MEMBERS OF COMMISSION PLEASED WITH RECEPTION

Great Interest Shown, Says Lord Balfour — Sir J. Dickson Poynter on British Political Situation — Sir Wm. Paterson Expects Canada to Get Preference With United States

LORD BALFOUR OF BURLEIGH. Lord Balfour of Burleigh, the President of the commission, is a man of

The members of the Royal Commissioners on trade relations between Canada and the West Indies arrived in the city this morning and registered at the Royal where a number of them were seen by a Star representative.

LORD BALFOUR OF BURLEIGH

commanding presence, standing well over six feet in height and built proportionately. His manner although genial is rather quiet and reserved. In conversation with the Star he said that the plans of the commission are at present somewhat indefinite. Whether they will hold another session here tomorrow depends on the number of merchants who wish to be heard.

From St. John they go to Halifax probably tomorrow night. Thence they go to Montreal. After that their plans will depend on the arrangements of the local merchants.

From St. John they go to Halifax probably tomorrow night. Thence they go to Montreal. After that their plans will depend on the arrangements of the local merchants.

HON. W. S. FIELDING

the Canadian Commissioners. As parliament will be opening soon the ministers of finance and customs could not absent themselves from the country, and on this account his lordship did not expect that the commission would be able to visit the West Indies until after the New Year.

Regarding the work of the Commission, Lord Balfour said that everywhere they had visited they had been very well received. Great interest in the possibilities of trade with the West Indies was displayed in all the places where they had held meetings and the people seemed anxious to develop closer trade relations. TO KEEP WHITE GIRLS AWAY FROM CHINESE

Toronto Police Commission Plans a New Scheme I. R. C. Conciliation Board — Fishing Dispute in Manitoba — Young Man Drowned.

KINGSTON, Sept. 29.—A number of nuns from different convents throughout the province, are taking the supplementary examinations at Queen's College.

AMHERSTBURG, Sept. 29.—Capt. Balfour, engaged in the canal business, was seriously injured yesterday by the breaking of a tow rope.

WINDYBEE, Sept. 29.—Settlers around the shores of Lac du Bonnet are indignant over the government granting a fishing license to a private company for the lake, and are prepared to resist by force, any interference with what they regard as their rights.

LONDON, Sept. 29.—The four race horses owned by the Hon. Adam Beck, which were burned while on a train on Monday, were valued at \$15,000. There was no insurance.

QUEBEC, Sept. 29.—The Department of Labor has nominated Sir George Gessau, Mayor of Quebec, as chairman of the board of conciliation created to inquire into the differences between the management of the I. R. C. and the employees at Halifax roundhouse.

TORONTO, Sept. 29.—The Board of Police Commissioners has decided to secure the opinion of the city solicitor on the subject of refusing restaurant licenses to Chinamen who employ white women. This in the opinion of the board would help to lessen the difficulties of the police in the way of stopping the growing evil of white women frequenting Chinese joints.

MONTREAL EXPRESS NOT DUE UNTIL THIS EVENING

Delayed by Big Washout West of Brownville Jet.—Other Lines Also Blocked by Effect of Heavy Rains.

The rain storm which has swept the eastern section of the continent during the last six days has been playing havoc with the railway tracks and as a result of the additional heavy rains last night washouts were reported from all sections of the province and adjacent section. The I. C. R. tracks have been more fortunate than the C. P. R. and the Maritime express and other west bound trains reached here on time this morning.

The worst washout occurred at Greenville Jet, which is thirty-two miles west of Brownville Jet, and about 220 miles from St. John. The water is very high in that district and the washout was a rather large one. Repair crews were put to work as early as possible and all possible haste was made with the work of getting the track in running order again. It was expected this morning that the repairs would be advanced sufficiently by one o'clock to allow the train which is stalled on the other side to proceed to St. John.

MARCONI PROMISES A TEN CENT SERVICE

New Station on I. Glace Bay is to be One of the Best in the World—Ready by January 1st.

MONTREAL, Sept. 29.—Signor Marconi arrived here today on his way from New York to Glace Bay. He announced that the new station will be larger and more powerful than the one which was burned a month ago. It will be equipped with all the latest instruments and will be one of the best stations in the world. He announced also that when it is built he will be ready to put on a ten cent a word cable service. He says he has a contract with the British Government and if he can satisfy them that his service is as good as the wire service they will use his system in all their postal business and will use his system in any business they have to send to Canada. The new station will be ready by Jan. 1. He leaves Montreal tonight for Glace Bay.

A meeting of St. Vincent's Alumnae will be held on Friday evening in St. Malachi's Hall for the purpose of receiving returns for the entertainment to be held next week.

NORTHCLIFFE SCENTS DANGER IN GERMANY'S PREPARATIONS

MARYSVILLE DAM IN GREAT DANGER River Has Come Up Eight Feet Since Saturday Crops Under Water—I. C. R. Train Service Suspended—Flooded.

FREDERICTON, N. B. Sept. 29.—The rain which set in here on Friday last still continues with no sign of abating and during the whole of last night and most of this morning the rain has fallen in torrents, accompanied by a high northwesterly gale. The streets in the back part of the town are experiencing great difficulty, at many corners the crossings being under water. The C. P. R. trains are running on good time today, and though the track in several places is under water, it has not been of sufficient depth to impede traffic so far.

At Cross Creek the track is under water, an occurrence which has never happened in the history of this road. The I. C. R. trains are all held up and there will be no through traffic today. At Cross Creek the track is reported as being entirely submerged owing to the great rise in the Nashuawk. This branch of the St. John has never had such a freshet, the water in the past three or four days having come up over twelve feet. There is a great rush of water at Marysville and the dam at that place is being put to severe test. Several places in the interval and low lands are in many places under water and it is feared that in many instances the roads will be disastrous, especially the potatoes. Unless there is a change very soon the agricultural interests will suffer severely.

There is an impression in this country that some hostility exists between the people of Great Britain and of United Germany.

"I know the Germans intimately. From childhood I have travelled extensively throughout most of the German states. I have many German family connections and I venture to say that outside the usual body of Anglophobes one meets in every country there is little hostility to the British on the part of the Germans and on the other hand, there is in England no dislike of Germany. On the contrary, our statesmen are adopting German legislation to our needs and if imitation be the sincerest form of flattery, the Germans must be well pleased with our proposed reproduction of their workmen's insurance, the labor bureau and a great many other legislative improvements that it appears to me would be just as vital to the United States as they seem to be to Great Britain."

"Why then, if so happy a state of affairs exists between the two nations, should there be any suggestion of hostility in England to suggest the possibility of war?"

"Turn back to 1902. Was there any friction between France and Prussia? There was no hostility on either side. But any reader of Agassac's 'Bismarck, or other standard authority on the great German empire builder will acknowledge there was immense preparation on the part of Germany, a preparation that was kept secret as far as possible, and which also as far as possible, is being kept secret by Germany today."

WILL DISCUSS DURANT SCHEME WITH PUGLEY

Conference Between Minister of Public Works and Aldermen This Afternoon — Harbor Matters to Come Up

A conference between the Minister of Public Works and the Mayor and members of the Common Council will be held at the City Hall at four o'clock this afternoon.

There are a number of matters relating chiefly to the development of the harbor in which the Minister of Public Works is interested and these will be discussed this afternoon. One of the most pressing matters to be taken up is the question of the future use of the western side of Courtenay Bay. The aldermen have before them the application from F. C. Durant for a site for a proposed sugar refinery to be erected near the mouth of the bay. The application carries with it a request that the shore of the Marsh Creek be granted to the company also. This would tie up the place which it is thought the G. T. P. will eventually want for docks for their eastern terminus.

MYSTERIOUS SPIRITS MADE THEIR PRESENCE KNOWN

Strange Doings Reported in P. E. Island Election—Trial Promises to be Sensational.

GEORGETOWN, P. E. I., Sept. 29.—The trial of the election petition against A. L. Fraser, Conservative M. P. for Kings, opened at Georgetown yesterday. There are two hundred witnesses to be examined. The evidence so far shows that liquor money was used during the election. The question is to fasten it on an agent. One man got five dollars from a mysterious stranger who threw the money on the ground before him. Another found that some one had mysteriously placed cases of liquor in his wagon and didn't discover his good fortune till half a mile from town.

The liquor was distributed among the boys. Another found some liquor mysteriously placed in his granary. Sensational developments are expected before the close of the trial.

MARYSVILLE DAM IN GREAT DANGER

River Has Come Up Eight Feet Since Saturday Crops Under Water—I. C. R. Train Service Suspended—Flooded.

FREDERICTON, N. B. Sept. 29.—The rain which set in here on Friday last still continues with no sign of abating and during the whole of last night and most of this morning the rain has fallen in torrents, accompanied by a high northwesterly gale. The streets in the back part of the town are experiencing great difficulty, at many corners the crossings being under water. The C. P. R. trains are running on good time today, and though the track in several places is under water, it has not been of sufficient depth to impede traffic so far.

At Cross Creek the track is under water, an occurrence which has never happened in the history of this road. The I. C. R. trains are all held up and there will be no through traffic today. At Cross Creek the track is reported as being entirely submerged owing to the great rise in the Nashuawk. This branch of the St. John has never had such a freshet, the water in the past three or four days having come up over twelve feet. There is a great rush of water at Marysville and the dam at that place is being put to severe test. Several places in the interval and low lands are in many places under water and it is feared that in many instances the roads will be disastrous, especially the potatoes. Unless there is a change very soon the agricultural interests will suffer severely.

There is an impression in this country that some hostility exists between the people of Great Britain and of United Germany.

"I know the Germans intimately. From childhood I have travelled extensively throughout most of the German states. I have many German family connections and I venture to say that outside the usual body of Anglophobes one meets in every country there is little hostility to the British on the part of the Germans and on the other hand, there is in England no dislike of Germany. MR. ALLINGHAM SUES TRUSTEES FOR HIS SALARY

Disagreement Over Lancaster School Affairs Likely to Come Up in Circuit Court Next Week.

When the September Circuit Court, which adjourned on Monday, resumes on Wednesday next, the non jury case of William H. Allingham vs. the Trustees of School District No. 1, in the Parish of Lancaster, will likely be tried. The plaintiff, from July, 1902 to 1903 was employed by the defendants to teach school in the Parish of Lancaster. One of the conditions of the agreement was that a notice by the other in case the defendant did not require the further services of the plaintiff or if the plaintiff desired to leave. The plaintiff was dismissed and claimed that he did not receive proper notice as required by the agreement. The defendants on their part claim that proper notice was given, but the plaintiff claims eleven hundred dollars.

Messrs. H. W. Robertson and Mr. J. B. M. Baxter, K. C., will appear for the plaintiff, and Messrs. Hazen and Raymond for the defendant.

The non jury case of Queen vs. Linton was made a remanet by consent. The case will be tried at the November circuit. Mr. M. G. Teed, K. C., and Mr. L. F. D. Tilley will appear for the plaintiff, and Mr. J. B. M. Baxter, K. C., for the defendant.

Everyone ought to know that when they want any kind of lights to tell, Auer Light Co. and be sure of prompt attention. Best of goods and lowest price; in fact quality is our motto.

HALIFAX RACES.

HALIFAX, Sept. 28.—The threatening weather prevented a large attendance at the exhibition today, the paid admissions being \$500. The horse races took place on a heavy track and there was no fast time. The fifth and final heat of the Free-for-all, which went over from Saturday, was won by Laura Merrill, Miss Letha, second, Rudy Kip third and Simmasale fourth. Time, 2:18.4. Simmasale won first money, having best position in the summary.

Devillah Dorothy won the 225 trot, Burline the 217 trot and pace and two year trot was captured by Bizar Queen.

BOW WOVES REIGN SUPREME AT THE QUEENS RINK NOW
Annual Bench Show Opens With Large Number of Entries—Judging Starts—Animals Praised by Experts

Thomas Moore, of Montreal, one of the most noted dog fanciers in Canada, and a man with the widest judging experience to be found in the Dominion, is the judge chosen for the annual Bench Show of the New Brunswick Kennel Association, which opened a three days' exhibition in the Queen's rink last evening.

Mr. Moore made his awards last evening in the St. Bernard, Newfoundland, Boston Terrier, Bull Dog, and Beagle classes. In these competitions was not great, but some well-bred dogs were shown. The classes to be judged today have been more completely filled, but decisions will be more difficult.

At 10 p. m. judging of the Cullie and Setter classes will begin and spaniels of all classes will be judged in the afternoon, commencing at 8. Mr. Moore leaves for home on the Montreal train this evening.

Mr. Moore was enthusiastic over the points of the White Beagle owned by Mr. J. DeB. Carrite. Speaking of the dog he said: "We have nothing in our part of the country which can at all approach him. I attend all of the Montreal, Toronto and Ottawa shows, but have never seen anything to beat him. His limbs show immense bone strength, and he looks like an all day runner."

The Alderale Terriers here also impressed Mr. Moore as a fine lot. Mr. Moore was the owner, until the dog was maliciously poisoned, of Manitoba Gladstone, the dog which occupied the central position in a large plate containing the names of the most famous twelve dogs in America. Manitoba Gladstone never took a second.

While in the west, where he lived until nine years ago, Mr. Moore was a breeder of pointers and setters, but he is now interested in fox terriers.

At the recent Toronto show the two English judges awarded him first place over both the English and American champions.

WANTS PHILA. SCHOOLS TO TAKE UP LAGROSSE

Charles E. Chapin, Veteran Enthusiast, Has Plan to Revive the Sport.

PHILADELPHIA, Sept. 28.—Charles E. Chapin, of Germantown, an expert on the game of lacrosse and a member of the Veterans Athletes' Association of Philadelphia, is endeavoring to introduce the game in the high school of that city.

As several manual training schools and Central high schools now have their own athletic grounds it seems an opportune time for them to become interested in the game.

Class teams can first be developed, then a representative team from each school may play for a trophy, and games can also be scheduled with some of the college athletes.

Mr. Chapin introduced the game in Philadelphia in 1871, just prior to the great revival of athletics, which continued for so many years, when this city developed many strong clubs and champion athletes.

Teams were organized in the Y. M. C. A. and A. C. S. N. clubs, and for many years the rivalry existing between these clubs enabled the game to flourish here.

In 1891 Dr. Benjamin Thomas, who had been a student at Swarthmore, entered the University of Pennsylvania, and sought to promote an interest in the game at that institution.

He obtained Mr. Chapin's co-operation, and the latter developed from raw material a team that made a splendid record. Owing to limited ground facilities, however, the game at the University was discontinued in 1894.

At 100-2 Mr. Chapin was induced to give Lehigh University the benefit of his experience, and although very much handicapped in correcting conditions that did not foster scientific playing, he was enabled by his enthusiasm, discipline and strategy to give Lehigh University the benefit of his experience, and although very much handicapped in correcting conditions that did not foster scientific playing, he was enabled by his enthusiasm, discipline and strategy to give Lehigh University the benefit of his experience.

Mr. Chapin plans to teach the preliminary work during the fall, so that when spring opens there will be sufficient time to comprehend the finer points.

DECISION GOES TO FOLEY ON A FOUL
Hulligan Has Battle of Fight Almost From the Start.

HALIFAX, N. S., Sept. 28.—Tom Foley, of Halifax, was given the decision over Beth McLeod, of St. John, in the championship fight which has been a ten round for the championship of the Maritime Provinces at the arena tonight.

NEW YORK, Sept. 28.—Joe Kelley is after the Buffalo ball team. He admitted it and says that all this talk that George Stallings will get it is a bluff.

There have been reports that Kelley has been trying to get Jack Dunn's job in Baltimore, but he denies it and says he probably will be over in Toronto unless he buys the Buffalo club.

Messrs. Porter and Stein, of Buffalo, while they are shooting that they will sell out for the right price, and are not particularly interested in who is the next President of the Eastern League, are the men who sprung John Callahan, of Rochester, for the presidency.

ST. IVES AND HOLMER
Henri St. Yves, the French and American champion Marathoner, and Hans Holmer, who has vanquished almost every Canadian runner at his favorite distance, have completed nearly preliminary arrangements for their international contest next Sunday. The National ground, Montreal, will be the scene of the race at the new historic distance of 25 miles 253 yards.

ENGLISH PROMOTERS ARE SORE ON MORAN

His Tactics of Playing New York Against London Club Not Appreciated.

LONDON, Sept. 28.—Owen Moran, who is said to be England's featherweight champion, is just now being engaged in playing the Fairmount club of New York city against the English fight promoters. It is a new move in England's pugilistic circle and one that is going to add anything to Moran's rapidly-waning popularity. Ever since Moran declared his prospectus to the English fight promoters for the featherweight championship the English fight promoters have been sure on him and have asserted that his action was caused solely by a wholesome fear of Driscoll's ability.

Moran this week brought the Fairmount Athletic Club of New York into the argument by asserting that the American club stands ready to give \$20,000 for a Moran-Driscoll bout the coming season, which is rather more than any of the local promoters regard as being worth. Much doubt is expressed, too, as to whether the New Yorkers are actually willing to pay any such amount for a six-round go.

Moran insists that the only reason why he called off his fight with Driscoll was because none of the promoters would give him the \$7,500 for his share, which he claims was offered to him. He still stands ready, he asserts, to go on with Driscoll at that figure and will fight at Mountain Ash, where the Welsh-Jewelry bout was held, or anywhere else in England.

If the English promoters fail to give him the price—a sum to which he claims he is justly entitled—Moran says he will go to the United States, and that he will accept of any offer of just round to article his action. He admits, incidentally, that he has been awaiting him. Meanwhile, Driscoll, who has practically all England behind him, is sitting tight, expecting to add to Moran's embarrassment by suggesting that he accept of any offer of just round to article his action.

As Moran challenged Driscoll in the first place, and has not jumped at his intention to accept of any offer of just round to article his action, he is very much as though Moran was anxious only to make some money, and he is not particularly interested in who is the next President of the Eastern League, are the men who sprung John Callahan, of Rochester, for the presidency.

JOE KELLEY MAY BECOME MAGNATE

After the Buffalo Club—Daniel is Made of the Report That Kelley Is to Succeed Dunn at Baltimore.

NEW YORK, Sept. 28.—Joe Kelley is after the Buffalo ball team. He admitted it and says that all this talk that George Stallings will get it is a bluff.

There have been reports that Kelley has been trying to get Jack Dunn's job in Baltimore, but he denies it and says he probably will be over in Toronto unless he buys the Buffalo club.

Messrs. Porter and Stein, of Buffalo, while they are shooting that they will sell out for the right price, and are not particularly interested in who is the next President of the Eastern League, are the men who sprung John Callahan, of Rochester, for the presidency.

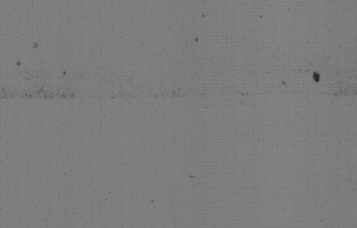

THE SIZE OF THE BALL

It is a funny thing that in connection with the Rugby rule book, no statement is made regarding the size of the ball. There is absolutely nothing which would give an idea of the interior or exterior dimensions of the ball, and to one who has never seen Rugby played it would leave the impression that it varied in size. This is certainly the case, but the different sizes are the result of different prices. The rule, as stated in the book, which has to do with the ball in the game, is as follows: "The football used shall be of leather, enclosing an inflated rubber bladder. The ball shall have the shape of a prolate spheroid. It would appear from the rule that the size of the football is left entirely to the manufacturer, and that outside of having the certain shape and substance, any sized ball might be used."

YOU have to buy hats on faith, at best. Seems wisest, then, to buy a make that justifies all the faith you can show. That is the kind labelled like this:

THREE HUNDRED LADS IN THIS MEET

Fut. Athletic Champions Had Field Day on M.A.A.A. Grounds Saturday.

MONTREAL, Sept. 28.—Nearly three hundred boys competed in the Junior athletic championships on M. A. A. A. grounds Saturday. The event is, perhaps, the biggest task the association undertakes in the year's programme and about the most worthy thing the big organization does in the cause of outdoor sport. It is evident too that the officers take a lot of pride in the encouragement of the youngsters, for with few exceptions the same officials who handled the Canadian championships were there to look after the events for the juniors. It was an inspiring sight to see 300 bright-eyed boys in athletic costume, and it is easily realized that they gave the officials and employees of the association one of the busiest afternoons of their lives. In spite of the numerous entries, 185 for example in the 100 yard events for three classes, and 13 in the mile for boys under 13 years, the events were run off without confusion.

In the stand there were more than a thousand spectators, chiefly boys and girls from the schools representing the various clubs. The officials were Ernest A. Dupille, Fred Driscoll, and Ernest A. Dupille.

Montreal High School competitors for the third year in succession won the cup for aggregate points, scoring twelve to eleven for the Commercial and Technical, Loyola, Roslyn and St. Patrick's tied for third with ten each.

SPORTING NOTES

CROKER AND RACING.

DUBLIN, Sept. 28.—Richard Croker denies the report that it is his intention to retire from Irish turf and return to politics. Mr. Croker says the report is a mere invention of the number of horses in his stable was due merely to the recent reduction in the number of animals, and there has been no change in his resolution to abstain from politics. He says, also, that he will continue his patronage of first-class racing.

CHOOSING MAN TO MEET PAPKE

NEW ORLEANS, Sept. 28.—A series of complimentary rights for the purpose of eliminating all but the best man to fight Billy Papke for the title will begin here next Sunday, when Hugo Kelly meets Eddie McGahey. It has been decided to match the winner of the contest with Papke, the fight to take place on October 31 before the West Side Athletic Club. Papke already has signed articles to fight.

THE SIZE OF THE BALL

It is a funny thing that in connection with the Rugby rule book, no statement is made regarding the size of the ball. There is absolutely nothing which would give an idea of the interior or exterior dimensions of the ball, and to one who has never seen Rugby played it would leave the impression that it varied in size. This is certainly the case, but the different sizes are the result of different prices. The rule, as stated in the book, which has to do with the ball in the game, is as follows: "The football used shall be of leather, enclosing an inflated rubber bladder. The ball shall have the shape of a prolate spheroid. It would appear from the rule that the size of the football is left entirely to the manufacturer, and that outside of having the certain shape and substance, any sized ball might be used."

YOU have to buy hats on faith, at best. Seems wisest, then, to buy a make that justifies all the faith you can show. That is the kind labelled like this:

THE BATTING LEADERS.
With the end of the season now only a week off, it is virtually a certainty that Hans Wagner will retain his old place of the champion National League hitter, though he will not have the big advantage that has so often been his.

Hans has a lead of twenty-two points on Jackitich, who ranks second, Bransfield and Bates also come within the 20 zone, giving the Phillies an excellent rating among the best swatters.

Pittsberg leads in team hitting, in long drives, and has in Wagner the best individual long-distance driver of the lot.

Mathewson really deserves the honor of leading the pitchers, for he has been in three times as many games as Leever, Adams' third and Brown fourth.

GENERAL SYNOUD TO MEET
HERE FROM OCT. 10 TO 17

Arrangements are now being made for the meeting of the Synod of the Church of England in Canada, to be held in St. John from October 10 to 17. This will be the largest and most representative gathering of the Church of England yet held in the Maritime Provinces. Among those present will be Archbishop Matheson of Winnipeg; Archbishop Hamilton of Ottawa; Bishop Rankin of Calgary; Bishop Thornlow of Algoma; Bishop Anderson, from Hudson Bay; Bishop Sweeney of Toronto; Bishop Mills of Kingston; Bishop Dun of Quebec; Bishop Farthing of Montreal; Bishop Worrell of Halifax; Bishop Richardson of Fredericton; Dean Crawford of Halifax; Archdeacon Balfour of Quebec; Prichard Bedford of Montreal; Canon Kitchin of Ottawa; Archdeacon Fortin of Winnipeg; Canon Inglis of Montreal and many lay representatives from different parts of Canada.

ST. CHARLES EVAPORATED CREAM
This sign on a can of Evaporated Cream stands for purity and quality. This is no other cream just like St. Charles Cream. It combines at a low price the highest quality and the greatest purity, the finest flavor and the greatest power of nutrition. For infants and growing children, for nursing mothers and invalids it is a necessity. For the strong and well it is a luxury. It is equal to the best of ordinary cream for all purposes. For many purposes it is infinitely superior. In using St. Charles Cream, whether for infants, for invalids, or in ordinary cookery, you take no chances.

STRANGE MAINE FOLK
SHUN CIVILIZATION

Colony Where Visitors Are Unwelcome, and All Are Related

Members of What is Known as the "Brown Tribe" Live in Squatter and Law Unto Themselves.

BANGOR, Me., Sept. 28.—Segregated from their fellow men, living a life of their own, proud of their strange dress, each man a law unto himself—Maine boasts the strangest colony in the country.

They visit nobody, nobody visits them; they don't care for friends, and they they make none. They are alone, apart, by themselves.

Living in a little village of their own, the "Brown Tribe" have their own, the "Brown Tribe" have their own, the "Brown Tribe" have their own.

PUZZLE THE TOWNSPEOPLE. To the townsfolk of Athens, near Skowhegan, which is the nearest village, the "Brown Tribe" is a puzzle which they never can wholly solve.

From her came four children, each of whom have in turn children innumerable. Rufus, Jeremiah and Gabriel are the four sturdy sons and they are all remarkable for their strength and their features. They are veritable giants and have the build of Titans.

THEY ARE VERITABLE GIANTS. From her came four children, each of whom have in turn children innumerable.

Yet those who worked day after day ploughing the fields of the settlement were a murmur. That he outworked the sterner in the claim of many old residents who was a man laboring.

CIVIL WAR VETERAN. "Jerry," the oldest, is a civil war veteran. He is reported to have got into trouble in 1865 and to escape jail.

His wife, Met, has all the Indian characteristics of her ancestors. She is tall and gaunt, of a violent disposition when roused, and she has the Indian hatred of all that belongs to the white man.

Rufus, the son of Sarah Brown, is considered the best man in the tribe.

MOVE TO OUST
POLES FROM STREETS

First Steps Taken by Board of Works

Boston By-Laws — Board Refers Them to the Bills and By-Laws Committee.

The Board of Public Works last evening took the first step toward the abolition of the telegraph and telephone poles on the city streets when it referred to the Bills and By-Laws Committee a copy of the Boston by-law governing the placing of the electric wires. The Bills and By-Laws Committee is to draft a by-law on similar lines.

At last night's meeting routine matters were dealt with chiefly. Those at the meeting were Ald. McGoldrick, Ald. Belyea, Ald. Holder, Ald. Potts, Ald. Sprout, City Engineer Murdoch, the Common Clerk and Superintendent Winchester.

The City Engineer reported that he had given to the Recorder all the data concerning the accident to Mrs. Margaret Murphy, who received injuries from slipping into a hole on Mill street. The matter was sent to the Claims Committee.

It was decided to tear down the retaining wall on Acadia street and make a slope instead, the cost to be \$650.

It was also decided that R. H. Armstrong be paid \$20 for building a retaining wall on his property on Paradise Row.

Explanation of the terms of the tender of S. H. Mayes for piling at the Spar Cove Bridge was made. The tender of Mr. Mayes was accepted, being the lowest.

Henry Blig, of Pond street, sent a communication to the board complaining of surface water draining into his property. The matter was referred to the City Engineer to report back.

The matter of building a retaining wall on the property of C. H. Egan, at Mount Pleasant Avenue, was referred to the City Engineer and Ald. Sprout.

Even children of the tribe use tobacco. A child of the tribe was seen smoking a pipe on the street.

The Indian faces, their Indian accent and the wild Indian ways will remain the most peculiar colony of the city.

He is now sixty and is feeling the decrepitude of age coming over him. But it is believed that "Gabe" was in his day probably the biggest and strongest man in New England.

His wife, Met, has all the Indian characteristics of her ancestors. She is tall and gaunt, of a violent disposition when roused, and she has the Indian hatred of all that belongs to the white man.

Rufus, the son of Sarah Brown, is considered the best man in the tribe.

Here is a New Kind of Soap

You are now using some soap and naturally think it is good. But here is a kind that is different from any you know—one that has taken us 43 years to perfect.

Try one cake and compare it with what you now use. We welcome such a test as this for we know in advance the result. You will never go back to the other kind. Here is a soap made from vegetable oil pure enough to use on your table. We pay far more for this in France than we might pay. So we get only the best.

Cocoon oil from the isle of Ceylon is brought over 12,000 miles and mixed with the olive oil. Then both are boiled doubly long.

After this we mill them by our own special process. We have scoured the best factories of England, France and Austria for almost half a century to perfect this process. We have combined the best ideas of foreign lands with our own improvements to attain perfection.

When milled, the soap falls like flakes of snow into enormous bins and is then crushed under a weight of 30 tons to press out the moisture. Then it passes through giant rollers and comes out in miles of silky ribbon.

After being dried eight times it is pressed into cakes and is simply perfect soap. It lathers into a rich creamy foam and wears as thin as a wafer. It leaves the skin rosy and pink like an infant's. So we call it "Infants' Delight."

The perfume is dainty and pure—it suggests only the delicate scent of the roses. Use one cake today and see what a wonderful difference there can be in soap.

BATHURST WOMAN VICTIM
OF HER HUSBAND'S FURY

She Drinks Poison and Slays Himself.

HALIFAX, Sept. 28.—(Over) her life and death at the Victoria General Hospital, with the body in the hands of the coroner, Mrs. Rose Kaye, wife of Samuel Kaye, an ex-soldier of the R. C. M. P., was the subject of a hearing before the coroner.

Her husband, twice over an attempted destroyer of human life. Her first effort was to slay her husband with a vegetable masher, and afterwards drank poison and stabbed herself in the lungs. Both were rendered powerless to act further by reason of their wounds. Kindly neighbors and endeavoring to stay the hand of death.

About five o'clock this morning the following tenants of the house, 116 Millard street, were awakened by horrible shrieks from the third-story window.

The police officers were called to the scene and found Mrs. Kaye lying on the sidewalk, her leg broken and her skull fractured, blood flowing from wounds on her face. She was not dressed, having sprung from bed to avoid a horrible death.

Further investigations were made by the police. First-aid lying in the bed with only a sheet on him lay the husband of the woman below. Beside the bed was a pool of blood.

On the breast of the unconscious man was a self-inflicted wound made by a blade opened and the blood staining the pocket-knife. The contents of the bottle were found to be a bottle of "Poison," the contents of which had been swallowed by the infuriated man on his wife's bed.

All the evidences of foul play were gathered together by the police officers and kept for use in the future.

The police found one other article which was more eloquent than spoken words. It was a letter written before the tragedy by the ex-soldier to the mother of the woman he was about to kill. It was addressed to Mrs. David Henry, Bathurst, N. B. It read: "Dear Mother—By the time you get this letter we and those will have passed away and be in the next world. She is all the cause of this going away."

The letter went on to say that for some nights the wife had been out and she had friends. Every night something like this occurred.

ORANGE, N. J., Sept. 28.—Blanche Glowinski laughed so heartily over a joke yesterday morning that she dislocated her jaw. A physician put it back in place.

A short time later she yawned and again dislocated the bone. Again the doctor was called and Blanche was again repaired. This time the jaw was tied up and the young woman was 28.43, being an increase of 2.38 over the preceding year. The death rate was not quite so satisfactory, being 20.75, the birth rate of the French Canadians shows the very high figure of 44.04 per 1,000.

MONTEREAL HOLDS RECORD FOR THE BIRTH-RATE
38.43 per 1000 Inhabitants—The Largest as Compared With Leading Cities of the World.

MONTEREAL, Sept. 28.—According to Dr. Laberge, the medical health officer, Montreal as far as its birth rate is concerned, is at the top of the list as compared with the leading cities of the world. The annual report of the board of health states that the birth rate for 1908 per 1,000 inhabitants was 38.43, being an increase of 2.38 over the preceding year. The death rate was not quite so satisfactory, being 20.75, the birth rate of the French Canadians shows the very high figure of 44.04 per 1,000.

STRONG PROTEST AGAINST
RECENT ENACTMENT

Lumbermen Appoint Committee to Interview Gov't Regarding Cutting of Timber on Crown Lands.

That the provincial government should be memorialized in protest against a recent regulation made by it regarding the cutting of lumber on Crown Lands, was the decision reached yesterday afternoon by the Limited Holders' Association of New Brunswick and the St. John River Log Driving Corporation, which met in joint session in the Board of Trade rooms.

The regulation which has called forth the unanimous disapproval of the lumbermen of the province, took the form of an order-in-council, notice of which was given about a month ago in the Royal Gazette. It commands that operators upon crown timber lands shall cut all logs down to these of five inches in width.

This the lumbermen are unitedly opposing upon the ground that such timber is worthless, that it cannot be used as pulp wood, and cannot be manufactured into merchantable lumber.

This timber is not worth the stumpage which would be collected upon it, say the operators, and should the government continue to insist upon its being cut, they will ask to have it scaled and will pay the stumpage of it, but will leave the trees standing.

A committee was appointed to prepare a memorial and a hearing at the government meeting to be held at Fredericton on Tuesday will be asked for.

The lumbermen consider it unfair that such an order should have been passed without any consultation with manufacturers, and it is understood a general belief prevails that the Government was influenced to the move by pulp concerns.

Harry Hilyard, vice-president of the Limited Holders' Association, presided at yesterday's meeting in the absence of President John P. Burchill, M.P.P. In addition to the local lumbermen there were present W. B. Snowball, Chatham; Hon. Allan Ritchie, of Newcastle; James Robinson, of Millerton; Frank Napier and William Anderson, of the Shivers Lumber Company, Campbellton.

The necessity of a proper post office for the residents of Portland, the Valley and York Point has also helped to determine the local department upon the move. The present North End office is conducted in a grocery, and while no fault is found with the office, it is very real. In the North End the stamp question is a live one, as the stores cannot be expected to remain open after the regular hours for the sale of stamps, and the drug stores are a very unsatisfactory means of stamps only for the accommodation of the friends, and naturally serve to reduce their stock for the accommodation of persons unknown to them.

Postmaster Edward Sears has made application to the Dominion postal authorities for the necessary permission and grant to establish a new sub-post office at or near the Union depot. It is understood that the Postmaster-General's department is not a suitable station for the office can be found. This is a problem, however, which the local postal authorities have as yet been unable to solve. To a large extent the question would not seem to be highly difficult one, but the postal authorities which the postal people are holding out for cannot be easily provided.

The ideal place for the sub-office being the depot itself, but the railway authorities have so far been unable to see their way clear to providing a place either in the train shed or building. As the necessity for the new office is based partly upon the business which the Dominion is losing from lack of a convenient place at which the travelling public can cash and buy money orders, the sub-office must not be located far from the depot, and to have it there would be an immense advantage. Outside of the depot a situation at all suitable has not yet been located within working distance, although a site has been sought for some time. Farther north than the corner of Mill street and Paradise row the office would be deprived of a great deal of its value as a competitor for the business which the express companies now secure, or as a creator of business in itself.

The postal authorities are continually being urged, too, by calls from the business concerns for the establishment of such a sub-office, and it is understood that calls can be received and assented to satisfactorily up to the leaving time of every train. Certain of the concerns in town would gain immensely by such a provision in the furthering of their business arrangements.

It is understood that the postal department is to take the matter up with the department of railways with a view to make arrangements, if any are at all possible, to have a complete sub-post office established in the depot.

Dr. Chase's Ointment is a certain cure for piles, hemorrhoids, and all other ailments of the rectum. It is a powerful and reliable remedy, and is sold by all druggists. See testimonials in the press and ask your druggist for it. You can use it and get your money back if it does not cure you. Dr. Chase's Ointment, DR. CHASE'S OINTMENT.

NEW SUB POST OFFICE IN
OR NEAR UNION STATION

Postmaster Sears Makes Application to Department—There are Difficulties, But Department is Favorable.

Postmaster Edward Sears has made application to the Dominion postal authorities for the necessary permission and grant to establish a new sub-post office at or near the Union depot. It is understood that the Postmaster-General's department is not a suitable station for the office can be found. This is a problem, however, which the local postal authorities have as yet been unable to solve. To a large extent the question would not seem to be highly difficult one, but the postal authorities which the postal people are holding out for cannot be easily provided.

The ideal place for the sub-office being the depot itself, but the railway authorities have so far been unable to see their way clear to providing a place either in the train shed or building. As the necessity for the new office is based partly upon the business which the Dominion is losing from lack of a convenient place at which the travelling public can cash and buy money orders, the sub-office must not be located far from the depot, and to have it there would be an immense advantage. Outside of the depot a situation at all suitable has not yet been located within working distance, although a site has been sought for some time. Farther north than the corner of Mill street and Paradise row the office would be deprived of a great deal of its value as a competitor for the business which the express companies now secure, or as a creator of business in itself.

The postal authorities are continually being urged, too, by calls from the business concerns for the establishment of such a sub-office, and it is understood that calls can be received and assented to satisfactorily up to the leaving time of every train. MORE
PINKHAM
CURES

Added to the Long List due to This Famous Remedy.

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Compound for years and never found any medicine to compare with it. I had ulcers and falling of the uterus, and doctors did me no good. I suffered dreadfully until I began taking your medicine. It has also helped other women to whom I have recommended it."—Mrs. HENRY CLARK, Glanford Station, Ontario.

Gardner, Me.—"I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months."—Mrs. A. WELLES, R. F. D. No. 14, Box 39, Gardner, Maine.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer with giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ill, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pain, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

ORANGE, N. J., Sept. 28.—Blanche Glowinski laughed so heartily over a joke yesterday morning that she dislocated her jaw. A physician put it back in place.

A short time later she yawned and again dislocated the bone. Again the doctor was called and Blanche was again repaired. This time the jaw was tied up and the young woman was 28.43, being an increase of 2.38 over the preceding year. The death rate was not quite so satisfactory, being 20.75, the birth rate of the French Canadians shows the very high figure of 44.04 per 1,000.

THE STAR, ST. JOHN N. B. WEDNESDAY, SEPTEMBER 29 1909 SEVEN

FREE UNTIL CURED

Not One Penny in Advance or on Deposit

Forty years ago, when I first discarded drugs and devoted my whole attention to the study of Electricity, I could not afford to do business on today's basis, but I have so perfected my Electrical Appliances, and research is so great, that I will now give my wonder-famed Dr. Sanden Electric Belt, with Electric Suspensory, to any man who suffers from Nervous Debility, Varicose, Losses, Rheumatism, Lame Back, Stomach, Liver and Kidney Troubles, absolutely

FREE UNTIL CURED

I don't ask you to pay or deposit one cent until I convince you. Simply call or write for a Belt and wear it for two months, and if cured pay me the usual price, if not cured, return the Belt, and that ends the matter. Be sure you get the genuine. My great success has brought forth many imitations, and I must caution the public against their worthless, blistering imitation.

Call today and take a Belt along, or write for one of my two valuable books on Electricity and its medical uses. Sent sealed, free by mail.

DR. E. F. SANDEN, 40 YONGE STREET TORONTO, ONT.
Office Hours—9 to 6; Saturdays Until 9 p. m.

Absolute Safety

CAN BE HAD By Investing IN THE 4 PER CENT BONDS OF CARLETON COUNTY.

Value of land and property in the county about \$8,500,000. Bonded debt only \$38,000. Population 23,000. The bonded debt is therefore only about \$1.70 per capita.

The farmers are all progressive and well-to-do, and the land is of the best.

Bonds \$1,000 each, interest coupons payable 1st June and 1st December. Send for particulars.

J. M. ROBINSON SONS, BANKERS, St. John, N. B.

NEW ROAD WILL BE GREAT BOON

Gov Ganda's Development is Assured—Work Likely to be Increased by Better Transportation.

"One thing that is bound to be a great factor in the development of the Gov Ganda district is the new Government Road," said Mr. John W. Bartlett, who has just returned from a visit to the Bartlett Mines in Gov Ganda.

"This road is an excellent piece of work. It is almost without grades, wide enough to take four teams abreast, and is built substantially to withstand both the weather and rough usage.

"Good means of transportation is the only thing needed to make the Gov Ganda camp one of the richest in the north country. Development work which has been done up to date has been perfectly satisfactory to all owning property on the famous diamond base ridge on the west shores of Gov Ganda Lake. The Heave-Doble, Boyd, Gordon, Mann and Ryan all have large quantities of ore stacked in their own houses, ready for shipment, and have considerable more located at depth.

"The Bartlett Mines, with only about five months of actual work, is working as smoothly and as automatically as the best of the Cobalt mines, which have been running for four or five years. Scientific mining is being done. All the necessary development work is being taken care of so that when shipping begins, there will be no dead work to interfere with continued progress.

"The Nova Scotia Steel and Coal Company has declared the regular quarterly dividend of 2 per cent. on the preferred stock, payable October 15 to holders of record, September 30, 2009 close Oct. 1 to 15.

BANK OF OTTAWA

INCREASE CAPITAL STOCK BY \$500,000

Holders of Six Old Shares Will Get One New Share—Stock Issued at 100 p. c. Premium.

The Bank of Ottawa will increase its capital stock to \$500,000. It has been decided by the board of directors to issue 5,000 shares at \$22 per share. This price of issue represents a premium of 100 per cent.

Shareholders of record September 28, will be entitled to subscribe to one share of new stock for every six shares of stock then held.

The calls are payable in ten payments of ten per cent. beginning Nov. 1, 1909, and continuing monthly. The first payment due August 11, 1910.

The Bank of Ottawa has a paid up capital of \$3,000,000 and an authorized capital of \$5,000,000. The reserve fund is \$3,000,000. The capital will be raised to \$5,000,000, and the increase will be a corresponding increase by the receipts of premiums on the new stock issue. Ten per cent. dividends are paid annually on the capital stock. Previous capital allotments were made as follows:

Allotment previous to 1885	\$1,000,000
Allotted Oct. 1, 1891, at 142 1/2	500,000
Allotted Feb. 2, 1893, at 150	500,000
Allotted Nov. 15, 1905, at 120	500,000
Total	\$3,000,000

How to Avoid Sea Sickness

Take along a box of Mother's Seal and Train Sick Remedy. It has recently been thoroughly tested on English and Irish Channels and found absolutely reliable. Recommendations are given by such papers as London Daily Express and the Press generally in Great Britain. Ample proof is given that it is a strong reliable and not a satisfactory money refunded. For sale at MOTHER'S SEAL REMEDY CO., 248 Cleveland Bldg., Detroit, Michigan.

For sale and recommended in St. John by A. Chisham, and in G. A. Moore, Roy Pharmacy and G. A. Recker.

BARNETT-MURPHY

MONCTON, N. B., Sept. 29.—A very pretty and interesting wedding took place at noon today when Blanche Barnett of this city was united to Mr. Barnett of Montreal. The ceremony was performed by Rev. D. McMurdo, pastor of the Baptist church here. Mr. and Mrs. Barnett left on the C. P. R. for their new home at Montreal at 10 o'clock.

STOLE A HOUSE—AND CARRIED IT TWO MILES

Blenheim Properly Hauled Away by People Who Regarded it as Blocking the Street.

GLENEHELM, Ont., Sept. 29.—Theft is not uncommon, but when the article stolen is a house, and it is taken two miles, it borders on the weird. Yet that is what happened here yesterday. A house belonging to Miss Mountford is claimed to have been hauled away, and so parties unknown yesterday loaded it onto sleds and carried it a couple of miles along the street and drew it two miles away.

MCGILL IS TO HAVE AN INFANTRY BATTALION

One Company Will be Organized Right Away and the Others Later on.

MONTRÉAL, Q., Sept. 29.—That McGill University will have a company of infantry at first, and in the near future a full battalion, is the outlook at present. For two years there has been a military corps with officers of the permanent force lecturing. There is a strong rifle club and these two are so well supported that a company will be formed this fall with a view to having a six company battalion later on. The Federal Government has bought property at Pointe Aux Trembles for a school for dragons, and barracks and stables will be erected immediately. The dragons at St. John's, P. Q., will be brought here and a company of infantry sent to St. John's. The site for the barracks is beside the rifle range.

SILVER LAKE HOTEL IN MAINE THREATENED

Guests Moved Out Last Night—May Residents Sook Safety from the Floods

BANGOR, Me., Sept. 29.—The heavy rain of the past three days has raised all water courses in Northern Maine to a freshet pitch and there is danger of a freshet pitch at several points, notably at Katahdin Iron Works where the dam at the foot of Silver Lake is likely to be carried out, endangering the Silver Lake hotel where a dozen families from Bangor, N. Y., and elsewhere are staying. The guests packed up their belongings and moved to high land back of the hotel, and the occupants of a number of houses that form the village had also abandoned their dwellings and sought safety on the hills.

SPANISH TROOPS CAPTURE THE MOORISH POSITION

Occupied Mount Gurguz This Morning—Enemy Had Been Helped—The Trouble in Barcelona.

MADRID, Sept. 29.—It is officially announced that the Spanish troops occupied Mount Gurguz, Morocco, at 7 o'clock this morning.

MELILLA, Sept. 29.—A wounded Moor captured in the fighting between the Spaniards and the Rifas yesterday, declares that the main body of the Moors has been reinforced by 15,000 Rifas from Abuchama.

PARIS, Sept. 29.—The Matin today publishes a despatch from Cerbers on the Spanish frontier, saying that the president of the Rifas yesterday, declares that the main body of the Moors has been reinforced by 15,000 Rifas from Abuchama.

W. G. T. U. CONVENTION

SACKVILLE, N. B., Sept. 29.—This morning's session of the W. G. T. U. Convention opened with devotional exercises after which came reports of several superintendents of departments. Mrs. J. Seymour St. John, reported for evangelistic, jail and prison work. Mrs. Shaw for the department in charge of work among lumbermen and raftsmen. Mrs. J. J. Colter, of Fredericton, spoke of the work of militia branch. A very instructive Bible reading was given by Mrs. Wright, Dominion President, and several county presidents reported.

RIVER RISING TO FRESHET HEIGHT PUT OUT OF BUSINESS

As a result of the incessant rains during the past week the river has risen to such extent that almost all the large fractions, Louisville and Nashville and Atlantic Coast Line declined. The market showed great animation and breadth.

NEW YORK, Sept. 29.—Cotton futures opened steady, Oct. 12 1/2, Dec. 11 1/2, Jan. 11 1/2, Feb. 11 1/2, March 11 1/2, May 11 1/2, July 11 1/2.

EXPECT TO FINISH THE JUDGING TODAY

Notwithstanding the inclemency of the weather, quite a number of spectators were present this morning at the Queen's Rink to witness the judging of the collies and English setters. A number of ladies were in evidence, leading around their favorite puppies, waiting their turn to try for the coveted honor. The competitors this morning between the Collies and Setters were very keen. Mr. Moore, the judge, remarked that he had great difficulty in picking out the winners. The judging was resumed at two o'clock this afternoon and it is hoped to finish today. Mr. Moore leaves tonight for Montreal.

A prize will be presented for the best booth at the show. The one belonging to Mr. James McDougal, decorated by W. H. Carruth, the taxidermist, seems to be the favorite.

The judging this morning resulted as follows:

COLLIES

Class 91, Puppy Dogs and Bitches—E. J. Wallace, 1st, with Sport; J. T. Warner, 2nd, with Poos.

Class 92, Novice Dogs—J. J. Sheehan, 1st, with E. J. Wallace, 2nd; Frank Barlow, 3rd.

Class 93, Limited Dogs—H. J. Sheehan, 1st, with E. J. Wallace, 2nd; Sport; Frank Barlow, 3rd, Tiger.

Class 94, Open Dogs—H. J. Sheehan, 1st, with E. J. Wallace, 2nd; Sport; Frank Barlow, 3rd, Tiger.

Class 95, Novice Bitches—H. J. Sheehan, 1st, with E. J. Wallace, 2nd; Sport; I. G. Sullivan, 3rd, Floss.

Class 96, Limited Bitches—H. J. Sheehan, 1st, with E. J. Wallace, 2nd; Sport; Nelly A. Simon McKay, 3rd, Floss.

Class 97, Open Bitches—H. J. Sheehan, 1st, with E. J. Wallace, 2nd; Sport; Nelly A. Simon McKay, 3rd, Floss.

Class 98, Green Dogs and Bitches—E. J. Wallace, 1st, Sport; Frank Barlow, 2nd, Tiger; T. J. Wallace, 3rd, Floss.

Class 99, Local Dogs and Bitches—H. J. Sheehan, 1st, with E. J. Wallace, 2nd; Sport; H. J. Sheehan, 3rd, Tiger; H. J. Barry, 3rd, Nelly A.

ENGLISH SETTERS

Class 101—Bart Holt, 1st, Fan; J. E. Moore, 2nd, Jip; James McKelvie, 3rd, Master Douglas.

Class 102, Novice Dogs—J. K. McDonald, 1st, Lord Dundonald; R. McArthur, 2nd, Tiger; Mrs. R. Smith, 3rd, Tony's Pride.

Class 103, Limited Dogs—James McKelvie, 1st, Stoughton Ben; John K. McDonald, 2nd, Lord Dundonald; R. W. Short, 3rd, Tip-top.

Class 104, Open Dogs—James T. McGony, 1st, Stoughton Ben; James K. McDonald, 2nd, Lord Dundonald; Mrs. DeL. Garrett, 3rd, Lady.

Class 105, Open Bitches—Harry Gilbert, 1st, Bess, Queen of Furness; R. W. Short, 2nd, Sadie B.; Bart Holt, 3rd, Pat.

MEMBERS OF COMMISSION PLEASED WITH RECEPTION

(Continued From Page One.)

SIR JOHN DICKSON-POINDNER.

Sir John Dickson-Poindner, who is a member of the British Parliament, speaking of the reception which he met at the hotel, said that naturally the members of the commission, being in England, said that naturally they were pleased to meet the existing state of affairs in the old country.

It was now three weeks since they left home and during that time they had not received any direct word regarding the more recent developments. They were eagerly awaiting the full reports of Hon. Mr. Asquith's speech on the budget.

He could make no prediction as to the outcome of the present battle between the parties, but did not see how the result would be affected by the full reports of Hon. Mr. Asquith's speech on the budget.

SIR DANIEL MORRIS.

Sir Daniel Morris, whose extensive knowledge of the West Indies condition makes him one of the most valuable members of the commission, said that under an agreement which they had made with the commission, they were to be present at the reception which was held at the hotel. He would say, however, that the reception which had been given them everywhere they went. They had enjoyed the rest of their journey would be pleasant.

HON. WM. PATTERSON.

Speaking of the effects of the new United States tariff on Canadian trade, Hon. Wm. Patterson, Minister of Commerce, said that he thought that Canada had nothing to fear. In the first place large powers were vested in the president of the United States and until he announced next April whether Canada would come under the maximum or minimum tariff, it would be impossible to judge of the effect of the change. No matter what stand was taken, however, Canada would still manage to get along quite comfortably. "We have not been dependent on the United States in the past," said Mr. Patterson, "and we are not likely to be in the future."

"It is my own opinion, however," he continued, "and I give it merely for the information of the public, that the maximum tariff, and if this is the case it will be likely to stimulate trade between the two countries."

MEXICO CITY, Sept. 29.

Members of the editorial staff and the mechanical force of the government opposition newspaper Antel Eleccionista were put in prison yesterday. The plant was confiscated. The publishers were charged with inciting sedition.

Our Special Sale of Corsets
At 59c is still going on

F. A. DYKEMAN & CO.,
59 CHARLOTTE ST.

NEW WINTER OVERCOATS NOW READY.

And they are, we believe, at least a little better than any winter line we have previously shown.

Better in value—better cloth, better tailoring for the money.

Blacks and greys predominate, with a liberal sprinkling of the lighter colors that some men prefer.

Medium and long coats, Fancy Tweeds and Friezes, the popular Prussian and regular double-breasted styles. Also Single Breasted Overcoats, most modestly made, with patched-on pockets and all the other "ear-marks" of recent fashion.

And to cap the climax, the very cream of the 20th Century 1910 models.

\$10 to \$25. And as we remarked above, BETTER values than we have ever previously been able to offer.

Suits, trousers, vests—new lines await your inspection.

MR. WILCOX CRITICIZES THE ST. JOHN POLICE

Appears on a Window Washing Charge and Declares There is No Protection for Property.

Those who were fortunate enough to be in the police court this morning were favored with a stormy and at times eloquent address by Mr. Verner Wilcox of Wilcox Bros. on the negligence and carelessness of the St. John police force.

He railed against the city and the police force generally, stating the properties in the city had no protection whatever.

Mr. Wilcox was reported by the police for washing his windows during prohibited hours.

He said it was necessary to do it. Every morning he opened his store, the doorways would be strewn with cigarette butts and vomit. Only the other night his window was scratched as if it had been done with a diamond. Once somebody had cut glass out of a window of his store and ransacked his windows, appropriating two suits of clothing.

His Honor allowed him to go and stated that an investigation would be made.

Raymond Tobias and Noale Lahoud were reported for washing windows on Brussels street during prohibited hours. Tobias claimed he didn't know the law and was allowed to go.

Lahoud said he wasn't the guilty party; it was his brother. He was ordered to straighten out the matter.

LOCAL NEWS

C. P. R. S. Lake Manitoba arrived at Liverpool 8 p. m. Tuesday.

No. 2 storm signal, indicating heavy easterly gales, was ordered down at noon today and No. 2, for moderate westerly gales, was ordered up.

Get your clothing made by an experienced tailor. Come when operating expenses are low. C. B. Pidgeon, Tailor, the best suited for less money than any other store in St. John.

The Carleton Male Quartette will hold a concert in City Hall, this evening. In addition to band selections, there will be several vocal and instrumental numbers.

On enlury at a hospital today it was learned the Harry Ervin would be laid up for some four or five days at least. He received a bad cut on the back of the head, and severe bruises about the face, but is resting very comfortably this afternoon.

Companion Court Wygoody, I. O. Foresters, celebrated its eight anniversary on Tuesday evening in Foresters Hall, Charlotte street, by holding an "At Home." C. R. Mrs. C. E. Belyea, assisted by her staff of officers, received the many friends who attended. The hall had been neatly decorated for the occasion and presented a handsome appearance. An excellent programme of songs, reading and addresses was carried out and was greatly appreciated, as shown by the many recalls. Light refreshments were served at the close.

OVER EXERTION THE CAUSE OF MR. GILLESPIE'S DEATH

Complained of Feeling Unwell After Playing Golf and Soon Afterwards Succumbed

Over exertion in playing golf in Belmont is believed to have caused the death on Monday afternoon of James B. Gillespie, in a hospital in a hospital. Mr. Gillespie had been under treatment for some time in the McLean Hospital, Waverley, for nervous trouble but his condition was not so serious but that he was able to indulge frequently in his favorite sport. On Monday he was playing golf near the institution and upon returning complained of not feeling well. His condition became so serious that he was taken to the hospital, where death followed within a short time.

REV. GIDEON SWIM WILL GO TO PETITCODIAC

Has Decided to Accept Call Recently Extended—To Leave Next Tuesday.

Rev. Gideon Swim has decided to accept the unanimous invitation to become their pastor extended to him by the congregations of the Petitcodiac and Cornhill districts. He will leave St. John, accompanied by his family, on Tuesday next, and will occupy the Tabernacle Church, and will be at his home, 100 Waterloo street, until the following Monday.

Mr. Swim has been pastor of the Waterloo Street Baptist Church for several years and during his stay here has won a reputation as a man of strong views on questions affecting the public welfare and dealing with moral and social reform and one who is not afraid to express his opinions on these matters.

Speaking to the Star this morning Mr. Swim said:—"I regret leaving St. John. I like the city and the people and I have enjoyed my stay here. It seems to be the will of Providence, however, that I should go and I feel that I have been guided in my decision."

THE STORM IS SPOILING PLANS OF MANY PEOPLE

Continued Wind and Rain Upsetting All Calculations These Days.

"It is an ill wind that blows nobody good, but it is very different to see just what benefit the storm has been which has continued practically since last Friday. St. John has not had such a season of rain for the last couple of years.

People whose plans have been shattered by the inclemency of the weather are everywhere growing. All over the city broken windows and dangling branches of trees tell of the havoc of the wind which has accompanied the rain of the last few days.

Not even the sportsmen have escaped. The Worcester ball team, which was to have played the Marathons last Friday has been staying at the Park Hotel as the guests of the local team waiting for a chance to play the game, but up to the present the contest has been impossible.

The trains have all been affected. Slight washouts have occurred all along the line which have delayed them. The most damage was done on the C. P. R. on the Fredericton branch. The rain and the high water of last night added to what has already been done may prove troublesome in many places on the line.

A strong southerly wind blew last night with a velocity of about 24 miles an hour with a rain fall of about 1-1/4 inches.

WILL DISCUSS TRADE WITH WEST INDIES

Imperial Commission in Session Here

Prominent Men Who Compose It—Plans for the Meeting—Banquet at Union Club Tonight.

The members of the Royal Commission on trade relations between Canada and the West Indies appointed by the Imperial and Dominion Governments, arrived in the city this morning for the Maritime express. The British commissioners are: The Right Hon. Baron Balfour, of Burleigh, chairman; Sir John Dickson Poynder, secretary; and Hon. W. S. Fielding and Hon. William Patterson represent Canada on the commission. H. R. Cowie is secretary and R. H. McCarthy, C. M. G., is the technical adviser. The party is also accompanied by Hon. George Gordon, H. B. Viers, J. A. Russell and R. C. Dunbar.

The commission met in the Board of Trade rooms this afternoon at 2.30. Invitations to be present were sent to all merchants and others interested in the West India trade in the city and throughout the province, and the response was fairly large.

H. B. Schofield, ex-President of the Board of Trade, who has extensive trade connections in the West Indies, opened the discussion this afternoon with a speech on local conditions with regard to the trade. He spoke in general terms for the purpose of opening up the discussion for those who followed him.

Among those who had expressed their intention of speaking are: L. G. Crosby, G. E. Barbour, T. Collins, J. Fraser Gray and representatives of Jones and Schofield and J. and W. Ganong, St. Stephen.

The discussion, although controlled and directed by the commission, will be of an informal nature and a large number of those present are expected to take part.

This evening the members of the commission and the accompanying party will be entertained at dinner in the Union Club by the members of the Board of Trade. The large dining hall on the ground floor will be used. The table for the principal guests will be arranged in the front of the room with long tables stretching down each side for the others present. An excellent menu has been arranged and the tables which are prettily decorated present a very attractive appearance.

In order to give the visiting statesmen all the time possible for their speeches, the toast list will be a short one. W. E. Foster, President of the Board of Trade, who will preside and will act as toast master.

After the King has been duly honored Lord Balfour, of Burleigh, and Sir John Poynder will be called on to respond to "Great Britain and the Colonies." Sir Daniel Morris will speak in reply to the toast to "The West India Commission," and Hon. W. S. Fielding and Hon. Wm. Patterson will address the gathering on the subject, "Canada."

In addition to the commissioners, the following will be the guests of the members of the Board of Trade: Lieut. Gov. Tweedie, Hon. Wm. Purvesley, Chief Justice Parker, Mayor Bullock, Premier Hays, Col. H. H. McLean, M. P., Dr. J. W. Daniel, M. P., Hon. J. V. Ellis, Hon. C. N. Skinner, John E. Wilson, M. P., J. D. White, Robert Maxwell, W. E. Raymond, W. E. Foster, H. C. Schofield, H. W. Fry, D. G. Clark, J. A. Lasky, W. C. Cross, W. H. Thorne, Jas. Harrison, Wm. Thomson and Co., H. A. Powell, F. E. Marvin, Geo. E. Harbour, Geo. Robertson, E. L. Raine, Thos. Gibbard, M. E. Agar, F. W. Daniel, Wm. Doherty, L. C. Phipps, Chas. McDonald, C. H. Peters, L. G. Crosby, S. A. Jones, F. A. Foster, R. C. Halsey, H. B. Robinson, C. C. Cogan, Manager Bank of Nova Scotia, F. L. Potts, Walter J. Sutherland, A. E. Taylor, Fred A. Peters, Frank B. Kine, P. Mooney, J. S. Armstrong, R. B. Kesson, R. Stuart Solomon, F. R. Taylor, H. W. Schofield, H. H. Bennett, Henry R. Ross, H. C. Rankine, Alex. Wilson, J. Fraser Gregory, C. J. Osman, W. E. Anderson.

100 BRUSSELS STREET.

Plate Prices

Superior skill—material—and facilities—produce Artificial Plates that give the wearer comfort—natural expression—easy articulation—and a hygienic substitution for Nature's teeth.

Nothing else ever will. Such work cannot be "cheap." Cheapness cheapens the result, and makes the experiment dear. We hold charges down only to what is fair. Hold the quality up to all that is best.

Dr. J. D. MAHER,
BOSTON DENTAL PARLORS,

WARM AND COMFORTABLE SLEEPING GARMENTS FOR COOL NIGHTS

The question of warm and comfortable sleeping garments for the coming cool nights is a vital one now for most men. In the selection of the desirable kind of night shirts and pyjamas we are able to give assistance that you will appreciate.

We have a very extensive showing of cold weather nightwear, which is being augmented almost daily by new arrivals. The following will convey an idea of how well prepared we are to serve you.

SOFT FLANNELETTE NIGHTSHIRTS in pretty fancy stripes or plain white. They are all custom made, double stitched seam with full yoke and pocket, extra wide and long. Made to our special measurements and are the largest sizes shown today.

FANCY NIGHTSHIRTS in five qualities, 75c. to \$1.25

WHITE NIGHTSHIRTS, made with and without collars, plain and with satin trimmings in three styles, \$1.00 and \$1.25

WHITE TWILLED COTTON NIGHTSHIRTS, Collar attached, \$1.00 to \$1.50

WHITE TWILLED COTTON NIGHTSHIRTS, MEN'S AND BOYS' OUTFITTING DEPARTMENT

Manchester Robertson Allison, Limited
