

Church Notes

AT GRACE CHURCH.

At Grace Church last evening Archdeacon Mackenzie said that he had intended to deliver a sermon appropriate to the day, but owing to the events of the past week he had chosen to refer to what he knew was in the hearts of all.

Dr. Mackenzie read extracts from an address made by the Bishop of London at Farringdon Hall, London, in which the Bishop told of inducing 10,000 Territorials to enlist for foreign service in two nights.

The Ven. Archdeacon advised every one to buy Bernhard's book and read it—although he was aware that some people thought it was un-British to do so—and learn the cause of the war.

THE TEMPERATURE. Record for the last 24 hours: Lowest, 39.55; highest, 46.60.

DIVISION COURT. The Division Court held a busy session this morning under Judge Hardy.

DIED AT ATWOOD. Mr. John S. Anderson of 34 Charlotte street received word on Friday that his brother Robert had passed away at his home in Atwood.

tion (under command of Col. Rennie of Toronto) and the Fourth battalion (made up of central Ontario corps, north and northwest of Toronto, formerly under command of Col. Labatt of Brockville). Owing to Colonel Labatt's illness, Col. Birchall of the permanent staff was placed in command.

At the afternoon of the twenty-second, following a prolonged and terrific artillery fire, the enemy's trenches being on an average of about two hundred yards from the allied line, the French and Belgians, over a front of nine thousand yards, or upwards of five miles, gave way.

Meantime the Highlanders, being left without any protection on their flank, General Turner extended his force for about two thousand five hundred yards, at right angles to his original front to prevent as far as possible the German divisions, which were pouring in, from overwhelming numbers, from completely cutting the Canadians off by enveloping them from the rear.

With the Canadian Highlanders extended to double their normal trench front, one half of it in the open and assisted by the Tenth battalion from Southern Alberta, Manitoba and Saskatchewan, they not only held ten times their own number in check, but they actually retook the guns from the enemy and maintained their position, but the losses, as must have been expected, were appalling.

The situation on the 22nd therefore appears to have been that the Canadians were on the extreme left of the British line, covering a front of five thousand yards, or about three miles. To their left were the French, and again to the left of the French were the Belgians. It is understood there was a main line of trenches with a supporting line a short distance in the rear.

The First Brigade, as stated, was some miles to the rear in reserve. The guns were posted far to the rear. Four heavy Canadian guns, it seems, were some two or three miles in the rear of the French lines.

However the Germans had advanced six miles to the rear of the French position and there seemed nothing to prevent their getting in behind the Canadian line, greatly extended as it was, and terribly diminished. Accordingly another brilliant charge was carried out at some distance to the rear of the former trench position, under General Mercer with the First and Fourth Battalions of the First Brigade, supported by the Second and Third, and the German trenches, temporarily erected, were recaptured.

Meantime the enemy concentrated several divisions on the rectangle in the Highland brigade, that is the extreme left of their original position. The troops in the trenches were able to hold firm, against great odds, but the scattered fragments holding the line, in the open at right angles to the trenches, were obliged to gradually fall back, before vastly superior numbers. Thus large masses, amounting, it is estimated to three divisions, or about sixty thousand Germans, got into the rear and the Highlanders, thus cutting them off, but they refused to surrender and the firing was heard far into the night, the Germans being in front, on the left flank, and on the rear. Whether these gallant Highlanders were annihilated, or taken prisoners is not known, but so long as a cartridge remained, they fought.

Obituary

MRS. JOHN ROWAN. The body of Mrs. John Rowan, who passed away in Kansas City on Friday last, aged 83 years, arrived here for interment this morning, by the early train.

The funeral will take place this afternoon at Mt. Hope cemetery from the residence of Mrs. Hawley, 231 Buffalo street.

SOLOMON SMITH. The death of Solomon Smith occurred on Saturday at the age of 67 years. He resided here for about two years and had a large circle of friends and was especially well known and respected around his former home in Houghton Township, Norfolk County. He leaves to his wife, his daughter and two sons, W. W. of Woodstock and Lorne at home.

TOWNSHIP COUNCIL. The Township Council held a very busy session this morning and afternoon. Much business was transacted before the meeting was adjourned.

A communication from Judge Hardy, which offered gravel from Hazelbrook Farm at ten cents less per load than the Township is paying, and they will likely seriously consider the offer. The resignation of John W. Lovett, as pound-keeper of the township, was accepted.

The Toronto Hospital for Incurables sent in a communication which stated that the lowest rate for non-residents of Toronto would be \$5 per week, payment to be guaranteed by the municipality.

Boy Knight Notes. The Boy Knights held a church parade to Calvary Baptist church on Sunday morning. The attendance was good, the young men presenting a spick and span appearance, and on the march looked well presenting a soldierly appearance.

Mr. Best was formerly secretary of the Y. M. C. A. here and also in Hamilton. He is currently chaplain during the Boer war in South Africa.

The service at the church was a most hearty one, the choir rendering splendid music, the singing of Kipling's Recessional being one of the features. Rev. Mr. Ewings, on behalf of the church extended a hearty welcome to the young men. His subject was "A Boy World." His address was delivered in a manner that would certainly find its way home to the heart of every boy or young person there.

It was full of striking remarks made in a manner that the boys could carry away in their mind to be brought up, that children cannot ride with carts or roller skates on the sidewalk, as has been done here and in all other cities. Of course, there have been so many accidents of late, many people being wounded, that it is impossible to expect anything else. Now I think that it is about time that some of these laws were brought to a halt. The time will soon come when it will be necessary for us as citizens to keep our children tied up and tagged. To The Editor

Editor Courier: Dear Sir,—Having been a resident of Brantford for the past 30 years, and having seen some laws enforced, I think this last one the most unreasonable. I think children cannot ride with carts or roller skates on the sidewalk, as has been done here and in all other cities. Of course, there have been so many accidents of late, many people being wounded, that it is impossible to expect anything else. Now I think that it is about time that some of these laws were brought to a halt. The time will soon come when it will be necessary for us as citizens to keep our children tied up and tagged. ## THE ROLL OF HONOR

Ottawa, May 3.—With the casualty lists during Saturday afternoon and Sunday totaling upwards of 250 more officers, non-commissioned officers and privates killed, wounded or missing, there have been heavy additions to the recorded loss among the Canadian forces in the recent terrific fighting in which they won undying glory near Ypres.

It is now understood that the Canadian losses in killed, wounded or taken prisoner as a result of that four-day engagement were not less than 6,000, and in regard to this the next few days will tell the tale as every day brings its fresh total.

Of the 6,000 800 have been killed in action, and the balance is about equally divided between wounded and missing, the greater part being among the infantry. This means that half of the infantry at the front with the first division has been put out of action.

No further news has been received from the Militia Department as to the fate of the 13th and 14th Montreal battalions, which are reported, according to one interpretation of the Canadian eye-witness, to have been left behind on the retirement of the 3rd brigade from St. Julien. While this statement would lend credence to the belief that these two battalions, to the extent they were wounded or captured, it is pointed out by the eye-witness report that the "detachments of the 13th and 14th" had to be left behind. This may mean that only detachments from these regiments suffered this fate, while the remainder escaped.

It may be some days before the German official list of Canadian prisoners reaches Canada. Such lists are exchanged at intervals by the belligerents through the medium of the Red Cross headquarters in Geneva.

The greater part of the losses reported in Sunday's casualty lists were among Toronto, Western Ontario, Winnipeg, Vancouver and Victoria battalions. The proportion of killed is still fortunately small as compared with the wounded, but the names of a number of sick from gas fumes are beginning to appear.

THE SITUATION

The Canadian toll of casualties continues to mount up, and the total is certain to amount to thousands.

The official announcement that the shelling of Dunkirk was accomplished by a German naval gun placed at a distance of 23 1/2 miles away gives cause for serious reflection.

The lack of munitions is once more clearly sounded, this time by Admiral Jellicoe. He directly states that his fleet is imperilled by slackness at the shipyards.

Among other craft, a Kaiserliche submarine has destroyed one built in the States and flying the Stars and Stripes. It is not likely that Uncle Sam will take any other course save that of protest and damages.

ELECTION TALK

Premier Borden makes the statement that the question of an election has not yet been considered.

There has been a lot of talk in Grit papers about "Bob Rogers" acting as dictator in the matter, but that, of course, has been sheer buncombe.

Under ordinary circumstances an election in war time would not be desirable, but the circumstances are not ordinary, as far as the Dominion is concerned.

How different the situation in Canada. The Grit majority in the Senate, at a nod from Sir Wilfrid Laurier, in the first place killed the offer of three dreadnoughts to the British navy.

NOTES AND COMMENTS

Canada, Australia, New Zealand—all of their sons have recently made good, as everyone knew they would.

Paris returns show that the place now has a population of 4,383, or an increase of 167 over last year.

This is the testimony from the record of Sir Max Aitken, the Canadian eye-witness at the front:

"The story of the second battle of Ypres is the story of how the Canadian division, enormously outnumbered, for they had in front of them at least four divisions, supported by immensely heavy artillery, with a gap still existing, though reduced, in their lines, and with dispositions made hurriedly under the stimulus of critical danger, fought through the day and through the night, and then through their officers until, as happened to so many, they perished gloriously, and then fought from the impulsion of sheer valor, because they came from fighting stock."

Brave lads! God bless them!

WHERE THE ARMIES ARE ENGAGED IN THE HARD FIGHTING

After the Germans crossed the Yser Canal at Steenstraete and Heet Sas, north of Ypres, the French troops fell back to the canal in the neighborhood of Boesinghe. The British further south were obliged to readjust their line to keep in contact with the French and withdraw nearer to Ypres.

LEFT FOR TORONTO. Corporal Lloyd Colquhoun left for Toronto yesterday as battalion bugler for the C. O. T. Corps now going into camp at Niagara. This keen young soldier is doing himself great credit in regimental circles at the Armouries.

P.S.A. BROTHERHOOD. The usual meeting of the above society was held on Sunday afternoon at the Congregational Church. The speaker was Dr. Watson, of the Brant Avenue Methodist Church. Brotherhood. Dr. Watson brought the greetings of his Brotherhood to the P.S.A. His address was very interesting and was much appreciated. W. Timbs rendered "I have read of a beautiful City" very nicely. Some very nice music was played by the orchestra.

WHAT WAS IT? On Saturday night at 9:15 a light hovered over the city, and circled round the northern end, as observation could tell, where the Armouries stand. Nothing else was to be seen but the light, a bright red, not unlike the danger light in rear of a motor car. From Nelson street it was plainly visible to a Courier man for over ten minutes and then it slowly moved in a northwesterly direction and finally disappeared, a speck against the sky. What was it?

ST. JUDES ACTIVITIES. St. Jude's Sunday School held their annual business meeting in the room on Thursday evening, the 29th. Hunt; Assistant Superintendents, Mr. A. Simpson and Miss A. Hunt; Treasurer, Miss M. Loney; Pianist, Miss M. Cooper; Assistant Pianist, Miss M. Fester; Secretary of Association, Miss N. THE FREEDOM OF PRESS IN BERLIN

Much Criticism Results in One Paper Being Suspended.

By Special Wire to the Courier. London, May 3.—Dr. Bernhard Dernburg's letter read at a mass meeting in Portland, Maine, April 17, in which the former German colonial secretary said that Germany would evacuate the occupied portions of France and Belgium only on condition that the seas be freed and that Germany be given freedom to expand her frontiers in Europe, has caused considerable discussion in the German newspapers, says a dispatch from Amsterdam to Reuter's Telegram Company.

The Post of Berlin says the letter supplies "a full and final proof of Dr. Dernburg's incapacity as a statesman" and the newspaper characterizes his remarks as "a fine piece of political foolery." Count Ernest Reventlow, writing in the Deutsche Tages Zeitung, said: "It is impossible that Dr. Dernburg without direct instructions from the Imperial Chancellor should publicly announce in the United States the German war aims. He should, without delay, furnish a correction and we cannot doubt that the German Government promptly will take all steps to obtain an explanation."

The Vorwaerts considers that Dr. Dernburg said nothing which was not justified by the imperial chancellor's speech at the beginning of the war when Dr. Von Bethmann-Hollweg said that Germany wished to wage only a defensive war. The Dortmund Arbeiter Zeitung has been placed under a preventive censorship for attacking those who favor the annexation of Belgium.

FRENCH OFFICIAL NOTICE

By Special Wire to the Courier. Paris, May 2.—2.30 p.m.—The French war office this afternoon gave out an official report on the progress of hostilities, reading as follows: "The Germans yesterday made two attacks with asphyxiating gases. One was to the north of Ypres, near St. Julien and the other was to the south of Ypres, near Hill No. 90. Neither one accomplished anything. There is nothing to report from the rest of the front." "A German aeroplane yesterday afternoon was chased by our machines to within rifle range of our trenches, and then brought down by our fire."

Sergt. Wallace Saw Visions in the Nights. Sergt. Wallace had visions of a Zeppelin raid and thoughts of bomb dropping when the police station was the dead of night last night. He was quietly making out a report, and all was still about two thirty, when suddenly, with a tremendous clatter, something crashed down over his head. In a few moments all had subsided, and the sergeant looked up expecting to find the roof gone. It was still there, but a long stove pipe had come down from its supports and broken into hundreds of pieces. It had been eaten up by the sulphuretted gas, and in a weak moment had descended with much noise and gusto. Sergeant Wallace and P. C. Roberts recovered from the shock and collected later that was left of the old stove pipe.

BRANTFORD CASUALTY LIST

(Continued from Page One) Mr. Edwards' mother, who resides in London, England, forwarded the news of her bereavement, and coupled with it the fact that another son had been into the thick of the fighting and is at present not to be traced by his friends. Mr. E. Edwards is well known in the city and is connected with the Mission Hall on Darling St. with an adherent of many years. The news has naturally caused grief and the fact that the casualty was alone the sacrifice the hour demands is the atonement that the English people can take from their bitter trial. Such instances of unrecognized heroism are told from day to day. LETTER FROM LIEUT. A. COCKSHUTT. A letter was received by Mr. and Mrs. W. F. Cockshutt on Saturday from their son, Lieut. Ashton, now at the base in France, and there is a possibility that he was not in the fighting. REASSURING WORD. Lt.-Col. Wilkes and Mrs. Wilkes have received a second cablegram stating that their son, Lt. Wilkes, who was injured in an automobile accident in the Old Land, is progressing well. PTE. J. WHITE who resided in the city for some time,

was a laborer and had been employed in the Massey-Harris and other local plants. He was unmarried, and had served three years in the Dufferin Rifles prior to joining for active service. PTE. JOSEPH HODDER The following cablegram has been received by Mrs. Cory, 5 Deer Park Crescent, Toronto, from a friend in England: "Colonel Cory writes me to cable Bob's company cut off and practically all men prisoners. Enquiries made to the British Ambassador at The Hague showed that the men fought splendidly and gained much honor throughout the army." Captain Cory was captain of "B" Company, 48th Highlanders, and was reported missing three days ago. In the list of members of "B" double company, is 2702—Hodder, Joseph. This would seem to almost affirm therefore, that Hodder is not otherwise than a prisoner or missing. GETTING ALONG WELL. Word from Lieut. Stratford, who was wounded by a German sniper, is to the effect that he is progressing well towards recovery. HAS RECOVERED AGAIN. The many friends of Mr. R. Manly Orr, formerly of this city and now residing in Vancouver, B.C., will be glad to hear that he has sufficiently recovered from his recent serious accident to again take up the duties of his position as engineer for the Pacific Coast Pipe Co. of that city. On the 26th of February he was returning to work from lunch and was threatening his way through the noon hour crush of traffic at the corner of Granville and Pacific streets, when by pure accident he collided head-on with a motor-cycle going in the opposite direction. Mr. Orr was thrown clear over the top of the motor-cycle striking head first on the pavement, while the frame of the bicycle he was riding was broken off in three places. He was picked up unconscious and rushed to the nearest hospital where it was found he had suffered concussion of the brain. Mr. Orr was unconscious for 24 hours, and then went into a violent delirium for twenty days. Mrs. Orr put her husband's case into the hands of Dr. R. E. McKechnie, who bears the reputation of being the most noted physician in British Columbia, and at the end of four weeks Mr. Orr had so far recovered as to be able to leave the hospital and taken to his father's home up the Fraser river in the Chilwack Valley to convalesce. Two weeks of rest at the old home amid apple blossoms, flowers, bird-song, sunshine and such nutritious food as only the farm can provide, completed the cure and now he is back to the city and to work. A hemorrhage of the brain in the second week cleared away the clotted blood and proved the turning point. At one time the hospital advised the chief of police that death was expected before morning and an arrest was arranged. DELEGATES TO VOTE. Chicago, May 3.—Delegates representing 6,000 engineers, firemen and hostlers on ninety-eight railroads operating west of Chicago were to vote today on a resolution demanding a congressional investigation of the wage award of the arbitration board handed down last week.

St. Louis, May 3.—Manager Herzog of the Reds and Umpire Riggler staged a regular fist fight in the seventh inning of Saturday's game between the Cardinals and Reds. Herzog argued with Riggler in the seventh after the umpire called Leach out at second when Higgins worked the hidden ball trick on Tommy. Riggler waved Herzog to the clubhouse. Charley continued his verbal battle, and then the umpire, tearing off his mask, crashed it against Herzog's face. In an instant the two men were mixing around the home plate and fists were flying against eyes and noses. Police rushed from the stands and played on both sides joined in the scramble. Herzog suffered a bleeding nose and discolored eye, while Riggler was severely gashed in the foot, where he claimed Herzog spiked him. Herzog denies this, claiming that Killifer accidentally spiked the umpire. Killifer bears out Herzog in this respect. Riggler and Herzog will appear in court on Monday to prosecute each other they said.

The Cardinals won the game by 9 to 5, overcoming an early lead when they scored eight runs on nine hits in the fourth and fifth. Score: R.H.E. Cincinnati . . . 10 3 0 1000—7 1 2

## Jordan Released to Richmond Club

Richmond, Va., May 3.—The Richmond club on Saturday secured the release of First Baseman Jordan of the Toronto team here on Saturday. The slugging veteran will commence his duties here on Monday against the Montreal team. The locals are badly in need of a first baseman, and the Toronto player will be of great assistance. It is stated that he is still the property of the Toronto club but the local management would not affirm or deny this report. Graham will play the position for Toronto.  
Pitcher Geyer was released by Manager Clymer unconditionally. He is a veteran of the American association and Pacific Coast League. The addition of Laque and Coe from the Boston Braves and Cook of the Yankees, to the Toronto pitching staff made it necessary to let Geyer out.  
Jordan has been a member of the

Toronto team since 1911. He was secured by the Leafs in a peculiar way. He met with a serious accident to his right knee in a game at Brooklyn, when he was with the Dodgers in the National League. For months he lay in a hospital after a most unusual operation, which was expected to result in his having a stiff leg. The Leafs paid \$1000 for him before he was discharged from the hospital, and took a gambling chance on the knee coming around. It did and he led the line on balls and runs scored. He was also the leading home run hitter of the National League while with Brooklyn in 1908. His record for homers in the Barrow circuit was 21. Before going to Brooklyn he was with Baltimore. Since joining the Leafs he played part of one season with Buffalo and was recalled.

## Benny Kauff Returned to Brooklyn Federals

New York, May 3.—Benny Kauff, the Ty Cobb of the independents, is once more the undisputed property of Robert B. Ward, of the Brooklyn Federals. Harry N. Hempstead, president of the New York Giants, resigned all claim to the finest outfielder in Saturday afternoon, after he had been closed for some time with the head of the Tip-tops. Furthermore, Mr. Hempstead apologized to Mr. Ward for his part in the transaction, and Mr. Ward as frankly and openly as he was prepared to do so, so there will be no additional fireworks in the baseball war at this particular time.  
President Hempstead and Ward, after due conference with counsel, both issued official statements of their withdrawal from the contest. So there will be no additional fireworks in the baseball war at this particular time.

## Sporting Comment

Paris will put a team in the City Baseball League this year in the place of the Maple Leaf Club, who could not get away with all they desired, and refused to put up their deposit of \$5. Paris signified their intention of entering Saturday evening. They can play good ball and will be an acquisition to the league, and the passing of the Leafs will not be greatly felt. It is understood that one of the stipulations they desired was the privilege of using any player who had been on their line up during the last three years, but the delegates present would not be dominated in this matter with the result that they will be dropped. Paris will fill the breach admirably.

## Hamilton and District League Row

In trying to prevent professional soccer in Hamilton, the Hamilton and District League have placed themselves in a very unenviable position.  
A certain club in the Hamilton and District League signed four professional players, and the forms of these men were passed by the officials of the H. and D. League.  
The club picked these players to play, and information was sent to the Ontario Football Association by one of the other clubs in the competition.  
As a result on the Friday before the game the Ontario Football Association sent a wire to the H. and D. League and also to the club concerned, warning them not to play these four professionals. The officials of the H. and D. League had other opin-

ions, so they instructed the club to go ahead and play these men, and not to take any notice of the O.F.A.  
Consequently the club playing four pros. went ahead and have so far played two games.  
An official of the H. and D. took upon himself to write to the O.F.A. saying that he was to blame for the H. and D's action, as he advised them to play these men, but that, of course, will not stand with the O.F.A.  
These facts are published with the intention of warning the local Brantford and Paris league against having any dealings with the Hamilton and District League, as the former will no doubt be suspended by the O.F.A. in the near future.

## P. S. A. GOING STRONG FOR CHAMPIONSHIP

Tutela Failed and Sons Won From Paris.  
P.S.A. 4; HOLMEDALE 1  
THISTLES 3; TUTELA 0  
S. O. E. 1; PARIS 0

One of the features of the Saturday football games was the manner in which P.S.A. obtained two points from Holmedale and thereby kept the good promise shown in their first game this season. Practically a resuscitated team, which was on the verge of abandonment, they have proved that no mistake was made when they decided to give the team a trial this year. On the other hand, Tutela have fallen from the pedestal they had assumed, and from some cause or other they could not get a complete team together for their last match, and played four men short.  
Playing irresistible soccer, P.S.A. carried the play to their opponents, and did not have a great deal of difficulty in finding the Holmedale club. Their victory was never in doubt after the first exchanges.  
Thistles had it all their own way with the handful of men who battled with the Holmedale team, and they apparently felt that the three goal margin was sufficient for their purpose. It was, to say the least, plucky of the Tutelas to take the field with the men they had.  
The Sons took a useful two points from Paris at the French capital, and upon this they deserve hearty commendation, for there have been few teams to take a victory away from Paris upon their own soil in the past few seasons.  
P.S.A. 4, HOLMEDALE 1.  
The P.S.A. met the Tigers on Saturday at Agricultural Park and gained another victory. The P. S. A. kicked off and although Holmedale only had ten men out they put up a plucky defence. However the P.S.A. scored in the first ten minutes from pressed hard at times, but were somewhat lacking in combination.  
The P.S.A. were not long before they put a second one in the net, this one coming from the foot of Robus. The Tigers were still putting up a good game, slow at times, but occasionally pulling off a quick spurt which generally ended at the Holland boys. The third goal for the

HOLMEDALE CUBS OUT  
Although the weather was a little cold for baseball Saturday afternoon the Holmedale Cubs had a workout and made quite a showing. Manager Moore says his players are fast rounding into shape, and he will soon have the team ready for the opening of the season.  
The H. B. C. (Holmedale Baseball Club) wish to thank the people of Holmedale for the manner in which they have supported the team, and to show their appreciation the Cubs will do their best to make a name for themselves as good, clean ballplayers.

## Children Cry FOR FLETCHER'S CASTORIA

Premier Borden stated that Parliament has not been dissolved, and the subject of an election has not been definitely considered.

Brotherhood was also scored in the first half. This time it was White who put it through. Half time came without Holmedale scoring. In the second half each team scored a goal. The P.S.A. scored first, with a nice little shot from Bonner. The Holmedale lads seemed to play a bit better then and took the ball towards the P.S.A. and Coburn put a well-tried-for shot in that beat Joe Bee. This ended the scoring. Perrin, of the Brotherhood came near scoring. He struck the crossbar with a shot that had some force behind it. The game ended with the score 4-1 in favor of the Brotherhood.

## Soft Ball

THISTLES 3, TUTELA 0  
Tutela could only muster six men for the match with the Thistles on Saturday when they lost by the score of three goals to nothing. They played with three forwards and without backs, but the remnant that did put a struggle into the game. A great deal of work fell upon the Tutela defence which, although crippled and working against odds, did well.  
It was unfortunate that such a test match as this, with the champions of last year pitted against the most progressive team this year, was spoilt and robbed of its attraction by the poor turnout of the Tutela Park boys. They have taken another step out of the spotlight and must improve before they can hope to retain the trophies they possess.

# GERMAN DESTROYERS ARE SUNK

## Two German and One British Boat Sunk in Action.

London, May 3.—The British Admiralty stated last evening that two German torpedo boats had been sunk in the North Sea. The British torpedo boat destroyer Recruit also was sunk.

The text of the Admiralty statement follows:

"A series of small affairs took place in the neighborhood of the Galopier and North Hinder lightships on Saturday.

"During the forenoon H.M. destroyer Recruit was sunk by a submarine, four officers and 21 men being saved by the trawler Daisy.

#### WOULD NOT SHOW COLORS.

"At 3 p.m. the trawler Colombia was attacked by two German torpedo boats, who approached her from the westward and commenced an action without hoisting their colors. The Colombia was sunk by a torpedo only one deck hand being saved by the other trawlers.

"A division of British destroyers comprising the Laforey Leonidas, Lawford and Lark chased the two German vessels and after a brief fight of one hour sank them both.

"The British destroyers sustained no casualties.

"Two German officers and 44 men were rescued from the sea and are prisoners of war."

THIRTY MEN SAVED. The destroyer Recruit was on patrol duty Saturday morning when the submarine sank her. According to details received here she was struck amidships by the torpedo and began to sink. The wounded vessel signalled for assistance and her call was answered by the trawler Daisy and thirty men out of her complement of sixty-five were saved.

It is stated that a torpedo was fired at the Daisy which was forced to leave one of her rescue boats behind and that the submarine chased this boat and fired her gun at it wounding four men.

British torpedo boat destroyers sighting in the distance the two German torpedo boats which had sunk the trawler Colombia and apparently were supporting a submarine engaged the Germans at long range in the vicinity of the North Hinder light.

Germans endeavored to run away, but the British boats pressed them hard and shortly afterwards sank them. The British boats rescued some of the crews of the Germans and landed them to-day.

#### SAVED TWO OFFICERS.

The Norwegian steamer Varild which has arrived in the waterway at Maasliis, Holland, from London, reports that she saved two officers of a German torpedo boat which was sunk in the North Sea, says Reuter's Maasliis correspondent. The officers were taken to a torpedo boat.

#### SEVENTEEN MEN DROWNED

Yarmouth, England, May 3.—The trawler Barbados has arrived here in a damaged condition as the result of

an encounter with a German torpedo boat off the Belgian coast on Saturday. The captain of the trawler was wounded in the foot, but the rest of the crew escaped uninjured.

The Barbados reports that the trawler Colombia was torpedoed and sunk, with seventeen hands. One survivor and one German bluejacket who had fallen overboard, were brought to Yarmouth by the Barbados.

The Barbados defended herself against the torpedo boat with two small guns, and the Captain says the German was evidently hit, as steam was seen escaping from her. The wheelhouse and funnel of the Barbados were riddled with shot.

The British destroyer Recruit was of the thirty-knot type, and was completed in 1901. She had a displacement of 320 tons. Her armament consisted of two 18-inch torpedo tubes.

#### PEACE CONCOURSE

By Swedia. Wire to The Courier.

London, May 3.—The Amsterdam correspondent of Reuter's Telegram Company states that this year's May Day celebration in Amsterdam took the form of a huge peace demonstration, between 30,000 and 40,000 men, women and children participating.

The correspondent adds that it was a strange sight to see mingled in the crowds, several hundred soldiers in full uniform, many carrying red flags

bearing inscriptions expressing a desire for peace. The demonstrators marched through the principal thoroughfares, passed the palace and finally held an open air meeting, which was addressed by several well known Socialists.

Jan Banzek, an Austrian prisoner, attempted to escape from guards at Bonaventura station, and not stopping when ordered to do so, was shot dead.
