British Attack North
Of Scarpe; Make Gains

Fighting Last Night With Haig on Offensive—Germans Launch Forces Against French But Lose Heavily

London, June 6.—The British made an attack last night on the Arras front north of River Scarpe. The war office so announces. Ground was gained in two sectors.

The statement follows: "We attacked last night north of the Scarpe and made further progress on the western slopes of Greenland Hill. We gained ground slightly west of Lens."

"Successful raids were made by us at night north of Armentieres. The enemy's trenches were entered at several places and many casualties were inflicted on his garrison."

ENEMY AGAIN SUFFERS HEAVILY.
Paris, June 6, noon.—Two violent German attacks on French positions at Huerthe and the Chemin des Dames were repulsed last night with heavy losses to the attackers, according to an official statement issued by the French war office this morning.

The French report continues: "On the Belgian front lively actions took place at night. Our pilots engaged in numerous flights with the enemy yesterday. Several German airplanes and one captive balloon were brought down. It is also learned that another German airplane was forced to earth east of Filain on Monday."

GERMANS NERVOUS
London, June 6.—A Central News despatch from Amsterdam says that the German newspapers are exhibiting considerable concern on account of the greatly increased artillery activity in Belgium along the salient between Ypres and Wyszchaeta, which has been mentioned repeatedly in the official communications. In Germany this is believed to be the forerunner of a new and fierce action. The concentration of troops made behind the Entente front puzzles the German press, which speculates as to what will be the next move.

Austrian Front
Vienna, June 5, via London, June 6.—The Austrians have regained positions taken by the Italians south of Jamiano, on the front above Trieste, and captured more than 6,000 Italians. The war office announces this.

Berlin, June 6, via London.—A British attack delivered yesterday succeeded in penetrating the German position at the Bogen railway station, where the fighting continues for small sections of trenches, says today's army headquarters statement. The artillery battle in the Wyszchaeta salient continued with only short interruptions.

In its report on operations along the Macedonian front, the British war office announces that British airmen dropped incendiary bombs on ripening grain fields on the east bank of the Struma.

EVIDENCE IN
LIQUOR CASE

Webber On Stand This Morning—Some Interesting Testimony

A case against Edward Webber, charged with illegally handling liquor under the new act was resumed in the police court this morning. Webber, when cross-examined by John A. Sinclair, who appeared in the interests of the act, admitted that he had been convicted some time ago in Digby for illegally handling liquor in that place.

The defendant said that he lived at 127 Leinster street. On May 25 he was called at his house on invitation about 10.30 o'clock. They had a lunch after which a case of liquor was telephoned for by the witness. When the two men left the house he noticed each had a valise, which had evidently been left in the porch. He did not notice the valises when the men came to the house. He denied having given any liquor to them. He knew nothing whatever about the contents of the valise confiscated at the station by Inspector Crawford. As to the bottles produced in court by the inspector, and which were returned to the house, he said they were of an entirely different brand from that which was contained in the valise. He had bought them on April 25 in this city for his own use.

At the time of the purchase he took them to Isaac Webber's house in Harding street. When he moved to his own house in Leinster street, the witness said, he brought the liquor about May 4. There were eighteen bottles of liquor, nine bottles of Scotch and some brandy. He took six bottles to his father, Digby on April 25. All was for his own personal use.

Cross-examined by Mr. Sinclair, Webber denied that he had sold liquor to Horstin in Halifax or that Horstin had sold any to him. He admitted that he at one time was convicted of illegally selling liquor in Digby, but denied that he had unlawfully sold or handled any in St. John.

The defendant's wife sworn, said that she knew nothing of the visit of the two men to the house on the night in question. She had gone to bed early that evening. She first noticed the liquor in the house on May 4. He said that the liquor had been bought for their own private use.

The case was further postponed until Friday at eleven o'clock. Daniel Mullin, K. C., is appearing for the defendant.

DRIVEN AWAY

British Had Warning And Were Prepared For Them—ONE THRILLING SCENE

Crowds on Shore See Enemy Airship Hit and Sink Into The Sea—Pilot Probably Was Drowned

London, June 6.—Persons arriving in London from the area raided last evening by German airplanes, say that ample warning of the approach of the raiders was given and that British airmen were patrolling before the enemy reached the coast. The weather favored the invaders who, flying at a great height tried to penetrate inland under the cover of small cloudbanks. They were quickly located and engaged by airplanes and land batteries, whose defense was so effective that they penetrated only a few miles inland and, after dropping bombs, speeded away.

An eye witness says that at one of the raided places the people were entertaining wounded soldiers on trips to sailing boats. The shore was crowded with women and children. The gunfire of the shore batteries caused no great excitement at the outset, it being supposed that they were being used in practice. But suddenly enemy planes came into full view and apparently with intent to free themselves from the netting later one of them was seen somersaulting from the clouds, and amid a storm of cheering, dropped into the sea. Motor boats and other crafts manned by sailors immediately began racing toward the plane. The pilot, who was in his seat apparently unhurt, was seen struggling to free himself from the derelict. When the first boat reached the scene, however, the pilot had disappeared and is supposed to have been drowned.

Doctor and Mrs. Barry were the recipients of a magnificent array of presents, which gave testimony of their popularity. Doctor Barry's father, one brother and two sisters arrived in the city yesterday from Melrose, N. B., and were present at the wedding.

MR. VICKERS IN
THE CITY TODAY

Going to Halifax to Close Out Some Business Before Leaving Express Company

V. G. R. Vickers, who is resigning as general superintendent of the Dominion Express at the Atlantic Division, passed through the city today en route to Halifax, where he will close out his business prior to entering the service of the Dominion Express. He came here in his official car and was accompanied by a branch of the Montreal train.

Speaking in a Times' representative he said he could not help feeling optimistic for the future of the city. He said the air from the Bay seems to be clearing and he is always glad to visit here. He recalled many reminiscences of the time, twenty-eight years ago, when he came to St. John to open a branch of the Dominion Express. At that time he had only three assistants and two teams. His growth of business since, he said, had been wonderful.

Mr. Vickers is now superintendent of the Atlantic Division of the C. P. R. for the last twelve years. He is to sever his connection with the service at the end of the month and become affiliated with the Holder Company, of Montreal, who are dealers in railway and marine supplies.

FRENCH STEAMER
SENDS SUBMARINE
TO DESTRUCTION

News of April Fight Now Given Out—Germans Admit Loss of Destroyer

Paris, June 6.—The defeat of a German submarine in a battle with the French steamer Orenouque is reported by the ministry of Marine. The Orenouque, a vessel of 2,872 tons, was attacked in the Atlantic on April 22, while on her way to the West African port.

The submarine was sighted, half submerged, and headed for the steamer, which was running. The steamer's captain immediately beat to the fourth shot and opened fire. After the fourth shot the submarine disappeared. ADMIT LOSS, BUT LIE ABOUT DETAILS

Berlin, June 6, via London.—The loss of the German destroyer S-20 is admitted in an official statement issued by the war office in regard to the attack on the steamer by British ships.

The statement follows: "Enemy monitors shelled Ostend on the morning of the fifth, killing and wounding a great number of Belgian inhabitants and causing some material damage to houses. Strongly superior reconnoitering vessels, attached to the advancing monitors, encountered two of our torpedo boats which were on guard. After fierce fighting the S-20 was sunk, firing to the last moment. A portion of the crew was rescued by us."

The enemy forces received several hits, and retired before the fire of our coast batteries.

TROUBLE IN STOCKHOLM

London, June 6.—Clashes between crowds of workers and the police and soldiers in Stockholm during a debate in the Riksdag, at Killarna's Mills, was burned yesterday with nearly all the contents. Sheriff Killam was attending county court at Dorchester at the time.

BRIDES OF JUNE

Barry-Clarke.
A wedding of interest was solemnized in St. Peter's church at an early hour this morning when Rev. Peter Costello, C. S. R., who was celebrant at nuptial mass, united in marriage Miss Bertha May Beatrice Clarke, daughter of the late Captain Thomas and Margaret Clarke, and Dr. John Malcolm Barry of this city.

The bride, who was given away by Miss Butler, from B. G. Clarke, wore a very pretty costume of same colored broad cloth with shoulder cape of ermine and hat to match, and carried a bouquet of Killarney roses.

Miss Elizabeth Barry, sister of the groom, was bridesmaid. She was becomingly attired in a suit of fawn colored broadcloth with hat to match and carried a bouquet of pink carnations. Dr. Harold S. Clarke, brother of the bride, was groomsmen. James Clarke (O'Neil) and Frank M. Barry officiated as ushers.

During the ceremony there was wedding music by the church organist, P. Delors, and very beautiful solo, Ave Marie, was sung by John O'Neil. As the bride and groom left the church the organist played Mendelssohn's wedding march. The bridal party then repaired to the home of the bride, where a dainty wedding breakfast was served.

Dr. and Mrs. Barry left on the Boston train for a trip through the southern states. Returning they will reside at 112 Waterloo street. The bride's going away dress was of navy blue with hat to match.

Doctor and Mrs. Barry were the recipients of a magnificent array of presents, which gave testimony of their popularity. Doctor Barry's father, one brother and two sisters arrived in the city yesterday from Melrose, N. B., and were present at the wedding.

Provincial Budget
Speech Tomorrow

Hon. Mr. Robinson to Speak on Finances—Lobbying For Votes For Women—Public Accounts Matters—Lancaster Bill Agreed to

Fredricton, June 6.—Hon. C. W. Robinson will deliver the budget speech in the legislature tomorrow afternoon.

Women are much in evidence about the corridors of the legislature today and are working hard to secure passage of a bill to give them the right to the franchise. The measure, which was introduced by Hon. Dr. Roberts last week, will come up for a second reading this afternoon.

Public Accounts
The public accounts committee at their meeting this morning dealt with that portion of the auditor-general's report referring to receipts and had Mr. Tibbitts and Colonel Loggie before them to explain matters. The necessity of obtaining an increased revenue was emphasized particularly in view of the fact that the receipts from stampage had fallen off somewhat and there would be no revenue from liquor licenses but, on the contrary, a considerable expenditure in that regard.

Various suggestions were made as to what sources of revenue could afford to bear an additional tax and the matter was left over for further consideration as to what recommendations in this respect should be made by the committee.

Lancaster Bill Agreed to
The municipalities committee agreed to a bill to authorize the town of Chatham to issue debentures for the improvement of the electric light service in the town and also to a bill to amend the act relating to permanent sidewalks in the parish of Lancaster.

The corporations committee considered a bill relating to the Moncton hospital and a bill relating to the St. John River Hydro Electric Company, both of which were stood over for further consideration.

Votes For Women
Fredricton, N. B., June 6.—Woman suffrage has the floor at the House of

Assembly today. A large delegation of both men and women, many of them from St. John, arrived this morning. The delegation waited upon the provincial government in the executive council chamber, but the number of delegates was so great that adjournment was made to the assembly chamber, where addresses were made. Hon. W. F. Roberts, M.D., whose bill providing for equal suffrage will be up for second reading this afternoon, introduced the delegation.

Miss Clara McGivern, president of the Women Suffrage Association of St. John, opened the argument with an excellent address. She was followed by Mrs. Richard Hooper of the Local Council of Women, St. John, and A. M. Beiding of St. John, representing the Social Service Council of New Brunswick, also was heard. The Women's Christian Temperance Union was represented by Mrs. Alfreda Wallace. Rev. H. A. Cady was the last speaker.

Premier Foster, who presided, replied to the delegation that the question of privilege and an honor that the delegation had appeared. He could assure its members that the fullest consideration would be given to the arguments which had been advanced. With the canvass of the members of the legislature and the voluminous literature which had been furnished, no one could say when the bill came up "This is so sudden."

Unfortunately he was not in a position in which he could announce his own future action or that of the government. The members of the house were seated in the galleries of the chamber, the delegation seated at the members' desks and about the chamber. Before the delegation was heard a thorough canvass of the members was made by those forming the delegation. Some of the members of the house expressed themselves as favorable to the passage of Hon. Dr. Roberts' bill, and other were opposed.

CHARGE OF WIFE BEATING
Arrest in Brussels Street House In The Early Morn

One lone prisoner occupied the prisoner's bench in the police court this morning. This was the first arrest for some time. The prisoner was John Phelan, taken on charge of beating his wife Phelan, taken at 278 Brussels street. His arrest was made by Detective McAish and Policeman Coughlan. The evidence of the police went to show that they had been called there twice last night and early this morning. Detective McAish said that he went there about 2.30 o'clock. Furniture in the house was smashed and had beaten his wife so badly that she was black and blue about the arms. The detective said that he had attempted to throw her over the banister. Liquor was found in the house and one bottle half full of liquor was placed in evidence. There were two other men in the house, said the detective, at the time and both were under the influence of drink. The prisoner is said to be boarder. The prisoner, as his wife did not appear in court this morning the case was set over until she can come.

TRUANT CLOSE
TO TWO MONTHS

Fine of \$109 Might Be Imposed On Mother, At \$2 a Day

That cases of truancy are going to be suppressed in St. John was exemplified again this morning when a young boy was before Magistrate Ritchie in the juvenile court for that offence. He was arrested yesterday on a warrant. The boy has been playing truant from school for fifty-four and one-half days. The magistrate, it is understood, told the mother of the boy that she was liable to a fine of \$109, that is \$2 for each day the boy was absent.

The boy was allowed to go with his mother and will have to report to the court every Saturday with a note from his teacher showing good attendance at school. The mother has to make arrangements to come to court at a set date with some money in part payment of the fine imposed.

DRUG CLERKS' EXAMINATION

Pharmaceutical examinations were commenced this morning in the society's rooms in Charlotte street. There were nineteen writing the general examinations and fifteen the registration papers. Examinations were held this morning in materia medica, in which subject F. R. W. Ingraham is examiner, and in general subjects, the examiner being Dr. S. H. Bridges, superintendent of schools. This afternoon examinations were held in pharmacy, with Arthur Smith acting as examiner. Tomorrow will bring the examinations to a close with papers in dispensing and chemistry. Aubrey Johnson is examiner in the former and M. V. Paddock in the latter subject.

FIRE INSURANCE ADJUSTMENTS

The loss on the McCready vinegar factory, building and plant has been classed as entire by the adjusters. The amount of the insurance carried was \$22,000. The loss sustained by the Goodyear Rubber Company in the fire in Sande's building in Prince William street several weeks ago was adjusted yesterday. The loss was fixed at \$1,200.

More Murders By Huns in North Sea

London, June 6.—At a conference of members of the Seamen's and Firemen's Union yesterday indignation was aroused by the recital of two recent instances of German ruthlessness in the North Sea. In one case a British ship was sunk and eleven members of the crew were killed by shell fire. In the second case, after torpedoing the ship, the German fired a surface torpedo through a small boat which was carrying the crew to a rescuing steamer and killed all on board.

DETERMINED
ON CHURCH UNION
AFTER THE WAR

Moderator of Presbyterian Assembly Gives Interview

MEETING IN MONTREAL

First Session Tonight—Rev. Dr. John Neil of Toronto Likely to be New Presiding Officer—Sessions Until Next Wednesday

Montreal, Que., June 6.—"Some people who call themselves the Presbyterian Church Association are meeting here in Montreal to protest against the union of the Presbyterian, Methodist and Congregational churches, but we will show them by an overwhelming majority that we are determined to carry out our decision made last year in Winnipeg, union after the war," said Rev. A. B. Baird, moderator of the Presbyterian General Assembly, in an interview this morning.

"We have now had church union under consideration for twelve years. It is not a consistent with our self-respect or courtesy to the other churches involved to refuse any longer to indicate a definite policy on the matter. I do not expect the debate on church union will start until Monday or Tuesday."

"The west is emphatic for union and the surprising thing about it is the very large percentage of congregations from the older and more conservative east who are in favor of union."

The opening meeting of the general assembly will be held tonight at 8 o'clock with an attendance of between 500 and 600 commissioners from all over the dominion.

After a devotional service and a sermon by the retiring moderator a new moderator will be elected. So many Presbyteries have already indicated their decision that it is practically certain that Rev. John Neil, D.D., of Westminster church, Toronto, will be elected. The assembly will probably come to a close on Wednesday night or Thursday of next week.

Good Things Coming to Theatres of St. John

NOTED TENOR REACHES IMPERIAL TODAY

Walter Heckman, a partner of the two young ladies, Misses Shaw and Campbell, who have been performing so pleasingly at the Imperial for the last couple of days, arrived on the Boston train at noon today and will be heard in his trio for the remainder of the week as originally intended. Mr. Heckman was detained because of military regulations but has now secured the required permission to spend a few days in Canada to fill this engagement. He is an officer in the American militia and will be going overseas in one of the early drafts. With Mr. Heckman in the vaudeville combination now at the Imperial this must be a feature will be further enhanced in merit and value. It is a very classy offering indeed with out any trashy songs, no questionable dialogue and filled to the limit with sheer artistry. The Imperial's gorgeous stage setting, the orchestral accompaniment and the charming gowns of the ladies make the effect all the more pleasing. The picture bill today is entirely changed as well and introduces Mac Murray in the splendid comedy drama entitled "On Record," also scenic and comedy reels.

IT'S GOOD THIS WEEK AT OPERA HOUSE

There is some vaudeville show at the Opera House this week—one of the most entertaining programmes of the season, so they say. Better take it in tonight. If you have not seen the opening chapter of the new serial drama, "Gloria's Romance," with the charming stage favorite, Miss Billie Burke in the leading role—see it tonight sure for this will be your last opportunity. Tomorrow and Friday the Opera House starts a new serial drama, one of myriads, "The Voice on the Wire," a Universal masterpiece which means good solid drama with plenty of thrills and gripes. See the opening chapter of this serial by all means—you will like it. From now on a new chapter of the Billie Burke serial, "Gloria's Romance," will be shown every Monday, Tuesday and Wednesday and a new chapter of "The Voice on the Wire," every Thursday and Friday—in conjunction with the regular vaudeville programme.

AMONG THE ACTS SCHEDULED FOR NEXT WEEK IN THE REGULAR WEEKLY CHANGE OF PROGRAMME IS THE WELL KNOWN CHARACTER COMEDIAN, GEORGE HALL, WHO HAS APPEARED IN ST. JOHN IN THE PAST WITH "A RAGGED HERO," "A BUNCH OF KEYS," "AN AMERICAN GIRL" AND OTHERS.

PRESENTATION TO SOLDIER

Harry B. Purchase, assistant draughtsman with the New Brunswick Telephone Company, who has enlisted with the Canadian Engineers, was honored by his associates on the staff of the company this afternoon. Mr. Purchase is to leave this evening for his unit at St. John's, P. Q., and before his departure, a military wrist watch was presented to him on behalf of the staff. The company already has a large number of former employes at the front.

RED CROSS WINDOW

A window of M.R.A., Ltd., in King street is attracting considerable interest in the interests of the local Red Cross. A call was recently sent out for 2,500 red cross bags which are supplied in hundred and are being raised by the Red Cross here. The window presents a figure garbed in a Red Cross nurse in the act of filling one of these soldiers' comfort bags. Around the window are artistically arranged the various comforts that go into the bag.

We shall not have a "sour face" for you when you come in, but a smile as we are doing a big business, thank you, and are happy. Our pure, wholesome groceries will make those who eat them happy. No adulterated stuff in our store. We wouldn't sell that kind. If everybody only knew how good our groceries were, we'd sell every dollar's worth that is sold in this town.

SIX OF THE SIXTEEN DESTROYED

British Airmen Pursue German Air Raiders With Marked Success

London, June 6, 2.38 p.m.—Four of the German airplanes returning after yesterday's raid over England were destroyed by British pilots. This it is announced officially. One British pilot, who pursued the Germans toward Dunkirk brought down two of the raiders. Later ten British machines from Dunkirk engaged the returning Germans, destroying two of their machines and forcing down four. Sixteen German airplanes took part in the raid over Essex and Kent, dropping bombs which killed two persons and injured 29. Two German airplanes were brought down by British anti-aircraft guns while the raid was in progress. The total casualties in yesterday's raid were, killed, twelve, injured, thirty-six. As Germans Report it Berlin, June 6, via London.—A German air squadron has dropped more than 5,000 kilograms of bombs on military establishments at Sheerness, England, German army headquarters announced today. Good hits were observed.

SCALDED TO DEATH

Three Year Old Child Falls Into Pail of Boiling Water—News of Fredericton

Fredericton, June 6.—The three year old daughter of Aubrey Hetherington, station agent at McGivney Junction, fell into a pail of boiling water last Wednesday and was scalded so badly that death ensued the next day. The city council last night discussed the matter of better protection of the public from reckless drivers of motor cars. The grand jury yesterday memorialized Judge Wilson of the York county court to take the effect that the authorities should take action to safeguard the public particularly in the city of Fredericton. It is probable that the police force will be specially instructed to enforce traffic regulations.

FOR VOTES FOR WOMEN

A Fredericton despatch says: It had been rumored that all the opposition members from St. John would vote against woman suffrage. The Times learns that at least two will vote for the measure.

NEARLY A SERIOUS ACCIDENT TODAY AT RAILWAY CROSSING

What spectators consider a miraculous escape from a serious accident occurred this morning at the I. C. R. crossing at Haymarket Square. One of the street cars was approaching the junction at the foot of Brussels street and was just crossing the railway tracks when an engine hove in sight and came within an ace of crashing into the street car. As it was there was a slight collision and the rear end of the car was slightly damaged. The driver, who was witness the accident said that he was sure somebody would be killed. Residents in that section considered that gates should be placed guard the street there so as to safeguard the public.

WRITES OF DEATH OF BROTHER IN WAR

How Gunner J. R. Johnson Gave up His Life on May 11

Mrs. J. A. Johnson, of Quispamsis, is in receipt of the following letter from her son, W. J. Johnson, speaking of the funeral of his brother, Gunner J. R. Johnson, who was killed in action on May 11. France, May 18, 1917. I suppose before this reaches you, the news of Joe's death will be known to you all. He was killed on May 11, also two other boys of his gun crew. It was a direct hit and he never knew what hit him. The poor boy did not suffer any having this happen so far from home, but Joe has just gone to live the other part of his life in the other world where we all have to go some time; so try and be as cheerful as possible. It is very hard for me to write this but I will do my best. They had the funeral service this morning and he was buried close to our horse lines in the Canadian Corp Cemetery. They have put up a cross to mark his grave and as long as I am in this place I will see that it is kept nice and so will my own battery. I tried to get word to Wallace in time but he was too far away. George Richardson and Duke Chamberlain were there, also a lot of boys from the D. A. C.

SERGEANT DAREY, OF JOE'S SUB-SECTION, SAID HE WOULD WRITE TO FATHER. HE WAS A VERY KIND AND SAYS JOE WAS A FAVORITE IN HIS GUN CREW. THE SERGEANT IS GETTING ALL JOE'S PERSONAL KIT FOR ME SO I WILL SEND ANYTHING I THINK YOU WOULD LIKE TO HAVE.

TWO NIGHTS BEFORE HE WAS KILLED HE WAS DOWN TO SEE ME AND WE WENT DOWN TO THE D. A. C. AND SPENT THE EVENING. WE WERE TALKING ABOUT YOU ALL AT HOME, NOT KNOWING HE WAS NEVER TO SEE YOU ALL AGAIN TILL WE MET IN THE OTHER WORLD. WELL, DEAR MOTHER, THIS IS ABOUT ALL FOR NOW. WHEN I GET HIS KIT I WILL WRITE AGAIN. SO I WILL CLOSE WITH LOVE TO ALL. GOD BLESS AND KEEP YOU THROUGH THIS GREAT LOSS. YOUR LOVING SON, JACK.

The Common Sense of Shell Spectacles

These frames are light, but strong and rigid. They permit larger lenses to be used, which widens the field of vision. Lenses are kept properly centred, for the shell mounting does not bend. There is less danger of lenses being broken in the case or otherwise. They are more comfortable and more fashionable than rimless or gold glasses.

Honor Comes For Lieut. Guy Yerxa After Death—The Klittie Campaign

Fredericton, N. B., June 6.—Mrs. Randolph Yerxa of this city has received the information that her son, the late Lieut. Guy Yerxa, who met his death while gallantly leading his platoon at the attack on the Vimy Ridge, was awarded the Military Cross for his good work in connection with a trench raid on the night of March 31. A letter to his wife states that the honor was posthumous. The pipe band of the 28th Highland Battalion, Lieut.-Col. P. A. Guthrie and Mrs. Guthrie and Capt. and Mrs. Percy Goderath left for Boston this morning to take part in a recruiting campaign of the 28th among British subjects in the New England states. Mrs. Goderath spent a long time in France as a nurse and will address women's societies on conditions there. There is much enthusiasm among former provincials in Boston over the Klittie recruiting campaign.

SMITH-BELDING

This afternoon at half-past five o'clock in Tremont Temple, Boston, the marriage of Guy S. Smith of this city, and Florence, daughter of A. M. Belding will take place. The bride will be accompanied by her uncle, Arthur Bliss of Andover, Mass., and the marriage ceremony will be performed by Rev. Dr. M. Lockwood. Mr. Smith has been with the Parsons Printing Company for some years. Both bride and groom have many friends to wish them happiness. They will arrive in the city on Friday of this week and have taken a cottage at Renforth for the summer.

PERRY-TOLIN

A very pretty wedding was solemnized in the Church of the Assumption, West St. John, this morning, when Rev. J. J. O'Donovan, who was celebrant at nuptial mass, united in marriage Miss Agnes Catherine Tobin, daughter of Mr. and Mrs. William A. Tobin, and Vincent Francis Perry, a popular engineer of the C. P. R.

British Support Soccer.
 London, June 6—The complete statement of receipts from the soccer games in the Lancashire and Midland sections of the English league during the season which has just concluded, shows the large amount of \$382,150 taken at the gates. Of this sum \$50,925 went to the government tax and \$12,220 to charities, while league management expenses absorbed \$2,995. The Midland section gates produced \$147,210, of which \$22,545 went to government tax, \$5,690 to charities, and \$1,120 to league management. The Lancashire section figures are: Gate receipts, \$184,940; government tax, \$37,980; charities, \$7,300, and league management, \$1,440.

As an illustration of the great interest in soccer football these results are satisfactory, especially when the fact that soldiers are charged but half price, and wounded soldiers admitted free, are taken into account.

KARNESKY AT THE FRONT

Able Man Who is Working to Sober the Intoxicated Russian Giant.

(N. Y. Times Editorial)
 It is a gigantic task that Minister Kernesky has undertaken, but he is performing it with vigor and spirit. The Russian generals have made their appeals to their men to give up dreaming about peace and begin to fight again, and in some cases these appeals have been effective. Now, however, comes a Socialist leader and a member of the Petrograd government to make the same appeal, and it must be far more effective with those soldiers who have been misled by agitators. Kernesky divides the misleaders of Russia into two classes, conspirators and dreamers. The conspirators, he tells the soldiers, and secret reactionaries seeking to bring about a return of despotism, and knowing that the surest way to get it is to induce the soldiers to demand everything immediately. The other class consists of "idealists" who, gazing intently at the sky, drag in his first despair at finding the revolution poisoned by conspirators and dreamers. Kernesky wished that he had died at the moment of the overthrow of Czarism, that he had not lived to see his hopes frustrated. He recovered from that black depression and is now doing a man's work to sober the intoxicated and bring its reeling feet back into the path of progress. The surest proof that his work is effective is that the wreckers of the revolution are denouncing him as a would-be Bonaparte.

SELECTIVE DRAFT OF WEALTH NEEDED

If Men Must Be Taken the Money Should Also Be Made to Serve

(Toronto Star)
 When "conscription of wealth" is spoken of, many profess not to know what it means, and pretend to believe that it means the confiscation of all property. Nobody suggests the conscription of all wealth, just as nobody suggests the conscription of all men and the sending of all the male population away to war. But if there is to be a selective draft of fit men whose services are necessary for the country's listing will no longer do, then voluntary giving will no longer do, either. If the nation is to go into the homes and take the men it needs, it should not hesitate to go into the offices and take the money that is required. It is, we think, greatly unfortunate that it should be necessary to argue this question at this time to prevent the nation putting itself in the position of making more free with some men's lives than with other men's money.

Some of our citizens are making 100 per cent profit at a time when 400,000 other citizens are risking their lives at a dollar per day. Another 100,000 men are now to be called out to risk their lives at a dollar per day. That being the actual fact at this moment, should it be necessary to argue the case further? Is it not an absolute necessity of the situation that the conscription of some men shall be accompanied by firm and just regulation of the war-dealings of others, so that the scandal of this thing shall not embitter the public mind?

Many of those who are making inordinate gains are doing so directly or indirectly because of the war. Those who serve their country suffer dearth of their reparative loss. Those who serve only themselves find these years of world disaster bonanza years. The drafting of men on an equitable plan will do much to equalize the risks of war fairly among all the people, rich and poor. But at this moment the nation should declare that all people must serve the country in one way or another, and that no man among us shall serve only himself and coin the sorrow of his neighbors to gains for himself. The thing has been a scandal too long, and business men have too long deceived themselves and bribed their consciences.

INSTRUCTIVE EVIDENCE.

Yesterday's evidence in the Valley Railway enquiry is of a very interesting character. It shows how fortunate were those persons who had the favor of the late provincial government. One hundred thousand dollars is a snug sum of money, even in these piping times for profiteers.

Then there was the little matter of the gift of \$75,944.75, made to the construction company by the change in the contract for the Andover-Centerville section.

LAVERGNE'S STRATEGY. The Toronto Globe fears we have all misjudged Lt.-Col. Armand Lavergne, and suggests that he really wants to wallop the Kaiser and has a plan of campaign all ready.

IT IS CANADA'S WAR. A St. John opponent of conscription is quoted as saying—"See what Canada has already done for England."

Canada is fighting for Canada, as much as England is fighting for England. One would think the fact that the United States, which certainly would not fight merely for England, has thrown its aid into this war would convince even the least thoughtful of persons that there is more in it than a struggle between England and Germany.

TO DISCUSS BILLS

All the bills to the legislature from the city and the county of St. John will be before the corporation committee of the legislature on Thursday, so the city commissioners were informed yesterday. The mayor and the four commissioners will be in attendance. The bills in which they are chiefly interested are the assessment bill and the hospital bill, both of which, it is stated, are meeting strenuous opposition.

Commissioner H. R. McLellan, who is president of the Union of New Brunswick Municipalities, left last evening for Fredericton, where he has summoned a meeting of the legislature committee to convene early this morning. All municipal bills will be before the committee and if generally approved, will be backed by the whole committee when considered by the legislature. This is the first occasion upon which the committee has been convened. This was the special function of the committee when originally appointed, but hitherto the duty of reviewing municipal bills and backing or opposing them has been left with the secretary of the union, which plan has not been very satisfactory.

With reference to the assessment bill, it is understood that a delegation of the board of trade, though perhaps not officially, however, will be on hand to look it up.

With the object of impressing upon the government the necessity for passing the bill entitled a bill to amend the New Brunswick Electoral act, thereby extending the franchise to the women of the province, a delegation in support of the measure will wait upon the cabinet at Fredericton this afternoon. Among those who will go from St. John are the following: Miss C. O. McGivern, Mrs. Richard Hooper, Mrs. J. E. Flewelling, Mrs. N. H. Coates, Mrs. W. Frank Hatheway, Mrs. H. Climo, Rev. H. A. Cody and Mrs. Cody, W. Frank Hatheway, A. M. Belding, J. V. Russell, J. L. Sugrue, Mrs. W. F. B. Patterson and Miss Maria Foster.

LOSSES SMALLER

London, June 5—The weekly report of losses of British merchant vessels in the submarine campaign will again show a favorable total when it is issued tomorrow. In some respects the last week has been the best since unrestricted submarine warfare was inaugurated. Last Friday was a blank day on the records, that is, no losses of British merchantmen occurred. It is the first time this has happened for a long period.

British naval people believe the improvement is cumulative, and that there is not the slightest chance, with the improved Allied organizations, that the Germans ever will repeat their performance of the black week when nearly sixty boats were sunk.

Young Ladies To Sell Papers In Our Streets

Friday and Saturday this week the members of the Loyalist Chapter, Daughters of the Empire, will sell papers throughout the city, offering for sale the Buffalo Sunday Times, special St. John edition.

C. A. Munro, of the St. John News Co., has donated several hundred copies of this special edition to this Chapter. The members will sell them for the benefit of their organization. The proceeds from all papers sold by these young ladies will be used by them to further their splendid work.

No Votes For Civil Servants

Suggestion for Elimination of Politics From Public Service—Hon. Dr. Pugsley Charges Discrimination.

Ottawa, June 5—The commonsense most of the afternoon today discussing the proposed salary increases to the civil service. The resolution introduced by Sir Thomas White deals only with the inside service at Ottawa and is mainly intended to compensate the lower salaried employees for the increased cost of living. The discussion went far afield and members of both sides of the house engaged in a debate upon the removal of political influence from appointments to the service. It was claimed by E. Frigg, Conservative member for Ottawa, to take the lead by suggesting the elimination of politics by the simple expedient of depriving all civil servants of the franchise. The proposal coming from a member who must largely depend upon the votes of civil servants for election, was something of a shock, but met with support from both sides of the house—and opposition, as well.

The resolution was passed and the bill given first reading.

Hon. Charles Maclellan, on the opening of the house, asked Sir Robert Borden if the government had under consideration any measure looking toward the prohibition of the use of alcoholic liquors as beverages. Mr. Maclellan said he was much interested in this subject, and had received many letters regarding it, one of these letters stating that such a measure was going to be introduced and asking him to support it.

Sir Robert Borden replied that the minister of justice had under consideration some suggestions made on this subject. In connection with amendments to the act passed last year, it was very likely that wider scope would be given that act, but he was not in a position to make any announcement yet.

Hon. George Graham said he had that morning received several telegrams urging the establishment of a separate portfolio of minister of mines, with a responsible minister at its head. Two of these came from the Mining Institute, and he inquired what the government thought about it.

Sir Robert Borden replied that he had not considered the matter.

Sir Thomas White asked his original question regarding the amendment to the bank bill from the order paper in order to leave the amended version standing after which the house settled down to committee work on the amendments to the civil service bill, with a number of extremely interested civil servants looking down from the galleries.

After Sir Thomas White had explained the intricacies of the bill, Hon. Dr. Pugsley asked as to the recent order-in-council stopping the pay of civil servants enlisting. Sir Thomas White said that this was the case, and the order had been passed in view of the approaching conscription measure.

Hon. Dr. Pugsley said it seemed an extraordinary thing to pass an order-in-council based on a law.

The result was there were now three classes of civil servants recruits, those getting full military and civil pay, those getting military pay only, and those getting up to the difference between that and their previous salary, and now the third class, getting merely their military pay.

Sir Thomas White said these reductions had been necessary in view of the unexpected increase in the size of the expeditionary forces and other considerations.

KNIFE ON CORNS CAUSES LOCKJAW

Tells how to loosen a tender corn so it lifts out without pain

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezeone, which the moment you are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky substance which dries the moment it is applied and is said to simple shrivel the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a tissue of an ounce will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

RECENT DEATHS

Stanley W. Miller.

Newcastle, N. B., June 5 (Special)—Stanley W. Miller, one of Northumberland's best known citizens and business men, passed away at the Miramichi hospital shortly after 7 o'clock this morning after an illness of only a few days. On Saturday evening deceased was stricken with pleurisy and pneumonia and his condition became so serious that he was removed to the hospital on Sunday and gradually sank until death ensued this morning. He was born at Newcastle about forty years ago, being a son of the late William Miller. Upon the death of his father he, together with his brother Harry S. Miller, took over his father's business and started the firm of Miller Bros., but retired from the firm about two years ago and has been conducting an insurance business.

He was active in politics and was first elected mayor of Newcastle in 1905, was defeated the following year but was re-elected in 1907-08-09, besides this he has served as alderman for five years.

In 1908 he, together with the present provincial secretary, Hon. R. Murray, Wm. Anderson and W. C. Windwood, a member of the school trustees and who successfully contested this county in the Liberal interests. He was a past master of Northumberland Lodge, A. F. & A. M., a member of the school trustees of Newcastle, and two children, Audrey and Winston Churchill; five brothers—Samuel B. Harry S., Newcastle; Charles, in the west; Everett, at the front; and Clarence, at Moncton; two sisters, Bessie (Mrs. Dr. Spraul), Newcastle; Laura (Mrs. L. B. McMurdo), of Moncton.

The funeral will be held on Friday under Masonic auspices.

Mrs. Amelia J. Morton.

The death of Mrs. Amelia J. Morton, wife of Thomas Morton, a well known resident of Penobscot, occurred yesterday afternoon at her home in Penobscot after a few days' illness from pneumonia. The Mrs. Morton was highly esteemed in the community and was an active member of the Baptist church. Mrs. Morton was sixty-four years of age and, besides her husband, who is in business at Penobscot, she leaves three sisters, also residing at Penobscot—Mrs. Edgar Wallace and the Misses Augusta and Belle Pugsley; also three brothers—Albert, of Sable (Maine), and Sanford and Robert, of Missoula (Mont.). The late Mrs. Morton was the eldest daughter of the late Robert Pugsley, of Penobscot. The funeral will be held on Thursday afternoon at 2 o'clock from her late residence.

WOMAN'S SUFFRAGE

(Woman's Journal.)

The cause of equal rights for women moves in these days with amazing swiftness. Woman suffrage is assured in England and in Russia. In Germany it is an integral part of the demand for electoral reform that is being pressed with ever growing power. In several other countries it seems to be at the door. We used to count our victories by states, and they were few and far between. Now we can count them by whole nations, and they are coming thick and fast.

In the world events of today we see the full development of the tendency to which Mrs. Catt called attention a year ago. She pointed out that women suffrage is now closing in from all sides upon the states that still hold out against the reform. It is coming towards us from our own enfranchised states in the west, from Europe in the east, from Canada at the north, and up out of the ground from Australia and New Zealand at the tropics.

As the women of one country after another are enfranchised it becomes a more and more glaring anachronism that American women should still be held in political tutelage. The federal amendment for nation-wide woman suffrage ought to pass through congress at this session, and the prospects are that it will.

RECENT WEDDINGS

Stevens-Likely.

In Exmouth street Methodist church this morning at 11 o'clock in the presence of a large number of relatives and friends, Miss Laura Evelyn Likely, daughter of Mrs. Thomas Likely, Rockland, was united in marriage to Gordon Smith Stevens, son of Mr. and Mrs. L. Stevens, Orange street. Rev. W. T. Lane, pastor of Exmouth street church, officiated. The bride, who was given away by her cousin, Frank J. Likely, wore a grey suit with hat to match of French design, and carried a bouquet of white roses. They were unattended. Miss Sandall presided at the organ and a full choir was in attendance.

Estey-Magee.

Miss Grace St. J. Magee, daughter of Mr. and Mrs. David Magee, Elliott Row, was united in marriage yesterday morning to Lord B. Estey, son of James A. Estey, of this city. The ceremony took place in German street Baptist church and was performed by Rev. S. P. Poole. The bride was becomingly gowned in a traveling suit of blue with black and wore a corsage bouquet. She was unattended.

Colwell-Biggar.

Chas. Edwin E. Colwell, representative of T. McAvity & Sons, Ltd., for west Nova Scotia, was married to Miss Gladys Biggar, of Forester, Carleton county, in German street Baptist church yesterday morning at 10 o'clock. Among the many wedding gifts was a china service from the employes of T. McAvity & Sons, Ltd. Mr. and Mrs. Colwell left on the steamer Empress for a six weeks' trip through Nova Scotia. On their return they will reside at 159 Leinster street.

Shonaman-Buckley.

A quiet wedding was solemnized yesterday at the rectory of St. James' church, in German street, when the rectory, Rev. H. A. Cody, united in marriage Charles M. Shonaman, son of the late Henry Shonaman and Miss Mae Isabelle Buckley, daughter of James Buckley, of West St. John. The bride was attended by her sister, Miss Mand Ella Buckley, and Robert S. Callaghan was best man. Mr. and Mrs. Shonaman will take up their residence in King street, West St. John, and the best wishes of their many friends will accompany them.

Tait-Simonds.

St. David's Presbyterian church was the scene of an interesting event at 8:15 o'clock this morning, when John Alwyn Tait, a member of the writing staff of the Times-Star, was united in marriage to Miss Hilbert Steward Simonds, eldest daughter of Mr. and Mrs. W. A. Simonds, of 207 Rockland Road. The church had been prettily decorated for the occasion and an appropriate setting for the ceremony, which was performed by Rev. J. A. MacKegan. The bride, who was given away by her father, was attended in a traveling suit of Copenhagen blue and carried a bouquet of cream roses. During the service the wedding music was provided by the church organist, Mrs. J. F. Archibald. After the ceremony, Mr. and Mrs. Tait left for a trip through Nova Scotia. On their return they will reside in this city. The out of town guests included Mrs. F. S. Reid and Miss Jean Stewart, of Harvey, and Mr. and Mrs. John Stewart, of Ingonction.

Buckley-Landy.

John E. Buckley of Bangor and Miss Teresa E. Landy of St. John were married in St. Charles' church, St. Francis, on Wednesday, by Rev. G. F. Foy, priest of Grand Harbor and a sister of the bride, was bridesmaid, and Harold B. Russell of Bangor was the groomsmen. Mr. and Mrs. Buckley are now in Bangor on their wedding trip. They will reside in St. John.

Had To Promise W. B. Tennant Half Of Profits to Get Contract; \$100,000 Paid in Advance

Thomas Cozzolino Tells Startling Story at Valley Railway Inquiry—These Were Only Conditions Under Which Their Tender for Gagetown-Welsford Section Would be Accepted

A PROMISE OF HALF OF THEIR ENTIRE PROFITS AND A CASH PAYMENT OF \$100,000, ON ACCOUNT, ON THE DAY THE CONTRACT WAS SIGNED, WAS THE PRICE WHICH THE NOVA SCOTIA CONSTRUCTION COMPANY FOUND IT NECESSARY TO PAY IN ORDER TO SECURE A CONTRACT FOR THE CONSTRUCTION OF THE GAGETOWN-WELSFORD SECTION OF THE VALLEY RAILWAY.

This was the evidence given by Thomas Cozzolino, the president of the company, at the inquiry into the Valley railway affairs which was resumed here yesterday by Commissioner Stevens.

The person to whom it was necessary to promise these profits and make this payment was W. B. Tennant, of this city.

The reason why the members of the company consented to this arrangement, Mr. Cozzolino testified, simply was that their vice-president and general manager told them that it would be necessary in order to secure the contract; they could get the contract on these conditions; they could not get it otherwise. Mr. Tennant's return for this generous provision, Mr. Cozzolino said, was his "influence."

Mr. Tennant has been known as an influential citizen and Mr. Cozzolino has provided an accurate standard by which to gauge the value of his influence in certain circles. In the city directory, Mr. Tennant is described as a "financial agent and broker," but he is also known as a close associate of the local wing of the Murray-Baxter government, as a member of the Conservative patronage committee, and as a director of the St. John Standard.

Mr. Cozzolino did not attempt to give any reasons why his company should part with half of their profits and discount the prospective profits in such a liberal fashion except the fact that, at the time, they regarded it as "good business." Neither did he profess to know what was to happen to the \$100,000 after it was paid to Mr. Tennant.

That the company could afford to be liberal was indicated by evidence given earlier in the day by C. O. Foss, a director and the chief engineer of the Valley Railway Commission since the change in the local administration. From the records of the company which he found awaiting him when he entered the office, Mr. Foss estimated that the profits of the Nova Scotia Construction Company on the Westfield-Gagetown section "WOULD BE IN THE VICINITY OF \$233,207, ON A TOTAL COST OF \$1,218,221."

The evidence given by Mr. Foss and Mr. Cozzolino went to show, however, that Mr. Tennant was not the only person marked for special favors. While half of the Westfield section was sub-let to various contractors at a uniform scale, the other half was given to Kennedy & McDonald and to Smith & Merrithew at much higher rates. Kennedy & McDonald's contract, for instance, would yield them \$42,000 more than if they had accepted the terms under which the other contractors were working.

This was another mystery which Mr. Cozzolino could not unravel. On the contrary, he testified that he "made a kick about it" on his own account, but the protest of the president of the company did not seem to have affected the arrangement.

The inquiry, which was opened in Fredericton a short time ago, was resumed yesterday morning in the municipal chamber of the court house. Mr. Foss was the only witness at the morning session and Mr. Cozzolino was the only one heard in the afternoon.

The hearing was then adjourned for a fortnight, when G. H. Lindsay, the vice-president and general manager of the construction company, the man who made the arrangements for the contract and for the "partnership" of Mr. Tennant, is expected to be present to give evidence. Mr. Tennant will be called to the stand also.

Thomas Cozzolino was the only witness heard at the afternoon session. When he was sworn he testified, on examination by Mr. Carvell, that he was a member of the Nova Scotia Construction Company, a corporation formed in 1908, with head office in Sydney (N. S.), engaged in business as general contractors.

The contract between the provincial government and the construction company, dated May 19, 1916, was produced and the witness identified the signature of G. H. Lindsay, who signed for the company, as that of their president and general manager. The witness said that he and Mr. Lindsay owned equal interests in the company and that the balance of the stock was held by people in Sydney who had come in through him.

The negotiations for the Valley railway contract were carried on, the witness said, entirely by Mr. Lindsay, who acted as the sole agent of the company. Mr. Carvell produced a copy of a resolution passed by the directors of the company giving Mr. Lindsay full power to act in the matter of the contract. The resolution, which was dated in December, 1916, bearing the signature of A. McIntyre, secretary-treasurer of the company, was read and the witness identified the signature of G. H. Lindsay and that he could get the contract, as that of their president and general manager.

Mr. Carvell—"Who were these friends?"

Witness—"He said that HE COULD GET THE CONTRACT IF HE TOOK W. B. TENNANT IN WITH HIM AND GAVE HIM HALF THE PROFITS."

Q—"Did he have an agreement to that effect with Mr. Tennant?"

A—"Yes, he had an agreement, but none of us saw it; not even our lawyer."

Q—"It was a written agreement?"

A—"Yes."

Q—"Did Mr. Lindsay have power to enter into the contract without any further authority from the company?"

A—"He was to report to us before he sent in the tender."

Q—"Did you know at that time that the tender was to be made on a mileage basis?"

A—"Yes; we knew it from the newspapers; that was all we knew about it."

Q—"Had you had any conversation with Mr. Tennant on the subject?"

A—"No; I had never talked to Mr. Tennant, not about this; I had met him perhaps five or six years before."

Q—"When Lindsay made this proposal to Mr. Tennant, was it made personally or on behalf of the company?"

A—"On behalf of the company, I presume; I don't know."

Q—"From Richards in Campbellton and the River Valley Lumber Company?"

A—"He reported that he had the job, on shares with Tennant."

Q—"How was Mr. Tennant to be paid?"

A—"No; the contract was signed while I was away. Lindsay said he would have to go half and half."

Q—"How was Mr. Tennant to be paid?"

A—"I could not tell."

Q—"Did Mr. Tennant put up any money?"

A—"No, not that I know of."

Q—"What was Tennant putting up?"

A—"He was to get the job."

Q—"WAS IT HIS INFLUENCE THAT HE WAS PUTTING UP?"

A—"Yes, I GUESS SO."

Q—"He finally got the job?"

A—"Yes."

Q—"But nothing came of the first tender?"

A—"No. It was turned down."

Q—"Were you present when the second tender was put in and when the contract was signed?"

A—"No."

Q—"Did you know that Mr. Lindsay was signing the contract?"

A—"Yes."

Q—"WAS IT ON THE SAME BASIS, THAT TENNANT WAS TO PUT UP NO MONEY BUT WAS TO GET HALF THE PROFITS?"

A—"Yes."

Q—"Did you arrange about the sub-contract?"

A—"No; the first I knew about it

was when I met Alex. McDonald in the Queen Hotel in Montreal, and he told me that he had a sub-contract for ten miles.

Q—"What price was your company paying him on the sub-contract?"

A—"I can't remember them all, but he was to get 85 cents for each excavation; \$1.87-1-2 for solid rock; 55 cents for loose rock, 88 for train fill and 45 for ballast."

Q—"Who were the other sub-contractors?"

A—"There were Kennedy & McDonald, Smith & Merrithew, Fourpore Brothers, William Cook, Mitchell & Sutherland, Thomas Rawling, Lynch, Peckham & Gorman, and the Bedford Construction Company."

Q—"How much of the construction was sub-let?"

A—"All of it."

Q—"You did not do any of the work?"

A—"No."

Q—"Did you have any plan on the works?"

A—"Yes; we had some steam shovels, cars and dinkies."

Q—"For your own use?"

A—"No; we loaned them to Thomas Rawling."

Q—"Did you finance the sub-contractors?"

A—"Yes; some of them. Well, there was only one that we helped to finance."

Q—"The others financed themselves?"

A—"Yes."

Q—"And all you did was to hand out the checks?"

A—"Yes."

Q—"After the progress estimates were passed each month, you received the checks for the work and gave the sub-contractors their share?"

A—"Yes."

Q—"And you kept the difference?"

A—"Certainly."

Q—"Had you any staff?"

A—"Yes; we had two men here besides me."

Q—"AND MR. TENNANT GETS HALF OF THE PROFITS?"

A—"SO I UNDERSTAND."

Q—"NO MORE, AS FAR AS YOU'RE CONCERNED?"

A—"SURE, I KNOW."

Q—"How much has Mr. Tennant got out of the contract so far?"

A—"No one can tell. The auditor is auditing the books. As soon as he is through I can tell."

Q—"DID MR. TENNANT GET SOMETHING WHEN THE CONTRACT WAS SIGNED?"

A—"YES."

Q—"HOW MUCH?"

A—"LINDSAY GAVE HIM THE CHECK; I DON'T KNOW; I COULD NOT BE SURE ABOUT IT."

Q—"KNOW MR. COZZOLINO, AS FAR AS YOU KNOW, I DON'T KNOW; IT MIGHT HAVE BEEN \$50,000, \$100,000 OR \$200,000."

Q—"IT WAS NOT UNDER \$50,000?"

A—"NO; I DON'T THINK SO."

Q—"WAS IT AROUND \$100,000?"

A—"YES, I GUESS SO, AS FAR AS I KNOW, I THINK IT WAS \$100,000."

Q—"HE GOT PART OF HIS PROFITS IN ADVANCE?"

A—"IT LOOKS LIKE THAT."

Q—"Who is this Mr. Tennant?"

A—"I don't know."

Q—"Where does he live?"

A—"I don't know; he has an office in St. John."

Q—"What is his Christian name?"

A—"B. are his initials; that's all I know."

Q—"He is the man who was once a Methodist parson?"

A—"I don't know."

Q—"What has Mr. Tennant received since this \$100,000?"

A—"Not a cent, so far as I know."

Q—"How did you know what Mr. Tennant was to do with this \$100,000?"

A—"I don't know."

Q—"Did Mr. Tennant or Mr. Lindsay tell you that Mr. Tennant had to divide it with others?"

A—"No, sir."

Q—"Stevens—"Was the \$100,000 paid by cheque?"

A—"I could not tell; Mr. Lindsay could tell."

Q—"If it was by cheque, it would be shown in your books?"

A—"It must be."

The Andover-Centreville Section.

Mr. Carvell—"In February, 1917, we had another contract for the Andover-Centreville section. Did you have anything to do with that?"

A—"I was present when it was signed."

Q—"It is dated Feb. 8. Is that correct?"

A—"As far as I know, Mr. Lindsay was here and I did not know it was to be signed by Mr. O'Leary and Mr. Sumner on the train, and they told me. In January they wrote and asked us, if they decided to go ahead, if we could take the other job. Later they wrote and told us we would have to. We wrote back that it would be impossible for us to do it at the same price because everything was costing more."

Q—"But you came to an understanding?"

A—"Yes. We wanted twenty cents more on the solid rock but they cut us down to ten cents more on rock and gave us six cents more on common excavation and fifty cents more on concrete."

Q—"Have you done any buying for the work?"

A—"No."

Q—"I thought you were in Campbellton buying ties?"

A—"Oh, yes, ties; that is different."

Q—"From Richards in Campbellton and the River Valley Lumber Company?"

A—"Yes."

NEW TREATMENT THAT KNOCKS RHEUMATISM

A 50c. Box Free to Any Sufferer.

Up in Syracuse (N. Y.), a treatment for rheumatism has been found that hundreds of users say is a wonder, reporting cases that seem little short of miraculous. Just a few treatments even the very worst cases seem to accomplish wonders even after other remedies have failed entirely. It seems to neutralize the uric acid and lime salt deposits in the blood, driving all the poisonous clogging waste from the system. Soreness, pain, stiffness, swelling just seem to melt away and vanish. The treatment first introduced by Mr. Delano is so good that its owner wants everybody who suffers from rheumatism or who has a friend so afflicted, to get a free 50c package from him to prove just what it will do in every case before a penny is spent. Mr. Delano says: "To prove that the Delano treatment will positively overcome rheumatism, no matter how severe, stubborn or long standing the case, and even after all other treatments have failed, I will, if you have never previously used the treatment, send you a full size 50c package free if you will send your name and address with 10c to help pay postage and distribution expense to me personally." FOUR DRAFT BILLS FOR CONSCRIPTION; NONE SATISFACTORY

MUCH PROCRASTINATION

Borden's Own Followers Disatisfied—A View of the Situation as Affecting Quebec—Prime Minister More and More Embarrassed

(Special to The Toronto Star.)

Ottawa, May 30.—Four draft bills providing for compulsory service, one of them drawn by Hon. Arthur Meighen, are understood to have been presented to the Cabinet without a satisfactory selection having been reached. Introduction of the conscription bill, originally expected last Friday, later announced for today and then for next Friday, is now spoken of unofficially as "likely early next week." The government appears to be adopting a fatal course of procrastination.

Boys On Farms

William M. McLean, school inspector, has returned from Charlotte county, where he interested himself in securing boys to go on the farm. He enlisted about twenty at St. Stephen and at other points considerable success was achieved. In many of the centres the boys are working on farms owned by their people and in several instances they are operating on their own initiative.

Was Anaemic For Over a Year

Anemia, or blood turning to water, is caused by the heart becoming deranged and if the heart becomes weakened it cannot pump the blood as it should. As a result the blood becomes impoverished, and it loses its nourishing qualities. The face becomes pale and the lips bluish. There is a weakness, tiredness and loss of weight.

You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of time before dyspepsia follows.

Had To Promise W. B. Tennant Half Of Profits to Get Contract; \$100,000 Paid in Advance

Thomas Cozzolino Tells Startling Story at Valley Railway Inquiry—These Were Only Conditions Under Which Their Tender for Gagetown-Welsford Section Would be Accepted

A PROMISE OF HALF OF THEIR ENTIRE PROFITS AND A CASH PAYMENT OF \$100,000, ON ACCOUNT, ON THE DAY THE CONTRACT WAS SIGNED, WAS THE PRICE WHICH THE NOVA SCOTIA CONSTRUCTION COMPANY FOUND IT NECESSARY TO PAY IN ORDER TO SECURE A CONTRACT FOR THE CONSTRUCTION OF THE GAGETOWN-WELSFORD SECTION OF THE VALLEY RAILWAY.

This was the evidence given by Thomas Cozzolino, the president of the company, at the inquiry into the Valley railway affairs which was resumed here yesterday by Commissioner Stevens.

The person to whom it was necessary to promise these profits and make this payment was W. B. Tennant, of this city.

The reason why the members of the company consented to this arrangement, Mr. Cozzolino testified, simply was that their vice-president and general manager told them that it would be necessary in order to secure the contract; they could get the contract on these conditions; they could not get it otherwise. Mr. Tennant's return for this generous provision, Mr. Cozzolino said, was his "influence."

Mr. Tennant has been known as an influential citizen and Mr. Cozzolino has provided an accurate standard by which to gauge the value of his influence in certain circles. In the city directory, Mr. Tennant is described as a "financial agent and broker," but he is also known as a close associate of the local wing of the Murray-Baxter government, as a member of the Conservative patronage committee, and as a director of the St. John Standard.

Mr. Cozzolino did not attempt to give any reasons why his company should part with half of their profits and discount the prospective profits in such a liberal fashion except the fact that, at the time, they regarded it as "good business." Neither did he profess to know what was to happen to the \$100,000 after it was paid to Mr. Tennant.

That the company could afford to be liberal was indicated by evidence given earlier in the day by C. O. Foss, a director and the chief engineer of the Valley Railway Commission since the change in the local administration. From the records of the company which he found awaiting him when he entered the office, Mr. Foss estimated that the profits of the Nova Scotia Construction Company on the Westfield-Gagetown section "WOULD BE IN THE VICINITY OF \$233,207, ON A TOTAL COST OF \$1,218,221."

The evidence given by Mr. Foss and Mr. Cozzolino went to show, however, that Mr. Tennant was not the only person marked for special favors. While half of the Westfield section was sub-let to various contractors at a uniform scale, the other half was given to Kennedy & McDonald and to Smith & Merrithew at much higher rates. Kennedy & McDonald's contract, for instance, would yield them \$42,000 more than if they had accepted the terms under which the other contractors were working.

This was another mystery which Mr. Cozzolino could not unravel. On the contrary, he testified that he "made a kick about it" on his own account, but the protest of the president of the company did not seem to have affected the arrangement.

The inquiry, which was opened in Fredericton a short time ago, was resumed yesterday morning in the municipal chamber of the court house. Mr. Foss was the only witness at the morning session and Mr. Cozzolino was the only one heard in the afternoon.

The hearing was then adjourned for a fortnight, when G. H. Lindsay, the vice-president and general manager of the construction company, the man who made the arrangements for the contract and for the "partnership" of Mr. Tennant, is expected to be present to give evidence. Mr. Tennant will be called to the stand also.

CARLETON COUNTY CROPS.

A Woodstock letter says: The farmers of the county are striving to plant much more land than formerly. From Centreville to Lakeville, a distance of six miles, there will be 400 acres of potatoes planted, but this is probably more than any other section will average. As 300 barrels of turnips can be grown on an acre, and the Potato Products Co. will buy all that can be raised, the farmers will grow more turnips than they did last year. The price promises to be high. Both labor and fertilizer are scarce, nevertheless the county will raise at least a quarter more produce than last year.

CANADIANS AGAIN CAPTURE POWER STATION

London, June 5.—A British official communication issued tonight reads: "We gained ground slightly during the night south of the Souchez river. The electric power station in that neighborhood, for the possession of which fierce fighting took place Sunday, is now in our hands. (This is the Canadian area).
"A successful raid was carried out by our troops today south of Ypres, in which we captured 75 prisoners, including an officer.
"There was great activity in the air again today, and bombing continued day and night with good results. Twelve German airplanes were brought down in the fighting, one of which fell within our lines. Six other hostile machines were driven down out of control. Five of our airplanes are missing."

Marriage Bill Before House

Proposed Revision Provokes Long Discussion—Points Raised Will Be Considered by Government.

Fredericton, June 5.—The house met at 8 o'clock.
Mr. LeBlanc presented the report on municipalities.
Notices of inquiry were given as follows:
By Mr. Smith (Carleton): As to the new road at Ouellette Settlement, Madawaska; as to the bridge at Rowana Mills in the county of Victoria, and as to tenders for the work on the bridge at Scoudouc River.
By Mr. Jones (Kings): As to the various occupations of E. S. Carter and the remuneration paid therefore.
The house then went into committee with Mr. Hebert in the chair and agreed to the bill, an act in addition to the city of St. John police act, to vary the provisions of the trust deed of the Congregational chapel, St. John, and relating to the site of the free meeting house in the city of Moncton.
The house again went into committee with Mr. Magee in the chair and took up consideration of the bill to repeal the act of 1918 making a grant of land for military purposes. The land referred to is located on the Transcontinental railway near McGivney Junction and consists of 220 acres. It was to have been used by the federal government for training purposes but owing to changed conditions brought about by the war the project was abandoned. The bill was agreed to.
An act relating to the crown timber lands of the province was next taken up for reconsideration.
Hon. Mr. Smith explained that the purpose of the bill was to extend the time for surveying and reclassifying the crown lands. The original act stipulated that work was to be finished by 1917, but it was not really started until 1916. It was necessary to grant an extension. The bill had nothing to do with the renewal of timber leases.
The bill was agreed to, with amendments.
The committee went into consideration of the bill to consolidate the act relating to marriage.
Hon. Mr. Robinson submitted an amendment to section 8, which provides for the publication of banns, in cases where one of the parties is not a resident of the province. Another amendment requires that when either of the parties are under eighteen the consent of the parents or guardians must be obtained and proven by affidavit. The number of years of age for a marriage contract must be at least 16 and not less than 14. The bill was agreed to, with amendments.

Another Slump in Recruiting

Eighty-one Last Week, Half of Number for Previous Week—News of the Soldiers.

Last week's recruiting for New Brunswick shows a heavy slump after the encouraging report of the week before. There were then 185 men for the province, whereas last week shows only eighty-one. St. John is the only place, however, which has not been the case for several weeks.
The following is the report from the recruiting officer for New Brunswick, for the week ending Saturday, June 2:
St. John County 2
28th Battalion 2
8th Field Ambulance 2

Victoria County 0
Madawaska County 0
Total for week 81
Six More
Recruiting took on a little more life yesterday in the city and six men were taken up by the forestry and signalling units in the city. Yesterday's recruits were as follows: M. A. Parks, California; C. B. A. Peterson, St. John; N. S. and W. A. McFarlane, E. Island; all for the forestry battalion; C. G. Wilson, Shipigan, N.B., and D. M. Wilson, Shipigan, N.B., for the divisional signalling, C.B.

Retaining Walls Again Delayed

The committee resumed at 8.15, Mr. Merreman in the chair, and agreed to the bills respecting public streets in the city of St. John, and to amend the incorporation act of the town of Sussex.
Mr. Baxter asked leave to dispense with notice of motion to suspend the rules of the house in favor of a bill to amend the rates and taxes act in order that the same might be considered with the other St. John bills.
The committee report approving of Commissioner Fisher's programme of building retaining walls was brought before the council yesterday at the regular meeting and on the request of Commissioner Fisher was referred back to the committee as difficulty was encountered in connection with one of the proposed walls in Clarendon street, arising from a complaint made by Miss Murphy, a property owner whose windows and doors were being obstructed. The commissioner suggested an alteration in the plans to avoid or alleviate the difficulty.
On the recommendation of the commissioner of finance and public affairs the following accounts were ordered paid: Treasury department, \$800.17; public works, \$2,266.77; public works, \$1,697.13; water and sewerage, \$8,229.06; harbors, ferries and public lands, \$2,815.60. The commissioner reported payments for the month of May amounting to \$206,122.87. Permission was granted to James Whitehouse to erect an electric sign in front of his store, 109 Union street, and also to Dr. J. C. Doore to erect a sign over his office in Main street, upon their compliance with the regulations governing the matter.
Mayor Hays referred to a complaint from Captain D. F. Pidgeon of girls loitering about the Parks Home and he spoke of other complaints of a like character. He asked Commissioner McLaughlin if a light could not be erected near the gate, and the latter promised to put up a 100-candle power lamp.
On the recommendation of Commissioner Russell, Herbert E. Brown was appointed to represent the city in applying for and valuing the buildings which are on a piece of land east of lot 1045 in Dukes ward, leased by the city to James Wilson, which lease expired on April 1. The lessee will be requested to appoint some person to act on his behalf.
A renewal lease was granted Mrs. C. B. Lockhart to lot 925 in Guys ward for seven years from May 1 at an increased rental of \$15.40, being an increase of ten per cent. on the old rental. A renewal lease was also given Mrs. William Lowe, of lot 869 in Guys ward for seven years from May 1, at \$17.50, an increase of ten per cent. on the original rate.

Belgian Appeal Closed.

That no further appeals would be made to the public for Belgian relief as the United States government had guaranteed to undertake the work of providing for all the destitute population in Belgium for the present, at least, was the word received yesterday by Mayor Hays from the secretary of the headquarters of the relief commission in London, England. The announcement stated that the first of the month would be applied to unforeseen demands from the Belgian population. All the funds necessary for ordinary relief work will be provided by the U. S. government and it will be administered by appointees of the administration at Washington. This offer from the United States has been accepted and will continue in vogue until further notice.

Unable to Keep His Mind Made Up—Is Being Compared With Asquith—Some Stories of His Efforts at Government Making

(Special to The Toronto Star.)
Ottawa, June 5.—When Mr. Chamberlain had toured South Africa in the Boer War, he was asked in Capetown what he found in Johannesburg. He answered: "Mostly mining engineers, mostly Americans, mostly Hennes Jennings." You can sum up the troubles which beset Ottawa, and through Ottawa the whole country after the Chamberlain manner. Mostly the war, mostly the government, mostly Sir Robert Borden. Wherever you turn you come across Robert the Unready, an honest, patriotic, pathetic figure of a man, who is the victim, and not the master of his job. Until that cardinal factor in the situation is realized, the situation in which this democracy is floundering remains confused, and the future is overcast.

CRUELITIES TO THE JEWS IN JAFFA

They Were Robbed, Assaulted, and Some Were Slain
Population Was Starved
Tale That Same Fate Awaits All Jews in Palestine—Djemeal Pasha Blamed—Report of American Consul in Alexandria

The story of how the Jews of Jaffa were deported by the Turkish government ostensibly as a measure of military precaution, was received in New York last week from the state department by the American Jewish Relief Committee. Consul General at Alexandria, Egypt, forwarded to the department an account of the happenings early in April. Mr. Garelis said: "The orders of evacuation were aimed chiefly at the Jewish population. Even German, Austro-Hungarian, and Bulgarian Jews were ordered to leave the town. Mohammedans and Christians were allowed to remain provided they were holders of individual permits. The Jews who sought the permits were refused. On April 1 the Jews were ordered to leave the town within forty-eight hours. Those who rode from Jaffa to Petaah Tikvah had to pay from 100 to 200 francs instead of the normal fare of fifteen to twenty-five francs. The Turkish drivers practically refused to receive anything but gold, the Turkish paper note being taken as the equivalent of 17.50 piastres for a note of 100 piastres.
"Already about a week earlier 300 Jews had been deported in a most cruel manner from Jerusalem. Djemeal Pasha openly declared that the joy of the Jews in Jaffa was their only crime. He would be short-lived, as he would make them share the fate of the Armenians. In Jaffa Djemeal Pasha cynically assured the Jews that if they were for their own good interests that he drove them out. Those who had not succeeded in leaving on April 1 and following days were given an accorded permission to remain in Jaffa over the Easter holidays until April 9. Thus 8,000 were evicted from their houses and not allowed to carry off their belongings or provisions. Their houses were looted and pillaged even before the owners had left. A swarm of pillaging Bedouin women, Arabs with donkeys, camels, &c., carried like birds of prey and proceeded to carry off valuables and furniture.
"The Jewish suburbs have been totally sacked under the pretext of looting. Dozens of cases are reported of Jews from Yemen being hanged at the entrance of the Jewish suburb of Tel Aviv in order clearly to indicate the fate in store for any Jews who might be so foolish as to oppose the looters. Four prominent daughters of the dominion as seen recently in London in the Canadian matinee for blinded soldiers. Left—Miss Martha Allan, daughter of Lt.-Col. Sir Hugh Montagu Allan, C.V.O., Montreal, in costume next to Miss MacDonald in a costume typical of "the spirit of the Maple Leaf." Third is Hon. Mrs. Redmond, daughter of Baron Shaughnessy. Miss Muriel Dunsmuir, daughter of a former lieutenant-governor of British Columbia, is at the right. She arranged the dances for the occasion, which was a big social event.

Maples Win First Game of Season

Defeat Thistles by a Score of 2 to 1 in a Fast and Interesting Game.

That the gods of baseball smiled approvingly on the Maples last evening was evident for they not only won their

first game of the season in St. Peter's Y.M.A. league, but in doing so vanquished the erstwhile unbeatable Thistles. The losers offer no excuses for their set back except to hard luck and poor base running. In the first inning the Thistles failed to score and took the field. The Maples received a pass and this, followed by a hit, gave them a good start. Two men were retired and another free transportation filled the bases. Harry Dever was sent in to bat for the Maples, but struck out. Fortunately for him and unfortunately for the Thistles, the third strike was dropped and the runner reached first in safety while Moore scored from third. Another run was registered a few min-

utes later and the inning ended 2-0 in favor of the Maples. In the second inning the Thistles got one man across the plate and should have had more, but by poor base running lost a golden opportunity to put the game on ice. From that until William Howard called the game neither side were able to score. Lobb was on the mound for the winners and allowed only one hit. Hansen twirled for the Thistles and also held the winners to a single. The game was keenly contested and proved to be one of the best played so far this year, despite unfavorable weather conditions.

DETROIT TIGERS START TO SHOW THEIR REAL FORM

New York, June 4.—With two victories in three starts hung on the Yankees and with the return of Ty Cobb to the 300 class of batsmen, the Detroit Tigers are looking decidedly better than they did a week ago. The slump of such maulers as Veach, Hellman and Burns, to say nothing of what happened to Cobb's average, will likely make itself felt less and less as the American League season advances. Pity pointed toward the Tigers probably is wasted, for the third place Tigers of 1916 were in fifth place a year ago at this time and it is history that they batted it out in the season's final series with the Red Sox for first honors. Now that the Jennings tribe has begun to show something of the speed expected of them when the season opened, it is far from a pleasant outlook for the opposition. The Tiger pitchers have been going well all season, holding the team up while the hitters have been slumping. It is hardly to be expected that Cobb will fall into another serious slump, nor is there reason to suspect that Veach, Hellman and Burns will forget how to use their bludgeons. It is consistent, also to believe that pitching will stay with the jungle. Pitching and hitting, apparently, are bound to co-operate soon for the good of Detroit. That should be very little comfort for the Rowlands and Barrys and Donovans. Washington, June 5.—More than 10,000,000 young Americans enrolled themselves today for war service. Registration day, with but a few weeks of preparation, saw the first military census ever taken in the United States completed without a single untoward event of consequence.

Earl Caddock Discovers I hat Great Mat Artist Has a Vulnerable Spot and Throws Him.

History goes on repeating itself century after century, and this is especially true of the history of celebrated conflicts between famous fighters, ancient and modern. There is an interesting similarity in the experiences of the late Mr. Achilles, a perfectly good Greek warrior, who had one serious drawback, consisting of a vulnerable spot in his right heel, and Joseph Stecher, a modern wrestler. Achilles was a terrific brawler and usually brought home the bacon. His notable victory achieved by dragging Hector behind his chariot about the streets of the city. Anything of that sort now is prohibited by the rules of the Boxing Commission. In an evil hour a Trojan prince named Paris heard a little yarn to the effect that the mother of Achilles had assured him protection against spears and arrows by dipping him while an infant in the River Styx. But (here is the interesting part of it) she held him by the right heel, and thus left the one weak spot in his makeup. Paris, according to the story, watched Achilles till the hero turned his back and then shot an arrow into the vulnerable right heel. Achilles, like all other warriors of those days, wore no shoes, or he might have lived to fight many a day thereafter. Stecher, although never dipped in the River Styx, is impregnable except in one spot—his neck. This was discovered by Earl Caddock, a rival grappler, who made use of the knowledge and thus encompassed the downfall of Stecher. In speaking of the way in which he triumphed, Caddock says: "In my match with Stecher I discovered early that he had a very weak neck and kept working on it. The average wrestler's neck is so powerful that it is impossible to jerk it forward or downward in order to get on a half nelson. It was easy to do this with Stecher and that is where I made my play. From that time on he continued to get weaker, and weaker and I knew it was only a matter of time until his whole system would collapse. And it did, for his neck is an important centre for a fighter or wrestler, and now I believe it is the entire secret of Stecher's failure."

LEG DRIVE IN SWIMMING

Important Adjunct to Crawl Stroke. Says American Waterman

In the subjoined article an expert American waterman defends the leg drive as an important feature of the crawl swimming stroke. With the outdoor season fast upon us and both swimmers and prospective swimmers ready to take up summer activities, there comes an article on the crawl stroke from the pen of Sid Cavill, the Australian waterman, now coach at the Olympic Club of San Francisco, who deserves comment for it has been published in local papers and many may have read it. Cavill emphatically asserts that in the crawl the propelling force is drawn chiefly from the arms, but he then proceeds to state that the leg drive may be neglected altogether, for the legs only serve to balance the body and will take care of themselves if merely held straight. Now the latter statement is apt to prove misleading. Undoubtedly, during the early stages of the novice, the legs can be left to trail, while one practices the arm movements alone, comfortably supported by water wings, they will mechanically move up and down in

time with the drive of the opposite arm. If it limp, thereby developing the foundation of a correct and rhythmic double kick. But to sweepingly advise swimmers to pay no attention to the legs, or to claim that they do not help in propelling, is going far. In fact, the leg thrash is so important a feature of the crawl that, neither in comfort, speed, nor endurance is possible unless the movements are correctly performed and accurately synchronized with the arm action; also, swimmers who are wrongly taught or acquire leg faults find it difficult to gain good form; finally, there is conclusive evidence of the propelling power of the thrash in the speed attainable without using the arms at all. Under the circumstances it is obviously necessary to not only give the greatest care to the mastering of a well-executed kick, but also to the development of a strong, efficient thrash, which will fully utilize the leg power and materially aid the arms in driving the body through the water. There are several varieties of crawl, leg thrash being by one rather wide and one or more smaller scissoring motions, giving the drive an emphatic monorhythmic; and the double trudgeon-crawl type, marked by two comparatively wide strokes of the two arms. If the elementary crawl method of preliminary instruction is adopted by beginners they will usually display a natural tendency toward one or the other of the crawl leg drives, and this tendency should influence the choice when it comes to taking up the advanced stroke. The road to proficiency is comparatively easy for followers of this method.

To those who have learned by means of the breast stroke or other old-fashioned systems, however, the close study of the leg action is of paramount importance, for acquired habits will prove an insurmountable obstacle on the path to success. But in the final analysis all swimmers, good, bad or indifferent, will profit by keeping constant watch on the legs and endeavoring always to use them correctly and energetically, so that they will yield a maximum of speed while offering a minimum of resistance to the water.

TRIED TO WRECK TRAIN

It was only a matter of good luck that the Ocean Limited was not derailed while skirting the shore near Bedford Basin (N. S.) on Monday night. There is every reason to believe that a dastardly attempt was made to wreck the train and that this horrible result would have been achieved but for the fact that the obstruction which had been placed on the track was seen in time and removed. The train was in charge of the crew which had left St. John Monday afternoon and took over the express to Halifax at Moncton. The crew returned to the city yesterday afternoon thankful that they had escaped the peril. That it was a deliberate attempt to wreck the train was shown by the fact that a heavy grease box had been placed a little farther down the track so that had the rock failed to derail the train the other obstruction would have made it a certainty. Members of the crew who returned to the city yesterday said that, but for the fact that the train was two hours late, the attempt would have been successful. As it was, the fact that the train was two hours behind time resulted in the obstruction being seen by passersby and the catastrophe was averted.

MORNING NEWS OVER THE WIRES

In the June sitting of the Westmorland county court which opened in Dorchester yesterday there were two criminal cases and true bills were found in both by the grand jury. Stephen Jeffrey pleaded guilty to the charge of bigamy, and was sentenced to three years in the penitentiary. Sentence was suspended providing Jeffrey go overseas and assign \$15 per month to his legal wife. Daniel Stewart was given an additional six months in the penitentiary for escaping therefrom. Judge Jonah of Sussex presided at the sitting. Albert W. Horsman of Lutes Mountain, whose son, Truman Horsman, was drowned at Cranbrook, May 10 last, received the news that his younger son, Whitney W. Horsman had been killed in Winnipeg. Particulars of the fatality are lacking. Hon. J. W. deB. Farris, attorney-general and minister of labor, was declared elected by acclamation in the Vancouver by-election. A Remedy. "I wish I could break my wife of correcting my English in public." "Very easy." "How?" "Learn to speak correctly."

Power Company Raises Wages

For some few days recently, negotiations have been under way between the motormen and conductors and the New Brunswick Power Company the men having asked for an increase in pay consequent upon the present high cost of living. The matter has been considered by the board of directors of the company and the outcome of the proceedings is announced to the effect that the company has not only met the wishes of the motormen and conductors but has also, voluntarily, included every employe of the company, on the cars, in the power house, car sheds and offices, so that all employes are included in the distribution of a general bonus which will mean that thirty cents per day is added to their previous wages. The action of the company is set forth in a circular letter giving in detail the company's proposition, which has been accepted, and which also makes comparisons with the rate of pay on electric roads in other Canadian cities going to show that in many Canadian cities the men are not so well paid as in St. John. An official of the company told The Telegraph yesterday, that the increase simply means that forty-five per cent of the gross earnings of the company are distributed in wages which is considerably in excess of the proportion of the gross earnings thus expended by many other electric roads in Canada. The number of employes affected is over 300.

TURF

In England

Despite the gradual curtailment of racing in England and its final suspension, the falling off in breeding race horses has not yet amounted to anything.

This is shown quite convincingly by the number of thoroughbred foals reported in 1916 to the custodians of the General Stud-Book. The total last year reached 3,412, as against 3,567 in 1915 and 3,383 in 1914.

By opponents of two-year-old racing the temporary suspension of the sport may not be regarded as an unmitigated evil. It will save at least one crop of foals from the ordeal of meeting the turf test at the usual immature age and perhaps serve to answer, when racing is resumed, the long disputed question as to whether the starting of two-year-olds ought to be encouraged, discouraged or forbidden.

The Man In The Street

As the Standard says, the Valley Railway commission "did practically nothing yesterday."

They only revealed that the N. S. Construction Company had to promise W. B. Tennant that the government discarded a contract for the construction of the northern section at the same rates as the southern and—

That the new contract was worth just about \$77,000 more to the obliging contractors.

That one sub-contracting firm was treated to rates which gave them a bonus of about \$42,000.

That another firm was given almost equally liberal treatment.

That the president of the company could give no adequate explanation of these transactions.

If that is "practically nothing," the rest of the evidence should be worth waiting for.

And the Standard is in a position to be well informed on this matter; some directors could give the editor the inside dope.

In addition to the meagre information conveyed by the description "Financial Agent and Broker" Mr. Tennant might add to his window sign the inscription, "Wholesale and Retail Dealer in Influence." That is, if he has any of his stock in trade left.

"Shall scarce," says a morning paper; but Mr. Cosentino testifies that there is no scarcity of suckers.

After a casual survey of what the male voters allowed the provincial government to do, is it any wonder that the women want the franchise?

Some women don't want the vote, because they don't want to go into politics, but, if they don't go into politics to prevent it, the suffragists are liable to thrust the vote upon them. This is a hard world for the innocent bystander.

The new administration of the local electric company, which can reduce its rates to the consumer one month and raise the employees' wages the next, is entitled to a few loud cheers.

They are raising something, but it is not wages, at a certain power station "somewhere in France."

If the Canadians and Germans cannot decide between them who owns that much captured electric light station, we might suggest that the matter be referred to the New Brunswick Public Utilities Commission.

Not a single British vessel was sunk by the submarines on last Friday, thus confirming the Germans' belief that Friday is an unlucky day.

Premier Borden seems to believe that conscription, like charity, should begin at home; he is trying to commandeer some Liberal leaders to pull him out of the hole in which his volunteer cabinet has placed him.

A MOVING INCIDENT.

A matter was aired in the police court this morning which really does not constitute a police case, but it was brought up to help a woman to get what really was hers. It appears that a woman moved from a house in St. Patrick street on May 1. She left a piece of oilcloth behind her, having reached the agreement with the woman who moved in that the owner could get it whenever she wanted it. A few days later the woman called to get her oilcloth, but the occupant of the house declined to give it up on the ground that the caller owed her \$3. The woman went to the magistrate and a detective was sent to tell the woman to hand over the oilcloth. When the detective called he and some other court officials were told "some nice things." However, the matter was all aired in court this morning, with the result that the woman who moved out of the house went with the present occupant's husband to secure the oilcloth while the trouble-maker remained behind in the court room until the article had been handed over.

Sweeps Took Team Total With 1571—Figures of Recent City Bowling Championship Contests On Black's Alleys

Figures compiled by Black's alleys give some interesting details of the recent bowling championships, in which the Ramblers won the honors.

During the series, the highest single string was rolled by Dexter Foshay of the Sweeps, with a record of 145.

Roy McIlveen of the Sweeps had the highest three strings, with a total of 361.

The Sweeps also scored the highest team total, with 1571.

The highest team single was rolled by the Ramblers, with 555.

The first series was won by the Ramblers and the second by the Nationals and, in the play-off, the Ramblers won.

The Tigers took the third series and the Sweeps the fourth and the play-off resulted in a victory for the former.

In the final clash between the Ramblers and the Tigers, the Ramblers won the city championship.

The standing of the teams in the last four series is as follows:

OAK HALL

Dear Mary:—

I think that a porch can be made the most attractive room in the whole house. We enjoy ours much; it is so neatly equipped with light, airy chair rockers and rugs. And then it makes the house so much bigger when you give a party.

How I love to read the morning papers on my pretty porch. Being outside in the fresh air is healthful, too, for the whole family. I'm feeling so well now.

Your friend—HELENE P. S. If your friends are you about things for the porches tell them to go

Wouldn't you like to have some new things for your Porch?
