## W. E. & L. S. RAILWAY NOW OPEN FOR TRAFFIC

Interesting History of Big Enterprise in Which Chatham Capital Has Been Freely Invested—A Banquet to Two Popular Officials

The Windsor, Essex & Lake Shore Railway, in which a large number of Chathamites and their friends are interested, was opened with all due splendor on Thursday last.

The opening and the future success of this road may mean much to Chatham, for the company has a charter which permits them to come to Chatham, and if it proves a paying venture, as is almost a certainty, there is no doubt that the citizens of Chatham will be granted the conveniences which such an action would mean.

After the opening of Thursday, President Piggott and Manager Warburton were banqueted by the citizens of Kingsville. This was a splendid affair, and was attended by some eighty guests from this thriving town.

Few radial lines have had more difficulties to contend with than the Windsor, Essex & Lake Shore Railway. Almost since its inception the company has been beset by obstacles that ranged from franchise restrictions of contrary councils to internal dissension over financial problems. Even the elements took a slap at the company and wrecked the power house at Kingsville when it was in course of construction. The promoters have had many an anxious hour and must have almost despaired of ultimate fulfillment of their plans, but they did fair now to emerge triumphant and reap long-delayed returns on their investment. It is worthy of note that not one

of the original incorporators is connected with the present company. The line was first promoted by William Newman, formerly city engineer of Windsor, and the late Dr. Brian, of Essex. Later, A. J. Nelles became connected with Messrs. Newman and Brian. They performed no small task in securing franchises, right of way and having the route surveyed, but their heaviest burden was to see

## MR. DRADER AGAIN SUFFERS GREAT LOSS THROUGH FIRE

His Hoop and Stave Mill is Levelled to The Ground—Was Past Control Before The Firemen Arrived—Citizens Extend Sympathy

Following swiftly upon the disastrous fire of Friday last, in which the Queen street planing mill was destroyed by fire, W. M. Drader's stave, head and hoop mill at the northern outskirts of the city was burned to the ground Sunday morning. The total loss through this fire, including the building, machinery and contents, amounts to a sum between eighteen and twenty thousand dollars. The insurance is about twelve thousand dollars.

The origin of Sunday morning's fire, and how it got such a start before the alarm was sent in, is a mystery which has not yet been ex-

posed as a result of their good efforts, be very small.

MANY VIEW THE SCENE. A large crowd gathered to watch the blaze, and by noon the yard surrounding the burning mill was black with people. Once or twice the crowd got too close to the scene of operations, and several people were drenched by streams of water, as the firemen switched the hose lines about. A large number of volunteers turned in and aided the firemen in their work.

ORIGIN UNKNOWN.

No one seems to know definitely just how the fire started, though it is claimed that it started in a box of shavings. A small fire had been kept under the boilers all night. The ashes from this would probably be raked out in the morning, and it may have been that some live coals in these started the blaze. The mill had a private fire service with one line of hose, but it is understood that the night watchman was absent at church when the fire broke out. On this account there was no one about to sound the alarm till the blaze had got a big start, and was beyond control. The upper floor in the mill fell in a short time after the arrival of the firemen, and the big saw and other valuable machinery fell into the seething mass beneath. It is likely that all of the machinery, with the possible exception of the boilers, were totally destroyed by the intense heat.

MR. DRADER STILL AWAY.

Mr. Drader had not yet arrived in the city up till Sunday at noon, and he was not aware of either of the fires, and likely will not be until he arrives in the city.

THE BLOCKED STREET.

Through the fact that the northern approach to Fifth street bridge was blocked by Blight & Fielder's machinery and piles of gravel and sand, the firemen could not gain access to North Chatham by this route, and they had to go around by way of the Aberdeen bridge. The blocking of the Fifth street bridge approach in this manner by the paving company is causing considerable criticism.

ANOTHER ALARM.

About 12.30, while the firemen were still engaged in fighting the Drader fire, an alarm was sent in from Box 32, and a portion of the brigade had to leave the Drader fire in order to attend to this call. It turned out to be a small house fire at the corner of Queen street and Lorne avenue. In going to this fire, the firemen had to again take the roundabout way on account of the

### Indians Give Up Reserve.

Saskatoon, Sept. 23.—At a conference held here Saturday night of Indian chiefs and councillors of the St. Peter's Reserve Indians, and Chief Justice Howell, Frank Padley of the Indian Department, and Indian Inspector Semmens and Indian Agent Lewis, arrangement was practically made by which the Indians in St. Peter's Reserve surrender their reserve to the Government. For this they are to receive a reserve of 75,000 acres on Lake Winnipeg, lay land in the present reserve, with certain other privileges. Patents will be issued for the St. Peter's Reserve and sold by the Government for the benefit of the Indians. They are allowed five years in which to move to their new reserve.

## WHITNEY AND LAURIER.

There was no brass band at the station to receive Whitney on his arrival home from Lunnon. What's wrong?—Hamilton Times.

Because Mr. Whitney, honest man, is not a believer, in humbug, and did not commission his government to spend \$10,000 in providing a "reception" for him, like Laurier did.—Belleville Intelligencer.

## UNHAPPY AYLESWORTH.

Mr. Aylesworth has made another in a long series of bad breaks. In addressing a public meeting some time ago, he said that remarkable revelations would have been made in the Halifax election trial had it proceeded. He had been informed that evidence would have been produced which would have disqualified Mr. Borden from sitting in the House of Commons or holding office. He has been repeating this statement since at every meeting addressed by him. Mr. Borden, speaking the next day after the statement was first made by the erratic Minister of Justice, called the Minister of Justice sharply to account. He explained that for three years the Conservatives in Halifax had tried to bring the trial of the election petition.

Mr. Borden himself had appeared and answered every question put to him in the examination for disclosure, wherein he differed from Mr. Fielding, who "declined to answer." He had done everything possible to bring all the facts to light and Mr. Aylesworth's friends had done all they could to prevent disclosure. His Halifax supporters had once more headed off the inquiry and now the Minister was going around making false statements of what would have been disclosed had investigation gone forward. The Government expects that the trial will be avoided until the next election. Therefore ministers feel safe in making any slanderous statements about evidence which they never intended to produce. If Mr. Aylesworth believes what he was saying he would have influenced his friends to allow the trial to go on. As it is the accusations place him and his friends in a more contemptible light.

The Toronto Pioneer, the organ of temperance in Canada, highly eulogizes the Whitney Government for its vigorous enforcement of the li-

## WALLACEBURG

Wallaceburg, Sept. 23.—Mr. Wm. Smith, of Port Dover, spent a few days last week the guest of Rev. J. R. Newell.

Mrs. D. J. Torrence, of Perth, is the guest of Mrs. Chas. Chubb.

The new museum, owned by James Collings, opened Saturday night, the place being crowded to the doors all evening.

Died, at Ontonagon, Mich., Dorothy, the only daughter of Mr. and Mrs. John McDougall. The remains will be brought here for interment.

Percy Zavitz left, a few days ago to take a medical course at McMaster University, Toronto.

Miss Cleve Warrenner has returned home from a visit in Sarnia.

Rev. Mr. Lee, of Detroit, preached in the Baptist Church on Sunday.

The Indian Fair at Walpole Island this year was everything that could be expected. A large crowd was in attendance every day, the gate receipts for two days being in the neighborhood of \$900. The exhibits were splendid. There was a fine showing of fruits, grains and vegetables. The needle work by the Indian women was equal to that of the white women, and their canned fruit attracted the attention of all. Their penmanship was excellent and several drawings were worthy of notice, particularly the Indian Home, "Shingwauk Home," at Sault Ste. Marie, Ont., drawn by Chas. Johnson.

The gasoline launch, owned by DeJorne and Wilson, was destroyed by fire on Sunday.

The Hamilton Spectator discloses the reason why Mr. Borden has been so well received in this province. The Spectator says: "The people of Ontario—perhaps more than the people of any other province—believe in the man who professes to do something; they delight to follow the man who has a plan for the good of the country; the man who is not only able to point out present defects in the government of the province, and remedies for these, but is able to show them how the country can be benefited on other lines and in other ways. Mr. Borden has been doing that, and the people of Ontario admire him, not only because he proposes to do something, but also because of the nature of the things he proposes to do. Mr. Borden suits Ontario."

## Twine Makers Fined.

Ottawa, Sept. 21.—J. L. Haycock, Dominion inspector of binder twine, has made a report to the Department of Trade and Commerce upon the results of a trip to the west.

During the absence he imposed fines amounting to \$3,600 for short twine. One American firm, which was fined \$1,475, really had to pay up to the extent of over \$12,000 for its crooked business methods.

## Postoffice Robbed.

Brookville, Sept. 21.—Burglars entered the postoffice at Norwood, blew open the safe and escaped with \$30 in cash, \$65 in stamps and some registered mail.

## Dollar Wheat.

Winnipeg, Sept. 21.—New wheat marketed here Thursday graded No. 1 northern. It was purchased by the Western Canada Milling Co. for \$1 per bushel.

## \$100 REWARD \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## PAROLE MAN INSULTS LADIES

Petrolia, Sept. 21.—An important arrest was made last night by Chief Ferguson, with the result that a man who has been wanted for a number of months past by the local police is now in the cells. For some time ladies have been insulted in a most disgusting manner by a man who, up till last night, had tried to apprehend.

About nine o'clock last evening this man acted in a most obscene manner toward some ladies on the corner of Kerby and Petrolia Sts. One of the ladies ran to inform the chief of police, while the other notified two young gentlemen who happened to pass shortly after, and told them what direction the scoundrel had taken. These men gave chase, and after a long run of about a mile across fields managed to catch their man near the blind line.

He desperately resisted arrest, but was finally overpowered. He turned out to be Steve Lumsley, a man out on parole. Chief Ferguson, in the meantime came on the scene, and after some trouble got his man lodged in the cells. The young men, to whose pluck the capture is due, are Messrs. J. C. Anderson and Arthur Hone.

## SON HIS NEMESIS.

Confirms Father in Police Station After 34 Years.

Chicago, Sept. 21.—John M. Wiles, 68 years old, was confronted in the Central Police Station by his son, J. Burr Wiles, 35 years old, whom he had not seen for 34 years.

The father was a prisoner on complaint of his son, who had constituted himself his nemesis in revenge for the desertion of his mother and three children, two of whom are dead, in Binghamton, N. Y., 34 years ago. The son had traced him the last few years until, convinced he could convict him of a statutory offence involving a woman who was acting as his housekeeper, he caused his arrest.

## CALIFORNIA SHAKEN.

Earthquake Causes Residents to Run Into Streets.

San Bernardino, Cal., Sept. 21.—An earthquake shock that brought residents of this city into the streets in alarm and caused a general shake up in the arrangements of many households was experienced here Thursday evening.

In the mountains the shock was most severe, causing great trees to sway as if whipped by a mighty tempest. No serious damage was reported.

17,000 Negatives Destroyed.

Toronto, Sept. 21.—Seventeen thousand negatives, the collection of twenty years, were, it is feared, destroyed as the result of a small blaze in "The Dutch Studio," here yesterday.

One of the men in the gallery was startled by a sudden reflection, and found the darkroom in flames. A still alarm brought a very quick response from the Yonge street hose and chemical companies and the Bay street hook and ladder truck. The chemical was sufficient to stop the fire, but the moisture got into the negatives.

Livery Stable Burned.

Mount Forest, Sept. 21.—The livery stable of R. J. Burns was completely destroyed by fire yesterday. Three horses were cremated. No insurance on the building.

Merchant Shot in Office.

Buffalo, N. Y., Aug. 30.—James H. Rodabaugh, a commission merchant, with an office in the Chamber of Commerce, was killed by a revolver shot in the office of the Niagara Mill and Elevator Co. yesterday afternoon. He was president of the Milling Co. Chas. H. Chase, secretary and treasurer of the Milling company, who was alone in the office with Rodabaugh at the time of the shooting, is in the custody of the police.

There is always room for a man of force, and he makes room for many more.

## HAS RELIEVED MANY HERE

What will appear very interesting to many people here is the article taken from a prominent health journal, giving a simple prescription, as formulated by a noted authority, who claims that he has found a positive remedy to cure almost any case of backache, or kidney or bladder derangement, in the following simple prescription: If taken before the stage of Bright's disease:

Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Shake well in a bottle and take in teaspoonful doses after each meal and again at bedtime.

A well-known local druggist, when asked regarding this prescription, stated that the ingredients are all harmless, and can be obtained at a small cost from any good prescription pharmacy. He further stated that while this prescription is often prescribed in rheumatic afflictions with splendid results, it would see no reason why it would not be a splendid remedy for kidney and urinary troubles and backache, as it has a peculiar action upon the entire kidney structure, cleansing these most important organs and helping them to sift and filter from the blood the foul acids and waste matter which cause sickness and suffering. Those who suffer can make no mistake in giving it a trial.

The report stated that neither can claim the superiority of one over the other in the destruction of the San Jose scale, or on the appearance and production of fruit as regards apples and plums; the peach crop was a failure, so that they acted only on the scale, which was about the same in its work.

Capt. Boles claims still that the mineral water has the advantage, because adding the freight on to the water, it still can be used cheaper and with less trouble than the lime sulphur anywhere in Ontario.

The same trees will be sprayed with both sprays on or about Oct. 20th, as a fall spray, for the destruction of the San Jose scale, the scale about that time being still still active, or has been so for the last two years.

A QUESTION OFTEN ASKED.

Why do many people feel worse after taking pills than before? Trouble is that drastic pills are used. No remedial action is obtained, the bowels are irritated and dreadful constipation follows. In using Dr. Hamilton's Pills you're scarcely conscious of having taken medicine. Although very mild, Dr. Hamilton's Pills do regulate the bowels, stimulate normal action of the glands, and create neither nausea, griping or violent action. Positively guaranteed for biliousness, indigestion, stomach, liver and kidney ills. For a safe family pill rely on Dr. Hamilton's. 25c. per box, at all dealers.

Dear Sirs, While in the country last week I was badly bitten by mosquitoes, so badly that I thought I would be disabled for a couple of weeks. I was advised to try your Liniment to allay the irritation, and did so. The effect was more than I expected, a few applications completely curing the irritation, and preventing the bites from becoming sore. MINARD'S LINIMENT is also a good article to keep off the mosquitoes.

## DEATH OF A. H. WHITE

Very Respected Chathamite  
Passed Peacefully Away  
This Morning

He Had a Long and Serious  
Illness—Funeral on  
Wednesday

The death of Albert Hilliard White, King street west, occurred this morning at 6.30 o'clock after a lingering illness of over a year.

Deceased was fifty-nine years, eleven months old, and has been a highly respected citizen of the County of Kent all his life. He was well and widely known, and was born at Cook's Corners, Raleigh Township. He grew to manhood on the family homestead on lot 24, concession 11, and when he was about twenty-six years of age, purchased a farm of 100 acres on the 10th concession, Raleigh Township, all but seven acres being bush land. He soon cleared the land, and after erecting substantial and comfortable buildings on it, he purchased 100 acres adjoining it, and after clearing it, he had one of the largest and most valuable estates in the locality. On the death of his father, he became the owner of another fifty acres, and had then in his possession 250 acres of the best property in the Township. Here he resided for several years, and after purchasing a lot on Inches avenue, this city, he erected convenient and comfortable buildings, in which he lived for a number of years.

In 1880 he assumed the duties as agent for the London Mutual Fire Assurance Company, of Canada. He was quite familiar with the many details of the business on account of his father's connection with the company in former years. He handled all kinds of legal business in the way of conveyances, etc., and has occupied many of the important offices of the county and city. He was Reeve and Deputy Reeve of the Township of Raleigh for several years and was a member of the County Council prior to moving to this city. For several years he was a Justice of the Peace, and his career throughout as a business man has been one of eminent success.

In 1874 Mr. White was united in marriage to Miss Annie Wilson, and their married life had been one of much happiness. A family of three children survive, who are as follows: Dr. Oliver White, of Detroit; Mrs. (Dr.) A. A. Hicks, this city, and Mrs. (Dr.) Willard Flint, of Pittsburgh, Penn.

Mr. White was a member of the A. F. & A. M., and of the Scottish Rite thereof, belonging to the London Lodge of Perfection and Sovereign Chapter, Rose Croix. He is a Past Chief Patriarch of Chatham Encampment, I. O. O. F., Past Grand of Chatham Lodge No. 29, I. O. O. F.; Past Master of Peninsular Lodge, A. O. U. W., and a member of the I. O. F. and R. T. and T.

The funeral will take place on Wednesday afternoon at three o'clock from his late residence on King street, and will be conducted by the Masonic Order. Rev. Dr. Daniels, of the Park street Methodist church, will preach the ceremony, and the remains will be interred in the Maple Leaf cemetery.

The bereaved family have the sympathy of the entire community.

### DRANK POISON IN ERROR.

Doctor and Friend Thought Strychnine Was Liqueur.

Halifax, N. S., Sept. 22.—Dr. J. L. Peppard and Samuel L. Lindsay, well-known citizens of Great Village, N. S., are dead, as the result of accidental poisoning late Friday afternoon.

Dr. Peppard and Lindsay were working, harvesting corn on the farmer's farm near the village. Becoming thirsty, both men repaired to the doctor's surgery for a refreshing drink.

There were two bottles alike in every respect, with contents the same in color on the surgery shelf. One was strychnine, the other contained the solution made from the strychnine bottle.

The doctor died shortly after they drank the mixture, and Lindsay died Saturday morning.

### MEDICAL STUDENT'S SAD END.

Found Dead in Stateroom of Steamer Midland.

Owen Sound, Sept. 22.—Lying dead in his stateroom on the steamer City of Midland, the body of Bert Herriman, a medical student of the University of Toronto, was found yesterday by a relative, Mr. Herb Stephens, who had come to greet him. Herriman is the son of Dr. Herriman of Lindsay and was temporarily engaged in mill work on Manitoulin Island. He contracted typhoid and friends here were wired that he was coming down to the hospital. He had collapsed in the stateroom. Dr. King was called, but could only attest to death. The body will be sent to Lindsay.

### Attended at Manoeuvre.

San Sebastian, Spain, Sept. 23.—King Alfonso, accompanied by Dr. King, left this city on Saturday for Galicia, where His Majesty will attend the Spanish army manoeuvres. Queen Victoria in the meantime remaining at La Granja Palace.

Later the Spanish sovereigns will visit Emperor Francis Joseph and King Edward, stopping for a week in Paris, enroute, enroute on their way from Vienna to England.

Mr. MacGillivray Says That  
No One Can Prosper in  
Wrongdoing

A Few Hints to Public Men  
—Clean Men Are  
Needed

"There is no room for the weak man in public life to-day. What we need is men who will stand for truth—men whose private lives are clean."

This was the message delivered to the First Church congregation by Rev. A. H. MacGillivray during the course of his sermon last evening. The sermon itself was a remarkably clear and eloquent effort, and was listened to with a great deal of interest.

From the life of King Herod he drew many lessons which apply to present day conditions. Speaking along the line quoted above, he said that it was a wrong thing to cast suspicion on the actions or motives of every public man. We read and hear so much in these days that we are almost forced to the opinion that a man cannot hold a public office and be clean. It is only through encouraging the good men in office that men of honor will be kept in the public service.

The speaker had no axe for the opportunist or the politician who would try to flatter off the evil day. No man can escape the consequence of his sin. Some think they are clever enough to elude to their sin and still hold public confidence, but to those he would say, "Be sure your sin will find you out." Political maneuvering will avail nothing in the end.

Mr. MacGillivray closed with an evangelistic appeal to his congregation to give up the sin which separates them from God, and to make to Him a complete surrender.

Attacked by Angry Bull.

East Toronto, Sept. 21.—Attacked by an angry bull, which he went to feed Thursday night, Louis Smith, employed as a hostler at Crew's Hotel, lies in the General Hospital in a semi-conscious condition.

About 4 o'clock on Thursday afternoon, Smith was directed by Mr. Crews to feed the animal, when the brute broke the chain with which he was fastened and turned upon him, knocking him down and frightfully goring him. Armed with forks, a number of men who saw the attack ran to the spot and drove the infuriated animal away.

## IT WAS A FINE SERVICE

Musical Numbers at Wil-  
St. Baptist Church  
Yesterday

Large Congregations At-  
tend Morning And  
Evening

The William Street Baptist Church was crowded to the doors last night, every seat being taken, and the aisles being filled with chairs to accommodate the audience.

The service was led in song by a chorus of young ladies and was one deserving of the highest praise.

There were thirty-five in the chorus, some of them being the best soloists in the city. Frank Phelps, choir director and organist, is worthy of congratulation on the decided success of last evening's music, which was put on under his able leadership.

Two weeks ago he put on a choir of male singers, which did themselves and himself credit, and last night he gained another triumph with the ladies. Their opening number was the long metre doxology and was rendered in excellent style. The anthem, "Calvary," was well given, the low and high parts being exactly suited to the voices of the ladies. A duet by Mrs. J. Cooper and Mrs. J. Oldershaw was a fine number, the two voices blending with the most perfect harmony. A solo, "Abide with Me," sung by Mrs. Cooper, was of a very high order.

Mrs. Cooper was in excellent voice, and did herself honor in the singing of her solo. Her voice was remarkably clear and sweet, her high notes ringing out with true expression and her low tones being sung with equal perfectness and ease. The hymns during the service were well sung, and the "Coronation Hymn," sung during the exit of the congregation, was in every way creditable.

Rev. Mr. Matthews took for his text, "The keeping of my vineyard." The service was for young women and the lesson taught was an instructive one. Mr. Matthews excellently himself last night and gave some explanations of the service on the whole was a success.

Chas. Bardwell, of Detroit, visited relatives and friends in the Maple City yesterday, returning home to-day. Mr. Bardwell was formerly a member of the Chatham Fire Department.

Miss Nellie Carswell, who has been visiting her aunt, Mrs. J. W. Carswell, Park St., returned home Friday, accompanied by her cousin, Miss Ethel.

Mrs. Jas. W. Carswell and daughter Ethel are the guests of Mrs. W. H. Carswell, Duart.

CLOSING DAY AT WOODBINE.

Third race—\$400 added, 3-year-olds and up, selling, 1 mile and 70 yards: 1, Henry O.; 2, Rebounder; 3, Cloten. Time, 1:46-2-5.

Fourth race—Ontario Jockey Club Cup, 2:4 miles, \$2,000 added, 3-year-olds and up, handicap: 1, Kelpie; 2, Glimmer; 3, Main Chance. Time, 3:59-3-5.

Fifth race—Woodbine Autumn Steeplechase, 2:1-2 miles, \$1,000 added, 3-year-olds and up, handicap: 1, John Dillon; 2, Steve Lane; 3, The Chef. Time, 2:46-2-5.

Sixth race—\$400 added, 3-year-olds and up, 1:1-16 miles: 1, King of Troy; 2, Bash Maria; 3, Curvus. Time, 1:50-2-5.

Seventh race—\$400 added, all ages, 3-4 mile: 1, Ida Reck; 2, Fiat; 3, Bewitched. Time, 1:13-3-5.

Back to Esquimaux.

Vancouver, B. C., Sept. 22.—The British navy will probably occupy Esquimaux naval station again in the near future, according to private advice from a British naval officer prominent in the service. It is stated that following the coming of the United States fleet to the Pacific the Admiralty will dispatch a cruiser squadron to Esquimaux.

Young Scot Missionaries.

London, Eng., Sept. 23.—A valedictory meeting was held in Blackfriars' Church, Glasgow, to wish God-speed to 17 young Scotsmen who have been selected by Rev. Dr. McLaren for missionary work in Northwest Canada. Dr. Somerville, formerly of British Columbia, occupied the chair.

Killed by Auto.

Montreal, Sept. 23.—In a collision last night at Longueuil between an automobile and a rig the occupants of the rig were thrown out and one of them, Miss Racicot, was fatally injured, dying in a short while afterwards.

Pin lost, on Wednesday, a small gold pin with small diamond setting in centre, between Market Square and Lacroix street on King. Party leaving it at this office will be liberally rewarded.

## PLAGUE RAVAGES INDIA

MEDICAL SCIENCE IS UNABLE TO STOP ITS MARCH.

Million Lives Lost to Disease, Which Shows No Signs of Abatement—Decrease in Bombay District Offset By Heavy Increase in Bengal and the United Provinces—Soldiers in Good Health.

A blue book chronicling the progress and conditions of India during the last year has just been published. The most saddening section of the book is that which deals with India's peculiar scourge—the plague. It appears to have been scarcely mitigated by all the efforts of modern medical science. Taking British India as a whole, the number of reported deaths from plague in 1906 was approximately the same as that of 1904—reaching nearly to the appalling total of 1,000,000.

In Bombay there was a marked abatement, the number of deaths from plague falling from 224,000 to 71,400. The central provinces and Madras were also comparatively free. The Punjab registered 334,900, as against 396,000 in 1904.

Deadly in Bengal.  
But in Bengal and the United Provinces the disease made great strides, the deaths reported from these provinces amounting to 126,000 and 830,000 respectively.

Since 1899 the deaths from plague have been almost continually on the increase. They shrank from 139,000 to 29,800 in the year 1900, to rise again by leaps and bounds to their present figure.

Still, even in relation to this terrible scourge, there is a gleam of light and much is hoped from the plague investigation council. The medical officers have made important experiments bearing on the relation of rat plague to human plague, and the connection that rat fleas have with the spreading of human plague.

The general mortality of the vast peninsula would seem to be improving. The aggregate male population of the country has shown a decided shrinkage, from 602,433 in 1901, to 558,441 in 1905. The aggregate convict population has dropped in the same period from 231,615 to 246,817.

Soldiers Have Good Health.  
The health of the European troops in India has been exceptionally good, the rates of admission to hospital, of constantly sick, of mortality, and of invaliding all being the lowest on record. A similar record has been established by the native troops; the constantly sick rate, the death rate, and the invaliding rate were the lowest on record.

A low death rate is all the more noteworthy, as out of the total number (695) of deaths during the year 1905 occurred through the collapse of buildings at Dharmasala during the earthquake.  
No special reference is made to the unrest. The spread of education is shown by the breaking down of the prejudice against teaching girls. Two women have taken degrees at Rangoon.  
As to the native press, the tendency is lamented of catering to the public taste for extravagant fiction. One notable work has been "Pall Vlachira," which reminds one of the charms of village life.

Riding On One Wheel.  
Mr. Henry Tolcher is a native of Kingsbridge, Devonshire. At present he resides at Pretoria, in the Transvaal, and the subjoined photograph represents a monicycle, for which he predicts a great future. He says that the new machine has many advantages over the two-wheel for hill-climbing, speed, and can be fitted with free-wheel movement.

A MONOCYCLE.  
The novelty of the machine, he adds, is its simplicity. The handle bars are connected with the seat. By pressing the handles forward the seat goes back; by pressing the handles back the seat goes forward, causing an equilibrium that keeps the rider on the centre of gravity.

Monster Turtles.  
The huge turtles that existed during the youth of the world appear to have inhabited the foothills of the Himalaya mountains. The shells and bones of these extinct creatures, which occasionally wash out of the ravines where they have been buried for ages, prove that they were more than twice as large as any specimen of the tortoise family which now exists.

Blinded by Explosion.  
Cobalt, Sept. 21.—While working underground Thursday at the Cobalt Central Mine, James O'Donnell of Ottawa was engaged in picking loose rock off the walls of the drift. One of his blows struck a blind hole and he missed fire and the explosion followed. One piece of rock penetrated his eye and it was impossible for the doctor to remove it. Slight injuries were inflicted on the face, but no wounds sustained on the body. He was removed to the hospital in Ottawa.

Killed Boarding Freight Train.  
Windsor, Sept. 21.—While trying to board a Wabash freight at Walkerville, a man named McDonald fell under the wheels and received such injuries that he died before reaching the hospital. The body was almost severed at the hip.

## GREATLY EXAGGERATED.

Force Not Used During Hindoo Incident at Bellingham.  
Portland, Ore., Sept. 21.—A dispatch from Olympia says that the disorders at Bellingham several days ago, which caused an exodus of Hindoos from that place, has been brought to the attention of the State Department at Washington by the British ambassador.

Enquiry through official channels resulted in telegrams from the mayors at Bellingham and Everett, stating that no force had ever been used, and that press reports were much exaggerated. No trouble was anticipated under present conditions.

Rockefeller's Stake in Oil.  
New York, Sept. 21.—A record of the present stockholders of the Standard Oil Co. of New Jersey, part of which was placed in evidence yesterday in the federal suit against the oil combine, disclosed that John D. Rockefeller owns 247,643 shares of stock and that his holdings are almost five times larger than those of any other individual interest. The record shows that since the dissolution of the Standard Oil trust Mr. Rockefeller has disposed of nearly 10,000 shares. Based on the present market value of \$40 for Standard Oil stock, Mr. Rockefeller's interest in the company is valued at about \$19,000,000.

Burglars Were Foiled.  
Delhi, Sept. 21.—Burglars secured an entrance to the postoffice Thursday night, but before securing anything they were surprised by George Molson.

One man fired at Mr. Molson, the bullet passing through his hat. Several shots were exchanged, and the men got away.

Operators to Be Heard.  
Ottawa, Sept. 21.—The enquiry under the Lemieux Act into the matters at issue between the Canadian Pacific Railway Co. and the telegraphers will open in Toronto on Monday next.

## TORONTO POSTMASTER DEAD.

Mr. T. C. Patterson Succumbs After Brief Illness.

Toronto, Sept. 21.—Thomas C. Patterson, postmaster of Toronto since February, 1879, died shortly after midnight, after a few days' illness, from pneumonia. It was not until yesterday morning that fears were entertained that he would not recover. He sank steadily throughout the day. The late Mr. Patterson was born at Patney, Wiltshire, Eng., on Oct. 5, 1836. He was a King's scholar and captain of his division at Eton. Proceeding to Martin College, Oxford, where he won an open scholarship and graduated in honors in 1858. In 1871 Mr. Patterson became first managing editor of The Mail, established in that year as a Conservative paper, and prior to that held several minor appointments under the Government. He was appointed postmaster of Toronto by Sir John A. Macdonald.

Mr. Patterson was much interested in thoroughbred horses, and a recognized authority on pedigrees. To him was largely due the formation of the Ontario Jockey Club and the inauguration of racing at the Woodbine track. At one time he owned several racehorses himself.

## CANNOT BUDGE TENANT.

So McGill College Must Do Without Medical Building.  
Montreal, Sept. 21.—At a meeting of the governors of McGill College held yesterday it was found that the college could not go on with the erection of the new medical building owing to the fact that the present tenant refused to leave until his lease expired.

Lord Strathcona has formally conveyed the site to the college, but until the tenant is met in some way, the college will have to do without the new building. It was also arranged on a report from the new Macdonald Agricultural College that the school for teachers should open on Oct. 15, that of household science on the 17th and the school for agriculture on the 22nd. Already so many applications have been received that the women's residence will be taxed to its full capacity, while the men's residence will be more than half-filled.

## MOORS STOPPED COURIERS.

Maintained Them, But Released British and Germans.  
Tangier, Sept. 21.—Eighteen of the mounted Moors belonging to the force gathered around Raisuli recently stopped couriers of the diplomatic corps, who were on their way from Fez to Larache, and after maltreating them, released the couriers of the British and German legations. The mail bag belonging to the French legation was rifled.

Armistice Extended.  
Casablanca, Sept. 21.—The hostile Moroccan chiefs, who have been negotiating for peace, did not appear before Gen. Drude yesterday afternoon, and the armistice was extended until today.

Sultan Dismisses Ministry.  
Tangier, Sept. 21.—The Sultan, Abdel Aziz, dismissed his Ministry.

## VERVILLE AGAIN PRESIDENT.

Trades and Labor Council Elect Officers at Winnipeg.  
Winnipeg, Sept. 21.—Alphonse Verville was re-elected president of the Trades and Labor Congress yesterday. Robt. Hungerford of Toronto was also nominated, but withdrew. James Simpson was re-elected vice-president, and P. M. Draper, secretary; W. H. Trotter was elected fraternal delegate to the American Federation of Labor; J. C. Waters, Victoria, vice-president; British Columbia; J. H. Lehaney Coleman, vice-president, Alberta; W. J. Bartles, Winnipeg, vice-president, Manitoba; Fred Bancroft, Toronto, vice-president, Ontario; J. T. Joy, Halifax, vice-president, Nova Scotia; Gustave France, Quebec, vice-president, Quebec.

Professor Matched the Boss.  
Boston and Cambridge people of an earlier day remember well Professor Child of Harvard, a scholar who was likewise a live man. They tell with great gusto a story about his faithful attention to city politics. Professor Child always attended to his duties as a citizen of Cambridge. One night he went to a ward meeting at which a boss began to put forth some of his warped ideas. The college professor was speedily on his feet and scathingly denounced the boss and his methods. After the meeting was over the good natured boss, just to show that he bore no ill will, met the scholar on the stairs and, genially handing over a cigar, said, "Have a smoke, profess?" His antagonist straightened up, took the cigar and said with great dignity, "Yes, I'll match you in any of your lesser vices!"

Didn't Get a Patent.  
Among the strange applications which reach the patent office one filed some years ago was most extraordinary, it being a petition for a patent for an anti-guard which consisted in merely drawing a chalk mark around a table or other place by which it was claimed the approach of ants was stopped. It seems that chalk makes an ant's legs slip as soaping a track prevents a railway engine from starting. The petition was novel and caused considerable amusement. The application, however, was refused on the ground that there was nothing new in the invention, that chalk had been used for such purposes before and that such ideas were not patentable.

## MELONS IN STORAGE.

How a Rural J. P. Decided a Suit Between Neighbors.

Problems worthy of Solomon's acumen are often submitted to these rural arbitrators, justices of the peace. In the Macon county (Mo.) archives is a case of this sort:  
Timothy Kain, a farmer of Easley township, set out some watermelon vines which grew so luxuriously that they trespassed upon the field of his neighbor, Felix Hopper. When gathering time came Kain's attempt to harvest his runaway product was rebuked by Hopper and his shotgun. The controversy got into court, and Squire William Easley, for whom the township was named, was asked to decide the ownership of ten watermelons worth 15 cents apiece. The lawyers for Kain read books to show that his rights of property followed the vines cleared into the next county should they travel so far. Hopper's lawyers produced equally sound reading to prove that Hopper was entitled by law to anything that camped on his premises. It wasn't Hopper's fault, they said, if the vines wanted to spread out and go visiting. He had the same right to them that he would have to a colony of honeybees that might get tired of being with Kain and concluded to move over and make honey for Hopper.

Squire Easley let the lawyers spout until they had read through all their books; then he arose to his six feet and said:

"Mitchell has read books that make it absolutely certain them melons belong to Kain. I hadn't any doubt in the world about that till Guthrie here got up and turned Mitchell's law bottom side up. There's no question but what there's enough law in the books for both Kain and Hopper, and that ought to make 'em happy. The court decides under the circumstances that with the law deciding both ways there's nothing to do but to hand out justice as he sees it. The judgment of the court is that those are Kain's melons."

"Thank you, your honor," said Mitchell, arising and bowing.

"But that he's indebted to Hopper 20 cents apiece for storage," finished the justice.

"But, your honor," said Mitchell indignantly, "you can't do that. They haven't filed any claim for storage. Besides, you're allowing them more for their melons than they're worth on the market."

"The court will take judicial notice of the defendant's rights, offset or no," said Squire Easley, with some asperity. "And your own evidence shows Hopper was diligently guarding Kain's property for him. That's worth something."

"Guarding it?"  
"Yes, Kain himself testified Hopper was there with a shotgun when he climbed over the fence."

Nervousness, Dyspepsia, Indigestion, and kindred ailments, take wings before the healing qualities of South American Nervine. Thomas Hoskins, of Durham, Ont., took his preacher's advice, followed directions and was cured permanently of the worst form of Nervous Prostration and dyspepsia. He has recommended it to others with gratifying results. It's a great nerve builder.

His antagonist straightened up, took the cigar and said with great dignity, "Yes, I'll match you in any of your lesser vices!"

Didn't Get a Patent.  
Among the strange applications which reach the patent office one filed some years ago was most extraordinary, it being a petition for a patent for an anti-guard which consisted in merely drawing a chalk mark around a table or other place by which it was claimed the approach of ants was stopped. It seems that chalk makes an ant's legs slip as soaping a track prevents a railway engine from starting. The petition was novel and caused considerable amusement. The application, however, was refused on the ground that there was nothing new in the invention, that chalk had been used for such purposes before and that such ideas were not patentable.
