WHOLE STORY OF GREENWOOD CEMETERY

Details of Receipts and Expenditures—Wm. Glaysher Appointed to Care for all Graves of Rich and Poor Alike

Deeming that a full and complete report of the business pertaining to Greenwood Cemetery Co Limited is due the readers of The Observer, we agree give every item that can be of interest.

In the following article there will be found a list of those who pledged money and the amounts which each pledged. There is still due from this list of pledges about \$900. This record will show that just a year ago a committee of seven men, inspired to improve and beautify the Cemetery largely from the fact that most of them had recently buried their nearest friends, determined to see the defect through.

The start was made without finances, and it will be noticed that almost the first thing the committee did was to become responsible for a debt of \$700.

William Curtis devoted the whole summer to supervising the work, and not only did he work early and late with absolutely no charge for his services, but he also paid liberally in cash. The work done last year will be a lasting monument to Mr. Curtis in particular.

Aside from the interest that this article shall have to those who have contributed to the graveyard fund, it should have an appeal to a large number of people living at present away from Hartland but who have friends buried in the cemetery. Such people are scattered all over Canada and the United States, and the opportunity is theirs to contribute to the upkeep of the cemetery. It must be distinctly understood that every dollar that has been paid into the cemetery fund has been expended upon the cemetery itself. The committee of seven, who are now the directors, receive no pay or remuneration or profit in any way. The company's undertaking, and it is a part of the by-laws, that every grave within the cemetery shall be cared for in perpetuity whether the owners contribute anything toward the funds or whether they do not. All moneys received for the sale of lots or by contribution is placed into a fund to defray the cost of maintenance and the care of the graves.

The price of lots has been set at \$10 to \$25, and all lots sold will be assessed \$2 to \$4 a year for up-keep. Lots will be available for those who die within the town leaving no means to pay funeral expenses.

William Glaysher has been employed as care-taker, and he will spend three days a week in the cemetery throughout the summer. The property shall be in his charge during the time he is there, and it shall be his duty to keep the grass clipped on all graves, whether of rich or poor, alike, and the walks and the property in general will be kept snug. Some shrubs and plants will be set out, and if any person cares enough for the graves of their dead to have them especially decorated with flowers Mr. Glaysher will attend to the seeds, roots or bulbs, and will care for them. The only graves that Mr. Glaysher is authorized to decorate at the company's expense are those of paupers.

It is not necessary for any person to employ any other care-taker this season. It must be distinctly understood that Mr. Glaysher is the care-taker, and he will perform his work thoroughly and well. It is not his duty, however, to dig graves. It is believed that Jarvis Day will attend to this for any who require such work. J. B. McColom is the managing director of the company and has all to do with the sale of lots and any other business pertaining to the graveyard itself. Correspondence, donations and such should be sent directly to Fred. H. Stevens, secretary-treasurer.

The development of the cemetery has been quite remarkable through these past days. The work was started a year ago absolutely without funds, that \$1100 worth of property was purchased and improvements made at a cost of nearly \$1000 more, and right at the present time the accounts are almost square. Of the loan from the bank the directors are still responsible for \$400 and this is practically the whole indebtedness. It is earnestly hoped that former Hartland people now living at distant points may feel inspired to send a remittance for the sake of the old graveyard and their loved ones, and help to meet this shortage. The new company issues stock certificates for the shares purchased, which are \$5 per share. There will, of course, be no dividends as all the revenue from the sale of lots and the yearly assessment upon lots will be used to care for the grounds.

Here follow excerpts from the official records of the company, and following that will be a list of the pledges and a statement of receipts and expenditures:

"A great many years ago the late Charles McMullin, one of the town pioneers, and a preacher in the old Free Baptist church, gave a plot of land which was the nucleus of the present Greenwood Cemetery. Later additional land was given and sold by John Bradley and George R. Burt as well as by W. P. McMullin. A few years ago there was started a movement among the members of the local Reformed Baptist church for the enlargement and improvement of the old burying ground. Women of the church and others solicited funds and a portion of land was bought and deeded to the Trustees of the Reformed Baptist church. For many years George G. Gray was the chief

administrator of the affairs of this burying ground and he named it Greenwood Cemetery. He did a great deal of faithful work, caring for the graves, and much of his labor was given with no thought of earthly reward.

In spite of all previous efforts the cemetery up to the spring of 1923 was generally ill-kept and presented a most uncared for and dilapidated condition, a prospect entirely unworthy of the town and especially unworthy of the people who had friends buried there. In April or May The Carleton Observer published an article which stirred the people's minds to no small extent, and which resulted in the matter being brought up in one of the town meetings. A committee was in-

HYDRO-ELECTRIC POWER AT LAST

Current to Brought by Government Built Line From N. B. & Maine Plant—Work to Start at Once

That Carleton county will be supplied with hydro-electric energy within a few weeks appears now to be an established fact. What proved such a disastrous blow to Woodstock becomes a blessing to Hartland and the up-river villages. The scheme of bringing current from the N. B. & Maine Electric Company's transmission lines at Bridgewater, as outlined in The Observer a week ago, has arrived at maturity. It is announced that the N. B. Hydro-Electric Commission will at once commence the work of building a transmission line from Boundary Line to Florenceville and down the west side of the river to Woodstock. The distributing system of the Woodstock company will be purchased by the town, and Hartland will be offered current from a transforming station to be erected just across the river. Florenceville, Bristol, Bath and Centreville will be offered current from a station at Florenceville. "Hydro at cost" is actually being offered to all Carleton county towns—news seemingly too good to be true.

On Friday evening there will be a special meeting of the Town Council for the purpose of securing data as to local requirements. Every rate-payer interested in electric light and power should be present. Engineer C. O. Foss is quoted as saying the new line would reach Hartland in eight weeks and Woodstock two weeks later.

ERNEST EBSETT

On Sunday night, May 13, the death angel entered the home of Mr. and Mrs. Whitfield Ebbett and claimed for its victim their only remaining son, Ernest, 20 years of age. He had been in poor health for some months. He had put up a hard fight for life; and that loving hearts and willing hands could do was done for his recovery but all of no avail; at last the end came as a relief from suffering.

The young man was beloved by his neighbors and all who knew him which was evidenced by the concourse of people attending his funeral. Deceased leaves to mourn, father and mother and two sisters, Mrs. Lee C. Eddy of Wynmar, Sask., and Mrs. Ward Bayron of Limestone, Me., and a large circle of more distant relatives. This comes almost a double shock to the bereaved ones as will be remembered their eldest son passed away only last September. The heartfelt sympathy of the whole community goes out to those who mourn.

The funeral services were held on Tuesday afternoon at the home and the U. B. Church conducted by Rev. J. M. Mallory assisted by Rev. J. A. Woodworth and Rev. H. V. Bragdon. Interment in the family lot in the Baptist cemetery.

TO HEAD INFANTRY

Colonel L. L. Kennedy, of Centreville, has been retired from the command of the Carleton Light Infantry, and has been succeeded by Major J. J. Bull, who will be gazetted as Lieutenant in a few days. Major G. M. McLaughlin, Woodstock, now becomes second in command of this battalion, and Capt. J. Hasen Flemming succeeds to the command of "A" Company, Woodstock, with the rank of Major. This battalion is 500 strong in peace times, with headquarters in Woodstock. The four company centres are Woodstock, Hartland, Perth and Edmundston. Messrs. F. M. Burt and J. Arthur Watson are taking on commission in the Carleton Light Infantry. Some 120 officers and non-commissioned officers of this unit will go under canvas at Sussex on June 26th for nine days advanced training. This is the first time in 25-years that the command of this battalion has been centred in Woodstock. The last commanding officer from Woodstock was Colonel J. D. Baird.

NEW SCHOOL SITE SELECTED

Plans For a Building of Ten Rooms Approved by Ratepayers—Tenders to be Called at Once

The special meeting of the ratepayers called for the purpose of deciding on a site for a new school building was held Thursday in Smith's hall and was largely attended.

Senior Trustee C. E. Rideout opened the meeting and E. C. Morgan was selected as chairman. Secretary of the schools J. S. King read a report of the trustees regarding the new school and the selection of a site. It had been decided during the winter to build on the present site. This was reconsidered because of unfitness and smallness of the ground which would require a great expense to make it up to standard required. Another objection was that it is between the highway and the railway. The school garden site was then chosen but the great spring flood made it necessary to reconsider again. It was decided to build on Burt's flat if a reasonable price could be agreed on with Mr. Burt. Mr. Burt had quoted a price of \$6,500 for the twenty-two lots.

Trustee Plummer spoke on the report, saying that no action to date had been taken and it was the intention of the trustees to leave the matter entirely in the hands of the ratepayers. He wanted the meeting to appoint an advisory committee to act with the trustees in the building of the new school. Trustee Rideout believed that an advisory committee would be of great assistance.

After considerable discussion it was finally decided that the meeting approve of the decision of the trustees. The following were selected to act with the trustees: Frank Alton, Mayor; McFarland, F. W. Smith, Robert Potts.

Plans were submitted to the meeting of Architect W. D. McPherson for a 7 room building with assembly hall which may be cut into three more rooms built of concrete blocks to cost in the neighborhood of \$50,000. Part of the fund had already been voted for the construction of the building of the new school and tenders will be called for at once.

MRS. GEORGE W. FAULKNER

The death of Mrs. Geo. W. Faulkner took place at her home in Windsor on May 19. She had been ill with cancer for over a year, being confined to her bed the last nine weeks, during which she suffered intensely which she bore with Christian fortitude, waiting patiently for God to take her to Himself.

The deceased was 72 years of age and in her passing Windsor has lost one of its most highly respected residents living there for over 40 years. Mrs. Faulkner was a woman of sterling character, of kind disposition and she was ever ready to minister to the sick and those in trouble. Her home was ever open to the homeless and she a mother to all. She will be greatly missed in her own home and in the community and her place can never be filled. She was a staunch Presbyterian but was ever ready to help any good cause. She is survived by her husband, one son, Robt. A. of Windsor and one daughter, Mrs. Brazil Slocum of Hartland, and a number of grand children. Also two brothers and four sisters. Mrs. H. L. Dickinson of Windsor is a sister. Her funeral was held at the Union Church, Windsor, service being conducted by her pastor, Rev. Mr. Simmons, Presbyterian, assisted by Rev. J. W. Alexander, Baptist. Burial at Windsor cemetery.

AT THE BAPTIST CHURCH

At the Hartland United Baptist Church next Sunday morning the pastor, Rev. G. F. Bolster, will deliver a special sermon to the members of the church and congregation on the subject of "This Other Grace Also." All the members and friends of the church are urged to be present. In the evening the pastor will preach on the subject "Not Far from the Kingdom." Special music will be provided by the choir. The church where you will receive a cordial welcome and have your soul inspired invites you to its services.

A BIRTHDAY PARTY

Mrs. Nathan Shaw gave a party Tuesday afternoon in honor of her daughter, Miss Jeanette, it being her birthday. There were forty-five guests present. The afternoon was spent in music and games. At six o'clock a dainty luncheon was served to the guests by Mrs. Shaw assisted by G. A. Atwater and Mrs. William Ebbett, after which the guests departed for their homes.

(Continued from page 1.)

mediately appointed to look into the thing, and the remainder of the events relating to Greenwood Cemetery are here entered as the official record of Meetings, Reports and Accounts:

Hartland, N. B., May 20, 1922.

The meeting was called to order in the office of Hatfield & Company with H. H. Hatfield in the chair. It was moved by R. B. Hagerman and seconded by R. J. Potts that H. H. Hatfield be president of the Committee and W. B. Nixon be secretary. Carried.

Moved by R. B. Hagerman and seconded by H. H. Hatfield that G. B. Nixon interview the Trustees of the Reformed Baptist church and get information regarding the turning over of their lots to the Cemetery Company. Carried.

Moved by G. B. Nixon and seconded by R. B. Hagerman that R. J. Potts see W. P. McMullin, George Burt and Charles Bradley to get the price and any other information on their land. Carried.

Moved by G. B. Nixon that R. B. Hagerman be appointed to interview the different ministers of the town and have each appoint a member of his church to be present at our meeting of May 23. This motion was seconded by W. B. Nixon and carried.

Adjournment.

(signed) W. B. NIXON, Sec.

Hartland, N. B., May 29, 1922.

There was held this evening a meeting of Greenwood Cemetery Committee adjourned from May 20, 1922. There were present: H. H. Hatfield, J. E. McCollom, R. J. Potts, William W. Curtis, J. J. Keswick, A. F. Campbell, Fred. H. Stevens, G. B. Nixon. W. B. Nixon was absent. The meeting was called to order at 8.35 and the minutes of the last meeting were read and filed.

G. B. Nixon reported that the Reformed Baptist church voted to turn over their lots in the Cemetery Company as soon as such Company is formed. This was accepted on motion of F. H. Stevens and J. E. McCollom.

R. J. Potts reported that he had been unable to see G. F. Burt as he (Burt) was absent from home. He reported Charles Bradley as willing to part with portion of the cemetery for \$600, reserving a lot for his own family. On motion of R. B. Hagerman and G. B. Nixon, Mr. Potts was given an extension of time for further report, and that he was instructed to complete arrangements with Mr. Burt. On motion of R. B. Hagerman and F. H. Stevens a permanent Cemetery Committee was appointed as follows: Robert J. Potts (chairman), G. B. Nixon, J. E. McCollom, A. F. Campbell and Fred H. Stevens, with power to add to their number. They were instructed to proceed with the work of organizing a Cemetery Company to take over and operate Greenwood Cemetery. On motion of F. H. Stevens and G. B. Nixon, H. H. Hatfield was added to the committee. On motion of H. H. Hatfield and G. B. Nixon, Robert J. Potts took the chair and proceeded with the work of organizing.

Moved by G. B. Nixon and J. E. McCollom that the town council be asked to appoint a member to the Cemetery Committee.

Moved by G. B. Nixon and J. E. McCollom that Fred. H. Stevens be secretary-treasurer of the Committee. Carried.

Moved by G. B. Nixon and seconded by H. H. Hatfield that the secretary be instructed to get in touch with various other graveyard associations in the province or elsewhere and procure whatever information as to their methods of operation that could be available.

Moved by H. H. Hatfield and seconded by J. E. McCollom that the committee as a whole, plus G. G. Gray, proceed to the graveyard tomorrow evening at 7 o'clock to look over the present site.

Adjournment.

(Minutes recorded by R. B. Hagerman.)

The Committee and Mr. Gray met at the Cemetery on the evening of May 30, and looking over the prospect were unanimous in the opinion that sufficient land for immediate requirement could be secured from Charles Bradley, and the McMullin proposition could be held in abeyance for a time.

Hartland, N. B., June 13, 1922.

The Cemetery Committee met again. There were present: R. J. Potts, A. F. Campbell, H. H. Hatfield, G. B. Nixon, J. E. McCollom and F. H. Stevens.

Messrs. Potts and McCollom reported that they as a committee had measured the land proposed to be purchased from Charles Bradley and found on the east side of the old road approximately 210 square rods. For this piece and the land on the north side, approximately half an acre, the sum of \$600 was asked.

It was moved by J. E. McCollom and seconded by H. H. Hatfield that the Cemetery Committee proceed to become incorporated under the existing Cemeteries Act as Greenwood Cemetery Association Limited with a capital stock of \$2000. On motion of Fred H. Stevens and G. B. Nixon, M. L. Hayward who agreed to donate his services for such purpose, was appointed as solicitor to proceed with the business necessary to the proper incorporation of the new Cemetery Association. Carried.

Moved by A. F. Campbell and G. B. Nixon that Potts and H. H. Hatfield be appointed a committee to purchase the whole Bradley offer at \$600, and that the deed therefor be taken in trust by the said Potts and Hatfield. Carried.

Adjournment.

FRED. H. STEVENS, Sec.

Hartland, N. B., June 20, 1922.

There was a meeting of the Cemetery Committee this date at the Observer office, there being present: Chairman R. J. Potts, Secretary F. H. Stevens, A. F. Campbell, J. E. McCollom, H. H. Hatfield and W. B. Nixon. (Mr. Nixon had been appointed a member of the Committee by the Town Council). Minutes of the last two meetings were read and approved.

Moved by G. B. Nixon and A. F. Campbell that A. F. Campbell be appointed to interview the Town Council asking them to call a special meeting and to transfer the old road through the cemetery over to the Cemetery Committee.

Moved by G. B. Nixon and W. B. Nixon that a joint note be given for \$700 at four months to raise money from the bank for the purchase of the Bradley property and incidental expenses, the said note to be made payable into the Bank of Montreal and signed jointly and severally by the members of the committee. This was carried and the note was forthwith drawn up.

Moved that we resolve ourselves into a committee of the whole to interest the town people in a "frolic" to do needed work on the grounds. Adjournment.

Hartland, N. B., Sept. 12, 1922.

There was another meeting of the Committee at the Observer office on this date. It was moved that W. B. Hoyt be called to plot and in part lay out the cemetery, and that R. J. Potts and J. E. McCollom be appointed a committee to meet Mr. Hoyt and to supervise the work.

Moved that a dedicatory service be held on the afternoon of September 17 and that all the ministers of the town be asked to take part.

Adjournment.

The Dedication was held at 3 o'clock on the Sunday afternoon indicated and was attended by nearly 500 people. The service was led by Scripture reading and prayer by Rev. E. A. Trites, address by Rev. W. P. Haigh and dedicatory prayer by Rev. Thomas Pierce. All the town choirs united in singing and the occasion was a memorable and impressive one.

There has been much business done by the various committees and officers in charge that has not been carried into the records by way of recorded motions.

Committees were appointed to canvass the three wards of the town for funds as follows: H. N. Dickinson and W. B. Nixon, Ward 1; S. S. Miller and F. A. Alton for Ward 2; J. E. McCollom and J. E. McCollom for Ward 3. The Secretary was instructed to write parties outside of the town.

EAST JUNIPER

The drives in this section are coming along fine. The brooks have not receded. The mill here has not started as yet but we are expecting to hear the whistle on Monday morning. G. W. Upham has his car out and all cleaned up. Looks a lot like summer although the air does not feel like it.

Dalton Popham, of St. George, Bermuda, is visiting his daughter, Mrs. Jas. Clark.

Miss Rosseva Laing of Biggar Ridge is visiting her mother, Mrs. James Kelly.

Mr. and Mrs. Green, of Fredericton, have taken charge of the cook house here for Mr. Upham. Mr. Green seems to be the right man in the right place for he is popular with all the men.

Louis Stone, Samuel Allen and Thomas Oliver arrived here to work here for Mr. Upham. Mr. Green had the good luck to get a lovely big string of trout the other day. Good boy, Jimmy!

Mrs. James Clark and Mrs. John Stone were calling on the former's mother, Mrs. Popham, at J. W. McCrossin's the other day.

Chas. May, Henry Saunders and a number of men left on Sunday to help bring the drive in more quickly.

Because it is the greatest of all womanly charms, a skin which is fresh, smooth, and siluring with the radiance of health, predicts a happy future.

Don't be content to have a lifeless, sallow and blemished complexion—begin at once to remedy these defects.

Every girl can have a beautiful attractive skin if she will only learn to give it proper care.

Thorough cleansing with a fine mild soap once a day, is the secret. Cold cream is beneficial when applied to a clean skin, and rouge and powder are harmless beautifiers—but start fresh every day on a clean foundation.

Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough need not be harsh. The mildest toilet soap is the most thorough of cleansers, as you will know after you try Palmolive.

Its mildness and thoroughness are due to the same sources—the scientific blending of Palm and Olive oils, the natural cleansers discovered thousands of years ago in ancient Egypt and made use of by Cleopatra.

Palmolive freshens, livens and stimulates the skin, leaving it delightfully fresh and rosy.

You can buy Palmolive Soap at all first-class dealers.

LOCAL AND PERSONAL ITEMS

"Love is an awful thing" on Tuesday evening proved to be a super comedy in every respect. No touch of slapstick stuff was in evidence, but the whole play was replete with distressingly laughable situations. It had to do with a terrible mix up, that a near bridegroom got into on the eve of the nuptials, when a sweetheart of other days horned in on him unexpectedly. The one life necessary to cover, soon had dozens of others, with the result that he got into a whole peck of trouble. His chum stood by him through it all and in the end they proved the ex-sweetheart of other days to be a much married blackmailer. Owen Moore made a tremendous hit as the leading man, supported admirably by Marjorie Daw. On Saturday eve looked in on a thrilling detective story "Find the Woman" starring Alma Rubens. This story was full of hair-raising climaxes and not until the last scenes were any of the spectators sure of the guilty lady. Pictures for next performances receive due advertisement in another part of the paper.

The Centreville Amateur dramatic club put on the rural comedy "Uncle Josh" before a large house on Friday evening. The characters and personnel were as follows, and were all well portrayed: Joshua Jarvis, "Uncle Josh" from Vermont. A farmer who reads the newspapers, and keeps his eyes open. Jack Reid, Count DeCourville, noble in name, ignoble in character. Dr. R. Bishop; Gerald Murray, a young New Yorker; David H. Burt; Upson Downes, one of New York's choicest, "Four Hundred"; Paul L. Davis; Joe Clark, "Slippery Joe"; a "bunko stealer"; J. Baird; Mulchaey, a "dive keeper"; Basil Bishop; Munson, a detective; John Gallagher; Ernestus, Mrs. Reynolds's servant; Hugh John Peppers; Mrs. Reynolds; Joshua's sister, a widow, Mrs. B. R. Fields; Letty, her daughter in love with Gerald; Dora Lee; Miss Minerva Clackett, who is getting desperate; Addie Irvine. Specialties were put on between the acts consisting of a comic duet by John Gallagher and Hugh Sheena Peppers, a reading by little Lewiston Sted, solo and accompanying cabaret scene, the solo being rendered by Dancy Burt and a habitant stump address by Dr. Petite Rochelle Peppers. A large sum was realized which will nearly suffice to cancel the deficit still existing of the Gymnasium fund. An orchestra from East Florenceville furnished music for the occasion.

C. J. Gallagher of St. George spent the week-end at the Kennedy House.

Rev. H. R. Bell will preach on Sunday at Centreville at 11 a.m. and 7 p.m., Carvell at 3 p.m.

Mr. and Mrs. C. F. West and Miss Margaret West of Fredericton, N. B. spent Sunday with friends in town.

Mrs. Mary Banks of Mars Hill spent Sunday with Mrs. Rene Clark.

Harry P. Carvell, one of the most widely known and popular men of Carleton county, died in Boston, whether he had gone for expert medical advice, on Friday morning after a brief illness. Mr. Carvell was born in

Lakeville in 1864 and had spent all his life in that town, where he was associated with his brother in extensive milling interests. Possessed of a jolly and good natured temperament, he was ever a good mixer and possessed a legion of friends. Added to this he owned charitable and unselfish traits to a marked degree, which made him always first to lend a hand to the indigent, or a boost to anything of advantage to community welfare. He served as representative of his parish at the Municipal Council over a continuous period of eighteen years. His calm and deliberate advice was always welcome at the board. Altogether he will be a man much missed. He leaves to mourn, a widow, one daughter, Mrs. Howard Lindsay, two sons, Weldon of Boston and Arthur at home, two brothers, Hon. F. B. Carvell of Ottawa and Robert of Lakeville, and two sisters, Bertha and Bessie both of Boston. All were present at the funeral services at his home and the Methodist church, Lakeville, on Sunday afternoon. Rev. Hugh Miller spoke from the subject "God Knows and God Ties." Probably the largest march out of Masons ever attended a funeral in these parts, took charge of the proceedings from the church. The body was buried in the beautiful cemetery at Williamstown of which most artistic and well kept burial plot he was one of the sponsors.

Miss Evelyn Peppers arrived home on Saturday from Fredericton, after completing a successful sophomore year at the U. N. B. B. E. Cliff and J. B. Lee spent Thursday in Woodstock. Hazen Hartley who was committed to the county jail last week was allowed bail, which was furnished by a couple of his neighbors, and is now at home.

Miss Lizzie Shaw of Boston is visiting her sister, Mrs. Mildred Beckwith. The local Orange Lodge was at home on Thursday evening to a large number of visitors from the Grand Lodge on the occasion of the semi annual installation. The visiting brothers were cordially received and treated to a delicious lunch of ice cream and cake at the close.

Cyril Brown left last week for Westwood, Calif. The employees of the C. N. R. who are domiciled in this town, have been conscripted for service on another section of the road, until the resumption of service on the Valley Line. It seems high time that the service was resumed as the shippers along the line are losing a good bit of money in perishable stuff that must be marketed.

This occasional expensive transporter to stations on the C. P. R. and plays costly havoc with any profit fit the dealer may have been in line to make on his commodity.

Mr. and Mrs. D. F. Cliff and children of Mars Hill, spent Sunday with Mr. and Mrs. C. R. Cliff.

A large number of Florenceville citizens came over to attend the play on Friday night.

Rev. H. A. Goodwin spent Friday with Rev. Hugh Miller at the Methodist parsonage.

CENTREVILLE GOLD MINES

Florenceville, May 16—Dr. Clarence Kirkpatrick of Grand Falls arrived on Saturday, and in company with G. W. Wheeler, visited the gold mines in the Carleton and Victoria Development Co., have engaged a crew of men and are blasting pits with dynamite. In about two weeks they expect a mining expert to make a careful analysis of the rock found at these mines. His advice depends whether the claim can be profitably worked or not. In the meantime shares in the company are being sold at a nominal fee. The mine is located about midway between Centreville and Florenceville, off the main road, but is accessible with cars by using a by-road.

Sheriff of the County of Carleton,
Thane M. Jones, Solicitor.

DRECO

What Rev. J. W. Williams, former pastor of Centreville United Baptist Church, says of Dreco, The Great Liver, Stomach and Bowel Tonic.

An outstanding testimonial to the merits of Dreco is the case of Rev. J. W. Williams, clergyman of the United Baptist church of Keewick, N. B. Mr. Williams, who had long and patiently suffered the pangs of indigestion and constipation, says:

"I was troubled for a long time with my stomach and various treatments gave me no result whatever. My appetite was very poor and I was forced to be content with very little food. Even then, it would cause severe pains and gas would form after each meal. My bowels were also very irregular. Then I decided to give Dreco a trial and since taking it, feel 100 per cent better in every way. I can eat things now that I couldn't eat before and my bowels are very regular. I am also sleeping better. Dreco is the best stomach and general builder that I ever tried and I can honestly recommend it very highly."

Dreco is restoring health and strength to men and women in every walk of life. Indigestion, kidney, liver and intestinal disorders yield quickly to its regulating influence and it tones up and invigorates the whole system.

Guy Lawler who has been here for four years in charge of the Western Union Telegraph office left on Friday afternoon for Summerside, P. E. I., where he will supply for one month. Guy has been a very efficient and obliging operator and his many friends wish for him a successful summer and a good permanent billet in the fall.

Rev. and Mrs. D. R. Chouen are away attending the closing exercises at Mount Allison University where their daughter Hilda has been a student for some years.

Mrs. Lee Brownell left last Friday on the down express for Dorchester to visit Mr. Brownell's parents before she leaves N. B. for Detroit to join her husband who has secured work in that city.

Mrs. Harrington Smith has been suffering from a sick spell during the past few days, but is making a satisfactory recovery.

The children of the community are showing great appreciation of the swings and teters which have been erected in the school grounds for them.

Miss Stella Hunter, our very popular music teacher, left on Friday afternoon for Sackville where she will attend the closing exercises of Mount Allison. Miss Hunter expects to be absent about three weeks.

J. R. D. White and family of Aroostook motored down to spend the weekend with Mrs. White's parents, Mr. and Mrs. B. F. Smith.

A crowd of young people motored over to Centreville last Friday night to enjoy the play which was presented that night. Burton Bell drove them over on his motor truck.

Mrs. Guy Lawler and young baby was moved down her father's home on the farm Monday. Both she and her baby are very well. They will live with Col. and Mrs. Melville until Mr. Lawler is through with his vacation supply work and settles down in a permanent office.

The Florenceville Orchestra were engaged to supply music at the play presented in Centreville last Friday night.

Mr. and Mrs. F. L. Atherton of Woodstock motored to Florenceville on Monday afternoon to attend the funeral service of L. A. Simonson. They were accompanied by Rev. E. B. McLatchey who is supplying the Woodstock United Baptist church until a permanent pastor is secured.

Mrs. Dow of Woodstock is in our village visiting her daughter, Mrs. William Davis.

Mr. Williamson, manager of the Bank of Nova Scotia, motored down to Woodstock on Saturday returning the same afternoon where Mr. Williamson was accompanied by Mr. Wood, principal of our public school.

Mr. and Mrs. Britton of Hartland were in our village on Monday attending the funeral of L. A. Simonson. They were out to Lakeville on Sunday afternoon attending the funeral of Mr. Carvell.

Rev. I. W. and Mrs. Williamson left on Thursday afternoon train for St. John where Mrs. Williamson visited the Ray department of the General Hospital to have pictures taken to discover the details of some inward trouble from which she has suffered for a long time. They stopped off at Woodstock on the way home on Saturday afternoon where Mr. Williamson took part in the children's week celebration, conducting the service in the United Baptist church and telling the story.

Mrs. Street Simonson accompanied by her son and daughter-in-law motored over from Bridgewater on Monday afternoon to attend the funeral of Lorne Simonson.

Miss Jenny Tompkins of Houlton is back in Florenceville visiting her friends, Mr. and Mrs. Colwell Kearney.

Rev. I. W. Williamson expects to conduct a baptismal service at Bristol next Sunday morning and at West Florenceville in the afternoon. The service at Greenfield is withdrawn for next Sunday. Service at East Florenceville at 7.30.

LORNE SIMONSON

Florenceville has suffered a very sad loss in the death of L. A. Simonson who passed away at his home on Saturday night after an illness lasting over four months. Mr. Simonson has lived in this community nearly all his life and was one of the most useful and respected citizens, always taking a keen interest in everything pertaining to the welfare of the community. He was for years a prominent member of the United Baptist church, holding the offices of deacon and Sunday school superintendent. He was also chairman of the Field Committee of the group of churches on the circuit and was always ready to attend the meetings and assist to make them helpful. A faithful attendant at the prayer service and in winter time he always started out to meeting with his big box sleigh and pick up a load of his neighbors and in this way helped to keep up the fine attendance maintained by the Sunday school and church. Mr. Simonson was a faithful member of the choir, also, and greatly enjoyed music, especially the male quartette of which he was the second tenor. His greatest interest, however, was the Sunday school of which he had been the superintendent for many years. Mr. Simonson was also a leading member of the Orange Lodge and took a very active part in its meetings until sickness made it impossible to attend. He was also for some time a member of the Florenceville Band and his passing makes a vacancy which will be very hard to fill. He was a great sufferer for the last few months of his life. An operation was performed last February in hope of relieving his trouble, but it later developed that he was suffering from cancer which very quickly carried him

away. The end was quite unexpected, and was a terrible shock to his family who have the sympathy of the whole community. He is survived by his wife and two children, William and Mary, who are both at home. The funeral service was held on Monday afternoon in the United Baptist church. Rev. I. W. Williamson conducted the service and preached the sermon from the words of St. Paul "To me to live is Christ and to die is gain." Rev. E. B. McLatchey offered prayer and the benediction was pronounced by Rev. H. R. Bell of Centreville. The music was supplied by a male quartette consisting of B. F. Smith, G. F. Smith, Roy Hunter and I. W. Williamson. Three numbers were very effectively sung and made a solemn impression on the large audience present. The members of the school paraded to the cemetery and after the interment deposited each an evergreen sprig in the grave as a last token of respect to their beloved Superintendent.

BATH BREEZES

The Base-Ball Season, as anticipated, will open on Bath's new diamond on Thursday, May 24. The ground has been put in Al shape and a good game should be witnessed. From the time when Juniper comes to bat and the home team takes the field.

The picture "Find the Woman" which was screened at the Elite Theatre last Friday evening was enjoyed by all who attended. A piece of lace was the clue upon which the detectives worked—they found the woman—but the suspected, was innocent—the real murderer escaping capture and punishment with the aid of a piece of lead from the hands of an

NOT SICK ONCE IN FOUR YEARS

Mrs. Smith Declares Health Has Been Perfect Since Tanlac Ended Stomach Trouble

"For ten years hardly a day passed that I didn't suffer from stomach trouble, but I took Tanlac four years ago and haven't had a sick day since, is the remarkable statement made recently by Mrs. Thamar Smith, 85 McGee St., Toronto, Ont.

"The little I managed to eat simply tortured me with pain in the pit of my stomach and gas pressed around my heart causing it to skip beats until I thought it would stop altogether. I was nervous as a witch, and lost so much sleep that I was dark and swollen under my eyes. I was so weak and run down I could hardly walk a block or do my housework, and was almost in despair.

"Tanlac certainly was a godsend in restoring me to such perfect health, and I think it's the greatest medicine ever made. Nearly everybody else on McGee Street seems to have used the treatment, and are praising it too."

Tanlac is for sale by all good druggists. Accept no substitute. Over \$7 million bottles sold.

BRISTOL BREVITIES

Dr. G. W. Somerville has purchased a new McLaughlin car from Ridley & Creighton at Woodstock.

The many friends of Lorne Simonson were shocked to hear of his death at his home in East Florenceville Saturday evening. Sympathy is extended to the family and relatives.

The Amateur Dramatic Club of the Bristol Union S. S. are putting on the three act comedy "Professor Poppy", Wednesday evening, May 23. Everybody who comes will enjoy some good laughs.

Mr. and Mrs. Herman Giberson of Bath and Geo. Davis of Andover were Sunday guests of Mr. and Mrs. Jack Davis.

Miss Helen Somerville, Aubrey Somerville and Arnold Rogers will return home this week from their studies at Mt. Allison.

Mrs. Barrie Tweedie returned to Bangor on Saturday.

E. R. Marich is enlarging the ever-land around his house.

Mrs. Henry Lewis and baby spent the weekend at Bath.

Guy Welch, John Mead, D. W. Rogers, S. N. Banks, G. M. Caldwell, H. D. Street and E. R. Marich attended the funeral of their brother Mason, Harry Carvell, at Lakeville on Sunday.

Mr. and Mrs. D. F. McLean and family spent Sunday at West Glassville.

Mrs. C. H. Jensen of Hartland spent the weekend with Mr. and Mrs. Neville Jensen.

Harry Nevors is working "Calgary Earl" to hoppers and he takes to them like a duck to water. Bert Lint, as usual, is working hard with "Roy Volo". Don't overlook their two horses July. Owing to the flood and backward weather it will be impossible to have any matinee May 24. We will have to all go fishing on the holiday, providing we can get the bait. June 20 or 21 will probably now be our first meet. "Dan Hedgewood" day. This will be a regular good race as there will be mile heats and oat prizes. Dan Hedgewood will be on exhibition and will give the public a little idea of his extreme speed.

Electric light and power is now the subject under decision in our town and it is up to Hartland and the other towns as far as Bath to get busy and try to get hydro just as soon as possible. It is to be hoped that we don't have to wait for Grand Falls development.

The big flood of last week calls to mind the big freshet in this county 36 years ago. O. H. Smith was postmaster at that time, the post office being located in a building where the Geo. O. Smith store now stands. Mail was received over the C. P. R. at that time; also a stage was run from Houlton to Caribou, making two trips a week. The last trip the stage made on runners that year was on May 1—a day not soon forgotten, for on that day fivefeet of snow fell, piling itself into huge drifts. The sun came out hot and bright the next day, and the snow, aided by the warm rays of the sun, melted very rapidly, it being all gone in two or three days, causing a freshet fully as big as the one last week.—The American Republican.

He will for the present have his office at his residence.

The season has approached when the C. P. R. stock yard has commenced its awful annoyance. The heart of the residential part of the town is not the location for a stock yard filled with noisy calves, sheep, cattle or swine. It is insanitary, foul smelling, unreasonably noisy and altogether disgusting. There is an admirable site at a siding a mile and a half below town where there is more room and plenty of water. The town authorities should see that the nuisance is removed from the precincts of the town.

PRESERVING THE FORESTS

Fredericton, N. B.—Final decision to take what is regarded as a most pronounced forward step for the protection of New Brunswick's forest resources has led the Department of Lands and Mines to inaugurate a system of registration for persons entering the forests of the province during the period that hazard from fires is the greatest.

Recently when a proclamation was published in the Royal Gazette announcing that all forest lands in New Brunswick has been proclaimed "a protected area" and that commencing on May 1st and extending until Nov. 1st all persons entering the forests for the purpose of travelling, camping, fishing or even picnicking must register, it was suggested that because of the extended winter conditions and the delayed coming of spring weather the new regulations might not be enforced until a later date.

However, information which has recently come to the Forest Service branch of the Department of Lands and Mines from its representatives throughout the province indicates that many sections of New Brunswick that the woods are already becoming dry, that the change from season to season has been unusually rapid and that the forest fire hazard is already imminent. These reports have caused officials to rush along the preparations for the introduction of the new regulations and on and after May 1 persons who are in the woods in any part of the province without the necessary certificates of registration will be subject to penalties ranging from \$10 to \$100.

The only persons of the new registration provisions who are exempt from the provisions of the new regulations and obtain a certificate of registration are licensees and owners of lands entered upon and their employees, fire wardens, fire fighters, land surveyors, hunters, fishing or mining, registered guides and persons accompanied by registered guides. The name of the applicant, the route, destination, purpose and duration of trip, together with dates, will be required for registration purposes before certificates can be issued and the result of the system of registration will be, that when forest fires start in my section of the province the information on the registers of those issuing certificates should show who was in the affected portion of the forests at the time the first stars. Knowledge that such a system exists will, it is believed, have an excellent moral effect in impressing upon those entering the forests the necessity of exercising the utmost care.

So far 700 fire wardens, county councilors, game license vendors and other persons have been authorized to register applicants and issue certificates, and it is expected that within the next few weeks the number of issuers of certificates will probably be increased to probably 800 as stores where fishing tackle, hunting and camp equipment are sold are applying for and being granted permission to become registrars and empowered to issue certificates.
Seventy five per cent of the forest fires in 1921, when New Brunswick's losses from this source reached a high record, were caused by the carelessness of persons who entered the woods, including the camper, the fisherman and the picnicker. With great quantities of spruce budworm killed lumber increasing the fire hazard, it is essential that the utmost care be taken to protect the forest.

Pollyanna Columbe

I shot an arrow into the air;
It fell in the distance, I know not where,
Till a neighbor said it killed a calf,
And I had to pay him six and a half.

I bought some poison to slay some rats,
A neighbor swore it killed his cats;
Rather than argue across the fence,
I paid him four dollars and fifty cents.

One night I set sailing a toy balloon,
And hoped it would soar till it reached the moon;
But the candle fell on the farmer's straw,
And he said I must settle or go to law.

And that is the way with the random shot;
It never hits the proper spot;
And the joke you spring that you think so smart;
May leave a wound in some fellow's heart.

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast, and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. BUDGE, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Affections Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information that every woman should know.

Cradled on 180 Inches of Special-Alloy Springs

NINETY inches—7½ feet—of springs on each side the Jewett Six Spring length equal to eighty per cent of its wheelbase. See how many cars of comparable size you can find as liberally sprung as Jewett! Every spring is built to finest Paige standards of special steels.

Leaves are wide and flat, stoutly shackled, and have well-oiled bushings. They absorb the shock and jolt of roughest roads in a way that makes folks wonder at Jewett's big-car riding comfort. The rear springs are semi-elliptic—slung under the axle to give both car and occupants a low, easy, cradling motion. Jewett spring suspension, in a word, is what you'd expect Paige to build! And Jewett Six is a better car than you expect \$1645 to buy.

"How dear to my heart Are the scenes of my Childhood"

RECOLLECTIONS of bygone days recall, above all other things, the old home—the place that sheltered us in youth. We have changed during the years that have intervened but the old home stands just the same, just as substantial, just as bright and cheerful.

Those who built it, those who have cared for it, have guarded its appearance jealously. They have kept it clothed in those coats of paint that help the old home to withstand the ravages of time. Surface protection and preservation make the old home perennially young.

B-H PAINT

Unequaled in covering capacity—no other brand can equal its record for permanency. By using this paint of extreme durability your house is protected for years.

B-H "English" Paint's record for surface saving is the result of its guaranteed formula—70% of its base is Brandram's Genuine E.E. White Lead, the world's standard for almost two hundred years, and 30% pure White Zinc.

ABOUT SANITARY INSPECTION

T. C. L. Ketchum of Woodstock writes in "Prevention" as follows: "I am glad to have an opportunity of expressing my views as to the very great importance of the sanitary inspection in the present constitution of the Provincial Health Department. My experience in connection with Public Health goes back for a good many years before the inauguration of the present Act, as I was secretary of the Woodstock Board of Health under the old system. Under the new system, one of the things that struck me, at once, as excellent was the provision for sanitary inspectors, and in the practical working of the Act I have found that my judgment was not mistaken."

In the sub-division we have seven sanitary inspectors, one for the town of Woodstock and the other covering districts including in most instances, two or three parishes. Our only changes have been two, caused in the one case by death, and in the other by removal from the province, and it is my strong opinion that, reasonable care being taken in the first selection of officials, changes should be avoided except for very urgent cause.

It is hardly to be expected that inspectors in the rural districts can perform their duties with the exactitude of detail that obtains in the city to town. The rural inspectors has long distances to cover and of necessity his remuneration is inadequate. Yet he is always at call in special emergencies, and in my experience he acts with commendable promptitude. Is there a dead horse unburied at the furthest end of the district? The inspector is notified and he leaves whatever he is doing, goes to the spot and has the menace to health removed. Is there a case of diphtheria or scarlet fever? At the notice from secretary or doctor he goes at once and placards and quarantines the house. Then he continues to deal with the case in cooperation with the attending physician. It is impossible to over-estimate the protection to the public health of a community, that lies in the having a good staff of sanitary inspectors. Each and every one of them is at the call of the public and faithfully they perform their duties.

It must be borne in mind that in the carrying out of the provisions of the Health Act, much of necessity must be left in the hands of laymen, and it takes some time for the layman, as it were to enter, even in its elementary stage, into the atmosphere of medical science. Yet, this he must do. And as each year passes and he acquires more knowledge on the subject, then the more valuable is he to the community.

I find it a most admirable thing to have a good feeling between the secretary and the inspectors. Hardly a week goes by that one or two of the outside town inspectors does not call at my office and talk over matters, and what I particularly notice is the growing interest shown in the working out of the provisions of the Act. He is instructed to examine all out-houses of public buildings, schools, hotels and, as far as possible all dwellings in built-up sections if there be such in his area. He posts up notices as to the removal of nuisances and above all he tries to impress upon his community that the Health Board is not an enemy which they have to fight, but a friend with which they should gladly cooperate.

He is bound to meet with difficulties. In the country, everyone is very anxious about his neighbor's backyard, much more so than about his own, and quite often the inspector has complaints founded on no more real substantial basis than personal unfriendliness amongst neighbors, and the desire to "get even" with someone. So the inspector must have tact; he must be able to distinguish between a public health matter and a private grudge.

At a meeting of the Carleton County Council last January when the application for the grant was made, a member of the council who is also a member of the Board of Health, spoke of the sanitary inspectors at the "very keystone" of the public health system. That is my view of the matter and I believe it is the view of any reasonable man who gives the matter the least consideration. T. C. L. K.

AWFUL ACCIDENT AT GREEN RIVER

Prime Bourgoin of Green River on Wednesday afternoon, one of the best known farmers of Madawaska county, was spreading manure in a field near his home and was being helped by his boy aged 15. They were hurrying to get done before night. They were sitting back to back on the load and when the boy turned around the prong of a pitch fork in his father's hands struck him one time entering his temple and another piercing his nose. The poor lad lived only ten minutes afterwards. The father is almost beside himself. The family is highly respected and a great sympathy goes out from all sides.

FARM FOR SALE

One of the finest farms in Carleton county is offered for sale. This is the old MacMullin homestead situated entirely in the town limits of Hartland. There are 200 acres, well watered but all tillable. The whole lies well to the sun and a portion is rich interval land. The Main Street of the town runs across it and there are a large number of beautiful building lots in the best residential part of the town. These may be sold for \$200 upwards. There is some lumber, and enough wood to last indefinitely if properly conserved. There are three barns besides out houses. The house, built more than 100 years ago, is of the delightful old style of that day and has recently been thoroughly reconstructed, but losing none of its antique appearance. Has 13 rooms and bath and broad buttressed verandahs; heated by furnace. Seven horses, 5 cows, 7 sheep, 3 swine, poultry; all kinds of farm machinery. This farm has never been deeded since the original grant, but is now offered for sale. Will produce 100 tons of No. 1 timothy, fine oat crop, and is especially adapted for a great acreage of potatoes. Seventy acres are ploughed ready for cropping with seed oats sufficient for the whole. There are also oats and hay sufficient to feed the horses until new crop comes. Ten owner is advancing in years and desires lighter occupation. One half mile from station, post office, churches, schools, within five minutes walk.

OTTAWA CALLS THE OBSERVER TO TASK

Chairman of Committee on Agricultural Conditions Claims Misquotation

My dear Sir: I rarely write letters to the papers to contradict reports of what I say or do, but I feel that in justice to others as well as to myself, I should depart from this practice.

In your issue of the 10th of May, 1923, I read the following: "The Committee's report on Mr. Pirie's evidence shows that the 'greatest crime of the Big Four was that they paid the farmers 10c to 15c more for the potatoes than the small, independent shipper could afford to do.' On Tuesday of this week Hatfield and Estey gave evidence before the Committee. After questioning them closely the Chairman admitted that the Big Four's way of doing business must be very satisfactory to the producer."

The above paragraph contains several inaccuracies. First of all, the Committee has made no report as yet on Mr. Pirie's evidence, nor indeed upon its investigations into the potato situation in New Brunswick.

Secondly, the Chairman made no admission or statement that the Big Four's way of doing business must be very satisfactory to the producer. Indeed, the Chairman expressed no opinion upon the evidence in this regard. Will you kindly give as wide publicity in your valuable paper to this statement as you have given to the erroneous and without doubt unconsciously misleading report which you have published.

Yours truly,
A. R. McMASTER,
Chairman Special Committee to investigate agricultural conditions.

Mr. McMaster may be correct in that no report on the investigation or questioning of Messrs. Hatfield and Estey, but the official minutes have these paragraphs:

The chairman: We have no objection, Mr. Caldwell, to these gentlemen getting together for collective selling if they think they can get a better price in the Cuban market.

Mr. Caldwell: Certainly.
The Chairman: The only difficulty I see is that if they got together for the purpose of reducing the price to the producer in New Brunswick, that is where we would have a legitimate cause of complaint.

There was no evidence adduced that showed the buyers were associated to reduce the price to the farmer.

LOWER BRIGHTON

Mrs. Robert Hovey of Greenfield has been visiting her daughter, Mrs. F. K. Brown, this week.

Mrs. R. P. Richardson who has been confined to her bed for three weeks is not much improved.
Miss Grace Williams, teacher at East Brighton, spent the week-end with friends in Lower Brighton.

Edgar Bryant, who was called to St. Stephen by the illness of his father, has returned home.

The congregation of the Reformed Baptist church were pleased to have their former pastor, Rev. P. J. Traflet, with them in their prayer-service Tuesday night.

Congregations are extended to Arnold Brown on his very successful vocational course at the school in Woodstock. Official reports show good work.

Mr. and Mrs. Raymond Teddie have moved to Hartland.

Some work has been done on the road this week, work which was much needed as the road conditions are not the very best in the world.

Mrs. Fred Brown was in Woodstock this week.

Mrs. Franklin Morehouse of Perth is spending a few days with her mother, Mrs. Geo. C. Nixon.

The saw mill in this section owned by Fred Smith has again started operations and will continue a good part of the summer.

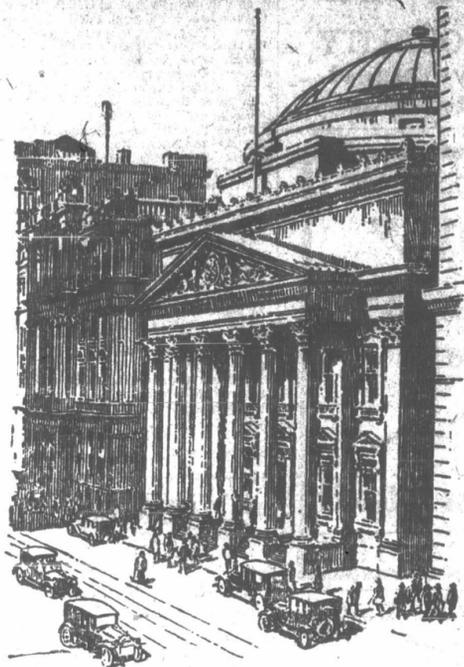

We regret to note the illness of Wm. McGee. Mrs. McGee is somewhat improved.

Gladys Chase was in Woodstock on Thursday.

MRS. ELIZABETH HAMILTON

The body of the late Elizabeth Hamilton, widow of the late Robert Hamilton, a former resident of Greenfield, was brought home for burial on Wednesday, May 23, accompanied by her son John, of Sacramento, California. Mrs. Hamilton was born at Greenfield on July 17, 1850, and died at Portland, Oregon, on April 19, 1923, where she had gone to visit friends, accompanied by her daughter Mary. During the past five years she had made her home with her daughters at Kalamath Falls, Oregon, and up to the time of her death was quite active and enjoying a goodly measure of health for a lady of her years, when suddenly she was taken ill with pneumonia and before the day had closed she had passed away. She leaves to mourn, five sons and two daughters—James of Summerfield, Robert and Percy of Greenfield, John and Joseph of Sacramento, Calif., and Myrtle and Mary of Kalamath Falls, besides four brothers and five sisters, together with a large circle of relatives and friends. The funeral service was held in the Presbyterian church at Greenfield and was conducted by Rev. D. R. Chown of Florenceville. From early childhood she united in membership with the Presbyterian church and was ever active in every good word and work. Her remains were laid to rest in the rural cemetery beside those of her late husband who had preceded her nineteen years ago. The pall bearers were four of her grandsons—Allen, Aubrey and Harland Hamilton and Frederick Tweedie. The esteem in which she was held was evidenced by the large concourse of people gathered to pay tribute of respect to one whom they so dearly loved.

Be flush and the world is with you. Be broke and you must be it alone.

Economical—Dependable Comfortable—Beautiful

The "Master-Four" Touring Model 23-35 Special

The McLaughlin-Buick "Master Four" Touring is its own best advertisement. Every car sold means a new friend made. Its all-round goodness commends it to everyone and its thorough dependability insures its staying sold with its owner.

A close inspection of its construction, finish and equipment and a comparison with other cars of its price will convince anyone of its unusual value. But its value does not end here, as it is continually making new records in operation cost and low cost of repairs.

It is a car that is always ready to start—and to keep going. It has proven its dependability under the hardest conditions in all parts of the world. It has the beautiful, graceful lines that grow on one and in comfort of riding and ease of operation it leaves nothing to be desired, as a ride in it will quickly prove.

Standard equipment includes massive crown fenders, drum type head and cow lamp, bumper, combination tail and stop light, scuff plates, transmission lock, etc.

DODGE BROTHERS TOURING CAR

To those who enjoy the out-of-doors, Dodge Brothers Touring Car represents tens of thousands of invigorating miles in the open air.

And owners who have had long experience with the car, know how trouble-free those miles are, and how little it costs to enjoy them.

They know, too, how light and convenient the Touring Car is and how easily cleaned.

Dodge Brothers power plant, the all-steel body, the permanent baked-on enamel finish, the genuine leather upholstery—all combine to explain why more than 850,000 owners almost invariably speak of the car in terms of highest praise.

FERTILIZER

During the past winter the Experimental Stations and Agricultural Colleges in the Eastern States of the United States have completely reversed their attitude of the past forty years in reference to fertilizer and the use of fertilizer. Up to then they had followed the course which started with the use of fertilizers about half a century ago, that is, they had advocated applying unmixed fertilizer chemicals.

This year they have changed completely, asked for conferences with the fertilizer manufacturers and recommended the use of high grade mixed fertilizers.

This is a decided change but it is entirely in line with progress and is the only solution of the proper use of fertilizer and it is unfortunate it was not done before.

We have recommended the use of high grade complete fertilizer for the reasons as we have presented them in our various advertising, pamphlets, etc. The complete fertilizers are made from the best materials, and not from the cheapest. They are made from the right proportions to feed the plant all through the growing season. They are properly mixed, so that each plant has an opportunity to get its share of the plant food. They are ground fine and are dry so they will run in the planter.

This year we are offering the following six brands of complete fertilizer: EMPRESS, ANIMAL BRAND, STANDARD FERTILIZER, HIGH GRADE FERTILIZER, N. B. SPECIAL (10 per cent potash), IMPERIAL FERTILIZER

In addition we carry a full line of fertilizer materials:

NITRATE OF SODA, SULPHATE OF AMMONIA, ANIMAL-TANKAGE, GROUND BONE, ACID PHOSPHATE, MURIATE OF POTASH

We are prepared to give prompt shipment, large or small lots. In car-load lots cash payment, we are quoting very attractive prices. If you have been unable to get delivery or require an extra car get in touch with us.
