RAIL BOARD TO HEAR RATE APPEAL SEPT. 29

SUSPENSION OF GRAIN TOLL CUT TO WEST ASKED

C. P. R. and Montreal Trade Board Cases Scheduled

WILL BE PUBLIC

Ask Matter Left in Abeyance Until Whole Structure is Considered

Canadian Press. OTTAWA, Ont., Sept. 12.—The application of the Canadian Pacific Railway to the Board of Railway Commissioners, for the suspension of the order lowering the freight rates on Pacific export grain, will be given a public hearing on Tuesday, Sept. 29. At the same time a similar application will be heard from the Montreal Board of Trade. The written applications for the suspension of the Pacific export grain rates ask that the matter be left in abeyance until such time as the commission shall deal with the entire freight rate structure, as instructed by Parliament.

Notice was received this morning by the Board of Trade that, on Sept. 28, at Ottawa, Board of Railway Commissioners would hear the application of the Montreal Board of Trade and Montreal Corn Exchange for a rescinding order of September 2, 1924, fixing grain rates to the Pacific Coast. The Saint John board was asked if it was interested in this matter to have a representative at the hearing.

SAYS TITLES STILL SOLD IN ENGLAND

Great Source of Political Revenue, Declares Press Delegation Member.

Special to The Times-Star. WINNIPEG, Man., Sept. 12.—Titles will never be abolished in England as they have in Canada, because the sale of titles in Britain is too great an income to political parties to be done away with. This is the statement made here Thursday by Hugh Martin, parliamentary editor of the London Daily News and member of the British press delegation touring Canada as guests of the Canadian Pacific Railway.

Commenting on the recent press agitation for the abolition of titles in the Old Land, Mr. Martin pointed out that Mr. Lloyd George took in one million pounds for his party from the sale of titles and during his regime as Premier. Up until the recent act making it a penal offence to barter for titles, most anyone could purchase a Barony and become Lord for £20,000, he said. This can still be done, he said, because there are still many ways of making the offer a year or so ahead of the actual purchasing of the titles.

HOPE IN ANTHRACITE PARLEYS IS SEEN

Pennsylvania Governor to Confer Today With Owners' and Miners' Envoys.

United Press. MILFORD, Pa., Sept. 12.—A ray of hope for the resumption of the anthracite wage negotiations, the breaking off of which resulted in the suspension of mining operations in the hard coal fields on September 1, was seen today in the conference to be held between Governor Pinchot and representatives of the miners and operators, at the Governor's home here.

The Governor is to confer this afternoon, with W. W. Inglis, president of the Glen Alden Coal Company, and chairman of the anthracite operators' wage scale negotiating committee. On Monday John L. Lewis, International President of the United Mine Workers, is expected here to go over the situation with Mr. Pinchot.

Austin, whose will was filed for probate in Suffolk County Surrogate Court, received the Bay Shore residence, with the following proviso: "That if my wife after my death remarries, or is seen in the company of men other than members of my family or hers, she shall lose all title to the Bay Shore house."

CROP OUTLOOK IS GOOD IN MARITIMES

Wheat Cutting in West Completed—N. B. Potatoes Below Average.

HALIFAX, Sept. 12.—According to a crop report issued by the Bank of Montreal under date of Sept. 10, wheat cutting is now practically completed in the Prairie Provinces. Threshing is well under way, though temporarily delayed by wet weather in Alberta and Southern Saskatchewan. Deliveries are exceptionally heavy at country points. In Ontario all the grain crops have been harvested and threshing of wheat practically completed.

NEW BRUNSWICK.—Hay and grain crops are very good. Apples show material improvement. Early varieties now being picked.

NOVA SCOTIA.—Except for apples, all crops are very good. Apples show material improvement. Early varieties now being picked.

PRINCE EDWARD ISLAND.—Potato blight present in some sections; damage estimated about 10 to 15 per cent. Other crops very good.

Mr. Beatty Facilitates Move To Develop Maritime Ports

BY A. M. BELDING. MONTREAL, Sept. 11.—The Canadian Pacific Railway believes in my opinion. Not only did President Beatty accord me an interview on a crowded afternoon when he was overwhelmed with business, prior to leaving for Toronto, where he spoke Thursday, and then will go West; but he heartily endorsed a suggestion by Mr. Todd of his staff that I be given practical assistance in covering the ground quickly in my interviews with exporters and importers in this city.

In answer to my question, Mr. Beatty replied that the Canadian Pacific gives importers and exporters the same rates as prevail at American ports, so that our ports are not handicapped in that respect. There are, of course, difficulties in regard to the grain trade, as I explained to readers of this paper in former letters.

TONNAGE AFFECTS TRAFFIC. Mr. Beatty added that there is the matter of tonnage available at a port when shipments of goods is to be forwarded, and traffic is sometimes diverted for that reason. He instanced also a case where tramp steamers got a higher rate for grain than the C. P. R. liners, because there was a sudden demand for tonnage and the tramps were on the spot, while the company had made provision for regular shipments by its vessels.

W. A. Black, of the Ogilvie Flour Company, had already given me another illustration of the vagaries of transportation by citing a case where a vessel needed more grain than originally contracted for, and had to grant a lower rate to get the balance quickly and get away. This on the same vessel two different rates on grain were paid. So far, however, as rates on ordinary cargo in the ordinary way are concerned, there is no discrimination against our ports.

Mr. Beatty said in reference to a flour mill at Saint John that his company had taken it up with the milling companies, but the latter did not regard it as a good financial proposition.

MR. BLACK GIVES REASONS. I sought information on this point from W. A. Black, of the Ogilvie Flour Company, who gave me a very kindly reception and went fully into the matter. He said the Ogilvie company had exceptional advantages at Montreal. It got the benefit of the very low grain rate by rail to Fort William, and carried the grain by water in its own vessels from Fort William to its mill in Montreal, where there was a very large local market for flour and for the mill.

Mr. Black produced a chart showing the relative rates paid from Calgary and other Canadian points to Fort William and Port Arthur, and from Viridan, Montana, and other American points to Duluth, which is the American port at the head of the Lakes. From Viridan to Duluth is 1,263 miles. The rate on grain is 45 1/2 cents per bushel. From Calgary to Fort William is 243 miles and the rate only 28 cents. The difference grows less as we come eastward, but from Grand Forks, Dakota, 237 miles, the rate to Duluth is 18 1/2 cents compared with 14 cents from Winnipeg to Fort William, which is 420 miles. Thus the Canadian farmer has very much the best of it in the matter of freight rates.

CHART SHOWS RATES. Touching the matter of the rates on grain to Fort William, Mr. Black produced a chart showing the relative rates paid from Calgary and other Canadian points to Fort William and Port Arthur, and from Viridan, Montana, and other American points to Duluth, which is the American port at the head of the Lakes.

Another of the vagaries of transportation is that British millers can import Canadian wheat, make it into flour, and export it from Great Britain in competition with Canadian millers. This is due to the very much higher ocean rate on flour than on grain. It has gone as high, Mr. Black says, as four times the rate on grain. Hence the millers, too, have their troubles in building up an export trade.

PORT DIFFICULTIES REVEALED. With regard to using Canadian ports, Mr. Black says there can be but one opinion among Canadians, but there are some difficulties which must be recognized. Herein comes the matter of tonnage. There is, for example, no direct service to Dundee and Aberdeen. There is lacking also a proper service to the Mediterranean.

AMERICAN PORTS ARE SOMETIMES USED OF NECESSITY, because tonnage is not available in Canada. Mr. Black talked interestingly of the certain come-back of Russia into the export grain trade in a few years, and of the importance of paying more attention to mixed farming in Canada.

REGARDING A FLOUR MILL at Saint John, Mr. Black saw no prospect of success, unless it might be for a mill adapted to the capacity of the local market for the flour and offal. As to that he would not care to venture an opinion. He declared himself in full sympathy with the policy of trade through Canadian ports, and was quite sure I would find business men in these provinces ready to discuss maritime problems in a sympathetic way.

FAVORS ALL RED ROUTE. Manager Atkins of the wholesale department of the Hudson's Bay Co., assured me it was the company's invariable policy to patronize the All Red Route, and he felt he could safely say that 95 if not 100 per cent. of their business was so routed.

HE ADDED THAT BOTH THE preferential and the intermediate tariff encouraged the use of Canadian ports.

REGARDING THE Maritimes, he believed they had much to gain by such a publicity campaign as would make them better known, especially to tourists.

THEY'RE ALL RIGHT. There are two gentlemen in Montreal to whom I am for a third time greatly indebted, although general quarrels are more or less frequent. They are J. Stanley Cook, secretary, and J. K. Smith, transportation manager of the Board of Trade. They have invited me to make the board rooms my headquarters while here, and call upon them or any of the staff at pleasure for any assistance they can give. They are not yet convinced, however, that the people of the Maritimes are as optimistic as they ought to be.

MR. SMITH SAID HE learned from authoritative sources that payments are better in the Maritimes than perhaps anywhere else in Canada. When I told of our loss of population, first Mr. Cook and then Mr. Smith enumerated the number of their own relatives who removed to the United States; and Mr. Cook quoted the caretaker of a school in Montreal who said that of the graduates of the last four years the majority are over the border. In short, in my view should not consider themselves of all men the most miserable. They welcome the Maritime conference, however, and declare that Montreal will not be found unsympathetic when a clear case for co-operative action has been submitted.

Declares the Maritimes Were Vital to Confederation

RHODES ABSENT

Unable to Attend Luncheon On Account of Pressure of Business

Canadian Press. TORONTO, Sept. 12.—Owing to pressure of government business, Premier Rhodes of Nova Scotia was compelled to cancel his engagement to attend the daily luncheon of the directors of the Canadian National Exhibition yesterday.

He was well represented by Hon. J. F. Gahan, a veteran of the great war and Minister without portfolio in the N. S. Cabinet, who made a strong plea for greater co-operation on the part of the manufacturers throughout the Dominion and in the matter of using trans-Atlantic ports to a greater extent than heretofore.

HE DECLARED THAT there was an absolute necessity for the creation of a reinforced protective policy that would prevent the fishing industry of Nova Scotia from passing into the control of outside interests.

P. I. L. MEETING. "On the fifteenth of this month there will be a meeting of the Board of Trade at Charlottetown," said Hon. Mr. Gahan. "There they will discuss the question of western lands, the freight rates on the Intercolonial, the amount spent in Nova Scotia, the cost of the great war and other matters. You will gather from this that we are able to deal with them as Canadians."

CONFEDERATION ISSUE. "When we speak of Confederation," he said, "you must remember our history also and that we fought for responsible government just as you did, and that we are now able to deal with them as Canadians."

CONFEDERATION ISSUE. "When we speak of Confederation," he said, "you must remember our history also and that we fought for responsible government just as you did, and that we are now able to deal with them as Canadians."

SAINT JOHN, N. B., SEPT. 12, 1925.

DIVERTED TRAFFIC.

What proportion of Canada's export wheat this year will find its way through Canadian ports? The crop is above the average, greater by 100,000-900 bushels than that of last year, and the surplus to be sold overseas will therefore be immense.

Local enterprise and faith have a great deal to do with the establishing and success of local industries. Recently in St. Jacobs, Ont., a small shoe factory was destroyed by fire.

This lends point to a question asked by Mr. W. O. Sealey, of Hamilton, who wants to know who is responsible for the abolition of the six-cent rate from Fort William to Quebec over the Transcontinental, one result of which, he says, has been to keep that \$129,000,000 railway practically idle.

While strongly commending the pedagogical features of Hon. Mr. Meighen's North Huron speech, the Montreal Gazette regrets that he did not go farther in advocating a solution of the railway problem.

VANCOUVER'S HOPES.

They are throwing up their hats in Vancouver because of the rates decision which will give that port a greatly increased hold upon Canadian grain and flour exports.

Timothy Eaton was a rugged personality, and he had some methods of his own. That made for success in the mercantile world.

STORM KILLS ONE IN MONTREAL

Houses Damaged and Considerable Loss by Cyclone Blow

Coal Driver Dies When, Dodging Live Wire, He Falls From Cart.

MONTREAL, Sept. 11—A storm of cyclonic proportions broke over Montreal and district around 2 o'clock this afternoon and lasted for only a few minutes, but in that brief time it had created a havoc that will require considerable money and time to repair.

Alfred Plamondon, a coal driver, is dead. He was endeavoring to avoid a live wire when he was precipitated from his truck and crashed to the ground, fracturing his skull.

ROOFS RIPPED OFF. The force of the storm ripped off roofs, felled trees and power poles, held up street car traffic and left many sections of the city without lights tonight.

Lightning smashed several chimneys in the city and outlying points and in many parts vehicles and pedestrians had narrow escapes from falling trees. Over half an inch of rain was recorded.

THREE PERSONS INJURED. Falling trees struck the shelter in which three people sought refuge at the Country Club, St. Lambert, and crashed through the roof. Charles Phippe, a caddie, 12, of St. Lambert, suffered concussion of the brain; Mrs. Stella Covertson was badly shaken and

# MANY ASSEMBLE IN STONE CHURCH FOR 100TH ANNIVERSARY

## Edifice Crowded at Services Which Begin Celebration of Centenary—Rev. A. L. Fleming Gives Historic Sketch of Parish and Erection of the Church

WITH great rejoicing and thanksgiving the congregation of St. John's (Stone) church yesterday commenced the observance of its 100th anniversary. Holy Communion was celebrated in the morning, Rev. A. L. Fleming, the rector, officiating and in the evening a large congregation assembled to commemorate the founding of the church. Preparatory to the centenary observances many improvements and alterations were made in the interior of the building and many beautiful memorials were installed and last night a memorial tablet erected to the memory of Mrs. William Wallace Turnbull was unveiled by her son, W. R. Turnbull and dedicated in a simple ceremony.

All of the Anglican clergy of the city and several from outside Saint John were present to take part in the service, and inspiring music gave added impressiveness to the historic occasion. Rev. A. L. Fleming, the rector, with great eloquence recalled the former days and traced the history of the church unto the present time. He declared his belief that with trust in the

Rev. A. L. Fleming who addressed large congregation last evening.

Lord the church was destined to attain to still greater heights.

**BISHOP TO PREACH.**  
The anniversary celebrations are to be continued on Sunday, Sept. 13, and Sunday, Sept. 20. Next Sunday His Lordship Bishop Richardson will preach both morning and evening, and in the morning the laying up of the

colors of the 3rd Medium Brigade of Canadian Infantry will take place. In the afternoon there will be a special service for the children. This Sunday also the centenary thanksgiving is to be presented. The following Sunday Rev. Dr. Pilcher of Toronto will be the preacher both morning and evening.

The incorporation of the mother parish of Trinity and the daughter parish of St. Mary's, as well as the grand-daughter parishes of St. Bartholomew's, Coldbrook, and All Saints, East Saint John, attended the anniversary services and had special seats in the front of the church.

**CLERGYMEN PRESENT.**  
Clergy present in the sanctuary were Archdeacon O. S. Newham, St. Stephen's; Canon A. H. Crowfoot, St. Paul's church; Canon A. W. Daniel, St. John's; Rev. P. McKim, St. Luke's; and Reverend W. H. Sampson, St. George's; H. A. Cody, St. James; J. V. Young, Mission church; F. J. LeRoy, Fairville; J. H. A. Holmes, St. John's; Rev. William Armstrong, St. John's; A. J. Patstone, Westfield; C. J. Markham, curate of Trinity, and John Unsworth, curate of Stone church. In the organ prelude before the service last night the congregation's jubilation was sounded forth in majestic harmony and the music throughout the service was inspirational. The full choir led the singing of the old familiar hymns, "The Church's One Foundation," "Faith of Our Fathers" and "Lord Behold Us With Thy Favour."

The solo, "What Are These?" was rendered with great beauty of expression by Mrs. Archibald Miller, Swampscott, Mass., whose father had been a member of the choir some years ago. The anthem was "Saviour When Night Involves the Sky," DeWitt Cairns was soloist. Mrs. T. J. Gunn was at the organ. The Psalms sung were the 13th and 94th.

**FORMER CURATES.**  
Two former curates of the first rector of the parish, Rev. George Armstrong, strong read the lessons, Archdeacon Newham, St. Stephen, read the first lesson, and in Zechariah 8-9 and Rev. W. H. Sampson, rural dean of Saint

John, read the second lesson, the second chapter of Ephesians. The prayers were read by Rev. C. Gordon Lawrence, rector of the parish, and by Rev. R. Taylor McKim, rector of the daughter parish of St. Mary's. The announcement of the offertory was made by Rev. Canon Daniel, of Robshaw, son of a former church warden, and the benediction was pronounced by the archdeacon A. H. Crowfoot, of Saint John.

He referred to the work of the Church Workers' Association under the presidency of Mrs. G. Fred Fisher, in beautifying God's house; the work of the joint committee which decided the nature of renovations and the building committee of which W. E. Anderson was convener. Always had the congregation been proud of the history of the church but never had it been more proud of that edifice than at the present time. Mr. Fleming thanked Wallace Alward for his work in designing the new doors giving entrance to the parish house and designing the beautiful altar erected to his grandmother's memory by her children and Mr. Fleming also spoke appreciatively of the work of the contractors who did the renovation. He was deeply touched by the presence at that service of the children of his three predecessors, Miss Grace Kuhnig, Miss Madeline de Soyres and Mrs. Armstrong.

The unveiling and dedication of the tablet placed upon the western wall to commemorate Mrs. W. W. Turnbull was carried out with reverence and solemnity. The church warden, J. E. Secord and G. A. Kimball, requested the rector to receive and dedicate the tablet. The tablet was unveiled by W. R. Turnbull, her son. After the dedicatory prayer had been offered by Mr. Fleming he spoke of the tablet and the work of the contractors. The name of Julia Caroline Turnbull, he said, was still held precious by many in the city. She was one who had been touched by the work of the open bars had fallen before temptation. She had cared for the young women and the orphan, had established the children's homes for girls and sewing classes for factory workers. What Josephine Butler had been to England, Mrs. Turnbull had been to Saint John. She was a woman of prayer and the spirit which inspired her would inspire those who came after to see the need of perishing souls of today.

The inscription on the tablet was as follows: "In loving memory of Julia Caroline Hatheway, wife of William Wallace Turnbull, 1828-1906." She was a woman of prayer and the spirit which inspired her would inspire those who came after to see the need of perishing souls of today.

**HISTORIC SKETCH.**  
Prain 77, 5: "I have considered the days of old, the years of ancient times." Edmund Burke said, "People will not look to posterity, who never looked back." We would look backwards that we may be able in the end, to look forward.

It is hard to appreciate fully the significance of the tablet in our city province at the time when this church was built, 100 years ago. At that time there were no railways, telephony, telegraph, electric light, or many of the things we count today as common and necessary.

There was a considerable Anglican community in the city, but only one small church, constructed of wood, as were nearly all the buildings at that time. This church, which was known as "Old Trinity" or simply "The Church," as differentiating it from the "kirk," "Chapels" and "Meeting Houses."

In those days it was not customary for churches to be heated in America, yet the people attended the services so faithfully that "Old Trinity" was of various alterations, was quite too small to accommodate those who desired to attend each Sunday.

Thus the church came to be referred to sometimes as Saint John's, "sometimes as St. Mark's, sometimes as the new church" and sometimes as the "Stone Church." It is safe to say, therefore, that few religious edifices have been known by more names than this ancient church. But whatever be the name by which it has been known, it has always stood for simple loyalty to the Faith "once delivered" as set forth in the Book of Common Prayer and the 89 Articles of Religion.

The Rev. George Armstrong was a man of deep piety, and for 38 years he lived and labored in this parish with a most Christlike devotion, so that all who knew him loved and respected him, whether they were Anglicans or not. Time does not permit of my telling you of the old style of service, the wearing of the black gown and gloves in the pulpit, the introduction of hymn books, organ, heating, and many other interesting points. These will be found in the Centennial Volume which will be on sale in a few weeks' time.

I might mention, in passing, that Dr. Raymond was of the opinion that the first meeting of the Diocesan Synod of Fredericton held at Saint John was held in the old (not the present) Parish House.

**REV. J. DE SOYRES.**  
Mr. Armstrong was succeeded by the Rev. John de Soyres, of Cambridge University, England, one of the most brilliant preachers and scholars who has ever served the church in Canada.

Mr. de Soyres was a man of action and enthusiasm, and these qualities began to manifest themselves in the church soon after his coming. One of his first acts was to have the Mission of St. Mary's, Waterloo street, which had been built up under the strong's guidance, created a separate

**CANON KUHRING**  
Most of you within the sound of my voice this evening knew and loved the Rev. Canon Kuhring who followed Dr. de Soyres as fifth rector of this church, and third rector of St. Mark's parish.

For 10 years Canon Kuhring labored for the upbuilding of the Kingdom of Christ in this parish and city.

During these days of war both rector and congregation employed a magnificent devotion. Two members of the congregation, Lady Tilley and Mrs. Kuhring, were signally honored with the Order of Lady of Grace of Saint John and of Jerusalem, for their work, as were no other ladies in the province.

The tablets on the walls tell something of the sacrifice of those terrible years. In 1919 the Bishop honored Mr. Kuhring by offering him a Canonry of Christ Church Cathedral, Fredericton, which he accepted, but in less than two

## Ernest Nichols Tells How He Roped Rushing Air Monster

# DID IT TO SAVE HIS HOME AND CHILDREN

## Cable Slipped Many Times But Finally He Got It Around Tree

CALDWELL, Ohio, Sept. 12.—A hero of the Shenandoah disaster last Thursday morning was found among the native sons of Noble county. He is a little, grizzled farmer who raises turkeys, geese and some crops on a farm near Sharon, but he is the man who grabbed the navy's giant dirigible by the nose-joint and pulled it to a rampant dirigible.

Many a time Ernest Nichols has tethered an angered bull to a fence post, but not until last Thursday morning was he ever called upon to tame a rampant dirigible.

# IS COMPLIMENTED

The Board of Investigation recalled suggestions made by Lieutenant William Mayer and others who were in that portion of the ship that supported Nichols' story. Commander Jacob H. Klein, chief of the board, said, after hearing the story, that the Noble county farmer had done "a good job and a great service."

Ernest Nichols was found in an obscure corner of his barnyard feeding his turkeys and was apprised of the fact that he had done something important.

# TELLS HIS STORY

The story that the former told is as follows:

"Well, sir, I can show you better than I can tell you. I was in the house (he pointed to a three-room dwelling) when my neighbor called upon the telephone and said an airship was headed for my house and that I had better stop it."

"I ran out and here it came right through our orchard, headed straight for the house. After drifting all that way after it broke up, it was getting pretty close to the ground."

"It sure enough was coming right toward my house. I looked up and there was my oldest boy—I have six boys and one girl—sticking his head out of the upstairs window. I knew I had to stop that thing or the house would be smashed and my kids would be killed."

# HEARD CALLS

"Then, too, I heard the fellows up there (in the Shenandoah's drifting nose) yelling 'Grab hold! Grab hold! Turn her south!' So I grabbed hold of the cable that was hanging down and drew it around that fence post. The post snapped right off. I grabbed the cable again and threw it around that old maple stump."

"The stump had two prongs on it and I thought sure it would hold, but it didn't. By that time the nose was so close to the ground that the under side had me backed up against the fence and I had to run."

"I was headed away from the house then. But it knocked off the top of that shed and the wheel on that well and then bowled over that grape arbor. I kept following it and finally threw the cable around that tree."

# 190 FEET LONG

"All that time I didn't know what the thing was. I didn't know it was so big. Why, it's over 190 feet long."

"Soon my kids came running out and we helped tie it up. Then the men began climbing out. Even then I didn't stay where it was, for we had to tie it again several times during the day and the men borrowed my shotgun and punctured the gas bags."

# CRIME WILL OUT

NEUSTADT, Germany, Sept. 12.—Traces of crimes committed in the sixteenth century are being brought to light here as workmen dig up a site sampled back then by a hostel for criminals. The hostel was kept by a woman and her son, and it was discovered that for years they had been killing and robbing rich foreign pilgrims and burying the bodies beneath the cellar floor.

CLEVELAND, O., Sept. 12.—Otto Longo, 12, and his wicked punching Boston bull, Kips, staged a boxing match here the other day which was a knockout with the school children, and also with Otto. In the first round the dog landed an uppercut to Otto's jaw, and he went down for the count. The boy taught his pet to box. He stands on his hind legs, and is about the same height as the boy.

# ASK THIS HALIFAX NURSE

She is Willing to Answer Letters From Women Asking About Lydia E. Finkham's Vegetable Compound

Halifax, Nova Scotia.—"I am a maternity nurse and have recommended Lydia E. Finkham's Vegetable Compound to many women who were childless, also to women who need a good tonic. I am English and my husband is American, and he told me of Lydia E. Finkham while in England. I would appreciate a copy or two of your little books on women's ailments. I have one which I keep to hand. I will willingly answer letters from any woman asking about the Vegetable Compound."—Mrs. S. M. COLLEMAN, 24 Uniacus Street, Halifax, Nova Scotia.

## Trade Paper Sees Better Business Outlook for Fourth Quarter.

## Construction Announcements Continue—Some Advance in Metals Noted.

TORONTO, Sept. 12.—In a summary of the iron, steel and machinery markets, Canadian Machinery and Manufacturing News makes the following comment this week:

Considerable strength is apparent in the metal markets, based to some extent on actual improvement in some lines, but largely on the prospects for increased business during the fourth quarter. Improvement is being actively forecast by executives in industry and indeed, there are already developing indications that any ground lost during the summer months will be more than regained throughout the fall.

# REPORTS OPTIMISTIC

One prominent executive in Toronto declares there has been greater gain made in his business, both in quantity and quality of turnover, during the last four months than through the last four years. While this is hardly applicable to the entire metal-working industry, which way the stream is traveling. The basic industries of the Dominion, pulp and paper, lumbering, and the production of power, and mining, are providing business for supply firms, and the larger engineering plants.

More than 1,100 men are engaged at the mills of the Algoma Steel Corporation, and prospects for steady employment for a number of months are good. It is understood that continuous operation of the merchant mill is assured for some time, while the company is making strenuous efforts to secure further raw materials for building purposes. Tenders are being called for the erection of the Ontario Provincial Government building at the Toronto Exhibition. # USES FISH WASTE TO MAKE CATTLE FEED

## Nova Scotia Enterprise Employs Heads and Bones to Produce Meal.

HALIFAX, Sept. 11.—The old story about the meat packing plants utilizing every part of the pig except its squeal might well be applied to the fishing industry in Nova Scotia. Not content with marketing fresh, cured or canned the parts of the fish suitable for human consumption and converting much of the remainder into fertilizer, the men who fish out of the ports of this province are making increased use of a new and profitable method of disposing of a portion of their product formerly classed as waste.

# USED FOR CATTLE FEED.

The heads, bones and some other parts of the fish which under old methods would have been thrown overboard by the fishermen when they were cleaning and preparing their fish for the markets are ground into fish meal which is sold for cattle feed. This by-product industry since its establishment on a Halifax wharf last April has grown from one unit producing five tons of fish meal a week to six units producing thirty tons a

To the fishermen this means a market for two hundred tons of fish waste a week. This is largely supplied by the trawlers of the National Fish Company, which operates the plant, but the company also buys the waste from independent fishermen.

At the present the whole output is being sold in England, Germany and Holland. The current price for the fish meal is \$72 a ton. Efforts are being made to develop a home market among Canadian cattle breeders.

# The Extra Process that Safeguards the Men Who Break Records

The greatest racing honors ever won in tire history have come to Firestone through Gum-Dipping.

At the Canadian National Exhibition, Firestone Balloon Gum-Dipped Cords demonstrated their extra strength and safety by winning the most important race of the meet. At Brandon, Calgary and other western tracks, this summer, new records were set on Firestones.

In the International Sweepstakes at Indianapolis, May 30th, a new world record was set on Firestones—101.13 miles per hour, for 500 miles—without tire trouble.

It was Gum-Dipping that made these speed kings confident on the treacherous turns, and carried them through the ordeal with far less than usual fatigue.

It accounts for the outstanding success of Firestone Full-Size Balloons—giving the flexible walls the extra strength to withstand the extra flexing strain.

Drive with perfect confidence in your tires. Enjoy new steering and braking control, and the easy riding that saves you and your car from shocks and vibration. Have the nearest Firestone Dealer apply a set of real Balloon Tires—Full Size! Gum-Dipped! Built only by Firestone!

ALLISON PARK ONE OF BEST IN PROVINCES

Trojans Plan to Include U.N.B., Mt. A. and Moncton

JUDGING from last night's turnout of senior football players on the Allison grounds, the Trojans will have a great team this season and the veteran players will have to step lively in order to retain their regular positions on the line-up.

When the Trojans Rugby team was first organized in 1922 the Allison grounds were in terrible shape and it was not until tons of rocks were moved that the field could be used, and even then it was really unfit for football, with the result that accidents to players were quite numerous.

When the Trojans Rugby team was first organized in 1922 the Allison grounds were in terrible shape and it was not until tons of rocks were moved that the field could be used, and even then it was really unfit for football, with the result that accidents to players were quite numerous.

The Trojans are anxious that every available player in Saint John should turn out for practice, as they are contemplating the formation of a New Brunswick Rugby League comprising the following teams: Trojans, U. N. B., Mount A. and Moncton, making a strong four-team league.

Should such a league be formed it would give the Trojans a regular home and three away, with one date left open for Acadia University to play here. Arrangements have already been completed for a game with Acadia.

LOCAL HORSE WINS AT WOODSTOCK

Miss Abbie Brino Takes Named Race—Other City Horses Compete.

WOODSTOCK, Sept. 11.—Today's racing program at the Woodstock track, due to wet and dangerous track, occasioned by a heavy downpour of rain Thursday, in the 2:15 trot and pace Emerald was the only feature of fashion in straight heats, a feature which more or less upset the talent, emotionless having been distanced in the 2:17 trot in Tuesday's last race for second money was between Togo Hal and T. J. Devlin, the former clinching second money by beating the Berlin horse for place in the third and final heat.

The junior free-for-all, the feature of the exhibition racing card, was taken in easy fashion by Dan Hedge-wood. The real racing in this class was provided by Dr. Gano and Silver King for second money but the Saint John place finally has to concede to the old veteran campaigner.

In the named race Miss Abbie Brino won in straight heats. This mare was distanced in Tuesday's last race and her showing today was a distinct surprise to the fans. It might be mentioned, however, but in her start earlier in the week, she was without her regular driver, Mac Aubrey. Dr. McIntosh's importation from Prince Edward Island, and Dreglo, owned and driven by Dr. Baker, of Fort Kent, fought it out for second money.

THE POWER OF EXAMPLE

Up at Grand Falls many years ago, there arrived one day a little old "professor."

His calling was not one of those high vocations, such as the ministry, the law, or medicine.

In fact, it's a pretty safe bet that no university in the world listed him on the faculty.

Nevertheless, he was known as the "professor."

One day, he secured the help of some men and rigged up a tightly-stretched wire over the famed and fearsome Grand Falls.

Then, he walked over it, alone.

In the audience that day that watched with bated breath as the "professor" traveled gingerly over those dizzy heights, where one false slip meant an awful death, was a lad of seven years old.

Following the hair-raising performance, the youngster went to his backyard, rigged up a rope and commenced practicing. For many years, he kept faithfully at it.

His name is Herman Sirols. He is 15 years. He is appearing here at the Exhibition and doing splendidly.

In fact, if the Exhibition authorities had announced they had secured the far-famed Professor Sirols of Kalamazoo in a "death-defying, daredevil act" the people would not have been better satisfied.

Now, this boy did not say he would be a tight wire expert and then sit down and read all about the art. He used the materials at hand and has won out.

No where more than in the field of sport is this kind of spirit needed to cause an athlete to rise above the average.

Only by dogged, persistent effort can an athlete hope to reach the heights for so matter how talented a boy may be, the field is not far behind him unless he exerts himself to the utmost. And when he gets there, it is a battle to remain.

JACK HIGGINS TOPS PLAYERS IN SUB. LEAGUE

Craft and White Second And Third In Batting

"JACK" HIGGINS, the popular Fair Vale backstop, led both in batting and fielding in the Fair Vale-Rothsey baseball series, won by Fair Vale this year, according to official averages compiled for the season by Thomas Stack, official scorer.

Higgins, who also won the balloting for the inter-suburban league's most popular player, hit for a mark of .375 in 13 games, and fielded his position for an average of .911, although there are several players who only took part in a few games that had averages of 1.000.

The Fair Vale catcher, however, is the rightful leader in both departments, with two of his teammates, "Billy" Craft and White right behind him for batting honors.

Craft finished second with a .365 mark, and White was third with a .320 mark.

Fair Vale boys led their opponents in team batting, but lost in fielding, although the margin in both cases was very slight.

In batting, Fair Vale had a mark of .193, as did Rothsey in batting, and it was found necessary to decide the issue, the result being: Fair Vale, 1930; Rothsey, 1931.

Rothsey had a margin of three points in fielding. The individual scores were as follows:

COMPOSITE SCHOOL GETS UNDER WAY

Three Distinct Classes at McAdam Institution Are Carrying on.

McADAM, Sept. 11.—McAdam's new Composite High School is now in full operation. The vocational classes are organized under special teachers, and the regular classes are down to active work.

The members of the vocational department there are three distinct classes, viz., the three-year commercial high school course; the one-year special commercial course; and the junior high school course, which is sub-divided into the Home Economics and the Industrial courses for girls and boys, respectively.

The teachers for these departments in the order named are: Miss Marguerite L. Taylor, Miss Dorothy Robinson and Durval Douglas.

The members of the vocational committee are L. D. Gaynor, F. Embleton, V. Burns and C. Nason.

The teachers engaged for this term are Misses Leona Dewitt, Jessie Murray, Catherine Embleton, Nellie Piercy, Gertrude Hay, Edna Hunter, Katherine Morrissey, Mrs. L. Young, Principals R. S. Wood and A. S. McFarland.

IS NEW POSTMASTER IN ANNAPOLIS ROYAL

Kerr Merriam Succeeds Richard Hardwick in Nova Scotia Town.

ANNAPOLIS ROYAL, Sept. 11.—The post office passed under new management today for the first time in nearly thirty years, the new postmaster being Kerr Merriam, one of the three sons who accompanied their father, Capt. Walter Merriam, to France when the war broke out and all came back with honors.

The retiring incumbent is Richard Hardwick, who succeeded his father, the late G. Andrew Hardwick, as acting postmaster, when the senior died in January, 1924, after more than 27 years incumbency.

With Mr. Hardwick there also retires from office his aunt, Miss Sarah Hardwick, who had for many years been assistant postmaster with her late brother. It is said that the petitions for the retaining of the Hardwicks in office was signed by nearly 600.

PASTOR LEAVING.

Rev. M. A. McIntosh, who had been pastor of the United Church of St. George and St. Andrew, here, for four years, succeeding Rev. Clayton A. Munro, will preach his farewell sermon on Sunday as he goes next week to Bedford to take a pastorate there.

Mrs. McIntosh was presented at the meeting of the Women's Missionary Society Tuesday evening in a case of plat silver and a life membership in the society. It is not yet known who will be the successor to Mr. McIntosh.

Rev. Frank Smith, who had been licentiate Baptist minister at Deep Brook for a year, was ordained to the charge there last evening.

During the last 80 years more than 10,000,000 people have died in India of bubonic plague.

SINGLE ROBS VANCE OF A PRIZED RECORD

Writing in the New York Times this week, Richard Widnes says, regarding Dazy Vance's wonderful performance recently when the Brooklyn ace almost equalled the pinnacle of pitching perfection:

"The purple toga of perfect pitching was torn from the grasp of Dazy Vance by a lone single at Ebbets Field yesterday. Except for a hit by Chicken Hawks, the great Robin right-hander would have worn the mantle of mystery that has robbed only five major leaguers in fifty years of baseball and another line would have been added to his already rich record in the game's history.

"Not another player reached first base, only six balls were hit out of the infield, and only twenty-seven Phillies faced the incomparable Dazy—three to an inning—as Hawks was caught stealing. The Robins won, 1 to 0.

"With blinding speed, deceptive curves and a baffling change of pace, Hawks was thrown out trying to steal second. He was the last Phillie to feel the footing of the baspaths."

"That hit of Hawks came in the second inning with one out. The Philadelphia first baseman drove the ball toward right field and Stock's desperate attempt to flag it in its flight was fruitless. Wrightstone, the next batter, fled out to centre and then Hawks was thrown out trying to steal second. He was the last Phillie to feel the footing of the baspaths."

"The Water Department team left at 9 o'clock this morning for Moncton to complete their series for the New Brunswick semifinals. A win this afternoon practically assures them of the provincial title, as they will experience no difficulty with Bathurst.

Manager Snodgrass received a telegram from Moncton last evening saying that weather conditions were unsettled and that the locals must take their own chances going there. Lloyd Stirling will pitch this afternoon.

A KANSAS RECORD

WHEATLAND, Kas., Sept. 12.—The record for the largest family in 30 surrounding counties is held by Mr. and Mrs. G. G. Jacobs of Wheatland. The Jacobs have been married 24 years and have 13 children. In the family is one set of triplets, 11 years old, and one set of twins, 9 years old.

GOING TO KEEP YOUR CAR ANOTHER SEASON?

IF YOU ARE—come in today and let us show you how we can refresh it in Duco to look like new. Duco—the unusual new finish for automobiles is practically impervious to weather and dirt conditions. Mud, grit, rain, snow, sun and sleet cannot crack, crack or chip. It will not rust, fall and winter. Throughout the summer, fall and winter (and for seasons to come) you will be proud to be seen in your Duco.

IF YOU ARE NOT going to keep your present car another season, come in today and let us show you how a Duco finish will increase the trade-in or resale value of your car.

But don't delay! Later, there will be a long "waiting list" and, if you let us have your car now, we can refresh it in Duco (any color you desire) in a very short time. Come in today.

MANY ASSEMBLE IN STONE CHURCH

Continued from Page 7.

years the rector resigned, and died in Toronto in March, 1923.

Of what has been accomplished since that time I need not speak. Thanks to the splendid loyalty and devotion of the congregation much has been done to beautify the church.

BEAUTIFUL MEMORIALS

Some 25 special gifts and memorials have been placed in the church during the last four years including no less than six beautiful stained glass windows by different members of the congregation; while the Church Workers' Association has spent something like \$8,000 on the church and, last, but not least, a curate has been provided to work amongst the young.

The attendance at the services has increased, but there is still great room for improvement.

These are things that we can speak of with definiteness because they are tangible, but it is the spiritual results that alone are real. Yet these one cannot tabulate. We have had our discouragements, but, thank God, we have had much, very much, to encourage us.

CALL TO SERVICE

Tonight we have looked for a moment behind us, but I believe the golden age lies before. The 100th anniversary should appeal to us and make us very conscious of the fact that the hand is sinking in the hour-glass, and very soon we, too, shall be gathered to our fathers. It comes as a call to truer service and fuller consecration of life and spirit to our Saviour God.

Holy men and women worshipped within these very walls 100 years ago. They achieved great success and caused the name of this church to be known far and wide, and they have left a precious memory behind them. It is for us

to be active and persevering, determined and hopeful in maintaining and propagating the Faith of our Fathers, the great and abiding truths of the Gospel—above all, the Truth of Truths, the Christ of God.

As we think of the rectors of this parish—the faithful Benjamin Gray, the scholarly John W. Gray, the saintly George Armstrong, the brilliant John de Soyres, and the sincere Gustav Kihling—we see men of very different types who all loved their church because they loved the Saviour. They stuck to their church and their prayer book.

They preached the Gospel in the simplicity of the apostles—Christ, the crucified, risen, living, reigning Son of God, the one Redeemer and only Mediator between God and man.

That is what this church has stood for through the century. In the early days no other Gospel was thought of, but during the century two extremes have entered the field: those who would take from the faith once delivered, and those who would add to it. To neither has place been given in this church, and, please God, never shall be given.

That has meant, in the past, hardship for rectors and people alike, and it may well mean the same in these days, but let us ever remember that this alone is the message that the world needs today, and by God's grace and in His strength let us seek day by day to tell forth that message by lip and life, by love and service, in the home, in the market place, in the street, and in the church.

Thus shall we be worthy of our glorious heritage, and at the last we shall join the Church Triumphant, and blend our voices with those who have gone of yore to praise before the Throne of God and of the Lamb.

Mrs. H. A. Powell Is Elected to Office. At a meeting called specially to deal with routine matters the board of governors of the Victorian Order of Nurses yesterday afternoon passed a resolution of deep sympathy to the daughters of the late Mrs. George F. Smith and expressed at the same time heartfelt appreciation of the great service Mrs. Smith had rendered the order and great gratitude for her request to the V. O. N. L. W. Simms, president, was in the chair and the meeting was held in the Health Centre. Mrs. H. A. Powell was elected first vice-president to all the vacancies caused by the death of Mrs. Smith. The financial situation was seriously discussed. The sum of \$1,500 must be obtained to complete the year's budget and ways and means of raising the necessary funds were under consideration.

Airmen Begin Map Work at Capital. FREDERICTON, Sept. 11.—The Royal Canadian Air Force hydroplane RS20, which is here for the purpose of mapping 600 square miles of the River Valley, ascended for the first time since its arrival here last Monday, when it took off from the Fredericton Air Station at 3 o'clock this afternoon. Flying low over the city, the machine finally headed down the Saint John and the work commenced exactly as planned. The plane landed here for the first time last Friday. Weather conditions have prevented any former attempt.

G.W.V.A. Opens New Home in Fredericton. FREDERICTON, Sept. 11.—The official opening of the G. W. V. A. new quarters took place at 8 o'clock tonight. The first part of the evening was spent in cards. Col. T. G. Loggie then officially declared the building opened. Delicious refreshments were served. The party dispersed about midnight.

Keep Minard's Liniment in the house. COLLISION. An automobile, owned and driven by F. W. Nugent, 848 Douglas avenue, and a street car collided in Prince William street about 6 o'clock last evening. The accident occurred when Mr. Nugent attempted to pass a parked automobile and swerved towards the car tracks. The automobile was badly damaged.

NEARING A BREAKDOWN. A Condition That Calls for a Reliable Tonic. Many women give so much of their time to the cares of their household that they neglect their own health and sometimes reach the verge of a breakdown before they realize that their health is shattered. Often the heart palpitates violently at slight exertion, the stomach fails to digest food and discomfort follows. The nerves become weak and headaches grow more frequent. The body grows weak and they are always depressed. This condition requires immediate treatment with such a reliable tonic as Dr. Williams' Pink Pills which enrich and build up the blood, carrying renewed energy to every part of the body. The value of Dr. Williams' Pink Pills in a rundown condition is proved by the following statement from Mrs. Alex. McInnes, Bowman River, Man., who says: 'About a year ago I had a serious illness which left me very anemic. I was not able to get around to do my work; in fact I could scarcely walk. I was troubled with palpitation of the heart with the least exertion. One day a friend advised me to try Dr. Williams' Pink Pills as they had done her much good. I followed this advice and took the pills for some weeks when I felt as well as ever. I have since been able to attend to all my household duties. The dizziness and palpitation have left me and I begin the day I tried Dr. Williams' Pink Pills. They are just the medicine for those who are weak and rundown.'

SEVERAL HURT IN SHEDIAC CAR CRASH. Auto Plunges Into Ditch and Capsizes When Side-Swiped by Another. MONCTON, Sept. 11.—Thomas Davis, Walter Wilson and Mrs. Wilson, her mother, and Mr. and Mrs. Walter Neale had a narrow escape when their car was ditched about four miles this side of Shediac last night. The accident was caused when a Packard car with New York license tags passed their car on the road, it is said, striking the front wheel and driving Mr. Davis's car into the ditch where it overturned. The occupants were taken to a nearby house and Dr. Oulton, of Shediac, was summoned. Their injuries were attended to and this morning an X-ray examination at the hospital show that Mr. Wilson had received a fractured collar bone. The women were partially bruised and shaken up and one of Mr. Davis's arms was badly sprained, but the ditched car, a sedan, was badly wrecked.

FIRE RAZES HOME IN DIGBY COUNTY. Neighbors Unable to Save Anything in \$3,000 Victoria Beach Blaze. DIGBY, Sept. 11.—Despite the strenuous work of neighbors, it was not even possible to save the furniture of the Kenny Home at Victoria Beach, which was completely destroyed by fire today. A passing neighbor noticed smoke arising from the roof of the building and immediately gave an alarm, at the same time notifying Mrs. Kenny, who was in the kitchen. Soon a fire brigade was organized and everything possible done to extinguish the blaze, but it had gained such headway that before many minutes passed the building was a mass of ruins. The loss is estimated at \$3,000, partly covered by insurance.

No License; Sale Is Off

AN AMUSING incident is told by one of the canvassers selling tickets for an automobile to be given as a premium at the coming fair for the Protestant orphans. A man looked the car over, and took out a roll of money to buy a ticket. Then he peered at the front of the car and inquired: "Hass't the car any license?" On being informed that he had not, his further query was: "And does the winner have to buy the license himself?" "Why, yes," the astonished canvasser replied. Then I won't buy a chance on it," was the reply. Another appeared put out because he would not be promised a season's supply of gas for the car if he won it.

MEMBERS OF PIONEER CITY FAMILIES WED

Nuptials of A. Malcolm McGowan and Miss Marion E. McPherson This Afternoon.

Two of the leading pioneer Scottish families in Saint John will unite this afternoon at 5.30 in Knox Presbyterian church, when Andrew Malcolm McGowan, son of Mrs. Isabella McGowan and the late S. McGowan, of 148 Lennox street, will take for his bride Miss Marion Elizabeth McPherson, daughter of Mr. and Mrs. David McPherson, of 148 Lennox street. Rev. R. Moorhead Legate, pastor of the church, will perform the ceremony in the presence of the large family connection of the bride and groom and many friends. There will be no invited guests, the occasion being informal. Miss Florence Wilson, organist, will play the wedding music. The church has been prettily decorated by young friends of the bride and groom. The bride, who will be given in marriage by her father, Alan McGowan, will wear a blonde crepe back satin gown trimmed with pencil blue, with everything to correspond and will carry a bouquet of Ophelia roses. She will be attended by her sister, Miss Annie Smink McPherson, who will wear an orchid crepe de chene gown and smart black hat of satin, turned off the face and will carry pink and mauve sweet peas. Alan McGowan, brother of the groom, will attend him.

After the ceremony there will be an informal supper at the home of the bride's parents, and the newly married couple will leave on the Boston boat for various cities in the United States. The bride and groom will be the centre of baseball activities for the closing of the season. As president of the Trojan Athletic Club and secretary of the Grey Club, the groom has a large following in sporting circles and philanthropic endeavors. The bride is keenly interested in both and is anticipating with delight the attendance at the big games.

Going away the bride will wear a navy blue poiret tulle tailored suit with blonde satin hat and sable fox fur, the latter the gift of the groom. On their return they will reside at 18 Exmouth street.

The gifts are beautiful and valuable. Mrs. Andrew Malcolm, grandmother of the groom, has given a handsome walnut dining room suite; James Malcolm, great uncle of the groom, and David McPherson, Sr., grandfather of the bride, generous gifts of gold. From the Royden Foley concern, in whose office Mr. McGowan is employed, has been received a mahogany and bridge-table, handsomely designed. The bride, who was employed with J. W. Britton, weigher, received from the firm a chest of drawers and a table of antique design.

WALTER J. LAMB IS DEAD AT AGE OF 84

Came to Saint John From England With Artillery at Time of Trent Affair.

Although he had been in failing health, but able to be about with unusual vigor for a man of 84 years, Walter J. Lamb died at his home, 107 St. James street early this morning. He was of English birth, coming to Canada from Ilford, near London, with an artillery regiment, Artillery, 8th brigade, at the time of the Trent affair. With the exception of a few years spent in the upper provinces Mr. Lamb resided in Saint John, where he made many friends through his activities in St. James' church and his interest in community welfare. His wife died some years ago. She was Miss Amelia Kearns.

Mr. Lamb is survived by one son, Walter J., Jr., residing at home and two daughters, Mrs. J. H. Barton, wife of Dr. Barton, of Lancaster avenue, West Saint John, and Mrs. W. D. Swatbridge, of Brooklyn, New York, who is now visiting in the city. Seven grand children also survive. The funeral will be on Monday afternoon from St. James' church, with service at 8.00 o'clock. Interment will take place in the Church of England burying ground.

FAREWELL TOMORROW

Rev. J. W. Britton, minister of St. Matthew's Presbyterian church, who has resigned to accept the charge of a church in Nova Scotia, will preach his farewell sermon tomorrow. On Sunday, September 20, Mr. Britton will preach at St. Andrew's and will leave about September 24 for his new home.

WAS ON SAD MISSION

Miss Margaret Belyea, R. N., superintendent of nurses at the Prospect Heights Hospital, Brooklyn, N. Y., who was called to Saint John by the serious illness and death of her mother, Mrs. Olivia Belyea, has returned to Brooklyn to resume her duties.

SPORTSMEN GET READY FOR WOODS

Game Hunting Season is to Open Next Tuesday

Chief Warden Expects Good Year—Cautions re Fires and Accidents.

Saint John sportsmen are preparing for the game hunting season, and guns and other equipment are being got in readiness for the hunting season, which opens for deer on Sept. 15 and for moose on Oct. 1. From almost every county in the province reports show an abundance of deer, while moose also appear plentiful. The partridge season, however, has been shortened by one week, and does not open until Oct. 20, closing on Nov. 10, both dates inclusive. The bag limit for partridge is the same as last year, six a day and 20 for the season. The woodcock and Wilson snipe season will open on Oct. 1 and close on Nov. 30. An important amendment, passed at the last session of the Legislature and in force this season, requires all hunters who kill a moose to bring out the head forthwith and exhibit the same to a game warden. This is deemed necessary in an effort to prevent illegal killing of cow and calf moose.

EXPECTS GOOD SEASON

Chief Game Warden L. A. Gagnon of Fredericton. He has been busy distributing the game licenses to the vendors in the readiness for the hunting season, which opens for deer on Sept. 15 and for moose on Oct. 1. From almost every county in the province reports show an abundance of deer, while moose also appear plentiful. The partridge season, however, has been shortened by one week, and does not open until Oct. 20, closing on Nov. 10, both dates inclusive. The bag limit for partridge is the same as last year, six a day and 20 for the season. The woodcock and Wilson snipe season will open on Oct. 1 and close on Nov. 30. An important amendment, passed at the last session of the Legislature and in force this season, requires all hunters who kill a moose to bring out the head forthwith and exhibit the same to a game warden. This is deemed necessary in an effort to prevent illegal killing of cow and calf moose.

ACCIDENTS

Mr. Gagnon spoke of hunting accidents which occur from carelessness during the hunting season, and drew attention to the comparatively small number of accidents which have occurred in this province during the past two autumns. "We sincerely hope that the records established in our province during the last two years in connection with the small number of casualties in the woods during the open season will be lived up to by our people as well as by all non-resident hunters during the coming open season," said Mr. Gagnon. "It can be done if all are careful and do not shoot before they know what they are shooting at and stop to think that they will regret it if, through their carelessness, they become responsible for a human life or for a maimed body." He also expressed the hope that all hunters would co-operate with the department and the officials charged with the enforcement of the game and fire laws, so that the season would be successful in every respect.

K. P. CHANCELLORS MEET AT GRAND BAY

Conference With Grand Chancellor Mowry to be Held on Tuesday.

Next week is to be a busy one for Capt. J. A. Mowry, grand chancellor of the Maritime Domain, Knights of Pythias. On Tuesday he will meet the New Brunswick district deputy grand chancellors for a conference. They will be the guests of the grand chancellor at his summer home, Grand Bay, for the afternoon and evening, and ways and means of increasing the membership and usefulness of the order in this province will be discussed.

The district deputies for New Brunswick are: Hon. J. K. Fleming, Juniper, F. P. Stratton, Moncton; George Cockburn, St. Stephen, and C. T. Green, Saint John.

On Wednesday Grand Chancellor Mowry will visit Amherst to take part in the ceremonies connected with the opening of a new lodge home for Chignecto Lodge of that town.

On Friday he will pay an official visit to Southern Cross Lodge, Grand Manan; and on Saturday evening he will visit Seaside Lodge, St. Andrews.

FUNERAL HERE MONDAY

Mrs. Jeremiah Stout, of Fredericton, who has been visiting in Beverly, Mass., with her daughter, Mrs. Harry B. Doherty, has returned home, accompanied by her daughter, who will visit her former home for some time. Mr. Stout was greatly saddened on her return by the news of the sudden death of her sister, Mrs. Barbara Haviland, who died in Chatham yesterday morning. The body will be brought here for burial in Fairville, the funeral to be held on Monday afternoon.

STILL GRAPPLING

Grappling along the waterfront, following the disappearance of Alexander McLean, cook of a schooner, is being continued today by John O'Leary and an assistant. The search is confined chiefly to the vicinity of Pettibone wharf where the schooner Ellen Little, on which he was steward, was lying when he was first missed.

HOME AFTER VACATION

Rev. Hugh Miller, minister of St. David's church has returned after his vacation and will take the services tomorrow. Mrs. Miller is expected to reach home this evening.
