with less fear of burning than in any other kind, because aluminum is a better distributor of heat and retains it longer. This means a saving in fuel. And it means a saving in wear-and-tear expense, too.

"Wear-Ever" utensils are light to handle and easy to clean. They cannot form poisonous compounds with fruit acids or foods.

"Wear-Ever" utensils are made from thick, hard sheet aluminum, 99% pure, without joint, seam or solder. You can let food burn dry without injuring them. Cannot rust—cannot chip or scale—are practically indestructible.

KENTVILLE NEWS.

Have your costume ready for the Carnival on Tuesday evening next, 8th inst.

Everyone will want to hear Lieut.-Col. Guthrie, Friday evening in Nicklet Theatre. Reserve the date.

Miss Clara Burbidge of Middleton has been visiting her sister, Mrs. S. E. Fielding of Canada.

Pte. Lee Harvey of the 64th Battalion now stationed at Halifax, spent the week-end at his home in Kentville.

Mr. Gould of Harborville is in Kentville with his brother, Private Gould of the 112th Battalion who is on the sick list.

Mrs. C. K. Harrington left Monday for Boston and will accompany her father, Mr. H. Loyitz back to Kentville.

Don't forget the Hockey Match, Acadia vs. Kentville at the Arena, Wednesday evening. The first game of the season between two crack teams.

Refreshments and Home-made candy on Sale at the Social in the Baptist Vestry tonight. A splendid programme will also be given.

The musicale given by the Baptist Young People's Union in the vestry of the church Friday evening proved a delightful hour. A large number were in attendance including several of the boys of the 112th Battalion.

Reserve Friday evening for the Big Patriotic Rally at Nicklet Theatre. The meeting is under the auspices of the N. S. Recruiting Association, and Lieut.-W. E. Roscoe will preside. Lieut.-Col. Percy A. Guthrie, a real hero, will give an address. Lieut. E. Howe will give some of his popular guitar solos, and Hiawatha orchestra will render music. See advance posters.

Mr. Reginald T. Ruggles, for some time the Teller of the Bank of Nova Scotia has resigned his position, and left Saturday for his home in Bridgetown. Mr. Ruggles intends enlisting in the service of the Empire, and leaves soon for Halifax to train as a Lieutenant. Mr. Ruggles was a genial, obliging and competent teller and while his departure is much regretted, we are glad he has entered the noblest of all services, his duty to the Empire. Other members of the staff are thinking seriously of this matter and we are sure will decide in the right way when the opportunity is theirs. Mr. Frank Wood has been promoted to Teller and Mr. Morton to Ledger.

Monday afternoon we visited the boys on the sick list of the 112th Battalion, in training here and we are pleased to report that conditions are much improved. Privates Magee and Gould have both been seriously ill in fact Pte. Magee is still very ill, but under the skillful care of Miss Caldwell, trained nurse, and the best of medical care and attention hopes are entertained for his recovery. Private Gould is improving nicely, and the other boys who have had an attack of measles are convalescent. The boys are receiving good care. Lieutenant Morris has been active in securing medical advice and is doing his utmost for the men under his charge. Committees from the churches, and Mrs. McBride, President of the Red Cross, and other members of the Society have visited the sick boys and we are sure they will receive the very best attention—and the best in none too good for those who are giving themselves for their country. Kentville is a healthful town and there is no reason but that with proper care they can be kept in good health and fitted for their training duties.

HOCKEY

Friday night, January 28th, a Town Hockey League was organized, four teams entered and a schedule was drawn up. The Directors of the Kentville Arena Company have kindly donated a cup. J. Roy Hiltz was appointed Official Referee. All games start at 6.45 p. m. Every person should patronize these games, and encourage friendly sport. The first game takes place Wednesday night Feb. 2, before the Kentville-Acadia game. The schedule is as follows:

Feb. 2—112th Batt. vs. Academy, 6.45 p. m.
Feb. 4—Movies vs. Pole Cats, 6.45 p. m.

APPLES IN SOUTH AFRICA.

(From the Trade and Commerce Report, Ottawa.)

The S.S. Benin arrived early this week and delivered in fairly good cold storage condition apples from British Columbia, Ontario and Nova Scotia. A new mark, almost entirely Jonathan brand, was received from British Columbia, the color of the fruit being very good and the number per box being packed according to requirements. Another shipment from British Columbia arrived from shippers who consigned both last year and this year, and although every report dealing with apples for South Africa and every letter to these shippers has informed them about the color and size required, 90 per cent of the shipment was Grimes Golden and the balance was in Jonathan and Canada Red. Had the figures been reversed, the requirements of this market would have been met. There must, of course, be some good reason or the shipper consigning would not have taken the risk; however, as it is, the market, which is short of apples, may give fairly good results in price for the golden fruit. Until the trade is educated to the value of the apple, the 90 per cent parcel will suffer a heavy loss under normal conditions of delivery apples.

The shipments of Ontario apples in barrels was nearly all No. 1 and 2 Ben Davis, with at small lot of Gano. With this shipment of fruit, which was good in color, but in some cases very poorly graded, there was considerable difficulty in having them accepted by the customs owing to a great deal of Fusicladium and they would not have been accepted except for the fact that in numbers they were grouped with the perfectly clean fruit from British Columbia and Nova Scotia. This brought the percentage of scale in the whole shipment low enough to allow acceptance, with a strict warning from the inspector that better care must be exercised in future shipments. Many times have the Canadian apple shippers been warned about the very strict rules regarding import of fruit into South Africa and whether a shipment has been paid for or bought only on consignment, the same care should be given in shipping only the healthy fruit.

The Nova Scotia shipment of boxed apples were in the best of color and condition and were nearly all Wagener No. 1 and 2; the grading of this lot was very good.

FRENCH AIR SQUADRON IMPORTANT RAIDS.

London, Jan. 24—French air squadrons yesterday made important raids on the towns of Monastir and Gievgeil, according to despatch from Saloniki to Reuter's Telegram Company. The despatch says:

"One squadron dropped more than two hundred bombs on Monastir and neighboring enemy positions. Another squadron threw a hundred bombs in the vicinity of Gievgeil."

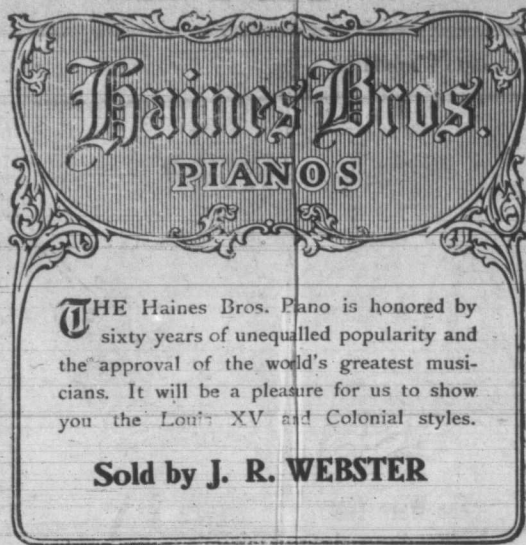

"All the machines returned safely, though they were subjected to a heavy fire. It is believed the bombs did great damage."

To the village clergyman's home there came one day a bouncing baby boy. Kind neighbors and members of his flock hastily gathered together a few dollars and presented the money to the proud but poor father.

So great was his gratitude that he decided to thank his congregation the following Sunday before beginning his sermon, and this is what the wondering congregation heard:

"Friends, I want to express my keen appreciation and gratitude for the timely little succor that came to my home yesterday."

Those Red Cross Socks Again.

There seems to be people in the country who delight in spreading any tale however unfounded, which is calculated to injure the Red Cross or any other society which is engaged in patriotic work. The absurd sock story which has been so often refuted persists in cropping up here and there throughout the whole country.

A very vigorous refutation of this baseless lie is written by Sergeant R. S. Simmons in a letter to his father in London, Ont.

"As to having to pay anything," states Sergeant Simmons, for a article from the Red Cross or any other society, it is all utter rot. We are well fed and well clothed and it costs us nothing. These stories are nothing but damaging lies circulated by men who have never been in the firing line or are too cowardly to stand in the firing line."

Thousands of other letters could be printed substantiating this denial. People who take such stories seriously are either very incredulous or else very anxious to grasp at any straw for an excuse to escape their Red Cross duty. There is not the least doubt that the Red Cross funds are well administered.

WILL ASK HOUSE FOR DOMINION WIDE PROHIBITION DURING THE WAR.

OTTAWA, January 19.—A resolution calling for prohibition of liquor in Canada for the duration of the war and a re-constructive period of three years thereafter, until repealed by a vote of the people, was passed today at a meeting of members of the Dominion Alliance Executive, the Senate and Commons and the Ottawa Committee recently organized to further the Federal prohibition movement.

The resolution, in effect, determines the wording of that which will be introduced in the commons later in the session. A committee was appointed to wait on the cabinet and ask that the government facilitate passage of the resolution and follow it up with legislation.

At the instance of the committee on Federal prohibition, which is seeking to force the issue in parliament, the resolution was altered to ask for prohibition during the war and for a "re-constructive period of at least three years thereafter, and until repealed by vote of the people."

A. W. Fraser, K. C., Ottawa, said the committee was attacking liquor from the ECONOMIC viewpoint. They estimated the saving Canada would effect by total prohibition at upwards of \$150,000 per year.

J. W. Booth, the Ottawa millionaire lumberman, put the prohibition issue second in importance only to the prosecution of the war. "With liquor wiped out, Canada would be the happiest country in the world," he declared.

Senator King, of New Brunswick, and F. B. Carvell, M. P., for Carleton, N. B., expressed strong disapproval of the proposed legislation.

The following were named as a committee to wait on the cabinet:—F. S. Spence, Rev. B. H. Spence and Rev. Dr. T. Albert Moore, Toronto; Rev. Mr. Flemmington, Fredericton; Rev. Mr. Grant, New Glasgow; Messrs. W. E. Raney, Toronto; J. H. Carson and J. H. Roberts, Montreal; Rev. Dr. Hazelwood, Toronto; J. R. Booth, Hiram Robinson, G. H. Millen, A. W. Fraser, J. W. Hennessy, Charles Hopewell, E. Seybold and W. J. Keane, Ottawa.

ACTIVITY OF PORTUGUESE RED CROSS.

The doctrine of unpreparedness has few followers even in the countries which are not actively engaged in hostilities. Exceedingly cynical indeed must be any country, which can calmly contemplate the sufferings of millions of wounded men, with no thought of organizing medical assistance.

The annual report of the Portuguese Red Cross shows that Portugal is conscious of its obligations in this matter. Since the outbreak of war the Central Committee at Lisbon has occupied itself especially with the formation of provincial branches. The number of these is now 25. Their administration, as in Canada, is completely autonomous. Each branch begins its labors by the formation of a hospital unit, composed of 4 doctors, 6 trained nurses, 48 litter bearers, and in addition provided with the regulation material for the transport and surgical treatment of wounded.

The chief work of the Portuguese Society has been the establishment, at Lisbon, of the Nurses Training School with a hospital annex. This hospital, which bears the name "Casa de Saude da Cruz Vermelha" or "Hospital of the Red Cross," is situated in the suburbs of Lisbon, near the Zoological Garden, on the slopes of a hill from which there is an immense and splendid panorama. It is surrounded by gardens with an area of over 300,000 square feet, and has a capacity of 100 beds.

Through this and other ways much has been done to put the Red Cross work on a firm footing in the republic of Portugal. There, as elsewhere, it is realized that a country which keeps out of the world current of Red Cross activity, is a country which incurs an extreme national discredit.

ONTARIO MAY CLOSE BARS DURING THE WAR.

It is reported that the Ontario government will close all the bars in Ontario during the war, beginning on May 1, when the licenses expire. The Toronto Star, which publishes this report, says it ought to be true, adding:

"We must beat the Germans by every means in our power. We must use all our financial strength, and all our human strength. We ought to stop the leakage strength that is represented by the bar of Ontario. In this Armageddon the people of Ontario cannot afford to spend their money in ways that weaken the manhood of Ontario and help the enemy."

OBITUARY

(From Register.)
Mr. Leander Margeson.
Mr. Leander Margeson, whose death at Harborville we announced last week, was among the eldest of the residents of Western Kings. He was a native of this County, born in 1827, one of the sons of the late Mr. John W. Margeson, of Canady Creek. For many years Mr. Margeson served the public at that place as a blacksmith, and was well and widely known. Some ten years ago, he, with his son, Mr. L. B. Margeson opened a shop at Harborville, where notwithstanding advanced years he worked at the forge until a comparatively short time before his death. His vigor of body and mind and his perennial youthfulness have kept him in touch with those who have taken the place of the generation to which he belonged and few aged men were more generally known. He leaves a large circle of relatives and friends.

Mr. L. D. Young.
We deeply regret to have to announce the death of Mr. L. D. Young, of Brooklyn, N. Y., son of Mr. and Mrs. W. V. T. Young of Waterville. Mr. Young died very suddenly on Saturday last at the Brooklyn Hospital. His parents received a letter from him on the previous Saturday, in which he stated that he was well but had been working unusually hard during the holiday season. One week later they were shocked to hear the sad news of his death. The remains are expected to reach Waterville tomorrow. The funeral will be held from the home of his parents on Saturday, January 29th, at 2 p. m. Interment will be in Berwick Cemetery. His sister, Mrs. Craig, is expected to arrive from Alberta on Friday.

Matthew Webster.
The death of Matthew Webster occurred suddenly on Saturday morning from heart failure at the residence of his nephew, Mr. Ernest Webster. The deceased, who was never married, was a son of the late Isaac Webster, of this place, and had spent his entire life here. He was in his eighty-fifth year. Funeral services were conducted by the Rev. W. H. Spencer, of Waterville. Interment at the Cambridge Cemetery.

EDITORIAL BREVITIES.

Help home industry by subscribing to "The Advertiser"—"Made in Kentville News."

We aim to please—The best in none too good for our readers. Our energies are in that direction.

Boost your Town, don't knock it. Don't forget your Town is what you make it.

By buying goods from the home merchants you not only help yourself, but help others. Remember it is the home merchants that build up the Town, not the Mail-Order houses thousands of miles away. Our merchants carry a line of goods of superior quality. Patronize them. Our advertisements will direct you in the right way.

THE QUESTION OF THE HOUR.

Election Day! The day when the question of the hour—"who shall direct the civic affairs of our Town?"—shall be decided. Five candidates are in the field—Three merchants—one hotel proprietor and one master mariner—all wide-awake business men—who should have the best interests of the town at heart—but they can't all be elected as only three vacancies are to be filled. Now the question is which three of the five will best fill the position at the Council Board? Look at this matter in a straight-forward, business-like manner. Cast aside your prejudices, and use your franchise in a way which will be the very best for the Town in which you live.

Some of our young men are to use the franchise for the first time. Now young men this is a great privilege, to have a voice in the Town's affairs, see to it that you use it in the right way, without fear or favor, in a way ennobling to your manhood.

A chance remark of a young man in our Town was to the effect that he would place his vote where he could get the most money. Surely he was not in earnest, no young man, worthy the name would sell his franchise.

Another chance remark was that the young man did not know whether he would vote or not. This attitude is wrong also we would judge, as every man should take a keen interest in this matter.

Now electors this matter rests with you. Aim to make a bigger, better, more progressive Kentville.

MARRIED IN ENGLAND

Chipman-Manners

The marriage took place on Dec. 21 at the Parish church of St. Peter and St. Paul, Saltwood, Kent, England, by the Rev. A. Galpin, D. D., Canon of Canterbury and Rector of Saltwood, of Leverett de Veber Chipman, Royal Highlanders of Canada, Orderly Officer, 11th Canadian Reserve Infantry Brigade, eldest son of the late W. H. Chipman, Esq., Middleton, N. S., and Mrs. Chipman, Annapolis Royal, N. S., and grandson of the late Col. L. deV. Chipman, Kentville, N. S., to Muriel, third daughter of Captain John Manners and Mrs. Manners, Bank House, Deal, Kent. The groom was formerly editor and proprietor of the Annapolis Spectator.—Ex.

Mr. Jacob Vidito announces the engagement of his daughter, Mable, to Mr. Roy Hickey of Stellarton. The wedding will take place at Stellarton some time in February.

RECRUITING FOR 112TH BATTALION.

The 112th Battalion is now recruited to about 900 strength. Here in Kentville we have already 165 men and we need less than 70 more to make a complete company for Kings County. We also have about 16 men from this county who joined the 112th at Windsor and about half as many more who are at Middleton. These men should be allowed to join the Kings County Company now at Kentville, but in case they do not the number required should be raised here within the next three weeks.

A complete Kings County Company will certainly be a credit to us when it is composed of the sterling qualities and noble determination of the men now here. The company would be entitled to six officers and Lt. Morris now in charge will be one. A loud call is made for the recall of Lieut. Emery Howe to Kentville and we fully expect he will be another of the officers. He has done noble work in assisting Lieut. J. D. Spidell in recruiting the men already here, and will be in Kentville and Kings County this week on the same business.

We want Kings County to be aroused to the necessity of filling up this company at once. Let pastors, and all other professional men, merchants and our farmers, the backbone of the Valley, help to rally to the standard the required number of young athletic men.

Act on the impulse, and act quickly. Let February not pass without doing your share in the work of recruiting.

LT. COL. GUTHRIE COMING TO KENTVILLE.

A most interesting recruiting campaign for the benefit of the units now being raised in the Province will be conducted shortly and, it is hoped, will meet such success as to bring these units up to strength, and so clear the way for the Highland Brigade. Lieutenant Colonel Percy A. Guthrie, of Fredericton, wounded and returned from the front, will carry on a campaign in this province, commencing at Yarmouth on the 1st of February. Lt. Col. Guthrie has seen considerable fighting and is an eloquent, impressive speaker, so that the meetings he is to hold in this Province are sure to be largely attended and productive of recruits. Lt. Col. Guthrie's itinerary will be as follows:

Yarmouth, Feb. 1st; Digby, Feb. 2nd; Bridgetown, Feb. 3rd; Kentville, Feb. 4th; Halifax, Feb. 6th; Truro, Feb. 7th; New Glasgow, Feb. 8th; Pictou, Feb. 9th; Parrsboro, Feb. 10th, at Annapolis, Feb. 11th.

It is expected that Lt. Col. Guthrie will return later and will go to Cape Breton and there conduct recruiting meetings.

Lt. Col. Guthrie has been appointed a sort of special recruiting officer. He went over to England as a Major in the 12th Battalion, of the First Contingent and then was appointed to command the 10th Battalion at the front. At Festubert he was 3 times wounded and he also had the somewhat unpleasant experience of being on the Allan liner Hesperian when she was torpedoed off the Irish coast. He was then being returned to Canada as a wounded officer and was so ill, when he Hesperian was struck, that he had to be carried to the side and was saved from drowning by being thrown into a boat after it had been launched.

"SPECIAL NOTICE"

On account of a big recruiting meeting being held in this theatre on Friday evening, this weeks episode of the "Exploits of Elaine" will be shown on Thursday and Saturday.

The little son of Mr. and Mrs. Charlie Schofield had a very narrow escape from being killed, he was standing in a chair looking out the window when frightened by a dog barking and fell against the window breaking the glass, the child falling about twenty-five feet, the doctor was at once called, and the child is now doing well, he has no serious injuries, but badly shaken up, but is now out of danger.

CARD OF THANKS
 Mr. and Mrs. James Wilson of Steam Mill wish to thank their many friends who so kindly remembered their son, Maurice during his illness and for their assistance and sympathy in their sad bereavement.

The most foolish suggestion that can be made by slackers is that Canadians should not have to fight in this war because it is essentially Great Britain's affair. The man that cannot see that the defeat of Germany is very much an affair of Canada's is either willfully blind or densely ignorant.

Having purchased the property occupied by the Niagara Spray Co. on the C. V. Ry., Kentville, I propose erecting a Wood Working Establishment with all necessary machinery. WOLFVILLE NEWS.

Mrs. (Prof.) Haycock has returned from a few weeks visit in Boston.

The Acadia Bulletin says:—"Dr. W. Reg. Morse is expected home from China on his furlough this month.

Nearly thirty new pupils have been registered at Acadia Seminary since the beginning of the second term, Jan. 5, 1916.

Mr. L. W. Archibald, who has been for several months in Pennsylvania is on a visit to Wolfville, and will also make a trip to P. E. Island.

The ladies of Wolfville have been giving a number of Red Cross Teas and the sum of \$28.35 has been added to the funds of the Red Cross Society in Wolfville.

Miss Marie Hay, daughter of Dr. Hay, was a passenger from St. John, Saturday, 22nd ult., en route to Acadia University, Wolfville. While in Digby she was the guest of Mr. and Mrs. H. E. Jones, Montague street.

An interesting lecture was delivered by Rev. Geo. T. Bryant, at the Methodist Church, Wolfville, on the work of the Army Medical Corps, and his experiences as an officer of that corps in England. The net proceeds amounting to the sum of \$13.67 was handed to the local Red Cross Society.

The death of Mrs. Pick occurred at her home in Black River, Jan. 14th, aged 80 years. Mrs. Pick was a native of Ireland. Early in life she came to Nova Scotia. Some two years ago she had a fall from the effects of which she never fully recovered. She led a worthy Christian life and was highly esteemed in the community.

Miss Elmore Eaton was among those graduating from the General Hospital, Vancouver, this month. Miss Eaton, who is a daughter of Mr. and Mrs. Lawrence Eaton, of Wolfville, and a former resident of this place, received her diploma, with high honors and gold medal, on January 12th, and has since been made head nurse of one of the wards of that hospital.—Acadian.

QUERY, ONE AT A TIME

I asked a gentleman who boards at the Sanitorium and a special judge of good eggs, if he ever knew a hen to lay two eggs. Yes he said he knew a hen to lay over 700 eggs. What I meant to ask him was if he ever knew a hen to lay two eggs in one day. Would some of our hen experts inform us through the press if it is possible for a hen to lay two eggs in one day.

Mrs. Williams admits that she is not qualified to speak on poultry, but she boldly affirms that she had a quacking duck that she is positive layed two eggs in one day. This duck she states exercised herself in the Cornwallis River swimming against the ebb and flow of the tide—hence was in extra condition for a heavy performance. A lady living in the western end of the town and an authority on poultry states that a hen cannot produce more than one egg a day, but she has a lady friend in Cornwallis who positively asserts that one of her hens layed an egg in the morning and one at night. No doubt a setting hen. Mr. Free Young is willing to testify and he is a reliable man that when the Black Minorcas were first introduced in this country they layed two eggs a day. He had but one hen and he often gathered 2 eggs daily. Have also interviewed Mr. Lyons a high authority on laying hens and he cannot solve the question, but he is confident his Australian White Leghorns often lay two eggs daily. Very prodigious producers certainly.—Com.

Mr. and Mrs. H. P. Sweet, who have been at Truro since the Xmas season with their daughter, Mrs. A. Vincent, have returned to their home at Billtown.

"The Thistle," of the 85th N. S. Highlanders, of January says:

With this issue of The Thistle we regret to announce that our assistant editor and business manager, formerly Pte. J. G. Stones, Water Duties, 85th Battalion, now Lieut. Stones of the 115th Overseas Battalion, has, as intimated, received promotion and has been transferred.

To Mr. Stones we are indebted for being the first to advocate the publishing of a regimental paper. And it is to Mr. Stones that the editors and, in fact, every member of the 85th Battalion owe a great debt of gratitude. For it is not too much to say that any success which this paper may possibly have had is due almost entirely to the energy and ability which he has shown.

On behalf of the battalion we wish Mr. Stones every success when he enters upon his new duties.

ALLIED AIR FLEET ATTACK GERMANS

German Trenches Shattered By British

In their progress southward across the Albanian frontier the Austrians have taken Albania's principal trade city—Scutari—and, in addition, have occupied Podgoritza, Dallovrud and Niksic, in Montenegro. The Serbians forming the garrison at Scutario retreated southward without resistance.

The Austrian official communication reasserts that the Montenegrins are throwing down their arms and that the populations in the towns occupied are receiving the invaders in a friendly manner.

Air raids by the aviators on both sides have taken place in various localities. The Germans again have passed over Dover in an aeroplane, which was engaged by all the anti-aircraft guns and pursued by British airmen. Whether bombs were dropped is not stated in the official announcement. This was the third venture of the kind in two days, in the other visits bombs having been dropped on the docks, barracks and stations at Dover and on the Arration sheds at Hougham, near Dover, according to Berlin.

Monastir, Glevgell and other points held by the Teutonic Allies near the Greek border were visited by a large French air squadron and violently bombed, while Metz and German positions in Belgium also were visited by Entente Allied aircraft and bombed.

Nothing new has come through concerning the situation on the Russian front.

On the French and Austro-Italian fronts, the usual bombardments and sapping operations continue, but without great gains for either side.

The British, through the explosion of a mine near St. Eloi, in the Arras region, did considerable damage to German trenches and also silenced German trench mortars by artillery fire near Ypres.

Floods and generally bad weather are hampering the operations of the British against the Turks in Mesopotamia. The high water in the Tigris is preventing troops from moving. During the lull in the fighting an armistice was declared for the burial of the dead.

In Northwest Egypt the British have been successful in an attack on a camp of the Senussi tribesmen, the tribesmen being dispersed and their camp destroyed.

The military Service Bill has passed its third reading in the British House of Commons by a vote of 383 to 36. It has been sent to the House of Lords, which chamber is expected to pass the measure quickly. The amendments to the original bill, as adopted, are said to have gone far towards conciliating those who previously opposed it.

A large number of British manufacturers have found that their businesses have increased tremendously as a direct result of the shutting out of German goods. They have decided, therefore, to form an organization to be conducted in the interests of British trade in general. It will have no political leanings. After the war is over, it is hoped by means of this organization to bring about a great trade expansion and to prevent Germany from capturing business that might just as well be done by British firms.

Canada is to send a fourth army division to France, and will get two other divisions in readiness. It is said there are now over 60,000 Canadians at the front and over 50,000 more in training in England. If enough of these go at once to France to form the fourth army division as many more of those now training in Canada must be sent to England to take their places in the training camps.

George Ade said at a Chicago wedding breakfast:

"The reason why I never married is that, at a wedding I attended in early youth, the minister said nervously at the end—and I have feared ever since that there may be some truth in his words—"I believe it is always kistomary to cuss the bride."

China has an area of 1,500,000 square miles, and a population of 300,000,000.

He groaned. "Look at the bill," he said. "Ten shillings for perfume for made odors that fade and die!"

"Yes," she said, coolly, "that fade and die, and go to meet the thirty-five shillings' worth of cigars you consume every month."

The Famous "American Truth Society."

(Hamilton Herald)
 Not peace only, but truth also, is exploited by the Teutons, just as the devil quotes scripture for his purpose. The American Truth Society, with headquarters in New York, a German propagandist organization, has been convicted of publishing a bogus Punch with reproductions of old Punch cartoons in order to make it appear that British sentiment is unfriendly to the United States.

BRITISH DEFEAT TRIBESMEN IN EGYPT

London, Jan. 24—An official communication issued tonight regarding the situation in Northwest Egypt says: "General Wallace's column in Egypt attacked the camp of the Senussi tribesmen Sunday, disposing of the enemy and burning the camp."

Johnny Jones had taken up the study of anatomy at school, and developed keen interest in it. The progress at school was necessarily slow, so he sought to gain information at home, and one day he asked his mother in grave perplexity, "Ma, I know where my liver is, but where is my bacon?"

WOMEN'S WOES

Kentville Women Are Finding Relief at Last.

It does seem that women have more than a fair share of the aches and pains that afflict humanity; they must "keep up," must attend to duties in spite of constantly aching backs or headaches, dizzy spells, bearing down pains; they must sit up, when to stoop means torture. They must walk and bend and work with racking pains and many aches from kidney ills. Kidneys are more suffering than any other organ of the body. Keep the kidneys well and health is easily maintained.

Read of a remedy for kidneys only that helps and cures the kidneys and is endorsed by people you know.

Mrs. Howard Amburg, of Kentville, N. S. says: "I am very much pleased to recommend Booth's Kidney Pills for their quick relief and cure of very severe sick headaches and dizziness which made me miserable for days at a time. My back had troubled me greatly and I concluded this was all caused from kidney trouble. I tried numerous remedies and prescriptions but only received temporary relief. I then learned of Booth's Kidney Pills which were recommended to me and procured a box at J. D. Clark Pharmacy, and I am now convinced that they are all that is claimed for them as the terrible headache, with which I had suffered have not returned, the dizzy spells have left me and my back is as well and strong as it ever was." Sold by Dealers. Price, 50 cents. The R. T. Booth Co. Ltd., Fort Erie Ont. Sole Canadian Agents.

Synopsis of Canadian North-West Land Regulations.

THE sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or sub-Agency for the district. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency) on certain conditions.

Duties—Six months residence upon cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$3.00 per acre.

Duties—Six months residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-emption patent may be obtained as soon as homestead patent, on certain conditions.

Asstiller who has exhausted his homestead right may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties—Must reside six months out of three years, cultivate 50 acres and erect a house worth \$300.

The act of cultivation is subject to reduction in case of rough, scrubby or toxy land. Live stock may be substituted for cultivation under certain conditions.

CONDITION OF AUSTRIAN EMPEROR IS GRAVE

London, Jan. 25—Advices received by the Vatican are to the effect that the condition of Emperor Franz Joseph is grave, says the Daily Telegraph's Rome correspondent.

NOVA SCOTIA IS EXPECTED TO GIVE 10,000 MORE MEN

The Recruiting Association has issued an appeal to the young men of Nova Scotia to enlist in the services of the Empire. Every young man physically fit and able to go to the front should answer to his country's call. So far in Nova Scotia about 12,000 men have enlisted. But we have not yet approached in proportion to our population, what Great Britain has done. Now the call comes for more men. Nova Scotia must furnish her proportion, or we shall be laggards in this great pace of patriotic service.

Upon the young men of Nova Scotia at this time rests a serious responsibility. They are the inheritors of a freedom for which their forefathers fought and died. Without effort on our part there has been given into our hands the priceless boon of liberty and free institutions. For us the testing time has come. Will we pass on unimpaired to our children the liberty we did so little to obtain? In a word, are we worthy to be free?

Every young man must put this question to himself. Upon the answer his conscience makes depends the future. Here, to fore, in Nova Scotia, we have not been content to let others do our fighting and we do not believe that today Nova Scotians will fall in their full duty.

The need is great. It must be brought home to all of us. Those who cannot go to the front can nevertheless do their full duty at home. But to those who can go overseas and have not yet realized the urgency of the call—the need must be made apparent with compelling force. The time has come for enlisting our whole manhood, in one form or another, in the country's service. We have every confidence that the young manhood of this Province will not shirk from the sacrifice that the sacred call of duty demands.

Offer to Raise American Brigade of Six Thousand

Windsor, Ont., Jan. 26—Rev. Capt. W. S. Bullock, who is chaplain of the American Legion being trained at Toronto, announced yesterday that the Legion was at full strength and that an offer had been made to the Canadian militia department to raise a Brigade of 6,000 men made up exclusively of American citizens.

WISH TO EXCHANGE FRUITS

South American Growers Wish to Give Weight for Weight. A large and modern cold storage has been erected in Rio de Janeiro, combined with warehouses, for the purpose of handling on a commission basis apples, pears, plums, grapes and apricots. This new concern, established partly by American funds, is also inclined to deal in fruits from other places, and Canadian growers have been invited to correspond with the managers, with a view to exchanging fruits, weight for weight. This appears to be quite a sound idea, worth studying.

Regularity in feeding and milking goes a long way toward big milk cheques.

Some Temperance Facts.

The American Issue has the following to say about prohibition progress. Here is ammunition for Temperance Sunday: By the rapid spread of prohibition territory the liquor traffic has been hit the hardest blow in all its history.

There was a decrease in consumption of over two gallons per capita throughout the nation.

United States revenue from liquor dropped over \$20,000,000. The daily decrease in the use of hard liquors was enough to make a daily drop of \$39,667 in government tax.

The daily amount consumed of fermented liquors, such as beer, was lessened so much that the regular government tax on these liquors was decreased to the amount of \$17,421 per day. Fifteen millions less whisky drank.

Two hundred million, three hundred thousand, four hundred and thirty-six less gallons of beer. More than 17,000 fewer liquor dealers, legal or illegal.

And yet some croakers around this town say no license only causes more liquor to be sold. The above figures swat that lie and kill it forever.

WHY SUFFER!

Breathe Hyomei and Kill the Loathsome Catarrh Germs

Just as long as you have catarrh your nose will itch, your breath will be foul, you will hawk and spit and you will do other disgusting things because you can't help yourself. The germs of catarrh have got you in their power; they are continually and persistently digging into and irritating the mucous membrane of your nose and throat. They are now making your life miserable; in time they will sap your entire system of its energy, its strength, its vigor and vitality.

But there is one remedy that will kill the germs and cure catarrh, and that is Hyomei, the Australian dry air treatment.

Joseph Dural, of Woodstock Street, Tavistock, Ont., says: "Catarrh had given me all kinds of suffering for a long time. There was a swelling of the glands under the eyes and adjacent to my nose and the discharges would drop into my throat. I used several remedies, but never got the relief that I did from Booth's Hyomei. I have been so pleased with Hyomei, results that I highly recommend its use to catarrh sufferers."

J. D. Clark, druggist, will guarantee Hyomei to cure catarrh or money back. Don't delay this pleasant antiseptic treatment. Breathe in Hyomei and kill the germs.

J. D. Clark will sell you a complete Hyomei outfit, including inhaler, for only \$1.00. It is also guaranteed to cure bronchitis, asthma, coughs, croup, hay fever and croup.

SENATOR GEO. RILEY DEAD

Victoria, Jan. 20—Senator George Riley, Liberal, died in Victoria recently, aged 73 years.

A blacksmith was arguing with a gardener as to which was the first trade in the world. The gardener said it was gardening and he quoted from Genesis: "Adam was put in the Garden of Eden to till it."

"Ah," said Pat, who had stuck up for his own trade. "Who made the spades?"

"Well, Sandy, you are getting very bent. Why don't you stand up straight like me, man?"

"Eh, mon, do ye see that field o' corn over there?"

"I do."

"Well, ye'll notice that the full heads hang down and the empty ones stand up."

FALLING OFF IN RECRUITING

In Nova Scotia 228 Men, and in New Brunswick 164 Men Signed n Last Week

Recruiting fell off very materially in all three of the Maritime Provinces during the past week. Nova Scotia signed up 228 men, New Brunswick 164, with two Counties to hear from, and Prince Edward Island 66. Only sixteen men appear in the recruiting officers list for Halifax, but fifty other were signed up here for the Army Service Corps. The publisher of the best Farmer's paper in the Maritime Provinces in writing to us states: "I would say that I do not know of a medicine that has stood the test of time like MINARD'S LINIMENT. It has been an unfailing remedy in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators."

Little Dorothy, whose father owned a canning factory, went to Sunday school for the first time, but soon came home screaming at the top of her voice. "Why, Dorothy," said her father, "what is the matter?" "O, daddy," she cried. "Don't let them do it, will you?" "Do what, my child?" "Don't let them can me!" she sobbed.

"Can you? What do you mean?" "Why the teacher said for everybody to sing, 'Can a little child like me, and I ran away fore they did it.'"

The social held at the residence of Mr. George Best at Prospect was largely attended and \$37.00 realized for the Methodist cause.

CANADIAN PATRIOTIC FUND

Some time ago we had occasion to refer in these columns to the Patriotic Fund and gave an invitation to all interested in its work to contribute. So far less than \$100 has been received and we are told that there have been no private contributions from Kings Co. for the last six months. What is wrong? There is no need at this late hour of explaining what the Fund is for and what it is trying to achieve. We all know its aims and objects. But some think that this is a matter which the Government itself should take over. Probably so, but the fact remains that as long as it does not, it is our duty—the duty and privilege of those who stay at home—to see that the soldiers wives, and children are well cared for.

Strenuous efforts are being made all over Canada and in Kings County to get recruits. What does the married man ask when the recruiting officer puts in an appearance? "Will my wife and children be provided for when I am away." He is told that if the Government allowance is not sufficient, the Patriotic Fund will make up the difference and take care of his dependents and he leaves these shores satisfied that his family will not want the ordinary comforts of home. But what are the facts in Nova Scotia. Up to 31st December, \$269,782 had been contributed and \$217,508 disbursed, leaving a balance of \$52,274, or only enough to pay disbursements for two months. In Kings County the receipts have been \$2,989 and disbursements \$2,587 leaving a balance of \$402. On the other hand it must be remembered that Kings County assessed itself \$7,500 as a contribution to the Fund, of this amount \$2,750 has been

paid and when the balance is collected the excess of receipts over expenditures will amount to \$5,152. This, we admit, is fairly good in comparison with some other Counties in the Province but the amount collected per capita is, only 34c compared with an average of 70c for the whole Dominion.

The estimated requirement for the 2nd year of the Fund is \$7,500,000 or say \$1 per head. The Maritime Provinces have assessed themselves, \$550,000 or 61c per capita. If we are to bear our share Kings County will have to contribute another \$13,000 to the Central Fund. It may be asked "why should we contribute more than is necessary to support our own dependents. But the Fund is not local, it is National in character and scope, and there are Counties and Provinces not so rich as we that have sent more than their quota of recruits. It is required of us if we cannot fight to give generously of our resources. In other words, "Fight or Pay."

There should be a further effort made to stimulate giving. The only question we need ask ourselves is, "how much shall we give" and this is governed by only two considerations—the extent of the need and the ability of the contributor.

INTERESTING RELICS FROM THE BATTLEFRONT.

Dr. Hugh S. Moore, holding the rank of Lieutenant in the Royal Army Medical Corps, has had a varied and exciting experience since going to the Front with the British Forces last spring. Slated to go to the Dardanelles on the Royal Edward, which was sunk in the Aegean Sea, by being the only one selected to take an extra ambulance unit to France, he escaped probable death by drowning, and on numerous occasions has had narrow escapes, men being killed and wounded all around him. Doing relief work for the South Wales Borderers and the King's Royal Rifles, he has been in most of the fiercest fighting of the war, and most of the time at the front for many months. These regiments obtained a large number of Victoria Crosses. On September 25th last, he was with the famous regiment in the Allies great offensive when they entered the French town of Loos and drove the Germans out with great slaughter.

He has recently sent home an interesting collection of souvenirs which he obtained during the march to and the occupying of Loos. These can be seen in Mr. G. C. McDougall's Drug Store window. The helmet was taken from a German officer, probably of considerable rank and is a beautiful work of constructive art and efficiency being light and yet having an internal protection of fine quality of steel. A piece of shell is shown which destroyed his surgical haversack and from its weight and terrible jagged character would probably have killed him had it entered his side. Two rounds shrapnel bullets are shown, which he removed from a British Officer, who was wounded by them after a German shell explosion when Lieut. Moore and he were walking along the street in Loos, after occupation by the Allies. A miscellaneous collection of emergency medicines and sundries is shown. The tin and leather containers were taken from a dressing station or field hospital near Loos. The medicines are of high quality and prepared for immediate hypodermic and other uses, hermetically sealed in glass ampoules, and showing the German efficiency in this department. There are also a number of German letters, diaries, etc. which were captured from bodies and in dug outs and etc., which have not yet been translated, but are doubtless interesting and will probably convey some idea of the German internal conditions.

The whole collection is really interesting, and worth seeing.
