war is fairly well started, and some very prominent people are taking a hand in it. Ilon. J. Israel Tarte, minister of public works, speaking for the governnient to-day, made a statement that will startle French Canadians and Catholic Canada. He plainly and definitely announced that the government would not take the slightest notice of the ravings of the bishops, that they had sworn to carry on the government of the country to their best ability and that the bishops might say. He intimated that the government were prepared for a battle to the death between Church and State, and is convinced that the state

It is now some years since the Newcastle Curling Club ceased to exist chiefly be ause of the destruction by fire of the skating and curling rink, and since then not a game has been played. A year ago an effort was made to see if any arrange ment could be made with the stockholders of the Rink Company, whereby the former would allow the moneys in the hands of the treasurer to be used to purchase stock in a new company to be formed, but the curling season was on before anything was done and the matter was deferred. Owing to the enterprise of Messrs. Johnstone Beckwith a rink has been enclosed on the ice, and a new interest seems to be aroused in the interesting game. A new club

is talked of being formed with a view of the erection of a new rink to be ready fo next season. A meeting for this purpose will be held in the Waverley Hotel on this (Wednesday) evening at 8 o'clock, for the purpose forming a club and transacting such other business as may be brought up. All former members of the club, as well as those interested in carling who wish to be come members are invited to attend. Millions die annually through lack of care for the kidneys—the first sign of kidney trouble noticeable is a single pain in the back which gradually develops into that dreaded malady Bright's di-sease—one of the most alarming symptoms is highly colored urine giving bricklike deposits—do not delay when the slightest symptom has appeared—Kidney troubles are easily prevented in their earlier stages—if neglected they may become obstinate, chronic and perhaps fatal—medical science has proved that all kidney diseases arise from an excess of uric acid or kidney acid poison in the blood—One of Dr. Chase's kidney-liver pills if taken weekly will neutralize this acid and prevent any tendency to Bright's disease or Diabetes.

Have you any of these symptoms? Back Ache, Dull Heavy Pain in the Bladder or Base of the Abdomen, Pains in the Back and Sides, Unusual desire to urinate, Scalding urine with passage obstructed, Red or White deposits, Tired Feelings, Weakness, Dropsical Swellings, these are sure signs of kidney troubles.
