote the libretto of "The Geisha," "The Greek Slave," "Pleasure," and many of the best musical comedies that have been produced in London. Mr. Hall was really the originator of this class of entertainment when he wrote "The Gaiety Girl."

The ladies' committee of the Protestant Orphan Asylum will meet on Thursday, Feb. 2, at 8 o'clock.

### BIGGEST DIAMOND EVER DISCOVERED.

Has Been Insured for Over Two Million Dollars.

Value is Estimated at Five Million Dollars The Gem is as Big as a Man's Fist.

GREATEST GEM ON EARTH. Weight in crude state, 3,032 carats. Estimated value, \$5,000,000. Estimated size when cut—like a hen's egg.

NEW YORK, N. Y., Jan. 31.—A London despatch to the Times says:—"A value of \$500,000 for insurance purposes had been placed on the Premier Company's big diamond recently found in the Transvaal. The stone is insured through from the mine to London against theft and marine risks. The size of the diamond is stated to be that of the average man's fist."

(New York American.)

The biggest diamond the world has yet seen has just been unearthed near Pretoria, in the Transvaal, South Africa. Former Congressman Jefferson M. Levy, of No. 30 Pine street, the largest stockholder in the Premier Diamond Company of South Africa, which discovered the treasure, yesterday received a cablegram from his London agent, stating that the new diamond weighed 3,032 carats and that experts estimated its value at \$5,000,000. "For some time," said Mr. Levy, "the value of our stock has been going up. I was at a loss to account for it, until I received this dispatch, which explained the upward move. Our company, in point of view of capitalization, is small compared with the De Beers mine at Kimberley. The diamondiferous quality of our mine is, however, of the first order. The purity of the big diamond is said to be of the first water. "The new diamond has only been exceeded in size by the great Brazilian diamond, unearthed some years ago, but which Dr. Kunz, Tiffany's diamond expert, says was only serviceable for boring purposes."

"A tangerine would about represent the size of a 3,032 carat diamond in the raw state," said Oliver M. Farrand, a Maiden Lane diamond importer. "In process of cutting it would lose about sixty per cent of its weight and, when cut, would equal in size an ordinary hen's egg. The value of such a diamond must be altogether speculative, there being so few people financially able to purchase such a gem."

Among other large diamonds of modern discovery are the "Florentine," now in Vienna, weighing 136 carats, and worth \$400,000 and the "Victoria," belonging to the Nizam of Hyderabad, worth \$2,000,000. The famous Koh-i-noor, which was the property of an Indian Prince until Queen Victoria diplomatically coveted it and which is now among the crown jewels of Great Britain, weighs 186 carats and is valued at \$600,000. Originally 900 carats in weight, it lost over 500 carats in the process of cutting.

James Lewis, of Wm. Lewis & Sons, shipsmiths, Brittain street, has under order of Judge McLeod become the owner of all the mining rights of the Arlington Mining and Milling Co., which has been in liquidation for some months. This company was exploited by St. John men. Mr. Lewis paid \$3,200 for the mining rights, being the highest of a number of tenders.

This is the last day on which notice to quit may be given. Those who wait until tomorrow to give notice to quit may just as well wait until the first of May, for after today a notice has no legal effect.

**DENOMINATIONAL ADJUSTMENT**  
**IN MAINE.**

In the State of Maine there is an in-  
ter-denominational association or union  
which seems to be anticipating to some  
extent the work to be accomplished by  
church union. The executive of this  
body has prepared a record of places  
where there are no religious services,  
of others where there are two or more  
weak but competing religious organiza-  
tions, and of others where two or more  
denominations are conducting union  
meetings.

The inter-denominational committee  
tries to get one weak church to with-  
draw where there is not room for two,  
and to establish missionaries where  
there is no religious work. Union ser-  
vices under the auspices of two or three  
different bodies are not encouraged. It  
is considered better to place the re-  
ligious care of the community in the  
hands of one denomination, which  
would thus be able to establish a more  
effective pastoral relation, and be in a  
better position to maintain the order  
and discipline, and to administer the  
sacraments of the church.

There is no authority in the super-  
vising body. It does not act unless it  
is called on. Nothing is done without  
the consent of those concerned. In  
short the committee is merely an ad-  
visory body, well fortified with a know-  
ledge of conditions, free from denomi-  
national prejudice, and careful that in  
the average of the adjustments the con-  
cessions are made to balance each  
other. The leading men in the move-  
ment are university professors.

**NOVA SCOTIA IMMIGRATION.**

The interesting statement is made  
that the Nova Scotia government will  
initiate a vigorous immigration policy.  
This we take to mean that an attempt  
will be made to bring families out from  
the Old Country to go on the land, or  
young men and women to undertake  
farm or domestic service. This under-  
taking is one which might well be car-  
ried out by the three maritime prov-  
inces together, since the conditions  
are similar in them all. There would  
still be the risk that the settlers  
brought out would be lured to the  
West, either at the beginning or after  
a little time. On the whole the eastern  
provinces have some reason to  
complain that practically the whole im-  
migration machinery of the Dominion  
Government is used for the benefit of  
the western country, though the people  
in the east pay most of the cost. One  
reason finds any mention of eastern  
Canada in the immigration literature.  
The agents in Great Britain have little  
to say of the opportunities offered to  
farmers in this part of Canada. The  
efforts of the government employees are  
supplemented by the agents of two  
western railways, to which will pre-  
sently be added a third. While the east  
helps pay for these railways the com-  
panies do not encourage the settlers  
to remain on the Atlantic sea-board.

**NO OBJECTION.**

The Halifax Echo believes that Dr.  
A. B. Walker's plan of dealing with  
the race problem is sound. The only  
cause for doubt in the mind of the  
Echo is the fact that Dr. Walker has  
too many academic initials after his  
name. That is regarded by our Hal-  
fax contemporary as a detriment, and  
suggests to the editor that Dr. Walker  
may not be "a modern Moses." But  
the Echo must remember that the first  
Moses was learned in all the wisdom  
of the Egyptians.

There is no doubt now that the  
Japanese got the better of last week's  
battle, and that the Russian loss was  
very heavy. But no strategic advan-  
tage seems to have been gained. The  
Russians left and Japanese right flank  
rest where they were before the Rus-  
sian advance was made.

Mr. Hawke has lost confidence in the  
Munition school board. He was chair-  
man and all the other members did not  
agree with him. Wherefore he resigned,  
which was, perhaps, a wise course,  
since the others persisted in holding on  
to office.

The Hillsboro bridge at Charlotte-  
town is not yet completed, but it has  
cost about double the original esti-  
mate submitted by the department of  
railways, which was \$200,000.

There is an estimate at Montreal that  
gas can be sold profitably in that city  
for 65 cents per thousand, and give  
profits enough to pay for the plant.  
That is interesting reading in St. John.

The young men from Dawson are not  
doing so badly after all. They have  
won half their Nova Scotia games.

Mr. Ross will resign this week, but  
he will make a few appointments to of-  
fice first, if Lieutenant Governor Clarke  
will permit it.

Both sides are still satisfied with  
what is going on in Manchuria.

**THE TEAMSTERS' TAXES.**

The St. John teamsters who com-  
plain that they pay a license for the  
privilege of hauling goods, and are as-  
sessed on their horses and wagons,  
have a strong case to present to the  
assessors. They will escape the per-  
sonal property assessment if the re-

commendations of the board of trade  
committee are carried out, and they  
will notice that one member of the  
committee strongly condemns the li-  
cense fee. Mr. Jarvis does not see why  
a truckman should pay for the privi-  
lege of doing business any more than  
a trader. The point seems to be well  
taken.—Sun.

**IN A ROSE GARDEN.**

A hundred years from now, dear heart,  
We will not care at all,  
It will not matter then a whit,  
The honey or the gall,  
The summer days that we have known  
Will all forgotten be and down;  
The garden will be overgrown  
Where now the roses fall.

A hundred years from now, dear heart,  
We will not care at all,  
The throbbing crimson tide of life  
Will not have left a stain,  
The song we sing together, dear,  
Will mean no more than means a tear  
Amid a summer rain.

A hundred years from now, dear heart,  
The sea of care will surge in vain  
Upon a careless shore,  
The glasses we turn down today  
For at the table of the way;  
We will be wise then as they,  
And will not mind it more.

A hundred years from now, dear heart,  
We'll neither know or care  
What came of all life's bitterness  
Or followed love's despair  
Then fill the glasses up again,  
And kiss me through the rose-leaf rain;  
We'll build one castle more in Spain,  
And dream one more dream there.  
—John Bennett.

**THE MORNING TUB**  
**UNDER DIFFICULTIES.**

The man who wants his morning  
bath in the Klondike winter must in-  
deed be a lover of cold water, and in-  
deed, he can only practice this cult  
under difficulties. Jeremiah Lynch, in  
Three Years in the Klondike, thus de-  
scribes one of his matutinal efforts at  
getting a bath at Dawson City: After  
I had melted the pall of ice on the air-  
tight stove, I poured some of the wa-  
ter two inches deep into the bath-tub,  
which I had removed to the rear room,  
where there was no heat. Not two  
minutes had elapsed before I threw out  
my chamber pot into the front-room,  
and, opening the communicating door,  
stepped hurriedly into the bath-tub, for  
I had no time to lose. Quick as I had  
been, the atmosphere had been quick-  
er, and just as I stepped into the tub,  
with both feet, wrenching with a great  
effort, the soap from a beam hard  
by, I slipped, and the newly-  
frozen ice in the tub, and over me  
went, soap, tub, myself and several  
other articles, all sent flying in dif-  
ferent directions. Those two minutes had sufficed  
to transmute my water into smooth and  
glassy ice.

**THE SECOND NIGHT SCHOOL.**

The night school in the Centennial  
school building, Brussels street, was  
opened last evening, but beyond in-  
structing those who came, respecting  
the purchase of the necessary school  
materials, nothing was done. To-  
night, though the school will be in full  
operation, the teaching will be in the  
scholarship hall on the second floor, where  
fifty-eight desks and chairs have been  
placed. It must not have been gener-  
ally known that the school would open  
last night. The school will be open  
every night, and it is expected that all  
the seats will soon be occupied.

**NEW PROVINCIAL BRIDGES.**

Hon. C. H. LaBelle, chief commis-  
sioner of public works, arrived in the  
city yesterday and in speaking of mat-  
ters in his department, said the con-  
tract for rebuilding the Pel river  
bridge, Victoria county, has been  
awarded to Albert Brewer. The bridge  
was a large covered structure and is  
to be built before the spring freshets.

The contract for rebuilding the Green  
River bridge over Smith's road, parish  
of St. Basil, Madawaska county, has  
gone to Whitman Brewer, of St. Mary's.  
The former Green River bridge was  
carried away by freshets two years ago.

John Maloney has received the con-  
tract for constructing the bridge at  
Augustine parish of Rogersville, Nor-  
umberland county, and T. A. Baird  
will build the Fitzsimmons bridge,  
Westmorland county.

Extensive repairs are to be made to  
the Florenceville bridge in Carleton  
county, over the St. John river, dam-  
aged by ice. The department has ap-  
pointed a committee to select a con-  
tractor. Albert Brewer will do the work.

The steel superstructure for the Nor-  
ton bridge is being built up by the  
Dominion Bridge Company. There will  
be traffic over the bridge in about a  
week. James Shields, of Chatham, is  
the inspector.

**AUTO TRANSIT CO.**  
**FORMED IN FREDERICTON.**

FREDERICTON, N. B., Jan. 29.—A  
largely attended meeting of gentlemen  
interested in the formation of an auto-  
mobile company was held at the office  
of George J. Barrett this evening. De-  
puty Receiver General Barrett presided  
and after considerable discussion it was  
decided to form a joint stock company  
with a capital of \$7,000 to be known as  
the Fredericton Auto Transit Company,  
Limited, for the purpose of running a  
line of automobiles between Frederic-  
ton, Lincoln, Marysville, Springhill and  
other points in the vicinity of this city.

W. P. Flewelling, Geo. J. Barrett, W. T.  
Chester and H. M. Campbell were ap-  
pointed a committee to select stock.  
It is proposed to purchase two autos  
carrying fourteen passengers each and  
have them ready when the spring  
opens. Others present were: Hugh  
Caldwell, Wm. Turvey, C. H. Thomas, J.  
J. Belmore, J. W. McCready, A. R.  
Slipp, W. J. Edgecombe, D. L. Abbott  
and E. W. Tenny.

**TIMBER IN NEBRASKA.**  
(Nebraska State Journal.)

Natural timber in Nebraska is in-  
creasing at a healthy rate, and the in-  
crease of planted timber has been one  
of the wonders of the last thirty years.  
The high appreciation of the value of  
timber that has developed in this state  
insures sympathy with any such effort  
as that of the forestry congress now in  
session in Washington.

**SUCCESSFUL AIR SHIP TRIAL.**

The California Arrow in Charge of Roy  
Kneubush Proves a Big  
Success.

LOS ANGELES, Cal., Jan. 29.—Roy  
Kneubush, the aeronaut, made a  
successful flight here in Captain Bald-  
win's airship, "The California Arrow,"  
this afternoon. Kneubush was in  
charge of the airship, and the flight  
lasted about forty-five minutes, during  
which time he circled within a radius  
of about one mile, executing all sorts  
of manoeuvres with the big aerial  
craft. Kneubush, finally, and landing  
within the enclosure of the baseball  
grounds from which he had started.  
The weather was perfect for experi-  
ment, with just the faintest suspicion  
of a southwest breeze blowing. At  
no time did the ship rise above 1,500  
feet.

Captain Baldwin had fitted "The Ar-  
row" with a new and more powerful  
motor and today this important part  
of the mechanism worked to perfection.  
For at the time of the flight the air-  
ship was in the hands of the propeller  
and this apparently made the big  
cigar-shaped balloon much eas-  
ier to handle. It responded readily to  
every turn of the steering gear.

**ONE TYPE OF ENGLISHMAN.**

St. James Gazette.  
Writing in M. A. P. T. P. O'Connor  
remarks on the loneliness of Mr. Char-  
rington, the late Conservative member  
for the Mile End district, and the old-  
est member of the house of commons,  
at his death. "He stole in and out of  
the house, and sat in one of the back  
benches. He was a man that seemed  
to live alone, and then after dinner  
he crept quietly into the smoke  
room, smoked his cigar, talking to no-  
body; and then was back in his ob-  
scure place in the back benches again,  
listening attentively to everything that  
was going on; and trooping with the  
rest into the division lobby when the  
time came. A simple, quiet, unobtru-  
sive, high-minded man, living plainly  
and almost ascetically in the midst of  
boundless wealth, he was a type of  
the Englishman whom everybody re-  
spected."

**FORMER NEW**  
**BRUNSWICKER DEAD.**

BOSTON, Mass., Jan. 30.—Capt. John  
H. Brown, who died in St. Elizabeth's  
Hospital, Washington, D. C., this morn-  
ing, was a veteran who served from the  
beginning to the end of the civil war.  
He was born in New Brunswick in  
1831 and came to Boston at an early  
age.

He responded to President Lincoln's  
first call for troops by enlisting in the  
Charlestown city guard, 50th Massa-  
chusetts regiment.  
Returning home after the first battle  
of Bull-Run, he re-enlisted in the 2nd  
Massachusetts Infantry. He captured  
a rebel flag at the battle of Franklin,  
for which he received a medal of honor  
from congress. He was also awarded  
a Massachusetts "Minute Man" medal.  
At the close of the war he took  
up the study of law, and was admitted  
to the Suffolk bar.

**SOUTH AFRICAN BOYS ORGANIZE**

After four years of effort the local  
ex-members of the South African con-  
tingents have at last succeeded in  
forming an association which it is con-  
fidently believed, will flourish like the  
proverbial green bay tree.  
The room in the Sutherland building,  
Union street, was the scene of the ac-  
count of the association, has been  
comfortably fitted up, and is rapidly  
becoming a most desirable and popular  
resort.

The organization has now a member-  
ship of more than thirty. This will be  
the last day that any veteran can join  
the association, and the small fee  
asked, for beginning with tomorrow,  
the aspirant for membership must sub-  
mit his name and be elected by ballot.  
On February 27 the annual dinner of G.  
Company will be held.

**THE LOAF OF OPPORTUNITY.**

Oliver Cromwell is said to have ob-  
served very sagaciously: "It is a good  
thing to strike when the iron is hot,  
but it is a better thing to make  
chance your ally." The successful  
man is he who to a great extent cre-  
ates his own occasions, and instead of  
waiting for things to turn up, turns  
things up as he goes. The whole  
laborer works with a small opportunity  
until the Lord gives him a great one.  
And the Lord is apt to give the  
best chance to the man who has  
proved himself willing to make the  
best use of little things. To him who  
gathers up the fragments the whole  
loaf of opportunity is finally given.

**LOCAL NEWS.**

D. A. Morrison, who has purchased the grocery business of Filmore & Morris, expects to remove here from St. John with his family about the first of February. Mr. Morrison intends confining himself exclusively to the wholesale grocery trade. Filmore & Morris will continue their whole attention to the U. N. O. shoe blacking and non-corrosive inks, manufactured by them. We understand that Mr. Morrison has resigned his position as manager of the city of St. John, and is now in a restaurant on Charlotte street, and the other on German street. The first position was removed to the city hospital, and the restaurant fumigated.

**YALE MAN'S HEAD.**  
Students Engage in Fight in University Dining-Hall—Taylor Hurt.  
NEW HAVEN, Conn., Jan. 27.—Hol-  
lis C. Goodwin, of Haverhill, Mass., a  
Yale junior, struck Leonard O. Taylor,  
of New York, a student in the Yale  
Art school, over the head with a bot-  
tle of catsup Thursday night, in the  
Yale dining room at the table of the  
Bulldog club, a college organization so  
named because of the sporting propen-  
sities of its members. The incident  
followed a quarrel over Taylor's face to  
the belief that he was bleeding to  
death. But Dr. E. C. Hammond found  
his suffering only from slight con-  
cussion of the brain, and it was said  
that Taylor will be about in a few days.

A thousand students witnessed the  
assault and there was great excite-  
ment among the students. Government  
committee voted to expel from the din-  
ing hall all engaged in the affair. It  
is believed that the university will take  
radical action.

The assault has revealed a feud which  
has split the Bulldog club in two, and  
is now thought that the fight in  
which the skull of G. B. Tennant, of  
Waterbury, was broken ten days ago  
grew out of the same feud. Tennant is  
a friend of E. H. Ashley, a Yale in-  
structor, who is a member of the club,  
and was with him when he was hurt.  
In explanation of the assault upon  
Taylor it is said that he had "thrown  
down" his election to the Bulldog club  
because he did not like its character,  
and particularly remarks made by  
Goodwin at meetings of the club, which  
are held in a cafe popular among stu-  
dents. Taylor's friends say that he ob-  
jected to language used by Goodwin  
for that reason "threw him with the  
bottle. Goodwin said:

"Taylor has had it in for me, and  
was calling me abusive names. I could  
not stand it, and I did hit him over  
the head with the bottle; I believe I  
was fully justified."

Valley A. Wilson, of Auburn, N. Y., and Rector Roderick, of Brooklyn, friends of Goodwin, and members of the club, corroborated his statement and said that the sympathy of all at the table was with Goodwin.

Another member of the club con-  
tradicted this statement, and said that  
Goodwin at meetings of the club, which  
he held in a cafe popular among stu-  
dents, Taylor's friends say that he ob-  
jected to language used by Goodwin  
for that reason "threw him with the  
bottle. Goodwin said:

"Taylor has had it in for me, and  
was calling me abusive names. I could

the head with the bottle; I believe I  
was fully justified."

### EDWARD TERRY'S TOUR.

Barstol Mayer, of London, under whose direction Edward Terry, the eminent English actor, has been presenting his splendid repertoire at the Princess Theatre for the past month or so, has just concluded negotiations with Lieber & Co., whereby that firm will manage Mr. Terry's coming tour, which, as arranged, will open in Indianapolis Wednesday, Feb. 22nd, play the remainder of the week in Detroit, and thence into Canada, where all the principal cities will be visited, the entire tour embracing probably five weeks. Edward Terry has for many years held an exalted position with the English theatre-going public, a position that perhaps no other living actor can so justly boast, an artistic talent and fame which appeals with unequalled force to their reverence and love, and which has made his name a household word throughout the entire British Empire. They know of him in Canada, though perchance many of them have never seen him, and his "Sweet Lavender," as well as other famous plays in his repertoire, will be found familiar names wherever an English heart throbs. Mr. Terry's entire English company, and his own productions and all accessories, will accompany him on his tour. He should prove a great drawing card in the Canadian cities.

### NOVA SCOTIA HOTEL BURNED.

MAHON BAY, N. S., Jan. 30.—The Aberdeen Hotel was completely destroyed by fire this morning. The fire started in the furnace room and worked its way up the walls, breaking out on the second floor. The rooms were soon filled with smoke and the guests were badly frightened. One of the guests gave the alarm and crawled out barefooted into the snow. Mr. McCready, traveller for W. H. Hayward & Co., St. John, hurried into the hotel and found the fire was extinguished. The fire was caused by a gas stove in the kitchen. The hotel was a fine building and was one of the best in the province. It was a great loss to the community.

### DISCORD.

The noted Englishman, Dean Stubbs, speaking of schism, says that "whoever is guilty of discord, uncharitableness, breach of spiritual fellowship, moral disunion and unbrotherliness is the real schismatic." Commenting on the dean's observation, The Pittsburg Christian Advocate says: "Such sensible expressions mark the dean as a man of the broad kind, one of the men who are to save the Church of England from the follies of the narrow, nasty-nice, millinery-loving little fellows, who so often assume to speak for it."

## Sporting News.

The Rothesay and High School teams met again last evening, and for the third time the suburbanites scored a victory. The line-up was as follows:  
Rothesay, 12. High School, 0.  
Goal.  
Porter..... Leonard  
Shives..... Leonard  
Learnmont..... Wilson  
McAvity..... McLean  
Carson (Capt.)..... Creighton (Capt.)  
McLean..... Millican  
Fawcett..... Parker  
Rothesay rushed the game from the start, and in the first half scored two goals. Capt. Carson put in four, and McAvity, McLean and Fawcett each one. All four Rothesay forwards were playing a fine game, Carson and McAvity showing up the best. Their defence was also strong.

For High School Capt. Creighton and McLean put up a game though losing fight. Millican did good work on the wing, but their defence was weak. In the second half Rothesay sent in five more tallies, and the game ended 12 to 0 in Rothesay's favor.

### NETUPES DID NOT GO.

The attempt of the Fredericton Trojans to use the Neptunes in their dealings with Lessee Hanson of the Arctic rink did not pan out as the capital boys had hoped; simply by reason of the Neptunes taking the fair ground that they were not going to fight the battles of outside teams. Judging from the despatches from Fredericton, the hockey boys were endeavoring to hold up Mr. Hanson; the latter called their bluff, and the game was not played. It seems that the Trojans wanted to see the Neptunes in former league games. They threatened that they would play the Neptunes in Maryville if he did not grant their terms. He told them to go ahead and play in Maryville.

Capt. Coleman telephoned to the Neptunes and wanted them to play up at Maryville. They replied that they preferred to play in Fredericton. As long as Mr. Hanson was not trying to drive a harder bargain with the Trojans, they considered the latter should not have tried to work any game on the Arctic rink. Besides, the evening train was an hour late in leaving this city. Add to this the time necessary to drive to Maryville, and the local boys thought they would have an all-night job of it. They consider it was unfair of the Trojans to ask them to do any such thing, and they resent very much Capt. Coleman's remarks about poor sports and such nonsense. What would the Trojans think, they ask, if the Neptunes asked them to go out to Millville and play?

The Trojans also threaten to drop out of the league on account of this rupture with Mr. Hanson. In the interest of the game the Trojans should make some explanation of this strange affair. Their present conduct if true will rather tend to brand them as unsportsmanlike.

The Neptunes hockey team dined at the Dufferin last night.

### NOVA SCOTIA LEAGUE.

HALIFAX, Jan. 30.—In the Nova Scotia hockey league tonight two games were played. At Windsor New Glasgow was defeated by Windsor, 5 to 2, and in Halifax Amherst defeated the Wanderers, 6 to 2.

### MOHAWKS BADLY BEATEN.

MONCTON, Jan. 30.—The provincial league game tonight between the Mohawks of St. John and the Victorias of Moncton was rather a one-sided affair. The Victorias were great.

ly strengthened by the acquisition of Crockett, and played all round the visitors, who appeared to be weak in shooting and not particularly strong at any point. Moncton started out with a rush, and almost before the visitors had time to draw breath they had two goals to their credit. Before the lapse of ten minutes they had four, and at the close of the first half the score was five to nothing. The second half was equally uninteresting, Moncton bringing it's total up to 12, while the Mohawks managed to get the puck between the posts only once, to Captain Rising's credit. St. John's defence appeared to be weak, especially at the goal. The visiting team was evidently in bad form, though at times they tried to rush the game, though without much success. Rising and Inches showed up the best for the visitors, while Crockett and everything passed off satisfactorily. The Mohawks go to Sackville to play tomorrow night.

DAWSON WON.

WESTVILLE, N. S., Jan. 30.—The Dawson City hockey team played the all-Pictou county septette at Westville rink this evening and won handsily score seven to three. The aggregation pitted against the Klondikers was composed of the strongest and fastest players in Pictou county, and although the Dawson's were very badly handicapped by the extremely cramped dimensions of the rink, the game was theirs from start to finish, the puck during the greater part of the time being in Pictou's territory. The Dawson's were in the morning for Moncton, where they play tomorrow evening, and conclude the maritime tour in St. John and Fredericton.

### JONES CUP.

The third round in the Jones Cup was commenced this evening in St. John's rink. Skips W. A. Stewart and C. T. Nevin's facing each other on one rink and W. S. Barker and C. S. Robertson on the other. J. U. Thomas drew a bye.

The results were:

#### Foreign Ports.

VALENCIA, Dec 6.—Ard, bark Rosa, from Leonora, N. S.

PORTLAND, Me, Jan. 30.—Ard, brig Ernestine, Jewett, from Gloucester, Mass, for Sheepscot River, Me.

VINEYARD HAVEN, Mass, Jan. 30.—The northerly wind today caused the ice to drift into this harbor from Vineyard Sound, and tonight the harbor is completely blocked. There will be no sailing vessels move from here until the wind shifts from its northerly quarter, unless they are towed.

Two Edgar P. Lockwood reports five-masted schooner, painted black, laden with under-deck cargo, and badly lee'd up, anchored in Vineyard Sound, off Tarpaulin Cove.

CHATHAM, Mass, Jan. 30.—A fleet of six large schooners, including the six-master Addie M. Lawrence, were anchored west of Handkeet tonight, awaiting favorable weather to proceed.

Snow was falling and an increasing nor'easterly wind was blowing at sunset, which threatened to break up the fifty square miles of ice in Chatham Bay, and send it drifting over Nantuxet Shoals. No vessels were known tonight to be in the probable path of this huge ice field.

### CONGREGATIONAL RE-UNION.

A congregational re-union was held last evening in the Free Baptist church at Carleton. The pastor, Rev. Raleigh Ferguson, presided. The following ministers were on the platform: Revs. Jos. Noble, Dr. McLeod, Dr. Manning, David Long, Mr. McIntyre, Mr. Reid, W. A. Sampson, B. N. Nobles. After brief speeches by the ministers on the platform, Colby Smith read a historical sketch of the church. The church started with a membership of twenty-one and has now a membership of over nine hundred. The pastors during the fifty last years were: Rev. Jos. Nobles, 1855-1857; Rev. G. A. Hartley, 1857-1862; Rev. R. W. Ferguson, 1862-present time.

The deacons for the same period are: D. W. Clark, 1855-1862; O. J. Smith, 1862-1871; when he removed to York county; Jacob Bacon, 1871-1879, when he removed to Victoria county; Albert C. Smith, 1879-1881. Present deacons, 1881-1905, are: W. O. Shipp, J. S. Clark, F. R. Connor and J. R. Webb.

The clerks were: W. C. Ellis, 1855-1871; J. T. Pettit, 1871-1879; J. E. Searle, 1879-1887; Dr. Musgrave, 1887-1890; J. S. Clark, 1890-1902; H. C. Smith, 1902-present time.

In reviewing the whole work I am impressed with the fact that the record is a good one. It is a record of earnest work, of spiritual power, of self-sacrificing love and devoted consecration. Our predecessors had faith in God. They trusted Him and accomplished much. Cannot we, having that same faith and love for Him, yet accomplish still more and hand down to the succeeding generation the same record sustained and enlarged?

Special music was prepared by the choir for the occasion. Solos were rendered by Norman McLeod and Miss Palmer, and two selections were given by a male quartette.

At the close the congregation assembled in the school room below, where refreshments were amply provided by the ladies.

### ADDRESSING THE IMPERIAL COMMONS.

(Longman's Magazine.)  
It is not to try to speak too soon. Randolph Churchill only opened his mouth once during the first session, and that was to ask a question. John Morley sat watching and listening for months before he ventured to make the Speaker's eye, and his first performance was by no means successful. We all know the story of Disraeli's early career, when a more tragic episode is thus related by Lord Nelson's son, Frederick: "I once attempted to speak in parliament. I brought out two or three sentences, when a mist seemed to rise before my eyes. I then lost my recollection and could see nothing but the Speaker's wig, which swayed and swayed till it covered the whole house. I then sank back in my seat and never tried to speak again, and immediately applied for the 'Children's' hospital, feeling convinced that parliament was not my vocation."

Physiologists have never attempted to explain why people who are loquacious and talkative, as long as they maintain the security of a seat, halt and stutter, and perhaps break down hopelessly, when they attempt to speak on their legs. Every one of us must some time or other have suffered from one of these sudden lapses of memory. Lord Rosebery once spoke of a dead halt in the middle of a speech; Lowe's helpless collapse in the House of Commons is still painfully remembered, and poor Black Rod, on his first appearance, clean forgot the message from the Lords; not even Campbell-Bannerman's promptings restored his memory, and the Speaker was obliged to say that he understood that a message was being brought to the attendance of the Lower House in the Lords.

And even Jupiter has nodded. Mr. Gladstone himself once lost his cue and stopped abruptly, when Disraeli bent forward and said: "The right honorable gentleman's last word was 'so-and-so.'"

### PILLS AND PILES.

A prolific cause of Piles is the use of cathartics and pills of a drastic, violent nature, which is always followed by a reaction on account of the resinous, drying properties they contain.

There are other causes, but no matter what the cause or what the kind of Piles, Dr. Leonard's Hem-Roid can be relied upon to cure—to stay cured.

It's an internal remedy that removes the causes of itching, Blind, Bleeding or Suppurating Piles.

It is guaranteed to cure each package containing a month's treatment. It can be obtained for \$1.00 at drugists, The Wilson-Pyle Co., Limited, Niagara Falls, Ont.

### MOLASSES MARKET.

Messrs. Jones & Swann, Barbados, cabled their agent, L. G. Crosby, on the 20th inst., that the market had opened at 10c, including package. On the 27th they cabled again, "Small lots eagerly sought after at 18c, including package. One year ago the Barbados market opened at 16c, including package. Last year the duty was about 1-1-6 per gallon; this year there is no duty. The exact difference in cost is 4-5 of one cent per gallon more than last year."

### PEOPLE EAT TOO MUCH.

and rest too little. They eat the first thing in the morning and the last thing before retiring. The stomach doesn't get anything but abuse in these busy days of modern times. That is why the stomach hurts, bloats, the breath bad and the skin yellow. It's the same with the rich man as with the poor man. You have got to do something for your stomach or it will keep right on paining and hurting you. It don't stop at that; you develop some frightful diseases. If you want sweet sleep, good health and a long life, you must eat right. Three Hutz before you retire, then one after each meal. In mighty short order you will be well.

Hutz is a doctor for 10 cents. Tell your druggist you want Hutz and nothing else. It's for sour stomach, indigestion and pain after eating.

### WITH ADVERTISERS.

F. A. Dykeman & Co. have made an extra large purchase of ladies' black satteen undershirts. These are on sale now at their store at factory prices. Among the lot is a quantity of extra large sized shirts. These are also at the special prices which will prevail during the sale. There are over 600 shirts in the lot.

ST. JOHN STAR, TUESDAY, JANUARY 31, 1905.

# the 27 By ... ROBERT BARR Author of "Jennie Baxter, Journalist," Etc.

at Oxford, to Traquair on the border. I should hang him, but he prefers the nose you can tie to one my hands might prepare."

The old clergyman looked at Armstrong with an interest he had not displayed on entering the room.

"Have you, then, seen his gracious majesty the king?"

"Yes, reverend sir, and but a few days ago."

"And carried his message safe through those rebellious borders now deserting the land?"

"There was some opposition, but I won through, thanks to my horse."

"And thanks, no doubt, to your own loyal courage. God bless you, sir, and God save the king. The lady you have chosen is worthy of you, as you of her. In God's shattered temple I will marry you, if its walls remain."

When the colonel came in with Frances the girl turned a frightened look upon the crown as she saw who stood there.

"Oh," she cried impulsively, "I told you not to come."

"This you who are to obey, not he," said Cromwell harshly. "He has come for you. Will you marry him?"

The girl allowed her eyes to seek the floor and did not answer him. Even in the candle light her cheeks burned rosy red.

"Come, come," cried Cromwell impatiently, "yes, or no, wench."

"I will not have her so addressed by any," spoke up Armstrong, stoutly stepping forward, but the girl flashed a glance from her dark eyes on the commander.

"Yes," she said, with decision, then directed her look on her lover, and so to the floor again.

With that Cromwell strode out and led the way to the chapel, so hastily in his march, looked up at the dim gallery and said:

"Cobb, come down."

"TO JOIN TOGETHER THIS MAN AND THIS WOMAN IN HOLY MATRIMONY."

To Armstrong's amazement, who thought he had been alone with the general, he heard lurching heavy steps come clumping down the wooden stairs and a trooper, with primed musket in his hand, stood before his master.

"Cobb, why did you not shoot this man dead when you saw him draw his sword?"

"Because, excellency, you did not give the signal."

"If I had, what then?"

"He was a dead man before he could move an arm or finger was on the table again."

"You have done well. That is what I like—exact obedience and no panic. Keep your lips closed. Go and tell your colonel to come here."

The man withdrew and Cromwell resumed his walk, making no comment on the brief dialogue. William blew a long whistle, then he laughed a little.

When the colonel came in, Cromwell turned to him and said:

"It is that malignant braggart, chaplain to Lord Ruddy, in the cells yet?"

"Yes, excellency."

"Tell your men to clear out the chapel at once and light it. There are some stores in it, I think, and bring the rev. Mr. Vroom to me."

In a few moments the colonel returned, accompanied by an aged clergyman, who, despite his haggard and careworn look and bent shoulders, cast a glance of hatred at the general which seemed to entitle him to the epithet Cromwell had bestowed upon him. To this silent defiance Cromwell paid no attention, but said to him:

"Sir, you may earn your liberty tonight by marrying two young people in the chapel."

"That will I not," returned the clergyman stoutly, "and all your tyranny cannot compel me to do so."

"The wench," continued Cromwell, unmoved, "you already know. She is Frances Wentworth, daughter of the late Earl of Stratford. The groom stands here before you—William Armstrong, a Scot, who has but lately carried a message from the man Charles

## HORRIBLY BURNED.

Aged Lady is Believed to be Dying.

Was Probably Stricken With Paralysis While Carrying a Lighted Lamp.

LAWRENCE, Mass., Jan. 30.—A special to the Sun from Salem, N. H., says Mrs. Wm. Crowell, aged 83, who was horribly burned Sunday night, after remaining unconscious all day, is believed to be in a dying condition tonight.

The family had retired early at 10 p. m. Mrs. Crowell left her own apartment on the ground floor to go to another part of the house. She carried a lighted kerosene lamp, and it is believed she was stricken with partial paralysis and fell, burning oil from the broken lamp setting fire to her clothing. The odor of smoke aroused the sleeping family. The flames were extinguished with difficulty. All efforts of physicians to arouse Mrs. Crowell to consciousness have been without avail. Dr. Sikorsky fears fatal results.

## AT MERCY OF GALES.

Three Schooners in Imminent Danger of Colliding for Two Days.

NORFOLK, Va., Jan. 30.—After being buffeted by the gale off the Carolina and Virginia coasts for two days, the schooners Edward Smith, George A. McPadden, and the Fannie Palmer, have reached Hampton Roads in a badly battered condition. The Edward Smith lost several sails, an anchor and some hundred feet of cable. The Geo. A. McPadden rode through the gale so close to the Smith that at one time a collision seemed inevitable. The latter lost one of her anchors, 14 fathoms of chain and some of her sails. Besides losing some sails, the Fannie Palmer lost two anchors and a great length of cable.

Capt. Wallace of the McPadden reports seeing the schooner Maria O. Teel beating against the gale with no one on deck, and seas washing over her stem to stern. The Teel has not yet been reported.

## MUNICIPAL GAS PLANT.

Interesting Report Made to Montreal City Council.

MONTREAL, Jan. 30.—At today's meeting of the City Council, a report was presented, prepared by Boiler Inspector Champagne, on the municipal gas plant. Mr. Champagne reported that gas could be manufactured at from a cost of 25 cents per thousand feet at the end of the first year. Gas could be sold for 40 cents a thousand at the end of ten years for 48 cents, and at the end of twenty years for 33 cents. The cost of plant and mains was placed at \$5,000,000. Doubt is expressed as to the correctness of the boiler inspector's figures. The report was not discussed.

## MANILA TROUBLES.

Terrible Crimes Committed on American Sympathizers.

MANILA, Jan. 31.—Details received concerning the operations of Montano and Felizardo, Lacerone leaders, show that frightful atrocities have been committed. Natives who have expressed or shown sympathy for Americans, have been ham-strung and their lips have been cut off.

The two bandits are now operating separately and the troops are on the trail of their bands.

Go the Alto has reported that the situation in the island of Samar has greatly improved.

## RAILWAYS REFUSE.

MONTREAL, Jan. 30.—Some time ago the Board of Trade and the Toronto branch of the Canadian Manufacturers' Association asked the railways companies, C. P. R., G. T. R. and Intercolonial, to give reduced rates annually to Toronto to enable retail merchants to visit that city for the purpose of making purchases. The railways have declined to accede to the request, feeling that if the privilege was granted Toronto, every other city would ask and be entitled to a similar consideration.

## 62ND REGIMENT OFFICERS.

The annual meeting of the 62nd Fusiliers was held at the regimental headquarters last night. Lt. Colonel Edwards was in the chair. Reports were received from several committees.

The brass band and drum committee reported that the band was in an efficient state and strong in numbers. The regimental fund committee reported a surplus in the treasury, and prospects good for the coming year.

The following committees were elected: Regimental fund—Major Magee, Capt. Churchill, Lt. Fleetwood. Brass band—Capt. Peters, Lieut. Fleetwood, Lt. Sanction. Drum corps—Capt. Frost, Lt. H. P. Smith, Lt. Dowden. Room—Major Magee, Capt. Churchill, Lt. Col. Walker. Audit—Lt. Col. Walker, Lt. MacMillan.

The officers' drill pay was as usual voted into the regimental fund.

## HIGH ARRESTED.

Found in New York Boarding House.

He is Charged With Murder of a Wife and is Said to Have Married Twenty Women.

NEW YORK, Jan. 30.—Johann Hoch, charged with the murder of a wife in Chicago and who, it is alleged, married twenty women, was arrested in a boarding house in West Forty-seventh street tonight by central office detectives.

He admitted his identity, although when first arrested he gave the name of Henry Bartels. At the 41st street station, where the man was taken, he said:

"I'm Hoch and a much abused man."

"How abused?" he was asked.

"He had nothing to say. He gave his name as John, Joseph, Adolph Hoch, said he is 45 years old, a machinist, living at 645 Union avenue, Chicago. He is arrested on a charge of murder and bigamy. Hoch is known under the names of Alfred Hecht, Albert Buzberg, Joseph Hoch and Adolph Brumm.

Hoch denied murdering Marie Fisher Jan. 12th. He said that after she died he came to New York at once and has been here ever since. Hoch went to Mrs. Kimmerles Wednesday last. He was locked up in police headquarters.

CHICAGO, Jan. 30.—The Chicago police were alerted tonight over the report that Johann Hoch had been arrested in New York. For over a week they have hoped to hear of his arrest.

Some eastern reports, as they had information that he would attempt to leave the country to return to Germany.

Only specific charges they have against him at present are bigamy and wife-abandonment. From all accounts Hoch has been married to twenty-five different women and six of these have died. It is said, under circumstances which the police declare to be suspicious. These women were:

Mrs. Mary Schultz Hoch, disappeared from Argus, Ind., with Hoch in 1900.

Mrs. Mayle Hoch, died in Chicago in 1892.

Mrs. Mary Steinbrecher Hoch, died in Chicago in 1892.

Mrs. Lena Hoch, died in Milwaukee in 1892.

Mrs. Mary Brecker Hoch, died in St. Louis in 1902.

Mrs. Marie Walker Hoch, died in Chicago Jan. 11, 1905.

## BOSTONIANS PROTEST.

Against Adoption of Arbitration Treaty Between England and the United States.

BOSTON, Jan. 30.—A vigorous protest against the adoption of the arbitration treaty between the United States and England was sounded tonight at a mass meeting held in Faneuil Hall under the auspices of the United Irish League, the Ancient Order of Hibernians, the Clan Na Gael, the Irish National Foresters, and other Irish societies.

One cause of resolution adopted provided that before the United States became a party to such a treaty with Great Britain the latter power should abandon her fortifications at Halifax, St. Lucia and Vancouver.

## BEAUTY SPOTS OF EUROPE.

Rev. G. M. Young delivered a very interesting lecture last evening in the Fairville Methodist Church on the Beauty Spots of Europe. W. E. Earle acted as chairman and gave a short address on the principles of the Epworth League, under whose auspices the lecture was given. He showed three curious he had picked up in his travels—coral from Bermuda, silver leaf from Table Mountain, and bamboo from Jamaica. From these he drew some lessons for the members of the league.

## GOING TO SEE THE LIGHTSHIP.

Commander Spain of the Canadian marine service arrived in the city yesterday and is registered at the Royal. He will leave today for Yarmouth, where he will meet the man-of-war Canada, the only battleship owned by this country.

Commander Spain told the Sun that the Canada was a splendid little battleship, one of the best in the world in fact of a similar size. All her armaments are of the most modern type. The Canada will leave Halifax on Wednesday for a cruise in the Mediterranean. Commander Spain will go on board the ship at Yarmouth and will leave her at the Lurcher shoal, where he will inspect the lightship, which has given the marine department considerable trouble at various times. This shoal is one of the most exposed on the whole Atlantic coast, and the lightship has been in its moorings several times. After completing his inspection Commander Spain will return to Ottawa.

## SEAMEN'S MISSION.

An entertainment was given in the Seamen's Mission last night, which proved to be an enjoyable affair. A large number were present and those who took part from the city were: Miss Margaret Lindsay, Mrs. and Miss McLean, Miss Grace Law and Miss Lyle Kennedy. Assistance was also rendered by Mr. Slader, Mr. Miller of the Ionian, Mr. Eagen, Mr. Dunbar and Mr. Brady of the Kaestala, and Mr. Crosby of the Savonia. This musical and literary programme was enjoyable and at the close tea and coffee were served.

## PRIVATE ASSEMBLY.

Branch 134, C. M. B. A., held a most enjoyable private assembly last evening in their rooms in the McLaughlin building, Union street. Eighty couples were in attendance and music was furnished by Allen's orchestra. The committee in charge were John T. Kelly, Edmund Ritchie, M. D. Sweeney and C. P. O'Neill. R. E. Fitzgerald was floor manager, and the chaperones were Mrs. R. J. Ritchie, Mrs. W. P. Broderick and Mrs. Thos. Gorman. A programme of sixteen dances was carried out.

## "HONEST ABE."

Lecture on Lincoln by Rev. J. W. A. Nicholson

Delivered at Meeting of St. Andrews Church Guild Last Evening.

A meeting was held in the school room of St. Andrew's Presbyterian Church last evening under the auspices of the Y. P. Guild. Mr. Wilson, president of the young people's guild, presided. Rev. J. W. A. Nicholson delivered a very interesting lecture on the life of Abraham Lincoln. Mr. Nicholson's object in dealing with the life of Lincoln was to illustrate the greatness that lies in common men. He dealt first with the simplicity of Lincoln's early life and his lack of opportunities for education. He referred to his different occupations, in all of which he failed to attain any degree of success until he passed through law into politics. Here he combined the ideal with the practical. He followed the principle of lifting the shoulders of men. He held that the main object of the government should be to elevate the condition of men. For this reason Lincoln opposed slavery. At the time of the Missouri compromise, Lincoln was called to more decisive and vigorous action. Here he met the strong opposition of Senator Douglas. Lincoln lost his election, but in this defeat he prepared the way for his later election to the presidency.

Lincoln's policy as president was to preserve the union first and foremost, and incidentally to abolish slavery. The practical element in his life was manifested by the fact that while he was opposed to slavery, he was an abolitionist. He believed in crushing slavery, but in doing it constitutionally.

In closing, Mr. Nicholson dealt with some of the chief characteristics of the president, viz. his sympathy, his aspiration, his sympathy, and his humor.

Lincoln was nonconventional, a man in whom the primal and elemental forces in human nature predominated. One of his earliest titles was "Honest Abe."

He was a man of great aspirations. His roots were deep down in the common clay, but the branches were continually reaching heavenward. He continued all through life to grow and was never satisfied except with himself. He was perfecting his character, and bore the reputation of being the best story-teller in the States.

Abraham Lincoln found his own life a basis for the faith that government of the people, by the people, and for the people, could be established on the earth.

During the evening a short musical programme was rendered.

## BOSTON MARKETS.

Lumber Trade is Quiet—Storm Tied up Business.

BOSTON, Jan. 30.—The lumber trade is quiet this week. The storm has tied up business. The market is light. The situation, however, is reasonably firm and the spring outlook is steady. Shingles are quiet and laths are firm. There is no change in prices. The heavy storm has curtailed the supply of fresh fish. A slight improvement in salt and cured fish is noted, though there is no change in prices. No. 3 mackerel have been received from the provinces. Large 3s are held at \$1.50 to \$1.50 by commission men. Cured and pickled fish are firm and slightly higher. Large shore fish are quoted at \$7.75 to \$8; large Georges, \$7.50 to \$8; large dry bank, \$7 to \$7.50, and medium, \$6.75 to \$7.25. The market for large N. S. split herring is firmer at \$6.50 to \$7.50 per bbl. No medium are in the market. Smoked are easier and lower at 10 to 12c. for prices scaled. Last sales of fresh haddock from vessel were made at \$3.25 to 4 per 100 lbs; large cod, \$4.50 to 5, and hake at \$4. Eastern white halibut are worth 15c. per lb; western salmon, 10c; frozen mackerel, 20 to 25c. for large; frozen smelts, 15 to 20c.; N. S. frozen, 15c. to 16c.; live lobsters, 25c.; boiled do., 25c.

## WILL BE OF INTEREST.

James Vroom of St. Stephen will read a paper before the Historical Society tonight. Mr. Vroom at first thought in telling of old St. Andrew's, but word was yesterday received from him to the effect that his paper was not quite completed and might not be ready in time. Should this be the case, Mr. Vroom is prepared to tell many interesting facts about the Passamaquoddy Indians and will exhibit a number of medals given to these Indians during the reign of George the third.

# JAPANESE CONTINUED FIERCE BOMBARDMENT.

Russians' Reply was Feeble—Kuropatkin Made Unsuccessful Attempt to Break Through the Enemy's Line—Sandepas Too Hot.

General Oku's Headquarters, Jan. 29, noon, via Fusan (delayed in transmission).—Yesterday (Saturday) afternoon the Japanese began a fierce bombardment with artillery and musketry along the whole line. The firing was kept up until midnight and was resumed at dawn, continuing until noon. The Russian reply was feeble.

A movement of the Japanese left wing for the purpose of surrounding and cutting off the Russians in the neighborhood of Pokotwal is progressing slowly, as the resistance is stubborn. Should the Russian force be cut off it will result in leaving Gen. Kuropatkin's right flank unprotected.

## KUROPATKIN'S FAILURE.

ST. PETERSBURG, Jan. 30, 11.50 p. m.—Gen. Kuropatkin's attempt to break through the Japanese left wing and outflank Field Marshal Oyama's position on the Shakhe river, seems to have failed entirely. Few details, however, are available beyond the information contained in the official despatches. Field Marshal Oyama, as at the battle of the Shakhe river, appears to have answered the Russian advance with a counter offensive movement, but no great disposition was shown to carry the war into the territory held by the Russians.

At the war office there is an inclination to lay the chief blame for the failure of the movement to a sudden change of the weather to intense cold, 20 degrees below zero, with a high

## EASY MONEY.

Schoolboard Will Receive Nearly Five Hundred Dollars

Insurance men are now busily engaged in making up the different amounts which are to be repaid to policy holders upon the going into effect of the fifteen cent rebate. This is a complex task, and every policy must be worked out separately. There is no rule which can be made to apply to all policies and each stands on its own merits. Not can it be learned how large will be the total amount of money refunded to policy holders, for no one knows how much insurance is carried in St. John. All returns are \$248,000 covering all school property in New Brunswick, and the city is not kept separate.

The city school board will perhaps be facing rather by the rebate, although the school board is the second largest insurer in the city. Policies were taken out on June 27th and \$248,000 covering all school property in the city. Of the premiums paid to the different companies there will be returned to the board.

One prominent business house will be enriched by the return of twenty cents, the rebate on a single small policy recently renewed, and there are many more who will receive amounts quite as large but not much larger.

Although no correct statement can be made, some insurance men state that the amounts to be refunded after February first total considerably more than was paid for the chemical engine.

## IMMIGRATION POLICY.

Will be Inaugurated in Nova Scotia—Mr. Howard Banquetted at Halifax.

HALIFAX, Jan. 30.—The Nova Scotia government proposes to inaugurate a vigorous immigration policy for this province. The matter has been under consideration for some time, but was definitely decided on today in connection with the visit here of John Howard, agent general of Nova Scotia in London. The proposal, which has been accepted is for the Halifax Board of Trade and the boards of other towns in the province, to appoint representatives to act with the provincial government in formulating an immigration plan, which Premier Murray says he has no doubt would be vigorously carried out. This propaganda will be confined to Nova Scotia. Mr. Howard sailed for England tonight by the str. Scillian. He was banquetted by the Council and the Halifax Board of Trade.

## ST. JOHN'S, Nfld., Jan. 30.—Finance Minister Jackman was apprised today by the authorities at Bay of Islands that a strange light was visible Sunday night on Twined Island, at the mouth of the bay, which island is uninhabited. It is believed the light was made by shipwrecked men, probably the crew of the Gloucester fishing vessel Perkins or Atlanta, which are supposed to be frozen in ice floes in the Gulf of St. Lawrence. A party of men has been organized, who will travel across the floes with dogs, sledges, boats and food, to rescue the men if they are unable to leave there otherwise.

## WILL BE OF INTEREST.

James Vroom of St. Stephen will read a paper before the Historical Society tonight. Mr. Vroom at first thought in telling of old St. Andrew's, but word was yesterday received from him to the effect that his paper was not quite completed and might not be ready in time. Should this be the case, Mr. Vroom is prepared to tell many interesting facts about the Passamaquoddy Indians and will exhibit a number of medals given to these Indians during the reign of George the third.

ST. JOHN STAR, TUESDAY, JANUARY 31, 1905.

ON TUESDAY MORNING  
We Will Commence a Big  
Sale of Ladies' Black  
SATEEN UNDERSKIRTS.

Many ladies of St. John will recall the sale we had a year ago and remember with satisfaction the great bargains they got at that sale. This time the lot consists of assorted prices, in all about 600 SKIRTS. The prices will run from 75c. to \$2.00. We planned this sale six months ago, and had the goods made at the factory during the quietest season. By patronizing this sale you effect a saving from 50c. to \$1.00 on each skirt.

At 75c. made from fine Mercerized Fast Black Sateen, two dust ruffles, with cord heading on a nine-inch founce.

At \$1.00, made from very fine Fast Black Mercerized Sateen, three rows of frilling on a wide founce, good width in skirt. Sizes 38 to 42.

At \$1.15, regular value \$1.75, made from a soft finished Sateen, guaranteed fast black, finished with three rows of ruffles on a wide founce, three rows.

At \$1.25, a very fine skirt, and a new style finished with a wide founce, accordion plaiting and two rows of ruffling. Another style at this same price. Has four rows of ruffling on a wide founce, and made from the same fast black Mercerized Sateen.

At \$1.40, a very handsome skirt with six rows of ruffling, each row headed with cord, so as to keep the skirt well distended, underfounce. This is a skirt which is particularly attractive and will give the best of satisfaction. It is worth \$2.00.

At \$1.50, this skirt is made from the soft Sateen, has four rows of tucking on a wide founce, accordion plaited frills with dust ruffle over founce.

At \$1.80, This is a skirt designed particularly to set the outside skirt out. The upper ruffle which is very full and has a cording on the edge acts as a distender to the outside skirt. It is made from a very fine Sateen, and is thoroughly well made.

At \$2.00, A very handsome style, made from the best Mercerized Sateen with three rows of frilling on a 15-inch accordion plaited founce.

The assessment commission held a meeting last evening in City Hall. Owing to the absence of the chairman, J. H. McRobbie, the session was an informal one. Several of the Ontario assessment acts were looked into and communications from other cities were read. The next meeting will be held on Friday.

The St. John Primary Union for Sunday School Teachers will meet on Wednesday afternoon at four o'clock in the parlor of Centenary church. Mrs. C. H. Dearborn will teach the lesson "Jesus at Jacob's Well," for the following Sabbath. Miss Burditt will continue her talks on "Practical Primaries." All primary and junior teachers are cordially invited to be present.

The Star has received a very interesting little booklet which gives valuable information in regard to the officers and members of the Waterloo street Free Baptist church. The frontispiece is an excellent cut of the pastor, Rev. A. J. Prosser. The services and time of each are given inside and a complete list of officers and members of the church and the different societies connected therewith. The directory will be very convenient for the members of the church and others in any way interested.

The annual meeting of the Fairville Presbyterian church was held last evening, the pastor, Rev. A. M. Hill, in the chair. The trustees' report for the year was read by Dr. Macfarland and showed receipts of \$800.11, against an expenditure of \$745.62. The report was adopted and power was given to the trustees, who were re-elected, to apply for incorporation of the church. All societies in connection with the church showed good progress, and the Ladies' Aid Society reported a balance of \$82.73, which had been devoted to repainting the hall and putting in electric lights. The meeting was largely attended.

LOCAL GOVERNMENT MEET TONIGHT.

Hon. C. H. Labllois and Hon. L. P. Farris sat at the Royal. They expect Premier Tweedie and Hon. F. J. Sweeney this afternoon, and they will meet this evening to discuss matters in connection with the insane asylum and hospital.

No progress will be made in regard to the French school books till after Nova Scotia has issued its new series of English readers, from which whatever selections are of value will be incorporated into the French readers. Speaking of business on the North Shore, Hon. Mr. Labllois said that generally business is good, but smelt fishing is very poor all along except at Carleton. The catch will be much below the average.

BOYS MUST NOT SMOKE CIGARETTES.

Magistrate Ritchie has again set his foot down against the sale of cigarettes to minors and has accordingly issued instructions to the police to keep a sharp lookout and report the proprietors of stores detected selling them to boys under eighteen years of age.

The lad to whom Mrs. McNeill sold cigarettes is little Edward Higgins, not more than fourteen years old. Mrs. McNeill admitted her offence and resolved never more to sell cigarettes to minors.

Mrs. McNeill was reported by Officer Sullivan, who came in for praise from the magistrate for his vigilance. The matter was allowed to stand.

CRAWFORD AND GARNETT DIFFER.

Police Officer Says the Latter Was Profane—Garnett Says the Officer's Statement is Incorrect

Two boys, R. Garnett, aged 17, and Frank Cavanaugh, aged 14, were before Magistrate Ritchie this morning charged by Officer Crawford with profanity. The case involves a charge of a more serious nature in that Wm. Garnett, an elder brother of the former, is charged by the same officer with using to him language both indecent and profane. William Garnett vigorously repels the charge and denounces Officer Crawford as being himself guilty of the use of profanity.

While Officer Crawford was patrolling his beat on Brussels street, yesterday he noticed the boy Robert Garnett shovelling snow over a fence separating this yard from that adjoining and thereby blocking up a pathway leading to the house of one "French Mary." He ordered the boy to stop and the boy refused. The boy feeling the security of his own premises chimed in to the officer and even did not hesitate, so the officer says, at swearing at him. The officer made a rush for the boy who mixed with a crowd of youngsters and they all skeddaddled in the direction of the Golden Ball corner. He succeeded in catching the boy who had sworn at him and also young Cavanaugh.

Both boys were allowed to go by the magistrate. Young Cavanaugh, by proving that he had not been with the other boys in the first place, and young Garnett by bringing forward a number of witnesses to outweigh the testimony of Officer Crawford.

Officer Crawford, again taking the stand, charged William Garnett, an older brother with profanity. He testified that he allowed the older Garnett to visit his brother in the lock-up last night and that when leaving the older brother heaped abuse upon him. "Is false, your honor," said Garnett.

To Officer Crawford Garnett said: "Were you not drunk at the time?" The case was postponed till tomorrow afternoon.

ONE SNOWSTORM, NO RAIN!

St. John Boy Writes Home About the Delights of Living in Arcadia, Assa.

Harry Carpenter, son of the Mill street meat merchant, who went west last fall, writes from Arcadia, Assinabola, that the weather out there is delightful. The extreme mildness of the temperature is surprising, though there have been some real snappy mornings, when the mercury has sunk to such depths as 45 below the zero mark. However, the air is as still as it is possible to be and the dryness of the climate makes the cold hardly noticeable.

Since winter has set in there has been only one snowstorm in Arcadia, which is the divisional point on the railway between Brandon and Regina, and since Mr. Carpenter reached there on Oct. 21st last there has been no rain whatever. Sleighing is only fair, owing to the scarcity of snow.

These reports from the far west rather discredit many tall stories sent eastward about mountains of snow and frozen-out, but then it must be remembered that the west is truly a great and expansive place, as subject to climatic differences as Europe.

Arcadia is a fast growing and very promising place. It has a lot of fine buildings and thriving stores. Messrs. Carpenter, Mr. McAlary and other St. John boys are enjoying good positions in some of these, and they make no complaint as to weather or anything else. Mr. McAlary, whose old home is in Indian town, has been quite ill with rheumatic ailments. His wife and child are there with him.

BOYS AGAIN REMANDED.

The Lads Accused of Stealing Liquor Again in Court.

The preliminary inquiry of the boys William McIntyre and Henry Maher, charged with stealing liquor, cigarettes and money from the saloon of Philip J. McGuire, Mill street, was continued this morning in the police court. E. R. Ritchie defended the boys.

The only witness examined was Joseph O'Brien, who swore that he saw on the door of the barn, to which the boys were alleged to have carried their plunder, threads of clothing which he would identify as having been torn from the clothes of the prisoners.

The boys were committed to the very flimsy evidence and ruled it out, as the witness was unable to produce the threads of the clothing which he described.

The prisoners were again remanded.

A MENACE TO PUBLIC SAFETY.

A reader of the Star writes: A serious accident on Rockland road, just above the Roman Catholic church, may occur at any moment. Some twenty feet above the roadway and projecting several feet over the sidewalk, is a piece of fencing which is a source of danger to every passer-by. The attention of the city fathers has been called to it, but so far no notice has been paid to it. When some injury has been done to life or property and the city has to pay heavy damages, the matter will be looked into.

JOLLY SMOKER TONIGHT.

Arrangements have been completed for the at home and smoker in the Conservative Club rooms, Breeze's corner, this evening. ST. PETER'S NEW ORGANIST.

St. Peter's church has been fortunate in securing the services of an exceptionally brilliant young man as organist.

D. Morel is a young man scarcely out of his teens, but his work at the services Sunday was highly appreciated and gave promise of great efficiency.

Mr. Morel studied under Prof. Urbain and Ringuette at St. Hyacinthe, Que. He was for some time assistant organist at the Roman Catholic Cathedral at St. Hyacinthe and his work there was highly spoken of. Mr. Morel's brother put the organ in at St. Peter's for Cassarant Bros.

The former organist, Dr. Broderick, retired in September last. His place has been filled since by the assistant organist, Miss Moriarty.
