## WAR SAVINGS STAMPS EXPLAINED

Mr. M. McDade Addresses Municipal Council and Dalhousie Citizens.

Dalhousie, Jan. 28.—On Thursday last Mr. Michael McDade of St. John was introduced to the County Council by Mr. LaBillicois who has known him for many years. He said that he was one of the best informed men in the province on provincial politics. In fact he had to his knowledge been once offered a seat in the government. Mr. LaBillicois also paid a high compliment to Sir Douglas Hazen, whom he had known for years in the Legislature.

Mr. McDade addressed the council stating that he had been appointed by Sir Douglas Hazen to organize the province with the view of encouraging the sale of War Savings and Thrift Stamps. He fully explained the scheme and made a splendid impression on the council.

On Thursday evening he addressed a town meeting in the Court House, which was presided by Mayor Montgomery. He went fully into the whole subject. Brief and eloquent remarks were made by Rev. A. A. Boucher, Rev. R. J. Coleman, Rev. J. L. McLean and W. A. R. Cragg. Mr. LaBillicois spoke in flattering terms of the New Brunswick Chairman, Sir Douglas Hazen, whom he had heard once address the pupils of all the Fredericton schools on a great patriotic occasion. He was glad to welcome his old friend Mr. McDade to the shire town, and moved a resolution, which was seconded by Mr. Thos. G. Scott, that the meeting record itself as being in hearty sympathy with the War Savings and Thrift movement.

A committee was appointed with power to add to their number: Rev. A. A. Boucher, Rev. R. J. Coleman, Rev. J. L. McLean, Rev. J. L. McLean, Mayor Montgomery, C. H. LaBillicois, Alderman Daniel McDonald, Alderman L. P. Lavoie, and James Wallace, Harbour Master; were appointed members of the committee.

To advance the above cause, through the courtesy of Rev. A. A. Boucher, a meeting was held since Mr. McDade was here in the convent hall. All the pupils of the convent were present and the attendance from the town was very large. Mr. LaBillicois addressed the meeting explaining fully the War Savings and Thrift Stamps scheme. He made a strong appeal to the young people in particular, to show their patriotism by saving and investing in the stamps to help Canada defray the expenses of the great war. He paid a compliment to the Dalhousie and Restigouche people, who had responded so generously to the Salvation Army Drive.

## LONG SERVICE MEDAL PRESENTED

Thos. G. Scott, Former I. C. R. Driver Gets Recognition for Faithful Services.

Dalhousie, Jan. 27.—A very interesting ceremony took place at the Dalhousie Railway Station, on Thursday afternoon, 23rd inst., when Mr. Thos. G. Scott, was presented in the name of His Majesty the King, with the Medal awarded to men who have given long and faithful service on the Government Railways. Those present were: Thos. G. Scott, Fred Carey, Master Mechanic, Campbellton; El Kean, Mont Joli; Clarence Cool, Alex. Cameron, Lee, White, Harry Wilson, Asst. Supt., Campbellton; John Batesman, Clarence Robinson, Peter Sheehan, Geraldine Sheehan, Hon. C. H. LaBillicois and Conductor Nielson.

The presentation was made by Mr. Carey, who in well chosen words, spoke of Mr. Scott's long and faithful services as a railway man. He had always found him ready to do his part cheerfully and well. He had very much pleasure in presenting Mr. Scott in the name of His Majesty King George, with the long service Medal. Mr. Scott's reply was an eloquent one. He thanked Mr. Carey for his very kind remarks. An engineer in charge of a railroad train was always in the trenches. He had not retired from the service on account of old age, but felt that younger men were entitled to advancement and he gave away cheerfully to them. It was a grand idea when it had been decided by the Locomotive Brotherhood, to present long service medals, and for one, he highly appreciated the honor that had just been bestowed upon him.

Brief addresses were then made by Mr. Kean, Mr. Cool, Mr. Sheehan. Mr. LaBillicois said that he had been so long in the political trenches and had witnessed so many railway accidents, that he felt it to be his duty to say, that apart from Mr. Scott's valuable services rendered by him on the country's railways, he knew Mr. Scott as one of our very best citizens. He was an example to younger men. The world owes a lot to the men who take charge of a locomotive. They are always in danger. He had been in wrecks, when the passengers hardly realized that there had been an accident, when men were killed and others seriously injured. For instance the famous Jacques River accident a few years ago. He was on the train when a fireman was killed and another employee lost a limb. It was at that wreck that Bliss Lutes and a Mr. Gilker of Campbellton, during several hours, notwithstanding that they had met with injury themselves, had worked in one of the severest storms unknown here ever since the cold Friday, to extricate from the debris, a man, who, as a result of having been for three hours suffering from cold and the running steam from the engine, lost one of his limbs. He congratulated his friend Mr. Scott, with the great honor that his country had bestowed upon him, and the complimentary remarks that had been so well made by a man of Mr. Carey's experience and reputation.

Mr. Thos. G. Scott the recipient of the Medal, is the father of Harry and Beverly Scott, who did such valuable service in the thick of the fight against the Huns in France. Both boys are still overseas. Harry visited Scotland and Beverly went to Italy. They are both expected home soon.

Mr. Scott is a native of Campbellton. He began railroad life in 1869, as water boy, for J. B. Bertrand, on construction at Bathurst, worked in blacksmith shop as helper at Stone Quarries, Rough Waters Bathurst, went cutting stone in 1870 and 1871, then followed construction at Matapedia, where he kept time for Martin Murphy, at the building of the Restigouche Bridge. He worked putting the steel on seven bridges under Thos. Setton of Moncton. He went on bracing and firing with wood, on Ballast trains, under conductor John J. McDonald, summer of 1874 and 1875. Was firing for late Benj. Goodwin, and was side tracked in Vale Bathurst pit, two miles west of Bathurst. Went on first regular train over the Northern Division 8th Nov. 1875, finished with J. J. McDonald, Dec. 1875, went to work for Intercolonial, in March 1876, got charge of a locomotive in July 1880, ran extra into Point Levi, River-du-Loup, St. Flavie, Moncton and St. John. Began work on Dalhousie Branch June 1st, 1885 and retired Jan. 22nd, 1917.

Mr. Thos. G. Scott saw great improvements in locomotives and trains from the 35 tons locomotive to the 110 tons modern engine. When he went railroading there were no injectors, no Westinghouse brakes and from a 4 inch rail to a six.

## FUTURE OF CTON IS A BRIGHT ONE

Dalhousie Correspondent Sees Great Prosperity Ahead of North Shore Metropolis.

Dalhousie, Jan. 29.—The activity that is being displayed by the new Board of Trade, recently established in the counties of Bonaventure and Gaspé, and the appearance before the Quebec government recently of a strong delegation, headed by the members of our two neighboring counties, and the two members for Matane, and Hon. John Hall Kelly, of New Carlisle, pressing the government consideration, both federal and provincial, for better railroad accommodation, better highway and more highways, etc., is of direct and indirect interest to the people of Restigouche County. It is a splendid idea to create a county Board of Trade. Apart from many questions that might interest several parts of Restigouche, there is always one that stands paramount to all others, Campbellton, by its geographical position, its great railway location, its water advantages, its close proximity to Quebec point, the progressive spirit of its citizens, must in the near future be the centre of great enterprise. The growth of Campbellton, to be a town of from ten to twenty thousand people, means the establishment of a great market for our farmers and fishermen, lots of work for our labouring classes. All broad-minded citizens, Restigouche and in the Gaspé District, wish to see Campbellton become a great town, knowing that ultimately, it will mean great prosperity to all country districts on both sides of the Restigouche River and Bay of Chaleur.

## HON. WM. CURRIE HAS NOT RESIGNED

Restigouche Electors Who Elected Him Have Every Confidence in Him.

Provincial papers have during the past few days published reports that the Hon. Wm. Currie had resigned his seat in the house, and the Fredericton Gleaner, which always endeavors to outdo its contemporaries says that it understands that Mr. Currie's colleague Mr. A. T. LeBlanc has or will also resign.

Interviewed by the Graphic Hon. Mr. Currie stated that his seat in the legislature was the gift of the people of Restigouche and as yet these people had not asked him to resign and he would continue to represent them at Fredericton.

As regards the Speakership. This is a gift of the government, and it is in their power to give it or take it away. So far as he is concerned this was a matter between the premier and himself, and when the proper time comes public announcement would be made.

So far as elections are concerned the ratepayers, can rest assured there will be no big election in Restigouche.

## RESTIGOUCHE CO. OVER THE TOP

Mr. A. A. Andrew the County Chairman has just received a letter from the Provincial Chairman, Roy, E. L. Loose, congratulating Restigouche for being the first County "over the top."

## MAJOR AITKEN ON TRIAL AT CALGARY

Brother of Lord Beaverbrook is before Court-Martial.

Calgary, Jan. 29.—Major R. T. Aitken, Canadian Army Service Corps, brother of Lord Beaverbrook, is being tried here on two charges, first, neglect to the prejudice of good order and military discipline in that he did not inspect the company canteen and see that proper food was made, and second that he was using canteen funds. The accused pleaded not guilty to both charges, but admitted that the canteen was not run according to military law and that purchases were made for him, but denied knowledge that canteen funds were used for the purpose.

For the children at the Saturday matinee three splendid prizes will be given to the boys and girls holding the lucky tickets.

## Frail, Sickly Children Improve Rapidly on Vinol

The reason we so strongly recommend Vinol for frail, sickly children is because it is a non-secret remedy which contains Beef and Cod Liver Peptones, Iron and Manganese Peptonates and Glycophosphates — but no oil — the very elements needed to build them up. It is delicious to the taste, and children love it.

### These Two Mothers Have Proved This.

Bainbridge, N.Y. "My little daughter, 13 years old, overworked and was run-down, tired all the time, nervous, had headaches, couldn't eat and had to stay out of school. Vinol has built her up. She has a good appetite, no more headaches and has returned to school again." Mrs. Lester Andrews.

Williamson, W. Va. "My little boy was weak, puny, and tired all the time, did not want to do anything. Vinol was recommended and I built up his strength and made him healthy. Now he romps and plays like other children. We certainly believe in Vinol for children." — Harley Cline.

## Municipal Council Meeting At Dalhousie

Board of Health Bills Amounting to Over  
Ten Thousand Dollars Up For  
Payment—Other Matters.

The annual meeting of the Restigouche Municipal Council met at Dalhousie Tuesday morning. Warden H. C. Gillis in the chair.

The following Councilors were present:—

Dalhousie—John Dickie, P. Dugas.

Dalhousie Town—W. S. Montgomery.

Balmoral—Henry Dittie, Narcisse Levesque.

Admington—H. C. Gillis.

Town of Campbellton—H. G. Currie.

Eldon—Murdock Firth, Jas. Chesser.

Grimmer—Alex. C. Levesque, Gaudier.

The minutes of the July session were read and approved.

Coun. Harquail was excused because of sickness in his family.

The council adjourned until 2 o'clock.

### Tuesday Afternoon.

The meeting was called to order at 2 o'clock by the Warden.

Minutes of A. M. session were read and approved.

The secretary read a number of communications and petitions which were referred.

The matter of taxing Indian dogs was brought up.

Coun. Dickie said Indian dogs were a great nuisance to sheep raisers and should be destroyed.

Coun. Montgomery thought the Council would have no power to destroy them, but they could tax them.

The matter was held over for legal advice.

### Public Health Act.

Coun. Currie moved that Dr. Desmond, District Superintendent be appointed to the Board.—Carried.

Dr. Desmond explained the new Public Health Act, explaining its workings and asked the Council to select its three members of the Board.

Coun. Montgomery spoke strongly against the Council taking any action in the matter. So far as he could see out this act would cost from seven to eight thousand dollars to administer and he thought that too expensive. The government had passed this act, let them be responsible for its operations.

Dr. Desmond explained that the administration of the Act would not cost over \$4,500. Gloucester with twice the population passed their estimate at 7,000.

Coun. McLean spoke strongly in favor of the act. If put into operation it would save individuals hundreds of dollars. The medical inspection of schools was a fine thing and should certainly be adopted.

Coun. Montgomery moved, seconded by Coun. Murchie that the Health Act and appointment of Health Officers be not entertained by this council.

The legal adviser explained that the Legislature had handed control of the Act over to the Municipal Council, and if they did not grasp the opportunity it was no fault of the government. The Act was now law and if the Council would not do its duty the government would be forced to make the appointments and if need be order the assessment.

The motion was carried on the following vote:—Montgomery, Murchie, Firth, Dittie, Chesser, Dickie, Mawhinney and Lawlor.

Against—McLean, Levesque, (Balmoral) Levesque, (Grimmer) Dugas, Currie, Gaudier.

The council adjourned until 10 a.m. Wednesday.

### Thursday Morning.

The Council reassembled at 10 o'clock, Warden Gillis in the chair.

The minutes of the previous meeting were read and approved.

Coun. Murchie moved that Mr. McDade be invited to address the Council in reference to Thift and War Savings Stamps.—Carried.

Hon. C. H. LaBilloy, who was present introduced Mr. McDade speaking of his good work while official reporter of the legislature and in many other capacities.

Mr. McDade in a few minutes address explained the plan of saving by Thift and War Savings Stamps, and told what the money was for.

Coun. Currie moved that the Municipal Council heard with pleasure Mr. McDade's explanation of the Thift and War Savings Stamp scheme, and heartily endorsed same.—Carried unanimously.

Board of Health accounts taken up.

Coun. Currie stated that he noticed many of the accounts were sworn to, many were certified by the Chairman of the Local Board of Health and were also recommended for payment by the provincial head of the Board of Health. He therefore moved that all accounts between numbers 1—29—31—40—42 to 51 inclusive, be passed and ordered paid.

Coun. McLean thought this was a very peculiar motion. We should know what the Board of Health bills were. We had no right to pass bills just because they were certified to by some one. Some officials would certify to anything. He moved in amendment that accounts be taken up one by one.

### YOUR HELP NEEDED.

For over four years the fact that we were busy fighting the Huns and that was our most pressing business, has led many of us to forget that there are many public matters which need attention, and need such attention at once.

There is not a doubt but that with the opening of navigation we shall see many vessels arriving here for cargo. Are our harbor facilities equal to the task of accommodating them?

What about that new wharf for which dredging was done a few years ago?

With the diverting of the I. N. R. to Head Tide the line between Moffat and Campbellton will not be able to handle the increased traffic. Now is the time to press for the double tracking of that piece of road.

What about the steamship service for the Gaspe coast. Are we to wait until navigation opens to press for this service and then be informed that we are too late, that a suitable steamer cannot be obtained.

The railway service rendered to Campbellton is a disgrace to such an important centre. Are we to meekly sit down and put up with it?

If you have a kick in you, if you are interested in the welfare of your town attend the meeting of the Board of Trade to be held Friday evening.

All those matters are of great importance, and will need your support if we are to bring them to the attention of the proper authorities to have them undertaken.

### CHANGE THE SYSTEM.

Many and long are the complaints of travellers who are compelled to use the mixed trains on the I. N. R. and C. G. R. west of Campbellton. It seems in many cases to be the policy of the trainmen in charge of such trains to keep them behind instead of endeavoring to run according to the time card.

Some reason for this may be the fact that the pay of such men is now figured according to the number of hours the trip takes, so the more hours the more dollars, and also after a certain number of hours on the road the pay is increased to pay and a half, and if so many additional hours are consumed the rate of pay is doubled.

In the old days a run from Campbellton to Moncton was figured as so many hours. If the train crew made the run to Moncton in half the number of hours allowed, they got the full time for the run. This encouraged the train crew to make good time. If they were side tracked they promptly registered a kick with the dispatchers and they were not allowed to forget them. Now if they are placed in a siding they are content to remain there, as the more hours the more dollars.

Take the case of the train which caused the accident at Flatlands recently. That freight special left Campbellton at 9.30, yet it only reached Flatlands a distance of ten miles at 1.35.

HAVE US WRITE YOU A POLICY

on your home today. It will free you from worry what would happen if it should burn. It will free the good wife from absolute fear. To ignore insurance to save the premium is not economy. It is the most reckless extravagance. To risk a kick to save so little is criminal folly.

P. M. SHANNON  
Real Estate & Insurance

1.35. Four hours and five minutes to go ten miles. The weather was fine and the rails good. Is this rail-roading. And we are told that this is not an exceptional case. At that rate of speed this train crew would have had their day in by the time their train reached Matapedia as they were still in the siding at Flatlands at 2.47.

It is the opinion of many that the whole railway system needs a shaking up, but how to administer that shake is a big problem.

The whole railway question is one of deep interest to all our citizens and we would ask any and all our readers to let us have anything of interest that may come to their notice. Send it in the form of a letter and we will publish same.

### THE PUBLIC HEALTH ACT.

Some of the opposition papers, (the most rabid ones) as many of the independent ones, acknowledge that any health act must be an improvement over that passed by the old government, are criticizing the new Public Health Act as now being enforced in this province.

Any ratepayer who has been saying hard words about the new act should turn to another page and scan the Board of Health bills as passed at the last session of the Municipal council. Such legalized robbery of the public treasury as presented by some of the accounts should convince any fair minded ratepayers that the change came none too soon.

The new Health Act may not be all that was hoped, we are not conversant enough with it to say, but it must be an improvement. If it does not work out as planned it can no doubt be amended.

### EDITORS MAIL.

All letters addressed to the Editor must be accompanied by the name and address of the sender, not necessarily for publication, but as evidence of good faith. No notice will be taken of anonymous communications. The Graphic does not hold itself responsible for opinions expressed in this column.

Editor Graphic.

Dear Sir:

I notice that you are devoting a little space to railway matters. Here is something which should be looked into. A week ago last Monday the mixed train coming in on the I. N. R. was overcrowded to a disgraceful extent. The only car had every seat taken, there being many women and children, and men were crowded in the aisles so that the conductor could not walk through the car. The train was hours late and the children were crying and the car was bumped about. It was really cruel. Surely the railway authorities could provide a better service.

I hope you may be able to work some improvement.

### TRAVELLER.

To the Editor of the Graphic:

Dear Sir:—  
Hip! Hip!! No don't finish the cheer as we are not yet out of the woods, but as the editor of the Graphic has his coat off and is after the railway rulers we hope that some good result will follow. All power to your pen is our wish and I assure you the people are right behind you.

Yours truly,  
UPSAQUITCH.

### HATCH CHICKS EARLY

#### IN MARITIME PROVINCES

(Experimental Farms Note.)

From records kept at the Experimental Farm, Nappan, as well as throughout the Experimental Farm system, it is evident that the early hatched pullets are by far the most profitable ones. For they are producing eggs at that period of the year when the demand is greatest and the highest prices realized.

This is an important factor in successful poultry raising. When one considers the high prices paid for all feeding material the object should be to produce pullets that would lay during the winter months in order to reduce to a minimum the cost of maintaining the flock through the most expensive period in the year.

Now the question arises: "Can early chicks be produced in the Maritime Provinces successfully?" The answer is "Yes." But in order to do so the poultryman must start with the parent stock that is, with the flock that is to produce the eggs.

The fertility of the eggs and also the vitality of the germ must be kept up to its maximum if the best results are to be obtained. This can be done only by judicious feeding and careful attention to the flock that the birds may be healthy and vigorous during the breeding season, for birds lacking in vigor and health will produce chicks low in vitality. Such chicks will not withstand the extremes in weather conditions experienced in these provinces during the early spring.

The eggs should be collected promptly before they become chilled and stored in a room where the temperature is about 55 to 60 degrees, avoiding extreme cold or heat. Best results are obtained where eggs can be set from two to three days after they are laid and should not be kept longer than one week, especially for early hatches.

All incubators should be thoroughly disinfected and cleaned before the eggs are set and an even and normal temperature kept throughout the period. If hens are used for setting they should be in a good healthy condition and free from lice; otherwise they will be uneasy and perhaps leave the nest and allow the eggs to get chilled. Greatest care and attention should be given them during this period.

When chicks are hatched artificially they should be put into a clean, warm brooder where the temperature will be from 95 to 100 degrees. They require plenty of fresh air and as they grow older they need all the sunshine possible. Unfortunately there is very little at this season of the year. With hen hatched chicks, put the hen in a coop and place it in a comparatively warm place for the cold weather.

Have plenty of clean, wholesome feed for chicks. Dried bread crumbs is an excellent feed to start on; plenty of milk may be given at all times, green feed in the form of sprouted oats or such like is most essential for young growing chicks. Don't feed too much of any kind of feed at one time, just what they will clean up in a few minutes, but feed little and often especially during the first few weeks.

Just as soon as the ground is dry enough and the days are warm and sunny let them out for a short time during the middle of the day. Plenty of exercise is absolutely necessary for vigorous and healthy chicks. To make poultry pay, winter eggs are necessary. These can be secured from well matured pullets only and the early chick is the only one that matures before winter. Therefore, if you want to succeed hatch early. April 1st to May 15th is the best time for the Maritime Provinces.

### A LAST CHANCE.

We learn that the Family Herald and Weekly Star of Montreal are shortly to withdraw their offer of the War Album which has been given to all who this season subscribed to that great paper. The Album is certainly a useful little book to have, containing a vast amount of useful information. The coloring of the flags of all the Allies is beautiful. The new Edition now issued has a complete record of the war. It is said an Edition of 25,000 copies were snapped up by the citizens of Montreal in one day. \$1.25 pays for a year's subscription to The Family Herald with the Album thrown in free. It is a bargain.

Cincinnati authority says corns  
dry up and lift out

Hospital records show that every  
time you cut a corn you invite lock-  
jaw or blood poison, which is needless,  
says a Cincinnati authority, who tells  
you that a quarter ounce of a drug  
called freestone can be obtained at the  
cost from the drug store but is  
sufficient to rid one's feet of every  
hard or soft corn or callus.  
You simply apply a few drops of  
freestone on a tender, aching corn and  
tenderness is instantly relieved. Shortly  
the entire corn can be lifted out  
root and all, without pain.  
This drug is sticky but dries at once  
and is claimed to just chisel up any  
corn without fussing or even try-  
ing the surrounding tissue or skin.  
If your wife wears high heels she  
will be glad to know of this.

recitations were very much enjoyed.  
Mrs. P. B. Troy who has three sons  
overseas, received a letter last week  
from Amelia, it was written  
on Dec. 14th last by her son Leo Troy,  
formerly accountant in the Royal  
Bank, Dalhousie, who enlisted with  
the 132nd Battalion. He has had  
quite an experience. He has been in  
England, Scotland, France, Switzer-  
land, Italy etc., etc. He expects to  
return home in about six months.  
His two brothers Aloysius and Frank  
are expected home soon. Leo Troy  
is completing his course as Flight  
Cadet.

parents, Mr. and Mrs. James Har-  
nault.

Mr. Aime LeBlanc, Montreal, who  
was in the employ of the late Alex.  
Chisholm, Dalhousie, sixteen years  
ago, was in the shiretown on Satur-  
day, renewing old acquaintances. He  
drove to Maguasha, to visit his uncle,  
Mr. Alex. LaBillette, on his way to his  
native place, Carleton. Mr. LeBlanc  
was for several years prospecting in  
the Cobalt Mines, and was successful,  
till the great Cobalt fire, when he lost  
heavily by the fire. It is Mr. Le-  
Blanc's intention to locate in this  
part of Canada. He is now travel-  
ling for a progressive Quebec tobacco  
concern, and he may decide to make  
his headquarters in Campbellton.

The members of the Salvation Army  
Drive committee are delighted with  
their results in the collection, for the  
Army in Dalhousie. On Saturday  
evening, the list totalled \$300.00. The

of the P. Q. Lumber Company. He is  
accountant. He replaces Mr. Soucy,  
who returned to Maine.

Some important transfers of prop-  
erty have taken place in the shire-  
town recently. The property known  
formerly as the Joseph Windsor store,  
situated just next to the Dalhousie  
Mercantile Co., store is now owned  
by Mr. Postmaster, A. J. LeBlanc.  
The McLeod Block, which cost over  
\$7000, and which was purchased by  
Mr. James A. Reid of Charlottetown,  
after Mr. McLeod's death, was sold  
last week to our good citizen, Mr. E.  
R. Giguere. The place consists of  
house and two stores. It is located  
on the corner of William and Brun-  
wick streets. It is centrally located,  
and our citizens are delighted that  
such a good citizen as Alderman Giguere,  
has decided to cast his lot in the  
shiretown. His mother, sisters and  
himself, have won the respect and  
esteem of the Dalhousie people. We join  
in wishing Mr. and Mrs. Giguere a  
happy and prosperous journey through life.

MUNICIPAL COUNCIL  
MEETS AT DALHOUSIE

(Continued from page two.)

Coun. Murchie said that the Chair-  
man of the Board of Health was  
going for visits to Jacquet River  
and he was told by one of the patients  
that he had paid this doctor every-  
thing he owed for attention during  
his sickness. This doctor had bills  
of thousands of dollars. Perhaps  
others had paid. He would like to  
hear the bills read.

Coun. Dickie said it was ridiculous  
to think we were obliged to pay these  
Board of Health accounts because  
some one had certified to them. If  
they were not right he us throw them  
out. If they are exorbitant let us  
cut them down.

Coun. Mawhinney said that a rate-  
payer had asked him to watch the  
accounts. A physician had waited  
upon the ratepayer and had been  
paid. He understood that the account  
was among these. He favored going  
over the accounts very carefully and  
investigating them. If necessary he  
would favor a committee to do this.

Coun. Dickie thought Coun. Ma-  
whinney was right, but why hold all  
accounts back. Let us pay those we  
knew were correct.

Coun. Currie with consent of his  
secondor withdrew his motion.  
Coun. Dickie moved that Board of  
Health accounts be taken up and  
dealt with separately.—Carried.

Coun. Murchie moved that the  
Council should complete its business  
to-day and moved that if it did not  
that the Councilors receive no pay  
for Saturday.

Motion voted down.  
Coun. Murchie rose to a point of  
order and stated that he noticed that  
the report published in the Graphic  
stated that he opposed the new Health  
Act principally because he was not  
kindly disposed toward the present  
local government. This was not so.  
He would like to have Mr. Anslow's  
apology for the statement.

The Warden was anxious to pro-  
ceed with the Board of Health ac-  
counts, but upon Coun. Montgomery  
and Murchie insisting that the report  
be called to the "bar of the House"  
the Warden requested Mr. Anslow to  
answer them.

Mr. Anslow stated that as the of-  
ficial reporter he could make a correct  
report of the proceedings, but it is  
the prerogative of the newspaper to  
publish this report if it sees fit or to  
amend it. This council has no  
power to prevent it. If this Council  
drags politics into its discussions any  
paper can criticise the councilors for

such action if it cares to do so.

The Council reassembled at 2  
o'clock. The minutes of the forenoon  
session were read and approved.

Secretary-Treasurer read the es-  
timate of amount required for Board

Coun. Murchie moved that this re-  
quest be not entertained.

Dr. Roberts, Minister of Public Health  
announcing the Restigouche Board of  
Health as composed of Dr. A. G. Fer-  
guson, Dr. L. B. Pinault, H. J.  
Grimmer, T. A. Landry, Nash's Creek  
and Alexis C. Levesque, Grimmer

Coun. Dickie said that after hear-  
ing the bills of the Board of Health  
he had changed his mind and felt  
that a change could do no harm. He  
had voted against the new act, but he  
had changed his mind.

Coun. Currie spoke in favor of  
sending a delegation to co-operate  
with the Board of Trade and Camp-  
bellton Town Council in endeavoring  
to have present railway service im-  
proved and moved the following re-  
solution:—

Whereas by the removal of  
the Suburban train running between  
Bathurst and Campbellton takes from  
the residents of this county living be-  
tween the county line and Campbel-  
ton the only train by which they could  
travel to Campbellton or Dalhousie  
during the daylight hours, and return  
the same day and consequently mean  
a loss of two nights and a day for any  
trip to the said towns.

And Whereas this train is not  
an expensive one to operate, and  
18.00 has during the months it has been in  
operation proved a good revenue pro-  
ducing service.

Therefore be it resolved that we the  
Councilors of the Restigouche Municipi-  
pal Council would ask the C. N. R.  
management that the Suburban train  
service between Bathurst and Camp-  
bellton be restored at the earliest  
possible time.

Further resolved that copies of the  
resolution be forwarded to Dist. Supt.  
W. R. Fitzmaurice, Campbellton, and  
41.55 Chief Supt. L. S. Brown, Moncton,  
61.50 Mr. John Harquail of the  
677.50 Campbellton Board of Trade for use  
152.25 by a delegation to interview the rail-  
31.05 way management, said copies to be  
51.00 signed by the Warden and Secretary-  
29.66 Treasurer.

Further resolved that the Warden  
and Coun. Montgomery be appointed  
8.00 a delegation to act with a delegation  
3.31 of the Campbellton Council and Board  
of Trade to press this matter.—Car-  
ried unanimously.

Coun. Mawhinney said that the  
Council should complete its business  
to-day and moved that if it did not  
that the Councilors receive no pay  
for Saturday.

BEDRIDDEN WITH  
RHEUMATISM

Felt That He Would Never Walk Again  
"FRUIT-A-TIVES" Brought Relief.

MR. LORENZO LEDUC

9 Ottawa St., Hull, P. Q.  
"Fruit-a-tives" is certainly a wonder.  
For a year, I suffered with Rheuma-  
tism; being forced to stay in bed  
for five months. I tried all kinds of  
medicine but without getting better;  
and thought I would never be able  
to walk again.

"One day while lying in bed, I read  
about 'Fruit-a-tives' the great fruit  
medicine; and it seemed just what I  
needed, so I decided to try it."

"The first box helped me, and I took  
the tablets regularly until every trace  
of the Rheumatism left me."

"I have every confidence in 'Fruit-a-  
tives' and strongly recommend them  
to every sufferer from Rheumatism".

service, and the necessity for improve-  
ment.

Coun. McLean argued that the  
Council should do all in its power to  
have some improvement made in the  
present train service. It was a dis-  
grace and an insult to the people.

The Council adjourned until 10 a.m.

## OBITUARY

Mrs. William Ryan.

The many friends on the North shore will read with regret of the death of Mrs. William Ryan of New Brunswick, who died at the age of 82 on Wednesday, January 29, 1919. Mrs. Ryan was a woman held in more than usual respect. Born in Newcastle, N. B., eighty years ago, lived there all these years and enjoyed an esteem such as is tendered few persons in a community and when the news of her passing to her reward was reported it brought keen regret and sadness to a very large circle of acquaintances and friends.

Her life throughout its entire length was spent among the people of Newcastle, and from early childhood down to the present her place in the affection of all those who had dealings or relations with her remained steadfast and secure. Her duties as wife and mother were discharged in a manner that served as a model to all who had the privilege of knowing her, and as a useful member of the community she was always ready and willing to do her part. The bereaved family consists of three children, William of New Brunswick, Mary B. Ryan, formerly manager of the Bathurst Telegraph office, but who has been home fourteen months caring for her mother and one brother Frank at home. The funeral which was held on Sunday was largely attended. The burial service being conducted by Rev. P. W. Dixon at St. Mary's Church with the choir in attendance. The remains were laid to rest alongside those of Mr. Ryan's who predeceased her seventeen years ago, also her eldest son John, who died of typhoid fever at Coleraine, Minn., three years ago. The pallbearers were Judge Lawlor, E. P. Wilmott, Chas. E. Fish, M. A. Lamm, Geo. P. McWilliam, W. J. Keating.
