In The Municipal Council.

SEMI-ANNUAL SESSION, 1907.

Council met in the Court House at Bridgetown in the County of Annapolis on Tuesday, the 16th day of April, 1907, at ten o'clock in the forenoon.
Present: The Warden, Councillors Outbit, Charlton, Fish, Williams, Seely, Armstrong, Porter, Purdy, Healy, Piggott, Bishop, Grimm, Thomas, Buckler and Brown.
Minutes read and approved.
Upon reading the petition of Robert DeLap and upwards of twenty others freeholders of the county of Annapolis, asking for a road leading from the public highway over lands of Rupert Farnsworth to the public landing at the shore, and to the cemetery at Stony Beach the report of the commissioners, John A. Harby, and it appearing that notices had been duly posted and the law had in all respects been complied with it was ordered that all proceedings had heretofore been confirmed and that said road be opened and known as a public road in the county of Annapolis.
Ordered that Councillors Outbit, Healy and Charlton and the Warden be a committee to procure information

as to the mileage of roads in the various wards of the county, the amount of assessment, statute labor and other information that will help to make a fair and equitable division of the road grants among the various wards.
Ordered that the motion adopting the report of G. Whitman and Andrew LeCain, commissioners for laying out a public road on Round Hill island, be rescinded.
Ordered that this council receive a delegation from the Town Council of Annapolis to morrow morning at nine o'clock.
Upon reading the report of Henry Buckley and John Howe, commissioners appointed to report on the old pound road so called, in the place of Charles Dargie, Edson, Gates and Robert Hardwick, who failed to report, ordered that same be received and adopted; also that the land of said road be enclosed for use as pasture in summer time by the several proprietors and fenced as formerly. Ordered that notices be posted according to law.

The Colonial Conference

LONDON, April 22.—The bald official summary of the colonial conference debates gives but a crude idea of the really sharp differences of opinion which exist among the members. For practical purposes the conference is now divided into two distinct camps. Laurier and Botha constitute one; and Premier Deakin, of Australia, Ward, of New Zealand, Jameson, of Cape Colony, and Moor, of Natal, constitute the other. Sir Wilfrid and the ex-uberant general unquestionably lead the conference in ability and personal weight. Moreover, the minister, upon national as against imperial points of view is more in keeping with the English liberalization of the Campbell-Bannerman type than is the ardent imperialist of the other premier. Hence the Botha-Laurier combination will deal all along the line with the disappointment of some of the best friends of the empire here. Their chief victories so far number four.

FOUR VICTORIES FOR THE COMBINATION.

First—They carried the whole conference with them in overriding the British ministry's desire to exclude colonial ministers, other than premiers, from full status established, so that the conference is no longer a mere departmental affair, but meetings between governments and governments.
Second—They defeated the Australian proposals for a full-blooded imperial council, though these proposals made safeguards against encroachments upon the colonial autonomy.
Third—With the help of Lord Elgin and Sir Henry Campbell-Bannerman, they defeated Premier Deakin's plan for a new department independent of the colonial office, and attached to the office of the British prime minister to act as intermediary between the British and colonial governments, the colonial office being left to manage the crown lands.

THE BRITISH TAX PAYER WILL FOOT BILLS.

Sir W. Laurier only agreed to the creation of a secretariate of the conference for which, by the way the British tax payer will entirely pay because by the natural expansion of the role of high commissioner Canada will be more and more independent of any such channel of communication with the various British ministers. Again, with the help of Lord Elgin, Sir Wilfrid was chiefly instrumental in defeating the other premier's desire for a full disclosure of the proceedings of the conference in order to educate the public here and in the colonies. Premier Deakin, Ward, and others contended they had nothing to hide from the public. Sir Wilfrid held that publicity would turn what should be a kind of a cabinet meeting into a debating society, hence he adopted a compromise under which the colonial office issues to the press its own well sub-edited précis of the chief points raised by each minister.

PAY NOTHING FOR NAVAL DEFENCE.

The Laurier-Botha combination has further triumphs in view over questions of defence and preference. They will stoutly resist Premier Jameson's proposal for proportionate contributions to the imperial navy and will also refuse to assent to resolutions which Haldane, as chief secretary for war, has submitted for the creation of the general staff for the empire, and all schemes for the consolidation of the naval strength of the empire. All

they will approve is a series of small points such as co-operation in organization, like exchange of military units, etc., and the possible development of the colonial naval reserves.

NO EMBARRASSMENT OF THE MINISTRY.

Again, on the subject of trade preference Sir Wilfrid Laurier has already made it clear that he will resist any attempt to embarrass British liberalism by insistence upon reciprocal preference. Dr. Jameson and other premiers contend that the conference has duty to the whole empire and being convinced that preference is the only immediate line of approach towards the unity of the empire they would frankly and formally say so.

CLOSE FRIENDS OUTSIDE THE CONFERENCE ROOM.

The association of Laurier and Botha goes beyond the conference room. They were drawn together almost from the start by the similarity of the relationship of the Boers and French Canadians towards the crown and government here. Sir Wilfrid and General Botha, now entered into perfect friendship, had several long private conferences. Sir Wilfrid Laurier expressed a high opinion of the abilities of General Botha, which Botha more than reciprocated. General Botha frankly admits that he is somewhat of a novice in statecraft, and says that he has much to learn from Sir Wilfrid Laurier is especially qualified to teach him.

AN INVITATION TO VISIT THE TRANSVAAL.

He has given Sir Wilfrid a most pressing invitation to visit the Transvaal provinces. The new Transvaal government, and the whole Transvaal people without discrimination of race, would give him a most enthusiastic national welcome. He says it would be impossible to exaggerate the tranquillizing effect at this critical juncture upon all classes of Boer opinion, by the presence and speech of Sir Wilfrid Laurier as a French Canadian like Canada. British ministers cordially echo Botha's wish, but Sir Wilfrid Laurier hesitates to pledge himself to so formidable an undertaking.

A NEW ATHLETIC STAR.

BOSTON, April 19.—There is no athletic record in existence that will stand forever. No matter how great a feat it is, in course of time a greater will appear.
When Ralph Rose began to put the shot and throw the hammer in the east it was predicted that he would be a great weight-throwing record, a great athletic man, and quick.
In his first championship with the discus he led with Martin Sheridan and Rose knew nothing about throwing the discus. He just threw with main strength. He never did much with it afterwards, and let his records in other events go by simply through discrimination to work. Many argued at the time that Rose would establish records that would stand for many years. But after Wesley, "Oz" had excelled him, Rose seemed to lose his interest in athletic matters, and is living in practical retirement in California.
Recently there has come forward in New York a young man who apparently possesses all of Rose's physical attributes, and is vastly more industrious in training. He is Lew Talbot, a student at Mercersburg Academy, and a member of the Irish-American A. C. Like Rose he is a giant, standing 6 ft. 9 in., weighing 260 lbs. when in condition.
In practice he has already thrown the 56-lb. weight and put the shot in true championship form. While not much has been made public about his performances, those who have been privileged to see him in practice regard him as the coming champion, and would not be surprised if Talbot made things warm for John Flanagan and Wesley Oz ere another twelvemonth has passed.

Labor Bill

SPRINGHILL, April 17.—A meeting of the members of Pioneer and Mechanic lodges was held last evening for the purpose of considering the new trade disputes investigation act. At the commencement a telegram from H. J. Logan, M. P., was read, asking whether the meeting could be postponed "to give him an opportunity to address the meeting and explain the bill, which he believed was favorable to working men."
The meeting also learned with feelings of sympathy that the honorable member will pass through Springhill this week on his way to London, where it has become necessary for him to go to receive treatment by a specialist.
It was then decided to proceed with a discussion of the act, some expressing an opinion that, if it was desirable to give the public a clearer understanding of the working of the law, this should have been done before it was placed on the statutes.
It was very strongly maintained that before such legislation as the act in question passed the house of electors, and particularly the classes of workmen who will be most affected under the act, had a right to be consulted with the view of ascertaining whether or no such an act in its entirety would be fair and practicable in its application.
It was generally agreed that the principle of the bill was sound.
Any law that will govern industrial

affairs equitably; that will adjust grievances promptly; that will prevent employers taking undue advantage under cover of the law; that will penalize workmen reasonably proportionate to their station, and penalize employees with equal rigor and in proportion to their position, will be favorably considered by labor.
The reading of the bill took considerable time and did not leave fair opportunity to take up any detailed treatment of its provisions. However, a general feeling of resentment was very evident in respect to some clauses.
For instance, the requirement of thirty days' notice was considered far too long; fifteen days or even less would give ample time to complete arrangements and get to business.
Another feature which caused more merit than anything else was the clause fixing the penalty to be imposed on an employer for striking contrary to the provisions of the act at \$10 to \$50 for each day of idleness. Even the \$10 is over three days average earnings of coal miners and covers from five to seven days' wages for day-wage men.
If our legislators have discovered some method of extracting blood from stones, then they may see some way of collecting these fines; to many minds the thing is ridiculous and absurd, showing a lamentable lack of judgment in a body of men from whom might be expected a clearer perception of the circumstances and possibilities of the workingman.
Law is one thing, justice is quite another; when both are combined in

Yellowstone Park

The following interesting Lecture Was Delivered by J. V. Thomas in Oakdale Hall in Description of His Visit to Yellowstone Park.

This Park is in Montana with a small section of Wyoming and Idaho added containing 70,000 acres of land, the most of it being thickly wooded, with a large number of basins in it, affording points of exceedingly great interest.

He was greeted with a very large and mainly representative audience. With the little time at his disposal he exhibited a large number of pictures, which he found in the several basins that comprise the Park; explaining each scene that the several pictures represented in a clear and concise manner.

On arriving at Mammoth Hot Springs we were received in a sight royal manner, after military order, as military discipline is everywhere in that Park respected.

During the time our names were being recorded and rooms assigned there was a band discoursing sweet music, which added to the magnificence of the place. The guests were summoned to the dining room at the sound of the bugle. Then the band furnished appropriate music until the dinner was over. It was then announced that the guests were thrown upon their own resources for the balance of the afternoon, and furnished with a suitable guide, who was painstaking and very instructive, pointing out scenes of great beauty and interest, made so, undoubtedly, by all the various changes that natural causes and lapse of time had brought about.

The first that came to our notice

was a cone, known as "Liberty Cap," 50 feet high and 20 feet in diameter, parts of which had suffered by the action of the weather. The Springs in this locality consist of two immense, boiling cisterns of water. The lava thrown up covers an area of nearly three quarters of an acre and reaches a height of some forty feet. The walls of this terrace represent many of the beautiful colors found in the rainbow, while the fumes of the brimstone are in evidence. The amount of water flowing over this terrace would seem small compared with the large amount of deposit that is thrown up by the boiling water, which is raising the terrace about one-sixth of an inch in three days. Thus, you see this terrace is rapidly being formed, especially if we could enlarge our ideas and extend the life time of this old earth, say, only one million of years.

Another very important point of interest is known as "Miner's Terrace," that would appear as though it would require an artist possessed of rare ability to paint such a wonderful structure as this naturally formed terrace, made exclusively of flowing water through earthy substance, easily dissolved, and yet containing elements of adhesiveness. This it separates from the water and the water flowing over the terrace, like water flowing down a flight of stairs, from step to step, until it reaches the bottom. There are a number of these terraces in that locality, while a minute description of one suffices for them all. Nevertheless, the sight has never weary one in visiting each and all of these points of interest.

Arriving at Norris Basin, here are to be seen what might be termed perpetual geysers. The smoke and steam rising from this place would remind one of a manufacturing town found in the New England States, looking upon it from a distance. As you near it, and approach those localities you will hear a terrible noise and rumbling like the hissing of escaping steam, emitting unpleasant odors. Here we first located the Black Geyser, also the Emerald Pool, with a large number of other pools and springs, all capable of nice or less attraction.

This section of country has been visited in great care is exercised, as many of the craters, being thinly crusted, are insufficient to support a person's weight. In this Basin may be found the Spring known as "Conger's" from its history it would appear that it is fast becoming a geyser, as it will already throw the water 15 feet above its rim, the diameter of which is somewhere like 40 feet, and the roaring of same can be heard for miles. Also we find here the geyser known as the "Minnie Man," having an eruption every sixty seconds, with but slight variations. This pool has a diameter of 20 feet, filled with water of crystal clearness.

In passing along the road located quite near the same is a chimney-shaped opening in a gully leading from the plateau, out of which a large quantity of steam is continually escaping, emitting a peculiar sound. The deposits surrounding the edge of the crater are at times of inky blackness. The water is not clear and has a

are what use people up. Most people live pretty well up to the limit of their powers, and so long as everything goes smoothly that is apparently all right; but a "jolt" or a "jar" in the shape of business worries, domestic anxieties, or attack of La Grippe, Pneumonia, Typhoid, or other wasting disease, suddenly reveals the fact that there is a sad lack of reserve force to meet these contingencies and the result is serious, often fatal. A wise man will see to it that his system is fully fortified against sudden attack. To attain this result nothing is so sure and effective as

rather strong odor of sulphur. Here also is another small geyser, quite similar to the others. The sediment thrown up is very destructive to all vegetation and to all forest trees as well.

"Emerald Pool," a short distance from the "Black Geyser," is a handsomely tinted spring, 40 by 50 feet in size, a sulphur lined basin with coral walls and can be seen at an appalling depth. The water of this spring is hot, maintaining a temperature 186 F.

It would seem quite unnecessary to further describe the wonders of this basin, but there are many such to be seen. The observer is at once lost in wonder and amazement, requiring ample time for development of thought to take in all such scenes as are there to be viewed in so small a section of the Park. If "government in this locality has prepared every convenience to accommodate the travelling public desiring to take in all scenery found in these several basins, every facility being afforded to the traveler and all information readily imparted. (This trip through the Park will continue from time to time.)

WEDNESDAY, APRIL 24, 1907.

Inadequate transportation facilities are stated to be the cause of an almost unprecedented stringency in the money market, during the past month. Forty million dollars worth of produce are said to be tied up through insufficient railway facilities to carry them forward through the West to their destinations. In the meantime the banks are called upon to carry their customers through a stringency period which has forced the liquidation of stocks to such an extent as to seriously affect the money market. Now that navigation has opened and produce is moving more freely, relief in the money market is anticipated.

Not in this generation of Bluesoes has so important an action been taken by the government, as the repeal of the Statute Labor Act, through the legislation which we report elsewhere. The good roads movement has received an impetus which should lead to splendid results.

The split-log drag competition introduced by Editor Cox of the Outlook at the Municipal Council last week is arousing considerable interest. We shall give our readers a description of how to snake and use it next week.

THE LOCAL MARKET.

The prices of country products remain about the same as last month, with the exception of eggs which have dropped from thirty cents the first week in March to fourteen cents this week. Butter sells at twenty to twenty-two cents. Potatoes, which are abnormally scarce and high in the western part of the county and in neighboring counties, are selling at sixty-five cents and the demand is well supplied, though our merchants could ship their supplies at much better prices than the local market gives them.

MORGANVILLE.

Otis Harris and his sisters, Misses Ina and Mabelle, left Wednesday for Jaffrey, New Hampshire, to spend the summer. John Jefferson has gone to Musquash to cook for a crew of men in the lumber woods. Lloyd Snell left Wednesday for Stratham, New Hampshire, where he has employment for the summer. Fred Parter had the misfortune to cut his foot very badly on Saturday. The wound was dressed by Dr. C. C. Archibald, who had to take several stitches. Miss Ada Harris arrived Saturday from Jaffrey, New Hampshire, on a few weeks visit to her parents, Mr. and Mrs. Charles Harris.

Be not discouraged with your work, neither with your life. No work faithfully done has ever been wasted and no life truly lived has ever failed.

Big Fire at Windsor.

WINDSOR, April 22.—A fire broke out in James Spence's house, St. Croix this afternoon, and on account of the high wind prevailing at the time, the house was soon burned to the ground. It was feared that a serious conflagration threatened the entire village, and a message was sent to Windsor asking that the fire brigade be sent with the engine hose reels. It was feared that the St. Croix Woolen mills and the whole village would soon be in flames. Mayo Armstrong called the fire committee together to consider the matter. At first it was deemed advisable to proceed cautiously in the matter, on account of the gravity of the situation at home should a fire alarm be rung in here and the fire engine and brigade being in St. Croix, seven miles away. When the second call for help came, the committee decided that it would be inhuman to refuse, and orders were given to have the alarm given calling out the department. At first the citizens thought the Windsor was in for a fire, but when the excited crowd gathered around the civic building it was soon learned that the danger was not within the precincts of the town.

The Curry Corner Fire department had been notified to be in readiness to respond to a call if needed in the town, and soon the engine driven by John Jenkins, with William Redden engineer, started for the scene of the fire, followed by the hose reel and firemen.

The fire was confined to the premises of James Spence. Mr. Watts, manager of the Hartville Lumber company closed down his mills and sent them to help put out the fire. A bucket brigade was started, and although the lumbermen arrived too late to save the house, they protected the barn and the outbuildings, and prevented the fire from spreading. The Windsor fire brigade were met about four miles out and were told that the fire was under control, so they returned to town without being called upon to render assistance.

It is currently stated that Mr. Watts' prompt action in sending his men to the scene of the disaster saved the village, as the high wind prevailing at the time would have swept the village. Mr. Spence had no insurance, and although his furniture was saved, the house, one of the finest in the village, is totally destroyed. Much sympathy is felt for him in his severe loss.

THE LABOR BILL

(Continued from page 1) one act, then and then only can we report progress.

Under certain circumstances in this act the employer is liable to a fine of \$100, the employee also is liable to a fine of \$100; how can we apply the term impartiality to such a law?

Adam Young, who served some fifteen years on conciliation boards in England, gave an interesting account of its operation, showing the benefits of the system and compared the difference between the English board and the act lately passed at Ottawa. The English board of conciliation was formed by the parties interested, employers and workmen, and framed by themselves to suit their own requirements. The board deals with all matters of wages and disputes as they arise and almost invariably its decisions are satisfactory to men and masters since the board is composed of men of experience, well acquainted with the conditions and requirements of the respective classes of labor.

The trades dispute investigation act, 1907, was conceived, framed and passed by a body of gentlemen, no doubt with good intentions, yet the result is another illustration of the uselessness of attempting to make square pegs fit round holes. To make wise and just laws intended to govern any particular class of society it is necessary that the law makers be men thoroughly conversant with the needs of that class.

The workmen of this country ought no longer to permit silly prejudices or childish jealousies to prevent them uniting in one great organization which would have the power to send any number of representatives they choose to the legislature. Men pledged to carry out the policy laid down by the people and sufficiently strong to balance the parties in the house in the direction of progressive legislation for the masses.

This blind following of the liberal party or the conservative party, is said to look upon the humble toiler, not being very learned in the most advanced wily artifices of the hour is captivated by the greatness of the man and his eloquence. They permit him to take the fruit of the fruit groves of life.

What happens? The leaders select all the best and finest fruit leaving the scraggs, the half ripe or rotten pieces for those who come after. The toiler should hurry on, walk shoulder to shoulder with all other men and take his share of the good things which is the common right of all.

To return to the meeting, a resolution was passed, expressing gratitude to our men as a whole. A committee was appointed to investigate the act and prepare some questions on points which need further explanation. Mr. J. Logan, M. P., stated that falling his ability to be present, no doubt Mr. Macgregor being deputy minister of labor, and Messrs. Smith, M. P., would gladly visit Springfield and discuss the act or use our resolutions. The meeting decided that as the law often runs very different to the legal interpretation of the same it would perhaps not hurt to mention about it. An effort is being made to arrange accordingly.

EXCELSIOR.

CARD OF THANKS.

Mrs. John Norman wishes to express through these columns her heartfelt thanks to her many kind friends for the sympathy and kindness received from them in her sad bereavement. The Bridgetown Importing House

We have opened this week all makes, sizes, and qualities of Corsets.

New Carpets, Rugs, Squares, Floor Oil Clothes, and Curtains now open; and while we assert that without doubt, it will be found to be the choicest stock and best value Bridgetown has ever before had, we want customers, one and all, to call and see for themselves, in order that we may prove the truth of the above assertion. You will believe if you see, and you will save if you buy.

Our new stock of Ladies' Underwear, Blouses and Wash Suits are now opened. All imported direct from The Allen Manufacturing Co., whose fits and workmanship excel. Customers who had their goods from us last season will testify of their excellence.

Our Dress Goods trade is doubling this season because of the great values our customers are finding in them.

Our store is being filled from corner to corner, from floor to ceiling, with a class and assortment of the most desirable goods for this season's demands. If you cannot walk or drive send us your orders by mail.

We have some goods left, which must make way for our new arrivals.

Do not overlook our Curtains, 3 1/2 yards long and 60 inches wide, at \$1.00 cash per pair; worth \$1.50.

Our past record is a proof to customers that they can rely upon the highest price the year round, that the market affords, for their butter and eggs at our store.

Performance follows promise in this store, just as sure as night follows day.

LOCAL AND SPECIAL

The school examinations will take place on the 14th and 15th of May.

The Rev. Dr. Boulden will take the services in the Episcopal church, Lawrence town, at 3 p. m. on the 25th inst.

Arrangements are being made for a fruit and poultry show, in which Kings Annapolis and Hants counties will join, to be held at Windsor next autumn.

The Bridgetown Rifle Association will hold its annual meeting on Saturday evening next in the Town Hall. It is important that all members should be present.

Through the courtesy of Mr. Pickup, M. P., the Bridgetown school has been presented with a map of the World showing the British Empire in red, and a map of the Dominion.

In the obituary notice of John Norman last week we were partially in error. The service at the house was conducted by Rev. E. Underwood and at the grave by the Rev. H. D. deBlois, of Annapolis.

The handsome residence on Granville street, built by J. H. Hicks & Sons for Henry Hicks last year, has been purchased by Lansdale Piggott. Mr. Hicks will rebuild for himself on an adjacent lot.

There will be a business meeting, open to all who are interested, in the Y. M. C. A. Hall next Monday evening to discuss ways and means for a continuation of the work here. It is earnestly hoped that there will be a full attendance.

Considerable correspondence which we were obliged to hold over last week appears in this issue. We greatly appreciate our country correspondence but would request that it might be mailed to reach us not later than Monday, as quite frequently it comes to hand on Wednesday.

Charles Dyke, jeweller, who has occupied a store in the Union Bank building for two years, carrying a handsome and extensive stock of silverware and jewellery, is leaving Bridgetown for Yarmouth where he was formerly engaged in business.

Being moving has begun and a number of householders are changing locations. Mrs. Coburn and daughter are moving into Charles Parker's house, Albert Wade has rented the Payson house, and Dr. deBlois's house vacated by Mr. Wade has been rented by Charles Berry.

Less progress has been made in farming operations than usual at this season. The ground is too damp for ploughing and too cold for sowing, although a few of our growers have ventured to plant early peas. The orchardists are giving their attention to pruning.

Work on the Fraser property recently purchased by Karl Freeman is progressing, and another attractive business block will help to give our main business street an up-to-date appearance, and perhaps arouse the owners of certain other properties to a sense of their deficiencies.

The streets have dried up very gradually this spring and we have not had so much to complain of, although it is in the way of hard roads. We should like to see a few more nice gravelled sidewalks like the new one, made last spring from the asphaltum to H. Ruggles. Queen Street sidewalks are badly in need of a few cartloads of gravel.

Sir Wilfred Laurier and party received a cordial welcome on their arrival at Liverpool, England, on Saturday, April 13th. A number of prominent Canadians were at the landing stage to join in the royal reception accorded to them.

THE COAL STRIKE

Calgary, April 20.—There is little change in the strike situation. All the men in the mines, about five thousand at Frank, Coleman, Leithridge and Lallo, on the Crow's Nest, are out. Yesterday morning all the men at Canmore and a majority at the Bankhead mines quit work. There is at least only two weeks' supply of coal in Alberta and western Saskatchewan. Mr. Jamieson, general superintendent of the Canadian Pacific Railway Company, states he can handle perishable and passenger traffic for that length of time.

Calgary's largest industries have closed down owing to lack of fuel. Calgary's waterworks and municipal lighting plant has only a meagre supply.

Northwest Alberta is being supplied with small mines near Strathcona and Edmonton, but the fear of the Miners' Union prevents shipment south.

PERSONALS

A. E. Hart, of St. John, is the guest of his brother-in-law, Mr. Peters.

Mrs. F. S. Brett, who has been the guest of Mrs. C. L. Gomer, of Canning, returned to Bridgetown Monday day.

P. Giffins, general manager of the D. A. R., accompanied by Mrs. Giffins, arrived home last week from Liverpool England.

T. O. Nichols, son of H. A. Nichols, of Bridgetown, has been promoted to superintendent of the Pond House, Pondsville, Mass.

Mrs. H. L. Bustin, who has been spending the winter with her mother, Mrs. Jacques, in Canning, returned to Bridgetown last week and will be at the Grand Central for a time.

Mrs. H. W. Cunningham, wife of a former rector of St. James church, now of Halifax, is spending a few weeks in town and is at the home of Mrs. Forsyth.

Rev. Anery A. Shaw, pastor of the Brookline Baptist church, has received a call to the First Baptist church, Winnipeg. He has not yet reached a decision as to his acceptance. Rev. Mr. Shaw is a graduate of Acadia College and is well known in the Annapolis Valley.

Mrs. Hastings Freeman and daughter, Miss Blair, who have been spending the winter in South Carolina, returned to Nova Scotia last week. Mrs. Freeman, who has been suffering from malaria, was quite ill on reaching Halifax, and was met there by her father, Dr. deBlois, who accompanied them to Bridgetown, where they will remain a few weeks before proceeding to their home in Shelburne.

Rev. G. W. H. Troop, curate of St. Paul's church, Halifax, has resigned the curacy of St. Paul's in order to take charge of the church in Montreal, of which his father, Rev. C. Osborne Troop, is rector. The latter, with Mrs. Troop, is now abroad, the trip having been made necessary by the condition of Mrs. Troop's health. Mr. Troop will leave for Montreal about May 1st, and will be succeeded at St. Paul's by Mr. Beverley, a graduate of Wycliffe College, Toronto.

DR. JOHN MORSE HAS PASSED AWAY

For More Than Sixty Years He Was Pastor Of Churches On Digby Neck.

Digby, April 22.—John Chipman Morse, D. D., for over sixty years pastor of Baptist churches on Digby Neck died at his home in Sandy Cove yesterday, after a brief illness. The deceased resigned his charge about four years ago, but up to within a week of his death was quite active. He was born at West Paradise, Annapolis County, and entered the ministry at once, took up his life work on Digby Neck, where he labored faithfully. Six years ago the honorary degree of D. D. was conferred upon him by Acadia College. He was twice married, the ten children of his first family all predeceasing him. His second wife, who was a Miss Dukin, of Westport, survives him, as also one son, Charles, in Sydney, and one daughter, residing at home.

HAMPTON

On Wednesday of last week William H. Foster, of Hampton, and Miss Edith Taylor, of Arlington, were united in the holy bonds of matrimony by the Rev. Mr. Jost, of Bridgetown.

The schooner Lloyd from St. John was here last week and landed general cargo for our merchants. Mr. Titus had quite a quantity of meal which was quickly disposed of.

The Rev. S. Langille, of Centreville, Digby Co., has accepted a call to the churches of Port Lorne and Hampton and will be here the second Sunday in May.

Bernard Mitchell is at home from sea, having been absent some six or seven months.

Handley Brinton, Everett Mitchell, Ernest and Percy Fash have gone to St. John to ship.

Mrs. Charles Milberry has gone to New Hampshire to spend the summer.

Jasper F. Titus left the sea in August, last, to take a course in telegraphy and railroad accounting at Buffalo, N. Y. He has lately passed a successful examination and has accepted a position as station master on the Pennsylvania Railroad at Bayard, Ohio.

He—So they quarreled and went off in their new car.

GRANVILLE CENTRE

The many friends of Henry Calnek were pleased to see him driving out one day last week after an illness of several months.

William B. Withers has gone to Boston for the summer.

Howard Young and family have moved into part of Frank R. Troop's house.

Abram Hunt left on Saturday last for Bridgewater, and Oran Young for Boston.

Joseph Morse, of Paradise, is spending a few weeks with his sister, Mrs. J. M. Gillatt.

Stanley Bogart is improving the looks of his house by a new front verandah, and George A. Withers by a large new ell.

The very young people of the neighborhood were entertained at the home of Mr. and Mrs. LeBaron Mills on the evening of the 15th.

Mr. and Mrs. Harry McCormick welcomed a daughter on April 2nd, and Mr. and Mrs. LeBaron Troop April 1. Congratulations.

Four generations in one house are now living at Mr. Troop's; quite an unusual occurrence.

M. D. Bent has recently purchased a fine new piano from Willis & Co. This

makes the third piano this Co. has sold in this neighborhood within the last few weeks.

Mr. and Mrs. Rupert Willett, having sold their farm and household effects, are removing to St. John, where they intend to reside permanently. They leave behind many friends who regret exceedingly their departure from the neighborhood.

This is the way
your Baking turns out
when you use "Beaver Flour"

There is one point about BEAVER FLOUR that every woman appreciates. That's its reliability. Winter and summer—year after year—it never varies in quality. Because the quality of the wheat—and the blending—are always the same.

Beaver Flour

Is a scientific blend of Manitoba Spring Wheat and Ontario Fall Wheat. There is just so much gluten—so much protein—so much of the carbohydrates—so much food property in every pound. The "know-how" is the result of years of milling and baking. Today, BEAVER FLOUR is a perfectly balanced flour, that gives the same perfect baking results every day in the year. Just as good for Cakes, Pies and Pastry—as it is for Bread, Rolls and Biscuits. And it is BEST FOR BOTH.

Insist on Having Beaver Flour.

Mrs. Sarah Potter has gone to Brooklyn, Cornwallis, with her daughter, Mrs. Chute.

Mrs. Ella Chute and daughter, Brooklyn St., Cornwallis, were the guests of Mr. and Mrs. Harry Chute last week.

Mrs. Webster, Cambridge, Kings Co., spent Easter with her daughter, Miss Grace Webster, teacher of the primary department.

Alex. Millet and his brother and Joseph Berry have returned home, after spending the winter in camp at Milford. Mrs. Millet has also returned from Bridgetown, where she spent the winter.

MILFORD CORNER.

(April 17th.)
Messrs. Reuben and Frank Alcorn left Monday for Queens County in search of a large horse.

Fletcher Chute and son, Arnold, left for New York Wednesday.

The Misses Magpie and Clysie Alcorn entertained a number of friends on Monday evening. "Bunco" seems to be the order of the day.

Mr. and Mrs. G. L. Brooks spent Good Friday with Mrs. Brooks' sister, Mrs. Reuben Alcorn.

William Thomas is home from the woods for a while.

George Chute arrived from Annapolis Wednesday, where he has been visiting his sister, Mrs. Charles Harbick.

We are pleased to note that Mrs. Stanley Rice, who has been quite ill, is improving.

Miss Stella Rice, who was called home by the sudden death of her father, intends leaving for Boston Wednesday, to resume her work again.

Percy Rice, who has been quite ill, is able to be out again.

Award Berry purchased an ox from Reuben Alcorn. This makes four yoke he has sold since leaving the woods.

Charles Chute returned to his work at Lake Jolly Monday.

Mrs. John O'Brien, who has been quite ill, is recovering.

Mrs. Stephen Rice and daughter, Annie, visited this neighborhood last week.

OUTRAM

(April 17th.)
Our community was saddened last Sunday, April 8th, at 6 o'clock, by the death of one of the oldest residents, Mrs. James Bent, who has been falling for the last month. Mrs. Bent had a cancer removed from her side last fall and seemed to get quite well till of late she was taken worse and od. Her body was taken to Farmington and buried there to wait the resurrection of the just. Blessed are the dead that die in the Lord.

James Bent has been very sick with pneumonia but is better at time of writing.

Mrs. Melissa Slocumb, of Mt. Hanley, has been the guest of her parents for the last week.

Mrs. A. M. Hoely and family returned home from visiting her uncle, W. Marshall, at Williamston last Friday.

Minard Banks from Mass. was visiting his uncle, J. O'Neal, one day last week.

We extend our heartfelt sympathy to Mr. and Mrs. Isiah Sabens, and family, at Port Lorne, in the loss of their dear son.

Mr. and Mrs. George Andrews from North Range has moved into this place for the summer. Mr. Andrews left for Natick, Mass., last Friday.

BEAR RIVER

(Telephone.)
Frank Rice left for Seattle via Boston on Wednesday.

William R. Rice began building operations on his new block on Monday.

Rev. I. W. Porter, of Wolfville, was the guest of Mr. and Mrs. W. W. Clarke the latter part of last week.

We, with many other friends, wish to tender our congratulations to Reginald R. Ruggles on his promotion to teller of the Union Bank of Halifax, at Bridgetown.

Reuben Alcorn purchased a fine young Percheron draft horse at Round Hill last week. "Rube" is quite a horse fancier and knows a good thing when he sees it.

M. C. Harris is making some improvements in the building lately occupied by George Fizzle. We understand he is fitting it up for H. B. Annis for a harness shop.

In the Methodist church, last Sunday evening a baptismal and reception service was held, when four adults were baptized and nine persons were received into full membership with the church.

Obed P. Berry is doing a good business with his gasoline wood sawing machine. He has recently purchased a large ox to haul it from place to place. "Obe" now calls it his "oxob-sawbik."

Five of the immigrants brought out by the Salvation Army arrived here on Monday and have gone to work for Messrs. Clarke Bros., and Miller, at Lake Jolly. This makes eight that are now at work for this firm, three others having arrived last week. They are a smart, intelligent looking lot of men.

CENTREVILLE

(April 17th.)
Mrs. Cook, of New York, has been spending a few days with her brother, friends in this place.

Miss Lola Caldwell is spending a few weeks at home.

Mrs. E. Messenger has returned home from Paradise, where she has been spending a few days with her brother, who is ill.

Spurgeon Messenger spent Easter with his parents, T. T. Messenger.

C. Mullin, of Digby, is visiting his relatives and friends of this place.

Milton Brooks leaves on Saturday for Boston.

TUPPERVILLE

(April 17th.)
We are glad to report that J. H. Inglis and family are recovering.

We heard the jingle of sleigh bells on Sunday, the 14th of April.

Hugh A. Calver, of Strathcona, passed through here Friday, on a flying visit to relatives and friends.

J. Thorne and sister spent Sunday here, the guests of Mr. and Mrs. P. Inglis.

Reginald Bent, of the Consolidated School, Middleton, spent Sunday with his mother.

Our popular teacher, Miss Darling, accompanied by her friend, Miss Mary Bent, spent the week end with her parents at Paradise.

Mr. and Mrs. Rupert Bent, of Boston, are visiting friends here. Clarence Bent, who came with them, will remain unaccompanied.

(April 22nd.)
The Rev. Mr. Allen, from Kings Co. preached here on Sunday a. m.

John Brooks ordered a car of lumber for A. D. Mills & Son, Annapolis, which went out on Saturday's night train, and is loading another one this week for the same firm.

The Rev. Mr. Langille is still holding special services commencing again on Tuesday. The meetings are well attended, usually a full house. A gracious influence attends the meetings. Some are kept at home by severe colds.

The farmers are busy getting their orchards pruned and cared for.

The farmers had a meeting last Saturday evening and appointed Louis Chipman overseer of marshes.

Safest Medicine for Women's Complaints

Women certainly do neglect themselves. They work too hard—over-tax their strength—and then wonder why they suffer with diseases peculiar to their sex. Most cases of female trouble start when the bowels become inactive—the kidneys strained—and the skin not cared for. Poisons, which should leave the system by these organs, are taken up by the blood and inflame the delicate female organs.

Fruit-a-lives

FRUIT-A-LIVES take away those distressing headaches, backaches and bearing-down pains and make women well and strong. "Fruit-a-lives" are fruit juices, sweetened, with various and scientific ingredients, which purify the blood, sweeten the stomach—make the bowels move regularly every day—strengthen the kidneys—improve the action of the skin—and thus purify the blood.

Ordered that Albert Dunn be paid keeper in Ward 9.

Ordered that William J. Spinney be presiding officer in Ward No. 16.

Ordered that all proceedings taken by the Eastern and Western Road Boards be confirmed.

The following resolution was moved by Councillor Parly, seconded by Councillor Grimm.

That in the opinion of this council the bill before the legislature of Nova Scotia providing that penalties recovered under the Nova Scotia Election Act be paid into the provincial treasury instead of one half to the person who sues therefor and the other half to the treasurer of the municipality where the offence was committed as provided by the present law, is a measure calculated to create an injustice to the municipality and to discourage the administration of the law against bribery.

On motion it was ordered that the further consideration of said resolution be deferred.

Upon reading the report of the committee on assessments the same was on motion received and adopted. The following is the report.

HORSEMEN, READ THIS

I have used MINARD'S LINIMENT in my stables for over a year, and consider it the VERY BEST for horse flesh I can get, and would strongly recommend it to all horsemen.

GEO. HOUGH, Livery Stables, Quebec, 95 to 103 Ann St.

Let us all keep hustling to improve the appearance of our streets in the front of our residences and places of business. Keep all kinds of rubbish off the streets and sidewalks, and see that our houses, fences, etc., are neatly painted. There is nothing that helps the looks of a town and induces newcomers to settle in it more than neatly painted houses, stone and fences, neat and tidy streets and sidewalks, and fruit and shade trees on private grounds. Let us see what we can do for the benefit of our beautiful little town during the coming days and weeks.

MAILED

For Thin, Poor Blood

You can trust a medicine tested 60 years! Sixty years of experience, think of that! Experience with Ayer's Sarsaparilla; the original Sarsaparilla; the strongest Sarsaparilla; the Sarsaparilla the doctors endorse for thin blood, weak nerves, general debility.

But even this great old medicine cannot do its best work if the liver is inactive and the bowels constipated. For the best possible results, you should take the laxative dose of Ayer's Sarsaparilla before the Sarsaparilla. The liver will quickly respond, and so will the bowels.

TWO SISTERS KILLED BY TRAIN.

Worcester, Mass., April 10.—In avoiding a freight train on the Boston and Albany division of the N. Y. C. Railroad, not far from the Gardner St. crossing at 6.30 o'clock tonight two sisters, Blanche and Mary Derosier, daughters of Edward Derosier, stepped in front of an eastbound passenger train and were instantly killed. The girls were returning from their work in a department store and walking along the track and had almost reached their home. The engineer of the express did not see the girls as they were hidden by the smoke and steam of the freight engine. Both were hurled forty feet and when the bodies were picked up it was found that each had sustained a broken neck.

Among Our Neighbors

CLEANSTOWN

Mrs. Moody and her daughter, Ethel, have returned to Annapolisport to spend the summer months. They are at present residing with Mrs. Dean Shaw. They spent the winter at Annapolis.

A. D. Hoop went to Annapolis on business a few days ago. There has been quite a change in property in the village lately. James Smith has sold his property to a Mr. Brown from Kingston and purchased the J. H. Dumas property lately owned by A. D. Hoop. Also Mr. Brown has sold his property known as the Tinsman place to Mr. Smith, also of Kingston.

Mr. and Mrs. Hatfield have got back to their home for the winter. Mrs. Hatfield spent the winter at River Forest with her parents. She and Emma E. Foster have joined this spring with wood and pine at this port for Boston and we learn there are two other vessels to be here in a few days to take cargoes of the same material, one the Oleria, the other, a three masted schooner from Annapolis. Herbert Hicks loads them. It has been a good many years since there has been such a quantity of wood and pine at this port for shipment as at present. I suppose it is largely owing to the winter which has given such good opportunities for sledging, also the excellent business qualities of our merchants.

We were sorry to learn that the scer. Mercedes had a very rough passage to Boston losing a large part of her deck load, but owing to the skillful management of Captain Henshaw and his able crew no serious damage was done to the vessel.

The District Sunday School Convention will be held here in the Methodist Church on the afternoon and evening of Monday, the 29th inst. All Sunday School workers and others interested are cordially invited to attend. We hope to have a profitable session.

Quite a number of our Clementsport folk visited Annapolis on Thursday last week.

We are sorry to have to chronicle two quite sad mishaps that occurred here a few weeks ago. One in connection with Capt. Atwood, who had the misfortune to have his hip dislocated; the other, the poisoning of Capt. Alonzo Merritt by eating canned salmon. Both persons are yet suffering from the effects of these but we hope for their restoration to health in the near future.

Quite an unusual thing for this time of year occurred here one day this month. Edward Berry, of Guichen, hauled in town a cord of green wood with his oxen on snow.

We are very sorry to learn that Mrs. Arthur Parker is quite ill at the time of this writing.

DALHOUSIE WEST

Winter is staying late with us and a few of our lumbermen are still logging. William Ramsey's saw mill has arrived at Harris' Bridge, where there is a fine cut of logs.

There has been considerable illness here this season, but most of the invalids are on the road to health again.

J. B. Whitman was in this place on business a few days last week. Counsellor Grimm of Springfield, passed through our village and was the guest of George Hannam. H. Cosby, of Round Hill, made a flying trip to this place and was the guest of George Hannam.

Harry Mack is visiting friends here. Charles Todd is visiting his sister in Albany. Mrs. John Merry. We are sorry to hear that Mr. Merry is quite ill. William Cumming's grocery service is very acceptable, especially so while the roads are bad. We wish him success.

Robert Cummings and Percy Morse of Bloomington were visiting friends here over Sunday.

SOUTH WILLIAMSTON

Our community was saddened on Saturday, the 13th inst., to learn that Helen, child of Mr. and Mrs. Howard Bezonson, had passed away after a short illness, at the early age of ten years. Little Helen was a bright, promising child and a general favorite with her school companions and playmates, who mourn her early demise.

The funeral service was held on Monday, the 15th. The Sunday School of which she was a member headed the procession to the public hall, where the Rev. M. W. Brown delivered a very feeling and impressive sermon to a large congregation. The interment was in the Lawrencetown cemetery. The family have the sincere sympathy of the community in their sad bereavement.

SMITH'S COVE

Mrs. Porter wife of Rev. R. D. Porter died at her home here on Friday evening last, the 12th inst. She was 62 years old and had suffered a long time from heart disease. Besides a husband, she is survived by two daughters, Mrs. George L. Dickson, of St. Lawrence, and Miss Maud Porter, who teaches school at Wolfville. Both daughters were at their mother's bedside when she passed away. The funeral took place on Sunday, the sermon being preached by Rev. Mr. Carter, who paid a tribute to the many good qualities of the deceased. He spoke feelingly of her sufferings, and the great fortitude with which she bore them, and urged upon his hearers the necessity of emulating the example she had set by her christian life.

The spring to date has been a bit backward, but everybody is looking forward to a prosperous summer. The past winter was favorable for lumbermen, and business in their line is going to be brisk.

The fishermen are busy preparing their wares for the season's catch. There was a very good run of mackerel last summer, and hopes are expressed that there may be equally favorable conditions this year.

Mr. and Mrs. Lakeman have gone to LaBee, Maine, to take up their residence. They were accompanied by Mrs. Lakeman's sister, Miss Blanche Rice, who will locate in LaBee.

Mrs. Cummings has gone to Shang Harbor to see her son, who is ill with heart disease.

Mrs. Darcy has returned from a visit to St. John.

PORT WADE

A timely hint was given by the "Monitor" in its last issue in re the hoodlum element which is growing up in the town as a menace to welfare of town and community. We have, we're sorry to state, the same element here, where with other depredations they are even carrying off small buildings, and placing them by the roadside and painting glaring signs upon them. If immediate steps are not taken to check these actions, their times may be spent within the walls of a penitentiary in the near future.

Captain Abram Holmes went to St. John Monday on S. S. Granville.

Mrs. Thomas Burke is very low at this writing and her demise is hourly looked for.

John S. Hayden, Victoria Beach, had his house badly scorched last week, a good part of his furniture being destroyed. The loss was covered by insurance.

Five young ladies of this place, Carrie McGrath, Lizzie Burke, Frances Burke, Aedia Covert and Winnie Litch, went over to Digby Saturday in Capt. W. McGrath's new vessel, making the round trip very rapidly.

Wissell Covert went to Boston Saturday for the summer.

J. W. Snow and daughter, Minnie, left for Springfield, Mass., on Monday last.

Captain Joseph Saboun has bought the schooner Dolphin and he and his father, William Saboun, came over on S. S. Granville Wednesday to repair her, preparatory to the carriage of lumber on the Bay.

A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked.—MRS. SARAH A. COLE, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by W. A. Warren, Pharm. B.

SPRINGFIELD

Miss Estella Roop is leaving this week for Bridgetown, where she will take a position in J. W. Beckwith's store.

Mr. and Mrs. W. M. Darling are receiving congratulations—a son.

Rev. E. H. Howe is holding special services at Dalhousie and in the camps of the Davison Lumber Co.

Mrs. Southgate and family arrived from their home in England on Monday night. Mr. Southgate, who has been in the employ of the D. L. Co., for the past two years, intends having his family settle in Nova Scotia.

Miss Dona Mailman arrived from Boston on Saturday night, having been called home by the serious illness of her mother, Mrs. Aaron Mailman.

Court Forest Flower I. O. F. gave an open entertainment on Saturday evening. A large number were present and an enjoyable evening was spent. The program consisted of choruses, solos, readings, a pantomime, showing the benefit of "Forestry," concluding with a large entertainment. "A considerable courtship."

NORTH WILLIAMSTON

We are sorry to report that Mrs. William Bent's baby is dangerously ill. Dr. Bruce is in attendance.

Mrs. Frank Irvine left for her home in Woburn, Mass., on Saturday last.

Mrs. Elias Early arrived home from Mass. last Wednesday.

Mr. and Mrs. Zebulon Darling of Ingleville, spent last Sunday with Mr. and Mrs. Oliver DeLaney. (April 17th.)

We extend our deep sympathy to Mr. and Mrs. Howard Bezonson, of South Williamston, in their sad affliction which they have to sustain in the death of their little daughter, Helen.

We are pleased to report that Mrs. William Bent is improving.

Charles Hiltz returned home from Crossburn last week.

Mrs. Frank Irvine of Woburn, Mass., is visiting friends here.

On the 4th inst. a very interesting event took place at Brickton, when Mrs. Hannah Sanford, of Burlington, Hants Co., was united in marriage to George W. Greene, of Brickton. Rev. W. Brown, of Lawrenceton, performed the ceremony. After the ceremony and congratulations, a bountiful and sumptuous collation was served to which the guests did ample justice. We join in wishing Mr. and Mrs. Greene a long and prosperous married life.

HELLELSIE

Miss Maudie Coleman, who has been spending a few weeks with relatives at Lawrence, Mass., has returned home.

Mrs. Blanche Greener, who has been spending the winter at Yarmouth, is at home again.

Mrs. (Rev.) H. W. Cunningham, of Halifax, attended service at St. Mary's Church on Sunday last.

We are indeed sorry to hear that our esteemed resident, Gilbert A. Ray, who has been confined to his room all winter, an awful sufferer from acute rheumatism, has become entirely helpless. The sympathy of the entire community is indeed tendered him in his sad affliction.

Some of our neighbors have lately been taking new places of abode. Howard Young of Dr. Barnaby's farm has moved to Granville Centre, and Rupert D. Gesner has moved from Willett's Corner to Upper Granville.

The many friends in this locality of Mrs. Watson Bent, of Young's Cove, are pained indeed to learn of the trial and visitation with which Providence has seen fit afflict her.

It has been many years since we have had a spring so cold and backward as the present.
