MR. BORDEN WILL HAVE NOTHING TO SAY ABOUT NAVAL POLICY FOR SOME TIME

Promises to Take Public Into His Confidence With Reference to Naval Affairs When Parliament Meets, Which Will Occur Next November

Hon. Mr. Rogers Says There is No Reciprocity Sentiment in the West and Tells How It All Happened in Saskatchewan

MONTREAL, Sept. 21.—That definite and detailed information regarding the naval situation which had been asked for from the imperial government would be in his hands by the end of next week, and that this information would be at once submitted to the cabinet and a plan of action in connection with the navy question drawn up which plan would be submitted immediately to the Canadian parliament which would be called together in November, the announcement made by Premier Borden tonight at the banquet tendered him at the Windsor hotel, to celebrate his return from Great Britain and the victory of his party a year ago.

Hundreds of prominent Conservatives attended the banquet at which in addition to the premier, many members of his cabinet and leaders from other provinces were present. The premier spoke at length on his visit to England, on the administration of his party since coming into power, and in defense of the attitude of the Conservative party in connection with many public questions.

L. T. Marshall proposed the toast to the premier in a speech, paying tribute to his work and defending the national policy which he declared the conservatives would always adhere to and which had enabled Canada to open up the western country and connect it with the east.

The banquet he said was not to celebrate the defeat of the Liberals but to commemorate the triumph of the national policy and to give the Canadian people to retain and keep and safeguard the commercial and fiscal autonomy of the country.

Mr. Rogers and Mr. Borden. Other speakers in addition to the premier were Hon. Robert Rogers, who denied that there was any increasing sentiment in favor of reciprocity in the west, and Hon. Mr. Borden, who declared he was continually "striving" to get the west and the east on a level.

Mr. Borden then spoke of his visit to England and declared that he was in Canada, had sharply distinguished between two questions—first, the question of the great conditions confronting the empire which might demand certain consideration and at once at our hands; while the second was the question of permanent cooperation in the defense of the empire which would be brought about in that way.

DESPONDENT BECAUSE OF ILLNESS, SIMS HANGS HIMSELF

He Was Cheerful When Those Who Lived With Him Last Saw Him Alive

Found Hanging From a Beam in the Shack in Which He Made His Home

Had Brother and Sister Living in Crescent Heights; Inquest Tonight

Despondent because of his inability to work because of chronic rheumatism, John Sims hanged himself Saturday afternoon, to a beam in the shack at 405 Tenth avenue east.

John Halligan, who also lives in the shack, returned home from work shortly after twelve o'clock and was surprised to see the body of Sims hanging by a rope which was fastened from a board in the roof of the shack. He cut down the body, and immediately notified the police.

When Halligan and Marshall left the shack on Saturday morning, Sims was in a cheerful mood, and they say they had no idea he was about to commit the rash act. He was always cheerful with others around, but when alone brooded considerably over his troubles.

It is possible that an inquest will be held either tonight or on Tuesday, but Dr. Rose, the coroner, had not yet decided last night, because it is possible a post mortem will be held on the body.

NOW COMES J. FROST AND SNOW, BUT CROP IS ALL GARNERED

Beautiful Flakes Fall Reluctantly; Relenting and Melting as They Come

Falling Alike on the Just and the Unjust; On Those With Overcoats or B. V. D.'s

The snowstorm which raged through Saskatchewan last week swept over Alberta yesterday, and brought with it a cold wave which carried all the straw hats into final oblivion.

The towns to the north were not affected, and only a light frost was felt in Calgary; High River, Lethbridge and Macleod, there was a light fall of snow—probably half an inch which did no perceptible damage.

At Stettler, Lacombe and Red Deer the weather was fair with somewhat lower temperature. Wetaskiwin escaped both frost and snow. The crops in these districts have been successfully harvested, and with a few days of continued fine weather, threshing operations will be completed.

In the south country, where the cold wave was felt most keenly, harvesting is well under way and very little grain is left standing.

The storm was heaviest at Macleod, but the damage was comparatively slight. Threshing operations may be delayed for a few days in the Calgary district, but no serious results will be felt.

ULSTER WILL NEVER BE CONQUERED, SAYS CARSON

Doesn't Care Whether the Covenant is Treason or Not; They Will Keep It

Carson Had Narrow Escape From Injury at Londonderry Riot

Coleraine, Ireland, Sept. 21.—"Ulster has never yet been conquered and never will be." This was the keynote of the speech of Sir Edward Carson, Unionist leader, who addressed a big meeting here today in opposition to home rule.

Carson's Narrow Escape. London, Sept. 21.—Sir Edward Carson had a narrow escape from injury during the rioting at Londonderry, according to a despatch received in London by the Evening News.

A large stone was dropped into Sir Edward's open carriage from the city wall, missing him by only a few inches. The windows of Lord Hamilton's automobile were broken by stones.

O'Brien Fears Insurance Bill. Cork, Ireland, Sept. 21.—Addressing the delegates at the annual gathering of the Independent Nationalists here today, William O'Brien, member of parliament for the city of Cork, expressed the fear that the insurance act was wrecking the Liberal party, and would wreck home rule with it.

Chief Cuddy will practically name the next chief of police of Lethbridge. Mayor Hatch of the southern city has paid the Calgary chief the delicate compliment of asking him to recommend some officer of his acquaintance for the post.

Chief Cuddy recommended either Inspector Black or Sergeant Crews both of Toronto, whom he believes would make splendid men for the job and have had wide and experienced work in police affairs.

GEORGESON SAYS NATURAL GAS IS A RESOURCE IN THE OWNERSHIP OF WHICH ALL PROVINCES PARTICIPATE EQUALLY

The sale of natural gas, having its origin in this province, belongs to another province, cannot be prevented. It is a resource that belongs to the whole Dominion of Canada.

That is the way Mr. William Georgeson, head of the syndicate which would engage in the big undertaking of piping the natural gas of Medicine Hat to Winnipeg, dismisses the suggestion of a local newspaper that something in the nature of an embargo be put on the enterprise.

The undertaking is one of magnitude. It will necessitate the laying of trunk mains from Medicine Hat to Winnipeg, a distance as the crow flies, of 850 miles, but with the meanderings of a pipe line, in order to supply many prosperous cities between the two points, a considerable greater distance, but as has been repeatedly demonstrated in enterprises of this character, easily feasible.

The enterprise would necessitate the outlay of many millions of dollars, one estimate being as high as \$20,000,000. Associated with Mr. Georgeson are a number of local capitalists. Mr. Georgeson returned from Winnipeg Saturday evening.

CONGESTION AT POST OFFICE WILL BE RELIEVED

Promised Early Visit of Postmaster-General Will Furnish Solution

Early Relief from the congestion prevailing in the Calgary post office is promised in the near future through the visit to this city of Postmaster-General Pelletier.

Just when Mr. Pelletier will arrive in the city is not definitely fixed, but the visit has been promised in time to map out a plan that will provide increased facilities before the Christmas season.

On account of the promised visit of the postmaster-general, the board of trade has taken no action looking to the pressing of the post office matter since its recent memorial in the form of a set of resolutions presented by a committee of that body.

It is known, however, that recommendations for temporary quarters to accommodate the overflow of business of the local office have been recommended, and it is believed the visit of the postmaster-general will deal primarily with this question, although it is planned by members of the board of trade to take up the matter of a permanent new building and secure some assurance of what it may expect.

WILL GROW TOBACCO IN BRITISH COLUMBIA

Dominion Minister of Agriculture Making Investigation into Possibilities

Ottawa, Sept. 22.—Tobacco culture is being extended to British Columbia. The first trial crop was made last year in the Okanagan Valley. The yield and quality were so satisfactory that a considerable acreage was put in this year.

FOR ALBERTA TODAY FAIR AND COOL

Table with weather forecasts for various locations in Alberta, including Port Arthur, Winnipeg, Calgary, and Edmonton.

FOR THE LOVE OF MINE, WHERE HAS THE SUN GONE?

Mrs. Calgary Housewife; Would You Have Something For Nothing? Read This

"This is the day they give dollars away with a half a pound of tea." That isn't quite the old song but it is near it. Nor does it express quite what is going to be given away this morning, but it is very close to it. Eight of the leading stores of Calgary will give one dollar's worth of merchandise to the twenty first comers to their establishments, or \$160 worth of merchandise in all.

The stores that are making this distribution are: Robinson's Limited; D. E. Black, Jeweller; Wendell McLean, Druggist; S. G. Freeze, Grocer; Calgary Furniture Store, Limited; Ashdown Hardware; P. Richardson, Shoes; Calgary Millinery Store. In their respective lines there are no better establishments in Calgary. They are all reputable concerns, and live up to their promises.

Just think of it, you prudent housewives of Calgary: A dollar's worth of merchandise in eight different places for the asking. Can you beat it? It is like taking candy from a baby. All you have to do, Mrs. Calgary Housewife, is to be on hand at 9 o'clock this morning, at any one of the eight establishments that are making this offer. In order to make the test eminently fair, each one of the stores named in this article have advertisements appearing this morning in The Albertan setting forth some of the good things they have on their shelves.

Credit for \$1.00 on anything that you see in the store will be yours for the asking—that is, if you are one of the first twenty persons to apply at the store. If the price is more than a dollar you pay the marked price less one dollar. If the price of the goods chosen is not more than one dollar, they are yours without the payment of a penny. There are no strings attached to this experiment, whatever. First come, first served, and no questions asked. You are simply made a gift of \$1.00 on any merchandise that you may select.

Our Style Show

Since the first announcement of our Fall Opening, every department devoted to fashion and Fall Wearables has been crowded. A tacit acknowledgement and recognition of the style leadership of this store. Judging by past achievements our Patrons evidently expected great things at Pryce Jones this Fall and their expectations have been fully realized. Merchandise has been selected with greatest discrimination and leaves nothing to be desired in quality, exclusiveness and charm.

Women's Ready-to-wear Apparel

Every day increases the beauty of the showing in this department. The best sources of all the world have been drawn upon for these wonderfully attractive new lines. Many entirely new features are introduced in all the styles, most notably the dresses and the best of them have been exclusively confined to this store. The moderate prices asked add material interest to this event.

The New Fall Millinery

The resplendent display of Hats, the gorgeous yet always tasteful color effects have evoked unlimited praise from every visitor, and it is safe to say that the display surpasses our best previous efforts. Among so much that is beautiful it is impossible to decide which is most worthy of special mention, but the three models briefly described below will help to give you an idea of how cleverly colors have been harmonised to create strikingly beautiful creations.

Fancy dress hat of mole color velvet and cerise charmeuse trimming with natural straight ostrich and berries.
Smart Hat in mole color moire, with facing of plush, caught at side with smart flame colored mount.
Large hat of violet color hatter plush, trimmed velvet and silk roses, the underbrim has pretty cap effect of gold and white lace and black moire ribbon streamers.
We shall feature again this season special values at \$3.50 and \$5.00.

A GENTLE CONSPIRACY

The Conservative papers give evidence of a gentle, polite and mild mannered conspiracy aimed at the Sifton government, which may or may not have results. Doubtless it will not.

One Conservative newspaper announces quite deliberately that the government has decided to increase the representation in the province by several seats. Of these seats, according to the same authority, seven will be located north of the Saskatchewan, one in Calgary and one in Medicine Hat.

But the second Conservative newspaper comes along and takes up the story where the first Conservative newspaper leaves off. It becomes quite hysterical because of the decision of the government, complaining because Calgary is not to get more than one additional seat, it waves the sectional flag quite frantically and proceeds to say most unkind things of the Sifton administration, basing its criticism upon the information contained in the first Conservative newspaper.

The Albertan is not in the secrets of the provincial government, but it is sufficiently informed about the ways of administrations to know that the Sifton administration has not decided upon the details of the redistribution of the seats of the province, and that it wouldn't tell the Calgary Conservative newspapers if it had. It is all a mild conspiracy to discredit an opponent in a mildly dishonest way. The Conservative newspapers have no honest criticism to make of the government and accordingly are resorting to this kind of thing.

FREE TRADE AND WAGES

The Calgary Herald on Saturday referred editorially to the advantageous condition of working-men in Canada compared with the working-men in England and boasted that the fiscal policy prevailing in Canada was responsible for the more satisfactory condition here.

One year ago last week the same Calgary Herald was much more vehement and hysterically contrasting labor conditions prevailing in Canada with labor conditions prevailing in the United States, quite as much to the advantage of Canada. The United States is one of the most highly protected countries in the world. The Herald was either wrong one year ago today or it is wrong now.

It is likely that labor conditions are better in Canada than in England, but not because of the protective tariff prevailing here, but in spite of it. Labor conditions are much better in Britain than in Germany which is a highly-protected country.

Protection is unable to protect labor, but it does protect much that the labor man has to buy. It does not save him from competition but it forces him to pay more for his food and his clothing. The laboring man loses more because of protection than any person else, and no person knows that better than the laboring men of Great Britain and that is the reason that tariff reform is making no progress.

LONG DISTANCE ENTHUSIASM

"When Mr. Borden rose to speak he was greeted with deafening applause which compelled him to remain bowing and smiling for upward of ten minutes before he attempted to speak."

The words just quoted are contained in the telegraphic report of the Borden banquet on Saturday night last and doubtless are correct. We have no doubt about the warmth of the greeting which the premier received. The people who applauded were doubtless sincere in their applause. Now it will be a stunt for Liberals to beat that the next time that Sir Wilfrid speaks. This habit of measuring enthusiasm with a stop watch has come over to us from the United States where they go in very much for that sort of thing.

When Mr. Taft appears in some public place his supporters who have been in training for some considerable time, get out and applaud, yell and in divers manners demonstrate for many minutes. The alert reporter gets his watch under way at the first crackle and holds it to the last faint sound and then sends forth to the world the astounding news that the demonstration lasted for 24 minutes and 37 1/4 seconds.

That is the record set up before the Roosevelt people when the Bull Moose appears in a public place on the next occasion and they run the record up to 26 minutes, 13 1/2 seconds. Then the Wilson people let out a reef in their belts and boost the record up to the even half hour. And then it is up to the Taft people.

This is a young country and our people are optimistic and enthusiastic, but this long distance enthusiasm, which sometimes, when prolonged, has some of the elements of empty bellowing, is not a sign of sane enthusiasm or ordinary wisdom. We hope that our people will not get into the habit of weighing enthusiasm by the pound or measuring it with a stop watch.

MR. ROGERS EXPLAINS

Hon. Robert Rogers' speech in Montreal on Saturday night sounds very much like the speeches which gentlemen usually make when called upon to favor the court with a few remarks before sentence is forever passed upon them. He declared most strenuously that he was not guilty. It was not his fault at all. And reciprocity did not do it. There wasn't such a thing as reciprocity sentiment in that Western country. No person talked about it. No person thought about it. No person really wanted it. It was that rascal Walter Scott who was to blame for it all, and Western people voted in favor of his candidates instead of those opposed to him. Now how can you condemn Robert Rogers for all that?

If Robert Rogers has detected no reciprocity sentiment in this Western country he must have been taking up his abiding place in the most secluded portion of the most subterranean passage of some far away root cellar. In the upper political atmosphere in this Western country, there is nothing but reciprocity. And it is getting more pronounced.

A couple of months ago Mr. Rogers and his friends were complaining because the Saskatchewan government was throwing reciprocity, a federal matter, into a provincial fight. Now Mr. Rogers says that reciprocity didn't have any effect upon the result. The statement is a joke and Mr. Rogers is not likely to repeat it in Western Canada. It may go in the house of the trusts and combines in Montreal, but the one important political question in the Western country is that of greater markets. The Western farmer will not be satisfied until he gets them.

Mr. Rogers has evidently failed to make good. When Mr. Borden chose him he went East with the reputation of being a "holy terror" in an election fight. He was looked upon as the logical and speedy successor of Mr. Borden. He took the first opportunity to show those Easterners what he could do in an election and went out to demonstrate upon Saskatchewan. With such an adept upon the job the Eastern Conservative really believed that Walter Scott would not have enough members in the present parliament to move and second a resolution. But when Mr. Rogers, with all his cohorts, backed out of Saskatchewan much worse than when he went in, his plight resembled very closely that of another celebrity, James Jeffries on his retreat from Reno. Judging from his efforts on Saturday night, he saw very clearly, that the East expected an explanation and he made one.

That explanation was that a large number of the people of Saskatchewan shouldn't be entrusted with the ballot. It is perhaps as well to leave it at that. That is a matter of opinion.

EDITORIAL NOTES

Mr. Borden had a naval policy a year ago, which was definite and aggressive, but now he informs the public that he has sent to England for some information when he gets that he will submit it to his cabinet ministers and when they get that they will prepare something that may be a policy and submit it to parliament to be held in November. And Mr. Borden was alarmed about the emergency existing four or more years ago.

Critics across the line favoring advanced municipal administration point out that the success of any municipal machinery depends upon the men in charge of it, and that a commission form of government, to be successful, must have able men at the head of it. In other words, we must be more careful with the men we elect to the commission.

Hon. Robert Rogers says that there is no reciprocity sentiment in Western Canada, which statement in the language of the late Artemus Ward is a goak.

The weather man has stepped in to definitely settle the question of when a person should discard the straw headgear.

The Duke of Connaught has been from coast to coast as governor-general and has made himself exceedingly popular everywhere. Canadian people do not like him just because he is a duke and near to the king, but because he fills the high-position which he occupies in the very best kind of a way. In the words of the street, he has made good in his present job.

Let us hope that some day the local Canadian club in getting an Old Country speaker will be able to get one who is not so terribly fearful of an outbreak of war before the dinner dishes are cleared away and who can speak about some other topic. There are millions of Englishmen who are not so alarmed, though they do not seem to get very far inside of any of our Canadian clubs.

This is an age of paradoxes. In one year we see the Chinese people throwing aside an autocratic monarchy and establishing a republic and at the same time Britons the home of freedom, joining hands with Russia to throttle the efforts of Persia to establish something like popular government.

Ideas of a Plain Man

By DR. FRANK CRANE

COFFEE is a drink taken by people who wish to sit up all night in bed and repeat the multiplication table backwards. There is nothing that will stop a lack of a person's system quicker than three cups of black coffee, inhaled just before retiring.

Coffee is made in Brazil and comes to this country in a green state. Some of this green coffee finds its way into railroad eating houses and extracts profane protests from traveling men. As a rule, however, coffee is roasted to a dull bronzetint finish before being shipped to the interior.

There are several ways of preparing coffee so that nobody can tell it from rain water. The favorite method is to allow it to cool until it is perfectly numb, while waiting for the cream and sugar. This kind of coffee never caused anybody to kick off the bed clothes in the effort to connect with a little slumber.

The most restless brand of coffee is that served in a dining car, as it never anticipates a reverse curve and is liable to leap into somebody's lap when it is using his napkin elsewhere. Dining car coffee is usually made of four parts lye and one part condensed milk, and will make an invalid rise up and fight the porter on the slightest provocation in the week.

Soon after the boundaries of the new settlements were announced, two companies of infantry, commanded by Captains Chambers and Captain Jackson, captured fifteen mine guards. They were started on the way to military headquarters when they were met by a detachment of the United States Cavalry.

Interest here today centered in a telegram received by President Thomas Carter from the Secretary of the International President John P. White that he and other interested parties had arranged a time for the meeting called by Governor Giacomini of miners, coal operators and commercial bodies, for next Saturday evening.

BENNETT BUYS IN TABER AND VALUES FLUTTER

A Little Boom is Started Because of the Purchases of the Calgary Capitalist

Two Sections of Land Change Owners at Values Varying From \$75 to \$175 Per Acre

Taber, Sept. 21.—That Taber is just entering upon a period of unprecedented real estate activity seems to be the current impression, which is justified to a large extent by recent operations of outside investors. Considerable tracts of property adjoining the city limits have recently changed hands at figures varying from \$75 to \$175 per acre, the pieces varying from 20 acres up to half a section. Altogether just a matter of two sections have changed hands, and when it became known that R. E. Bennett of Calgary was the purchaser of the large tract adjoining the town on the west side, next to the Canada West Coal company's property, at a large figure, a necessary and expected jump. At the time of writing, it is almost impossible to get prices on any inside stuff, especially business lots, but it is believed that there is something behind all these purchases.

BINGHAM STRIKERS DRIVE DEPUTY SHERIFFS BACK

Miners Have Fortified Themselves on Mountain Side and Defy the Officers

Governor of Utah Will Probably Order Out State Troops; Men Ask for Small Increase

Bingham, Utah, Sept. 21.—A posse of deputy sheriffs who started up the mountain side this afternoon to extinguish the fires in the mine boilers were driven back by a crowd of strikers, who had fortified themselves on the opposite side of the canon. Two hundred shots were fired. Another train load of deputies is coming.

Bingham, Utah, Sept. 21.—Union miners of this camp, who disregarded the advice of President Charles H. Meyer and voted unanimously last night to strike for a 25 cents advance per day, had their way this morning. A few of the 5,000 workmen in the district attempted to go to their jobs and these were turned back by pickets.

While Sheriff Sharp was consulting with other state officials in Salt Lake City and trying to reach Governor Spry, who is in Southern Utah, by telegram, a deputy sheriff was fired upon, it is claimed, by a strike picket in the Utah Copper property. He returned the fire, wounding the picket, a serious injury.

Sheriff Sharp has ordered 100 deputies to Bingham from Salt Lake. They arrived this afternoon.

STATE OFFICIALS MAY ORDER TROOPS OUT SOON

Salt Lake City, Sept. 21.—The county judge today ordered the attorney general to request Governor Spry to order out the state troops to Bingham, a copper mining camp eight miles from Salt Lake, where strike pickets, armed with rifles, shotguns, pistols and clubs prevented many of the miners from going to work this morning. The force of deputy sheriffs stationed in the camp is entirely inadequate to handle the situation. At noon quiet continued throughout the district.

VANCOUVER MINERS CRIPPLE COLLIERIES

Victoria, B. C., Sept. 21.—Twelve hundred men, a majority of them miners, went on strike this morning at the four mines operated at Courtenay, British Columbia, by the Carnation Collieries (Dunsmuir) Limited. The terrific dynamite plant at the mines is shut down.

Reports of dissatisfaction among the miners at Courtenay have been rife since it was stated that the men were dissatisfied with their hours of work and that they desired a reorganization of the wage scale. Officials at the Victoria office of the company are at a loss to explain the attitude of the men, they state. They declare that they have no knowledge of any demands made by the men.

GOVERNOR AGAIN MAKES NEW MARTIAL LAW AREA

Charleston, W. Va., Sept. 21.—The martial law zone in the strike country was extended today to include Fayette county, where disturbances have been reported among striking miners since early in the week.

Soon after the boundaries of the new settlements were announced, two companies of infantry, commanded by Captains Chambers and Captain Jackson, captured fifteen mine guards. They were started on the way to military headquarters when they were met by a detachment of the United States Cavalry.

Interest here today centered in a telegram received by President Thomas Carter from the Secretary of the International President John P. White that he and other interested parties had arranged a time for the meeting called by Governor Giacomini of miners, coal operators and commercial bodies, for next Saturday evening.

REBEL BANDS ORGANIZE IN NORTHERN SONORA

Insurrectos Preparing to Recapture El Tigre, From Which Place They Were Driven

Believed That Rebels Have Designs on \$2,000,000 Plant of American Mining Concern

Douglas, Ariz., Sept. 21.—Rebel bands in Northern Sonora are mobilizing at Colonia Ojeda, the Mormon settlement which twice has been devastated by the insurrectos, according to information received here today. The rebel band of Gen. Antonio Rojas, which arrived at Morelos, Sunday, was joined by Gen. Inez Salazar's rebels after they evacuated El Tigre. Today the insurrectos band of Alaris, who has been operating south of Nacozari, reached Morelos, bringing the combined forces up to 1,700 men.

General Salazar has ordered 500 men of the federal garrison at Agua Prieta to hold themselves in readiness to march south. This action followed a telephone conference with Colonel Munoz and Colonel Obregon, commanding federal garrisons at El Tigre and Nacozari. General Salazar announced that he would undertake an aggressive campaign against the combined rebel forces, which he considers a menace to American mining towns in Sonora.

Although information was received yesterday by General Salazar that Rojas and Salazar had quarreled and would not combine, American Consul Dye received positive information today of the union of the rebel bands. It is said that the combined rebel forces are now preparing to recapture El Tigre, which Salazar evacuated last Monday.

The American mining company, which built the town, has a \$2,000,000 plant that is the mercy of the bandits if they recapture the town. On their first visit the rebels carried away a large quantity of bullion, but did not carry out their threat to wreck the plant and hold the officers of the mining company prisoners in order to collect \$100,000 as tribute.

It is thought here that if the town is recaptured, the American interests will not be as well protected as they are now. Reports that some of Salazar's rebels are traveling toward Huachita, N. M., for purpose of converting into cash the bullion they stole at El Tigre caused the strengthening of the border patrol today.

American ranch and mine in Northern Sonora has been looted by rebels, according to C. E. Booker, an American rancher arriving here.

BOOSTING FOR CITIES OF LOWER PUGET SOUND

Citizens Urged to Set Aside From Their Income Certain Percentage for Advertising

Prediction Made That Panama Canal Will Double Population of Coast Cities in Ten Years

Bellingham Sept. 21.—Before an audience of the capacity of the chamber of commerce, Charles Fenn, of the Pacific terminals of Seattle, spoke tonight on Bellingham and the future of lower Puget Sound. Mr. Fenn was given a rousing reception, and ex-Governor Mead, president of the chamber of commerce, and State Senator Henry White, who presided, both felicitated the Seattle man on the consummation of the terminale matter in Seattle.

Shows Knowledge of City Mr. Fenn has visited Bellingham six times during the last few months, and showed a keen and accurate knowledge of conditions in this city and district. "It is somewhat an accident that Seattle is the location of the Pacific Terminal Company," Mr. Fenn said. "Tacoma, Des Moines, Everett or Bellingham all offered many openings for the terminal. It was the fact that Seattle was due to the fact that it already is the largest community on the coast. From the standpoint of the terminal company, however, Seattle is not its field of operations. We are as much interested in Bellingham, Port Townsend and Tacoma as we are in Seattle. The location of an ocean-going business in Seattle means the extensive development of internal waterway distributing business in every city on Puget sound."

Urges Advertising Campaign "It is necessary to call the attention of the investing community to the character of your soil. It is as necessary that he should not be robbed when he is brought here. Let the land owner be as honest as the price of his land than he perhaps could take, and make more profit out of the coal, product which will grow from these to whom he sells the land."

"It is absolutely essential for every one to deduct from his income a certain percentage every month which he shall turn into a common fund which will be utilized by the best business men of the city in a continual campaign of advertising. This advertising should be in the form of direct appeals to farmers and others whose attention has been brought to the locality because of the success of their friends and others who have moved here. General advertising might probably be carried on by a fund into which all the cities of Puget sound should pay. Railroads, too, should be subscribers."

Opening of Panama Canal "I predict that within ten years after the opening of the Panama canal more people will settle in the states of Washington and Oregon than are already resident here. The character of the new population depends on the far-sightedness of the business men of towns like Bellingham and Seattle in using force methods for bringing desirable instead of undesirable immigrants to this section of the coast. The success of the new population of this great new population, the state of Washington within fifteen years will be one of the most progressive in the world."

"The co-operation of all the cities of the Pacific coast in an advertising campaign that shall be general, further co-operation not all the cities of Puget sound in a general definite and limited campaign of general advertising, and finally each city by itself in a very definite, concise and personal campaign of advertising for its own benefit, is the method which I advise."

HUDSON'S BAY COMPANY

GIRL CAR CONDUCTORS NOW IN PHILADELPHIA

particularly pleased with their work. On these new cars the conductor is merely a cashier, so that the company really does not need men to do the work if women are capable. It is estimated that the company will save about one-third of the wages formerly paid to conductors.

The chief aim of the traction officials is to do away with as many of the causes of labor difficulties as possible and by employing women to do half of the work that was formerly done by men it is understood that the corporation has determined to rid itself of those who have taken sides in the agitation that has kept the labor situation unsettled.

Vote Cast at Last Year's Election

Ottawa, Sept. 21.—A blue book giving final details of votes cast in the general election, Sept. 21 last, was shown that out of a total of 1,330,000 votes on the lists of the nine provinces, 1,307,828 exercised the franchise. In Ontario the actual vote cast was 489,572 out of a total qualified list of 623,485.

The figures show that in all five Eastern provinces the vote was more largely recorded than in the four Western provinces.

and wore their gifts from the groom, gold bangle bracelets.

Mr. B. C. Hickey supported the groom, his gift a diamond pin.

The ushers were Mr. Cecil Ewart, Mr. George Hawkins, and Mr. Bert Miller, their gifts pearl and peridot stickpins.

After the ceremony the guests, numbering about 40, repaired to the home of the bride's parents, where Dr. and Mrs. Forin received at the entrance to the drawing-room, Mrs. Forin wearing a gown of mauve satin, with lace trimmings...

The house was decorated throughout with ferns and white asters, the bride being done in white roses and lilies of the valley, shaded candies, long white satin streamers and ropes of ferns hung from the electricier, the cake on the buffet surrounded with white lilies.

Assisting were Mrs. W. T. Parsons, pouring tea, Mrs. Williamson, Taylor the cork, and Mrs. Hissop cutting the cake.

Mrs. Byers presided at the punch bowl, and the girls assisting were Miss Jessie Belcher, Miss Alice Cameron, Miss Jean Dawson, Miss Greeta Mercer and Miss Aloysia Kennedy.

Among the gowns worn were: Mrs. Campbell (Victoria), blue silk Oriental trimmings; large black hat with plumes.

Mrs. Paik (Victoria), rose satin, Brussels lace overdress and bande of deeper rose velvet, jewelled trimmings; large white hat, ostrich feather band, mount and ermine stole and muff.

Mrs. Pelter (Miss 183), French gown of black embroidered chiffon over black satin; large black picture hat.

After the health of the bride and groom had been toasted, and responded to several times, and amid no end of laughter and content, the bride changed to her travelling dress of brown and white, with long and wide, green and white, with black facing and long black and white, and Mr. and Mrs. Hunt left on the 8:15 train for Toronto and Ottawa, sailing from Montreal on the Allan liner Victoria.

The Calgary Tigers, holders of all senior rugby trophies in Western Canada, the team which since its organization five years ago has but once tasted defeat, started the season of 1912 by gaining a top-sided victory over the Y.M.C.A. The score at the end of the game was 30 to 3, which just about represents the difference in the rugby ability of the two teams.

INTERNATIONAL HAD GOOD SEASON, SAYS BARROW

Teams Were Well Bunched and Played Good Baseball. New York, Sept. 21.—"Everything considered, we have had a big season," said President Edward Barrow, of the International League today. "It has been a hot fight all through, with the clubs more closely bunched than in years. Up till season's end, the close of the season, there was a chance for any one of the clubs to capture the flag. Toronto deserved a pennant-winning team and her championship club this year is a remarkably fine one. Rochester, the champion club of the last three seasons, deserves a lot of credit for hanging on the way it has in this year's fight."

Not that the Y lacks material, for they have it and an abundance of it. But any amount of speedy raw material without an education in the fundamental principles of the game are as naught when compared with a team of men who know how to play the game, even though they do not do it upon all occasions. And more especially is this true when the first mentioned team has so great a wholesome respect for its opponents, that the respect almost resembles fear.

The Tigers played the Y off its feet right at the start, scored a try within one and one half minutes from the time the first whistle blew. They kept right on piling up the points, never allowing their lighter opponents time to get their wind until the final period.

But the Y boys apparently had better condition than their opponents, if nothing else, and in the final period showed a flash of real football ability, scored a field goal and actually succeeded in making a couple of good gains around the wings. But it was not until the very last that the Y men succeeded in gaining their yards and then only twice.

The Tigers were but a semblance of the team which won the championship of Western Canada last year. In fact, the team which lined up was composed more of second squad men than Mr. First. Bull Ritchie was missing from the centre scrim. His place was taken by Tiny Woods, who is accustomed to play left scrim. Paddy Johnson was absent from the scrum, as was the regular scrummer, Woods was the only regular scrumman man, and he was playing out of his position.

From the wings were missing Noddy, White, and Gibson; while Bill Dobby, whose mighty boot has won many a game for the champions, was conspicuous by his absence from the centre scrim. With such a changed line up, the spectators may excuse considerable, and hope that the Tigers will show more team work on their next appearance.

The Y. M. C. A. had a speedy, but light set of halves, and with a little confidence in themselves will be able to make a much better showing than they did on Saturday. As it was, McLean was the only man back of the line who showed much stuff, with the possible exception of La Marche, the quarter back, who had the edge on Costello in the line of scrimmage. The Y's line held very well, and very few of the Tiger line players were effective. This in lacking, especially in the line of scrimmage, being the only man to exhibit any nerve in leaving his feet and setting under the play. The other men tackled him when they did tackle, but more frequently they did not do anything but pile on the runner or scrag him around the neck.

FINNISH CHAMPION WON EASILY IN A. A. U. RACES

Wonder at Five Miles and Ran Away From the Field. A. A. U. Mile Record Beaten by Kiviat, Who Was Close to Word's Record

Some Very Good Events at the Annual Events at Pittsburgh

Forbes' Field, Pittsburgh, Pa., Sept. 21.—Hannes Kolehmainen, the wonderful Finnish athlete, running in the five mile race for the senior championship of the Amateur Athletic Union of the United States here today, won the event easily in 24:47.28. His nearest competitor was Harry J. Smith, the Metropolitan champion, who finished in 25:18.00. Kolehmainen, however, seemed fresh at the finish. During the entire race he held a steady gait, running easily, and constantly waved and grinned to the thousands of spectators who applauded him. As he crossed the line a victor, he was given a remarkable ovation.

While the foreign Olympic hero and the five mile race were the features of the afternoon, there was an exceptionally good program of track and field events. A. R. Kiviat of the Irish-American A. C. won the one-mile race in 4:18.28, breaking the A. A. U. record and, according to officials, could have done up a new world's record with a little more effort.

Kiviat ran easy and seemed to slow up on the back stretch in the last lap. In the running high jump, J. O. Johnson, Boston A. A., and H. L. Grampall, the New York A. C., both Olympic participants, tied for first place, with six feet three inches, equalling the A. A. U. record. In the jump off, Grampall was unable to maintain that mark and dropped to second place.

On the first down the Tigers decided to kick. Squib Ross hooked the pigskin to a Y half, who returned it to Ross, who was downed in his tracks by a Y full back. McLean got about fifteen yards on the exchange. McLean returned the ball about ten yards, and when about to be tackled, kicked into touch.

The Y was awarded the ball first down on the 17 yard line. Squib Ross then opened up with one of his long passes over to Mark who picked again to Pinkham. This combination, though well played, failed to gain, for the pass was made too far backwards.

The Y was awarded the ball on charge over thirty yards. The exchange of points was made following the second twenty-yard pass. Wark tried to kick, but he was off his goal line, and Tidy Woods beat out two or three yards. The Y then worked the ball down to the Y goal again, and Costello tried a drop kick. CLEARING UP THE IDENTITY OF THOSE WHO MADE TRAGIC EXIT OF LIFE

Relatives of Dead Girl on Their Way to Calgary; Man is Identified as Robert Columbus; Woman Was Formerly Grace Burrell of Washington

THE mystery of the identity of the young man and woman who decided to solve the great secret of life and went out of the world together so tragically Friday night...

The dead girl was the daughter of Mrs. Henry Burrell, of Garfield, Washington. Mrs. Burrell has wired instructions to hold the remains of her daughter until her arrival in Calgary...

It is believed from vague references in some of the letters found in the chamber of death that Columbus was wanted for some serious crime and with his wife, Grace Burrell, had assumed the name of Inthout for the purpose of concealing his identity.

A letter from Mrs. Burrell to her daughter, contains a strong appeal for the girl to come home.

Mrs. Columbus has wired Graham and Buscombe to embalm the body of her son and ship it to Paintsville.

MISS OLIVE COOK, with "Toronto Stock Co." at Lyric Theatre. In this city. The success which has been the reward of these revivals has proved conclusively that the melody of noise and nonsense that passes for musical comedy of modern manufacture has not destroyed public taste for real, clean, comic opera.

While it must not be denied that the popularity of the works of Gilbert and Sullivan has had a whole lot to do with the wonderful reception which the public accorded these revivals, still it must be admitted that the great company of stars, assembled for these different operas, which includes Wolf Hoppe, Blanche Duffield, Eugene Cowles, George MacFarlane, Arthur Aldridge, Kate Condon, Viola Gillette, Arthur Cunningham, Alice Brady and Louise Barthel, have contributed largely in their success.

MR. BORDEN WILL HAVE NOTHING TO SAY ABOUT NAVAL POLICY

(Continued from Page 1).

He said, "No, no. In that province there is a very large foreign population and I want to say here that a great many of these foreigners have taken on the responsibilities of Canadian citizenship. I want to say that the men who have numbered among our best citizens and our most loyal British subjects. Unfortunately, we have another group of men, numbered among our responsibilities, and it was to that class the liberal party and the liberal press of that province made their recent appeal in the recent contest. You naturally ask me what purpose I could have to serve in appealing to a class of men who were neither British subjects by birth or naturalization and who could not for that reason exercise their franchise. My answer is that if these men lived in any other province of Canada than in Saskatchewan they could not exercise their franchise. But you all know that we have a Dominion naturalization law in Canada. That law is supported, maintained and upheld in every province of the Dominion to the extent that every province in the Dominion places upon its statute book an oath which every elector who asks for a ballot is obliged to take before voting to the effect that he is either a British subject by birth or naturalization. It is stated upon the statute book of Saskatchewan until a few days previous to going to the province. Then the premier of the province introduced an act by which they wiped out that part of the oath which a man was obliged to swear that he was a British subject. That was to enable them to pull the vote in favor of, and in sympathy with them in that contest, it was the result of that vote that elected and returned that government. That method was practiced in every county within the borders of the province. In one constituency, where things were by no means at their worst, 1,914 votes were polled, and of these 214 votes were cast by men who were not naturalized British subjects. (Shame, shame) In addition to that, over three hundred loyal British subjects in that same county were denied the franchise, to which they had a right. As a result the Liberal candidate was elected by a majority of eighty. This was what the liberal press calls sentiment in favor of reciprocity."

CONGESTION AT POST OFFICE WILL BE RELIEVED

(Continued from Page 1).

When the board took up the matter of post office congestion it was feared by Mr. R. B. Bennett, K.C., M.P., that agitation at this time might result in the thwarting of plans he had in view for a structure adequate to the needs of the city, and in keeping with its future prospects. However, the board has assured the Calgary member that its support will be given on any matter he has in view, and that it will stand behind him in his efforts to secure such a building.

The plans now under consideration embrace the erection of a temporary structure that will be given over to sorting and handling of mails, while the new building is being erected. As yet no intimation of the location of the temporary site has been allowed to become public.

It is expected that shortly after the visit of Mr. Pelletier the full plan will be announced.

GILBERT AND SULLIVAN FESTIVAL COMPANY

A sure sign for the better in the theatrical world is the wonderful popularity of the older, light operas of Gilbert and Sullivan, which Messrs. Shubert and William A. Brady, with each season for the past two years, have made regular features of reviving, and in each instance devoted their energy to the finest restoration of the most popular works of these gifted authors. It was with "The Mikado" that they began two years ago, and since that time have added "Patience," "The Pirates of Penzance," all of which will be seen at the Sherman Grand three days, beginning Monday, September 30, during the stay of the Gilbert and Sullivan Festival company.

Range Talks by the Housekeeper

No. 2 Subject "The Oven"

ONCE convinced that the appearance of a range appeals to our sense of good taste, we want to know all there is to know about the Oven—because the Oven is the important range essential. If it is not a perfect cooker and baker, outward beauty counts for very little.

"The more you look into the 'Kootenay' Oven the more anxious will you be to own a 'Kootenay.' The oven of this beautiful range is made of nickelled sheet steel—one-eighth of an inch thick. I don't know how to explain this nickelled steel but the main thing to remember is that a 'Kootenay' Oven cannot rust—more than that you can wash it out just like an ordinary kitchen dish, and always have a fresh, clean Oven.

"The reasons for the 'Kootenay's' splendid cooking and baking reputation are very plain—The heat flues are broad and deep—surrounding the entire Oven so that it bakes and cooks evenly. The ventilation is thorough—a roast retains all its rare and generous juices when cooked in it.

"The construction of the Oven of my range was carefully explained to me—shown me—before I bought it. The inner body of the 'Kootenay' is protected with asbestos—the Oven walls cannot burn through the Oven-top a cast iron frame or guard holds a sheet of asbestos in place, while the bottom is braced with iron bars.

"The thermometer is a great convenience. Plain figures show the exact degree of heat necessary for baking pies, cakes, bread, etc., or roasting meat. No need to open the door—that only cools off the Oven. The thermometer costs a little more, but I wouldn't be without it. Of course there are other splendid features about the 'Kootenay.' All in all, it's the best range I've ever seen."

BRITISH BEAR CARVING UP PERSIA

London, Sept. 21.—The practical division of Persia between Great Britain and Russia appears almost assured as a result of the conferences which Sanjivan Sazonoff, the foreign minister, had this British statesman on the coast papers which are in the closest touch with the foreign office, particularly the "Times," looked upon recently as Sir Edward Grey's mouthpiece, upon forecasting this arrangement and apparently preparing the public mind for it.

Some of the Liberal papers bewail the disappearance of Persia as a buffer state, and foresee a great increase in the British military establishment when the British-Russian boundary is drawn across the middle of what is now Persia.

MRS. SNEAD SAYS SHE LOVED BOYCE, WHOM HUSBAND KILLED

Says He Was the Only Man She Ever Loved and That She Did Not Care for Snead

Became Reconciled to Him About Two Months Ago for Her Children's Sake

Mysterious Confederate Who Helped Snead Perfect Plans Arrested and Confesses

Calvert, Texas, Sept. 22.—Dependent over the killing of Al Boyce, the man with whom she eloped and who was killed in Amarillo last Saturday by her husband, John Beal Snead, Mrs. Lena Snead here yesterday declared that A. L. Boyce was the only man she had ever loved.

She said she had never loved Snead. She said she had become reconciled to Snead about two months ago for the children's sake, and because she needed funds. Mrs. Snead talked with her friends here yesterday, freely discussing the tragedies which had crossed her life for the first time. She admitted she had seen Boyce in Dallas shortly previous to the killing.

Amarillo, Tex., Sept. 22.—The mysterious confederate who, it is believed helped John B. Snead perfect his plans for the killing of Al Boyce in Amarillo last Saturday, was arrested yesterday. The man's name is Epling, and he is now lodged in the Potter county jail.

Epling was arrested on the Snead ranch by District Attorney Bishop of Amarillo and Sheriff Bankus of Potter county. Epling has a wife and six children and is 46 years old, the same age as Snead.

Epling was arrested on the Snead ranch by District Attorney Bishop of Amarillo and Sheriff Bankus of Potter county. Epling has a wife and six children and is 46 years old, the same age as Snead.

He did not witness the killing. Epling went under the name of Walker in Amarillo. He was identified by O. K. Gilvin, of whom he had rented the Polk street house, and other citizens.

The grand jury will convene tomorrow in Amarillo for the purpose of considering Epling's case.

Epling declared yesterday that he at first supposed Snead wore overalls and let his beard grow long for the purpose of avoiding the bars of his cell door and escaped into the corridors, attacking Turnkey McKinnon with a sort of sand-bag made with an old stocking filled with brickbats, used for polishing the kitchen knives.

After a lively struggle, he was overpowered by the officer. Baker is serving a year's term for vagrancy, carrying concealed weapons and resisting the police. He has six months of his sentence to serve, yet.

SPORT CALGARY TIGERS WIN THE OPENING GAME

Continued From Page Six

ground for the try, which made the score 10 to 9 in favor of the Tigers. Arnold Wark was the man who failed to convert this counter.

Tiny Woods got the ball on the kick-off. The Tigers on the first try, worked the inside kick. Ross booting a short low one to Ernie Pinkham, thus making the next down the first try.

The Tigers by this time were wise to the fact that they had the better of the kicking department and so decided to use their hoofs as much as possible on the first down. Ross fumbled the ball instead of kicking it. He picked it up again but his side lost six yards on the play.

Score—Almost

The "T" men were this near their opponents' goal than at any previous time during the game and decided to try to buck the ball over for a try. Two straight bucks and a tandem failed to gain the yard and so the Tigers were given possession.

On the first down, Steve Peat gained five yards by coming around from his right to the opposite end. But no ground was gained on the second down. Just as the third down was called, the whistle blew for quarter time, with the score 10 to 9, in favor of the Tigers.

This brought the ball into the Tigers' own back yard. The Tigers punted, and Eric McLean made a good return, but stumbled and was down on the Tigers' twenty-yard line.

Second Period

On the exchange of ends it was the Tigers' turn to play on their own twenty-yard line. Costello surprised everyone by trying a quarter back run, and made his mark.

Arnold Wark then thrilled the spectators by a thirty-five yard run through the field, dodging and stiff but being overpowered by McLean, who downed him at the twenty-five yard line.

A little later Wark picked up a fumble and kicked to Eric McLean, who returned a puny punt to Tiny Woods. On the first down the Tigers gained two yards through the line. The Tigers' third down resulted in the third try of the game. Costello worked a fake punt stunt whereby he carried the ball through the right wing over the line for a try. Bill Gouge then was given a chance to convert, but did so better than those who tried the stunt before.

Tiny Woods in the Limestone

On the next kick-off Tiny Woods blocked the ball and fell upon it, thus stinging his team the advantage right at the start. There was no gain on the first down, but on the second Bill Gough ploughed through for five yards through the "Y" left wing. On the next down Ross kicked the ball into touch. The ball was right in the shadow of the goal post with the Tigers leading down. The cross with Arnold Wark at the business end of it netted five yards, and brought the ball to the front of the goal posts. Arnold Wark then booted the ball over the bar with a pretty drop, raising the score to 28 to 9 in favor of the Tigers. This was the way that this quarter ended.

Third Quarter

In the third quarter Colville replaced Allen, who had been making frequent fumbles at outside-left.

The Tigers also changed their line-up a little, Perrine being taken out of the game and Harrison being placed on the left wing, and Whitbee taking his place.

The Tigers were awarded a free kick early in Ross being fouled. Ross kicked over the line to Roughton, who ran straight across in front of his own goal, only to be tackled and thrown back

Dame Fashion's Newest Footwear Creations

Days of golden sunshine and nights that are clear and cold, pleasantly remind us that the summer months have sped into a new season -- Autumn.

The ever-busy Dame Fashion directed more attention than usual to new shoe styles for this season's wear. Her daintiest creations in the past, charming as they may have seemed, are completely eclipsed by the exquisite models she has designed for Milady's approval this season.

We invite you to come and see our fall display—it will be time profitably spent.

New Designs for Women

Our new Dorothy Dodd and Midland Queen shoes embrace all the new features in fall footwear. There are so many really exquisite models that one scarcely knows which to choose.

In patent leather shoes, for dress wear, we are showing an especially attractive range. Worthy of special mention is one of our Dorothy Dodd lines. The toe is medium, slightly raised; the vamp short; and the instep is gracefully arched back to the well-formed military heel. The dull kid top is nineteen buttons high and is finished with a velvet collar about an inch deep. This shoe, worn with a gown to match, gives an effect that is altogether charming.

Our showing of street shoes leaves nothing to be desired by the most exacting tastes. Whether you prefer tans or gunmetals; high tops or medium tops, we have a shoe that will meet with your approval.

We stock our shoes on widths A to E.

Distinctive Styles for Men

There is an air of distinction about our men's shoes this season that appeals to the man of refined taste.

Having gathered together the best products of the Gold Bond, Crawford and Jefferson factories, we have a range par excellence.

For dress wear, patent and kid leathers are quite the correct thing. Medium, and narrow, semi-receding toes are equally good style. In patent leathers, buttoned shoes are selling best, while in vicci kids laced styles are the most popular.

For street wear, either gunmetals or tans are very serviceable. We have several nice lines of these with double soles that are most satisfactory for Fall wear.

ROOSEVELT MAKES DEFENSE OF HIS SECESSION

Tells Why He Quit the Republicans and Took Headship of the Bull Mooseers

Says Abraham Lincoln Would Have Had Nothing to Do With Barnes and Penrose

Omaha, Neb., Sept. 22.—A defence of his action in quitting the Republican party and taking the leadership of the new party was made by Col. Roosevelt tonight. He spent the day in Nebraska and travelled leisurely across the state with a speech for every stop. He spent three hours this afternoon at Lincoln and the evening in Omaha.

At Lincoln he spoke at the Auditorium. A number of students from the University of Nebraska greeted the colonel with college yells.

He began by saying that Victor Roosevelt, of Omaha, former Republican national committeeman, stole the Nebraska delegates to the Republican national convention just as effectually as if the delegates had been thrown out.

He attacked leaders of the Republican party, adding: "Imagine Abraham Lincoln in the company of Barnes and Penrose and the other minor people."

"It has been said," he continued, "that well, of course, this is bad, but you should stay in the party and reform it."

The only way you can reform that kind of men is with a club.

"Look at what the Republican national committee is doing at this moment. It is seating the man who was beaten at the primaries last spring. In New Jersey we beat Franklin Murphy. The people put him out and the national committee put him back. In Massachusetts we beat Mr. Crane for delegate by 11,000 votes. The people threw him back. The national committee put him back. In Kansas we carried the primaries with a sweep. We threw Mr. Mulvane out and the national committee put him back. The committee has not put Penrose and Roosevelt back yet, but they will get back."

"That national committee is the one which will handle the republican national convention in 1912. They are clearly behaving worse than they have before and to be able to behave worse than that shows almost genius."

Col. Roosevelt then turned to the Democratic party, speaking of William J. Bryan and criticizing the position of Gov. Wilson.

"One of the prominent features of this campaign," he said, "has been that Mr. Bryan said we have stolen our issues from the Democratic platform. Stole the Democratic platform? I would not have it as a gift."

CARSON DECLARES IRISH COVENANT IS VERY MILD

Leader in Anti-Home Rule Cause Receiving Remarkable Ovations

Says That No Fireworks Have Crept Into the Covenant

Big Demonstration Last Night in the Guild Hall at Londonderry

Londonderry, Ireland, Sept. 21.—Sir Edward Carson former solicitor general for Ireland, today continued his campaign in Ulster county against home rule for Ireland. He was the recipient of a remarkable ovation when he arrived here from Belfast, in which city and vicinity he addressed several large meetings yesterday. Cheering crowds lined his route from the railway station to the Guild Hall, a distance of two miles, while others formed in procession and escorted him to his destination. The streets were gaily decorated for the occasion.

The candidate then addressed a meeting of several hundred businessmen. In attacking the idea of a board of experts to handle the tariff questions, he said conditions were constantly changing with the tariff, as often sometimes as every 24 hours.

"You cannot touch one tariff schedule," he added, "without having incalculable results in other schedules."

Frederick Edward Smith, member of parliament for the Walton division of Liverpool, also addressed the meeting, assuring the Irish Unionists that they had England at their back in their fight against home rule.

A resolution of adherence to the covenant was carried by acclamation.

WILSON OBJECTS TO THE TARIFF BOARD

Have Too Narrow Vision and Always Delays Legislation, He Says

Describes U. S. Currency System as Stiff, Antiquated and Inelastic

Columbus, Ohio, Sept. 22.—Governor Wilson made speeches today on education as well as on politics. In the one kind he drew attention to the specialties and distractions of university life.

In the other he stood out prominently in his criticism of a board of experts to handle the tariff or the trust problems. Experts, he said, had too narrow a vision and always delayed legislation.

The governor made his first reference also to the present currency system, characterizing it as "stiff, antiquated and inelastic."

From the meeting of the Democratic organization in Memorial hall the governor went to the chamber of commerce and addressed a meeting of educators from all parts of Ohio.

He said in part: "I want to say very frankly that after dealing with some college politicians the men I am dealing with now seem to be like amateurs. In other words they have not the same subtle gift of gab that covers everything over with the fine veneer of excellent philosophy."

FOLLOWS HIS SWEETHEART AROUND THE WORLD

Efforts of Rich Mexican to Get His Daughter Away From Suitor Prove of Little Avail

Wherever He Goes, All Over the Universe, He Finds the Persistent Swain

New York, Sept. 21.—

To see her is to love her. And love bug her forever. For Nature made her what she is. And never made another!

Most probably young Senor Jaime Carrova has never read "Bobby" Burns, but "Bobby" Burns has described exactly Senor Carrova's love for Senorita Rosaura Limon.

In his almost fierce determination to marry her, the enamored Carrova has followed Senorita Rosaura thousands of miles in America, Europe and Africa. He has repaid nothing of time, space or the expenditure of money. That she has not encouraged him, that her father has repudiated him, has not chilled his ardor.

"Small blame to him," any man must have exclaimed as Senorita Rosaura descended the gangplank of the Spanish liner Montevideo. Her raven black hair, her olive complexion, her flashing black eyes with their long lashes, her charming figure and graceful carriage, her rather coquettish taste in dress, would provoke the admiration of a woman hater—it such there be.

Under the protection of her father, Senor Rafael Limon, a Spaniard, residing on his large estate in Mexico, Senorita Rosaura was returning from Barcelona. With them were Senor Limon's other daughter, Ofelia, almost as charming as her older sister, and Emma, who is but a girl.

Senor Carrova, the son of a Mexican merchant first manifested his devotion for Senorita Rosaura a year ago. Whichever were her feelings toward him, her father disapproved of the young man's courtship. On the pretense that this would be a holiday, Senor Limon took his three daughters to Havana; really his purpose was to give Rosaura time to forget her suitor should she have made any impression on her.

A few days passed in Havana. Father and daughters were driving on the Rado when Senor Carrova appeared on the promenade. With a melancholy but hopeful smile he saluted them.

"I will put the Atlantic between them," said Senor Limon to himself. Draws Out Bank Roll

He drew a large sum of money from his bank and the family went to New York, where they waited for Barcelona. A fortnight passed; they were dining at their hotel, when the sharp-eyed Ofelia whispered to her sister: "Dear, dear, Senor Jaime is leaning against a pillar over there, watching you."

The whisper was too loud; their father heard it. "We go to Marseilles in the morning," said he bluntly. To Marseilles they went and were at a theatre when the unabashed Senor Carrova walked down the aisle, made a

most elaborate bow to Senor Limon, who could have choked him, then seated himself in the orchestra, chair immediately back of Senorita Rosaura, and Montenegro, which, he says is an offensive combination dangerous to the peace of the Balkans.

It happened that a Peninsular and Oriental steamship sailed next day. Hastily Senor Limon engaged passage on it. Rosaura, who had been pensive, regained her vivacity during the delightful voyage along the Mediterranean.

Up Strolls Carrova

A fortnight later she and her sisters were seated on the broad piazza of Shepherd's hotel in Cairo when up the path strolled—Senor Carrova.

So it was in Palestine and in Paris; Carrova reappeared, always melancholy, but always with an air that said plainly:

"Heartless One, you cannot crush my hope, for you cannot destroy my love."

From Paris Senor Limon hurried his daughter to Barcelona, where they took ship on the Montevideo.

"And where is Senor Carrova now?" said Senorita Rosaura, answering a question in perfect English. "Where is he now? I do not know. But I know the Montevideo sails from Barcelona next. Most probably—her fine eyes danced roguishly—"most probably Senor Carrova will be on the Montevideo."

QUADRUPLE ALLIANCE IN BALKAN STATES
London, Sept. 21.—A despatch from Vienna to The Daily Chronicle says

the correspondent has learned of the existence of a quadruple military alliance between Bulgaria, Serbia, Greece and Montenegro, which, he says is an offensive combination dangerous to the peace of the Balkans.

It happened that a Peninsular and Oriental steamship sailed next day. Hastily Senor Limon engaged passage on it. Rosaura, who had been pensive, regained her vivacity during the delightful voyage along the Mediterranean.

In many instances it is the suitability of the gift that makes the choice difficult. To supply the demand for that kind of a gift we have specially designed Bar Pins that range in price from

\$1.00 to \$200.00

Our factory is fully equipped to design and manufacture special order work for people who would like "something different" especially in diamond and platinum work. If you desire good exclusive jewelry we shall be glad to submit designs.

THE MARKETS

Chicago Wheat

Chicago, Sept. 21.—Threshing delays this side of the Canadian border and crop damage across the line proved insurmountable today to offset in the wheat market the Spanish effect of the expected heavy wheat shipments and an increase in the United States visible supply. Closing prices were easy 1-8 to 6-8 under last night's close.

Financial Notes

A London cable says that the opposition to the proposed \$20,000,000 loan to China has proved successful. The regular dividend of 1-2 per cent quarterly has been declared on the Ontario Securities Corporation.

Calgary Cash Close

Montreal Produce

Montreal, Sept. 21.—Demand for butter fairly good and feeling stronger. Receipts of prime butter were 15,757 a year ago.

New York Stocks

New York, Sept. 21.—On a volume of business uncommonly large for a week-end, today's two-hour session of the stock exchange added very materially to the advance of the preceding day.

Chicago Cattle

Chicago, Sept. 21.—Cattle—Receipts: 101; market, slow; heavy, \$5.25 to \$5.50; light, \$4.50 to \$4.75.

Montreal Stocks

Montreal, Sept. 21.—The exceptionally active market of last week closed on Saturday with a two-hour session which dealt with a comparatively light scale and the tone for the day was apparently due to a moderate amount of profit taking in the issues which had been prominent in the upward advance of the previous day.

Winnipeg Wheat

Winnipeg, Sept. 21.—Trading on the wheat market was fairly active and prices lower on the weaker Liverpool cables, which was due to the better weather on the continent and in the United Kingdom.

Tenders

Will be received for the purchase of the high fence and building of the old fort erected at the Stampedo grounds, etc.

DO YOU WANT CHEAP LUMBER

Fifty-two Yards in Alberta—Two Yards in Calgary

Few people appreciate that there is quality in lumber the same as there is in tea or in paint, or in most other articles. Cheap cut lumber or green lumber in better grades will build a house that, when well painted, will look fairly well for a few months. Such a building in our extreme climate soon takes on a dilapidated cheap look, making it difficult to sell difficult to rent, and uncomfortable to live in.

We have always made a specialty of the highest quality, and owing to the tremendous size of our business we are able to buy on a scale that permits us to sell our lumber for as low a price as would be generally asked for a poorer quality. This has built up our large business—the largest in Western Canada.

Before building inspect our stocks and permit us to give you evidence that quality considered, our prices cannot be beaten. Particular people use our lumber. If your contractor obtains his lumber from us it is a sign that he is a particular man and demands the best of everything.
