BIG SPANISH STEAMER HAD A NARROW ESCAPE

Cotton Cargo of S. S. Balmes Caught Fire While at Sea.

CONVEYED TO BERMUDA BY THE S. S. PANNONIA

103 Passengers Transferred at Sea — Cunard Liner Made Fast Run to Rescue—Bound to Cadiz when Fire was Discovered.

Hamilton, Bermuda, Nov. 16.—The Spanish steamer Balmes, with her cotton cargo on fire, was towed into St. George's harbor this morning by the tug Gladstone and Powerful, conveyed by the Cunard liner Pannonia. The Cunarder had on board 103 passengers of the Balmes, taken off the burning ship Friday morning in mid-ocean, and while heavy seas were running after a forced draught race to the rescue in answer to wireless calls for help.

When the Balmes came to anchor in the harbor, her hatches were lifted. Great clouds of smoke belched forth, but powerful pumps soon sent tons of water into her hold and drowned the fire. The steamer is in good condition, except for the damage done by the water, and the fire in her cargo.

The Pannonia, when she had finished her task of conveying the Balmes, pointed her bow toward New York and steamed away at 10 o'clock this morning, the passengers of the Balmes being her decks and cheering lustily. The fire on the Balmes was discovered Wednesday night at 11 o'clock while the steamer was ploughing westward on her trip to Cadiz, Spain, from Galveston and Havana. The flames were in hold No. 2, and spread rapidly, the smoke penetrating to the engine room and the stokehold. The second engineer and several members of the crew were partially suffocated but stuck valiantly to their posts.

The wireless operator by direction of Captain Ruiz, then began sending out calls for assistance. The call reached the Pannonia some 180 miles to the north, bound for New York, and Captain Robert Capper answered the call. The British cruiser Suffolk also answered the Balmes call, but the message she sent was indistinct.

Turning south, the Pannonia, under forced draught, raced at top speed toward the spot where the Balmes had said she was in distress. All Wednesday night and throughout Thursday Captain Capper pressed the Pannonia in sight of the Cunarder, which was soon to leeward alongside the burning vessel.

A DECISION OF IMPORTANCE ON BINDER TWINE

Ottawa, Nov. 16.—Special—A material saving to the government will result from the action the United States in removing the restrictions that have been placed upon the export of manila fibre from the Philippines. Incidentally the decision is of importance to Canadian manufacturers and users of binder twine. The fibre is used for that purpose and a sort of bounty to the industry, the Canadian government for some years has paid the export duty imposed by the Philippines. The export restriction now being removed these payments will cease, probably automatically, since 1904 the export duty paid by the government has aggregated \$304,000.

Lady's Brooch Found. A lady's brooch found by Officer Gosline, yesterday, awaits an owner at the North End police station.

WOULD SELL DIGBY CHICKENS TO POULTRY MEN IN BRITAIN

Canadian Trade Agent's Laughable Errors — Would Give Bird Eaters Fins Instead of Feathers.

Special to The Standard. Ottawa, Nov. 16.—What is a Digby chicken? A trade commissioner in Great Britain has views upon the subject and has succeeded in slipping them into the weekly report of the Trade and Commerce Department. That publication, which of late has been greatly expanded and improved, prints the following paragraph sent from Glasgow by J. E. Roy, for some years trade commissioner in Great Britain: "Some years ago, an extensive trade

HALIFAX THEN OF MAILBOAT SITUATION NOW

Chronicle States that the Port Will Be a Big Loser.

BELIEVE ST. JOHN MORE IMPORTANT.

St. John Will Have 130 Sailings This Winter Including the Royal Mail Boats—An Interesting Statement.

The Halifax Chronicle on Saturday published a lengthy article stating that Halifax will be a big loser by the steamboat arrangements for this winter, and that the sister port will have twenty-one less mail steamers than it had last winter. How much more important the steamship business is to St. John may be judged from the statement of the Chronicle, that, with the exception of eleven sailings of the Allan Line and eleven sailings of the Empress boats, making 22 in all, Halifax is only a port of call. Don't be misled by the Chronicle as to whether the Albatross and Calgarion will be in commission this winter. The Chronicle says:

In actual figures Halifax loses twenty-one mail steamers calls during the ensuing winter season under the terms of the agreement made by the Board of Government. Over the number of last year, Halifax is 19 mail calls the poorer and adding the two extra calls which the schedule to St. John advertises, the total quoted above is reached. This number is divided between the Allan and Royal Lines, the former making twelve sailings direct to St. John, which hitherto always came here, and the latter nine sailings, which always came to this port exclusively as the terminal of the N. R. The excuse given by the Government for the withdrawal of the N. R. from Halifax is that the facilities of this port are not adequate, therefore it must be assumed that the facilities of St. John are better prepared to take the traffic which rightly belongs to this port—but facts and figures prove otherwise.

The first fact to be considered is that every ship of the C. P. R., Allan, Manchester, Furness, and West India Lines that enters St. John, docks for not less than five days and the majority of them for a week or more. On the other hand, with the exception of the eleven sailings of the Allan and the same number of the C. P. R. Liners, making a total of 22 boats, Halifax is only a port of call. True, the Furness Liverpool and London service and West India boats all dock here; facilities for them have been pretty well divided aside from the mail boats would have required. St. John must provide for boats permanently docking at her piers, which number does not include the Furness, Donaldson and West India boats—and St. John has 2,017 feet of wharf space less than Halifax, the figures being as follows: Halifax, 7,500 feet of wharf space—St. John, 5,483 feet. St. John has only eleven berths, whereas Halifax has twelve, including the new pier, which will be ready for emergency and temporary occupation by the first of the year. Of the Halifax berths only two measure less than 600 feet, while in St. John six of the eleven berths measure less than 500 feet. So much for the above arguments entirely eliminating the excuse that this port had not the facilities over St. John for the docking of the Royal Line boats. A few more details will be given on page two.

MEETING OF CHAMBER OF DEPUTIES ATTENDED BY DISORDER.

BRITISH SUBJECTS WARNED TO LEAVE

Situation Grave and Crisis is Rapidly Approaching — Sir Lionel Carden Sends Note to All British Consuls on State of Affairs.

Mexico City, Nov. 15.—Sir Lionel Carden, the British minister, today again reflected the support given by Great Britain to the policy of the administration at Washington by causing a notification to be sent to all British subjects through the consuls in all parts of the republic, advising them of the notice served by John Lind on President Huerta and ordering that they be ready at a moment's warning to leave for places of safety. Those in outlying places were advised to gather in the large centres, where escape from the country can be more easily accomplished.

Sir Lionel Carden is said to have given Nelson O'Shaughnessy, the American charge, personal assurance on instructions from his government, of British support of President Wilson's attitude toward Mexico. President Huerta was unable to bring his new congress fully to life today. The Chamber of Deputies met and effected temporary organization, but the senate proved reactionary, and the lack of a quorum prevented organization. General Huerta and his friends, however, profess to believe that the great work of their work is done, because the newly created lower chamber, formally, and in their opinion, legally met officially. The senate, they think, can be induced to move into line by Monday, when the senators are summoned to meet again. None of the Catholic senators were present. Reports from Vera Cruz of impending action on the part of the United States continued to be received here. To Mr. Lind, President Wilson's personal representative, was attributed the statement that the American embassy would be withdrawn Monday and the possibility that marines would be landed at Vera Cruz. N. R. from Halifax is that the facilities of this port are not adequate, therefore it must be assumed that the facilities of St. John are better prepared to take the traffic which rightly belongs to this port—but facts and figures prove otherwise.

The departure of foreign residents, and even Mexicans, for Vera Cruz, was more pronounced today, trains being run in sections from the N. R. The managers of Lord Cowdray's oil company received orders to send all the women and children and as many men as desired to go, as well as the more important part of the company's archives, to Vera Cruz. The meeting of the new house of deputies reflected the chaotic conditions brought about by the dissolution of the old congress. The minister of the Interior Manuel Garza Aldape, was expected to officiate at the opening of the house, but Gonzalo Zuniga, Senor Aldape's secretary, and himself a deputy, appeared instead. Nominally, for a few minutes he presided, but there was little of parliamentary form observed in what followed. One group called for one man, another group for another man, to act as chairman. Senor Zuniga called upon the deputies for order insisting that they observe legal procedure. The controversy was ended by the appointment, without balloting, of Enrique Bas, as president of the body to serve until the day of the formal inauguration, November 20. Except for the fact that the Washington administration had said that the congress must not meet, the action of the Chamber ordinarily would have created no interest, as popular interest is centered only on the formal opening.

Regardless of rumors and not withstanding the insistence of the far-seeing friends, General Huerta appeared more determined tonight than at any time during the past week to retain the presidency and carry out his plans of installing the substitute congress. General Huerta reiterated today that he continued to be the head of the Mexican government, and the fact that he took no step toward preventing the inauguration of the new congress, as demanded by the United States, was construed at the embassy as an indication of initiative of what may be expected in the future. The representatives of many of the foreign governments appeared to believe General Huerta's initiative of a such a point that drastic action may be necessitated. "Oh no, I shall not quit," said General Huerta tonight, "I shall continue, just as I have been doing, to put forth my best efforts to bring about a pacification of the country, and thus fulfill the promise I made on taking office."

Two Killed in Collision. St. Albans, Vermont, Nov. 16.—A head-on collision between two freight trains on the Central Vermont Railroad today caused the death of Fireman W. J. Kimball, of St. Albans, and of a 14 year old boy, John Tietbol, who had climbed aboard one of the trains at a way station. Fourteen cars were derailed. Railroad officials said it would be morning before the track was cleared. A misunderstanding of orders is believed to have caused the accident.

Arrested for Theft. The activities of the police force Saturday and Sunday were confined mostly in gathering in the usual house party of celebrators for the week-end. On Saturday night Deputy Chief Jenkins arrested George Adams on a warrant for stealing. Adams is charged with stealing \$10.50 from Thomas Wisford. When taken into custody on Saturday night about \$2.50 was found in the possession of the man.

PICTURESQUE AND BEAUTIFUL N. B.

BIG CROOKS ARE LANDED IN MONTREAL

Safe Blown Saturday Night but Yeggs Got No Loot — Two Prisoners Recognized as Bad Men.

Montreal, Nov. 16.—A safe in the office of Webster & Son's, King and Wellington streets, was blown early Saturday night. The well known crooks with international reputations were caught hiding in a shed in the rear of the building. The door of the safe was blown off and the interior of the office was a wreck. The strong box inside the safe remained intact however and the Yeggs got nothing. The men gave their names as Michael Kelly and Joseph Wilson, but were recognized at police headquarters as Pat Malone, a safe-blower, who has done time in penitentiaries throughout Canada and the United States, and Dick Flanagan, a burglar, who has served many terms behind the bars. Malone had in his possession a bottle containing enough nitro-glycerine to blow up the City Hall, a small piece of dynamite, a loaded revolver, an electric searchlight, two pieces of fuse and a small steel saw. Nothing was found on Flanagan.

MONTREAL HAS A NEW MURDER

Italian Quarter Scene of Stabbing Affray — Third Tragedy Reported During Last Eight Days.

Montreal, Nov. 16.—Derris Raffaele, 24 years old, was stabbed to death tonight in his boarding house at Ville Emard, and the police are searching for David Deroussa, who is alleged to have wielded the knife. An affirmative was said to have led up to the stabbing. This is the third Italian tragedy here in the past eight days.

MESSINA HAS SHARP QUAKE

Two Shocks Felt in Italian City Yesterday — Much Alarm But No Record of Casualties.

Messina, Sicily, Nov. 16.—A strong earthquake occurred here about two o'clock today, and was repeated forty minutes later. The disturbance caused considerable alarm, but less than usual because a majority of the populace were enjoying the fine Sunday in the open air.

ST. PETER'S SOCIETY HOLDS FIRST DEBATE

A very interesting debate was held in the rooms of St. Peter's Society yesterday afternoon as an inauguration of the winter programme, when the subject Resolved that the generation of today have a better opportunity to succeed in life than was offered in the days of our fathers. The League was upheld by John Harty, James McIntyre and Urbine Pierce, while C. Olive, Joseph Driscoll and James McConnell argued the negative. The decision was awarded in favor of the negative. Joseph Harrison, principal of St. Malch's school, acted as judge. The debate was marked by bright and strong arguments in either side making it difficult to give a decision in the case. The arguments advanced by those upholding the negative, captained by C. Olive, were slightly stronger than the affirmative side, and the judge was justified in awarding the decision in their favor.

URGES CIVIL CONTROL OF UTILITIES

Discussed at Closing Session of National Municipal League.

DR. D. F. WILLIAMS IN FORCEFUL ADDRESS

Municipal Home Rule of Public Utilities Becoming More Essential Every Year is Opinion of Experts.

Toronto, Nov. 16.—The closing session of the National Municipal League on Saturday, was devoted to the subject of franchises in relation to the control of public utilities. The paper, which was read by Dr. D. F. Wilcox, and which formed the basis of the discussion, was one of the most valuable contributions of the entire convention. It was an exhaustive examination of the rights of municipal control, as against the state-control of public utilities, becoming more and more essential every year to the successful administration of the affairs of the larger cities and towns. The public utility commission idea has been rendering increasing importance to the public, according to Dr. Wilcox, there is just at present in America a tendency towards too great centralization in the control of public utilities. "Certain features of exclusive state regulation," he said, "tend to make the municipalization of utilities more difficult, and to that extent interfere with one of the most fundamental provisions of the home rule programme."

RECORD OF VIOLENCE IN CANADIAN NORTHWEST

Report of Royal Northwest Mounted Police Shows 44 Murder Cases Now Standing for Trial.

Special to The Standard. Ottawa, Nov. 16.—A record number of murders is recorded in the annual report of the Royal Northwest Mounted Police now in the press. There are no less than 44 cases standing for trial, the accused being, in the most cases, foreigners. A few of the per-secutions are left over from last year but the great majority are new. The report shows that the force is now up to strength, following the successful recruiting done by the controller, Mr. Lawrence Fortescue, in England this summer.

MUCH DAMAGE DONE BY FIRES

Indianapolis, Ind., Nov. 15.—Fire that originated from an overheated oven tonight damaged the plant of the Century Baking Company to the extent of \$125,000.

SUFFRAGETTES RAID DOWNING STREET; POLICE TAKE FOUR

Leaders of Women's Freedom League Become Violent When Opposed in Plan to Petition Asquith.

London, Nov. 16.—A suffragette raid party, started to hold a meeting on Downing street this evening led to disorders and the arrest of four of the leaders. The Women's Freedom League held a meeting at Caxton Hall in the afternoon, and a delegation composed of the Misses Boyle, Murray and Boylston and Mrs. Kerr, all prominent members of the organization, proceeded to Premier Asquith's residence to present a resolution. Other suffragettes, with Mrs. Des-

ASSISTANCE FOR FAMILIES OF THOSE WHO DIED ON GREAT LAKES.

ASSURANCES FROM ALL OVER CANADA

United Memorial Service Held Yesterday in Toronto — Mayors of all Cities Asked to Co-operate in Whirlwind Campaign.

Toronto, Nov. 16.—Never before has a fund opened in the Dominion met with such widespread response as that of the lakes disaster fund of Canada. Although only inaugurated on Saturday, telegrams offering contributions to the fund have been received from all over the country.

H. Gildersleeve, manager of the western lines of the Richelieu & Ontario Navigation Company, has been appointed general treasurer of the fund, but during his absence from the city James Ritchie, general agent of the same company, is acting treasurer. Mr. Ritchie said he had received messages from the mayors of every city and town throughout Ontario expressing willingness to act as treasurers in their municipalities and promising the support of the town. The mayors of all Canadian cities are being asked to co-operate. As was the case with the Ontario municipalities, responses kept coming in all day Saturday from all points in the Dominion. It is the intention of those behind the movement to keep the fund open until December 1st, thus giving about two weeks' time in which to gather the sum together. Mayor Hocken has accepted the post of honorary treasurer, and the next meeting of the Toronto City Council will see a contribution to the fund by the city of \$2,000.

FOUND GUILTY OF A TERRIBLE CRIME

Montreal, Nov. 16.—Guilty of manslaughter was the verdict returned Saturday night by a jury in the Court of King's Bench against Pierre Valade, charged with causing the death of 15-year-old Ida Robertson on the 9th of September last. The prisoner will be sentenced some time this week.

The crime for which Valade was found guilty was one of the most revolting in Montreal's criminal history. The Robertson girl either jumped or was thrown from the fourth floor of Valade's boarding house and the medical testimony tended to show that a brutal assault had been committed upon her.

WOULD SELL DIGBY CHICKENS TO POULTRY MEN IN BRITAIN

Canadian Trade Agent's Laughable Errors — Would Give Bird Eaters Fins Instead of Feathers.

Special to The Standard. Ottawa, Nov. 16.—What is a Digby chicken? A trade commissioner in Great Britain has views upon the subject and has succeeded in slipping them into the weekly report of the Trade and Commerce Department. That publication, which of late has been greatly expanded and improved, prints the following paragraph sent from Glasgow by J. E. Roy, for some years trade commissioner in Great Britain: "Some years ago, an extensive trade

MOTHER! THE CHILD IS COSTIVE, BILIOUS

If tongue is coated, breath bad, stomach sour, don't hesitate.

Give "California Syrup of Figs" at once—a teaspoonful today often saves a sick child tomorrow.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated.

Mother, can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and soothe the stomach and they dearly love its pleasant taste.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company." Don't be fooled!

STRONG LECTURE ON TEMPERANCE APOSTLE

Father Matthew Subject of Interesting Address of Father O'Reilly before the C. M. B. A.

Father Theobald Matthew, the apostle of temperance, and Ireland's greatest leader, was the subject of the second lecture of the C.M.B.A. course last evening.

Rev. Dr. O'Reilly gave an illuminating sketch of the life of Father Matthew and his great work for the cause of total abstinence.

HALIFAX VIEW OF MAIL-BOAT SITUATION NOW

Continued from page one. Further reveal the little end of the horn which this deal gives Halifax, at the same time proving that St. John with the much greater traffic and the less adequate facilities is now unable to take care of the Royal Line than Halifax.

The actual number of calls at Halifax last year of the four lines, C.P.R. Allan, White Star and Royal, was 72. These included the Liverpool-Halifax-St. John route; the Glasgow-Portland and Boston service for the Allans; the C.P.R. Liverpool and Halifax and St. John service, and the White Star Line, Liverpool and Portland-Boston service, and the Bristol and Halifax route for the Royal line.

The schedules for this year as published, and eliminating the Royal Line will give Halifax 54 calls as follows: Allan Line—Glasgow, Portland and Boston service, calling at Halifax 18; Allans—Liverpool-Halifax (docking) mail boats 11; C. P. R.—Liverpool-Halifax (docking) mail boats 11; White Star Line—Liverpool, Portland and Boston (one steamer only docking) 14.

Total 54. Last year in the season of 1912-13 the Allan boats made 42 calls inward bound. This number of calls included four of the service which runs the year round between Glasgow, Halifax and Philadelphia.

This year, not including the above service the Allans are scheduled for only twenty-eight calls at this port, or ten less than they had last season.

The outstanding fact of this agreement is that whereas Halifax was the small port last year for all Royal mail boats and the terminus of the line holding the record across the Atlantic, thereby being acknowledged as the natural port of call for the mail steamers on the Canadian route, she is this year sidetracked by twelve sailings of one line, and loses altogether the Royal line boats which hitherto made this port their terminus.

What she obtains in exchange are the Allan week-end mail boats making their terminals here. With the exception of one or two of these boats all of them carry a minimum amount of cargo.

After the first of the year the present schedules with the exception of three sailings, advertise the new Innes Astoria and Colquhoun.

MR. W. M. JARVIS AT BOARD OF TRADE

Has not Always Supported Hon. Mr. Hazen, and Action was not Altogether a Surprise.

What St. John Gets. Now, what has St. John That port permanently docks every steamer entering the harbor, whether mail or freight.

To the Editor of The Standard. Sir—It was with amusement that I read in the Telegraph the account of the action of Mr. W. M. Jarvis at the meeting of the Board of Trade the other day, when that gentleman, bowed at the failure of Hon. J. D. Hazen to make an announcement at the meeting relative to the coming of the Royal line of steamers.

I was at first alarmed that Hon. Mr. Hazen, for whom I have a very deep respect, might suffer a serious loss by the defection of Mr. Jarvis but, on second thought, I have come to the conclusion that sometimes men are as happy in the enemies they make as in their friends and Mr. Hazen must certainly be in this class.

His comparison, being based on the sailings of the big line, The Halifax, takes no account of the twenty-two sailings of the Donaldson line, seven of the Head line, six of the South African line and five of the New Zealand line, and five of the Munson line to Havana. The boats of the South African and New Zealand lines are among the largest cargo carriers in the Canadian trade.

Not including the Royal line and the Royal Mail line to the British West Indies, St. John will have 139 sailings this winter.

CHEAP FORM OF INSURANCE. You are insured against corns and bunions by the purchase of a single 25c. bottle of Putman's Corn Extractor. It cures painlessly in twenty-four hours. Try Putman's Extractor, 25c. at all dealers.

Branch Post Office. Another branch post office has been opened in the city, bringing the number of post offices up to eleven under Postmaster Sears' jurisdiction.

Whiskers for Married Men. (Guelph Mercury.) A Methodist minister in Toronto suggests that married men wear wedding rings. Why not make all married men wear whiskers, so that they could be identified, even if their hands were stuffed out of sight?

ONE WHO WAS THERE. Whiskers for Married Men. (Guelph Mercury.) A Methodist minister in Toronto suggests that married men wear wedding rings. Why not make all married men wear whiskers, so that they could be identified, even if their hands were stuffed out of sight?

GOAL HANDLERS AND COMPANY DISAGREE ON WAGE QUESTION

While the representatives of the Dominion Coal Company and the Coal Handlers' Union were able to arrive at an agreement covering working conditions and hours of labor, they came to a deadlock on the question of wages.

A general meeting of the coal handlers' union will be held on Tuesday evening, at which the wages committee, which has been handling the negotiations, will submit their report and ask for further instructions.

Some concessions have been offered by the coal company, and it is believed that at the meeting of the union on Tuesday evening action will be taken which will pave the way for an amicable settlement.

Granulation of the Eyelids

Is Cured by Dr. Chase's Ointment—Scores of Uses for the Great Soothing Healing Ointment.

Most people know Dr. Chase's Ointment best as a cure for eczema and itching piles. Nor is this to be wondered at when you think of the remarkable record made in this class of cures.

But there are scores of other uses for this ointment, which are only discovered when it is kept constantly at hand.

Mrs. Martin, 13 Carroll street, Toronto, formerly of Bowmanville, Ont., writes: "We have used Dr. Chase's Ointment for years, and found it invaluable in treating skin irritations and all sorts of burns and wounds. In fact, we would not be without it in the house. It is a most excellent treatment for granulated eyelids, from which I suffered without finding anything to help me."

Wherever there is itching of the skin or a sore that refuses to heal you can use Dr. Chase's Ointment with full assurance that it will prove entirely satisfactory. 60 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.

UHLAN, KING OF TROTTERS, IS NOW SADDLE HORSE

UHLAN, 1:58, C. K. G. BILLINGS' UP. C. K. G. Billings' Uhlán (1:58), king of trotters, is now a saddle horse. Mr. Billings rode him in Central Park, New York, for the first time recently, when the accompanying portrait was made.

Uhlán's grandam was a saddle bred mare by Black Eagle, and he takes to his new line of work as if he had never worn harness. The great horse is an object of absorbing interest at Durland's and on the bridge paths. He would be a drawing card for the coming Horse Show at Madison Square Garden if Mr. Billings could be induced to exhibit him under saddle there.

Mission Successful. Large numbers were in attendance at St. Peter's church last evening when the mission for the men which was conducted during the past week was brought to a close.

Big Sum Received. It was announced in the Cathedral yesterday that the amount of \$738.20 was received at the doors of the church the previous Sunday in the collection in aid of St. Vincent De Paul Society.

DIED. LAMB—In this city, on the 15th inst., Margaret Ann, beloved wife of Jas. L. Lamb, in the 27th year of her age, leaving husband, a son and daughter, father, brother and sister to mourn. Funeral from her late residence 270 Britain street, at 2.30 p. m., on Tuesday next. Service at St. James Church at 3 p. m.

APPLYING THIS PASTE MAKES HAIRS VANISH

(Toilet Tips.) The popularity of the delatone treatment for removing hairy growths is due largely to the fact that it is quick in action and does not mar the skin, and since its introduction many beauty experts use it in preference to the electric needle.

To remove the hair or fuzz, you mix some powdered delatone with a little water and apply to the objectionable hairs, then in 2 or 3 minutes rub off, wash the skin and the hairs have entirely vanished. Excepting in rare instances, one treatment is sufficient.

FREE PATTERN OFFER CLOSING

Only one coupon now required. YOU MUST HURRY

Distribution of the EMBROIDERY PATTERN OUTFIT Positively Closes Saturday, December 6th

NO offer ever made by this paper has attracted the attention of so many of our best women readers.

Our offer to supply 160 of the very best approved and latest embroidery patterns for six coupons and 70 cents has met with an unprecedented response from both city and country readers.

The fact that one single embroidery pattern costs 10 cents has made the bargain feature of this offer apparent to all.

FEAR LIGHTSHIP SANK

Washington, D. C., Nov. 15.—Lightship service officials fear that Lightship Number 82, lost off Point Abino in the recent great lake storm, is still afloat and floating beneath the surface of Lake Erie.

The human bones, scattered lasses and disordered decks, told story of the massacre. The ships was not decipherable. The story was brought by the Marlborough and boarded her route to this port.

SEA MYSTERY SOLVED

San Francisco, Nov. 15.—An mystery of the sea is thought to have been solved in a story brought to port today of the discovery of the fish ship Marlborough, which has been missing for twenty-four years.

The human bones, scattered lasses and disordered decks, told story of the massacre. The ships was not decipherable. The story was brought by the Marlborough and boarded her route to this port.

DANGERS TO NAVIGATION

Stmr Port Antonio (Nor), reports Nov. 1, on the outward passage 26 08 N, lon 74 43 W, passed a seal's mast standing on end about feet out of water.

Stmr Stellan (Br), reports Oct between Point Amour and Cape man, saw three large leeches; the Belle Isle, a berg; 16 miles east of Belle Isle, a large berg, and lat 54 23, lon 54 23, a large berg.

Stmr Meadowfield (Br), reports Nov. 4, lat 54 42 N, lon 50 30, passed a pine log about 40 feet long 20 inches square.

Stmr Iona (Br), reports Nov. 16 15, lon 42 45, passed a large berg, and Nov. 15, 18 miles northeast Belle Isle, a large berg; several were seen in the vicinity of Belle and a large growler passed in strait between Point Amour and Isle.

MARINE NOTES OF THE WORLD

DAMAGED BY FIRE. London, Nov. 13.—The fire on the Virgil (Br), at Dunkirk (before reported), is under control; it is supposed the damage by fire and water will not exceed 500 tons.

BACK TO PORT ON FIRE. Savannah, Ga., Nov. 15.—The British steamship Nilda, Capt. McEliehan, clearing yesterday for Rotterdam with a cargo of cotton and merchandise, put back to port this morning.

THE ROYAL LINE. Messrs. J. T. Knight & Company will, it is understood, be purchasing the Canadian Northern Royal Mail steamers which are to make St. John their headquarters during the coming winter.

OVERTURNED VESSEL. Port Huron, Mich., Nov. 15.—An overturned vessel which has been lying in Lake Huron, a few miles north-east of here, since Sunday's great storm, was today definitely identified as the Charles S. Price. A diver said to have learned the name.

MAY BE FLOATED. The American schooner Theodor Roosevelt, ashore at Trout Cove, purchased at public auction by C. Treville and Sandy Cove parties, is to be repaired, that is if W. A. Chas. is quite sure of being successful in his undertaking, although it will be difficult job. Should this crackle of seas, her new owners will fit her for the fisheries under the British flag.

FEAR LIGHTSHIP SANK. Washington, D. C., Nov. 15.—Lightship service officials fear that Lightship Number 82, lost off Point Abino in the recent great lake storm, is still afloat and floating beneath the surface of Lake Erie.

SEA MYSTERY SOLVED. San Francisco, Nov. 15.—An mystery of the sea is thought to have been solved in a story brought to port today of the discovery of the fish ship Marlborough, which has been missing for twenty-four years.

DANGERS TO NAVIGATION. Stmr Port Antonio (Nor), reports Nov. 1, on the outward passage 26 08 N, lon 74 43 W, passed a seal's mast standing on end about feet out of water.

Stmr Stellan (Br), reports Oct between Point Amour and Cape man, saw three large leeches; the Belle Isle, a berg; 16 miles east of Belle Isle, a large berg, and lat 54 23, lon 54 23, a large berg.

Stmr Meadowfield (Br), reports Nov. 4, lat 54 42 N, lon 50 30, passed a pine log about 40 feet long 20 inches square.

Stmr Iona (Br), reports Nov. 16 15, lon 42 45, passed a large berg, and Nov. 15, 18 miles northeast Belle Isle, a large berg; several were seen in the vicinity of Belle and a large growler passed in strait between Point Amour and Isle.

MARINE NOTES OF THE WORLD

DAMAGED BY FIRE. London, Nov. 13.—The fire on stmr Virgil (Br), at Dunkirk (before report), is under control; it is supposed the damage by fire and water will not exceed 500 tons.

BACK TO PORT ON FIRE. Savannah, Ga., Nov. 15.—The British steamship Nidra, Capt. McGlenahan, clearing yesterday for Rotterdam, with a cargo of cotton and merchandise, put back to port this morning on fire.

THE ROYAL LINE. Messrs. J. T. Knight & Company will, it is understood, be the agents of the Canadian Northern Royal Mail steamers which are to make St. John their headquarters during the coming winter.

OVERTURNED VESSEL. Port Huron, Mich., Nov. 15.—The overturned vessel which has been lying in Lake Huron, a few miles north-east of here, since Sunday's great storm, was today definitely identified as the Charles S. Price. A diver is said to have learned the name.

MAY BE FLOATED. The American schooner Theodore Roosevelt, ashore at Trout Cove, and purchased at public auction by Centerville and Sandy Cove parties, is to be repaired, that is if W. A. Chute, of Bear River, can float her. Mr. Chute is quite sure of being successful in his undertaking, although it will be a difficult job. Should this crack steamer be refloated, it will plough the sea, her new owners will fit her out for the fisheries under the British flag.

FEAR LIGHTSHIP SANK. Washington, D. C., Nov. 15.—Light-house service officials fear that Lightship Number 82, lost off Point Abino in the recent gale, may have been submerged and floating beneath the surface of Lake Erie. When the waters are sufficiently calmed, the tender "Crocus" will make a search. A submerged hull floating would probably eventually drift to the bars at the head of the Niagara river, and become a menace to navigation.

SEA MYSTERY SOLVED. San Francisco, Nov. 15.—Another mystery of the sea is thought to have been solved in a story brought to this port today of the discovery of the British ship Marlborough, which has been missing for twenty-four years. The ship, aground on the rocks, skeletons of her crew of thirty men have been found in a cove near Punta Arenas, Patagonia. Evidence pointed to the fact that the vessel was wrecked during the crew, despoiled the vessel of its cargo.

DANGERS TO NAVIGATION. Stmr Port Antonio (Nor), reports Nov. 1, on the outward passage, lat 50 08 N, lon 74 43 W, passed a vessel's mast standing on end about 8 feet out of water.

The Hopewell Baptist Church Now Dedicated

Impressive Ceremonies Marked Re-opening of Church—A Magnificent Structure Fitted up in Most Up-to-date Manner at Cost of \$3,000.

Albert, Nov. 16.—The dedication services of the Hopewell Baptist church were held here today when the new edifice was opened for divine worship with appropriate ceremonies.

At the morning service Rev. P. J. Stackhouse of Amherst delivered an inspiring address from the text "Thy Kingdom Come," Matthew 6 and 10. Rev. J. H. Markham of Harvey made the dedication prayer.

In the afternoon at 3 o'clock Rev. Thomas Stebbins conducted the service taking his subject from John 12 and 32, "And I if I be Lifted Up from the Earth Will Draw All Men Unto Me." Rev. Mr. Stebbins' address was powerful and eloquent and was listened to with close attention.

Rev. Mr. Stackhouse conducted the evening service, when taking his text from John 1 and 45, "We Have Found Him," delivered one of the most impressive sermons heard in this section for some time.

The large auditorium of the church was filled at each service, special music being sung by the choir.

The Baptists of Hopewell wish to thank the Methodists for their kindness in allowing them the use of the Methodist church while their own was being built.

A Fine Structure.

W. Fillmore, and Messrs. M. D. Fullerton, Archie Downing and Isaac C. Prescott, were the committee in charge of the repair work.

A basement the full size of the building has been excavated where a neat and commodious vestry, class room and furnace room have been finished and furnished.

A new bell tower has been placed at the northwest corner and a vestibule on the southwest corner each of which are approached by wide concrete steps.

The entrance to the vestry is on the ground level between the belfry and the vestibule. The main church floor is elevated several feet at the rear making an easy upward incline from the main entrances.

The pulpit and choir platform is placed between the two main entrances.

At the front end of the building the choir room and entrance is at the right of the platform, while a room and entrance for the minister is situated on the opposite side.

The ceiling is of metal, the windows of colored glass. A circular window at the rear of the platform of leaded colored glass is very handsome. The arrangement by which the seated audience faces the main entrances is new here and is much admired.

The pews are new and of modern design. New rubber carpets in the three aisles render the entrance of worshippers almost noiseless.

The painting and tinting of the auditorium is modest but very handsome. The lighting is by gasolene vapor.

The pulpit with chairs and table is the gift of George W. Fowler, M. P.

HARTLAND MAN INJURED IN A GUN ACCIDENT

Gorden Hanning Shot in Knee—Removed to Woodstock for Treatment—May Grow More Potatoes.

Hartland, N. B., Nov. 15.—A case of fooling with firearms developed here on Sunday, when Gordon Hanning received a 32-calibre bullet in his leg just above the knee cap. The wound was a serious one and Dr. McIntosh, who was called in, advised his removal to the hospital at Woodstock, where he could have constant attention. He was removed to that institution on Monday.

E. W. Caldwell, a fertilizer man, of Florenceville, has returned from a trip through various sections of the province and predicts that next year Carleton county farmers will double their potato acreage. The great demand for tubers in the states and the removal of the duty, together with the higher prices now offered, is inducing this move, which, of course, will lessen the efforts in other directions in the farming line. Still, many are going quite heavily into stock raising, this industry also receiving an impetus from the freer access to the American market.

Manager Teddie of the W. U. Tel. Co., who has been spending a vacation at his home at Lower Brighton, has returned to his duties. His father, who was recently injured in the bridge accident, is recovering.

N. B. Smith, who has been visiting relatives here, has returned to his home at Arrowhead, B. C.

The firm of I. C. Morgan & Son, who do a meat and provision business here, will close their place of business on Jan. 1 for a period of three months. Taking advantage of this recess the senior member of the firm, D. E. Morgan, proposes to take a holiday trip to the coast, believing that after eight years continuous application of business he is entitled to a little "Rite" and that the change will do him good.

A basket social was held at East Florenceville last week at which the sum of \$100 was raised for the benefit of Rev. G. A. Ross, five of whose children are ill with typhoid fever.

In the C. P. R. yard here on Friday a locomotive doing some shunting ran into a freight train standing on an open track near the switch. The breaking of a coupling bar and a sickening sensation on the part of the fire-

NEW BRIDGE OVER RIVER AT HARTLAND?

Notice Not Official, but Comes from an Authoritative Source—Big Shipments of Cattle.

Hartland, N. B., Nov. 15.—For some length of time it has been felt by the people on both sides of the river in this vicinity that the highway bridge which forms the means of communication between residents of both sides of the river for a considerable distance has not been safe—in fact, was liable to cause disaster at most any time. The structure has been so reported to the Public Works Department at Fredericton, and this week the word has gone forth from those who are in the councils of the government, that a new bridge is to be built at a very early date—probably this winter. According to those who are supposed to know the new bridge will be built a little farther up the river, starting from Hartland at the foot of Maple street and having its central abutments rest on the foot of the island. This would give a better approach on the western side as the steep hill leading

from the present structure is very difficult to negotiate either way with a loaded team. As there is much heavy traffic to and from the western side of the river the lessening of the grade will be a boon to the farmers in that section. The news, though lacking of official confirmation as yet, is being received with much pleasure by people on both sides of the river and the completion of the bridge will add another to the many proofs of the present government's watchfulness for the convenience and welfare of the people.

The C. P. R. dining rooms, which have been conducted by R. B. Owens of this place, will soon close and, as announced, the Owens family will remove to Woodstock. The dining rooms have had the reputation of serving the best 50 cent meal on the St. John river and the travelling public would suffer a serious loss in their closing if some provision had not been made for a continuance of the service. W. F. Thornton of the Exchange Hotel has made an arrangement with the C. P. R. to continue the dining room and is now making an extensive increase in the capacity of his dining room to handle the trade from the trains in addition to present almost capacity business. Since the destruction of the Commercial Hotel and C. P. R. dining rooms by fire last year Mr. Thornton has taken care of a large part of the train custom and with his increased facilities there will be no need for the traveller to go hungry for the want of a place to get a good meal.

Produce is coming in very slowly these days, owing to the bad condition of the roads, and as a result the prices have an upward tendency. Potatoes are bringing \$1.25 per barrel at the cars and hay promises to be a paying proposition, the price now being from \$9 to \$11 for the pressed variety. Chickens are 12c. lb., butter 25 to 28c., eggs 27c. to 30c., gaffer and ducks 12c. lb., fowls 10c. lb., dressed beef, 7c., turkeys 59c. a barrel.

There is a little bird humming around these days and the tenor of its song is that J. H. Barnett, principal of the Consolidated School at Florenceville, is soon to be a central figure in an interesting event. Apropos of this a tin shower was recently held at the home of P. T. Atkinson. Straws show which way the wind blows.

The Church of England Sewing Circle was held this week at the home of Mrs. J. W. Montgomery. The ladies will hold a sale and banter supper in Prester's Hall on Dec. 2.

There was to have been a meeting of the People's Union Agricultural Society on Saturday evening last, but owing to the small attendance it was held over until Tuesday evening, the 16th. There is considerable business to be done and the officers want to be in a position to make their returns to the Agricultural Department by the first of December in order to get the grant. This regulated by the membership and it is hoped the roll may be a respectable one.

Since the removal of the duty on various things produced on the farm, Carleton county has been doing quite a stroke in the shipment of produce, etc., to the States. This week two loads and the surrounding country picking up live stock for shipment, Thursday they shipped a carload of cattle which they bought from Mr. Birmingham of Victoria, at a price considerably in advance of anything that has previously been offered by local men and by Saturday they expect to send two or more cars of sheep, hogs and cattle away.

Supt. Harshaw, of the C. P. R., has an assistant in the person of Mr. Pickrell, who comes from Toronto. He is stationed at Aroostook Junction.

Mrs. A. D. Colwell left on Monday for St. John, where she will spend the winter with her children, who are located there.

Miss Laura Curtis, daughter of Dr. Curtis of this place, is rapidly coming to the front as an elocutionist in Boston, where she is attending the Emerson College of Oratory. She recently figured prominently in one of the senior "stunts" in her take-off of the anatomy teacher with her skeleton.

OBITUARY.

Mrs. James L. Lamb.
The death of Mrs. James L. Lamb took place on Saturday at her residence 270 British street. Deceased was 27 years of age. Besides her husband she leaves two small children to mourn. Her father, John Allen, and her sister, Fanny, and her brother, John also survive.

The funeral will be held on Tuesday from the late residence 270 British street at 2.30 o'clock, with service at St. James' church at 3 p. m.

MUST BE VACCINATED.
San Francisco, Calif., Nov. 15.—The touring baseball players of the New York National and Chicago American League clubs, learned with dismay today that because of an epidemic of smallpox in Australia, they must all be vaccinated before they are permitted to land there. Ball players and particularly pitchers, dread the vaccine needles and the sore arms that follow.

TOOK SEVERE COLD.

Left A Terrible Hard Cough And A Nasty Tickling Sensation in the Throat.

A bad cough accompanied by that distressing, tickling sensation in the throat is most aggravating.

Dr. Wood's Norway Pine Syrup is rich in the lung healing virtues of the Norway pine tree, and for this reason it will stop that tickling in the throat which causes that dry hard cough that keeps you awake at night.

Mr. Sanford Reeds, Antrim, N.S., writes:—"Last fall I took a severe cold which left me with a terrible hard cough and a nasty tickling sensation in my throat. I tried many cough medicines, but they did not help me so I got a bottle of Dr. Wood's Norway Pine Syrup, and before I had used half of it the cough had left me, and the next one made a complete cure, and I will recommend it as the best cough medicine on the market."

See that you get "Dr. Wood's" when you ask for it. Do not accept any imitation. The genuine is put up in a yellow wrapper, three pine trees the trade mark, price, 25 and 50c., and manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CLOSING LETTER ON COTTON MARKET

(F. B. McCURDY & CO.)

New York, Nov. 15.—The rather more bullish turn in sentiment was reflected this morning in quite a ready absorption of our Sunday realizing and the market which was small has made a very steady showing. The opening was steady at a decline of 1 to 4 points and active months sold about 5 to 8 points lower before the end of the first hour but then steadied on renewal covering and support from some of the local bulls. Business was not active but some of the brokers with German connections were good buyers on the opening decline, and rumors that the returns to the National Ginners Association showed a gain of 1,500,000 bales for the last period were nearly enough in line with the private spinning report of yesterday to create no fresh sentiment.

W. W. PRICE.

PRODUCE PRICES IN CANADIAN CENTRES

Montreal, Nov. 15.—CORN—American No. 2 yellow, 80 to 81.

OATS—Canadian Western, No. 1, 40 1/2; No. 3, 39 1/2; extra No. 1, feed, 40.

FLOUR—Manitoba spring wheat patents, firsts, \$5.40; seconds, \$4.90; strong bakers, \$4.70; winter patents, choice, \$4.75 to \$5; straight rollers, \$4.50 to \$4.60; straight rollers, bags, \$2.00 to \$2.10.

MILFEED—Bran, \$21; shorts, \$23; middlings, \$26; moullie, \$27 to \$31.

HAY—No. 2 per ton, car lots, \$14 to \$15.

POTATOES—75 to 90.

HEAVY MARKET SATURDAY; INVESTORS SUSPICIOUS

New York, Nov. 15.—Trading in stocks was light throughout the half-day session which brought the week to an end, and in most cases net changes were only nominal. After a firm opening the market became heavy more because of a lack of demand than from any marked pressure. Investment buyers held aloft. Speculators worked with caution, being inclined to take the bear side because of the absence of support and the continued weakness of various stocks, such as Missouri Pacific, New Haven, and Lehigh Valley. Losses were small, however, and they were largely made up on scattered buying toward the close. Lehigh Valley was heavy throughout. New Haven duplicated its daily performance recently by making a new record at 75. Missouri Pacific at 24 1/2, was at the year's lowest.

There was a general disposition to await developments in regard to Mexican affairs over the week-end, and business was restricted by this consideration. The day was barren of news with an influence on market values.

THE EUROPEAN BANKS SHOW STRENGTH

(J. S. BACHE & CO.)

The Bank of England's statement shows up stronger than ever and there is now no expectation of a rate being raised above five per cent. The Bank of France shows an increasingly strong report for the week and the German position is heavily fortified. Towards the end of the year, and after December 1st is passed, money should work visibly easier. The demand for steel is declining, and in Pittsburgh men are being laid off by hundreds. The business recession is on its way. The disposition of the independents is to reduce pay, but the Steel Corporation does not favor any cut in wages. Railroad purchases are limited, as they must necessarily be, and labor is already beginning to feel the adverse influence of the rate being put in force. As affecting the securities market, important problems like the Mexican situation, the Currency bill, and the effect of the tariff, have yet to be solved, and above all, the scarcity of capital throughout the world is keeping the investment movement down. All this will probably work for a continuation of an irregular market, in which we may get some sharp dips. Irrespective of this, however, prices are now very low, and we believe that of the problems mentioned is working towards favorable solution.

Accordingly, for investment, we advise buying of carefully selected securities at the present time to the extent of a part of what it is intended to finally purchase.

J. S. BACHE & CO.

CLOSING STOCK LETTER FROM RANDOLPH

(F. B. McCURDY & CO.)

New York, Nov. 15.—Under the influence of higher London prices, our market opened up generally 1/4 to 3/4 per cent. from last night's level, and grew extremely dull, only 40,000 shares being dealt in during the first hour. Missouri Pacific and New Haven were weak features. The rest of the market held well and closed at about the opening level. A notable feature of the market in last few days has been weakness among some of the short time issues, notably the Boston and Maine and Missouri Pacific. These issues are both due next June. The Boston and Maine sold on about a 20 per cent. basis and the Missouri Pacific on about 17 per cent. basis. The latter is well secured by St. Louis Iron Mountain and Pacific six general mortgage bonds, and other securities. The former is unsecured. The present pessimistic public sentiment as to the renewal of these notes might easily change before next June, when they are due, if we are, as seems probable, to have extremely easy money and the government grants an increase in freight rates. The bank statement was as good as was expected.

E. & C. RANDOLPH.

"Scotia" Debenture Stock

The "street" name for Nova Scotia Steel and Coal six per cent. Debenture Stock—is an investment which appeals to investors who put their money into the seasoned securities of enterprises that are firmly established, whose earning abilities are well known and extend over a number of years.

It is an investment where the security is backed by tangible assets that are valued at many times the amount of the security outstanding.

An investment that is secured by a mortgage.

An investment which, although so amply secured, is offered at a price to yield a good return on the money invested.

Price ninety-eight and interest. Yielding over six per cent.

Dr. Morse's Indian Root Pills

exactly meet the need which so often arises in every family for a medicine to open up and regulate the bowels. Not only are they effective in all cases of Constipation, but they help greatly in breaking up a Cold or Grippe by cleaning out the system and purifying the blood. In the same way they relieve or cure Biliousness, Indigestion, Sick Headaches, Rheumatism and other common ailments. In the fullest sense of the words Dr. Morse's Indian Root Pills are a Household Remedy.

CLOSING LETTER ON MONTREAL MARKET

(F. B. McCURDY & CO.)

Montreal, Nov. 15.—Overnight news was mostly of a favorable character and the markets both in London and New York were stronger this morning. The local market was decidedly firm, and although trading was not heavy a number of issues displayed strength. Iron held its price of yesterday, selling at 43 3/4. It is announced that underwriting arrangements in connection with the \$3,500,000 new issue has been completed and that an immediate offering will be made on the London market. The Dominion Securities Corporation is acting as financial agent in connection with the international financial society. Sherrill, Williams and Partners was firm at 54. Annual meeting of the company was held this morning in Montreal and the anticipated statement showed a reserve of \$287,247 at the end of the year, while the earnings of the year amounted to \$763,248. Before allowing for bond interest and preferred dividends. After meeting provision for these charges there remained \$248,563 to be carried to surplus. A year ago the earnings were \$252,641. It is seen that the profit of the year was \$186,407 more than a year ago.

C. P. R. was firm at 225. The international situation continues to improve and for some days past it has been contended by both London and New York interests that the price of the securities. More may be had at the same rate. Better pin this ad. to your letter and mail to our St. John office for booklet and full particulars of this selection.

There were no transactions in the strongest stocks on the list today touching 210 as compared with 208 1/2 at the close yesterday. Later it closed at 210 1/2. Subsequent dealing in Power Rights will be on a cash basis. The activity in the Rights, it is thought, in some quarters, has had a material effect on the price of the old stock as apparently many holders sold their stock in order to purchase the Rights.

There were no transactions in the O. and O. this morning, but the quotations remained unchanged. It is reported that the syndicate that has been in control of R. and O. affairs is planning some important financial arrangements, and if these are carried out it will be the stock will show increased strength.

The break down in the regular telephone service in the business district of Montreal has been a great inconvenience to brokers, and has curtailed the amount of trading. It was announced today, however, that construction work has gone forth satisfactorily that the entire change will be in operation on Thursday.

F. B. McCURDY & CO.

ANOTHER NEW OF HORSE CASE AT HOPEVILLE

Writer Gives Another Version of Horse Trade that Ended in the Police Court.

To the Editor of the St. John Standard:

Sir,—My attention has been called to an article in your issue of the 11th instant, under the heading "Horse Case in Albert," in which your correspondent presents to give the details of the case. Permit me to say that your correspondent has been ignorant of the facts of the case, or too busy to give them. In the first paragraph of the article, which is headed "Horse Case in Albert," it is stated that a suit in the police court continued till tomorrow at ten a.m. etc." when the case, as a matter of fact, was dismissed and the accused discharged from custody that very afternoon at about two p.m. The facts of the case are as follows:—The plaintiff, a married woman, that her husband while away from home on a business trip met the defendant, etc. He agreed to give her a horse, and she had to divulge the nature of the business which took this woman's husband away from home, although it was admitted in court by the plaintiff that he had driven several miles that day to trade that beautiful mare, the property of the defendant, was not. The first man he had approached for trade that day. Your correspondent says that on that day the horse was kind and a safe and steady driver the bay mare was exchanged for the horse, and further on he says that the plaintiff considered the horse "stung" and took the advice of a barrister, whose name your correspondent omits to give. The barrister had, he says, wherein the sorrel horse proved to be balky, a dangerous horse and lame; again he omits to give the information that the barrister said in court that he knew the horse was lame, and he asked the accused for one dollar to buy a different horse. The barrister, your correspondent says, was so lame, when the accused gave him at the time they exchanged horses. It might be inferred from your correspondent's statement that there were undue misrepresentations made and false pretenses proven. If that is so why did the barrister not advise the plaintiff of sufficient evidence to put accused upon his trial? And especially after he had advised his client to sue to seek to enable him to

FINANCIAL AND COMMERCIAL NEWS AND COMMENT

CLOSING LETTER ON MONTREAL EXCHANGE

(F. B. McCURDY & CO.)
 Montreal, Nov. 15.—Overnight news was mostly of a favorable character and the markets both in London and New York were stronger this morning. The local market was decidedly firm, and although trading was not heavy a number of issues displayed strength. Iron held its price of yesterday, selling at 43 3/4. It is announced that underwritten arrangements in connection with the \$2,500,000 new issue has been completed and that an immediate offering will be made on the London market. The Dominion Securities Corporation is acting as financial agent in connection with the international financial society. Sherwin Williams Paint was firm at 54. Annual meeting of the company was held this morning in Montreal and the anticipated statement showed reserves of \$257,754.37 at the end of the year, while the earnings of the year amounted to \$763,348 before allowing for bond interest and preferred dividends. After making provision for these charges there remained \$248,563 to be carried to surplus. A year ago the earnings were \$276,041. It will be seen that the profits of the year were \$186,407 more than a year ago.

C. P. R. was firm at 225. The international situation continues to improve and for some days past it has been contended by both London and New York interests that the market was so impressed that it could not be long before things became a good deal better than they were, especially so far as trading was concerned. Montreal Power was one of the strongest stocks on the list today touching 210 as compared with 209 1/2 at the close yesterday. Later it closed fractionally lower at 209 1/4. The Rights were strong and active at 10 1/2 to 10 3/4. Subsequent dealings in Power Rights will be on a cash basis. The activity in the Rights is thought in some quarters, to have had a material effect on the price of the old stock as apparently many holders sold their stock in order to purchase the Rights. There were no transactions in R. and O. this morning, but the quotations remained unchanged. It is reported that the syndicate that has been in control of R. and O. affairs is planning some important financial arrangements, and if these are carried out it is likely the stock will show increased strength. The break down in the regular telephone service in the business district of Montreal has been a great inconvenience to brokers, and has curtailed the amount of trading. It was announced today, however, that reconstruction work has gone forth so satisfactorily that the entire exchange will be in operation on Thursday.

F. B. McCURDY & CO.

CLOSING STOCK LETTER

(J. C. MACKINTOSH & CO.)
 (J. C. MACKINTOSH & CO.)
 New York, Nov. 15.—The short session of the exchange resulted in a market similar to that which has existed for the past week. With no increased volume of business and prices remaining about stationary, the tone has undergone practically no change. At one time there was some depression, especially in the Pacific and New Haven, but it did not influence the remainder of the list. The two stocks named have frequently been used for the purpose of bracing about some kind of a reaction and in ordinary times these tactics would have been successful, but with a limited number of traders on the floor the market failed to respond to any initiative whatever.

The matter before the Attorney General for his advice on one occasion, and to again adjourn for six days, waiting for an answer from the Attorney General, which he considered necessary to have before he disposed of the matter, notwithstanding the fact that the case had been before him four days already, and only three witnesses sworn, and only one of them cross-examined; and during which time efforts were being made to have the matter settled at the expense of the accused; although the offence charged was a serious one and, if proven, would make the accused liable to three years' imprisonment in the penitentiary. Now Mr. Editor, in conclusion I beg to say that from the fact that the Magistrate after hearing all the evidence for the prosecution (and without hearing any evidence for the accused) dismissed the complaint, it is quite reasonable to conclude that the details, as given by your correspondent are the result of either his ignorance or bias.

Thanking you for valuable space, I am,

Yours very truly,
AN ONLOOKER.

ANOTHER VIEW OF HORSE CASE AT HOPEWELL

Writer Gives Another Version of Horse Trade that Ended in the Police Court.

To the Editor of the St. John Standard:—My attention has been called to an article in your issue of the 13th instant, under the heading "Horse Case in Albert," in which your correspondent pretends to give the details of the case. Permit me to say that your correspondent did not see fit to ignore the facts of the case, or too biased to give them. In the first paragraph of his letter, which is dated the 12th, he stated, "a suit in the police court, continued till tomorrow at ten a. m., etc." when the case, as a matter of fact, was dismissed and the accused discharged from custody that very day at about two p. m. The facts of the dismissal for some reason, your correspondent did not see fit to divulge. In the second paragraph he says, "It is alleged that the mare in question was the personal property of a married woman, that her husband, while away from home on a business trip met the defendant," etc. Here again your correspondent is content not to divulge the nature of the business which took this woman's noble husband away from home, although it was admitted in court by the prosecutor that he had driven several miles that day to trade that beautiful bay mare, the property of his wife, and that the defendant was not the first man he had approached for a trade that day. Your correspondent says "that on all your correspondents had, he says, wherein the sorrel horse proved to be balky, a dangerous kicker and lame; again he omits to give the information that the prosecutor said in court that he knew the horse was lame, and he asked the accused for one dollar to buy himself out of this lameness, which the accused gave him at the time they exchanged horses. It might be inferred from all your correspondent said that there were undue misrepresentations made and false pretences proven. If that is so why did the Magistrate dismiss the complaint for want of sufficient evidence to put the accused upon his trial? And especially after he had adjourned his court for one week to enable him to say

NEWSPAPERS ON THE MARKET SITUATION

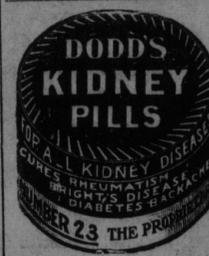

(F. B. McCURDY & CO.)
 New York, Nov. 15.—Commercial-Traders believe that every unfavorable factor has been discounted. Herald—Efforts to break prices by offering securities down are far from successful. American—Attacks on the market are repulsed, and all efforts to advance prices meet with a frown from the banking interests. Sun—The market shows a strong undertone despite irregular changes.

 RHEUMATISM BRIGHT'S DISEASE GRAVEL
 NUMBER 23 THE PROPHET

EVANGELIST IN A FORCEFUL SERMON

"Sowing and Reaping," was the subject last evening of the sermon in the Douglas Avenue Christian church, Evangelist, Lowell C. McPherson, of New York, preached. Last evening he took as his text: Gal. 6: 7 and 8. In part Mr. McPherson said: "A man sows not only what he reaps, but where he sows there will he reap. We know that wheat produces wheat, and not something else. And we know that where we sow wheat we do not expect to reap oats, or some other grain. Like produce like. So if we sow all to the flesh, which soon passes away, we can reap nothing spiritual. "We are neither all physical nor mental, nor commercial, nor moral, nor social, nor spiritual, but true manhood, or womanhood, receives all these in proportion to their values for eternity. "Each may be regarded tonight as a field of our nature. The seed we have to sow are our time, our talents, our purposes, our plans, our choices, our love, our industry, etc. If we sow all to the physical field, what harvest can we expect in the other fields of our being? John L. Sullivan and other pugilists gained physical ascendancy. But what are they socially, morally, spiritually? "A man sows all to the commercial field. What harvest has he for the intellectual, the social, the spiritual? Some men boast of their morality, but such may be the very essence of selfishness. Such morality may be found in a Pagan. Such morality is as black and barren and sterile as the moon without the sun. "The highest culture is Christian culture. There is no other worth while for linking one with God and making unselfish characters. I knew a man worth millions of dollars by sowing all to the commercial, but in desperation he acknowledged to me his life was a failure and that he would give all his millions, if that would buy it, for my faith in God. The most precious possessions cannot be bought. You can buy about all that the devil has for you, but you cannot buy nor borrow, nor steal, nor hire good character and salvation from sin. God will give it to you through His grace if you will accept it. And this life is where to begin our Heaven."

"Is she very much in love with him?"
 "Very. She still believes it is the other fellow's fault when he stays out late at night."

Schlitz in Brown Bottles made pure—kept pure

The Jung Brewing Co. in the second paragraph of their card reproduced above admits that "light affects the beer quickly and makes it unfit for use"—corroborating Schlitz claims. Schlitz is made pure and the Brown Bottle keeps it pure from the brewery to your glass.

See that crown or cork is branded "Schlitz."

A Splendid Opportunity for Investment

THE GULF SHORE SILVER BLACK FOX & FUR CO., LTD. having applied for incorporation with a capitalization of FORTY FIVE THOUSAND DOLLARS, have in breeding 2 pair genuine silver black, 2 pair silver grey, 2 pair patch crosses, and nine pups.

It is proposed to issue 450 shares at par value (One Hundred Dollars each) and owing to the low cost of capitalization this should prove an attractive investment with good returns.

PROBABLE FINANCIAL RETURNS:

Figuring an average of 2-1-2 to a litter there should be

5 Silver Black Pups at \$5,000 each	- - -	\$25,000
5 Silver Grey Pups at \$2,500 each	- - -	12,500
5 Crosses at \$500 each	- - -	2,500
		\$40,500

As all expenses for the first year are included with the original cost of the foxes, there is practically no expense to be deducted from the very low average of production, so that the propable returns should be in the vicinity of 100% for the first year.

October auction sales of fox furs (report of C. M. Lampson & Co.'s sale of furs in London.)
 On the 27th, 28th, 29th and 30th of October, 1913:
 SILVER BLACK FURS, 40% Higher Than Last Year.
 CROSSES, - - - 150% Higher Than Last Year.
 BLUE, - - - - - Same as Last Year.

Now is Your Opportunity for Investment--Not One Dollar of Watered Stock

r. Morse's Indian Root Pills
 exactly meet the need which so often arises in every family for a medicine that opens up and regulates the bowels, not only are they effective in all cases of Constipation, but they help in breaking up a Cold or La-grippe by clearing out the system and purifying the blood. In the same way they relieve or cure Biliousness, indigestion, Sick Headaches, Rheumatism and other common ailments. In the fullest sense of the words Dr. Morse's Indian Root Pills are a Household Remedy.

FOOTBALL ATHLETICS BOWLING

"MATTY" CATCHES THE GOLF FEVER.

MIKE DONLIN CHRISTY MATHEWSON
MATHEWSON AND DONLIN PLAYING GOLF AT SIOUX CITY

An ardent devotee of the cleveland and the driver, "Christy" Mathewson has been showing his form as a golfer as well as a baseball player to Western admirers during the early stages of his world tour with the New York Giants. As can be noted by a glance at the accompanying picture, "Matty" does not carry his baseball stroke with him to the tee, but has developed a "follow through" that will make even stylists envious. Decker out in his golf togs, "Matty" is seen in action on the links. "Mike" Donlin, also of the Giants, and a golfer, stands respectfully by.

CARPENTER IS AFTER ANDERSON

Some days ago when Sam Anderson, the world's champion middleweight wrestler, failed to throw Dan McDonald twice in an hour in the York Theatre, he announced that he would like another match with McDonald, but McDonald, although still in training, announced that he was immediately on his return to Belmont, Mass., from St. John Anderson, who holds the world's championship belt, wired to the sporting editor of the Standard that he would give any middleweight a chance, McDonald preferred. He would put up his championship belt against two hundred dollars, and concluded his telegram with "But I don't think you fellows have the nerve to put up the money." McDonald is acting as matchmaker for the local promoter of wrestling, and when shown the telegram he got busy with the result that he has received word from Fred Carpenter, a western middleweight, who is at present in Chicago, and Carpenter accepted Anderson's challenge on Saturday. The match will be arranged for Tuesday night, November 24th.

Carpenter is a young strong fellow who has had plenty of experience in the wrestling game, and is expected to make a good showing against the champion.

Further word is expected from Anderson today as to the details of the match.

ANOTHER BIG SCORE AT VIC.

In the daily competition at Victoria alleys on Saturday William Davis, of West End, captured the prize with 123 pins.

SPORTOGRAPHY Pioneer Baseball Globe Trotters Sailed Away 25 Years Ago.

It will be exactly a quarter of a century, come tomorrow, since the first bunch of baseball missionaries sailed away from San Francisco, bent on carrying a knowledge of the great American game to these ignorant foreign parts. As a result of their pioneer propaganda efforts the 1913 crop of baseball globe-trotters will find large numbers of enthusiastic fans in nearly every country on their route. Financially, however, the 1888-1889 tour was a failure, and every member of the party was out of pocket several hundred or, in some cases, several thousands of dollars. That is the usual fate of missionaries, however, and when the party reached New York in the spring of 1889, every man expressed satisfaction.

SOCCER FOOTBALL SATURDAY

A full league programme was indulged in on Saturday. Both games resulted in very close scores, as St. John only beat the Cape Co. 2-1, and Caledonians were lucky to triumph over Fairville by 1-0. The game on the Barrack Square between the latter teams was one of the most exciting that ever was played in St. John. In the first half play was very even, both sides having some good tries for goal, but in the second half the real struggle commenced. Try as they liked, the league leaders could not get past the stubborn defences put up by Fairville's crippled team, and visions of their first league point floated up before Fairville. Many worried looks were on the noble brows of the Caledonians. But, alas! there's many a slip, etc. A corner kick granted to the Caledonians in the last two minutes of the game was helped through the Fairville goal by one of their own defence, the ball accidentally striking him and bouncing back past the helpless goalkeeper. Hard luck for Fairville after holding the Caledonians scoreless to the exact 87 minutes. With a slight readjustment of their eleven Fairville will make a bold bid for the cup offered by Mr. Brindle, and now on exhibition in Pink's restaurant, Main street, Fairville.

Fairville's line-up was as follows: Meehan, Hopper, Ratcliffe, Mulhern, Strachan, Juhlin, Ramsay, Essau, Pink, Carter and Rankin.

Soccer League Table.

Teams	P.	W.	L.	D.	F.A.P.s
Caledonians	3	2	0	0	16
St. John	3	2	1	0	9
Cape	1	0	1	0	12
Fairville	3	0	3	0	3

Two points for a win one for a draw.

Yale-Princeton Tie.

New Haven, Conn., Nov. 15.—Rising phoenix-like from the ashes of a disheartening preliminary season, the Yale football team forced Princeton, the ten to seven favorite, to a tie score game at 3 to 3 in the annual contest here this afternoon. Guernsey for Yale kicked a field goal in the second period of play, and Captain "Hobey" Baker tied the score for Princeton with a similar but more spectacular feat in the third quarter of the game.

The tie score, however, does not obscure the marked superiority which existed in favor of the Blue. Player for player, the team against them, the Blue was better than the Orange and Black in both offensive and defensive play.

THIS DATE IN RING ANNALS

Nov. 17.
1884—John L. Sullivan knocked out Alf Greenfield in 2 rounds for New York. The Alf person was touted as a mighty class fighter, who would tear the Boston Strong Boy limb from limb, but he wasn't feeling in a tearing mood just then. Sullivan gave Greenfield another chance the following year, and discouraged his championship ambitions in 4 rounds. Greenfield was one of a dozen "chops" brought forward at that period by the anti-Sullivanites of pugilism, but John L. made quick work of all of them. Three of them, Al Marx, Dan Henry and Bill Fleming, he disposed of in less than a round each.

1910—Willie Lewis outpointed Dixie Kid in 10 rounds at New York.

SMITH BEAT FRENCHMAN.
Paris, Nov. 15.—In a twenty round bout at Wonderland tonight, Jeff Smith, the American pugilist, won from the Frenchman, Bernard, on points. The fight was a fast one, Bernard, cool and clever, was superior in the infighting, but Smith, with dogged determination, forced the pace in the last two rounds. At the end Bernard was badly punished and his mouth was bleeding. The American's victory was cheered by the crowd.

"ROUND ROBIN" SERIES.

Chicago, Nov. 16.—The "Round Robin" series among the sixteen clubs of the American Association and the International League is practically assured, according to President Chivington of the former organization, who is just back from the minor league convention at Columbus. Mr. Chivington talked over the proposed tournament with the magnates of the Eastern Circuit who were at the meeting, and said that all the clubs except Rochester, which was not represented, had declared in favor of it. President Barrow, of the International League, approved the plan and at the winter meeting of his league will appoint a committee, it is expected, to confer with a committee from the association regarding details of the series.

MOHAN, HARVARD'S GROUND GAINER

Harvard's crack football warrior, who was out of the game at the start of the season on account of injuries, is again in the crimson line-up. With Mahan in the back field the Harvard attack is strengthened almost one hundred per cent in the estimation of Boston critics, who ought to know. The entire class of plays that depend upon speed and nice precision for successful execution then become possible. Without Mahan there is not sufficient agility in the crimson back field to make end runs and other open formations consistent ground gainers.

DEFEATED CALIFORNIA'S BEST.

Berkeley, Calif., Nov. 15.—New Zealand's all-star rugby fifteen crowned today its long series of successes against the best California teams by defeating a fifteen made up of the pick of American rugby players, 51 to 3. Since their arrival in California six weeks ago, the New Zealanders secured a total of 505 points, while only six points were made against them.

COMPLETELY CURED OF DYSPEPSIA

By Na-Dra-Go Dyspepsia Tablets

We are continually hearing from grateful people who have had experiences like that of Miss Alice E. Cooper, of Niagara Falls, Ont., who writes: "I wish to express my gratitude to you for the benefit received from your most wonderful Dyspepsia Tablets. Having taken other medicines without having received the slightest relief, I heard of your Na-Dra-Go Dyspepsia Tablets and thought I would give them a trial. I have been completely cured of dyspepsia. I will be only too pleased to advise any one troubled with dyspepsia to give them a fair trial."

Na-Dra-Go Dyspepsia Tablets not only give the immediate relief from heart burn, flatulence, acidity of the stomach and biliousness, which is so much needed, but if taken regularly for a few days or weeks they completely cure the most aggravated cases of stomach trouble. When for 50c you can get a box from your druggist, why go on suffering? National Drug and Chemical Co. of Canada, Limited, Montreal.

CANADIAN FOOTBALL.

Kingston, Ont., Nov. 16.—Queen's University pulled itself up out of the cellar position in the Intercollegiate union Saturday when it defeated Royal Military College by a score of four to three. Incidentally, it also won the Kingston City championship. It was a well fought game all through, but Queen's got its lead in the first quarter and held it throughout.

GUNBOAT SMITH AND LANGFORD FIGHT TONIGHT

Boston, Nov. 16.—"Gunboat" Smith's ring rating will be decided when he meets Sam Langford, Joe Woodman's demon heavy weight, in a twelve round encounter at the Atlas A. tomorrow evening. The bout is the most important battle between big men arranged since Jim Jeffries was vanquished by Jack Johnson at Reno on July 4, 1910.

Smith stands at the head of the white heavy weights. He has defeated such prominent performers as Bombardier Wells, Jim Flynn, Frank Agnew, Jess Willard, Tony Ross and Charley Miller. The Californian has won the majority of his victories by his punching ability. His opponent usually takes the count when the gunner scores with his famous right hand smash. Smith also packs a hard wallop in his left hand, but usually depends upon his right hand "haymaker" in order to turn the tide of battle.

The Californian is a perfect specimen of manhood. He is five feet eight inches tall and weighs 182 lbs. He has a long reach and does not carry a single pound of superfluous flesh.

The famous *Tooke* in script, which Trade Mark, *Tooke* appears on all

TOOKE BROS., Limited, MONTREAL.

- FACT HUNGER -

As children, our first demand is for nourishment; our second for facts.

All through life we go about searching for information.

We make a new acquaintance; but before we will accept him as a friend or invite him to our home we ask for facts about him.

We visit a foreign land; and from the moment we step across its border we are asking questions—searching for facts.

We are asked to try a new food product; isn't it instinctive with us to ask at once:

"Who makes this new article?"
"How is it made? what goes into it?"
"Is it worth the price charged for it?"

Facts—we are simply hungry for them.

Strange, isn't it, that we should so often have to search for them? Odd, that some manufacturers still withhold the facts about their product. Not always because they are facts to be ashamed of—for there are many worthy articles yet unadvertised.

But it will not be so much longer. The fact-hunger of the human race is becoming keener and keener. The more facts we get, the keener our relish for more of them.

Soon it will be impossible to sell a man or a woman anything until everything has been told about the goods that can be told through Advertising.

The public has discovered that Advertising tells much-needed facts—that, in fact, Advertising satisfies fact-hunger.

If you are doing a local business talk over your advertising problems with the Advertising Department of this newspaper.

If you are doing a provincial or national business it would be well for you to have the counsel and assistance of a good advertising agency. A list of these will be furnished, without cost or obligation, by the Secretary of Canadian Press Association, Room 503, Lansdowne Building, Toronto.

LONGSHOREMEN ACCEPT RECOMMENDATIONS

Reach Decision at General Meeting—Attitude to Schedule not Known to Increase.

At a special meeting of the Longshoremen's Union, held yesterday afternoon, it was decided to accept the recommendation of the Board of Conciliation appointed to deal with the dispute between the shipping companies and the Longshoremen of the port.

It was not known in the city last evening whether the shipping companies had decided to accept the recommendations, but it was said there was little doubt that they would.

W. E. Foster, chairman of the board, said last night that while the recommendations were not legally binding, they were morally so, as during the proceedings the conciliation Board had practically been converted into an Arbitration Board, by the fact that the representative of the steamship companies and the representative of the union had been given authority to settle the dispute.

The report of the board composed of W. E. Foster, chairman, John E. Moore, representing the shipping interests, and J. E. Tighe, representing the Longshoremen, was unanimous. The Board recommends that the men be given 85 cents an hour, day and night in winter, and 40 cents an hour day and night in summer. This is an increase of 5 cents an hour. The men have been getting 30 cents an hour in winter and 35 cents in summer. They asked for 40 cents in winter and 45 in summer.

While the report does not recommend an increase in the general rate, such as the men demanded, it does recommend a number of important improvements in working conditions, and high rates for meal hours and overtime.

The Conditions.
The report of the Board made to the Minister of Labor was as follows: St. John, N. B., Nov. 12th, 1913.

In the matter of the Industrial Disputes Investigation Act, 1907, and in the matter of the dispute between the Longshoremen of the Port of Saint John, Employers, and

The Robert Belford Co., Ltd., Furness, Withy & Co., Ltd., Allan Line, Elder Dempster & Co., New Zealand Shipping Co., and the Canadian Pacific Railway S. Lines, Employers, and the Longshoremen of the Port of Saint John, Employers.

After a thorough discussion of the various questions in dispute, this board is happy to state that it has come to the unanimous conclusion, and their recommendations are contained in the following sections:

- (1). Ten hours shall constitute a day's or night's work from November 15th to April 30th inclusive, and 9 hours shall constitute a day's or night's work from May 1st to November 15th.
- (2). Double time to be paid for meal hours, and over time at the prevailing rate of wages.
- (3). The prevailing rate of wages to be paid for rigging and unrigging of gear, hauling, stowing, handling, heaving, etc.
- (4). Half time at the prevailing rate of wages to be paid the men for waiting when ordered out at 7 p. m. until 12 p. m. and when men are ordered out again at 1 a. m. they must be paid full rate for that time until regular knocking-off time in the morning.
- (5). Double time to be paid the men at the prevailing rate of wages if required to quit work on Sundays and the following holidays, viz.: Dominion Day, New Year's Day, Good Friday, Christmas Day and that these Sundays and holidays shall constitute a day's work from midnight to midnight. Should any of these holidays fall on Sunday, and the following Monday be declared a holiday by the government, such Monday shall be considered a holiday under this section.
- (6). No work to be performed on Labor Day.
- (7). Five cents per hour extra to be paid for sulphur in bulk and salt in bulk on week days, holidays, and on week days on Sundays and holidays.
- (8). Any ship taking nothing else but deals after the discharge of her cargo shall be termed a deal boat. Any ship taking general cargo, and deals, shall be termed a cargo boat.
- (9). Fifteen (15) men to constitute

WEAKNESS AND PALPITATION OF THE HEART.

When the heart begins to beat irregularly, palpitated and throbs, skips beats and sometimes seems to almost stop, it causes great anxiety and alarm.

Many people become weak, worn and miserable, and are unable to attend to either social, business or household duties. Milburn's Heart and Nerve Pills are a specific for all weakness and heart disorders, and are recommended by us with the greatest of confidence that they will do what we claim for them.

Mrs. George Burridge, Cobocoon, Ont., writes:—"Just a few lines to let you know what Milburn's Heart and Nerve Pills have done for me. I have been troubled with weakness and palpitation of the heart. I tried many remedies but got none to answer my case like your pills did. I can recommend them highly to all with heart or nerve trouble."

Milburn's Heart and Nerve Pills are 50 cents per box, or 3 boxes for \$1.25, all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

THE WEATHER. Maritime - Some showers in the southwestern portion, but mostly fair with about the same temperature. Washington Forecast. Washington, Nov. 16 - Forecast: North New England - Unsettled Monday, probably snow or rain, moderate, possibly brisk north winds on coast; Tuesday generally fair. Toronto, Nov. 16 - Depression exists tonight off the Middle Atlantic Coast, moving easterly. Light rain has fallen very locally today in southern Ontario, elsewhere in the Dominion the weather has been fair, and everywhere mild, except in Quebec, where it is moderately cold. Minimum and maximum temperatures: Min. Max. Victoria 46 48 Vancouver 46 50 Edmonton 39 48 Calgary 34 60 Battleford 22 40 Winnipeg 22 40 Port Arthur 24 42 Parry Sound 28 38 London 26 39 Toronto 23 37 Kingston 32 35 Ottawa 28 34 Montreal 22 32 Quebec 16 33 Halifax 24 42

AROUND THE CITY. To Ask For Warehouse. Albert, Nov. 16 - Geo. W. Fowler, M. P. left for home Saturday morning. He purchased a carload of two year old steers to feed for beef on his home stead farm at Hammond Vale, Kings county. While here Mr. Fowler inspected the new government wharf and promised to recommend that the department add a modern warehouse. Woman Unconscious. About four o'clock Saturday afternoon a woman fell unconscious in a fit on Union street and was carried into Clinton Brown's drug store where she was revived. She refused to be conveyed to the hospital, would not give her name and address, and finally left those who assisted her without even thanking them. Fires Yesterday. The fire department was called out yesterday morning by an alarm from Box 421. The cause was a large quantity of smoke having filled a dwelling house on the Marsh Road. Wood left in an oven to dry had caught fire. The damage was slight. Yesterday afternoon the West Side department was called out by an alarm from box 214 for a slight fire in a potato car on Union street; damage slight. An Interesting Lecture. The men's Bible class of the First Presbyterian church, Charlottetown, addressed yesterday afternoon by Dr. J. L. Duval on the advancement of medicine during recent years. The speaker discussed in an interesting way the germ theory, dealing first with the researches of that eminent French chemist and physicist, Louis Pasteur, in his efforts to check hydrophobia by means of inoculation. The lecture was listened to by more than forty men, who expressed their appreciation by a hearty vote of thanks.

ANOTHER "LUCKY STRIKE SALE" OF OVERCOATS. Commences on Friday, Nov. 21st, at Henderson & Hunt's Store, Charlotte Street. We conducted our last "Lucky Strike" Sale one year ago, and it proved to be the biggest overcoat event St. John has ever seen. We are going to make this sale "Lucky Strike" No. 2, far greater in every respect. Our buyer on his annual fall trip to the Upper Canadian markets was fortunate enough to get in touch with a large clothing manufacturer who had a great quantity of overcoats on his hands, owing to the slump in business in the west. This manufacturer needed the money much more than the overcoats, and offered them to us at only a small portion of their regular factory prices. As this was a cash transaction and added to our immense regular stock, it would give us too many overcoats. We are going to clear them out commencing Friday, Nov. 21st at prices that will echo throughout New Brunswick. We want all of our old customers to take advantage of the remarkable bargains this sale offers, but we are especially anxious to attract hundreds of new customers to our store on this record-breaking occasion, and one thing is sure, the money saving prices will do it. Every sale will either make us a new customer, or draw an old one closer. Wonderful savings are also possible in men's furnishings. "Great Over-Production Sale" of underwear, shirts, socks, gloves, etc. The backward weather is the cause of this sale. We have too much stock in our Furnishing Department. Come and get it at almost your own price. We have noticed in the past that just as soon as we announce a sale, some of our competitors work up a clothing sale over night and start it a day or two ahead of ours. No doubt they will do the same in this case. Our advice to you is, if you expect to wear clothing this winter and want good goods cheap, wait for this sale by all means. It is a carefully thought out bargain feast, and you cannot afford to miss your share. For further particulars and prices, read our large advertisement in the Telegraph and Standard on Wednesday morning, and do not forget the opening date, Friday, Nov. 21st, Henderson & Hunt, 17-19 Charlotte street, St. John, N. B.

THE PRINCE WILLIAM HOTEL.

PUBLIC OPINION AGAINST THE SALOONS. Church that does not Fight Traffic Untrue To Christ.

REV. WILFRED GAETZ IN STRONG SERMON. Deals with Liquor from Industrial and Economic Standpoint - A Clean Society to Regenerate Man.

"The Saloon and Its Service to Society" was the subject of an inspiring sermon in Queen Square Methodist church last night. The preacher was Rev. Wilfred Gaetz, pastor of the church, and a large congregation attended the service. Because of the fact that the saloon everywhere is attended by injury to health, safety, peace, industry, good order and morals of the community, the speaker said, the saloon has no right to exist. It is the bad man's product secured through the indifference or unthinking co-operation of many so-called good men; it is unmitigated and selfish to the core, he pointed out, and asked if it is Christian-like to throw around the saloon the sanction and dignity of law and give it a place among the respectable institutions of a Christian society.

Dealing with the liquor evil from an industrial and economic standpoint, Rev. Mr. Gaetz showed that employers of labor were often handicapped by the drinking habits taking days off to recover from intoxication. He showed that the amount of sickness is greater among the men of drinking habits, substantiating this statement by statistics from fraternal societies proving that the societies admitting only abstainers paid in sick benefits less than one half the amount paid out by others. As the saloon prospers, the speaker continued, other lines of trade suffer. The man who puts his money in the barroom has that much less for groceries, and other commodities. Mr. Gaetz met the argument of those who claim that prohibitory laws would throw out of employment large numbers of men by showing that legitimate and profitable industries would take the place of the distillery and brewery. Of every hundred dollars spent in the distillery only one dollar and eight cents goes to labor. For every \$100 spent in the manufacture of boots and shoes \$22.50 goes to labor, proving that the liquor business pays only a very small percentage of profits to labor.

The revenue question was then taken up by the speaker. He showed that in caring for the product of the saloon he paid out in the upkeep of the police force, courts, jails, prisons, municipal homes, orphanages, etc., many times more than is derived from license fees is spent. In Kansas, he stated, the poor farms had been taken over by the government and converted into experimental farms. Seventy-five per cent. of the pauperism, nearly fifty per cent. of the insanity, and ninety-seven per cent. of the crime is caused by drink. In Kansas, out of 105 counties 87 have no insane, 96 no inebriates. In 53 jails are empty; sixty-five haven't tried a criminal in ten years; illiteracy has dropped from 49 per cent. to 2 per cent.

The speaker dealt with the ravages which the liquor traffic has made on the home. "Because the saloon everywhere is attended by injury to the industry, safety, health, peace, good order and morality of the community it has no right to exist. The saloon is the bad man's product secured through the indifference or unthinking co-operation of many so-called good men. It is an unmitigated curse and selfish to the core. Are we playing the part of Christians in throwing around it the sanction and dignity of law and giving it a place among the respectable institutions of a Christian society? The people who want it are the victims of it, or those who for selfish reasons desire its continuance."

The speaker then met some of the arguments advanced against prohibitory legislation. Those who claim that there is as much liquor used in dry as in wet territory were reminded that the statistics of the Brewers' Year Book for the United States show that in ten prohibition states the average liquor consumed is 1 gallon per head, while in 27 saloon states the average is 25 gallons. The efforts of the liquor people to defeat proposed temperance legislation and the amount of money spent to this end is sufficient argument that prohibition prohibits. Another argument against the temperance people is that they are getting at the matter from the wrong end. The root of the trouble is in the individual, regenerate the man. You cannot make people righteous by law. Rev. Mr. Gaetz showed that the problem is not simply to put right principles into a man; it is to create a right society to put the man into. We are morally bound to clean up a city for the sake of the weak man, and make conditions as hard as possible for him to be bad. A moral house cleaning is as necessary as a civic house cleaning. There are conditions more injurious to the soul of man than dirty backyards are to his body. Many are caught in the clutches of the drink habit; they do not want to continue, but have the appetite. Our problem is to save them from the thirst. One way is to remove temptation. Any unnatural appetite will die if that which gratifies it is withdrawn. The new born have a right to surroundings in which they can show whether they have vitality enough to live or not. The man who is more infant morally and is trying to get a grip on himself has certain rights too. Our policy at present is to fill his pathway with pitfalls and traps, surround him with the saloon, and then ask God to save the drunkard. The Christian church can save

74 Years Since Founding of Centenary Methodist Church. CELEBRATED.

FITTING CEREMONIES MARK THE OCCASION. Vast Auditorium of Building Filled by Congregations - Rev. J. A. Morrison, D.D., in Forceful Address.

With fitting ceremonies to mark the occasion the 74th anniversary of the establishment of Centenary Methodist church was celebrated yesterday with unusually large attendances at all services. The church was established in 1839 by Rev. Dr. Enoch Wood. The day was marked by special services morning, afternoon and evening with eloquent and forceful sermons and special music. In the morning the pulpit was occupied by Rev. Mr. Barraclough, pastor of the church, who in a forceful address announced the motto of Centenary church for the coming year. The motto which the pastor and officials of the church set before them, the speaker pointed out, was to accomplish a missionary church, a Bible reading church, a praying church and a working church. The motto, he remarked, was a slightly altered wording of Matthew 23:3, "One Is Our Master, Even Christ, and All We Are Brethren." Mr. Barraclough used this as his text. He urged a general sociability, kindly consideration and warm brotherly feeling in the church.

In the afternoon the Centenary brotherhood held its regular session, and the pastor addressed the large gathering present on the subject, "Quo Vadis, Whither Goest Thou." Rev. Mr. Barraclough said in part: "The trend of modern times is away from duty, the higher duties of life, our duty to God, to our state and to our fellows. It is becoming increasingly difficult to get men to give their time to the service of God and their better selves, and all engrossing commercialism in taking the evil out of the nation and destroying the best that is in it. 'Conscience, the life of honor, truth, honesty and manhood are all going into the crucible and in consequence, the rights of others are lost trace of a lifetime of it, and what is left? What has it done for us but rob us of rest, peace, love and character?' In concluding his address the speaker made a fervent appeal to the men present to give more attention to the real purpose of life, the interest to their better selves and the helping of their fellow men."

In the evening the pulpit was occupied by Rev. J. A. Morrison, D.D., who delivered a splendid address, the text, Matthew 28th-29th, "In the Name of The Father and of The Son and of The Holy Ghost." Carrying through his subject the almost universal recognized belief in the existence of God, the speaker dwelt at some length on the existence of God in three distinct and separate persons, namely, the Father, Son and Holy Ghost. Inadequacy of language, he pointed out, prevented a full explanation of the Trinity as often it prevented an explanation of the things of this world. The existence of God in these separate forms was a mystery, uncomprehensible to the mind but fully possible of explanation as the material things of this world. To demonstrate the Trinity of God, the speaker brought to mind that water existed in three entirely different forms, water, ice and vapor, all separate and yet, component parts of the same body, as the appearance of God in the Holy Trinity. Carbon, he pointed out, existed in different forms according to its hardness as diamond, blacklead and lampblack and yet, as in the Trinity, it was the one being under different appearances. A certain mysterious substance in the air, ether, which made possible the occurrence of the different vibrations in the air caused light, heat and electricity, and the same held true of God. As similarly as in the case of water and electricity there were in the human mind of every normal person intellect, emotion and evil. These were three separate qualities, three separate forms under which the mind appeared and yet, as in the Trinity, they were all contained within the one showing the threefold manifestation. By advancing the above arguments the speaker showed that the appearance of God in three persons was a mystery difficult of explanation but as easily understood as the many worldly mysteries as in the substances mentioned, he pointed out, it is known that God appears in the tri-fold form, but the inadequacy of language prevents as with the things of life, a full understanding of the Trinity of God. Special music was rendered by the choir during the evening. Collections during the day were large.

PERSONAL. Mr. and Mrs. H. M. Leighton and Miss Leighton, of Lunenburg, are visiting the Misses Nelson, 19 Elliot Row. Mrs. C. J. Mitchell, of Charlottetown, P. E. I., is visiting relatives in the city. P. J. Gleeson was in Moncton Saturday.

Meeting Postponed. The semi-annual meeting of the King's Daughters' Guild, which was to be held today, has been postponed.

SUCCESS OF VIOLET DAY. \$980 Taken in by the Enthusiastic Young Taggers.

EVEN THE GROUCHES THAWED TO SMILES. Pretty and Winsome Young Ladies Made Coins Fairly Roll into Boxes Without Assistance.

The weather proved very auspicious on Saturday for Violet Day in aid of the Girls' Association, and the young ladies who volunteered their services in carrying out the work found this to their satisfaction. Another thing which pleased them was the general sympathy of the public. Not even the man with the grouches could resist the charming appeal of the young ladies and all day long nickels, dimes, quarters and even an assortment of greenbacks flowed into the coffers of the fair collectors. Very few there were who did not go home that night with a boutonniere of violets as a souvenir of the occasion, and some, either because of their great sympathy for the cause, or because of the irresistible smile and appeal of the tagger resembled walking consularies. In either case the taggers were pleased, as it all helped the cause for the promoting of which they devoted their time and efforts. The proceeds of the day's campaign were decidedly satisfactory to those in charge of the scheme. The amount realized was \$980. The taggers worked enthusiastically, and their success was gratifying to those who were in charge of the undertaking and the executive of the association. The tagging began early in the morning, and all day long the young ladies continued at their work. So successfully did they work that as early as 11 o'clock they found it necessary to requisition another supply of violets. About a hundred and fifty young ladies acted as taggers. These were divided into groups and stood sentinel at different points of vantage about the city. Besides their campaign in the streets the ladies also visited the principal stores and industrial establishments where they showed every courtesy and met with a generous response to their requests for subscriptions. To the places immediately adjoining the city proper, committees from the taggers paid a visit, and when the day's work had been completed there were few places that had not been visited. As the banks generally used on tag days could not be had paper for the purpose, the taggers were used for receiving the donations. The boxes were made by D. F. Brown & Company especially for the purpose.

The executive committee feel much gratified with the success of the Violet Day. The amount realized is a large one as it did after another tag day quite recently, and are grateful for the generous spirit shown by the people of the city, who by their contributions manifested their sympathy in and encouragement of the Girls' Association. At a meeting held Saturday night a resolution was adopted expressing the thanks of the officers and members of the association to the young ladies who acted as flower girls, to the firms who prepared, unpacked and baskets to be displayed in their windows, to J. Fraser Gregory and J. H. Moore who placed their automobiles at the disposition of the committee, to W. H. Golding for the use of the assembly rooms and other assistance, to D. R. Jack, F. McN. Stoves, John Bullock and O. L. Barbour who acted as committee to count the returns, to D. F. Brown & Co., to the newspapers, and to all who helped make the day a success. The amount realized on Saturday will help materially in carrying on the work of the association.

Petticoats. If you are looking for real swell petticoats at a great saving then you must go to F. A. Dykeman & Co.'s store today for they have on sale a new stock of petticoats made of the finest quality of rich lustrous saten with pleated flounce. Shown in a large range of colors and all prices. Mats actually worth \$2.50. Satin petticoats of a good quality, pleated flounce, perfect fitting at waist band and over the hips. All colors and priced only \$1.00, worth \$3.00. Silk petticoats of a superior quality of silk and unsurpassed in every way; prices run from \$2.95 up to \$5.00.
