ALONG VISTULA

Russians and Germans Engage in Frequent Encounters With Bayonets-Carnage is Appalling.

Canadian Press Despatch. PETROGRAD, Oct. 27.-The Russians are now engaged in a constant succession of hand-to-hand battles with the columns falling back from the V stula. The ma'n strength of these now extends over an irregular line from the Radom woods westward in the direction of Piotrkow and upwards into the woods south of Rawa.

The bulk of the heavy casualties comes from bayonet fighting in the deserted villages where the Germans are serking to establish themselves. From the nature of the operations there would be several days of appalling casualties.

The Russians greatly outnumbered the retreating columns, whose wings are constantly threatened by the approach of Russ'an troops.

Britain Will Not Interfere With Shipments - Commerce Between Neutral Countries Not Hindered.

Canadian Dans Despatch WASHINGTON, Oct. 27.-American shippers can send cotton to Germany and Austria without interference by

Great Britain. Arrangements are being made between various neutral countries in Europe providing against the re-exportation of conditional contraband to bell'gerent countries.

Commerce between neutral countries will not be hindered in the least by a man who drives for hire is put under Great Britain as long as cargoes are specifically consigned.

American shippers will be supported in their claims against beiligerents WITH NO OPPOSITION if American cargoes are lost when corried in belligerent bottoms. Liberals of Ouebec Decide to

These are the chief principles of the shipping situation which the state depar ment has worked out in diplomatic negotiation with Great Britain, whose cruisers 're in procient control of trans-Atlantic commerce.

Baron Von ech e. .. ttache of the German emba sy, was formally apprized by Acting Secre'ary Lansing of the state department of Great Britain's rttitude toward cotton shipments namely, that they were not contraband and would not be declared as such.

TEN THOUSAND TAKEN PRISONERS BY AUSTRIANS

So Says Vienna Statement-Russian Forces in Superior Strength.

Canadian Press Despatch.

am and London).—An official statement issued today says:

"The situation is unchanged in Central Gal'cla. Southwest of Ivangorod our heroically fighting troops are opposed by uperior forces. One of our corps has made 10,000 prisoners." East of Nancy the Enemy Has Been Driven Across the Border and the District is Cleared—General Von Beseler, Conqueror of Antwerp, Committed Suicide-French Make Progress South of Dixmude, Between Ypres and Roulers-German Offensive Has Reached Critical Stage and May Collapse.

LONDON, Oct. 27.—The most startling development of the day perhaps is the suicide of General Hans Von Beseler, the conqueror of Antwerp, who, according to late advices shot himself at his head-quarters in Bruges and died almost instantly. This information comes by way of Rotterdam on what appears to be good authority.

No reason is assigned for his act.

General Von Beseler is the second high commander of the kaiser's forces to take his own life since hostilities opened, of which information has reached the public. The first was the leader of the army which besieged Liege.

ALLIES' GAIN SOUTH OF DIXMUDE.

A very brief official statement was issued tonight by the French

war office regarding the great battle which is in progress in Belgium and no thern France. The text follows:

"There is nothing to report except some progress on our part in the region to the south of Dixmede."

BERLIN ADMITS STRONG RESISTANCE.

Berlin headquarters under date of Oct. 27, announces:

"The battle on the Yser Canal, near Ypres and southwesterly from Lille, is proceeding with the same stubbornness. Yesterday the German troops made progress.

"On the other battle front in the western theatre, no important

events have occurred. "To the west of Augustowo, the attack of the Germans is slowly proceeding. To the southwest of Warsaw our troops have repulsed

PARIS, Oct. 28, 12:30 a.m.—Three all the attacks of strong Russian forces. North of Ivangorod a new Russian army corps has crossed the Vistula." SFIRITED FIGHTING CONTINUES. The official communique of the French war office, issued this

"The fighting continues to be particularly spirited between the mouth of the Yser and the region of Lens. In this part of the front, the allied forces have at no point drawn back and they have continued to make progress in the region between Ypres and Roulers.

"In the general region between Soissons and Berry-au-Bac an artillery engagement resulted to our advantage and in the destruction of several batteries of the enemy.

"In the region to the east of Nancy, between the forest of Bendingles, the forest of Bendingles,

imsky. the forest of Bezange and the forest of Parroy, we have assumed the offensive and driven the enemy across the border.

"On the River San and to the south of Przemysl, the Russian offensive is becoming more accentuated."

300,000 GERMANS THROWN AWAY. From the mouth of the River Yser at Nieuport in Belgium, to Lens, in France, which constitutes the allied line opposing the German advance along the channel, all efforts of the invaders were today frustrated. Despite the orders of the German war lord that Dunkirk and Calais must be taken immediately and without consideration of the cost, the situation remains the same. The pick of the German troops, more than 300 000 in number, are being thrown away in a

vain striggle to cut thru the defence. The heaviest fighting of the day is understood to have taken place between Ypres and Roulers.

Altho the Germans now have their big howitzers in action, the guns which demolished Liege, Namur and Antwerp, these powerful weapons are proving much less effective against mobile forces than in siege operations. The allied commanders have adopted a policy of constant manoeuvring. Large forces never remain in the same place very long and the destruction from the German pieces is negligibly small. Another factor which is counting against the Germans is the character of the country along their route of advance. The land is extremely flat and entirely unsuited to entrenching on the scale carried out along the Aisne. This compels the German infantry to come forward in close formation across open plains and the execution of the allied artillery is described as terripie in the extreme

Advices from the neighborhood of Ghent state that the city has been practically evacuated by the German garrison, their place being taken by Austrians. Heavy reinforcements continue to come up on both sides.

THREE MONITORS HAVE RETURNED. The naval contingent is checking all efforts of the Germans to advance directly along the coast. The three monitors which rendered such splendid service in the early days of the fighting and which are said to have and description from shore batteries, are understood to have returned today and resumed their play on all Ger-

man positions within reach. An unconfirmed report says that a portion of the German army, numbering 5000 men, was annihilated west of the River Yser by a large force of French. The Germans attempted to storm the French trenches and were allowed to approach very near their objective when they suddenly found themselves subject to an enfilading

fire. Only a few hundred of the attacking column escaped. GREATEST LOSSES OF THE WAR. The losses on both sides continue to be in proportion to the fierceness of the battle, which means that they are greater than those in any battle since war was declared now nearly three months ago.

Along the coast, where the allies have the assistance of British and French warships, they have apparently more than held their own, and after inflicting very heavy losses on the Germans. have compelled them to try for an opening further in and. Up until yesterday the allies had been forced to give way at some point, but today, accord-

DARK SKINNED FIGHTERS ON THE WAY TO THE FRONT

WEDNESDAY MORNING

first appearance in the firing line.

The opposing forces are so strong that it must be many days before a decisive result is attained by either, despite the great losses which they are suffering and which grow greater as report follows report.

ARTILLERY DUEL CONTINUES.

Along the old front, stretching from the River Oise to the Meuse, from which the Germans withdrew their best troops to strengthen the army, which is attempting to advance along the coast, the French have been taking the offensive, and to the north of Soissons have been engaging in an artillery duel with the Germans in which they have destroyed several of the German batteries. They seem to have been playing at this game for some time, for the last three reports from Paris have announced the destruction of German guns.

Further east, the offensive tactics of the French have driven the Germans, who were threatening Nancy, back across the frontier. The Germans, however, are so strongly entrenched along the long line that it is believed they are preparing to remain for the winter, holding their positions until their present objectives, the northern ports of France, have been attained.

NOTABLE FRENCH SUCCESS. A notable success of the French is reported today from the east end of 300 mile front. A drive in the vicinity of Nancy threw the Germans over the French border into Lorraine. From Pont-a-Mousson

to Pagny, the entire country is freed of the invader.

St. Mihjel is in the hands of the German crown prince despite all efforts to dislodge his forces. But east of that town the French are making splendid progress and the envoloping movement against his position is expected to reach an early and successful issue. North of Melsicourt, the town in the heart of the Argonne forest, taken yesterday, the Germans lost additional ground today.

There was renewed activity on the centre this morning when a bombardment from French guns drove the Germans from fortified posts between Soissons and Berry-au-Bac. Several German batteries are said to have been blown to bits. At all points the German offensive appears to have reached a critical stage. They must either go forward or backward. The latter eventuality seems most unlikely and military authorities predict a general retirement all along the front within a few days. On the other hand reliable reports say that the kaiser was in Belgium Sunday and gave emphatic orders that Dunkirk and Calais must be captured, laying special stress on the mportance of the latter port.

LIEUT.-GEN. FRANKLYN DEAD. Lieut.-Gen. Sir William Edmund Franklyn, who commanded the third division of Kitchener's new army, died suddenly tonight.

Lieut.-Gen.Franklyn, prior to assuming the command in Kit-

chener's army, was military secretary to the secretary of war, which post he had held since 1911. He was born in 1856 and served with distinction in India and other countries. He was director of the adjutant-general's department of the war office in 1904-06.
BRIG.-GEN. KAVANAGH WOUNDED.

A casualty list issued tonight, dated Oct. 23, reports 16 officers killed, 35 wounded and 23 missing. Among the wounded are Brig.-Gen. C. T. McM. Kavanagh and Lieut.-Col. E. B. Cook, First Life Guards; Lieut.-Col. A. F. H. Ferguson, Second Life Guards, and Lieut.-Col. B. E. Ward, Middlesex Regiment.

Captain John Jacob Astor, First Life Guards, son of William Waldorf Astor, was wounded in a battle in France. LIEUT.-GEN. FREDERIC KILLED.

The 60th Prussian casualty list, with accompanying Saxon and Bavarian lists, was published in Berlin today. The list is headed with the name of Lieut.-Gen. Frederic of Sax-Meiningen, who was killed in a battle near Montigny, Aug. 23.

Despatches from the south report that the Germans have restrong enough they would possibly

pulsed the French attacks in southern Vosges. Five German officers, wounded in battle, are in the hospital at manufacturing in a residential district. er is Frince Jean Charles of Carolath

Beuthen, a lieutenant of the regiment of Uhlans, No. 3, who is suffering from a wound in the leg.

THAMES CHANNELS CLOSED.

To frustrate the attempts of hostile craft to reach London, further channels in the Thames, several of which previously had been closed, were banned today by order of the British admiralty till further notice. Within certain limits vessels at anchor in the river must not show lights between 7 p.m. and 7 a.m.

General Von Tripp and several members of his staff killed by a shell from the British fleet cow days since, were buried today at

CAPTURED GERMAN BANNER.

In the fighting around Arras, George Andre, noted French athlete, outdistanced his comrades in a bayonet charge and suddenly found himself well within the German lines. He seized a banner from the hands of a nearby color bearer and footballed his way thru the Germans surrounding him. They were so astonished at his conduct that he succeeded in regaining the French line, altho wounded in the foot. A despatch from Amsterdam says:

"The first batch of French non-combatants left Germany yesterday via Schaffhauses, Berne and Geneva. The departure will be allowed of all women and of all males under 17 years of age and over 60. A train with German non-combatants is expected to arrive shortly in Germany from France."

From Geneva comes the following message: The most powerful Zeppelin yet made has just been launched at Friedrichshafen, on Lake Constance. Without preliminary trials it flew away northward at great speed, cheered by the soldiers who shouted 'To London! to London!" Count Zeppelin was present at the launching.

The airship has a special armored compartment for bombs. A message from Avlona. Albania, says that 600 regular Greek soldiers have arrived at Vasari and attacked the Mahommedan troops at Ghegi. The Greeks then started for Kerciovo.

It is declared that reports from the interior of Albania say that Greek epirotes have destroyed the Villages of Schialisi, Busi, Tepeleni, Premedi and Rubzi, not far from the Grecian border.

call a German error in delaying night attack until the opportunity wa

At the same time, however, the Rus sian generals express admiration of Gen Von Morgen's lightning advance five German army corps over the difficult, swampy region approaching Warsaw, from the southwest. The appearance of the Germans in this quar ter was most unexpected.

The Germans made a grave error, it is asserted, in not pursuing the advantage derived from their unexpected advance, which would have enabled them to approach within eight miles of Warsaw without their presence being made known.

Poles Held Aloof.

For unknown reasons the Germans uddenly decided to delay the attack until morning, which allowed the SIberian and other Russian reinforce ments adequately to protect the city Papers found in the possession of Ger-man officers indicate that the general plan was to attack Warsaw that night. One explanation for the change in the plan is that the Germans failed to secure the assistance of the Pollsh secure the assistance of the Polish element upon which they had counted. The Russian generals also admire the Germans' abrupt extrication when they found themselves outflanked, their retreat being so complete and precipitate that the Russians were unable to overtake and engage the rear guard in action for several miles. The whole affair, including the whirlwhole affair, including the whtrlwind advance and retreat, at present is a puzzle to the Russians.

AUSTRIA'S HOST OF WOUNDED. Canadian Press Despatch.

LONDON, Oct. 27, 7.42 p.m.—It is semi-officially reported at Frograd, according to a Central News despatch. that the number of Austrian wounded who passed thru Vienna alone, which was officially estimated at 136,000 up to Sept. 13, now amounts to at least

now, and operation was to have begun on Nov. 1, yet no announcement is forthcoming. By the agreement made Transcontinental Grand Trunk, the G. T. P. is to operate the N. T. R. Rumor persists that the G.T.P. has refused to carry out this part of the agreement, but Hon. Frank Cochrane declared today that he had heard no-

break.

(Centinued from Page 1.) bunch into preparations for an armed resistance.

Supplies Commandeered.

Altho aware of these preparations for some time, the Union administration, says the Governor-General, has spared no effort to preserve peace without bloodshed, while at the same time taking adequate steps to meet any situation that might arise. The government now learns that burghers in north Orange Free State are commandeering supplies for military re-quirements under the authority of Gen. Christian DeWet, and in the west-ern Transvaal under the authority of Gen. Beyers.

Town Seized.
Several rebellious commandoes are now in existence. The town of Heilbronn has been seized, and officials of the government made prisoners. At Reitz a train was stopped and armed citizens on board, members of the defence force, were taken from the train and disarmed

"Under these circumstances," continues the Governor-General, "the duty of the government is made clear, and it has been determined to deal firmly with the situation. All essential steps are now being taken. t'al steps are now being taken. Great Majority Loyal.

"A very great majority of the citizens of every province are thoroly loyal and resent the idea of rebellion. When they are thoroly informed of the situation the government is confident hat they will give every assistance in

restoring order.
"In order to not encourage the movement in any way, the support of all citizens has been especially requested. They are advised that a special alertners must be exercised and informa-tion given the government at the earliest possible moment which will help but down the rebellion. "Citizens who for any reason have

een guilty of disobedience under the Defence Act need have no fear of any action against them by the govern ment so long as they remain quietly at nome and abstain from acts of violence against the constituted authori-

ROYALTON EXPLOSION

Revised Figures Reduced Number of Casualties-Cause, Gas Detonating.

Canadian Press Despatch.
ROYALTON, Ills., Oct. 27.—A total of sixty-one known dead is shown on the casualty list issued late tonight by officials of the Franklin Coal and Coke Co.. at whose mine near here three hundred men were entombed at the going-to-work

men were entombed at the going-to-work hour this morning.

The decrease in the number of dead intimated earlier in the day was accounted for by the registration tonight of scores of miners who had escaped during the day, but who were too busy assisting in the rescue work to answer to the roll call of rescued.

Twenty minutes before the explosion 246 men went into the mine, only the last carful of the day force remaining on the surface. Tonight twenty-four bodies had been recovered and thirty-seven men were missing. It was conceded by officials of the mine that the thirty-seven still were entombed and would never be brought out alive.

The mine is a mile from Royalton.

The mine is a mile from Royalton.

The fire followed a gas explosion that
courred five minutes before the miners were to begin work. About fifty men had not entered the shaft, but the others had gone down and begun to scatter to the various workings.

various workings.

Driven Back By Gas.

The sound of the explosion was heard in Royalton and every adult person in the town except the telephone operator. hurried to the mine. Rescue parties were organized quickly and help was summoned from surrounding towns. Gas in the mine, however, prevented the rescuers from penetrating more than 1500 feet into the workings and they were unable to reach the 105 men entrapped on the lower level, which was in flames.

One hundred and fifty men, however, were taken from the mine, but more than eighty of these had been overcome by

were taken from the mine, but more than eighty of these had been overcome by gas. Two died at the surface.

Recovered Twenty-Eight Bodies.

A mine rescue car from Benton, III. arrived nearly four hours after the exposion with a supply of oxygen helmats. The work of rescue was pushed with vigor and soon 28 bodies had been recovered.

covered.

Companies were organized to battle the flames in the lower level, but experts feared it would be impossible to subdue the fire unless the burning sections were sealed. It was announced that this would not be done until all hope of saving the entrapped men was abandoned.

Power Commission Asked to Report on Line to Geor-

gian Bay.

Fire Damages School.

"The state of the crossings over Lys indicated that no organized sche of defence had been executed, some the bridges being in a state of rep merely barricaded, while one was even defended or broken.

"The resistance offered to our adva on the 15th was of a most determing character. The fighting consisted filercely-contested encounters, Infan attacks on the villages being unavail until our howitzers reduced the hout to ruins. Other villages were taken a retaken three times before they we finally secured.

French Cavairy to Fore.

"The French cavairy here gave, we come support, and on the evening of 16th the resistance was overcome, enemy retiring five miles to the eaward."

Describing an incident of the fight Council Endorses Changing

proving the revised agreement of the Toronto-Hamilton highway. The new agreement will be signed by Mayor Allan and l'orwarded to the commission at Toronto, and it is expected that the work will now be proceeded with at once. It is probable that the proposed bridge scheme will be gone on with also.

Work With Board of Trade.

The council received a request from the board of trade that a committee from the council be appointed to work in conjunction with the good roads committee

A sheet of flame and a shower shells at the same time made the as light as day and enabled the the council be appointed to work in conjunction with the good roads committee of the board of trade and one from Wentworth County to consider the proposition to construct the proposal to grant \$35,000 for the erection of a new kitchen at the City Hospital was passed by the aldermen without dissent.

Mould Build Storm Sewers.

Ald. Fred Littlewood gave notice that at the next meeting of the council he would move that a bylaw for the issuing of debentures amounting to \$650,000 for the construction of storm sewers be placed before the ratepayers in January.

Query Re Gas Rates.

On being questioned by Ald. Young as to what the board of control was doing to have the minimum gas rate charged by the United Gas and Fuel Company the board was still working on the question. Ald Young stated that if the board of control could sot no satisfaction he would have the matter placed in the ment.

Proceed With Sewer. chine guns. Our cavalry extricate themselves with the loss of one office wounded and nine men killed and wounded, but a party of volunteers went back and carried off their wounded comrades.

and carried off their wounded comrades from the inferno.

"During the 17th, 18th and 19th of October our right encountered strong conosition from the enemy about La Bassee. where they had established themselves behind embankments. On the centre and the left we made better progress, altho the Germans were everywhere entrenched and, in spite of the bombardment, held some villages on the Lys. At the close of each day a night counter stroke was delivered against one or another part of our line, but they were all repulsed.

"Tuesday, Oct. 20, a determined but unsuccessful attack was made against virtually the whole of our line. At one point where one of our brigades made a counter attack 1000 German dead were found in a trench and 40 prisoners were taken."

continuing, the narrative points out that the advance of the allies has been hindered by the weather and the nature of the ground together with the impossibility of knowing before hand the reception that advance detachments were likely to meet in approaching any village or town.

hands of the railway board for settlement.

Proceed With Sewer.

Alderman Birrell announced that the authorization of the Ontario Board of Health for the construction of the east end sewer had been given and that the contract had been let to a Toronto concern. He stated that the manufacture of the concrete pipe would be started on Thursday, and the digging of the trenches would be begun at once.

Want Hydro Enquiry.

The 'ollowing recommendation of the board & control was passed:

"The the Hamilton council join with the councils of other municipalities interested in a request to the Hydro-Electric Power Commission of Ontario to enquire into, examine, investigate, and perating an electric railway from Georgian Bay thru Guelph to Hamilton to St. Niagara Peninsula."

A bylaw authorizing the expenditure of \$33,870 for work to be done on the the work to be started at once.

Major Tolmie, M.L.A., of the **extended of the Board of the Baser Freille. or town.

Resistance irregular.

"One place may be evacuated hastily as untenable," the recital continues, "while another in the same general line will continue to resist for a considerable time. In some villages the inhabitants meet our cyclists with klases, while at the next one the roads will, in all probability, have trenches cut across them and be blocked with barricades and machine guns. Under these circumstances an incautious advance is severely punished and it is impossible for large bodies of troops to push on until the front has been thoroly reconnoitered. This work requires the highest qualities from our cavalry, our cyclists and our advanced guards.

Armored Motor Cars Useful,

Armored Motor Cars Useful,

"Armored motor cars equipped with
machine guns are now playing a part in
the war, and have been most successful
in dealing with small parties of German
mounted troops. In their employment
our gallant allies, the Belgians, who are
now fighting with us and acquitting
themselves nobly, have shown themselves
to be experts. They appear to regard
Uhlan hunting as a form of sport. The
crews display the utmost dash and skill
in this form of warfare, often going out
several miles ahead of their own advanced troops and seldom failing to return loaded with spoils in the shape of

NAME OF JOHNSTON

Amelia Phillips Sought When History of Africa is Published, Says President Falconer.

ARREARS OWING SIR HARRY'S SPEECHES

Addressed Canadian Club at Luncheon and Delivered First Varsity Lecture.

It was an illustrated lecture, descriptive of all parts of the British Empire, and especially of Africa, that Sir Harry Hamilton Johnston gave last evening in Convocation Hall, to an audience which completely filled that building long before the hour at which the lecture began. Altho all parts of the empire were touched on, it was Africa that received the major part of the attention. President Falconer introduced the distinguished visitor as one of the greatest living authorities on racial problems, and as one of the men who has done much by his work of discovery in the wilds of Africa. "When the history of Africa is written," said Dr. Falconer, "Sir Hearry Johnston will occupy a prominent place

Joinston will occupy a prominent place in its pages."

The lecturer rejoiced that the Irish problem had at last been solved, this being one of the racial problems which had longest confronted the British people. Much that was interesting in various parts of the British Empire was shown on the screen, and described by Sir Harry. The constructive ed by Sir Harry. The constructive work carried out in Egypt, in Khar-toum, and indeed thruout all the Bri-

toum, and indeed thruout all the British possessions of Africa has illustrated, and some magnificent scenery of those regions was shown.

While describing the Indian empire, the lecturer took occasion to remark that Nepal was not a British state, but was merely under her protection. It was, nevertheless, a fact that Nepalese troops are now fighting under the Union Jack in Belgium. Another lecture on the British Empire is to be given by Sir Harry Johnston tonight, and he will deal with "The Present War and its Causes," at the final lecture on Thursday alight.

ture on Thursday night.

At Canadian Club.

Sir Harry gave an address before the Canadian Club yesterday, following luncheon. It was illustrative, instructive and thru it there was strain of humor which was very much enjoyed. He said that at an early age he had been interested in Africa. This interest was largely the result of his

many was anxious to secure a portion of Africa was when he was traveling with a German officer thru a desert. There he met a German who was almost starved. They cared for him, and ascertained the had been sent to make

he had been so closely connected with the Germans in Africa. He added that in those days he was an imperialist. clare protectorates as we had," he said. "For years the German missionaries had gone there and had taken a civili-

The speaker told in an amusing way of the so-called "scientific expeditions" which he had been sent on. "Incidental.y," he said, "I planted a British flag here and there." He told of his meeting with Stanley, and how the latter had assisted him in explorations of the

Congo. Certain portions of that vast country had been given Germany by Britain under various treaties and for a furtherance of the general good of the country. "I sincerely hope," he said, "that these come again under the British flag." There were 8,000 British settlers and only 1,000 Germans in East Africa, a space of 385,000 square miles. Sir Harry told of the problem of stemming the tide of the Arab slave dealers and the Portuguese. Finally the services of an Arab official were secured, and the result was that the diffi ulty was largely overcome. On another occasion when a large body of Arabs threatened not only himself, but

every other white person in the district, the Germans came to the rescue. Mostly on British Soil.
Only 24,000 men could be mustered from a district of 1,100,000 square miles when the war broke out. There were at the time 100,000 Germans in British Africa. The speaker dwelt upon other German colonies, and added: "Unfor-tunately, we now realize that Germany intended to make these fortified for reasons than commercial cther

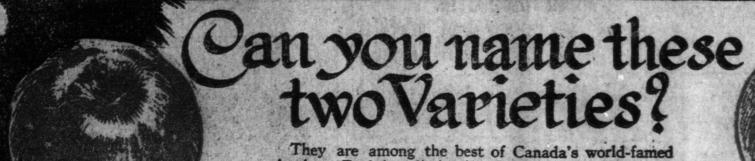

The fact that Britain had lent her influence to assist Germany in secup-ing nearly 2,000,000 square miles of terr'tery, with its minerals and other we'lth, had counted for nothing. There can be only one conclusion to the war so far as overseas possessions of Germany are concerned. They must hat these possessions were being madhe bases for attacks. We can never again trust the German spirit not to

have a war of revenge. 'We must insist that those regions must remain open to German trade. I' would be against the policy of Great Britain to do otherwise. There kept under the British flag," he said,

REMANDED TILL MONDAY.

They are among the best of Canada's world-famed Apples. Each has distinctive qualities. Can you name them? Do you know a McIntosh Red from a Fameuse? A Gravenstein from a Ben Davis?

Should you not know more about Canada's National Fruit? The great, luscious, juicy apples that we harvest in the sun-swept valleys from Okanagan to Annapolis are the world's best. Even Burbank, creator of famous American varieties, praises them.

Our Northern climate is responsible, for grown further South they lose their flavor, and still further South even their goodness. Dead-Sea fruit is nothing less than a far South apple, "fair without, but filled with ashes." Canadian Apples have the tang, the crisp flavor and a health-giving goodness all their own.

Romance in an Apple Orchard

Ben Daois was an awful flirt. He was a native of Spitzenberg and quite Fameuse as a Wagrner. He became quite smitten on Miss Gravenstein, a Wealth's young lady of Baldwin, and his attentions made McIntosh Red with anger and turned Jonathan, still another suitor, Greening with jealousy. Jonathan engaged a Northern Spy, who found out that Ben Davis has stolen some of Grimes Golden from the King. On being exposed Ben had to flee to Rozbury, and Jonathan celebrated his Golden Russet wedding with Miss Gravenstein in a Nonpareil splendor.

District Around Manchester.

Mrs. W. Newton, Caledonia avenue Mrs. W. Newton, Caledonia avenue, West Fairbank, recently received a letter from her brother, S. Rogers, who is a laundry proprietor in Hooley Hill, near Manchester, stating that the government recently commandeered his five horses, for use at the front. He also says that Kitchener asked for 100,000 men, and got them in two weeks. In the Hooley Hill district there are large cotton mills and hat manufactories. There are no young men employed in There are no young men employed in any of these works, they have all enlisted. The owners are only employing old men and women and people who are disabled. The district around serve with the Portuguese contingent if that country decides to join the allies.

Manuel is also strongly urging his followers at Lisbon to avoid any attempt to make political capital out of the present situation.

Are disabled. The district around Manchester is one large camp for soldiers and men are employed day and night in erecting sheds for the Belgian refugees, and soldiers. Boys are also actively employed acting as messengers from one camp to another.

NO NURSES WANTED

Canadian Relief Committee Discourages Sending Them Abroad for Present.

Canadian Press Despatch.

OTTAWA, Oct. 27 .- No nutses are sent from here to England or the continent unless the department of mili-tia decides to send ambulance units with the second contingent, in which case the usual complement will go.

After a meeting of the Canadian Relief Committee held here today a statement to the above effect was given out. It is also pointed out that movements, such as the one reported to be inder way by Canadian women to raise money to send nurses abroad should cease for the present.

WEDDING AT BERLIN.

BERLIN, Ont., Oct. 27 .- A wedding was solemnized this afternoon at the home of the bride. Duke street, when Miss Marjorie Belle Smyth, daughter of Edward Smyth, was married to Clayton Henry Snyder, son of the late Mr. and Mrs. Simon Snyder, Waterloo, by Rev. Dr. Marcus Scott.

SENTENCE IS TWO YEARS.

Benjamin Hobson, who appeared it the police court yesterday morning on a charge of stealing a quantity of copper wire from a Bell Telephone wagon on East Queen street, was sentenced to two years in Kingston Penitentiary by Magistrate Denison

INSURING **GOOD DIGESTION**

(ADVERTISEMENT.)

mportance of Preventing Food Fermen tation in Stomach.

Good digestion usually means good health. So long as the stomach does its work properly, disease can find no lodgment in the human system; the liver, kidneys and intestines will perform their the municipality was splendid. Reeve Hobbell received a letter from the Do-minton Government stating that oats with the proper digestion of food, and an unending train of troubles is set in motion. About the only thing that will upset the stomach and interfere with digestion is an excess of acid, usually caused by food fermentation. Food fermentation is due to chemical action in the food itself. This fermentation causes the formation of gas, or wind, as well as acid, resulting in the or wind, as well as acid, resulting in the unnatural distention of the stomach and the burning by the acid of the delicate lining of the stomach.

Medicine and tonics cannot relieve this

ondition-they usually make it worse condition—they usually make it worse the fermentation and acid are to blame, and these must be overcome and nevented by taking after meals a teaspoonful or bisurated masnesia in a little hot or cold water. Physicians recommend bisurated masnesia expectally because it stops and nevents fermentation of food and neutralizes the acid instantiv making it higher ond harmless; without irricating the stomach in any way. Unconfirmed Rumor Says Ninth Mississauga Horse Will Be Demobilized.

HORSES TRANSFERRED

G. G. B. G. Get Forty-Five Mounts — Overseas Force Now Completely Chosen.

Selection of men for overseas ser-

rice has been completed in some of

mence this morning. The Royal Grenrs' quota will assemble at the armeries at 9 a.m. and icits will be distributed. The men will drill each morning and afternoon until they are ordered to camp at Exhibition Park.

Pay commenced on Monday and the rates are higher than those prevailing in British regiments. Lieut-colonel receives \$5 per day, to which is added \$1.75 subsistence and \$1.25 field allowances. Captains receive \$5.25 until they go to camp, when the rates will be \$3.75; lieutenants, \$4.10 at present and \$2.60 in camp; sergeants, \$1.38 pay, 90 cents for field and subsistence allowance; corporals, \$1.10 and \$5 cents allowance. The 120 privates chosen will receive \$1.85 in all, until they go to the park, when subsistence allowance of 75 cents will be dropped.

Officers chosen to command the 36th Peel Regiment overseas are: Capt. W. H. Hedges, Lieuts. H. W. A. Foster and Clive Thompson. Selection of the 100 men required for service has been completed and training will commence immediately. nories at 9 a.m. and kits will be dis-

st. Andrew's Rifle Association drilled nearly 80 strong at the armories last night. The Queen's Own Cadets were put thru their facings. Highland-

were put thru their facings. Highlanders and Queen's Own overseas men wifi turn out tonight and the final selection will be made.

Know Nothing of it.

Despite the persistent rumor that the 9th Mississauga Horse are to be demobilized, no information can be gained from the militia headquarters as to the real facts of the situation. "We know nothing of it," is all that is said. Many of the men are applying to be enlisted with foot regiments for the purpose of securing selection for the second contingent. Several were in line last night when men were being chosen from the ranks of the 12th Yorks, and they said that leave had been given them by their officer if they wanted to join a foot regiment.

Horses Transferred.

Forty-five horses, purchased by the Mississauga Horse be demobilized and desire to again form camp, the horses and funds will be at the disposal of the regiment. Exhibition Park, where the Mississauga Horse are camping, is to be prepared for the use of the second overseas contingent. This fact may account for the origin of the rumor.

wide-world interest.

a general European conflict.

There is no greater need at the present-time than for just such a book as Dr. Lydston's Sex Hygiene. I consider the author one of the most competent, if not the most competent authority in America, on the subject of which the book treats.

(Judge of the Juvenile Court, Denver, Colo., Leader of the worldwide movement for rational juvenile reform.)

wide movement for rational juvenile reform.)

"I wish that Dr. Lydston's book could be placed in the hands of every adult and adolescent. The author has rendered humanity an invaluable service by writing the book. Many have had cause bitterly to deplore that information such as he has here placed within reach of parents, teachers, pupils and sons was withheld from them when they were approaching manhood. Prudery and ignorance in unlioly alliance have brought more misery upon the race than perhaps any other conspiracy. Dr. Lydston has taken up the cudgels most validanly. May the power of his arm increase. "REV. EMIL G. HIRSCH."

HYDRO LINE EXTENSIONS PLANNED BY WESTON

The Weston Water, Power and Light Commission instructed the superintendent, A. G. Peirson, to advertise for tenders for the excavation work entailed in the extension of water service to Mrs. Westphal's house, on the east side of St. John's road. A permit from A. Snyder, road com-

missioner for York Township, was received for the laying of a water main on the west side of Weston road, to supply the York Farmers' Colonia Co's subdivision in York Township. This water main will extend 320 feet from the south limit of Weston, and will supply Edmund avenue. The company is anxious to have the main laid before the severe weather arrives, and the superintendent was instructed to have the solicitor prepare an agreement. Double the water rates applying within the village will be charged.

The Ontario Hydro Commission has

given permission for a secondary elec-tric extenson on Edmund avenue, in the subdivision of the York Farmers Colonization Co. The Hydro is order-ing the material and the Weston comnission will proceed with the work.
Permission has also been granted for ar extension to Downsview, on term arranged with the York Township Council; also an extension on Richview side road, in the Township of Etobicoke.

The Weston Public Library building at the corner of King and Main streets, is now completed, and only awaits the is now completed, and only awaits the installation of furnishings.

A meeting will be held in Weston Town Hall tonight with the object of forming a home guard for the vilage.

ELIAS KLINCK INJURED WHEN HORSE BOLTED

Now in Western Hospital With Fractured Skull - News of Ward Seven.

While driving along Humberside avenue, near High Park, shortly before noon yesterday morning, Elias Klinck of 454 Quebec avenue was thrown from his wagon and seriously injured when his horse bolted. Dr. R. R. Hopkins was immediately summoned and the injured man rushed to the Western Hospital in Speers' motor ambulance. Here it was feared his back was broken, but an X-ray examination proved the injury not as serious as was expected, and he will recover. He sustained a fractured skull, however, IN THE YORK THEATRE and many severe bruises. Mr. Klinck is over fifty years of age and is the father of the senior partner of Klinck & Lynette, undertakers.

A sample of the hundreds of letters we are constantly receiving: dication of the value and wonderfully ences, and shall recommend the young inspiring character of the work.

"Sex Hygiene for the Male" is not a volume to be

hurriedly read and thrown aside. You need it for

constant reference; it answers clearly the questions

the very forces of Nature suggest to your mind.

It gives serious information and important facts,

It serves as Chart and Compass from youth to the grave. Every man, young or old, married or single, should heed its warnings, and follow its advice. No man should marry who has not

The instructions and advice are given in com-

mon every-day language that all can understand.

No man is too great or too small not to be benefit-

ted by this remarkable work. Free from cant and quack suggestion, it is enthusiastically endorsed by

the most eminent physicians, by the pulpit and the

press—welcomed by all parents and teachers who

sincerely wish to fight for our boys and promote

the welfare of society,-invaluable to the physician

who would lighten his labors by educating the pub-

lic in Matters pertaining to sex. A copy will be

learned the serious lessons it teaches.

truths that every man should apply to his daily life

receiving:
ences) and shall recommend the young men in my class to read it.

"VICTOR C. VAUGHAN, M.D."
(Dean of the Medical Department, University of Michigan.)

"Every father thinks anxiously of what to tell his son about sex matters. They know that learning from the street is dangerous. Yet most fathers fail to teach their sons because they do not know what to say. Dr. Lydston's book will solve the problem. The facts are such as can and should be told by the father to his son, and are presented by Dr. Lydston in a straightforward, well-balanced way,

"WM. A. EVANS, M.D."
(Late Health Commissioner, Chicago; Professor of Hygiene and State Medicine, N. W. University.)

"Dr. Lydston's Sex Hygiene is a volume containing much educationai meat. The book is phrased and worded so simply, clearly and concisely that anyone can grasp the subject.

"FREDERICK A. TUCKER, M.D."
(President Indiana State Board of

TENDER WAS LOWER BY FOUR DOLLARS

Contractor Came Close to First Estimate on School Tiling Contract.

COMMITTEE DOUBTFUL

Call for Tenders Approved Boiler Room Equipment to Be Ordered

Forty-five thousand dollars was apiated by the advisory committee vill send a deputation to the board of rol, asking for a rush order for the noney, as the completion of the institu-tion next year would be jeopardized by the delay. The committee decided to the preference to Canadian maners for the engines if they could be made in the Dominion of the required type and standard, otherwise they will be bought in Great Britain. Trustee Miles Vokes made a determined fight against a two-thousand dollar extra going to the main co dollar extra going to the main con-tractor without tenders being called for. He declared that charges adding 118,000 to the cost of the building were made last year, which were not reonths after.

Contrary to Etiquette.
The item he opposed yesterday was an extra of \$1996 for tiling the engine room instead of keeping to whitewash. He was told by the architect that it not "professional ettiquette" for ers to be called for in such cases. hitect's estimate for tiling was dollars under that sum By a vote of four to two the comdecided to get tenders for the

It was decided to leave the accept-It was decided to leave the acceptance of the heating appliances to the consulting engineers, and to have no transactions with the sub-contractors who installed an apparatus which differs in design from the specifications.

Classes for Mothers.

Permission was granted the teachers and pupils of the Central Technical School to conduct a bazaar for the benefit of the York patriotic fund, in the school building on Saturday after-

neon, Dec. 5.

Dr. McKay announced that Trustee Fairbairn had presented to the school a valuable model steam engine with

generator attached.

Miss C. M Powell was engaged as assistant teacher of domesti at a salary of \$850.

MILITARY TRAINING FOR EVERY CITIZEN

Board of Control Grants Seven Hundred Dollars to Help Finance T.M.T.A.

Military training for every citizen of

Toronto was discussed at a meeting of the executive committee of the Toronto Military Training Association held in the city hall last night. The objects of the association are to give training to citizens who do not wish to become connected with the militia and who are not eligible for membership in the rifle associations. The or-ganization is composed of representatives from the city council, ratepayers' associations, board of education, and the divisional militia headquarters. Mr. A. E. Jacks, 207 Stair building, is secretary. Rifles are now lent by the board of education and schools are used as parade and drill quarters. Corps have been formed in 10 schools. A grant of \$700 was passed for the ssociation by the board of control vesterday. Controller Church and lderman Ryding will represent the city

on the executive. Rapid developments are a marked feeture of the Toronto Home Guard Sharpshooters' Association. Added to the company of 100 men who were sworn in at the Foresters' Temple on Monday night, is a special corps of chauffeurs, numbering 100, who were enrolled by Capt. Stewart last night. Bank clerks were also addressed by Mr. Stewart and decided to form a Stewart and decided to form a pany to be connected with the rost. Andrew's Rifle Club also approached the executive of st. Saturday, Dec. 19th, 1914 has also approached the executive of the guards, and Capt. Stewart explained the work of the association to

making another company.

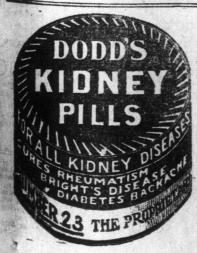

Application has been made to Ot tawa for status as a regiment con-nected with the militia forces of Can-ada, and assent is assured. Financial support from Ottawa and private con-tributions are said to be so sure that fear of disbandment is absurd. When the government officially recognizes the Home Guards, they will then come ider the regulation and control of the militia heacquarters as rifle asso-

the men last night, with a view to

viations do at present.

No news has been received at milita headquarters in connection with sovernmental desire for ambulance and Army Service Corps, or mounted men, but it was said that orders were expected any time, Pay for men who have been chosen

for the second contingent begins immediately upon selection, and pending the orders to go into training at Exon Park, the men are drilled at the regimental headquarters.

United States' Sympathies in the its issue of last week. It has abandon-War

We have already discussed the advantages the United States would have enjoyed by joining in the fray in Europe and stopping it at the earliest possible moment. Our neighbors would have been millions of dollars in pocket, to put it on the lowest basis, and they would have had the satisfaction of helping in the cause of humanity. They have the satisfaction of bearing their losses with more or less equanimity and of not interfering in the cause of humanity, which would have been setting a precedent. The attitude of the Washington Government has been admirable in every way that a neutral power can display its courtesy and good-will.

The attitude of the great majority of the American people has been far more cordial and sympathetic than any neutral government could diplomatically dare to be. They have shown their appreciation of the issues at issues have been taken up, as only those could have done whose hearts were warm in the cause. The press of the republic has reflected this feeling all but unanimously, and the exceptions but serve to mark the intensity of the general popular feeling. Upon this situation comes Count

Von Bernstorff, the German ambassador to Washington, and with that curious misreading of the national celing which appears to be characteristic of the Germans, and has led to many diplomatic errors and evidently suggested many steps taken in the preparation for war, the count has placed before the American people the idea of a German invasion of Canada. Perhaps it is all done in wisdom, and the kaiser's officials wish to convince him by ocular demonstration of what he cannot be convinced by their well informed assertions. If it be so the kaiser ought to be convinced. As he is not, he is evidently a poor master to serve. But if it be the intention of his ministers to disillusionize the kaiser they should have begun earlier, and they should not have given him such good grounds for supposing that they agreed with him. Ireland, India, South Africa, Canada, Australia and the other British sons-in-law have not justified any of the hopes of revolution which Germany's experience with channels of trade, of which Germany her own colonies appears to have led the kaiser to expect. British and German colonization are evidently carried on with different objects and in a different fashion.

But Count Von Bernstorff seems to think that an invasion of Canada large portion of the demand. Many would be a proper and desirable move under the circumstances. We need scarcely say that Canadians do not agree with him. The point is, would the people of the Stars and Stripes think well of it? We feel sure they would not. And it matters not in the least whether Germany is able or unable to carry out the project, or whether, should it be carried out, the German troops would be victorious or defeated in Canada. The United States press is quite clear that Germany has as much chance of invading Canada. while the British navy floats, as The New York World puts it, as of invading the moon.

There could be no purpose in invading Canada for Germany except that of occupying the country when conquered. We may be certain that this would never be consented to by the Washington Government whatever party might happen to be in power. Germany has shown too well what kind of a neighbor she would be by her attitude to her sister nations in Europe. For a century Canada has lived next door to the United States with an invisible line between them and the line has been a line of peace. We are entering on a second century of this policy, which grows stronger age. In Europe, Germany has never regarded frontiers as lines of peace. They have been ruled according to the rules of war and the edges serrated with fortresses. In one case

where a century had rolled past under guarantee of peace from five great nations Germany was unable longer to continue the record.

It could only be for conquest and occupation that Germany would come to Canada and once here, her policy would be the old policy of fortressbuttressed frontiers, standing armies conscription and unending rivalry of nations armed. Americans will think of these things as they read of the carnage of the Marne and the Aisne and of the still greater carnage in Flanders, 5000 Germans slaughtered in crossing the Yser, 10,000 in a rout by the Russians, 20,000 slain by pursuing Ghurkas and Sikhs.

America does not wish to participate n such bloodshed, whether actively or passively, but a German occupation of Canada would make it a logical necessity in a coming generation. Britain is fighting for the peace and liberty in Europe which she has maintained with the United States for a hundred years in America. That is the real basis of American sympathy with the allies in the great war.

The Kaiser's Three in America The Literary Digest of New York has gone into the service of the German kaiser and is doing its best to romote an anti-British campaign in the United States. Worse than that, it is trying to promote sedition in India, Egypt, South Africa, as shown in ed, so far as this war is concerned, all its pretentions of being an impartial reflector of public opinion on the great issues that interest the people of this

The Canadian and the British Gov ernments should bar its entrance here or in the mother country.

What think all the clergymen and teachers of Canada and Britain who have paid so much of their good money to Funk and Wagalls for their pub lications in years past?

Professor Munsterburg, Count Bernstorff and Funk and Wagnalls are the kaiser's special men in America these

Incidental Results of the War

When Germany started this war the nderlying and causative factor was the ingrained belief that on land her written by German authors about the role their country was predestined to play in the conduct of European stated that the board could not hope stake and the spirit in which those play in the conduct of European affairs. German influences, German to end their year without a deficitculture, German interests were to dominate the world. Success in war there promised to be a material demeant not only the establishment of crease in its size. that dominance but the liberation of German industry from the load of debts it had to carry. War, carried to future and elaborated the explanavictory, would immediately rid Ger-many of that burden, provide a vast stated, however, that in many branchamount of capital for industrial expansion and place Germans in supreme will not materialize this year. atrol of the ocean highways.

Such was the light-not certainly from heaven-that lured the Germans into the path of conquest. So certain were they that success would attend their armies that they made no provision for a possible defeat. Now they are confronted with happenings of dire omen which have undoubtedly resulted in anxiety and apprehension. Whatever the German people may have been led to believe, that they have been hadly deceived is probable from the reports filtering over from returning neutrals, refugees and prisoners. Defeat in the present flerce campaign waging in the extreme west, with its resulting disfilusionment, will bring more trouble for the war lord.

Rapid victory, such as the kaiser anticipated, would have brought regathering over Germany. Among its paid. The men are taught cooking, these is the prospect that important other accomplishments. Only season had a substantial monopoly, will be filled from other sources. Anxiety, for of aniline dyes and dry colors. But it now appears that the Basle district of Switzerland can itself supply a more manufacturers, in Britain, too, than were at first supposed are in a position to fill orders. The threatened shortage in dyes and dry colors would ant Canadian industries, including quarters on the second floor. manufactories of printing inks, colors, cottons, woolens and leather goods. Lithographers also would have suffered with the printing trade, dependent as they are on imported colors. . Live Canadian firms should also take advantage of the opportunity now

presented to open up a valuable line of industry.

In The Midst Of War's Alarms

Patriotism takes no account of consequences. But, "consequences" are vital-just as vital to the man who must stay at home as to him who goes to defend his country's honor. Prudent men protect their families against these "consequences" by means of life insurance.

An Imperial Income Policy will enable you to provide that, in the event of your early death, a definite, dependable, monthly income will be paid to your widow as long as she lives, or to your children until all of them are old enough to be self-supporting. Write today for a copy of our booklet, "Safeguard your Legacy." It's very interesting and it's free.

ONTARIO'S FINANCIAL SITUATION BRIGHTER

News-English Loan Available.

Hon. I. B. Lucas, provincial treasurer, has received some cheering news from England. Official word has come to him of the lifting of the British moratorium and the settling back into place of financial affairs.

To Ontario this will mean that a large part of the loan floated in England may be expected in the treasury coffers before long. Taking into ac-count, however, the unsettled conditions which yet prevail in financial circles, the government is not counting too strongly on a speedy return. The reception of the funds will naturally lighten the position of Ontario, which, with other large money hand-lers, was taken a little off guard at the

The scheme of continuing existing loans for an indefinite period is looked upon with disfavor, and it is claimed that an additional margin of ten per cent. would force many failures.

The outlook, therefore, for the early reopening of the exchange is not so pro-

A HISTORY OF 7000 YEARS.

From the First Pharaoh of Egypt to the Present Day. The first authentic records of man-

kind are dated nearly 7000 years ago. From that time until the 20th century man has contrived to leave some record of his doings and his sayings so that his descendants might know who and what he was. With these records before him, Larned traces the life of mankind in its continuity—that is, the life of human society, in successive generations by a survey of historynot only of naked events—but the forces, movements and influences by and thru which the man of today, and the life he is now living, have come to be what they are. It requires a genius to do this. And Josephus Nelson Larned, author of the famous "History for Ready Reference," is conceded by al' scholars to be a genius in historic writing. His "History of the World." new being distributed by this paper, is his latest work, the result of his latest work, the result of many years of research and study in the field of history. It is as accurate as a photograph and as entertaining as a novel. To one who because it is a second to the second of the se To one who has never read history it is an education in itself. To To school histories, it is a revelation. That it should be in the home of every reader of this paper goes without saying. Our coupon offer points the way, and the coupons should be clipped consecutively beginning with today. Books are on view at The World office. 40 Richmond street west, Toronto, and 15 Main street east, Hamilton.

ALL WELL SO FAR.

COUNCIL LIKELY TO DECIDE ON STEEL

Bloor Street Viaduct Controversy to Be Brought to a Head Monday.

WIDENING IS DROPPED

Yonge Improvement and Teraulay Extension Must Await Better Times.

The controversy as to whether the Don section of the Bloor street viaduct shall be constructed of steel or concrete will be brought to a head at next Monday's council meeting and the question finally decided, according to the decision of the board of control yesterday morning.

The mayor brought up the matter and questioned the wisdom of delaying the work for months pending the passing of concrete specifications by the Ontario Railway Board, while it was almost certain that the works commissioner and council would decide on steel. Council will debate, the question just as if the railway board had passed the concrete specifications, and if, as expected, steel construction is decided upon, the work will go ahead without further delay.

The board recommended to council the annexation of the Cedarvale district without any conditions at all. This recommendation was previously thrown out by council.

Oppose Lower Wage.

Ald. Cameron's proposal to reduce workingmen's wages to 18 cents an hour on relief work was unanimously turned down by the board.

The board instructed Commissioner Harris to report on Controller Church's scheme of rapid transit, with radial entrances in the city and suburbs.

The board partially endorsed Ald. Cameron's motion to consider the issuing of small bonds of \$10 or multiples of \$10, to citizens to finance local improvement works. They will take the matter up again after consulting with the city treasurer.

Controller Simpson's motion, that application be made to the Ontario Railway Board for an order compelling the Street Railway Company to carry night passengers was referred to the corporation counsel for report.

More Money for W. P. L.

Mayor Hocken again brought forward the question of the necessity of appointing a finance commissioner and asked the board to consider the advisability of such an appointment. Controller Church was the only member to speak in opposition to the scheme; the controller again brought forward the question and Mrs. Cummings, speaking for the deputation, explained

to the Empire. W. G. Trethewey, formerly of Toronto, who discovered the silver mine in Cobalt which bears his name, has joined the British airmen's corps for service at the front. He recently made a large cash donation to the patriotic fund and has given over his estate, Holmstead Castle and grounds in England, for hospital purposes. Mr.
Trethewey was born in Muskoka, and
after unsuccessfully working as a prospector in the Rocky Mountains district finally struck a rich discovery at Cobalt. He owned the model farm at Weston and was a member of the York Highways Commission.

SUBMARINE NOT SUNK SAYS BERLIN BUREAU

Canadian Press Despatch. BERLIN, via wireless thru Sayville, L. I., Oct. 27.—The official press bureau, in a statement issued today, de-clared that the German submarine which was rammed by the British destroyer Badger, did not sink, as the commander of the Badger claimed, but was able to return to her station unhurt. The bureau also declares that it has received advices from Rotterdam that one of the British monitors struck by the shells from the German batteries on the Belgian coast, was compelled to retire in flames.

WAS EMPLOYER AND BANKER

Alec Vasser, a Bulgarian laborer, was given judgment by Judge Winchester in the non-jury county court yesterday for \$115 against Mrs. Sadie Rooney. Vasser claimed that Mrs. Rooney employed him as a laborer and also kept his savings for him. He claimed that \$223 was due him, part

In London, Calcutta and Colombo teas are fetching average higher prices today than they have for twenty-two years, with prospects of the market going still higher. The crop has been large, but quality poor, and the sinking of the steamships "Diplomat" and "City of Winchester," with nine million pounds on board, has more than acted as a second to the steam of the control on three days of the week and under the efficient management of Miss Hill this department is now almost self-supporting. It is too, fulfilling a double office, that of supplying the needs of the sick or wounded and at the same time giving employment to a certain number who otherwise would have no remunerative employment.

OSSINGTON RESIDENTS pounds on board, has more than acted as a set-off to the large crop.

WILL WIRE TO GLASGOW.

In the women's court yesterday Emily Brewer, a tearful Russian Pole, appeared to answer the charge of bigamy. Peter Kreeshewick, also a Poamy. Peter Kreesnewick, also a Polack, and Alex. Matthews appeared against her. Detective Massey, who arraigned the young woman, will wire to Glasgow for corroborative evidence. Meanwhile the case is adjourned until

next Tuesday. LOCAL COUNCIL TO CELEBRATE. The Toronto Local Council of Wom-

the Toronto Street Railway for \$10,000 on learning the verdict of the jury which was returned sealed on Monday.

An Easy Way to Get

The trouble with most thin folks who wish to gain weight is that they insist on drugging their stomach or stuffing it with greasy foods; rubbing on useless "flesh creams," or following some foolish physical culture stunt, while the real cause of thinness goes untouched. You ish physical culture stunt, while the real cause of thinness goes untouched. You cannot get fat until your digestive tract assimilates the food you eat.

Thanks to a remarkable new scientific discovery, it is now possible to combine into simple form the very elements needed by the digestive organs to help them convert food into rich, fat-laden blood. This master-stroke of modern chemistry is called Sargol and has been termed the greatest of flesh-builders. Sargol aims through its re-generative, reconstructive powers to coax the stomach Sargol alms through its re-generative, re-constructive powers to coax the stomach and intestines to literally soak up the fettening elements of your food and pass them into the blood, where they are carried to every starved. broken-down cell and tissue of your body. You can readily picture the result when this amazing transformation has taken place and you notice how your cheeks fill out, hollows about your neck, shoulders and bust disappear and vou take on from 10 to 2 pounds of solid, healthy flesh. Sargol is absolutely harmiess, inexpensive, efficient. Your druggist has it and will refund your money if you are not satisfied as per the guarantee found in every package.

Caution—While Sargol has given excellent results in overcoming nervous dyspensia and general stomach troubles. Dick Sheehy gave a talk on athletics.

KILLED AT SALISBURY

RUGBY TRINITY 16 WYCLIFFE 10

LAKEVIEW OFFICERS **CURLING**

TRINITY IS READY FOR SEMI-FINALS

Defeats Wycliffe in Mulock Hockey Schedule is Announc-Cup Game at the Stadium in Handy Fashion.

Prinity defeated Wycliffe in a very ng Mulock Qup game yesterday by At half-time Wycliffe led by but evidently the half-time talk which Trinlty received had the desired Trinity went right at it from the blow of the whistle. Williams dropped a beautiful goal from Wycliffe's 35ped a beautiful goal from Wycliffe's 35-yard line. A few minutes later Williams kicked to the deadline. Then iollowed a rouge. Wycliffe lost the ball by interference on their 40-yard line, and Martin made a fine zig-zag run for 35 yards. Bevan then bucked for a touch. In the last quarter Trinity bucked nearly the whole length of the field for a touch. Trinity now qualifies for the semi-finals. Trinity line-up: Flying wing, C. Martin; halves, Williams (capt.). Nicholson, McClenaghan; quarter, Brownson; left wings, Boyd, Kingston, Wilkins; scrimmage, Spragge, Armstrong, De Pencier; right wings, Baker, Bevan, Wallace.

Hamilton Spectator: "I have played my last football," said big blonde Bob Isbister as he accepted the congratula-tions of the Tiger camp followers. "I wanted to whip Ottawa right here be-fore I hung up my suit. That ambition is satisfied."

The Hamilton Rowing Club took a strangle hold on the O.R.F.U. champion-ship title Saturday afternoon when they handed the St. Patricks of Ottawa a 28 to 3 defeat at the cricket field. The Scullers were much the best and won quite handly, altho the visitors contested every inch of the ground and did not give up at any stage in the proceedings. Saturday's victory made the third straight for the Oarsmen and as they have but one more league game to play and that on the home lot there is hardly any doubt as to the ultimate outcome of the race for the Ontario Union honors.

Hamilton Herald: The Tigers are at a loss to know how to work their plays now that the officials appear so willing and anxious to penalize them. The other Big Four clubs work an interference that is really illegal, yet the Tigers suffer most. In the games with the Argos and Ottawas they have suffered heavily, and Coach Marriott will attempt to change his tactics.

Hamilton Times: The Big Four at the present time is a three-cornered tie, and in looking over the remaining games the Tigers seem to have an easy row to hoe. They play Montreal and Ottawa here and then Montreal at Montreal. This will be the only game that will worry the Jungle Kings. The Argos also play the same team, but they have to play Ottawa at Ottawa, and the Capital bunch are still sore over the beating they got at the hands of the Argos last year when they had a chance for the championship.

Ottawa Citizen: Saturday's results in the Interprovincial Amateur Football Union, practically eliminated both eastern teams. Montreal has a chance, but having been beaten on their own grounds, it looks a very slim one. Ottawa is out of the race altogeaher and it looks as if the Tigers and Argonauts would tie for the "Big Four" honors. Montreal could make a three-cornered tie possible by beating the Argonauts at Toronto, and it is possible that the Ottawas will hand the championship to Hamilton by vanquishing the Argonauts here. It looks, however, as if the Tigers had the finest chance as they generally find the Montrealers easy and the Argonauts have always found a lot of trouble in vanquishing the Ottawas here.

In Kingston somone has an idea that a triple tie may occur in the college league. Here it is: Queen's loss on Saturday at the Athletic Grounds at the hands of the McGill squad puts them back another notch in the race for the honors of the Intercollegiate Rugby championship. Nothing but a miracle can now undo the damage which has been done to them by the loss of Saturday's game. If they win damage which has been done to them by the loss of Saturday's game. If they win their game here with Varsity next Saturday and beat McGill in Montreal and Varsity win from McGill in Toronto, as they may, it will make a three-cornered tie, and they may possibly win out in the long run. The odds are decidedly against them as the league stands now.

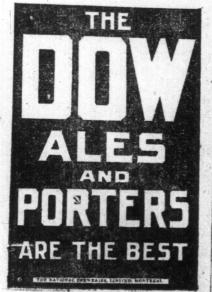

Ottawa Free Presse The Hamilton hoodoo in Ottawa has been unearthed. Tigers left the newspaper boosters at

Statistics on the Ottawa city football championship show both teams closely matched, viz:

The championships of the High School Rugby League will be decided Friday at Varsity Stadium, when the Technical School teams will play Harbord for the junior title at 2.30, and the Parkdale

team for the senior honors at 4 o'clock. According to a Kingston despatch, Quigley will likely be well enough to take

Quigley will likely be well enough to take his old place at quarter in the game with Varsity here on Saturday. He is feeling much better, and expects to get into the game. With him at quarter and McQuay back on the line, the Queens team will be much stronger. The team is putting in some hard practice, and a record crowd is looked for as this will be the final for, as this will be the final game of Rugby to be played there this The Queens soccer team is hard k for the game with Varsity on

PORTLAND ADMITTED TO COAST LEAGUE

ed-Adopt Eastern Rules - Trades Pending.

VANCOUVER, B.C., Oct. 27.—The official opening of the Pacific Coast Hockey Vancouver team plays the Rose City septet, and three days later the lid will be pried off in this city, when the Victoria champions line up Terminals.

The fourth annual meeting of the association was held recently, Portland's application for a berth in the league was accepted, officers were elected, changes made in the rules and the schedule drafted.

Only one deal was announced, Hugh Lehman coming to Vancouver, altho several are pending. One will probably include the transfer of Kenny Mallen to Vancouver in exchange for either Frank Neighbor or Fred Harris, while Victoria is still angling for Ran McDomald of the Portland team, and this may go thru before the end of the month. No definite announcement was made concerning the deal for Percy Leseuer, the Ottawa goal-keeper, who is mentioned as the first manager of the Portland ciub.

Frank Patrick of Vancouver was reelected president of the Coast League; Arthur J. Small was re-elected secretary-treasurer, while the directors are Messrs. Lester Patrick, Victoria; E. V. Savage and George Keller, Portland.

Two changes were made in the playing rules of the league. One prohibits the body checking of an opponent within ten feet of the boards, and the other stipulates no offside will be called from the goalkeeper from the first section from his own goal. The teams will remain as at present constituted, seven men a side, and the new rule eliminating offsides eral are pending. One will probably in-

own goal. The teams will remain as at present constituted, seven men a side, and the new rule eliminating offsides in centre ice, which worked so well last season, will again be in operation.

An important feature of the meeting was the announcement that the P.C H.A. would continue to work in harmony with the National Hockey Association. "The agreement entered into a year ago has united the east and west in professional hockey affairs, and we will continue to co-operate with the eastern body," announced one director after the meeting. nounced one director after the The schedule for 1914-15:

Mar. 6—Victoria at Portland. Mar. 6-Victoria at Portland. Mar. 9-Vancouver at Portland

Jack Marshall announces that Minnie McGiffin has joined the ranks of the holdouts, Allan Davidson has gone to war and Jack Walker wants more money. Several O.H.A. players will try out with the champion Torontos.

Al. Adamson, who captained the Winnipes Hockey Club that captured the Allan Cup two years ago, will be back in harness this year for the Pegs.

A definite statement will be made with A definite statement will be made within a week as to whether the new professional hockey league which the Nationals are endeavoring to organize will be in a position to start the season. This statement was made by A. L. Caron, president of the Nationals, and a prime mover in the plan for a new league.

Despite the announcement by the National Association that Manager Fellowes of New York would not enter the pro-

of New York would not enter the proposed new organization, the Nationals are not by any means ready to throw up the sponge. Mr. Caron admitted, however, that there was no material agreement with Mr. Fellowes.

"We have only his letters to show that he promised to enter our league."

he promised to enter our league," said Mr. Caron. "If he wasn't going to enter I think he would have notified us, and we

It is expected that ice will be made at

It is very likely that a meeting of the N.H.A. will be called this week to conider the situation and transact preliminary business. It is expected that with the prospects for a new league growing steadily more remote, the contracts from players who have been holding back will now start to come in.

President Lichtenhein of the Wanderers announced incidentally that he had pro-nulgated the contract of Frank Mc-Carthy, the Ottawa forward, who is also claimed by the Canadiens. He expects also to sign up another player, a French-

ller Rink announces that the east end structure will take up the ice game this winter and that the big rink will be available for hockey. The ice surface will be large and the accommodation for the public over the 4000 mark.

An Ottawa despatch says: "If the Nationals want a hockey franchise so badly we will sell them ours." said one of the Ottawa Hockey Club directors this afternoon in regard to newspaper report that National A.C. of Montreal, failing to locate a club at Boston for their new proposed pro league, would try to organize a club at Ottawa. "We are not making so much that the franchise is not for sale."

not for sale."
The O'tawa director claims that any

Argonauls vs. Ottawa

Tickets for the Argonaut-Ottawa game Saturday at Rosedale go on sale today at Moodie's and the Prince George Hotel news stand. The Argos will also put on sale season tickets for the remaining two games at Rosedale at \$2 each. The tickets will entitle the holders to first choice for seats in case Argos get into the play-off for the championship.

MONTREAL WRITER LIKES ARGONAUTS

Toronto Team Conceded the Best Chance for Big Four Title — Rugby News.

E. W. Ferguson, writing in The Montreal Herald, says:

If the form displayed in the Interprovincial Football Union games on Saturday can be taken as a criterion, Toronto Argonauts must be conceded the best chance to win the championship. As a matter of fact, the oarsmen, by downing Montreal in this city, and giving the local team the first defeat of the year, have not only form on their side, but a decided advantage in the remaining fixtures of the season, two out of their three games being at home. Their foreign game is in Ottawa, while they take on both Ottawa and Montreal at home.

Montreal, on the other hand, has to face both Tigers and Argonauts, the other contenders, on foreign fields. Tigers, the third team in the triple tie, has yet to come to Montreal, and takes on Montreal and Ottawa at home.

Argonauts have accomplished harder tasks than they will be called on to face in the balance of the season. They have beaten Hamilton Tigers in Hamilton, and they have beaten M.A.A.A. in Montreal. It is fair to presume that they can again take Montreal's measure with the advantage which the home pitch will give. And it is equally logical that both in Ottawa and Toronto they can take the weak Ottawa and Toronto they can take the manufacturer in his small head substantially all the knowledge of his time. Such carry in his small head substantially all the knowledge of his time. Such carry in his sm E. W. Ferguson, writing in The Mont-real Herald, says:

I think he would have notified us, and we have had no notification to that effect."

The announcement that New York would not enter the new league came from T. Emmett Quinn, secretary of the National Hockey Association, who announced the receipt of a letter from Manager Fellowes of the St. Nicholas Rink of New York, enquiring as to a franchise in the NH.A. for next season.

Tasks than they will be called on to face in the balance of the season. They have beaten Hamilton Tigers in Hamilton, and they have beaten M.A.A. in Montreal. It is fair to presume that they can again take Montreal's measure with the advantage which the home pitch will give. And it is equally logical that both in Ottawa and Toronto they can take the weak Ottawa team into camp—always barring the loss of players by accidents, overthe loss of players by accidents, over-confidence and sudden form reversals.

Argonauts look like a good football team. Their scrimmage and wing lines

team. Their scrimmage and wing lines have unusual weight and strength, and there is speed, surehandedness and fine kicking ability on their back lines. It is true that they profited by Montreal's errors on Saturday, but errors are part of football, and the team that doesn't make the errors is the better team.

Montreal still have a fighting chance Montreal still have a fighting chance for the title altho the schedule gives the winged wheelers their hardest work from now on. They meet the Tigers in Hamilton this coming Saturday, and will give the Junglers a stiff battle. The defeat of Saturday will put Brophy's men right of Saturday will put Brophy's men right on their fighting edge against Tigers. Meanwhile Argonauts should, on form, be giving Ottawa a beating.

Eight deaths and sixty-three injured is the toll already exacted by American football this fall. football this fall.

It is significant that of the eight deaths four occurred in high school games, two in independent team contests, one in a college inter-class match, and one in college practice. But one of the nlavers killed was a mamber of a carefully-drilled school or college squad. Appareily the lack of proper medical supervision in all cases was responsible, partially at least, for the fatal accidents. The list of deaths is: James McGinnis Ada (Ohio) High School: Ray Allen Standey (Okla) High School: Aubart Wiseman, Sac City (Iowa) High School all concussion of the brain; Carrell Olson, The Ottawa director claims that any new league is mere nonsense.

"The Ottawas are sending out their nominal \$1 contracts to the players this week." the director continued. "They will cut the salaries but not to the same extent as the Wandarers. About \$750 will be the figure this winter. Every player last year will receive a contract. "The deal talked of last winter whereby the Patricks were to get Lessuer, will be definitely settled in a few days. Lessuer may get the managership of the Portland Club."

Dervision in all cases was responsible. for the fatal accidents and lined throughout we for \$30.

The list of deaths is Jomes McGimis Ada (Obio) High School: Ray Allen Stan. lev (Okla) High School: Aubert Wiseman. Sac City (Iows) Hi

Hoppe and Inman Play Today at Massey Hall

The English and American cue experts will meet in their second Canadian match at Massey Hall, commencing at 3 o'clock today, and continue for the rest of the week, afternoons at 3 and evenings at 8.15. Both men express themselves as being confident of carrying off the honors of the match, so that a very keen struggle may be expected. This match has been looked forward to by followers of the loosed forward to by followers of the game for a considerable time and is creating quite an unusual amount of interest. It will also afford local enthusiasts an opportunity to witness the two greatest players in the world, as they both stand far above all others at their respective games. The game will consist of 4500 points, 2000 to be played on un American style table and 2500 on an English table, and the one scoring the highest aggregate points will be the winner.

Basketball League Starts at Moss Park

The basketball season opened at Moss Park recreation centre last evening, when sames were played by the various teams in the several divisions. What speaks well for the success of the league is the way the boys turn out in support of their favorite team.

Promptly at 7.15 the first game was called, between the Woodrow and Woodrow aggregation, and the way these 85-pounders went after the sphere for the next thirty minutes was enough to make the spectators dizzy. All the games played were of the fast and furious order, but a little more practice and experience will show some classy basketball before the league ends.

First game—Juvenile: Woodrow 11, Woodrow 10.

Woodrow 10.
Second game—Juvenile: Waller Harrington 8. Third game—Intermediate: Hogarth 27. McCurry 17. Fourth game—Senior: Jordan 7, Fin-

Men's and Young Men's Fall Overcoats, Today \$6.95

They are all coats that were tailored up to sell at much higher prices; the materials plainly show that. They include the Balmacaan in neat, smooth tweeds; dressy tweed Chesterfields; the black Vicuna cloth Chesterfield, with silk facings; a new blue wide-wale cheviot that is very smart and is an ideal young man's model. Altogether there's excellent selection, and sizes in the lot run from 34 to 44. See these coats Wednesday, clearing at 6.95

Men's Tweed and Paramatta Raincoats, Clearing at \$7.25

The tweed coats are finely woven, smooth-finished cloths in neat checks, plaids and plain shades, with a lining of plain or plaid material and a rubber interlining cemented between the face and lining fabrics. Many men like them because they are smarter looking than the or-dinary raincoat—more like an overcoat. They button up close to neck with military collar and have ragian and setin sleeves. With these are some plain fawn paramatta cloth raincoats in raglan and regulation shoulder styles and buttoning right up to neck at front. These in large sizes only, the tweed coats in all sizes, 36 to 44. All have been greatly price lowered. Clearing at 7.25

Warm Motoring and **Driving Gloves**

MAPLE LEAF PIGEONS.

The Maple Leaf Pigeon Association flew their third race in the open series from St. Mary's, 100 miles, the wind being in the northeast. The birds had a hard trip. Following are the results:

George Newberry 4.18.16
Sam Voisey 4.19 41 Sam Voisey
Ben Stirey
George Daniels
Tom Buchanan

VANCOUVER. Oct. 27.—In recognition of their splendid work on the field during the past season, the V. A. C. lacrosse team, amateur champions of the world, and successful defenders of the D. D. Mann gold cup, were presented with gold medals at a gathering in the Vancouver Athletic Club. Coast officials are still awaiting official word of Joe Lally's action in declaring the Mann Cup forfeited. The trustee has appointed bondsmen in Calgary, but in view of the action taken by the B. C. Amateur Union in ignoring Lally's ruling, nothing definite may be expected until the annual meeting of the A.A.U. of C., which will be held next month in the east.

The Orr Bros.' Fivepin League got off to a good start on Monday evening, having been officially opened by Messrs. R. J. Orr and O. Cowdy, hon. president and president, respectively, bowling the first two balls down the alley. The Beavers and Beaches clashed, and the former team won three stretch. But Standard team won three straight. Bill Staneland was high for the Beavers, with a 467 count, while Cowdy, for the Beaches, cleared 436

*Apprentice allowance claimed. Weather clear; track fast. TO PLAY FOR WESTERN CANADA RUGBY HONORS

CALGARY, Alta., Oct. 27.—There is still a chance that the winners of the Alberta Rugby Union will be represented in the play-off for the championship of the Western Canada Union According to present arrangements, the Alberta champions will not be declared until Nov. 7; this is, if the home-and-home games between Calgary and Edmonton are arranged.

ranged.

There is, however, a chance that this may be changed. Yesterday afternoon a conference was held to see if the Alberta honors could not be declared by a sudden death game played on a neutral ground. The matter is now under consideration and if it goes thru the holder of the Alberta honors will be known on the last perta honors will be known on the last

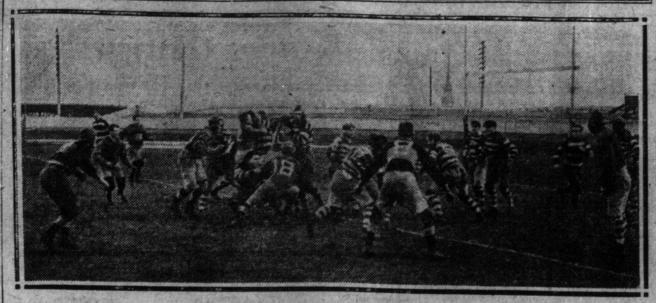

day of this month. day of this month.

A letter with all information, has been sent to the Winnipeg team, and it is expected that an answer will be received soon. Nothing definite has been received

SCORED HUNDRED AND QUIT.

HACKENSACK. NJ. Oct. 27.—The only thing that kept Newman School's football team from making several rups the length of the field in the game against Lincoln High School was the fact that the ball never was on or near the Newman goel line. The closest it ever got was twenty yards from the line by a lick-off, and on that occasion Webb made an eighty-yard run for a touchdown. When the score finally mounted to 101 to 0 in favor of Newman, all hands celled on in favor of Newman, all hands called oults, the it was then only the end of the third quarter. Even the Newman players were glad to stop, opining that about three Marathon runs in a day were enough.

IN THAT GREAT FOURTH QUARTER

Argonauts making their yards at Montreal on Saturday. On the next down the Scullers carried it across for a touch and cinched the argument.

RHEUMATISM A Home Care Given by One Who Had It

A Home Give Given by One WheHad it

In the spring of 1893 I was attacked by Muscular and Inflammatory Rheumatism. I suffered as only those who have it know, for over three years. I tried remedy after remedy, and doctor after doctor, but such relief as I received was only temporary. Finally, I found a remedy that cured me completely, and it has never returned. I have given it to a number who were terribly afflicted and even bedridden with Rheumatiam, and it effected a cure in every case.

I want every sufferer from any form of rheumatic trouble to try this marveleus healing power. Don't send a cent: simply mail your name and address and I will send it free to try. After you have used it and it has proven itself to be that long-looked-for means of curing your Rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Isn't that fair? Why suffer any longer when positive relief is thus offered you free? Don't delay. Write today. Mark H. Jackson, No. 422A Gurney Bidg.,

Syracuse, N.T.

Mr. Jackson is responsible. Above statement true—Pub.

CROSS-COUNTRY RUN AT RIVERDALE H.S.

Madison Square Garden Sec- Intermediate, and H. Creighton, Junior, Winners.

NEW YORK. Oct. 27.—Jason Waters and his associates have completed arrangements for the Red Cross Horse Show, to be held at Madison Square

asserted that overtures would be started at once to secure the permission of the State League. It is not believed that this will be a difficult matter as Syracuse has been a losing proposition for the past five or six years and the present owners signified their intention of seiling several months ago. following a disastrous season in which \$6000 went by the boards. Burchell and Conners, joint owners of the Syracuse franchise, placed the club on the market three months ago and the organization is heavily in debt. Jersey City is in the same boat. It is believed that an International League club in Syracuse would prove a good investment, as the fans have been clamoring for such a team for the past ten years. a team for the past ten years.

W.&D. DINEEN CO

140 Yonge Street, Toronto

For Nervous Debility, Nervousness and accompanying aliments, Does not interfere with dier or usual occupation. Price \$1.00 per box, mailed in pla'n wrapper. Sole proprietor, H. SCHO-FIELD, SCHOFIELD'S DRUG STORE, FLM STREET, TORONTO. 36

Walter Johnson can pull down \$75,000 in the next three years. The Federal League has promised the blonde giant the sum of \$25,000 a season and a three-year contract. They offer to place the money where it will be absolutely secure for Johnson.

Johnson is now undecided as to his future plans. The Washington Club wants him to sign, but not for \$25,000 or any figure exactly close to that. Johnson's decision may be reached when he finds out the names of the players who are about to sign or have signed Federal contracts for 1915.

If the blonde twirler accepts the Federal offer he will receive about \$5 for every ball he delivers to an outlaw batter.

every bail he delivers to an outlaw batter.

In a game late this season a record was kept on Johnson's twirling. In nine innings 30 batters faced him. He pitched 135 bails. That is an average of about four and one-half to the man. In this game Johnson fanned nine men, which meant that he had to pitch at least three strikes to each man he struck out. Had he been less effective the batters would have connected with the bail before taking three swings, and Johnson would have

Turnips-35c per bag. ST. LAWRENCE MARKET.

Notwithstanding the cold weather. there were quite a few farmers and m ket gardeners on the market yesterday, many of them coming from fifteen to twenty-five miles. Surely if they can brave the cold early in the morning to bring their produce in from such dis-tances, the citizens can go the short distance they have to to take advantage o

the fresh vegetables, etc.

W. J. McFarland, Lambton Mills, had
a splendid load of mixed vegetables. R. Shaddock, Scarboro Junction, had a load of Greening apples, for which he was asking \$2 per barrel, as well as cabbages, cauiflowers, beets, o.c. F. C. Rogers, Weston, also had a large load of choice mixed vegetables. Chickens were selling at 18c per lb.; ducks, 18c to 20c per ll.; geese, 16c, and turkeys, 25c to 29c per live george, 18c, and turkeys, 25c to 28c per lib.

There were about twenty-four loads of hay brought in selling at \$19 to \$22 per ton; about two hundred bushels of barley, and the same of inflity of oats; the fices for these remaining unchanged.

Saying Good Things About LARNED'S

History of the World NOW OFFERED BY The **Toronto World**

A Matter of Much Interest to this Paper's Readers:

On June 24th. 1914, the book-plates of Larned's History of the World were completed. On that date the makers wrote as follows:

"We want to tell you that we certainly have made a splendid book for you; that it will live up to Larned's highest reputation, and all the good things you can say about it."

This letter is from the publishers of Larned's world-famous History for Ready Reference, one of the most reputable publishing houses in the world—and who got up this brand new edition of Larned's History of the World, revised up to 1915, solely and expressly for a great newspaper distribution throughout United States and Canada. You have read what we have been saying about it in this paperforseveral weeks.

conservat ive p u blish ers say it will live up to all the good things we have said about it; and you know we have said some m ighty good things. Things that with most books would be extravagant and hyperbolical praise! Yet we have been conservative, too. preferring to let the reader judge for himself and conclude that the half had not been

said! Only the syndicating of a work of this merit by a large combination of newspapers would make it possible to let their readers acquire it at a price much less than original cost to reproduce.

In a minute, by means of the 10,000 PAGE REFERENCES in the Index, you can find any event, any name, any date, in short, anything that has happened in History for 7,000 years past.

5,000 Marginal Notes focus the facts on every page, with the important happenings

annotated and epitomized. 16 Full-Page Reproductions in Colors of Great Historical Paintings. 16 Full-Page Half-Tones of Famous

Scenes 150 Accurate Portraits and Illustra-

Nearly 2,000 Pages Bound in a beautiful de luxe

binding; gold lettering, fleurde-lis and tracery design, rich half-calf effect. Marbled sides with gold and colors. Full size of volumes, 5½ x 8 in.

STEADY IMPROVEMENT IN LONDON AND YORK

GH CLASS BONDS ARE INQUIRED FOR

evestment Situation Shows Improvement - Reduction of U.S. Steel Dividend.

COTTON AND COPPER

Exports - Pool Progresses - London Conditions Firmer.

W YORK, Oct. 27.—Reduction of the common dividend of the U. S. ration from 114 to 1/2 of 1 per was the most interesting event of day in the financial district. In tak-

included to the European war, the commy was enabled to turn what would
me otherwise been another deficit into
tery small surplus.

Steady improvement.

Accepting the investment situation as
criterion, conditions continued to show
leady improvement. Extensive dealings
a city and state issues were announced,
he 4½ per cent, bonds of two Massahusetts cities seiling well above parme prominent banking house reported
n order for \$500,000 worth of high-class
onds, which was not entirely filled besuite of the small floating supply. It
was noteworthy, however, that the enulry was only for bonds of the first
rade, denoting extreme caution on the
art of investors.

gully was only for bolids of the first grade, denoting extreme caution on the part of investors.

Foreign exchange was decidedly less of a factor, owing to the lessened demand. Cables and sight drafts on London opended a material fraction over yesterday's low rates, but receded as the enquiry waned. German retchmarks were moderately active at 83%, or slightly over their recent low quotation.

Heavy Exports.

Additional heavy exports of various commodities and merchandise for the account of important German interests were said to be under negotiation. In fact, slipments from this port to countries at war are mounting to figures where they must soon efface our obligations abroad.

Today's exports of cotton alone were more than double those of any day since the outbreak of hostilities. Copper was also beling taken in large quantities, but without any appreciable effect on the low prices so long quoted by producers.

Decided progress was made in the pre-liminaries connected with the cotton pool and a call on local members of the federal reserve for payment of their first instalment for stock of that bank indicated the determination of the board to have the system in operation by the middle of November.

Railway Shows Loss.

The disruption to trade in the south because of the cotton situation was reflected in the September earnings of the Southern Railway, which showed a net loss of \$484,000.

Another large gain in the gold holdings of the Imperial Bank of Germany.

Another large gain in the gold hold-ings of the Imperial Bank of Germany, furnished the most significant item of foreign news. Monetary conditions in

WHEAT GOES DOWN IN CHICAGO PIT

No Sustained Buying Enthusiasm - Corn Under Bearish Control.

Canadian Press Despatch.

CHICAGO. Oct. 21.—wheat took a downward slide today, influenced by falling off in speculative call and by the piling up of domestic stocks. Trade finished steady, but le to 1½c under last night. Corn lost ½c to ½c net and oats ½c to 1c. In provisions the outcome was unchanged to 45c down.

Most of the selling of wheat came from owners who had recently purchased recause of the large export business current. It was noticed that nothwithstanding the continued activity of European demand the general public had not ceveloped any sustained buying enthusiasm, and that more attention appeared to be given to the increased visible supply than to the liberal but familiar transatlantic sales. Particular stress was laid by the bears on the fact that stocks in the U.S. are now 10,000,000 bushels more than those of a year ago.

Ideal weather for the maturing and shipment of corn put that cereal under bearish control. Traders generally were anticipating a generous movement of the new crop, but offers to arrive have been small as a whole.

VARIOUS DEMANDS

Sale of Ten Thousand Sacks of Flour for France.

Canadian Press Despatch.

MONTREAL, Oct. 27.—There was a fair demand from foreign buyers for Manitoba spring wheat today, but it showed a decline of 3d to 6d per quarter in the late trading. The export trade in oats is quiet and prices bid today were 4½d lower. The local demand for coarse grains was limited and the market is quiet, but the feeling is firm. The demand from foreign buyers for spring wheat flour was better and especially for shipment to France and sales of 10,000 sacks were made. The local demand is quiet and prices show no change. Millfeed is quiet and prices are irregular.

change. Milited is quiet and processing irregular.

Butter is steady with a fair local trade passing. Cheese is more active with a better demand for English buyers. Eggs active and firm.

LIVERPOOL STEADY **DEMAND IS DULL**

Wheat Declines in Winnipeg From Monday's Close -Low Grades Wanted.

Canadian Press Despatch.

WINNIPEG, Oct. 21.—Wheat cables from Liverpool were steady this morning, which, in face of the lower markets on this side yesterday, caused a stronger opening on the distant months here and higher generally on the American markets. Following the opening fresh liquidation took place on heavier receipts generally, holders taking profits, the opinion being that the top limit in prices had been reached meantlime. Exporters are buyreached meantime. Exporters are buying futures from time to time.

The cash situation is again showing
quieter and the demand is dull. In wheat Is your will properly drawn up?

Will your estate be economically administered to the satisfaction of the heirs? It costs no more—and will possibly save much money—

Will possibly save much money—

quieter and the demand is dull. In wheat only the low grades, Nos. 4, 5 and 6, and feed, are asked for and lower grade oats, the demand for top quality oats being poor. Flax has again declined about ½c. Exporters are buying and good sales were made this morning for export. Offerings were plentiful. At noon wheat had decilined ½c to ¾c from Monday's close.

Inspections were 585 cars, as against 1555 cars last year, and in sight were 360 cars.

CANADA FIRST--BUY AT HOME

If you had placed your money in a factory in Canada and was catering to the Canadian trade wouldn't you naturally expect that in a time of stress Canadians would make it a point to buy Canadian goods in preference to foreign goods? Or suppose that you had learned a trade in a Canadian factory and had spent the best part of your life in that factory wouldn't you think that your fellows would buy the output you had learned to make in preference to that of some one else far away and unknown?

Well, that is just the stand proprietors and employees are taking.

They feel, and rightly too, that it is up to the Canadians to support every home concern before sending money out of the country for somebody else. It is perhaps a selfish idea to want to keep all the money in circulation at home, but this is a time when self counts first. No man wants to rely on another's generosity to see him thru. He would ever so much rather work

New Tillsont urg Gas and Well, that is just the stand proprietors and employees are taking.

Furthur, our factory hands are able and willing to make their wages go as far as possible in order that the demands may be as light as possible. You are not contributing to charity when you insist upon getting an article that was made in Canada, but you are assisting in a great patriotic movement that means everything to those who carry the dinner pail.

Yes, you have heard quite a bit about dinner pails lately but you will hear more if they have to go empty. But they will not go empty. Already there is a strong feeling in favor of made in Canada goods and it's growing. Every day it grows and the more it takes hold the more secure is the country becoming. It is just because of that loyal help and support which you are able to give that the man on the street is going to keep happy from

STANDARD EXCHANGE

Bailey was dealt in to some considerable extent on the Standard Exchange yesterday. The price remained the same as heretofore, namely, %; 4500 shares were sold. The only other stock to receive attention was Beaver. This sold at 19½ for 700 shares.

STEEL CORPORATION

Huge Deficit by This

Small Surplus Takes Place of Action.

Canadian Press Despatch. NEW YORK, Oct. 27.—By redu ng the dividend on the common stock for the third quarter of the year from the regular rate of 1½ per cent. to half of one per cent., the directors of the U. S. Steel Corporation today fulfilled general expectations and were able to report a surplus of \$89,479. Had the regular disbursement been declared the deficit of almost \$11,500,000 shown after dividend payments in the first half of the year would have been increased to almost \$15,000,000.

Total earnings of \$22,276,002 were almost \$2,000,000 larger than in the preceding quarter, while the net income of \$14,682,022 was about \$1,400,000 larger.

Analysis of the statement showed that August business was better than that of July, while September earnings were the smallest of the quarter. The reduced dividend is the first change since 1911,

SIR EDMUND WALKER, C.V.O., LL.D., D.C.L., President

REDUCES DIVIDEND Capital, \$15,000,000 Reserve Fund, \$13,500,000

prior to which the rate varied from nothing in 1904-05 to 5½ per cent. in 1910.

Chairman Gary issued a brief statement after today's meeting, saying that the action of the directors was taken "with reluctance," but that it was made necessary "by the present condition of business and the prospects for the immediate future."

there is small chance of loss of the pre-mium. It is felt no railway is in a better position than Canadian Pacific to stand traffic declines.

THINK MISSION A SUCCESS.

OTTAWA, Oct. 27.—The sudden drop in the sterling exchange rate in New York yesterday is believed here to indicate that the exchange bankers are convinced that Sir Geo. Paish's conferences in Washington have been successful, for the drop in sterling exchange yesterday was almost to normal and reached a point where, as a government official put it, "it scarcely pays to ship gold." Should the rate remain as low as that reached yesterday gold shipments will greatly diminish or cease.

All the above production was obtained from the Devonian rocks.

Tillsonburg field is a comer. Experts now claiming a richer field than Petrolea. Oil of the highest grade has een discovered. Large, natural gas wells are already flowing, supplying all the towns in the district.

THE EUREKA GAS AND OIL DEV. SYNDICATE is now operating in this new field and has drilled a well showing 400 feet of splendid high grade oil. Machine the company of the splendid high grade oil. showing 400 feet of splendid high-grade oil. Machinery has been ordered and will be immediately installed. THE EUREKA SYNDICATE is now offering for sale 521 acres of selected Gas and Oil Lands, to be sold in ten acre sections and guarantees to drill a well on each ten acres as sold, making 53 wells. Every person buying a \$15.00 lease will participate in the profits of all these wells, while at the same time owning independently their own

FIRST TEN-ACRE SECTION NOW OFFERED has already one well drilled, showing 400 of oil and ready for Another well is guaranteed on this section, making two wells in which every leaseholder shares profits, besides an interest in every other of the 53 wells as drilled.

PRICE OF GAS AND OIL

Oil will net the Syndicate about \$2.00 per barrel; Gas will net the Syndicate about 10 to 12 cents per Big Possibilities—Big Profits—Big Dividends—Not much chance in this field.

\$15 Per Lease

territory has been allocated.

With participating profits in all the Syndicate's wells as drille
