THESE TRAVELERS NEVER MURMUR AT PLANK BEDS

Valuable Closely Guarded and Checked Free of Charge.

Nearly every night the London police department plays host to any number of homeless travelers in the city who cannot obtain accommodation at hotels or rooming-houses for one reason or another.

No very luxurious service is offered in the Carling street transient hostelry — only a rough plank on which one may spread his greatcoat — if he happens to possess one. In order that thieves may not break in and pick the pockets of the guests, the doors are locked by the "bell-cop" who escorts them to their rooms. A lot of travelers, it might be said, who are accustomed to lounging at more luxurious hotels, do not disdain once in a while to apply voluntarily for shelter over-night.

How that they are used to patronizing good hotels, where night clerks stay awake to call the sleeping guests at any hour desired, instructions to this effect are invariably left at the desk. But these instructions are accidentally almost always overlooked.

The police go upon the theory that a man asks to be awakened at 7 o'clock, his reason for wanting to leave early may bear investigation, and it is always 10 o'clock before he makes his departure, after the detectives have solicitedly inquired how well he didn't sleep with the bedding and stonoring of involuntary guests in the next room.

On the other hand, if the really hazy traveler hints that he has had a hard day and wants to sleep till noon, he is more than likely to be hustled out at 7 bells without an inquiry or solicitation, whether he liked his accommodation or not.

BIRD NOTES
(Contributed by Melviorith Ornithological Club.)

Just because there are none of what are called "winter birds" this season, it must not be supposed that "no birds" have been observed during the winter months. It is quite true that our summer birds, with that lack of foreknowledge of weather for which they are noted (among bird students) departed from us at their regular dates, and very few remained, but a few individuals of quite a number of species habitually stay the winter with us, and many of these were to be found by the earnest seeker.

So it came about that the regular "first-of-the-year" walk, which is held with religious regularity on January 1, resulted in the listing of 22 species, a surprisingly large number in the eyes of those who say "there are no birds in winter," but some of our members were disappointed at the absence of so many that have been found in other years.

This list included junco, crow, blue jay, tree sparrow, great blue heron, red-headed woodpecker, white-breasted nuthatch, ruffed grouse, red-tail hawk, purple Finch, chickadee, hairy woodpecker, downy woodpecker, cardinal, red-shouldered hawk, long-eared owl, snowflake brown creeper, golden-crowned kinglet, song sparrow, browned grackle, great horned owl.

W. E. SAUNDERS.

Breakfast — A Duty or a Pleasure?

There's real joy in the morning meal and genuine preparation for the work hours that follow, when the menu includes

Grape-Nuts

The full nutriment of wheat and malted barley in this unique food provides unusual nourishment without burdening the stomach.

Ready to serve from the package with cream or good milk. Sweet with the natural sugar of the grains, self-developed in the making.

If your breakfast isn't a pleasure, try Grape-Nuts

BOARD APPOINTS W. A. TANNER AS NEW SECRETARY

School Trustees Disregard Promise of Preference For Veteran.

SELECTION A SURPRISE

Question Raised Whether Wife of Appointee Should Re-sign As Trustee.

W. A. Tanner, who has been acting secretary to the board of education since the death of the late Secretary R. M. McElheran, was yesterday afternoon appointed secretary at a special meeting of the board, after three ballots had been taken. The result came somewhat as a surprise, in view of the board's definite statement at the time that it was decided to publish the applications, to the effect that in event of several presenting qualifications equal to those of a civilian the veteran would be given the preference.

Following the announcement of the third ballot, the motion of Trustees Smith and Udy, the board made the appointment of Tanner as secretary at the suggestion of Trustee Rev. A. A. Rice, requested that no names of applicants, except the successful one, be published by the papers, the plea being made that "it might injure the applicants in their present position."

One Applicant Withdrew.

The ballot paper contained the names of six men whom the special committee considered to be especially qualified for the post, in alphabetical order, at the top and below these the names of 17 other applicants, also in alphabetical order. Trustee Rice, in reply to a question by Trustee Smith, read a letter from one of the applicants, whose name had been placed in the first six, stating that he wished to withdraw his application.

Principal H. B. Beal and Inspector V. J. Greer, who were named scrutineers by Chairman Coleridge, were the voting began. W. A. Tanner asked to be excused from voting. The request was granted.

On the first poll each of the five remaining names was the head of the list, and one name from the other part of the list was declared selected. On the second vote the result was as follows: 5, 3, 2, 1, 1, 0, the three low men were declared eliminated, the third vote was recorded as 7, 3, 2, and one ballot spoiled.

Notice "Too Broad."

Following the reading at the opening of the meeting of the notice convening it, Trustee T. Rowe claimed that the notice was altogether too broad. The police stated that the meeting was called to receive the reports of all applicants, to receive any communications and to receive the report of the special committee appointed to receive applications for the position of secretary.

Trustee Rice before the close of the meeting asked the chairman, "if in view of Mr. Tanner's resignation, an officer of the board it would be necessary for Trustees Mrs. Tanner to resign."

Chairman Coleridge suggested that the question be referred to the solicitor, and laughingly remarked that he had never heard of a trustee resigning a fee by expressing a legal opinion.

School Plans Progressing.

It was stated by Trustee Hayman, chairman of the school board, that the plans for Victoria school would be ready in two or three days, and that the committee reported that the plans for the new college would probably be ready in time for the next regular meeting of the board on April 5.

On a "motion to adjourn," several trustees took occasion to object to the calling of any more special meetings for some time to come, and the chairman was understood to assure the board that so far as he was concerned the objection would receive fullest possible recognition.

HOLSTEIN BREEDERS HOLD BANQUET AT CONCLUSION OF SALE

Lifting of Cattle Embargo in Great Britain Would Benefit Cattle Raisers.

At the close of the sale of pure-bred stock on Wednesday afternoon, the London district Holstein breeders held together in Chivins restaurant, W. J. Ellis, London Township, president, and in the course of a few remarks said that on the whole they were fairly well satisfied with the results of the sale, although the quality of the stock warranted better prices. However, the low price of cattle at the present time did not encourage farmers to hope for too much.

In the course of the discussion which followed, reference was made to the prospective removal of the cattle embargo in Great Britain, and the opinion was expressed that if this barrier were lifted it would benefit breeders of pure-bred stock in this country by opening up a market in the old land. There was no reason, it was said, why pure-bred Holsteins of the quality which that day's sale had brought forward should not be in demand amongst British dairy farmers, as it is well known that this breed is rapidly gaining ground there as a milk and butter producer superior to all others.

Attention was also directed to the newly-formed London District Live Stock Club, and it was generally admitted that this formed a splendid opportunity for beginners to secure some good stuff and make a start as breeders of pure-bred cattle.

The movement for the provision of better sires also received the hearty indorsement of the Holstein breeders. The speakers included Capt. Tom Robinson, G. P. Pearson, Frank Balfour, Stanley Shaw, and R. A. Finn, agricultural representative for Middlesex County.

STOLEN SECURITIES LOCATED.

DANVILLE, Va., March 23.—Securities valued at \$51,000, fifty wills and three bundles of other documents, all stolen from the Bank of Houston, Virginia, six months ago, were found under a strawstack today.

A quantity of money and securities from the same bank was found three months ago under a haystack five miles from the scene of today's discovery.

Canada Is Paying 118,140 Pensions

OTTAWA, March 23.—The total amount paid with respect to C. E. P. disability pensions for the year ending December 31, 1920, was \$18,212,596, according to information given by W. A. Griesbach, Edmonton West, in the House of Commons today.

The total number of persons pensioned on December 31, 1920, was 118,140. Of this number 53,854 were pensioners, 26,215 wives, and 37,272 children.

HOLSTEIN CATTLE BRING HIGH PRICES IN DISTRICT SALE

Sixty Head of Fine Stock Sold At Western Fair Grounds.

The annual spring sale of the London district Holstein breeders was held at the Western Fair grounds on Wednesday afternoon. About 60 head were placed in the ring, consisting of springers, new milkers and young bulls. There was a large attendance of buyers, and although the bidding was fairly brisk, no sensational prices were realized. In fact, considering the good quality of the stuff presented several of the animals were decided bargains.

The top price was for a fine young bull, just 1 year old, consigned by H. C. Holby of Glenworth. This bull, King Payne of Kady Grange, was a showy animal, and his dam and sire's dam's average was: Butter, 7 days, 31.39 pounds; milk, 7 days, 41.10 pounds. The price realized was \$425, and his purchaser was J. A. Trick of Goddard.

A 5-year-old female, Jewel Pontiac, consigned by William Knott of London, was sold to G. W. Keays & Sons, Hyde Park, for \$275.

Other sales which realized the \$200 mark and over were as follows: Segis Wayne Hartog (female), consigned by Charles E. Holborn, sold to B. Bodkin, Asylum, for \$210; Phoebe Funderme, Dandel (female), consigned by P. D. Balfour, sold to J. G. Thomson, Aymer, for \$210; Mahina Payne Pieper (female), consigned by W. J. Ellis, London, sold to George Collins, Putnam, for \$200; Mildred Funderme (female), consigned by W. J. Ellis, London, sold to H. N. McNiece, London Township, for \$215; Colantha Henservyd Brookbank (female), consigned by A. C. Taylor, sold to Alfred Graves, Salford, for \$225; Julio Dekol Pos (female), consigned by S. P. Brown, Salford, for \$220; Aggie Abbekerk Calamity (female), consigned by J. A. Smith, Komoka, sold to J. G. Thomson, for \$240; Betty Netherland Payne (female), consigned by F. D. Balfour, sold to B. B. McCarty, Thamesford, for \$255.

There were several promising calves which brought prices up to \$25. The total sum realized was in the neighborhood of \$10,000.

T. Merritt Moore acted as auctioneer.

PRISONER HELD FOR CARRYING WEAPONS

Police Non-Committal Whether Man Suspected of Other Offense.

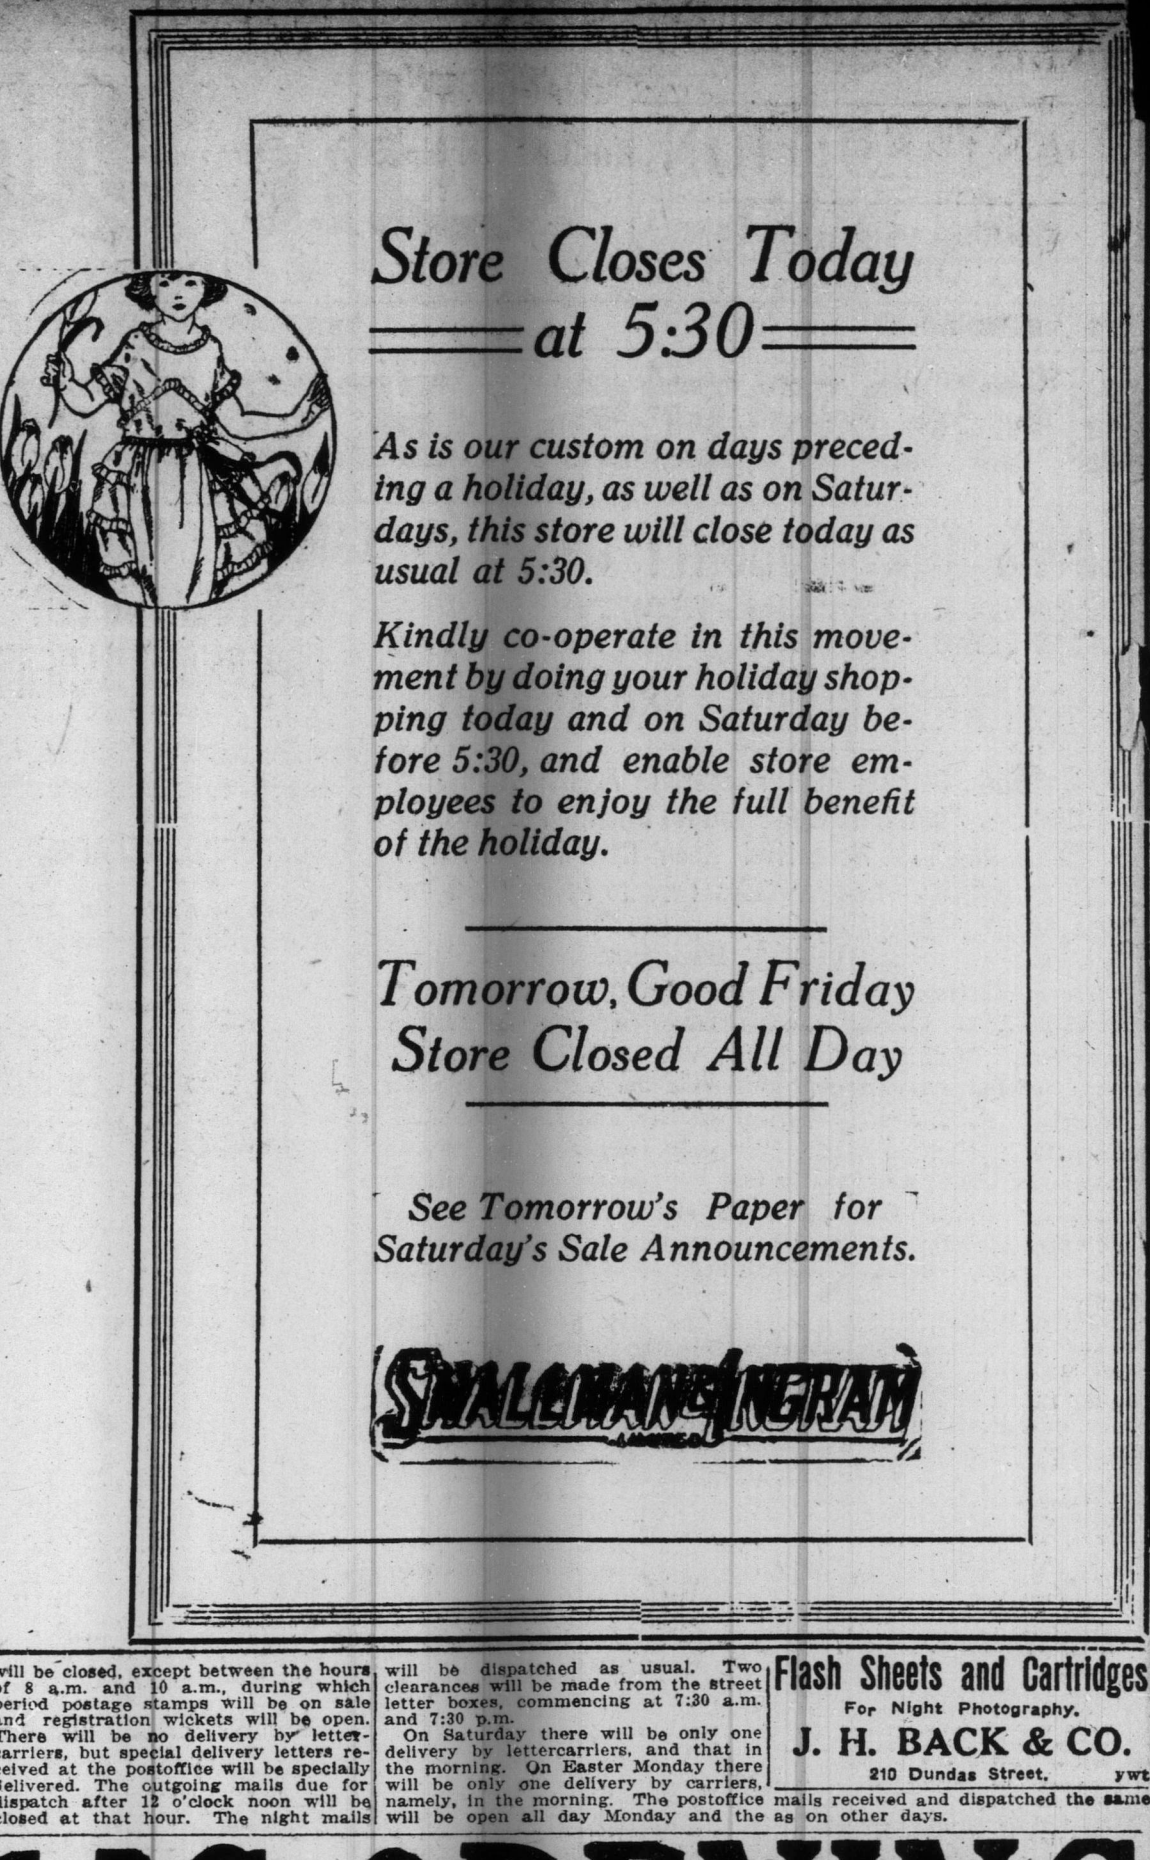

Local police late last night arrested an out-of-town man for carrying concealed weapons. His name was withheld by the police, who would not state definitely whether or not they suspected the prisoner of implication in any more serious offense.

POSTOFFICE HOURS.

On Good Friday to London postoffice

Spring Medicine Hood's Sarsaparilla Purifies the Blood

PUBLIC OPENING

WEDNESDAY - THURSDAY - SATURDAY
March 23rd March 24th March 26th

THE MANAGEMENT and directors of the Ruggles Motor Truck Co., Limited, invite the people of London and Western Ontario to visit their modern truck building plant just completed on the Company's site, Dundas Street, East.

Ruggles Motor Truck Plant is now in production, building their four standard models for the domestic and foreign markets.

The speed of operation under the modern progressive assembly system and the general plant efficiency will prove highly interesting to the general public.

"There's a RUGGLES for every purpose"

RUGGLES TRUCKS

CATTLE PRICES DOWN BUT PROFITS GOOD

Feed Is Cheap and Farmers
Are Getting Good Returns.

WILKESBORO, March 23.—The fall wheat fields are looking well and getting green in some places, and plowing is being done in some sections on soil laid. Farmers report a poor year for much crop, but the quality is good so far.

James Boland, Lobo, has been handling quite a lot of cattle, in fact, all the good fat heifers he can get for a London firm. Prices are about 25 per cent lower than last year, and in some cases 50 per cent, but feed is cheap and probably the profits are nearly as good this year.

The roads are improving, and the drag is being used on the county roads to good effect.

The Vanneck Literary Society held a concert and social evening on Tuesday, the closing night for the season. A large crowd was present, and a very pleasant evening was spent. Adam Robson and Miss Leslie Grieve gave several splendid readings; musical numbers by the Vanneck Orchestra, Mont Charleston, also the Vanneck quartet; piano solo and vocal solo by Miss M. Scott, Edna Campbell, Isabel Rodley, Gwen Tetter, Gordon Robson, Leigh Lence and Charles Tetter. The social time closed the final meeting for the winter season.

Mr. Elliot of the county agricultural department is visiting the Lobo schools

this week. On Tuesday he explained to the Bear Creek pupils, S. S. No. 7, all about the better stock competition, the agricultural department furnishing a pure-bred calf to each pupil so desiring to care for and raise it, and at the fair the stock will be examined and placed, and if desired can be purchased and become the property of the pupil. The object of this is to foster and encourage the raising and breeding of high-class, pure-bred livestock.

Lobo W. I. "At Home."

The Lobo Women's Institute held its annual "at home" on Friday evening in the Masonic Hall, Lobo. Rev. N. A. Campbell was chairman, and Mrs. A. Fraser, district president for the year, welcomed the visitors. The speaker of the evening was Mrs. (Dr.) Rutnam of Cayton, who gave a very interesting talk to the members and their friends. Dr. Rutnam has been conducting a class in "first aid" at Komoka, and the institute was thus able to have her address the meeting. Music was furnished by Misses Branton, Jean Gray, Vera Graham, Mary and Pearl Campbell.

A thorough investigation of cheap candy now on sale in Detroit will be made at once, Health Commissioner Vaughan said this evening. Tests will be made of various articles being offered to determine if poisonous substances are being used.

Bought Downtown.

The eggs were purchased in a downtown store, the name of which officials have not as yet obtained. Coroners' officers are endeavoring to locate the store in an effort to learn the source of the candy and if they are found to be poisonous, prosecution will follow.

The child had eaten but a few of those purchased. The remainder were seized by the officers.

Dunlop was the daughter of Mr. and Mrs. Preston Fancher, 5115 Trumbull avenue. She had been spending Easter vacation with a girl friend in the suburbs. It is said the two girls came downtown Tuesday afternoon and purchased the candy.

Became Alarmed.

The mother of Dunlop's chum, with whom the Fancher girl was staying, became alarmed when the girl was stricken with severe pains in stomach and notified her parents.

After father took the child in his arms, carried her to an auto and started home shortly after 1 o'clock this afternoon.

Dunlop spoke but little on the four-day, and when a few blocks from her home raised her head and asked:

"Father, are we almost home?"

"Yes, almost home," replied Mr. Fancher. A moment later she fell back dead.

Candy Easter Eggs May Have Caused Little Girl's Death

Authorities Are Making Investigation Into Sale of Cheap
Easter Candy in Detroit—Police Trying To Locate
Store Where Child Made Her Purchase.

(Special to The Advertiser.)

DETROIT, March 23.—Dunlop Fancher, 14-year-old freshman at North-western High School, died in an auto mobile in her father's arms this afternoon, as a result of eating candy Easter eggs, which the coroner's office thinks were poisonous. The girl's stomach will be sent up for analysis, together with samples of Easter eggs. An autopsy has been ordered by Deputy Coroner Fancher.

A thorough investigation of cheap candy now on sale in Detroit will be made at once, Health Commissioner Vaughan said this evening. Tests will be made of various articles being offered to determine if poisonous substances are being used.

SARNIA LOSING CITY ENGINEER

John A. Baird Has Tendered
Resignation To the
Council.

SARNIA, March 23.—City Engineer John A. Baird has tendered his resignation to the council. City Clerk Stewart, after thirty years' service, has been granted three months' leave of absence, following which he will likely retire, according to information at the city hall tonight. City Engineer Baird's resignation is said to be the result of lack of co-operation on the part of the council, and also an offer made to him by an outside concern. So far the council has made no move to secure a new engineer.

Blackburn has forwarded to the chairman of the board of education a letter tendering his resignation as treasurer. His duties as city treasurer now require his whole time. An expression of thanks for services rendered by the chairman and board is contained in the letter. The arrangements whereby the city treasurer was to take over the treasurer's office of the board of education was entered into over a year ago, but the growth of the city's business now makes it necessary for the treasurer to devote his whole time to the civic financing.

STEEL COMPANIES FIX DAY TO MEET

Shareholders Will Be Asked
To Approve Merger On
April 7.

MONTREAL, Que., March 23.—By Canadian Press.—Journal police calling the special general meetings of the Dominion Steel Corporation and the Nova Scotia Steel and Coal Company for April 7 next, together with copies of agreements entered into by the directors of both enterprises with the British Empire Steel Corporation, are being forwarded to shareholders who will be asked on the date mentioned to approve of the action of their respective boards in the consummation of the merger.

The proposed stock issues of the new merger, according to the balance sheet, aggregate \$101,750,000. The initial share capital will be divided as follows:

Seven per cent cumulative stock, preferred series B, \$13,500,000.

Seven per cent cumulative, second preferred, \$7,500,000.

Common shares, \$24,450,000.

Total, \$101,750,000.

The 7 per cent cumulative preferred shares, series B, are to be offered in exchange for preference shares of the companies which enter the consolidation, at the option of the holders.

COUNCIL ACCEPTED PAVEMENT PETITION

Asphalt Roadways For Roseberry Place and Curtis Street.

ST. THOMAS, March 23.—The petitions of the ratepayers on Roseberry place, and those on Curtis street, from St. Catharines to Mondamin street, for an asphalt pavement was allowed at a meeting of the council tonight. The council on resolution will construct asphalt roadway on Railway street, from Talbot to Roseberry place, by a two-thirds vote of the members. The city engineer was directed to prepare an estimate of the cost. The council instructed the treasurer to have debentures issued in connection with the waterworks improvement, and that they be in one issue instead of sets.

ALLEGED HE KEPT PROCEEDS OF SALE

Soldier-Farmer's Case Will Be
Heard On Saturday.

ST. THOMAS, March 23.—John Stanton, a soldier-farmer of Malabar, who was arrested at Port Huron on a warrant charging him with disposing of the property of the Government and keeping the proceeds was before the magistrate today, and was remanded until Saturday. Stanton, about two years ago, purchased a farm near Jata, under the Dominion land settlement act, and paid the Government \$500 as part of the consideration of \$5,500. A loan was also made of money by the Government to buy implements and stock, but about a month ago Stanton held an auction sale and is alleged to have kept the proceeds and left the country. Stanton is held in Port Huron until the arrival of the local constable.

Constable Promoted.

The tender of Archie Macpherson for the making of eight suits of uniforms for the local constabulary has been accepted by the commission.

John Grant, late turnkey of the county jail, will succeed Robert McCully, who leaves the service at the end of the month.

Tennis Club Officers.

The officers elected of the St. Thomas Tennis Club are: Honorary president, J. W. Peart; president, Stanton; vice-president, first vice-president, Miss Muriel Lewis; treasurer, W. O. Latornell; secretary, C. T. Boughner.

WILL REGULATE GRAIN TRADE

WASHINGTON, March 23.—Senator Norris of Nebraska, who is to be chairman of the Senate agriculture committee, said today he planned to introduce at the special session of Congress a bill to regulate the future trading on grain exchanges. He said it probably would provide for regulation through taxation.

TWENTY-FOUR ARE KILLED IN AMBUSCADES

Sinn Feiners Start Numerous
Reprisals For Recent
Executions.

DUBLIN, March 23.—Twenty-four persons were killed and nearly thirty wounded in ambushes reported today.

The men to whom the Government attribute the organization of the ambushes have not been captured.

The multiplication of the ambushes is believed to be largely due to reprisals for the recent executions. The Sinn Fein is said to regard their men as belligerents and the execution of those captured as a breach of the laws of warfare and punishable by reprisals. The execution of Whelan was followed by the killing of two policemen in his native town of Clifden. The deaths of the policemen were avenged in Clifden by house burnings.

The execution of Patrick Moran has been followed by the killing of two policemen in his native district of Roscommon.

For every man executed vengeance is anticipated, and as the Government has in custody many men liable to the death penalty, and is said to mean to carry out execution on the spot, deaths on each side is considered here as inevitable.

BREAKDOWN CRIPPLES HYDRO AT BRANTFORD

City in Darkness Until Trans-
formers Can Be Repaired.

BRANTFORD, March 23.—After six years of continuous service the local hydro-electric station has reached a crisis through the breakdown of two transformers. Power is being rationed out to the different users in various shifts, and until the transformers are repaired the city will be in darkness, and only for a few hours during the day will electric cooking be permissible.

New quarters for the local headquarters of the South Brant Dragons have been secured on Dalhousie street in the Shultz building. The lower floors will be entirely renovated and changed into lecture rooms and store rooms. Officers' sergeants' mess room will be on the second floor. The 32nd Howitzer Battery will also have quarters in the Shultz building.

LAD RUN OVER, BUT NOT SERIOUSLY HURT

Two Wheels of Car Passed
Over Roy Gilbert.

STRATFORD, March 23.—Roy Gilbert, a local lad, had a narrow escape from severe injury this afternoon, when he was run over by an auto at the corner of Downie and Albert streets. Although two wheels of the car passed over his body, no bones were broken, but he was badly bruised.

Thompson, who has been in the Windsor Hotel for many years, has conducted the Windsor Hotel. He was run over by a car at the corner of the St. Charles Hotel.

Word has been received of the death at Montreal of E. J. Reynolds, formerly of this city. His brother-in-law, of Ralph Donaldson of this city. He was employed in the C. T. R. B. but left here some years ago.

According to W. G. Dixon, city employment officer, the unemployment situation in Stratford is not now so serious. Calls on this department are becoming fewer, and many of the unemployed are evidently finding work. At present there are 35 men in the employ of the city works department in addition to the regular staff.

Preliminary steps for the continuing of Red Cross work in an organized manner in Stratford were taken at a meeting of representatives from various women's organizations this afternoon. There was an enthusiastic spirit evident, and Mrs. D. Deacon was selected convener. It is proposed to have a Toronto speaker visit the city soon to outline the plans in detail, at which time formal organization will take place.

POULTRY ASSOCIATION ELECTS NEW OFFICERS

INGERSOLL, March 23.—At the annual meeting of the Ingersoll and South of the Poultry Association tonight the following officers were elected: Honorary president, S. A. Gibson; president, Claude Hughes; first vice-president, J. A. Bloor; second vice-president, Chas. Bloor; secretary, D. J. Zeller; assistant secretary, Ken Henderson; executive, W. J. Gibson; English, Harry Wright; adviser for juveniles, Jas. Brown; auditors, S. A. Gibson, W. B. Hay.

Date for the next annual show, Dec. 12 to 15. Judge, Wm. Carter of London.

BURIAL AT INGERSOLL

INGERSOLL, March 23.—The funeral was held this afternoon of John Stowbridge, who for many years had been connected with the Ingersoll Gas Light Company, and for the last three years manager of the Ingersoll Rural Electric Association. A large number of citizens attended. The pallbearers were Thos. Little, John Harrison, H. R. MacBain, Angus Morrison, Jr., Frank Taylor and A. McComb.

DON'T WORRY!

COOK BY HYDRO!

Prices of All Electric Stoves Are Now Cut 15 Per Cent

Gas for cooking costs
twice as much as
electricity!

Hydro is far cheaper than
either coal or wood!

Electricity gives ideal results, and
saves on your food bills. Other fuels
cause a loss in meats of fifteen per cent
through shrinkage. Stop that waste.

Electricity is quick, full of pep, and
abundantly plentiful.

Electric cooking cuts your
Hydro rate. Ask the
Hydro Shop.

No Fumes! No Smoke! No Dirt!

No matches, no lighters. None of the draft or other troubles that beset the housewife who is still using obsolete cooking devices, burning such dearer fuels as gas, coal or wood.

Hydro is the one commodity that did not go up in price during the war. Hydro's trend has always been downward.

Select Your Hydro Range Today

WOMEN'S LEAGUE

For Temperance and
Government Control

COMMITTEE

Mrs. W. E. Hodgins Ottawa
Mrs. J. M. Lyons Toronto
Mrs. J. D. Clarke Toronto
Mrs. W. P. Fraser Toronto
Mrs. James George Toronto
Mrs. Cecil Horrocks Toronto
Mrs. Edmund Phillips Toronto
Miss Kathleen Jenkins Toronto

THE LEAGUE'S AIMS

1. We do not advocate conditions as they exist to-day.
2. We are opposed to a return of the open bar.
3. We do advocate Government Control of the sale of spirituous liquors.
4. We endorse the Ontario Temperance Memorial and stand behind the principles therein expressed.

BECAUSE

1. Total Prohibition is inconsistent with true temperance.
2. Prohibition is class legislation.
3. Prohibition has failed wherever it has been adopted.
4. Government control and its enforcement will have the support of the great mass of all thinking people of this Province.

Every thinking woman will join the League and sign and obtain signatures to the Ontario Temperance Memorial.

GIVEN FIVE YEARS FOR ATTACKING CHILD

James Williams Is Found
Guilty of Serious Charge
At Guelph.

GUELPH, March 23.—James Williams of this city was found guilty at the spring assizes of attempting to commit rape on a 7-year-old girl, and sentenced to five years in Kingston penitentiary.

J. A. Mowat, acting for Mrs. Nellie Beisel of Maryboro Township, against whom there is an indictment for the murder of her infant illegitimate child, made application this afternoon to have her trial proceeded with at once. The application was opposed by Crown Prosecutor Jeffrey, on the ground that the case took a new turn when Colonel Laughan was tried for the murder of the child of Mrs. Beisel, and was found guilty of birth concealment, and also because the entire jury panel had heard the evidence in the Laughan case. Justice Masten denied Mr. Mowat's application, and ordered Mrs. Beisel's trial to proceed on the fall session. She was allowed out on \$15,000 bail.

A South Sea superstition about a moth solved a small town murder mystery in William Dudley Pelley's story in March Cosmopolitan. You'll guess your way through this tale. Get your copy today.—Adv.

KING-DANIELS.

WOODSTOCK, March 23.—The wedding took place here this evening of Miss Laura King, only daughter of Mrs. T. A. King, and Kenneth Daniels, a prominent young county farmer. After a honeymoon in Toronto and New York, they will reside in Verchery.

To Be Troubled With CONSTIPATION

THE CAUSE OF MANY ILLS.

If you do not feel well and so to your family physician, one of the first things he will do is ask you to hold out your tongue. The reason for this is that the condition of the tongue shows the condition of the stomach and bowels.

If you allow your bowels to become constipated you will have bilious attacks, sick headaches, coated tongue, foul breath, heartburn, water brash, etc., and those troublesome piles, which cause so much annoyance and misery.

Keep your bowels moving regularly and you won't be sick.

In Milburn's Laxa-Liver Pills you will find the remedy you require for this purpose. They are purely vegetable and do not grip, weaken or sicken.

Mr. James S. Harris, Box 334, Halifax, N. S., writes: "For two years I suffered from constipation. I could not get any thing to cure me, and hardly anything would give me even temporary relief. One day my uncle induced me to try Milburn's Laxa-Liver Pills, and even brought me a vial. I tried them without much faith, but I soon found they were doing me good, and after using the second vial I was relieved of my trouble."

Milburn's Laxa-Liver Pills are 25c a vial at all dealers, or mailed direct on receipt of price of The T. Milburn Company, Limited Toronto, Ont.

COAL SHORTAGE WAS RESULT OF GOVT. INACTION

Duncan Ross Scores Borden
and Meighen For Indifference.

SITUATION IS ACUTE

Committee May Be Appointed
To Investigate Country's
Fuel Problem.

OTTAWA, March 23.—(By Canadian Press.)—A discussion of ways and means whereby Canada may insure an adequate supply of coal for the future featured today's sitting of the House of Commons. It was private members' day, and after the preliminaries were disposed of, the debate was started for a discussion of some of the proposals emanating from other than Government sources.

Dr. Michael Steele of South Perth was responsible for the discussion on Canada's fuel supply when he moved that a committee be appointed to investigate the situation. He emphasized the gravity of the situation, the tremendous increase in coal prices, and the difficulty in getting a supply for the winter.

Future prospects were that Canada would have to rely on the coal that was available. Every effort, therefore, should be made to conserve the present supply and develop new fuel sources. Electrification of steam railways, and the establishing of central heating plants were suggested by Dr. Steele as means for conserving coal. He also advised the adoption of a system for testing coal in order to see that the consumer got the grade for which he paid.

Major Redman, seconding the resolution, emphasized the importance of improving transportation facilities in order to get Alberta coal to the East. It would complete with the Pennsylvania products and to Ontario.

Dr. D. McKenzie of North Cape Breton declared that the supply of coal in Nova Scotia was extremely large, and that some use should be made for bringing it up to Ontario. He suggested that the ship carrying wheat overseas might get a cargo of coal in Nova Scotia on their return voyage and bring it up to Montreal for distribution in Ontario.

Debate on Dr. Steele's resolution was eventually adjourned, the prime minister supporting appointment of the parliamentary committee proposed.

Given First Reading.

A bill to amend the Railway Act in certain minor respects was introduced by H. H. Stevens (Vancouver Centre), when the House opened this afternoon. It was given first reading.

Premier Meighen, replying to a question asked by Jacques Bureau (Three Rivers), said that the Government had received no communications from the International Joint Commission in regard to the Lake of the Woods levels, since 1918.

Premier Meighen announced that the Government had decided, in view of increased salaries resulting from reclassification and reductions in the cost of living, to reduce the civil service bonus for the year 1920 by 25 per cent. Mr. Meighen explained that the bonus had been given to meet the abnormal increase in living costs. Last year it aggregated \$12,500,000, bringing in the total appropriation for the civil service up to \$66,000,000.

Mr. Archambault (Verchery) brought up the question of the grants by the department of agriculture to autumn shows of domestic animals and poultry. Present regulations provided that agricultural societies which have spent a minimum amount of \$2,000 of their own money in their preceding year for the granting of prizes are entitled to a minimum grant of \$2,500. Mr. Archambault moved that the minimum be reduced to \$1,000, so that fairs held in the previous year would be entitled to two-thirds of the amount expended in the previous year. The third thing being given as a grant providing that the amount expended is at least \$5,000.

Dr. J. W. Edwards (Frontenac) said county fairs received grants from the respective provincial governments. He argued that the Dominion Government should grant dollar for dollar with the provincial governments.

Supports Resolution.

Dr. Peter McRobb (St. John's) supported the principle of the resolution, and thought the suggestion of Dr. Edwards regarding the province and municipality bearing equal shares was a good one.

E. W. Nesbitt (North Oxford) opposed the resolution, declaring that the country could not afford additional grants to fall fairs.

P. F. Johnston (Last Mountain) also opposed the resolution on the ground of economy.

Dr. S. J. Tolmie explained that the agriculture department confined its grants largely to interprovincial and national shows. The small shows were to be more the responsibility of the provincial authorities. He did not wish to minimize the value of the small shows, which was very large. He detailed what the department was doing to aid the live stock industry.

Mr. Archambault, in closing the debate, said he thought the ministry would have accepted his resolution. He hoped they would be in a better frame of mind when he came back with it next year. He then withdrew his resolution.

A Vital Matter.

Dr. Michael Steele (South Perth) moved that a special committee of the House of Commons be appointed to inquire into the future of Canada. The fuel situation, Dr. Steele said, was one of the most important to be faced. Coal was a necessity both in the home and in the industries. Canada had immense coal reserves. Seventy-one per cent of the coal deposits in the British Empire were within the Dominion. In 1920 Canada had produced 16,208,053 tons of bituminous coal and exported 2,568,174 tons. At an average production cost of \$4.65 per ton, in the same year we had imported 15,742,542 tons from the United States. Fifty-seven per cent of the coal consumed in Canada during the year 1920 was imported. The increase in our coal bill over 1918 was \$10,000,000. This was an enormous burden for people to carry. The price of coal per family ranged from \$50 to \$125 per year. This was greater than the taxes imposed by the Federal Government. The price of coal to the manufacturer was reflected in the price charged for every article manufactured in Canada.

Develop Resources.

Dr. Steele reminded the House of the heatless days in 1917 and 1918, and predicted that a similar condition would again arise if the natural resources were not developed. In ten years hence Canada would need 16,000,000 tons of coal more than she is using now. The railways would require 50 per cent additional equipment to handle the business. It was time the Canadian people were giving serious thought to the problem of fuel supply.

Dr. Steele suggested that coal should be sold subject to test. Under present conditions coal was shipped from the mines with absolutely no grading, and the consumer was sometimes supplied with a very inferior quality of fuel. He also suggested that Canadian railways should be electrified, and he cited the St. Lawrence Canal as one source where electric energy might be obtained for this purpose. Railways consumed a great deal of coal in Canada which might be used for other purposes. The establishment of central heating plants also tended to economize on coal consumption. The Government should see to it, said Dr. Steele, that sufficient care be given to the transportation of coal from the mine to the consumer were supplied. In past winters lack of care was given as one of the primary causes for coal shortage.

Alberta's Resources.

Major D. L. Hodgins (East Calgary).

In seconding the resolution, dwell particularly on Alberta's fuel resources. D. C. Ross (Middlesex) charged the present Government with that of Sir Robert Borden with having galloped with the fuel conservation question, and with having permitted it to become steadily worse. In the older portions of Ontario, he said, wood fuel was disappearing, with the result that the rural districts were daily growing more dependent upon outside coal.

In spite of the fact that Canada had 12 per cent of the coal supply of the world, this country was forced to take the humiliating position of asking the United States for enough coal to keep the wheels of industry turning, and the people from freezing. Last winter people living in the constituency of Middlesex paid as high as \$23 a ton for coal. While the price was high, the difficulty in getting coal was more important. Should trouble arise between Canada and the United States, or the miners strike, people would find it impossible to get coal at all.

Up to Government.

It was the duty of the Government to see that the people secured coal at a reasonable price, even if money was lost in solving the problem.

W. D. Eulach (North York) declared the coal question was one which particularly interested Ontario and Quebec. In view of the lack of coal deposits in these provinces. He strongly supported the resolution.

H. B. Morphy (North Perth) thought the Government could seriously consider the nationalization of the coal industry. In twenty years it might be termed a pipe dream for not having done so. He would also give attention to the possibility of bonusing the industry.

The Big Question.

The prime minister, after referring to the great coal resources in the west, and the success which attended the experiments in briquetting, said the great question was that of freight. He believed that while water-power would go a long way to help solve the fuel problem, yet it was not the answer to the fuel problem for the eastern provinces. As he had said, he was delighted with the briquetting scheme, but the cost of transportation had next to be dealt with.

Turning to the resolution, the premier said such a committee could do no harm and would undoubtedly do a lot of good if it brought the attention of the Government to the factors in this, one of Canada's most important problems. As there were several others to speak on the resolution, however, he thought it better to give them an opportunity to do so.

Would Do Good.

Hon. W. S. Fielding, before the House rose for the Easter recess, urged Sir Henry Drayton to give, when the House reassembled on Tuesday, an idea as to when that bill would be brought down. This, he said, would greatly facilitate the business yet to be transacted. Sir Henry Drayton, who was at his seat at this time, made no reply.

WILL PAY FOR BOOKS THAT WERE BURNED

ST. THOMAS, March 23.—The board of health has acknowledged its responsibility for the destruction of books of children who were found to be suffering with smallpox. When a test was made by the little ones, parents against the burning of their school supplies hereafter found on the children affected with communicable diseases be fumigated.

RHEUMATIC SUFFERERS

May Obtain Relief by Enriching the Blood Supply.

In the days of our fathers and grandfathers, rheumatism was thought to be a suffering without remedy. It was thought that the unavoidable penalty of middle life and old age. Almost every elderly person had rheumatism, as well as many young people. It was thought that rheumatism was the mere effect of exposure to cold and damp, and it was treated with liniments and hot applications, which sometimes gave temporary relief but did not remove the trouble. In these days there were many cures. Now, medical science understands that rheumatism is a disease of the blood, and that with good, rich, red blood any man or woman of any age can defy rheumatism. There are many elderly people who have never felt a twinge of rheumatism, and many who have conquered it by simply keeping their blood rich and pure. The blood-enriching qualities of Dr. Williams' Pink Pills is becoming every year more widely known, and the more general use of these pills has robbed rheumatism of its terrors. At the first sign of poor blood, which is shown by loss of appetite, dull skin and dim eyes protect yourself against further ravages of disease by taking Dr. Williams' Pink Pills. They have helped thousands of people—if you give them a fair trial they will not disappoint you.

You can get these pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Company, Brockville, Ont.

HAD AN ANNOYING HACKING COUGH WOULD GIVE RAILWAY BOARD ABSOLUTE CONTROL OF ALL ELECTRIC RAILWAY FARES

Hacking coughs are very wearing on the system. The constant coughing disturbs the rest, and keeps the lungs and bronchial tubes in such an irritated and inflamed condition, that unless you get immediate relief the cough may become settled and serious lung trouble ensue.

There is no better remedy than Dr. Wood's Norway Pine Syrup for relieving all kinds of coughs or colds, combining as it does the lung healing virtues of the pine tree with which is combined wild cherry bark, and the soothing and healing expectorant properties of other excellent herbs and barks.

Mrs. E. J. Ross, Penhold, Alta., writes: "About three years ago I caught a very bad cold, accompanied with a sore throat and hoarseness. I was so hoarse you could not hear me speak. I could get no rest at night with the terrible annoying, hacking cough. I tried several remedies, but they did me no good. I finally saw Dr. Wood's Norway Pine Syrup advertised, so I got a bottle. It at once gave me relief, and after using four of them my cough had all gone. Now I always keep it in the house."

"Dr. Wood's" is put up in a yellow wrapper; three pine trees the trade mark, price 35c and 60c a bottle. Manufactured only by The T. Milburn Company, Toronto, Ont.

BLISS NATIVE HERBS

You are not out of sorts, run-down or "all in" from over-exertion, if you are constipated, if you suffer from RHEUMATISM, or your LIVER out of order, take BLISS NATIVE HERBS TABLETS each night and get up in the morning feeling much better. MONEY-BACK GUARANTEE in each box. At all Drug Stores, 250 doses \$1.00. Small size 50c. ALONZO O. BLISS CO., MONTREAL.

Winter Motoring Wisdom

IMPERIAL Premier Gasoline and Imperial Polarine will give you motorists the service and mileage that you have a right to expect during the winter.

Imperial Premier Gasoline has a uniform chain of high, low and medium boiling points. This insures perfect starting, smooth acceleration, full power and "More miles per gallon."

It is straight-distilled and free from all impurities. If better gasoline could be made, Imperial Oil Limited would make it.

Imperial Polarine is the ideal winter lubricant. It does not lose its lubricating efficiency in cold weather, neither does it run thin under extreme engine heat.

It maintains the proper piston ring seal, prevents overheating, eliminates carbon trouble and keeps your motor out of the shop.

Use the grade of Polarine recommended by the Imperial Chart for your car. "Automotive Lubrication" is a booklet containing this chart. Ask for your copy.

IMPERIAL OIL LIMITED

London is Vitrally Affected by New Bill Proposed in Ontario Legislature—Any Orders Issued Would Be Binding For Five Years.

(Special to The Advertiser.)

Toronto, March 23.—Absolute control by the Ontario Railway and Municipal Board of electric railway fares throughout the whole province is proposed in a measure introduced for first reading into the Ontario Legislature today by Charles McCrea, Conservative member for Sudbury. The bill is similar to that proposed by Mr. McCrea at the last session, and which on that occasion was regarded as an effort to secure increased fares on the Toronto Street Railway. It is suggested on this occasion that the measure is directed at the electric railway situation in London.

Included in the terms of the bill are four important proposals. The first makes all electric railway fares subject to the approval of the Ontario Railway Board; the second makes it possible for the council of any municipality, with the approval of the board, to enter into agreement with a railway company without a vote of the people on matters affecting other than franchise rights.

The third, which would seem to particularly affect London, sets forth that 60 days after the board has taken possession of an electric railway, the municipal council and the company having failed to reach an agreement, the board shall, upon the application of either party, "make such orders as it deems just and reasonable," such order to be binding on both parties, subject to the right of either party to apply for a writ of certiorari.

The fourth proposal is that the board shall have the right to make such orders as it deems just and reasonable, such order to be binding on both parties, subject to the right of either party to apply for a writ of certiorari.

The bill when introduced will be known as the industrial rehabilitation act and besides providing for such medical treatment as the compensation board may deem necessary, will further provide re-education of the man who has been incapacitated and will also provide for assistance in securing suitable employment.

The proposed legislation also provides that these benefits shall be paid by the board out of the accident fund, and the necessary amount shall be included in assessment levied upon the employers.

W. H. Casselman, Dundas, and Major Toimie Windsor, expressed opinion that the bill would be too late to become fully operative this year.

On motion of Major Toimie, seconded by Col. W. T. Price, the committee decided to recommend that the report be deferred until next session.

May Be Superannuated. An amendment was made today to the bill which provides that any municipality may superannuate a magistrate on his attaining the age of 70 years.

J. W. Curry, K.C., member for South-east Toronto, said that he had discussed the matter with Col. Denison, police magistrate of Toronto, and that he approved of his case being dealt with by means of legislation of this kind.

H. Hartley Dewar, K.C., Liberal leader, wanted to know if the attorney-general had any person in mind as a possible successor to Col. Denison. The attorney-general replied in the negative.

The member for Southwest Toronto was absolutely opposed to the bill, as he thought it was only adding to the centralization of power in the hands of the attorney-general. Hon. G. Howard Ferguson, looking in the direction of J. W. Curry, said the Legislature could not afford to lose a member at the present time.

The magistrates act was further amended so that the lieutenant-governor-in-council may make regulations for the appointment and remuneration of a shorthand writer in any city police court, and the said remuneration shall be paid by the corporation of the city.

Allowed To Proceed. While answering J. A. Pinard (West Ottawa) as to the number of applications made by J. W. Curry, K.C. (South-east Toronto) for remission of fines or sentences under the Ontario temperance act, Hon. W. E. Raney read a communication he had received from the chairman of the board of license commissioners.

Already this session, Hon. Nelson Parliament, speaker of the Legislature, had ruled that ministers were entitled to answer the questions and proceed no further. Hon. Thomas Crawford, who this afternoon was acting speaker, ruled that the attorney-general was entitled to read the Flavelle memorandum in so far as it was upon the memorandum that he had founded his reply to the member for Ottawa.

Hon. W. E. Raney, in his answer, had said that no record was kept of such cases as Mr. Pinard was inquiring about, and that it would take months to secure the information required.

Having said this, the attorney-general read his communication from Mr. Flavelle, in which the chairman of the license board stated that he believed that the percentage of cases for which Mr. Curry claimed clemency was lower than the average among all the lawyers.

Ferguson Objects. Hon. G. Howard Ferguson contended that the answer was not an answer at all and should not be allowed to go on the records of the House.

The prime minister said that many of the questions asked by members were for the purpose of securing a definite piece of information but were "of an exploratory nature." The member for Ottawa would ask for a return of the facts he would get it.

"After all, the House controls the Government, and the House represents the people," said Hon. G. Howard Ferguson. "Members of this House are responsible to the people and are entitled to the information, no matter how long it takes to secure it."

Again the attorney-general said that it would be utterly impossible to ascertain the information before prorogation.

Not Asking Much. Mr. Pinard said that he was not asking for very much information. He only wanted to know of matters "from the time my friend (J. W. Curry, K.C.) was ready, body and soul, to help the Farmer Government."

Hon. G. Howard Ferguson gained his point in so far as the matter given by the attorney-general will not go on the record of the House. A return will be made to the House with the information desired.

Hon. W. E. Raney informed C. H. Buchanan (South Wellington) that the Government expected to pay Arthur Hawkes for services in connection with the hydro radial inquiry. The attorney-general said that Mr. Hawkes was engaged by Mr. Buchanan to assist him. The Government was paying Mr. Robertson and his assistants.

Benjamin Franklin said an empty sack cannot stand upright for a few days' time he will be arrested and charged with the murder of his wife. Louis, Crown Attorney Urquhart stated today. Two police officers are still keeping constant vigil over Warlow's bedside. The decision to place a formal charge of murder against Warlow was reached following the verdict of the coroner's jury.

S. A. C. Branch Closing. The Border Cities branch of the Soldiers' Aid Commission will be closed at the end of the month, according to an announcement made by Col. W. J. Douglas, officer in charge, today. Col. Douglas stated that offices in nearly all the cities and towns of Ontario were being closed. Officers are still maintained at Toronto, Ottawa, Hamilton and London. Decrease of work is the cause of closing of the office here.

Made Their Escape. Shots were exchanged between provincial police officers and occupants of an auto in Essex East Township. When the occupants discovered they were being followed they deserted the motor, making their escape through the corn fields. The police found a quantity of liquor in the auto, which bears a Michigan State license number.

Restrict Railway Entrance. That all railways should be required to enter the border cities to the south instead of along the riverfront, thus making available a considerable acreage for park purposes, is the suggestion being made by a number of prominent citizens.

The proposal would give the border cities the most attractive riverfront of any city on the continent. A union depot centrally located, to which all lines would converge, is also proposed in connection with the scheme. The matter is to be presented to the various municipal councils interested at an early date.

Opposed to Tax. Opposition was voiced at a meeting of the Walkerville Town Council to the proposed government tax of \$2 per horsepower on hydro-electric power.

The Walkerville Council made a grant of \$1,000 to the work of the Ontario Safety Council. The work being accomplished by this organization in the border cities was favorably commented upon by members of the town council.

Grand Trunk officials in a communication addressed to the town clerk of Walkerville express the view that the question of replacing the dangerous Peabody Bridge over the G. T. R. tracks on Sandwich street is entirely one to be dealt with by the town council of Walkerville.

At a meeting of the council it was decided to reopen the matter with the Grand Trunk officials, pointing out that they are also interested.

CLAIM ROAD WORK COSTING TOO MUCH

Resolution Is Sent From Cedar Springs To Highways Minister.

At a representative meeting of the Cedar Springs Farmers' Club and the ratepayers an interesting discussion took place, after which the following resolution was carried: To Hon. Mr. Biggs—"We, the members of the Cedar Springs Farmers' Club and the ratepayers of this district, protest the action of the present superintendent on that portion of the provincial highway extending from the limits of the town of Blenheim westward through the village of Cedar Springs to the Union Church, Parryville. We feel, sir, that he is not receiving sufficient work for the money expended, and therefore respectfully request you to give the matter thorough investigation. Signed on behalf of the club: Charles Crummer, president; A. H. Thompson, secretary."

Aspirin

Nothing Else is Aspirin

Warning! Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all.

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 21 years and proved safe by millions for Headache, Earache, Toothache, Neuralgia, Colds, Rheumatism, Neuritis, Lumbago, and pain generally. Made in Canada.

Handy tin boxes of 12 tablets cost but a few cents—Larger packages. Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocarbonylchloride of Salicylic acid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

SIFTO FREE RUNNING SALT

You can fill the shakers direct from the opening in the handsome, dust-proof Sifto Salt carton.

Once you try it you'll agree that "Sifto" Salt is the most satisfactory of all salts for table use. It remains "free running," no matter how damp the weather. Never hardens and never clogs the holes of the shaker. It is dazzling white and wonderfully pure, too.

At all first-class grocers.

Prepared by the "Century Salt" people.
DOMINION SALT CO., LIMITED, Sarnia, Ont.

Men! Come To Me!

MY METHODS ARE THE LATEST AND MOST SCIENTIFIC IN ALL CASES
Dr. Zauner and Associates

Invites Every Ailing Man for Free Examination, Consultation, Advice

If you are suffering with a Nervous, Blood or Skin Disease you should call at my office at once for a thorough examination. My treatment will help you. No power of words can describe the wonderful benefits my Direct Method Treatment has given to hundreds of ailing men. If you have Pimples, Eruptions, Blisters, Acne, Eczema, Bad Color, Boils, Itching or Burning of Skin, or any symptoms of Blood Disorders or Nervous Ailments you should call at once and let me explain to you—prove to you—the wonderful benefits I am rendering every day in all such conditions. The fact that you may have been treated elsewhere without benefits should not discourage you in the least. Hundreds of patients are being restored to a sound basis of health after they had tried numerous doctors and other treatments in vain. My charges are reasonable, and no more than you can afford to pay. A visit will convince you. Call today. No discount on Canadian money.

I Have a Safe and Certain Treatment for Every Man Suffering to His Case

Showing Greater System of Nerves. You Can See How Necessary It is to Keep Them Strong.

Do you feel tired in the morning and easily exhausted? Is your back weak? Is your memory failing? Do you have difficulty in fixing your thoughts? Are you losing ambition? Do you feel that you are not the man you once were? Do you have hot flashes up and down your spine, or sudden weak spells, especially after eating? Have you pain in the back of the head? Headaches, pain at the base of the brain, sudden spells like fainting from no apparent cause? Are you very restless or sleepless at night? Are you nervous and irritable, with a feeling that you want to be alone? Are you gloomy, with a sense of some great oppression upon you? If you need my treatment, a visit will tell. Call today.

Certain and Safe Methods for a Reasonable Fee.
BY MY ADVANCED METHODS OF TREATMENT, THE WEAK, DISEASED BODY TAKES ON DAY BY DAY NEW POWER.

NO MAN should suffer the loss of health, which renders life worth living, or allow himself to become less than nature intended, when there is at hand a certain relief for his Debility. Most of the PAINS, most of the DEBILITIES of the DIS-EASES OF MEN from which men suffer are due to an early loss of Nature's reserve power. You need not suffer from this. Why not be alleviated and enjoy perfect HEALTH? The very element which you have lost you can get back, and you may be as happy as any man. YOU CAN BE ALLEVIATED BY ME AT A REASONABLE COST. WHAT FAIRER PROPOSITION COULD ANY MAN ASK? HONORABLE, SCIENTIFIC TREATMENT IS WHAT YOU WILL GET HERE. VISIT WILL TELL. Call today and talk things over. This does not obligate you to begin treatment.

Don't Let False Pride or Money Matters Keep You From Getting Well—Act Now—Call today.
I Treat Each Case Scientifically According to Your Needs.

Now, Reader, if You are an Unfortunate, Don't Trifle Away Your Time, Money or Health Further—You'll Do It One Day Too Long, and Get So Bad Nothing Can Help You, So Come to Me at Once! Advice Free.

CONSULTATION EXAMINATION FREE.

Every ailing man is urged to call at my office for a free treatment and a careful examination. The experience of many years is at your service.

SEES TROUBLE FOR QUEBEC IN LABOR MOVEMENT

Minister of Labor Warns Against Racial and Religious Strife.

FEARS DISCRIMINATION

Fortin Charges Dept. With Only Recognizing International Unions.

OTTAWA, March 23.—(By Canadian Press).—That racial and religious strife are the possible outcome of the growth of the Quebec Catholic labor movement was the warning conveyed by Hon. G. D. Robertson, minister of labor, to a delegation representing the organizations which met him today.

The delegation came to submit its program of legislation which it drafted at a convention held by the Catholic Unions at Chicoutimi, Quebec, and the item which provoked the minister's warning was a request that the Catholic Unions be given representation in the building trades conference to be held in Ottawa on May 3, next.

"Last year I pleaded with your organization," declared the minister to Abbe Fortin, who headed the labor men, "to proceed very carefully along the lines you have been following, for if it once gets in the mind of the people that in your province for a man to get along in his work he must accept of certain religious guidance, it will not be conducive to the improvement of relations between your province and other parts of the Dominion."

Would Cause Trouble. You have charged discrimination by the department against your union, yet you make it necessary for a member of your organization to be of a certain faith. What would be the result if the Methodists, say, in Ontario should band together and ask the employers to employ only Methodists? I am sure that not only Catholics, but Protestants as well, would rise against such a movement.

Abbe Fortin charged the department with recognizing only the international trade unions, despite the fact that the Catholic Federated Unions in Quebec numbered between 40,000 and 50,000 members. He urged that equal consideration be given his organization, declaring that such is being done in practically every European country where Catholic, Socialist and Protestant unions are furthering the cause of the labor cause of the peace treaty made such provision.

Has No Say in It. Senator Robertson pointed out to the delegation that the building trades conference referred to had not been organized by the Government, but by members of the international unions and of the builders, consequently the minister could not dictate to either party that a third party should be admitted.

Furthermore, he explained that the agreement of all nations subscribing to the peace treaty was that each country should recognize associations of employers and associations of labor which would give each class the greatest representation in Canada. These organizations were respectively the Canadian Manufacturers' Association and the Dominion Trades and Labor Congress.

Ernest Lapointe, member for Quebec East, who introduced the deputation, protested against the decision of the minister, in recognizing only international unions.

LOYD GEORGE GIVES FACTS ABOUT IRELAND

Quickly Silences Asquith Criticism Regarding Recent Rebel Executions.

ELECTIONS TO BE HELD

Negotiations Held Up Because Ireland Has No Courageous Leader.

LONDON, March 23.—An Irish debate was raised in House of Commons today by Francis Dyke Akland, in appealing to the Government to act with magnanimity before Easter. He advocated the summoning of a constituent assembly to choose the form of an Irish constitution. The members who supported Mr. Akland made much play of the analogous situation in South Africa.

Former Prime Minister H. H. Asquith criticized the Government's failure to accept the same view in vindicating the law in Ireland against the crown forces has been in power than the Government in suggesting that the Government again get in touch with the representatives of the Irish people, said it was useless to lay down impossible conditions in such negotiations.

Gives the Facts. Replying to Mr. Asquith's indictment of the Irish people, said it was where, as bringing disgrace and shame upon England in the United States, Mr. Lloyd George said that two of the men executed at Mount Joy were murderers, and that the other four were engaged in an ambush to kill policemen.

He gave similar details of the other cases adduced and added that Mr. Asquith could have taken no other course than to acquiesce in the Government had done.

"I venture to say," he continued, "that the United States papers while quoting Mr. Asquith's statements will not publish the facts in an unflattering light."

Get One Side Only. He contended that such misrepresentation was responsible for opinions in the United States. On the question of negotiations the prime minister announced no new policy. He said the Government was arranging for the holding of elections under the home rule act in Ireland next May for both the north and south, and, if the representatives of the south chose to participate, the two parliaments could then meet as a constituent assembly under the provision of that act to consider and recommend changes. If they refused thus to participate the responsibility would be theirs.

Respecting negotiations, his previous offer still held good, there would be no demand for the prior surrender of arms as a condition of such negotiations. The surrender of arms would only be required as a prior condition of a truce or an armistice.

Doing Their Best. Mr. Lloyd George declared he was laboring to the utmost to keep the door of peace and conciliation open, and every Irishman ought to assist. Some of the greatest men in English history had tried, but failed, to solve the Irish problem, and he and his colleagues felt no shame that up to the present they had failed.

He feared that the real reason which prevented negotiations was that there were no Irish leaders possessing moral courage to face his people and tell them he was going to abandon certain demands for the sake of Ireland which it was impossible for the British Government to concede.

Were Disappointed. The Irish and Labor members, including Arthur Henderson, expressed the greatest disappointment over the prime minister's speech, and reproached Mr. Lloyd George for his treatment of the late John Redmond, when the latter courageously tried to bring about reconciliation, as justifying the Sinn Feiners' reluctance to place confidence in the prime minister.

Mr. Henderson said that before the Sinn Feiners could respond to Mr. Lloyd George's present suggestion they must have very definite assurance that the negotiations would lead to definite business.

WORKERS ACCEPT CUT IN WAGES

100,000 Packers Sign Agreement Following Conference At Chicago.

WASHINGTON, D. C., March 23.—Workers in the packing industry, numbering more than one hundred thousand, accepted the recent wage reductions of approximately 15 per cent under an agreement signed late today by their spokesmen.

The agreement, a significant provision for the basic eight-hour day and for extension for six months, or to September, of the time-limited agreement for arbitration of differences. The wage scale as agreed to corresponds with that put into effect March 15, when the industry agreed to a wage rate of all hourly paid employees eight cents an hour and amounts to a reduction in piecework wage rates of 12 1/2 per cent.

SAYS MAGISTRATES SHOULD BE GIVEN SUFFICIENT SALARY

Sarnia Official Discusses Proposal of the Ontario Legislature.

SARNIA, March 23.—While not affected by the legislation proposed by the Ontario Legislature which, if adopted, will prohibit a magistrate who is a lawyer from following his practice as a side line, Magistrate Gorman believes that such regulations are passed magistrates should be placed on the same basis as county judges and should be given sufficient salary to provide a proper living.

Submission of evidence in the case of John F. Ruff, against William S. Swan, et al., an action for alleged infringement of patent rights, was carried on throughout the session of the Lambton spring assizes in the county courthouse here and concluded here today, although the evidence was of a highly technical nature, dealing with the different inventions for condensing and pasteurizing milk, patents held by whom and where, etc. The plaintiff, John F. Ruff, was examined at length. Cowan, Towers & Cowan are solicitors for the plaintiff, and Hanna, Lesueur & McKimley for the main defendant.

The preliminary hearings in the case of Wm. Anderson and Andrew and alleged theft of merchandise from a Grand Trunk freight car, further adjourned today until Tuesday, next. The case of Fred Hamilton, charged with the theft of a car, is scheduled for hearing tomorrow, but it will probably go over until Tuesday also. The hall posted in the first three cases was renewed.

Admiral Sturdee Retires

After fifty years of active service Admiral Sir Doveton Sturdee has retired.

WOODS CANNOT ACCEPT.

CALGARY, March 23.—H. W. Woods, president of the United Farmers of Alberta, said today that he cannot accept the Federal Government's invitation to become a member of the grain inquiry board.

"It would be impossible for me to arrange my work in connection with the United Farmers of Alberta so that I could assume the post," he explained.

DECISION RESERVED IN SEAFORTH CHARGE

SEAFORTH, March 23.—As the result of a raid made by Inspector Fellow and special officers on the Commercial Hotel and stables recently, Alex. McLellan, the proprietor appeared before Police Magistrate Greig today, charged with violating section 1 of the O. T. A. In a room off the bar was found a full bottle of liquor and another partly full was concealed in the stable. Mr. McLellan alleged that he did not know these were there, although he opened the room in the hotel with a key which was in his possession, and he is the owner of the stable. The inspector also took away a dozen or more whiskey bottles that appeared quite "fresh."

Lawyer Hunt acted for McLellan, and the court reserved judgment for a week.

NOT WITHDRAWING TROOPS.

TOKIO, March 23.—Determination of Japan's policy toward Russia, including probable informal recognition of the Government of the Far Eastern Republic of China, is expected shortly, according to the Yomi Uri Shimbun today. It thinks, however, that Japan will continue to maintain troops at Vladivostok.

Taste Real Raisin Bread and you'll want it ever after

Go to the right dealers and get real raisin bread—bread that's filled with luscious raisins—delicious, nourishing. Or bake a loaf at home according to the recipe below. Once try real Sun-Maid Raisin Bread and you'll be particular thereafter to have the bread that's full of raisins. Bread filled with raisins brings you natural iron for the blood, and that means rosier cheeks. Iron helps to make healthy men, and pretty women.

The blood needs little new iron daily, but that need is vitally important. Insure your full supply of iron by eating raisins every day. Every first-class baker has this bread.

SUN-MAID RAISINS

Real Sun-Maid Raisin Bread is made with Sun-Maid Raisins—California's finest. They are tender, meaty, luscious, fruit-meaty, a natural and incomparable confection.

Packed in California in a glass-walled, sun-lighted plant by immaculate methods.

Clean, sweet, wholesome, American.

can raisins—the kind you know are good.

Three varieties at all dealers: Sun-Maid Seeded (seeds removed); Sun-Maid Seedless (grown without seeds); Sun-Maid Clusters (on the stem). Insist upon the Sun-Maid brand.

Send for free book of attractive Sun-Maid Recipes.

SOME MILK IS BELOW STANDARD

Report of Inspector Shows Solids and Butterfat Lacking.

ST. THOMAS, March 23.—The health inspector reported to the board of health tonight that several articles had disappeared from the small hospital since it was opened for business a few months ago. As a preventive against further thefts from the institution, the inspector has secured a stamp to mark the goods used in the hospital, that they may be traced, and as a warning to people of the danger to them of having anything to do with the articles unless they are furnished.

The ladies of the St. Thomas Chapter of the I. O. O. F. have been permitted to assume the responsibility of providing linen and other furnishings for the hospital. The ladies are anxious to receive official recognition as a committee named by the board for such purpose.

CITY BILL GETS THIRD READING

Contentious Clause Regarding West End Market Left Out.

ST. THOMAS, March 23.—The city bill passed by the Legislature, sponsored by Representative McVicar of East Elgin, received its third reading today. The bill is minus the appropriation of the west end market for industrial purposes, and still remains the property of the executive of the will of the late Joseph O. Kain. Mr. Kain was the trustee of the contributions towards the purchase of a portion of the grounds. The bill deals chiefly with permission to construct, build and alter certain buildings, the big concrete dam north of the corporation.

The value of the dam is not made of the fire-fighting apparatus to be purchased for the dam, involving an expenditure of \$13,000.

The provision of the act of George Berdan being on his farm west of Talbotville, the public library board has consented to allow the use of the auditorium for the library, but the demonstration of the library was assured by the provision.

A quick recovery.

The value of the dam is not made of the fire-fighting apparatus to be purchased for the dam, involving an expenditure of \$13,000.

THE experienced motorist will find in The London Six certain superiorities that will give him a new conception of automobile quality.

THOMAS McCALLUM BURIED AT DRESDEN

DRESDEN, March 23.—The funeral of Thomas McCallum, whose death occurred Friday, near Toronto, took place here this afternoon from the residence of his daughter-in-law, Mrs. Martha McCallum. The service was conducted by Rev. G. Davidson of Tupperville, and was largely attended. Mr. McCallum was a former well-known Indian agent at Walpole Island, four sons, Archie and Donald of Chatham Township; Allen, near Wallaceburg, and Robert, at home, and one daughter, Mrs. William Campbell, Emma, survive.

J. W. Bengough, cartoonist, assisted by the pupils of the continuation school, held two very successful concerts on Monday and Tuesday evenings. The proceeds will be devoted to the athletic fund of the school.

WORK ON MEMORIAL TO COMMENCE SOON

Guelph, March 23.—President Reynolds has announced that it is confidently expected that the building of the memorial hall at the O. A. C. will commence almost immediately.

The government architect has already drawn plans. About \$16,000 of the \$100,000 objective has been raised, and the college is looking to friends, graduates and ex-students to contribute the necessary funds to complete the building. The entire cost will be approximately \$100,000, as the building is to have a large pipe organ at the front, and a set of chimneys in the tower. One class has already signified its wish to install three chimneys. There are also plans for a set of chimneys in the tower. One class has already signified its wish to install three chimneys. There are also plans for a set of chimneys in the tower.

CLAIMS THAT NO EVIDENCE OFFERED ON BEHALF OF JOHN DOUGHTY

TORONTO, March 23.—No evidence was offered in behalf of the defence in the trial of John Doughty at the county court here on a charge of stealing \$100,000 of Victory bonds, the property of his former employer, Amos J. Small, wealthy theatre owner of this city, who has been missing since December 1, 1919, and the hearing was concluded this afternoon.

Argument by counsel for the prosecution and the defence and Judge Denton's charge to the jury will be heard tomorrow. Arrangements for the counsel and the court this afternoon, it was decided that the argument should begin at 10:30.

Doughty is charged with conspiracy to kidnap Amos Small, but his trial on this charge will not take place until next week, owing to the holiday on Friday.

The defence is expected to be reached in the theft charge tomorrow afternoon or evening.

COLONEL O'MALLEY DIES AT WARDVILLE

WARDVILLE, March 23.—The funeral of Col. O'Malley, aged 80, who died at the home of his son Peter, was conducted yesterday by Rev. E. J. Murphy of the Anglican Church, assisted by Rev. Dr. Huser. He was born in Ireland, and came to this country when three years of age. During the Fenian raid of 1866 he served in the army as captain, later being advanced to colonel. He was a life-long Anglican. Besides his wife, three sons and one daughter survive.

The annual meeting of the Wardville Branch Bible Society was held yesterday evening in the Presbyterian Church with a fair attendance. The following officers were elected: President, Wm. Hillwood; secretary, Peter O'Malley; treasurer, Miss Isabelle Gardner. The executive is composed of the above officers, the local clergymen and two from each of the churches.

Rev. R. J. Bowen, the agent, gave an address in which he pointed out the need of multiplying copies of the Bible by the millions to meet the pressing need. Collectors were appointed to call upon the people on behalf of the society.

WILL LAY OFF 1,300

BOSTON, March 23.—The New York, New Haven and Hartford Railroad today ordered the laying off of 1,300 additional employees in its repair shops.

SIR GORDON HEWART

It is a good thing to know just what to do when gas belching starts. One who has experienced this, and got quite riled, brought on indigestion, hiccoughs, nausea and cramps. I belched gas continually. A neighbor urged me to use 'Nervine.' I took it in hot, sweetened water, and got quick relief. I will never again be without this valuable remedy! Nervine is a household necessity. Large, 35-cent bottle sold everywhere.

He Was Bald

Mr. J. H. Brittain had a large bald spot on his head and thought he must always remain bald. But he used Kotalak and his hair grew again. Kotalak is a healthy hair. Legions of other amazing cases. Get a box of Kotalak at the drug store. Or send 10 cents, silver or stamps, for proof box of Kotalak to the Kotalak Company, Limited, 356-35 Adelaide St. W., Toronto.

He Was Bald

It is understood that he will be the next Lord Chief Justice of Great Britain.

FINANCIAL AND COMMERCIAL EGGS DROP TO 35 CENTS DOZ.

Over 1,000 Dozen Disposed of On Local Market.

VEGETABLES PLENTIFUL

Active Demand for Maple Syrup—Oats and Hay Abundant.

There was a large attendance at the local market on Thursday. Eggs, butter and vegetables were offered in heavy quantities, and there was good demand for all three. It was estimated that there were over 1,000 dozen eggs on the market. The price of eggs was 35 cents a dozen. The price of butter was 25 cents a pound. The price of vegetables was 10 cents a bushel. The price of maple syrup was 15 cents a gallon. The price of oats was 10 cents a bushel. The price of hay was 10 cents a ton.

GALT COUNCIL TO LAY NEW PAVEMENTS

Will Start Work Immediately Despite Petition Against It.

Galt, March 23.—Even though a petition was sent to the Ontario Highway and Municipal Board in an attempt to block the paving of Water street north of the council has decided to go on with the work by a vote of 10 to 1. A. W. S. McKay alone opposes it, advancing that it be laid on the 60-40 basis. Since other pavements have been laid on the 100 per cent system, the majority of the council favored adhering to this plan. Water street is one of the principal thoroughfares and sub-

Stacks of Letters Arriving On Every Mail.

100,000 FORMS SENT OUT

Inspector Tambling and Large Staff Working Overtime To Keep Up With Rush.

The filing of the income tax returns at the office of the inspector for the London district increases in volume from day to day. Some idea of the amount of work involved may be gathered from the huge stack of letters containing inquiries and filled-up forms which arrives with each mail, especially in the morning.

PERMITS REQUIRED BY ALL OWNERS OF REVOLVERS OR GUNS

Police Commission May Take Drastic Action in Matter.

PURCHASER WOULD PAY COMMISSION ON TRANSACTION

If Housing Commission Allows Real Estate Agents To Sell Houses.

AGNEW'S

Our prices are all marked at replacement values. No matter what the goods cost, every pair is sold at today's values, less the middleman's profits.
