RUSSIAN REDS ARE DEFEATED ON ALL FRONTS VETERANS OF WINDSOR DEMAND VOTE FOR OVERSEAS COMRADES

WINDSOR VETERANS' ISSUE AN ULTIMATUM TO HEARST

Two Hundred Returned Soldiers at Border City Demand Right For Comrades Overseas To Vote On Referendum—Unless Granted Privilege Will Use Utmost Efforts To Defeat the Government.

Windsor, Oct. 16.—As a result of a meeting of 200 war veterans here last night a telegram was sent to Premier Hearst stating that unless provision was made by 6 o'clock Thursday evening to permit all Ontario soldiers still overseas the right to vote on the referendum, a telegram would be sent to every command in the province, asking that it use its best endeavors to secure the defeat of the Government at the elections.

"BIG FIVE" BIDS FAIR TO DOMINATE ENTIRE GROCERY BUSINESS

Chicago Packers Now Control 200 Foods Unrelated to Meat Packing.

HARD TO GET FACTS Secretive Methods Employed by Big Firms in Suppressing Information.

Washington, Oct. 16.—Reterritorial of the claim that the big five packing companies of Chicago bid fair to dominate the wholesale grocery trade, and already handle more than 200 foods unrelated to the meat packing industry, many of them directly competitive as meat substitutes, is made in part IV of the federal commissioner's report on the industry, published today.

"The extent to which the packer should be permitted to enter unrelated food lines (even assuming legitimate competitive methods) is a matter which the public interest alone should determine.

"Does it mean, and will it continue to result to the public in lower prices and better quality of product and service?"

"Owing to the maze and secrecy of the packers' methods of conducting much of their business, the report says, 'exact statistics on many of the commodities are not available for the country as a whole, which will show how far the packers' control has spread over many companies manufacturing or handling commodities controlled by packer interests, no hint of which is divulged by the names under which they operate, and the thoroughgoing examination may fall to uncover the packer connection in every case.'

"There is sufficient evidence," the report continues, "that the 'big five' are dividing the field among themselves. The report declares the meat packers 'are large speculators, and that their control of capital and credit enables them to buy in such a way as to re-sell upon a market in which their purchases have forced up the price. It also indicates that the packers 'have extraordinary buying and marketing power due to certain advantages, perhaps not altogether, but certainly often unjustifiable.'

Favored by Railways. Among these advantages are enumerated packer control of 44 per cent of all cold storage facilities, the refrigerator car service, the "highly favorable rates" obtained by the packers for mixed carloads of fresh meats, and packing house products, permitting them to include a great variety of goods "foreign to their usual business, and to avoid resulting discriminations not alone in service, but also in rates.

"Until the packers are shown of transportation advantages granted them by the carriers," the report says, "there is no way of measuring their true industrial efficiency."

ADVERTISER CONTEST NEARING A CLOSE

Still Ample Time To Compete for Valuable Prizes.

If You Are in Doubt Consult Puzzle Manager.

There isn't very much more to be said about The Advertiser's big puzzle contest than to impress upon those who have not yet entered the fact that the contest closes Saturday, November 1, at 9 p.m.

Solutions may be registered at The Advertiser office up to 9 p.m. November 1, or they may be mailed anywhere in the Province of Ontario up to that hour, and upon their receipt will be duly filed.

With the publicity the contest has received, there are probably but few who are not now thoroughly familiar with the rules and conditions. However, whether there be few or many, they may still obtain all the information they want by calling upon the contest manager, either personally, or by telephone or mail.

STEEL WORKERS IN PITTSBURG DISTRICT GOING BACK TO WORK

Production in All Mills Said To Be On Increase.

Pittsburg Pa., Oct. 16.—Large numbers of workers who went on strike on September 22 last, when the nationwide walkout of steel and iron employees became effective, are returning to work daily in the Pittsburg district, according to representatives of the companies, who claimed today that the mills in this region are fast returning to normal conditions. Production is on the increase, they declared, and the situation, so far as the companies are concerned, is assuming a brighter aspect each day.

considering plans for carrying their "free speech" and "free assemblies" fight into the courts today. A test case on this question, they said, was provided last night, when police refused to allow strikers to meet on the south side of Pittsburg without a permit.

SITUATION IMPROVED IN CHICAGO DISTRICT

Chicago, Oct. 16.—The industrial situation at the steel plants in the Chicago district today was reported better than that when the steel workers' strike was called nearly four weeks ago. Many of the mills were said by company officials to be running at 50 per cent or more of their usual capacity, while virtually every plant affected by the walkout was operating on at least a reduced scale.

OIL DRIVEN SUBMERSIBLE BATTLE CRUISERS ARE FAVORED BY BEATTY

Head of British Fleet Believes These To Be Most Effective.

London, Oct. 16.—The political correspondent of The Evening News says there probably will be a great change in Great Britain's naval policy with the advent of Vice-Admiral Sir David Beatty as first sea lord in succession

to Vice-Admiral Sir Rosslyn Wemyss, who resigned last week. Vice-Admiral Beatty's friends, says the correspondent, declare that he believes the future warship will be an oil-driven submersible battle cruiser, and shaped in accordance with this belief. The dreadnought will not be altogether eliminated, but it will be considered of secondary importance.

D'ANNUNZIO APPEALS TO FRENCH PREMIER TO SECURE DECLARATION

Italian Soldier-Poet Drafts Manifesto.

Paris, Oct. 16.—Capt. Gabriele d'Annunzio, whose forces are now holding the city of Fiume, has sent a message to Premier Clemenceau, asking that the latter take the initiative in securing a declaration from the allied governments making Fiume a free port. Capt. d'Annunzio says he has drafted a manifesto inviting Serbians and Italians to recognize mutual national rights. The manifesto, which will be delivered by airplane, will call upon the two nations to "maintain the bonds of brotherhood which have been sealed by blood."

EX-CZAR'S COUSIN IS REPORTED 'ANGEL' OF VON GOLTZ'S 'WAR'

Hinted in Paris the Allies Would Welcome Russian Monarchy.

Paris, Oct. 13.—The Grand Duke Cyril of Russia, now in Berlin, is backing Gen. von der Goltz in his campaign against the Russian bolsheviks. This news has been communicated to Frank Polk, head of the American peace commission, and also is known to Marshal Poch and the British leaders. This is why the French military hierarchy is not heart and soul in favor of making the von der Goltz troops quit Courland and Lithuania. German public opinion wants Russia stabilized and the Reds defeated before winter sets in, and it is believed von der Goltz and his well-trained and thoroughly-equipped German veterans are the only ones capable of doing it, since none of the Allies—France, Britain, United States—can or will send a contingent of troops there.

Grand Duke Cyril escaped from Russia in the summer of 1917 with a whole eight-car train filled with Russian gold. He reached Berlin via Stockholm through the connivance of Kerensky and German officials after the Brest-Litovsk peace. Now Cyril, who is a cousin of the former czar, realizes that the Bolsheviks must be overthrown, and through a secret agreement with the German Government, he is providing funds for von der Goltz to make an offensive against Petrograd.

It is believed von der Goltz will capture the Russian capital before Gen. Yudenich can reach Petrograd, after which von der Goltz will strike southward toward Moscow.

BABY 'BILLY' DANCEY IS SOUGHT IN VAIN

Forty Volunteers Search Woods, Cranberry Bogs and Fields Without Finding Him.

Hammonton, N. J., Oct. 16.—Though forty volunteers today continued the neighborhood search for "Billy Dancey," the 30-month-old baby who has been missing from his home six days, more reliance now is being placed in the activities of detectives who are looking further afield for the child. One of these has gone to Pittsburg, Mrs. Dancey's former home, in the hope of learning whether she had any enemy there who might have caused the child to be abducted. In response to appeals by the authorities, this town to the governors of Pennsylvania and New Jersey, a police watch in both states is being kept for the baby.

One clue was dissipated today when searchers visited a gypsy camp where, it was reported, a child resembling the Dancey boy was being held. A child resembling him was found there, but he belonged with the gypsies and was not "Billy," whose real name is George W. Dancey. Philadelphia's police have been notified of a woman seen to alight from a train there, and detectives are following up a letter from a woman alleging that she "knows where the child is." The authorities are doing the inevitable preliminary work of running down vague rumors, wild clues, and the communications of persons of the types always moved to send letters in connection with such a case.

FRENCH PARLIAMENT IS NEARING AN END

Paris, Oct. 16.—Some newspapers here point out that yesterday's vote in the Chamber of Deputies, by which Premier Clemenceau's ministry was upheld in its plans for holding the coming election, marks the virtual end of the present parliament, the only matter still to be decided upon being the amnesty bill. Many journals, in commenting upon the vote in the chamber, emphasize the success secured by the premier who, they say, was able to convince the chamber "of the necessity of continuing the country as soon as possible."

NORDHEIMER

"The Master Piano"

WHEN you consider the purchase of a Piano, look deeper than what it appears to be on the surface, or even what it appears from its elaborate construction; remember that what the Master Pianist looks for is an instrument which will respond to his every mood, that will inspire his imagination and assist him to bring into life the music of his soul. In his hands an artistic Piano seems endowed with life—is capable of reproducing one minute the thunder of the mighty deep, and the next the softest whisper. Such an instrument is the true Piano-Forte, and is only the product of the Master Builder.

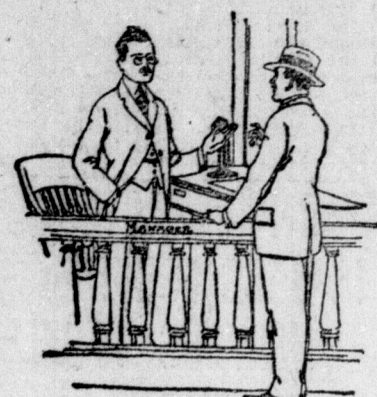

Those who desire those qualifications in their Piano will find them in the Nordheimer and the pleasure and length of service it will give more than balances the slight additional cost.

The Nordheimer can be supplied in designs and sizes suitable for every requirement. The above design is known as the Apartment Upright, and is one of the most popular among the Nordheimer styles.

LIBERAL LOOKS LIKE BEST BET OF SIX N. WATERLOO CHOICES

All Getting Good Hearing, But Snider and Asmussen Slipping Ahead.

KITCHENER, Oct. 15.—With six candidates in the field in North Waterloo uncertainty is being expressed as to the chances of each to lead the polls Monday. The Liberals, Snider and Asmussen, however, look to be the best bet. Reports from the rural sections show all candidates meeting an attentive hearing and having good crowds at their meetings. There is not much enthusiasm in connection with the elections, a general spirit of indifference seemingly being manifested by the rank and file of the voters.

There have been a few meetings in the city and these have had a negligible influence. Local newspapers are not drawing sharp lines on the candidates. The News-Record, which was recently bought out by the Independent Liberal Asmussen and is more or less silent on the referendum issue, is also its own candidate, the Daily Telegraph.

The candidates all express confidence, but most of them are uncertain re- sulting the women's vote. Gavin Barbour, the farmer candidate who is making strong talk in favor of pro- hibiting the sale of liquor, is more favorably received by the women than his opponents.

MINE WORKERS' LEADERS AGREE TO CONFERENCE

Strike Order Has Gone Out, But Relations Are Not Severed.

Strikes Called For November 1

All Union Bituminous Miners Ordered To Quit At Mid- night, October 31.

INDIANAPOLIS, Ind., Oct. 15.—After approving and sending on its way to the four thousand local unions in the country the official order calling on all union bituminous coal miners in the United States to cease coal pro- duction at midnight October 31, John L. Lewis, acting president of the United Mine Workers of America, left here late today for Washington to attend a conference, called by Secretary of Labor Wilson, with Thomas L. Brewster, president of the Coal Operators' Asso- ciation. Mr. Lewis will arrive in Wash- ington late tomorrow.

Before leaving the city, Mr. Lewis declared that the only thing that could prevent a strike of the miners on November 1 would be the signing of an agreement between the miners and operators' representatives before that date.

The miners' head would make no predictions as to the result of the con- ference in Washington. In the mean- time, he said, preparations for the strike would not be discontinued if the conference were not in progress.

INVITATION ACCEPTED.
 WASHINGTON, D. C., Oct. 15.—Secretary of Labor Wilson announced tonight that he had assumed juris- diction under the law as a mediator in the controversy between the coal miners and operators of the central competi- tive fields, which has resulted in a call by the United Mine Workers of America for a strike on November 1. Secretary Wilson said that both John L. Lewis, acting president of the United Mine Workers, and Thomas L. Brewster, president of the Coal Oper- ators' Association, had accepted his in- vitation to confer with him and that the conference would be held here Fri- day.

INDIANAPOLIS, Ind., Oct. 15.—The order calling all union bituminous coal miners of the country to "cease produc- tion of coal at midnight on Friday, October 31, 1919," was issued from the international headquarters of the United Mine Workers of America here at 10 o'clock today. The order is signed by John L. Lewis, acting president, and William Green, secretary-treasurer of the miners. The official strike call permits local unions to assign "a sufficient number of men to remain at work to insure the proper care and protection of all mine property, in conformity with the provisions of district agreements. It also urged the most co-operation be given the operator "to prevent injury to property," and asserts that "under no circumstances should this rule be vio- lated or set aside by local unions."

VETERANS CAN BE REGISTERED UP TO LATE AS SATURDAY

QUELPH, Ont., Oct. 15.—Sir William Hearst tonight announced that the Government had made arrangements for last-minute registration of returned soldiers. "At the request of the various sol- diers' organizations, the Government has issued instructions to the chairmen of the voters' registration boards, where- ever soldiers still desire to be placed on lists, to hold sittings at the latest pos- sible moment for returned soldiers only," said the prime minister. "These sittings will be held as late as Satur- day of this week, in order that every soldier who has returned to the coun- try or who may return in time to vote on Monday will have an opportunity to vote."

U.S. "Dry" Measure Ready For Signature Of President Wilson

WASHINGTON, D. C., Oct. 15.—The prohibition enforcement bill was signed today by Vice-President Mar- shall and Speaker Gillett for immediate transmission to President Wilson. The president will have ten days from the time it reaches the White House to sign it. Should he fail to act within that time, it automatically would be- come a law without his signature. An announcement has been made at the White House that the bill will be re- ferred to Attorney-General Palmer for an opinion as to its constitutionality before any executive action is taken.

CITY TEMPLE PASTOR ACCEPTS CALL TO U. S.

NEW YORK, Oct. 15.—The Rev. Dr. J. Fort Newton, pastor of the City Temple Congregational Church, London, has accepted a call to the Universalist Church of the Divine Paternity, here, it was announced tonight. Dr. Newton is expected to begin his pastorate in America about December 1.

NELSON DAY CAMPAIGN
 for \$500,000 October 21-22-23

"Canadians Must Sail The Seas"

To build up our national and indi- vidual wealth we must market our great resources.

To do that we must have a mercan- tile fleet to reach the export markets.

To reach the markets we are build- ing ships and must be able to man them with Canadian seamen.

To get the Canadian seamen we must train Canadian boys in sea- manship.

To train the boys we must have the Boys' Naval Brigades.

To conduct the Boys' Naval Brig- ades the Navy League must have money.

To raise the money the Nelson Day Campaign for \$500,000 is being held today and the two fol- lowing days.

THEREFORE

To build up our national and indi- vidual wealth all loyal Canadians must give liberally.

STAGE ALL SET FOR THE PRINCE'S VISIT TO COBALT TODAY

Town in Flutter of Excitement Last Night.

TO INSPECT VETERANS

Three Candidates in Election Contest and Wives to Meet H. R. H.

COBALT, Oct. 15.—The stage is all set for the reception here tomorrow morning of the Prince of Wales. To- day has been devoted to completing the preparations for the royal visitor, and the town is in a flutter of excitement tonight. Flares are flying from the welcome arch on the Coleman Township bridge and from the staffs of the public buildings, and many private residences and places of business have been gaily decorated, and many colored streamers have been stretched across the streets along which the royal party will pass. Mayor McKinnon will read the ad- dressed welcome on behalf of the mu- nicipality of Cobalt and Coleman, and will draw attention to some of the deeds performed by the citizens of the silver camp during the war.

The prince is to inspect the returned soldiers, who will be drawn up at the station to greet him, together with the boy scouts and cadets. Arrangements were made today to allow his royal highness to pay a short visit to the high school, where all the pupils of the different schools in camp will parade to greet the heir to the throne. The prince will spend a few minutes at the school inspecting the ranks of the children and meeting the teachers.

Archbishop Thorne of the Anglican diocese of Algoma arrived from Sault Ste. Marie this afternoon, having made the trip especially to meet the Prince of Wales. At the O'Brien mine the prince is to be presented with a very fine specimen of high grade ore, mounted on a mahogany plaque, with a shield of Cobalt silver, suitably inscribed, the whole enclosed in a leather case. The three candidates in the election fight, with their wives, have been given invitations to meet the prince. The navy league branch here will have out its decorated ship, and will hold a tag-day tomorrow.

FORMAL RATIFICATION HAS BEEN POSTPONED

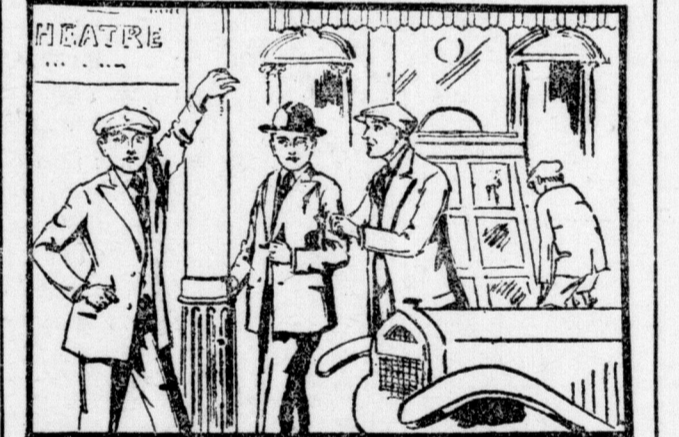

PARIS, Oct. 15.—The formal ratifi- cation of the peace treaty with Ger- many, making that instrument effective, will not take place this week as had been expected. It was announced to- night by the American delegation to the peace conference. There has been an indefinite postponement of this step. It was stated.

A WORKERS' CANDIDATE.

Years ago our fathers fought for political equality and justice, and gradually that long, hard battle was won by Liberalism in Ontario. It is now for the younger generation of Liberals to complete their fathers' work by aiding Labor in its struggle for social and economic justice.

It is strange that Ontario lags so far behind the rest of the civilized world as to have kept in power for fourteen years the most reactionary government. We have not even a minimum wage law, which Quebec has adopted.

It is argued in some quarters that Sir Adam Beck has done much for the average man in keeping down the cost of lighting and power. But at any rate he has shown no particular interest in the problem of curbing the general advance of prices.

Old age pensions and mothers' pensions are among the needed reforms advocated by the Labor candidate. These reforms have already been adopted in various countries, and even if they had not been, is Ontario never to give a lead in progress?

It is argued in some quarters that Sir Adam Beck has done much for the average man in keeping down the cost of lighting and power. But at any rate he has shown no particular interest in the problem of curbing the general advance of prices.

LIBERTY NONSENSE.

In one sense no one believes in personal liberty. Why are there fences around property, policemen walking their beats, locks on doors and windows, safes, lawyers and juries, handcuffs and jails? Because no one has any personal liberty except to do as the majority of the community choose to allow, and the majority do not propose ever to relinquish their control over erratic and eccentric minorities.

In another sense, everyone should believe in personal liberty. True liberty for the individual consists in identifying his own will with the general will. Not otherwise can he feel free and live in easy security or peace of mind.

There is no point, then, in whooping for personal liberty, except it be proved that the thing for which liberty is claimed is in line with the community's welfare.

commonly implies the position that perhaps in deed alcohol ought to be prohibited for itself, but that nevertheless, for the sake of cigarettes, it must be allowed to stand. What becomes of the personal liberty plea in this "thin edge of the wedge" theory? But neither the wedge cry nor the liberty cry is sincere.

THE MAN FOR EAST MIDDLESEX.

The electors of East Middlesex will be acting wisely if on October 20 they select Lieut.-Col. Robson to represent them in the Legislature. Lieut.-Col. Robson is making his appeal on the Liberal platform, which is sufficiently broad and progressive to carry the support of all elements in the riding.

On the score of his war service the Liberal candidate deserves the strongest support. He raised the famous 135th Battalion, without the money aid that other battalions were able to secure from municipalities, took them overseas, and would have led them into the firing lines of France had not the army regulations barred him because of his age.

DECIDE AS TO GRATUITY.

Whatever recommendation the special committee considering the gratuity problem makes it is imperative that it should be submitted as soon as possible. Throughout the Dominion many thousands of returned men are being inconvenienced, where they are not suffering actual hardship, by the Government's delay in reaching a decision.

SMALL INVESTOR BUILDS LOAN.

It was the common folk, the average man and woman, who made Canada what it is today. It was the ordinary man—the fellow with a pack on his back and a rifle over his shoulder—that fought and won the battles of the Empire in France.

The director of public information at Ottawa estimates that there are over one million holders of \$50 Victory Bonds. In the 1917 loan \$04,841 subscriptions were for \$5,000 and under. In the 1918 loan 707,701 subscriptions were for amounts ranging from \$50 to \$5,000.

LIGHTNING PHOTOGRAPHS.

Scientists will hardly accept the statement at the moment on a man killed by lightning last Sunday that "an exact impression of the tree under which he was sheltering" was found on the victim's body. It is incredible that even the light of a lightning flash is of sufficient intensity to imprint an image through opaque clothing.

It would have been interesting to have heard under what kind of tree the unfortunate man who was killed was sheltering. For if one must take shelter—and it is far wiser to take a soaking—one's chances of safety depend largely upon the sort of tree beneath which one elects to stand.

From Here and There

Fuller Bunk says: A dressmaker is the only fit companion for a woman whose mind is always on clothes.

SMART MAN.

Briggs—You talk a good deal less since you've been married.

Griggs—Yes! my wife thinks I'm the smartest man on earth, and I have to be mighty careful what I say.

ALL HE ASKED.

They were standing outside the front door having a final chat after his evening call.

John, he said, addressing the young man, "you know I've never complained about your staying late, and I'm not going to complain now; but, for goodness' sake, stop leaning against the bell-push. Other people wait some sleep, even if you don't."

WHY SHAKE HANDS?

How many people know what is the origin of the custom of shaking hands, of which the Prince of Wales is just now suffering from an excess? In olden days, when every man who had any pretensions to being a gentleman carried a sword, it was the custom to shake hands to show that there was no treachery by offering each the weapon hand, free from the weapon.

THE PRINCE IN CANADA.

We are close enough to Victoria and Vancouver to hear the echoes of the reception given by our neighbors to the Prince of Wales. There is no denying the enthusiasm that was shown by the young man, who has nothing more in himself than a hereditary claim to popular approval.

In our scheme there is no room for a king, by the British Empire could not exist without a king. Any one of its component parts could easily exist without a monarch, but, as a whole, it requires a monarch to bind them together.

It is wrong, therefore, to consider the reception given to the Prince of Wales by the Canadians as primarily a personal affair. It is an affair of the Empire, and is significant of much more than any personal attachment to the royal house.

NEW YORK TO LONDON BY AIR.

A great aerial flight from coast to coast, in which 63 airplanes are taking part, is now in progress both ways between New York and San Francisco, a feat embracing between five and six thousand miles.

Speed, in fact, is the raison d'être of the airplane. It is the quality of the airplane that will finally establish it as one of the most important parts of our economic life.

In a very short time the "lighthouses" of aircraft will be wireless towers. The wireless direction finder has come to stay. It will be rapidly developed to perfection.

Once these towers are universally installed and suitable landing places erected in all large cities, aviation will be entirely unhampered by any weather conditions and absolutely independent of fog.

It is quite possible at the present moment to build a three-seater airplane with an average speed of 170 miles an hour. Against a forty-mile wind this machine would still be making two miles a minute. With the wind it would be going forward at speed that sounds almost ludicrous to the lay mind.

The Advertiser's Daily Short Story

(Copyright, 1919, by the McClure Newspaper Syndicate.) A TEN-CENT ROMANCE. By Dora Mollan.

Horace Burdett might have had a dozen affairs of the heart—if it was not for the fact that he was so crowded by his own family that he had a reasonable amount of leisure; nor yet that he was a myocynonist, for he was far from it.

Horace was under the medium height; he was slender; his shoulders had early acquired a scholastic stoop; he was neat-sighted and had to wear spectacles at all times; from youth he had miserably fostered a moustache that never grew up, and nature had decreed that through life he should wear an expression of ingenious gravity like a baby who watches another baby suck a caramel.

Now Horace had his living in a large city. He gained his livelihood in an office where his services were appreciated and his hours short. He had occupied the same large alcove bedroom in a house presided over by the same landlady for many years.

Horace turned to behold the young woman's hand held out to him with the third largest house in Wall street, a ten-cent piece between thumb and forefinger, and her eyes bent on him in pleading scorn.

Horace found some difficulty in adjusting himself to this new order of things. Women should lead more sheltered lives than making change for souces and freights and jingling the starting bell and levering open the rear door of a pay-as-you-enter car.

Gen. Sherman was probably right and that it couldn't be helped. There were a great many cars on that line, and from day to day Horace encountered a variety of conductresses.

Horace noticed that somehow she managed to keep her hands clean, and he observed, with a tiny elation inside him that none of the souces or freights ever got familiar with her.

There was a dime, however, in his change pocket, and as he fished it out and handed it to the conductress he found himself facing a grey-eyed young woman, who looked infinitely less personal and much more charming in a soft grey dress.

Horace was like a cold water bather who dare not hesitate lest he flee altogether. He rushed into explanations. "Mrs. Dorn," he said, the moment he made sure of her identity, "I gave you a counterfeit dime yesterday. Obviously you believed I knew it. My name is Horace Burdett; I am employed by the third largest house in Wall street; I have a good salary and some property; I am a member of the Masons and the Elks. I have brought the papers to prove these statements, and to assure you of my respectability, I have—really, Mrs. Dorn, I swear with the utmost respect, I assure you—I have greatly admired you, and thought what a fine thing it was for a young woman to be working so heroically while her husband was fighting for his country. And I could not bear to have you think me a common cheat."

The grey eyes had expressed first amazement and then interest, and now the young woman laughed outright. "Why," she said, "I'm dreadfully sorry

was starting with cynical unsympathy often. I ought to have known, though, that you were not that kind. Anybody could see at a glance that you are—well, that you're a gentleman. But what made you think I had a husband in the war? I haven't—there or anywhere; I haven't anybody. The laughing-ter had died away. "I just took that because it pays better than anything I could get—and I'm crazy to save enough for a chicken farm."

Horace's heart leaped within him. Then and there he realized that he, too, was just crazy about a chicken farm. "Do come in and talk about it," he said so.

Next day Horace found out from Strickland's office, by phone, that No. 144's name was Kate Dorn, and that she lived at a certain address in the "hundreds." Also that she was through her work at 5:50. That evening, with his courage in his hands and a pocketful of a dozen dollars, he called at the certain number in the "hundreds."

Horace was like a cold water bather who dare not hesitate lest he flee altogether. He rushed into explanations. "Mrs. Dorn," he said, the moment he made sure of her identity, "I gave you a counterfeit dime yesterday. Obviously you believed I knew it. A Way to Dainty Teeth

To Whiter, Safer, Filmless Teeth

All Statements Approved by High Dental Authorities

FREE A Ten-Day Tube of Pepsodent, this week only, at any store named below.

Film on Teeth Is What Wrecks Them Dental science has found that most tooth troubles are due to a slimy film. You can feel it with your tongue.

That film clings to the teeth. It gets between the teeth, enters crevices and stays. The tooth brush doesn't end it. The ordinary dentifrice cannot dissolve it. So its damage is unceasing.

That film is what discolors—the teeth. It is the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Also of many other troubles, local and internal.

That is why brushed teeth discolor and decay. Why tartar forms and pyorrhea starts. You may remove the debris, but the real cause of tooth troubles—the clinging film—is largely left to do its damage.

Now dental science has found a way to combat that film, after years of searching. We ask you to accept a ten-day test and see the results for yourself.

Based on Pepsin Pepsodent is based on pepsin, the digestant of albumin. The film is albuminous matter. The purpose of Pepsodent is to dissolve it, then to constantly combat it.

But pepsin must be activated, and the usual agent is an acid, harmful to the teeth. So pepsin long seemed impossible.

What science has now done is to invent a harmless activating method. That method is employed in Pepsodent. The result is a tooth paste which will do what nothing else has done. And five years of tests seem to clearly prove that it opens a new dental era.

Look in Ten Days We urge this test for your sake and your children's sake. Children have most to gain from cleaner, safer teeth. Try to avoid the troubles we have had.

Present this coupon for a 10-Day Tube. Use like any tooth paste. Note how clean the teeth feel after using. Mark the absence of the slimy film. See how teeth whiten as the fixed film disappears.

A book comes with the sample tube, explaining the results. I earn the reason for them. Compare them with the results of old methods. Then let your own good sense decide what method to employ.

This test is of lifetime importance, both to you and yours. It has shown at least a million people the way to whiter, safer teeth. Someone in your home should make it. Cut out the coupon so you won't forget.

BECK APPLIES FOR ORDER-IN-COUNCIL FOR RADIAL PROJECT

Plans To Establish Hydro Line Hamilton To Elmira, Via Galt.

TORONTO, Oct. 15.—Application was made today by the hydro-electric power commission to the Ontario Government for two orders-in-council to permit of further steps taken in connection with the proposed system of radial railways in the province.

The one order-in-council is to permit the commission to enter into negotiations with the Detroit, Windsor and Erie Railway Company for the acquisition of the property of the Sandwich, Windsor and Amherstburg Railway Company, which also includes the electric distribution systems in the municipalities of Windsor and Sandwich. The amount involved is over \$2,000,000.

The second order-in-council is to enable the commission to have bylaws submitted to the electors of the several municipalities on the line of the proposed railway from Hamilton to Elmira via Galt, covering the estimates and agreements for the construction and operation of the line.

If the electors vote favorably, this will be the first railway that the commission will operate under the act of 1914. Sir Adam Beck said today, in announcing that the order-in-council had been applied for, "although we are, of course, applying for forty and fifty miles of construction railway at Niagara Falls and at Peterboro for the Provincial Government. There are thirty-five miles of road railway and forty-five miles of track. The financing will be done by the issuing of bonds by the hydro-electric commission."

INFLAMMATORY RHEUMATISM PERMANENTLY CURED

New Brunswick Lady Gives Full Particulars of Her Recovery.

There are many types of rheumatism, but none worse than inflammatory. It was this kind that almost killed Mrs. Edw. Warman of Kent Jct., N. B. Every known remedy she tried, different doctors gave their advice, but the disease increased.

Weak and despairing, she was at her wits' end when the remarkable cure of Thos. Cullen was published. This gentleman was cured of rheumatism by "Ferrozone." Consequently Mrs. Warman used the same remedy. Here is her statement:

"For five years I have been rheumatic. I tried various forms of relief without success. The disease increased, settled in my joints and muscles; these swelled, caused excruciating pain and kept me from sleeping. My limbs and arms stiffened, my shoulders were lame and prevented me from working. Week by week I was losing strength and despairing of finding a cure. It was a happy day I heard of Ferrozone. Every day I took Ferrozone I felt better; it eased the painful joints, gave me energy and a feeling of new life. Ferrozone cured my rheumatism, cured it so that not an ache has ever returned. Even damp weather no longer affects me."

Ferrozone has power to destroy Uric Acid, neutralize and enrich the blood, and therefore does cure the worst cases. Mrs. Warman's statement proves this. By removing the cause of the disease and building up a reserve of energy, Ferrozone is certain to cure. Sufferer, isn't it about time to stop experimenting? Ferrozone is a CURE, order today, 50c per box, or six for \$2.50, sent by all dealers or direct from The Catarthozon Company, Kingston, Ont.

WHAT TO DO WHEN NERVES GO WRONG SPECIALIST'S ADVICE.

Men and women who suffer from weak nerves, who tire easily, who sleep, have brain fag, low vitality, general weariness, lack of will power, dullness of those symptoms that so surely arise from poor, unsteady, unbalanced nerves or nerve force run low, should try taking a little Ferro-Peptide with their meals for a few days. This preparation is the greatest ginger-up stimulant and nerve vitalizer ever known for putting the good old "pep," ambition, courage and real vital energy into a tired, run-down and shattered nervous system.

Here is a test worth trying. The next time you feel tired, blue, or when your nerves are fairly crying out, take a Ferro-Peptide nerve tablet. Then wait for just ten minutes, and note the results. Ferro-Peptide seems to go straight to the nerve cells and starts work the minute it reaches them. It brings a ten-minute change from that awful dull, weak, lazy, don't-give-a-hang feeling, to brightness, strength, clear-headedness and courage. It clears and strengthens the nerves of people who get the "jumps" and tremors, and gives them poise, power and vigorous reserve energy. Ferro-Peptide Tablets are absolutely pure, contain no dope or habit-forming drugs, and are always safe, easy, pleasant and efficient. Standard Chemical Co., and many other leading druggists in London and vicinity sell it in large boxes of tablets to follow the absolute guarantee of satisfaction, or money back.—Adv.

TRY MAGNESIA FOR STOMACH TROUBLE

It Neutralizes Stomach Acidity, Prevents Food Fermentation, Sour, Gassy, Stomach and Acid Indigestion.

Doubtless if you are a sufferer from indigestion, you have already tried popovers, blinches, soda, charcoal, drugs and various digestive aids and you know these things will not cure your trouble—in some cases they do not even give relief. But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little bisulphated magnesia—the ordinary commercial carbonate, citrate, oxide or milk, but the pure bisulphated magnesia which you can obtain from practically any druggist in either powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal, and see what a difference this makes. It will instantly neutralize the dangerous, harmful acid in your stomach which now causes your food to ferment and sour, making gas, wind, flatulence, heartburn and the bloated or heavy lumpy feeling that seems to follow the most everything you eat.

You will find that provided you take a little bisulphated magnesia immediately after a meal, you can eat almost anything and enjoy it without any danger of pain or discomfort or any and, moreover, the continued use of the bisulphated magnesia cannot injure the stomach in any way so long as there are any symptoms of acid indigestion.—Adv.

Canadian Trade Has Fallen Off \$32,575,418 First Half of 1919

OTTAWA, Oct. 15.—A decrease of \$32,575,418 in the grand total of Canadian trade for the six months of the fiscal year ending September 30, as compared with the same period in 1918, is shown by the monthly trade statement issued through the customs department.

The total value of Canadian trade for the six months period this year was \$1,054,657,462, while last year it was \$1,087,232,880. The decrease is largely due to a fall of \$32,762,504 in the value of merchandise imported into Canada. During the six months period last year imports to the value of \$484,532,214 came into the country, while this year they totalled \$451,769,410.

A drop of \$11,142,419 in the total value of domestic merchandise exported, as compared with the 1918 figures, is shown by the statement, but exports of foreign merchandise increased by \$11,329,895. The total value of domestic merchandise exported during the six months period this year was \$597,443,095, while last year it was \$590,588,514.

Flying Parson Still Leads In The Air Derby

Death List Increased by Two When Plane Crashes in Utah.

SAN FRANCISCO, Oct. 15.—Four airplanes were on their return trips today in the army transcontinental air derby. The leader, Lieut. E. W. Maynard, was almost half way across the continent tonight, having stopped over night at Sidney, Nebraska, in his sauntering flight. The death list in the race was increased by two late today, when Lieut. French Kirby and his observer, Lieut. Stanley C. Miller, westbound, were killed in a crash near Castle Rock, Utah.

CONFIRMS REPORT THAT GERMANY WAS INVITED TO ASSIST

Peace Conference Did Send Communication of This Nature.

LONDON, Oct. 15.—In connection with the report from Germany that Britain had invited Germany to co-operate in the coercion of Soviet-Russia, the correspondent of the Associated Press telexes that a communication of this character was made to Germany by the peace conference. Word of the request to participate in a blockade of Soviet-Russia came first from Berlin, and was later followed by reports from neutral states, intimating that they too, had been requested to join in a blockade. No definite announcement of such contemplated measures had, however, been made from Paris or London, causing adverse newspaper comment. It was stated in Paris yesterday that the United States did not join with the British in asking Germany to co-operate in such a blockade, and the American delegation there did not admit any American participation in an actual blockade against Russia.

CHURCH OF ENGLAND CONGRESS IN DEBATE ON SPIRITUALISM

Dean of Durham Says It Fills a Void in Practice of the Church.

LEICESTER, England, Oct. 15.—(By the Associated Press.)—The Congress of the Church of England today held a warm debate over spiritualism, which started through an attack from the Very Rev. William R. Inge, dean of St. Paul's, London, who is known to the newspapers as the "gloomy dean," because of his somewhat pessimistic views on present-day life. The Right Rev. E. W. Wilson, dean of Durham, and one or two other very prominent clergymen, made a partial defence of spiritualism, and the archbishop of Canterbury said the entire subject would be considered by the bishops when the Lambeth Conference met next year. "It is this kind of after-life were true—that portrayed in the pitiable revival of necromancy, in which many desolate hearts have sought spurious satisfaction—it would indeed be a melancholy postponement or negation of all we hope and believe about our dead."

Replying, Dean Welldon said: "It is too late to dismiss spiritualism as a fraud—or as some say, a gaseous fraud." The dean added that the spiritualistic phenomena had won the attention of science like Crookes, Lodge, Flammarion and Lombroso, and continued: "I take it that the evidence is good that the foundations of Edgar Chapel at Glastonbury were discovered through communications received by automatic writing. I think spiritualism has come down to fill a void in church practice, and be restored, I believe." The Rev. J. A. Magee, the last speaker, was loudly applauded. He said: "Sir Arthur Conan Doyle is moving from city to city, ministering to a popular craze. I challenge Sir Arthur to deny that spiritualism is perilous to the mental, moral and physical health. Every second or third young lady one meets now imagines herself a modern St. Theresa."

"Spiritualism is undergoing a remarkable revival in England, apparently partly through the hopes of many war-battered persons to communicate with lost relatives. The revival is said to be due largely to the writings of Sir Oliver Lodge and popular discussions in which Sir Arthur Conan Doyle figures as the chief champion of the cult."

MILK DEALERS AT BRANTFORD OBJECT TO PASTEURIZATION

BRANTFORD, Oct. 15.—Opposition to the proposed pasteurization of milk has been advanced by the Fresh Milk Dealers' Association here to the chamber of commerce, and more rigid inspection has been suggested. The dealers' claim that conditions of the supply at Brantford are not at all like those existing in Toronto. EXPECT SUCCESS. The final drive set to reach an objective of \$10,000 for the Brantford nurses' and soldiers' home witnessed the ten teams making good reports. A cable subscription was received from Lloyd Harris of \$1,000. Mr. Harris is returning to Canada on Oct. 21. SOLDIERS' VOTE. Returning Officer Wade has asked for instructions in the matter of soldiers who have returned since the voters' lists were prepared being allowed to cast their ballot by taking a special oath.

U. F. O. CANDIDATE RAPS SINCLAIR IN OXFORD

TILLSONBURG, Oct. 15.—A. T. Walker, O. F. U. candidate in South Oxford, held his first public meeting in the town hall this evening when labor and farmers tried to get together and made a bad fizzle of the whole game. The audience consisted of 98 persons, of whom 76 were farmers from the district and the remainder labor men of the town. E. A. Hookway of St. Thomas, and W. K. Sanderson, chairman of the hydro commission of St. Thomas, spoke in the interests of labor, while Mr. Walker put forth the farmers' platform. Mr. Walker in speaking of temperance repeatedly pulled V. A. Sinclair, the present Conservative member, over the coals very hard because he was trying to get the vote whilst he was elected on the liquor platform in the last election by a majority of one.

On Thursday evening Alex. Rose, Liberal candidate, will address a public meeting in the town hall, assisted by W. G. Charlton, provincial organizer; Roger Buchanan, of Ingersoll; Dr. Rogers and Lieut. T. R. Maybery. Mr. Rose has by far the best chance in the three-cornered fight.

LADIES' AUXILIARY OF Y. M. C. A. ELECTS OFFICERS AT GALT

GALT, Oct. 15.—The Ladies' Auxiliary of the Y.M.C.A. has elected the following officers for the ensuing year: President, Mrs. W. W. Wilkinson; first vice-president, Mrs. T. T. Aitkin; second vice-president, Mrs. Frank Brown; secretary, Miss Louise McAustan; assistant secretary, Mrs. Ward-Vair; treasurer, Mrs. Marsh; president, assistant treasurer, Mrs. E. M. Grove. OUGHTON—MARSHALL.

The quiet marriage took place this afternoon at the Central Church manse, by Rev. M. B. Davidson, of Miss Jessie Marshall, one of the city's prominent young ladies, to Charles Oughton of St. Catharines, formerly of Galt and an "original first."

DIES OF WOUNDS. Pte. Lionel W. Longhurst, eldest son of Mr. and Mrs. A. J. Longhurst, 72 Stanley street, passed away at the Euclid Hall Hospital, Toronto, death being due to the wounds he received in action. He was born in England, and came here in 1913. He enlisted with

his brother Leonard in the 11th Battalion. The brothers were on the same machine gun crew, and Leonard was killed at Arras August 8, 1918, and Lionel was wounded at the same time. On recovering he went back to the lines in October, 1918, and was again wounded. Since being returned to Canada in February he has been in Toronto military hospitals. The military funeral will take place on Thursday.

Tobacco Habit Dangerous

says Doctor Connor, formerly of Johns Hopkins Hospital. Thousands of men suffering from fatal diseases would be in perfect health to-day were it not for the deadly drug, Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotin tablets; take them as directed, and let the pernicious habit quickly vanish. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning, and how to avoid it. In the meantime try Nicotin tablets; you will be surprised at the result.

Beware of "Light" Beer

The So-called "Light" Beer of the Ballot is Intoxicating!

THE so-called "light" beer, as proposed by question 2 of the Referendum Ballot, is intoxicating, and beer drunkenness is worse than whiskey drunkenness.

The beer of the ballot is 2.51% alcohol by weight. Great Britain fixes the limit of non-intoxicating beer at 1% alcohol. The United States has fixed the limit for non-intoxicating beer at one half of one per cent.

Three 12-ounce bottles of 2.51% Beer contains as much Alcoholic Poisons as 2 1/2 ounces of whiskey

What the Law Says

The law of Ontario, both under the old Ontario License Act and the present Ontario Temperance Act, says "any liquor containing more than 2.50% Proof Spirits (1.15% alcohol by weight) shall be conclusively deemed to be intoxicating."

The Ontario Referendum Committee says that "any liquor containing 2.51% alcohol by weight, equal to 5.46% Proof Spirits, shall be conclusively deemed to be intoxicating."

What the Doctors Say

MEDICAL men and common experience agree that 2.51% alcohol in beer makes it intoxicating.

Dr. Harvey Wylie, President of the United States Pharmacopoeial Convention, says alcohol produces intoxication without regard to its quantity. "A little of it produces a small degree of intoxication, a lot of it a very advanced degree of intoxication, and a certain quantity of it produces death."

Dr. Arthur Dean Bevan, President of the American Medical Association, presenting a sworn statement, said:

"There can be absolutely no doubt but that beer containing 2 1/2% alcohol (only a fraction of 1% stronger than proposed on the Referendum

Ballot) is an intoxicating beverage in that an individual can become drunk on the amount that is frequently consumed."

Dr. Edwin F. Bowers says that the alcoholic decomposition of the hops used in brewing produces lupulin, a poison that attacks every vital organ of the body.

Dr. John M. Dodson, Dean of the Medical Department of the University of Chicago, says: "Beer-drinking has a very pernicious effect upon nearly every organ of the body. It produces disease of the stomach and digestive tract, of the heart and circulatory system, of the kidneys and the liver, and of the nervous system. In addition to this, it lessens the vigor and vital resistance of the whole body, and makes the beer-drinker very much more susceptible to infection, such as pneumonia and other diseases."

What Experience Says

T. B. Macaulay, President of the Sun Life Assurance Company of Canada, says: "Beer drinkers have not merely a heavier mortality than total abstainers but a heavier mortality than strictly moderate spirit drinkers. This is well recognized in life assurance."

Police Magistrates and officers of the law say that Beer-drinking makes men brutal and cruel, and is often the cause of coarse, brutal, cruel and disgusting crimes, particularly against women and children.

Common observation shows that Beer-drinking makes men and women coarse, fat, bloated and ugly, and subjects them to disease.

Social writers and students report that Beer-drinking among children has affected the stamina of the race in certain parts of Europe, enfeebling boys and girls before they have become full grown, and producing progressive degeneracy.

Drinkers themselves admit that Beer drunkenness is worse for the drinker than whiskey drunkenness. It takes the system longer to recover.

Beware of this so-called "light" beer

PAGE OF INTEREST TO WOMEN

Women At Home and Abroad

INTERNATIONAL WORKING WOMEN'S CONGRESS AT LAST.

Such an organization has really called into being by the great American Women's Trade Union League which met recently in Philadelphia. This latter organization has gone ahead so rapidly of late some of the newer members stand and stare at the specifying machinery of the organization, calling an International Working Women's Congress at Washington in December, immediately before the meeting of the International Labor Conference, but one of the important things made by this gathering of women working women.

The first time a delegate from the Miss Rose Felleiter, sent by Kingston Central Labor body, was at the big American League meeting. Delegates were also present from Great Britain, in the persons of Mrs. MacArthur, from the British Women's Trade Union League, and Mrs. Bondfield of the British Union Congress, also elected by that organization to attend the American Federation of Labor in Atlantic City.

These British women took into the conference something of the encouragement and free spirit which now possesses labor in England, after long years of education and organization, and which has the hope carrying along with it the social reorganization of the country.

SOCIAL AND PERSONAL

TELL IT TO THE SOCIETY EDITOR.

Mr. R. Thomas, London East, spent his Thanksgiving holidays with his son in Toronto.

Dean P. C. Lutkin of the Northwestern University, who spoke before the Women's Music Club last evening, is the guest of Dr. Ed. Fidler and Miss Fidler.

ALLEN-SMITH. A very pretty wedding took place at the home, Hyatt avenue, this city, on Wednesday, October 16, when Miss Ethel Mary Smith, daughter of Mr. Charles Burton Smith and Mrs. Smith of London, was united in marriage to Mr. William J. Allen, also of London. The ceremony was performed by the Rev. D. L. McCrae, moderator of the Presbyterian of London. Miss Lillian M. Smith of Toronto, sister of the bride, was bridesmaid, and Mr. Morley W. Schram assisted the groom. After a brief honeymoon trip, Mr. and Mrs. Allen will take up their residence in this city.

ADDLEY-HEATHERLY. A very pretty wedding was solemnized on Thanksgiving Day, when Miss Heatherly, eldest daughter of Mr. and Mrs. Fred Heatherly, 225 Waterloo street, was united in marriage to Fred Addley of this city, at home of the bride. The ceremony was performed at 3 p.m. by Rev. W. J. Johnston, pastor of Wellington Street Methodist Church, and only the immediate family were present. The bride has recently returned from overseas service. The young couple were recipients of many useful presents. The conclusion of the ceremony the bride and Mr. Addley sat down to a dainty wedding supper.

MCKELVEY-ODELL. At 2 o'clock on Saturday, October 11, a very pretty but quiet wedding was solemnized when Marianne J., eldest daughter of the late Henry Odeell, Mrs. Odeell of Westminster, was united in marriage to Harry R. McKelvey, son of Mrs. Ellen McKelvey of Clemons, Iowa, U. S. A., the Rev. Matthew Kelly of the First Congregational Church officiating.

The bride, who was given away by her brother, Mr. L. S. Odell of Toronto, silk crepe de chene with pearl trimmings. After the ceremony, a dainty wedding breakfast was served, and later Mr. and Mrs. McKelvey left for traveling in a suit of taupe broadcloth with hat to match. On their return, they will be at home to their friends for a few days, where they will reside.

GRANGER-HAMILTON. Amid a shower of pink chrysanthemums and yellow and pink rose buds, Miss Agnes Hamilton, daughter of Mr. and Mrs. J. Hamilton, Richmond street, became the bride of Mr. Fred Granger, son of Mr. and Mrs. G. Granger, Central avenue, the Rev. W. J. Knox performing the ceremony.

The bride looked lovely in her nuptial gown of white charmeuse with pearl trimmings, holding an armful of orchids and roses. Her bridesmaid was Miss Agnes Morrison in a gown of pale yellow, who carried a bouquet of chrysanthemums. The groom's attendant was the bride's brother, Mr. Lorne Hamilton. The bride's mother wore a handsome gown of blue georgette, and the groom's mother was becomingly gowned in grey satin.

A buffet luncheon was served at the ceremony at the bride's home, the dining-room being fragrant with roses, chrysanthemums and autumn tints. After a wedding trip to New York, Mr. and Mrs. Granger will reside on Central avenue. The groom served cigarettes and during service was promoted to captain.

JUDD-DAVIS. A lovely home wedding of the autumn season was solemnized last evening, when Biretta Lillian Davis, daughter of Mr. and Mrs. W. J. Davis

Most Important to Choose Right Colors for Women's Dress

Certain Types Should Avoid Some Colors Like Poison.

Out of the myriads of shades and colors which the modern fabric dyer can produce, there is an infinite variety for every type and consequently no excuse for the woman of any complexion to wear colors which mar her beauty by their unsuitability. The selection of the right colors is one of the most important factors in the making of a gown and the harmonizing of colors one of the first achievements of the good dresser.

The following is an attempt to give some idea of what are the proper colors to be worn, and what colors to be avoided by different types of women.

- Fair Blonde.** The fair blonde with flaxen or golden hair with blue, grey or brown eyes and clear complexion: Black of high lustre with touches of bright colors; cream and ivory whites; deep, dark brown and bronze brow; peacock, green; pearl and dove grey; soft violet and wistaria; no reds; softest yellow and most delicate shades of pink.
- Rose Blonde.** The titian blonde: Black in velvet, heavy satin, or transparent goods; cream and ivory whites; deep, dark browns; redish browns and pale tans; not so good; midnight and darkest; navy; pale green in evening and summer dress, but dark greens or Irish greens too contrasting; taupe with a pinkish cast; purple, too vivid a contrast; no reds; amber tones and pale yellows; flesh pink of palest blue.
- Light Chestnut.** Light chestnut or brown type: Black not especially good; white relieved with some color; golden brown; blue, especially with blue-grey eyes; bright blues to be avoided; blue grey; darkest purple; no red; pale pink and soft rose, bronze.
- Pale Brunette.** Pale brunette with black or dark brown hair; Black with white relief; cream and ivory white; all shades of brown electric and sapphirine blues, if eyes are blue; orchid; burgundy and dark red; amber and canary yellows; all pink tints too highly colored.
- Olive Brunette.** Olive brunette, brown or black eyes and hair: No black; ivory and cream white; mahogany and negro browns; darkest blue; dark green; grey not good; purple not good; dark, warm reds; terra cotta and buff and apricot; pink in warm and pale colors.
- Highly-Colored Brunette.** Highly-colored brunette: Black with color touches; cream and ivory; golden, buff, and brown; pale and peacock blues; silver greys; no purple; carmine and clear red; yellow in every tone; coral, old rose, and flesh pink.
- Grey Hair.** Fair skinned, mature woman with grey or white hair: Black, relieved by white; white; seal and chestnut browns; dull old blues, pastel tints and midnight blue; grey, wear white, delicate pink, flesh, mulberry, lavender, and pink violet. White may be worn by a woman of any age, but the pure and blue white must be softened to creamy and pink whites to suit the individual.
- Cold colors should be avoided by the sallow complexioned.**
- Sallow With Grey Hair.** Sallow, mature woman with grey or white hair: Black with white or cream or bright color relief, creamy white; no browns; midnight and navy blues; avoid green; warm grey; lilac and bluish toned purple; dull burgundy; no yellow.
- Age Considered.** In choosing colors a woman's age has to be taken into consideration, of course. Deep pinks are for the youthful, while a woman of 60 wears white, delicate pink, flesh, mulberry, lavender, and pink violet. White may be worn by a woman of any age, but the pure and blue white must be softened to creamy and pink whites to suit the individual.
- Cold colors should be avoided by the sallow complexioned.**

FINE RELIEF WORK CARRIED ON IN CITY BY SOLDIERS' WIVES

"League House" But One Department of the League Work.

That the most useful form of relief work is being carried on among the soldiers' dependents in the city was testified by the reports read at a meeting of the Soldiers' Wives' League, held at "League House," King street, yesterday afternoon. In addition to caring for soldiers' wives and children arriving from overseas at the hostel, the league relief committee goes out into the city visiting soldiers' homes, and supplying those in desperate need with fuel, food and clothing. The league does this with the patriotic fund at its back to give financial aid. The fact that the members are made up of soldiers' relatives, enables them to get into the homes easily to ferret out the really needy ones.

At yesterday's meeting a motion to the effect that the school nurses, public health nurses, and child welfare nurses be asked to report cases needing help to the league, was passed.

The question of the advisability of giving up League House came before the meeting, but on motion of Mrs. Arthur Little, seconded by Mrs. Joseph, it was decided to consult with the military authorities and minor as to whether it was needed longer for dependents, and in the meantime to continue the work of the league, now making the hostel a veritable harbor of refuge for soldiers' wives and children.

Another department of the league work which came under discussion was the sewing of garments to be used in relief work. It was felt by all that the approach of winter and scarcity of coal made it necessary that they begin strenuous work at once.

The First Methodist Mission Circle Gives \$100 Thankoffering

Returned Missionary Describes Life in West Africa.

At a meeting of the First Methodist Mission Circle, held last night at the home of the president, Mrs. W. N. Manning, Mrs. Hill, a returned missionary, gave a most interesting and instructive talk on "The Conditions in Portuguese West Africa." Her description of the social conditions, home life and characteristics of the people was given in a most absorbing and graphic manner. It is 27 years since Mrs. Hill first went as a missionary to Africa, but she has never lost touch with her converts.

Last evening a Bible reading was given by Miss Maude MacDonald, and a missionary reading from the circle study book, "A Crusade of Compassion," by Miss Stickney. Vocal solos were rendered by Miss Nettie Jones and Elsie MacDermid, and at the close of the evening refreshments were served by the hostesses.

The thank-offering of the circle reached the \$100 mark, and it is expected that this will be expanded to \$130 when the offering is complete.

Cynthia Grey's Mail-Box

Mark it "No." Dear Miss Grey,—Am very glad to see that some mothers are taking up the liquor question. I quite agree with the St. Thomas mother. I should think when people read of her unhappy childhood home it would make them begin to think. While I and my sisters were not so unfortunate as to lose my dear mother, we all suffered want and poverty in every sense of the word. While my father was a good mechanic and earned good wages, we were never any better off, for the more he earned the more he drank and abused us. Let every mother and sister mark their ballot for temperance and help those poor souls who suffer from this cursed stuff. A St. Thomas mother says: we do not want our fair land to be belittled the times and be a dump for the U. S. A. Yes Miss Grey, "A country safe for home etc." should be our watchword. By marking our ballot "no" four times we will be fulfilling a sacred command that we help one another. Hoping I have not taken up too much space and that I will escape the W. P. B. What's the reason daddy? That I can't see like you? I often wonder what you're like, you are so kind and true, Mother says God's will be done, and if to him I pray, Will he give me sight that I can see Your eyes and light of day?"

Kindly publish this in your column in the newspaper, and oblige, yours truly, ANA.

ANA.—The request is passed along. Who can supply these verses?

Dear Miss Grey,—I have been intending to write to the Page for some time but have been sick and did not do so. I must thank Ura Kidd for her opinion about holding exams in the summer. "Them's" my opinion exactly. Ura, I had a good laugh over the episode of the potato bug. May I ask you, Ura, if it was the minister you were for tea? "Slick" things always happen at our house when he calls. Ura, I have much sympathy for you in your trials for at present I am trying my hand at housekeeping. So far there have been no "casualties," but I have had a few "blows" (I am not sure of the derivation of the word, but I hope 'tis a favorable one), but what family can live on candy? Who likes plucking chickens? Well, come on, my dear, and let me hear from you. One question, Miss Grey, who was the originator of the famous stocking around the room in a circle, being seated, of course. Have one extra one who goes around and kneels at their knee and "moo" as plaintively as possible. The one he is seated in front of bats him on the head, and says, "Poor pussy," but must not laugh. The first one he succeeds in making laugh takes his place.

2.—Jerusalem and Jericho.—The players join hands in a ring, one by one in the center. He calls out "I am going to Jerusalem" or "I am going to Jericho," and when he calls the former all must bow their heads, but must remain still when he calls the latter. This is very funny when called fast.

3.—I don't know the name of this one, only two to arrange things. Place cushions end up in a row a few feet apart. Call one in, blindfold him, and tell him he must step over all the cushions without touching them, and if he touches them something terrible will happen. Remove the cushions just as he is ready to start, and it certainly is funny for the onlookers, not for the poor culprit.

Hoping these will be of some use to Babe, and that I have not been too lengthy, I must close, as (amazingly days are over I will sign my nickname) for I am just

A PEERLESS garment comes from the "tub" almost like new. It "washes" beautifully.

Neither the soft fabric nor the dainty trimmings suffer if ordinary care is used in the laundry. Nor does the garment lose shape—thanks to skillful tailoring and the high quality of materials used. That means that a Peerless garment will be comfortable—fit properly—feel right—until it is worn out. Yet Peerless Underwear is moderate in price. Surprisingly low, in fact. CITY WOMEN HEAR PLANS FOR NAVY LEAGUE CAMPAIGN

Canvas of Businessmen and Tag Day Are Methods To Be Used.

A meeting of representatives from different women's organizations in the city was held in the Y. M. C. A. Auditorium yesterday afternoon, when A. M. Miller, Ontario campaign director for the Navy League, outlined his scheme for a campaign in the city from Thursday, October 23, to Saturday, October 25. His scheme calls for a men's committee of which L. I. Gates is chairman, this committee is to canvass for big subscriptions, and in this way raise \$5,000, half of the amount fixed as London's objective. The other \$5,000 is left to be raised by the women in two ways, by a tag-day on Saturday, October 25, and by a canvass of the down-town district of the city by women's teams.

The women present were enthusiastic and several women's teams were offered. The completion of organization will be made in the next few days.

To commemorate Nelson Day, Mr. Miller pointed out that it was to be raised by the league in Ontario in one great effort next week, as a commemoration of Trafalgar Day, which is October 21. "Toronto alone has undertaken to raise \$125,000, thus leaving but \$100,000 to be raised in the rest of the province," he said.

"This money will be devoted entirely to Canadian dependents of merchant seamen. During the war it was necessary to send money overseas, but not now, and the Government looks after the needs of navy dependents. Unless the Navy League cares for the dependents of the merchant seamen, no one will care for them."

The speaker pointed out the great importance of a British navy, and how large a part the merchant marine had played in maintaining supremacy of the navy, urging the support of the women in the coming campaign, which after all, amounted to a per capita saving of less than 20 cents.

NOTES. Indiana.—I'm very glad to have you write to the Mailbox, but I am not printing this first letter, because it seems foolish to reopen an argument that can lead to nothing but hard feelings. The hatcher was buried some months ago; why not let it rest in peace?

Silky Wool From Australia

No other material was ever used in these famous stockings for children.

There have been times when the Australian supply was light. Then, we were unable to produce enough Little Darling and Little Daisy Hosiery to go 'round. For we would not substitute other wool.

We thought it better not to vary the quality of Little Darling and Little Daisy Hosiery.

Mothers, we know, expect in these stockings the finest, softest and best knitted wool yarn. They expect unusual wear. It means much to them to clothe their children in such comfortable, healthful—and, at the same time, such economical—material.

LITTLE DARLING HOSIERY—for babies and tiny tots up to seven—has silken toe and heel.

LITTLE DAISY HOSIERY—for children up to twelve—has extra strength in heel and toe.

Many dainty shades and black.

Two Rugby Squads Lined Up For Half-Hour Clash

Western U and Intermediates Stage Get-Together Workout With Good Results.

Both Western U. and Intermediates had a get-together workout last night at Tecumseh Park for a brief half-hour, after each had had a separate practice.

The Intermediates are bucking up wonderfully after their defeat Monday, and are putting more zeal into the workouts than they have all season. A big squad was out, and Coach Reid put them through a strenuous period of work, kicking, passing, signal practice and tackling with some new formation work thrown in.

Coach Brock's crew also had a hard workout. Fletcher was kicked in the face, but not seriously hurt. Simpson is away, and Wainwright is confined to his home, but the rest of the outfit were out there working hard and not losing a minute.

The opportunity of lining the two teams up against each other for a short period even will do both a great deal of good, and the next games should show the results of these practices.

Tommy Murphy Leads All Circuit Drivers In Winnings

Cox Is Right Behind Him in Money Race, With Geers Handicapped This Year by His Accident.

All doubt as to Thomas W. Murphy being the leading money winning driver of 1919 was cleared away when he landed the last race at Lexington meeting with Royal Mack in 2:04 1/2, with Prince Loree, the Transylvania winner, and Her Reeper struggling behind him. During the two week's stand in the blue grass country he won seven races, Sanardo and Royal Mack being each credited with two, while Direct C. Burnett, Directum J. and Don de Lopez, which he drove for Geers, each won one, the last named trotting in 2:05 1/4.

Sanardo reduced his winrace to 2:00 1/2, and in his second race looked as if he could have beaten two minutes over a heavy track if there had been anything to carry him. In his present form the San Francisco gelding looks like the bright light for the free-for-all events next year.

On the other hand, his stable companion, Direct C. Burnett, after winning in 2:01 1/2, and being trained off, and on his second appearance was beaten very easily by Frank Dewey and Grace Direct. The latter also put up a splendid battle with Directum J. in the free-for-all, which she lost by the narrowest of margins, after a terrific stretch drive, in 2:01 3/4.

Wins 52 Races and \$78,049.

The score at Lexington jumped Murphy's winning mounts for the year to 52, and the cash column to \$78,049. At one time it looked as if he would gather in the \$5,000 first money in the Kentucky Futurity with Drusloff, as he had two heats, the one in 2:04 1/2, being the fastest made by a three-year-old colt this year, but Dodge succeeded in stalling him off with Persimone in the fastest five-heat contest ever trotted by foals of that age.

In passing, it can also be added that this is the last three-in-five race that Cox won the two-year-old division of the Kentucky Futurity on the opening day of the meeting with Daystar, a brother to Drusloff, in 2:10, after a

COX, MURPHY AND GEERS DRIVE NECK-AND-NECK FINISHES

Former Takes First With Lu Princeton, and Veteran Is Beaten by Mollie Knight.

ATLANTA, Ga., Oct. 15.—Two neck-and-neck finishes featured the grand circuit races here today. One was in the free-for-all trot, which was won in straight heats by Lu Princeton, driven by Cox, against Mabel Trask, piloted by Murphy.

In the other, the 2:12 trot, Murphy driving Mollie Knight won over Geers piloting Wiki Wiki. Only two heats were necessary also in this event, which was continued to three-year-olds. The best time of the meeting so far was made in the first heat of the 2:03 race when Frank Dewey, driven by Cox, made the mile in 2:01 3/4.

It finally took four heats for this horse to be declared the winner. The summary:

BORAX TAKES 2:13 TROT AT CLEVELAND SECOND DAY CARD

No Long Shots Were Cashed in On Machines, Though Dwindling Crowd Were Enthusiastic.

CLEVELAND, Ohio, Oct. 15.—A lowering sky, a few drops of rain, and a sippy snarl to the atmosphere cut the crowd at Cranwood Driving Park a tiny bit today, but the enthusiasm was well patrolled and the auction ring had its share of the public's support.

The talent got on several good winners, but long shots were missing. The best bet of the day was cashed on Borax when he breezed under the wire first in the second heat of the third event, the 2:13 trot. He was in a good place, for both Mary Ward and The Ace, best of the field, broke badly before the three-quarters pole was reached, and were pulled up so soon they had no chance to make the going.

The fourth event supplied the thrill of the day, when in the second heat Britton Finch, the public's choice, stumbled on the back stretch and fell. The favorite was narrowly averted, but Mitchell, the driver, jumped free of the sulks as it was crashed under the wire. He was well and led to his stable with Elston taking the heat.

Britton Finch, once came back and won the next heat.

Considerable time was used up in seeing in all events, but the result, that the third and fourth events were not finished.

Little Kay was much the best in the second event. He won as he pleased in each heat, although Fraser, behind Drummer, made a strong bid for the first heat.

Mary Ward appeared to be the class of the third event, but after winning the first heat handsly, she broke badly in the second, and was not strong enough to carry away a victory in the third.

Regarding Overcoatings

The well-dressed man has come to the conclusion that the greatest economy is attained by having at least TWO COATS of different weights.

For the FALL TOPCOAT the cloth should be either Shetland or covert, and grey, dark brown and green shades are decidedly popular.

The DRESSY WINTER OVERCOAT is handsomest made of the melton or beaver-faced llama coatings. Our green and brown mixtures are very popular, but plain greys, blues and browns sell constantly.

Styles seems to favor the Form-Fitting Coat, but you can choose for yourself.

Every garment made on our premises and guaranteed to fit and satisfy in every detail.

SAYS ELIMINATION OF BETTING HAS IMPROVED THE "SPORT OF KINGS"

WINNIPEG, Oct. 15.—The introduction of the pari-mutuel system of betting has resulted in the disappearance of an objectionable class of race track followers who were a menace to the general public and the total elimination of betting has improved horse racing generally. So testified W. I. Smale, manager of the Brandon Fair Association, before the Rutherford racing commission today.

Representatives of the Council of Women, the Women's Christian Temperance Union and the Social Service Council appeared to oppose the return to race track gambling. After all witnesses had been heard, Dr. J. G. Rutherford closed the Winnipeg hearing.

WITH ICE, GALT A. A. WILL HAVE TWO O. H. A. TEAMS AND RUN CITY LEAGUE

GALT, Oct. 15.—It is possible to obtain rink accommodation the Galt Amateur Athletic Association, entering Junior and intermediate teams in the O. H. A., and also run two city leagues, one for juveniles. A committee is now investigating the question of operating an open air rink in Dickson Park for skating and hockey, and two representatives will go to Toronto to obtain information.

BAD SPILL OCCURS WHEN PULLUX BOLTS AT LATONIA

LATONIA, Ky., Oct. 15.—Just before the finish of the first race, Pullux bolted into the fence, fell and A. N. Akin and Sandy Lad fell over him. One of the jockeys was taken away in an ambulance. The other two walked off the track. It appears that Jockey Lunsford, on Pullux, and Earl Pool, on A. N. Akin, respectively, will suffer no serious consequences. The accident was caused when Pullux bolted into the fence, and A. N. Akin fell over Pullux. Pool seemed badly hurt, and was rushed to the jockey's room, where medical attention was awaiting him. Lunsford was also badly injured, and also received medical attention at once. It is not expected that either jockey will be able to ride again at this meeting which starts Saturday.

WHAT YOU EXPECT OF A CIGARETTE

Every man who smokes a certain amount of it—some, more, others less—generally knows, too, that the majority of the smokers who make up the 90% of the cigarette smokers who are made of Virginia tobacco.

From these, therefore, only one conclusion can be drawn, and that is that the best cigarette is the one that is made of the best Virginia tobacco.

There are many points to be considered when you buy a cigarette. First, the quality of the tobacco. Second, the way it is made. Third, the price. Fourth, the taste. Fifth, the healthfulness. Sixth, the convenience. Seventh, the variety. Eighth, the brand. Ninth, the reputation. Tenth, the popularity.

There are many brands of cigarettes, but only one is the best. That is the one that is made of the best Virginia tobacco, and is made in the best way, and is the most healthful, and the most convenient, and the most varied, and the most popular, and the most famous.

That is the one that is made of the best Virginia tobacco, and is made in the best way, and is the most healthful, and the most convenient, and the most varied, and the most popular, and the most famous.

If you could not tell a man everything in your past life—would you marry him?

Should one youthful mistake overshadow a woman's whole life?

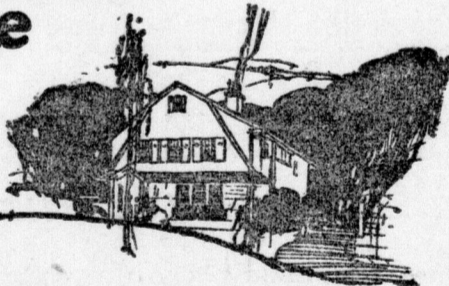

Will the salaried man sit by and see the uneducated day-laborer earn twice as much as he?

WILL the architect be forced to work as a carpenter? Must the journalist go back to the print shop? Our bank clerks, salesmen, buyers, actors, public officials, clergymen and college professors—what thanks do they get for their services? With prices of necessities "skied" high, how are their wives to manage? And, meanwhile, the uneducated, foreign-born day-laborer earns and spends as much in a day as the salaried man does in a week or so!

Samuel Hopkins Adams thrashes out thoroughly the problems that confront the man and woman of formerly comfortable means today.

How to build your own house without going broke

BUILDING a home is usually the most heart-breaking thing in the world. You start out with a fixed budget of expenditure. You think everything is provided for, and then you find you need all kinds of things you didn't dream of.

Do you know that by a new way of *planning your space*, you can save all this trouble and expense? In Pictorial Review for November, N. M. Woods begins a new series on *Economy in House Designing*. His idea is entirely new and has already met with extraordinary response. Experts declare that no magazine has ever published anything so helpful and practical.

WAS one youthful mistake to cast its shadow over Harriet Field's whole life? Beautiful, adored, her story utterly unsuspected, was she to risk telling the man who loved her now, of that terrible secret of her youth?

Read this extraordinary story of a supreme struggle in a young and ambitious woman's heart. *Should* she have told? And given up wealth, position, luxury, a good man's love—all that she longed for?

Or should she have married the proud, honest man, in the fullness of his success, without giving him a hint of the risk he ran?

"If you dance, you must pay the piper," the old saying has it. Did Harriet Field have to pay?

Skillfully, with sustained interest, Kathleen Norris develops this absorbing situation. It is one which must stir every woman's heart. As you turn page after page eagerly, will you be moved with profound pity for the beautiful young woman overshadowed by the dark reality that sprang out of her youth and inexperience? Or will you denounce her?—Don't miss a line of

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupefy, retard circulation and lead to congestions, sickness, death. To avoid any possibility of giving your child opiates, or narcotics of any kind, keep Fletcher's Castoria in the house, and Save the Babies.

Children Cry For Fletcher's CASTORIA

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masking under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

Toronto Jew Springs Sensation at Liberal Rally in Queen City.

LIQUOR WHOLESALE

Says 180 Bottles Delivered to One Address in Govt. Vendors' Wagons.

TORONTO, Oct. 15.—At a big Liberal rally tonight in Massey Hall, where all the Liberal candidates in the city, including H. Hartley Dewar, the Liberal leader, took part, a small sensation was sprung by ex-Ald. Joseph Singer, a Jew, who charged that attempts had been made on behalf of the Government to bribe the staff of the Hebrew Journal to quit work until after the elections. He also charged that one day 180 bottles of "vishnik," which Mr. Dewar recently called "cherry brandy," were delivered to one address in Government vendors' wagons, the prescriptions for which were made out by the caretaker and sexton of synagogues, but ostensibly made out by rabbis.

Mr. Dewar contented himself with declaring that because neither the Ontario Liquor Board nor the Government had taken action on his charge of the wholesale delivery of liquor to the Jews, he was influencing their votes, the Hearst Government had forfeited its claims to the suffrages of the temperance people.

Capt. H. G. Wallace, Conservative, and John O'Neill, Liberal, today chose their own riding in which they are candidates for the provincial legislature. H. C. Schofield, Conservative, chose "B," Southeast Toronto, as his riding. On nomination day all four candidates were nominated for both "A" and "B."

FORMER OXFORD CO. FARMER BEATS U. S. EXHIBITS AT KANSAS

John Hamilton, Now of Manitoba, Wins in All Produce Classes.

WINNIPEG, Oct. 15.—Visitors to Manitoba's Exhibit at the International Soil Products Exhibition at Kansas City this year, greatly admired magnificent exhibits of farm products which were grown by John Hamilton of Kelwood, Man., a former resident of Oxford County, Ontario, who has been a dry goods salesman for many years in a dry goods store.

He was born and brought up in Oxford County, Ontario, until 17 years of age, and spent 25 years as a dry goods salesman in Ontario. During the past 12 years he has been farming on his homestead, three miles northwest of Kelwood, Man. He went on this farm when it was all green bush. He had a large family and very little capital.

Mr. Hamilton identified himself with every process of soil farming in the community, especially the consolidated school and agricultural society.

As an exhibitor of soil products he has been to the fore since 1914, when he tied in the score with two other districts for first prize at the Calgary International Soil Products Exhibition.

He won out in classes at the Kansas City exposition this year from the states that made a specialty of such produce as corn, potatoes and other vegetables, beating all exhibitors of the United States.

BODY DISCOVERED IN LAKE MAY BE THAT OF MISSING AVIATOR

Eagle Boat Picks Up Body of Man Off Baptist Island.

DETROIT, Mich., Oct. 15.—Eagle 44, dispatched by the navy department to Lake Huron in search for two missing balloonists, who were last reported crossing Lake Huron in the national championship balloon race, tonight reported by radio she had picked up the body of a man believed to be one of the aeronauts. The body was found off Baptist Island, southwest of Cape Huron, the message added.

An official of the race, who last week went from St. Louis to Tobermory, Ont., to aid in the search, had gone to Baptist Island to identify the body.

Wreckage of the balloon was picked up off Cove Island light on Oct. 4.

PREMIER OF ONTARIO ISSUES APPEAL FOR LOAN SUBSCRIPTIONS

TORONTO, Oct. 15.—The people of Ontario are urged by the Premier, Sir William Hearst, to sustain the enviable record of the province for war efforts by subscribing liberally to the Victory Loan of 1919. Sir William's statement is as follows: "I unhesitatingly recommend to the people of Ontario, who have taken part since to none in every war effort, the forthcoming Victory Loan, 1919, which is so vital to the continued prosperity of this province and the Dominion. It is necessary to our agricultural interests that the loan should be supported, which is essential to maintain the large export market for our surplus farm products. Our industrial centres require the supply of national working capital to continue in order to build up our export trade. Every man, woman and child will feel sure, desire to buy Victory bonds and thus add their share toward caring for and re-establishing in civit the men who so valiantly fought for them. While the actual fighting is over, our responsibilities call for yet another great effort to 'clean up.'"

CREW OF RENOWN IS ENTERTAINED DURING STAY IN BRAZIL

Rio de Janeiro, Tuesday, Oct. 14.—The British cruiser Renown, which brought Sir Ralph Spencer Page, British ambassador to Brazil, here on October 2, sailed today for New York to take the Prince of Wales to England. The officers and crew of the Renown were given many of the social and social receptions and entertainments during their stay in this city.

Sub-Committee Submits a Plan For Aiding Vets

Lump-Sum Bonus Idea Dismissed—Assist Really Needy Cases.

OTTAWA, Oct. 15.—A sub-committee of the soldiers' re-establishment committee, which has gone over the evidence of the recent inquiry, has submitted to the committee a number of resolutions as to the forms of assistance to be given returned soldiers in addition to the gratuity already allowed. The committee has not come to any final decision regarding the proposals.

As foreshadowed, the idea of a lump sum bonus or gratuity is dismissed, but machinery will be set up to assist really needy cases. The form of administration has yet to be devised. The proposals include:

1. Assistance to needy students who had matriculated or were ready to matriculate on enlistment. The grants not to exceed \$500 or \$1,000, and to be controlled by the universities.
2. Members of imperial units resident in Canada or Canadians who fought with such units, to get the difference between the British and Canadian gratuities.
3. Vocational training courses to be extended where necessary, according to the advice of instructors.
4. Loans to physicians who want overseas immediately after graduation, such loans to help them to establish themselves in practice.
5. The insurance department to work out an actuarial scale of insurance for those who by reason of disability are unable to secure ordinary life policies.

No action has yet been taken as suggested, looking to an increase in the scale of pensions.

The committee's report is not likely to be submitted before the week-end.

BIG JEWELL ROBBERY.
NEW YORK, Oct. 15.—The theft of jewels valued at between \$100,000 and \$150,000 from the apartment of Mrs. Leyla Brandeis was reported to the police today. According to the lists supplied to the police the stolen gems include a large rope of pearls, a diamond necklace, several diamond pins, rings and other articles.

Farm and Country Life in Canada

FARMING is a basic industry in Canada. From the first days of its publication, The Globe has always strongly advocated the development of scientific agriculture.

When the breeding of pure-bred stock in Canada was first deemed necessary, The Globe, by example and precept, showed what could be done.

The late George Brown was a leader in experiment. At Bow Park Farm, near Brantford, he bred from imported cattle so as to place pure-bred stock at the disposal of his neighbors.

From those days to the present, the Farm and Country Life of Canada has been an important feature of The Globe.

The Weekly Farm Department has always been a source of inspiration to the farmers to improve their knowledge of agriculture.

The Globe believes that one of the best ways of teaching a man is to show him what his neighbor is doing. This is the policy The Globe adopts in its Farm Department. Two members of The Globe staff devote their whole time to the collection of material for this Department and in so doing spend several days each week in the country. They visit good farms all over Ontario and attend Fairs and Conventions. They report all developments in rural life as reflected in these gatherings as well as in the personal experience of successful farmers. Through its "Farm and Country Life" Section, The Globe has identified itself with every movement calculated to improve

the conditions under which farmers and their families do their daily work.

This is the service thousands of Farmers in Ontario and elsewhere receive and appreciate, and one of the reasons why many thousands of them read The Globe.

But that is not all. Keen competition, and the continued fluctuation of prices make it necessary for the farmer and his family to keep in touch with current produce and other commodity prices even from day to day.

The Globe has a well-merited reputation for accuracy, because in nothing is it more dependable than in its market reports. All prices quoted in The Globe are verified by the highest authorities SIX TIMES EVERY WEEK.

But besides all this, The Globe is a Great Family Newspaper. It is as much a necessity and convenience in the Farm Home as anywhere else. The coming of the daily paper to the Farm Home ranks in importance with the rural mail delivery, the telephone, electricity and the good road.

It broadens the outlook of those who live on the farm. It keeps them informed on current events the world over. Not only does The Globe do this, but it serves the agriculturists of Canada in a peculiar and appropriate way.

The service The Globe has already rendered three generations of Farm Life is a guarantee of what it will do in the days to come.

This is why The Globe should have a place in every Farm Home in Ontario.

The Author of The Four Horsemen of the Apocalypse and the pen he wrote it with

Waterman's Ideal Fountain Pen

A friend of mine told me that he has called your attention to the Waterman's Fountain Pen held in my hand, in one of my pictures.

I bought it in Buenos Aires eight years ago when I was traveling in South America giving literary lectures, and since then I have written with it my novels, Four Horsemen of the Apocalypse, Our Sea, and actually the latest one, entitled The Enemies of the Woman. Furthermore, I have written with it hundreds of articles for the newspapers in favor of the Allied cause and the ten big volumes of my History of the War of 1914.

As you see the poor pen has worked well. For this reason, it is a little old and tired, but continues to serve me.

Best regards from VICENTE BLASCO IBAÑEZ

**ST. THOMAS UNION
DEFERS PAY DEMANDS;
AWAITS NEW COUNCIL**

Municipal Workers' Union To
Ask Next Council To Fix
Minimum Wage.

ST. THOMAS, Oct. 15.—The Municipal Workers' Union recently formed in this city, comprising the employees of all city utilities, decided at a meeting tonight to defer making a formal application to the city council for an all-round increase in wages until after the new council is elected. The workers will then demand a rearrangement of the salaries and wages paid to city employees and will ask the council to set a minimum rate for laborers.

The men wanted to bring the question forward at the present time, but W. Stokes, well-known local labor man, who assisted in the organization of the union, advised that it be laid over.

The general increase in the cost of living and continued high prices in foodstuffs and other commodities is said to be responsible for this action. The newly-formed union is now one of the strongest in the city, practically every man being a member. Its aim is to provide better conditions for the workmen of the city utilities.

DOUBLE NUMBER POLLS.
Owing to the anticipated large vote as a result of the extension of the franchise to the opposite sex, this city will have 35 polling booths instead of 15 as required in past elections. The list to date contains over 10,500 names, practically double that of former lists. The expense in connection with the election this time will be greatly increased owing to the large number of extra clerks required. Two minutes in the time allotted each voter to mark a ballot. As there will be a lot of explanation necessary to the referendum ballot the clerks will be kept busy, is the expectation.

NEW COMPANY'S OFFICERS.
The officers of the newly-formed Universal Paperhanger Company Ltd., were elected at a meeting today as follows: A. J. Hitch, president; A. J. Stough, vice-president; C. A. Buck-
bank, secretary-treasurer. The directors are: A. J. Hitch, C. H. rough and A. J. Hitch. The company originated in Detroit, but has been operating for some months with the machine made by the firm has already been received from Montreal, officials of the company announce.

ANNIVERSARY SERVICES.
Centre Street Baptist Church here will celebrate its 71st anniversary next Sunday. The church was formed about the year 1840, and has been in existence ever since. The total debt on the church will be completely wiped off before that day, and during the com-
munion a celebration will follow the thanksgiving services of Sunday.

FERGUSON—LONEY.
Mrs. M. Money and John Ferguson, both of Port Stanley, were married there yesterday by Rev. Mark Turn-
bull. They were unattended.

FUNERAL OF DETECTIVE.
Curtis Clarke, a former well-known citizen of St. Thomas, but for the past 25 years a detective on the Pere Mar-
quette at Grand Rapids, died this week at Grand Rapids sanatorium, and was brought to this city for burial.

The funeral was held this afternoon from C. A. Tower's parlors. The de-
ceased was wounded four years ago in the Detroit yards of the company while he was chasing a gang of car-
robbers. He emptied his revolver at them, but received several bullet wounds himself. One entered his lung, and despite four years of treatment he never fully recovered. He was an engineer on the M. C. R. before leaving this city.

ELECTION MEETINGS PLENTIFUL.
Both parties have several election meetings staged for this week, but the Tories are apparently anxiously work-
ing in an effort to secure success. In East Elgin this is even more noticeable than in the west riding. T. Merritt Moore, candidate, held three meetings on Thanksgiving Day, and he addressed each of them. One was held in Aylmer in the afternoon, one in Yarmouth Heights at night, and one at Port Stanley. He managed to address both the meetings at night by motoring from one place to the other. F. G. Mac-
diarmid will hold a couple of meetings on Friday, and numerous other gather-
ings are held for the various parts of the county.

(Special to The Advertiser.)
SARNIA, Oct. 15.—Following a con-
ference with the chamber of com-
merce, and a deputation from the city
council, it was announced by the ferry
company officials that two boats of
former days plying between Sarnia and
Port Huron, will shortly be retired in
an effort to facilitate better service.
These boats, the James Beard and
Grace Dormer, have seen service since
1868, when their keels were laid at
Buffalo, N. Y.

**BOTHWELL VETERAN
IS WELCOMED HOME**

BOTHWELL, Oct. 15.—Pte. Wesley
Ellwood has returned from overseas
after serving both in France and Eng-
land. In France he served with the
C. C. R. C. When the armistice was
signed, he enlisted for a year's service
in England, where he served with the
medical corps in Eastbourne. He was
given a hearty welcome by friends at
the G. P. R. station. He is the only
son of Mrs. Wm. Ellwood.

Bothwell's soldiers have all returned
now, with the exception of two, who,
with their families, are still in Eng-
land.

Miss Nellie McRae, daughter of John
McRae, had a narrow escape from death
on Sunday, when she was poisoned
after eating canned vegetables. She is
still ill, but is expected to recover.

TORONTO, Oct. 15.—When A. L.
Janney landed his flying machine at
Cornwall to increase his supply of
gasoline he was arrested on informa-
tion telegraphed from Toronto. He is
alleged to have presented a fraudulent
check for \$3,000 for a flying machine.
The detective department learned yes-
terday that Janney was flying from
Ottawa to Akron, Ohio, and that he
would likely land at Cornwall. Janney
did, and he was approached and placed
under arrest by the chief of police.
A local detective left tonight to bring
Janney here for trial.

WATSON—HANKS NUPTIALS.
BLENHHEIM, Oct. 15.—In the pre-
sence of a number of relatives and
near friends a pretty wedding took
place this afternoon at the home of
Dr. and Mrs. A. R. Hanks, when their
only daughter, Hazel Ridley, was
united in marriage to Herbert Gill Wat-
son, who is representative here of the
Imperial Tobacco Company. The cere-
mony was performed by Rev. J. C. Mc-
Cracken, assisted by Rev. H. E. Rid-
ley.

A sister of the bride, Miss Edith
Hanks, played Mendelssohn's wedding
march. After a dainty wedding break-
fast they left for New York City.

**Children Demand
Brand New School**

INGERSOLL, Oct. 15.—Interest
in the new school campaign was
greatly intensified today by a
monster parade of the children
and teaching staff of the Central
school. The parade took place
at noon on Thames street and
halted in front of the town hall.
Banners with the words, "We
want a new school," were car-
ried. Voting on the bylaw to
raise \$120,000 for the erection of
a sixteen-roomed central school
will take place on Friday.

DIES AT ST. MARYS.
ST. MARYS, Oct. 15.—William Cad-
dey died Tuesday afternoon at the
home of his son-in-law, Frank Wilson,
Water street, in his 89th year. Four
sons and three daughters—Thomas and
Charles of Ingersoll, James, British
Columbia; William of Thorold; Mrs.
Frank Wilson, St. Marys; Mrs. George
Holmes, Dereham, and Mrs. Courtney
Fleming, Ingersoll, survive. The funeral
will be held on Thursday from the resi-
dence of his son-in-law, Frank Wilson,
and thence by motor to Ingersoll Ceme-
tery.

**WIFE, JEALOUS OF
16-YEAR-OLD NIECE,
SMASHES GIRL'S HOME**

Mrs. Hector Axford, Yar-
mouth, Is Fined in St.
Thomas Court.

ST. THOMAS, Oct. 15.—Jealousy di-
rected against her husband's 16-year-
old grandniece employed as a berry
picker on his farm at Yarmouth, led
to Mrs. Hector Axford's appearance in
the county court here today, charged
with wilfully destroying property. She
was convicted by Magistrate Frank
Hunt, and ordered to pay \$15 fine and
costs, and make good the damage she
had caused when she broke the win-
dows and door of her husband's tena-
nted Hill, where the grandniece lived.
"I will go to jail rather than pay a
cent," Mrs. Axford declared. Late last
night her husband, Charles Axford,
announced he would pay the fine.
According to the evidence, which took

up most of yesterday's court, Mrs. Ax-
ford had decided that her husband was
paying too much attention to his young
grandniece. She ordered his tenants,
with whom the girl lived on the Axford
farm, to leave the house.

She denied in her testimony that she
had taken an axe and smashed in the
windows and the door of the house, but
other witnesses testified that she had
caused a lot of disturbance and con-
siderable damage at the Hill home.

REAL "INSIDE" INFORMATION

When Constipated, Bilious, Headachy, Take
"Cascarets" for Liver and Bowels—No "Shake Up"

Are you keeping your bowels, liver,
and stomach clean, pure, and fresh with
Cascarets, or merely whipping them into
action every few days with Salts, Ca-
thartic Pills, Oil, or Purgative Waters?

Stop having a bowel wash-day. Let
Cascarets gently cleanse and regulate
the stomach, remove the sour and fer-
menting food and foul gases, take the
excess bile from the liver and carry out
of the colon and bowels all the consti-
pated waste matter and poisons as you
can straighten up.

Cascarets tonight will make you feel
great by morning. They work while you
sleep—never gripe, sicken, or cause any
inconvenience, they cost so little, too.

COMPARE our \$10.00 Georgette Blouses with those sold elsewhere
at \$15.00. See our \$9.50 Crepe de Chines. You cannot buy their
equal in material, style and finish for \$12.00 anywhere. It scarcely
seems possible to women familiar with blouse values, that we can sell heavy
Georgette Crepe Blouses, beautifully beaded and embroidered, at from
\$8.50 to \$15.00. Equally difficult is it to understand how we can em-
ploy Crepe de Chine of such weight in our blouses from \$6.50 to \$10.00.

Why We Can Do It—

As we make all our own blouses in our own factories, and sell them exclusively in our own stores, we eliminate the middleman, and we do not require any travellers. When you buy a D'Alaird Blouse you buy it direct from the maker. That is why D'Alaird Blouses can be sold at such very low prices. But we want to impress upon you that we do not aim to make the "cheapest blouses," we make only superior blouses of serviceable materials, but we sell them for less than waists of similar quality can be purchased elsewhere.

Scores of New Styles—

This season's display of blouses far surpasses in beauty and variety any previous showing in the D'Alaird shops. You will find tomorrow blouses of every type in infinite variety. Exquisitely embroidered and beaded blouses for dress occasions, blouses in contrasting colors, blouses for the tailored suit—in fact the loveliest Georgettes and Crepe deChines any woman could wish to possess. Each blouse, too, is practically exclusive, for we make just three or four waists of each style for each store.

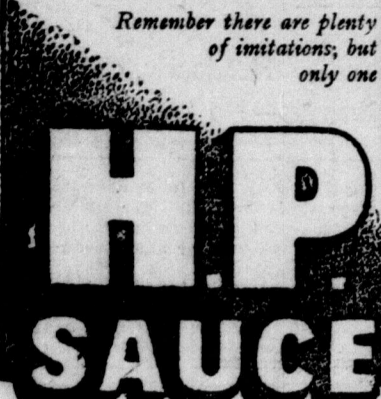

We have blouses in all sizes from 34 up. An excellent showing of sizes 46 and 48.

You Can't Brush Or Wash Out Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

Do this tonight, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.—Adv't.

REMEMBER—Beer is the most nourishing beverage we possess. It contains such a very small amount of alcohol and such a relatively large amount of nutritive material that it would be difficult indeed to find a meal at once simpler and more nutritive than a bottle of beer, a piece of cheese and a crust of bread. One eminent physician proclaims Beer to be a liquid beef-steak.

REMEMBER—The Beer of the Ballot must not be confused with the beers sold in Ontario before prohibition. The beers sold in this Province under the Old License System had an alcoholic content as high as 7% and over—the beer for which you are asked to vote on October 20th is but 2.51%.

REMEMBER—The Beer of the Ballot is absolutely non-intoxicating—beer of even .24% stronger has been proven non-intoxicating by scientific experiments and thorough research by a board of fourteen qualified experts. The Beer of the Ballot is nothing but a mildly stimulating, healthful and refreshing non-intoxicating beverage—brewed from a high grade of malt and hops—containing only sufficient alcohol to make it digestible and nourishing.

BECK IS ARRANGING FOR BORDER CITIES TO BUY CAR LINE

Company and Sir Adam Agree Upon \$2,000,000 As Price.

WINDSOR, Oct. 15.—Mayor Winter of Windsor has been advised by Sir Adam Beck that he has made application for an order-in-council permitting the hydro-electric power commission to submit to the ratepayers of the border municipalities the question of whether they are in favor of the commission purchasing the Sandwich, Windsor and Amherstburg street railway system. An agreement was reached between Sir Adam and the company Monday afternoon that the commission should pay the amount involved being \$2,000,000, just \$1,000,000 less than the tentative demand made by the Detroit United Railways for its subsidiary on this side of the river. Mayor Winter expressed the opinion that he thought the proposition would meet with the approval of all the municipalities affected.

Fred Fountain Found Guilty of Terrible Crime At Niagara Falls.

ST. CATHARINES, Oct. 15.—This afternoon Fred Fountain was found guilty of murder at Welland, and sentenced by Chief Justice Logie to be hanged on the 17th of December for murdering his wife and two children at Niagara Falls on February 17, 1918. The judge, in passing sentence, declared that Fountain had committed a terrible crime, without any excuse, and apparently in his sane mind. He told the jury they could not have come to any other conclusion, as it was a clear case of murder.

BELGIAN KING ENJOYS MAGNIFICENT SCENERY IN AMERICAN ROCKIES

EL PORTAL, Cal., Oct. 15.—After a reception at San Francisco yesterday, which equaled in warmth any given in the United States, the rulers of Belgium came today to the Yosemite to spend thirty-six hours in sight seeing. Warmly dressed and refreshed by a good night's sleep, they anticipated that they would see some of the most magnificent scenery in the country. They will spend the night at the Glacier Hotel. As a finale of their visit to San Francisco, King Albert and his party went to a cabaret while last night, and then visited a vaudeville theatre.

GOVT. EVASIVE IN MATTER OF BUYING G. T. R.

Opposition Fails To Secure Information As To the Proposition.

NIGGER IN WOODPILE

Suspicion Growing That Interested Parties Are Behind Move.

OTTAWA, Oct. 15.—Having announced magnanimously and in his suave manner that the Government welcomed all questions and requests for information on the Grand Trunk and everything connected therewith, Hon. Arthur Meighen, minister of the interior, on whose shoulders, apparently, and not on those of the real minister of railways, Hon. Dr. Reid, has fallen the task of piloting the Government's latest acquisition scheme through Parliament, proceeded today to evade most of the questions asked, or to admit that the Government had no information on the matter in question.

The opposition, it may be noted, is not offering objection to the general principle of the nationalization of railways, though it will probably be represented to the Ontario electors that that is the case. The word nationalization, as a matter of fact, was never mentioned from a controversial viewpoint upon doing its securing from the Government in concise terms a justification for the bringing down of such important legislation in the dying days of the session, and for implicating the country in further untold liabilities at a time when Sir Thomas White, former minister of finance, has declared that the financial conditions of the country preclude the possibility of granting further gratuities to the returning soldiers.

Stock Takes Jump. With the announcement that the Government intended to acquire the Grand Trunk and had guaranteed to pay the interest on \$60,000,000 worth of guaranteed stock, that stock has taken a jump in the London market which has raised its value from about \$27,000,000 to \$35,000,000. "You are handing someone a fine present," was the remark of Hon. W. S. Fielding on the subject this afternoon. "I suggest," said Jos. Archambault of Chambly-Vercheres, "that the Government give to this House a list of the shareholders of the company. Let us know who is interested in buying this legislation, and let us know who has a suspicion that there is a nigger in the woodpile. It will be a good thing to know his name, but the minister declared that he did not know the owner of a single holder of stock in the company, and declared that as there were 130,000 of them it would be difficult to obtain the list. Whereupon Mr. Archambault declared that everyone knew that the names could be obtained from the company's books.

Not Quite Clear. As a matter of fact, just why this guaranteed stock to the total of about \$60,000,000 was not subjected to arbitration together with the preferred and common stock does not appear to be entirely clear. Instead, the Government has guaranteed to pay the interest on it, amounting to about \$2,500,000 a year, and, under the circumstances, as Hon. W. S. Fielding pointed out, the stock will speedily rise to par under the guarantee of the Government.

It requires but little imagination to see just how important the passing of the present legislation is to the holders of the stock, who have not received a dividend for the past two years, and who, if they desired to sell the stock, need only wait till it reaches a hundred and clean up with heavy profits. If the list of shareholders was now brought down the Opposition suspects that it would not by any means contain the large number of names mentioned by Mr. Meighen. Opposition members further desired to know how, if the Grand Trunk was to be held to its liability in connection with the G.T.R. to the extent of some \$30,000,000, and if the Government was going to pay the interest on the Grand Trunk guaranteed and debenture stock to the amount of about \$2,500,000 a year, they could argue that there was anything to arbitrate in the matter of further Government liability. It would appear, however, that the Government expects to have to hand out a good few millions more on the preferred and common stock in the shape of non-voting bonds based on the valuation of the arbitration board.

Unkown Liability. As a matter of fact, the ministers were unable to state definitely just what the amount of the liability being assumed by the Government will be.

Strangely enough the Government, which coolly proposes that the country shall assume this huge new liability, had to admit this afternoon that it had no authoritative report upon the condition of the roadbed and rolling stock, which the Drayton-Acworth report declared had been sacrificed for the payment of dividends. Hon. Dr. Reid declared that he had read in the newspapers that the road on the American side was all right. He had traveled between Montreal and Ottawa on a sleeping car and he could vouch for the condition of the Canadian portion of the system also, but he had no report from any engineer.

French Ministry Is Sustained By Vote After Bitter Fight

PARIS, Oct. 15.—(By the Associated Press.)—The Clemenceau ministry was sustained in the Chamber of Deputies this afternoon by a vote of 324 to 132. The premier thus victoriously emerged from the bitterest and best organized assault which the ministry had ever faced.

For the first time Aristide Briand, the former premier, came out openly in leading the opposition forces, but M. Clemenceau's majority was the largest he had ever received when the question of confidence was presented.

CARDINAL MERCIER IS HEARTILY CHEERED BY NIAGARA FALLS CROWD

NIAGARA FALLS, Ont., Oct. 15.—Cardinal Mercier, archbishop of Malines and primate of Belgium, was in the city for a few minutes this morning and met several local citizens. His special train stopped here for 20 minutes and the cardinal got off. He shook hands with several persons around the depot. Three hearty cheers were given for the cardinal, who smiled and bowed in return.

Over the river a welcome was given to him by the civic authorities. TEACHERS GET INCREASES. WINNIPEG, Oct. 15.—Wages increases for Winnipeg teachers of approximately fifteen to twenty per cent have been decided upon by the local school management committee, effective on January 1, next.

\$2,750 In Cash Prizes

A TEST OF SKILL AND ACCURACY

The Advertiser's Puzzle Contest

IF YOU CAN COUNT CORRECTLY, ONE OF THE MANY PRIZES MAY BE YOURS. NOTE THE DIVIDEND FEATURE AND SEND IN YOUR SOLUTION.

HOW TO ENTER

This contest is open to present bona fide residents of Ontario.

Anyone in this territory may enter the contest upon payment of not less than \$2.00 or more than \$12.48. This amount will be applied to subscription to The London Advertiser at regular subscription rates. It may be applied on either the morning or evening edition, or both.

You may submit just one solution or as many different ones as you wish. With each solution you must pay not less than \$2.00 or more than \$12.48. The total amount paid, whether you send one or more than one solution, will be applied to one continuous subscription, unless you otherwise specify in your solution. If you are already a subscriber the amount, or amounts, you pay will be applied to extending the time you are paid to. If you are a new subscriber the amount paid will be credited to you and your subscription started at once.

Present subscribers, wherever located, will continue to receive the paper through the same channels as now. No change whatsoever will be made in carriers where subscribers receive the paper through carrier service. All carriers will receive notice that the subscription has been paid and be instructed to collect the amount from The Advertiser office. The same will be done where the paper is being received through an authorized news-dealer.

If you send more than one solution at one time send a separate blank with each one and state in each blank the amount you are paying with that solution.

This contest is open to both men and women. You may order the paper sent to someone else if you wish, names and addresses being subject to any changes that later may be desired.

DECIDING TIES

In the event of ties those tying will be required to solve a second puzzle in order to determine who shall receive the prizes. This second puzzle, if one should be required, will be equally as attractive and practical as the first. Under this plan those who win will be assured of receiving the full value of the prize without having to divide them with other contestants. Should a still further tie occur, a third puzzle of the same order as the second will be submitted to those again tied to solve. This plan will be continued until all have been eliminated except the actual prize-winners. Should there be no tie on the first puzzle, only the one, of course, will be presented. In the event that a second puzzle is required, one week will be allowed in which to solve it. This will prevent the contest being prolonged for any unusual length of time.

Rates of Subscriptions

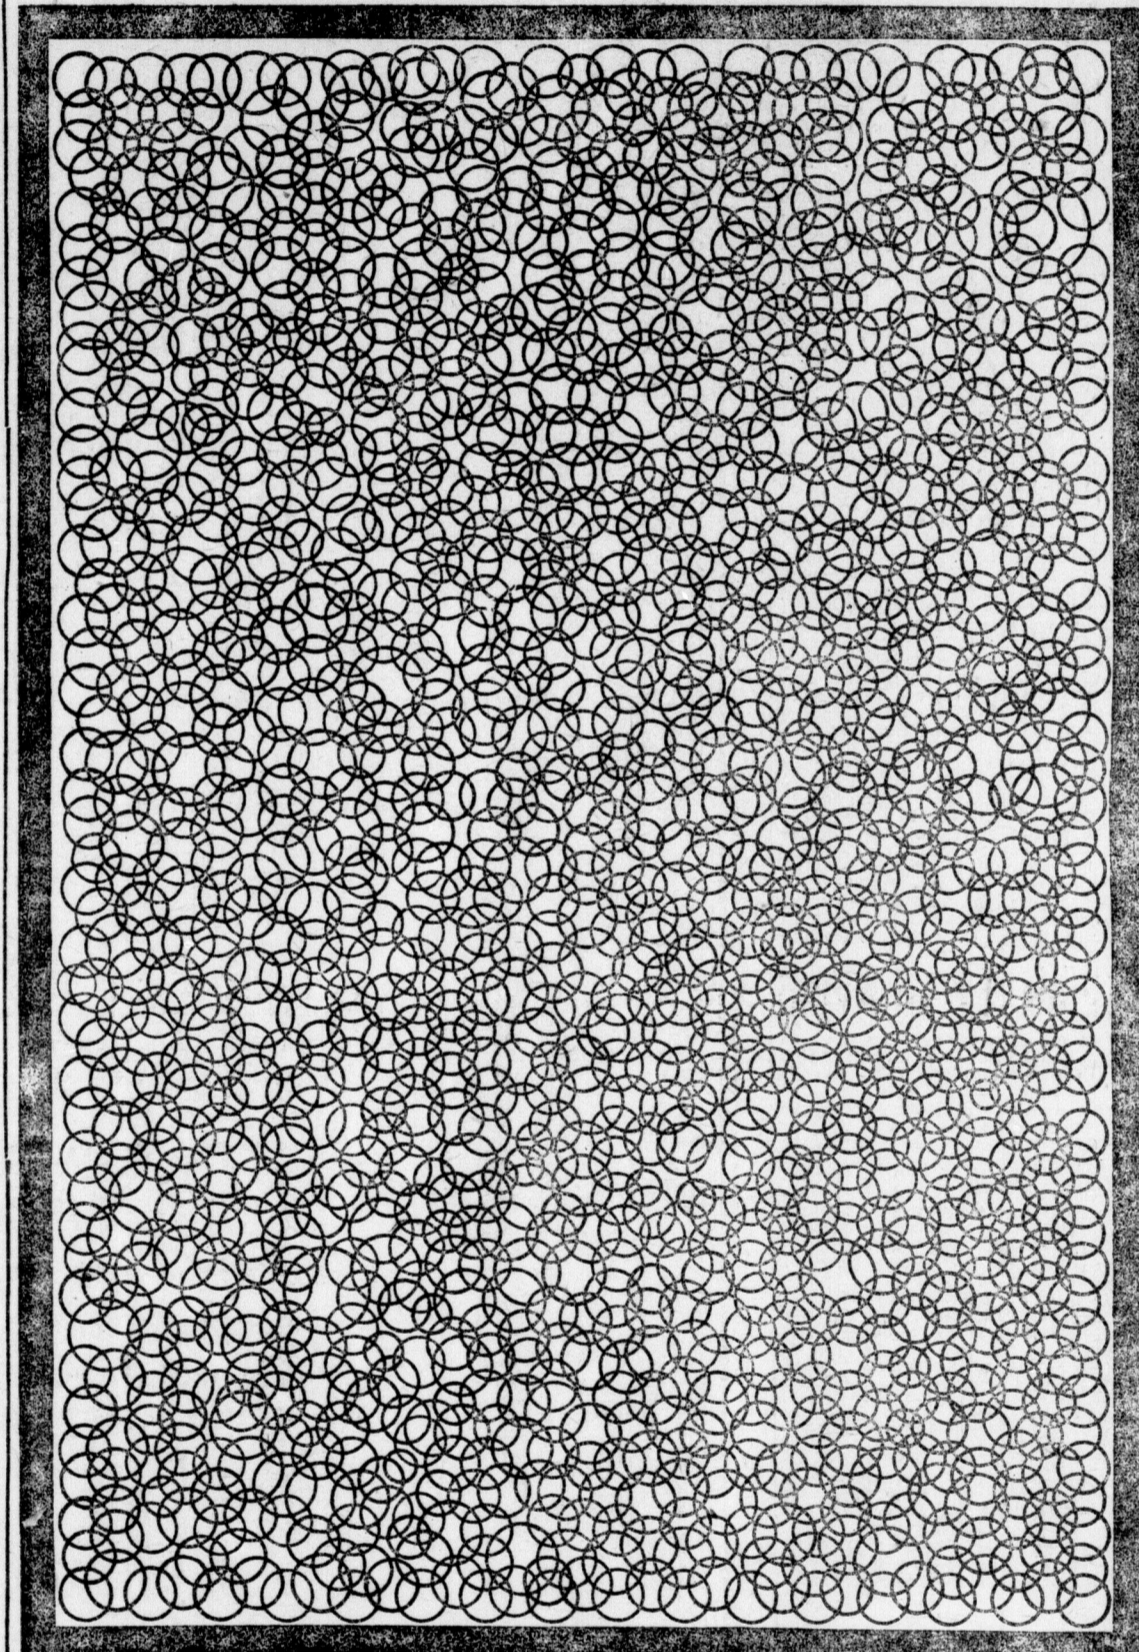

On account of this contest all previous subscription offers are withdrawn. The following rates will prevail:

COUNT THE CIRCLES

[COPYRIGHTED.]

THE PROBLEM

The problem is to count the circles. Every circle is complete, and intersects or touches one or more circles. There are no parts of circles, or shams or deceptions of any sort in the puzzle. In the event that no one counts the exact number, the prizes will be awarded for the nearest correct solutions. Accuracy and patience are the main requisites to arriving at the correct or nearest correct count. Those who display these qualifications to the best advantage will solve the puzzle best.

Solution and Subscription Blank To Be Sent in By Contestants

To The London Advertiser: I herewith inclose the sum of \$..... for subscription to The Morning (Evening) Advertiser. (Draw a line through the one not wanted.)

Name,
Address,

The total number of circles in the chart is

If you want the paper sent to someone else, write name and address below.
Name,
Address,

Are you a subscriber now? (Yes or No.)

NOTE: This blank, whether used by a contestant for his own solution and subscription, or by someone who has been interested to become a subscriber, whether he enters the contest or not, will enable the records to be kept correctly, and also will insure the one sending in a new subscriber to get proper credit on the prize awards.

Have you sent any other solution in? (Yes or No.)
If you reside outside of London, and where there is a dealer, do you want the paper sent through the dealer or by mail?

If the person sending in this blank is one of the new subscribers that a contestant has interested, write in below the name and address of the contestant who interested you. Remember, you also have the right to send in a solution.
The name of the person who interested me is:

THE PRIZES

The Main Prizes Have an Added Value, According to What You Pay. Each New Subscriber (not to exceed five) Adds to the Value of the Prizes.

FIRST CAPITAL PRIZE—\$140, to which will be added 20 times the amount paid on subscription by the winning solution; also \$20 for each new subscriber, not to exceed five, secured by the winner. THIS PRIZE HAS A VALUE UP TO \$860.00.

SECOND CAPITAL PRIZE—\$100, to which will be added 10 times the amount paid on subscription by the winning solution; also \$20 for each new subscriber, not to exceed five, secured by the winner. THIS PRIZE HAS A VALUE UP TO \$520.00.

THIRD CAPITAL PRIZE—\$50, to which will be added 5 times what the winner pays on winning solution, also \$20 for each new subscriber, not to exceed five, secured by the winner. THIS PRIZE HAS A VALUE UP TO \$325.00.

FOURTH CAPITAL PRIZE—\$20, to which will be added 10 times the amount paid on subscription by the winning solution; also \$20 for each new subscriber, not to exceed five, secured by the winner. THIS PRIZE HAS A VALUE UP TO \$275.00.

FIFTH CAPITAL PRIZE—\$50, to which will be added 5 times the amount paid on subscription by the winning solution; also \$20 for each new subscriber, not to exceed five, secured by the winner. THIS PRIZE HAS A VALUE UP TO \$325.00.

- SIXTH PRIZE \$50.00
- SEVENTH PRIZE \$40.00
- EIGHTH PRIZE \$30.00
- NINTH PRIZE \$25.00
- TENTH PRIZE \$20.00
- 11TH to 20TH PRIZES, each \$15.00
- 21st to 35th PRIZES, each \$10.00
- 36th to 50th PRIZES, each \$5.00

Important Features

The attention of contestants is called to two important features in connection with the prizes.
1. While the amount you pay for subscription to The Advertiser has no effect on your winning a prize, it does affect the value of the first five prizes should you win one of them. For instance, each of the first five prizes has a fixed value, to which is added from five to fifty times what the winners pay when they register their solution. This is explained further in the prize list.
2. The first five prizes may also be increased ONE HUNDRED DOLLARS each by your interesting five persons who are regular subscribers to become subscribers. You will receive twenty dollars for each one, whether you secure one or five. Each of these new subscribers must pay not less than the minimum amount (\$2) required of contestants exactly as any other contestant, the payments they make entitling them to entry.
The name of each one of these new subscribers must be sent in on one of the accompanying blanks, whether he becomes a contestant or not. The fact that he was secured by you must also be indicated in the proper place provided on the blank, so you will receive credit. You may send in any or all of those five names whenever you wish, either when you send in your own solution or later. Just use one of the blanks for each one, and then there will be no mistake made in regard to your getting due credit.

Admits "Big 5" Could Control Leather Market If It So Desired.

Lansing, Mich., Oct. 15.—If exportation of raw hides from this country was stopped, and consumers' demands were changed from style shoes to quality shoes, prices would begin to tumble immediately, said F. M. Cambier, veteran tanner of Grand Rapids, vice-president of the Keefer Tanning Company.

"Big Five" Could Control. The big packers have their own tanneries, according to the witness, and if they cannot obtain prices desired they can tan raw hides at their own tanneries.

CITY TO VOTE ON BYLAW FOR \$100,000 PARK RESERVOIR

Propose Building First Half of 2-Million-Gallon Reservoir at Springbank.

A bylaw to authorize an issue of \$100,000 debentures for the first half of a two-million gallon reservoir at Springbank will be submitted to the people at the next election.

Two deputations appeared to ask the use of the Reliance garage building used by the I. O. D. E. as a soldiers' club during the war.

Leased Until May. Committee Chairman E. S. Little said the city was quite in sympathy with the Y. W. C. A.'s aims, but that the city would not have control of the building until next May.

Sergt.-Major George Rawling appeared to ask the use of the building and received the same answer.

Ald. E. S. Little said: "There is not another city that has done more for the soldiers than London, and no city is more ready."

REPLIES TO VOTER. In reply to the article entitled "The Voice of the People" in your issue of October 9 I would like to have the privilege of explaining to you a few things he evidently does not care to understand.

DO YOU REALIZE that the fiendish drug habit is spreading through the fair Province of Ontario at an alarming rate?

DO YOU REALIZE that doctors and apothecaries are so appalled by the insidious growth of this terrible evil that appeals are being made to the authorities to take most drastic action?

DO YOU REALIZE that this canker worm is eating its way through every strata of society, high and low, poor and rich—men and women of all grades and conditions in ever increasing numbers are becoming addicts of the terrible habit?

DO YOU REALIZE that these poor unfortunates are being supplied, by vast importations of opium, cocaine, morphine, heroin, through the dark ways of the underworld that baffle the police?

DO YOU REALIZE that this terrible condition is due largely to the sudden enforcement of a too drastic prohibitory legislation? The Toronto Telegram only a few days ago quoted

Table showing the increase in the consumption of drugs in Canada since the enactment of The Ontario Temperance Act in 1916.—Government Statement.

Table with columns: DRUG, YEAR, QUANTITY, VALUE. Includes COCAINE, MORPHINE, OPIUM.

These figures show only what came in legally—the enormous quantities known to have been smuggled in and sold through underground channels would swell the total to an appalling figure.

Vote with the Citizens' Liberty League for sane, moderate temperance legislation—the fair compromise that this Province needs.
