## ERNEST PLUMMER AS TOWN MANAGER

Appointed Chief of Police and  
Supt. of Water Works, etc.,  
Special Meeting, May 12

The annual meeting of the Town Council took place on Monday evening of last week. The consideration of a large number of By-laws occupied the chief attention of the city fathers. By-laws which were passed as follows: No. 8, Sunday Observance and Public Morals. This is a very important By-law and its eight sections each relate to serious problems. There seems to some ambiguity, especially in section 8, which prohibits the manager of The Observer from pursuing his business. This By-law in section 4 provides against men indecently exposing themselves but makes no mention of the women, the matter which is taken up in every land.

No. 10 Regulations for the

holder of the For.

By-law No. 11 regulates the covering of roofs and defines the limits of the hard or non-inflammable roof districts in the Town of Hartland.

No. 12 conserves fire regulations.

No. 13 relates to the streets and sidewalks and consisting of 24 sections is a most interesting document and when published will be perused with great interest. As this would fill 14 columns of The Observer it cannot be published in full although it would be very interesting news-matter.

It is hoped that the By-laws will be completed at an early date and ratified at an early meeting. It is understood that the By-laws will then be published in full soon as possible.

The matter of most immediate interest was the appointment of Ernest Plummer to the confined offices of Chief of Police, Superintendent of Water Works, Public Health Officer and Supervisor of Streets. It is understood that his duties commence at once but the amount of his salary has not yet been fixed.

A special meeting of the Town Council will be held on May 12 for the purpose of confirming the remainder of the sidewalks.

**Mother's Day at Methodist Church**

The Methodist appointments

on the Hartland-Lindsay circuit are as follows: Weston, Sunday school 10.30, preaching at 11 and the Sacrament of the Lord's Supper will be administered during the service.

Lindsay, 8 p.m., preaching service and the Sacrament of the Lord's Supper.

Hartland, 10.30, prayer service, 2.30 Sunday school; Mother's Day will be observed in the School, a special program will be carried out consisting of selections, songs and recitations.

In the evening preaching service at 7.30. The church will be decorated in memory of the day, and the service throughout will be in memory of Mother's Special music by the choir, and a welcome is extended to all.

## Forest Service Building Ranger's Cabin

Work will start in a few days on a ranger cabin and fire-fighting tool store house on the headwaters of the north branch of the south west Miramichi river near Juniper station on the Transcontinental Railway.

The cabin is being built by the rangers and game-wardens themselves, ranger Bradbury being in charge. Cashes and emergency fire fighting tools will be stored here for the use of fire-wardens. This is a very important point as many hunting and fishing parties enter the woods from this locality and it forms part of vast areas of forest lands. The site for the cabin is being provided by the New Brunswick Railway Co. Arrangements are being made to connect the cabin by telephone with the N.B. Brunswick Telephone Co's line for use in case of fire.

This is the start of a program of construction of telephone lines, look-outs, cabins and fire fighting tool caches adopted by the Forestry Advisory Commission at their last meeting. A large number of the lumbermen will co-operate in this important work to increase fire protection.

G. H. PRINCE  
Provincial Forester.

## Something New Coming to Hartland

We expect a car load of Model "F" Improved Baby Grand Chevrolet Cars to arrive here in a few days. This new Model "F" Touring Car is offered with the feeling that it is fully worthy of bearing the wellknown name "Chevrolet".

We would like to use the word "Beautiful" in describing this new car. But this word has lost its meaning by being used carelessly. At the same time, here is a splendid looking car and here is visible beauty. You will say at yourself when you see it.

We have on hand now some splendid valued in the "Model 490" Chevrolet Touring. These very attractive cars are sold by J. Clark & Son at Hartland, of which H. N. Dickinson is the efficient and progressive manager.

## THE STREETS

A couple of weeks ago an attempt was made to do something toward fixing the streets by the use of a road machine. They succeeded in scraping off most of the gravel deposited last year and no eye can see that any benefit has resulted. The only way in the kingdom for fixing roads made of mud, the muddest kind of mud, is to leave them alone, keep off of them as much as possible and let gravitation level the mass. When they become dry enough to crumble a little the split-log drag is the one supreme remedy. There is a certain psychological moment when the drag is effective, when the mud is not too thin or yet too hard.

Speaking of the sidewalks The Observer last year berated some miscreant for unloading gravel washed clean, harsh and unpromising as an ancient elder of the Auld Kirk. It was hard and painful to step on and people to avoid suffering made a detour on Mrs. Boyer's beautiful lawn much to its injury. Some friend of humanity, during some dark evening was good enough to rake all these stones out in the road where they belong. For weeks back the curb, devoid of any appreciable filling, is ankle deep with muddy water and other fearful stuff. A coating of gravel right now would in a week make a walk dry as summer and hard as concrete.

The Town Council should impose a fine somewhere around \$800 on any person who obstructs the crossings in any manner whatsoever.

## Mrs. Wilbert Kelly

The many friends of Mrs. Ethel McKelvey of Wilbert Kelly were pained to hear of her sudden death which took place at Woodstock on April 9.

She professed faith in Christ when a young girl uniting with the Tracy Mills church. She leaves to mourn their loss, a sorrowing husband, five little children, besides mother, two brothers and seven sisters, and a large circle of friends.

She was a loving wife and mother and will be greatly missed but for her to die was Eternal gain.

How we all miss her; May God comfort the sorrowing ones.

Funeral services conducted from the home of her mother widow of the Elisha L. Page by the Rev. W. J. Hurlow. Interment Tracy Mills cemetery.

A very important change of time took place on Monday when the time for the arrival of the up express was changed from 1.13 to 12.13 and the morning train going south from 10.10 to 9.30 a.m.

## GENERAL DEBILITY FOLLOWS INFLUENZA

Health Can Only be Restored  
Through the Use of a Blood-  
Making Tonic

Debility is a loss of vitality not affecting any one part of the body particularly, but the system generally. It is dangerous because it reduces the body's resistance to disease. When debility follows acute diseases, convalescence is slow, and one's strength does not return as it should. An attack of influenza often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood, because the blood goes to every part of the body, and any improvement in its condition is quickly felt throughout the system.

In cases of simple anaemia, or debility following acute diseases such as fevers or influenza, Dr. Williams' Pink Pills will be found valuable, because they really build up the blood and strengthen the nerves. There is no other medicine as valuable for growing children, and for men and women whose nervous energy has been overdrawn. They are worth a fair trial in every case where thin blood and weak nerves have started the trouble. The value of Dr. Williams' Pink Pills has been proved in the home of Mrs. John Fram, Owen Sound, who says: "My daughter Mabel was troubled with a bad cough; she was pale, weak and her appetite was very poor, indeed I feared that she was going into a decline. A friend advised the use of Dr. Williams' Pink Pills and after taking eight boxes she was again enjoying the best of health. Again last autumn Spanish influenza attacked our home, and after the acute symptoms were past, both myself and another daughter were left very much run down. My daughter was so weak that she could not walk to school and would tremble when she got upon her feet. I was so weak myself that I could not do my housework. Again we resorted to Dr. Williams' Pink Pills, and in each case we took five boxes, when we were as well as ever we had been. I never enjoyed better health than I am now doing, and am able again to do my housework. After our experience it is not possible for me to say too much in favor of Dr. Williams' Pink Pills."

You can get Dr. Williams' Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

## IS THERE A BABY IN YOUR HOME?

Is there a baby or young children in your home? If there is you should not be without a box of Baby's Own Tablets. Childhood ailments come quickly and means should always be at hand to promptly fight them. Baby's Own Tablets are the ideal home remedy. They regulate the bowels; sweeten the stomach; banish constipation and indigestion; break up colds and simple fevers—in fact they relieve all the minor ills of little ones. Concerning them Mrs. Moise Cabotte, Makamik, Que., writes: "Baby's Own Tablets are the best remedy in the world for little ones. My baby suffered terribly from indigestion and vomiting, but the Tablets soon set her right and now she is in perfect health." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion  
for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

### Carlee-McLean

A wedding of much local interest was solemnized in Bristol on May 1 at 1 o'clock in the Presbyterian church, when Katie Blake, daughter of Mrs. Allen McLean, became the bride of Garfield Stacy Carlee, of Bath. Rev. M. H. Manuel performed the ceremony.

The bride looked charming in a smart tailored suit of sand serge, with an imported hat of brown. She carried a bridal bouquet of cream roses, with tulle streamers. Mr. Gulliver sang The Voice That Breathed O'er Eden in a very acceptable manner. The pair were unattended, but Roy Hunter and C. P. Furlong, of Florenceville, ushered the guests.

After the ceremony a buffet luncheon was served at the home of the bride to a large assembly of guests, after which Mr. and Mrs. Carlee left on an extended honeymoon trip. They intend spending some time in St. Louis and other American cities.

Miss McLean is well known, having recently graduated from Woodstock Memorial Hospital, and has been practicing her profession. Mr. Carlee is C.P.B. agent at Bath, and is very prominent in the Railway Brotherhood.

### Ebbett-Ritchie

The home of Norris DeLong, Centreville, was the scene of a very pretty wedding on April 30, when Miss Cora Ebbett became the bride of Wilmot Ritchie of Greenfield. The ceremony was performed by Rev. Mr. Bishop of Florenceville. Mr. and Mrs. Ritchie drove to Florenceville and took the train for an extended trip, after which they will make their home in Greenfield.

### GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peculiar, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the four constipated waste, undigested food and sour bile gently move out of the little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

### SOOR, ACID STOMACHS, GASES OR INDIGESTION

"Pape's Diaphepsin" neutralizes excessive acid in stomach, relieving dyspepsia, heartburn and distress at once.

Time it! In five minutes all stomach distress, due to acidity, will go. No indigestion, heartburn, sourness of belching of gas or eructations of rank, gested food, no flatulence, bloating, foul breath or headache.

Pape's Diaphepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach sweetener in the whole world, and besides it is harmless. Put an end to stomach distress at once by getting a large fifty-cent case of Pape's Diaphepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia, heartburn, flatulence, disorder caused by fermentation due to excessive acids in stomach.

### "CARBONATE" WORK WHILE YOU SLEEP

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—Take Carbonate tonight.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headache come from a torpid liver and sluggish bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a cask. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fever, everything that is horrible and disgusting. A Carbonate tonight will give your congested bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

## Bairdville Branch of W. A. St. George's Church

On Feb. 18, 1913 the Bairdville Branch of the Women's Auxiliary was organized with a membership of 22. At that time St. George's church was badly in need of repairs. Since then a new chancel and vestry have been added to the building, the interior of the church has been sheathed with hard pine and varnished, the outside of the church has been clapboarded and painted, also the roof has been shingled. A new aladdin lamp, brass vases, and altar desk procured. Miss Annie Miller very kindly contributed a carpet for the chancel and Miss Sarah Pickett gave matting for aisle and porch. We have on hand \$100 towards procuring new windows, and also money to purchase shingles to shingle roof of horse shed.

During this period of six years we have earned nearly \$900; \$560 which has gone for church repairs.

Feeling the need of repairs for our own church at Bairdville in the past we have done very much toward helping foreign missions. This year however we did better. A partial outfit was contributed by this branch for Elizabeth Cook, an Indian girl at Onion Lake school, Sask., this outfit consisted of a heavy winter coat, two quilts, underwear, towels, soap and other toilet articles, handkerchiefs, stockings, rubbers etc. The Thank offering box was introduced in our branch and at the close of year was found to contain \$4.16, also the E. C. D. fund was renewed with an amount of \$5.12 for the year.

We have now 31 members. The first three years meetings were held twice a month, but later, as Red Cross work engaged so much of our time, we found it convenient to have meetings once a month only. During the last year on account of the influenza epidemic only eight meetings were held with an average attendance of fifteen members.

The members wish to thank

## THICK, GLOSSY HAIR FREE FROM DANDRUFF

Girls! Try It! Hair gets soft, lustrous and beautiful—Get a small bottle of Dandruff.

If you care for heavy hair that glimmers with beauty and is radiant with life, has an incomparable softness and is curly and lustrous, try Dandruff. Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff. You can not have nice healthy hair if you have dandruff. The destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots furnish loosen and die; then the hair falls out fast. Surely get a small bottle of Keweenaw's Dandruff from any drug store and just try it.

### Cause of Early Old Age

The celebrated Dr. Michenoff, an authority on early old age, says that it is "caused by poisons generated in the intestine." When your stomach digests food properly it is absorbed without forming poisonous matter. Poisons bring on early old age and premature death. 15 to 30 drops of "Seigel's Syrup" after meals makes your digestion sound.

## Mixed Matrimonial Affairs

Hartland, May 4.—Robert Scott, the adopted son of a prosperous farmer of Middle Simonds, who returned from the front a few weeks ago, after nearly three years of active service, has learned, to his sorrow, that all the dangers are not confined to the trenches of France and Flanders. It appears that Scott since he returned has been calling on Mrs. William Rockwell, the wife of one of his neighbors at Simonds, thereby arousing the husband's jealousy. A few nights ago Rockwell returned home and, claiming that he found Scott making improper advances to his wife, seized a rifle and threatening to shoot the soldier, drove him from the house. The next day Sheriff Foster, who lives in the locality, disarmed Rockwell, but Scott purchased a revolver in Woodstock, Rockwell swiped a rifle from Henry A. Rideout, one of his neighbors, and both parties declared that they would enforce their rights in the matter by gunplay if necessary. Matters came to a climax this afternoon, when Scott, apparently testing his revolver, accidentally put a bullet through the upper part of his leg close to the body. The wound was an ugly one and Scott lost so much blood that for a time it was feared that he would die before medical aid could reach him. Dr. Curtis of Hartland was hastily summoned and while he reported that Scott would live, recommended that he be moved at once to the Woodstock Hospital. In the meantime Rockwell and his wife have separated and the residents in the locality are greatly relieved as otherwise one of the parties would likely have been shot with fatal results.—M. L. Hayward in Woodstock. Press.

## Oxbow Soldier Honored

On Wednesday evening, April 2, about 90 people gathered at the home of Mr. and Mrs. Walter Wells, Oxbow, to welcome their son, Pte. Walter Wells, Jr., who lately returned from overseas after nearly four years' service.

A short program of recitations, reading and songs was rendered, and the refreshments were served.

During the evening, D. A. Aiton, on behalf of those assembled, presented Pte. Wells with a sum of \$25 accompanied by following address: To Pte. W. Wells.

The people of Oxbow and surrounding districts have the honor and pleasure of being here this evening to greet and welcome you both as an honored soldier and new neighbor. The things you have done with heroism and sacrifice in France and Belgium will live while memory lasts, among the victors at Ypres, Somme, Vimy Ridge, Hill 70, Passchendaele and the last battle of Mons.

When the final story of the world's great struggle for freedom is written yours will be among those mighty names haled with splendour through all time in the moment of laying aside the uniform for peace clothes there surges through the heart of the soldier emotions too deep for words.

There are sorrows for departed comrades. There are memories of privations and danger. There are joys for the home-coming. There are hopes for the days ahead.

We notice Pte. Wells, you were wise enough to make good use of your time when not in the fighting line. The proof of which is your fair and attractive bride. We congratulate you, and extend to Mrs. Walter Wells, Jr. a warm welcome and wish you both a long and happy married life.

Oxbow needs fair and attractive ladies. We do not mean to insinuate that those we already have are not fair and attractive, the only fault we men have to find is there is not enough of them.

To Mr. and Mrs. Wells, Jr., we extend thanks for the hospitable and congenial manner in which they have received us tonight. They have borne the trials of the last four years patiently, hopefully, when all their boys were risking their lives in the struggle for freedom, and we rejoice with them in their re-union. To further emphasize our appreciation we present you with this small token and with all our hearts, again welcome you home.

## Balanced Value

Value, as represented in Gray-Dort Motor Cars, is a union of good qualities.

**Strength** that means faithful service, free from trouble, yet sacrificing nothing of the **lightness** so essential to economy.

**Reasonableness**, that gets allowances for every essential of good engineering. Comfort, too, both in riding and driving.

And then a price kept surprisingly low by factory efficiency and big production.

You need in your car ALL the qualities the Gray-Dort has. And probably you need nothing more. Certainly you can get nothing more without paying very much more. The touring car is \$1245; the Gray-Dort Special—the car with added refinements and extra equipment, is \$135 extra; there are also a coupe, and a sedan. All prices f.o.b. ## "Goldie"

By ADA PAGE MARSHALL

Mort Allen put down the street, running like a whitehead. Two boy friends tried to stop the rushing whirlwind, but Mort sent them spinning and dashed on.

"Can't stop!" he yelled. "What's the row—dirt burglars?" "Worse than that! Aunt Nettie's Goldie is gone! Then Mort spurred up ahead. Rounding a corner, he ran squarely into Lawyer Turner, his employer, toppled him sideways against a fence, but halted not for apology or explanation.

"Goldie" was a pet hen of Aunt Nettie's, with whom Mort and his sister Jettie lived. Goldie was almost one of the family. In the estimation of Miss Glais, who had raised the blonde hen, Goldie was almost human. She laid an egg every day, at the year. She clucked to the minute at seven in the morning, at high noon, and at six in the evening. She never allowed a stray dog or cat to come near the place, and when her mistress appeared in the garden Goldie followed her every step.

Mort worked in the law office of Lawyer Turner. He had just reached home when he found his sister, flushed, breathless and excited.

"Oh, Mort!" she panted. "Goldie is gone! I've been hunting for her everywhere. Just now, though, Ned Dayton told me that the Moores had sold all their chickens. The man who bought them had a wagon with a coop on it. By mistake they must have got Goldie with the lot, for she was over there often, and Ned says he is sure he saw one of the men chasing her with a looped wire. He told me they went in the direction of the freight yards."

"I'll soon have Goldie back!" vowed Mort.

Just as Mort neared the freight yard he met an empty wagon with a coop on the seat. He halted and questioned them, and they proved to be the supposed owners of Goldie.

"You mean," said one of the men, "that you bought her?" "Yes, you bought her," said the other. "She's on the Chicago freight. Just made up. We dumped the coop in a box car about the middle of the train. The yardmaster is there."

Mort made a new dash. He reached the train, going with increasing momentum, and seized the front rung of a ladder swing to the humpers and clung to the brake rod.

The weather was quite cold, and Mort's hand, clinging to the bar, grew numb and chilled. His position, too, was one of escaped discomfort. Right above him was an open and window of a box car. He pulled himself up and crowded through the aperture. It was to land on a shifting heap.

"Potatoes," he discovered, let go, and rolled down the shifting mass.

"What's doing?" fell upon his ear. "Who is it?" It was dark in the car, and the owner of the voice, sitting in a lantern, lit it, and Mort confronted an unkempt, but pleasant-faced young man. The potatoes formed slanting hills at the end of the car, but in the center was a clear space where a stove was in place.

Very soon Mort understood the situation. The car in transit was in the charge of the man, who was supposed to accompany the freight to terminal, building a fire if the temperature got below freezing. Then Mort's story came out. His companion laughed heartily.

"You've got pluck, lad!" he commented. "But you'll have to take quite a journey to get back that pet of yours, for this train don't stop until we reach the city. Then I'll see that you get the chicken."

Mort liked his strange host the more he saw of him. The young man was an acknowledged rover, wandering about the country visiting all kinds of rovers and adventures. For the sake of a free pass he acted as watchman of the potatoes. When they reached the city he induced the train hands, whom he knew, to hunt up the shipped coop and Mort got Goldie, but her in a bag, and began to cast about to find a way to get back home, so miles away.

"Here's something you dropped," he spoke, picking up a card on the car floor.

"Oh, yes," nodded his companion. "It's my pass. What's the matter?" as he saved Mort, staring at the name it bore—Robert Wood.

"Oh, say!" exclaimed Mort. "Is that your name?"

"Sure, it is."

"Oh, then," shouted Mort in wild excitement, "you're a rich man!" and proceeded to inform his astonished host that his employer, Mr. Turner, had been advertising for a month for the Robert Wood, wanted in a neighboring county as one of the heirs to a large estate.

"And I got one hundred dollars for information wanted!" shouted Mort. "Let's get to Mr. Turner's home as we can."

It was the real Robert Wood, as was discovered later. The back trip was arranged. Goldie restored to her home nest and Robert Wood interviewed the lawyer.

And because Mort had been the means of lifting him from poverty to opulence, and because Robert Wood met pretty Jettie Allen, the young man lingered in the town and the day he received his part of a very substantial estate he asked Jettie to become his wife.

### Roddy Lemieux a Real Nationalist

There are French-Canadians and French-Canadians. While we grow exasperated at the personalities of Bourassa and Lavigne, to whom opinion and falsehood are the ready means of self-advertisement, let us forget them as we read of the last moments of another French-Canadian—Roddy Lemieux.

On Aug. 28th, Roddy went over the top, and was encouraging his men to the attack, when he was struck by a bullet in the abdomen. The surgeon declared the wound fatal. On the 29th the last rites of the church were administered, and his last words were: "Discharge me, I'm fast now, devils" (tell them I did my duty). To the nurse he said: "Give Mother my love. Tell her I have done a man's part."

### Roddy Lemieux proved himself

in his life and in his death, a true descendant of those brave French-Canadians who courageously defended Fort Carillon in the battle that is known as the Battle of the Plains of Abraham and were honored by their leader who later wrought valiantly under the British flag at Chateauguay. He upheld the name and honor of Quebec and of Canada as a whole. Such sacrifices as his give the fame of the French-Canadian soldier a lustre, that the gibes of so-called Nationalists cannot tarnish. Such soldiers as he, proud as do "our men's" men, as seen in Major Papineau, the cousin of Bourassa, and the many other brave sons of their race who have died on the mother soil of France, are in a true sense Nationalists, that the politicians who tag themselves with that epithet. They are of the type with whom we are all anxious and glad to join hands in building up a glorious and United Canada.

### Canadian Prisoners' Welfare

The Canadian Prisoners' Welfare Association has just been formed by the amalgamation of the Honor League of Canada and the National Prison Reform Association. The new organization has received a Dominion charter. It will aim to promote the welfare of discharged prisoners and their families and dependents, the amelioration of the condition of prisoners and of the treatment of criminals by the state, and the reformation of criminal law and procedure in accordance with modern ideas of penology, sociology and humanity. The headquarters of the association will be in Montreal, and the establishment of local and provincial associations is provided for in the charter.

**"Congratulations, My Daughter, You  
Are Looking Fine"**

"AND why shouldn't I look well after using Dr. Chase's Nerve Food?"

"Is that what has made such a change in your appearance? You were so pale and thin. I was rather anxious about your health."

"Why, I have gained fifteen pounds, and I feel so well, too."

"And you have such a good, healthy color. Your blood must be rich and red."

"I knew you were suspicious of anything that our doctor did not prescribe, so I said nothing about it to you."

"Well, I will not have any doubts about Dr. Chase's Nerve Food in the future after what a healthy looking girl it has made of you."

"Yes, and I feel so differently, too. I was so nervous and irritable that I was very easily annoyed and upset. That I would have those fearful nervous headaches. But, thank goodness, that is all over, and I know what to give credit to for the change."

"I am very glad you are so well again and think Dr. Chase's Nerve Food a very

valuable medicine, since it has done you so much good."

Miss Gertrude M. Burrell, Clementsport, N.S., writes:

"I have used Dr. Chase's Nerve Food with splendid results. For a number of years I was afflicted with nervousness, and six years ago had a complete breakdown. I had no control of my nerves and had terrible hysterical spells. I could not sleep, and had terrible nervous sweats, awful dreams and nightmares. My physician gave me medicine to put me to sleep every night, and another kind to take every two hours during the day, but it did not seem to do me any good only while I was taking it. I was really expected to get well. Reading about Dr. Chase's Nerve Food one day, I gave it a trial, and the results from the first box encouraged me, so I continued its use, and found my nerves getting steady and stronger. My appetite improved and I gained strength, ambition and health. Now I am able to do considerable work, and can highly recommend Dr. Chase's Nerve Food as a good tonic for the whole system."

(Signed) W. D. Dunlop, M.D., says: "It gives me great satisfaction to vouch for the testimony of the young lady and the benefit she has received from your wonderful discovery."

Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. On every box of the genuine you will find the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

M. W. Crain of this place has been appointed by the local government to have charge of a number of men to engage in the work of permanent road building, now being inaugurated by the Government. The many motor cars now in use along the St. John River Valley is becoming every year of more and more attraction to U. S. Tourist. It is very essential that we have good roads, besides the St. John Valley was in the very early days of the Settlement of the Province route between the Canada's Then, and what is now the Maritime Provinces, thus demonstrating the fact that it is the natural Highway for a Highway road between this Province and Quebec.
