England Faces National Strike in the Building Trades

GERMAN FEDERAL COUNCIL LAWS PLAN

TROUBLE IS BELIEVED INEVITABLE

Vote is Eight to One Against Acceptance of Employers' Offer.

HITS HOUSING PLAN

Ruhr and Rhineland Have Great Lockout of 300,000 Coal Miners.

BY HARRY N. MOORE.

(British United Press.)

London, May 7.—A national building strike is regarded as inevitable as the workers in the various associated trades have definitely rejected an offer made by the employers and which the latter declared is the last they will make. By a majority of eight to one the latest ballot has declared against acceptance.

The men in all branches of the building trades are demanding an all round increase of four cents an hour, and the best offer of the employers so far has been one cent an hour. A strike would seriously retard the local housing schemes, which are gradually approaching practical shape, and would necessitate government intervention.

Meeting Next Monday.

The employers are to meet the men on next Monday for the last time, and the prospect of a successful issue of the negotiations seems to be very small. If negotiations fail, the strike will take place after the disputes in the mining and engineering trades, which have not yet been adjusted, are decided one way or another.

German Miners Locked Out.

Berlin, May 7.—(United Press.)—A critical situation exists throughout the Ruhr and Rhineland, where already 800,000 miners are locked out as a result of dispute over working hours.

Communist miners called a general strike for this forenoon, while the more conservative "old miners" league voted against accepting recent arbitration awards.

Separatists are taking advantage of the situation and agitating throughout the Rhineland. Their leader, Dr. Matthes, is reported active.

Slim piles of coal testify to an impending shortage.

The Ruhr miners refused to recognize the award of arbitrators, which justified an increase in working hours. The owners announced that only miners agreeing to work eight hours underground would be accepted. Declaration of a lockout followed.

Many More Thousands.

Berlin, May 7.—(Canadian Press)—It is predicted that 200,000 metal workers in the Ruhr region will be involved in the labor trouble by tomorrow. The occupation authorities have promised strict neutrality.

RUSSIA SCOWLS AT GERMANY OVER RAID

Fighting Talk is Heard Following Police Visit to Trade Headquarters.

Moscow, May 7.—In the absence of any satisfactory explanation from the German government concerning a recent police raid on the Soviet trade headquarters in Berlin, the Russian government is taking an increasingly serious view of the affair.

M. Krestinsky, Soviet Ambassador in Berlin, is expected to return to Moscow forthwith to confer with the Government regarding further action. All the Soviet newspapers describe the incident in scare head type and publish condemnatory editorials in which they warn Germany that if adequate apology is not forthcoming, complications may be ensue from which Germany will be the first to suffer.

Berlin, May 7.—Satisfaction not having been given by the German government for the police raid on the quarters of the Russian commercial delegation here, the Russian embassy has announced that it is temporarily putting an end to all commercial relations with Germany in addition to reporting the commercial office in Berlin.

Five of those arrested by the police in Saturday's raid are still in jail.

This Trade He Can Not Ply in Prison

Oswego, N. Y., May 7.—Thomas Meinerney, principal keeper of Sing Sing, makes it a point to find for each prisoner the job for which he is best qualified, but he is stumped by a newcomer. Harry Mitchell, a trying to place Harry Mitchell, a newsboy, gave him his occupation as a "skywriter." Mitchell, just released from New York City on a charge of attempted grand larceny, is the first aviator ever sentenced to a New York prison.

When Meinerney asked him his occupation he answered, "I'm an aviator." Mitchell was told that he and that any inmate who attempts to make a flight from there and gets caught faces daily.

SEVEN ARE NAMED FOR CAMPAIGN

St. John Committee is Appointed on Matters of Traffic.

3 MAIN QUESTIONS

Use of Canadian Ports, Trade for St. John, Publicity Campaign.

Arrangement of plans in connection with the movement to promote traffic through the Port of St. John, which was started at a meeting between the Federal members of Parliament from this constituency and representative business men of the city last month, has been placed in the hands of a committee of seven, which were named yesterday by Geo. E. Barbour, president of the Board of Trade. Mr. Barbour was authorized at the April meeting to nominate the men who would compose this committee.

The committee will consist of Mayor Frank L. Potts, Commissioner T. H. Bullock, head of the city harbor department; Hon. Dr. W. E. Foster, former premier of New Brunswick; A. P. Peterson, of Baird & Peters, Ltd.; Frank M. Ross, manager of the St. John Dry Dock & Shipbuilding Co.; Geo. L. Warwick of O. H. Warwick Co., Ltd., and Lewis V. Lingley, manager of the Smith Brokerage Co., Ltd.

The committee will have three main questions to consider: 1.—The Federal position with regard to the use of Canadian ports by Canadian railways and the shipment of Canadian goods through Canadian channels.

2.—The appointment of a man to canvass for trade for the Port of St. John, to investigate discrimination in the matter of freight rates, etc., and to cultivate an interest amongst shippers in the use of Canadian ports for the shipment of their goods, and—

3.—The planning of a publicity campaign to promote trade through Canadian channels, particularly through the Port of St. John.

No definite arrangement has been announced for the first meeting of this committee.

DIOPHON CAPTURES THE 2,000 GUINEAS

Tom Pinch, Derby Favorite, Unplaced in British Turf Classic.

Newmarket, Eng., May 7.—Diophon, by Grand Parade, out of Lonnette, won the 2,000 Guineas Stakes the first classic of the 1924 season, run here today, Lord Astor's Bright Knight was second, and J. B. Joel's Green Fire was third. Twenty horses ran.

The Derby favorite, Tom Pinch, ridden by Jockey Archibald, was unplaced. Diophon won by a head, while a neck separated Bright Knight and Green Fire. The betting was Diophon 11 to 2 against; Bright Knight 100 to 9, and Green Fire 100 to 8 against.

ARE SELECTING SYNOD DELEGATES

Anglicans Voting in Fredericton For Representatives at Two Gatherings.

Fredericton, N. B., May 7.—Nominations of delegates to the provincial synod, which will meet here in June and to the general synod which will meet at London, Ont., in September were made at this morning's session of the Diocesan Anglican Synod session.

Twelve clergy and an equal number of laymen are being elected this afternoon from the list of nominations as delegates to the provincial synod, while six clergymen and an equal number from the list are being chosen to attend the general synod.

Bank Men Under Bond as Witnesses

Toronto, May 7.—G. M. Hart and Alex. TOURIST BOOST IS GROWING

N. B. Association Expects Membership of 1,500 by Next Month.

PRESIDENT CHEERY

C. C. Avar, Here Today, Declares Campaign Has Brought Results.

At the annual meeting of the N. B. Tourist and Resources Association here on June 4 it is hoped the secretary will be able to announce the membership of the association as exceeding the 1,000 mark as a result of the increased membership put on by the organization. This is according to an opinion expressed this morning by C. C. Avar of Sackville, president of the association, now in the city discussing plans for the coming convention with the secretary-treasurer, C. B. Allan.

"We have met with a wonderful response throughout the province to our appeal for more members," said Mr. Avar. "This is the first time in 20 years we have made an appeal of this nature, and the response given our campaign is most encouraging. It seems to me that the people of the province are realizing more and more the great possibilities bound up in developing tourist traffic."

Mr. Avar declared, had shown commendable co-operation in the campaign by handling the baby drafts for membership fees of charge. This was a big help, said the president. Newcastle, he was leading at present with 100 acceptances out of 120 appeals.

Mr. Avar said he recently was in Prince Edward Island interesting men there in a combined advertising programme this season. The island men seem to be planning and contracts already had been let for space in prominent papers, including Montreal, Ottawa, Toronto, and Buffalo, Detroit, Chicago and Buffalo. The copy now is being prepared.

For purposes of economy and in view of the holding of the annual convention at St. Andrews the middle of June, Mr. Avar says the sessions of the association will be devoted entirely to business. "We expect to have two sessions," he said, "one in the afternoon and one in the evening, at which we expect to save much wood. We intend keeping down expenses and spend every dollar possible on our advertising campaign."

Mr. Avar will leave tonight for Sackville. In company with Mrs. Avar, he plans to go on a European tour arranged by the Canadian Weekly Newspapers Association for this summer.

RECOGNIZES VALUE OF NEWSPAPER ADS.

Head of Well Known Ottawa Cleaning and Dyeing Firm Swings Contract

During the past few months many firms throughout Canada and the United States have come to recognize the value of newspaper advertising and have given up all forms of outdoor advertising in its favor. On April 19th it was announced that Florenz Ziegfeld, proprietor and producer of the series of "Ziegfeld Follies," had taken such a step and had decided to concentrate on newspaper advertising.

The famous Times Square electric sign advertising the "Follies," at an expense of \$50,000 a year, was ordered taken down, and this amount, together with \$75,000 from sixty-four billboard contracts, is to be diverted to newspaper offices.

In Ottawa the same trend of thought is noticed. Mr. C. E. Langley, head of the well-known dyeing and cleaning establishment on Bay street, has decided to adopt the plan of Mr. Ziegfeld. "After much experience, some of it fairly costly, we find that newspaper advertisements are away ahead of any other form of advertising, and the results are almost instantaneous compared with other forms of advertising. Henceforth all our advertising contracts will be made with newspapers," he told a Citizen representative. "Our business is growing more rapidly than we had even expected since we began newspaper advertising a few weeks ago."

Spanish Air Force Ordered to Assemble

London, May 7.—A Reuter despatch from Seville, Spain, says the war minister has ordered all military aeroplanes and the personnel of the Spanish flying corps to be ready for immediate departure for Morocco. The newspaper says that all leaves of absence have been suspended. The newspaper intimates that the order is a consequence of urgent despatches from Morocco reaching Seville by airplane.

NEWCASTLE FIRE COMPANY GOES

New One Named by Chairman But May be Opposed in Council.

(Special to Times-Star.)

Newcastle, N. B., May 7.—The following have been selected by the chairman of the park and fire committee as a new fire company, replacing the old company, dismissed at the last meeting of the town council: Chief, John Fallon; lieutenant, B. F. Maltby; secretary, William Ferguson; hosemen, Percy Russell, Percy Brown, William Stables, Alex. Haug, Frank Matchett, Frank White, Charles McCullum, James O'Brien, Roy Dickson, Robert Cassidy, A. J. Poot and Andrew McCutcheon.

Messrs. Fallon and Maltby were members of the company that was dismissed four years ago, the latter being chief at that time. It is understood that there will be some opposition to the present company when the matter comes before the council on May 15.

PRUSSIAN IS CHOICE AS LEADER

Hergt, Nationalist Chieftain, Makes "Some Reservations" on Plan.

BRITAIN HOPEFUL

Allied Conference on Reparations is Being Arranged for Early June.

BY CARL D. GROAT (United Press Correspondent)

Berlin, May 7.—Deputy Hergt, Nationalist leader, who within a fortnight will be invited by President Ebert to attempt formation of the next German cabinet, today pledged his party's support to the Dawes-Young plan "with some reservations."

In an interview with the United Press, Herr Hergt, a former Prussian Minister of the Interior, who recently rose to leadership of the powerful Nationalist group declared his followers would make only such concessions as it was "physically possible to meet." Certain reservations, he added, were "unrenounceable."

Will Not Sabotage.

The sum and substance of Herr Hergt's statement was that the Nationalists will not sabotage the expert's report.

A prerequisite to obtaining necessary Centrist and Folkpartist consent to cooperate in a cabinet headed by Hergt, if the Nationalist leader is to form a cabinet, the old coalition will be tried.

London, May 7.—(United Press.)—An inter-allied conference to give effect to the Dawes-Young report will very probably be held here early in June, according to present indications. The United States will be invited to a full conference immediately thereafter.

Allied Conference.

London, May 7.—(By Charles M. McCann, United News staff correspondent.)—The conference of the Allied powers to prepare enforcement of the expert's report on reparations will be held in London in June, according to present authoritative indications and the United States will be invited to attend.

If the U. S. accepts the invitation to send representative the extent of their powers will depend on the decision of the Washington government.

The conference probably will be held in the early part of the month. It is believed that this time was chosen when Premier Theunis of Belgium conferred here with Premier MacDonald.

Some time before the conference, Premier MacDonald will meet Premier Poincare. Their meeting is expected to take place about May 18, when Premier Theunis and Premier Mussolini of Italy will be conferring.

The Belgians also have acted as peacekeepers in the situation and have reassured the British regarding the part the reparations commission will play in working out the plan and the British now believe that the French will cooperate in settling details of the report, leaving the reparations commission to act as a sort of body of stewards. They will supervise the execution of the scheme, which will be largely automatic.

It is believed in authoritative circles that the question of inter-allied debts will not come before the conference.

ST. JOHN-HALIFAX NIGHT TRAIN

Service to Be Restored on May 18

Halifax, N. S., May 7.—The Council of the Board of Trade had a lengthy session here this morning with W. U. Appleton, general manager of the Atlantic region of the Canadian National Railways; A. W. Simpson, general superintendent; Mr. Stewart, in charge of construction; J. T. Halliday, district superintendent, and E. P. Elliot, port agent, regarding a number of matters coming under Mr. Appleton's jurisdiction.

Among other matters discussed, the re-installation of a 24 hour service between Halifax and Montreal was urged.

Mr. Appleton said that this was difficult, but that the board would be furnished with a report at a later date.

The restoration of the St. John night train was also discussed at the conference, and the general manager asserted that the nightly service would be restored on May 18.

C.N.R. MONEY FOR HOME BANK AT A CRITICAL TIME

Thornton Told Bell to Arrange Deposit if He Saw Fit.

Ottawa, May 7.—(Canadian Press).—Examination of Major Graham Bell, Deputy Minister of Finance, and a director of the C. N. Railways in regard to the million dollar deposit which was made by the railway with the Home Bank on May 29, 1923, and drawn out on June 2nd, featured today's sitting of the McKewen commission. James A. Yates, general treasurer of the company also gave information in regard to the deposit.

Major Bell's story was that following a meeting of the directors of the railway on May 21, 1923, when he was vice president of the Canadian National, he had been approached by R. P. Gough who asked if a deposit could be made with the Home Bank.

Major Bell said that he knew that Mr. Gough was a director of the Home Bank, but he did not know that he was vice president. He had told Mr. Gough that he would have to take the matter up with Sir Henry Thornton who was also in the Board room. Mr. Gough had walked over and spoken to Sir Henry about it.

"The president called me over and told me to look into the matter and arrange it if I saw fit," said Major Bell. Mr. Gough suggested a deposit of a million dollars, explaining that the bank required some money immediately, but that shortly after the first of the month more money was coming in.

Major Bell understood that the money was required for investment purposes, although he knew it was common practice for banks to try and build up their deposits at the end of the month.

He communicated with Mr. Yates, the general treasurer, and ascertained that a million dollars would be available for deposit on about May 28. Between May 21 and 25, said Major Bell, he received information that Mr. Gough was vice-president of the Home Bank.

"I thought we might be open to the criticism that we were favoring Home Bank on that account," said Major Bell. He had determined, however, that the deposit should be made over the end of the month, as he had promised Mr. Gough that it would be made, and he thought the bank was relying on receipt of the money. Therefore he had given instructions that the deposit be made, but that the money be withdrawn within four days.

Mr. Yates said that he had received instructions to make the million dollar deposit from Major Bell. He understood the deposit was merely a "temporary account," and that the money would be put in and withdrawn on a certain fixed date. He produced a voucher showing the deposit was referred to as a temporary special deposit. The transfer was made from the Bank of Montreal on May 29 and the money was withdrawn from the Home Bank on June 2. Mr. Yates produced a letter from Victor Scott, then manager of the Montreal branch of the Home Bank, in which he said: "Kindly accept our thanks for your goodness in this matter."

Examination of George Edwards, chartered accountant, was continued.

LABOR BUDGET IS LEFT UNCHANGED

London House Votes Four Times on the Amendments to Duties

The Conservatives, harping on their rejected schemes for imperial preference, proposed a ten year preference for sugar from the British West Indies and other possessions. If that were not acceptable, their speakers argued that at the very least the status quo of a little over four shillings preference per hundred weight ought to be maintained. Instead of Chancellor Snowden's proposed preference of a little under two shillings.

The House of Commons, however, supported the Chancellor, rejecting an amendment offered by Sir W. Mitchell-Thomson, to stabilise the preference on sugar at four shillings 3 pence, by 248 votes to 182.

The Government, with the support of the Liberals, had a slightly larger majority in defeating the other amendments. One of them was for a reduction in the duty on empire tea to 2 pence per pound, another to eliminate all duty on empire cocoa.

The hubbub of United States dumping so eloquently used by those who foresee a flood of automobiles entering England when the McKenna duties are lifted, was likewise utilized in the debate on sugar.

Indianapolis, Ind., May 7.—Returns for 1,968 of 3,409 precincts in Indiana yesterday showed Coolidge leading by 10,400 votes over McAdoo. The preference race for Coolidge 108,450; Johnson 18,112.

KING OF FORESTS' DAUGHTER DEAD

Newcastle, N. B., May 7.—(Special) Edward A. Ryder, freight clerk of the C. N. R., has been notified of the death of his daughter, Miss Edith Ryder, who was 24 years of age, and who had been in Montreal for several years. She was a prominent member of the "King of the Forests" Club, which is a feature of the community. It was managed and founded on lines originated by Miss Eaton, and with her own money.

She was also deeply interested in many of the welfare and social schemes in Calais and St. Stephen, especially in the library projects toward which she was a generous donor. Miss Eaton will be buried in St. Stephen.

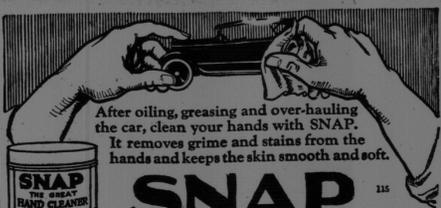

She is survived by one brother, Bradley L. Eaton, of New York, and several nephews and nieces, including Mrs. Guy Maruche, Charles F. Eaton and A. Taton, all living in Boston. Miss Eaton gave generously of her wealth to both individuals and to communities, and will be greatly missed, not only for her practical assistance, but for her sympathetic interest in the life of whatever circle she was identified with and these were numerous and extensive.

CITY LIGHTING

Although it was not planned by the Civic Hydro Commission to take over the lighting of Douglas avenue for a week or two, it was announced this morning by officials of the commission that that street would be lighted by hydro from now onward.

Trouble developed last evening on the circuit of the New Brunswick Power Co. that serves the Douglas avenue district and the street lights went out. The civic commission was notified and got their service into commission. Although relay switches had not been installed a temporary connection was made that served the purpose and Barry Wilson, engineer of the company, was called in to concentrate on the West Side by completing the street lighting plans for City Line.

The trouble in the Power Company line was straightened out today.

SPECIAL NOTICE FROM IMPERIAL

The extraordinary six-reel top-of-the-world scenic drama of actual life—no fiction about it at all—labeled "Naamook of the North" at the Imperial today and tomorrow cannot possibly be held over longer than the two days. After today's crowds see it there will be a lot of excited gossip and by Friday doubtless thousands will be regretting not having heard about it before. Then it will be too late to see it. The Imperial has taken extra space in the amusement columns to tell considerable about this Arctic film. Better read it. The actual story of the vast frozen north, something that even the North Pole hunters have never been able to bring back. Filled with excitement and appalling grandeur, to say nothing of the sporting tangle of salmon fishing, walrus hunting, fox trapping and polar bear quest. A Larry Simon comedy, "Trouble Brewing," will conclude the programme.

SPECIAL CATHOLIC CHURCH DAY

Catholics all over the world today are celebrating the solemnity of the feast of St. Joseph, foster-father of the Saviour and patron of the Universal church. Special services were held in all the Catholic churches of the city. At the Cathedral solemn high mass was sung. Rev. Raymond McCarthy was celebrant, and he was assisted by Rev. Roy McDonald, deacon, and Rev. Eugene Reynolds, sub-deacon. Father McDonald delivered a masterful sermon on St. Joseph.

Every Age Sandals

Fadefless color they have and caprice of trim, but above all long wear and healthy shaping.

From tiny tot to big girl taking grown-up sizes, there's a Red, there's a Green, there's a Smoked Elk plain or with Mahogany strips, there's a Patent. Real leather counters to keep the shape, sturdy and flexible lasts to encourage a correct arch and natural growth.

Chrome tanned leather bottoms that last out beyond any other. Layers of them, and rubber heels.

The comforting thing about good Sandals and Scufflers is they are nice to run around in, nice to look upon, and when of the F. & V. class, dependable in every way.

THEY WANT ONE, TOO.

Some of our people who lose their sense of proportion once in a while and who are disposed to say that the United States enjoys all sorts of blessings which we lack, will be surprised to note that the Republic is talking about copying the great British Empire Exhibition at Wembley, and for the express purpose of reviving the spirits of the American people.

These ports will be long content to permit the diversion of traffic to alien harbors as surely reckoning without their host.

A DEFIANT NOTE.

The demand of the Pan-German League that the Allies shall be defied, "that Germany's feet be invited to do their worst" was something more than a mere election gesture.

The election manifesto of the Pan-German League was couched in vicious and inflammatory terms, and those behind it undoubtedly hope that the coming elections in France may lead to outbursts of passion, and perhaps to such violence as may produce the confusion and delay which Germany always believes likely to divide the Allies and postpone her day of reckoning.

The League openly declares that parliamentary government must be suppressed, that a dictatorship is needed, and that refusal of all payments to the Allies is the right course.

It is a good suggestion, all the better because of the frank recognition of British enterprise and foresight which it contains. The United States of all nations engaged in the war escaped most lightly, and, all nations concerned, that country profited most in the material sense from the war.

Wembley spells courage and optimism in the Empire. It is the right note. And in the Empire there is no country whose prospects today are better than Canada's.

THE PORTS.

"Vancouver, I am told, has a very active Board of Trade, whose plan is to pay frequent visits to the Pacific Provinces and keep in touch with the shippers, and in this way secure an increasing share of business for the port."

So says Mr. J. H. Sinclair, a director of the C. N. R., who has just returned from an extended tour in the West. Interviewed in Halifax he said, further:

"I am also much pleased to learn that Vancouver is not to have all the prosperity, but that there is a good prospect that 1924 may turn out to be a banner year for Halifax."

As to Vancouver there is, no doubt, much in what Mr. Sinclair says, and we trust sincerely that he may be right as to the prospects for a banner year for Halifax, though many will wish he had gone into particulars and explained upon what grounds his statement is based.

We in the Maritimes cannot afford to wait from year to year in order to learn how much such predictions will amount to in actual traffic. The Panama Canal gave Vancouver a great trade, which will increase. The enterprise of Vancouver has, in some degree at least, resulted in profitably capitalizing the opportunity which the opening of the canal presented.

THEY DON'T CARE.

Voters of Quebec city should win the prize for the most notable exhibition of apathy at the polls for 1924. On the issue of the election or appointment of a mayor and daylight saving, it is reported, "barely one-third of the voters registered their ballots."

A warning to Canadians who may be thinking of going to the United States to seek work is given by the Amherst News: "If the News can judge from letters we have seen or have been told of from former Amherst people who have gone to the United States, the old place at home is looking as attractive to them just now as did the distant pastures."

"The Government should aim at making easier the tax burden of the man of small income and at leaving a larger portion of his earnings of business companies where they can be employed in extending their operations," says the Calgary Herald in discussing Dominion taxation.

reported to have said that the army of customs officers along the boundary are a source of international trouble. Many a woman who crosses the boundary finds them an annoyance. They will go looking for dutiable goods. Just as though any Canadian or American woman would descend to smuggling!

A Paris Journal quoted by the London Morning Post gives this little estimate of the Soviet government's efforts to bring peace and happiness to Russia: Executions: of bishops, 28; of priests, 1,215; school masters and professors, 6,775; physicians, 8,300; officers, 54,650; soldiers, 200,000; police officers, 16,500; policemen, 48,500; land workers, 12,500; intellectuals, 385,250; workmen, 193,350; peasants, 615,000.

The Ottawa Journal says: "In suspending a sentence of twenty-five lashes upon a Montreal bank robber, Mr. E. J. McMurray, Solicitor-General, may have acted unwisely, but his action does not call for the somewhat hysterical and almost bloodthirsty attacks that are being heaped upon him by the Montreal press."

Press Comment

EASY. (New York Times.) The leadership of Timpany Hall is now open to any ambitious young man who is willing to start at the bottom and stay there.

THE HARVEST OF THE FORESTS

The forests of this country, like its water powers, may be made the basis of unending industries. It is only the folly of man that forests are destroyed. They can be so conserved as to yield an annual harvest in perpetuity. The special efforts now being made to impress this upon the minds of the young people of Canada are most commendable.

HARD TO BEAT.

It is a bad sign that so many leaders of the Democratic Party are thumbing their noses at the index. They boast that they are sure of carrying the Presidential election this year. You ask them who their candidate is to be, and they say it does not matter. Anybody can win. You ask them on what platform he will stand, and they reply that one of but a single plank will do the business: "Turn the Rascals Out."

THE SOLDIERS' PENSIONS.

By the Pension Act of 1919, those ex-soldiers who had been permanently disabled in the great war were granted a pension of \$600 a year. This was found to be insufficient for the support of a totally disabled man, and in 1920 a bonus was added, raising the sum to \$900. From year to year this bonus has been extended, but it will lapse in September unless at the present session of parliament action is taken to continue it.

"The Government should aim at making easier the tax burden of the man of small income and at leaving a larger portion of his earnings of business companies where they can be employed in extending their operations," says the Calgary Herald in discussing Dominion taxation.

The officers were chosen at the meeting held Monday night, and the entire session yesterday afternoon was taken up with the election of committees which resulted as follows:

In addition to the officers, the following were chosen for the executive board: Andrew Craig, C. H. Stevens, Sr., John Newman, James Sharp, Thomas Swain, Patrick O'Keefe, Fred Mahoney, Thomas Harvey, William Carlin, Herbert Churley, J. J. Donovan and James Powers.

LECTURES ON GERMANY.

Under the auspices of the Young Men's Society of the German street Baptist church, Rev. Dr. David Hutchison last night repeated his illustrated lecture, "Germany Without the Kaiser and the War Lords," before a large audience in the Baptist Institute, German street. Dr. W. F. Bonnell was chairman. The hearty thanks of his audience were extended to Dr. Hutchison on the motion of Harry Magnusson, seconded by Frank Lewis and spoken to by W. C. Cross.

COUNCILLORS FAVOR DIGBY HOSPITAL

Digby, May 6.—A delegation composed of the medical men of Digby appeared before the Town Council last week and outlined the scheme to start a semi-private hospital in Digby at once. The medical men received a sympathetic hearing and after considerable discussion Coun. Anderson moved that "the Town Council place itself on record as being in full sympathy with the project of a local hospital, and that the Mayor, town clerk and finance committee be representatives from the Town Council on the board of management." This was carried unanimously.

GIVE REASONS FOR STRANDING SHIP

Ottawa, May 6.—"Unexpected and unforeseen effect of tide" and "error of judgment on the part of the pilot" are the causes given for the stranding of the S.S. Cornishman in the St. Lawrence River on April 23 by the court of inquiry. The findings of the court were announced by the Department of Marine and Fisheries here today.

Here's What We Do With The Money We Earn In St. John.

- Of every dollar of revenue which the New Brunswick Power Company received in the year 1923— 6.3 cents went to the City for taxes, snow removal, street paving and water rates. 1.5 cents went to the Federal Government for income tax. 3.0 cents went for Provincial and other municipal taxes, or a total of 10.8 cents, in every dollar, went to these three centres of civic, provincial and federal taxation. If, like Hydro, we did not have to pay these taxes, we could supply you with electricity at a much lesser rate than Hydro does. 31.0 cents, in every dollar, went to the citizens of St. John for wages. 34.0 cents went to operating expenses and depreciation—not including wages. The vast majority of the monies thus expended were spent in Canada and, whenever possible, in St. John and the Maritime Provinces. 10.5 cents in every dollar went for bond interest. They are 5 per cent. bonds and even the City of St. John could not borrow at a lower rate than this. 7.0 cents in every dollar went for dividends on our first preferred stock—and please remember that our local shareholders received no inconsiderable portion of this. The balance went to the investing public—that same public from whom the City of St. John borrows its money. 6.7 cents in every dollar earned, represents our surplus for the year and you, our fellow citizens and customers, are sharing in this through our reduced rates for electricity, gas and car fare—as are our motor-conductors whose wages we increased on May 1st. Here, then, are the cards all on the table—and face up. The Company is under new ownership and new management and ask honest consideration. By buying your electricity from us you are truly supporting a local industry which lives and spends in your midst. And EVERYBODY benefits.

Y.M.C.A. HOLDS 57TH ANNUAL MEETING

Reports Show Good Work Done—Auxiliary Serves Banquet.

A marked feeling of optimism prevailed at the 57th annual meeting of the Y. M. C. A. held last night at the association building.

At the opening of the business session the following five were elected directors to serve for three years: F. W. Girran, John MacKinnon, J. E. Angvine, Harold Vincent and E. Clinton Brown.

Foreign Work

The foreign work feature had been characterized by the chairman of the Canadian foreign work committee as one of the most influential movements in the world today.

Boys' Work

Good work had been done and the efficiency of boys' work greatly increased. The programme in the boys' work department had been much more extensive, and the response by the boys greatly increased.

Religious Work

The report expressed gratification that it has been possible to greatly strengthen the religious work. Only as this feature of Y. M. C. A. activity was built up would the association be fulfilling its purpose as an association.

Physical Department

The work of the physical department continued to occupy the large place it always held in the association life. The policy of last year in emphasizing the regular class work had been continued with ever-increasing results.

Financial

A remarkable campaign was held and the association had been able to reduce accrued liability by \$1,000.

Ladies' Auxiliary

It was hard to find words to express appreciation to the Ladies' Auxiliary for the help they have given to the association.

Mayor Potts Speaks

Mayor Frank L. Potts gave a short address, expressing his pleasure in being present.

Many, many letters similar to the following recommend the Vegetable Compound as a wonderful medicine for bringing the mother back to normal health and strength. It is an excellent restorative, contains no harmful drugs and may be taken in safety by a nursing mother. Thousands of mothers who have regained their strength by taking it are its best recommendation. Why not take it yourself?

**Could Not Gain Strength**  
Bury, Quebec.—"I have had great help from Lydia E. Pinkham's Vegetable Compound and I am a different woman now. I was very sick before my first child was born. I did not get my strength back afterwards, and he did not stay with us long. I took Lydia E. Pinkham's Vegetable Compound for three months before my second child was born, and have taken it occasionally ever since. My doctor had said that medicine would not do me much good, but my nurse wished me to try the Vegetable Compound, so I did. I do not go without having it in the house now and I am looking well and feeling fine. I do all my work, sewing and all."—Mrs. JOHN SIMPSON, Box 555, Bury, Quebec, Ontario.

were almost blinded by its beauty. The roads were paved with amber, the fences were made of onyx, the very pebbles were moonstones, and the houses were made of gold.

The palace itself was built of a hundred kinds of gems which flashed and sparkled in the sunlight.

Sinbad the Sailor, now a rich prince, sent word for them to come in at once when they arrived.

So the three visitors sat down on a pile of silk cushions and tried to feel as much at home as they could. "I'm so glad you came," said Sinbad hospitably. "I was just wondering to whom I was going to tell my adventures today. I've told my story to so many people there is hardly any one left who hasn't heard it. What would you like to hear about? The time the giant bird threw a rock on my ship and wrecked it, or the time I was left in the Valley of Serpents (each of them big enough to eat an elephant), or the time I got lost in the diamond valley and tied myself on an eagle, or the time I nearly starved on a desert island, or the time I—"

Mister Muggs looked at his watch. "If we listen to all your adventures, oh, most gracious prince, we wouldn't be home until time for the movies on Saturday night, much as we should enjoy staying."

"Well, then," laughed Sinbad, who was as good-natured as he was rich, "I'll tell you about the Little Old Man of the Sea."

"Oh, yes, you'd love to hear that," cried the twins, pulling their cushions up nearer.

"Well," said Sinbad, "I was lost on a desert island, on one of my travels, when suddenly across a little stream I saw some trees hanging with delicious fruit. I was about to cross when a little old man appeared and begged me to carry him over."

"I picked him up and he sat on my shoulders, crossing his legs under my chin as though to choke me."

"Now," said he, "you must carry me around all the rest of your life!"

"Oh, no, I'll not," said I, "nothing of the sort. I'm not in the taxicab business."

"But do you know the more I struggled the tighter he held, and I couldn't shake him off."

"Some sailors happened to land on the island for drinking water, and the Old Man ran off, or I suppose I should be carrying him yet. They brought

You Can Eat Anything You Like And Not Have HEARTBURN

In all cases of heartburn there is a gnawing and burning pain in the stomach attended by a disturbed appetite, as when too much food is taken into the stomach it is liable to ferment and become extremely sour, vomiting occurs, and what is thrown up is generally sour and bitter. When you are in this condition you will find that Milburn's Laxa-Liver Pills will give you relief right away.

Mr. Joseph H. MacDonald, Christmas Island, N. S., writes: "Two years ago I suffered all the time from heartburn. I took one vial of Milburn's Laxa-Liver Pills and have never been troubled since."

It is very nice to be able to eat anything you like and not have heartburn any more."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FABLES ON HEALTH Building the Nursery

A nursery! Of course there would have to be one now that a baby had arrived in the Mann house.

Mr. Mann wondered why he hadn't thought of it sooner and started going from room to room trying to figure which one to choose and how best to fix it up.

Changes of clothing should be easily available, and a mother may be saved many steps by careful arrangement of drawers containing necessities.

Daily airings and sunnings should be given the room. Do this when the baby is out riding in the carriage, and see that the room is warmed when the baby returns.

MAN DROWNED IN SAINT JOHN RIVER

Beauceville, Que., May 6.—Joseph Lessard, a young resident of this parish, and the father of three children, was drowned yesterday afternoon on the St. John River near the border while engaged in floating logs.

The young man jumped from a group of logs to another and slipped into the river.

CHIEF OF POLICE IN DIGBY RESIGNS

Digby, May 6.—Harry A. Hersey, chief of police and inspector under the Nova Scotia Temperance Act, tendered his resignation to the Town Council last week to take effect May 1. The resignation was accepted by the Town Council. A successor is being sought.

### Social Notes Of Interest

Mrs. W. G. Estabrooks, 40 Seelye street, was at home to more than 200 guests yesterday afternoon at her residence. Her pretty home was a veritable rose garden with snapdragon intermingled, the Ophelia rose shades being supplemented by yellow and pink snapdragons artistically arranged. Mrs. Estabrooks received her guests wearing a handsome new model gown of American Beauty georgette with grey velvet oversleeves, the long sleeves of georgette falling to her skirt hem in Grecian effect. A Spanish comb, in her hair, supplemented a tasteful costume. Mrs. Frank Fales, mother of Mrs. Estabrooks, wearing a handsome gown of black Canton crepe with white Spanish lace scarf and hat with white and black, and Mrs. John R. Cowan, wearing a black Canton crepe with emerald and black hat softly draped with lace, presided over the pretty tea table, which was centered

with a large silver basket of Ophelia roses, a smaller basket being placed on the buffet. Mrs. Fred T. Barbour, in a smart costume of navy blue with grey and hat to match, ushered the guests. Little Marjorie Warwick and Helen Estabrooks, daughter of the hostess, opened the door.

Those assisting in the dining room were Mrs. Fred P. Elkin, Mrs. Ralph Fales, Mrs. Harry Warwick, Mrs. J. W. McAlary, Mrs. Harry Fales, Miss Wilhelmina Goodwin, Miss Alice Bell, Miss Frances Smith and Mrs. Harold Wilson.

Mrs. W. F. MacIntyre is in Boston, the guest of her son, Mr. Willard MacIntyre, and Mrs. MacIntyre.

Mrs. N. C. Scott, Douglas Avenue, has had for visitors her nephew, Dr. Frank E. White and his daughter, Miss Frances White, of Milford Mass. They were here to attend the funeral of Dr. White's father, C. W. White, of White's Cove, and left last evening for their home.

Miss Ella Clark, daughter of Mr. and Mrs. D. C. Clark, West St. John, returned yesterday from Palo Alto, Cal., where she spent two months with her parents and sister, Miss Hazel Clark, B. A. Miss Clark was called to the

west in February owing to the illness of her mother. When Mr. Clark and Miss Ella left Palo Alto a short time ago Mrs. Clark was in better health but not inclined to come home just now, as the equable climate of Palo Alto is the only dressing.

Beauty  
A Gleamy Mass of Hair  
35c "Danderine" does Wonders for Any Girl's Hair

Girls! Try this! When combing and dressing your hair, just moisten your hair brush with a little "Danderine" and brush it through your hair. The effect is startling! You can do your hair up immediately and it will appear twice as thick and heavy—a mass of gleamy hair, sparkling with life and possessing that incomparable softness, freshness and luxuriance.

While beautifying the hair "Danderine" is also toning and stimulating each single hair to grow thick, long and strong. Hair stops falling out and dandruff disappears. Get a bottle of delightful, refreshing "Danderine" from any drug or toilet counter and just see how healthy and youthful your hair becomes.

with 2 tablespoons mayonnaise, 1 cup cream of bean soup, 1 broiled herring with lemon butter (2 tablespoons), 4 tablespoons shoestring potatoes, 4 tablespoons string beans, 1 cup dandelion salad with 2 tablespoons mayonnaise, 4 tablespoons shoestring potatoes, 2 tablespoons whipped cream, 1-6 rhubarb pie, 2 tablespoons croissants, 2 bran rolls, 1 pint whole milk, 4 tablespoons butter, 1 tablespoon sugar for grapefruit.

Total calories, 3779. Protein, 421; fat, 1391; carbohydrate, 1967. Iron, .0198 gram.

The cornmeal pancakes should be made with two eggs as no pure protein dish is provided for this breakfast.

The codfish balls are made with shredded salt codfish, mashed potatoes and egg. This makes up the required protein in the menu.

The open vegetable sandwich is practically the same with the exception of the salad dressing and butter on the bread. Arrange wheat or white bread can be used as preferred.

If old potatoes are used for the shoestring potatoes, let them stand in very cold water for a half hour after "stringing." Then drain and fry in deep hot fat.

The same breads are used in the reducing diet, but plenty of butter should be included if you are gaining and sweets as desired. Raisins and eggs are not used in the reducing breads.

### IN AID OF CAMP FUNDS.

The Girl Guides and Boy Scouts of Trinity church, presented an excellent entertainment in the schoolroom of the church last night in aid of their summer camp fund and had a large and appreciative audience. Mr. and Mrs. C. Regan opened the programme with a duet. A Girl Guides drill followed, in which there were camp fire songs and a recitation was given by Miss Kathleen Stewart. Trinity Boy Scouts first aid team gave a demonstration of first aid work. Clinton Regan, former assistant scoutmaster, gave some Scotch songs with Mrs. Regan as accompanist. A woods scene was shown in the first part of the programme and after the scene "Gift of the Magi." Some smart work in signalling followed and the final number on the programme was some pyramid forming by the Boy Scouts. During the year \$102 was collected and \$130 paid out for benevolent purposes, including \$40 given a poor family, \$40 for flowers for the sick, a donation to the Armenian Relief and other philanthropic work. The election of officers resulted as follows: Teacher, Miss Jessie Hartt; vice-president, Miss Stella Denning; secretary-treasurer, Miss Nora Cameron; assistant secretary-treasurer, Miss Hazel Maxwell; convener of social committee, Miss Gertrude Belys; convener of sick and visiting committee, Mrs. William Ring; convener of flower committee, Miss N. Cameron; assistant, Miss Carol Seelye. A social hour and music were enjoyed and dainty refreshments served by the hostesses.

### SUNSHINE CLASS MEETS.

### Ways of Raising Needed Funds Discussed by Board of Directors

The great need for the work of the Victorian Order of Nurses in St. John and the very large proportion of cases that must receive free care formed the subject of discussion at the meeting of the Board of Directors of the V. O. N. yesterday afternoon in the rooms of the Bible Society. Hon. J. G. Forbes, president, was in the chair. The society is in need of funds and ways and means were considered. A tag day is to be held but will not take place till September.

The report of Miss D. Coates, superintendent of nurses, told of 1,024 bedside visits and 832 child welfare visits made in April, when there had been much sickness. It was a busy month for the nurses. They also conducted 16 well-baby clinics with large numbers attending. The North End clinic is now established in its new quarters in the Y. M. A. hall, Portland street. Dr. W. E. Rowley has taken charge. The babies being cared for under the free milk fund had been reduced to 66, four having been taken of the list in the last week. It was impossible to reduce the list further. As the fund provided for two sets of twins and the quadruplets it was sending milk for eight babies to three families, 42 quarts of milk each week going to these three families alone.

## Revolution in Dry Cleaning

New Process and Plant with thousand dollar filter gives St. John the finest east of Montreal. Cleansing fluid kept constantly purified—so clothes get a fresh rinse steadily—at New System Works.

PICTURED ABOVE is part of the new equipment in the just completed concrete Dry Cleaning plant of the New System Laundry. Especially does the thousand dollar filter render all other Dry Cleaning obsolete—for as fast as the fluid purifies your garments, so is it in turn purified continuously. Cleaner Dry Cleaning can be expected for the simple reason that the garments are bathed in an always fresh, clean and perfectly pure fluid. Contrast this with the old way of occasional changes of rinse, and the difference in the result is readily seen.

This expensive and far better service will cost no more to you. The extra business that this exclusive improvement will bring the New System, together with the satisfaction of doing the cleanest Dry Cleaning east of Montreal will repay them for the heavy cost of their new plant and process, of which the filter alone came to well over a thousand dollars.

From three provinces Dry Cleaning is sent to the New System Laundry. City orders are called for and delivered within two days, and may be left either at the Phonograph Salon, or telephoned to Main 1707.

Eight Are Killed When Speeding Train Hits Automobile

FIVE OF ONE FAMILY VICTIMS

Returning After Visit to a Farm, Had Nearly Got Over Crossing.

8 KILLED OUTRIGHT Mother and Little Boy Dead on Pilot of Locomotive.

Amsterdam, N. Y., May 7.—Eight persons were killed, six of them outright, when the first section of the 20th Century Limited, westbound on the New York tracks, struck an automobile on Degraff's crossing, a mile east of this city, last night. The dead—John M. S. Acee, 45, Amsterdam clothing merchant. His wife, Emeline, 39. His sons, Thomas, 5, and Joseph, 10 months. His daughter, Julia, 14. Mrs. Schabada Harb, 26, of Utica, sister of Mrs. Acee. Her daughter, Mary, 3. David Spirono, 40, Amsterdam. The Acee, with Mrs. Harb and her daughter, had been visiting at the farm near Degraff's crossing. On the way home their automobile, an enclosed car, virtually had cleared the tracks, when the locomotive caught it. Mrs. when the locomotive struck and carried almost into the city before the train could be stopped. They were dead when removed from the pilot. The woman's body was mangled and the boy's neck was broken. Acee, his other children and Spirono were killed outright. Mrs. Harb and her daughter were picked up living, placed in an automobile and started for the hospital, but died en route.

MAJORITY REJECT HYMN SINGING

Presbyterian Vote in United States is in Favor of Psalms.

Pittsburg, May 7.—Members of the United Presbyterian church in seventy presbyteries have voted to continue singing psalms only. Those voting in favor of psalms numbered 659, while 622 voted to include hymns. Church leaders said the ballot was so much complicated that probably the general assembly would simplify the questions involved and order a new vote taken. Fifty-eight American presbyteries have a slight majority for hymns, but this was offset by the heavy vote for psalms in eleven foreign presbyteries. A large majority was given the revised articles of faith, but the preamble, giving the new creed precedence over the Westminster Confession and other creedal documents, was rejected, 611 to 692.

8 NEW MEMBERS ELECTED TO G.W.V.A.

The regular monthly meeting of the local branch of the Great War Veterans' Association was held in the association hall, Wellington road, last evening, President S. C. Tippett was in the chair, and there was a good attendance.

The reports of the various committees showed satisfactory progress in the different phases of the association work. The sports committee's report on the progress of baseball plans was particularly well received and indicated that the association would be represented by an exceptionally strong team in the N. B. professional baseball league opening May 24. Eight new members were accepted and the finance report showed a material gain during the last month. Among the association activities announced as slated for the near future were the Provincial convention in Chatham on June 10, and a public lecture under the auspices of the association by Canon Scott, national chaplain of the G. W. V. A., early in June.

Minister Welcomed

NEW MINISTER IN WEST END GREETED

Reception is Held by People of First Presbyterian Church.

The congregation of the First Presbyterian church, West St. John, held a reception last night in honor of its newly appointed minister, Rev. W. McNeil Matthews, and Mrs. Matthews. The hall of the church was prettily decorated in red and there was a large gathering present. Among the visiting clergymen were Rev. R. Moorhead Legate, of Knox church; Rev. Hugh Miller, of St. David's; Rev. W. M. Townsend, of St. Andrew's; Rev. T. Clark, of Fairville Baptist; Rev. F. T. Bertram, of the Carleton Methodist church; Rev. W. A. Hobbins, of the Ludlow street Baptist church; Rev. C. R. Freeman, of the Charlotte street Baptist church. Each of the visiting ministers extended a cordial welcome to Mr. Matthews. He replied appropriately. J. R. Cameron was the chairman for the evening and, on behalf of the congregation, he extended a cordial welcome to Mr. Matthews and then presented Rev. W. M. Townsend a handsome club bag, the gift of the congregation as a mark of appreciation of his services as interim moderator. Mr. Townsend replied briefly. A musical programme was given in which there was an anthem by the choir, a solo and duet by J. Percy Crookbank; a vocal trio by Mrs. Murray Long, Miss Marjorie Long and Miss Marion Stevens, and selections by the quartette, Murray Long, Percy Plewelling, Hugh Osborne and Foster Fowler. Delicious refreshments were served, the ladies nursing being Mrs. Walter Brown and Mrs. John Montgomery. The members of the Young Ladies' Club served. Those replenishing were Mrs. D. W. Newcombe, Mrs. A. W. Fraser, Mrs. Dunce, Major H. W. G. Livingston, Mrs. Thomas Rippey and Mrs. T. S. Jones.

BELIEVE ST. JAMES EQUAL OF EPINARD

Victory Over Zev Increases Confidence of American Turfmen.

That the United States will have another able defender against the invasion of the great French four-year-old Epinard was demonstrated by the superior form exhibited by George D. Widener's St. James in the running of the Pannook on the opening day of the New York racing season at the Jamaica course. Among others, he hoped to measure strides with the victor from overseas most possess. That the season will develop other three-year-olds of quality is certain, in the opinion of expert horsemen, who say that the current year is notable for the number of colts of class that are in training at this time hereabout. There was much gratification among those who had the interests of the sport at heart in the success of the two-day meeting of the United Hubs Racing Association. Under the leadership of President John McE. Bowman there was a distinct improvement in the attendance, which on the opening day exceeded the figures for any amateur meeting that can be recalled in this country. The sport itself was good. Owners and trainers not only entered their horses, but what was far more important, sent the into the post. It is evident that a new spirit is making itself manifest in connection with amateur racing, and it is felt that those who can and should help this branch of the turf will do their part in the future. It is from the ranks of the amateurs that most of the best recruits for racing and the breeding industry come. Many individuals get their first liking for the turf through a day of amateur sport at some hunt meeting where the environment carries an appeal that is thoroughly wholesome. A great force for good comes from such meetings as those of the United Hubs, the Essex Foxhounds, the Meadow Brook, White Marsh, Myopia, Rose Tree and other amateur organizations in various parts of the East. Races like the Maryland Hunt Cup, recently won by Mr. Ewing's Daybreak, are the finest kind of stimulant for the turf and bloodstock breeding. Contests like that bring out the qualities most desired in the thoroughbred. The course over which the race is run annually is a trying one, some of the fences being in the neighborhood of five feet in height. The most intrepid and skilful amateurs in the United States are in the saddle year after year, and many an owner would rather win the trophy, which is the sole prize at stake, than score in some of the big steeplechases run at Belmont Park, Saratoga, Aqueduct and Pimlico, with their values of \$10,000. There is unprecedented interest in blood-stock breeding everywhere. A programme of racing is well under way that is furnishing recreation to immense crowds in New York, Maryland and Kentucky. With the Federal Remount Service unable to meet the demand of the farmer and general utility horse breeders of the country for thoroughbred sires, the turf of today takes on a revitalized importance.

HAND BROKEN AND FIGHTS CANCELLED

New York, May 6.—Paul Berlenbach, sensational New York middleweight, suffered a broken hand in his bout against Harold Abbott at Madison Square Garden last Friday night and as a result has been forced to cancel two future fights. Examination of the hand immediately after the fight failed to disclose a break, but an X-ray report today revealed a fracture.

A Battle In the Wilderness

PREPARE FOR THIRD ASSAULT ON WORLD'S HIGHEST PEAK

British Expect to Scale Mt. Everest—Race With Monsoon.

London, May 7.—(United Press)—Out in the cold and wind and crags of the Himalayas, thirteen explorers are pushing forward in final preparations for the third British assault on Mount Everest, the great, unconquered Goddess Mother of the Snows, whose head is the highest ascertained point on the surface of the globe. In a cast of the annual southwest monsoon, the schedule for this year's attempt was advanced nearly two months on that of the second expedition of 1922. The party two years ago was balked by gales and rains, resulting in physical exhaustion, after it had climbed to within a half mile of the summit. Several experienced members of this year's expedition were in Darjeeling as early as March 1. By the last week in March plans had been made for the regiments much below. He expects, therefore, to direct operations from a base camp about three-quarters of the way up. Accompanying General Bruce are five other veterans and seven new members. The old-timers are Major E. F. Norton, second-in-command; George Leigh-Malloy, Dr. T. Howard Somervell, Captain Geoffrey Bruce, transport officer, and Captain J. B. Nye, photographer and cinema operator. The first three named broke the world's climbing record two years ago by reaching 29,855 feet. Captain Bruce had seventy-five coolies with him on the previous attempt. The mulemen play a big part in the success of a venture such as this, and these are selected from among natives who work regularly seven months of the year carrying wood from Tibet down to Kalimpong. They are men who understand thoroughly the art of unloading and driving mules. When General Bruce returned after his former venture he paid a night tribute to these native assistants. "I do not think ever before in the history of Himalayan exploration," he said, "have men been called on to do harder or even as hard work. I think their performance was absolutely without precedent. The track itself was very rough, the elevation was very great and yet these men put a full month's stores into these camps (four or five, ranging from 16,500 to 21,000 feet up) sufficient to keep twelve Europeans and fifty of themselves. They also carried the great oxygen outfit, tents and Alpine equipment, and an immense mass of stuff. Furthermore that, as soon as those camps were established they moved what was required to form the base at Chang La, Camp 4, and from there carried loads for the first climbing party to 25,000 feet. I may point out that only on one occasion before has a camp been slept in for one night at 25,000 feet. The camp on Chang La was continually occupied by quite large parties, as mountaineering parties go.

T. P. REGAN HEADS AUTO ASSOCIATION

Re-elected President of N. B. A. A. at Annual Meeting Last Night.

TOURIST CAMPS Matter is Considered—Plans for Good Roads Meeting Discussed.

The annual meeting of the New Brunswick Automobile Association was held last evening in the Board of Trade rooms, T. P. Regan, K. C., president, in the chair. The members present occupied themselves with three matters—routine business, election of officers and a presentation to the president at the close of the election. J. Charlton Berrie, secretary, reported that 94 had joined the association last year, thus bringing the enrollment up to 381. The president then suggested that it would be a good plan for every member to encourage a friend to join, stressing the point that there was strength as well as safety in numbers. He said that there were at least 17,000 motorists in the province he could not understand why the association should not have a membership of 7,000 or 8,000. Commissioner Wigmore endorsed the remarks of Mr. Thornton as regards the parking places. He said that he himself was more interested in camping places for tourists and suggested that places on Mahogany road, the Spruce Lake road and one in the rear of the grandstand at the exhibition grounds could be conveniently utilized by tourists. They could be prepared for use at small expense and in every case water was available and sewerage installed. Mr. Regan appointed Commissioner Wigmore, F. A. Dykeman, R. D. Paterson and J. C. Berrie to compose a committee to inquire about likely places. They will report to the executive and the latter will proceed with the formation of parks if it is all possible. Officers Elected. The election of officers for the ensuing year was then held by the following grandstand: President, T. P. Regan, K. C., St. John; first vice-president, R. Downington Paterson, St. John; second vice-president, R. G. Lee, Fredericton; third vice-president, E. W. Givan, Moncton; fourth vice-president, Hon. J. E. Michaud, Edmundston; fifth vice-president, Max Fuller, Cambridge; chairman of legislative committee, Hon. Dr. W. F. Roberts, St. John; chairman of Good Roads committee, C. T. Green, St. John; chairman of finance committee, J. D. McKenna, Sussex; G. Fred Fisher, St. John; Commissioner, W. Wigmore, St. John; G. E. C. Ganly, St. John; Howard G. Common, St. John; J. D. McKenna, Sussex; J. M. Wood, Sackville; John S. Martin, Chatham; secretary-treasurer, J. Charlton Berrie. Immediately after the election of officers the secretary read a reply letter by him in answer to a letter sent to the secretary of the Canadian Good Roads Association, stating that a conference of this association would be held at St. Andrews, June 24 to 27. Mr. Regan appointed F. A. Kinnear, F. A. Dykeman and J. C. Berrie as a committee of office of the Canadian Good Roads Association, etc. Mr. Berrie was instructed to communicate with the secretaries of the Nova Scotia and P. E. island associations and arrange for a Maritime convention at St. Andrews at the same time as the Good Roads Association convention. The business of the meeting completed, R. D. Paterson, in a happy and complimentary speech, presented to the re-elected president a gift in the form of a beautiful leather club bag, congratulating him on the fact that he had held the office of president for 12 years. During that time Mr. Paterson said, he had given of his best to the association.

Dr. Park Declares This Disease Soon Will Be Conquered.

WILL HALT MEASLES

New York, May 7.—Two of the most feared diseases of childhood, scarlet fever and diphtheria, have been conquered and will ultimately be eliminated, Dr. William H. Park, president of the American Public Health Association and Director of Laboratories of the Health Department, said in an address before the annual meeting of the State Committee on Tuberculosis and Public Health of the State Charities Aid Association. Dr. Park said that a serum has been found that will check measles and prevent the development of the infection. He predicted that measles would be conquered by serum treatment in much the same way that diphtheria has been checked by anti-toxin. Public Health and tuberculosis workers from fifty-four counties of New York State attended the meeting in the Hotel Biltmore. George F. Canfield, president of the State Charities Aid Association, presided. Dr. Park said that a serum has been found that will check measles and prevent the development of the infection. Commissioner Wigmore endorsed the remarks of Mr. Thornton as regards the parking places. He said that he himself was more interested in camping places for tourists and suggested that places on Mahogany road, the Spruce Lake road and one in the rear of the grandstand at the exhibition grounds could be conveniently utilized by tourists. They could be prepared for use at small expense and in every case water was available and sewerage installed. Mr. Regan appointed Commissioner Wigmore, F. A. Dykeman, R. D. Paterson and J. C. Berrie to compose a committee to inquire about likely places. They will report to the executive and the latter will proceed with the formation of parks if it is all possible. Officers Elected. The election of officers for the ensuing year was then held by the following grandstand: President, T. P. Regan, K. C., St. John; first vice-president, R. Downington Paterson, St. John; second vice-president, R. G. Lee, Fredericton; third vice-president, E. W. Givan, Moncton; fourth vice-president, Hon. J. E. Michaud, Edmundston; fifth vice-president, Max Fuller, Cambridge; chairman of legislative committee, Hon. Dr. W. F. Roberts, St. John; chairman of Good Roads committee, C. T. Green, St. John; chairman of finance committee, J. D. McKenna, Sussex; G. Fred Fisher, St. John; Commissioner, W. Wigmore, St. John; G. E. C. Ganly, St. John; Howard G. Common, St. John; J. D. McKenna, Sussex; J. M. Wood, Sackville; John S. Martin, Chatham; secretary-treasurer, J. Charlton Berrie. Immediately after the election of officers the secretary read a reply letter by him in answer to a letter sent to the secretary of the Canadian Good Roads Association, stating that a conference of this association would be held at St. Andrews, June 24 to 27. Mr. Regan appointed F. A. Kinnear, F. A. Dykeman and J. C. Berrie as a committee of office of the Canadian Good Roads Association, etc. Mr. Berrie was instructed to communicate with the secretaries of the Nova Scotia and P. E. island associations and arrange for a Maritime convention at St. Andrews at the same time as the Good Roads Association convention. The business of the meeting completed, R. D. Paterson, in a happy and complimentary speech, presented to the re-elected president a gift in the form of a beautiful leather club bag, congratulating him on the fact that he had held the office of president for 12 years. During that time Mr. Paterson said, he had given of his best to the association.

T. P. REGAN HEADS AUTO ASSOCIATION

Re-elected President of N. B. A. A. at Annual Meeting Last Night.

TOURIST CAMPS Matter is Considered—Plans for Good Roads Meeting Discussed.

The annual meeting of the New Brunswick Automobile Association was held last evening in the Board of Trade rooms, T. P. Regan, K. C., president, in the chair. The members present occupied themselves with three matters—routine business, election of officers and a presentation to the president at the close of the election. J. Charlton Berrie, secretary, reported that 94 had joined the association last year, thus bringing the enrollment up to 381. The president then suggested that it would be a good plan for every member to encourage a friend to join, stressing the point that there was strength as well as safety in numbers. He said that there were at least 17,000 motorists in the province he could not understand why the association should not have a membership of 7,000 or 8,000. Commissioner Wigmore endorsed the remarks of Mr. Thornton as regards the parking places. He said that he himself was more interested in camping places for tourists and suggested that places on Mahogany road, the Spruce Lake road and one in the rear of the grandstand at the exhibition grounds could be conveniently utilized by tourists. They could be prepared for use at small expense and in every case water was available and sewerage installed. Mr. Regan appointed Commissioner Wigmore, F. A. Dykeman, R. D. Paterson and J. C. # Gold-Seal Congoleum Week Begins Tomorrow!

**Bargain Prices**  
**During This Big Sale**

**H**UNDREDS of stores located in practically every city and town in Canada have joined in a great, nation-wide drive for brighter homes and lighter housework.

Beginning tomorrow and continuing through all next week, they will sell genuine, guaranteed *Gold-Seal Congoleum Art-Rugs* and Floor-Coverings at greatly reduced prices.

This great Congoleum Week Sale will enable those women who have not yet used Congoleum to prove for themselves, at very small expense, the labor-saving economy of this modern, sanitary floor-covering.

And, at the same time, it offers the thousands of present Congoleum users a rare opportunity to make additional purchases at bargain prices.

**The Stores That Will Save You Money**

All stores listed at the bottom of this page have joined in this nation-wide, money-saving event. Tomorrow and until the end of next week they will sell genuine *Gold-Seal Congoleum* at the bargain prices quoted here.

**Genuine Gold-Seal Congoleum**

All the *Gold-Seal Congoleum* offered in this sale is fresh, new goods, just received from the factory and is unconditionally guaranteed to give absolute satisfaction. All the new popular patterns are included.

If you have not yet used *Gold-Seal Congoleum Rugs*, read the following list of their advantages. Then you will understand their tremendous popularity among Canadian housewives.

**Beautiful, Harmonious Patterns.** Congoleum patterns are the most artistic you can possibly imagine. There are simple designs for kitchen and bathroom—elaborate effects for bedroom, dining-room, living-room and outdoor sleeping porch.

**Easy to Clean.** No tiresome sweeping or beating as with woven floor-coverings—a damp cloth quickly removes every speck of dust and dirt.

**Waterproof and Greaseproof.** The firm, seamless, sanitary surface is absolutely waterproof and rotproof. Even grease can be wiped up in a jiffy.

**No Fastening Required.** Congoleum Rugs are made all in one piece. They lie flat, and will not curl at edges or corners. No tacks or cement are needed.

**Economical.** *Gold-Seal Congoleum* is wonderfully durable. At regular prices it is a real bargain. At these special prices it represents unprecedented value.

**This Opportunity Is Limited**

Go see these beautiful, practical rugs at the stores listed below. Take advantage of this at once. Remember these bargain prices end on Saturday, May 17th. Regular prices will then be restored.

**MONEY VOTED FOR PRIZES IN SCHOOLS**

Six Chapters of I. O. D. E. Held May Meetings Last Night.

Six primary chapters of the I.O.D.E. held their May meetings last night.

**Lady Roberts Chapter**

The meeting of Lady Roberts Chapter was held at the home of Miss Constance White, Sydney street, with Miss Phyllis Kenney presiding in the absence of Miss Olivia Gregory. The chapter made plans for a dance to be held in the Venetian Gardens this month.

**Fundy Chapter**

Fundy Chapter again endorsed a resolution passed some time previously urging its members to purchase goods of local manufacture and whenever possible giving the preference to St. John, New Brunswick and Canadian goods. The chapter met at the residence of Miss Alice Fairweather, King street East, with the regent, Miss Alward, presiding. Miss Helen Colston gave the report of the provincial annual meeting. The chapter voted \$5 to the Maritime School for the Blind, Halifax; \$5 to the Boy Scouts Association and assistance in the nursing service for the quadruplets.

It also arranged to give the usual number of prizes for the East St. John, Glen Falls and Aberdeen schools and a flag chart for the Aberdeen school. Mrs. Heber Vroom, regent of Municipal Chapter, gave an appreciated address on the work of the order and on its war memorial. The hostesses for the social hour were Miss Fairweather, Miss Maud Lake, Miss Alice Hatch and Miss Pauline Baird.

**Valcartier Chapter**

Valcartier Chapter meeting was held at the residence of Miss Alward, Mount Pleasant, with Mrs. Hugh McLean, Jr., regent, in the chair. The chapter decided to increase the number of school prizes which it will give and voted \$25 to the Maritime School for the Blind. Gratifying reports were received from the rose ball and plans were made for the fall work.

**Royal Standard Chapter**

The meeting of Royal Standard Chapter was held at the residence of Mrs.

**In 1892**

we first offered the public our **"SALADA" TEA** Millions now use it with great satisfaction. Have you tried it?

James H. Frink, Elliott Row, with Mrs. T. E. G. Armstrong, regent, in the chair. The chapter voted \$100 to the I.O.D.E. War Memorial Fund, \$25 to the School for the Blind, Halifax; \$10 to the Boy Scouts Association and two uniforms to the St. John Cadets. It was decided to hold a tea and sale in the fall and preliminary plans were made.

**Seven Seas Chapter**

Miss Alice Lockhart, regent, presided at the meeting of Seven Seas Chapter, held at the residence of Mrs. Lloyd Eaty, Crown street. Plans were made for a tea and sale to be given in the fall and the material for the summer sewing for the Red Cross Society was distributed. The report of the annual provincial meeting was given by Mrs. Philip Simms. An interesting paper dealing with the work of the I.O.D.E. during the war was read by Miss Mildred Wilson. Miss Lorene Evans gave a fine report on the war memorial.

**Alexandra Chapter**

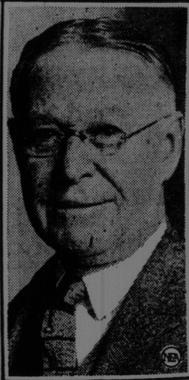

Mrs. George R. Higgins and Mrs. L. R. Spence were the hostesses for Alexandra Chapter meeting, held at Mrs. Spence's home with Mrs. R. A. Corbett, regent, presiding. The chapter voted \$10 to the School for the Blind and authorized the payment of \$10 for prizes for Alexandra school pupils. Each member undertook to raise \$3 as talent money during the summer. Mrs. W. L. Greig gave the report of the provincial annual meeting.

**MUSEUM RECEIVES GIFTS.**

W. H. Humphrey has presented two more gifts to the Natural History Museum that have been gratefully received. They are a book jack known to be more than 100 years old, and a star fish shell which came from the Bahamas.

The book jack is made of a solid slab of oak with a piece of board nailed on underneath to give it the required tilt. It shows marked signs of long usage. The star fish shell is in splendid condition, with nearly all its many spikes intact. It has a symmetrical embossed design that makes it most ornamental.

**STORM CENTRE**

Francis J. Hemy, who won fame as prosecutor in the San Francisco graft case, again pops into the limelight through his appointment by Senator Couzens, Michigan, as a special examiner in alleged tax fraud matters. It was this that drew from President Coolidge a special message to the Senate protesting against "government by investigation."

**TWO KILLED BY TRAIN IN QUEBEC**

Quebec, May 6.—Two women, Mrs. Thomas Dufeur, 37, and her step-daughter, Miss Fernande Dufeur, 20, were killed last evening at railway crossing on a road leading from St. Roch des Aulnaix to St. Louis L'Islet county, and Joseph Dufeur, 22, stepson, and Gertrude Dufeur, 17, another step-daughter, only escaped because they were able to jump out of the automobile a second before and westbound Maritime Express from Halifax to Montreal crashed into them. The automobile driven by Joseph Dufeur stalled on the railroad tracks.

**He Used Them For Sour Stomach**

**Ontario Man Found Dodd's Dyspepsia Tablets Made Him Eat and Sleep Well.**

Mr. A. Miller Is Thankful That He Tried Them.

Ayton, Ont., May 7.—(Special.)—"About a year ago I bought a supply of your Dodd's Dyspepsia Tablets because I suffered from sour stomach and always felt tired and touchy in the morning."

"After using the last box of Dodd's Dyspepsia Tablets am glad to say I have got the better of my complaint. 'I eat and sleep well and my stomach works again as if it were new.'"

This statement is made by Mr. A. Miller, well known and highly respected in this neighborhood.

The testimony of people who have been relieved is better than all the theory in the world.

Dodd's Dyspepsia Tablets do the work of digestion, supplying the juices that the tired stomach fails to provide.

Dodd's Dyspepsia Tablets are sold at 50c. a box, or 6 boxes for \$2.50. All druggists, or The Dodds Medicine Company, Ltd., Toronto.

HOLDS CLOSING BANQUET.

The Spartan Club of St. David's church, held their closing banquet last evening in the school room of the church, with a full attendance of members. Short addresses were given by Rev. Hugh Miller, M. A., pastor; Robert H. Reid, honorary president; A. R. Crookshank and others, Gordon Malcolm, president, was in the chair. The activities of the club this year were Bible study on Sundays, with H. T. C. Hutton as leader and social activities through the weeks. The mothers of the members served the delicious supper, and received a hearty vote of thanks from the boys. The senior class, called the "Fireside Club," will hold its annual closing banquet on Thursday evening.

Ready-cut houses have proven a boon to devastated Japan.

**ROADS WILL BE OPENED TOMORROW**

The roads between St. John and Moncton; St. John and St. Stephen; St. Stephen and Fredericton, and St. John and Fredericton will be opened to tourist, pleasure and business cars on Thursday of this week, according to an announcement made here last night by B. M. Hill, provincial road engineer. Trucks would not be allowed on the roads until May 15, he said. On this latter date also the roads in other parts of the province would be opened to traffic, he said. The roads are in fairly good shape, he said, with the exception of the St. John to Fredericton road which would probably be flooded at Ormoco.

One quarter of the people on earth die before they reach six years of age. An invention for vulcanizing air into a tire has proven quite successful.

**"Fundy a Blessing To Bad Bearings"**

"For years I've been looking for a gas with what I found in Fundy," announced Oliver W. Wood yesterday. No car has run more miles or been left in such cold these last eight months than my Essex. Yet Fundy Gas has never failed to take the spark right off.

"Before I had to have the battery recharged as often as three times a year. Eight months have now gone and no need of it."

"Another thing—she has a bad set of piston rings, but Fundy burns up whatever oil comes through without leaving carbon. I haven't cleaned oil in five months. Fundy starts easy, runs powerful and is gentle on the bearings. With other gas she jerks, jumps and spits. The poorer the bearings the more value Fundy is to your car."

Mr. Wood is the live manager of the United Garage on Duke street as well as the Fundy Filling Station at the corner of Union and Prince Edward. The opinion that led him to adopt Fundy Gas is one of widely recognized experience.

**REFINERY PROTEST HEARD BY COUNCIL**

A protest from the Atlantic Sugar Refineries, Ltd., against the docking of the steamer Vesuvio at the McLeod wharf read at the council meeting yesterday afternoon and referred to the Commissioner of Harbors for a report.

The steamer is laden with coal for the refinery and it was contended by the company that docking her at McLeod wharf would add to the cost of handling and in addition there was a liability of delay on account of run-offs by the cars. They stated they would hold the city liable for any extra cost which they were put to.

The master of the steamer also objected to the McLeod wharf as unsafe.

Commissioner Bullock said there was more water at the McLeod wharf than at the Long Wharf and the steamer was discharging more coal per day than she would have at Long Wharf.

The harbor master had the right to designate the berth a steamer should take and he had sent this one to the McLeod wharf.

Mayor Potts asked if the harbor master could force a firm to place a vessel at a berth which caused them financial loss and Commissioner Bullock said they were watching this matter carefully and there would be no loss to the consignees.

It was moved by Commissioner Bullock that the communication be received and filed. Commissioner Prink said he did not think the matter should be disposed of in that way and he moved the communication be referred to the Commissioner of Harbors for a report. This was seconded by Commissioner Wigmore and carried.

On motion of Commissioner Prink the application of the Auto Service Co., for permission to install an electric sign at 890 Haymarket Square was referred to the Commissioner of Public Works, city engineer and city electrician for a report.

On motion of Commissioner Bullock the account of the Webb Electric Co., of \$200.00 for installing lighting at the McLeod warehouse and wharf was ordered paid.

The request of "Maple Leaf" that the city buy advertising space in a special Maritime number was referred to Mayor Potts with power to act.

SPORT NEWS GLEANED FROM WORLD'S CENTRES

SPORT MENU FOR COMING SUMMER IS VARIED ENOUGH TO SUIT ALL TASTES

Baseball, Rowing, Soccer, Rifle Shooting and Track Sports.

There is every prospect now that St. John will have a soccer league composed of four teams, Garrison, St. Andrew's, Trojans and A. C. N. Y. R.

The Trojans have an organization meeting scheduled for Thursday evening in the Y. M. C. A. at 8 o'clock, and an attendance as possible. Any Old Country men who would like to try to their skill at this wonderful pastime can get into the swim by signing up with any one of the four teams.

When the Trojans organized tomorrow night the next step will be the calling of a meeting for the purpose of organizing the league. Each team will be allowed two delegates with voting powers at this meeting. Officers will be elected and a schedule committee appointed, as well as a constitution adopted. It is hoped that the league will be able to make a start on May 24.

In addition to a soccer team, the Reserve company here plans to enter a rifle team in competition under Petty Officer Thompson. He is a crack marksman and should be of great assistance to the youngsters.

With professional baseball, two inter-amateur leagues running, an amateur league and a host of junior teams, soccer booming, together with the final Maritime Olympic trials here, St. John should experience one of the greatest summers in sport in the history of Maritime athletics.

A big revival is looked for in the rowing game, and in this connection the energetic Trojans A. C., with the able assistance of several local men, are planning to get into this great sport with a four-oared crew. The team is holding a dance in the Venetian Gardens Friday night to raise funds for this purpose.

Who will win the pro league? Who will carry off honors in the South End League? The City League? The Soccer League? Who is going to Montreal for the final Olympics? St. John fans will see these questions answered in one of the most stirring summer sport campaigns in the history of the city. There is variety in the menu to suit the palate of all and records crowd are expected to view proceedings.

PREDICT RECORDS TO GO AT PARIS

Farrell Says Shot Put and Hammer Throw Marks Will Fall.

(By HENRY L. FARRELL, United Press Editor.)

New York, May 7.—(United Press)—Form shown in the early dual meets on the Pacific Coast and in the Pennsylvania and Drake relay carnivals ought to serve as a stimulant to those who are not eligible for amateur competition now and the American hurdlers are now the best in the world.

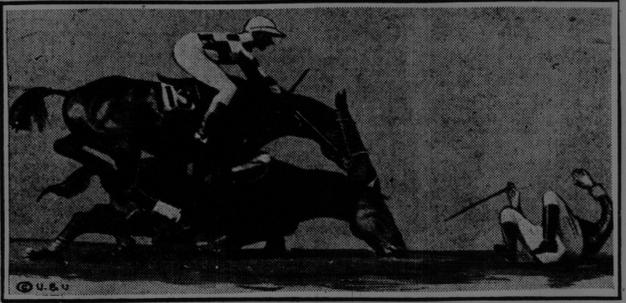

When the American team will be represented by Ned Gourdin, former Harvard star and the holder of the world's record made since 1920. Dehart Hubbard, the colored star of the University of Michigan, is also close to a new record-maker in the broad jump and in the hop, step and jump.

Executive of Finland's team have been holding Nurmi, their star runner, as the best threat in the 1,500 and 10,000-meter races and in the 10,000-meter cross-country run. The schedule, which calls for some of the events on the same date, will make it impossible for Nurmi to attempt this stupendous feat and even such a strong, durable runner as he is, could hardly stand up under such a physical assignment if the schedule did allow him to attempt it.

Many of the experts are feeling pessimistic because they reason that the European athletes will have been so greatly improved since they competed against the Americans in Antwerp. This should be granted because the European nations are getting better coaching and their man-power of the nations that engaged in the Great War should have been improved. But if this increase in strength is to be considered a vital factor, there can be no reason for not assuming that our young American athletes have not been improved just as much in the four years since their European rivals.

It is a known fact that the United States will have much better representation in the weight events than they had at Antwerp. It will be a surprise if "Tiny" Hartranft doesn't break the world's record in the shot-put event at Paris. The California youngster already has broken the record in an unofficial attempt on the Pacific Coast. Hartranft also has beaten the Olympic discus mark of 1920 by over nine feet, and he ought to make a new record in

this event. There is very little danger that Walter Christie, head field coach of the American team will allow Hartranft or young Clarence Houser to over-indulge before they go to Paris.

Clarence Tootell, the giant former Bodwain star, has also broken the world's record for the hammer throw in trials and he ought to make a new record at Paris when he has so much to encourage him to do his very best.

ROOKIES SHOWED WELL YESTERDAY

Kremer Pitched a Two-Hit Victory for Pirates—Giants Curbed.

New York, May 7.—The early spurt of the New York Giants, achieved largely at the expense of Philadelphia, has been cut down by the same team until today the National League champions lead Cincinnati by only one-half game.

Facing an invasion of the west, where the Pirates, Reds and Cubs have grown hardy by much slugging at each other, John McGraw yesterday saw Jack Bentley follow Wayland Dean along the trail of bright pitching hopes grown dim. The Phillies, with Cy Williams hitting his fourth and fifth home runs, and Ford adding another, drove the \$65,000 Baltimore import, from the mound, and won, 5 to 4.

At the same time Ray Kremer, Pacific Coast product, pitching for Pittsburgh, held the slugging Cubs to two hits and gave only one base on balls in the 2 to 0 Pirate victory. His offensive support was furnished by two more rookies. Cuyler, substituting for Max Carey, who is ill, made a triple, double and single. Wright, who has been starting at shortstop since the season began, got two hits.

Zach Wheat jumped into the National League batting leadership and won another game for Brooklyn when his fourth home run with four days scored two men before him in the eighth inning with the only runs of the 3 to 0 game with Boston. Four double plays by the Braves' infield and sharp Robin fielding supported Reuthe and Barnes in their duel.

The desperately-fighting Athletics saw their pitching star, Eddie Rommel, batter. Babe Ruth drove in two runs in the fifth and scored the winning tally for the 3 to 2 Yankee victory in eighth. Waite Hoyt outpitched Rommel.

Harry Hellman, American League batting champion, was a decisive factor in the Detroit 6 to 4 win over Cleveland. Babe Ruth drove in two runs with a man on, tied the score and his sacrifice fly put his team in front. Schalk also hit a homer.

The Red Sox continued hitting and his fourth home run with four days beat Washington 14 to 4. In six consecutive victories the team has made 62 runs and 68 hits.

The St. Louis Browns made 16 hits off Shaute and Moran and beat Cleveland, 7 to 4. Cincinnati-St. Louis game in the National League was postponed because of rain.

International League Toronto 3, Baltimore 2—12 innings. Syracuse 8, Newark 6—11 innings. Chicago 7, Newark 4—12 innings. Buffalo 2, Jersey City 4. Reading 8, Rochester 4.

THREE AMERICAN JOCKEYS TOP LIST OF WINNERS IN FRANCE

Paris, May 6.—American jockeys are one, two, three in the closest race of years for the supremacy in flat racing at the completion of the first part of the season.

Frank O'Neill of St. Louis, who will ride Epinead in the match race against Sir Galahad III, is leading with fifteen victories. Guy Warner of Kentucky and Matt MacGeog of Kenya head Bay are tied for second place with fourteen winners each, and the Frenchman, Henri Semblat, is next with thirteen. Parson Jennings, who this time last year had a big lead in the winning mounts, is at the top of the list of British jockeys with twelve victories.

FRANCE SELECTS OLYMPIC BOXERS

Lorraine Lightweight Shows Up as Most Prominent Member.

Paris, May 7.—The French Olympic boxing team was selected in the Cirque de Paris last night before 6,000 spectators. Savignac, a lightweight from Lorraine, was the most promising boxer uncovered and on the strength of his showing would appear to have a good chance against any adversary in his class.

The others selected were: Gourdy of Bordeaux, flyweight; Ferrand, of Paris, bantamweight; Depond of Paris, featherweight; Doussot, of Paris, welterweight; Diolot, of Paris, middleweight; Rossignon, of Alsace, light heavyweight, and Pezullhan, of Bern, heavyweight.

Says Charles Jamieson, Outfielder, Cleveland Indians.

If at first you don't succeed, try, try again. It was a wise guy that pulled that one. In other words it means don't get discouraged and quit if you fail to get away to a good start.

I came to the majors as a pitcher and didn't meet with much success. I was unable to get the ball over. Being left of foot enabled me to get a chance in the outfield.

I soon developed proficiency as a fielder, but couldn't hit, and the general opinion seemed to be that I never would.

Constant practice enabled me to do fairly well against the right handers, but being a left-handed hitter I was very feeble against southpaw pitching. Because of that fault, for a time I was allowed to play only when a right hander worked for the opposition.

That didn't please me and I worked to overcome my weakness against left handers. It was a hard battle, but I finally won out and now hit both styles of pitching fairly well.

My message is, don't get discouraged. If at first you don't succeed, try, try again.

ENGLAND'S OWN IVAN PARKE

CHARLEY SMIRK.—England has its own Ivan Parke. His name happens to be Charley Smirke. He is a 17-year-old stripling and weighs only 84 pounds. In three years he has ridden more than 100 winners, and local curv critics predict he will ultimately outshine Steve Donohue, current idol of the bettors.

Smirke, like Parke, the American youngster, started riding as a tiny lad and, again like the Idaho star, was a sensation right off the reel, or strapp, if you will. His dad wanted him to be a fighter, but Smirke's love for the saddle won out.

CATCHER O'BRIEN OUT OF BASEBALL

Announces to the Fredericton Club That He Will Retire.

Charles O'Brien of South Boston, star catcher for the Fredericton Club, has notified the Capital officials that he intends to retire from baseball to accept a position in the New England Telephone Company. He had already signed a contract for this season and in event of him participating in any other organized ball league his services will be claimed by Fredericton.

SUZANNE NOT PERVED.

In passing up the Wimbledon tournament this season, Suzanne Lenglen is not doing so because of any grievance against the English fans. The French player doesn't believe she can stand the strain of two international tournaments, and she prefers to play in the Olympics.

Walter Mails, the bug southpaw, once with Brooklyn and Cleveland, now pitching in the Pacific Coast League, started the season auspiciously with an explosive run-in with Duffy Lewis, manager of Salt Lake. They had to call the cops.

Inter Alley City Bowling League Meets—Scores of Season.

A meeting of the Inter-Alley City Bowling League was held Monday evening in the Y. M. C. A. and about 25 members and the captains of the various teams were present. Business of the last season and plans for next season were discussed. President Harry D. Sullivan occupied the chair and in opening the meeting briefly outlined happenings of the season and thanked the various organizations and their team members for their co-operation and support, which was responsible for the success attained.

After a lengthy discussion it was decided that the best interests of the league for next year would be served by confining the rolling to two or three of the fastest alleys, as it was felt that the present arrangement of rolling on all alleys in the city had resulted in low averages. It was pointed out that the standard set in the old City League, which has finished its seventeenth year, having been established on Black's alleys in the fall of 1906, should be maintained as far as possible.

All Alleys Eligible.

An interesting report regarding the entry of city teams in the Maritime Provinces and Maine championship tournament was given by A. W. Corey. It will be recalled that some few years ago the executive of the tournament made a ruling excluding all organizations having only two alleys. This was not considered fair by many teams in this city, which is the big bowling centre in this part of the country. President Sullivan had been asked to take the matter up with the executive of the tournament. He announced that he had done so and as a result all organizations in St. John having two or more alleys will be eligible to participate in the elimination series and should any team win, that has only two alleys, they will be obliged to conduct the tournament on four or more alleys. This report was very gratifying to all present and it is felt that an elimination series, with all alleys in the city represented to determine the champion team will represent St. John in the big classic, will be almost as interesting as the tournament itself.

W. H. Gamblin, secretary of the league, read his annual report, which was unanimously adopted. The secretary and A. W. Corey were appointed to act with the various winners of the season in selecting prizes, also to make arrangements for the next meeting at which these prizes will be presented.

Sommerville Led League.

Bob Sommerville led the league with an average of 93.81-63, while Thomas Jenkins was second with 93.14-60. Sommerville also has won three Strongs with 342. T. Yoemans had the high single with 144.

The following are statistics of the league as compiled by the official scorer:

Six Teams Represented—  
Will Try to Get St. Peter's Grounds

Six teams were represented at a meeting held last night to consider the formation of a City Intermediate Baseball League and as there would be difficulty in obtaining sufficient grounds to carry through so large a league a motion was presented to limit the league to four teams. This motion did not carry, but the Shamrocks were appointed to make inquiries as to whether St. Peter's grounds might be available for the league at certain times and so obviate the necessity of cutting down the number of teams.

TO START IN ASCOT  
GOLD CUP CLASSIC**

In view of his American engagement in the Autumn, Epinard is not likely to be risked over the severe Ascot Gold Cup course, according to reports received from England. It has been fully expected that the great French crack would at least run in this classic race, if in no other in England, before coming to America to engage in three international races. But it is now understood among English turfmen that Pierre Wertheimer's colt will fulfill only one of his engagements at Ascot. This will be, in all probability, the Royal Hunt Cup at 7 furlongs and 155 yards, says The News of the World, but if his owner considers the weight prohibitive the horse will run in the All-Aged Stakes at six furlongs.

**RARE SIGHTS YOU WILL SEE:**

BATTLES WITH WALRUSES, suddenly surprised. Monsters weighing over two tons.

SPARING SALMON in full view, whipping big ones, too. Only a bit of ivory for bait.

VAST FROZEN WASTES whilst you face a 60-mile gale at close to 60 below zero.

ASTOUNDING INGENUITY in building snow houses each daily stop.

MARVELOUS FURS of fabulous values bartered for colored candy and fancy beads.

TRAPPING FOXES ALIVE, a nifty hint for the wise trappers of this warmer zone.

TREACHEROUS ICE FLOES have no terrors to the nimble Eskimo. Lesson in boating.

FISHERMEN, GET THIS: When he hooked his seal through the ice—well, just see it, that's all.

YOU FRESH AIR FRIENDS will get a thrill de luxe when you see the Eskimos turn in.

REMEMBER, THIS IS CANADA, your own wonderful limitless country. See this part of it.

Great Special Purchase Sale

**2-Pant Suits**

Single and Double Breasted

**\$25**

This great purchase was a ten-strike, even for Oak Hall, whose reputation for value-giving is country-wide. While in Montreal a few weeks ago our buyer selected the cloths and had them made up to his own specifications, styles that St. John men like, and up to the Oak Hall standard of tailoring. Ordinarily such suits would sell for \$35 and \$40. Our foresight and energy save you the difference.

Young men's one and two button, single and double breasted styles, light colored fancy tweeds, herringbones, stripes, Donegal tweeds; sand shades, greys, Bannockburns, and others. Every suit with two pairs of trousers that practically means double life to the suit.

Your big chance—right at the beginning of a new season. Come early tomorrow morning; don't delay, if ten or fifteen dollars means anything to you. It's worth hustling for. Come! We're ready.
