Lays Information Against Himself for Using Wine at Communion

Rev. James Simpson Defies Prosecutor to Proceed—Declares He Will Have City Fathers Up for Having Liquor at Reception to Prince Louis, and That if a Poor Man is to Be Fined \$100 for Treating, Others Must Pay the Same Penalty.

Charlottetown, P. E. I., Oct. 9.—(Special)—Rev. HON. MR. EMMERSON

NEW YORK REPUBLICAN
SCHEME DIDN'T WORK

Offering of Mayoralty Nomination, to Charles E. Hughes Intended to Burk Insurance Inquiry—Scathing Letter Declining Honor—Secretary of War Taft Announces Twenty-five Ports Able to Repel Any Hostile Navy if it Isn't Foggy.

(From Our Own Correspondent.) New York, Oct. 9.—The unprecedented situation is presented of an election without a candidate. Twice within the last ten years an anti-Tammany candidate has been elected to the mayoralty, showing that the thing is not altogether hopeless. This year a respectable fight might have been put up although the popularity and ability of McClellan together with the lack of any great popular issue made his re-election almost a certainty. But that the Republican cause should be so utterly disorganized and helpless that they cannot get even a respectable figurehead for the sacrifice could not have been expected by any one.

The situation is pitiable and the chagrin and mortification of the so-called Republican leaders is indescribable. The opponents of Odell lay it all to him. He has tried to run things all his own way and he has run the organization into the mire. One after another candidate with the Odell tag has turned away in disgust, but none administered the wholesome spanking that Charles E. Hughes gave the Republican leaders who had him nominated in convention without his knowledge or consent.

SAY NEW COMPANY WILL ATTACK STREET RAILWAY FRANCHISE

Lively times in street railway operations in St. John are predicted. Plans for a new company to operate in Carleton and Lancaster are being arranged and there is also talk of a possible gasoline power service in the city and suburban districts.

Both these propositions, especially the first named, are contingent upon the course adopted by the St. John Railway Company in its street railway service. It was told last night that a company is being formed to attack the St. John Railway Company's franchise at the next session of the local legislature unless the company gives a service such as the people of Lancaster and Fairville want. It is intended to go before the legislature and state their case and declare willingness to have in operation within twelve months a line to serve the people of Lancaster and run to the Carleton ferry flats, to abide by all the regulations as existing now and, moreover, to divide with the municipality all earnings over six per cent.

This, it was positively stated, is the situation and the course outlined will be followed as there was a determination to have a satisfactory west side service. The new company's proposition does not apply to the street railway as it is now operated. One of the projects talked about in the city is a line of street cars operated by gasoline. The cars are to be a new thing but are quoted in the Carleton and Fairville (N. J.) and it is sufficient backing can be found they may be running to Rosedale and other suburban points round this city and other points with expensive power houses are pointed out as important features in the first equipment of such a road. The cars are the most expensive part of the scheme. They are about the size of an ordinary street car and carry thirty passengers. The gentlemen who are interested in this new proposition have the figures in hand and know what the cost of operating the road would be.

Only Once. (From the Chicago News.) "Can you honestly say that you were never afraid in battle?" asked the tactician of the old veterans with a wooden leg. "Well, no, I don't think I could say that," was the reply. "Have you any objections to giving me the particulars?" "Yes, but only one." "Not as I had him the captain of my company in the 1st and when we were rushed into a fight and I saw him taking the lead and shouting 'Charge!' I was afraid he'd get killed and I lost my money."

BRIDE AND GROOM BATTLE FOR LIFE IN MISQUASH HARBOR; SHE IS DROWNED

Robert McGuire, with Wife Claspng His Neck, Sinks Twice, Then She Loses Hold and Goes to Bottom--He is Saved But Nearly Exhausted--Boat in which Was Also His Sister was Struck by Squall.

Twice yesterday afternoon in the waters of Misquash harbor Robert McGuire and his bride of a few weeks sank below the surface in a fearful struggle for life, she with her arms clasped around his neck as she fought for her safety; twice he arose above the water, but the effort had been too much for his wife. How it happened he does not know, but her hold had broken and she sank the second time to rise no more in life.

He thinks he must have temporarily lost consciousness, for he cannot recall how his wife became separated from him. The tragedy is one of the saddest. Mr. McGuire is quartermaster on the Eastern Steamship Company's steamer Calvin Austin, his home is in Lorneville, and only a few weeks ago he married Lizzie Cunningham, a fine young woman of twenty-five years, daughter of William T. Cunningham, storekeeper of Lorneville. Because of his work he could not spend much time then at home, but the other day was given two weeks vacation and the young couple looked upon it as their honeymoon.

Yesterday after dinner a sail across the harbor to visit some relatives was proposed. Mrs. McGuire seemed to have a premonition of evil and hesitated about going, but finally consented. The weather was fine and there was no lack of confidence in Mr. McGuire as a boatman, for he has spent years in fishing and knows well how to handle the craft.

The stretch of water across the harbor is about a mile and a half. They took along with them Mr. McGuire's sister Kate, and she occupied a place in the bow, while Mr. McGuire and his wife sat aft. They had not gone far when their pleasure outing was turned into the saddest journey any of them had ever embarked upon. From out of the unsuspected elements came a sudden squall, says the report which reached the city, and the boat was either overturned or so suddenly canted that Mr. and Mrs. McGuire were thrown into the water. The report says that Miss McGuire remained in her place in the boat, and this would indicate that the craft did not wholly overturn.

However, Mr. McGuire at once turned his attention to saving his wife's life. They had been thrown apart and he swam to her assistance. She clung to his neck and then began the greater struggle for safety for both. They sank, but came to the surface

COMPLAINT OF I. C. R. BRIDGE C. P. R. SERVICE FOR THE CENTRAL

People of Edmundston Claim Grievance Against the Canada Pacific Commissioners Buy the Two Spans Now in Use at Sussex

MAKE PROTESTS TO SEVERAL OFFICERS NEGOTIATIONS FOR OTHERS ARE PENDING

Also Draw Matter to Railway Commission's Attention--Claim Slow Mixed Freight Has Been Put On Instead of Express and They are Hampered.

Edmundston, N. B., Oct. 9.—(Special)—The merchants of this place claim a grievance against the C. P. R. because of a change in the service it is giving the town, and they talk of transferring their business from the C. P. R. to the C. N. R., bringing in the goods via the government line and the Temiscouata railroad.

The trouble is because of the C. P. R. taking off the express train which arrived here at 5 p. m. daily and left at about 12:30 p. m. This the merchants claim gave them opportunity to go through their mail and transact their business between trains and also permitted their doing business with commercial travellers between trains. Notice of a change in this plan was made and a protest against it went up. The new service was to be a mixed freight train due at 8 p. m. and to leave here about 9 a. m. This the merchants claim no chance to do their business and the matter was laid before the p.m. master general, the railway commission, General Manager McNicol, of the C. P. R., Superintendent Downie at St. John, and Dr. Colter, post office inspector at St. John. Nothing has resulted, however, favorable to the town and today the new train schedule went into effect. There is talk now of another meeting to consider further action and meanwhile the merchants say they will do the best they can with the C. P. R. and Temiscouata line. The town, they set forth is prospering as evidenced by their intention to install a \$100,000 gas system. Brown was arrested at the station, and increased and the C. P. R. new train service, it is held, will be a set back. It is claimed that a reason for the change is the matter of an extra train crew becoming a necessity under the old system.

FREEPORT MAN

BROWNED SATURDAY Joseph Finnegan Fell Overboard While Trawl-Fishing--Efforts of Companion to Save Him Unsuccessful.

Digby, N. S., Oct. 8.—(Special)—A sad drowning accident occurred yesterday afternoon in the waters of Brier Island. While Joseph Finnegan and Newman Nichols belonging to the schooner Cora May were trawl fishing Finnegan fell overboard, going down almost immediately Nichols handed him an oar and tried every way possible to save him but he appeared to be stunned and took no notice of the assistance rendered him.

Fishermen were busy all Saturday afternoon trying to grapple the body but it is feared it will not be found. Mr. Finnegan was 24 years of age, single, a highly respected young man and a general favorite with the young people of the town. He was an Odd Fellow, a member of the Independent Order of Foresters and a member of the Freeport Baptist church.

He is survived by his father, J. Michael Finnegan, of Freeport, six brothers and three sisters. There were four brothers fishing in the Cora May at the time of the accident, in addition Charles, the father of the schooner, and all of whom were owners in the vessel. The affair has cast a gloom over the western end of the county today.

Presbyterian Synod.

Sydney, N. S., Oct. 6.—(Special)—The synod convened this morning at nine o'clock, and the first matter taken up was the petition regarding the case of Rev. J. W. Falconer, of the Victoria County, which was passed, after some discussion, by which the synod agreed to receive the petition and expressed its appreciation of the motive of the petitioners and its sympathy with Mrs. Campbell.

While not in any way contravening the decision of the general assembly, the synod appointed a committee consisting of Rev. J. W. Falconer, Horace Fleming and Rev. E. McCurdy, agent of the church, as convener and treasurer to receive any contributions for Mrs. Campbell's case, which may be sent them and forward the same to her.

Upon motion of Rev. J. A. Greenleaf, a resolution of sympathy for Rev. Dr. Henderson, of Moncton, who was suffering from a severe illness, was passed. Rev. T. C. Jack reported on behalf of the committee on obituary notices. Tributes were paid to the memory of the late Rev. J. F. Forbes, D. Drummond, A. Macrae and M. Beuchan.

Principal Falconer brought up the subject of burials and referred to the commendable interest taken by some gentlemen in St. John and Fredericton, who had recently made valuable contributions. The usual vote of thanks were passed. After a brief devotional service the synod adjourned in due form to meet in St. John's church, Moncton, on the first Tuesday of October, 1906.

Says American Ports Can Repel Invasion.

Secretary Taft said today: "All the plans for fortifications proposed by the cabinet board for the twenty-five ports of this country have now been carried out. We have spent something more than \$80,000,000. The plan which included other things besides fortifications and armament involved a cost of \$150,000,000. We hope to scale this down to \$120,000,000. As the harbors at present stand 4 believe that no foreign fleet could enter them. Neither could the combined fleets of any two nations, and that is providing it was not foggy. We have sufficient guns and our fortifications are now strong enough to resist and annihilate any such fleet."

CANON ROBERTS SERIOUSLY ILL

Donald Fraser & Sons Reported to Have Bought Odell Estate--Speculation About Next Year's Lumber Cut.

Fredericton, Oct. 9.—Rev. Canon Roberts is lying very ill at the rectory, suffering from a severe attack of pneumonia, complicated with pleurisy. His sickness is the cause of much anxiety here. This morning Dr. Atherton was called in to consult with the attending physician, Dr. Weaver.

It is reported here that D. Fraser & Sons have purchased from the Misses Odell for \$32,000, the property of the Odell estate above Fredericton. The late Colonel Frank Gregory, who has been visiting his parents here for some days, started for his home in Victoria (B. C.) today. He went to St. John this morning. Mrs. A. W. MacRae and J. Fraser Gregory, of St. John, who were here spending Sunday with their parents, also returned to their homes this morning, having enjoyed a family reunion.

Daniel Starkey was here over Sunday as steward on the steamer Champlain. He said that his winning in the lottery was 437 points of legs were put down in a St. John paper at \$750, were \$184.

Mr. and Mrs. William G. Tinker, of Bangor, who are on their honeymoon, arrived from St. John today to visit Mr. and Mrs. Frank Tinker.

Judge Gregory went to Northumberland county today to preside over an adjourned sitting of the circuit court. R. T. Donohoe, son of John Donohoe, fell last night and opened an incision in his side. He had been twice operated upon for appendicitis, and the third operation was performed last night. Today his condition is very serious.

About fifty men have been employed at Mitchell's mill in the past week, and 437 points of legs were raffled by them. The lot was made up of about 4,000,000 feet, and is mostly off the Cunliff and Aitken drives, having been stored at Sisson's Cutler Company, of St. John, by whom it is to be saved. Regarding the lumberman says he does not feel that the price is as high as it was last year. He says he is with this opinion, as although there are 40,000,000 feet or more of stranded lumber in the river, there is only about 100,000,000 feet in the fall of 1904 about 30,000,000 feet were left in the booms.

COLE SWEARS HE IS INNOCENT

Albert County Man Takes the Stand in His Defence

Portland, Me., Oct. 6.—(Special)—"I did not kill Jack Steeves. I had nothing to do with his death. I never saw him since he left my house on the morning of April 22. We never had any words and were on the best of terms."

Briefly stated, Cole's alibi, which he told, was as follows: Steeves and he left Cole's house on the morning of April 12, and they returned to the house, Steeves told Cole he was going down to see Hiram Crossman about getting work. He went upstairs and changed his trousers, came down and left the house. Cole and a lodger in the house repaired a couch and in the afternoon Cole went to a power-house in Portland, looking for a job.

He told of one man whom he met on the way and two others he talked with at the power house. The evening he spent at home. Cole accounted for the stories of his proposals to others to drug Steeves and told him by saying that he had been joking and had been misunderstood. Steeves was generous to him, he said, and what was Steeves' was his and his was Steeves'. He borrowed money from his friend and so Dr. McLeod Vine for his long and faithful services as secretary to the conference. This was seconded by Rev. Dr. McLeod and unanimously carried.
