BIG LEAGUERS AT HOME PARKS TODAY

Baseball Comes Into Its Own in New York. Babe Ruth Makes a Record Home Run, But Pipp's Error Loses Game — Late News in Sport World.

(Canadian Press) New York, April 8.—Baseball came to its own here today, the fans being set to see the afternoon of it to see their favorite teams in action. The Giants were hoping the weather would permit them to meet the Chicago White Sox at the Polo Grounds...

Brooklyn team continued their streak against the Yankees at Grand Central stadium by winning 4 to 3. Ruth led off with a home run, but he was out on a bunt. Wally Pipp committed an error the ninth that resulted in defeat for the team.

Carl Mays, who threw a ball over the stand when he was taken out of game in the south and who drew a \$200 fine from Manager Huggins, was here yesterday. He was silent as his relations with the manager. Baltimore, April 8.—An X-ray picture taken yesterday showed that Max Baer's second baseman of the Baltimore Internationals, has a cracked toe and torn ligaments in his shoulder...

Cleveland, April 8.—The Cleveland Indians regulars are at Columbus, on the last day of their training season. They will play the Senators today and tomorrow. Cleveland is scheduled to play against the Athletics tomorrow, each likely to use nine innings. Philadelphia, April 8.—Local baseball fans will have their first opportunity to judge the respective merits of the 22 candidates of the Philadelphia Nationals and Americans. They are to meet at Shibe Park this afternoon.

Pittsburgh, April 8.—Earl Hamilton pitched three innings yesterday against a Springfield, Mo., club. The veteran began his career at Springfield, did not allow a man to reach first base and the third inning retired the side on strikes. The game, seven innings, was won by the Pirates 2 to 1. Washington, April 8.—The Washington team will meet the Boston Braves here today. Maguire will start for Washington and probably Marquard for the Braves.

Detroit, April 8.—The Detroit Americans invaded Indianapolis today for games with the Hoosiers today and tomorrow. But for Mohardt's error in the sixth inning of yesterday's game at Memphis, the Tigers probably would have left the city with a 13 to 0 victory to their credit. The misplay paved the way for 'emph' single run. Pitcher Vines was an easy mark for the Tigers who registered 12 hits before Fowlkes went in to pitch. The latter held the major leaguers to one blow.

Detroit Claims Young. Detroit American infielder, has been claimed on waivers by the Philadelphia Athletics. Young is with the Tigers at Memphis, and it is expected he will immediately join Philadelphia. The local lead waivers on Young several days ago, when he again pitched for the Athletics throwing that caused his removal from the line-up last year.

Technical Knockout. Grand Rapids, Mich., April 8.—Frustrated of Rochester, Minn., scored a technical knockout over Homer Smith of alamosa, Mich., in the seventh round of a scheduled ten no decision bout here tonight.

ENGLAND'S "MYSTERY TOWER" TO BE SCRAPPED

Known as the "mystery tower" of Shoreham, this huge structure was built during the war at a cost of more than \$5,000,000, but it was never used. It is now to be scrapped. Its purpose has given rise to much speculation, but is a closely guarded secret of the British Admiralty. Its destruction will leave for salvage only a few steel girders.

IMPERIAL HOTEL PROPERTY SOLD

Successful Bidder was H. A. Powell, K.C., Acting on Behalf of Another—Business to Continue. The Imperial Hotel property in King Square was sold today at public auction under power of sale contained in an indenture of mortgage given by the King Square Realty Co., Ltd., the executors of the estate of the late James P. McInerney. The property which consists of the Imperial Hotel and a freehold lot, was knocked down to H. A. Powell, K.C., for \$13,500. Mr. Powell said after the sale that he was acting on behalf of another man whose name he did not care to make public, but said that the new owner would continue the business as at present. F. L. Potts was auctioneer.

CANNOT BAR THE ORIENTALS

B. C. Act to Deny them Work on Government Contracts is Disallowed. Ottawa, April 8.—(Canadian Press.)—The governor-general has disallowed the act of the legislature of British Columbia, which prohibited the employment of orientals on government contracts in that province. The provincial government in the first instance prohibited the employment of Asiatics by order-in-council, and the legislature subsequently passed an act to validate the order-in-council. The constitutionality of the act was attacked in the courts, and the supreme court declared that it was ultra vires of the province. The act had accordingly been disallowed by the governor-general.

BOLSHEVIKI PUT PRELATES TO DEATH

London, April 8.—The Bolsheviks in Russia from 1919 to 1920 killed one metropolitan, five archbishops and sixteen bishops, of whom thirteen were shot and nine tortured to death, according to a telegram sent by Archbishop Anthony, metropolitan of Kiev, to the Archbishop of Canterbury, says the London Times.

ROYAL HONEYMOON DRAWS TO CLOSE

Paris, April 8.—Princess Mary and her husband, Viscount Lascelles, left Paris at noon for London after their honeymoon. They were accompanied to the station by the Earl and Countess of Granard, at whose home they stayed while here, and by the former Princess Patricia and her husband, Captain Ramsay.

NEW DEFENCE PLAN FOR AUSTRALIA PLANNED

London, April 7.—(Canadian Press Cable.)—The Melbourne Herald free press shadows the main features of the new Commonwealth defence scheme, says a Reuter despatch from Melbourne. There is to be a substantial reduction in the personnel of the permanent forces and maintenance of a compulsory service with a fifty per cent. reduction in existing units and a more intensive system of training.

As Hiram Sees It

"Hiram," said the Times reporter to Mr. Hiram Hornbeam, "you look quite perky this morning. Spring must be getting into your blood." "It is," said Hiram, "but what tickles me is what the farmers are going to get out of you folks here in town." "Haven't you been getting enough?" asked the reporter. "Even if we was," said Hiram, "we ain't lookin' no gift horse in the mouth." "It ain't the dark," said the reporter. "Well," said Hiram, "if a man comes up an' gits in a tangle with 'im gonto accommodate him-aint it?" "Has someone been doing that?" asked the reporter. "Not yet," said Hiram, "but if you fellows is goin' to pay twelve cents for four cent 'lectricity us farmers 'll expect to get ninety cents for thirty cent eggs an' three dollars for dollar potatoes. You'll treat everybody alike—won't you?" "In the words of Mrs. Asquith—I wonder," said the reporter.

SEVEN TEAMS SO FAR EXPECTED FOR TOURNAMENT

The Trophy Executive Limits Competitors to Teams or Clubs With Four or More Players. Much interest is being manifested in the Brunswick-Balke-Colleridge trophy tournament, which will be held on the Y. M. C. I. alleys on April 18 and 19. The outlook today was that teams competing for the trophy will be Black's, from this city; Calais, Houlton, Fredrickton, Moncton and Amherst, with the Y. M. C. I. team defending. It is believed that the tournament will be confined to two days' bowling. So many teams were in prospect as possible seekers after the trophy this year that a long drawn out competition seemed likely, which would necessitate many days away from home and occupation or business interests for bowlers coming from outside places. It was agreed to defend the trophy executive, composed of a representative of each of the teams that have won the pin, has been held and a decision reached that those eligible to compete should be limited to teams or clubs that have facilities for defending the trophy, should they win it, and would be willing to agree so to defend it. This means that only those teams or clubs that have four alleys or more can be represented in the tournament. The games will be played on the Y. M. C. A. alleys, at the Institute team won the trophy in Fredrickton last year.

POOLROOM PROPRIETORS RECEIVE HEAVY SHOCK

Peterboro, April 8.—Proprietors of local poolrooms and bowling alleys received the shock of their lives, when, without any warning, Provincial Tax Inspector E. Woodburn descended upon them and collected a tax of \$15 on every pool table and bowling alley. One man paid \$300 on 20 pool tables, and was very wrathful because he claimed the proprietors had not received notice in advance of the tax collector's visit. It was the first time they have had to pay the tax as legislation providing for it was passed only last year.

BRITISH FINANCE

London, April 8.—The five per cent. war loan, the largest raised by the British Government during the war, reached the par of 100 yesterday for the first time, a premium of five per cent. over the issue price, according to the London Times.

HARD TIME IN ICE

Louisburg, N. S., April 8.—Eight days out from Port Aux Basques, the steamer Kyle of the Reid Newfoundland service arrived here yesterday, and landed her passengers and mails. She had much difficulty in forcing her way through ice fields, being held fast for days. She was unable to make Sydney, owing to heavy packed ice.

SNAKE IN MAIL BAG IN HALIFAX POST OFFICE

Halifax, N. S., April 8.—A young snake wriggled from a mail bag which was being opened in the Halifax post office last night. It died.

IN PARLIAMENT

More Estimates Yesterday—House to Rise for Easter Recess on Tuesday Night. (Canadian Press) Ottawa, April 8.—In the House of Commons Monday will be private members' day. There are a large number of resolutions and one or two bills on the order paper. If these are exhausted the government will resume in supply and the estimates of the department of agriculture will again be taken up. The Senate will not sit. Yesterday in the Commons motion for the adoption of the second report of the select committee on agriculture and colonization, which has the wheat problem before it, debated at length. The report proposes to ask the opinion of the supreme court on the re-establishment of the wheat board. An amendment moved by Hon. Arthur Meighen, referring the report to the committee for further consideration, carried. The committee was also given authority to inquire into the "voluntary pool" co-operation on the part of the producers. Premier King gave formal notice prior to placing under government orders a motion to ratify the treaty drawn up at the Washington conference. Third reading was given a bill creating the department of national defence and also to amend the salaries of the Senate and House of Commons act. A bill amending the penitentiaries act, making it necessary for prisoners suffering from infectious diseases to be treated in county jails before being sent to penitentiaries was given second reading and reported from committee. Civil government estimates of the department of insurance, \$61,388 for salaries and \$56,000 for contingencies, also given second reading for the auditing general's department, \$23,885 salaries and \$34,000. A vote of \$1,315,000 for experimental farms, the main estimates of the agriculture department, caused lengthy debate. It finally carried. Other votes for the department of agriculture were passed as follows:—Entomology, \$23,000; administration and enforcement of the destructive insect and pest act, \$235,000; dairying, \$175,000; cold storage warehouses, \$26,000. It was announced that the house will rise for the Easter recess on next Tuesday night.

GOOD OUTLOOK FOR ENDURANCE EVENT

Better Quality of Horses Expected in Three Hundred Mile Riding Test. Burlington, Vt., April 8.—The 300 mile endurance test for horses, which has been held every fall since 1918, will be entirely within the state of Vermont this year. This announcement was made on behalf of the board of sponsors. Last year the ride was from Camp Hill, N. J., to Washington, D. C., with the finish at Washington Monument. This year the riders will start from this city on Monday, October 16, and will end here on Friday evening, October 20. Details of the route to be followed will be arranged by the judges later. While there have been some changes in the rules they are in general the same as last year's. The horses will cover sixty miles a day for five consecutive days, each horse carrying a minimum weight of 225 pounds. This is 20 pounds less than was carried last year. Riders must cover the daily course in not less than nine hours and not more than eleven hours. Last year the maximum time was 12 hours.

PITTSBURG STEEL RAISES PRICE OF SOME PRODUCTS

Pittsburgh, April 8.—The Pittsburgh Steel Co. yesterday announced an advance of approximately 10 cents a hundred pounds in minimum prices on jobbers' carload lots on wire products, cast iron and steel. It was explained that the increase was ordered "to adjust harmonize" schedules. New prices quoted are: Standard wire nails \$2.50; coated nails \$2 base; galvanized bundle wire and staples, \$3.15 per 100 pounds f.o.b. Pittsburgh. Plain wire remained unchanged at \$2.25 base per 100 pounds f.o.b. Pittsburgh.

FIREMAN KILLED, SECOND MAN IS BADLY SCALDED

Brandon, Man., April 8.—Alex. Ross, fireman on the C. N. R., was killed, and F. Parsons was badly scalded in a wreck yesterday two miles west of Maryfield. The wreck was due to the sinking of the rails. Both are Brandon men. Ross leaves a wife and a daughter of three years.

WEATHER REPORT

Synopsis — A shallow disturbance which was over the Middle West, moved quickly to the lower St. Lawrence Valley, causing showers in Ontario, Quebec and the maritime provinces. The weather has turned colder in the west, with rain and snow in the southern districts of Saskatchewan and Alberta. Fair and Mild. Forecasts: Maritime — Strong southwest winds; local showers, but mostly fair in western districts. Sunday, westerly winds; fair and mild. Gulf and North Shore — Strong winds and gales from southwest with showers. Sunday, westerly winds; fair. New England — Cloudy tonight; cooler in Massachusetts. Sunday, unsettled; probably showers; moderate westerly winds, becoming variable. Toronto, April 8.—Temperatures: Lowest Stations. 8 a.m. Yesterday, night. Highest Stations. Prince Rupert ... 84 44 30 Victoria ... 36 46 36 Kelowna ... 38 44 26 Calgary ... 26 44 24 Edmonton ... 26 46 26 Winnipeg ... 28 46 26 White River ... 42 36 40 Sault Ste. MINERS TODAY GET MILLIONS

Last Pay Day While Strike is On. Total of \$80,000,000 Paid Out—Baxter Divulges News of Recent Resolution Aimed at Himself and Others in Cape Breton. (Canadian Press) Indianapolis, April 8.—Idle coal miners of the country starting today and continuing next week, receive their last pay estimated at \$80,000,000 by union officials and regarded by them as a strike fund. The big wage distribution is for the final half of March—fifteen working days. This is the only big cash payment that will come during the suspension, the union was chest not permitting any general strike benefits. The miners' last pay is among the best sums received for several months. From both the union and operators sources here it was said that the miners would receive on the average of \$50 to \$60 each with some operators estimating as much as \$75 a man.

CAMBRIDGE WINS RELAY RACE

Victory Over University of Pennsylvania and Oxford in Four Mile Contest. (Canadian Press) London, April 8.—Cambridge won the four-mile relay race at the Queen's Club here today. The University of Pennsylvania was second and Oxford third. The time was 18 minutes and 7.2-5 seconds. Cambridge was in the lead at the end of every mile of the race. The order of the runners at the end of the first mile was: Mountain, Cambridge; Hewelton, Oxford; Herr, Pennsylvania. At the end of the second mile, Pennsylvania was second and Oxford third, the runners in order being: Tatham, Cambridge; Kerr, Pennsylvania, and Weekly, Oxford. At the end of the third mile the teams were in the same order, the runners being: Seagrove, Cambridge; McLane, Pennsylvania, and Brunner, Oxford. At the end of the fourth mile, Stallard, Cambridge, led Brown of Pennsylvania, by seventy-five yards, while Brown led Milligan of Oxford by ten yards.

MRS. EVA FOSTER IS FOUND DEAD IN BED

Father was Founder of Amherst Boot and Shoe Factory. Amherst, N. S., April 8.—Mrs. Eva Foster, daughter of the late Mr. and Mrs. M. D. Pridie, the former of whom was founder of the Amherst Boot and Shoe Factory, was found dead in her bed this morning. Mrs. Foster had been suffering from heart trouble for some years, and her death was due to this cause. She recently returned after an extended trip to Europe. She is survived by one son, Archie, and a daughter, Mrs. Frank Scott, who two years ago was overseas with a provincial newspaper party. Two brothers also survive her, William in Amherst and Harry in western Canada.

STUDENTS MAKE PROTEST RAIDS

Bishops College Youths Stone Residences in Objection to Principal's Resignation. Sherbrooke, Que., April 8.—Apparently displeased over the resignation of Rev. Dr. Bedford-Jones as principal of Bishop's College, Lennoxville, students made a series of raids at the college. They attacked the residence of the registrar, J. C. Stewart, and also that of the vice-president of the college, Prof. Robertson-Smith, doing considerable damage with stones.

MANSLAUGHTER IS VERDICT

Man Drugged in Montreal and Abandoned in Snow. Montreal, April 8.—A verdict of manslaughter was returned here yesterday in the case of Georges Bolvin, alias Baker, and Adrian, alias Georges Senecal, on a charge of murdering Ferdinand Paquette, lumberman, of Montebello, Que. Paquette had drunk beer containing a heavy dose of morphine, and was taken very ill on Dec. 1 last. Bolvin and Senecal took him away from the hotel where the drink was finished, and abandoned him in a dying condition at a deserted spot in the east end. The body was found there in the snow.

ROUTED BY JAPANESE

Tokio, April 8.—Forces of the Far Eastern republic advancing to reinforce the front at Spasskoe, about 250 miles northwest of Omsk, in contravention of the Russo-Japanese agreement, were routed by Japanese detachments and attacked on April 8.

UNIONS ACCEPT THE PROPOSAL

Danish Workers to Resume on Monday, but Unskilled May Secede. Copenhagen, April 8.—The Danish trades unions by a vote of 385 to 122 decided yesterday to accept the public mediator's compromise proposal, which had already been accepted by the employers, thus bringing the two months' lockout to an end. Work will be resumed on Monday. There is a possibility that unskilled labor may reject the terms of the compromise and secede from the central organization of trades unions.

POLICE AND THIEF SUSPECTS IN DUEL; LAWYER KILLED

Harry Crane, on Way Home, Killed in Fusillade in New York Street. New York, April 8.—A fusillade of shots exchanged between two suspects and police in Forty-second street last night resulted in the death of Harry Crane, 40, a local attorney. Mr. Crane, who was on his way to the Grand Central terminal, carrying home some articles for his wife, was struck in the heart by a bullet and fell dying to the sidewalk.

NEW STATUE OF VIRGIN MARY FOR LORETTO

Rome April 8.—A new image of the Virgin Mary, made to replace one destroyed by fire about a year ago, in the celebrated holy house at Loretto, is to be conveyed to St. Peter's soon, to be blessed and crowned by the Pope. It will then be carried to Loretto by Italian aviators, whose patron is the Madonna of Loretto. The new statue is of cedar wood, as was the original, and is of similar proportions.

MERCHANTS BANK CASE POSTPONED

(Canadian Press Despatch) Montreal, April 7.—On motion of C. A. Wilson, K.C., crown counsel, hearings in the case of D. C. Macarow, late general manager of the Merchants Bank of Canada, and Sir Montagu Allan, late president, were postponed this afternoon to April 19. Mr. Macarow is charged with "wilfully making false and deceptive statements" in the October, 1920, report to the government of the Merchants Bank financial statement. The charge against Sir Montagu Allan is "that he signed, approved and concurred" in the statement.

TO FOSTER FRENCH TRADE WITH CANADA

Series of Monthly Business Men's Luncheons Inaugurated in Paris.

London, April 8.—A Reuter despatch from Paris says that the Canadian section of the British Chamber of Commerce in Paris, with the aim of promoting better trade relations between France and Canada, has inaugurated a series of monthly luncheons to be attended by business men as the guests of honor. The first luncheon was in honor of Henri Lorin, Deputy for Brodeaux district.

The chairman said it was hoped to gather together at monthly luncheons not only resident members of the Chamber of Commerce, but also Canadian business men passing through Paris, as well as French and English friends interested in the work of the Canadian section.

Lieut.-Col. Barre, Canadian Trade Commissioner in Paris, gave interesting figures regarding the trade relations between France and Canada. He outlined the role the Canadian section was filling in furnishing the Canadian exporter with useful information regarding buyers and French tastes, aiding commercial travelers when visiting France, and giving information to Canadian importers regarding the commercial riches of France.

Col. Barre recalled that a revision of the French customs duties would be carried out in a few months' time, and he hoped a new trade convention between France and Canada would be drawn up.

Deputy Lorin spoke in English, and mentioned that a day or two previously he had seen President Millerand at Bordeaux, and the President had expressed the great interest he always felt in Canada.

JUDGES TO DECIDE DRESS ALLOWANCE

Question is What is Necessary in Gowns, Compatible with Countess' Dignity.

London, April 7.—How large should be the dress allowance of a countess in order that she may maintain her position in society?

This problem was before Justice McCardie when he heard a case in which Earl Cathcart was sued by a firm of costumers for £215, representing the value of two gowns supplied to his wife last June. The earl obtained a divorce decree against his wife last February, the co-respondent being the Earl of Craven. Cathcart had previously repudiated responsibility for her debts.

Counsel for the plaintiff said it was impossible for the countess to be seen in society in the same gown week after week, the rigorous treatment of ladies toward each other in the matter of dress was hardly to be countenanced.

The head saleswoman for the plaintiffs was asked by the judge how many dresses a countess would have in a year. She replied sometimes thirty or forty gowns would often cost £40 to £50 each, and evening gowns as much as 60 guineas.

Earl Cathcart, giving evidence, said that shortly after his marriage in 1919 the countess got through £1,600 in ten days. Afterward he arranged to make his wife an allowance of £200 yearly. He was told his wife's debts in July last year amounted to a little under £4,000.

The judge, at the conclusion of the legal arguments, would not give judgment off-hand, but is going to think it over.

McClary's enameled cooking utensils. The Clean Ware. With the smooth, glassy surface that cannot absorb dirt, and of a wear-resisting toughness—that's McClary's. At All Good Stores.

Use Old Dutch Cleanser. Saves Your Energy. Clean your utensils with Old Dutch. It does the work better, more quickly, more economically. Gives your pots and kettles a hygienic cleanliness and a pleasing appearance. Made in Canada.

D & A Corsets. Your Figure Will Look Its Best. Your figure will look its best in this D & A No. 549—if your weight is 115 to 140 lbs. and height 5 feet to 5-6. Ask your corsetiere to show it. Made of fine coutil, specially cut and bonded to give flexibility and style with great comfort—yet most moderately priced.

The Snowwhite Kitchen. THE house-wife's delight—a snow-white kitchen—can easily be achieved by the use of LUXEBERRY WHITE ENAMEL on sink, woodwork, kitchen cabinet, tables and chairs. Anyone can apply this enamel which comes in both high gloss and egg shell finish, and can be easily cleaned with a damp cloth.

SNAP. Means Clean Hands after Dirty Jobs. When you are through putting around the house, or working in the garden or tidying up the cellar, wash up with Snap. Use the Want Ad. Way

COWAN'S COOKERY COLUMN. Cocoa Doughnuts. 3/4 cups flour, 1/4 teaspoon salt, 1/4 teaspoon soda, 1/4 teaspoon cream of tartar, 1/4 teaspoon grated nutmeg, 1/4 teaspoon cinnamon, 1/2 tablespoon butter, 1 cup sugar, 1 cup sour milk, 1 egg, 3 tablespoons Cowan's Cocoa.

COWAN'S Perfection Cocoa comes packed in tin and this retains its delicious flavor.

COUPON. Send this coupon with ten cents in stamps or coin & receive a 64 page recipe book.

MR. TREAT WINS \$10. Some time ago we advertised for two names for a man's boot. Of the many names suggested, there was only one we thought suitable. Our selection was The Enduro Shoe, and only on the 7th of its registration. Therefore we announce Mr. Harry Treat, formerly with Messrs. T. McAvity & Sons, as the winner and wish to thank all persons who answered our advertisement. The Enduro Shoe can be relied upon to carry the full meaning of the word, and will appear in our new fall samples. The Enduro will wear well.—Waterbury & Rising, Ltd.

LETTERS TO THE EDITOR

To the Editor of The Times: Sir,—The post office department is desirous of discouraging the use of small cards or envelopes for the following reasons:

1. As a result of the small size of the cards or envelopes the post office cancellation mark frequently falls on the address, partially obliterating it with the possibility that the article may be mis-delivered or at least delayed.

2. There is difficulty in the post office sorting and handling of small cards and envelopes and this unavoidably causes delay.

3. There is also difficulty in putting small cards or envelopes through stamp cancelling machines at larger offices, and this too causes delay.

4. The small size of the cards or envelopes makes them apt to fall out of bundles in which they are tied, and there is the possibility of loss as a result of this.

Responsibility for loss, misdelivery or delay, as outlined above, arising from the use of small cards or envelopes, rests entirely with the sender. J. S. FLAGLOR, Postmaster.

A LETTER FROM SENATOR THORNE

To the Editor of The Times: Sir,—As a large consumer of electric power, as well as taxpayer in the city of St. John, I have become very much interested in the hydro discussion that has agitated our city for the past few months.

From experience we know that estimates of engineers for public works are always under cost. Hardly do we find, when work is completed, that the cost does not exceed the estimates by twenty-five per cent, fifty per cent or even more. If I recollect correctly, the original estimate for the hydro development was about \$800,000 and we know, up to the present, that it has cost \$2,000,000 and still the owners of property in connection with this development have not yet been settled with. Therefore the final expenditure will be largely above \$2,000,000.

For this enormous expenditure the commission have at their disposal say \$3,000 horse power. Therefore as a proposition to provide power for the development of industries on a large scale it is absurd. The most favorable construction of the available power will supply very little more than the present wants.

Why should the city hurriedly enter into a project that will involve the taxpayer with an enormous burden for all time? Municipal ownership might be good and commend itself to the citizens, and by carrying out the mayor's suggestion the city would be in a much better position two years hence to undertake that responsibility.

The hydro commission propose to get twelve per cent on the investment to provide a sinking fund and pay the interest on the sum expended. It is proposed that the city shall pay this rate and at the end of thirty or thirty-five years they would have paid for the whole undertaking, and not own it. Is this good business?

I listened with much interest to Mayor Schofield's address at the Imperial Theatre, recognizing him as a successful business man in whose judgment I could rely. He has had opportunities to investigate the whole proposition and can play the best expert advice available. He cannot be accused of not being honest in his conclusions in the interest of the citizens. His solution of the problem is sound.

My advice is "go slow," and not become involved in an enormous expenditure that is not warranted by the information we now have. If after two years, as proposed by the mayor in his plan, municipal ownership is desirable, it can be carried out to much greater advantage. Yours, etc., W. H. THORNE.

St. John, April 7.

5 O'clock Tea. A pleasant interlude in the day that is rapidly becoming established as a habit in thousands of new homes. And since Blue Bird is the type of tea almost invariably served, Five O'clock Tea means Blue Bird Tea. Blue Bird Tea "Brings Happiness!"

Regular dance tonight. G. W. V. A. c. o. a.

Dear Friends and Patrons:

We are now in our new home, and extend to you a cordial invitation to visit us at number 4 King Square, Duffin Hotel Block.

This move was instituted for two reasons. First, the growth of our business demanded better conditions and facilities, and secondly, certain comforts and conveniences due our patrons were missing in the old place, which will be fully in evidence in the new.

Believing that the character of our work has not only given us the full confidence of our patrons, but has established a spirit of regard and good will between us, which spirit we shall strive our utmost to be worthy of in the future, we are

Sincerely and cordially yours,
K. W. EPSTEIN & CO.,

WITNESSES SAID WOMAN SET FIRE

Carried Rags and Paper to a Staircase and Ignited Them—Made Many Attempts.

(Montreal Gazette.)

Two witnesses swore that the fire which broke out on March 30 last at No. 1017 Ontario street east had been set by a woman named Mrs. E. Lambert, 1029 Ontario street east, in the evidence given before Fire Commissioner Ritchie yesterday.

During the course of the evidence he gave considerable excitement, the husband of Mrs. Lambert interrupting several times, and being finally threatened by the commissioner with expulsion. The fire broke out at 2:07 p. m. Evidence was given that the fire originated in a staircase which had an open entrance at the side of the store of J. P. Davignon & Company, Mrs. Lambert is a tenant of the Davignon company.

Jules Briere, 1040 Ontario street east, testified that he conducts a tailoring business and that his premises were directly opposite the Davignon property. The fire, he said, started at 2:07 p. m. On several occasions during that morning he had noticed Mrs. Lambert going to the staircase with old rags and paper, and trying to set them on fire. She had failed to do so, the fire going out, but the last time she was at the staircase, about two o'clock, he noticed that the staircase was on fire shortly after she had left. He had gone over and noticed that a plank had been torn loose, but could not say who had torn the plank away.

Cross-examined by H. S. M. Caron, who represented Mrs. Lambert, the witness stated that after the alarm was given, Mrs. Lambert returned to her residence and he observed her watching the fire from a window.

A. Vermette, 727a Garnier street, testified that at about two o'clock he was in Jules Briere's store and he noticed a woman on the staircase outside Messrs. Davignon's store light some matches, and soon afterwards the premises, he said, were on fire.

Mrs. Lambert was in the court-room, and Mr. Caron asked the witness whether he recognized her as the woman who had lighted the matches. Mr. Vermette replied that he did. He also stated that

Wall Paper! Wall Paper!

Why send your money out of town when you can get your Wall Paper here and save money? You may save a few cents on the paper, but look what you have to pay for the borders; it's the border that counts up. We have nice dainty kitchens and bedroom paper at 10c, 12c, 15c. You will find our assortment the largest in St. John; all marked at very low prices.

H. HORTON & SON, Ltd., 9 and 11 Market Sq.
Maritime Provinces Leading Leather House.

after the firemen had gone he examined the staircase and noticed some of the boards had been forced.

Several times while Mr. Vermette was in the witness box Mr. Lambert, husband of the woman named by witnesses, banged the table with his fists and declared that the witness was misrepresenting and he emphatically denied the allegations made against Mrs. Lambert. Mr. Caron expressed his dissatisfaction with the answers of Mr. Vermette, to whom he said: "Take care of your answers or I will have you arrested."

Commissioner Ritchie declined to hear the testimony of Master F. Quesnel, a boy employed by Jules Briere, owing to his being under age.

The inquiry was adjourned until Friday next.

137 YEARS FOR 4 ROBBERS.
Westchester Judge Warns Criminals to Keep Away.

White Plains, N. Y., April 8.—When three young men pleaded guilty to robbery and another to grand larceny, County Judge Bleakley, sitting at White Plains, immediately meted out sentences aggregating in the maximum 137 years.

"It is about time that bandits realize that they cannot commit such crimes in Westchester County and expect to get away easy," said the judge. "The police of Yonkers have declared up the automobile thieves, and now I am going to impose sentences which will be warning to other crooks to keep away from our county."

Leo Borkowsky, indicted on seven counts for holdups and carrying a revolver, received seven indeterminate sentences, extending from forty to sixty years. Charles Cannon got seven years for robbery, James Smith, another robber, received from twenty to forty years, while Melford Schuster, held on three grand larceny charges, got fifteen to thirty years in Sing Sing.

BETTER THAN HARD COAL

Soft coal so free from stove that it does not make whiskers on stove covers or pipe and does not nut or creak when burning, is far better than Hard Coal for general household use. Quicker to light, takes less to make a fire, cheaper in price and can also be used for open fires and small heating stoves. Such a coal is Broad Cove soft coal. The main thing is to insist on getting the genuine article. No other soft coal burns just like Broad Cove. You will know it by the above characteristics.

Easter is Critical

It is the period of discerning gaze, analytical eyes. Clothing that may have been considered proper and thoroughly in style at another time is out of place and out of keeping with the spirit of Easter.

So for this season clothing requires more care and more study in the making. It has a different appearance from the garb of past seasons.

We know this, and know how it is achieved. It is this fact that makes 20th Century Brand and our other good Easter garb distinctive.

Men's and Young Men's Ready Suits are \$25 to \$50. A few choice patterns a little higher.

Topcoats, \$20, \$25 to \$55.

The Evening Times and Star

ST. JOHN, N. B., APRIL 8, 1922.

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE SALIENT FACTS.

The facts set forth in the Kirby-Phillips report, which was prepared at the request of Mayor Schofield, and the accuracy of which has not been questioned, are all that the citizens need to keep in mind in forming a judgment on the question of hydro distribution.

IN A NUTSHELL.

What are they who oppose civic distribution saying? They are saying that the city of St. John must continue to pay excessive rates for inadequate services to the New Brunswick Power Company for all time to come.

Dr. Kierstead, at Bond's last evening, lifted the business of the retail merchant from the plane of mere buying and selling to the lofty plane of a vocation calling for knowledge and the application of scientific principles.

It is not true that St. John is asked to pay the whole cost of Musquash development. Other consumers of the current will pay their share. And when it is paid the city will get exactly the same benefits as if it owned the plant, for the only charge will be that of upkeep.

The citizens of St. John have to choose between their own interests and those of the New Brunswick Power Company. There is no dodging this issue. The power company seeks to get out of the consumers of light and power year after year the money necessary to pay dividends on a capitalization that is far too large, and to get it for inadequate services.

When considering taxes do not forget what the New Brunswick Power Company takes from the citizens every year over and above a fair cost for the character of the services rendered. The people pay.

Bear in mind that the estimate of \$900,000 for a civic distribution plant includes \$177,000 to put the wires underground in congested portions of the city, and that would be a civic improvement of great value for all time.

It is not at all surprising that some citizens stand by the power company. They stood by it when the citizens at large were fighting it at Fredericton a few years ago. They are now merely running trae to form.

Does it not strike you as odd that the city council could find \$1,500,000 to buy the Musquash plant but can see no way of getting half that amount for distribution purposes?

Why pay 12 cents for an article marked 4 cents? Where is the trading instinct of St. John business men and women?

Could St. John be any worse off in the matter of the services rendered by the New Brunswick Power Company than it is now?

AND NOW THESE JONQUILS

By night there came a clearing in the sky, the air blowing since the rain was done; Hushed in the dark, a warm, wet wind went by.

LIGHTER VEIN.

Helpful Smokey—Boy—I beg your pardon Sir, but your car was stolen about ten minutes ago. Car Owner—Well, why didn't you raise an alarm and stop the thief?

GENIUS THROTTLED IN EVERY SCHOOL. Mass Teaching Condemned by McGill Professor Before Rotary Club.

"Education is the sum total of those experiences in life which make for the individual some special faculty and talent," declared Dr. Gordon Laing of McGill University, in an address to members of the Rotary Club yesterday at their luncheon in the Windsor Hotel.

"Education is the sum total of those experiences in life which make for the individual some special faculty and talent," declared Dr. Gordon Laing of McGill University, in an address to members of the Rotary Club yesterday at their luncheon in the Windsor Hotel.

"We read," said the speaker, "of all Canada's undeveloped resources; we are told of the vast areas of timberland and mines; of the untapped energy and the possibilities of our water power. The writers grow eloquent on the subject as they paint the floral picture. But they do not think of the great waste going on in Montreal and every town and village in the dominion. In every school some genius is being throttled and some brilliant mind being damped through ineffective teaching. Many are the clever and bright minds attending school, but the teachers are not able to discover the individuals talents. Mass teaching is an evil—the pace of the slowest becomes the pace of the class."

Inefficiency in teaching, said Dr. Laing, is partly responsible for poor education, which in turn is due to the indifference of the community. Men and women who might become teachers are entering commerce owing to the poor salaries paid in the teaching professions. Dr. Laing stated he learned, with pleasure, that the provincial government is taking an interest in education, and declared that the suggestion to establish art schools in the province is an advance which must do incalculable good.

KILL PORCUPINES; SAVE FORESTS. F. J. D. Barnjum Offers a Bounty for Every One of the Animals Killed in April.

On account of the large amount of damage being done in the woods by porcupines, I will personally pay a bounty of ten cents each for every porcupine

ELECTION CARDS

H. R. McLELLAN'S LETTER TO THE ELECTORS

To the Electors of St. John: I am a candidate for the mayoralty at the request of more than fifteen hundred taxpayers who are desirous of securing clean light and power. In acceding to their request I had no consideration for other than the public interest, and had suggested other names as possible candidates. It is unfortunate that time has not permitted of a personal canvass or that letters and ballots have not been mailed you, but I can assure you that both will have my attention after the primary election on Monday next.

At these meetings I will also deal with the many untruthful and contemptible canvasses which are being made against me, revealing to you the cause of the great interest being taken by some of Mayor Schofield's supporters and their opposition to me. If there should be the same time to waste, I will deal with the editor of the Globe in his attempt to subordinate your interests in hydro to that of personal prejudice directed towards me. His insincerity regarding hydro distribution is quite apparent in his desire to defeat me, knowing that my defeat means the defeat of all district electors.

It is YOUR INTERESTS AGAINST THOSE OF THE POWER COMPANY. I will give you a full explanation for much of the opposition directed against me and involving the relations existing as between some of the gentlemen so prominent in opposition to me and the city.

Please note the insult offered the intelligence of the community in this morning's Standard, when it states "It is unfortunate for Mr. McLellan that a majority of his supporters belong to that section of the electors who are disfranchised for non-payment of taxes." This will prove the desperate straits to which this ORGAN OF TERGIVERSATIONAL POWERS is driven in order to support the family compact of Power Company stockholders.

Respectfully yours, H. R. McLELLAN.

ELECTION CARD. CITIZENS OF ST. JOHN: As a candidate for the mayoralty I hereby pledge my endeavors to secure the most satisfactory results of administration, namely:

A conservative employment of civic revenues with the object of securing a lowering of taxation.

A more responsive form of civic government.

Civic control and administration of our public utilities, especially light and power.

To secure greater value for what has to be expended than has prevailed.

The economic issues affect every man, woman and child in our community, and every dollar expended should bring a return of a dollar's worth of results.

We have not been conserving this end, so that the stress is being visited on ourselves but succeeding generations, who will be made the bear of burden to bear an unmerited proportion of our debt load, deterring their progress and retarding their future prosperity.

I believe in broadest consideration of the demands of labor as well as with the fairest demands of capital, so that conjointly they work hand in hand in securing the happiness and welfare of our people.

We must learn to do without what we may not be able to secure advantageously and to secure only what we actually require.

Soliciting your support on the foregoing principles and on my record as a public servant, I am, Ladies and gentlemen, Sincerely yours, EDWARD SEARS

SANDY CORBET'S PLATFORM. 4—Reform the taxation system.

Why is it that only half the citizens have paid their taxes; why is it that there are business men, professional men, property owners included in this list? The answer is simple—The system is wrong.

Citizens earning \$1,000.00 or less should be taxed \$5.00. Landlords have increased their rents while their assessments have remained the same—Tenants are paying their own and landlords' taxes.

Have the assessors taken this into consideration? Land that could be developed and bring a return—It is not—should be classed as a liability.

It will be my endeavor to have this question placed before the citizens in meetings which will be called should I be successful at the polls.

killed during the month of April, 1922, anywhere within the Province of Nova Scotia.

By actual count it has been found that a porcupine will destroy about 100 fully grown trees in a winter, so that the total annual loss from this animal runs into very large figures. Every clever grown tree that is saved is worth more for present needs than are urgently needed.

An extra cash bonus of one hundred dollars will be paid at the end of April to the one who actually kills the largest tree that two contestants kill exactly the same number, the bonus will be paid to the one who sends in the largest returns early in the month before the female reproduces.

No bounty will be paid after May 1, on account of the added fire risk caused by having hunters in the woods after that date.

All that will be necessary is to cut off the snouts and forward same by parcel post or express to me at Annapolis Royal, Nova Scotia, stating location where the porcupines were killed and giving name and addresses of the sender, and a check for the bounty will be forwarded by return mail.

As porcupines are quite plentiful in many parts of Nova Scotia, hundreds should make good wages out of their bounty and be at the same time saving their own or their neighbors' trees from destruction.

I intend renewing this offer in the fall after snow comes again. FRANK J. D. BARNJUM. Annapolis Royal, N. S., April 3, 1922.

Westinghouse Spark-C Ignition Tester. See All—Knows All—Tells All about your Ignition trouble. For Automobiles, Motor Boats, Tractors, Motor Cycles, Gas Engines, etc. Earns many times its cost in Spark Plugs and economy in gas due to the maintenance of high ignition and engine efficiency. An investment—not an expense. \$1.75 Postpaid. Phone Main 2540 McAVITY'S 11-17 King St.

Reach Base Ball Goods. The Ball Babe Ruth Knocks OVER THE FENCE. —the Official American League Ball. —the ball used exclusively by that league and known for its superior quality the world over, is sufficient recommendation for the "REACH CORK CENTRE BALL" which is guaranteed to last a full game of nine innings and give entire satisfaction. It is made in exact conformity with official specifications. If you insist on the best, let us supply your club with the "Reach Cork Centre Ball." EMERSON & FISHER, LIMITED. LOCAL NEWS

At the pre-communion service in St. Andrew's church, last night, eight were baptized and fifteen received into full membership of the church. Rev. F. S. Dowling conducted service.

The monthly meeting of the New Brunswick Automobile Association was held last evening. After the business had been concluded, a general discussion in support of the proposed game and fish preserve at Musquash took place.

Cullum Lodge, L. O. B. A. initiated five new members at its meeting last night. The meeting elected delegates to attend the grand lodge meeting at St. Stephen, and those chosen were Mrs. John Silliphant and Mrs. Anderson.

The sum of \$223 was realized yesterday at a rummage sale held by the directors of the Y. W. C. A. in the recreational centre. The work was carried out under the leadership of Mrs. W. H. Lugsdin and Mrs. H. W. Robertson.

A meeting of the Trades and Labor Council was held last night in their rooms in Prince William street. Various questions in regard to the hydro matter were discussed and the meeting showed itself strongly in favor of municipal distribution.

The High School basketball team, intermediate champions of the city, held a celebration banquet last night in Bond's restaurant. Those present were W. J. S. Myles, E. J. Alexander, R. Shaw, C. Potter, P. Fraser, J. Wilson, W. Lee, E. Weistford, J. Frost and H. Williams.

The motor show attracted another large crowd last night. A special orchestra furnished music through the evening, and Miss Blenda Thompson rendered two vocal selections. The address of the evening was given by Rev. Canon R. A. Armstrong, who spoke on "Good Citizenship."

The concert held last night in the vestry of the Ludlow street Baptist church was largely attended. The last half of the programme consisted of a musical tableau, "The Cross and Crown." Those who took part included Mrs. H. A. Bernard, Miss Carrie Durice, H. R. Bernard, Mrs. Peterson, Mrs. Frederick

The mother of the little girl who was taken to the Children's Aid Home yesterday called there yesterday afternoon and claimed the child. She had missed the child and could not locate her until she learned of its whereabouts through the evening papers.

The special committee appointed by the board of trade to consider the bankruptcy Act met yesterday. Mr. Detchon of the Winnipeg Canadian Credit Men's Association addressed the meeting. He read a draft of amendments prepared by associations in Quebec, and these were approved by the local committee. These amendments will also be presented to the Halifax board.

The dance in the Pythian castle last night under the auspices of the Knights of Pythias was much enjoyed. During the evening dainty refreshments were served. The committee in charge was composed of W. A. Simonds, J. F. Kelley, A. Nixon, L. C. Thomas, Mrs. W. A. Simonds, Mrs. J. F. Kelley, H. M. Akery, Mrs. H. M. Akery, Miss Haines and Mrs. George Welsford.

The monthly meeting of the Playgrounds Association was held yesterday in the Y. M. C. A., with A. M. Belding presiding. Miss Heffer read the report of the Boys' Club. A committee will be appointed to consider applications for summer playground teachers. Commissioner Frink reported that the Rockwood Park playground would be ready for use this year. He also said that the St. George's Athletic Club had asked for the use of the Queen Square, West End, playground.

That the cost of the Musquash hydro-electric development, per installed horsepower, was \$37 less than the general average per installed horsepower of electric power for the dominion, was the statement made by E. J. Owens of the New Brunswick Electric Power Commission, in the course of an address on hydro given in West St. John last night. The cost per installed horsepower at Musquash was about \$181, while the general average for hydro-development throughout Canada was about \$218, and sometimes as high as \$300. Mr. Owens also said that the development of Musquash power would save the consumption of 20,000 tons of coal annually. He further said that the immediate development programme of the power commission contemplated undertakings in three separate parts of the province, at Musquash, on the Pollok and Shogomoc rivers and at Tete-a-gouche on the North Shore. Over and above these, said Mr. Owens, was the ultimate idea of development of Grand Falls, which would be capable of producing 90,000 continuous horsepower.

RECENT DEATHS

Mrs. Hugh Ryan.
Many will learn with regret of the death of Mrs. Annie Ryan which occurred at her residence, 79 Exmouth street, yesterday. Mrs. Ryan was the widow of Hugh Ryan, formerly a well-known grocer of this city who died several years ago. She was widely known and highly esteemed and sincere sympathy is extended to the bereaved relatives. She is survived by two daughters, Mrs. W. P. McDonald, Jr., of this city and Miss Katie at home; two brothers, Michael and Hugh Doherty of Boston and one sister, Mrs. Margaret Ennis of Boston.

Mrs. George Young.
After a lingering illness, the death of Mrs. George Young occurred in this city yesterday. Mrs. Young, who was a life long resident of the North End, was a member of the Portland Methodist church. She was highly esteemed by a wide circle of friends. Her husband died a year and a half ago, and she left no near relatives. The funeral will be held on Sunday from the residence of Charles E. Lowe, 197 Princess street.

Mrs. James Lavigne, 67, formerly of St. John, died in Hartland on Thursday. She is survived by her husband and several children.

He's Glad He Took His Wife's Advice

SHE SAID DODD'S KIDNEY PILLS HELPED HER FATHER.

Mr. George Boyce used them for Backache. Now he's Telling all his Friends what a Wonderful Remedy Dodd's Kidney Pills are.

Sussex, N. B., April 7.—(Special)—Mr. George Boyce, brakeman on the railway, who lives here, is telling his friends how thankful he is he took his wife's advice and used Dodd's Kidney Pills. "I suffered from a severe pain in my back all the time," Mr. Boyce states. "One day my wife advised me to try Dodd's Kidney Pills. She said they had helped her father out wonderfully. "The first box helped me a lot. After taking two more boxes my back was as well as ever. "I will, and I can recommend Dodd's Kidney Pills to anybody that suffers from kidney trouble. I will tell all my friends what a wonderful pill they are." Ask your neighbors if Dodd's Kidney Pills do not make strong, healthy kidneys.

The Easter Season Finds This Store Ready With Modish Apparel and Accessories to Suit all Tastes

Blouses
A season of tailored blouses is predicted. Here then is your opportunity to select one or two from a fine assortment. There are strictly tailored and semi-tailored models, just right for wearing with tweed or plain cloth suits. Made in Crepe de chine, georgette and heavy Jap silk. Prices are very moderate. Blouses of the dressier sort are also to be found here in well-chosen varieties.

Skirts
The useful separate skirt is a garment needed in every woman's spring wardrobe. Plaids and stripes are showing in a diversity of styles; mostly in sports effects. Plaids are still in favor and the plain skirt with fringe instead of hem is among the striking novelties. With the addition of a pretty wool sweater, the sport skirt makes a charming outfit.

Pure Irish Linen Huckaback Towels
Fine, Medium and Heavy Weaves
Experienced housekeepers will appreciate such values as these—Buying in half-dozen lots affords even greater saving opportunity. You will find the qualities particularly attractive and there are kinds with hemmed, hemstitched and scalloped ends.

Hemmed Ends
Size 18x34 in., 58c. and 97c. ea.
Size 20x36 in., \$1.10 to \$1.25 ea.
Hemstitched.
Size 18x34 in., 90c. and \$1.10 ea.
Size 20x36 in., \$1.10 to \$2.00 ea.

Damask Ends
Size 18x30 in., \$1.20 ea.
Size 20x36 in., \$1.50 ea.
Size 22x38 in., \$1.35 to \$2.55 ea.
Heavy Every Day Quality
Size 20x36 in., 85c. to \$1.10 ea.
Guest Towels, Hemstitched and Scalloped Ends.
Size 14x24 in., 75c. to \$1.00 ea.
(Linen Room, ground floor.)

Gloves
Spring modes in gloves are mostly a matter of length and color. Silk, Chamousette, Suede, French Kid, Doe-skin and other kinds are showing with short or gauntlet wrists and in all the colors in demand for spring and summer uses. For an Easter gift you will find gloves always appreciated.

Hosiery
The Spring Hosiery showing at this store now is attractive in every way. You may choose from a big variety of fibre silk, pure thread silk, or heather mixtures; all one color or clocked in contrasting shade. Silk Hosiery with anklet of colored embroidery is unusual and very effective too. Almost every color you can think of is represented in the Easter collection.

KING STREET - GERMAIN STREET - MARKET SQUARE

HON. JAMES SINCLAIR T. MCGOWAN DEAD

(Canadian Press Despatch.)
London, April 7.—Hon. James Sinclair Taylor McGowan, first labor premier of New South Wales is dead, according to a Reuter despatch from Sydney.

The Kings Daughters held their regular meeting yesterday and the usual reports were submitted. The final report of the "Queen Esther" pageant was presented. The society has been asked to take charge of all the tagging for the Salvation Army appeal and arrangements were made for carrying out this new undertaking. Arrangements were also made for the annual meeting this month.

Governor-General Lord Byng with Lady Byng and others of the official household at Ottawa, will visit New Brunswick this summer, probably in August. Arrangements have been made for His Excellency to visit the Pacific Coast and it is expected that on his return from there he will come to the maritime provinces.

EASTER BLOUSES

Especially Designed to Enhance the New Spring Costume

The new mandarin blouse is especially attractive in heavy Crepe de Chene of the newest shade, "yellow stone" trimmed on front and sleeves with inset of knitted silk lace. The collar and cuffs fastening with black lacquered ribbon with jet tassels.
Another beautiful style is of navy blue crepe de chene trimmed with Indian Red Crepe and embroidered in red with fine touches of gold.
They bear new interesting prices.

Application of this knowledge of special procedure to the problem in hand. It was in such a manner that the problem of unemployment would have to be met and studied if it were hoped to devise means to avoid a like condition in the future.

Moreover, the speaker declared, this could be made to pay. He believed that the day of profit-sharing with employees was coming and a day of better relations and better understanding between employer and employee would soon dawn.

Other Speakers. A. O. Skinner, one of the pioneer organizers of the R. M. A. in St. John, proposed the health of the association in a toast to which Robert Strain, of Woodstock, responded.

Little Friend of All the World
Last Session of the Leaders' Training Course.
On Wednesday evening the last session of the Scout Leaders' Training Course will be held in Trinity church schoolroom at 7.30 o'clock.

elementary working principles of a simple receiving station and a simple transmitting set; or demonstrate the same at his own or another wireless station.
6. Show at least two pieces of wireless apparatus made by himself and explain their use.
7. If the owner of a wireless station, show a government permit for its operation.

Reliable Radio Information.
The government printing office at Washington has on sale three publications which give much useful information regarding electricity and radio communication.

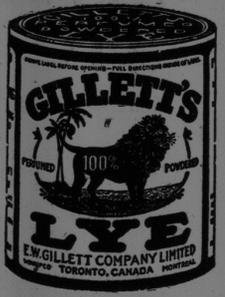

VOGUE INCREASING FOR LONGER SKIRT
Atlantic City, April 8.—Skirts are going down and necks up, brilliant colors are the thing for the ball, and sombre black for the boulevard, and low heels are correct for evening costumes, according to the new styles shown at the Atlantic City spring fashion show, which opened at the Hotel Ambassador.

1. "The Principles Underlying Radio Communication," Second Edition, 1922 (Signal Corps Radio Communication Pamphlet No. 40). A book of 610 pages with over 800 illustrations prepared by the Bureau of Standards.

Three-piece costumes were most in evidence for sport wear. Some were of velvet with caracol collars, and georgette waists; others of tweed and still others of crepe de chine. No knickers made their appearance at the opening show.

Form W. 44a, "Experimental" application for license to install and operate a radiotelegraph station in Canada; Extracts from The Radiotelegraph Act; Form W. 44a, Application for permission to attend Canadian examination for amateur experimental certificate of proficiency in radiotelegraphy, can be secured from District headquarters, The Boy Scouts' Association, Bank of Montreal Building, King street.
Requirements for the New Wireless Badge.
To qualify for the wireless badge a Scout must:

WOMEN! DYE THINGS NEW IN "DIAMOND DYES"
Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything even if she has never dyed before. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is sure because Diamond Dyes are guaranteed not to spot, fade, streak, or run. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

ladies were a popular showing. Most were silver or gold, but many were a combination of silver and old rose or silver and green. Scaloped gowns for evening wear proved a popular style. Glass beads were prominent trimming for formal gowns.
The bathing suits are to be more daring in color and more close fitting, according to the styles exhibited. The "two-in-one" was the popular showing.

LOAN TO REBUILD FRENCH CHURCHES FULLY SUBSCRIBED
More Than 3,000 Edifices of Worship Destroyed in the War—Interest and Sinking Fund Guaranteed by Government.
London, March 25.—(By Mail)—One of the most interesting features of the work of restoring the devastated regions of France is that part of it which concerns the re-building of the large number of churches that were destroyed. In all just over 3,000 churches, mostly in the villages, were either totally destroyed or seriously damaged during the war.

Through the medium of what is known as the Groupement des Societes Co-operatives Approprées de Reconstruction des Eglises Destructées de France, a loan of 200,000,000 francs has been issued to the public in the form of 800 franc bonds yielding interest at the rate of six per cent. Seeing that the issue price is 475 francs, that an exceptional dividend of 20 francs (instead of 15 francs) is payable at the end of the first six months, and that the subscriber will have the benefit of a bonus at redemption, the average yield works out at the rate of 6.68 per cent.

WILL GO WEST.
Frederickton Mall.—H. P. Baird and family will leave about May 1 for Vancouver where they will reside.

FELL INTO CISTERN AND WAS DROWNED

North Gosfield Farmer Drawing Water Thought to Have Slipped.
Leamington, Ont., April 8.—Chas. Barnett, prominent farmer living in North Gosfield Township, was found drowned in a cistern near his home. He had arisen early and gone out, carrying a lantern. The body was found by Roy Barnett, a son, who, becoming alarmed when his father failed to return to the house, went in search of him. The lighted lantern standing at the cistern's edge revealed Barnett's body at the bottom in a few feet of water.
It is believed that in reaching down for a pail of water, the farmer lost his balance and fell in. Barnett was well on in years and had lived in South Essex for nearly forty years.

DELAWARE CONVICTS URGE MORE DRASTIC NARCOTIC LAW

Greenbank, Del., April 8.—An appeal to the General Assembly of Delaware to enact drastic laws for the punishment of the sellers of narcotics and the protection of drug addicts has been made by convicts of the State Workhouse here. There is constant danger in an oily skin
A skin that is too oily is easily infected by dust and dirt. Use this treatment to overcome excessive oiliness:
With warm water work up a heavy lather of Woodbury's Facial Soap in your hands. Apply it to your face and rub it into the pores thoroughly—always with an upward and outward motion. Rinse with warm water, then with cold. If possible rub your face for thirty seconds with a piece of ice.
Begin this treatment tonight. Within a week or ten days you will notice a marked improvement. The Andrew Jergens Company.

LOCAL NEWS

BOYS IN COURT
Two juveniles appeared before the magistrate this morning on truancy charges. Their cases were postponed until this afternoon.

Trojans to Moncton.
The Trojans basketball team left at noon today for Moncton to play an all-star team this evening.

STORY TELLING.
About seventy-five children were present this morning at the story-telling class at the public library to hear Miss Ethel Shaw tell Chinese legends.

CAPTAIN CALLED HOME.
Captain Colbeth, of the schooner Maurice R. Thurlow, which is undergoing inspection in Market Slip, left for his home on the river today on account of the illness of his wife. He was relieved by Captain Wasson.

BOYS FAR IN LEAD.
There were thirty-two births in the city during the week. The boys have again a big lead, there being twenty-one to eleven. Seven marriages were performed during the week.

ELEVENTH DEATHS.
There were eleven deaths in the city during the week, from the following causes:—Scalitis, myocarditis, cerebral hemorrhage and pulmonary tuberculosis, two each; convulsions, bronchopneumonia and cardiac decompensation, one each.

SAVE THE ROADS.
Three traffic cases were brought up before Magistrate Allingham in the Fairville police court yesterday. Sentence was fined \$8 on a charge of driving on Rothessay avenue while the road was ordered closed. The others were allowed to go as they apparently had not realized that the road was barred.

THE RIVER.
About three-quarters of a mile of ice which has been holding in the Reach, was expected to run out today, although no word concerning it had reached In-diantown up till two o'clock this afternoon. From the general outlook it was agreed that navigation would be started some time next week. The majority of the steamers have undergone their annual overhauling and repairs and have passed inspection and will be ready to start on their respective routes when the Reach is clear of ice.

IN THE MARKET
Business was brisk in the city market this morning. The only changes recorded were slight drops in the price of veal, butter and eggs, all of which are lower than last week. The following prices were quoted:—Beef, 20 to 25c.; veal, 15 to 20c.; lamb, 20 to 25c.; mutton, 10 to 15c.; ham, 40c.; bacon, 45 to 50c.; chicken, 70 to 80c.; turkey, 90 to 100c.; potatoes, carrots, beets and parsnips, 50c.; turnips, 25c.; peas and parsnips, 25c.; lettuce, 6 to 10c.; celery, 30 to 35c.; cabbage, 20 to 25c.; onions, 15 to 18c.; squash, 6 to 8c.; cranberries, 35c.; a quart; butter, 35 to 40c.; a pound; eggs, 25 to 35c. a dozen.

TEA AND SALE.
The members of the Star Mission Band of Exmouth St. Methodist church are holding a tea and candy sale in the vestry of the church this afternoon, under the direction of their leaders, the Misses F. M. Beville and Edith Bustin. The club colors, yellow and green, are extensively used in the pretty decorations. The tea tables are decorated with pussy willows and red tulips, with a silver centre-piece. Mrs. W. L. Beville and Mrs. C. M. Macfarland are in charge of the pouring and Miss Grace McKee is in charge of the ice cream. A candy table is provided over by the Misses Isabelle Carr and Marian Cosman.

VERY SUCCESSFUL.
A very successful supper and entertainment was held last evening in the Carlton Methodist school room. A large committee of the women of the church under the leadership of Mrs. Hugh Sloan had charge of the supper, and all the arrangements in connection with it were carried out to the great satisfaction of all. After the excellent menu was disposed of the following programme was carried out with Mr. Alfred as chairman:—Solo, Miss Olive Kingston; solo, Miss Muriel Stackhouse; solo, P. J. Punter; duet, Miss Marguerite Barrett and Miss Muriel Stackhouse; recitation, Miss Winnifred Sharp; piano solo, Miss Marguerite Barrett; solo, Percy Fawcett; solo, Mrs. D. Bruntram. The accompanist of the evening was Miss Marguerite Barrett.

MAURETANIA GOING FAST

Once again the Mauretania, the big Cunarder which came across in fire and a half days last week, has demonstrated that she retains the speed which enabled her to cross the Atlantic in four and a half days when necessary. The Robert Redford Company, local agents of the Cunard Line, received a telegram from their New York office this morning to the effect that from noon on Thursday to noon on Friday, the big liner steamed 586 miles, which is an average speed of 25.28 knots, the fastest average made for the last eight years. She left New York on Tuesday and up to Friday noon had covered 1670 miles, an average speed of 24.74 knots an hour. If conditions are favorable, the vessel will doubtless complete the trip to Southampton in very fast time.

TORNADO SWEEPS STATES IN SOUTH

Lawton, Okla., April 8.—One person was killed, scores injured, some seriously, and extensive property damage caused by a tornado which swept Lawton at eight a. m. Telephone poles were levelled in the streets, and numerous dwellings in the outlying sections demolished. Fort Worth, Texas, April 8.—A tornado which struck Cisco, Texas, early today wrecked the depot and tore down residences and barns. Communication with the town was cut off.

PRESENTATION OF TROPHIES

High School Basketball Team Receives, at Oak Hall, Reward for Victories.

The High School basketball team, champions of the City Intercollegiate League and of the Maritime provinces, assembled at Scovil Bros., Ltd., this morning where they received the magnificent silver trophy, donated by the City Intercollegiate League for the champions. Both presentations were made by Frank White, who is honorary president of the Intercollegiate League, and the presenters, members of his staff and representatives of the press. Mr. White spoke of the magnificent trophies and of the honor conferred on him, first in being made honorary president and secondly in being invited to officiate. Like every other game, he said, basketball required team work. Individual effort must be set aside and all work together of success was to crown their efforts. The winning of such beautiful trophies, he said, could undoubtedly be attributed to this. "The city is proud that we have such a team as you have proved yourselves to be," he said, "and is highly honored by your achievement in going to Nova Scotia and winning the championship of the maritime provinces." He expressed a wish that the boys would keep together, as the followers of clean athletics were looking to the younger members to help out in the present situation. He paid a tribute to the sportsmanship of Mr. Scovil for donating such a magnificent trophy and said the city could be proud in having such men take an interest in athletics.

In reply Captain Potter said that their achievements during the season could be largely attributed to the interest manifested by the teachers in High School and to the valuable assistance rendered by their coach, Ronald Shaw. He expressed his pleasure of himself and his team mates in winning the trophy. Mr. Scovil then addressed the boys. He said he had learned that members of the championship team would graduate from High School this year, but admonished them because of this not to give up athletics. He said they should aim some of the clubs, such as the Y. M. C. A., Y. M. C. I. or Commercial Club and continue to participate in clean sport for their own good as well as that of the city. He expressed a hope that next year they would have Moncton, Sackville and other towns represented in the Intercollegiate League so that there would be keen competition for championship honors. He congratulated the members of the team. The St. John High School team is composed of C. Potter, captain; R. Fraser, W. Lee, E. Welsford, J. Wilson, H. Williams, J. Frost and Ronald Shaw, coach. Prior to the presentation the boys had their pictures taken.

SUSSEX PLANNING FINE NEW SCHOOL

Will be Second in Province to Provide for Gymnasium—Dr. Carter on the Value of Physical Training.

A new school, up to date in every way, is being planned to replace the building recently destroyed by fire in Sussex, so Dr. W. S. Carter, superintendent of education, said this morning. Dr. Carter has just returned after a conference with the Sussex board of school trustees and Leslie Farren, architect, who will look after the erection of the new structure. He said that the trustees had realized \$105,000 in insurance on the former building, and, consistent with the means at their disposal, intended putting up a modern school building. With the exception of the new Cliff street school built by the Roman Catholic bishop of St. John a few years ago, the new Sussex school will be the only one in the province equipped with a gymnasium. Dr. Carter said that this feature was an important provision made in all the new schools in the United States and western Canada, and the Sussex board will be conforming to the modern practice in this respect. He expressed himself as being strongly in favor of the inclusion of all-round athletic training in the public schools, rather than the prevalent method of specializing only in some sports from which only a limited number received benefit, and this sometimes at the expense of their general education.

PASSENGERS ON THE MONTCALM

The C. P. S. Ltd., liner Montcalm will sail for Liverpool this evening with approximately 600 passengers. Among the cabin passengers will be Sir Julian W. Orde, of London, secretary of the Royal Automobile Association, and Lady Orde; Hon. Mrs. S. Piers Leigh of London and her three children; Miss Betty Shaughnessy, Master Thomas and Alfred Shaughnessy; D. B. Foulger of Salt Lake City, who is in charge of a party of six Mormons; Miss Gyneth Wanklyn of Montreal, daughter of F. L. Wanklyn, general executive assistant of the C. P. S.; R. C. J. Ashworth of the drafting department in Winnipeg; John W. Hobbay, who is in charge of the Barnado Homes in Toronto, and Mrs. Hobbay; J. N. Duhamel, one of Greenhills buyers, from Montreal; Mrs. S. P. Coster from this city; J. Gillis Keir of Halifax; C. H. and Mrs. Forbes of Fredericton; Dr. B. A. Puddington of Grand Falls, N. B., and Miss May Southern of Bathurst, N. B.

PANTRY SALE

A very successful pantry sale was held this morning in the lobby of the Imperial Theatre by the Royal Standard Chapter, I. O. O. F. The ladies in charge were Mrs. A. S. Peters, Mrs. H. F. Rankine, Mrs. Ernest Downman, Mrs. Frank Robertson, Mrs. G. Wetmore Merritt and Mrs. F. J. G. Knowlton.

Good Furniture—That's the idea to keep before your mind when you buy. Not just "good looking" furniture; there's plenty of that. But you're going to use the furniture you buy, not simply look at it.

We've said something about "Everett quality;" we mention it frequently. The phrase means that we've put our reputation back of our merchandise; it means that when you buy Everett Furniture, you get something more than just merchandise; you get an assurance of good quality.

And because our reputation is in the goods and back of the transaction, we promise you complete and continuous satisfaction. You can get your money back here, if you find that the goods are not entirely satisfactory. There are some things more important than money.

GOOD THINGS COMING TO THE THEATRES OF ST. JOHN

DON'T EVER LIE TO YOUR BEST GIRL

On the Other Hand "Don't Tell Everything" Theme of Picture at Imperial Monday.

Never lie to your best girl, or what is much better, don't tell her everything connected with your affairs. That is the theme conveyed by the theme of "Don't Tell Everything," a new Paramount feature picture, in which Wallace Reid and Gloria Swanson, Paramount stars, and Elliott Dexter, popular leading man, have the principal roles. It will be the feature attraction at the Imperial Theatre next Monday and Tuesday. The eternal triangle in the lives of three develops in the story and results in several thrilling complications with a surprising climax. It is an outdoor picture that will delight the average fan, with plenty of luxurious indoors as well.

MEIGHAN AND LLOYD UNIQUE MONDAY
The City of Silent Men, Meighan's tremendous picture which equals The Miracle Man production and Harold Lloyd in "Get Out and Get Under" are two dandy pictures for Monday.

ALL WHO WERE IN AIR CRASH DEAD

English Pilot Passes Away Without Regaining Consciousness.

Paris, April 8.—R. E. Duke, pilot of the English plane which crashed into a French Goliath, on the Paris-London aerial express route yesterday near Thionville died in the hospital at Beauvais this morning without regaining consciousness. Duke was the only person in either machine to survive the crash, and his death brought the total of those killed to seven.

It seems certain that those in the Goliath saw the English machine at least some seconds before the crash, as when the body of Mrs. Christopher Bruce Yule was found, a hand was pressed to her eyes as though to shut out the sight of the impending collision.

Cardinal Begin Home.
New York, April 8.—Cardinal Begin of Quebec returned from Rome today on the La France on his way back to Canada.

Notices of Births, Marriages and Deaths, 50 CENTS.

CARD OF THANKS
Mrs. E. Duncan Burns, Fairville, Platteau, wishes to thank her friends, the physicians, and the doctors, nurses of the General Public Hospital for kindness and sympathy shown in her sad bereavement; also for floral tributes.

FUNERAL NOTICE
Officers and members of Division 479, B. of L. E., are requested to meet in Temperance Hall, Fairville, at 2 p. m., local time, Sunday, April 9, for the purpose of attending the funeral of their late brother,

JOHN STEARS.

NEED RAIN TO CLEAR RIVER

Water Low and Ice Holds at Fredericton.

Log Driving Company's Work—Magistrate Takes Place on Police Commission—Mrs. Wm. Boyd Dead.

(Special to Times.) Fredericton, N. B., April 8.—With the St. John river at Fredericton but three and a half feet above extreme low level, the ice remains hanging on the piers of the bridges here. Last night another start was made with the result that there is a large expanse of open water between the two bridges and the ice above the city is broken in many places. What is needed is a rise of water.

USE THE WANT Ad

LEGISLATURE
TO PROROGUE
BEFORE EASTER

Fredericton, April 7—The house got an early start today, meeting soon after noon, and much progress was made towards cleaning up the work of the session. Eleven bills were given their third reading and twenty-one bills agreed to in the committee of the whole. There now remain approximately thirty bills yet to be considered and there should be no difficulty in proroguing the house before Easter.

Two St. John bills, one from the county and the other from the city, caused considerable discussion in the committee of the whole and were not agreed to. The county bill was in regard to fixing the valuation of T. S. Simms & Company, Limited, at \$60,000 for school purposes and \$30,000 for other purposes. Hon. Mr. Veniot took strong exception to giving any reduction in assessment for school purposes. A resolution had been passed by the legislature against this practice and no town or city, he said, had any right to make such a proposal as it interfered with the school rates. The minister was upheld in his contention by Hon. Mr. Foster as well as by Mr. Richards, leader of the opposition. The same objection was taken to a city bill fixing the valuation for all assessment purposes of the Cornwall and York Cotton Mills Co., Limited, at \$500,000. These bills will be further considered in committee of the whole.

Before 5 o'clock the lieutenant-governor visited the legislature and gave his consent to thirty-two bills already passed by the house.

The house again went into committee with Mr. Morrissy in the chair and agreed to bills relating to the Algonquin Hotel, St. Andrews, an act relating to the village of St. Leonards, an act relating to the St. John Protestant Orphan's Home, an act relating to St. Andrew's Society of St. John, an act to amend an act for the incorporation of the Seaman's Mission Society of the port of St. John, an act to incorporate the Soldiers' Memorial Hall Association at Pettitodiac, an act to authorize the Roman Catholic bishop of Chatham to borrow and to mortgage certain lands in the parish of Colborne, county of Restigouche, an act to amend an act to incorporate the New Brunswick Association of Graduate Nurses, an act to authorize the city of Fredericton to grant certain concessions to the Chestnut Canoe Co., Ltd.

The committee next took up consideration of a bill to fix the valuation for assessment purposes of T. S. Simms & Co., Ltd.

Hon. Mr. Foster introduced a bill to provide for the payment of the floating debt of the province. He explained that it provided for the issue of serial bonds for the payment of \$20,000 a year.

Who Repairs Your Battery—
An Expert or Just Anybody?

PREST-O-LITE Storage Batteries are built by experts in a Plant designed and equipped exclusively for the manufacture of Storage Batteries. The building of a Storage Battery is a matter of scientific skill—not of guesswork or chance.

When you buy a motor car, you expect the battery to give you good service. No battery will continue to supply power for starting, ignition for the engine, and bright lights, if neglected. That is why there are Prest-O-Lite Service Stations everywhere to give service to car owners.

THE OLDEST SERVICE TO MOTORISTS

All Prest-O-Lite Batteries are covered by a regular guarantee—a definite obligation plus a spirit that says the Car Owner must be pleased.

Drive around to the local Prest-O-Lite Service Station regularly. Have your battery inspected free of charge. This attention will keep your battery alive and save repair bills.

NEED SPECIAL FUND
FOR AILING BABIES

The setting aside of a special fund to provide milk for children in special need, such as in cases of convulsions or sickness, was considered at a meeting of the milk fund committee of the local council of women held yesterday afternoon in the Board of Trade rooms with Mrs. W. B. Tennant, the convenor, presiding. Miss D. Coates, superintendent of the Victorian Order of nurses in the city, who has charge of the distribution of the milk to the babies who require it, sent the request concerning the special fund. Special cases had been found where children who exceeded the age limit and could not receive milk through the fund, were greatly in need of milk

that their parents could not afford to give them. As the committee was not sure of the funds being able to reach this further need it was decided to wait until after the tag day and if the response warranted, it might be possible to set aside a special sum of money to be drawn upon for the special cases referred to.

Mrs. J. Willard Smith contributed \$30 to the fund to "adopt" a baby. A reduction in the price of milk had been very welcome as it helped to make the funds go further. It was reported that there were at present fifty-one babies receiving milk, as four had been taken off the list recently.

Two letters from Miss Haslam, who as V. O. nurse in the city was responsible for the organization work in connection with the milk fund when it was first established, were read with interest. Miss Haslam asked concerning the organization of the local council of women as at the community where she had been in Quebec there was no similar federation of societies and she desired to establish one in order to coordinate child-welfare work.

A letter from a resident in Amherst gave particulars of the methods used in distributing milk in that city.

The Carleton Methodist church congregation gave a successful supper and concert in the church hall last night. The double event was much enjoyed.

FIND EVIDENCE OF IMPROPER CONDUCT

Preparations for the tag day in aid of the free milk fund for the babies of needy families, chiefly engaged the attention of the meeting of the Local Council of Women, held yesterday afternoon at the board of trade rooms, with Mrs. E. Atherton Smith, the president, in the chair. The fund has been the means of saving many lives and not one of the babies who have received the free milk has died. The tag day is being held to replenish the treasury of the fund and to make doubly sure that no baby in need of the free milk will be deprived of it because the fund is at a low ebb. Arrangements for the lecture by the president in aid of the council's own funds also occupied some time, and Mayor Schofield addressed the meeting giving a statement of his views on the hydro-electric question. Some of the annual reports which had not been presented at the annual meeting were read and there was some discussion as to methods of improving the morality of the community.

Mrs. H. B. Peck read the correspondence, among which was a letter from the North End W. C. T. U. announcing that that organization had not re-affiliated with the council this year. A letter of regret was to be sent to the North End W. C. T. U., and it was to be asked to reconsider its decision. The matter was referred to Miss Grace W. Leavitt, convener of the credentials committee. The Glen Falls Community Club wrote to ask affiliation, and Mrs. R. A. Corbett tendered her resignation as convener of the committee on the jail and the Boys' Industrial Home.

When the annual reports were read, that of the Children's Aid Home was submitted by Mrs. W. B. Tennant, and that of the Ladies' Aid Association of St. Andrew's church by Mrs. R. S. Sime.

Mrs. W. F. Hatheway, as convener of the committee on peace and arbitration, in her report said that common sense should put a ban on war and its methods of settling disputes. It had been said in if women worked as hard to prevent war as they had to aid the fighters in the last war there never would be another war. The great war had set men thinking and the conferences on disarmament and international arbitration were bringing a great and vital reformation. As convener for the committee she had written to twenty-seven of the clergymen in the city, asking them to preach on peace in their Christmas day sermons, and after Christmas had asked whether they had done so. Nearly all of the clergymen had appeared indifferent and some had resented the request. Mrs. Hatheway urged all women to strengthen the impression that the abolition of war and the settlement of all disputes by arbitration were ideals to be sought.

Mrs. J. H. Doody, as convener for advertising, pointed out that advertising

A Profitable Profession for Women

McLean Hospital Training School for Nurses offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$30 per month for the first and second years, and \$45 per month for the third year. This course is open to young women who have had one year or equivalent in high school. Entrance at any time during the year. For information apply at once to

GARDEN SEEDS

for the year book of the council was no longer solicited from local firms and, as the committee on advertising had existed for this purpose, it was decided to write to the national secretary for information as to whether the committee should be continued.

Mayor Schofield said he appreciated the invitation to address the council on the subject of hydro-electric power. He outlined the steps taken by the city council in the matter and explained the present situation in regard to civic purchase of the Musquash hydro-electric power. Several of the members asked questions which the mayor answered. When asked why the gas rates in St. John were so extremely high, he suggested that the manager of the New Brunswick Power Company be invited to answer that question. He believed heavy charges in rock excavation and high priced coal had made the gas rates high. Before he retired, Mrs. Smith assured him that every citizen was convinced of his sincerity and of his earnest efforts on behalf of the city.

In planning for the "Save the Babies" tag day for the milk fund, Mrs. E. Atherton Smith was made the general convener, Mrs. A. W. Estey and Mrs. Smith were given charge of the publicity, and Mrs. R. J. Hooper with Mrs. J. Willard Smith as assistant, was appointed convener for the tags. It was decided to dispense with refreshments and to use the board of trade as headquarters on tag day. Mrs. J. H. Doody was appointed convener for automobiles, with Mrs. W. B. Tennant as assistant. The committee for banks was named as follows:—Mrs. W. Edmond Raymond, Mrs. J. H. Frink, Mrs. Walter Hall, Miss Alice E. Estey, Mrs. Coughlan and Mrs. H. E. Pickett.

Mrs. G. C. Poole was appointed general convener for wards, and the sub-conveners were appointed as follows, subject to their consent:—Duke's ward, Mrs. A. C. D. Wilson; King's, Mrs. G. Wilford Campbell; Queen's, Mrs. A. M. Belding; Sidney, Mrs. C. A. Clark, for the King's Daughter; Daferin, North End sub-division of the Catholic Women's League; West St. John, Mrs. E. A. Young and Mrs. Ernest Waring; Fairville, Miss Mary O'Brien and Mrs. Goodspeed; East St. John, Mrs. H. B.

The Modern Beast of Burden

Ford Model T Truck

Ford Motor Company of Canada, Limited, Ford, Ontario

You Have a Right to Expect More

You pay a good deal of attention to your choice of tires—perhaps because you see them all the time. Have you also determined which is the one best battery for your car?

Be critical of batteries, particularly of the Exide. You have a right to expect more than the ordinary lasting-power from an Exide Battery. It was the first starting and lighting battery for automobiles, and is today standard equipment on more new cars leaving the factory than any other battery.

The Exide is a powerful battery; it will not get out of order unless badly abused, and it will last a very long time. That is the kind of a battery you have a right to expect in the new car you choose and in the battery you buy to replace a fagged out battery. For the Exide is a true economy on account of its long life and freedom from repairs.

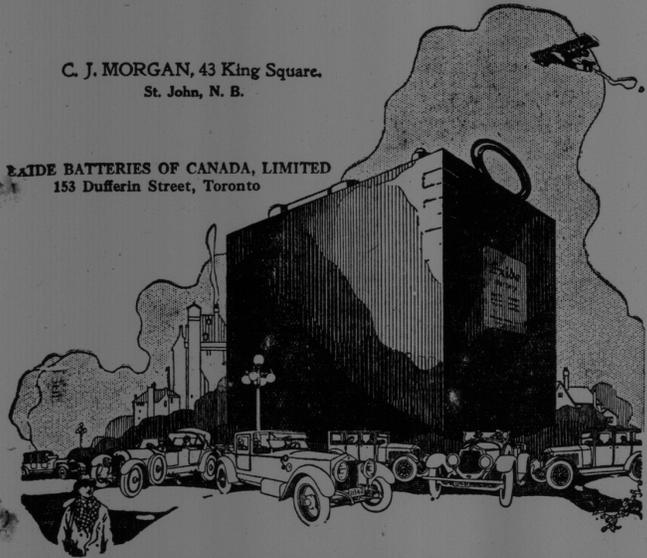

It is well worth your while to insist on an Exide. If you should have any trouble in getting one, write us or our nearest district distributor.

Exide
MADE IN CANADA
BATTERIES

The recognized battery for farm lighting plants in the rugged, long-life Exide.

C. J. MORGAN, 43 King Square, St. John, N. B.

EXIDE BATTERIES OF CANADA, LIMITED
153 Dufferin Street, Toronto

THE LONG-LIFE BATTERY FOR YOUR CAR

Peck; Glen Falls, Mrs. Cuthbertson, for the Community Club; Riverside, Mrs. F. W. Roach; Robesay, Miss Frances Allison; Lorne ward, Mrs. Fraser Gregory, and Lansdowne, Mrs. H. Usher Miller. Other ward conveners were to be appointed by the general ward convener.

The lecture committee reported that the full number of tickets had been sold for Mrs. Smith's travelogue, which is to raise funds to pay the council aid for the national council.

Some reference was made to the fact that the civic by-law forbidding stalls in restaurants comes into effect on May 1 and the menace of these stalls was spoken of. They were characterized as dens of immorality.

Mrs. J. Willard Smith suggested that as automobiles were used in kidnapping and as a means of making a quick getaway by handits, a law might be passed making it necessary to have the back seat of the automobiles illuminated so that its occupants might be readily recognized. Such a plan, Mrs. E. A. Young considered, an infringement of personal liberty rights. Mrs. H. H. Pickett in speaking of the practice of automobiles parking by the roadside at night in darkness, said that it was not unusual to have four or five automobiles parked for two or three hours on the shore near her summer home on the Kennebecasis at night.

Mrs. H. B. Peck was authorized to secure information as to the success of motor-cycle patrols and of women patrol officers in curbing undesirable practices.

LENTEN STUDY CLASS CLOSES

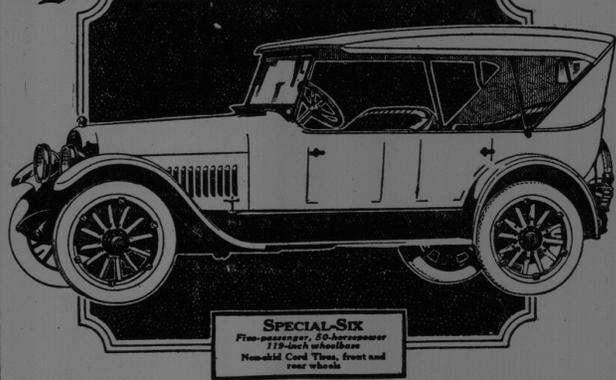

The last of the Lenten study classes arranged by the Diocesan W. A. convener of literature, Mrs. Cortland Robinson, was held yesterday afternoon in St. John's church school room, with Mrs. L. R. Harrison presiding, and was much enjoyed by a large gathering. The series has been much appreciated and, as each week a different sphere of the church's missionary activity has been dealt with, the complete course was a real education in the missionary work which the W. A. is pledged to support. Canadian missions formed the subject of the last study class. Mrs. H. J. Roberts, who for several years was the diocesan recording secretary, gave a paper on missions in western Canada and Mrs. J. G. Hart told of the missions in northern Canada. Mrs. Rowland Peith gave a brief historical sketch of the life of the Rev. Mr. Peck, the first missionary to the Eskimos, and dealt with the missions to the Eskimos. Thanks were extended to those who had contributed to the afternoon's programme and to Mrs. Robinson, who arranged the series.

GALLI-CURCI GETS HER LOST JEWELS

San Diego, Cal., April 7.—The jewels valued at \$45,000 reported lost by Madame Galli Curci, noted singer, at a restaurant at San Juan Capistrano, yesterday, were found today by an auto-expressman and returned to their owner. The jewels were found beneath a tree by the side of the highway between this city and Los Angeles.

Minard's Liniment for the Gripp and

"Built-in-Canada" Studebaker

SPECIAL-SIX
Five-passenger, 50-horsepower
119-inch wheelbase
Non-skid Cord Tires, front and rear wheels

IN buying a motor car, you either buy satisfaction—or wish you had. You buy positive satisfaction when you select the Studebaker SPECIAL-SIX. Here's why:

Its 50-horsepower motor gives you ample power and speed.

Its roomy body is as handsome as it is well built. It is made complete in Studebaker's own shops where fine coach work has been in progress for 70 years.

Its 119-inch wheelbase insures utmost comfort for five passengers because it provides room enough for the passengers to relax, without crowding, in deep, restful, genuine leather upholstery.

Its dependability has been proved in the hands of thousands of owners.

And when you compare it with other

cars, keep in mind these features of equipment and remember the price of the SPECIAL-SIX is \$2075 f.o.b. Walkerville, Ont.

Jeweled eight-day clock on instrument board.

Cowl ventilator controlled from instrument board.

Touneau lamp with extension cord.

Parking lights in lower corners of windshield base.

One-piece rain-proof windshield and windshield wiper.

Large rectangular plate glass rear window—74" x 23".

Tool compartment in left hand front door with lock.

Transmission lock which reduces cost of insurance to owner 15% to 20%.

One key operates the Yale lock on ignition switch, transmission and tool compartment.

We shall be glad to tell you of many other important points of superiority of the SPECIAL-SIX. You owe it to yourself to see a Studebaker before you buy any car.

Touring, \$2075; 2-Pass. Roadster, \$2025; 4-Pass. Roadster, \$2075; Coupe, \$3050; Sedan, \$3250. All prices f. o. b. Walkerville, Ont.

ALLEGED BIG LOSS FROM DUPLICATE VICTORY BONDS

Washington, April 8.—The first official admission that duplicate numbered Liberty Bonds were erroneously put in circulation, amounts yet to be determined, is made by Under-Secretary of the Treasury Gilbert.

This has been charged as one of reasons for the sensational shakeup in the bureau of Engraving, which has been loaded with so much mystery ever since he thirty-two executives were summarily dismissed by President Harding.

While Mr. Gilbert asserted the belief that the duplications were the result of mechanical errors in the numbering machinery and that no loss to the government had occurred, another high official of the treasury revealed that testimony of the contrary will be given by several bureau of Engraving employees.

Louis A. Hill, the new director of the bureau appointed to succeed James L. Wilmett, declared that he would designate 100 of the most trusted employees of the bureau to work with Department of justice agents in the investigation.

With a view to minimizing reports of the huge losses which have been reported due to the Liberty Bonds duplications, Under-Secretary Gilbert said that careful checks on the duplicate numbers read had not disclosed any actual frauds thereby. With more than 200,000,000 bonds engraved, it was not surprising, he said, that mistakes had occurred in their numbering. All such errors had been due to mechanical irregularities in the numbering machines employed, he asserted, rather than to dishonesty on the part of the bureau employees.

SPRUCE BUD WORM TO BE DISCUSSED

Does More Damage to Wood Pulp Forests Than Forest Fires.

New York, April 8.—Reports from the north woods, particularly from Canada, that the spruce bud worm is doing more damage to the pulpwood forests than forest fires, will be discussed by those who know the true conditions at the coming convention of the foresters of the paper industry, when the Woodlands section of the American Paper and Pulp Association holds its annual meeting in New York City April 11.

"Budworm Infestation vs. Pulpwood Production" will be the subject of Dr. Hopkins of the United States Bureau of Entomology, and "Insect and Fungus Damage from Logging Slash" will be discussed by W. R. Hastings, state forester of Vermont. The reports from Canada are that great areas of timber, worth millions of dollars, are being killed by the bud worm, and some have prophesied that this damage will be as disastrous to spruce as the blight has been to the chestnut trees of the middle Atlantic states. General discussion will follow the formal papers.

Reforestation will be another topic of importance, for the paper industry is ending in the commercial planting of trees for a timber crop. P. T. Coolidge of Maine and Ellwood Wilson of Canada will discuss such problems as the cost and methods of artificial reforestation, and the possibility of natural reproduction, planting as a safe investment, a few of fire and insect damage, and whether the depletion of present timber supply warrants extensive reforestation as a commercial operation.

A MILL BURNER.

Sussex Record.—The crew at Great Salmon River are now busily engaged leaving away space for building a mill burner to burn the waste from the saw mill. During the past few years no burners has been used and every available corner is filled with waste, compelling the building of a burner.

MORNING NEWS OVER THE WIRES

John S. Chapman, a native of Butterfield Ridge, Kings Co., died recently in Boston of accidental gas poisoning. One of his children by his second wife is Miss Hattie Chapman of St. John.

The firm of Clarke Brothers, Ltd., of Bear River, N. S., is in a serious financial position and a meeting of the bondholders has been called for in Toronto, on April 25. The only apparent solution is an issue of \$,600,000 prior lien bonds. The Clarke Bros. Paper Mills, Ltd., a subsidiary company, has a plant at Glen Falls.

The retirement of E. D. Sutherland, auditor-general, was indicated in the house of commons yesterday by Hon. W. S. Fielding, minister of finance. Mr. Fielding said that the auditor-general

Y. W. C. A. CIRCUS BIG SUCCESS

The annual Biff Bang circus of the Y. M. C. A. was presented last night to about 400 spectators, and was a greater success than ever before. The 200 performers were trained by Captain Bowie and his assistants and much credit for the success of the affair is due to their efforts. The orchestra of the Germain street Baptist Y. M. A. was in attendance and gave a pleasing programme.

The cast was made up of the following: Ringmaster, George Margetts; Signor Discorda, R. Kerr; sketch, Preston Jennings and Leonard Beta; tumblers, Morley Ewing, Alton Noble, Worden Grey, Joe Wills, Allan Craig; staturary, Paul Cross and Clayton Urquhart; Gloom Dispellers, Wilson, Lee, Wilson, Frost and Williams; Toby, "Tug" Stammers; policeman, R. Kerr; pianists, Miss G. Beta and Miss E. Morrison; property director, W. F. Allen; assistants, W. J. Peters, A. Strachan, C. Wetmore, A. Gillen, T. McKee; ushering, Y. M. C. A. Young Ladies' League.

HON. C. J. DOHERTY'S FEE.

\$10,000 Retainer and \$200 a Day During Hearing.

Ottawa, April 8.—The Rt. Hon. C. J. Doherty, former Minister of Justice, was named as counsel in the reference to the Judicial Committee of the Privy Council of the question as to the location of the Labrador boundary between Canada and Newfoundland. A fee of \$10,000 was authorized to compensate for his retainer and his service in the drafting and preparation of the case and in addition, an allowance of \$200 per day while engaged upon the hearing. The sum of \$5,000 had been paid him up to date.

The appointment of Mr. Doherty was made on November 26 last. This information was given in the House of Commons this afternoon by Sir Lomer Gouin in reply to R. H. Halbert, Progressive, North Ontario.

FORD TO BUILD BIG PLANT

May Supply Detroit With Electrical Power for Trolleys.

Detroit, April 8.—Henry Ford is planning the erection of a 10,000,000 kilowatt power plant, presumably on the River Rouge. This became known at a meeting of the Detroit Common Council, when Superintendent Frank Mistersky, of the Public Lighting Commission told the council that Mayor Couzens had been negotiating with Ford for the supply of electrical power sufficient to operate the city-owned car lines and to take care of the city's extra needs in the way of street and building light.

At present the city is buying extra current from the Detroit Edison Company. The city lighting plant, producing 6,800 kilowatt power, is inadequate to meet the city's needs.

Mayor Couzens, Mr. Mistersky said, learned of the enormous electrical power plant which Ford is planning, and believed that if arrangements could be made to obtain current from this source it would obviate the necessity of the city spending \$11,000,000 or more for a municipal plant.

Negotiations with Mr. Ford have not progressed to a definite point, however, and the Mayor, Mr. Mistersky said, wanted immediate steps taken to insure for the city sufficient current.

GEN. SEMENOFF DENIES SEIZURES

(Canadian Press Dispatch.)
New York, April 7.—General Gregorie Semenov, "Ataman of the South Russian Cossacks," denied today before Peter B. Olney, referee in bankruptcy, that he had ever seized property belonging to the Youreteta Home and Foreign Trading Company, a bankrupt New York concern, which caused his arrest here last night. He said that if the company ever lost any supplies through Cossack raids, he knew nothing of it himself, because while he was the commanding officer he could not be held directly responsible for what his men did.

Immediately after General Semenov had given his statement, the hearing was adjourned to tomorrow when he will be examined in full on the charges against him.

EDUCATIONAL DELUSION

Belleville Ontario.—Examinations are one of the products of the day, happily now passing, when education was viewed solely from the utilitarian point of view. There is now in process of formation a new conception of popular ed-

The Unique Flavour of "SALADA" TEA

that charms so many millions of regular users is due to the freshness and unflinching quality of the leaf. To try Salada once is to use no other tea henceforth.

Education, guided worthily in this country by the Canadian Council of Education. But the old delusions still survive in many quarters. One of these delusions is that the only education ordinary folks require is that which has exclusively in view the making of carpenters and factory girls, engineers and cooks. There are those whose after-life will most probably be devoted to manual labor are not suited for a better education, and that those who are better educated are not suited for manual labor. Hence the perfectly astonishing number of doctors, dentists, barristers and the like, and the great army of unskilled labor.

Change in EDISON Prices

Brings Good News to Music Lovers

Much as you've realized that the New Edison is the only instrument of its kind that gives you the voices of great artists in their wonderful natural perfection, and instrumental performances true, in every detail, to the original rendition, although you've known that the New Edison Re-Creates music so faithfully that you cannot distinguish between the Re-Created music and the living music, you felt that price alone placed it beyond your reach, but that obstacle is now removed so you can have your New Edison and enjoy, in your own home, concerts by the greatest living vocalists and most renowned instrumentalists, just as well as you would if the artists stood before you in the flesh. You can enjoy dancing to the music of world-famous bands and orchestras brought to you as only they can be brought by

The NEW EDISON

"The Phonograph with a Soul"

The following price comparisons will make clear to you just what Mr. Edison has done to place within your reach his \$3,000,000 Phonograph, the invention of which is almost a miracle.

Included in the list are the new Chippendale Console and William and Mary Console, the latest and most popular New Edison Models.

EDISON RE-CREATIONS WILL ALSO COST YOU LESS

Here Are the New Edison Prices:

Compare them with the Old.

Model of Instruments and Records.	Former Retail Price.	New Retail Price.
Hippelwhite	\$283.00	\$195.00
Sherston	302.00	275.00
Jacobean	401.00	325.00
Chippendale	446.00	395.00
William and Mary	446.00	385.00
Chippendale Console	385.00
William and Mary Console	485.00
Re-Creations, 8000 Series	1.50	1.50
Re-Creations, 8000 Series	2.60	2.25
Re-Creations, 8200 Series	3.50	3.00

And Remember that the New Edison is THE ONLY INSTRUMENT OF ITS KIND THAT STANDS THE DIRECT COMPARISON TEST which has been clearly proven by tone-tests held right here in St. John. Come in and HEAR THE NEW EDISON.

168 147 176 461

Games Last Evening.

In the Clerical League the Atlantic Sugar Refinery team took three points from Starr Coal Company, and then defeated Robertson, Foster and Smith Ltd. quartette three points.

In the Ladies Bowling League on the C. W. V. A. alleys Macaulay Bros. quartette took all four points from the Post Office team. The winners totaled 1,128 and the losers 1,014.

In the two-men league on Victoria alleys team No. 7 took four points from team No. 1, and team No. 3 took three points from team No. 10.

I. O. G. T. League.

Thorne Lodge and No Surrender Lodge bowling teams in the I. O. G. T. league will play on Black's alleys on Monday night and not Dominion, as was announced. The first series of these games is near an end and great interest is being shown by supporters of each team.

Establishes New Record.

The Y. M. C. I. alleys record for a single was smashed yesterday afternoon when Frank I. McCaffery rolled 191. He continued rolling and secured 377 for three strings, which equalled the alleys record, established by himself last year. The first single string above 150 on these alleys was made by James Smith of Amherst in 1919, when he rolled 183. Noel Jenkins equalled this a little later and further along excelled it by one pip. Up to yesterday 184 was the record. Yesterday's score was made with three strikes and four spares as follows—20 27, 20, 19, 16, 8, 20, 15, 7, 9—161.

BASKETBALL

Two Games in Fairville.

Two close and exciting games of basketball were played last night in the Fairville I. C. A. C. hall. The Presbyterian team won from the Methodist team by 17 to 12 and the Church of England team won from the Methodist team by a score of 19 to 18. The referee was Carl Boyd.

The line-up of the different teams was as follows:

Presbyterian. Forwards. Methodist. E. Snodgrass F. Fox K. Henderson J. Boyd Centre. F. Campbell H. Sweet Defence. E. Bryant W. McColgan D. Doherty A. Linton

Second Game. Church of England. Methodist. G. Lunergan W. McColgan G. Meynell R. Scott. Centre. M. Sommerville H. Sweet Defence. I. Nelson A. Linton R. Denison M. Rice Spares. W. Baxter G. Kincaide

Woodstock Girls Win

The Fredericton Y. M. C. A. girls were defeated by the girls team in Woodstock last evening by a score of 18 to 13. The game was full of thrills and was witnessed by a record crowd.

TURF

Lady Grattan Sold.

Lady Grattan 2 3/4, which was raced on the Maritime and Maine circuit in 1919 and 1920 by a Falkner of Montreal, and then sold to Archie Alcorn of Blackville for \$5,000, was bid in at the recent Chicago horse sale for \$12,000, by Vic Fleming, the Canadian trainer.

National Secretary at Presque Isle.

W. H. Grocher, secretary of the National Trotting Association, was a guest of honor and principal speaker at a get-together meeting of fair managers of Northern Maine and the Maritime Provinces and racing managers held in Presque Isle last evening. Circuit dates were approved beginning at Fredericton July 1, and at Fort Fairfield and Houlton on July 4-5 and continuing through the season and ending at Fredericton the week of September 18.

BASEBALL

To Await Meeting Here

At the annual meeting of the Nova Scotia Baseball Association held in Halifax last evening it was decided to await the outcome of the semi-annual meeting of the Maritime branch of the A. A. U. of C. here next week before defining their attitude in the matter of the affidavit.

SWIMMING

Still After Records.

New York, April 7.—A human hydroplane, John Weismuller, of the Illinois Athletic Club, is being developed to represent the United States in the Olympic games at Paris in 1924.

Still in his teens, Weismuller's ambition is to lower the world's record time for every event on the swimming card. He already has created records for at least a score of distances in the six months he has been in national competition.

Weismuller will be eighteen years old

A LUNCHTIME TIP

Milk is the goon-time beverage.

Satisfying and nourishing, a cool drink of fresh milk will top off your lunch and send you back to the office full of pep for the afternoon's work.

And whether you get your milk at the office, at the lunch counter or restaurant remember—

To ask for and demand

Pacific Milk

The best milk because it is pasteurized.

Drink a glass of Pacific Milk next lunchtime.

Pacific Dairies, Limited

160 Union Street, St. John, N. B.

June 2. He was born in Vienna, Austria, but his family emigrated to Chicago when he was an infant. It was with a group of barefoot boys that he first paddled in the surf of Fullerton Beach.

At the age of eight he taught himself to keep afloat and until a year and a half ago was his own mentor. He stands six feet one inch, weighs 168 pounds, has unusually broad shoulders and large hands and feet, part of the equipment of all great swimmers of the past.

"I don't think my feet and hands have much to do with it," he said. "It's all in the stroke and the timing of the hands with the feet—six beats to a stroke."

Not a day passes that Welssmuller does not swim. He takes a dip immediately after breakfast, and frequently is in the water three times a day. In training he does not diet, and on the day of a race he eats a big steak, well done. He is fond of preserved fish, and once broke four records after filling his stomach with "hot dogs."

McTIGUE WINS

Jersey City, April 7.—Mike McTigue, New York middleweight, tonight knocked out Billy Beckett in the third round of their bout in the Fourth Regiment Armory. McTigue floored Beckett several times in the second round for short counts.

BARGAIN HUNTERS FIND A PARADISE

Where Houses Rent for \$50 a Year and Persian Rugs Go Begging.

Odessa, April 8.—This port is and will be for a few months the paradise of the bargain-hunter. A leather valise sold in Paris or London for \$50 may be had here for \$6.

Persian rugs go begging at \$15 to \$20; rugs that in Persia would sell for \$50, while the seller swore by his father's memory that he was robbing his family of daily bread.

Paintings by good artists sell for \$2 or \$5, with a frame thrown in worth \$10 or \$20. Silver tableware sells for five to ten cents per ounce.

A foreigner settling here for business reasons may rent a house for \$50 a year, and possibly by an indefinite lease on it for \$200. The furniture, excepting the table dishes, may be had for another \$200; but if there are any repairs he must pay western European wages for labor.

The reasons for these low prices of articles are that many of them were stolen, that there isn't much trade and the original owners are selling off all their home treasures for food.

To keep alive a family of five it takes 1,000,000 rubles, or \$2, a day, and the prices of food jump as the ruble drops in value.

MONDAY - PALACE - TUESDAY "Just Around The Corner" Everybody knows the meaning of the word mother—knows a mother's sacrifices—but the mother who lives and breathes and suffers in "Just Around The Corner" becomes the mother of everybody. We may not have suffered her acute poverty—but we can see the hand of mother—our mother—in every homelike touch she gives to her little tenement home—can struggle with her against the white sickness which weakens her steps and makes her a drag upon her children—and we suffer with her as she sees her daughter drifting out of her life, looking outside of the home for recreation and happiness. That is the setting, the drab background against which the struggles of the mother and the temptations and pitfalls surrounding the daughter are vividly cast. But "Just Around The Corner" is lit with ennobling faiths, bright touches of home life, winsome bits of fun, and in the end with a mother's love triumphant—sacrificing itself at the feet of a daughter redeemed. (Montreal Gazette) Notwithstanding the fact that there will be a large increase this season in passenger steamer tonnage on the St. Lawrence route, with several large modern vessels in commission for Britain and the Continent are now better than at any time since the war, while practically every ship is being well booked up and that, according to present indications, the season of 1922 is going to be a record one in ocean travel from this port. Among the contributory causes are thought to be the increasing prominence of Montreal as a world port, a more widespread knowledge of the beauties of the St. Lawrence River, the shortness of the time spent on the open sea as compared with other routes, and the fact that facilities for tourist travel in Great Britain and the Continent are now better than at any time since the war, while the fine new steamers being placed on this service by all the principal steamship lines are not a small factor in attracting new passenger business to Montreal.

EXPECTS MUCH FROM GENOA

Lloyd George to Rest After the Conference.

May Have to Face June Election—Political Matters Astir in England—News Topics of Empire Metropolis.

(From our Own Correspondent.) London, March 23.—The political horizon has been a little cleared for the moment by a semi-official statement circulated on behalf of the prime minister. Lloyd George's intention is to secure a convincing majority in the House of Commons for a resolution embodying his cherished Genoa programme of European rehabilitation. This Genoa mission, on which the premier is taking his family, is regarded by him as the crowning achievement of his premiership. He thinks the hope of Europe's peaceful and prosperous future depends on its success. After he returns from Italy, at the conclusion of this mission, Lloyd George will take a much needed rest. But one gathers that the rest might conceivably take the form of a general election campaign, on issues directly raised by his resignation. The crisis of this possibility is expected about the merry month of June.

The Last of the Barons. At the moment Lloyd George presents a romantic figure to the world. He is the sole and solitary survivor of all the illustrious and distinguished men who figured conspicuously in the great politics of the war. He is alone the continuous confident of history since the strenuous wetpolitik of Versailles to the present day. This gives him an immense kudos, an feat in diplomatic politics, but it has also its disadvantages. He is regarded abroad as something of a special magician—foreign statesmen touch wood when they sit down with him at the same conference table—and popular feeling is apt, even in so near a country as France, to regard him as less a spokesman of his countrymen than as a sort of established autocrat of European policy. The future is adventurously inscrutable. It is a situation after Lloyd George's own heart, and calculated to plant him to his best endeavors. While planting his cabbages and potatoes at Criccieth, the prime minister has his ear to the ground, as well as to the telephone with 10 Downing street, and he will be pretty sure to make a dramatic and sensational denouncement of the present crisis. There is at this moment feverish activity in political circles. Big influences are being used to placate and annex all sorts of interests. Whatever happens within the next few days, or weeks, one thing is

thrilled his fellow-members with a vaudeville speech full of pathos and tragedy, on the eve of his return to the hunger-stricken, disease-ridden areas of Russia. At the end of the present month, Mr. O'Grady will go back to resume his Good Samaritan work, fearless of the imminent perils of typhus and cholera. He pleaded for the means to enable him to sustain the starving people in their struggle against those dread diseases, declaring, with emotion, that "there is nothing on God's earth so sacred as the saving of human life." A Bristol Irishman, reared and educated at Bristol, and president of the Trade Union Congress when it met at Bristol in 1916, James O'Grady is the type of man of which not only his native city, but the Yorkshire city which he represents, the labor movement, and his fellow-Britishers may well be proud.

Free Drinks. London and other parts of the home country are soon to have a novel visitor in the shape of a French ship loaded with samples of all the choicest wines of France, which are invited to step up to the bar, name their favorite beverage, and obtain a glass as a guest of the French wine growers. As soon as the European tour concludes, the holds will be re-stocked and the vessel will leave for a similar visit to African and South American ports, returning the next fall for new supply wherewith to tickle thirsty American palates. It is planned to visit both the Atlantic and Pacific sea-boards, the vessel stopping just outside territorial limits. Anybody wishing to sample the products of the wine will be given a free tug-boat ticket at office to be established in the principal American cities by the wine-growers' syndicate. Quite apart from propaganda, the promoters intend to take orders wherever possible and to restore the prestige of French wines.

India's New Under-Secretary. The appointment of Earl Winterston to be Under-Secretary for India was rumored but hardly believed. For one thing, it is difficult to realize that the former Lord Turnover, who, as member for the ancestral seat of Horsham in his Oxford undergraduate days, was once the baby for the House of Commons, and called by an irate Nationalist, John O'Connor, "an impudent puppy," is already 39 years old, and sedate enough to sit with cabinet ministers and privy councillors.

General Northey Retiring. I hear that Sir Edward Northey, Governor and Commander-in-Chief of Kenya, is about to retire. The general played a brilliant part in the East African campaign, and was through the battles of Mons, the Marne, the Aisne, and Ypres. He is essentially a soldier, but, as governor, has been asked to deal with problems which would baffle the most experienced politician. His high endeavor has been frankly recognized by the colony, and he will bring with him the personal good-will of all the white settlers. The misfortunes of a section of them have in no way been due to the general, but may be attributed in great part to the post-war imperial re-augustate doml. The Germans, in the old days, spent money like water in developing the territory, and we could not afford to allow this golden flood to continue. Another soldier is likely to succeed General Northey.

James O'Grady, M. P. James O'Grady, one of the Yorkshire Labor M. P's, is a brave man, inspired with the real heroic spirit. He has just recovered from small-pox, contracted during his recent humanitarian work among the famine victims in Russia. Last week in the House of Commons he

last year. This figure, however, does not include depreciation. Some members have been under the impression that the deficit resulting from the operations of the Government's Mercantile Marine might be very much reduced if the vessels were tied up; so in order to find out just what the daily cost of such vessels is, some questions relating thereto were placed on the order paper. It was ascertained that of the 68 vessels in the fleet, 17 are out of commission, and that the daily loss of these, including watchmen's wages, insurance, interest and depreciation is as follows: 2,880-ton type, \$169.12; 3,400-ton type, \$226.38; 4,400-ton type, \$274.85; 5,100-ton type, \$286.08; 8,100-ton type, \$422.72; 10,500-ton type, \$512.87. It is not known how many of each type are tied up; but assuming the daily average cost to be \$800, which seems to be a quite fair basis of estimate, then the 18 vessels tied up cost \$5,400 a day, or at the rate of \$1,961,000 a year. The whole fleet up, and the loss would be at the rate of \$19,500 a day, or of \$7,115,000 a year.

Hon. W. E. Foster, Hon. Dr. W. F. Roberts, W. E. Scully and R. T. Hayes returned to the city last evening from Fredericton, where they had been attending the legislature. Hon. C. W. Robinson, of Moncton; Hon. J. P. Byrne, of Bathurst; Hon. A. A. Dyrart, of Buctouche; Lewis Smith, of Coverdale; A. J. Boudage, of St. Louis; P. P. Melanson, of Legerville; A. C. Fawcett, of Sackville; Col. O. W. Wetmore, of Clinton, and J. L. Peck, of Hillsboro, also arrived in the city last evening en route from Fredericton to their homes.

The Toll of Death in Russia. TEN MILLION CHILDREN in Russia are doomed to die in the slow agonies of starvation unless the people of Canada awaken in their generosity, and by gifts of food and money, enable the Save the Children Fund to prevent this horror. The famine in the Volga region is the most appalling in recorded history. Whole populations are exterminated. Children—fatherless and motherless, homeless, with death stalking their steps—wander the highways and byways until they creep into some abandoned hovel to die. Hundreds of thousands have died from starvation and neglect; but millions can be saved if food is dispatched at once. Will you give something? Will you save a helpless child from starving to death? What you do give means little to you—yet it means the life of a child! 25c will feed a child for a week. \$1.00 will ensure sufficient food for one child for a month. \$500 will establish a kitchen and feed 100 children until the next harvest. Cheques and Money Orders may be forwarded through your Bank or local Committee or sent direct to Sir George Burn, Treas., Save the Children Fund, Elgin Bldg., Ottawa. Save the Children Fund. Hon. President: HON. W. L. MACKENZIE KING, C.M.G. Hon. Vice-Presidents: RT. HON. ARTHUR MEIGHEN, HON. T. A. CREEAR, HON. RODOLPHE LEMIERUX.

I am _____ years of age, and am _____ single. Name _____ Address _____

PASTEURIZATION OF MILK SUPPLY. (Article No. 5.) What is called certified milk is neither mechanically clarified nor pasteurized. It is a raw milk produced under the supervision of a medical commissioner and subject to the following regulations: (a) Only milk from such cows as shall have not reacted to a diagnostic infection of tuberculosis, and are in good condition; tests and inspection to be made by competent veterinarians. (b) Milk shall be produced and handled by employees free from disease, as determined by medical inspection of a qualified physician, and under sanitary conditions, such that the bacterial count shall not exceed 10,000 per cubic centimeter at time of delivery to consumer. (c) All dairies from which the supply is obtained shall score at least eighty points, which means a specified minimum of air space and lighting, proper ventilation and drainage, concrete or non-absorbent floor material, proper bedding, etc. Certified milk is not a safe milk for either infant or adult use, due to the fact that anything might happen to the milk between the medical inspections, which do not occur oftener than once in every four, eight, or twelve weeks. Dr. Pavill, a noted milk expert and producer, was asked the question, at a convention of milk experts in Chicago, "Why do you prefer pasteurized milk to certified milk?" to which he replied: "Certified milk is not certified milk; that is to say, no sample of certified milk is certified. The certification is a certification to a process, and the certification may take place at intervals of several weeks or months, and anything may happen to that milk between intervals. Disease-producing bacteria of the most virulent type can easily get into it, in spite of a perfect process, and therefore the certified milk is only safe in so far as you can assume that those who are exercising a certain amount of care won't get into difficulties; whereas, while pasteurized will not. That," said the doctor, "is my answer." A few years ago a large Boston milk company, where the writer was employed, was purchasing its certified milk from the Agricultural College at Amherst, Mass. This milk was produced under the supervision of the Massachusetts Medical Health Commission, but one morning we received notice that we could not obtain any more certified milk from that source, due to the fact that there had been an outbreak of scarlet fever at the college, and cows had been milked by some of the victims. Had it not been for the fact that this milk was produced under the supervision of the college experts, as well as the health commission, serious results would have followed. Hundreds of cases of disease have been traced to certified milk, and hundreds of cows in certified dairy herds have been found to be tubercular. The fact that certified milk does not contain more than 10,000 bacteria per cubic centimeter does not mean anything, for a part of them may be disease process. Pasteurization would have made that milk safe. Another objectionable feature is the fact that certified milk costs approximately double the price charged for the pasteurized. I wish to say that I am writing these articles in the interest of health, and am not in any way interested in any milk company in this city, directly or indirectly. My next article will deal with the proper handling of milk from the dealer to the consumer, and will make some striking comparisons with the system in vogue in this city. J. P. TILLEY.

STYLE FIT WEAR. It has them all The BROCK Hat MADE IN BROCKVILLE, CANADA. A CANADIAN ACHIEVEMENT THE WOLTHAUSEN HAT CORPORATION, LIMITED. Ottawa, April 8.—From a return brought down in the House of Commons it is quite evident that it costs the country almost as much to tie up the vessels of the Canadian Mercantile Marine as it does to operate them, even if the latter is done at a loss, which, including interest, ran up to \$5,466,000.
