

CABINET TO SHARE COST OF WORKLESS

Dominion, Provinces and Municipalities to Divide Financial Burdens of Unemployed.

FEDERAL AUTHORITIES CHANGE VIEWPOINT

Official Statement of New Policy Will be Made in a Few Days.

Ottawa, Dec. 13.—Plans for unemployment relief during the next few months, the cost to be shared by municipal, provincial and federal governments, are understood to have been drawn up at recent meetings of cabinet council, and an official statement to this effect is expected to be made in a course of a few days. Under the proposal which is stated to have resulted from recent conferences between the government and returned soldiers' leaders and others, the relief work must be inaugurated by the municipal authorities, and then the cost will be divided equally between the municipality, the province and the federal government. In last week's conference, the position taken by the federal government was that the municipal and provincial authorities had an equal responsibility with the Dominion Government in the matter of providing against unemployment as far as possible.

Favors Unemployment Insurance.

Toronto, Dec. 13.—Unemployment insurance in Canada was advocated by Tom Moore, President of the Dominion Trades and Labor Congress, in an interview here today. "Insurance is the only permanent solution of the unemployment problem," Mr. Moore said. "I realize that any scheme, in order to be a success must have within it some incentive to limit the amount of unemployment. The incentive could be secured by assessing employers according to the number of men they lay off from their normal staff. Establishment of administrative boards through the country by the Dominion government was suggested by Mr. Moore. The duty of the boards being to ascertain the normal working conditions in a number of enterprises in each factory during good times, lay an assessment, somewhat similar to that levied by the workmen's compensation boards.

QUEENS HARD HIT BY SLASH IN THE DOLLAR

Interest Upon Endowments Inadequate to Meet Needs of the University.

SALARIES FAR TOO LOW ALSO

Many New Buildings at Huge Cost Are Required at Early Date.

Toronto, Dec. 13.—As a result of the depreciated value of the dollar, the situation at Queen's University, Kingston, Ont., was not merely acute, but critical, Rev. Dr. R. Bruce Taylor, principal of Queen's informed the Royal Commission on University Finances here today. Owing to the decreased purchasing power of the dollar, Dr. Taylor said, the interest upon endowments was inadequate to meet pressing needs, and the increased cost of material additions to the plant added to the difficulty of financing the institution.

Needs New Buildings

Dr. Taylor presented a report upon the needs of Queen's University, which showed conditions of serious overcrowding and a need for new buildings at a large expenditure. Salaries were shown to be hopelessly inadequate, and these, combined with the needs for added equipment and apparatus, urgently required an immediate grant of a considerable sum, Dr. Taylor said.

WOLVES OUTWITTED HUMAN HUNTERS

Girard, Ill., Dec. 13.—Nearly a thousand men joined a hunt at the Boston chapel, four miles east of here yesterday in an effort to exterminate a pack of wolves that has killed cattle and sheep valued at \$1,000 within the past few weeks. The end of the hunt proved to be a battle of wits between the hunters and the wolves, in which the wolves by their shrewd cunning won out, the hunters bagging nothing but a lone jackrabbit.

COTTON PRODUCTION INCREASES

Washington, Dec. 13.—Cotton production in the United States this year is larger than that of any year since 1914, when the record crop was grown. The final estimate of the crop announced today by the United States Department of Agriculture placed production at 12,987,000 bales exclusive of flint.

British Ships Sailing With Full Cargoes For Trade With Russ. Soviets

London, Dec. 13.—British and other traders have re-opened commerce with Russia without awaiting a trade treaty between the governments, the foreign office announced today.

It was denied officially that Britain had signed an agreement with the Soviets. However, it was said it was known British and other ships were proceeding to Russian ports. These traders are without official recognition by the government and without its guarantee of protection. It was announced.

QUEBEC A LINK NOT A BARRIER PREMIER CLAIMS

Hon. Mr. Taschereau at Montreal Pleads for Fair Recognition of Province.

FRENCH SCATTERED IN ALL PROVINCES

About 300,000 in Ontario and the Western Provinces He Declared in Address.

Montreal, Dec. 13.—Speaking at the Canadian Club weekly luncheon here at the Windsor Hotel, Premier Taschereau, of Quebec, expressed gratification that the part Quebec was called upon to play in the Canadian confederation "seems now to be better understood." At one time, he said, Quebec was considered as a solid, antagonistic and refractory block, cutting off Ontario from the Maritime Provinces, having no political affinity with the Western Provinces and drawn by its commercial interests towards the United States. But better than such attitudes were the ties of blood that Quebec has with the west and the other provinces.

French in Other Provinces

Premier Taschereau pointed out that Quebec had 20,000 French-Canadians in Alberta, 25,000 in Saskatchewan, 30,000 in Manitoba, 10,000 in British Columbia, and 200,000 in Ontario. As for interposing themselves between the Maritimes and the West, Premier Taschereau believed that "would rather and in a line in the chain of provinces."

TOWN PLANNING LECTURES IN THE MARITIME UNIV'S

Fredericton, Acadia and Dalhousie to Have Mr. Thomas Adams.

Ottawa, Dec. 13.—The Commission on Conservation has arranged with Canadian universities for courses of lectures during the current session by its expert advisers on town planning, housing and water-powers and hydro-electric and allied problems. The town-planning and housing lectures will be delivered chiefly by the commission's expert adviser, Mr. Thomas Adams, and will include lectures at McGill, Toronto, Manitoba, Saskatchewan, Alberta, British Columbia, Dalhousie, Acadia and Fredericton Universities. The lectures on water-powers and hydro-electric and allied problems will be given by the commission's engineer, Arthur V. White.

ANSWER TO NOTE FROM UNITED STATES NEARS COMPLETION

London, Dec. 13.—The British Government is drafting a reply to the most recent note of the United States Government concerning the exploitation of the Mesopotamian oil fields, in which the United States sets forth its right to be consulted. This reply, after submission to the cabinet, will be forwarded to the United States' State Department probably within a few days. Pending the cabinet's approval, no hint is given concerning the nature of the reply.

IRISH TO GIVE UP ARMS DEC. 27

Proclamation Issues Calls for Surrender of Arms, Munitions and Explosives.

Dublin, Dec. 13.—December 27, has been set as the date when arms, ammunition and explosives held by civilians in the area under martial law in Ireland must be given up. General Neville Maccready, military commander of Ireland, made this known in a proclamation issued today.

WANTS JOINT COMMITTEE TO STUDY IRISH

Democratic Representative Suggests Eight Nations for the Probe.

CLAIMS BRITISH INSULT AMERICA

Refusal to Permit Committee of One Hundred to Visit Ireland the Offence.

Washington, Dec. 13.—Charging that the State Department had been placed in a position to contempt by the refusal of the British Embassy to vize passports issued by it to citizens of the United States desiring to go abroad to investigate the Irish question, Representative Sherwood, Democrat, Ohio, introduced a resolution in the House today proposing an investigation by an international commission of reports of violence and terrorism in Ireland.

Under the resolution, the president would invite France, Italy, Sweden, Belgium, the Netherlands, Switzerland and Argentina to appoint one representative each to the commission and to co-operate with the United States Government in the investigation.

THREE HUNDRED BUILDINGS BURN IN CORK FIRES

Most of Them Have Been Extinguished But Some Are Smouldering Yet.

SIR HAMAR GREENWOOD DENIES RESPONSIBILITY

Two More Police Barracks Are Attacked by Armed Sinn Feiners.

Cork, Dec. 13.—More than three hundred buildings are said to have been destroyed in the fires which yesterday night broke out in the city. Most of the fires have been extinguished, but there are occasional sporadic outbreaks of flames. The police and military are having the greatest difficulty in keeping the thousands of spectators from the wrecked premises, the walls of which threaten to collapse.

A military patrol was ambushed at Clonoe, seven miles east of Queenstown, yesterday. The attackers threw bombs from two houses, but were defeated. Two of the attackers were killed, several wounded and two captured. One soldier was wounded. The houses from which the bombs were thrown were burned.

Not Set by Crown

London, Dec. 13.—Sir Hamar Greenwood, Chief Secretary for Ireland, in answering questions in the House of Commons today with regard to the Cork conflagration, said it was not known by whom the fires were started, but he produced a statement suggesting, without any evidence, that the fires had been started by forces of the Crown.

There was no evidence to that effect, declared Sir Hamar, and it was obvious to anybody, he said, that if any of the kind were the only possible arguments to be used against the government's policy in Ireland.

No Evidence of Outrage

Sir Hamar declared there was not the slightest evidence to confirm the reports that three civilians in Cork had been dragged from their houses and shot, or that the hose of the fire brigade had been cut and the firemen fired upon. Every available policeman and the military had turned out to assist the firemen, he added.

There was some evidence, said the chief secretary that the fires had been started with incendiary bombs. There were no incendiary bombs in the possession of the military, he asserted, but the Sinn Feiners had such bombs.

He believed, he said, that the fire had nothing to do with the ambush of the military force.

Police Barracks Attacked

Bellinzie, County Loughfor, Ireland, Dec. 13.—The police barracks here was attacked this morning. A wall was blown in after a five-hour battle but the police held the building. One constable was killed and three severely injured.

One Civilian Killed

Belfast, Dec. 13.—Armed Sinn Feiners last night attacked the police barracks at Camblough, south of Armagh. Military forces were hurried up from Newry, and a fight ensued in which it is known one civilian was killed. Several other deaths are reported to have occurred.

HONORABLY ACQUITTED

Quebec, Dec. 13.—Damas Lamoureux, of Barabue, Abitibi, was this morning found not guilty and honorably acquitted by Hon. Judge Crockett on the charge laid against him of retaining merchandise shipped through the C. N. R.

SOAP-BOX PULPIT GOT THE PARSON A HUGE CROWD

People Wouldn't Come to Church So He Took Church To Their Jobs.

Now He Has To Hire A Theatre

Rev. W. A. Cameron's Startling Innovation in Toronto Church a Great Success.

Special to The Standard

Toronto, Ont., Dec. 13.—The Rev. W. A. Cameron, pastor of the Bloor street Baptist Church, has begun holding the evening services of his church in one of the uptown theatres of the city.

But the congregation that assembles every Sunday evening has outgrown all accommodations in the old church and on the street.

Only Church He Had

Mr. Cameron came to Bloor street as soon as he graduated from McMaster University, about a dozen years ago. It was one of the biggest of the city, so the young minister had a large-sized job on his hands.

The congregation was small, but exclusive. A few Sundays after he accepted the task, he announced that as the crowds would not come to him, he would go to the crowds with his message.

The result was his appearance the next day at noon on a soap box before the employees' entrance to one of the big factories. There he gave a short address and invited the men to come to church.

A Brilliant Orator

They accepted the welcome of the daring young minister, and from that time on, he never looked a crowd on Sunday evenings at Bloor street church. He was recognized as one of the most brilliant orators of Toronto, and he made his services brought in a brilliant orator.

When the war came he began to preach at once the necessity of every man doing his bit. The Y. M. C. A. appealed to the board of management to release Mr. Cameron for overseas work, with the result that for three years he was one of their big campaigners in the campaign of France and England with the rank of captain.

Salary is Raised

When the fight was ended, he returned to his Toronto pulpit, announced that he was no longer desirous of being called captain, and resumed his work. The friends he had made in the ranks at the front thronged his church until now it has been necessary to take the big theatre for the evening service.

His congregation recently showed its appreciation of his work by raising his salary from \$1,500 to \$6,000 per year.

HOME RULE TO COME BEFORE LORDS TODAY

Slight Modifications Likely But Main Features of the Measure Stand.

CHANCES OF ADOPTION ARE MUCH BETTER

British Empire Exhibition is Given a Large Grant by the Commons.

London, Dec. 13.—In the House of Lords today the report stage of the Home Rule Bill was taken. The third reading of the bill is scheduled for tomorrow.

Recent conferences are stated to have improved the prospects of the bill, and it is now expected that there will be no difficulty between the two houses of parliament in arranging the matter, although the House of Lords has made drastic amendments. It is now probable that the measure will go through with a few modifications, the principal of which is the provision for a second chamber for each parliament.

In the Commons

In the Commons the draft rules under the government of India Act, the roads bill, and the expiring laws bill, were discussed today. In the House today on consideration of the British Empire Exhibition guarantee bill, an amendment was moved to reduce the guarantee from 100,000 to 50,000 pounds sterling, but this was defeated. It was stated that 140,000 pounds sterling had already been promised privately in support of the exhibition on the understanding that if half of a million pounds were forthcoming, the British Government would guarantee six hundred thousand pounds sterling.

Cork's Council Insulting

Cork, Dec. 13.—A special meeting of the city council, presided over by Lord Mayor O'Callaghan this afternoon, adopted the following resolution: "We, the corporation of Cork, at firm once more that the Irish nation is fighting for its very existence against an unscrupulous enemy, but is desirous of an honorable peace, consistent with its position as a sovereign state, and we express undiminished confidence in our elected representatives to speak in our behalf. "We proclaim our unshaken determination to seek or sanction no truce save such international agreement as may be arranged between the Dal Eireann and English government."

WAR TIME LAWS BEING REPEALED BY U. S. HOUSES

Unanimous Vote Recorded to End the War With the Germans.

ONLY MINOR LAWS TO BE CONTINUED

First Step Taken to Put America Once More on Peace Time Basis.

Washington, Dec. 13.—Repeal of most of the war-time laws was voted today by the House, which adopted the Volstead resolution for that purpose after two hours of debate. The vote of adoption of the resolution was unanimous, 332 votes being recorded as favoring it, with one opposed. The House before taking the dual vote, accepted an amendment providing for inclusion of the Lever Food Control Act, among the laws which the resolution would repeal. The amendment, which covers all provisions of the Food Control Act, with the exception of the section relating to rents in the districts of Columbia, was carried by a vote of 179 to 137.

Some Acts Remain

The resolution, which now goes to the Senate, exempts from repeal only the trading with the Enemy Act, the war finance corporation act and its amendments, and measures dealing with the issuance of liberty and victory bonds.

The measure, as adopted, is practically identical with that passed by congress just before the adjournment of the last session, and vetoed by President Wilson.

Republican leaders of the House asserted tonight that adoption of the resolution was one of the first steps taken by the Republican majority to fulfill the Republican pledge to put the country on a peace-time basis.

"WOLF'S" CONVICTION STANDS.

Washington, Dec. 13.—Conviction in New York of David Lamm, "the wolf of Wall Street" and Harry B. Martin, on charges of conspiracy to prevent the transportation of munitions of war to the Allies will stand as a result of the Supreme Court's dismissal today of the writ of error obtained by the defendants.

House Favors Strongly Bill To Stop Immigration Into America For Year

Washington, Dec. 13.—The House today transmitted to the Senate the Johnson Bill prohibiting practically all immigration to the United States for a period of one year. The vote in the House on the measure was 239 to 41. In the Senate the bill will be referred to the immigration committee, and the action will be deferred until the committee has completed hearings and investigated thoroughly all phases of immigration and nationalization questions.

100,000 TEXTILE MILL WORKERS' WAGES REDUCED

Twenty-Two and a Half Per Cent. Cut in New England Mills.

SOME PLANTS ARE STILL NEGOTIATING

Entire Industry in Upheaval Over the Drastic Wage Scale.

Boston, Dec. 13.—All of the textile mills of Maine, and practically all Rhode Island, will put into effect on December 20 a 22 1/2 per cent. wage reduction, announced today in Lawrence, Lowell and New Bedford, and in many smaller New England mill centres. The reduction will apply to about 100,000 operatives. The posting of notices of the reduction at the largest cotton mills in Lawrence today was duplicated in a large number of Massachusetts, Maine and Rhode Island cities. In some instances the amount of reduction was not specified, but it was understood that it would be approximately the same in all cases.

Some Are Negotiating

The Amoskeag Mills of Manchester, N. H., one of the largest cotton and worsted manufacturing plants in the country, and other mills in New Hampshire have not yet made any announcement as to a reduction. Fall River, the principal textile centre, manufacturers and union labor leaders are conducting negotiations regarding wages. "Walter W. Wood, president of the American Cotton Company, which operates fifty mills in New England and New York State, said today that he had no statement to make at present on the matter of wages. A few days ago he announced that the directors of the company had not yet considered the question.

FRENCH CABINET LIKELY TO FALL WITHIN A WEEK

Will Probably Not Survive Attack Set for Dec. 17 on War-Finance Ministries.

(Copyright, 1920, by Public Ledger.) Paris, Dec. 13.—The League has already predicted, in those despatches, probably will not survive the parliamentary attack which is set for Friday, Dec. 17, on the Greek and Russian questions, but which will be most forcefully directed against the Ministers of War and Finance.

There is every indication that the struggle will end with Rene Viviani as premier, for even if M. Leger succeeds in defending himself personally, the hostility toward Andre Lefevre, Minister of War, and Francis Faure, Minister of Finance, will put the government in the minority and make it almost hopeless for Premier Lefevre, politician, to reorganize the cabinet, as M. Millerand, it is thought, will first ask him to do.

Among the possibilities of the next ten days are that M. Lefevre will resign before the interpellation on his policy comes before the chamber, and that Premier Leger, who appears before the committee on foreign affairs of the chamber tomorrow, will be able to explain the London conference to their satisfaction.

Blame War Department.

The criticism of M. Lefevre is based on the failure of the War Department to place before the chamber the projects demanded by the military committee for the reorganization of the army on a recruitment system, and for a shorter period of military service. The attacks against M. Marcell come from the Senate, where it is likely his financial policy will be subjected to a grilling examination next week.

As for M. Leger, it is thought in inner circles that as far as his Greek policy is concerned the results of the London parity are so satisfactory to the French that it will receive the almost unanimous approval of the chamber and that the Senate, although events in the Near East may make the future more gloomy for the Premier. A high official of the Quai d'Orsay in talking today of the London conference to your correspondent, admitted that "in any case, and not the powers, are now steering affairs in the Orient."

EIGHT HOUR DAY FOR SEAMEN TO BE CONSIDERED

Thos. Robb, Back from Geneva Conference, Says Brussels Conference to Decide Case.

HEALTH OF SAILORS TO BE DISCUSSED

Ship Owners Alarmed at Spread of Disease in Ranks of Sea Help.

Montreal, Dec. 13.—Back from Geneva where he has been attending the first session of the joint Maritime Commission set up by the recent Geneva Labor Conference, Thos. Robb, secretary of the Shipping Federation today stated the question of an eight hour day for seamen had been postponed to a formal international conference to see if it would be possible to fix these hours in a way that would be applicable to all maritime nations when in case of an agreement being reached, it would then be possible for individual legislation by the representative nations to be dispensed with.

To Meet in Brussels

This conference was provisionally fixed for the third week in January, probably at Brussels. In regard to the health of seamen, Mr. Robb stated that facts were placed before the commission which were very grave in relation not only to the number of seamen who are the victims of venereal diseases but also to the extent to which they propagate it. The commission ordered that an immediate inquiry be instituted, that propaganda among associations of ship-owners and seamen be organized and propaganda already organized should be assisted.

WESTERN FARMERS TAKING STEPS TO STOP WHEAT POOLS

United Farmers Will Submit Proposal to Grain Organizations.

Winnipeg, Dec. 13.—Steps to effect the pooling of the wheat, not only of Western Canada, but of Ontario, have been taken as a consequence of the decision arrived at at the recent meeting of the Canadian Council of Agriculture in Winnipeg; and a tentative form of marketing agreement between the individual grower and the proposed United Farmers' Grain Corporation has been prepared. This agreement, it is understood, will be submitted to a committee composed of leading grain organizations, and the committee will be asked to make arrangements for the formation of an effective wheat marketing agency; to negotiate with the Farmers' companies for the use of their facilities to the extent necessary for handling the wheat in the pool; to take the necessary steps to secure incorporation and to work out the details by which the pool will be financed.

VETERANS BELL CLUB HOUSE.

Halifax, Dec. 13.—At a meeting of the Halifax Great War Veterans' Association tonight, it was decided to sell the club house on Barrington street, and curtail expenses as far as possible.

Its membership has fallen off during the past year from over 900 to about 400.

Hospital Staff Met With Commission

Considered Urgent Questions in Regard to Epidemic Building

A joint meeting of the Commission and Staff of the Public Hospital was held yesterday afternoon to consider very urgent questions in regard to the Epidemic Building. Things have been going badly in the Epidemic Building and the Hospital Commission is very anxious to right conditions now existing and do all that can possibly be done to make the Epidemic more up to the minute for the treatment of infectious diseases.

Decision Made

At yesterday's meeting it was decided that, in the future patients suffering with measles and chicken pox would not be admitted. Only such cases as can properly be handled will be taken there from now on. Diphtheria and scarlet fever are two of the diseases that are to be specially cared for.

Cross Infection

Considerable cross infection has been at the epidemic and a committee of medical experts has been named to study into conditions with a view to eliminating the danger of cross infection. One thing that has been needed to cross infection is the inadequacy of the hospital to the demands made upon it.

New Building Needed

A new and more commodious building is an absolute necessity that the health of the community may be better safeguarded in the future. Until that building has been erected, something must be done to care for emergency cases. A committee consisting of Col. McLaran, Col. McMillan, Senator Daniels, Dr. Roberts and Dr. Bentley has been named to look into the situation and suggest what can be done for the present needs of the public.

Patients Limited

Only a limited number of cases will be taken in the future, and it was the opinion of the meeting that the most experienced and best of the senior nurses be assigned to the Epidemic, keeping the younger ones in the main buildings. Should there be a rush of patients at the main building, more especially emergency cases where faithful nursing was required, then graduate nurses will be hired and brought in to attend those cases. Yesterday's meeting was a strenuous one as all present felt the time at hand for quick and effective action and, as a result, the freedom of speech knew no bounds.

Victoria Rink May Have To Close Up

Building Inspector and City Engineer Do Not Consider it Safe

For some years past there has been more or less fear of the stability of Victoria Rink and recently Commissioner Thornton asked the building inspector and city engineer to look the building over and see if it was safe. Yesterday the report was presented to the Council and it is likely that as a result of this report the building will be condemned. The report says: "In accordance with your instructions we examined the structural condition of Victoria Skating Rink, City Road, and found it generally in a weak condition; the principal arches and posts which form the ribs supporting the roof covering the rink in floor are greatly out of plumb. The central cluster of arches or ribs which supported one-half the area of the dome have been removed and a single post, supported by struts, substituted thereby greatly weakening the structure. The apex of the dome has been cut down to the level of the structural arches or ribs and the roof practically flat has been substituted, thus increasing the weight on the centre post. "For these reasons we are of the opinion that the building is not suitable for public assemblies owing to its age and weakness. "Yours respectfully, (Signed) JAMES CARLETON, Building Inspector, G. G. HARE, City Engineer."

Delegation Failed To Appear Yesterday

Civic Employees Want More Wages But No Action Because of Non-Appearance

Yesterday was the day set aside by the city fathers to receive the delegation from the Civic Employees' Union, who had asked for a hearing in regard to wages for the coming year. The Common Clerk notified them that Monday at 11 o'clock the Council would hear them, but at that hour no delegation appeared. Each commissioner had been furnished with a copy of the wage schedule asked for in 1921, but as the delegation did not appear the matter was not brought before the Council. The new schedule provides for increases of from twenty-five to seventy-five cents per day, time and a half for overtime, and double time for Sundays.

MONCTON CASE ADJOURNED

Moncton, Dec. 13—The case of the King vs. Gordon Ross, charged with theft from His Majesty's mails, came up this morning in the police court, but Post Office Inspector Woods was unable to be present, the hearing was adjourned until Friday morning. The accused was admitted to bail in the sum of \$4,000, himself in \$2,000 and two sureties of \$1,000 each.

HELD CONFERENCE

The mayor and commissioners were in conference yesterday over a communication from President Hagin, of the C. N. R., in reference to the proposed development by the railway of water front property. When seen last night, the mayor had no information to give the public on the matter, but said full particulars would be given later.

Two Men Who Saved "Mary Stella" Receive Nearly \$20,000

The experience of Wesley Ingalls and Fred Titus, of Grand Harbor, Grand Manan, proves that fortune comes to the brave. Two weeks ago they saw a vessel drifting about in the Bay and despite the storm raging at the time, made an investigation. They found it was the "Mary Stella," which had been abandoned by her crew, and they took her in tow. After many hours of hard and dangerous work the two men landed the vessel in harbor at Tiverton. They put in their claims for salvage and the matter has just been adjusted to their entire satisfaction. The amount received by the two men is just a little under \$20,000, and makes a nice nest egg for the long hard winter ahead.

Orders Payment of Playgrounds Bills

Commissioner Thornton Suggests Warning Away Seekers for Work

Commissioner Frink yesterday brought up the matter of grants to the various playgrounds and on his recommendation he was authorized to pay the accounts, up to the amount of the grant, when they were presented with the proper vouchers. He said the only ones in proper order yet were those from the East End Playgrounds, and these would be looked after at once, the others when they were in proper order. A representative of the Canadian Publication Co., the publishers of three magazines devoted to Canada, doing business in London, appeared and asked the city to take some space in a special number they are getting out. The matter was referred to the Mayor for a report. On motion of Commissioner Bullock he was authorized to issue a lease to George Brown of lot formerly leased to No Surrender Lodge, Fairville, at \$60 per year. Commissioner Thornton referred to the unemployment problem and asked if it would not be wise to warn persons from outside coming here to look for work to stay away?

A DANGER SIGNAL—TENDER AND BLEEDING GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills. Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them. Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-sinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment. 5c and 10c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid. Orders Payment of Playgrounds Bills

Commissioner Thornton Suggests Warning Away Seekers for Work

Commissioner Frink yesterday brought up the matter of grants to the various playgrounds and on his recommendation he was authorized to pay the accounts, up to the amount of the grant, when they were presented with the proper vouchers. He said the only ones in proper order yet were those from the East End Playgrounds, and these would be looked after at once, the others when they were in proper order. A representative of the Canadian Publication Co., the publishers of three magazines devoted to Canada, doing business in London, appeared and asked the city to take some space in a special number they are getting out. The matter was referred to the Mayor for a report. On motion of Commissioner Bullock he was authorized to issue a lease to George Brown of lot formerly leased to No Surrender Lodge, Fairville, at \$60 per year. Commissioner Thornton referred to the unemployment problem and asked if it would not be wise to warn persons from outside coming here to look for work to stay away?

Two Men Who Saved "Mary Stella" Receive Nearly \$20,000

The experience of Wesley Ingalls and Fred Titus, of Grand Harbor, Grand Manan, proves that fortune comes to the brave. Two weeks ago they saw a vessel drifting about in the Bay and despite the storm raging at the time, made an investigation. They found it was the "Mary Stella," which had been abandoned by her crew, and they took her in tow. After many hours of hard and dangerous work the two men landed the vessel in harbor at Tiverton. They put in their claims for salvage and the matter has just been adjusted to their entire satisfaction. The amount received by the two men is just a little under \$20,000, and makes a nice nest egg for the long hard winter ahead.

FORHAN'S FOR THE GUMS

Healthy teeth cannot live in diseased tissue. Gums tainted with Pyorrhea are dangerously diseased. For not only the teeth are affected, but Pyorrhea germs seep into the body, lower its vitality and cause many ills. Pyorrhea begins with tender and bleeding gums. Then the gums recede, the teeth decay, loosen and fall out, or must be extracted to rid the system of the poisonous germs that breed in pockets about them. Four out of five people over forty have this disease. But you need not have it. Visit your dentist often for tooth and gum inspection. And keep Pyorrhea away by using Forhan's For the Gums. Forhan's For the Gums will prevent Pyorrhea—or check its progress—if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums hard and healthy, the teeth white and clean. If you have tender or bleeding gums, start using it today. If gum-sinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment. 5c and 10c tubes in Canada and U.S. If your druggist cannot supply you, send price to us direct and we will mail tube postpaid. School Board Regular Meeting

Will Equip Room and Provide Teacher for Provincial Normal Home.

A decision to equip school and provide a teacher at the Provincial Normal Home was arrived at by the Board of School Trustees at a meeting held last night. There were present Chairman A. F. Emery, George Day, A. A. Lyne, H. Colby Smith, Mrs. E. F. Lyne, Mrs. R. O'Brien, D. F. P. Levesley, Herbert Green, Thomas Nagle and H. S. Bridges, Superintendent of Schools. Applications Received

Several applications and a letter thanking for leave of absence were received. A letter from the Board of Education announced the resignation of Thomas Nagle as a member of the Board of Education. His term to expire on Dec. 31, 1921, was renewed until the next meeting of the Board. The Board of Education stated that George and E. R. W. Ingraham are appointed as trustees. A letter from the Principal of Kingsward School, asked the Board to grant a \$500 piano. The Board asked to write a letter to that effect.

A letter from J. Vernon of Etouabon suggested a convention of Trustees of the Province, stating that the St. Stephen Board had written the Board of Education asking such should be held.

Teachers Reported
Francis Kern, Secretary of Board of the Provincial Normal Home, wrote, expressing the desire of the Board for a teacher and a room for the Normal Home. He was moved by Thomas Nagle and by George Day that a teacher be supplied and the incumbent be empowered to order a school. It was stated that it is to supply teachers for orphans and that in many ways it was to have schools in such institutions. Trustees Green asked if the W. Male Orphanage could not be run with a teacher. They have a teacher but are in need of funds some 46 or 50 years they have had 26 or 30 boys without assistance. Mr. Green stated was speaking on his own responsibility. It was pointed out, in addition that the Victoria Board asked for a teacher and the school there had never come the appropriation of the City Board. The matter of a retaining was Centennial School was left to that school.

Secretary's Report
R. T. Leavitt, Secretary, reported as follows:
Pupils enrolled, 8,617.
Average daily attendance, 7,100.
Per cent of enrolment in attendance, 83.94.
Seventy children left the city—eight were sick. Forty-two kept at home.
Truant Officer McMann reports follows: Kept home, 5; temporarily absent, 2; arrested, 2; arrested notices mailed to parents, 13; to be truant, and returned to school, 10; habitual truants, 11; visitors, Habitual Truants

Dr. Bridges said he thought at truant should be taken to industrial home. Arrests have fact. After boys have been times before the magistrate it to act. Mr. McMann stated send a boy to the industrial home to appear before Judge Armstrong or Judge Forbes, and both have mentioned him not to bring too many as it costs too much to keep at home.

Dr. Bridges said that there be a special school for such a fact. Some are incorrigible before of eleven. Mr. Day stated that he thought was needed, is a truant officer and a juvenile trustee. Green thought the should arrest boys and send other times Officer Findley West Side kept boys off the and at school.

The Bills
On motion no bills will be the first of the year. Dr. Emery for support of the vocational Trustees Day suggested that a tion from the Board visit new buildings in Westmount and Ontario, and that for the new ings architects from St. John other parts of the Province should ter to competition.

On motion a special meeting held December 29th to consider mates. The meeting then r into a teacher's committee.

Strangler Lewis Defeated Stecher

California Wrestler Won World's Heavyweight Championship at New York.

New York, Dec. 13.—Ed "Strangler" Lewis, of San Jose, Calif., won the world's heavyweight catch-as-can wrestling championship here tonight by throwing Joe Stecher of Dodge, Neb., in one hour and 41 minutes, 54 seconds, with a head and hip lock.

Lewis weighed 238 pounds, twenty three than his opponent.

The finish was a spectacular one. Stecher was worn down to a weak condition by eight successive headlocks in the last six minutes of the contest. He squirmed out of the first of these in 35 seconds, but as he arose to straighten up Lewis got another on a flying hold, which he maintained for 40 seconds.

Stecher squirmed out and obtained a body scissors grip, his favorite, but by sheer strength Lewis broke away and clamped on another head lock which lasted 40 seconds.

The next three were of short duration, but Stecher appeared weak and groggy as he got to his feet, and in another moment Lewis got a vice-like grip around his opponent's head. Stecher staggered to the ropes after freeing himself and Lewis got the final finishing head lock and as he closed his left over Stecher's head, turned him with a hip lock, threw him heavily to the mat and pinned his shoulders to the floor immediately.

Basketball Game Should Be Fast

Trojans and Y.M.C.A. Seniors Promise Plenty of Action in Match Tomorrow Night.

Many basketball fans are looking forward to the best game of the season when the Trojans and the Y. M. C. A. Seniors stack up against each other in the City Basketball League game at the Y. M. C. A. tomorrow evening. The teams are the most evenly matched in any in the league.

In addition to the Seniors game the High School will play the Crusaders in the intermediate division, and the German street Baptist Girls will play the Girls of the Y. M. C. A. These two teams are close rivals in the girls' league, and are expected to give an interesting account of themselves. There will be no boxing bouts between games, owing to the heavy basketball and social features of the evening.

Following the game the Seniors and Intermediates of the Y. M. C. A. and the members of the teams will enjoy a social time with games and folk dances. Refreshments will be served by the Young Ladies' League of the Y. M. C. A.

Are Enthusiastic Over Agreement

Baseball Leaders Are Satisfied — Matters of Importance Will Take Place Today.

New York, Dec. 13.—Baseball leaders today were enthusiastic over the agreement reached here yesterday by representatives of the major and minor leagues, changing the constitution of baseball. The proposals agreed upon at a meeting marked by harmony must be accepted by primary sessions of the leagues involved before they become the law governing the sport. This belief prevailed generally today, as it is merely a matter of form.

The National League probably will act upon the agreement at its annual meeting here tomorrow. The American League will pass judgment in Chicago on Friday. The National Association of minor leagues will hold a special meeting in Chicago on January 10, to take action.

The draft question is the only important clause upon which there is not unanimous opinion. The smaller organizations may settle as they wish at their Chicago session.

Leads All Other Shooters of Season

New York, Dec. 13.—With an average of 97.2, Frank Welsh, amateur trapshooter, of Vancouver, Wash., leads all other shooters of the season on registered targets, the American Trapshooting Association announced today. He broke 3,660 of 3,880 targets.

Three Fights In Philadelphia

Philadelphia, Dec. 13.—George K. O. Chaney, of Baltimore, knocked out Charlie Metrie of Milwaukee in the first round of a scheduled 8 round bout here tonight.

Frankie Rice of Baltimore beat K. O. Cirous of Pittsburg in an eight round bout.

Abe Abell Goldstein of New York outpointed Jack Perry of Philadelphia in a six round fight.

CHALLENGED THE WINNER

New York, Dec. 13.—At the finish of the Lewis-Stecher wrestling match here tonight, Stanislaus Zbyski of Poland, issued a challenge to Lewis, the winner.

Rev. Arthur J. W. Black of Milltown and Rev. George Gough of Scotch Ridge were registered at the Victoria yesterday.

His Real Need.

Fifteen Round Fight in New York With Bill Brennan—Ticket Sale Will Net \$200,000—Chicago Heavyweight Gets \$35,000—Championship Title at Stake.

New York, Dec. 13.—Jack Dempsey, world's heavyweight boxing champion, and Bill Brennan, Chicago, engaged in only light training today for their fifteen-round contest at Madison Square Garden tomorrow night. It will be the first bout in New York city in which the heavyweight title will be at stake by a decision if the bout goes the limit, since May, 1909, when Johnny McIntyre, well known by knocking out Jim Corbett at Coney Island, Dempsey and Brennan have trained hard for the past five weeks.

Today the champion went through light cathectic exercises, while the challenger took a five-mile road run, and exercised in a gymnasium for an hour. Both refrained from any sparring work.

Bisley Programme For Next Year

Will be Framed by Joint Committee—Canada, Australia and South Africa Take Part

London, Dec. 13.—With a view to securing greater popularity for the National Rifle Association a special committee has met representatives of the regular and territorial armies, the navy, marine and air forces. It is proposed that next year's Bisley programme shall be framed by a joint committee representing the Rifle Association and all its branches of the service above named with three representatives from Canada, Australia and South Africa. It is claimed that this will bring all branches of the imperial forces and overseas dominions into closer touch and give them a greater controlling interest in the Bisley meeting than hitherto.

Apart from this it must be remembered that the National Rifle Association has got into low water financially. A special appeal was issued some time back and is believed to have met with only a small response.

Conference of Baseball Officials

Reports of An Offer by Giants of \$150,000 and Catcher for Pick of Cincinnati.

New York, Dec. 13.—Conferences between officials of the New York and Cincinnati National Baseball Clubs have led to persistent reports of an offer by the Giants of \$150,000 and a catcher for the "pick of the Red team," a price surpassing that paid for "Babe" Ruth.

No agreement was reached at the conference, it was said. Roush, or Groh, both former Giants, were among the "picks" said to have been mentioned.

Potato Yield Has Increased

An increased potato yield for the whole of Canada is reported by the Dominion Bureau of Statistics. The harvest for the whole of the Dominion is represented by 138,527,000 bushels from 784,544 acres, as compared with 135,874,000 bushels from 818,797 acres in 1919. The average yield per acre for 1920 is 176 1/2 bushels, compared with 153 1/2 bushels last year and 146 bushels the decennial average for the period 1910-1919.

The yield throughout the Maritime Provinces is way above the decennial average. In the Western Provinces, Alberta is the only province above the decennial average. Manitoba is reported with a very poor yield the average yield being only 91 bushels per acre against 126 last year.

The total value to the farmers of the potato crop of 1920 is estimated at \$134,693,000 as compared with \$118,894,200 in 1919. The price per bushel ranging from 65 cents in P. E. I. to \$1.39 in Manitoba.

E. J. O'Neill of St. George is at the Dufferin.

Athletics And Physical Training

A. S. Bowie, Physical Director, Talks Interestingly on Decided Boom This Season

The Standard has recently received an interesting article from A. S. Bowie, physical director of the local Y. M. C. A. Speaking of the boom in athletics and physical training, Mr. Bowie says:

"At the present time there is without doubt, a decided boom in athletics and physical training. From all physical training organizations and directors come reports of unprecedented interest and class attendance. In the St. John Y. M. C. A. an average attendance of eighty is reported from one boys' class. This increase in attendance (which is 100 per cent. in some classes) is not confined to the boys' department. It works right through the intermediates and seniors to the Business Men.

A happy augury for the continued success of the expansion is the natural and willing flow of new men and interest. There has been no spasmodic effort and membership drives. The present boom just had to come. Looking back on the feverish days of recruiting during the war when hundreds of our apparently best young men were rejected for the army, we can find a probable reason for the present day rush to our gymnasium. It is the value of physical fitness in modern ways of life, the hustle and bustle of industry, the wear and tear on our workers, the rush of the cities, crowded housing conditions, all these contributed to the setback in the physique of our young men.

That the general public are awakening to the value of physical fitness is becoming more and more apparent. A local physical director's report shows a big proportion of the Senior membership are returned men. Men during the war, were called up on to stand up under the strain. Quite a number of physically handicapped men and boys are enrolled in the Gym. Classes of the "Y"—men who are prevented by the effects of wounds and poison gas from taking the full benefit of the physical privileges of the Gym, but who came for the exercises suitable to their needs. In the Y. M. C. A. Gym, it has been found necessary to start a special class for handicapped boys.

Wrestling and Boxing Classes report crowded attendances and insufficient equipment to cope with their needs. From Upper Canada comes the news that boxing is compulsory in the colleges. In Czechoslovakia we hear of massed drill exhibitions, as many as six thousand persons taking part. The Boy Scout movement with its attendant physical requirements, the Canadian Standard Efficiency Training scheme, Cadet Training—all these contribute to the steady march of progress in physical efficiency and has now assumed the proportions of athletic boom.

NATIONAL BASEBALL FEDERATION TO MEET

Cleveland, Dec. 13.—The annual meeting of the National Baseball Federation will be held here Jan. 16, according to an announcement made yesterday by Secretary J. F. Potts.

Election of officers and plans for the coming season will be made at the meeting.

Hudson Bay Dog Derby

Fourth Event Will be Over 200 Mile Course for \$2,500 Purse.

The Pas, Dec. 13.—The fourth Hudson Bay Dog Derby, which will be run over a course from here to Elm Flon, a distance of 200 miles, for a purse of \$2,500, is already attracting a great deal of attention among lovers of the game here and to date the entries number ten, including two from Alberta. The two from Alaska are Gorne, who won last year's Derby, and Sappala. Other well known mushers who have announced as their intention to face the start on March 1 are: G. R. Bancroft, The Pas, one of the founders of the Derby; Larry McKay and Sam Prudreau, of Grand Rapids; Jack Hayes, of Sturgeon Landing; Batesee Campbell, C. B. Morgan, Jack Bacon, of The Pas, and Steve Bjorkman, of Winnipeg, whose entry was received first this year.

It is practically certain that many of the teams will use the Alaska harness and sled. Derby officials think a good deal of credit belongs to Gorne for coming here last year and introducing the Alaskan style of racing. They believe it has given a great impetus to dog breeding and caused increased interest throughout The Pas district.

BRITISH WILL MEET CORNELL

London, Dec. 13.—The British cross-country team which will meet the Cornell runners at Binghamton, Dec. 30, will be made up as follows:

Clark, one daughter—Mrs. Archie Wagar, of Fairville; two brothers, Penton Thomas of Boston and David Thomas, who is residing in the province, and three sisters—Mrs. Mabel Thomas of Boston, Mrs. Annie Sharp of Providence, R. I., and Mrs. Julia McAfee of New York City.

ial will take place on Wednesday afternoon at 2.30 o'clock.

Mrs. W. H. Lund
Sunday brought a genuine shock to the many friends of W. H. Lund at the news that his talented wife had passed away at the General Public Hospital on Saturday evening.

Mrs. Lund, formerly Miss Mabelle Cole, was born at Bridgewater, N. B. She leaves to mourn, besides her husband, her sorrowing mother, Mrs. Louise Cole, and an infant four days old.

Few St. John young women were better known or more admired than Mrs. Lund, whose sunny nature endeared her to all with whom she came in contact during her ten years' residence in St. John.

Possessed of talents more varied than is the lot of many persons, Mrs. Lund was a musician of a high order and a writer of ability. Her death came under conditions peculiarly sad and deep sympathy will be felt for those bereaved.

As Miss Cole, she was for eight years in the employ of F. G. Spencer, Ltd., and each member of the company, said Mr. Spencer last evening, will feel Mrs. Lund's death as a distinct personal loss.

The funeral was held yesterday afternoon from her late residence, 15 Hornfield street. Service was conducted by Rev. S. S. Poole and interment was in Fernhill.

The late Mr. Barnes will be greatly missed and was a man who never tired of doing kind deeds and his home was the centre of hospitality and social life of the village. He took an active part in all spheres of public life. In politics he was always an ardent conservative. He was one of the assessors for Upham parish which office he has filled for many years. He also took a deep interest in the education of the place and has been Secretary of Trustees for over twenty years.

In religious life he was a faithful member of the Church of England, where he held the office of Treasurer, and where his cheerful presence and kindly smile will be greatly missed, and long remembered. While the whole community feel their loss yet the sympathy and prayers go out for the sorrowing widow and daughter who were so suddenly bereft of a most devoted husband and loving father.

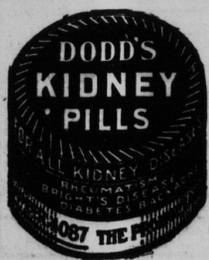

The funeral took place Saturday afternoon and in spite of the storm was very largely attended, the service in the house and church was conducted by the Rev. Albert McLean and

ment was in the family lot beside his son who died five years ago. The late Mr. Barnes was sixty-five years of age.

FUNERALS.

The funeral of Mrs. W. H. Lund was held yesterday afternoon from her late residence, 15 Hornfield street. Service was conducted by Rev. S. S. Poole and interment was in Fernhill.

The funeral of Mrs. Elizabeth Harkins of Grand Bay was held yesterday from Fairville station on the arrival of the Boston train. Service was conducted by Rev. W. K. Robinson and interment was in Cedar Hill.

IN THE EDITOR'S MAIL

THE MARRIAGE LAWS.

Editor of The St. John Standard.
Sir:—In your issue of the 7th inst., there appears an editorial on the above subject. With the general trend of your article and especially its evident intention, many will heartily agree. Our laws governing marriage are no doubt, defective and should be so amended as to place greater safeguards about a matter of so great importance. Laxity here is, no doubt, frequently taken advantage of by designing persons.

Having taken this commendable stand, many will, however, wonder why you turn from the obviously defective laws to place the blame on the Protestant clergy. To many this will not only appear illogical, but entirely unjust. Probably no offense was intended on your part, but there is certainly another side to the question. This I would crave space to briefly set forth.

In the first place it is well to bear in mind that the Protestant clergy had nothing whatever to do with the making of our marriage laws and do not approve of them in their present form. I think, however, the exception they try to obey them. Indeed, if they do not they are subject to a heavy fine or imprisonment. They were certainly not framed for the benefit of the ministers.

Again, you are hardly just when you say, "as a rule they (the ministers) do not care." I am sure as a rule they do care and no one but the minister knows how much care he tries to exercise in this matter which belongs to the government rather than to him. Neither do you seem to consider how easy it is for a minister to be imposed upon by false statements despite all the precautions he may take. If there is any apparent reason why the marriage should not be performed no minister that I know anything about would hesitate to decline it. Indeed, this is not infrequently done.

You touch the vital point when you say, "the couple have been granted a license" (not by the minister, but by the government) "and that is all there is to it as far as he (the minister) is concerned." To be absolutely just this should be "all there is to it." If you had reason to accuse the ministers of marrying people who had not secured a license you would have every reason to complain. But since the government has made the laws and issues a license granting certain persons the right to marry and for which it takes a bond and demands a good round fee, surely it is up to the government to do the investigating as to the fitness of these parties, to whom it sells a license to marry. Who is the minister that the onus of this duty should be placed on him when the parties come armed with authority under the seal of the government to get married? What is a license for? Has the government which takes the man's money no responsibility in the matter? The parties must get their license before they can go to the minister and the issuer has the best opportunity and the best right to make the investigations before the license is issued. Once issued and paid for, it should be what it purports to be—a genuine license to marry. In other words, let the responsibility be placed where it belongs.

Finally, no one will wish to deprive the Roman Catholic church of an credit for the superior attitude on this question which you attribute to her. It is, however, said "we should be just before we are generous." Is it not a fact that the government receives no fees from R. C. marriages? This considerable revenue is turned from the public treasury into the treasury of the church. This superior position of which you speak is like the virtue which brings its own reward. I make no complaint at this. I do not think Protestant ministers, as a rule, would care if the government ceased to issue marriage licenses. The ministers would probably gain financially. Licensing marriages is an arrangement instituted entirely by the government largely for the sake of revenue and not for the benefit or convenience of the ministers. I sometimes wonder Protestant ministers do not go on strike and refuse to perform marriage until the government so amends the law as to not only protect society at large, as you suggest, but to protect the ministers from such unfair criticism as you have given them.

Sincerely yours,
F. A. WRIGHTMAN,
East Florenceville.

WHAT OF QUEEN'S AND SUNBURY?

By-elections are to be held in the Counties of Queens and Sunbury within the next fortnight to fill the vacancies caused by the acceptance of office by Dr. Hetherington and Mr. Mersereau. In fixing the nominations for the 20th inst. and polling day for the 27th, the Government had in mind that Christmas comes between those two dates, and that being so, no one would want to bother with elections at such a time, and there would therefore be no opposition to the return of the old members.

On broad principles it seems hardly the thing to oppose the re-election of a member who has been taken into the Government, but there may be special circumstances in some cases. In this particular instance there are such special circumstances. Both Dr. Hetherington and Mr. Mersereau have joined an administration which is controlled by Mr. Veniot, who has recently declared himself to be a Sinn Féiner and in favor of the disintegration of the British Empire.

WESTMINSTER ABBEY His Excellency the Governor-General has addressed an appeal to the Lieutenant Governors of this and the other provinces of the Dominion on behalf of the fund for the restoration of Westminster Abbey, for which money is urgently needed.

SELF-DETERMINATION ALL ROUND When Mr. Lindsay Crawford asserts that he was not allowed to exercise the right of free speech which every Canadian citizen claims, he is saying something which is not strictly correct.

CHRISTMAS SHOPPING An advertisement in another column draws attention to the fact that there are only ten more shopping days before Christmas, the idea no doubt being to remind people that by doing their buying early they not only get a better choice of whatever articles they may be wanting to buy, but it avoids an eleventh hour rush and thus lightens the burden of the tired shop assistants.

any kind, certainly not a difference of price, in the articles purchased.

The only difference was the value of the \$10 notes tendered in payment. The American \$10 note is valued at \$15.50 more than the Canadian \$10 note, normally the one note is the equivalent of the other. But today the Canadian who buys American money must pay for every dollar of it he gets nearly 116 cents of our own money. Legally the Canadian dollar calls for as much gold as the American dollar, but a situation has been brought about that has thrown a great part of the world's gold on the United States side of the scales.

C.P.O.S. Scotian From Antwerp Captain Hains Complains Lightships Not Being Their Stations.

The first passenger of the C. S. liner Scotian, which docked at No. 8 a few minutes before midnight on Sunday, disembarked at 9:40 Monday morning. This liner has aboard a total number of 1,167 passengers, including 328 cabin passengers.

Very Good Weather On the morning of December 13, the steamer Scotian from Antwerp, and according to one of her crew, she encountered very good weather for this season; although some fogbanks were reported along the coast.

Captain Hains Complains Commander W. P. Hains, D.S.S., in an interview with a Standard representative, expressed the opinion that there was little done for the navigation of ships in Canadian waters.

Related Advice He also said that on the voyage a Marconi gram was received from the marine agent here to the effect that the Blood Rock Buoy Light buoy on the southwest end of Briar Island was extinguished.

C.P.O.S. Scotian From Antwerp

Captain Hains Complains of Lightships Not Being on Their Stations.

The first passenger of the C. P. O. S. liner Scotian, which docked at Pier No. 13 a few minutes before midnight on Sunday, disembarked at 9.40 yesterday morning. This liner had on board a total number of 1,167 passengers, including 321 cabin and 846 steerage. Of the cabin passengers, sixty-one are destined for points in Canada, and 260 for various parts of the United States. Four hundred and nineteen of the third-class are for Canada, principally for parts in the North West; and the remaining 419 are destined for Pittsburgh, Cleveland, Detroit, New York and other points in the United States.

Very Good Weather

On the morning of December 2nd, the steamer sailed from Antwerp, and, according to one of her officers, she encountered very good weather for this season; and, although some icebergs were reported along the track, none were sighted. The voyage was lacking in events; but, previous to sailing, a Checko-Slovak stowaway was discovered and quickly put ashore.

Captain Hains Complains

Commander W. P. Hains, D.S.O., in an interview with a Standard representative, expressed the opinion that there was little done for the safe navigation of ships in Canadian waters. He stated that at this period of the year it was essential that everything possible should be done for the safety of ships. In the case of passenger ships many lives were at stake, but he did not think that this point was fully appreciated.

As an illustration, he pointed out the two important lightships for making port, the Larcher Shoal and the Halifax Lightships are not on their stations. A notification was given some months ago that the Larcher Shoal Lightship would be taken off her station about the middle of September last, at least four weeks. She is still off, he declared, and would probably be off until early next year.

Commander Hains said that the same applies to the Halifax Lightship. As regards the placing of the Anticosti Lightship, he was very skeptical.

Related Advice

He also said that on the inward voyage a Maroonogram was received from the marine agent here to the effect that the Blind Hook Buoy had drifted from her position and that the light buoy on the southwest ledge of Briar Island was extinguished. Subsequently another Maroonogram was received from Cape Sable when the steamer was mid-way between Briar Island and Partridge Island, confirming the previous one, but he felt that these advices were somewhat belated.

The suggestion was made by the commander that where lights of such importance, it known to the minister of marine and fisheries, are not in a position or burning, that this information might be flashed twice a day at least to all stations or lighthouses.

DIVORCE COURT VERDICT DELAYED

McDonald vs. McDonald Will be Continued at Fredericton on Wednesday.

Special to The Standard
Fredericton, N. B., Dec. 13.—The case of Evelyn Ward McDonald vs. John Fenwick McDonald was begun this afternoon in the New Brunswick Divorce Court before Mr. Justice Crockett and a jury. The exhibits in the case were taken and the commission taken before S. D. Simmons, on the order of the court, from A. W. Conroy of Halifax was read. Provincial Constable Robert Crawford, of St. John, was called to the stand to testify. At the close of his evidence Mrs. McDonald, the plaintiff, was called to the stand and she was followed by her brother, Roy Keddy, of Dartmouth.

Case is Adjourned

At the close of the evidence Mr. Justice Crockett adjourned the case until Wednesday at 2.30 o'clock until the evidence of Mrs. Annie Sealey, a lodging house keeper in St. John could be taken.

The following jurors were chosen Wesley Fraser, Prince William; Guy McMurray, of Lake George; J. Walter Jackson, of Fredericton; Thomas Moss of Cross Creek; W. S. Tompkins of Fredericton; Jeddiah Brewer, of Burritt's Corner and John Hallett of McAdam.

Judge Crockett gave judgment in the cases of David McKay vs. Nellie McKay, Violet F. Faulkner vs. Howard N. Faulkner and Annie Alcevia Joseph vs. Russell Joseph, that an order issued for decrees of absolute divorce in all cases and in the last case with costs. He said that with regard to Robert Karl Watson vs. May Olga Watson and Arthur Howard Collier vs. Emma Collier, he would reserve judgment until the next term.

Big Increase For Consolidated Felt

Special to The Standard
Montreal, Dec. 13.—The financial statement of the Canadian Consolidated Felt Co., Ltd., for the ten months to October 31st last shows net sales, 1,390,836, an increase of \$160,000, as compared with preceding twelve months. Actual net profits for the ten months were \$127,420, or only \$9,000 less than for the whole previous twelve months' current assets show a decrease of \$944,446 over those of the previous year.

thus assisting mariners in navigating their ships safely in waters where fogs and blizzards and strong conflicting currents are so much in evidence.

He stated that probably it would be suggested that lightships must undergo repairs, but this should be done in the summer.

CANADIAN CAR'S NET PROFITS ARE BELOW LAST YEAR

But Value of Unfilled Orders on Books is Three Times That of Year Ago.

Special to The Standard
Montreal, Dec. 13.—The annual statement of Canadian Car Co. and Foundry Co., Ltd., for the fiscal year to September 30th, shows combined surplus and profits of \$1,615,712, which, after deductions, leaves net profits of \$638,297, against \$1,857,634 the previous year. Current assets are \$30,720,153, against \$12,433,622. Current liabilities are \$12,219,602, against \$2,074,647. This leaves working capital for the year, \$8,500,551. Value of orders unfilled at the end of the current year amounted to \$26,900,000 approximately, compared with \$3,500,000 at the end of the previous year. This shows the company went into its new financial year with the largest amount of business on hand in the history of the company.

FRENCH ARE HELD PRISONERS BY HUN

Released Captive Says Germans Are Still Holding Many Captured During War.

Paris, Dec. 13.—That French soldiers are still kept prisoners in Germany was the sensational statement of Private Joseph Blin, of the Twenty-sixth Territorial Regiment, before a court of inquiry at LeMans, Blin, who was captured early in the war, has only just been allowed to return to France after the personal intervention of General Dupont, head of the French mission in Germany. It appears that he received severe

injuries to his head when working as a prisoner at the time of the armistice and was shut up as mad. Later he was released, but the Germans refused to give him papers or allow him to leave the country until General Dupont took up his case.

Blin claims positive knowledge that other Frenchmen are in the same situation and the French mission has been instructed to hold an inquiry.

No Return of the Trouble Since Taking "Fruit-a-tives"

106 Church St., Montreal.
"I was a great sufferer from Rheumatism for over 16 years. I consulted specialists; took medicine; used lotions; but nothing did me good. Then I began to use "Fruit-a-tives," and in 15 days the pain was easier and the Rheumatism much better. Gradually, "Fruit-a-tives" overcame my Rheumatism; and now, for five years, I have had no return of the trouble. I cordially recommend this fruit medicine to all sufferers."

PAPERS DECLINE IN DULL TRADE ON MONTREAL LIST

Riordon Drops to Year's New Low at 139 With Loss of Seven Points.

Montreal, Dec. 13.—With few exceptions the prominent stocks in today's market on the local stock exchange were with a measure of demand and offerings were absorbed only at lower levels. The largest losers being the paper issues, sugars, converters and a couple of the utilities. The most substantial loss went to Riordon, which was down seven points at a new low level for the year at 139. Ahtibi, Brompton and Spanish River led the market with around 90 shares each. All were down, Ahtibi 1 3/4 at 35; Brompton, 2 3/4 at 54 1/2; Spanish common, 2 3/4 at 86, and the preferred, 3 at 90 1/2.

Outside the papers the largest losses went to converters down 4 at 85; Winnipeg Railway down 5 at 35; and Sugar down 3 at 29. Steel of Canada was down 1 1/2 at 55, and Cement preferred was down 1 1/4 at 88 1/4.

One Point Losses.
One point losses were scored by Ames preferred at 31; Bridge at 75; Power at 78; Ogilvie at 188, and Shawinigan at 104 1/2.

The stronger stocks were Abeston, the common advancing 1 1/4 points to 87, and the preferred 1 3/4 to 94 1/2. Steamship preferred, a fraction higher at 70; Textile, a fraction higher at 110; Glass up a point at 61; and Illinois Tractor up two points at 17.

The Victory bond list was slightly less active, but prices around the week-end levels. Total sales: Listed, 1,592; Bonds, \$251,800.

BEARS SMASHING WALL STREET TO NEW RECORD LOWS

Policy of Retrenchment Results in Losses of From Two to Ten Points.

New York, Dec. 13.—Values in the stock market were subjected to further dramatic depreciation today, losses ranging from two to almost ten points throughout the list being accompanied by transactions aggregating 1,400,000 shares, the largest total with few exceptions of the year.

Pressure, in which shorts again were active, began at the outset, initial quotations showing declines of 1 to 3 points. These were almost steadily extended, there being little or no interruption to the setback at any stage.

Observers once more attributed much of the selling to a desire on the part of corporations and individuals to adjust income tax losses, prior to payment of the final installment on Wednesday, but the relentless character of the liquidation seemed to point to more pressing reasons.

West is retrenching.
News and general advices over the week-end, aside from the better showing of the federal reserve bank confirmed recent developments in trade and industry. The west reported an extension of the general policy of retrenchment, with consequent slowing down of railway tonnage.

Next to Central and New Jersey, which forfeited 15 points on comparatively few sales, the weakest stock was Dutch at a net loss of 9 5/8. Other oils also fell, steel, equipments, coppers, shippings and food issues, ended at losses of two to five points, with quotations in many instances being the day's lowest.

Weakness extended to the bond market, virtually all domestic issues, especially convertible rails, yielding to enlarged offerings. Total sales, per value, aggregated \$20,250,000. Old United States bonds were unchanged on call.

WINNIPEG WHEAT FUTURES LOST THE EARLIER GAINS

Cash Market Quiet and Small Offerings Closed 7 Cents Lower.

Winnipeg, Dec. 13.—The future market opened quiet, prices being slightly lower than the previous close but recovery was made early and prices advanced 2 1/4 to 4 cents in sympathy with the American markets. The strength failed to hold, however, and reaction was recorded later. Futures closed 1 to 1 1/2 higher.

The cash market was quiet today. Cash value of No. 1 Northern today, basis in store for rail shipment was 10 cents over December. The offerings were not heavy and No. 1 Northern closed 7 cents lower. The feature of the coarse grain markets in the extreme light offerings of everything and trade volume continues very light.

Oats closed half cent higher; barley 1 1/2 in 1 1/2 higher; fax 3 cents lower; and rye unchanged.

Wheat, Close, December 175 5/8; May 174 1/2. Oats, December 52 7/8; May 57 7/8. Cash prices, wheat, No. 1 Northern 1.82 5/8; No. 2 Northern 1.82 5/8; No. 3 Northern not quoted; No. 4 Northern 1.56 5/8; No. 5 Northern 1.46 5/8; other grades not quoted; track Manitoba, Saskatchewan and Alberta 1.75 5/8.

NEW YORK SUGARS AT YEAR'S LOWEST

Peru Cargo of 4,200 Bags Helps to Unsettle Market—Refined Lower Also.

New York, Dec. 13.—Raw sugar was weak, prices declining to a new low for the season on sales of 4,200 bags of Peru's in port at 3 1/2 cents and cost and freight equal to 4.76 for centrifugal. Refined was weak and prices from 1 1/4 to 1 1/2 cents lower. One refiner announced a list price of 8 1/4 cents for the granulated, which is the lowest recorded thus far this year, while others were quoting from 8 1/4 to 8 3/4 cents. The unsettled feeling in the spot market and the lower prices for refined led to renewed selling in futures and prices declined into new low ground for the season, January breaking through the four cent level.

Quotations at mid-day were 21 to 22 points net lower.
Chicago, Dec. 13.—Strength developed in the wheat market today largely as a result of buying based on opinions that bearish financial and industrial factors had been discounted. Prices closed firm, 2 1/2 to 3 1/4, net higher. Corn gained one cent to 2 1/8 cents and oats 3/8 to 5/8. In provisions there was a setback of 15 to 17 cents.

PROTESTS AGAINST PROHIBITION FOR THE PHILIPPINE
Claims U. S. Congress Has No Right to Impose it on Them.

Copyright, 1920, by Public Ledger & Newspaper Co., Inc.
Senator Dec. 13.—Mr. Clark, a leader in the Senate, and chairman of political relations, vigorously protested against the Philippine prohibition bill, saying that the question of prohibition here rests with the Philippine legislature, and that it is not within the province of Congress to tamper with it.

"Measures adopted by one people and imposed on another are illegitimate," he said. "I cannot conceive how democracy can be involved in the motive for such an act. Congress intends to interfere in matters in which the legislature has exclusive right to act, then it is better if the Jones law, granting right to legislatures of internal laws, except from the statutes."

"I know our rights, and mean to stand by them if trampled on. There are no indications that the Philippine Congress intends to interfere in matters in which the legislature has exclusive right to act, then it is better if the Jones law, granting right to legislatures of internal laws, except from the statutes."

CALGARY PROPOSES COURSE IN MANNER
Would Make it Part of School Curriculum—Suggestion Passed on to Gov.

Calgary, Dec. 13.—That the inclusion of a course in manners in the schools would be an excellent idea and would be greatly appreciated by the parents of school children was the unanimous opinion expressed by members of the Calgary school board and others interested in developing the youth of the land to best possible advantage, when viewed on the subject recently.

It was pointed out, however, that it would be a matter for the department of education as all courses are prescribed on the curriculum by the department. Members of the school board stated that if the government saw fit to introduce a subject in manners in the school curriculum would receive their hearty support.

Mrs. Ernest R. Gardiner. Word of the death of Mrs. Ernest R. Gardiner, which occurred Sunday at her home in Rosindale, Mass., reached St. John yesterday.

"My nerves were so on edge I couldn't sleep, well, and mornings I never felt like going to work. I suffered from constipation and headaches, and my back pained me constantly."

"I had state of health made my work a burden, and as I had tried a number of medicines only to keep getting worse, I became very much concerned over my deplorable condition."

"Finally I came to the conclusion I would try Tanlac, and it certainly paid me well to stick to the medicine. My appetite soon came back, my stomach trouble disappeared so that now I am eating anything I want, and everything agrees with me. I have gained several pounds in weight."

her husband about eighteen years ago. She is survived by her husband, one son, Willard, at home; one brother, J. Allan Sharpe, of the firm of L. L. Sharp & Sons, this city; and two sisters, Mrs. Arthur G. VanBuren, of Stoneham, Mass., and Miss Mabel Sharpe of West St. John.

RECRUITING NOTICE

1924 Heavy Infantry get ready for the next war. Don't wait for conscription. This battery is now drilling on Tuesday and Thursday nights with a mere handful of men. It should have 125 with a large waiting list. A fine chance is offered to the older boys of the numerous cadet corps to learn how to shoot a big gun. Men with actual experience will show you how to do it. A week of real shooting in the summer at Petawawa, on the Ottawa River follows the dummy training in the armory. Come down and have a look at the guns and you can tell better whether you wish to join or not.

Mrs. Hamilton, Mrs. Small and Mrs. Stevens are endorsed by the Citizenship Committee of the Local Council of Women.

FOR WOMEN

A MUSEMENTS

SUNSET HILL.
I have run away to my sunset hill
By the pretty path for the last mad
time.
There's only the space of a breath to
stay.
For the chapel bells begin to chime.
And my mother fresh in the tower room
Where the shy-eyed young women wait
With my bridal veil in their withered
hands
For his lordship's coach is at the
gate.
And his lordship quickens his limping
stride
And the tiring women mumble a wheezing
prayer
While my grandpapa mumbles a wheezing
prayer
"With our madcap, maid, wife, please
God!"

Oh, sunset hill, speak out and say—
Have I scaled your crest in the "fas-
mad climb"
There are cockle burrs in my bridal
gown
"But a man of fifty's in his prime!"
Or what if I'm taking the bramble
path
On the secret side, by the haunted
mill—
That leads away from his lordship's
coach?
The chapel chimers are warning and
chill.
My mother pale as she watches the
clock;
My grandpapa shakes at his lordship's
brow;
"But I told my lad that I dared not
dare!"
Which way, which way am I going
down?
(He is brown and tall and his eyes are
warm)
Oh, sunset hill, speak out and say—
With my rare lace rent and my fair
flesh torn
Is the bramble path the smoothest
way?
—Ruth Comfort Mitchell in "The
Call."

HOME-MADE SAUSAGES.
For those who do heavy manual or
outdoor work a breakfast including
hot sausage is wholesome as well as
palatable on a cold morning. Only the
very best quality of sausage should be
purchased if there are no home-made
ones available. This is a particular
item of food in which it is not wise to
exercise economy in purchasing.

Sausage Cakes.
1 cupful of sausage meat.
1 1/2 cupful of fine bread crumbs.
1/2 cupful of hot water.
3 tablespoonfuls of butter.
1 1/4 teaspoonful of salt.
1 1/4 teaspoonful of grated onion.
Mix together, form into flat cakes,
dip into crumbs and bake in a hot
oven for about 20 minutes, browning
on both sides.

Meatless Sausages.
1 1/2 cupful of dried lima beans.
1/2 cupful of bread crumbs.
3 tablespoonfuls of butter.
1 1/4 teaspoonful of salt.
1 1/4 teaspoonful of sage.
1 1/2 teaspoonful of pepper.
1 egg.
Soak the beans with water and let
them soak over night. Drain and cook
in boiling, salted water for about 1 1/2
hours—until tender. Rub through a
colander, and add the other ingredi-
ents. Shape into sausages, roll in
crumbs and fry.

**ILLUSTRATED TALK
ON HOME MISSIONS**
Interesting Programme by
Young Ladies' Missionary
Society of St. David's.

Home Missions was the subject of
a programme given before the Young
Ladies' Missionary Society of St.
David's Church last evening. Miss
Helen McMurray was in charge. Mrs.
J. A. MacKeigan, president, presided.
An illustrated talk on Home Missions
in Sydney, by Miss Gillis of the Y. W.
C. A., was of interest. Several mem-
bers read missionary items regarding
work in St. John and the province. A
number of garments, to be distrib-
uted among the needy of the city
were brought in by members.

**MEMBERS OF BOYS'
CLUB ENTERTAINED**
Twelve Young Fellows Were
Guests of Mrs. W. C. Goode
Last Evening.

Twelve members of the Boys' Club
spent a very pleasing evening at the
residence of Mrs. W. C. Goode, Car-
narthen street, last night, where they
practiced the singing of Christmas
Carols. Stereoptical views were also
shown and other amusements includ-
ed in, and the boys enjoyed a very
good time. Oceans of ice cream and
heaps of cake were served towards
the close of the evening, to all of
which the boys did full justice. Be-
fore departing for the night they took
occasion to voice their thanks to the
amable hostess for her kindness and
good cheer.

Miss Heffer, who is assisting in the
Carol class, was prevented from
being present through illness, but will
be on hand for the class at the club
this evening.

The boys are enthused with their
singing, and plan to revive the good
old English custom by visiting some
of their friends during the Christmas
week and holding forth in Yuletide
song.

**Place of Father In
Home Questioned**

**Mrs. Shaw McLaren Says He
Should Not be Put Out But
Reformed.**

By L. K. COMMANDER.
(Copyright, 1920, by Cross-Atlantic.)
London, Dec. 13.—"The Place of the
Father in the Home—if Any" is the
startling subject of a lecture by Mrs.
Shaw McLaren, sister of Dr. Elsie Bran-
kly, who was in service in the Bal-
kans during the war.

"The father's present place," says
the lecturer, "is one of supremacy, for
the law gives him full power over the
wife and children. Some people think
that the father should be put out of
the home altogether after the first
five years of married life. It is ad-
vised that for the first five years he
is a biological necessity. Usually after
that he is unnecessary and in fact per-
nicious. He should not interfere in it.
"Their arguments are that he is bad
for the children, and that home is bad
for him. He abuses his supremacy, and
the children should have freedom to
develop, and under the present con-
ditions it is not to be wondered at
that they often deceive the fathers for
the sake of the children. The root of the
matter is that some was not insti-
tuted for the man but for the child and
"Hands off the child's life!" should be
the woman's cry.

"Hoofed Out."
"It has been suggested to me by a
young man who is all in favor of the
sake of the children. The root of the
matter is that some was not insti-
tuted for the man but for the child and
"Hands off the child's life!" should be
the woman's cry.

by Using
**Dr. Wood's Norway Pine
Syrup.**

That tickling in the throat sensation
is most distressing and causes a nasty,
irritating, dry cough that not only
keeps you in misery all day long, but
also prevents you enjoying a good
night's rest.

Dr. Wood's Norway Pine Syrup,
which is composed of the most soothing
and healing expectorant herbs and
barks combined with the long-healing
virtues of the world-famous Norway
pine tree, will give almost instant re-
lief in all cases of this nature.

Mr. E. A. Price, Port Carling, Ont.,
writes:—"For about a month last fall,
I had a bad cold and cough and a
tickling in my throat. I coughed nearly
all the time. I tried different reme-
dies and cough syrups, but could get
no relief. A friend advised me to use
Dr. Wood's Norway Pine Syrup, and
before I had used two bottles, my
cough was all gone, and gone for good.
I have not coughed since."

Dr. Wood's Norway Pine Syrup is
put up in a paper wrapper; three pins
from the trade mark; price 25c. and
50c. a bottle at all dealers; manufac-
tured only by Dr. T. Matthews Co.,

**THIS BIG CUCUMBER
COULD FEED REGIMENT**

Paris, Dec. 12.—Burbank has been
outbursted by French exhibitors
at the home of the vegetable expo-
sition held in Paris since the war.

Among the exhibits are:
1. A cucumber weighing 520
pounds, sufficient to provide a salad
for 1,000 men.
2. A pear weighing 18 pounds, of
more than a normal twenty-four in-
ches.
3. A grape fruit so large that it
took two men to lift it.

**MRS. SOLOMON SAYS—
By HELEN ROWLAND
(Copyright, 1920, by The Wheeler Syndicate, Inc.)
Being the Confessions of the Seventh-Hundredth Wife.**

My daughter, sang poems to the WOMEN'S CLUBS, and let her
words praise them!
Too long have we harkened unto the cry of the Husbands, when
they lifted up their voices in protest, saying:
"Down with the Woman's Club! For the Devil grew this thing—
and we can prove it! Behold it is the tree of Evil, and the fruit
thereof is neglected homes, and delinquent dinners, and cold
conscience, and feminine unrest!"
For, I say unto thee, men know not a BLESSING when they have
received it. And all this "man-stuff" is exceeding wearisome!
Verily, verily, the Woman's Club is a boon straight from heaven,
for the salvation of woman and the comfort of man.
For lo, it hath taken the place of all those things which were the
curse of wives, and hath supplanted all those things which were the
affliction of husbands!
Yes, it hath taken the place of morbid brooding and introspec-
tion and neurasthenia and hysteria.
Of tango tunes and lounge lizards and cheap flirtations.
Of yellow novels and brain storms and domestic battles and em-
broideries.
Of jealousy and liver complaints and back-porch gossip.
Of hand-painted plaques, and knitted neckties, and amateur music,
and bridge-o-mania, and shopping sprees, and candy-jars.
Of dyed hair, and poodle dogs, and peevishness and tantrums.
Of nose-rings, and harems, and cheap sentiment, and tame cats!
Behold, if MEN'S CLUBS were as diverting as women's clubs the
paths to Reno and Gehenna would be far less crowded; and the
straight and narrow way, more popular.
Then, cease from your complainings, oh ye Foolish Ones!
Lo, when women were as petulant babes, ye sighed for a soul-
companion; but now that they have become human beings, ye sigh
for a plaything!
Go, to go! Ye know not when ye are LUCKY!
For, if Nature abhorred a "femur, the Devil loveth one."
And, until the coming of the Women's Clubs, a married woman's
life was a VACUUM—waiting to be filled with vanity, and nonsense,
and gossip, and suspicion, and caprices, and MISCHIEF!
But a busy little Clubwoman hath no time to look for trouble or
bonds hats, or whistles, or new fads, or slights, or out-lets, or
diversions, or temptations, or suspicions, or "complexes," or "per-
secutions." Verily, verily, if Pandora had been "BUSY," she would
never have been tempted to open the box of "little evils" upon a help-
less world.
But there were no Women's Clubs, in THOSE days!
Then, sing praises to the Women's Clubs, my Beloved, and let
their words praise them!
For a wife at a Woman's Club is worth TWO in a beauty parlor,
or at a tea-fight, or in another man's arms.

Why Have CATARRH

So Disagreeable to Yourself and All
About You.

Catarrh is generally conceded to
be a constitutional disease. There-
fore it requires a constitutional reme-
dy like Hood's Sarsaparilla which
reaches every part of the system by
thoroughly purifying and enriching
the blood. This medicine removes
the cause of the trouble, which if not
checked may lead to more serious
disease.

In 46 years of use and test Hood's
Sarsaparilla has relieved many cases
as told by voluntary letters of com-
mendation. Why not get a bottle to-
day and give it a trial? It combines
economy and efficiency. Keep
Hood's Pills on hand as a family
cathartic.

**Britain Needs
Picture Theatres**

**British Producers Are Active
—1,500 Theatres Could be
Supplied With Films.**

The most serious problem confronting
the British exhibitor today is the
lack of high-grade theatres, in the
opinion of John Cecil Graham, man-
aging director of the Famous Players
Film Company, Ltd., Famous-Lasky
Film Service, Ltd., and the Famous
Players-Lasky British Producers,
Ltd., who came to New York from
London on his annual business trip
to the home office of the Famous
Players-Lasky Corporation. Approx-
imately 1,500 new theatres must be
built before the competitive exhibi-
tion market but the British producers
take on the scale which will best
appeal to the British imagination,
he believes.

"Great Britain is an island entirely
inundated with film," said Mr. Gra-
ham. "Not only are more American
and foreign films coming into the
market but the British producers
have been increasingly active. The
result is that the British industry
has a vast amount of film for which
it can find no immediate use. With
all of these resources to choose from,
the exhibitors have no difficulty in
arranging their programmes and most
of them are booked up far in ad-
vance.

Now 3,800 Houses.

"The problems confronting the
British industry today are mainly the
outgrowth of the war, but will be
solved once the shortage in theatres
is corrected. At the present time
there are about 3,800 picture theatres
of all classes, catering to a popula-
tion of 46,000,000.—Moving Picture
World.

Even Worse.

"I was reading an article which
says that jazz is popular in China."
"Well, if you've ever heard a Chi-
nese orchestra you'll know why!"

Last Evening.**

Under the auspices of the Victoria
Street Baptist Church a much enjoy-
ed concert was held last evening at
the County Hospital, East St. John.
The programme included a piano solo
by Miss Campbell, vocal solos by Mrs.
Blake Ferris, a comic reading by
Stanley Irvine and a duet by Miss
Hazel Tottam and George McAnlay.
There were also two amusing sketches
in which the following took part:
"The New School Marry," Miss Beu-
lah Tottam, George McAnlay and
George Wallace; and "Joshing the
Janitor," George McAnlay and George
Wallace.

The patients at East St. John great-
ly appreciated the entertainment and
hope it is only one of many which
they may enjoy during the winter.

CATARRH OR A COLD**

**Says Cream Applied in Nostrils
Opens Air Passages Right Up.**

Instant relief—no waiting. Your
clogged nostrils open right up; the
air passages of your head clear and
you can breathe freely. No more
hawking, snuffing, blowing, headache,
dizziness. No struggling for breath at
night; your cold or catarrh disap-
pears.

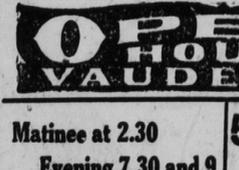

Get a small bottle of Ely's Cream
Balm from your druggist now. Apply
a little of this fragrant, antiseptic,
healing cream in your nostrils. It
penetrates through every air passage
of the head, soothes the inflamed or
swollen mucous membrane and relieves
comes instantly.

It's just fine. Don't stay stuffed-up
with a cold or nasty catarrh.

THE WEATHER

Toronto, Dec. 13.—The disturbance which was over Northern Ontario last night, has moved just west of Lake Michigan with much increased intensity, indicating gales and rain in the lake region. The weather has been fair today with moderate temperature from the Ottawa Valley, eastward also in the Western Provinces.

Forecast. Maritime—East and south-east winds, increasing to gales by night with rain in most places. Northern New England—Rain and warmer Tuesday; Wednesday cloudy and colder; increased southeast and southwest winds, probably reaching gale and shifting to southwest.

AROUND THE CITY

ROTARY CLUB. The Rotary Club yesterday heard two addresses on Rotary Principles which were thoroughly enjoyed by the large number present. R. U. Schofield presided.

BROKE WINDOWS. Two boys, aged three and four years, broke several windows in West St. John Sunday, including plate glass in the store of Mrs. Sophia Long and valued at \$170.

LEAVING FOR HOME. Letters from Mrs. Clair Gilmour announce that she will sail for home on the S.S. Empress of France, leaving Liverpool tomorrow. Recently Mrs. Gilmour and her son had the novel experience of a two hour aeroplane flight from Paris to London.

LEFT FOR MEMRANCOOK. His Lordship Bishop LeBlanc left yesterday for Memrancook, where he will officiate at the administration of the Sacrament of Confirmation this morning. From there he will proceed to Halifax to attend the ceremonies in connection with the centenary of St. Mary's Cathedral. The special delegate, Mr. Pietro di Maria, of Ottawa, and all the bishops of the maritime provinces will attend.

BOARD OF TRADE COUNCIL. At a meeting held at noon yesterday the organization of the board of trade council was completed with the following results: President, W. F. Burditt; Vice-President, G. B. Harbour; members of council, W. S. Allan, M. E. Agar, R. B. Emerson, H. W. Friel, J. A. Grant, D. W. Leedham, W. H. Langdon, C. P. Humphrey, W. Higgins, H. C. Schofield, L. W. Shinn, G. L. Warwick, A. H. Wetmore, Hon. W. H. Thorne and J. Hunter White.

HAS FORWARDED MONEY. C. B. Allan, treasurer of the Provincial Red Cross Society has forwarded \$5,000 of the funds collected for the British War Relief Appeal to Toronto. Almost \$12,000 of the entire amount sent from this Province. A letter was received from Dr. William Robertson, Toronto, asking how much New Brunswick had on hand, and asking that the money be forwarded immediately.

THE WEEKLY MEETING. The weekly meeting of the Methodist ministers of the city took place yesterday morning in Centenary church. The following arrangements were made for services in the Old Ladies Home during January: January 14, Rev. N. MacLachlan; January 19, Rev. H. A. Godwin; January 24, Rev. G. F. Dawson. It was decided to have a meeting of all the Methodist churches in the city on Christmas Day in Kensington street church. Rev. E. E. Styles will be the preacher. There was a discussion with regard to the relationship between the Wesleyan and the Christian Guardian. Rev. J. H. Hagan gave notice of motion of the first meeting in January for the amalgamation of the two papers. Rev. H. Howard gave a report of his work as chaplain to the winter camp. Those present were: Rev. J. B. Ough, Rev. H. A. Godwin, Rev. N. MacLachlan, Rev. G. F. Dawson, Rev. J. Hagan, Rev. Dr. E. E. Styles, Rev. Thomas Marshall, Rev. H. Howard, Rev. E. E. Styles, Rev. H. B. Clark.

COMFORTS CIRCLE MADE DONATIONS. Having received a very satisfactory report from a survey held recently, the Comforts Circle of The King's Daughters, at their meeting yesterday made the following donations: \$10 to the Free Kindergarten Association; \$5 to the Associated Charities; \$5 to a needy family; \$5 to Mrs. Robinson, supervisor of Free Kindergarten for use where it is needed; and \$5 for flowers to be sent sick members. Twenty-four financial statements were also voted to be given to Mrs. Robinson to be distributed among poor old children. Tickets for the children's festival were given out to members.

ST. JOHN LODGE ELECTED OFFICERS. St. John Lodge No. 30, Knights of Pythias, held a well attended meeting last night at Castle Hall, Temple Bldg., at which Henry M. Akerley, Acting Chancellor, presided. The usual routine business was transacted; and the following officers were elected: Geo. C. Cosman, C. C.; H. W. Brookfield, M. of W.; E. S. Watters, K. of R. and S. and M. of F.; W. H. White, M. of E.; R. P. Seely, M. of A.; G. B. Lemmon, I. O.; W. S. Lipsitt, O. G.; J. C. Mitchell, Trustee.

OPERATE MINES Early in Spring. It is expected that the mines of the North American Antimony Smelting Company, located at Lake George in York County, will be in full operation during the early spring. The company has recently been reorganized and the stock has been on sale in Boston and New York with flattering results. There are many stock holders in the vicinity who have confidence in their investment and believe pleasing profits are to accrue from the operation of the mine. A chemical plant for the manufacture of golden and crimson sulphides, in great demand by the rubber trade, will be established. It is understood the company will go extensively into the sulphides as the demand is far in excess of the present day supply.

PARISIAN DRAMA A TREMENDOUS HIT—ON AGAIN TODAY AT IMPERIAL. "The Devil's Pass Key," a richly mounted and trenchant depiction of social and intellectual life in Paris—the heart of Europe—gave St. John people a glimpse of the inner circles of big-city living at the Imperial last night and made a profound impression. It is being repeated today and tomorrow. The 30c orchestra seats is in force for this engagement with 25c and 15c at the matinee.

Johnson Charged With Stealing

Accused Pleaded Not Guilty After Admitting Theft of Articles from S.S. Empress

The preliminary hearing of Hugh Johnson, charged with stealing a camera, auto clock and flashlight, from the S.S. Empress was resumed in the police court yesterday afternoon. The accused pleaded not guilty. H. H. McLean, Jr., who appeared for the C. P. R., stated on the opening of the case that the accused had submitted a voluntary statement acknowledging that he did steal a camera, auto clock and flashlight, after being warned by Detective Biddescombe and Inspector Graham, of the C. P. R., that such a statement might be used against him on his trial. Later he accompanied the officers to pawn shops in the city where he stated he had disposed of the articles.

Admitted Theft. Detective Biddescombe stated that he had gone to the Empress on her arrival at the D. A. R. wharf last Wednesday and assisted Inspector Graham to take the accused to the lockup. There the officers examined him and warned him that anything he might say would be used in evidence against him. Johnson then stated that he had stolen a flashlight some three months ago from the Empress on a trip to Digby. Sometime before that he had taken a camera and an auto clock. All the articles were disposed of in pawn shops in St. John. Later he accompanied the officers to the stores of H. Gilbert and Max Scheeter where he had signed in the books. On July 31 at Gilbert's auto clock. The signatures in the books closely resembled the signature to the voluntary statement of the accused.

Baggage Robbed. Arthur S. Godsoe, musical merchant and dealer, stated that he crossed the bay on the Empress on September 24th. He had two suit cases with him which he checked to Digby. On his arrival there he found that a camera, flashlight and wearing apparel to the value of \$75 had been stolen. A flashlight found by Inspector Graham in the room of the accused was identified by Mr. Godsoe as one of the missing articles. The identification was made through repairs made by the witness to the interior of the lamp.

The case was adjourned until Friday noon.

EMRESS OF BRITAIN CONCERT ENJOYED. Large Attendance at Seamen's Institute Delighted With Excellent Programme.

Before an audience which crowded the hall of the Seamen's Institute to the doors last night, the members of the crew of the Empress of Britain held an entertainment concert which was of a highly talented nature.

The programme consisting of two parts, was as follows: Vocalist... T. Sherman; Comedian... J. Lingley; Soprano... Mrs. Silk; Entertainer... J. Gardner; Coon dancer... C. Forsyth; Dainty Comedienne... F. Huxley; Vocalist... W. Smith; Juggling... P. Jones; Songs and Dances... E. Reeves; The Impossible... Rick and Brake; Vocalist... T. Sherman; The Moon Star... F. Huxley; Deep Sea Comedian... T. M. Happy Reunion of Father and Daughter

Miss Clair Hartman, Red Cross Nurse, Tells of Conditions in Transylvania.

The most excited and happiest man among the persons who met the passengers of the steamer British yesterday morning was Aldar Hartman, President of the Hartman Shaw Company, of Cleveland, who came to St. John to meet his daughter, Miss Clair Hartman. No daughter ever received a more joyful welcome, and when he saw her for the first time within the last fourteen years he threw his arms around his daughter's neck and fondly kissed her. The story is a very interesting one.

Hungarian Lieutenant. Twenty-two years ago Mr. Hartman held rank of lieutenant in the Hungarian army, and a few years later was married. As the result of this marriage there was one daughter, Clair, and when she was only four years of age the mother after several years of illness died. The father, who was death of his wife decided to come to America, and left his daughter with very rich relatives living at Nagyvarad, Hungary.

Arriving in the United States in 1905, he went to reside in Cleveland, Ohio, where he obtained employment as a salesman with a distillery company. He continued in this occupation until the advent of prohibition, when he formed the Hartman Shaw Company, of which he is now President. Success has crowned his efforts, and he is now in a very comfortable way financially.

The daughter continued to live with her relatives at Nagyvarad, and in 1918 joined the American Red Cross. Miss Hartman served as a Red Cross nurse continuously from that date until the signing of the Armistice, and only the death of steamship passenger service from Belgium prevented her from reaching her father about six months earlier.

Situation in Transylvania. According to Miss Hartman, which part of Hungary was taken by Roumania after the cessation of hostilities, is appalling. In her native city of Nagyvarad, which is now under Roumanian rule, men, women and children are walking the streets seeking and begging for food. Clothing is practically valueless, and money is practically useless, as the citizens prefer to receive food or clothing in payment. The inhabitants of Transylvania are strongly opposed to Roumanian rule; and she stated that the universities have been taken over by the authorities. Hungarian professors cannot teach, and Roumanian educationalists are now in charge.

Plants Closed Down. Practically all the industrial plants have been closed down, and the government has rationed and commandeered foodstuffs from farmers and others desirous of coming to Canada and the United States. She also said that many people are now located at Antwerp waiting to obtain passage to America.

Mr. Hartman and his daughter left yesterday afternoon for Cleveland, Ohio, where they have made plans to spend a most joyful Christmas.

The company has recently been reorganized and the stock has been on sale in Boston and New York with flattering results.

Police Officers Complete Course

Twenty-Four City Stewards Examined by Dr. S. Bridges and Sgt.-Major Redfern.

Twenty-four members of the police force completed their course for the St. John Ambulance Association's first aid certificate in the Police Court last evening. Dr. Stanley Bridges conducted the examination, assisted by Sergeant-Major Redfern, the results of which will be made known in a short time. Some seventeen policemen have already been awarded certificates and practically the entire police court have now qualified for it. It is now proposed to conduct classes for the benefit of the city firemen, street railway employes and the staffs of the different industrial plants of the city.

Are Tax Dodgers Sailing From Here?

Heavy Exodus of Travellers from United States Being Held up at Border.

American, believed to be on their way to sail from St. John to foreign countries, and who could not show receipts for income taxes, were held up at Detroit Sunday, as they were about to board a C. P. R. train, and forced to settle up.

Heavy Exodus. The heavy exodus of travellers from Detroit to Montreal, as well as from New England points to St. John, is traced to the sailing from this port of the Empress of Britain tomorrow, the Empress of France on December 20th, and the Victorian on December 24th.

For some time, according to information given out here last night, U. S. Federal authorities have been aware that many aliens returning to their homes were evading the paying of some income tax and getting away by some underground system. Sunday's Detroit raid revealed the plan.

A Heavy Traffic. This traffic, according to the American Consul here, is obtaining vast proportions, and is being enlarged by hundreds of aliens of home-ports from Northwestern States who, by crossing the Detroit river, escape the critical government examination which greets every alien passenger at the New York docks.

Will Be Questioned. It is learned that every passenger cleared from the United States to St. John, especially if he comes under the category of an alien, in the future will be thoroughly questioned before the train crosses the "boundary line" to see if he is a tax-dodger seeking a passage to a foreign land on a boat from this port.

RAID ON LONG WHARF GARAGE. Liquor Inspectors Hopkins, Journey and Henderson swooped down on N. Jacobson's garage on Long Wharf yesterday afternoon and were successful in seizing 21 square faces of gin and one bottle of whiskey. There were a number of men around but the officers approach there was some talk of "runaway" and no one remained to greet them.

M. Jacobson will be called upon to account for the location of the wet goods today.

WILL CARRY FULL CARGOES. Nagle & Wigmore will clear two ships this week for foreign ports, each carrying a full cargo. The C. P. R. S. liners Melita and Corsican, clearing last week with only half of cargo capacity filled. Shipping agencies declare there is nothing to encourage a belief that there will be any particular rush of cargoes through here this season.

ARRANGEMENTS ARE NOW SATISFACTORY. Shipping Interests Have Agreed to Schedule Accepted by C. P. R.

H. H. Johnston, organizer for the Railway and Steamship Clerks, arrived here from Montreal yesterday, where he was in conference with Shipping Companies over the schedule and working conditions here. He reports that the shipping interests agreed to the schedule accepted by the C. P. R. and that everything is now satisfactory to all parties concerned.
