This medicine has completely solved the problem of the cure of indigestion, dyspepsia, and diseases of the general nervous system. It is also of the greatest value in the cure of all forms of failing health from whatever cause. It performs this by the great nervine tonic qualities which it possesses, and by its great curative powers upon the digestive comprising all wool Challies, Cashmeres—black and colored, Costume organs, the stomach, the liver and the bowels. No remedy compares Cloths, Flannelettes, Ginghams, Prints and Cambrics. with this wonderfully valuable Nervine Tonic as a builder and strengthener of the life forces of the human body, and as a great renewer of : broken-down constitution. It is also of more real permanent value in he treatment and cure of diseases of the lungs than any consumption enedy ever used on this continent. It is a marvelous cure for nervusness of females of all ages. Ladies who are approaching the critical eriod known as change in life, should not fail to use this great Nervino onic, almost constantly, for the space of two or three years. It will arry them safely over the danger. This great strengthener and curaive is of inestimable value to the aged and infirm, because its great

Why you take Cold

Cough.

Generally caused by exposure to cold, wet feet, sitting in a draught, coming from hot and crowded places, in thin dress, or wearing damp clothes, stockings, or any other cause tending to check suddenly the perspiration. The result produces inflammation of the lining membrane of the lungs or throat, and this causes phlegm or matter, which nature tries to throw off by expectoration. In many cases she is unable to do so without assistance, and this is
