Dr. Hasti Cures Restaurateurs 48 Hours To Clean Up

Wholesale Prosecution Will Follow if Dirty Eating Houses Are Still Filthy—Medical Health Officer Handicapped By Small Staff, But Will See That Safe, Sanitary Meals Are Served.

MORE ABOUT THE CONDITIONS.

Toronto restaurateurs have just 48 hours to clean up and look as they should. If after that period of time they are in a filthy condition the health department at the city hall is going to issue a summons against the proprietors of the dirty places, and they will individually and collectively have the pleasure of telling the magistrate just why their premises were in the condition they were reported as having been in. J. S. Carter, clerk of the health department, is the father of this statement, and M. H. O. Hastings says the same thing.

Dr. Hastings said a great deal more. In the first place the doctor is much handicapped in his crusade against dirt and filth in all its multi-colored phases, for the simple reason that he is short on inspectors. Two men form his vanguard, rear guard and body-guard, so far as protecting the people from filth and uncleanness in Toronto eating houses is concerned.

As there are 300 of these places in the city, one can imagine the little time that is given in inspection of each place, also the length of time between each visit. His men would need the wings of Pegasus and Mercury combined in order that adequate jurisdiction over these places should be assured.

Are Prepared for Inspection. And the restaurateurs are foxy. They know his sleuths, and have a pretty fair idea, too, when they are about due to visit them. About the time they are expected they get busier than bumble bees, scrub, wash, scour and otherwise clean up. When the inspectors arrive the premises don't look very bad. But after the visit the same old dirty practices are resumed, and who has to eat there must suffer.

But the M. H. O. is an Argus-eyed individual, and he has a great number of the flagrantly dirty dumps spotted. If they do not clean up they will hear from him before many moons and the exchequer of the police department will be slightly fuller as a result of their visits.

Dr. Hastings says that it is the forgers who are responsible for the present conditions. The Anglo Saxon, who is running a restaurant, has some pride about him. He wants his place clean, and takes care to keep it that way. But as foreigners are greatly in the majority—that is among the fraternity who cater to man's stomach—and as this income has not the same clean idea as has the home grown variety, it's a logical inference that

DUBLIN HOSTILE TO SUFFRAGETTES

Counsel Healy Hooted on Entering Court Room—Gladys Evans Guilty of Arson.

DUBLIN, Ireland, Aug. 6.—(Can. Press.)—Four militant suffragettes were put on trial here to-day on the charge of having committed serious outrages at the time of the visit to Dublin of the British prime minister. Gladys Evans was found guilty of setting fire on July 18, to the Theatre Royal, where Mrs. Aquilla was scheduled to speak the following day on home rule. The charge against Miss Conroy, who was accused of being an accomplice of Gladys Evans, was withdrawn, while Miss Healy, also charged as an accomplice, pleaded guilty to damaging property.

The jury disagreed in the case of Miss Leigh, and she will be tried to-morrow on the charge of wounding John E. Redmond, leader of the Irish parliamentary party, who was hit by a bullet that was thrown at the premier's carriage while it was proceeding with the ministerial party to the hotel. Sentence was reserved in the case of the convicted women.

A great crowd filled the court room and "Molly Maguire" barred. "Molly Maguire" barred. Timothy Healy, chief counsel for the women, was hooted when he entered. He demanded the exclusion from the jury of all members of the Society of Molly Maguires. He said that he refused to be insulted by them and did not doubt that they were there by the government's orders.

The attorney-general for Ireland, C. L. Kettle, with three assistants, conducted the prosecution. He described the attempt to burn the theatre, and said it was only by a miracle that it was not destroyed. Witnesses testified to seeing Gladys Evans and another woman putting oil on the carpet and box curtains, and trying to set them on fire, and also to putting matches in the cinematograph box.

Premised More Explosions. The police testified that the first performance was ended and the house was nearly empty when the attempt was made. The Evans woman struggled when arrested and said: "This is only the beginning. There will be more explosions at the next performance."

Miss Evans declared she had gone to the theatre for the purpose of Hobbes, a cabinet minister, C. D. Lancaster, had told her that they would be justified in doing so.

Mr. Healy's cross-examination developed the assertion that Mr. Healy said that the suffragettes would accomplish nothing until they began to burn houses. Mr. Healy, in addressing the jury, said that Miss Evans was not a criminal.

"She is one of those," he added, "who claim a right to vote for the members of the members of parliament, from whom I have seen of them, but not the extraordinary body of savages and persons they imagine themselves to be."

At Least 500 Men Will Be Moved From Brockville—Change Effective in Two Years.

BROCKVILLE, Aug. 6.—(Special.)—According to an agreement entered into between the Grand Trunk Railway and the Town of Prescott, the company will remove its terminals from Brockville to Prescott within the next two years in consideration of a fixed assessment, cheap water and light and the building by the corporation of a subway at a dangerous crossing at an estimated cost of \$25,000.

The Grand Trunk binds itself to expend \$150,000 in terminal facilities, and has already 845 acres of land purchased or under option to meet the requirements of the new engine shops and yards. The change will mean the removal from Brockville of at least 500 men, who represent a pay roll of about \$250,000 annually. All that now remains to give Prescott a boom is ratification by the ratepayers of a bylaw authorizing the subway expenditure, and necessary land purchases, which it is said will carry by a sweeping majority.

Brockville has been a terminal of the Grand Trunk since its construction fifty-seven years ago.

GRADE CHANGES ON GRAND TRUNK PACIFIC DENIED

Hon. Frank Cochrane Gives Flat Contradiction to Statements—Grades Have Been Completed Long Since—Wooden Bridges and Trestles to Be Only Temporary.

KANSAS GOES PROGRESSIVE

Topeka Capital, has defeated Frank Ryan of Leavenworth for the Republican nomination for governor, and G. H. Hodges, Democratic candidate, is leading his two Democratic opponents.

TOPEKA, Kas., Aug. 6.—(Can. Press.)—Scattered returns from one-fifth of the counties of the state indicate that the Roosevelt presidential electors were victorious in to-day's primaries. Followers of President Taft admitted that they seemed to be beaten. Congressman P. P. Campbell probably lost the nomination for his seat in congress to W. M. Gray, a Progressive.

Based on returns up to 10.30 o'clock Arthur Capner, publisher of the Topeka Capital, has defeated Frank Ryan of Leavenworth for the Republican nomination for governor, and G. H. Hodges, Democratic candidate, is leading his two Democratic opponents.

Candidates in Every Riding Next Time

N. W. Rowell will have Liberal candidates in every one of the 106 Ontario ridings at the next provincial elections, if he materializes his present dreams. At the last elections, several Conservative candidates were in by acclamation, which was contradictory to the orders of the new leader. "They will not be repeated four years hence," so says Mr. Rowell. The recent four thru North Ontario has made the local Liberals so confident, that they have developed the waverlust, and next summer the clay belt will be visited.

BECKER'S PLAN TO RAID FIRST AND FIX LATER

Gamblers on "Coming Across" Would Be Able to Escape Grand Jury Net—Becker Hounded Rose Constantly as "Bunch Down Town Were Not Getting Enough."

ROOSEVELT IS JUBILANT ON EVE OF NOMINATION

Selection of Presidential Candidate Will Be Simple Ceremony, and Governor Johnson Appears to Have Clear Field For Second Honors—Colonel Came Out Flat-Footed For Woman Suffrage and Against Trucking to Negroes.

PROTECTIVE TARIFF IS PARTY POLICY

CHICAGO, Aug. 6.—(Can. Press.)—Col. Theodore Roosevelt was in a happy frame of mind to-night; happy, he said, over the reception he was given at the National Progressive Convention to-day, and happy over the fact that to-morrow he will be nominated for the presidency.

"I understand," he said laughingly to-night, "that I am a neck ache." Col. Roosevelt dressed in ultra-formal fashion for his visit to the convention, but in a brief speech will accept the honor. This simple ceremony probably will do away with the necessity for a formal notification ceremony.

There seemed to be no change to-night in the plan to nominate Governor Hiram W. Johnson of California as the colonel's running mate. A vice-presidential boom for Judge Ben B. Lindsey of Colorado gained some headway during the day, but was practically abandoned to-night.

No southern Democrat, aligned with the new party, seemed to stand out sufficiently in the minds of the leaders to offset the insistent demand among the delegates for Governor Johnson.

Firm on Negro Question.

"I am so glad," said Col. Roosevelt to-night, "that I had an opportunity in the convention to express my views on the negro question. I was delighted at the interruption, for it gave me the chance I wanted. I think the question is disposed of now. I was deeply impressed with my reception by the delegates. By George, it was fine."

Col. Roosevelt dressed in ultra-formal fashion for his visit to the convention to-day, but in a brief speech will accept the honor. This simple ceremony probably will do away with the necessity for a formal notification ceremony.

Desperate Efforts Failed to Defeat Welland's Hydro Bylaw

Two Alleged Personators From Buffalo Arrested, One After He Had Escaped to Thorold—Vote-Buying Methods Alleged—Bylaw Carried by 329 to 183.

WELLAND, AUG. 6.—(Special.)—Welland citizens to-day carried the hydro-electric bylaw to provide for an expenditure of \$45,000 for a municipally owned plant. The vote was 328 to 183 in favor of the bylaw, although a desperate attempt was made to defeat it.

A gang of men, it is alleged, were imported from Buffalo and personation was in evidence. Chief Lang, late in the afternoon, arrested Samuel E. Morris of 72 Aldridge-st., Buffalo, on a charge of impersonating R. B. Keeler of Grand Hailey. At first he made ac-

knowledgment of his guilt. He was taken before Magistrate Burgart and remanded.

A second member of the party, which is said to have numbered five, was driven rapidly to the trolley station with the chief in pursuit, but the fugitive boarded an outgoing car and escaped.

Evidence is also to hand, it is said, of the buying of votes, and altogether Welland has experienced the most exciting election incident of her career.

Mr. Kay, chairman of the light committee, states that a full investigation will be made of the alleged fraudulent practices.

BIG DAY'S WORK BEFORE COUNCIL

Municipal Coal Yards, Trinity College Transaction, Viaduct and Station Order, Increase to Police, on List.

With every prospect of a lengthy session, the city council will meet today to deal with such questions as the establishment of municipal coal yards as proposed by Commissioner Chisholm, the proposal to apply for a mandatory order compelling the G. T. R. to commence work at once on the viaduct or pay a fine of \$100 a day, the agreement to purchase the Trinity College property and the recommendation that the floor-st. viaduct be built of steel. These and other matters will be dealt with by the city fathers to-day, and if the ordermen are at all disposed to display their oratorical ability, a session lasting till midnight will be required.

As a solution to the coal problem, Commissioner Chisholm recommends that the city buy out four dealers and thus secure plants already equipped to receive and distribute the supply. He also suggests that a property on the Bay front be secured for the purpose of storing the coal. The question of as to whether the city will attempt to supply private consumers, should occasion warrant it, will also be up for discussion, and it is likely that the council will decide upon some general policy in this respect.

As regards the viaduct, there has been considerable dissatisfaction expressed because of the tardiness of the G. T. R. to commence operations. Under the order of the railway board, a fine of \$100 a day may be levied, and the city proposes to secure an additional order from the board to hasten matters or have the penalty imposed.

The Trinity College agreement will likely pass without much discussion, and the recommendation of Commissioner Harris to construct the Bloor-street viaduct of steel will likely be concurred in without any more delay. The by-law to give all the first class policemen a \$50 raise in salary is also due for its third reading.

The council will be asked to consent to the barbers' request and pass a by-law requiring all shops to be closed at 8 p.m. The necessary petition has been signed by over three-quarters of the trade and little objection is anticipated from the council. Mr. McCullough, the provincial M. P., requests permission to give moving picture shows in the parks illustrating methods of preventing disease. The question of limiting the height of buildings to three, four, or five stories, or 126 feet, is also up for discussion. The proposal to engage Engineer Allan Hazen in connection with the work of extending the filtration plant is another matter before the council to-day.

A MARTYR TO HAY FEVER

"FRUIT-A-TIVES" CURED AFTER 15 YEARS' SUFFERING

Cornwall Centre, Ont., November 7th, 1911.
I was a martyr to Hay Fever for probably fifteen years and I suffered terribly at times. I consulted many physicians and took their treatments, and I tried every remedy I heard of as being good for Hay Fever, but nothing helped me.

"Then I heard of 'Fruit-a-tives' and decided to try them, and I am thankful to say that this remedy cured me completely.

"I never suffer from Hay Fever. I wish to say—'Try Fruit-a-tives.' This medicine cured me when every other treatment failed, and I believe it is a perfect cure for this dreadful disease—'Hay Fever.'

Mrs. HENRY KEMP.
The real cause of Hay Fever is pollen blown due to the family action of the bowels, kidneys and skin.
"Fruit-a-tives" cleans the blood by regulating bowels, kidneys and skin, and thus relieves the excessive strain on the nervous system. Try "Fruit-a-tives."
50c a box, 6 for \$2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Sir George Reid Not for Closer Ties in Empire

LONDON, Aug. 6.—(C.A.P.)—Sir George Reid, Australian high commissioner, prior to sailing for Canada yesterday, declared that he did not agree with the demand for a closer empire unity. The fever and more slender the ties had become, the more loyal and attached were the dominions to the mother country. Law and progress must assist Britain and the dominions cannot remain in their present state, but he had not met the man who could bind them afresh.

Australians had a great belief in their capacities and destinies, but they were afraid, they were not unkind of the home whence it came. If ever the clouds threatened, he added, none would more readily respond to the call than the gallant, devoted Australians.

TO PROBE ATROCITIES

British Parliamentary Committee Will Investigate Putumayo Conditions.

LONDON, Aug. 6.—(Can. Press.)—Premier Asquith, in reply to a question in the house of commons to-day, stated that the British Government had decided to appoint a select parliamentary committee of enquiry into the atrocities reported by Sir Roger Casement to have occurred in the Putumayo rubber district of Peru.

The questioner requested the government to enquire if any responsibility for the outrages rested on the British directors of the rubber company.

Lima, Peru, newspapers assert that reports of the outrages in the rubber fields were spread to discredit the Arana family, whose influence in the Peruvian Amazon Company was unparallelled to some of the British shareholders.

FIREMEN'S ASS'N. OFFICERS.

ST. MARY'S, Ont., Aug. 6.—(Can. Press.)—The Firemen's Association of Ontario will meet in Hamilton next year. This was the decision arrived at to-day. The following officers were elected for the coming year: Past president, Thomas A. Skinner; Niagara Falls, president, Thomas A. Skinner; Hamilton, first vice-president, John Caven, Paris; second vice-president, Frank Ekins, Thorold; secretary, W. J. Armstrong, West Toronto; treasurer, George Ekins, Thorold.

The following were elected life members: Michael Skelly, Paris; J. Caven, Paris; George Ekins, Thorold; and John Little, Milton.

WORRIED, POLICEMAN ENDS LIFE

NEW YORK, Aug. 6.—(Can. Press.)—James Tobin, a mounted patrolman, who was attached to the College Point police precinct, shot and killed himself to-day. Worried over the present police scandal, and personally not in the least affected by its revelations, he is supposed to have caused him to take his life. Tobin said before he killed himself, "I am tired and I am a policeman. Everybody thinks a cop's a crook. Even if you get off the force people are suspicious of you, just because you were once on the police force."

GLASGOW TO HONOR BORDEN.

LONDON, Aug. 6.—(C.A.P.)—Glasgow will confer the freedom of the city on Premier Borden of Canada on Aug. 16.

WEDNESDAY MORNING, AUG. 7, 1912.

PRIVATE COUNCIL JUDGMENTS AND OTHER THINGS.

Because the judges of the privy council in England have interpreted Canadian law in favor of corporations and against municipalities, a number of our papers say that we ought to be rid of these decisions, which they claim are unfair. They go further and say that the English judge is always in favor of vested rights; also that the Canadian courts decided these questions in favor of the municipalities.

The World cannot agree with these opinions, because we believe that the English law lords have faithfully interpreted the law. The real offender is the Dominion Parliament, which saw fit to pass legislation which overrides provincial legislation, and the Dominion Parliament is free to do this because the British North America Act says so; and the privy council judges simply interpret an English act as it was intended to be interpreted; and always remember that the British North America Act which these law lords interpret is an act of the British Parliament.

As to our Canadian judges, we think they give the decisions they do because they prefer to take the side of the people and save themselves from criticism. They leave the knocks for the privy council.

Our own contention therefore is that if Canada is to have her municipal rights protected, she must see that the parliament at Ottawa keeps its hands off what are practically provincial and municipal questions, and further to ask for legislation in England amending the British North America Act in the direction desired.

In the meantime it is possible for the Canadian Parliament, and we believe it is its disposition at this moment, to pass remedial legislation removing the grievances that the provinces now have against acts passed under Sir Wilfrid Laurier's regime at Ottawa.

We pointed out the other day the way that remedy ought to be worked out, and that is an amendment to the effect that any powers conceded by federal authority to an organization already authorized or capable of being organized, do provincial business, shall be limited to such powers as the company would have had if incorporated and only incorporated under provincial authority.

In other words, the grievance of Canadians is not with the privy council, but with ourselves. If we select a parliament that overrides provincial rights, or if we fail to have our constitution amended, where it is injurious, that is our fault. Judges cannot be blamed for interpreting the law as it is written and as it was designed.

Whether we should appeal our cases to England is another question; and much can be said as to the home-grown variety of judicial interpretation; but it does seem clear that an English act (our great constitutional act) should be interpreted finally by English judges—at least until such time as the Canadian Parliament by a more or less revolutionary motion declares that it thenceforward assumes the oversight and responsibility for our constitution, both as to its making, amending and interpretation. And this seems to us the easy and real way out of the trouble. It simply means that Canadians will take over absolute control of their own constitution. And that the Canadian Parliament, under King George or his viceroy, is not within the jurisdiction of the British Parliament under the same King George.

In matters Canadian. Our parliament will be supreme in our own country. Then will we be the equal of the mother country and a co-equal partner. At present we are wards and will so remain as long as we choose. It is for us to take the next step.

COL. ROOSEVELT'S SPEECH. Col. Roosevelt's address to the national convention of the new Progressive party, commits that party under his leadership to many of the great social and economic reforms which have characterized recent British legislation and are associated in the public mind with Mr. Lloyd George and the Asquith government. Col. Roosevelt proposes to so regulate the tariff and the trusts as to retain in the hands of the federal government the power to regulate prices, wages, the hours of labor, and to provide, largely at the expense of the employer, insurance for the employee against trade-disease, unemployment, old age, and accidental injury or death. These proposals, he declares, are neither socialistic nor anarchistic.

but are intended to substitute evolution thru the forms of popular government for the revolution which threatens the United States.

Those who think further than Col. Roosevelt speaks, will foresee that this evolution must come thru constitutional changes, tending to make the United States a legislative union rather than a mere confederation of sovereign states, with congress supreme as parliament supreme. True, something might even now be done with persons and corporations engaged in inter-state commerce, but no great reform will long be halted by the present state-lines or by the present constitutional restrictions upon the power of the people and of their duly elected representatives.

Economic issues distinguish the Progressive party and will allocate the conservative vote of the country between Taft and Wilson. As to the so-called political issues, Col. Roosevelt is more in line with the Republican than with the Democratic party. He stands by the principle of protection, favors a strong navy, the public ownership of all water-powers and the centralization of authority in the hands of the federal government.

His speech is altogether a strong deliverance and one that will lift the presidential contest from a mere scramble for place to a position in the world-wide struggle for the recognition of human rights.

SETTLE THE BLOOR-STREET VIADUCT.

We are well into August and the city council has still a lot of unsettled business. It has, however, been doing things of late. But it is time to start to clean up the order papers, and one thing that ought to be settled to-day and sent on to the people is the Bloor-street viaduct. The council referred it back to the controllers. The controllers are sending it on again to the council. Let the council finish with it to-day, and that will be another thing settled.

Revolution in Nicaragua is Growing Apace

MANAGUA, Nicaragua, Aug. 5.—(Can. Press.)—By wireless to Colon, Aug. 6.—The revolution has rapidly extended. General Menz established his headquarters at Masaya, and tried to enter into an alliance with Liberals and especially with the followers of the former dictator Zelaya against whom he fought two years ago.

A letter was captured by the government troops on Aug. 2, which was signed by Gen. Menz and several partisans of Zelaya. It was addressed to certain Liberal leaders of the Province of Leon.

The allies captured two boats belonging to the American company which operates the service on the great lakes, and also seized the American railroad, taking possession of one locomotive and a number of cars. They tore up a portion of the track near Masaya. The trains, however, continued running on their regular schedule to Corinto under American management, but communication with Granada was cut.

The first engagement between the government troops and the rebels occurred at Tiptapa, on Lake Managua. The government forces were victorious and held the place. Several wounded men were brought to Managua.

United States Marines to Front. WASHINGTON, Aug. 6.—(Can. Press.)—Marines from Panama have been ordered to Nicaragua to supplement the force of blue-jackets now in Managua guarding Americans and their property. The collier Justin, now steaming from the San Juan del Sur, was today ordered to Panama to embark 330 marines for Corinto.

STABBING AFFRAY AT SARNIA. SARNIA, Aug. 6.—A number of drunken Russians and Poles mixed up in a little stabbing affair at the ferry dock at Point Edward about 1 o'clock this morning, and as a result one Russian lies in the General Hospital, and may not recover from a knife wound in the abdomen.

The foreigners spent the early part of the evening in Port Huron, Mich., and loaded up with liquor and returned to Canada on the last boat about 11 p.m.

DON'T WAIT TO BE INCLUDED IN WORKMAN'S ACT

Retailers Want to Look After Their Own Compensation to Employees—Secretary of Association Denounces Idea as Socialistic—Merchants Will Wipe Out Co-operatives.

MANUFACTURERS' BRIEF

The Ontario Retail Dealers' attitude towards workmen's compensation was exemplified by Secretary E. M. Trower before the committee yesterday. He denounced employers' liability and workmen's compensation as socialistic, and affirmed that his association was pledged against any system of public ownership, or state control entering into any of the details of the management of the Compensation Act.

Many Complications. He asked if it were possible to leave his association out of the question, but upon being asked how much worse off would he be under the act, stated: "Well, there are many complications."

One of the difficulties that would arise would be for casual employees. Mr. Trower pointed out that this class was not included under the English law. It has been suggested that compensation should be made according to the pay roll of the establishment.

Mr. Trower pointed out that those who had very few risks would be assessed in favor of those who had many risks in their business. "That would be facilitated," stated the commissioner.

Against Co-operative Stores. At the juncture of the proceedings, a deal of time was taken up by Mr. Trower attempting to define what socialism was, but after copious references, apparently nothing materialised from either side.

The proceedings were enlivened by a debate between the speaker and Mr. Trower and C. Lawrence of the Brotherhood of Engineers on the subject of co-operative stores, which, Mr. Lawrence would have the retailers, were working their utmost to exterminate.

Mr. Trower simply belongs to a close corporation. The difference between his union and the other is, that the labor union sells its labor in the best market it can get, but it does not allow mere boys to go out with horses they don't know, and the average merchant does not know if the boy will ever come back. The merchant should be made accountable, which will make him more careful with his boy.

Removing Politics. F. W. Wegenast, solicitor for the Manufacturers' Association, followed with a long printed brief. The contented objections already presented to the commissioner.

The question of taking the whole matter out of the sphere of political influence was taken up at this juncture. What was generally wanted was that the act should be administered by a commission. The chairman should be selected from the high court bench and the commissioners be paid a salary of \$10,000 per annum.

It was advocated that in so far as compensation was concerned, the employers of large numbers of hands should have their liability divided into certain component parts, to properly facilitate the levying of compensation according to the individual risks involved.

Manufacturers Helping. Mr. Wegenast has done considerable traveling of late and has an abundance of data to lay before the commission. He is also prepared to quote a large variety of authorities. He told the commission of his intention to organize different communities or subsidiary groups in the Manufacturers' Association, which will look after their own particular source of liability. He will have appointed inspectors, who will be paid out of the general funds, who will make rules, which will be sanctioned by authority of the governing board only.

The questions of the mode of insurance against liability, brought into being by various companies, and the advisability or inadvisability of making the railways subservient to the act, were also discussed.

The commission will resume at 11 o'clock this morning. Duluth Strike Over. DULUTH, Aug. 6.—(Can. Press.)—The strike of freight handlers on the Northern Pacific docks is ended. At a meeting to-day the men voted to accept the recommendation of the council arbitration committee.

LET PEOPLE PAY AS THEY CAN FOR CONVENIENCES

City Will Seek Power to Install Sanitary Devices in Small Homes, Spreading Payments Over Number of Years—Cabinet Ministers Coming at Exhibition Time.

MAYOR RETURNS SUNDAY

That all the necessary sanitary conveniences may be installed by the city in the houses of the poorer people, to be paid for on the local improvement plan, is a scheme which Dr. Hastings is working upon and which will be brought before the local board of health in the near future. At present the city's health regulations demand that every house should be equipped along sanitary lines, but this has resulted in considerable embarrassment to many poor people.

Under the present system a poor man who has just bought a little house is notified that he must procure the sanitary conveniences within 30 days' time. This is often a severe hardship and it is to be remedied by the new scheme. It is to give assistance in such cases that Dr. Hastings proposes his new scheme. Other cities have been up against a similar problem and some of them, Winnipeg among others, have adopted the local improvement plan, and have found it works out most satisfactorily.

The members of the city council were notified yesterday that the regular council meeting had been postponed to-day. The postponement was, however, that the council shall meet every second Monday except when the meeting shall be on the following day. Deputy City Clerk Saunderson was on guard in the council chamber yesterday morning. Had the members come, however, any business transacted would have been quite legal.

Ministers Coming. Acting Mayor Church announced yesterday that nine of the ministers of the Borden cabinet would be in Toronto during the week of the exhibition. They will be entertained by the city, the harbor commissioners and the Borden cabinet. The arrangements are now being made by special committees appointed by each body. The acting mayor stated that a number of accidents in the city, said Acting Mayor Church yesterday. The papers are full of them this morning and would hardly be held to discuss the Federal-square and the prospective harbor improvements.

Brantford's Labor Alderman. BRANTFORD, Aug. 6.—(Special.)—William Smith, labor candidate, was elected alderman in ward four here to-day, succeeding C. H. Emerson, who was recently appointed industrial commissioner. The fight was a three-cornered one, with the vote as follows:

Suburban Service. According to Acting Mayor Church very satisfactory progress is being made in preparing the city's case for a suburban service, which will be before the Dominion Railway Commission in September. Considerable data has been secured from the municipalities round Toronto, all of which will co-operate with the city in the fight for better transportation facilities. Toronto will make numerous other applications before the commission, which will likely hold special sittings here about Sept. 10.

Mayor Back Sunday. Mayor Geary is expected to arrive in Toronto on Sunday and will resume his duties next week. City Treasurer Coady, however, will not return for a couple of weeks yet.

It has now practically been decided to defer choosing a corporation counsel until after the mayor's return. At present the names of Thomas Meredith, C. city solicitor of London; W. C. C. Gushkin, K. C., formerly city solicitor here, are both being mentioned for the vacancy. The board of control will in all probability send a recommendation to council at the meeting a week from Monday.

Other Cities Will Help. Acting Mayor Church has received a letter from Mayor R. D. Wall of Winnipeg, stating that every support should be accorded Toronto in the fight to secure federal legislation to have a number of rights rescinded which at present are conferred upon electrical corporations. The mayor of Quebec has written a similar letter and a number of attorney-generals of different provinces have announced their intention of supporting the city in the conference to be held with the Borden cabinet in October.

Foreign Labor Question. The board of control will to-day take up the question of appointing a fair wage officer and other recommendations.

O'Keefe's SPECIAL EXTRA MILD STOUT. It is a special brew—light, mild and will not make you bilious—yet has the rich, creamy flavor of the finest imported brands. Brewed especially for those who find ordinary Stout too heavy to be enjoyable. It's always O.K. if it's O'KEEFE'S. At Hotels, Cafes and Dealers generally. THE O'KEEFE BREWERY CO., LIMITED, TORONTO.

COAL SITUATION MORE RELIEVED

More Than 1000 Cars of Coal Came Into City Yesterday and as a Result Coal Famine Is Not Imminent. Over 1000 cars of coal arrived in the Grand Trunk yards at Mimico between Sunday night and last night, and the coal situation is, accordingly, a little more relieved. Even with this, however, coal dealers stated last night that the supply of coal at present in the city amounts to no more than half that on hand at the same time last year, and it seems certain that prices will be up this winter.

The Grand Trunk System is now using 23 engines and there are three more months in which it will be possible to catch up. The situation is further complicated by the fact that 20,000 miners are said to be at present on strike at the Pennsylvania anthracite mines, and that the mines are millions of tons behind in their output. Many Toronto people have been stocking up the last week, in order to be prepared should a famine result.

Brantford's Labor Alderman. BRANTFORD, Aug. 6.—(Special.)—William Smith, labor candidate, was elected alderman in ward four here to-day, succeeding C. H. Emerson, who was recently appointed industrial commissioner. The fight was a three-cornered one, with the vote as follows:

BETTER DRINKING DEVICE COMING

M.H.O. Says New Fountains Have Been Ordered—Some Time Yet Before Old Taps Are Abolished.

Dr. Hastings, M. H. O., stated yesterday that the order published in The World about the inadequacy of the sanitary drinking fountains was true. But conditions cannot be bettered for some time.

Former Toronto Man Is Killed in the West

Hodder McWilliams, Once Prominent Hockeyist Here, Victim of Runaway.

WEYBURN, Sask., Aug. 6.—(Can. Press).—Hodder McWilliams, a home-steader, a few miles south of Pangman, Sask., was found dead early on Monday morning at his farm. It looked as though he had fallen from a rig and got entangled in the wheel, wherewith the horses became frightened and dragged him along.

Street Car Delays

Tuesday, Aug. 6, 1912. 6:50 a.m.—Held by train, G. T. R. crossing; 5 minutes' delay to King cars.

DEATHS

BRIDON—At St. Michael's Hospital, on Monday, August 5, 1912, Richard Fraser Brydon, in his 74th year.

OTTAWA, Aug. 6.—(Special).—The report which apparently originated in Montreal, that Sir Charles Fitzpatrick would be appointed to the judicial committee of the privy council, and that he would be succeeded as chief justice of the supreme court by Hon. L. P. Pelletier, postmaster-general, is not considered serious.

DAY'S DOINGS IN YORK COUNTY

West Toronto North Toronto East Toronto

North Toronto Council Orders New Pavements

Engineer Will Not Recommend Roadways Without Concrete Base Except for Residential Streets—Contract Let For Storm Sewers—Special Meeting on Annexation Bylaw Sustained 18 Mills Rate

Only for light residential property is tarvia a suitable pavement, and with that exception I am not prepared to recommend any pavement which has not a concrete base," declared Engineer James at last night's meeting of the North Toronto Council, presided over by Mayor Brown.

Eighteen Mills Rate

The revised tax rate of 18 mills on the dollar adopted for recommendation at the special meeting of the finance committee, on Monday, was finally accepted by the full council.

Tarvia Macadam

In connection with the laying of a dolowray pavement on Glenwood, Roselawn and Broadway-avenues, the work was entrusted to the J. H. McKnight Construction Co. at \$1.67 per square yard.

Storm Sewers

J. F. Connelly secured the contract for the installation of storm sewers at a figure only 8 per cent higher than the engineer's figures. He was also awarded the contract for constructing a concrete base for a 42-inch storm sewer.

Cellar Drainage

Mr. Renne of South-ave., addressed the council on the question of drainage connections between his cellar and the main sewer. Engineer James agreed with him that the present sewer was not deep enough for that purpose, and was obliged to resign the engineer's job.

Annexation

The question of bylaws and annexation were partially discussed, and a special meeting arranged for Friday night, Aug. 9.

Davisville Concert

The final open air concert allotted to Davisville this season by the North Toronto Citizens' Band, will be given in the grounds adjoining the public school, on Thursday evening, Aug. 9, at 8 o'clock.

Ice Breaks Cellar Bone

While unloading ice on St. George-street yesterday afternoon Allan Kerr of 17 McPherson-avenue, age 22, a student at the University of Toronto, was struck on the head by one of the heavy squares of ice fall on his shoulder, breaking the collarbone. He was taken to Grace Hospital in the police ambulance.

BLOOD-POISONING RESULTS FROM DIGGING OUT CORNS

Mrs. McRae of Mimico-avenue, Mimico, died at 10 a.m. yesterday as a result of being severely burned thru falling downstairs with a coal oil lamp lit.

DOG BITES MAN'S HAND

James Hart has to have wound cauterized at hospital.

Jas. Hart, an employee of the Brook Paint Works, 220 Victoria-st., was severely bitten on the hand by a collie dog last night while at the corner of Adelaide and Simcoe-sts. The dog immediately dashed away again.

FALL WITH LAMP CAUSES DEATH

Mrs. McRae of Mimico-avenue, Mimico, died at 10 a.m. yesterday as a result of being severely burned thru falling downstairs with a coal oil lamp lit.

DOG BITES MAN'S HAND

James Hart has to have wound cauterized at hospital.

Jas. Hart, an employee of the Brook Paint Works, 220 Victoria-st., was severely bitten on the hand by a collie dog last night while at the corner of Adelaide and Simcoe-sts. The dog immediately dashed away again.

FIRE BUG AROUND SENEGA STREET?

Seven Attempts Have Been Made to Set Ablaze Home of Italian—Looks Like Black Hand Machinations.

Seven attempts to set fire to the half-built house of Carmelo Rocoppo, an Italian laborer of Seneca-street, North Eastcourt, have been made during the past few days. The method employed has been to pour coal oil at a corner of the building, but in every instance the fire bugs have been scared off before they had time to set ablaze.

Former Toronto Man Is Killed in the West

Hodder McWilliams, Once Prominent Hockeyist Here, Victim of Runaway.

WEYBURN, Sask., Aug. 6.—(Can. Press).—Hodder McWilliams, a home-steader, a few miles south of Pangman, Sask., was found dead early on Monday morning at his farm. Girl Cured of Disfiguring Pimples

By Cuticura Ointment. Broke Out on Face when Twelve or Thirteen. Were Most Embarrassing. Had Tried Everything.

A Nova Scotia girl, Miss Maebel Morash, of Dover, writes: "When I was about twelve or thirteen years of age, my face broke out with pimples, and I tried everything to get rid of them, but failed. The pimples were the worst on my forehead and chin. They came out in groups and developed later into sores. Being on my face they caused great disfigurement, and were most embarrassing."

Baby's Face Like Raw Beef

"My baby boy had a large pimple come on his forehead. It burst and spread all over his face which soon looked like a piece of raw beef, all smothered with bad pimples. It was awful to look at. The poor little thing used to scratch it and cry terribly. I took him to a doctor, but he only got worse until I was quite frightened. I thought he would always be disfigured. Then I got two tins of Cuticura Ointment, together with Cuticura Soap, and in a few months had him cured. Now you cannot tell I ever had pimples, thanks to the Cuticura Ointment." (Signed) Miss Maebel Morash, Mar. 31, 1911.

Cuticura Soap and Ointment are sold throughout the world, but to those who have been much, lost hope and applied in vain to any treatment, a liberal sample of each with a 32-p. booklet on the skin and scalp will be mailed free, on application. Address: Potter Drug & Chem. Corp., 50 Columbus Ave., Boston, U. S. A.

ROOSEVELT IS JOBBING ON EVE OF NOMINATION

Continued From Page 1.

trying to make the Democratic states good, I could not see.

"The colored delegates all came from states that never cast a Republican electoral vote or elected a colored man to office," Mr. Roosevelt continued.

"The old policy of attempting to impose on the southern states from within our own ranks has broken down."

"Negro Delegates Discredited."

"I regret to say that every man who has ever been to a national convention knows that the colored delegates to the conventions were of a character not only reflecting discredit on the Republican party, but upon their own race."

"We are standing against the plutocracy of the Republicans, we are beginning, where all charity must begin, at home. We are setting a standard for the Southern States, to which we can hope that our colored brethren will themselves come up to, a standard that exists to-day in West Virginia and Maryland."

"The easy thing for me to have done in this matter if I had only my own political profit in mind, would have been to repeat the blunder of the Republican party. This might have helped me, but I would have been insincere and I would have been accepting the very thing that wrought disaster in the Republican party."

Colonel Lost Temper

As Roosevelt concluded his discussion of the negro problem, a voice from the gallery shouted: "How about the liquor traffic?"

"Jeers and cries of 'throw him out,' greeted the query, and the colonel turned to the gallery and exclaimed: 'Oh, go to the primary school or something.'"

Then the colonel took up the conclusion of his speech.

The colored delegates on the platform crowded about the colonel writing his hands. Col. Roosevelt left the hall immediately. The convention then sang a song entitled "Roosevelt, to the music of 'Maryland, My Maryland.'"

W. Frank Knox of Michigan took the platform and as chairman presented the report of credentials committee.

Barred All Negroes

The report barred every negro delegate who had contested a seat in the convention. In addition, it threw out a white delegate from Florida, and four contestants from the first and second Ohio districts, who were charged by their opponents with representing the Cox-Taft Republican machine in the City of Cincinnati.

The report embraced in its discussion of the Mississippi contests a declaration that the use of the word "white" in the call issued for a white state convention by B. F. Fridge in that state, was "disowned" by the convention.

The report was adopted without discussion and without a dissenting vote. Following the adoption of a minor amendment to the rules of the convention, the session at 8:30 adjourned until 11 o'clock to-morrow.

"YOUR HOLIDAY OPPORTUNITY"

Excursion to New York City August 15th.

Via Niagara Navigation Co., \$12.50

Via Canadian Pacific or Grand Trunk, \$14.25

Any Man May Easily Regain LOST VITALITY. The only legitimate way to restore lost strength is to send a genuine supply of nerve-force or vitality into the weakened system. Therefore, if I can show any debilitated man how he may easily supply his system with this precious power, I can then put him in the way of restoring his youth and of keeping him feeling young and capable to a ripe old age.

UNION STOCK YARDS. Receipts of live stock at the Union Yards were 12 cars, 100 cattle, 254 hogs, 200 sheep and lambs, and 25 calves. Trade was quiet, and steady prices, except for common cuts, which were again around \$1.00 per cwt. The Swift Canadian Company bought 30 cattle as follows: Medium steers, 150 lbs., at \$7.00; 20 sheep, at \$5.00; 150 lbs., at \$7.00; 20 sheep, at \$5.00; 150 lbs., at \$7.00; 20 sheep, at \$5.00.

Suckling & Co. We are instructed by N. L. MARTIN Assignee, to sell by auction at our Salesrooms, 65 Wellington St. West, Toronto, on WEDNESDAY, AUG. 14TH, at 2 o'clock p.m. the stock belonging to the estate of J. R. MACINTOSH, JR., consisting of: Dry Goods, 625.00; Clothing, 100.00; Hats and Caps, 100.00; Boots and Shoes, 100.00; Groceries, etc., 100.00; Crockery and Hardware, 100.00; Stationery and Stationery, 100.00; Furniture, 100.00.

PROPERTY FOR SALE. Philip & Beaton's List. \$20 PER ACRE—half cash, balance easy for 20 acres of sandy loam, about two acres of orchard, lots of barns, a comfortable frame house, six acres of hardwood high spruce, well, less than two miles from a village, about thirty miles from Toronto. This is excellent land for fruit or vegetables, and it is also a capital stock farm.

HELP WANTED. CARPENTERS WANTED.—We have several good inside carpenters work will last for months, and probably all winter. Good wages paid to first-class mechanics. The Tison Company, Limited, Toronto, Ont. EXPERIENCED Travelling Salesman with hardware connection for a visit to Ontario, Liberal salary, give particulars. Applications treated confidentially. Box 2, World.

Mining Exchanges Lack Initiative—Bear Raid on Wettlaufer

WHEAT MARKET FAILS TO HOLD ITS ADVANCE

Early Rally in Prices at Chicago Lost in Later Dealings—Crop News Favored Bears—Corn and Oats Lower.

CHICAGO, Aug. 6.—Suggestions that the wheat crop of the United States this fall might amount to the huge aggregate of 800,000,000 bushels joined prices to-day to the lowest level of the season. The close, though steady, was 1/2 to 3/4 under last night. Corn finished 1/2 to 3/4 cheaper. Oats were 1/2 to 3/4 lower. Provisions varied from a decline to an advance of 1/4 to 3/8. Estimates put the spring wheat yield at 850,000,000 bushels to 900,000,000 bushels, and the winter total at 4,000,000,000 bushels. In this connection it was asserted that within a month from now receipts at Minneapolis would be a thousand cars a day and next April, at that rate, the next harvest would be up to the limit of railway equipment. Such a view, which is not early gains based on the unfavorable European crop outlook, would be a material decrease in the world's available supply.

Corn Showed Heaviness.

Despite covering by shorts, corn ruled heavy. Further rains in Kansas City and Oklahoma were said to have practically made certain the maturing of the crop in both states. New low records for the year were made in oats. Wheat weakness and selling by hedgers were chiefly responsible. Much of the provision trade was in the changing of September holdings in January, packers taking the nearby months.

Northwest Receipts.

Receipts of wheat at northwest points, with usual comparisons, follow:

City	To-day	Week Ago	Year Ago
Chicago	1,000,000	1,200,000	1,500,000
Duluth	800,000	900,000	1,100,000
Winnipeg	500,000	600,000	700,000
Minneapolis	1,200,000	1,300,000	1,400,000

European Markets.

The Liverpool market closed to-day unchanged to bid higher than Friday last. Wheat and oats were higher on corn. Berlin closed unchanged. Antwerp on wheat, Huda-Pest lower. Antwerp unchanged. Paris 1/2 to 3/4 higher.

Canadian Visible.

The Canadian visible supply of wheat this week is 8,800,000 bushels, a decrease for the week of 200,000 bushels. Oats total 4,800,000 bushels, a decrease of 100,000 bushels.

Western Stocks.

Stocks of wheat at Canadian terminal points, Fort William and Port Arthur, with usual comparisons, follow:

City	To-day	Last Wk.	Year Ago
Fort Arthur	1,200,000	1,300,000	1,400,000
Fort William	1,500,000	1,600,000	1,700,000

Primaries.

Receipts: 1,000,000; 1,200,000; 1,400,000. Shipments: 1,200,000; 1,400,000; 1,600,000.

European Visible.

European visible supply of wheat, 3,200,000 bushels, a decrease of 100,000 bushels. Oats, 1,800,000 bushels, a decrease of 50,000 bushels.

LIVERPOOL GRAIN EXCHANGE.

LIVERPOOL, Aug. 6.—The weakness in American markets during the holiday period was offset here by the light world's shipments and the expected heavy increase in the visible supply here and the market at the opening was steady, bid higher than Friday. Following the opening there was an advance with shorts covering on the unfavorable weather and crop advance from the United Kingdom. Firmness of American offers and less favor from Russia are prophesied. Reports from firm buyers and arrivals smaller with 20,000 bushels and during the past three days and this export, which is a decrease, is similar to demand for good wheat continues.

Winnipeg Grain Exchange.

Winnipeg, Aug. 6.—The local grain markets continue quiet and almost featureless. The opening of the Liverpool market after the holiday failed to stimulate business over the cable in wheat, as bids from that direction are still one to two cents a bushel out of line. Some small business was done with the continent. The flour trade is in a waiting position pending the harvesting of the new crop. Export trade in oats is slow.

ST. LAWRENCE MARKET.

Receipts of farm produce were 100 tons of hay, 1 load of straw and a few dressed hogs. Fifty loads sold at \$12 to \$13 per ton. Straw—One load of the straw was reported as sold at \$3 per ton. Hogs—Dressed hogs, sold at \$12 per cwt. Potatoes—New Potatoes, per bushel, \$1.20 to \$1.25.

Market Notes.

Joshua Ingham bought 500 bushels at \$3 per cwt.; 200 bushels at \$2.75 per cwt., alive.

Grain—Wheat, fall, bushel, \$1.10 to \$1.15. Wheat, winter, bushel, \$1.05 to \$1.10. Oats, bushel, \$0.80 to \$0.85. Barley, bushel, \$0.80 to \$0.85. Potatoes, bushel, \$1.00 to \$1.10.

Hay and Straw.

Hay, new, per ton, \$12.00 to \$13.00. Hay, timothy, per ton, \$11.00 to \$12.00. Straw, loose, per ton, \$6.00 to \$7.00. Straw, baled, per ton, \$7.00 to \$8.00.

Vegetables.

Potatoes, per bushel, \$1.00 to \$1.25. Cabbages, per bushel, \$1.00 to \$1.25. Carrots, per bushel, \$1.00 to \$1.25. Onions, per bushel, \$1.00 to \$1.25.

Dairy Products.

Butter, farmers' dairy, \$1.00 to \$1.20. Butter, creamery, \$1.00 to \$1.20. Eggs, per dozen, \$1.00 to \$1.20. Milk, per gallon, \$0.50 to \$0.60.

Poultry, Retail.

Turkeys, dressed, \$1.00 to \$1.20. Spring chickens, \$0.80 to \$1.00. Hens, \$0.60 to \$0.80. Chickens, \$0.50 to \$0.70.

Spring Meats.

Beef, hindquarters, \$1.00 to \$1.20. Beef, forequarters, \$0.80 to \$1.00. Pork, ham, \$1.00 to \$1.20. Bacon, \$0.80 to \$1.00.

FARM PRODUCE WHOLESALE.

Hay, No. 1, car lots, \$12.00 to \$13.00. Straw, car lots, \$10.00 to \$11.00. Butter, creamery, per cwt., \$2.00 to \$2.20. Butter, farmers', per cwt., \$1.80 to \$2.00. Eggs, per dozen, \$1.00 to \$1.20. Milk, per gallon, \$0.50 to \$0.60.

Hides and Skins.

Prices revised, based on J. Carter & Co.'s quotations. Sheepskins, per lb., \$0.10 to \$0.15. Calfskins, per lb., \$0.10 to \$0.15. Horsehides, No. 1, per lb., \$0.10 to \$0.15.

Toronto Sugar Market.

Sugars quoted at Toronto, in bags, per cwt., as follows: Extra granulated, St. Lawrence, \$5.10. No. 1, \$4.90. No. 2, \$4.70. No. 3, \$4.50. No. 4, \$4.30. No. 5, \$4.10.

Chicago Markets.

J. P. Bickell & Co., Standard Bank Building, report the following prices of the Chicago Board of Trade:

Commodity	Open	High	Low	Close
Wheat	95 1/2	96 1/4	95 3/4	95 3/4
Barley	24 1/2	25 1/4	24 3/4	24 3/4
Oats	18 1/2	19 1/4	18 3/4	18 3/4

Duluth Grain Market.

DULUTH, Aug. 6.—Wheat closed—No. 1 hard, \$1.04 1/2; No. 1 northern, \$1.03 1/2; No. 2 northern, \$1.02 1/2; No. 3 northern, \$1.01 1/2.

Minneapolis Grain Market.

MINNEAPOLIS, Aug. 6.—Wheat closed—No. 1 hard, \$1.04; No. 1 northern, \$1.03; No. 2 northern, \$1.02; No. 3 northern, \$1.01.

Winnipeg Grain Market.

WINNIPEG, Aug. 6.—During the earlier hours of the wheat market trading was fairly active with prices stronger on the higher Liverpool cables, but later business was dull and prices declined in sympathy with the weaker Chicago market.

MONTREAL PRODUCE.

MONTREAL, Aug. 6.—The local grain markets continue quiet and almost featureless. The opening of the Liverpool market after the holiday failed to stimulate business over the cable in wheat, as bids from that direction are still one to two cents a bushel out of line.

CHEESE MARKETS.

STERLING, Aug. 6.—At to-day's cheese board 200 boxes were boarded, all selling at 12c.

CAMPBELLFORD, AUG. 6.

There were 600 cases boarded; all sold at 12 1/2 to 13c.

EXPORTS OF BUTTER AWAY BELOW YEAR AGO.

MONTREAL, Aug. 6.—The butter situation is somewhat mixed. Several packers are shipping butter to the continent, but the first export of the season is not expected until the latter part of the month.

Liverpool Markets.

LIVERPOOL, Aug. 6.—Wheat—No. 1 hard, \$1.04; No. 1 northern, \$1.03; No. 2 northern, \$1.02; No. 3 northern, \$1.01.

ST. LAWRENCE MARKET.

Receipts of farm produce were 100 tons of hay, 1 load of straw and a few dressed hogs. Fifty loads sold at \$12 to \$13 per ton.

Market Notes.

Joshua Ingham bought 500 bushels at \$3 per cwt.; 200 bushels at \$2.75 per cwt., alive.

Grain.

Wheat, fall, bushel, \$1.10 to \$1.15. Wheat, winter, bushel, \$1.05 to \$1.10. Oats, bushel, \$0.80 to \$0.85. Barley, bushel, \$0.80 to \$0.85. Potatoes, bushel, \$1.00 to \$1.10.

Hay and Straw.

Hay, new, per ton, \$12.00 to \$13.00. Hay, timothy, per ton, \$11.00 to \$12.00. Straw, loose, per ton, \$6.00 to \$7.00. Straw, baled, per ton, \$7.00 to \$8.00.

Vegetables.

Potatoes, per bushel, \$1.00 to \$1.25. Cabbages, per bushel, \$1.00 to \$1.25. Carrots, per bushel, \$1.00 to \$1.25. Onions, per bushel, \$1.00 to \$1.25.

Dairy Products.

Butter, farmers' dairy, \$1.00 to \$1.20. Butter, creamery, \$1.00 to \$1.20. Eggs, per dozen, \$1.00 to \$1.20. Milk, per gallon, \$0.50 to \$0.60.

Poultry, Retail.

Turkeys, dressed, \$1.00 to \$1.20. Spring chickens, \$0.80 to \$1.00. Hens, \$0.60 to \$0.80. Chickens, \$0.50 to \$0.70.

Spring Meats.

Beef, hindquarters, \$1.00 to \$1.20. Beef, forequarters, \$0.80 to \$1.00. Pork, ham, \$1.00 to \$1.20. Bacon, \$0.80 to \$1.00.

Leith Serge

A serge suit permits of more variation than a suit of any other summer material. Correct for semi-dress and negligé. Coat good form to wear with duck or flannel trousers.

Leith Serge Suits are as dependable in colors as they are in durability of fabric.

PRICES \$22.50 to \$45.00

Brodericks LIMITED

TORONTO CANADA

ONTARIO WHEAT CROP WILL BE READY SOON

In Lake Erie Belt Threshing is Already Under Way—Prices Steady.

Grain dealers are watching weather conditions in Ontario very closely at the present time, for with favorable weather during the next few days, threshing will be under way throughout the province.

The cool weather is fetching the corn crop along in handsome shape and there is every reason to believe that the supply will be large this year. There is nothing to suggest that the grain is too high or in short now that will prejudice a handsome yield at the October harvest.

Barley continues mostly as a hand factor on the market with no real quotation set, as there is no supply. For feed the market is steady, but a hand factor on the market with no real quotation set, as there is no supply.

Scottish Ontario to Be Pumped Out For English Engineers to Examine—Big Deal On?

The Scottish-Ontario property in the Porcupine camp is being prepared for further examinations by English capitalists, and John W. Willocks, secretary of the syndicate, who has been spending his holidays with his family at Galt, was hurriedly called to Porcupine by a cable from London to have the underground pumped out by Aug. 10.

Not since Engineer-in-charge Peter McLain left for London on July 4, has the underground been kept free from water, and the 300 feet of crosscuts and drifts in addition to the shaft, are flooded.

Nothing is given out as to the intention of the capitalists, but it is believed the engineers are now commencing relative to future work on the property.

Former reports made by at least three very prominent London engineers were favorable. And in making a third inspection now capitalists are merely following out their well-established rule of many counter-examinations of mine property before entering into a permanent deal.

LUCKY CROSS COMES TO FRONT

Developments at the Lucky Cross mine in the Sudbury district continue to show the property up in a favorable light. The new vein cut three weeks ago, is the best yet cut on the property.

The width shows to be five feet in the upper part, and the vein is of a good quality. Banded schists and quartz show thin out, but the free values are confined to the quartz.

Showing up other veins, which are traced from the surface, and milling out is being taken out regularly.

Plans for the building of a 40-ton mill are completed and construction is about to start.

EUROPEAN CROPS IN POOR CONDITION

Unfavorable Weather in Britain, France and Germany Delays Harvesting.

Broomhall's weekly summary of foreign crop conditions is as follows: In the United Kingdom, there are reports of lodging as a result of continued wet weather, but these complaints are not widespread. The harvest continues unfavorably, being unsettled.

France—Harvesting and threshing of the winter wheat is well advanced, but the quality of the crop is not so good as last year. The supply of wheat is expected to be smaller than last year.

Italy—Native wheat is scarce and very dear, with a good demand for foreign wheat. The outlook for the crop is fair to good.

Spain—Exports from this country will be on a very small scale as a result of a small crop.

Chicago Gossip

J. P. Bickell & Co. from Logan & Bryan at the close: Wheat—At one time to-day September wheat was selling at 95c for December price. The closing up of the Liverpool market after the end of July, at which time the market was strong, was the cause of the bear side of the September, even if the crop justified sales for the later months. The trade was treated to the exaggerated figures given out by the Commercial West, a visionary possibility of 400,000,000 bushels, winter and spring wheat. No one took any such figures seriously, but they helped the professional party force a new temporary break in prices. Bradstreet's gave a reduction of 4c on the wheat, and the market was here worked 100,000 bushels for prompt shipment. It is claimed that much larger quantity could be worked if the wheat could be secured.

Erickson Perkins & Co. (J. G. Bealy), wired the following: Wheat—A very excellent cash demand existed again to-day, such demand really exceeding the available supply. The over-September was bid for No. 2 hard wheat, being thoroughly professional, however, the crop secured and to be secured. The market was here worked 100,000 bushels for prompt shipment. It is claimed that much larger quantity could be worked if the wheat could be secured.

The Dominion Government has granted the request of the Porcupine Miners' Association to settle the dispute between the miners and the mine owners. It is claimed that some of the miners pay the regular scale, while others, in an embryo development stage, pay under the set scale. The mine managers will be asked to appoint one of the arbitrators.

Declines in Wettlaufer and Hollinger Only Features of a Dull Day—Price Trend Shade Easier—Vipond Improves Position.

World Office, Tuesday Evening, Aug. 6. The mining exchanges evidently developed no new vitality during their long holiday over the week-end, for the market to-day was about as uninteresting as it could possibly be. In fact, outside of a big drop in Wettlaufer in the Cobalt section, transactions were featureless. Trading, meanwhile, continued on the same narrow plane as that which has marked dealings ever since the commencement of summer.

The decline in Wettlaufer, which sold at 100 points to 4 1/2 here, was on the whole, a little less than the one registered in New York, where the stock is largely held. On the curb the share has been reabsorbed at and down 1/2, rather startling manner of late, and subsequently the movement to-day did not attract the attention which it might have under other conditions. The fact of the matter seems to be that the holders are little concerned with the action of the stock in the markets, and consequently the security has proved readily vulnerable to the periodical attacks of the bear interest. The shares are on a downward trend, and a sale of a few shares is being made, but the market is not showing any signs of improvement.

Small Volume of Trading. In the Porcupine section trading was of remarkably small volume, and out of the market was featureless. Hollinger sold at the opening at \$13 for a broken lot, but at the close was on offer at 100 points. At that level the stock was 15 points lower than the last previous sale.

In the general list price swings were restricted in extent as to be practically negligible. The market was back to 15 and 1/2, but closed higher at 17 1/2 and 1/2, and the upward movement was again, reaching 21 1/2, a gain of 4 1/2 points. The market was unchanged for the day.

In the Cobalts the only interesting spots, outside of Wettlaufer, were in the lower priced section. Beaver and Cobalt Lake each dropped a small fraction, but Timiskaming and City of Cobalt were firm, maintaining their record. La Roca sold as high as \$2.30, but closed below that figure.

REINHARDT'S AFFAIRS ARE IN A MUDDLE

Following the appointment of a citizens' creditors' committee to protect the interests of the creditors in the failure of J. Thos. Reinhardt, broker, of Toronto, a circular calling for co-operation of all the creditors with the committee to sell the assets which Reinhardt is being interfered with by Reardon's attorneys, and therefore bankruptcy proceedings have been delayed much longer than is usual, giving Reinhardt an opportunity, according to the circular, to destroy evidence, go away with valuable records, and conceal property from his creditors.

The circular recites several interesting facts, such as the sale of Reinhardt's "Pullman" auto by auction at the City of Cobalt, and the fact that receipts coming to the creditors, the destruction of parts of the records. The Toronto office has been closed since the first of the records in the hands of the receiver.

The committee asks that creditors act with the committee to ascertain, if possible, just where Reinhardt has property, so that it may be scheduled for the receiver in bankruptcy, and thus something returned to the creditors. Reinhardt is in Europe and it is said that two days before the crash a large sum of money was sent to him at his direction.

Porcupine Mills

The following compilation on the work now being done by the four Porcupine mills is sent out this week: Dome, daily tonnage, 325, average grade, 39 to the ton, and daily production, \$28,900. An extraction of 38 per cent is obtained at the Dome. The first or primary plates yielding 75 per cent. Hollinger, daily tonnage, 560 at present, average grade, 32, and daily production, \$42,500. No reports are made yet as to the percentage of the savings. Vipond, daily tonnage, 80, average grade, 31, and daily production, \$20,000. An extraction of 75 per cent is made. McIntyre, daily tonnage, 67, average grade, 30, and daily production, \$19,000. A 75 per cent extraction. This gives an aggregate daily total of 775, average grade of \$13.50, and a daily output of \$4868 for the camp to date.

APPOINT ARBITRATION BOARD.

The Dominion Government has granted the request of the Porcupine Miners' Association to settle the dispute between the miners and the mine owners. It is claimed that some of the miners pay the regular scale, while others, in an embryo development stage, pay under the set scale. The mine managers will be asked to appoint one of the arbitrators.

New Suits, New Skirts, New Coats Second Day of our August Black Silk Sale

That fashion has conceived many charming ideas for fall is evidenced by the new suits for women and misses.

New York's latest styles in these suits just received from the best makers on Fifth Avenue. Semi-fitting styles both back and front; some have the new Robespierre collars, inlaid with velvet and satin touches; others trimmed with braids and buttons; new shapely skirts with gored, semi side pleats and straight effects. Materials are English serges, basket weaves. Colors are grey, blues, stone grey, black and mixtures. Prices \$35, \$37.50, \$45 to \$52.

NEW SKIRTS FOR WOMEN AND MISSES.

Striking models in several of the new styles for fall. One particularly good style is a plain gored model with tunic, finished with a deep stitched tuck and ornamented with self buttons. Materials are panamas, chevots and tweeds. Price 5.00

HANDSOME MODELS IN NEW FALL COATS.

A large collection of new Fall Coats; some made in our own factory; others from New York and London. Make a point of seeing this model. It has attracted special attention. It is made of imported tweed and cut in a clever single-breasted style. The colors are bronze and grey. It has the long rolling revers and rounded collar of contrasting shade. Turn-over cuffs to match collar. Prices from \$12.50 to \$31.50.

\$15.00 to \$22.00 Women's Dresses \$7.95

Your opportunity to purchase a dress at a great saving. Materials are French lingerie, Irish crash, linens and fancy nets. The embroideries and trimmings are the very best. There are many high-class garments included. Some are slightly soiled. Colors are sky, champagne, white and ecru. Worth \$15.00 to \$22.00. To clear at 7.95

We Want You to Know

and appreciate the advantages of a really good Fruit Jar, such as our "Queen." The glass top is clamped down on a rubber ring, working on the lever principle, making the sealing as easy as turning off a water faucet. No metal to screw. Absolutely airtight the minute it is closed, and remains airtight until opened, he kept six days or six years. The cost is a little more than the ordinary sealers, but it's worth while to know that your preserves are all "just right." Try a dozen, and we know that like Oliver Twist you will "ask for more."

50 for pints, \$1.00 for quarts. \$1.10 for half-gallons. Phone direct to China Dept.
