

GOOD THINGS COMING TO THEATRES OF ST. JOHN

"Cinderella" A Big Song And Laugh Show

English Pantomimic Extravaganza For First Time in St. John Next Week

You have been regaled with the literary worth and startling logic of "Tea for Three" charmed with delightful Anna Case of the Metropolitan Opera Co. and next week comes the English novelty "Cinderella" with amusing scenic investiture, screamingly funny comedians, stunning ballet, good chorus, fresh and gorgeous costumes and continuous fun and jingle. It is going to be a sippy show from start to finish and Halifax the hard to please—was delighted with it.

It is time St. John had a good old-fashioned laugh and see some good comedians, heard some good choruses and had its eyes and ears fed with big-city entertainment. In "Cinderella" there is nothing but what is good, the whole would like. It is clean, tuneful, pretty and from the viewpoint of mounting, a sumptuous presentation. Montreal, Toronto, Winnipeg and the other big cities get this company with a new show every year but this is the first time they have entered the maritime provinces. So far it is a triumphal procession.

The seat sale for St. John opens on Monday at the Imperial box office at 10 a. m. old time. The show itself on Wednesday and Thursday will be on daylight time for the sake of train people. Price scale is mentioned in the large advertisement elsewhere—an advertisement all should read.

THE MAILS. It is announced that the western mails will close and arrive at the St. John post office earlier, beginning Monday, May 5. The United States mails will close at 5.45 a. m. instead of 6.30 a. m. Upper Canadian, United States mails, will close at 4.40 p. m. instead of 5 p. m. and will be due at 12.40 p. m. instead of 1.40 p. m. This gives two mails daily to and from the United States. The postal car service on the night train between St. John and Halifax is to be resumed on May 5, daylight time.

Notice of Births, Marriages and Deaths, 50c.

MARRIAGES. IRVINE-CLAYTON—By the Rev. Lawrence Teford at the parsonage on May 2, 1919, John R. Irvine and Margaret A. Clayton, both of this city, were united in marriage.

DEATHS. MAGEE—At her parents' residence, 505 North Sofo street, Los Angeles, April 22, Mabel, second daughter of Robert and Elizabeth Magee, formerly of St. John, N. B. Her parents she is survived by three sisters.

ELLIS—In this city May 3, of pleuro-pneumonia, Helen A., aged twenty-four, four sons, two daughters and six grand-children to mourn.

ALWARD—In this city, on Friday, May 2, at the age of eighty-two, Harriet, widow of the late Aaron Alward, M. D. Funeral from the residence of her son, F. D. Alward, 125 Mount Pleasant avenue, Monday afternoon at 2.15 o'clock to St. Paul's church, where service will be held at 2.30, daylight time.

BURNS—At her late residence, 12 St. James street, May 2, after a short illness, Isabella M., widow of the late J. A. Burns, in her seventy-ninth year, leaving one son and four daughters to mourn. Funeral from her late residence Monday afternoon at 2.30 p. m. (daylight time).

GILLIS—Suddenly, at Beverly, Mass., of pneumonia, Mrs. B. G. Gillis, formerly of St. John, aged forty-seven years, leaving his wife, mother and two sisters to mourn.

Funeral at Beverly on Monday afternoon at 2.30 o'clock.

JONES—In this city, on the 2nd inst., Mrs. Walter Jones, leaving her husband, four sons, two daughters and six grand-children to mourn.

Funeral will take place Monday afternoon at 3 o'clock.

MAYES—At his home, 215 Window street, West St. John, May 2, after a long illness, Gilbert Jordan Mayes, youngest son of the late Samuel S. Mayes.

Funeral Sunday afternoon, service beginning at 3 p. m., old time.

O'NEILL—Suddenly at his residence 109 Elliott row on Thursday, May 1, John O'Neill, leaving six sons and three daughters to mourn.

Funeral will be held on Sunday afternoon, at half past two, old time, from his late residence.

SPRING—On May 1, at her residence, 470 Main street, Emma L., beloved wife of Sanford Spring, leaving besides her husband, one sister and three brothers to mourn.

Funeral Sunday from her late residence, 470 Main street, at two o'clock, daylight time.

AMERICANS OBJECT

Reported Plan for Restoration of European Financial Credit

Paris, May 3—Authoritative disapproval of a plan that has been advanced for the re-establishment of European financial credit was expressed today by the financial members of the American delegation. It was made known definitely that the United States would not be a party to any joint action having for its purpose the restoration of German business.

It has been proposed by the British that a German bond issue of \$5,000,000, 600 be arranged with Great Britain, France, the United States and the other Allied and associated powers as guarantors. The American delegates took the position that such a plan would be not only impracticable but contrary to American precedent.

It was explained that the British proposal included the apportionment of the burden and responsibility of the others, thus creating a situation obviously unjust.

Fiction Book List At McDonald's Library This Week-End

The Twenty-Six Crows (Ostrander); The Fighting Shepherdess (Loebart); The Valley of Vision (Constock); Joseph in Jeopardy (Danby); A Man and a Woman (Drummond). Very popular these books, and you may enjoy any of them at 2 cents a day—McDonald's Lending Library, 7 Market Square, Phone Main 1273.

PERSONALS

Dr. Heiden, superintendent of the General Public Hospital, returned yesterday after a trip to Boston and Providence.

Colonel Spittal, formerly military director of embarkation at this port, returned last night from Quebec.

Mrs. George F. Smith is attending the annual meeting of the Victorian Order of Nurses in Ottawa.

William R. Fleet of the C. P. R. left port office staff, and Herbert Fleet left last evening for Montreal.

G. S. Mayes and Mrs. Mayes have returned after a visit to New York without knowing of the extremely critical condition of his brother, Gilbert J. Mayes, who had hastened their return and arrived last night in time for G. S. Mayes to be summoned to the brother's bedside before he passed away.

Major C. H. Ackerman, formerly of the 2nd Canadian Battalion but now of the headquarters staff in Ottawa, is in the city today in connection with matters pertaining to the ordnance department.

Mrs. Barker, wife of Major Louis W. Barker, arrived home from Montreal at 8 o'clock, on the Red Triangle Service train. She was accompanied by Miss Mary White, her cousin. During the trip to St. John Mrs. Barker received a cable telling of her husband's departure today from England with his 4th Seige Battery unit.

Rev. Dr. Donald McGillivray of Shanghai, China, missionary in the Presbyterian church and noted throughout that denomination for his literary works, notably his translations into Chinese, and from Chinese into English, arrived on the Montreal train today. He is the guest of Rev. J. A. and Mrs. MacKinnon, Leinster street.

Frederick G. Davies of the C. P. O. S. staff, West St. John, left last evening for his home, Westmount, Quebec.

J. Richard Clancy, prominent and popular winter port official here, will leave tonight to take up his new duties in Toronto.

OTTAWA AGAINST THE "ONE BIG UNION" IDEA

Ottawa, May 3—The Ottawa Trades and Labor Association last night expressed its disapproval of the one big union idea. Only one member voted in favor of it. The Ottawa building and construction trades strike situation remained unchanged.

BROTHERS WELCOMED.

A very enjoyable evening was spent at the home of Mrs. Lingier, 97 High street, when young people gathered on Thursday to welcome her both sons, Corporal Oly and Pte. Harry Lingier, home from overseas. Oly enlisted with the old reliable of the 1st division, in 1914, and has been through the big engagements, escaping without a scratch. Harry is an original of the 26th and has been wounded three times and gassed twice. The evening was spent in music and games. Refreshments were served and the happy party broke up at an early hour in the morning.

COPY OF THE IRISH DECLARATION HAS BEEN RECEIVED IN NEW YORK

New York, May 3—A copy of the declaration of independence adopted by the Irish republic parliament was received here yesterday by Supreme Court Justice Cohan from Sean T. O'Kelly, the representative of the Irish republic in Paris. It is said to be the first copy to reach this country.

FUNERAL TOMORROW AFTERNOON

The funeral of John O'Neill will be held on Sunday afternoon at half past two o'clock, old time—not half past ten as was stated—from his late residence, 109 Elliott row.

We have blue suits for men made by the House of Hobblerlin. We guarantee these suits—Corbett's, 194 Union street.

NOT A TRAINMAN. It was said today that A. J. Ryan, who was mentioned yesterday as a member of the B. R. T., is not a trainman but a member of the Canadian Brotherhood of Railway Employees.

WANTED. Brass and machinery moulders for out of city. Apply tonight or Monday at Dufferin Hotel, Room 56. 99089-5-5.

Good line of crepe de chine and silk blouses ranging from \$1.50 to \$4.30 at 288 Union street.

Special sale of men's negligee shirts tonight—Corbett's, 194 Union street.

BUSINESS CHANGE. G. E. Ingram has severed his connection with the McLaughlin Motor Car Company, which he has represented here as city salesman.

Special sale of men's hats and caps tonight—Corbett's, 194 Union street.

LOVES STABLE REMOVED to 184 Princess street, formerly known as Short's Stable. We are now ready to receive orders for coaching and 99087-5-7

Unfilled quantity of men's, women's and children's hats at wholesale prices at Tobias, 288 Union street.

BUSINESS CHANGE. I have taken over the business of the American Globe Laundries. I am glad to be back in St. John again to renew the business connection. Having had a long experience in the laundry business, and knowing accurately every detail of the business I am prepared to give entire satisfaction to all customers, old or new who will entrust their laundry work to me. I will be glad to be interviewed over the phone or personally.

A. B. VAIL. I have sold the business of the American Globe Laundries to A. B. Vail, who formerly gave great satisfaction in the laundry business in this city. Due to various causes there have been a great many complaints as to laundry work done here. He is very anxious to do better work and to give entire satisfaction to those who will give their laundry work to him.

W. B. TERNANT. Captain (Rev.) M. E. Conron, and Captain (Rev.) Clarence MacKinnon, D. D., will address a public meeting in the Imperial Theatre, Sunday, May 4th, at 8 o'clock, on the Red Triangle Service to Canada Overseas. Captain Conron is a former pastor of Portland Street church. He enlisted as a private in the 2nd Canadian Battalion in 1914, and was in the front lines in the maritime provinces, and among Canada's strongest platform speakers. They speak from observation.

STYLES IN SPRING DRESSES ARE QUITE CHARMING

This season's styles in spring dresses represent a considerable change from a year ago, so much so, in fact, that even a mere man can see the difference. Although prices are somewhat advanced over last season, it is still possible to procure the very latest modes at less than last year's prices. This opportunity is to be had at Oak Hall, where a timely sale of new, smartly designed spring dresses is now going on. These dresses were originally valued at \$20 to \$30, but an opportune purchase permits Oak Hall to offer them at an exceptionally low price of \$16.88. Although this sale has been going on for three days there are still a good number of dresses from which to make selections and these represent such unusually good values that it is really a very woman's interest to visit the Oak Hall's Women's Shop, third floor, before making her spring purchases.

FIRELESS COOKED HAM SPECIAL CAKES, JELLIES, ETC. YOU CAN RENT ALL THE NEW BOOKS FROM OUR LIBRARY.

WE WANT A YOUNG GIRL assistant, 188 Union St.

THE BEST QUALITY AT A REASONABLE PRICE

Diamonds

Quality, not price, should be your first consideration in buying Diamonds. A Diamond is not a necessity—it is bought simply because of the pleasure that may come from its use, and no pleasure can come from the use of an article that you know or suspect to be of inferior quality. We carry only the better grades of Diamonds, and the purchase of such stones is a source of continual satisfaction. We make a specialty of stones of the price most people want to pay—\$25 to \$100.

Housing, Death, Disease

(Halifax Recorder) When the war and its demands drew the attention of the rulers of Britain to the social and economic conditions obtaining, one of the first things noticed was the very large number of persons improperly housed and consequently condemned to live in discomfort and squallor. Then study of criminal and health statistics located a very intimate connection between poor housing, disease and vice.

The building of thousands of houses for the workmen and their families in connection with the numerous and vast munition works which sprang up over the land very definitely started the campaign of better housing as a method of moral uplift, as well as a movement to improve physical conditions. The great value of physical mental and moral well-being as a national asset. The sick, the feeble-minded and the criminal are a great loss to the national asset. The sick, the feeble-minded and the criminal all mean a great loss to the national asset. Hence the improvement of living conditions which means the saving of child life, means much indeed to the nation. Since bad housing is now generally admitted to be the main cause of preventable disease, the problem of life-saving is largely involved in the problem of providing better living conditions for the population. Professor Irving Fisher of Yale, an authority on vital statistics, states that there are 100 million people in the world suffering from some form of illness, of whom 1,000,000 are in the working period of life, men-queers being actually 100,000,000, making an aggregate loss from illness of fully 550 million dollars. The expense of medicine, medical attendance, extra foods, etc., will double this sum, and there is good reason for thinking that at least one half of all this illness could be prevented under better housing conditions. The sick man is a burden to the community even so the healthy man is an asset.

It has been shown again and again by comparing notes that those "spots of death" and the greatest juvenile delinquency coincide with the points of greatest congestion in housing accommodation. It has also been shown that there is from 25 to 50 per cent more tuberculosis in tenement house districts in every city than in the districts of individual homes. In the city of Cleveland, Ohio, not long ago, a contrasting study was made of two districts in this regard. One district was the old, crowded business section and near some manufacturing plants. The first of course consisted of crowded tenements, the other of detached or semi-detached houses. In the first, in 1907 and 1914, there were 908 cases of tuberculosis, 52 per cent of the population. In the second there were 23 per thousand. In the first there were 665 cases of contagious disease in 1919 or three per thousand. In the second there were 285 cases, or 129 per thousand and evidence of the same character has been collected in other parts of the United States and in Britain.

It will thus be seen that better housing is a matter of vast importance to the nation as well as to the individual citizen. It means healthier workmen and women and more hours of work per week. It means the saving of infant lives, the saving of the lives of the young. It means the better upbringing of boys and girls and a consequent reduction of waywardness and crime. It means a better training and a cleaner and more wholesome outlook on life, accompanied by the cultivation of greater self-respect. Britain has taken the question up with vigor and wise direction. The movement is well under way in some of the American States, and it is to be hoped that amid the huge sums to be devoted to railway building and other public works, the Red Triangle Service will pursue a vigorous campaign for better housing conditions for those who must build or traverse the transportation lines. Our climate, our public health, the saving of the young and the betterment of morals all call aloud for clean and comfortable living places for the masses.

BOYS GET HOLD OF HAND GRENADES

Reid Munition Boxes in New York and There's Danger Ahead

New York, May 3—Warning that many homes in this city are in danger from hand grenades stolen by boys from Reid munition boxes in New York, is being issued by the New York State Police. The boxes, which are used for the storage of munition, are being used by boys to store hand grenades and other explosives. The police are warning parents to be on the lookout for these boxes in their neighborhoods.

BIG IMPROVEMENTS FOR MONTREAL PLANNED

Montreal, May 3—The complete election of the railway system of the Montreal harbor and the erection of a million dollar cold storage plant are among improvements upon which, according to the commissioners, work will be started at once. In the course of a statement of the future development of the harbor, elaborate plans for the lengthening of piers and construction of transit sheds are also referred to.

COWAN GIRLS GO ON STRIKE

Toronto, May 3—Girls from the Cowan Chocolate and Cocoa Company to the number of 400 went on strike yesterday, much to the surprise of the local labor organizations. The girls, who are employed in the factory, are demanding an increase in wages and a reduction of the number of hours of work, which the company refused.

RAILWAY SHOP WORKERS PRESENT DEMANDS

Montreal, May 3—Demands for a forty-four hour week and increases in wages of twenty per cent have been presented to the Canadian railway workers by the Railway Shop Workers' Union. The union is demanding a forty-four hour week and a twenty per cent increase in wages. The railway workers are also demanding a reduction in the number of hours of work, which the company refused.

Britain Plans
To Electrify All
Her Railroads

Electricity To Become Main
Motive Power

Harness The Waterways

Sir Eric Geddes introduces Bill to
Take Over All Transport as
First Step Towards Change in
Method of Operation

London, April 14.—(Correspondence)—During the next decade electricity will become the main motive power of the British Isles. In every part of the country the use of electricity for power, lighting and coal saving is being considered.

The government is planning the establishment of great power stations and efficient to provide for the needs of the whole country. These stations will be built within the area of the great coal fields and are expected to be the means of saving an enormous amount of transport.

At the same time engineers are busy getting out plans for a great extension of the system of producing electricity by water power. There is abundant water power in Britain, especially in the northern districts. This is to be harnessed for the production of cheap electricity.

Sir Eric Geddes, minister of transport, in introducing the bill to enable the state to take over all transport of the country, foresaw the electrification of all railroads in the kingdom.

The women who have been dealing with the housing question have swung solidly for the provision of electricity for light, heating and power in the new homes that are to be built.

The magnitude of Sir Eric Geddes' proposal to electrify the railways as soon as possible may be gauged from the fact that the 28,700 miles of railways in Britain only 800 route miles, or a total track mileage of 794, are so far working by electric traction. If the London underground system, comprising the Metropolitan, District and the tubes, and the railways which serve purely local purposes, like the Isle of Man lines, the Mersey and the Liverpool Overhead Railway, be excluded the route mileage electric traction totals no more than 188 at present.

Only Five Trunk Lines. Only five of the big trunk lines have tackled the problem of electrification at all—that is, with actual results. Of these the London and South Western, with its extensive network of suburban lines, is the most considerable undertaking of the kind. Its electrified lines are already equivalent to 250 miles of single track, though the length, measured by route mileage, is relatively small.

The next largest scheme of electrification in operation is that of the Lancashire and Yorkshire Railway, which has over forty route miles of electric traction worked on the insulated side rail method.

The London and North Western Railway's electric lines connecting Buxton and Watford and the adaptation of the North London and Hampstead Junction lines will, when completed, give it a

major mileage of electrified working even than the North Eastern, which was one of the first of the great railway systems to adopt electric traction by converting its Tyneside suburban line to Whitley Bay from steam power. The North Eastern at the same time decided on the alternating three-phase system, whereas for London's suburban service the third rail system was adopted.

It is this rivalry of traction system, over which railway engineers have disputed for years as to which would prove the best, the most efficient and the most economical in the long run that has mainly held up the whole question of railway electrification so long. Now it is being recognized, even by the most conservative of railway directors, that electrification must come, and the sooner the better, for the transport system of the country.

The scheme of electrifying the main lines depends upon and coheres with the great linking up and extension of power stations on a national system which will provide electricity throughout the country for all users and purposes. It is estimated that when electrified the railroads will use one-fifth of the total consumption of electricity and that the scheme will prove a very remunerative proposition.

Great financial advantages attended the first and only electrified mineral line in England, the Shildon-Newport, on the North-Eastern, which was started in July, 1915. It is a coincidence that the pioneer of electric heavy freight haulage for Britain should occur in the neighborhood associated with George Stephenson's original locomotives. This line carries the mineral traffic from Durham coal fields to supply the blast furnaces and iron works around Middlesbrough. It is worked on the overhead high pressure system.

It is curious, in the light of the transport situation today, to recall that at the very outset of the railway era in Great Britain electricity threatened for a while to oust steam power as the principal method of traction.

Some idea of the crudeness of this fit up can be gathered from the fact that the trolley consisted of a bamboo pole which was held in touch with the overhead wire by a boy, and the standing jolts of the passengers was "How far shall we have to walk this time?" This line had been working for nearly twenty years before the first electric car was placed on the London tracks.

The committee which has been examining the water power resources of Britain has reported on the possibilities of nine Scottish schemes for the production of electricity. These nine Scottish schemes are capable of generating a continuous supply of 183,000 electrical horsepower, corresponding to an output at the hydro-electric station of 1,500,000 units per annum. Taking the average consumption of coal at present stations, this is equivalent to a saving of 1.85 million tons of coal per annum.

The estimated cost of the development of these schemes is \$38,375,000. The average cost, including running expenses and capital charges, is estimated at 30 pence a unit at the water power stations.

The Audit Bureau of Circulations audits the circulation of The Evening Times.

THE PLAYGROUNDS.

On Tuesday morning the city council will discuss the question of playgrounds. It may be hoped that the Y. M. C. A., Y. M. C. I., boy scouts, high school, Playgrounds Association, St. George's Society and others interested in the physical development of the boys and girls, and the young men and women, and in clean amateur sport, will be represented and take part in the discussion.

be viewed in the enlightenment of a Christian conscience. If we are true to our Master, we need have no fear. Mr. Parsons fears that the rich will fall away from the church if the pulpit does not keep quiet. This may be true of some of them, but the church is not here to please either the rich or the poor.

THE CHURCH AND ECONOMICS.

Mr. S. R. Parsons, ex-president of the Canadian Manufacturers Association, in a recent speech in Toronto, sharply criticized the declared Methodist church policy of substituting co-operation for competition.

These remarks have raised a storm of protest. Here is a biting sample from a sermon preached by Rev. D. N. Morden in St. James' Square Presbyterian church:

"Mr. Parsons' direct attack was upon the action of the Methodist Conference last year at Hamilton, when, by a resolution, they condemned profiteering and competition. Indirectly, he tells all ministers that when they touch on economics they are out of their sphere and threaten us with the withdrawal of the wealth which makes the running of the church possible, unless we mind our own business."

There are interests which would be very glad to discredit the prohibitory law and all who are connected with its enforcement. This fact should stimulate those who believe in the law to do their utmost to aid in its enforcement.

It is announced that the 4th and 6th Siege Batteries are en route home. St. John should prepare a fitting reception for these units, and there should be nothing half-hearted about it.

In New Brunswick last year damage by fire to the extent of \$55,817 was done through the carelessness of fishermen, hunters, campers and picnic parties.

Another minister, Rev. B. B. Cochran of College Street Presbyterian church, in the course of a sharp criticism of Mr. Parsons, said:

"Mr. Parsons appears to believe that life is departmental and that a man's business and religion can be kept in separate compartments. This is absolutely impossible. A man's religious views must color his economic theories and his social principles. His religion must be practised in every department of his life. To me it is a hopeful sign that employers and employes, statesmen and scholars recognize that things are not what they ought to be. The Bolsheviks put out one class and put in another. Their system is wrong. True reform comes by evolution. Only by legal process can problems be solved. Taxation, housing, intemperance, gambling—all these must

RAMSAY'S PAINT

"The right PAINT to PAINT right" FOR SALE BY ALL DEALERS

LIGHTER VEIN.

Milly—I suppose your idea of a perfect woman is one who has no faults. Billy—No, merely one who acknowledges them.—Judge.

Young Wife (in the country).—This is a nice place you've brought me to. We've been here for four months and I haven't seen a new face.

"Business as Usual."

A sorry blow has been dealt at those who maintain we are not a commercial race. "You've given me prussic acid in mistake for quinine this morning," a man told a chemist the other day. "Is that so?" said the chemist, "then you owe me another two-punch."

A Running Account.

A New Yorker with a country place on Long Island has a quaint old neighbor who owned a good many pigs.

ACTING UNDER HOUSING ACT

One-Half of Ontario Cities Already Have Passed By-Laws

Toronto, May 3.—According to a statement by J. A. Ellis, director of the bureau of municipal affairs, one-half of the cities in Ontario have already passed by-laws which they come under the provisions of the Ontario housing act.

DOG IN ALL AGES.

Dogs are among the most widely distributed of animals. In few parts of the world are they absent or even rare.

Buy early for these goods cannot be duplicated at the prices. FRANCIS & VAUGHAN 19 KING STREET

commenced. Some of the municipalities, it was said, are making arrangements to acquire land and erect houses thereon on a large scale. Ingersoll has acquired a tract of land of more than twenty-five acres in the centre of the town, at a cost of \$4,000. It will be divided into about 200 fifty-foot lots, which will enable them to be sold at about \$20 each.

OBJECT TO DISCHARGE OF C. N. R. MEN TO MAKE WAY FOR VETERANS

Trades and Labor Council to Ask For Pledge on Day Time Question

At a meeting of the Trades and Labor Council held last evening several important matters were discussed, including the discharging of men in the government freight sheds to make room for returned soldiers and also a request that the city council take a pledge on daylight saving.

ONE EFFECT OF WAR.

Stratford Beacon.—During the war years Canadians acquired the habit of thatching and talking in big figures.

25 cents Buys a Thrift Stamp

John Kemp, J. E. Tighe, George Melvin, F. McFarlane and J. Nixon were elected delegates to the social service council. An committee was also appointed to prepare matter to be presented at the inquiry by a royal commission into industrial conditions in Canada, which is to be held in the city in June.

DUNLOP BICYCLE TIRES "It's Either a 'Dunlop' or an Imitation!" That phrase came into dealers' minds through the coming of other bicycle tires. As "Dunlop" were the basic tires, naturally other tires had to be more or less patterned after the original. But no man living can make a pattern of Quality. You can still get the "original" tire with its wealth of unmatchable features. Why buy the imitation—the experimental tire? FARMS TO LET GONDOLA POINT FARM, SITU-ated in Rothesay, Kings Co. Apply Miss Merritt, 120 Union street. 9882-5-10.

Grants equal to \$30,000,000 will be distributed by the British Good Road Board for the reconstruction of roads and bridges in England during 1919. Demobilized army units will be utilized as labor. England's programme is thus far in excess of that of the United States including both the Federal and State funds.

In September, 1895, there were on file in Washington over 500 applications for patents on automobiles. Three hundred different types of motor vehicles had been built or were in the process of construction on that date.

In the five years from 1911 to 1916 the Province of Quebec spent \$15,774,869 for good roads. Since 1911 more than 1,214 miles of macadam and 497 miles of gravel roads have been made.

Are you getting your share of the money that is being made through the constantly increasing value of real estate in this city? You need not necessarily be a man of wealth to own city real estate. Valuable property is constantly being offered on easy terms in the Classified Advertising section of this paper. Turn to it now. Or, if you have real estate which you would like to sell, offer it through a little Want Ad in this paper. Our Want Ads are constantly read by both buyers and sellers of real estate.

BOOT TRADE CONDITIONS

(Canada Trade Commission, Ottawa). Following a meeting which had been convened by the Canadian Trade Commission for discussing the possibilities of export trade by the boot and shoe manufacturers of Canada, at which exception was taken to criticism of prices and methods in the boot trade in Canada in the "Farmers' Platform," a resolution was adopted by the executive to extend an invitation to a committee of the Canadian Council of Agriculture to investigate conditions in any of the Canadian shoe plants. Members also pledged themselves to give every assistance to that committee in their investigations, as they expressed the desire to have the facts in the boot trade made widely known.

SALE BINDER TWINE PLANT.

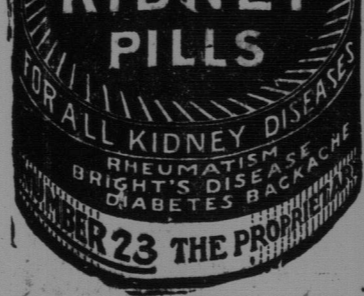

KINGSTON PENITENTIARY. SEALED TENDERS addressed, "Inspector of Penitentiaries, Ottawa," and endorsed, "Tender for Binder Twine Plant" will be received until Monday, June 2, 1919, from parties desiring to purchase the following binder twine and rope machinery:

- 1 breaker "Goode." 1 spreader "Lockwood" aponehead. 3 spreaders "Goode." 1 fisher "Goode." 22 double spinners or 44 Jennies, "Goode." 4 twine ballers (2 spindle). 1 bobbin winder. 1 tie cord machine. 2 pickers. 1 ball roller. 1 upright rope machine, 108 thread "Lockwood." 1 "Corliss" engine, 125 H.P. 1 oil pump. 1 oil tank, iron.

Also large amount of spare parts and repairs. The above machinery is in an excellent state of repair, and may be viewed at the Kingston Penitentiary, Kingston, Ont.

Terms of sale—cash. Machinery to be removed from Kingston Penitentiary before August 1, 1919. Papers inserting this notice without authority from the King's Printer will not be paid therefor.

STATE OF TRADE

Feeling is Better With Jobbers and Wholesalers—Retail Trade Exceeds Year Ago—Wearing Apparel Leads in Activity

(Bradstreet's) Improvement and expansion are the key words as to ordinary distributive trade, both at wholesale and retail, and more of the important industries and cheerful reports, but, as heretofore, the big basic industries, iron and steel and coal, while displaying a slight more in isolated instances, are running at slow speed compared with the feverish activity of last year, and price unsettlement is still expected to constitute the chief brake upon all operations. Winter-wheat crop prospects are still highly flattering, and clearing weather is permitting more activity in western grain fields and southern cotton and corn areas. The price situation is stronger, certainly as regards food, textiles and wool, but the stock market, despite realising, is strong and active, and reports as to unemployment, except at debarkation of large industrial centres, are more cheerful. Building is more active, but reports of scarcity of houses and apartments are still practically universal. Wheat exports for the week are the largest of the present year, and promise to grow still further. The fact that retail trade of the country has been either consumed or promised, coupled with scarcity of milling wheat, has started a new movement in wheat flour, which is 40c to 51c barrel higher, and sympathetically in other grains, while beef animals are strong and other animals are strong and active, and reports as to unemployment, except at debarkation of large industrial centres, are more cheerful. Building is more active, but reports of scarcity of houses and apartments are still practically universal. Wheat exports for the week are the largest of the present year, and promise to grow still further. ANNA CASE IS GLORIOUS IN SONG

Metropolitan Opera Company Star Holds Great St. John Audience Enthralled

The coming of Anna Case, the soprano diva familiar to the music-lovers the universe over for her delightful concert singing and reproductions, was truly a distinct event in the entertainment history of St. John as last evening's capacity audience at the Imperial attested. The programme was a collection of the choicest selection, the rendering of it a highly artistic treat and such details, as Mr. Zoller's accompanying on the superb grand piano, patriotic outburst, presentation of a flag bouquet and the general brilliance of the occasion conspired to make the evening one well worth to linger in one's memory. The G. W. V. A. deserved the success with which they met.

Miss Case, whose statuesque presence and graceful charm were of such value to her singing capabilities, sang four groups of numbers, each division including four selections. She also rendered one aria, an emotional number of Charpentier's, from his opera "Louise." Translations and full text of the songs, etc., were included in the amply printed programmes. In each and every number the Metropolitan Concert Co. star completely won her hearers, not only by the quality of her singing but by her interpretation but by her dramatic fervor, tender love emotions and stirring grandeur in the hymnal numbers of a national character. "The Battle Song of the Republic" will not soon be forgotten here.

In so long a programme, liberally enhanced with encores, it was a crucial test of one's acceptability as an entertainer and personality to say nothing of the physical strain, to hold so vast an audience enraptured, but Miss Case did it and did it with a poise and ease that marked her to be the true artist. In two of the familiar national numbers she requested chorus singing by her hearers and the invitation was heartily accepted. Her "Rule Britannia" was a wonderful climax.

In the corridors and on the pavement after the concert the hum of expressions of delight indicated in no doubtful manner the great pleasure the visiting singer had given the people of St. John and it was said time and again that a return recital would be most acceptable. Miss Case told the Times that she, too, enjoyed the evening—enjoyed singing to such a brilliant and appreciative body of hearers, people who were glad to sing with her in the choruses and with whom she quickly came into close sympathy. Mr. Zoller, the accompanist, is one of New York's rising young pianists and devotes himself to prima donna work. He is to play for Frenstadt in Pittsburgh.

The recital was held under the auspices of the Great War Veterans' Association for the benefit of their funds, and the public of St. John will long be grateful to the G. W. V. A. for a glorious feast of music. Kenneth Christie and L. LeLacheur were chiefly instrumental in the arrangements to bring Miss Case to the city. General MacDonell, in a few words before the commencement of the recital, in the name of the G. W. V. A. heartily thanked the Daughters of the Empire, the Young Women's Patriotic Association and St. Monica's Society, which organizations had been instrumental in selling more than 1,000 tickets for the performance.

The programme was as follows: 1. (a)—Verger, tutto amor (Virgin, Fountain of Love) ...Durante (b)—Faithful Johnnie ...Berthouze (c)—Chantons les amours de Jean, old French, arranged by ...Weckerlin (d)—Angels Ever Bright, and Fair, from "Theodora", Handel 2. Aria—"Depuis le jour" from "Louise" ...Charpentier 3. (a)—I Feel Thy Breath Blow Around Me ...Rubinstein (b)—Il neige ...Bemberg (c)—Synnove's Song ...Kjerulf

USE The Want Ad Way

MANY PROMINENT MEN COME OUT FOR TANLAC

FORMER MAYOR OF BIRMINGHAM RECOMMENDS IT

Says He Now Weighs More Than Ever Before in His Life

One of the latest additions to the large and rapidly growing list of prominent men who have publicly endorsed Tanlac for the good it has done them is the name of Hon. Frank V. Evans, former mayor of Birmingham. Mr. Evans is one of the best known men in public life in Alabama today, being at one time editor of one of the South's greatest newspapers, the Birmingham Appeal-Herald. He was also a member of the Alabama House of Representatives. In telling of the benefits he had derived from Tanlac Mr. Evans said: "For years I suffered with gastritis and indigestion in the worst form. I was habitually constipated and had pains in my shoulders and headache continually. My appetite left me almost entirely. Finally I got to having awful attacks of acute indigestion, palpitation of the heart and another spell. For a long time I would have one or more of these spells every night and I would wake out of my restless sleep gasping for breath. "I bought a bottle of Tanlac, and to my surprise and gratification, I began to feel relief after the first few doses. I kept taking the medicine and now weigh more than ever before, and my recovery is simply the talk of Birmingham.

REV. A. H. SYKES MUCH GRATIFIED

Tells of the Remarkable Change in His Wife's Condition

The Rev. A. H. Sykes, pastor of the Watkins Park Presbyterian church, Nashville, Tenn., prominent not only as a minister of the gospel, but popular as a man and citizen who has been true to his friends, and every trust ever reposed in him, said recently: "For the last ten months, Mrs. Sykes has been in very delicate health suffering from bad stomach and kidney troubles, which gradually developed into general nervous prostration. At times her condition became alarming and I frequently sought medical advice, but nothing we could do for her seemed to bring relief. "In fact, she suffered so long and so much that I feel it my duty to let everyone know what this medicine has done for her. For several months her condition was such that she had to remain in bed, and as a last resort I decided to let her try Tanlac. "I am a conservative man and have always been skeptical regarding the use of proprietary medicines, but this case has certainly proven an exception, and I am now firmly convinced that Tanlac is a medicine of great power and extraordinary merit. I do not think I have seen anything to give such prompt results. Mrs. Sykes had taken only two-thirds of a bottle of this medicine when we began to notice a marked improvement in her condition. In less than a week she was able to sit up, and is today able to help with the household duties. Before she began taking Tanlac she had fearful pains in her side and suffered constantly from sour stomach and indigestion and was intensely nervous. These distressing symptoms, I am thankful to say, have entirely disappeared, and her appetite has returned and she seems to relish everything she eats. She sleeps better and is gaining strength and flesh rapidly. I think it only a question of a short time until her health is fully restored. "Tanlac has certainly proven a remarkable remedy in her case, and will do all you claim for it. I cheerfully recommend it to my friends.

JUDGE G. W. KYSER MAKES INTERESTING STATEMENT

Judge G. W. Kyser, 1204 West Ninth street, Austin, Tex., in a recent interview, made the following statement: "Tanlac is rapidly making me over into a new man, and I will always speak a good word for it when I have the opportunity. Judge Kyser, served in the Civil War with the 22nd Texas Cavalry under Col. Woods, and occupied the bench in Caldwell County for twenty years, and resigned this office to accept the appointment as commissioner of pensions under Gov. Colquhoun. After eighteen months in this high office he was compelled on account of falling health to retire from active life. He is not only one of Austin's most highly respected citizens, but is prominently known throughout the state. "I have suffered from constipation for years," continued Judge Kyser. "I had rheumatic pains all over my body, was restless and couldn't sleep at all. I had no energy and suffered frequently from headaches, and to be frank about it, I was just about played out. "But I'm feeling like a different man now, thanks to Tanlac. In fact, I'm feeling fine now and nothing has helped me but Tanlac. I am recommending it to my friends as the best medicine I have ever found to build up a weak, run-down system and to restore lost health and vigor."

PRESIDENT COTTON OIL MILL PRAISES IT

Mr. C. C. Cooper, president of the Georgia Home Cotton Oil Company, of Lawrenceville, Ga., and one of the big business men of Atlanta, said: "I suffered for seven or eight years. Not until I began taking Tanlac have I been able to notice the slightest improvement in my condition. I am greatly improved and Tanlac is unquestionably the best thing of the kind I ever tried. "Among the prominent manufacturers and business men who have endorsed Tanlac are John F. Carroll, cotton mill superintendent and leading citizen of Chattahoochee and Atlanta, Ga.; N. M. Yancy, manager of contract department, Atlanta Telephone and Telegraph Company, Atlanta, Ga.

PRESIDENT PROTESTANT HOME FOR GIRLS TALKS

Dr. W. H. Brown, 4622 Charlotte avenue, Nashville, Tenn., founder and president of the Tennessee Protestant Home for Girls, and a man whose charitable work has won for him the friendship and admiration of thousands, said: "My friends have all noticed the great improvement in me since I took Tanlac and I am boosting it every chance I get. From my own personal experience with the medicine and from what I have observed where others have been using it, I am convinced that it is the best medicine of the kind in the world. "Tanlac is sold in St. John by Ross Drug Co. and F. W. Munro under personal direction of a special Tanlac Representative.

Mayors, Judges, State and County Officials, Bankers, Lawyers, Doctors, Editors and Ministers Endorse it.

BANKERS OF THE SOUTH PRAISE IT TO THE PUBLIC

Officials of Two Well Known Financial Institutions Testify

Two of the best-known bankers in the Southern States recently on the same day in personal letters told of their remarkable experience with the use of Tanlac. Their letters follow exactly as written. The first letter quoted comes through Eli W. Goode, druggist and local agent for Tanlac at Hawkinsville, Ga., containing the statement of E. J. Henry, president of the Hawkinsville Bank and Trust Company, which is one of the best-known financial institutions in that part of the state. His letter follows, just as it was written: "Hawkinsville, Ga., March 5, 1917. "Dear Sir:—Mr. E. J. Henry, president of the Hawkinsville Bank and Trust Company, came into my store a few days ago and said: 'Eli, sell me another bottle of Tanlac.' "I said, 'Mr. Henry, what do you really think of Tanlac?' His reply was so commendable to the virtues of the medicine that I asked him if he would give me a signed statement about it. He said, 'Yes, of course, I will, and this is his statement: "Last spring I was all wrong some way or other, couldn't get right. I came to you and bought a bottle of Tanlac and began to improve. Two more bottles put me all right and I felt perfectly well. A few weeks ago I had the grippe and was beginning to get down and out again, and about a week ago I bought another bottle and have taken it and am perfectly well again. "I unhesitatingly recommended Tanlac to anyone who is sick and worn out, and I believe that if anybody will take Tanlac when they first begin to feel badly it will prevent and keep off sickness. It certainly is a great remedy. (Signed) "E. J. HENRY, President, "Hawkinsville Bank and Trust Co."

HIGH SHERIFFS NOW CONVINCED

From Widely Separated States Comes Praise For Tanlac

From four of the best-known sheriffs in the South, in widely separated states, have come enthusiastic endorsements as to the merits of Tanlac. "Tanlac has certainly helped me, and I recommend it for the good it has done in my case," said Hon. C. W. Mangum, ex-sheriff of Fulton County, Georgia, who resides in Atlanta, and who has been one of the most popular officials in the state, having served three terms as sheriff. "Tanlac seemed to be just what I needed to put my system in shape, and it has toned me right up. Naturally, I would recommend it to my friends, and I know of fifteen or twenty families that are taking it now on my say-so."

Arkansas Official Testifies

Hon. Charles L. Lewis, ex-sheriff of Crittenden County, a merchant and a large plantation owner of Marion, Ark., said: "I am convinced from the fact that my wife and myself and many of our friends have received from Tanlac that it is without an equal. "Money couldn't buy the good Tanlac has done me, and I gladly recommend it to others for what it has done in my case," said Hon. Archie R. Anderson, ex-sheriff of Harris County, Texas, who was re-elected to this high office seven times and served the people of his county for fifteen years as sheriff. Mr. Anderson was chief of police of the city of Houston, where he resided for several years, and there is not a better known man in Harris County.

Texas Sheriff's Endorsement

"I needed a general, all-around building-up for the last seven months, and Tanlac has done that very thing for me," said Hon. S. A. Kelly, who resides at Odessa, Texas, and who is one of the most popular officials in that section of the state. "I have taken only two bottles, but I feel like a different man already. My appetite is fine and what I eat gives me nourishment and strength. The rheumatism is much better and my liver is in good condition. I am relieved of the headaches and feel more active and energetic than I have in months."

PASTOR OF WESLEY MEMORIAL TESTIFIES

The Rev. W. C. Norton, pastor of the Wesley Memorial Church, 228 Estell street, Jacksonville, Fla., which large charge he has held for many years, is not only a leader in his church, but is exceedingly popular and widely recognized as a leading citizen and a man of thought and action. The Rev. Mr. Norton said: "I suffered from chronic indigestion for eight or ten years. The benefits I derived from this medicine are nothing short of wonderful, for I really feel as well now as I ever felt in my life. In short, Tanlac has simply restored my health and I feel it my duty to recommend it to my friends. "Among many other well-known ministers of the gospel who have endorsed Tanlac are the Rev. John M. Simms, Baptist minister, and the Rev. A. L. Tull, Methodist, both of Atlanta; the Rev. J. A. Wells, pastor of Oak Ridge Methodist Church, Oak Ridge, Miss.; the Rev. A. J. Vallery, Memphis, Tenn., and many others.

DR. C. A. EATON FINDS MOVEMENT OF BOLSHEVISM

Foreigners Declared to Blame—They Are Certain to Be Forestalled by Better Labor Conditions

(Mail and Empire.) Something of the extent to which Bolshevism has gained a foothold in the United States, and the means by which it will be drummed out, were told yesterday by the Rev. Charles A. Eaton, D. D., of New York, in the course of an interview. Bolshevism, according to Dr. Eaton, has gained a strong hold in the States, but is sure to be overcome in the end, chiefly owing to the great material property which is bound to come to this continent. In view of his recent services with the American government, Dr. Eaton is a very favorable position to know the real state of industrial unrest in the United States. During the war he had 200 airplanes and between six and seven thousand industrial plants under his jurisdiction. Dr. Eaton is a Canadian by birth, has been a pastor of leading Baptist churches in Toronto, Cleveland, and New York, and it was owing to the wide demand for his help on National Service that Dr. Eaton, a number of his pastoral calls of Madison Avenue Baptist church, where he had been for ten years, and gave his time to the new activity.

FEARS SPREAD OF BOLSHEVISM

Dr. C. A. Eaton Finds Movement Has Strong Hold in U. S.

It certainly is a great remedy. (Signed) "E. J. HENRY, President, "Hawkinsville Bank and Trust Co."

DR. J. T. EDWARDS PRESCRIBES TANLAC

Declares Has Never in His Life Seen Anything to Equal it

Dr. J. T. Edwards of Fayetteville, Ga., one of the best known members of the medical profession in the State of Georgia, makes a statement that will undoubtedly produce a profound impression on the country. "In my thirty years of active practice as a licensed physician in the State of Georgia," says Dr. Edwards, "I have never seen anything to equal Tanlac as a medicine to produce results. I hear people on all sides telling of the benefits they have derived from its use. "Tanlac is simply the talk of the town. I have no hesitancy in recommending the medicine, and as a matter of fact, I am prescribing it for my patients almost every day. "Only a few days ago a well known woman of Fayetteville came to me and told me about the remarkable relief her daughter had gained from the use of this medicine. She said her daughter had been coming to her for three years with what had been pronounced pellagra and that after using Tanlac for a short time she was able to be about and was on the road to recovery. "But this is only one instance. People in all walks of life in and around our little city are giving similar endorsements to the medicine. Seldom a day passes that someone does not come to me and say something about the good results they are getting from the use of Tanlac."

WORKERS IN CHEMICALS AND METALS ARE OFTEN SUBJECT TO ANAEMIA

THE breathing of poisonous chemical fumes or of the fine dust which arises from the grinding of metals is most injurious to the blood.

As a natural result the quality of the blood deteriorates and an anaemic condition is developed. Once the blood fails to supply an abundance of nourishment the nerves become exhausted and then there is weakness of the heart's action, inability of the stomach and other organs of digestion to perform their functions and general lassitude of the whole body. A complete change to open air employment is the most desirable treatment, but, unfortunately, in this day of the high cost of living, not many can afford to throw up their means of subsistence and start all over again at a new occupation. For all such there is Dr. Chase's Nerve Food as the best known means of enriching the blood and thereby nourishing and invigorating the whole human system. The appetite is sharpened, digestion is improved, the vital organs resume their natural functions and strength is restored to the weakened body. With strength comes new courage and energy, new confidence and good health.

HEALTHY MOTHERS HEALTHY BABIES

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers. "Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my household work. My baby when I used it never had any medicine do me so much good."—Mrs. FRANK MONTGOMERY, Mitchell, Ind.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound. "Illustrating the results of this policy, Dr. Eaton cited the case of one of the smaller piano factories which employed 208 men before the war, under the old

RESULTS OF BOYS' BIBLE STUDY WORK

The Juniors, the Trail Rangers, and the seniors, the Tuxis Boys, of the different city churches that have been following the Canadian standard of efficiency training at the Y. M. C. A. during the winter months, recently wrote their final examinations in the Bible study course, and the results are now received.

Each of the church groups competed for a pennant and award was made taking into consideration marks and attendance. The Trail Rangers of Stone church, whose mentor was Horace Wetmore, head the list. St. Mary's Tuxis boys come second, and St. David's Trail Rangers third. The examination papers will be forwarded to headquarters at Ottawa, and verified, and each boy making over seventy-five per cent will receive a certificate. The standing by churches was as follows: 1st, Stone church; 2nd, St. David's; 3rd, St. Andrew's; 4th, Waterloo street; 5th, St. Mary's; 6th, Queen Square; 7th, German street. Tuxis Boys' standing: 1st, St. Mary's; 2nd, Exmouth street; 3rd, St. David's; 4th, Trinity; 5th, Stone; 6th, Waterloo street; 7th, St. Luke's; 8th, St. Andrew's; 9th, German street. Men Who Dared: 1st, Richard Wetmore; 2nd, Willard Gigney; 3rd, Valletto Sealey; 4th, Allan Hunt; 5th, 6th, William McGowan; 8th, Alton Noble; 8th, 7th, Gordon Wark; 8th, 8th, Ralph Warwick; 9th, 9th, A. Gordon Corbett; 10th, Edward Shaw; 11th, Bliss Brown; 12th, Arthur Worrell.

ROYAL ARMS CHAPTER

The Royal Arms Chapter of the L. O. D. E. held its regular meeting last evening under the presidency of its vice-regent, Mrs. G. G. Corbett, as the regent, Mrs. T. H. Carter, was unavoidably absent. The secretary, Mrs. Fred Z. Fowler, read a very interesting account of the annual meeting of the provincial chapter which she had attended at the Royal Arms Chapter's representative. Plans were made for holding a rummage sale in the near future and for assisting in the Thrift Stamp campaign to be undertaken shortly. Two donations were voted at the meeting, the first of twenty dollars was in favor of the Y. M. C. A. campaign and the second fifty dollars is to be given to the soldiers' memorial to be erected in Fernhill cemetery by the chapters of the Daughters of the Empire in the city.

As a natural result the quality of the blood deteriorates and an anaemic condition is developed. Once the blood fails to supply an abundance of nourishment the nerves become exhausted and then there is weakness of the heart's action, inability of the stomach and other organs of digestion to perform their functions and general lassitude of the whole body. A complete change to open air employment is the most desirable treatment, but, unfortunately, in this day of the high cost of living, not many can afford to throw up their means of subsistence and start all over again at a new occupation. For all such there is Dr. Chase's Nerve Food as the best known means of enriching the blood and thereby nourishing and invigorating the whole human system. The appetite is sharpened, digestion is improved, the vital organs resume their natural functions and strength is restored to the weakened body. With strength comes new courage and energy, new confidence and good health.

HEALTHY MOTHERS HEALTHY BABIES

Every true mother realizes the fact that her baby's health depends upon her own, that the very vitality of her child is influenced by her own physical condition. How important it is, therefore, to guard against any derangement of the female organs, which induce general weakness, nervousness, constant fatigue and utter inability to properly care for her child. Please remember, that Lydia E. Pinkham's Vegetable Compound has brought health and strength to thousands of such mothers. "Mitchell, Ind.—"Lydia E. Pinkham's Vegetable Compound helped me so much during the time I was looking forward to the coming of my little one that I am recommending it to other expectant mothers. Before taking it, some days I suffered with neuralgia so badly that I thought I could not live, but after taking three bottles of Lydia E. Pinkham's Vegetable Compound I was entirely relieved of neuralgia. I had gained in strength and was able to go around and do all my household work. My baby when I used it never had any medicine do me so much good."—Mrs. FRANK MONTGOMERY, Mitchell, Ind.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Good health during and after maternity is a most important factor to both mother and child, and many letters have been received by the Lydia E. Pinkham Medicine Co., Lynn, Mass., telling of health restored during this trying period by the use of Lydia E. Pinkham's Vegetable Compound. "Illustrating the results of this policy, Dr. Eaton cited the case of one of the smaller piano factories which employed 208 men before the war, under the old

RESULTS OF BOYS' BIBLE STUDY WORK

The Juniors, the Trail Rangers, and the seniors, the Tuxis Boys, of the different city churches that have been following the Canadian standard of efficiency training at the Y. M. C. A. during the winter months, recently wrote their final examinations in the Bible study course, and the results are now received.

Each of the church groups competed for a pennant and award was made taking into consideration marks and attendance. The Trail Rangers of Stone church, whose mentor was Horace Wetmore, head the list. St. Mary's Tuxis boys come second, and St. David's Trail Rangers third. The examination papers will be forwarded to headquarters at Ottawa, and verified, and each boy making over seventy-five per cent will receive a certificate. The standing by churches was as follows: 1st, Stone church; 2nd, St. David's; 3rd, St. Andrew's; 4th, Waterloo street; 5th, St. Mary's; 6th, Queen Square; 7th, German street. Tuxis Boys' standing: 1st, St. Mary's; 2nd, Exmouth street; 3rd, St. David's; 4th, Trinity; 5th, Stone; 6th, Waterloo street; 7th, St. Luke's; 8th, St. Andrew's; 9th, German street. Men Who Dared: 1st, Richard Wetmore; 2nd, Willard Gigney; 3rd, Valletto Sealey; 4th, Allan Hunt; 5th, 6th, William McGowan; 8th, Alton Noble; 8th, 7th, Gordon Wark; 8th, 8th, Ralph Warwick; 9th, 9th, A. Gordon Corbett; 10th, Edward Shaw; 11th, Bliss Brown; 12th, Arthur Worrell.

ROYAL ARMS CHAPTER

The Royal Arms Chapter of the L. O. D. E. held its regular meeting last evening under the presidency of its vice-regent, Mrs. G. G. Corbett, as the regent, Mrs. T. H. Carter, was unavoidably absent. The secretary, Mrs. Fred Z. Fowler, read a very interesting account of the annual meeting of the provincial chapter which she had attended at the Royal Arms Chapter's representative. Plans were made for holding a rummage sale in the near future and for assisting in the Thrift Stamp campaign to be undertaken shortly. Two donations were voted at the meeting, the first of twenty dollars was in favor of the Y. M. C. A. campaign and the second fifty dollars is to be given to the soldiers' memorial to be erected in Fernhill cemetery by the chapters of the Daughters of the Empire in the city.

NATIONAL MOTOR TRUCKS

Canada's Standard

Every unit chosen to give dependable service under all Canadian conditions.

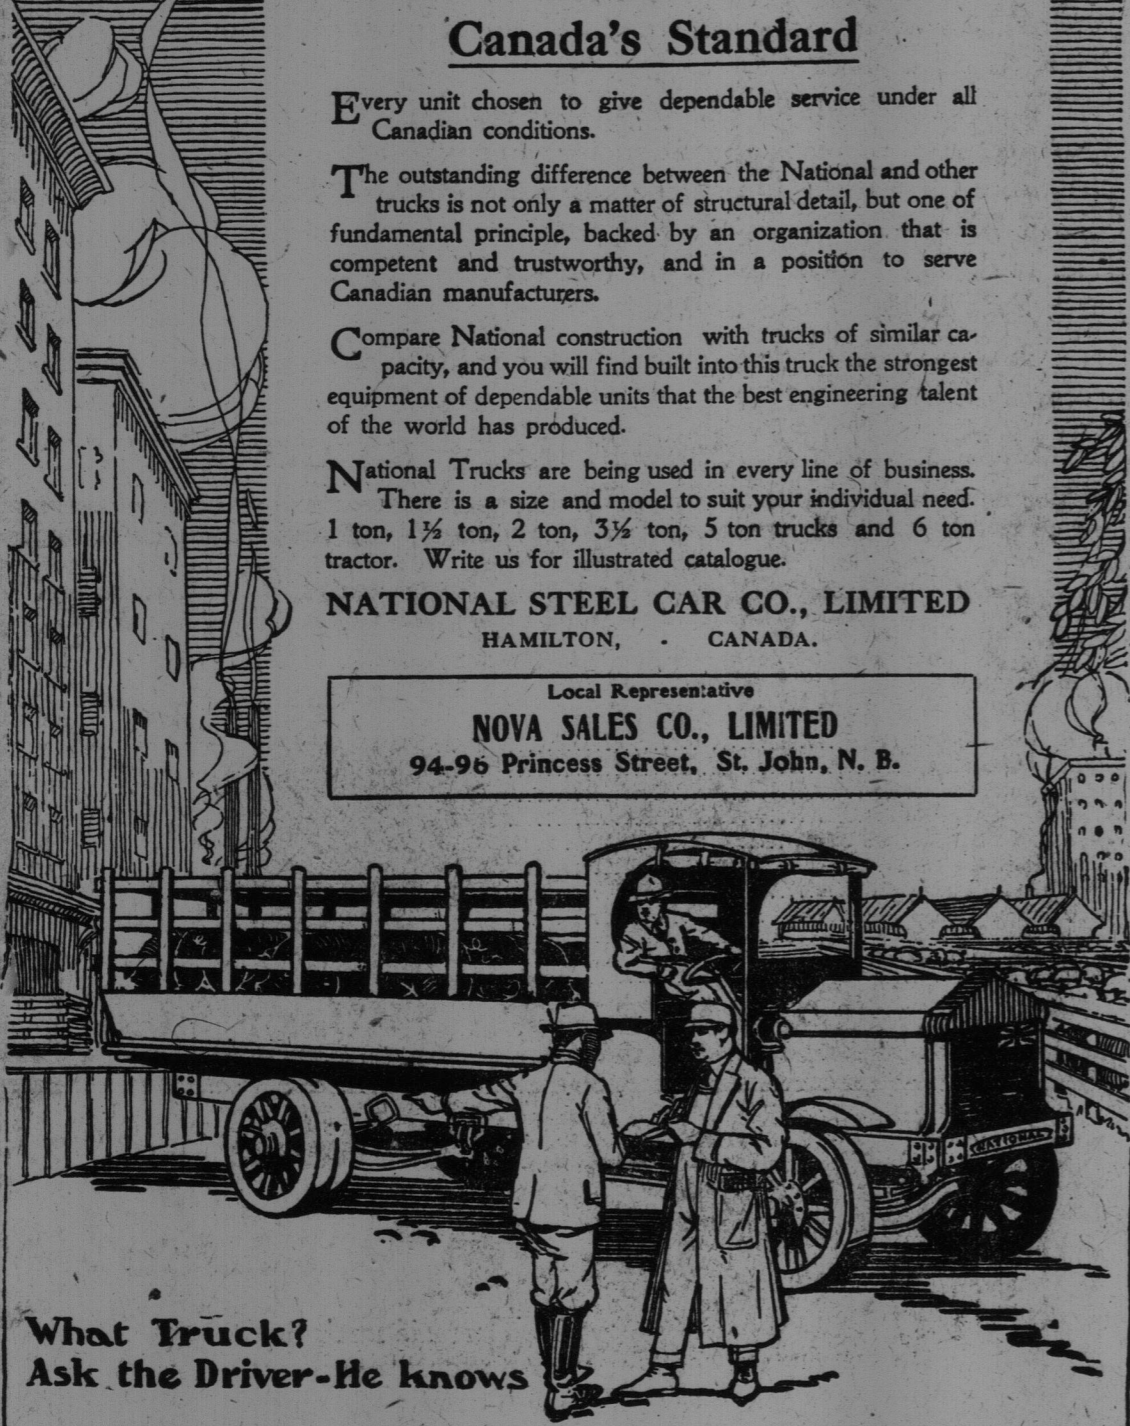

The outstanding difference between the National and other trucks is not only a matter of structural detail, but one of fundamental principle, backed by an organization that is competent and trustworthy, and in a position to serve Canadian manufacturers.

Compare National construction with trucks of similar capacity, and you will find built into this truck the strongest equipment of dependable units that the best engineering talent of the world has produced.

National Trucks are being used in every line of business. There is a size and model to suit your individual need. 1 ton, 1 1/2 ton, 2 ton, 3 1/2 ton, 5 ton trucks and 6 ton tractor. Write us for illustrated catalogue.

WORLD RECORD FOR MEAT PRODUCTION

United States Produced 20,129,800,000 Pounds in 1918, of Which Three Fourths Was Pork.

Washington, May 2—A new world's record for dressed meat production was established by the United States in 1918 when it produced 20,129,800,000 pounds. The department of agriculture announced today that never before has the live stock industry of any country produced so great a quantity of meat. Production in the United States in 1917 totaled 16,817,800,000 pounds. Three-fourths of the enormous increase was in pork and one-fourth was in beef.

The meat surplus in 1918 was so great that extra export demands made little impression on it, although 1918 export shipments of meat and lard nearly doubled the 1917 figures—rising from slightly less than 1,750,000,000 pounds to slightly more than 3,000,000,000 pounds. These figures do not include the great shipments to American military forces abroad. The aggregate 1917 consumption of dressed meat and lard in the United States was approximately 14,200,000,000 pounds, but in 1918 it rose to 17,250,000,000 pounds. This means, after allowing for increase in population, an addition of twenty-three pounds for every man, woman and child in the country—despite the food conservation campaign which in 1917 caused consumption to decline considerably. In addition the number of livestock in the country is reported to have increased.

KING'S DAUGHTERS SELECT CONVENORS

A largely attended meeting was held by The King's Daughters in the guild yesterday afternoon at which further appointments of members were made and plans discussed for many future activities. Mrs. A. P. Crockett, the president, was in the chair, and the reports submitted by the treasurer, house, spiritual and hospital committees were all very gratifying. The convenors appointed to the standing committees for the year were as follows: Hospital committee, Mrs. R. A. MacLaughlin; spiritual committee, Mrs. R. A. Corbet; house committee, Mrs. John Foster. Two representatives from each of the circles were appointed as members of each committee. Delegates to the St. John Local Council of Women were Mrs. W. J. Bingham, Mrs. D. W. Puddington, Mrs. William H. Nice, Mrs. McArthur and Miss Pratt. Mrs. Edith Stevens was chosen as a member of the executive, replacing Mrs. C. H. Peters, resigned.

It was decided to take charge of the canteen at the Red Triangle from June 9 to 16, and Mrs. Bingham was appointed convenor of the committee to take charge of arrangements.

The Oddfellows having asked for co-operation in holding a fair to raise funds for the Protestant Orphans' Home and to provide a building for use by aged or wounded Oddfellows, it was decided that The King's Daughters should offer their assistance and if agreeable to the Oddfellows take charge of the serving of afternoon tea at the fair.

Yesterday a good Maxwell — Today a Better One

More miles per gallon
More miles on tires

THAT is the policy of the Maxwell Motor Company.

It began five years ago on a single chassis plan and today 300,000 Maxwells have been built on this program.

Not 300,000 Maxwells identically alike—for that would be admitting that the car has never improved in five years' time.

More than 1000 refinements have been made in the Maxwell.

But the original chassis plan was not changed. It has simply grown better as the days went by.

The logic of building one thing and thus building it well is too clear, too sound, too emphatic in results to argue against.

Like any fine piece of machinery the Maxwell seems to improve with age.

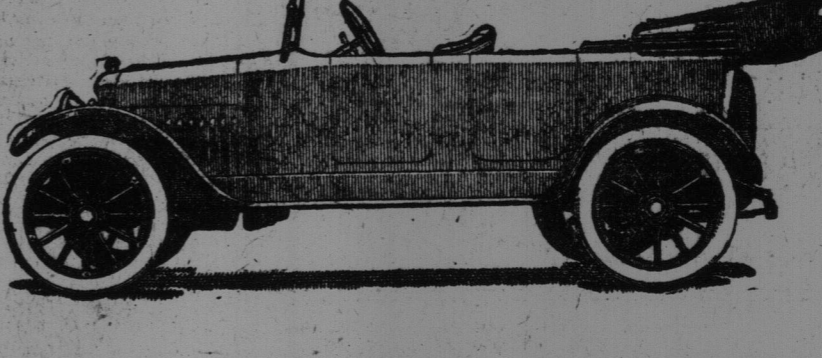

It runs on and on without end. We have never heard of a Maxwell salvaged.

There is no car with a better road ability record. And it saves many a thrifty dollar by shying at the repair shop.

This Maxwell you see today is not a new Maxwell; though many persons have thought so. It has been so much improved in appearance that our contemporaries in the trade repeatedly refer to it as the new Maxwell.

However, good looks have not in any way handicapped its running. And the latter is the main thing, after all, in a motor car.

Balanced Value

Value, as represented in Gray-Dort Motor Cars, is a union of good qualities.

Strength that means faithful service, free from trouble, yet sacrificing nothing of the *lightness* so essential to economy.

Beauty unquestionable, that yet allows for every essential of good engineering. Comfort, too, both in riding and driving.

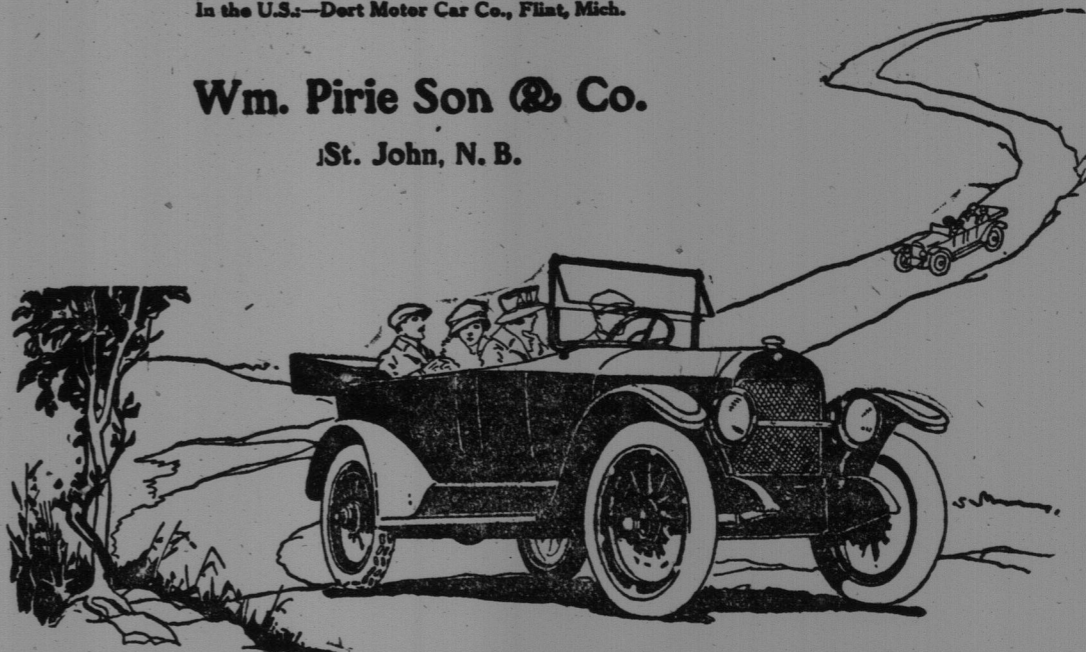

And then a price kept surprisingly low by factory efficiency and big production.

You need in your car *all* the qualities the Gray-Dort has. And probably you need nothing more. Certainly you can get nothing more without paying very much more.

The touring car is \$1245; the Gray-Dort Special—the car with added refinements and extra equipment, is \$135 extra; there are also a coupe and a sedan. All prices f.o.b. Chatham and are subject to change without notice.

Notice To Advertisers

It is important that advertisers in The Evening Times take notice that, under the prevailing conditions due to change of time on the railroads, this newspaper is obliged to issue one hour earlier than usual, in order to make mail connections and, consequently, begin work an hour earlier in the day, therefore the business office will be open from 8 a. m. to 5 p. m., (old time) and advertisers are requested to have their copy in the office one hour earlier than usual. This to ensure prompt service and change.

Fourth and Sixth On Ocean Today

St. John Battery Men On Mauretania

Cable to Mrs. Barker Announces Their Sailing Today—Likely Land at Halifax and May be Here in a Week—New For Welcoming Plans

Two units in which St. John has taken particular pride from the time of their organization and whose career throughout the war has been watched with keen interest were to sail today from England and are expected to arrive in St. John intact.

The news of their sailing was contained in a cablegram from Major L. W. Barker, commanding the fourth siege battery, received by Mrs. Barker, in which he announces, "Fourth and Sixth sailing Mauretania Saturday, third of May. The Mauretania was expected to sail today with a passenger list of 5,000 officers and men comprising the whole Canadian siege artillery. She will land the troops at Halifax and it is expected that the two New Brunswick batteries will be brought to St. John as units. As the Mauretania is the fastest boat in the world it is possible that the men will be in St. John within a week.

A royal welcome will be assured these men, particularly because of the fact that they are the first to return as units. The batteries whose departure the citizens of St. John watched with pride, notwithstanding with tears, again will march through the city streets, no longer recruits with their fighting ahead of them but battle-scarred veterans who have more than fulfilled the expectations of those who bade them farewell. The batteries will return but, although the organizations will be the same, the personnel will not. Hardly a third of the original members will be in the ranks. Many of them already have returned suffering from wounds received in France and many others have given their lives in the cause for which they fought.

The Fourth.

The Fourth was the first siege battery to be recruited in St. John. Major L. W. Barker was the first to rank in the old St. C. G. B., returned from Montreal to recruit and command the battery. As this was something new, and as the heavy guns demanded able bodied men to handle them, the battery was picked with particular care and when it was completed it formed one of the finest units which the city had produced.

The battery left St. John on March 31 and sailed from Halifax on April 1, 1916, with a total strength of 219 men. On arrival in England they were reduced to 162 and after a period of training crossed to France, where they did notable work throughout the campaign. When the armistice was signed they were sent to Mons, in Belgium, and there awaited new guns which they were to receive before proceeding into Germany. As the guns did not come they stayed in Mons until they were ordered to England a short time ago. Of the 162 men who went to France only about one-third remained with the battery when fighting ceased.

The Sixth.

The Sixth battery, which was organized here as the Seventh, followed closely after the Fourth, and, like it, maintained the standard set by the other unit. A fine body of men joined under command of Major Laurence T. Allan of this city, who had held the rank of captain in the local garrison artillery. They left St. John in May, 1916, sailing from Halifax on May 30 with a strength of 180 men. When they reached France it was to be attached to the imperial forces as Battery No. 167, but later on they were transferred again to the Canadian forces and joined the brigade commanded by Colonel Frank C. Magee at this time. When Major Allan was invalided home Captain (now Major) T. Escott Ryder of this city took command until relieved by Major Cyrus McMillan of Montreal, who continues in command. After the armistice the battery went into Germany with the army of occupation and reached the banks of the Rhine, where they were stationed until this spring.

There has been considerable friendly rivalry between these two units but there was glory enough for both and St. John and the rest of New Brunswick have learned to be proud of the men who formed these units.

It is understood that Major McKay of the 1st heavy battery and Major Roy Ring, who went over in command of No. 8 battery, will return attached to No. 6.

In accordance with the suggestions made by the citizens' committee a short time ago, business men and householders will be expected to do their best in the way of adding to the gala appearance of the city with flags and bunting and illuminations when the siege batteries arrive here next week. The welcome committee will be on hand at the station to greet the men and, if the train comes in at any reasonable hour, it is expected that there will be a crowd of record size to greet the soldiers as they leave the train.

From the station they will march to the armory and arrangements will be made to announce in advance, if possible, the route they will take so that people along the way may be prepared to cheer them as they pass. It has been suggested that officers and men from these batteries who have returned already should be given a place of honor in the procession.

BOYS IN MAJORITY

Seven births, six boys and one girl, were registered this week. Eighteen marriages were registered.

LOCAL NEWS

BURNED TODAY

The funeral of Mrs. Julia McAlary took place yesterday afternoon from her residence, 163 Victoria street. Service was conducted by Rev. Dr. David Hutchinson and, interment was made in Cedar Hill.

THIRTEEN DEATHS

The following deaths have been recorded this week—Pneumonia, three; Heart Disease, two; asthma, two; bronchopneumonia, carcinoma, of neck, cerebral hemorrhage and cerebro spinal meningitis, one each, a total of thirteen.

EMPERESS TO HALIFAX

The S. S. Empress of Britain is due in Halifax tomorrow or Monday. She has 126 officers and N. C. O.'s and 2,677 other ranks on board.

ASPHALT ON THE WAY

Commissioner Fisher has been advised that two carloads of asphalt have been shipped to the city, as the first part of his order. The order was to be filled in Montreal, but it is understood that labor troubles have made it necessary for the company to secure the first two cars from New York.

POLICE COURT

Hon. R. J. Ritchie left this morning for the Washademoak district, where he will spend the week-end, returning on Monday. There will be no police court session until Monday afternoon at two o'clock.

One man was in the police court this morning charged with drunkenness. He was fined \$2 or two months in jail and was remanded for the time being.

ANOTHER PUZZLE

In connection with the liquor and alleged false pretences case in the police court, another complication has arisen. It is said that O'Reilly represented himself to Dr. Broderick as Ryan, but at the Royal Hotel was known as Catty, and in the police court O'Hara represented himself to be Catty. As yet there is no solution to the identity of these men.

IN THE MARKET

The produce in the city market this morning was selling at the following retail rates—Beef, 25c to 50c; lamb, 30c to 40c; chickens, 75c; fowl, 60c; turkey, 75c; butter, 65c; eggs, 45c; dox., potatoes, 50c; peck; carrots, 75c; peck; parsnips, 75c; peck; celery, 25c; head; lettuce, 10c; bunch; tomatoes, 40c; lb.; strawberries, 30c; box. There is a fairly good market for this time of year.

PENDER'S ANNUAL MEETING

The annual meeting of James Pender & Co., Ltd., was held here on Wednesday, when the former board of directors was elected for the coming year. Officers were elected as follows—President, Hector, McInnes, K.C., of Halifax; vice-president, Dr. A. P. Barnhill, K.C.; secretary, C. W. Earle; superintendent, William L. Knoll.

NOW FOR TROUT

The trout fishing season opened on May 1. The streams this year are not very much swollen, owing to the scarcity of snow, so that the anglers will have their full blast, almost from the start, although recent rains have made the banks of the streams treacherous. An occasional slide into a stream, however, will not discourage enthusiastic fishermen.

MRS. WALTER JONES

The death of Mrs. Walter Jones of 115 Sheffield street, occurred at her home yesterday afternoon at four o'clock. She had been ill for some time. She leaves to mourn their sad loss her husband, four sons—Alfred, Walter and Louis of St. John and William of Amherst and two daughters, Mrs. F. Kennedy and Miss Ada, both of St. John; also, six grandchildren. The funeral will take place on Monday afternoon at three o'clock.

MAJOR KNOX TO BE IN CHARGE

The office of the assistant director of supply and transport at local military headquarters will be taken over by Major Robert Knox, who was formerly in charge of the office. Major K. H. McCrimmon, full S. O., the present A. D. of S. and T., will remain in the city for a few days pending over his duties to Major Knox, when Major and Mrs. McCrimmon will leave for their home in Toronto, where the major will resume civil life. Major Knox is at present officer commanding the Canadian permanent army service corps in Halifax. Mrs. Knox will join her husband in a few days. Their many friends in this city will be pleased to hear of their return.

A MILITARY MATTER

It is reported that a court-martial was held today in connection with some trouble which occurred at the armories some time ago. The report states that letters published in a local paper a few weeks ago fell into the hands of some of the members of the Canadian Garrison Regiment, who at the time were under the influence of lemon extract. The letter alleged conditions at the armory to be unfavorable to the men, and as they were at that time in an excited condition on account of being under the influence of the lemon extract, some held an indignation meeting and they decided they would not stand for the alleged treatment. Considerable commotion was caused, and some property was destroyed. The report says the ringleaders were arrested and the trouble stopped. There has been no news since, and it is said there really were no grounds for complaints by the men.

IN WALL STREET

New York, May 2—Steels and equipments were the strongest features at the opening of today's stock market, rails and oils making more moderate gains. Shippings varied slightly with metals.

IMPORTANT SALE OF Wool Dress Serges

We offer on Monday, May 5, several hundred yards of extra quality, firmly woven and good weight Dress Serge at the wonderfully low Price, \$1.43 a yard.

Furniture That Marks A New Era in Home-Making

An era of beautiful homes, comfortable homes, inviting homes, tastefully furnished at moderate cost—for such is the tendency of the times. The fact that so many of our men are returning home after years' separation seems to have brought home nearer and dearer to all. The very word "Home" has been sanctified, and the prevailing desire is to have all that the word stands for, beautiful.

Here will be found furniture that marks a new era in home-making, for the line offers in greater variety than ever before those things which transform houses into homes—furniture of fine design and sound construction—at prices within the reach of everyone. The best adaptations and creations of Canadian designers and artisans await your selection here and, in quality and cost, the advantages to you are incomparable.

Sunday Morning With Dr. Campbell Morgan

(British Weekly Special)
March came to London with warm sunshines, and the air was full of promise.
"New old winter, in his weakness, Draws far back to stormy hills."
In his February message to men in the forces, Dr. Campbell Morgan wrote: "I have preached now twenty-four Sundays at 'H.Q.' Of these twenty have been wet. I am inclined to talk about 'H.Q.' weather. I hear that some people there are talking about 'Campbell Morgan weather.' It ain't dropping gently between ten and eleven on Sunday morning, but as worshippers entered the stately 'Quadrant' a beam struck across the aisles. In Highbury New Park I found two riders asking the way to the church. 'Campbell Morgan, you know,' they said to a girl who was crossing the road to a Church of England service, and she answered smilingly, "second to the left."
One of the pleasantest sights of these days is the return of men to worship. I do not mean soldiers only. Special constables, munition workers, government officials are no longer worn out by Saturday evening, needing imperatively a day in bed. Dr. Morgan's hearers include a large proportion of men between the ages of twenty and sixty. A young officer in uniform stepped out of our pew to carry round the offertory dish. On my right were a soldier and a girl with the V. A. D. badge on her shoulder. The church was full, except in some of its upper nooks and crannies. Dr. Morgan, who was about to start on Monday for a campaign in Edinburgh, Dundee and Glasgow, on behalf of South American missions, was in splendid form. He rode with feeling, on the eve of that great chapter, the 8th of Zechariah, and his text was chosen from verse 6: "The streets of the city shall be full of boys and girls playing in the streets thereof."
In his deep and wise familiarity with Old Testament scriptures, he is growing like Dr. Parker. The text was described as "his flash."
"I am not going to preach about the London county council election," said Dr. Morgan, "but we are all thinking about it, or at least we all ought to be."
The City of God.
"Ever and anon these old Hebrew seers, from some point of vision, caught glimpses of coming glory, heard some tones of the harmony of the final music. The city they saw was the city of God, established upon earth. . . . We have here a most astonishing text. Perhaps some of my hearers may almost regard it with suspicion." Dr. Morgan told of a young lad who had joined the church, and who, in sheer exuberance

separation at school is, he thinks, radically wrong. In a charming passage he imagined the games which the children will play when peace is restored. The blacksmith's game will be the chief, for they will be watching eagerly while their elders 'beat their swords into plough-shares and their spears into pruning-hooks.'
Something has been done already to make the young lives happy. "Thank God, no sleepy-headed, curly-headed laddie is dragged from his bed at 5 a. m. and sent to labor in the pit!"
II.—New Civic Conditions
If children are to play in the streets, the streets must be fit for them, and they must be fit for the streets.
That illumines the whole municipal conception. The little child becomes the test of our public life. There must be nothing in our streets which can harm him physically, mentally or spiritually. The dragger, the atmosphere and the smoke of it, traffic and the control of it, must all be regulated in the interest of the bairn. The old people will be all right when that is done. It was the fashion at one time to sneer at 'grandmotherly legislation.' God give us a great deal more of it!
The streets must be emptied of impure literature, evil placards and unholy pictures—every influence which can corrupt the growing mind. "Christianity is not the soft and mealy thing that some imagine. It is a hurricane, a strong rage against everything that hurts the child. Christianity should sweep like a storm through London, driving out everything that harms the bairn. . . . Remember, too, that the home life must be Christian if the streets are to be fit for children's play."
Dr. Morgan closed with three verses from Longfellow's poem, "Children."
"Come to me, O ye children! For I hear you at your play, And the questions that perplexed me Have vanished quite away.
"Ye open the eastern windows, That look towards the sun; Where thoughts are singing swallows And the brooks of morning run.
"Ye are better than all the ballads That ever were sung or said, For ye are living poems, And all the rest are dead."
Returning from the Quadrant, I saw children playing happily in Clissold Park and on the emerald lawns of Newington Green. Something has been done already, though the slums of Hoxton call for sterner treatment. I looked up just one commentary on reaching home. It was Sir George Adam Smith's interpretation of the text, which is in full harmony with Dr. Morgan's imaginative and original sermon. "What an oracle for these times of ours!" writes the Principal. "Whether in the large cities of the old world, where so few of the workers may hope for a quiet old age, sitting in the sun, and the children's days of play are shortened by premature toil and knowledge of evil; or in the newest fringes of the new world, where men's hardness and coarseness are, in the

Pioneer Days At St. John Events of 150 Years Ago

(Written by Ven. Archdeacon Raymond and Dedicated To St. John Board of Trade)

We come then to speak of the local events that marked the summer of 150 years ago and speak of 1.—The Building of the First Ship, and Her Launching. In outlining his plans for the opening season, James Simonds writes to his partners, Hazen and Jarvis, under date March 6, 1769, "We shall continue drawing or dragging wood and stone as long as the ground is frozen, and then cut the timber for a schooner, and boat stone for a line kiln, which with the wharf will take 400 tons. As Hodge is here out of vessel of sixty-four tons and if we find the anchor that was lost shall have two suitable anchors."

These two episodes may be considered together and in the light of later history. The little wharf and the warehouse were not very imposing. Perhaps the board of trade can tell us how much the port of St. John has expended in building wharves and warehouses since then—to say nothing of breakwaters, beacons, piers and dry docks. Four hundred tons of stone would not go far in wharf-building today, though it seems to have sufficed for the first wharf.

The first warehouse was rather an insignificant structure and was built chiefly on account of the line industry, for, as James Simonds justly observes in his letter to Hazen and Jarvis, "Dispatch in shipping line can never be looked for without a warehouse to have it ready when any vessel arrives." At this time the company had four line kilns. The

price as better than he had expected. Three years later Jonathan Leavitt and his brother-in-law, Samuel Peabody, built the schooner "Menagashie" at the Upper Cove, now the Market Slip. They looked and talked of moving to some place with a larger population and better prospects. James White encouraged them to remain—"Don't be discouraged, boys," he said. "Keep up a good heart. Why ships will come here from England yet."

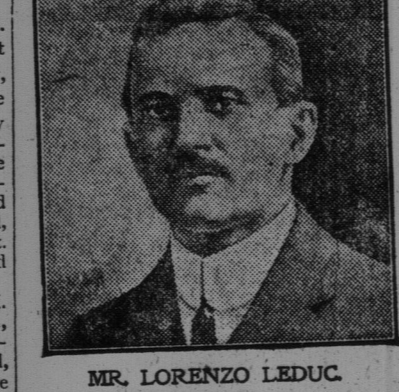

This incident was told by Moses H. Perley in his inimitable fashion in 1844, in a lecture in the old Mechanics' Institute, which was in those days, as usual, crowded to the doors. As he uttered the words "Why ships will come here from England yet," he beamed upon his audience, looked into all parts of the house, whilst the people hung breathless upon his words, then turned and said to the chairman in his naive fashion, "And, Sir,—they've come!" The effect was electric, and the audience cheered wildly. An opportunity was lost, for no one was quick-witted enough to start "Rule Britannia." These little things should be rehearsed, ladies and gentlemen!

These two episodes may be considered together and in the light of later history. The little wharf and the warehouse were not very imposing. Perhaps the board of trade can tell us how much the port of St. John has expended in building wharves and warehouses since then—to say nothing of breakwaters, beacons, piers and dry docks. Four hundred tons of stone would not go far in wharf-building today, though it seems to have sufficed for the first wharf.

The first warehouse was rather an insignificant structure and was built chiefly on account of the line industry, for, as James Simonds justly observes in his letter to Hazen and Jarvis, "Dispatch in shipping line can never be looked for without a warehouse to have it ready when any vessel arrives." At this time the company had four line kilns. The price as better than he had expected. Three years later Jonathan Leavitt and his brother-in-law, Samuel Peabody, built the schooner "Menagashie" at the Upper Cove, now the Market Slip. They looked and talked of moving to some place with a larger population and better prospects. James White encouraged them to remain—"Don't be discouraged, boys," he said. "Keep up a good heart. Why ships will come here from England yet."

BEDRIDDEN WITH RHEUMATISM

Felt That He Would Never Walk Again "FRUIT-A-TIVES" Brought Relief.

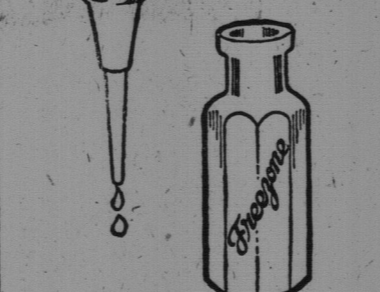

MR. LORENZO LEDUC. 8 Ottawa St., Hull, P. Q. "Fruit-a-tives" is certainly a wonder! For a year I suffered with Rheumatism; being forced to stay in bed for five months. I tried all kinds of medicine but without getting better, and thought I would never be able to walk again. "One day while lying in bed, I read about 'Fruit-a-tives,' the great fruit medicine; and it seemed just what I needed, so I decided to try it. "The first box helped me, and I took the tablets regularly until every trace of the Rheumatism left me. "I have every confidence in 'Fruit-a-tives' and strongly recommend them to every sufferer from Rheumatism. LORENZO LEDUC. 80c. a box, 6 for \$2.50, trial size 25c. At all dealers or sent postpaid on receipt of price by Fruit-a-tives Limited, Ottawa, Ont.

YOU'LL LAUGH! CORNS LIFT OFF

Doesn't hurt at all and costs only few cents

Magic! Just drop a little Frezzone on that tough corn, instantly stops aching, then you lift the corn off with the fingers.

Try Frezzone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Frezzone is the discovery of a noted Cincinnati genius.

and abodeaux and improving marsh lands." "Well," said the president, "I think the board had better adjourn and get busy."

And so it came to pass in the summer of 1769 that Simonds and White had a motley crew encamped around their trading post at Portland Point. The Indians were there from Passamaquoddy, also a contingent of young farmers from up the river; the company's laborers and workmen, too, were huddled there, and the Acadians from French Village. We can seem to hear old James Simonds saying to his junior partner, "We own about all the land around here, except that bit of a peninsula to the south, which the Indians call Menagashie. We applied for that but the government has reserved it. It is so rocky that we think it is hardly worth paying the quit rent, although the rate is only one shilling sterling per annum for every fifty acres—or half a cent an acre. Our property would be a great deal more valuable if the land was cleared up, and if so much of it was not overflooded by the tide."

So I thought, James Simonds, and so agreed James White, and they proceeded to begin their improvements. The Acadians had exhausted their credit and money, thought James Simonds, and so agreed James White, and they proceeded to begin their improvements. The Acadians had exhausted their credit and money, thought James Simonds, and so agreed James White, and they proceeded to begin their improvements.

of his larger share in the partnership, we must instal Mr. Simonds as the president of the board, or "James the Great," and considered the junior partner to be "James The Less." The personal was undoubtedly limited, but opportunities of meeting were unlimited. There were no lodges, clubs, societies, or even churches to hinder their meeting on any day or at any hour. There was not even a reading club, for an inventory of effects taken at this date shows that the only books on sale were almanacs, psalters, spelling-books and primers. Mr. Simonds owned a Bible, and a Prayer Book; Mr. White a Bible, Watts' Psalms and Hymns and a copy of "Roderick Random," that has been sent him from Boston by Samuel Blodgett, and which he did not consider of much account, though in Blodgett's opinion it was "a weaver's bible."

How Sallow Skin Can Be Changed To Rosy Complexion

Every woman with pale cheeks and poor complexion needs medicine—needs a potent tonic to regulate her system. Dr. Hamilton's Pills are the best. They give new life and vitality to the whole system—where there is a remedy like Dr. Hamilton's Pills enable you to get what you like—your correct complexion—make nourishing blood—infuse force and vim into the system and give you the morning freshness, strong, vigorous, ready for the day's work.

Dr. Hamilton's Pills are made from simple herbs and are the most powerful remedy for Biliousness, indigestion, constipation, bilious headache, and all kinds of ailments. At most stores, 25c. a bottle; Family size, 50c. times as large. The Bradley Drug Company, Limited, St. John, N.B.

Conserve Your Health

Dr. Wilson's HERBINE BITTERS will quickly relieve pain in the back, take away the burning in bladder, restore healthy action to the kidneys, and make a tired, worn-out, pain-plagued man feel as if he had been born anew. Dr. Wilson's Herbine Bitters are made from simple herbs and are the most powerful remedy for Biliousness, indigestion, constipation, bilious headache, and all kinds of ailments. At most stores, 25c. a bottle; Family size, 50c. times as large. The Bradley Drug Company, Limited, St. John, N.B.

Famous Wash Heals Skin

D. D. D., the greatest of skin remedies, will remove those skin afflictions that have made your life a burden. That intolerable itching, burning and discomfort will disappear under the magic of this remedy. Hundreds testify it has cured cases pronounced incurable. We guarantee the first bottle to bring you relief. Try D. D. D. E. Clinton Brown, druggist, St. John.

Constipation, health's worst enemy, can be easily conquered with "RIGA" Purgative Water, which acts mildly, yet surely, without causing colic, cramps or weakness. ON SALE EVERYWHERE. TRY IT TODAY. NATIONAL DRUG & CHEMICAL CO. OF CANADA LIMITED, St. John and Halifax.

only survived all the contemporaries who came with him to St. John, but he outlived every member of the first New Brunswick legislature, together with Governor Carleton and all his council, all the judges of the first branch of the supreme court, every member of the first provincial government and every official appointed by the crown at the first organization of the province. He died in 1830 in the house he had built at Portland Point, at the patriarchal age of 62 years. END.

HAIR-CUT HALF DOLLAR IN ONTARIO HEREAFTER. And Barbers Demand Removal of Order Preventing Free Speech. Guelph, May 3.—At the fourth annual convention of the Ontario Federation of Barbers resolutions were passed to combine the offices of secretary and treasurer; to appoint a general organizer in Canada; for a uniform closing hour in the province of seven o'clock; uniform minimum price for hair cutting of fifty cents; for a law compelling every barber in Ontario to be licensed, and for the abolition of the order in council preventing free speech. The convention was also unanimously opposed to the one big union idea, as it was considered simply I. W. W. propaganda. A minimum sick benefit of \$7 a week was favored. WOMAN ESSAYS FLIGHT; NEARLY LOSES LIFE. Airplane in Rearing Collides With An Automobile at Saskatoon. Saskatoon, Sask., May 3.—Mrs. Love was the first lady passenger to go up in an airplane owned by Lieut. McLeod, but unfortunately her flight was of very short duration and nearly ended in death. Motor cars surrounding the starting point were so close that the aviator failed to go over clear, and collided with the top of the car and smashing the propeller and wings of the airplane. Fortunately, no one was hurt, except a severe shaking up. SMOKE MACDONALD'S INDEX

Every Blemish Removed IN TEN DAYS

Get the Beauty Methods of This Beautiful Woman. I Will Tell Every Reader of This Paper How—FREE. I only ask that you write me first. Send no money. All confidential. No one else will know. Then to you, and your reader of this paper, I'll give full details of my wonderful and astonishing treatment. No obligations. No risk. You be the sole judge. I offer this fairly and truthfully—FREE to you. My great complexion beauty marvel has instantly produced a sensation. You can try it without risk and prove all I say—all that thousands of others say who know the results. Stubborn cases have been cured that baffled physicians and beauty specialists for years. Save the surface and you save all! Paint & Varnish. The Message of Home Preservation and Building Protection. Every surface within and without your home needs the protection which Paint and Varnish alone can give. Wear, decay, rust, start from the surface. Protect the surface and you protect all. MARTIN-SENOUR PAINTS AND VARNISHES are the most effective material protectors you can use for every surface—wood, iron, steel, stucco, cement. When you choose a Martin-Senour product, you are sure of getting the paint or varnish best suited to your purpose. Because of its high quality and superior durability, it will prove the most economical for you to use.

A SLUGGISH LIVER CAUSED SEVERE HEADACHES

The duty of the liver is to prepare and secrete bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Healthy bile in sufficient quantity is Nature's provision to secure regular action of the bowels, and when the liver is sluggish it is not working properly, and does not manufacture enough bile to thoroughly act on the bowels and carry off the waste products from the system, hence the bowels become clogged up, the bile gets into the blood, constipation sets in, followed by sick and bilious headaches, coated tongue, bad breath, heartburn, water brash, bad taste in the mouth in the morning, jaundice, floating specks before the eyes, etc.

Mrs. Dian Clark, Myer's Cave, Ont., writes: "I take pleasure in writing you concerning the good I have received by using Milburn's Laxa-Liver Pills for a sluggish liver. When my liver got bad I would have severe headaches, but I got better after I had used a couple of vials of your pills."

Milburn's Laxa-Liver Pills gently unlock the secretion, clear away all waste and effete matter by acting directly on the liver, and make the bile pass through the bowels instead of allowing it to get into the blood.

Milburn's Laxa-Liver Pills are 50c. a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Y. M. C. A. BOYS SUPPER

The junior business boys of the Y. M. C. A. brought a very pleasant and helpful year's course of meetings to a happy close last evening when they met for their annual supper and entertainment in the building last night. Supper was served at 6.30 under the supervision of B. D. Robertson, the assistant boys' work secretary, and a special motion picture show was then put on under the management of Roy Gould of the Red Triangle. The boys had a very good time and during the vacation period will be looking forward to the commencement of the fortnightly meetings once more.

He Couldn't Play Because he might spoil his clothes—

Boys' clothes are expensive these days—but isn't it a shame that any boy should be deprived of healthy enjoyment because "he might spoil his clothes"? The problem is solved for boys whose mothers dress them in knickerbockers and BALLANTYNE BOYS' JERSEYS. Guaranteed All-Wool.

They can play to their hearts' content. These jerseys are made to withstand the hardest wear—at school or at play—and they always look well. The name "Ballantyne" guarantees that the materials used and the workmanship are of the highest quality. Buy a jersey for your boy, and ask for Ballantyne's. At your Dealer's. Follow and fashion—style. R. M. Ballantyne, Limited STRATFORD, ONT.

Challenge Cleanable Collars

LEARN NURSING RIGHT AT HOME

You do not need to leave home and attend an expensive college and hospital course to become a nurse. Sound practical knowledge of nursing can be gained by home study under the right direction. Our system enables you to qualify in a short period for a well paid profession, paying \$15 to \$30 a week. Write us for particulars. ROYAL COLLEGE OF SCIENCE Dept. 20, Toronto, Canada.

SEVENTY PERSONS ARE KILLED IN EARTHQUAKE

Five Hundred Injured in San Salvador—Shock Felt Yesterday in California.

San Salvador, May 2—Seventy persons were killed and more than 500 persons were injured as a result of the earthquake on April 28. The damage was extensive in this city and nearby towns to which the earth shocks were confined. Quake in California.

Reading, Cal., May 2—An earthquake of fifteen seconds' duration was felt here early today, and also at Anderson (Cal.). No damage was reported.

No disturbance at Mount Lassen was noticeable today, although an eruption occurred early last night. This was the one hundred and forty-seventh eruption since the volcano showed signs of renewed activity.

DIED AT BAKU.

A telegram was received by Joshua Polley of Stephen, announcing the death of his son, Frank Polley, at Baku, on the Caspian Sea, death being due to typhus fever. The young man had followed the sea since he was a boy and was in Alaska when the war broke out. He enlisted in a British Columbia regiment and he saw much service in the eastern theatre. He leaves his parents, two sisters and one brother.

ENGAGEMENT ANNOUNCED.

Mr. and Mrs. S. Willis, 305 Rockland road, announce the engagement of their daughter, Maude D., to E. Arthur Coop of Albany, New York, the wedding to take place early in June.

RESTORING FRENCH WELLS.

Authorities Have Cleaned More Than 400 Defiled by the Germans.

Paris, May 2—Restoration work being carried out in the devastated regions of Northern France has included so far the cleaning out of more than 400 wells which had been rendered unusable, it was announced by M. Lebrun, Minister of the Liberated Regions, in an address delivered at the Inter-Allied Social Hygiene Congress.

"We hope that before the summer is over," he said, "all the liberated villages of France will be provided with the necessary amount of drinking water. The municipalities of a great many towns and boroughs are already engaged in reconstruction work, adhering strictly to the rules of hygiene. The work includes the laying of water mains and drainage pipes and the clearing out of open spaces, gardens, etc."

We are also trying to contract for public buildings, such as schools, markets, etc., in conformity with regional types of construction, while with regard to dwelling houses we are placing at the disposal of the inhabitants the plans of model houses which may prove useful in the reconstruction of their ruined homes. The distribution of 10,000 of these plans has begun. In addition, measures are to be taken to maintain the houses in a sanitary condition."

M. Lebrun said that every effort was being made to give the population of the devastated regions all it required in the way of help. With private assistance, cantons have been organized to feed the needy and centres created for the assistance of the sick. Measures to prevent the coming generation suffering the consequences of the privations they had to endure during the war the minister added, included furnishing every child with a card for sanitary records. Such of the little ones as are found upon examination to be in a condition sufficiently serious to warrant such a step will be taken to the seaside, the mountains, or other parts of the country for treatment and recuperation.

PROF. JAMES CAPPON OF QUEEN'S TO RETIRE.

Kingston, May 2—Prof. James Cappon, dean of the faculty of arts in Queen's University, is to retire on Sept. 1 next, after thirty-one years' service in that institution. Dean Cappon feels that the condition of his health will not permit him to continue longer in performing the duties devolving upon him. His retirement is greatly regretted, for he has been one of the "big men" at Queen's.

Dean Cappon and Professor Watson are the only members in the arts staff of the eighties who are still in office. The former is one of the greatest living authorities on English literature, and the latter is equally famous in philosophy. A successor to the dean has not yet been secured.

Red Triangle campaign, Tuesday, May 6. Help to cheer the boys. Give generously.

SMOKE MACDONALD'S INDEX

CONVICTED SECOND TIME FOR MURDER OF GIRL

St. Albans, Vt., May 2—Robert Warm, a former soldier, was convicted for the second time today of manslaughter in connection with the death of Jennie Hemmingway, aged fourteen, in August, 1917. The jury was out eighteen hours. He was convicted first in September, 1917, and sentenced to a term of ten to fourteen years in state's prison, but a re-trial was ordered on the ground of misconduct of a juror. The second trial lasted nine days. Sentence was deferred to permit counsel for the defence to file a motion for arrest of judgment.

GIVEN EIGHT-HOUR DAY.

The employees of the St. Croix Soap Manufacturing Co. Ltd., St. Stephen, commencing on Monday, will work eight hours a day, from 8 to 12 and from 1 to 5, with a half-holiday on Saturdays. This is in accordance with instructions from Lord Leverhulme, head of the Lever Brothers Company, the big British soap makers who now control the St. Stephen industry.

Red Triangle campaign, Tuesday, May 6. Your contribution will help the boys return in good spirits.

Why Italy Defied America's Peace Ideals With rare foresight more than two years ago a German newspaper, the Bremen Weser Zeitung, named the Adriatic question as "the surest source of future discord within the ranks of the present Allies." Its prophecy was vindicated in startling fashion on April 23d, when President Wilson gave to the world his reasons for opposing Italy's claims to the Adriatic port of Fiume, and Premier Orlando, protesting that the President's statement "ruins everything," quit the Peace Conference. The leading article in THE LITERARY DIGEST this week makes clear all the points in this latest development. It shows what Italy is striving for, who is opposing her and why; it explains the positions of Lloyd-George, Clemenceau, and President Wilson; it presents all shades of public opinion in the countries concerned. Other striking articles in this big, interesting number of "The Digest" are: **The New Danger of a Russo-German Alliance** What May Happen if the Associated Powers Fail to Deal Successfully With Russia **Our Pledge to Aid France** Korea's Struggle For Independence Plain Speech From Salvador One Uncrippled Industry in Belgium Learning to Do Without Eyes Explosion-proof Gasoline Tanks Literature in Modern Italy War-Work of the Knights of Columbus Syrians in the United States Personal Glimpses of Men and Events Many Interesting Illustrations, Including Humorous Cartoons **Uncle Sam as a "Mandatory" Ruler** How to Keep Our Ships on the Ocean Germany Begging For Her Colonies Airplane Engines For Autos Coal and Oil Wedded in a New Fuel Brangwyn as a Poster Artist Why Tragedy no Longer Struts The Bishop of Oxford's Despair of the League Best of the Current Poetry News of Finance and Commerce **Pathe, Famous Film Company, Cooperates With "The Digest"** On and after May 4th, the famous Pathe Exchange, Inc., with its ramifications extending into every section of the world, will co-operate with THE LITERARY DIGEST to show "The Literary Digest Topics of the Day" film in the many B. F. Keith vaudeville theatres and in the foremost motion picture houses. This feature has already found its way into hundreds of representative theatres and its popularity can best be judged by the fact that it has retained a prominent place in each week's program for many months past. A running fire of laughter and applause is created by the entertainment, which consists of witty and satirical comments on men and events and "punch" paragraphs dealing with political, social, and other foibles of the hour, selected by "The Digest" from the press of the world. The Pathe organization will be the medium through which it will be shown on the screen to millions of men and women who have not yet enjoyed it. **May 3d Number on Sale Today—All News-dealers—10 Cents** **The Literary Digest** **FUNK & WAGNALLS COMPANY** (Publishers of the Famous NEW Standard Dictionary), NEW YORK

WANT A UNIFORM BANKRUPTCY LAW
That there are strong indications of Canada having a new, uniform bankruptcy act soon is the belief of Rupert W. Wigmore, M. P. Yesterday R. E. Armstrong, secretary of the board of trade, received a communication from Mr. Wigmore to this effect. The board of trade here, with boards of trade, chambers of commerce and other commercial bodies elsewhere, have been urging the members of parliament to support the bankruptcy act now before the house of commons. The act is classed as an important reform measure which has been long needed in Canada. At this time there is no uniform bankruptcy law, each province having separate statutes, some of which have been out of harmony with up-to-date business methods, so business men maintain.
The proposed general law was proposed by the Credit Men's Association of Canada. The United States has a uniform bankruptcy law which provides that all bankrupts must file petitions in the United States district courts, later filing the schedules of assets and liabilities. The court appoints a receiver to take charge of the bankrupt's affairs and the opportunities for fraud are minimized. It is expected some of these provisions will be adopted in Canada.

BURTON WORTH, FORMER ST. JOHN MAN, DROWNED
Word has been received that Burton Worth, formerly of St. John, was drowned recently in the Dead River at Ledge Falls, near Eastace, in the wilds of northern Maine. Worth was employed by A. B. Sargent, of Farmington (Me.), as a river driver. He with a crew of men was sliding logs through a dam. He slipped and fell into a strong current, in which he struggled helplessly. He was swept away and drowned before his fellow workmen could go to his aid. The gates of the dam were closed soon after the accident, and workmen rushed below the dam to search for the body, but when the last word was received from the remote district his body had not been found.
Worth was twenty-six years old, and served in the Canadian army. After his discharge he went to Maine, and resumed his former employment as a lumber driver and mill hand.

PROFITERS IN COAL JOLTED IN STATEMENT BY U. S. FUEL BOARD
Washington, D. C., May 2.—Formal denial was made by the fuel administration yesterday of the explanation offered by Long Island coal dealers as to why it was impossible for them to reduce their prices.
The claim made by the Long Island dealers that they could not reduce their prices, which are \$9 a ton above what they were last year, because the fuel administration has fixed the price, is denied absolutely.
"All rules relative to the price of coal,"

was the statement made at the fuel administration, "were abrogated last February. There is absolutely no rule prevailing now and dealers may fix the price as they see fit. The claim that any dealers are unable to lower their prices because of an order of the fuel administration, is absolutely without foundation."
The statement was made in response to complaints from Long Island consumers that they were paying prices they regarded as too high and that the dealers had asserted a readiness to reduce the prices if the fuel administration would only allow them to do so.

MINNEAPOLIS TRIES FOR THE BIG STRUGGLE
Minneapolis, Minn., May 2.—Mike Collins, a boxing promoter, today telegraphed Tex Rickard an offer of \$125,000 for permission to promote the Willard-Dempsey fight proposed for July 4. Collins announced he had received \$100,000 backing in Minneapolis and that the fighters would be brought here for a ten round contest if Rickard accepts the proposition.

USE The Want Ad Way

The HOT SPOT Chalmers is the One Car of the Day
THE great Canadian public, never fooled for long, is beginning to realize that Chalmers is one of the few great cars of the world. Sales are climbing fast. From coast to coast the movement is toward Chalmers.
Today this car is on a production basis at the factory that Chalmers executives little expected to occur even in July.
Why is this?
The answer is "Hot Spot." For this simple but really magnificent device does a trick in the use of gas that is almost beyond belief.
It "smashes up" raw gas, "pulverizes" it, makes it "fine as dust," so that you can get every last bit of power out of gas.
Then the great Ram's-horn rushes it gently but quickly through "easy air bends" to the cylinders, and what is the result?
Not only high power from a low-grade gas, but an even, soft flow of power that rests your nerves, saves your tires, and gives you a new and rare delight in driving.
Please don't miss this present day Chalmers. It's the one car of the day.

Hear Anna Case's Glorious Voice in Your Home
Those privileged to attend last night's recital by Miss Anna Case at the Imperial Theatre listened to what may well be regarded as the most wonderful lyric soprano voice this side of the Atlantic. TO YOU BELONGS THAT SAME PRIVILEGE; you can actually enjoy Miss Case's exquisite voice in your own home, or in the Edison Room at our store, a privilege made possible by Edison's new art, MUSIC'S RE-CREATION which enables you to hear the performances of the world's greatest singers and instrumentalists, just as well as though the performers stood before you in the flesh, by means of THE NEW EDISON—"The Phonograph with a Soul."
ONLY ON THE NEW EDISON can you hear Miss Case's voice—hear it in all its marvellous sweetness, its warmth and tenderness—ACTUALLY RE-CREATED.
ANNA CASE stands very high among great artists whose voices are RE-CREATED by Thomas A. Edison's new art—Music's RE-CREATION.
Miss Case has sung in direct comparison with the RE-CREATION of her voice on the New Edison, as illustrated above, and in no instance could any difference of tone, quality or expression be detected between the actual voice and Mr. Edison's RE-CREATION of it.
Miss Case's voice has a peculiarly beautiful lyric quality—a quality impossible to reproduce by any method other than the Edison method. Edison RE-CREATIONS convey to the music lover not only the fundamental musical tones produced by the artist, but also that indefinable charm that distinguishes one artist from another—in a word, personality.
RE-CREATIONS of Miss Case's voice (a list of which appears below) may be heard only on

**ANNUAL MEETING
OF THE Y. M. C. I.**

Year's Activities Successful in Various Branches of Work — New Directors Elected

The annual meeting of the Young Men's Catholic Institute was held in the rooms in Cliff street last evening. Judge H. O. McInerney, president, occupied the chair, while Joseph Harrington, secretary of the board of directors, and Rev. William M. Duke, spiritual advisor, were present in their official capacities. By the different reports which were read by Mr. Harrington from the committees in charge during the closing year's activities it was clearly shown that the year 1918-19 for the Y. M. C. I. was a highly successful one every way it was considered.

The president's report was a short but thorough detail of the year's doing. The report pronounced the year a genuine success in membership, finances and in the different other branches of activities carried on by the institute. The report urged more educational plans for the coming year as well as more attention to the social end of the work. The president pointed out there was an increase in membership tickets of 638 over a year ago. There was also a good financial credit on hand and the institute faced the coming year in a flourishing condition.

The excellent work of Joseph McNamara, physical instructor, was also referred to and it was shown that his attention to class work and general all-round disposition to remove pool spots in the different branches of the Y. M. C. I. was due to much of its success.

Among other things which the president urged was needed was a boy's secretary to assist the general secretary, J. H. Cohalan, in his varied and taxing duties which at present make him a very busy official.

Regret was expressed in the report at the loss the Y. M. C. I. had suffered in the death of John Keefe, one of the institute's presidents, and regret was also expressed in the death of John O'Neill, father of L. Gerald O'Neill, the competent and zealous chairman of the boys' committee.

The report concluded with reference to the keen interest always manifest by Bishop LeBlanc in the affairs of the Y. M. C. I., and especially the attention given the institute by Rev. Father Duke, the spiritual director who was "the driving force of the institute."

The report of J. H. Sheehan telling of the work of the physical committee praised the activities of the institute in public endeavors, referring particularly to the ice sports, the bowling tourney and the exhibition in St. Andrew's rink last May. Greater attendance to gymnasium work was urged in the report. Reference was also made to the coming participation of the institute in the city baseball league.

The report of the boys' committee from L. Gerald O'Neill showed splendid progress in the work among the boys and the great interest they had manifested, especially in the Friday night program.

The activities of the social committee were also dealt with and related what had been accomplished in this line during the year.

The result of the election of new members for the board of directors for the coming term resulted in the choice of Richard O'Brien, P. J. Fitzpatrick, Michael Bohan, James McAnulty, W. J. Magee and J. J. Quinn, the latter being elected from the parish of Silver Falls.

Telling addresses were given by Rev. Father Duke and Judge McInerney. Father Duke urged loyalty on the part of the members to the institute, while the retiring president wished all due success to the Y. M. C. I. in the coming year. Both Father Duke and Judge McInerney returned hearty thanks to all the committees, officials and others who had assisted in making the closing year an outstanding success.

**WILL BRING BACK
THE CANADIANS WHO
JOINED IMPERIAL'S**

Ottawa, May 2—In the house of commons today Mr. Nicholson called the attention of the minister of militia to the fact that Canadians who enlisted in the imperial army are being discharged in England with no means of returning to Canada.

Major-General Mewburn replied that ten days ago he requested the overseas minister of militia to make arrangements with the war office for repatriation at the expense of the dominion government of Canadians in the imperial army.

An Eight Hour Day.
Dr. Blake, of Winnipeg, asked the government whether it was correct that the peace treaty could contain provision for an international eight hour day.

Hon. Mr. Rowell replied that the government expected to have the text of the treaty very shortly and might be able to give the answer on Monday.

Hon. C. C. Bullantyne, minister of marine and fisheries, replying to a question asked by Mr. Sinclair yesterday, said that the number of active service ratings in the Canadian navy on Nov. 15 were: Officers, 700; men, 4,768; total, 5,468. On April 15, 1919, the number was: Officers, 200; men, 1,758; total, 1,958. The total number demobilized up to April 15 was 3,490. Demobilization was being carried on as rapidly as possible, priority being given to men who had enlisted early in the year.

Bankruptcy Act.

The house then continued its consideration of the bankruptcy act in committee. Hon. Hugh Guthrie agreed to eliminate that portion of clause 14 which provides for the appointment of trust companies as trustees without compelling them to give security. The clause was amended, therefore, requiring security from trust companies as well as other organizations and persons appointed as trustees.

There is a revival of talk around the corridors of parliament as to the possibility of the present session being brought to a close in June, with the understanding that the house would meet again in the autumn. This would involve the shelving of considerable legislation, including, possibly, the federal franchise act. It is said that this plan would not be objectionable to the opposition.

"Do you think suppressing news ever helps matters?"

"Not a bit," answered Senator Sorghum. "If I felt that way about it I'd arrange for a rigid censorship of every weather bulletin."—Washington Star.

DANGER OF LOSING.

PERSONAL AND SOCIAL NEWS OF THE WEEK IN ST. JOHN

Many visitors in town kept St. John hostesses busy this week. For the most part the visitors were Anglican clergymen and lay delegates here to attend the Anglican Synod, the opening meeting of which took place on Tuesday afternoon in Trinity church school room.

On Saturday evening of last week His Honor, the Lieutenant-Governor and Mrs. Pugsley arrived at their residence in Rothersey after several months spent in St. John and Fredericton.

FREE TO ASTHMA SUFFERERS

A New Home Cure That Anyone Can Use Without Discomfort or Loss of Time. We have a New Method that cures Asthma, and we want you to try it at our expense.

Send free trial of your method to: FRONTIER ASTHMA CO., Room 609F Niagara and Hudson Sts., Buffalo, N. Y.

Mr. Clancy at their residence in Burjess avenue last Tuesday evening. Included among the guests were the Lieutenant-Governor and Mrs. Pugsley, Mr. and Mrs. F. E. Sayre, Mr. and Mrs. W. E. Foster, Mr. and Mrs. Arthur W. Adams, Mr. and Mrs. Ambrose, Judge and Mrs. Grimmer, Mr. and Mrs. A. C. Skelton, Mr. and Mrs. J. M. Christie, Senator Thorne, Mrs. L. Richmond Harrison, Dr. and Mrs. Stuart Skinner, General Macdonnell, Mr. James G. Harrison and the guest of honor, Mr. Clancy.

On Tuesday at the Green Lantern, Mrs. J. Mariner Teed invited a few friends for tea, to meet her guest, Mrs. T. Carleton Allen of Fredericton. Those present were, Lady Hazen, Mrs. Arthur W. Adams, Mrs. Gillmour Brown, Miss Burnside, Mrs. Louis Barker, Miss Frances Tibbitts.

Last evening the musical event of the year, so far, was the recital given by the Metropolitan opera singers, Miss Anna Case, at the Imperial Theatre under the patronage of General Macdonnell and the Great War Veterans' Association. The audience was an immense one and ultra fashionable.

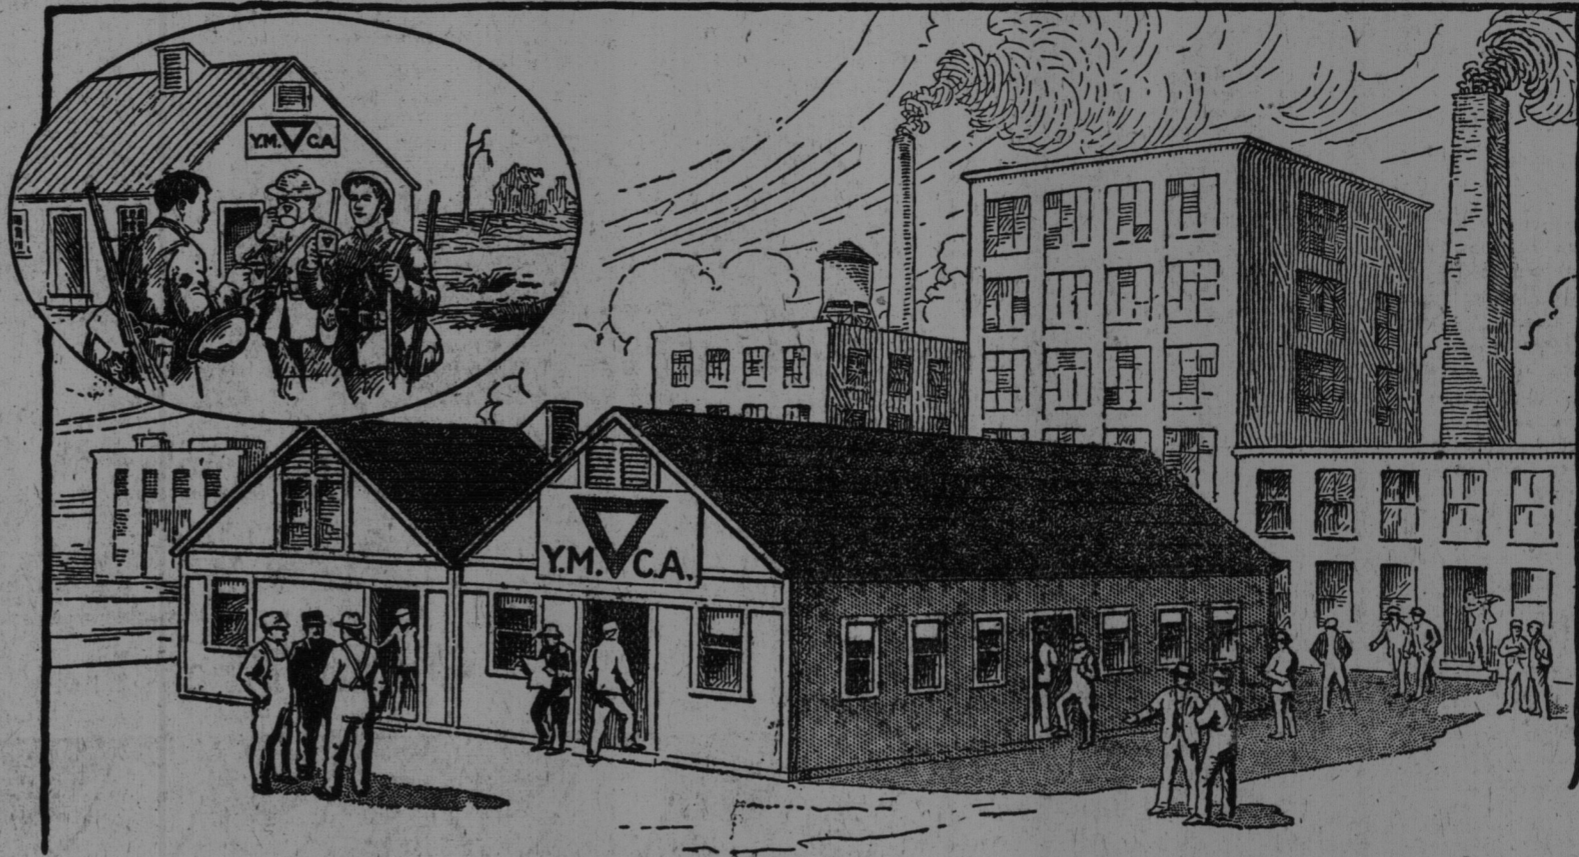

On Thursday evening at their residence in Coburg street, Mr. and Mrs. Walter E. Foster entertained at a handsomely arranged dinner in honor of Dr. T. Carleton Allen, of Fredericton. The guests included, Dr. and Mrs. Allen, Governor and Mrs. Pugsley, Senator Thorne and Mrs. L. Richmond Harrison, Mr. and Mrs. Arthur W. Adams.

Mrs. Leonard Tilley gave a very bright little tea at her residence in Wellington Row, Friday afternoon of last week in honor of Mrs. E. A. Smith of Shediac, Mrs. Heber, Vrooman presided over the pretty tea table decorated with yellow and white flowers.

On Thursday evening at their residence in Coburg street, Mr. and Mrs. Walter E. Foster entertained at a handsomely arranged dinner in honor of Dr. T. Carleton Allen, of Fredericton. The guests included, Dr. and Mrs. Allen, Governor and Mrs. Pugsley, Senator Thorne and Mrs. L. Richmond Harrison, Mr. and Mrs. Arthur W. Adams.

On Saturday afternoon at their residence in Sydney street, Mrs. Edwin Stewart and Miss Nora Stewart invited a few friends for afternoon tea in honor of Mrs. George Millar, of Montreal, and Mrs. Angus, who since then has left for Montreal to reside. At the prettily arranged tea table Mrs. Frederick W. Blizard presided. The guests included Mrs. George Blizard, Mrs. Angus, Mrs. J. A. Mackeligan, Mrs. F. J. G. Knowlton, Mrs. F. McDonald, Mrs. Horace Porter, Mrs. G. S. McAvity, Mrs. Hammond Evans, Mrs. Percy McAvity, Mrs. Fred-

erick Stewart, Mrs. George Blizard, Mrs. Thomas McAvity, Mrs. George B. Heagan, Mrs. Adam McIntyre, Miss Bertina Raddick and the Misses Mary and Dorothy Blizard.

From the Trenches in Flanders to the Industries in Canada

Y.M.C.A. good cheer helped the soldiers win the war. Y.M.C.A. good cheer will help the soldiers of industry win the battle of life. The Red Triangle went with the

soldiers in khaki right into the front line trenches in Flanders. The Red Triangle is going with the soldiers in overalls into the factories, the workshops the mines and the lumber shanties of Canada.

Help the "Y" Do for the Workers What it Did for the Soldiers

The success of the Y.M.C.A. during the war as the "Organized Pal" of the Canadian army points the way to success for similarly organized work for the soldiers of Canada's industrial army in time of peace. The Y.M.C.A. is promoting the establishment of Red Triangle huts in the big industrial plants and factory centres under the auspices of the employing companies.

ated industries, such as mining and lumbering.

Special activities for factory workers of the big cities are planned for the local Y.M.C.A. buildings.

Towards the promotion, inauguration, and superintending of this Industrial Extension of the Y.M.C.A. to the workers, a part of the Red Triangle Fund, for which your contribution is requested, will be devoted.

Our plan for Y.M.C.A. extension to the industries is to enlist the sympathy of the president of the company or the heads of the firm, and the management of the plant, to explain our scheme of improved industrial relationships based upon the happiness and the welfare of the workers, and to get the employers to undertake the erection of a Y.M.C.A. building, fully equipped, situated right in the plant.

In some cases, a number of smaller firms would co-operate, and the Y.M.C.A. building would be centrally located for the convenience of a whole group of factories.

Recreation for Workers

This work has already been inaugurated in Sault Ste. Marie, London, St. Catharines, Fort William, Port Arthur, Vancouver, and Toronto. Y.M.C.A. buildings are built and equipped on lines similar to those in the soldiers' camps, or like regular Y.M.C.A. buildings in the cities, according to the amount appropriated for the purpose by the companies. They should be furnished with a gymnasium, shower bath, swimming pool, canteen, reading and writing room, billiard tables, and an assembly hall for sing-songs, lectures, motion pictures, concerts, social gatherings, etc.

For Women and Girls

What the Y.M.C.A. aims to do for the men and boys of Canada's industries, the Young Women's Christian Association aims to do for women and girls. The Dominion Council of the Y.W.C.A. has prepared a budget calling for an appropriation of \$175,000, and it is proposed to set aside that amount from the Red Triangle Fund for their use. The Dominion Council expenditure covers the expense of National work as distinct from the expenses of local Y.W.C.A. work. One of the chief items this year to be provided out of the Dominion Council fund is that of caring for the soldiers' wives and dependents journeying to their homes in Canada from overseas, helping them with difficulties and worries of all kinds.

With the support of the operating companies, Red Triangle huts will be established and equipped with canteen, billiard and

pool tables, reading room, motion picture and concert hall, baths and, in some cases, swimming pool and gymnasium. This service tends to eliminate the restless transient, the man who is "fed up with his job," gives him something profitable to do in his leisure hours.

In some districts where lumbering operations are active, trained Y.M.C.A. men drive from camp to camp during the winter equipped with portable stereopticon lantern outfits. They give illustrated talks, and entertainments introducing the element of play among the hard-working shanty boys by such games as volley ball, boxing, etc.

A Lumberman's Endorsement

One lumber operator says, "You have put my man-catcher out of business. Where before I had three gangs hired—one on the way in, one at work in the woods, and the other on the way out, now I need only one."

At the local Y.M.C.A.'s special programmes for industrial operatives will be aided from the Red Triangle fund. They will be offered recreation, entertainment and opportunity for self-development. Classes in various subjects of special interest or value to industrial workers will be held.

In districts where a considerable non-English-speaking population prevails, a knowledge of the English language, of Canada and of the principles of Canadian citizenship and of social responsibility will be promoted by the Y.M.C.A.

Help the "Y" complete its work for soldiers, help extend "Y" service to Canadian boys, help bring the Red Triangle to the Army of Industry and to Rural Canadian Life.

National Council, Young Men's Christian Associations of Canada

The Red Triangle Campaign is under the distinguished patronage of His Excellency, the Duke of Devonshire, K.G., G.C.M.G., G.C.F.O., P.C.

John W. Ross, Montreal; Campaign Chairman; G. Hervey Wood, Toronto; Campaign Treasurer; Thomas Bradshaw, Toronto; Campaign Director; Chas. W. Bishop, Toronto

Miss Louise Murray, Mrs. Creighton, Miss Harrison, Miss Kaye and Mrs. J. Boyle Travers. The tea table, beautifully appointed and decorated with yellow daisies and yellow snapdragons, was presided over by Mrs. W. E. Foster and Mrs. J. B. Cudlip. Mrs. Busby and Mrs. H. W. Robinson were convener of the refreshment committee. Mrs. J. M. Christie was convener of the committee in charge of the card tables, and Mrs. Arthur W. Adams, secretary of the chapter, took the tickets at the door. The regent, Mrs. George K. McLeod, and

1st vice-regent, Mrs. W. E. Foster, received the guests. It was a very pretty sight looking from the entrance over the hundred and more ladies playing at the card tables, all gowned in smart attire, including the very latest styles in millinery. That the tuberculosis dispensary will derive much benefit from the funds acquired through this undertaking is a matter of congratulation to the regent and members of DeMonts Chapter.

Mr. James Dickinson, of Windsor (Ont.), ment of his daughter, Ena Audrey, to the marriage to take place the first week in June. Mrs. J. B. Cudlip entertained very informally at tea last week-end, at her residence in Carleton street, in honor of Mr. Jones, who has been guest for a few days last week. An exceedingly pleasing incident took place at the Crescent Lake club house

when, at the conclusion of a complimentary dinner tendered His Honor Judge John Russell Armstrong on the occasion of his birthday, last Thursday evening, Mr. L. R. Ross and Mr. J. B. M. Baxter presented to his honor a magnificent bouquet of roses and a valuable case of pipes, on behalf of those assembled in the dining room of the club house to celebrate the auspicious occasion. Chief Justice Sir Douglas Hazen, His Honor Judge Grimmer, and the Judge's son, Colonel Beverly Armstrong,

Sold everywhere for 50c.

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

NEW BRUNSWICK LADY GIVES FULL PARTICULARS OF HER RECOVERY.

There are many types of rheumatism, but none worse than inflammation.

It was this kind that almost killed Hon. R. B. Patterson, of Kent Co., N. B.

Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published.

"For five years I have been rheumatic. I tried various forms of relief without success.

Ferrosone has power to destroy Uric Acid, neutralise and enrich the blood, and therefore does cure the worst cases.

By removing the cause of the disease and building up a reserve of energy, Ferrosone is certain to cure. Sufferers, isn't it about time to stop experimenting?

The Monthly Cheque That Never Fails

It is all so simple and effective! Just a few dollars set aside regularly, and the Canada Life will guarantee to your home a continuous monthly income.

What a relief to know that no matter what may happen, the monthly cheque that never fails, issued regularly by the Canada Life, will come to your home!

Your present Life Insurance will no doubt "clear the mortgage," pay off the obligations of your estate, and leave something for your family, but

Consider This: In addition to a "lump sum" of money, you should provide a definite income that cannot fail.

A weekly or monthly income is the natural thing for most people. A woman can keep a family together on even a small income, provided it is regular.

Financial problems should not be thrust upon a woman who is not used to business deals. The hands of unscrupulous men are always outstretched for money held by the unwary.

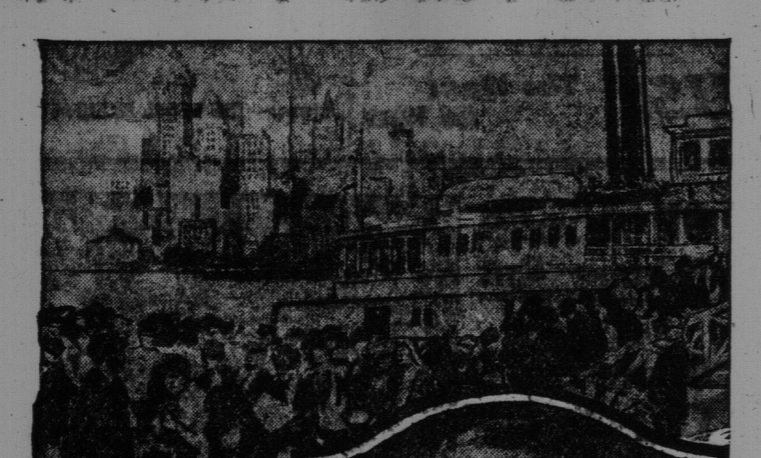

The Monthly Income Plan You will be surprised to learn what a reasonable proposition can be made to you; how only a few dollars saved and set aside from your regular earnings can be multiplied into a substantial income for your Beneficiary.

Ask for Particulars Canada Life J. M. Queen Branch Manager St. John, N. B.

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now.

United States Commissioner General of Immigration Hon. Anthony Caminetti Tells Why He Uses Nuxated Iron

To Create Red Blood, Strength and Endurance Despite His 64 Years, He is Today More Active and Alert Than Many a Younger Man.

Former Health Commissioner Van R. Kerr, of Chicago, Says He Believes Nuxated Iron Should Be Prescribed by Every Physician and Used in Every Hospital in This Country.

Despite his 64 years and a life which calls him to all parts of the country in all climates and all seasons, United States Commissioner of Immigration Hon. Anthony Caminetti is today more active and alert than many a younger man would be in meeting the strain of his official duties.

In keeping up his robust constitution and tireless energy, Commissioner Caminetti has had recourse to Nuxated Iron as a nerve tonic, strength and blood builder.

He says: "In the heat of summer, and the rigor of winter and the debilitating weeks of spring time, I have used Nuxated Iron with unvarying success and satisfaction. After weeks of busiest commitment to official duties, I find I rested from the true tonic qualities which help bring one's physical being to that state of fitness which is the desire of every healthy minded man or woman."

Nuxated Iron I commend to whoever feels the need of a tonic restorative for debilitation, exhaustion and overwork. In commenting upon this, Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital, says: "A man of the prominence of Commissioner Caminetti does a great good, in my opinion, by coming out and telling the people about Nuxated Iron. I know of no better preparation to enrich and fortify the blood against the thousands of disease germs which must prevail in so many of the places visited by a man looking after the thousands of immigrants from every land who come to our shores. Many a man or woman goes through life only half living up to their possibilities simply because they do not realize that their weakness and lassitude may be simply due to a lack of sufficient iron in the blood. They need a strength and blood builder but do not know what to take and as a consequence they often do themselves a great injury by resorting to stimulants, narcotic drugs and worthless medicinal preparations, while others take some form of metallic iron which, in my opinion, should no longer be generally used owing to its great liability to injure the teeth and stomach."

Dr. George F. Baker, formerly Physician and Surgeon Monmouth Memorial Hospital of New Jersey, says: "I have found nothing in my experience so effective for helping to make strong, red blooded men and women as Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can take himself or prescribe for his patients with the utmost confidence of obtaining highly beneficial and satisfactory results."

For want of iron you may be an old man at thirty, dull of intellect, poor in memory, nervous, irritable and all "run-down," while a 60 with plenty of iron in your blood you may still be young in feeling, full of life, your whole being brimming over with vim and energy. As proof of this take the case of Former United States Senator and Vice-Presidential Nominee Charles A. Towne, who at past 88 is still a veritable mountain of tireless energy. Senator Towne says: "I have found Nuxated Iron of the greatest benefit as a tonic and restorative. Henceforth, I will not be without it. I am in a position to testify for the benefit of others to the remarkable and immediate helpfulness of this remedy, and I unhesitatingly recommend Nuxated Iron to all who feel the need of renewed energy and the regularity of bodily functions."

Then there is Former Health Commissioner William R. Kerr, of Chicago, who is past the three score year mark, but still vigorous, active, full of life, vim and energy. Former Health Commissioner Kerr says he believes his own personal activity today is largely due to this use of Nuxated Iron, and that he believes it ought to be prescribed by every physician and used in every hospital in the country. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work without becoming tired. Next take two five-grain tablets of ordinary Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. Manufacturers' Note: Nuxated Iron which has been used by Commissioner

How the Money was Lost

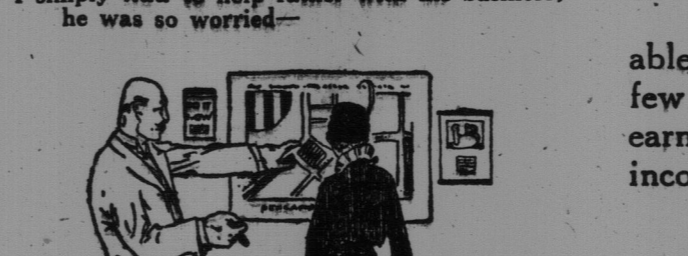

You see I had only a few thousand dollars left after the estate was settled—

and my brother borrowed some to help him along; of course that went and then—

I simply had to help father with his business. He was so worried—

and I thought it best to invest something in real estate at once. Well, that failed—

and, really, if it were not for the monthly income cheque from the Canada Life I don't know how I should be getting along now."

Mother Mauls Man In Abduction Case. Nearly Strangles Husky Prisoner in Police Court in New York. New York, May 2—In a frenzy of mother love, Mrs. Regina Mueller in the Yorkville police court attacked and knocked down Benjamin Sherman of No. 995 Simpson street, accused of the abduction of her fourteen-year-old daughter, Viola, after a woman witness had told her Benjamin had taken the child to a house in Stuyvesant street.

There is going to be a big rush at the Opera House tonight, so if you are going, you had better be in line early. The show is one of the best for some time—the five acts including Simmons and Beantley in a sensational roller skating act; Lester, phenomenal whistling girl; The Three Joys, a trio of likeable chaps who sing, dance, play piano and offer a good minstrel number; Jack Atkins, entertainer de luxe; Minnie Faust and Brother, in a sensational revolving ladder act; and the final chapter of the serial 'The Terror of the Range.' This evening at 7.30 and 9 o'clock.

him. Mrs. Mueller shook as she sprang on the man and bore him to the floor of the courtroom, her fingers tightly locked about his throat. The witness was Mrs. Selma Boss, who was found by Viola herself. At the first hearing Viola said that Sherman had first taken her to a house near Cooper Union and they had stayed there overnight. Sherman denied this and said he could produce witnesses who could establish an alibi for him. An agent of the Society for the Prevention of Cruelty to Children spent two days taking Viola through the streets about Cooper Union and toward the end of the second day Viola pointed out the house at No. 27 Stuyvesant street, and said: 'That's the house. It's run by a little woman. I remember her.' When the girl and the society's agent rang the bell, Mrs. Boss came to the door and recognized Viola immediately, saying, according to the agent: 'This is the missing girl. She was brought here one night by Benny Sherman.'

Advertisement for Macdonald's Index. Text: 'This Guarantees a Good Smoke... MACDONALD'S INDEX... W.G. MACDONALD, Reg'd. MONTREAL.'

next morning, the child going away about half an hour later. Just as Mrs. Boss finished her testimony, Mrs. Mueller, sitting inside the enclosure, sprang upon Sherman. Although the man is large and heavy and Mrs. Mueller is a frail woman, she threw the man to the floor in the impetuosity of her attack. Sherman called for help. Daniel Drenzo, assistant district attorney, detailed to the court, struggled with Mrs. Mueller until he succeeded in loosening her grip on Sherman's throat. Sherman was then pulled to his feet, obviously frightened, his collar and tie torn and finger prints showing plainly on his throat. Mrs. Mueller was then assisted from the courtroom, crying hysterically that wrongs against her should be avenged.

Girl Fruit Pickers Are Urgently Needed

Ontario Women's Farm Department Has Arranged For Minimum Wages For Girls on Farms. (Toronto Star.) Farmers are looking forward to one of the largest fruit crops in years, according to Miss M. L. Harte, director of women's farm department of the provincial government employment bureau, and a steady demand is being made for more girls for fruit work. A large number of camps have already been established, but Miss Harte, accompanied by Miss M. C. Straith of the Y. W. C. A., is leaving this week for Brantford and country districts in that vicinity to plan for new camps to be opened there. 'There is absolutely no surplus of labor among women owing to the lack of immigration, and it means that every woman who can give any of her time to help in the country must do so this year as production is as imperative as ever, if we want to avoid hard times in Canada next winter. 'We also need girls for vegetable farms, in the girls' camps, as cooks and assistants, on mixed and dairy farms and in the farmhouses to help to feed those who are raising the crops.'

The following wages are the minimum agreed upon by the Fruit Growers' Association, so every girl is given an opportunity to make good, as well as derive benefit from an outing in the country,' said Miss Harte. 'When working on piece and time rates, each picker shall be guaranteed \$1 per day—rain or shine—six days a week unless her weekly earnings have already exceeded \$9 for the current week.' A flat rate of seventeen cents per hour will be paid as a minimum wage to all girls sent out by the bureau for hoeing, weeding and other vegetable work. It is to be distinctly understood that girls are to be paid at a higher rate if their work is such as to warrant an increase. The minimum piece work rates are: Strawberries two cents a quart, raspberries three cents, blackberries two cents, gooseberries two cents per pound, black currants three cents per pound, red currants twenty-five cents an eleven-quart basket, and cherries twenty to thirty cents for an eleven-quart basket. If conditions in a patch are such that the majority of national service pickers are not able to make a wage equal to hourly rate, the piece rates are to be increased until all faithful and efficient workers are able to equal the minimum wage of seventeen cents per hour. The matter of hours is to be arranged later—in most cases nine hours will be considered a working day.

WOMAN STRANGLED AND BOARDER ARRESTED

Cambridge, Mass., May 2—Mrs. Annie Wilson was strangled in her home in Marcellus street last night. James Lydon, a boarder at the house, was arrested.

Newark, 9; Toronto, 4.
Newark, May 2—Newark defeated Toronto today by a score of 9 to 4. The score:
Newark 100000300—4 9 2
Toronto 00612000—9 13 4
Batteries—Justin, Peck and Sandberg; Rommel and Brugg.
T. F. Dermody Here
T. F. Dermody, of Providence (R. I.), is a visitor in the city. Mr. Dermody was well known in St. John many years ago when he was identified with many sporting undertakings of which he was a close follower. In the days of real baseball and the time of the Ross and Alerts in St. John Mr. Dermody was a keen admirer of all the players, being a

particular friend of Jack McLean and "Tip" O'Neil.
THE RING.
Willard Begins Work.
Los Angeles, Cal., May 2—Jess Willard, who is matched to meet Jack Dempsey July 4 for the heavyweight boxing championship, started road work today. He left his quarters with the intention of doing ten miles.
Leonard and Ritchie.
Of the Leonard-Ritchie bout the New York Times says:
"Benny Leonard, the lightweight champion of the world, stopped Willie Ritchie of San Francisco, the former holder of the title, at the 1st Regiment Armory in Newark last night in the eighth round. Referee Jim Brennan stopped the fight a minute and a half after the round started, when Ritchie was helpless on the ropes. Ritchie was practically out except in the third round, when Ritchie made a rally and forced the champion backward around the ring. Leonard had the best of the bout all the way.
"Ritchie's gameness was the only thing which kept him battling. With remarkable courage the former champion took all the punishment which Leonard gave him, and without flinching took round after round. Leonard would have battered down any boxer who stood before the furious attack.
"Leonard's bitter punches began to wear Ritchie in the second round, and wicket rights and lefts to the jaw sent him down for the count of nine. He got up and staggered his way through the session gamely. His refusal in the third round was a big surprise, and he tore into Leonard with such fury that the champion kept backing away. The total score is: Cannefax 100, De Oro 78. The final block will be played on Saturday night.
Play tonight lasted only fifty-seven innings, Cannefax averaging a point an inning for the first twenty-five innings. Each had a high run of six.
An entertainment was given to more than seventy-five returned men at the Red Triangle rooms last night. An exhibition of motion pictures was the outstanding feature of the programme.
Public opinion says: War Savings Stamps are a good investment.

was here tonight conferring with Mal Hinkel and others regarding the selection of the Ohio city to stage the contest.
THE TURF.
Notes of Interest.
The Summerdale Journal says: "Daniel Steele, trainer, has returned from St. John, where arrangements were made for bringing the O'Keefe string to Summerdale for training. The string includes: Peter Farren, 2:07 1/2, the champion pacer of the maritime provinces, by Peter the Great; Four Feather (1), 2:10 1/2, by St. Frisco; Mavinobelle (3), 2:17 1/2, and Native Hal, a two-year-old by Walnut Hal. Mr. Steele is also training Uctia, owned by Dr. Christopher. It hasn't as yet been decided where these horses will race, but it is probable they will appear on maritime tracks during the season. Peter Farren has been entered in a \$5,000 stake race in Vermont.
Geo. W. Leavitt of Boston is reported seriously ill in Lexington, Kentucky.
The Houlton Times says: "Pat Doherty, a popular horseman who recently came here from Sydney, C. B., has purchased the F. R. Smith property, so-called, from its owner, John Niles, and will take possession on May 1."

BILLIARDS
De Oro Further Behind.
New York, May 2—Robert Cannefax, challenger for the three cushion billiard title, increased his lead over Alfred De Oro, the champion, by winning the second block of the match tonight by a score of fifty points to thirty. The total score is: Cannefax 100, De Oro 78. The final block will be played on Saturday night.
Play tonight lasted only fifty-seven innings, Cannefax averaging a point an inning for the first twenty-five innings. Each had a high run of six.
An entertainment was given to more than seventy-five returned men at the Red Triangle rooms last night. An exhibition of motion pictures was the outstanding feature of the programme.

SEAT SALE MONDAY, 10 A. M.

The three-masted schooner Richard B. Silver, which was launched at Meteghan last July, was abandoned on her way to Havre, France, with a cargo of coffee from Santos. Running into a storm, from about 300 miles off the South American coast, she sprang a leak and the cargo becoming soggy, the vessel was partially water-logged. The crew were rescued by a steamer. The Richard B. Silver registered 300 tons and was owned by Adam & Nickle of Lunenburg. London, May 2—Sylvia Pankhurst and Amelia Mahoney, who were arrested yesterday when women attempted to force an entrance into the house of commons in a May Day demonstration in police court today were ordered to give bonds for their good behaviour. Neither would give the necessary bond and they remained under detention. Later, however, the magistrate discharged Miss Pankhurst and Miss Mahoney.

USE The Want Ad Way

BOMB DESTROYS CITY HALL IN BROWNVILLE, PA.

Brownville, Penna., May 2—An explosion, believed to have been caused by a bomb placed in the office of Burgess Charles H. Storey, wrecked the municipal buildings and shattered windows for several blocks in the business district here early today.

NEW BRUNSWICK MEN ON S.S. METAGAMA

Charles Robinson, secretary of the New Brunswick returned soldiers' commission, this morning received the following list of names of soldiers returning to Quebec on the C. P. O. S. liner Metagama:

O. J. Lawson of the customs department, St. John, formerly of Campbellton, has received his permanent appointment as preventive officer.

OPPORTUNITIES FOR BUSINESS IN BALKAN STATES

Lloyd Harris Explains What the Trade Mission is Doing

(Financial Post.) Statements regarding the activities of the Canadian Trade Mission in London by Lloyd Harris, as printed by the English newspapers, confirm what was said in the Financial Post last week as to the direction in which effective work of Canada's trade representatives is developing.

Mr. Harris went to the devastated areas of France and Belgium and he found that the opportunities of doing business there were relatively small. France has made up her mind to do her own reconstruction.

Sub-inspector Timothy Mann of the provincial prohibitory law enforcement squad has resigned his position after performing valuable service in which he displayed good detective ability.

NASHWAAK DRIVE WILL BE OUT NEXT WEEK

tion of the highway grants of the province. Hon. Mr. Veniot will not leave Ottawa before Thursday next.

BODY OF BOY FOUND NEAR CAMPBELLTON.

Campbellton, May 2—Wednesday evening the body of a young lad, presumed to be ten or eleven years of age, was found at the South boom. It was taken ashore and efforts are being made to identify it.

The superintendent of immigration, F. E. Sharp, is dressing up the large front window of the provincial government quarters in Prince William street.

Popularity is the Best Guarantee of Quality and Value.

"SALADA"

Tea sales are in excess of 25 million packets annually, and still growing.

Prove its worth... By a Trial Packet.

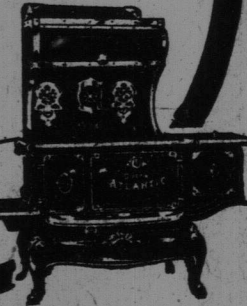

You'll Just Love This Kitchen Range

It looks so homey—so capable—and is a real ornament to the home because of its rich, handsome appearance.

"Queen" Atlantic Range

and one that you can always rely on for cooking and baking. It has every convenience to lighten the work.

Auto-Stop Safety Razor advertisement featuring an illustration of a man shaving and text describing the razor's benefits: 'A cool, clean shave for 1/5 of a cent!'.

Snowflake Ammonia advertisement featuring an illustration of a woman and a product box, with text: 'Don't say "Ammonia" Say Snowflake the FULL STRENGTH Ammonia'.

Wilson Feared the British

THE American President crossed the Atlantic in the first place with the idea in his mind that his ideals would be thoroughly in accord with those of the French statesmen; but he was rather afraid of a conflict with the British delegates.

A Dozen Other Features—Nationally Important

- 'Solving the Problem of the Arctic' - By Vilhjalmur Stefansson
'The Canadians in Siberia' - By Capt. W. E. Dunham
