GIANT DIRIGIBLE COMPLETES HER TRANSATLANTIC FLIGHT

DIRIGIBLE REACHED MINEOLA WITH PETROL ALMOST SPENT

Completes Her Transatlantic Flight After Voyage Which Lasted 108 Hours and 12 Minutes and Covered a Distance of 3600 Miles
—Record of Flight as Told by Log of the Airship.

Mineola, N.Y., July 6.—Great Britain's super-dirigible, R-34, the first lighter-than-air machine to cross the Atlantic Ocean, anchored here at Roosevelt Flying Field at 9:44 a.m. today (1:54 p.m. Greenwich mean time), after an aerial voyage of 108 hours and 12 minutes, which covered approximately 3600 miles.

When the super zeppelin arrived here she had left only enough petrol to keep her moving ninety minutes longer. Her crew, almost sleepless for four and a half days, were weary almost to the point of exhaustion, but happy at the successful completion of their epoch-making trip. The return voyage probably will be started at 8 a.m. Tuesday.

Following are the officers constituting the crew: Major G. H. Scott, A.F.C., captain; Captain G. S. Greenland, first officer; Second Lieut. H. F. Luck, second officer; Second Lieut. J. D. Shotton, engineer officer; Brig.-Gen. E. Maitland, C. M. G., D. S. O., representing air ministry; Major J. E. M. Pritchard, air ministry; Lieut.-Commander Z. Lansdowne, U.S. Naval Airship Service; Major G. G. H. Cooke, D.S.C., navigating officer; Lieut. Guy Harris, meteorological officer; Second Lieut. R. D. Durman, wireless officer; W. O. W. R. Mays, coxswain.

Crew Was Haggard
Haggard, however, their eyes bloodshot, from the long vigil and lines of care bitten deep into their faces, Major G. H. Scott, the commander, and his officers, showed plainly the effects of the anxious hours thru which they lived yesterday while they were cruising over the far reaches of Canada and the Bay of Fundy, beset by heavy winds and terrific electrical storms.

It seemed as tho the atmosphere was haunted by 6,000 devils," said Lieut. Guy Harris, the meteorological officer.

With the R-34, long overdue at its destination, with its petrol supply running low and buffeted by strong howling winds, Major Scott decided yesterday while over the Bay of Fundy to send a wireless call to the American navy department to be prepared to give assistance if it were needed. This was merely a measure of precaution and did not indicate discouragement. While destroyers and submarine chasers were racing to his assistance, the R-34 was plugging steadily ahead on the way to Mineola.

Once clear of the Bay of Fundy the atmospheric hood which had beset the craft from the time it took the air, was gradually left in its wake.

The R-34 headed southwest out across the Atlantic along the coast of Maine, her nose pointed for Cape Cod with the United States destroyer Bancroft hanging on her tail and in constant wireless communication with her. The navy craft stuck close in the wake of the air monster, running under forced draft, until Cape Cod was reached and then the dirigible cut across lots.

Wind Veered in Her Favor.
It had been decided on the voyage along the coast, that unless a favoring wind came up the R-34 would be forced to land at Montauk Point and early this morning a wireless message was sent out making that announcement. With the caps the wind veered, however, fortune finally veered in her favor. Headed straight for Montauk Point she ran true and before the end of Long Island was reached it was decided to go on to Mineola. With the goal almost in sight, the R-34 flew majestically over the water and headed straight down the centre of it for Roosevelt field, 100 miles away.

As she cruised over, the dirigible came within range of the wireless telephone installed at Roosevelt Field by the navy radio service and more at home in such a gathering as this is than in any other I could be in.

Appreciates Opportunity
Then again I appreciate the opportunity that is mine today. I consider it was a very gracious thing for the officers of your club to ask me to come and meet you. Most of you are much in your thoughts. It is the time of all times when we ought to come together and exchange views and do so as often as we can. If ever there was a time for unity amongst us the present moment is that time.

We have been thru a long and hard struggle. This country made very great sacrifices in the past five years, and I quite agree with the statement that has been made by the officers of the war. Our young men have gone abroad. They have fought in the hardest positions, under all kinds of conditions imaginable. They have endured everything. Many thousands have laid down their lives. Many more thousands have come back maimed, under every condition of disability. They have done all that, and we might continue to enjoy the things that we have had in Canada. Let us call those things as our political liberties. They are the things that generations before us gained and that we are only now beginning to realize.

Redeemed By Blood
It is very important that we should realize what these things mean; that the war was fought for their defence. We must realize at the same time that as in this war, so in the past, everything worth defending has been redeemed by blood. The war has repaid for us in the blood of our own sons what our fathers in other generations experienced. Our own sons, our own brothers, have shed their blood in this war that we might continue to have the heritage of liberty. We have had these, our rights, saved to us and I hope we realize it. But if we live in Canada realize it we must surely determine to make the best of the opportunity of our citizenship at this time of peace.

Drop Class Consciousness
There is much talk of class consciousness in this country. It is our duty to drop all class consciousness and unite in the fullest possible way to make Canada what it can be made, the very finest country in all the world. It is practically that today; but we may make it very much better if we are willing to work together, each in his own particular place, to do the things that come to our hands to do.

There are different classes in our country. There is first the farmers' class, and I quite agree with the statement that has been made by the officers

PARLIAMENT ENDED BUSINESS SATURDAY; PROROGATION TODAY

Bill to Provide Franchise for By-Elections Passes After Hot Debate.

ADD NAMES OF WOMEN

Amendment Permits Foreign Women to Vote—Pass Supply Bill of \$162,000,000.

Special to The Toronto World.
Ottawa, July 6.—The house of commons passed under the wire with all its business completed two minutes before midnight Saturday, but the senate had already adjourned with some unfinished business on the calendar, and prorogation was deferred until Monday. There was the usual breakfast speed in appropriation of millions of money without discussion, and as quickly as the clock could read the estimates. The main vote for maintenance and construction work on the national railway system was passed without debate, as also the bill for the civil service. The bulk of the day was taken up with the bill providing a franchise for the Dominion by-election. Although the bill was drafted by an unofficial joint committee on which both sides of the house were represented, the Liberals made vigorous speeches in opposition to the second reading of the bill. After it got into committee stage, however, Hon. F. B. Carvell and Hon. J. A. Calder took charge of the measure and worked harmoniously with their former party associates to facilitate its passage.

Three Savings Attacks.

The sensation of the day came on the second reading of the bill, when the bill was savagely attacked for widely different reasons by three supporters of the government. J. A. Maharg and Fred Johnston, grain growers' Unionists from Saskatchewan, denounced the disfranchisement clause of the bill which discriminated against women of European birth naturalized by marriage with British subjects. They said the bill was even more vicious than the wartime election act, and the bill was even more vicious than the wartime election act, and the bill was even more vicious than the wartime election act.

End War-time Act.

Sir Robert Borden, in moving the interesting statement that the war-time election act will cease to be operative after August 1. For the purpose of the bill, the franchise bill passed by parliament on Saturday makes provision for the adding of the names of women to the lists and for the making of new lists in Ontario and Manitoba, where the existing lists are

SONS WOULD SUFFER FOR SINS OF FATHER

Berlin, July 6.—Prince Eitel Friedrich, Prussia's second son of the former German emperor, has sent the following telegram to King George: "To His Majesty the King of Great Britain and Ireland: In fulfilment of the natural duty of son and officer, I with my four younger brothers, place myself at your majesty's disposal in the event of his extradition, in order by our sacrifice to spare him such degradation. In the name of Princes Adalbert, August William, Oscar and Joachim." (Signed) "Friedrich."

TORNADO AT NORWICH DOES MUCH DAMAGE

Trees Blown Down, Plate Glass Shattered and Main Street Blocked by Debris.

Special to The Toronto World.
Woodstock, July 6.—A tornado of small proportions passed over the southern part of the county on Saturday afternoon, missing Woodstock en route, but doing much damage to points south, especially in Norwich and vicinity.

It broke about half-past 2 o'clock, Norwich village suffering heavily. Trees were blown down, plate glass windows shattered, signs torn from their fastenings and the main street blocked by debris for an hour. The rain came down in torrents and the wind was of high velocity. Silos were leveled, and a number of cattle were killed by lightning. The fall crops were laid flat by the rain, but will come around all right.

AUSTRIAN TREATY IS NOW READY

In Hands of Printer and Will Be Presented to the Delegation Next Tuesday.

Paris, July 6.—The proposed Austrian peace treaty will be ready for presentation to the Austrian delegation on Tuesday. The full text of the document is now in the hands of the printer.

The presentation of the terms to the Austrians probably will not be accompanied by impressive ceremonies such as were held for the signing of the German treaty and at the first meeting with the Austrians.

Ten days or two weeks are expected to be given the Austrian delegation to study the new articles on financial, economic and reparations questions, and also certain boundary terms which were not covered in the first draft given them.

The peace commissioners remaining to carry on the work of the conference took the day off today.

The council of five reached the conclusion of a meeting Saturday that it was impossible to make peace with Bela Kun's government in Hungary, according to the Havas agency. Maintenance of the blockade, it is still necessary, although its effects have not been felt by the Hungarian revolutionary government as it is appropriating food-stuffs for itself and its friends.

INJURY TO BIPLANE FORCES A LANDING; CANNOT PROCEED

Big Handley-Page Bomber Suffers Damage in Forced Descent.

CARRIAGE WRECKED

Machine, in Landing, Caught in Wire—No Person Injured.

Halifax, N.S., July 6.—The Handley-Page bomber, under command of Vice-Admiral Mark Kerr, which left Harbor Grace, Nfld., on Friday, on a flight to Long Island, was forced to descend at 5:30 o'clock yesterday morning, owing to engine trouble. The giant airplane came down in the streets of Parrishboro, a village 140 miles northwest of Halifax, in an air line, and was damaged beyond immediate repairs. No member of the crew was injured. Vice-Admiral Kerr stated over the telephone that everything went well until an oil tube burst shortly after three o'clock this morning, necessitating a descent. The airplane was flown on three engines at a low altitude in an attempt to select a suitable point for landing. What appeared to be a large open field was finally decided upon, but in coming down wire was encountered and the under carriage of the machine was badly wrecked. Admiral Kerr stated that he had no immediate plans for the reason that it would be impossible to repair the machine at Parrishboro. He said the navigating instruments worked well at all times.

The Handley-Page plane flew back and forth above the Halifax harbor, making a landing here this morning. The plane is now standing on end with the pilot house smashed, one wheel run over and the wireless operator of the plane says he was in communication with the R-34 when the Handley-Page was flying across Nova Scotia last night.

BILL TO RATIFY PEACE TREATY

Basle, Switz., July 6.—A Despatch from Weimar, received today, says that a bill has been introduced in the national assembly providing for ratification of the peace treaty.

WILL RATIFY TODAY.
London, July 6.—The German cabinet discussed yesterday morning the question of ratification of the peace treaty and future diplomatic services, according to an Exchange Telegraph despatch received by way of Copenhagen. The German national assembly, this despatch says, "will ratify the peace treaty" on Monday, and Dr. Muller will outline the government's future foreign policy.

SPEED PRODUCTION TO CUT LIVING COST

Final Report of Commons Committee States Bigger Volume in Output Needed.

Ottawa, July 6.—In the commons on Saturday night, Mr. James Douglas of Strathcona, on behalf of Mr. George G. Nicholson, chairman, presented the final report of the special committee of the commons appointed to inquire into the cost of foodstuffs, clothing, fuel, etc., through Canada. The report states that the investigations of the committee have not covered so wide a range as would have been possible had there been more time for the inquiry. One of the matters not touched upon was the question of rentals of dwellings in industrial centres, and the rates of return of capital invested therein.

The committee find that a material reduction in the cost of commodities in regard to which inquiry was made, can be expected, except by increasing the volume at lower cost of production, or by lowering the cost of distribution. The committee does not presume to say that there are no causes of undue inflation in prices or of profiteering, but in the main it is their opinion, that having in mind the service which the consuming public demand, the remedy lies in the actual cost of production and what the consumer pays for commodities is reasonably narrow.

Dealing with the products of the farm, the report states that the production cost of such products as beef, cattle, hogs, lambs, dairy products, etc., is from 100 to 115 per cent. greater than it was five years ago. The committee considered the possibility of affecting some relief either by fixing a price or by placing an embargo on the export of foodstuffs. After careful consideration the committee are of opinion that the latter course is the more desirable.

VICTORY PARADE HELD IN LONDON

Twenty-Five Thousand Men From Metropolitan Regiments Participated.

London, July 6.—London had her own victory celebration yesterday, quite distinct from the national celebration to be held on July 19—when the London regiments which participated in the war, after a review by the king at Buckingham Palace, marched thru the streets to Tower Hill.

It was the most spectacular military event in London since the armistice. Twenty thousand men from various and varied regiments participated, and London, a great lover of spectacles, gave her own sons a welcome which would be hard to surpass.

A Way Out.
Stoort: D'ye ken, Joseph, how Adam Beck gets into this discussion about 'talkin' over the Toronto Railway? Joseph: It may be that our citizenry have faith in his devotion to public rights and public ownership of the public service franchises.

Stoort: But tel me what'll happen till th' purp companies, till th' widows an' th' orphan bairns who has pit there all int' the proposition?

Joe: The Mail says he is Lord Paramount. But would it not be good play for the widows to marry returned soldiers?

FAIL IN AGREEMENT OVER PROHIBITION

Bone Dry Order to Pass With Peace Proclamation About September 1.

Ottawa, July 6.—The senate and house of commons are unable to agree on the prohibition bill. The members of the two houses met both Saturday morning and afternoon, Saturday morning and afternoon, but all efforts to arrive at a compromise proved unavailing. It is said that the senate was willing to have the orders-in-council remain effective until November 11, the anniversary of the armistice, but Hon. N. W. Rowell, on behalf of the house, insisted upon their continuing in force till March 1, 1920.

All three proposals were rejected and on motion of Sir Thomas White a message was sent by the house to the senate informing their honours that the senate insisted upon its prohibition. There is, however, no expectation that the senate will do anything more with the message than put it on file.

The Farmer and the Manufacturer

On another page today The World gives a full report of Mr. Thomas Findley's talk to the farmers of Canada at Goderich on Friday last. Mr. Findley's remarks on the farmer and manufacturer matter is unostentatious. He makes no effort to express his views in pleasing phrases. His words come naturally and they are always the simple words of ordinary conversation.

BRITISH LABOR WANTS TO KNOW

Delegate Invited to Manchester Convention to Explain Deportation Act.

Much exercised by reports emanating from this country concerning the position of labor, the convention about to sit at Manchester, England, has asked the Amalgamated Society of Engineers in Toronto, a branch of the British society of the same name, to send a delegate as soon as possible in order that he may give labor in England some idea of the industrial situation in the Dominion, especially in reference to the recent legislative amendment to the immigration act, and its alleged use to strike at trade unionism.

J. R. Frain, secretary of the A. S. E., has been selected by his society in Canada to give their views on the present position. On what Mr. Frain says will depend to a great measure the immigration from Britain of skilled labor in the metal trades and also the action that British labor may take towards Canadian-made goods.

LIST OF MEMBERS TO BE PRINTED TUESDAY

All Who Have Entered Salesmanship Club Up to Noon Today Will Appear in First List of Members.

Will your name be on the list of "charter" members in the Salesmanship Club, which list will be published in tomorrow morning's World? If not, and if you are interested in joining this busy organization, you should send in your entry before noon today, as the first list will contain all names received up to that time. Of course, it will not be too late to join tomorrow, or, for that matter, next week, but those who are entering now are getting a good start are going to have a big advantage.

The offer of \$10,000 extra credits for every club or six new six months' subscriptions, combined with the two \$300 extra cash prize offers, is bringing in new entries every day from all parts of Ontario, but as yet there are not nearly as many members as are desired, and there are many parts of the field that are still unrepresented.

The big extra credit and extra cash prize offer is in effect until 11 p.m. July 30, and there will never be another time during the campaign when so many extra credits will be given. This offer affords a golden opportunity to those who will get up steam during the balance of the month and make a big showing.

One of the \$500 extra cash prizes is to be awarded to the member in the city of Toronto who makes the best showing during the special offer, and the other \$500 prize is to be given to the member outside the city who does the best during the same time.

It's Not Too Late.
One member who called at the office Saturday said she had just taken notice of the big offer made by The World, and that she wanted to enter if it was not too late. No, it is not too late. It is just the right time. Very few members who are already entered have as yet started an active campaign, as will be seen by the list when that such will be the case much longer. And, don't want to remain inactive another day, for the time for action is at hand. The big extra offer is going to do much to develop the standings of members, and by the time the offer closes it will be easy to see who the members who mean business are.

A \$5000 home, four autos and 85 other awards of what are at stake—\$16,000 worth of desirable prizes that are well worth anyone's spare-time effort for the next few weeks. A more liberal offer would be hard to realize. All that is necessary to do to enter the campaign is to send in your name and address to the manager of the Salesmanship Club, and then start to work securing subscriptions to The World. As soon as The World receives your application for entry, receipt books and full information will be sent.

CANADA'S CHINESE RESUME MEETINGS

Nationalist League Holds First Session Since Government Ban Removal.

Symbolic of the recent radical changes which have swept over China and which changed a ten generation autocracy to a modern democracy, was the open meeting at Victoria Hall yesterday of the Chinese nationalist league which is at present holding its second annual convention in this city. The hall was crowded by about 500 Chinese whose usual impassive faces lighted up and who vigorously applauded every mention of the magical word, "democracy."

It was only recently that the ban on an order in council had been raised from this league, and the convention which is now in progress is to commemorate the action of the government in raising the restrictions which have become the organization since last September. According to one of the speakers the name of the league became in some way entangled with Bolshevism and other unwholesome ideas, and it had been only after the hardest kind of work that it had finally been extricated and the binding ordinances removed.

The meeting opened with a salute to the flag by the Chinese troop of boy scouts who lined up in front of the dais where the flags were hoisted while the buglers blew the reveille.

WESTERN CROP OUTLOOK IS FAIRLY PROMISING

Lack of June Rains, However, Felt Badly in Some Localities.

Advice regarding the outlook for Canada's western crops have been of much more cheerful tenor in the past few days, heavy rainfalls in Alberta and Saskatchewan having put an end to the drought that had been giving rise to considerable uneasiness. In Manitoba crop conditions are excellent and the report from Winnipeg in Bradstreet's trade review this week emphasizes the highly gratifying character of the crop news where this province is concerned. On the other hand, Bradstreet's reports from Calgary, Edmonton, Saskatoon and other cities in Alberta and Saskatchewan contained statements that grasshoppers as well as the rainless heat were proving a menace to crops, but since those reports were completed there have been soaking rains which have put a new complexion on the situation.

The secretary of the Canadian Bank of Commerce said on Saturday that the latest news received was that in the Regina district there had been very heavy and beneficial rainfalls. In southern Alberta the outlook was not so good, but in Manitoba conditions were well above the average.

The Canadian National Railways did not receive its expected crop report on Saturday, but previous advices dealing with the territory covered by the road were on the whole promising. The reports of the situation from

PAY PHONE BILLS UNDER PROTEST

A warning has been issued by the city's legal department regarding increased phone rates. The new bills are out and they call for ten per cent. increase. Most telephone contracts are for one year, terminable on ten days' notice. The company has not served this notice in any case, it was said, and the claim is that it cannot increase the rates under the present contracts.

Citizens are advised to scrutinize their contracts carefully. If they decide to pay the bill, they should do so under protest, as the city will probably bring the matter of the increase before the Ontario Railway Board.

WILLS AND BEQUESTS.

Mrs. Rolena Jane Silk, 9 Pennings street, has applied for administration of the \$150 insurance, payable direct, which she made up the estate of her husband, William Silk, who disappeared May 16, 1908, and is now presumed to be dead. In 1907 Silk came from England to work in a sawmill at Lumberton's Mill, Quebec, and, finding the place very lonesome, decided that he would seek a new position. On the morning of May 16, 1908, he left his home, carrying a Gladstone bag, to walk to Bois de la Riviere station, where he was to take the train. He never reached the station, and has never been heard of since. Mrs. Silk, in her affidavit filed today, says that her husband's relations with her and son, William, were always most cordial.

Fifty dollars in household goods, \$527 in Victory bonds, and \$111 cash make up the estate of Mrs. Hannah Donny, who died at Newtonbrook, September 21 last, leaving no will. Henry Denby, husband of the deceased, will inherit one-third, the residue going to the three daughters and five sons of the deceased.

Malace Jukes, machinist, will inherit the equity of \$1,550 in 102-104 St. David street, owned by his mother, Mrs. Annie Jukes, who died intestate, December 9 last.

FRAUD IS CHARGED.

William Baldock, Jarvis street, was arrested Saturday afternoon by Detective Sergeants Nurse and Cronin, on a charge of fraud. Baldock is alleged to have obtained \$40 by fraud from the Ocean Accident and Guarantee Company, 6 West King street,

RARE PROFITEERS IN PRESCRIPTIONS

Dr. Milarr on the Trail of Local Dispensing Druggists.

Rev. Dr. Milarr, pastor of Bond Street Congregational Church, in the course of his address upon strikes and profiteers last night, instanced two cases very near home in which the profiteering instinct had shown to disadvantage in Toronto. One case was that of a landlady in the city who had raised the rent \$5 last September, and had expressed the intention to repeat that performance next September; the other was that of a woman, a visitor from Denver, who had suffered from weakness in the eyes, consequent upon a severe attack of Spanish influenza. While in Denver she had been given four treatments at a total charge of \$6. She had been charged 40c for a prescription in that city. While in Toronto she had had occasion to take two treatments, exactly identical to the other four taken in Denver. She also had the Denver prescription "ok'd" while in Toronto. Torontonians had charged \$8 for the two treatments and \$1.65 for the 40c prescription.

Justice the Need.

"The great need today," said Dr. Milarr, "was not the construction of new ideals but the reconstruction of old ideas. There was no doubt that the profiteers were to blame for the unrest prevalent thruout the world. However, the cool, sane and well-re-

ALLEGED BOLSHEVISTS

Five alleged Bolshevists, sentenced in police court to terms at Burwash, were arraigned in police court again on Saturday morning and remanded until Monday. J. J. O'Donoghue, counsel for the prisoners, is appealing the case on the ground that the prisoners were sentenced without the formality of a trial. Mr. O'Donoghue was not in court, and the remand was made. Bail was refused by the five prisoners.

CHARLES R. BARBER DEAD

Sunday morning the death occurred of Charles R. Barber, at his late residence, 1371 Lansdowne avenue, after a long illness. The late Mr. Barber was connected with the Canadian Pacific Railway for over thirty years, and was highly esteemed by officials, employees and the traveling public. He is survived by his mother, three brothers—John of the C.P.R., Winnipeg; Victor, of the department of public health, and William G., district superintendent of the G.N.W. Telegraph Company—and two sisters at home.

COOLER SOLDIERS' UNIFORMS.

Premier Borden wired the mayor yesterday: "I am asking Sir James Lougheed, who is in charge of military hospitals, to give all possible consideration to your letter of July 1 with regard to a summer type of uniform for returned men now undergoing hospital treatment."

IMMENSE DAMAGE BY HAIL NEAR INGERSOLL

Hailstones Cover Ground to Depth of Six Inches—Chickens Killed and Crops Ruined.

Special to The Toronto World.

Ingersoll, July 6.—A disastrous hailstorm visited a small vicinity of Dereham Township Saturday afternoon. Very heavy damage was caused to the grain and corn crops, as well as fruit trees. Whole fields of grain are believed to have been threshed out and hardly worth cutting. Hailstones the size of hen's eggs were common, while one measuring over seven inches in circumference was picked up. Chickens were killed in their yards and many window panes broken. The storm raged over two hours, and in places the hail covered the ground to a depth of from four to six inches.

Many fine corn fields were left naked, only stalks left standing.

Hamilton Conference School Names Rev. F. Farrill, President

Special to The Toronto World.

Galt, Ont., July 6.—Hamilton Methodist conference summer school, which has been in session here for the week, has closed and was declared to be the best week's study yet held. While the meeting place for next year's school will be decided by the executive later, there is every possibility of it being held here again.

Officers elected for the ensuing year were: Honorary president, Rev. J. D. Fitzpatrick, Brantford; president, F. G. Farrill, Galt; secretary, Rev. G. S. Cassmore, Campbellville; treasurer, Harry Card, Guelph; commissary, Rev. W. E. James, Bellwood.

FEDERATION WOULD REVOKE CHARTER

Calls Step Against Labor Council Move on One Big Union.

Vancouver, July 6.—The Vancouver Theoretical Federation is petitioning the American Federation of Labor and the Dominion Trades and Labor Congress to revoke the charter of the Vancouver Trades and Labor Council. This step, it is declared, is a local newspaper, is the first direct move against the one big union, and it adds that the petition is being circulated and signed freely by members of local unions retaining their interest affiliation.

The theoretical federation also asks that new central labor councils be formed in centres in western Canada where the trades councils have shown partiality to the union.

It is stated in the same news story that participants in the recent sympathetic strike who applied for their old jobs at the Coughlan ship yards today were required to show their union cards, and that all bearing membership receipts from the one big union were refused employment. Those who proved their membership in unions with international affiliations were taken on.

WILL NOT INVESTIGATE

When seen Saturday, Hon. I. B. Lucas said there was no warrant for an investigation into juvenile court conditions, but that he had suggested a conference between all parties concerned.

YORK COUNTY AND SUBURBS

EARLSCOURT STORE CAVED IN.

In making excavations on Saturday for a garage in the rear of St. Clair street, adjoining the Bank of Montreal, occupied as a drygoods business, the building caved in and the back of the store is now a wreck. It seems that the brickwork supporting the building— an extension put on to the main structure recently—rested on cement blocks, and were not carried to sufficient depth. A galvanized garage on the east side of this building, owned by Mr. Routh, has also given way and will require immediate attention. The store was closed on Saturday, as it was not safe to admit the public.

PUBLIC SCHOOL SPORTS.

Athletic events in connection with the city playgrounds will be held in the grounds of the Earlscourt Public School, North Dufferin street, and at the McCurtich Public School, Ossington avenue, beginning today. Baseball and football and other exercises for boys and girls, folk dancing and needwork will also be included. Gordon Paul is supervisor for the Earlscourt and Charles Stone for Ossington.

PREPARING AURORA WELCOME.

Leut.-Col. F. F. Clarke, D.S.O., chairman of York County official welcome committee, is now organizing Earlscourt returned men to take part in the coming year's homecoming of the town of Aurora to give to the men and citizens of York County on Wednesday, July 9. Some thousands of returned soldiers are expected to be guests, and they will come from all parts of the large county. Reeve F. H. Miller and the entire council will be present.

G.W.V.A. DANCE.

A well-attended dance took place on Saturday evening at the headquarters of the Earlscourt branch of the G.W.V.A., Belmont Hall, when a large number of returned men and their wives, daughters and friends enjoyed a pleasant evening. The ladies' auxiliary of the branch supplied refreshments and the veterans' band furnished the music.

GERGESON-TROMAN WEDDING.

A pretty wedding was solemnized at St. Chad's Anglican Church, North Dufferin street, Earlscourt, on Saturday evening, when Miss Ruth Gergeson and Pte. W. H. Troman, A. M. C., Harvie avenue, were united in marriage by Rev. A. J. Reid, rector. Both the bride and bridegroom came from England seven years ago. Mrs. Troman is a native of Southampton, Lancashire, and Mr. Troman was born in Birmingham.

UNIONVILLE FARMHOUSE BURNED TO GROUND.

During the absence of the family a day or two ago the farmhouse belonging to Richard Ash, a short distance north of the village of Unionville, in some unaccountable way caught fire and was in a short time burned to the ground, together with a large part of the contents. Mr. and Mrs. Ash, together with some of the other members of the family, were in the back field drawing in hay. Each of the sons had only recently returned from the front, and the watches donated by the township of Markham and presented to each of them a day or two before were destroyed in the fire. The favorable wind prevented the bank barn, one of the best in the township, from catching fire. The neighbors from far and near rendered splendid service. Mr. Ash, one of the progressive farmers in the county, will rebuild during the summer.

DOWNVIEW BOUGHT WINTER COAL.

At a recent meeting of the Downview Farmers' Club arrangements were made for the purchase of the members' winter supply of coal. The black diamonds were secured at a reasonable rate. J. Hislop, president, occupied the chair.

RIVERDALE BAPTISTS UNVEIL MEMORIAL TABLET.

First Avenue Baptist Church was packed with a capacity congregation at the evening service yesterday, when the handsome bronze memorial tablet erected to the memory of the twenty-three soldier members of the congregation who paid the supreme sacrifice in the great war was unveiled. Cecil Broadhead, a war veteran who lost both his legs in action, performed the unveiling ceremony, and Rev. Dr. W. T. Graham, pastor, in a powerful sermon, dwelt on the love of country, the self-sacrifice performed in the interest of the empire, and the ideal for which the empire stands.

WAR ENDS IN UPLIFT.

Rev. Dr. Seager, rector, St. Matthew's Church, First avenue, preaching at the evening service yesterday, said: "Peace periods in history have always been periods in which forces released by struggles worked out for the uplift of human society. In other words," the preacher, "even thru war God worked out his purposes among men, so in the auxiliary of the branch supplied refreshments and the veterans' band furnished the music."

MEMORIAL WINDOW CONTRACT.

The contract for the memorial window to the memory of the fallen soldiers connected with St. Matthew's Anglican Church, First ave., was signed last week. The window will be placed in the east side wall of the church and is expected to be in position by Christmas. It will cost \$2000.

INDEPENDENCE DAY RECITAL.

The grand independence day recital given by the pupils of Altherton Furphy in Foresters' Hall, was well attended, and the program was of a high order of merit. The following among other artists contributed: Beatrice O'Leary, Maude Parsons, Agnes Caruso, J. E. Edgington, quartet from Rigoletto, Mary Stiel Goodman, Florence Fried, Bird dust, Lina Crain, Nicota Cosentino. A special feature was the rendering of the "mad scene" (Lucia) by Miss Agnes Adie, which was much appreciated.

TODMORDEN G.W.V.A. MEMORIAL SERVICE.

Todmorden branch G.W.V.A. held a well-attended memorial service for their fallen comrades in the grove adjoining Don Mills Methodist Church yesterday afternoon. The proceedings were in charge of T. Halliday, president, and the band of the Salvation Army led in the singing. Ensign J. Han delivered an address extolling the work of the Canadian soldiers, and paid an eloquent tribute to the memory of the fallen heroes, and dwelt on the sympathy and kindness shown by the people to the relatives and friends of the soldiers who paid the supreme sacrifice.

GERMANS IMPENITENT.

Rev. W. H. Adams, pastor, Don Mills Methodist Church, preaching at the evening service yesterday on "Peace," dwelt on Germany's impenitent state in the course of an able sermon.

DANFORTH GAVE THANKS FOR PEACE.

In all Catholic churches thruout the city yesterday, the hymn "Holy God, We Praise Thy Name" was sung by the choirs and congregations after the solemn high mass, by order of His Grace Archbishop Neil McCall in thanksgiving for peace.

SATURDAY'S STORM GODSEND TO CROPS.

Saturday afternoon's thunderstorm and Sunday's early morning rains, fairly general over the southern portion of Ontario, will do an immense amount of good to the growing crops of grain, and the late timothy and buckwheat fields which were parched with the tremendous heat of the past week or two. Barley is well headed but the rain will keep the grain back from too early ripening, will help spring wheat and oats immensely, and in every way prove a godsend.

SERVICE OF THANKSGIVING.

Rev. A. I. Terryberry, pastor of Hope Methodist Church, preached on "Peace" at both services yesterday to large congregations. Special music was rendered by an augmented choir.

POLICE BRING BACK BOY JAILBREAKERS

Wanted on Charges of Motor Theft, Shop-Breaking and Breaking Prison.

Percy Davis and Fred Brown, two young boys, arrested last week at Georgetown for the theft of a motor car in Toronto, and who escaped from the jail at Georgetown, in which they were being held pending the arrival of detectives to bring them back to Toronto, were arrested yesterday. George Chambers, another young boy, was also taken into custody yesterday. Chambers and Davis will face the charge of stealing a motor car, as well as one of jail breaking. They will also be tried on charges of shopbreaking. While in this store the prisoners were disturbed by the caretaker, in escaping from the store, Davis is said to have left his coat. Acting Detective McConnell found Davis' name in the coat, also the name of the tailor that had made the coat. From the tailor McConnell learned where Davis was living, and he arrested him.

Drove to Queenston.

John C. Bart, 137 Shackville street, was arrested yesterday by Acting Detective Waterhouse charged with the theft of a motor car. The car was stolen from the premises of James McConeil, Ontario street, and driven to Queenston. On the way the car was driven to a garage at Queenston and was turned by boat to Toronto. He was arrested at Queenston.

Charged with the theft of \$25 in money and some clothes.

James 443 East King street, was arrested Sunday by Acting Detective McConnell and McMahon, Catherine Prentice, 201 West Richmond street, complained to the police that the priam car had stolen the \$25 from her pocket. On a charge of theft, Louis Goldman, 190 West Richmond street, has been committed to appear in the police court this morning. Joseph Mowak is the complainant in the case.

CAR TURNS OVER; PINNING SEVEN

Seven people were pinned beneath a motor car, Sunday evening, when a Winchester street car collided with the motor car. The car, which was driven by James O'Leary, turned over, and seven people were pinned beneath it. The car was driven by James O'Leary, and the driver was injured. The car was driven by James O'Leary, and the driver was injured.

COLORED CLUB MEMBERS CHARGED WITH GAMING.

Two alleged gaming houses were raided Sunday and one "opium joint," resulting in eighty-five arrests. Sixty-three Chinamen were caught when the police rushed a Chinese restaurant at 16 West Dundas street, and charged with being a gaming house. The police seized 400 packs of playing cards. At 10.30 last night, Patrol Sergeant Scott and Plainclothesmen Jarvis and Simcoe arrested twelve negroes arrested, and the police took possession of liquor, money and cards. Frank Lee, 56 St. Patrick street, keeper, is also held on a charge of a breach of the Ontario liquor act. Several bottles of whiskey and alcohol were found in the room in which the men were playing cards.

CONTRARY STATEMENTS OF MEN AND MASTERS.

Robert Newton, sales manager for the Browns Copper and Brass Rolling Mills, Ltd., in a letter to the press stated that "Our mills, which have been closed owing to the metal traders' strike, have now resumed operations. We expect to be operating on a larger scale, on domestic business only, as we have considerable stocks of business before us at the present time."

LABOR NEWS

CITY TEAMSTERS WILL NOT STRIKE

Decide to Hold Preliminary Conference Prior to Any Action. There will be no strike of the teamsters with the big companies today nor perhaps at all. Yesterday afternoon's well-attended meeting held at the Labor Temple accepted the proposal to hold a preliminary conference with employers with possible board of adjustment to follow later. This action was taken at the instance of the government following the conference held between officials of the Toronto Trades and Labor Council, E. N. Crompton, fair wage officer, and W. G. W. Hayes, representative of the employers, and two employees from each of the companies involved in the dispute, these men to be considered as employees and not as representing the Teamsters' Union. It is hoped and believed that this conference will be followed by a board of arbitration. The men have already signified their intention of appointing their representative to such a board. Had the men come within the meaning of the public utilities act, they would have been legally bound to also appoint a representative to such a board. However, Deputy Minister Acland pointed out, only a few days ago that the industry in which the men figured did not come within the meaning of that act. It is hoped and believed, however, that the companies will be induced to favorably consider the appointment of a board of conciliation or arbitration.

DR. J. W. HAYES DIES AFTER YEAR'S ILLNESS

Dr. J. W. Hayes, for some time one of the house surgeons at St. Michael's Hospital, died Sunday in the home of his parents, 219 Park street, Peterboro. Dr. Hayes had been ill for over a year. He graduated in medicine from Toronto in 1915. In the years 1915-16, he was on the surgical staff at St. Michael's Hospital. Later he took a post-graduate course in the city hospital in Toronto. He practised in St. Michael's Hospital. The late Dr. Hayes is survived by his parents, four brothers and two sisters. The funeral will be held in Peterboro, Wednesday afternoon.

RIBS BROKEN BY AUTO.

William Wilson, 20 Major street, had two ribs broken Saturday, when an automobile struck him while he was crossing Toronto street, near Adelaide. Wilson was taken to St. Michael's Hospital. The East Gerrard street, was not held by the police.

HANLAN'S POINT.

A gala crowd flocked to Hanlan's Point Sunday to hear Angelo Vitale, the world's youngest bandmaster, and his famous orchestral band, and they were not disappointed, for two programs were given by the band in a manner seldom heard from any band in the city. Vitale, who is still but a youth, proves that as a musical artist he is without a peer. A few years ago, when but a boy, he appeared at this same park at the head of his band, then newly organized, and surprised and delighted the wonderful tone effects he was able to get. In the few years that have passed he has acquired that great something that experience only teaches—balance. The two programs yesterday consisted of light, popular airs, interspersed with selections from the standard operas, which were most enthusiastically received and several encores were responded to. The concert will be given twice daily, afternoon and evening, absolutely free.

GREAT VETS ENJOY A SUCCESSFUL PICNIC

The most successful picnic yet held by the G. W. V. A. This is the general opinion of all who were lucky enough to trip with the War Vets to Niagara Falls on Friday. Three of the magnificent boats of the Canada Steamship Company were required to take the merry crew over to Lewiston and Queen Victoria Park, Sergeant Major J. V. Conroy, and a large gathering of hostesses from among the auxiliaries of the association, took charge of the thousands who attended the picnic. It was stated that honors for the success of the occasion rested with the general secretary, Sergeant Ocmrade Shields, of West Toronto, who had charge of the sports, and the general hostesses of the event. The association desired to publicly thank the K. of C. for their generous contribution of hams, roasts, cigars, and which weighed 15 pounds.

FOUR NEW MEMBERS.

Four new members were received and given the right hand of fellowship at the close of the service held at Waverley Road Baptist Church. For several Sunday evenings the church and a number of friends have adjourned after the service to Kew Gardens, where a one-hour song service has been held. These outdoor meetings have been largely attended. At a social meeting held by the ladies' aid of Waverley church, reports were given by the team captains of the talent money received during a two-months' campaign. A sum of nearly \$200 was reported. It will be used to replenish the stores of the church kitchen.

MONDAY MORNING, JULY 7.

The Main Question.

Opinion is beginning to be diffused in the consideration of the proposal to take over the street railway on the terms of the contract as at its expiration in 1921. The advantages and the disadvantages are being canvassed in the newspapers, and this is well. But in discussing details it is a mistake to get away from the main issue. That issue is the relief that the city would experience thru getting its streets under its own control once more, and being able to regulate its traffic according to the city's own best interest and convenience.

PARLIAMENT ENDED BUSINESS SATURDAY

old. Tribunals will be established for the making of lists and courts of revision established. In rural districts the lists will be prepared by enumerators. During consideration of supply, Mr. McKenzie objected to ministers holding important portfolios sitting in the Senate and expressed the hope that if the cabinet is reconstructed this condition would be removed.

How Proportional Representation Works.

With the growth of parties of sectional feeling, and subdivisions in the more important bodies of political opinion, the need for proportional representation becomes more pressing. As these divisions multiply the certainty that the next parliament and legislatures will be the result of minority representation makes it imperative to avoid this fatal tendency in our undemocratic mode of voting.

SPEED PRODUCTION TO REDUCE PRICES

(Continued From Page 1).

ried at the conclusion that to do either of these things would result in most disastrous effects, because any effort on the part of the parliament to fix prices or attempting to reduce the price of commodities would dry up the sources of supply and bring about the present difficult situation.

Wheat Big Factor.

The committee states that it regards the present price of wheat as a notable factor in the cost of living. It does not attempt to say whether the price fixed by the government during the past two years was fair and just, but expresses the view that the present level of price continues, not only the price of bread and all cereals continue as they are, but the base cost of all other food products must continue to remain high.

Make Suggestions.

In addition to the creation of a board of commerce, recommended by the committee in its interim report, the committee suggests other remedies for existing conditions, including co-operation, the view is also expressed that distribution of co-operative buying and selling should be carefully investigated.

IMAGINABLE REACHES NEW DESTINATION

(Continued From Page One).

land, C.M.G., D.S.O., official observer for the British air ministry, on board the R-34, made public here today the official log of the world's greatest airship on its voyage from East Fortune, Scotland, to Toronto. The story told in the log as recorded by General MacLennan follows:

"The story of the flight as follows: East Fortune to Trinity Bay, Newfoundland, 2,050 sea miles; Trinity Bay, Newfoundland, to New York, 1,420 sea miles.

"At 1.30 a.m. on the early morning of Wednesday, July 2, the airship was taken out from her shed and actually took to the air at 2.15 a.m., thus starting on her long voyage exactly eighteen minutes in advance of scheduled time."

"The story of the flight as entered in the log follows: '1.42 a.m., Wednesday, July 2. The R-34 slowly arose from the hands of the landing party and moved out into the low-lying clouds at a height of 100 feet. When flying at night, the air was crossed on a level of ice—small bergs in themselves. The ice is blue-green under water, with frozen snow on top."

"Very dark, clear night. Lights of Whitehaven show up brightly on our starboard beam, and we make out the lights of a steamer passing us to the east. Strong headwind against us. Making on appreciable headway."

"Sea now visible at intervals thru the clouds. During the wireless officer reports he has just been speaking to St. John's, Nfld.—rather faint, but quite clear signals. We are still in touch with East Fortune and Clifton, and have been exchanging signals with them since reaching the Irish coast, our communications seem to be quite satisfactory."

"Tramp steamer SS. Ballygally, Head, off shore of Grand Banks, destination Montreal, was sighted, wireless on their Marconi spark set, which has a range of 80 miles only."

"Messages were received from both H.M.S. battle cruisers Tiger and Rodney which had been previously sent to assist us with weather reports and general observations."

"Increases height to 2000 feet, and at this height we find ourselves well over the clouds and with a bright blue sky above us."

"Put back clock one-half an hour to correct Greenwich mean time. Time now 6.10 p.m. Position, latitude 52 degrees 30 minutes north; longitude, 23 degrees west. We have covered 610 sea miles measured in a direct line in 37 hours at an average speed of 26 knots, or 234 miles per hour. Atlantic at this point 1600 fathoms.

"We are just on top of the clouds, alternately in the sun and then plunging thru the thick banks of clouds."

"We see the sea at 1500 feet between patches of cloud. Rather bumpy. We have had a slight breeze from the west, and the top of the clouds are above us and the lower layer 500 feet below, with occasional glimpses of sea."

"We are now in clear weather again, and have left Nova Scotia well behind us and are heading straight for New York."

"Particularly fine electrical disturbance type of sunset."

"Another thunderstorm. Again we have to change our course to avoid it, and as every gallon of petrol is worth hearts to get clear of these storms."

Canada to Float Bonds in the U.S.

Total of Seventy-Five Million—To Be Exempt From Dominion Taxes.

Ottawa, July 5.—On the first of August next the Dominion of Canada has an obligation of about \$75,000,000 to meet in New York. This is a balance outstanding of an issue of \$100,000,000 par value of two-year five-per-cent notes issued in 1917. To provide funds for this maturity, arrangements have been made for the flotation in the United States thru Messrs. J. P. Morgan & Co. and their associates of an issue of \$75,000,000 par value of securities bearing interest at the rate of 4 1/2 per cent, per annum, payable half-yearly. These securities will consist partly of two-year notes and partly of ten-year bonds. The respective amounts will be determined having regard to the applications received for the two classes of securities. The issue price to the public will be at 97 1/4 for the two-year notes and 97 for the ten-year bonds.

Government Lines Operate at Loss

Report Expected Loss of Twenty-Eight Millions on C.N.R. and G.P.P.

Ottawa, July 5.—It is expected that there will be a loss this year in connection with the operation of Canadian government railways of about \$28,000,000 according to estimates presented to the commons tonight just before midnight. A loss of about \$2,000,000 is also expected in connection with the operation of the Grand Trunk Pacific, which will have to be met, so that the total loss on operation will be \$28,000,000.

HAMILTON NEWS

Hamilton, July 6.—Albert Moore, 182 Graham avenue, was drowned while bathing at the beach tonight. He is 25 years of age. He was observed to throw up his hands and disappear.

Hamilton welcomed home today more of her sons from the scene of the world war. Those who reached here today came over the trans-Canada route. The Cassinians and the local disarming centre, where they were demobilized.

The Garrison Battalion Band played the first train bringing four officers and 175 other ranks, plus in the station at 8.30 a.m. The men, who were mostly for Toronto, were well on the way to demobilization when the second train arrived at 8.50. The train carried 27 officers and 470 other ranks, and was followed by the third train at 9.30, which had on board 25 officers and 450 other ranks. The men were drafts and details from various units. A rousing reception was accorded the men as they stepped off the various trains, and large crowds were present on each occasion.

Assembled on the platform were Gen. Gurn, Capt. Jago, Mayor Church and Capt. Richardson. The men were escorted by the Garrison Battalion and other officers from the demobilization depot.

The death occurred at 49 Delaware avenue this morning of Mary, widow of George Matthews. Deceased, who was 81 years of age, leaves to mourn her demise two sons, George and James, and one daughter, Mrs. Kerr. A campaign to organize the non-union sheet metal workers will commence here next week. To this end a meeting will be held in the Labor Temple and the principal speaker will be Will J. Kennedy, labor agitator and international organizer.

London, July 6.—The Empress of Britain sailed for Quebec on Thursday, carrying 70 officers and 2,195 men. Brig.-Gen. S. O. Denison of Toronto is aboard.

Paris, July 6.—Turkish troops have entered Aidin, which the Greeks have evacuated, taking with them the civil population, according to a Constantinople despatch to the Times.

Florence, Italy, July 6.—One person was killed and seven were injured yesterday in a renewal of yesterday's rioting over the high cost of living. There has been a further firing by the carabinieri detailed to keep order. Mobs again have become violent and the ransacking of shops has been renewed. All workers are idle under a general strike order.

Rome, July 6.—Shop keepers here, learning that the riots thruout the Romagna district were spreading to other districts, decided to reduce their prices fifty per cent, without waiting to be forced to that course by mob violence.

Jealousy over the loss of his sweetheart is said by the police of Keele street to have led Nicholas Master of Alhambra to attempt to murder John Moffatt in a house on Queen street on Sunday morning. Master, the police allege, went to Moffatt's home, and asserted that Moffatt had taken his girl from him, drew a loaded revolver from his pocket and attempted to discharge it at Moffatt. The gun did not go off, and Moffatt was successful in fleeing from the house for the police of Keele street station. Acting Detectives Hazlewood and Alexander were called and placed Master under arrest on a charge of attempted murder.

Paris, July 6.—Reports from Omak received here indicate an improvement in the situation of the army of Admiral Kolchak, head of the all-Russian government, while the Bolsheviks are showing fatigue and have been weakened by the transfer of troops to other fronts.

THINK A MINUTE

WHAT is your doctor's first question? Why does he suspect constipation? Because 90% of his patients are suffering from ailments caused directly or indirectly by the action of poisons formed in a sluggish intestinal tract.

These body poisons are absorbed by the blood and carried all over the body until the weakest organ, unable to withstand the poisonous contact, becomes infected and refuses to act properly. Unfortunately it is usually not until then that the doctor is consulted and asked to treat the diseased organ.

The surest way of purifying the blood and preventing the formation of these destructive body poisons is to prevent stagnation of food waste in the intestinal tract—to prevent constipation.

Constipation is not a matter to be taken lightly or neglected. Nor is it either sufficient or safe to take castor oil, pills, salts, mineral waters, etc., in order to "force" bowels action. Such action does not cure constipation, it makes constipation a habit.

Nujol is entirely different from drugs. It does not force or irritate the bowels. Nujol prevents stagnation by softening the food waste and encouraging the intestinal muscles to act naturally, thus removing the cause of constipation and poisoning. It is absolutely harmless and pleasant to take.

Nujol helps Nature establish easy, thorough bowel evacuation at regular intervals—the healthiest habit in the world. Get a bottle from your druggist today.

Warning: Nujol is sold in sealed bottles bearing the Nujol Trade Mark. All druggists insist on Nujol. You may suffer from substitutes.

NO CONFIDENCE IN AMERICAN UNIONS

A.S.E. Sets Example to Canadian Labor by British Affiliation.

BY THE BALLOT

G. F. Doolan Says Labor is Helpless Without Weapon of Politics.

G. F. Doolan, a prominent member of the Amalgamated Society of Engineers, the only British union in Toronto, favors an entire revolution of existing conditions in Canadian trades unionism by casting off all ties with the United States labor movement.

"The A. S. E. is a British organization with \$11,457 members and has branches in nearly all civilized countries. There are at present about 650 members on strike with the metal trades in Toronto.

"The time is ripe for the industrialists in this country to have the headquarters of their union in Canada and in the States. Surely the men here have enough intelligence to attend to their own business. They would be wiser in an awkward position if trouble arose between the British empire and America.

"The American Federation of Labor is losing its hold in this country. And it is quite time it did for an organization which does not believe in political action is very much behind the times.

"If the workers had proportionate representation at Ottawa we should not be engaged in a strike for a 44-hour week and the right of collective bargaining. That matter would easily have been adjusted by legislation.

"I do not think that I understand the One Big Union as advocated in the west; but I do think that there should be only one union for each industry. Then all industrial unions could be federated through the civilized world. That would eventually eliminate what employers call 'unfair competition.'

"Negotiations are taking place at the present time in England to amalgamate all the unions in the engineering industry and a vote on this question will soon be put before the members. Employers in this country should realize that their workmen are something more than profit-making machines, that the worker of today is also a student of political economy. If worker and employer were more in contact there would be a better understanding. Shop stewards and shop committees should be encouraged by employers, then grievances could soon be adjusted in the shops. The employers should be prepared to discuss matters of importance with the workers in law and order. The workers will gain nothing by violence. They already have the only

DOMINION G.W.V.A. REACH DECISIONS

Vancouver Convention Decides Not to Change Status for Active Membership.

OPPOSE PROFITEERS

Drastic Action Urged, Among Other Warm Subjects of Debates.

Vancouver, July 6.—Status for active membership in the G. W. V. A. will remain unchanged, according to a decision reached yesterday morning at the Dominion convention which is sitting here, with the additional provision for taking in men who have seen certain service on a belligerent front and that portion of the mercantile marine under control of the British navy.

Measures brought forward by Manitoba delegates urging drastic action against profiteers formed the main subject of debate in the afternoon session of the convention, the matters of importance were the unanimous selection of Montreal as the meeting place of the convention in 1920; a discussion of the government's vocational training; the disposition of surplus funds collected in Canada for war purposes and the sale by the government of swamp lands to soldiers. At the outset the authority was given to the Dominion executive to deal with the question of recognition of war veterans according to the W. V. A. affiliated to the main body.

Remove Loughheed. Delegates commented favorably on the report of the committee on vocational training and education. The solution, which was adopted following consideration of this report, opens up the question of swamp lands. When Sir James Loughheed from the ministry of soldiers' civil re-establishment. This was wired to Sir Robert Borden with a request for speedy action.

Section seven, passed without discussion, asks the government to make provision that by extending disability qualification by disability may be able to secure life insurance at cost.

Section eight asks that the imperial government send traveling representatives to Canada to deal with matters affecting pensions and allowances of imperial reservists now in Canada.

Industrial Amendment. The report of the industrial committee was much dealt with. When at the first section, pledging veterans to the support of law and order and denouncing the attempted control of organized labor by existing conditions, considered, Comrade Batford of Winnipeg asked that an amendment be made, adding to clause two the following:

"That this association is unalterably opposed to all capitalistic combines which seek to control the governing powers of the country."

"That the Dominion government be urged to introduce a steeply graduated income tax to have the effect of restoring to the people all excess profits made during the war, and that the British system of inheritance and succession duties be adopted in Canada."

"That the government be asked to introduce as soon as possible legislation which would make all war bonds in excess of \$5,000 in value, one individual, a part of the taxable income."

Would Confiscate Wealth. "That if the provisions of the foregoing provisions inadequate to meet the needs of the case, the G. W. V. A. should pledge itself to even more drastic measures to the confiscation of wealth if necessary."

"After prolonged discussion of the proposed amendment, most of which was favorable, Comrades Batford, Calder and McPherson were appointed a committee to draft the amendment in final form, the rough draft having been endorsed in principle."

Discussion of the report of the industrial committee continued into the evening session. The convention decided to make the amendment regarding taxation on war bonds read: "To make all war bonds in excess of \$10,000 held by one individual a part of taxation income."

Water Supply in Kitchener Almost Reduced to a Famine
Special to The Toronto World. Kitchener, Ont., July 6.—This city was again on the verge of a water famine over the week-end, when the water supply became so scarce as to register only 10 pounds pressure at the superintendent's office. The entire north ward was without water for domestic purposes, and had a fire broken out the department would have been helpless. The scarcity was the result of disregard of the order to refrain from lawn sprinkling in order to conserve the supply.

DELINQUENT DOCTORS TO GET SUMMONSES
New York, July 6.—Summonses for upwards of eight thousand delinquent physicians, druggists, dentists and veterinarians, authorized to dispense narcotic drugs, who failed to register with the state department of narcotic drug control, or before July 1 as required by law, will be obtained from magistrates throughout New York State, through the state department of health, was announced here today by Commissioner Walter Merrick.

KINGSTON WITNESSES GARRISON PARADE

Protestants and Roman Catholic Troops in Combined March to Signalize Peace.

Religious Services.

Special to The Toronto World: Kingston, Ont., July 6.—A garrison parade was held here this afternoon in connection with the national thanksgiving for peace. The Protestant troops marched to St. George's Cathedral and the Roman Catholic troops to St. Mary's Cathedral. Impressive services were held in both cathedrals. Delegations from the Great War Veterans and from the Army and Navy Veterans attended the services, along with the patients and nursing sisters from Queen's Military Hospital. After the services the troops combined and marched past General Williams and his staff, who were stationed at the corner of King and Clarence streets.

ANNOUNCE PROGRAM OF PRINCE AT KINGSTON

Special to The Toronto World. Kingston, July 6.—Mayor Newman was in Ottawa and completed arrangements for the visit of H.R.H. the Prince of Wales to this city on Oct. 22. He will be tendered a civic reception, arrival at 10 a.m. He will afterwards inspect the cadets at the Royal Military College, and take lunch with Brig-Gen. C. N. Perreau. In the afternoon he will be driven around the city by Brig-Gen. Victor A. S. Williams, and afterwards will attend the annual fall convocation of Queen's University, where he will receive the honorary degree of doctor of laws.

His royal highness will be the guest of the chancellor and principal at a luncheon, when a number of prominent citizens will be invited, and in the evening he will be tendered a civic dinner at the Frontenac Club and deliver an address. He will leave for Brockville at midnight.

GREEK PREMIER TELLS SIGNING OF TREATY

Salonica, July 6.—Premier Venizelos' announcement to his people of the signing of the German peace treaty at Versailles was issued yesterday by General Paraskevopoulos in an order of the day to troops. The message read:

"The world commences to breathe. The strongest of our enemies recognizes his complete defeat and accepts the heavy but just conditions of the allies. The signing of this peace will be followed rapidly by the submission of our more direct enemies, Bulgaria and Turkey and this latter action will restore liberty to many thousands of our brothers in the Greek islands and will enable Greece and join to become a rich state and to enjoy the benefits of peace assured by the league of nations. The Greek army may be proud of its participation in this gigantic work."

BOY DROWNS NEAR GUELPH

Special to The Toronto World. Guelph, Ont., July 6.—George Windover, 15 years of age, was the victim of a drowning accident in the time of a late hour last night, in company with another boy he went in bathing in the millrace at Armstrong's mills, a few miles from here, and got beyond his depth.

Appeal by Brant County For Added Help on Farms

Special to The Toronto World. Brant County, Ont., July 6.—So serious is the shortage of farm help in Brant County that the chamber of commerce has issued a general appeal to the citizens for assistance for the farmers in getting in the crops. An individual appeal has also been sent to the manufacturers, asking them to lay the need before their employees, particularly before those laid off during stock-taking, or for any other reasons. Farm wages are today the equivalent of city wages there and seven or four days men will be acceptable.

Make an Extra Savings--Buy Tickets--for \$1.00.

Special to The Toronto World. Belleville, Ont., July 6.—A run-off occurred on the line of the G.T.R. in the west yard of the city limits this afternoon, which blocked the west-bound track for some time. A box car of an eastbound freight led the track, and the auxiliary was called out to replace same.

While the auxiliary was passing over the bridge spanning the Moira River, the boom of the auxiliary crane caught in the overhead production, causing the crane to be overturned.

Engineer John Gunn was severely scalded by escaping steam and was otherwise injured.

BRANTFORD SERVICES TO CELEBRATE PEACE

Special to The Toronto World. Brantford, Ont., July 6.—The coming of peace was fittingly celebrated in Brantford this evening. The members of the Great War Veterans Association and His Majesty's Army and Navy Veterans, Brantford branch, paraded Sunday evening to Alexandra Park, where the Dufferin Rifles, Rev. G. S. Oke, a war veteran, gave an appropriate address. The parade, which was headed by the Dufferin Rifles, drew a big turnout of veterans. After the usual evening church services a massed peace thanksgiving service was held in Victoria Park, with Rev. J. D. Fitzpatrick, president of the Hamilton conference, in charge for the Brantford Ministerial Association.

Use Emergency Reservoir in Quenching Kitchener Fire

Special to The Toronto World. Kitchener, Ont., July 6.—Two fires early this morning, the first at the Lady Belle Shoe factory and the second at the Kauffman Flaxing Mills, were put out with little damage except to the Lady Belle shoe building, where the damage was caused by water from the sprinkling system. MILK for MEN

HERE'S a straight business proposition—for business-minded men.

Drink milk—lots of it—and you'll be better in health; you'll do more work and better work.

The man who drinks milk at meals is not a mollycoddle. He respects his constitution. He values his good health.

For milk is much more than a drink. It is the only complete food that is known on earth. And that's a broad statement.

It is better than more than one-half of what you consume through the mistaken idea that food is something to be chewed.

And here's why it is especially good for men:—

It is good for what ails most men—fatigue. Fatigue is of two kinds. Over-exercise is one. Fatigue that results from food folly is the other.

Milk is a good stimulant as well as a sustaining food. It does not overtax the stomach. It is easily digested. It helps digest other food. It contains the fifteen vital elements your body needs—and no waste.

Put yourself on a milk diet for two weeks. Use as much milk as possible—in as many ways as you can. Especially during the warm weather.

You won't suffer. You'll benefit in every way to such a degree that you'll laugh at doctors and business worries. You'll have a clear brain, a steady hand and boundless energy.

The Draw For Today

BRILLIANT TENNIS
BY ICHIVA KUMAGAE

U. S. Champion Beaten by Little
Japanese in Straight
Sets.

Saturday's thunderstorms played havoc
with the schedule on the opening day
of the Canadian lawn tennis championships,
which are being played this week on the
clay courts of the Toronto Tennis Club.
It did not, however, prevent the exhibi-
tion game between Murray, the national
champion of the United States, and Ku-
maga, the little Japanese gentleman,
who made so many friends in Toronto
last summer. This match brought to-
gether two types of play—the daring net
work of Murray, whose every stroke was
but leading up to the ultimate kill, and
the deadly side-line passing of the Jap-
anese champion. Mr. Kumaga has since
his last visit here developed a net game
which he used with excellent judgment
and practically no errors. But, without
depreciating Kumaga's game, which on
Saturday would have probably beaten
any man living, it was apparent that
Murray had not had quite enough tourna-
ment play this year to be at his best.
His service was severe and bothered his
opponent at times, but his ground
strokes lacked the depth and speed which
he has in his own net game. It was
for the smashes and chops for which he
is famous. It was this which enabled
Kumaga to pass him at the net with
such frequency and apparent ease. The
final score was that which enabled
Kumaga to win in straight sets, 6-3, 6-4,
6-3.

Another exhibition served to introduce
Messrs. Westbrook and James in a double
game with Haddock Taylor and Cecil Don-
aldson. J. Westbrook's play particularly
caught the fancy of the crowd. He seems
able to get tremendous driving strokes
from any position on the court, and al-
though a youngster, displayed a dash and
variety of strokes which were the
favorites for the title. With his
partner, James, he was a dangerous
double team. They were able to out-
match over the superior net
and smashing work of their opponents,
6-3, 6-4.

Mr. Murray was also seen in a mixed
double, paired with Lucius Macdonald,
beating Mrs. Bickie and Baird in an in-
teresting game.
Today's results will see all the visiting
stars in action—the Anderson brothers,
the Donaldson brothers, Versey of Mon-
real, Fredrick of Montreal, the
Buffalo, Holmes and Bennett of Win-
nipeg, Richey of New York, and Kashio,
who made such an impressive debut
last year. Miss Zinderstein, who recently
defeated Miss Bourque, also came to
play, as did Bourque and Miss Mal-
thead of Winnipeg, who will add materi-
ally to the interest in the contest.

Below is the draw for today, and the
committee announce that, owing to the
unprecedented rain, it will be impos-
sible to hold over games called for
today. The losers according to conditions
will be forced to enforce this rule in
every case.

There Are No Losers

Every Active Worker Either Wins a Prize or a Cash Commission.

JUST WHAT THE SALESMANSHIP CLUB IS

HOW TO BE A WINNER

The Toronto World, through its "Salesmanship Club," will award over \$16,000 in prizes to wide awake men and women in Ontario who help to increase the circulation of the (daily) World.

Any man or woman, young or old, living in the territory in which The World circulates, with the exception of employees of The World and their immediate families, is eligible to enter. It costs nothing to enter, and all it takes to win is a little effort during spare time between now and August 29.

All awards are made on a competitive basis, according to the number of credits earned by the members. Those who earn the most credits will, of course, be the winners of the biggest awards.

Credits are obtained only by securing subscriptions to The Daily World from either old or new subscribers for any length of time from three months to two years in accordance with schedule of credits allowed on subscriptions.

Subscriptions may be obtained anywhere. All that it is necessary to do to enter the campaign is to send in your name and address. As soon as this is received, receipt books and free printed matter will be sent you without delay.

Every active member who fails to win one of the 91 prizes offered will be paid a cash commission of 10 per cent. on all subscriptions collected. An active member is one who turns in at least one subscription a week for the last two weeks of the campaign.

The entry blank starts a member off with 5,000 credits, and if a subscription for any length of time accompanies the entry blank, 15,000 extra credits are given. The campaign has just started, and closes on August 29th.

**60,000
EXTRA CREDITS**

FOR EACH SIX 6-MONTHS' NEW
SUBSCRIPTIONS TURNED IN BE-
FORE 11 P.M., JULY 30TH.

\$5,000 Home

The first award, which goes to the member who closes the campaign with the greatest number of credits is a \$5,000 home.

This home is to be selected by the winner, and can be in any part of the territory covered by the campaign. It might be a residence in the City of Toronto; it might be a residence in the City of Brockville, or in any other town in Ontario, or it might be a farm. The selection is entirely with the winner.

The World will buy any piece of real estate that can be purchased for \$5,000 cash. If a home costing more than \$5,000 is selected, The World will pay \$5,000, and the winner can assume the difference. If a home costing less than \$5,000 is preferred, the winner can have the difference in cash.

ONE OF THE FOUR AUTOS

\$2,125 CHALMERS TOURING CAR.

This high-grade Chalmers Touring Car which was purchased from the United Auto Sales Limited, of Toronto, will be given to the member closing the campaign in second place. Three other autos are to be given to the third, fourth and fifth highest members.

IMPORTANT DEVELOPMENTS IN SHINING TREE THIS YEAR

Large Number of Properties Expected to Become Ultimately Rich Producers—Final Stage in Road-Making Will Soon Be Reached.

From the World's Special Correspondent. West Tree, July 5.—In point of development the Wasapika gold is the most advanced property in West Shining Tree. But Mr. Rogers' efforts have been confined entirely to development. Nothing has been done in the way of exploring outside of the great Ribble vein. It would be a mistake to suppose that this vein is the only part of the property likely to prove productive. On the Miller-Adair, south of the Wasapika, there are some very fine veins, in addition to the Ribble, and this should be also the case on the Wasapika. In fact, the explored areas are at present very limited on nearly all the properties of West Shining Tree. The total area of the number of promising veins is remarkable. What will this great camp look like when the many veins on these exceptionally rich properties are exposed to view?

In the Wasapika section of the camp the Atlas and the West Tree have made the greatest advances in the way of exploration. Each has about 50 acres cleared and each about fifteen veins uncovered. There is some unusually high ground on that portion of the Atlas which fronts on Wasapika Lake. This is due to the fact of a dyke of diabase which cuts thru the property. These dikes had an important part in mineralization, and there is a regular network of rich veins on this part of the Atlas. The results here have greatly encouraged the company in the exploration of the remainder of their 475 acres. They have lately discovered high grade No. 2, adjoining the West Tree. With such a large acreage very favorably situated

DU PONT INTERESTS ENTER OIL INDUSTRY

Atlas Petroleum Corporation May Be Nucleus of Giant Oil Enterprise.

It has just been announced that Alexis L. du Pont, secretary, and Charles A. Patterson, vice-president and general manager of the E. I. du Pont de Nemours & Company, with Sylvester D. Townsend, Jr., one of the attorneys for these interests, Edward E. Rich and Simon L. Wolfe, well-known oil operators, have incorporated the Atlas Petroleum Corporation, with an initial capitalization of \$5,000,000.

As nearly as can be learned, this is the first oil enterprise with which any of the du Pont interests have become publicly identified. It adds one more industry to the list of long established corporations which members of the du Pont family control or are heavily interested in financially.

The new company begins operations with seven producing wells, ample resources and prospective oil lands now under serious consideration, with the idea of making the nucleus of a large independent developing, producing, refining and distributing world. These interests are probably the nucleus of a large independent developing, producing, refining and distributing world.

It is understood that other large producing and prospective oil lands are now under serious consideration, with the idea of making the nucleus of a large independent developing, producing, refining and distributing world.

RAILWAY EARNINGS

INTEREST IN OFFERING OF CANADA PETROLEUM

Corporation Operating Under Dominion Charter Has International Interests.

Considerable interest is being shown in the offering of stock by the Canada Petroleum and Refining Corporation Ltd., for the reason that the underlying property is an all-Canadian one, the corporation having a Dominion charter to produce and refine crude petroleum, to build refineries, lay pipe lines, operate tank cars, market and filling stations, and to buy, sell and transport petroleum and by-products.

The interest in the offering of stock by the Canada Petroleum and Refining Corporation Ltd. is being shown in the offering of stock by the Canada Petroleum and Refining Corporation Ltd.

PETERSON LAKE ACTIVITIES.

Officers of the Peterson Lake Silver Cobalt Mining Co. received a most encouraging message from the engineer at the mine stating that, while the figures were not yet made up, it was evident that the production of the mill for June would be much the best in the mine's history. A good quality of ore is being treated at present.

PRICE OF SILVER.

London, July 4.—Bar silver, 55 3/16d per ounce.

SHINING TREE CHURCHILL MINING AND MILLING CO.

At this modest price it is necessary to point out that the property is regarded as one of the most promising in this wonderful camp, and we believe good profits await the purchaser. The stock is well worth 20 cents on present showings and as work progresses it should enhance in value.
