I Will.
 I will start now this morning with a lighter
 heart.
 I will cease to stand complaining of my mis-
 fortune.
 I will come to my work with a smile and
 cheer.
 I will waste no moment weeping and my heart
 shall be glad.
 I will look upon my adversity as the best
 thing that could happen to me.
 I will search for hidden beauties that elude
 the ordinary gaze.
 I will try to find contentment in the path that
 I must tread.
 I will cease to feel disappointed when another
 fortune comes my way.
 I will make every day my own.
 I will try to be the bestly before my
 fellow-men.
 I will find peace and joy and be un-
 concerned with fate.

Rosy Cheeks, Strong Nerves.
 SHOULD BE THE BIRTHRIGHT OF EVERY
 WOMAN AND GROWING GIRL.
 Many women and growing girls
 who should have bright eyes, rosy
 cheeks, strong nerves and elastic
 step, and a good appetite, are seen
 to decline in health. Their spirits
 grow sluggish, the cheeks become
 pale, temper fitful, and the nerves
 over sensitive. They may have in-
 herited a tendency to ill health, or
 they may have over-worked, over-
 exercised, and over-strenuous.
 The body was not equal to the de-
 mands made upon it.
 To guard against a complete break-
 down in the health the blood must be
 kept pure and rich. No other med-
 icine can do this so well as Dr. Williams'
 Pink Pills; for they act both on the
 blood and nerves, restore the ap-
 petite and keep every organ toned
 up. All women cannot rest wherever
 they should, but this strengthening
 medicine is within every woman's
 reach, and will keep them in the en-
 joyment of good health. And it is
 especially important that in every
 stage of woman's life the blood sup-
 ply be kept pure and rich. The value
 of Dr. Williams' Pink Pills is well il-
 lustrated by the case of Mrs. David
 Chambers, Bensford, Ont., who says:
 "Some years ago I suffered greatly
 from impoverished blood. I was very
 weak and thin and had no strength
 left. I took a lot of doctor's medicine,
 but getting no benefit, and at last
 decided to try Dr. Williams' Pink
 Pills, which I had heard highly re-
 commended. It was not long before
 I began to feel better, and before
 long my health was fully restored,
 and although some years have passed
 I have continued strong and healthy,
 and I think I owe it entirely to Dr.
 Williams' Pink Pills.

Elements of Successful Living.
 In no kind of struggle that we are
 aware of, has the survivor failed to
 make the best use of his advantages,
 and quite naturally the mail order
 house had prompt resort to every
 means of "vainglorious lying within its
 reach"; it had the intelligence to ob-
 serve that the "business" was
 to be known of any kind of struggle
 in which the survivor did not know
 the weak-points and the strong points
 of the enemy. So in trade, the mail
 order house has intelligently used all
 the means of business advancement
 and it has attacked small stores at
 their weak points. Owners of small
 stores must know, then, that if they
 are going to fight the mail order
 house, full knowledge of its weak
 and strong points is necessary,
 just what these are we need not for
 the present elaborate. But we may
 say that wherever there are successful
 small stores, these things are well
 understood and practiced.
 It is "small" order method, the most
 profitable element in advertising. It is
 simply impossible for such a concern
 to send out a catalogue attractively
 worded, displayed and illustrated,
 without getting back business enough
 to more than compensate for the
 trouble and outlay. The same thing
 applies to newspaper advertising.
 This is proven by experience, and the
 method is paralleled in business in
 small retailing where one can put up
 a good argument in a public manner
 should get all the business he can
 take care of. We know of many who
 are doing this, and who retailers
 realize how important publicity is,
 they will complain less of the faro-
 side of the mail order house; for the
 mail order house has many points in his
 favor. It is not advertising, that is
 only means to be persuasive in his
 advertising to get the business.—Mar-
 time Merchant.

Do It Now.
 The saddest cry that ever came
 from a human heart was uttered by
 Richard II.
 "I wasted my time and now doth
 time waste me."
 Richard was a king; he had had a
 king's opportunities. He had buried
 his talents in the ground and was
 judged for his weakness. The talent
 was taken from the appreciable man-
 arch and bestowed upon the energetic
 Bolingbroke.
 He is not alone. Dawn the ages
 have seen a myriad of such utter-
 ing the same tragic moan. "Time wasted
 can not be recalled; a year mis spent is
 worse than if a man's life had been
 shortened by a year. He has missed
 opportunities and formed habits in
 that time that injuriously affect his
 whole existence.
 The difficulty with most men is
 that they act as though life were to
 have no ending, and as if they were
 on earth for eternity. Tomorrow is
 ever on their lips. Deferring action
 has caused the loss of fortunes, the ruin
 of lives. "Do it now" should be the
 watchword of every individual. "Do
 not love life!" said Benjamin Frank-
 lin. "Then do not squander time, for
 this is the stuff life is made of."
 Longfellow expressed the thought in
 his Psalm of Life, "Art is long and
 time is fleeting." To acquire emul-
 ence in any walk of life time is a
 great factor. There are no doubt
 hundreds of sculptors, painters, poets
 who lived to the world for every one
 who was recognized. The one who does
 is the one who knows the value of
 time.

Minister Praises Zam-Buk.
TELLS HOW IT CURED HIS WIFE'S BAD COLIC.
WHEN EVERYTHING ELSE HAD FAILED.
 Rev. Henry J. Munton, of Black-
 talls, Alta., writes: My wife had a
 very bad sore foot, which it seemed
 impossible to get anything to heal.
 The sore would heal to a certain point
 and then fester again, and so on. I
 procured a box of Zam-Buk, and after
 persevering with this herbal balsam for
 some time the sore was completely
 healed.
 We were so grateful for this cure,
 and Zam-Buk acted so differently to
 any other of the numerous remedies
 we had tried that I thought you ought
 to know of this case. I have since
 recommended Zam-Buk to several of
 my parishioners, and it always gives
 satisfaction.
 Another instance in which Zam-
 Buk proved of unequal value is told
 by Mr. N. L. Gerry, of Brandon,
 Man. He says: "I had my left foot
 over by a wagon loaded with wheat.
 The foot was very badly
 crushed, and my little toe and the
 next to were laid open. I applied
 Zam-Buk, and only had to miss work
 for two days. Zam-Buk healed the
 wound so quickly that on the third
 day I was able to put on my boot and
 walk to my work. In a very short
 time my toes were quite healed, and
 the foot is now as sound as ever,
 thanks to Zam-Buk."
 Just as good for chronic sore, ul-
 cers, piles, blood poisoning, burns, scalds,
 eruptions, eczema, and all skin in-
 juries and diseases. 50c. box at all

Fox Farming.
 The latest publication of the Dom-
 inion Conservation Commission, an
 attractive illustrated volume, gives an
 account of Fox Farming in Canada.
 In the Vancouver News Advertiser is
 an instructive review of this report,
 from which an extract may be quoted.
 The best fox skins now sent to the
 European market, the report states,
 comes from stock bred in Prince Ed-
 ward Island ranches. Fox breeding
 is becoming so popular that there is a
 demand for all high-class silver or
 black foxes for breeding purposes.
 For these the price has steadily ad-
 vanced. In 1910 the first general
 sales were made at \$4,000 a pair. In
 1912 the price rose to \$5,000 and in
 1913 \$10,000 was asked at lotting
 time. This price was paid in August
 for a pair. The young were sold the
 same year for \$200,000. In September
 last year the ruling price for a good
 pair of pups was \$8,000. By Decem-
 ber it was \$12,000 to \$13,000, while
 old, proved breeders were valued at
 \$18,000 to \$15,000 the pair. The re-
 port also states that a million or more
 has been received for foxes by a few
 Prince Edward Island farmers who a
 few years ago, possessed only morn-
 gated farms and a few foxes. Of this
 only \$20,000 was paid for skins. It
 is estimated that there are now in all
 Canada 247 fox ranches, of which 200
 are in Prince Edward Island, 21 in
 Ontario and Quebec. The pure sil-
 ver or black foxes in captivity num-
 ber 600, of which 600 are in Prince
 Edward Island, 62 in Nova Scotia and
 New Brunswick, 70 in Ontario and
 Quebec and 13 in the West. There
 are also in captivity 500 cross and
 1,457 red foxes.

School for the Blind.
 We have before us the forty second
 report of the Board of Managers and
 Superintendents of the School for the
 Blind, Halifax. This is one of our
 public institutions that deserve the
 hearty support of all our philanthro-
 pic citizens. We note that the expen-
 ses last year exceeded the income by
 over two thousand dollars. In this
 bill no estimate was made for the cost
 of the building equipment or for de-
 preciation. The two amounts sim-
 ply represent the actual cash receipts
 and cash disbursements.
 During the past year there have
 been one hundred and thirty-five
 pupils enrolled in the school, sixty-nine
 of them are males and sixty-six fe-
 males. The scholars in attendance
 are from Nova Scotia, Newfoundland,
 New Brunswick and Prince Edward
 Island.
 The veteran Superintendent, Mr.
 C. F. Fraser, who this year received
 the thanks of the Local Legislature
 for his splendid work on behalf of the
 blind of this province, calls attention
 to the fact that from twenty-five to
 thirty per cent. of the cases of blind-
 ness of the pupils in attendance at the
 school is due to preventable causes,
 and is the direct result of disease of
 the eye, which if properly looked after
 when it first makes its appearance,
 can be readily cured. The Nova
 Scotia Legislature two years ago
 passed an act, two clauses of which
 are of great importance. They are as
 follows:
 "If one or both eyes of an infant
 less than three weeks old become red,
 swollen, or show an unnatural dis-
 charge, the midwife, nurse, mother,
 or other attendant on said infant,
 shall immediately notify a registered
 practitioner of medicine. If the mid-
 wife, nurse, or other attendant refuse
 or neglect such notification, he or she
 shall be liable to a penalty of not less
 than fifty dollars and not more than
 one hundred dollars.
 "The practitioner of medicine thus
 notified or who shall become aware of
 the symptoms above described, shall
 at once notify the Board of Health for
 the district in which the patient re-
 sides. In default of such notification,
 he shall be liable to a penalty of not
 less than twenty-five dollars and not
 more than one hundred dollars."

A Romance.
 He met her in the meadow
 As she was strolling slow
 They walked along together
 In the twilight afterglow;
 She looked at him gallantly
 He looked at her,
 Her soft eyes bent upon him
 As radiant as the stars;
 She neither smiled nor thanked him,
 In truth she knew not how
 For he was but a farmer's lad
 And she a Jersey cow.
 Whoever figures on 'the to-mor-
 row' is an investor.

Japanese Beauty Ways.
 In Japan one never sees a creature
 of the feminine sex with a blotchy
 face. Always the skin is as smooth
 and clear as in a fair spring
 morning. There is a reason for this,
 and it is what you read on, 'you will
 know what it is.
 Japanese women live practically
 out of doors. Even when in the house
 there is only a sheet of thin paper be-
 tween them and the outer world.
 Then, too, it is not the custom in
 that faraway country to eat much
 meat or pastry. The Japanese girl is
 brought up on fresh vegetables and
 fruits—simple fare, but beautifying
 withal.
 It is said that Japanese women
 bathe often than the women of
 European countries, and we all know
 what soap and friction will do
 for the skin. Would you like to
 know whether they favor the hot
 or cold bath? Yes? Then be not dis-
 appointed when I say that the tepid
 bath is the favorite with the Japa-
 nese man or woman.
 "You will never find a Japanese wo-
 man committing the folly of wearing
 snug clothing. She clings to her
 pretty gowns, which neither
 binds or restricts. I think she real-
 izes that when the circulation is im-
 peded, the skin grows red and blotchy."
**Most Prompt and Efficient Cure for
 Bad Cuts.**
 "What you have a bad cold you need
 a remedy that will not only give relief,
 but effect a prompt and permanent cure,
 a remedy that is pleasant to take, a
 remedy that contains nothing injurious.
 Chamberlain's Cough Remedy meets
 these requirements. It acts on Nature's
 plan, relieves the lungs, aids expectora-
 tion, opens the secretions and restores
 the system to a healthy condition. This
 remedy has a world wide sale and
 used and always be depended upon. Sold
 by all dealers."

Woman's Place in the Home.
 Nothing more urges an advanced
 or emancipated member of the sex
 that was always termed 'gentle' until
 the militant suffragists gave her the
 idea, than the assertion that
 woman's best place is at home, says
 the New York Herald.
 Nevertheless, this is a profound and
 unanswerable truth. The best place
 for women is certainly at home. It
 is also the best place for children, and
 above all, it is the best place for man.
 The children who spend their evenings
 at home are, largely speaking,
 docile and well behaved, and on the
 fair road to honorable citizenship. As
 for the man who stays at home in-
 stead of 'going out to meet a party
 down street,' he seldom gets into
 more trouble than in the natural in-
 heritance of the race. Unquestionably,
 home is the best place for women and
 for everybody else, too.

Slight Misunderstanding.
 A man who had bought some
 pigs, and he asked his neighbor for
 the use of a pen for a few days.
 "I have just been purchasing those
 twelve—two thousand and a piglet. I
 want to put them in your pen till I
 can fix a plath for them."
 "Two thousand pigs? exclaimed the
 astonished neighbor. 'Why my pen
 will hardly hold a dozen!'"
 "You don't understand me, Mither
 Bent. 'I don't say two thousand
 pigs, but two thousand and a piglet.'
 "I hear you," said Mr. Bent. "Two
 thousand pigs! 'Why, you must be
 crazy!'" And the isper gave it up—

Causes Much Disease.
 Don't neglect indigestion, for it
 may lead to all sorts of ill and com-
 plications. An eminent physician
 once said that ninety-five per cent
 of all life have their origin in a dis-
 ordered stomach.
 Our experience with **Renall Dyspepsia**
 Tablets leads us to believe
 that it is the most dependable
 remedy known for indigestion and
 nervous depression. Its ingredients
 are nothing but the refined
 elements of the stomach. Rich
 in Pepin and Bismuth, two of the
 greatest digestive aids known to
 medicine, it relieves the system
 of every impurity. Used permanently
 and regularly for a short time, they
 tend to relieve pain caused by
 indigestion.
Renall Dyspepsia Tablets help
 insure healthy appetite, aid diges-
 tion, and promote nutrition. As
 evidence of our faith in them, we ask
 you to try them at our risk. If they
 do not give entire satisfaction, we
 will return the money you paid us
 without question or formality. Please
 insist that you receive the genuine
 product. You can buy **Renall Dyspepsia Tablets**

Sleepless Nights Tell of Exhausted Nerves

Sleeplessness may arise from a variety of
 causes, but it is most common to persons who
 are nervous or whose nerves are temporarily
 deranged. Complete insomnia quickly ends in
 death.
 So long as the nerves and brain are excited
 or irritated sleep is impossible. When your inter-
 est is so little taken up with other things that
 you begin to yawn you recognize this as a sign that you are
 ready for sleep. Fatigue is
 upon you, and you are ready to
 dismiss all other matters and
 seek the restoration of Nature.
 Persistent sleeplessness comes
 as a warning that your nerves
 are out of tune. Dr. Chase's
 Nerve Food does not produce
 sleep by deadening the nerves,
 but it does remove the sym-
 ptoms naturally by restoring the
 nervous system to health and
 strength. Continued sleepless-
 ness means a tremendous loss
 to body and mind, for during
 the sleeping hours Nature
 makes good her vitality con-
 sumed in the day's work.
 "When you are subject to
 sleeplessness you can usually
 find other symptoms of nervous
 exhaustion, such as
 headache, indigestion, nervousness and irrita-
 bility, loss of memory and difficulty in con-
 centrating the mind.
 These warnings are not to be lightly over-
 looked, for they tell of approaching prostration
 or paralysis. There is nothing like Dr. Chase's
 Nerve Food to build up the exhausted nervous
 system. In a few days the nerves are so

steadied and composed that you sleep well, and
 by patient and persistent treatment health is
 fully restored.
Misery of Sleeplessness
 Mr. Dennis Mackin, Maxton, Sask., writes:
 "I have just finished using the sixth box of Dr.
 Chase's Nerve Food, and I must say that
 I commenced using it in my nerves were so
 that I could scarcely get any
 sleep. I would lie in bed
 all night without sleeping,
 and one who has this trouble knows
 the misery of sleepless nights.
 The Nerve Food helped me
 from the start, and has built up
 my nervous system wonder-
 fully. I enjoy good, sound
 sleep, and instead of feeling tired
 in the morning, I am strong
 and healthy and well fitted for
 my daily work."
Could Not Rest or Sleep
 Mr. F. A. Krutz, Schwartz,
 Que., writes: "For about one
 year before using Dr. Chase's
 Nerve Food I was a complete
 nervous wreck. Could not rest
 or sleep, was irritable and
 nervous, and had indigestion
 and a general feeling of
 gloom. My nerves were continually on edge,
 and I feared prostration or paralysis.
 After the first three boxes of Dr. Chase's
 Nerve Food I felt greatly improved, and six
 boxes made me entirely well and strong. There
 was no treatment in the world save Dr. Chase's
 Nerve Food means of building up the
 nervous system."

Real Christian Manhood.
 To walk straight and upright in
 the path of duty as that duty appears
 and looking neither to the right nor
 to the left nor behind, but with steady
 fast eye fixed on the goal; to regard
 neither pleasure nor pain, personal
 loss or gain; to be unmoved by the
 flattery of friends or the sharp criti-
 cisms of others; to keep the heart
 free from all unkindness and full of
 brotherly patience and charity, and
 faith and hope and good cheer; and
 undaunted by difficulty and un-
 daunted by danger, to press ever up-
 ward and onward—this is heroic,
 noble Christian manhood, and the
 standard that is approved by the
 Master, and that ultimately wins the
 higher part of the windpipe and causes
 roaring.

THE ACADIAN.

WOLFVILLE, N. S., MAY 23, 1913.

Editorial Notes.

Special interest attaches to this year to Acadia's closing in that the seventy fifth anniversary will be marked by the exercises of next week.

This is Empire Day. It is not a public holiday, but it should be observed in some appropriate manner, especially in the public school.

'O Lord our God arise, Scatter his enemies, Make us from plagues and death, And over all the earth Let there be peace.'

Notes from the Nova Scotia Agricultural College.

In accordance with the legislation for the encouragement of horse breeding passed by the Nova Scotia House of Assembly in 1912, all stallions offered for public service in Nova Scotia are required to be enrolled with the Nova Scotia Department of Agriculture.

The law in regard to the enrollment of stallions was amended during the past session and for the year 1914 provision has been made for Optional Inspection for soundness, according to which any owner of a stallion wishing to have his horse inspected can have this done and a certificate issued in accordance with the report of the inspection by applying and by paying the necessary fee to the Department of Agriculture.

The correspondence received at the Department of Agriculture indicates that the present law is endorsed by the leading horsemen of the Province who evidently consider that it is a step in the right direction. The amended law, which will go into force in 1914, will strengthen the present one and will, it is anticipated, lead to a marked improvement in horse breeding in the Province of Nova Scotia.

Well Satisfied with Baby's Own Tablets.

Mrs. John Kenny, St. Norbert, Man., says: 'I have used Baby's Own Tablets and am well satisfied with them. Thousands of other mothers say the same thing simply because there is no medicine for little ones equal to the Tablets. They act as a gentle laxative, regulate the bowels and stomach, break up colds, expel worms and make teething easy.'

The Department of Agriculture at Truro has recently issued a bulletin on the San Jose Scale. This publication gives a brief outline of the history of this serious insect pest, how to recognize it, how it is distributed, and how it may be controlled. Copies of this bulletin may be had free by application to the Secretary of Agriculture, Truro, N. S.

A Disastrous Session for the Local Government.

PREMIER MURRAY AND HIS COLLEAGUES REALIZE THAT THE END OF THEIR RULE IS NEAR AND THE RECORD OF THE SESSION SHOWS IT.

Halifax, May 17th.—With the opening of the session of the Provincial Legislature which closed this week, it was remarked in this correspondence that it was evident on all sides that the days of the Murray Government were doomed. Now that the session is over this conviction is more general than ever, and more universally accepted, as a coming certainty. The government themselves show that they feel the condition into which they have fallen. It can be seen in their every movement that they are on the defensive, and that there is no help for it. Age and senility have taken hold upon the Murray cabinet. Thirty-one years of continuous liberal rule has proved far too long, and as Premier Murray once said, the inevitable consequences of such a protracted period of power have resulted in mismanagement. The government has lost confidence in itself and no wonder that they have no place in the respect of the opposition or of the people at large.

WORSE AT THE CLOSE THAN AT THE START.

Beginning the session in a frame of mind like this the experience of the thirteen weeks during which the government were face to face with the opposition placed them still deeper in the mire of dependency. It was indeed a severe handling that was meted out to Premier Murray and his colleagues and the government went down the toboggan slide with dread celerity—dread for them but with hope for the interests of this province when they shall have disappeared.

THE FIRST OF MANY ATTACKS. The first new reminder to the government that their end is approaching came on the first day of the session when J. S. O'Brien was introduced by Mr. Tanner and was sworn in. Mr. O'Brien was the conqueror on Antigonish in spite of the combined efforts of Premier Murray and all the stalwarts that could be brought down from the grip opposition at Ottawa. It proved a mistake for Mr. Murray—that election did—for it was not only a defeat for the government but a personal reverse for the premier.

CROWN LAND MALADMINISTRATION. Then came the exposures of malfeasance in the administration of the crown lands in charges brought first by Messrs. Douglas and Batts, and followed by Mr. Margeson who told of the sacrifice of lands in Western Nova Scotia. The vast areas of lands of this province have been wasted till only a small part remains of the heritage that still should be ours. In the east and in the west, in Victoria and in Inverness, Lunenburg and Annapolis, it is the same story of mismanagement, wilful waste and corrupt bargaining by the government in respect to the crown lands of the province.

The government felt the attack. They staggered under the blows the opposition raised upon them. Feeling the weakness the government put up the member for Guysboro to make a violent attack on the federal government on the subject of the Guysboro railway but they became more anxious to drop the subject than they had been to open it up when the crushing reply of the opposition leader was heard. The government retired in evident confusion.

The ineffectiveness and failures of the government's policy of "immigration" was exposed at a later stage in the session.

GOVERNMENT FARM SCANDAL.

Then came the exposure of the mismanagement of the provincial farm at Truro where the tuberculosis by negligence and worse was allowed to become so rampant that the Dominion government officials have now taken charge of the tests for the disease, after the country had been exposed to the contagion by the local government officials by contaminated herds, eighty per cent. of the animals on the farm being affected and a score of the once valuable animals slaughtered and buried on the farm. The house saw W. L. Hall, the member for Queens, completely shatter the case which a partisan majority of the committee had constructed to "whitewash" the government. Mr. Hall tore down the government fabric, and exposed in all its nakedness the vicious record of the government in this respect.

HALIFAX TRAMWAY LEGISLATION.

The opposition held a firm hand on the government while the exposures were made, and then when the Robert legislation was attacked, serious proposals were made on their majority in the first notorious Robert bill the government had to drop the measure; the second attempt to invade the rights of the people of Halifax Premier Murray and enough of his supporters were forced to vote with the opposition. But the people, in the end, were badly betrayed by the government, which passed the third Robert bill.

A LESSON OF THE STRIKE.

The indignation of the people at this Robert act was shown, in one way, by the disturbances in connection with the street railway strike. The almost unanimous feeling of sympathy for the strikers was only a method of voicing their indignation at Premier Murray's legislation.

There is no doubt about it—the day for a change in the government of Halifax is not far off.

Wolfville Lady Mourned.

In a home where the shades are closely drawn, and where a faint gleam of light filters through to the chamber of sorrow, lies a mother cold in the clasp of death with her little baby resting by her side. Shortly after the ushering in of a new-born day this morning the soul of the little one took its flight to that realm where it joined the angel throng, and a few hours later, when the soul of the mother left this vale of earthly pain and suffering, baby pulled aside the portals and awaited the coming of her who is now united in life everlasting with her little one.

Maritime Nail Bonds. Maritime Nail Boxes have ever been a popular issue with our clients. Recent reports of the Company's progress are so extremely favorable that we're sure other investors will also want some of these really good bonds.

Over our private wires a message came yesterday reporting that the Maritime Nail Bonds may have 4 per cent more unfilled orders on its books than at this time last year. Improvements recently installed have reduced manufacturing costs by 75 per cent and at the same time increased the output by 30 per cent with the same overhead expense. In addition a successful trip to the Cascades; Fox Breeding in Prince Edward Island; Article VI of Small Fur Beavers and How to Take Them; The Diary of a Canoe Trip in 1854 (continuation), etc., etc.

May Rod and Gun. May Rod and Gun in Canada (published by W. J. Taylor, Limited, Woodstock, Ont.) is out with a varied list of contents. Among the articles noted are, A Blaze on a Portage, which will strike a responsive chord in many hearts; Ater the Giant Mascallonge of Anchor Bay, an entertaining tale of St. Clair Plate; A Canoe Trip to the Great Opeongo Lake District, a well illustrated story of a somewhat strenuous trip in Algonquin Park; A Southern B. C. Goat Hunt, an account of a successful trip into the Cascades; Fox Breeding in Prince Edward Island; Article VI of Small Fur Beavers and How to Take Them; The Diary of a Canoe Trip in 1854 (continuation), etc., etc.

Mrs. John White, of Wolfville, died at the Victoria General Hospital, Halifax, on Wednesday, following an operation for appendicitis. She was formerly Miss Saltman, and was married to Mr. White only a few months ago. The remains were brought home yesterday for burial. To the sorrowing husband and other friends we extend sympathy.

Acadia Academy Cadet Corps Inspection.

The Acadia Academy Cadet Corps completed the work of the year and passed inspection on the University Campus on May 18th. Major Outhit, the official inspector, was accompanied by Lieut. Col. N. H. Parsons, both being in official uniform. The cadets gave some very creditable exhibitions of marching, drill, signalling, and skirmishing, in all of which they gave evidence of the careful training which they had received during the year from their instructors, Mr. W. C. Lawson, of the Academy staff. The arms and equipment were inspected and found to be in good condition. At the close of the inspection Messrs. Outhit and Parsons and Principal Archibald dined with the students, on which occasion in a number of short speeches, the students were complimented on the work of the day and were given some wholesome and profitable advice. The total enrollment of cadets during the year was 115 and a goodly percentage of these made commendable progress in their training. It is probable that a number of boys of this cadet corps will attend the shooting competition at Redwood and the cadet camp at Aldershot in August next. Much credit should be given to the company leaders, Messrs. George Cox, Charles Webster, Leslie Manning, Arthur Cook, Raymond Acker, and Harold Benjamin for the enthusiastic way in which they cooperated with their instructors during the year.

Port Williams.

The Baptist church is undergoing changes and improvements which it is expected will add very much to the pleasure of the congregation. While these changes are being made the services are being held in the Episcopal church. Next Sunday the services will be at 7:30 p. m., instead of 7:35. Our enterprising citizen, Mr. Silas L. Gates, is erecting a large, new building on his property here to accommodate his stock of barrel material. He is also building a boarding-house for the accommodation of the men in his employ.

Tabernacle Society.

The eleventh annual meeting of the Tabernacle Society was held at the Tabernacle on Thursday evening, the 15th inst.

The report of the Executive Committee, Superintendent of the Sunday School and Treasurer showed that the work was in a healthy condition.

The Sunday evening services have been continued through the year and the Tuesday evening services during the winter months. During the absence of the students, the ministers residing in the town have conducted the Sunday evening services. After the opening of the College, Bro. H. E. Aitahy, of the Senior class, kindly consented to take charge of the Sunday evening services, either speaking himself or securing a satisfactory supply. He also enlisted a number of others to aid in the singing so that the services have been made very interesting and have been well attended.

The Sunday School has held fifty-one sessions. It has an enrollment of fifty-nine. The largest attendance was forty, and the lowest nineteen. The average twenty-nine.

Mr. C. M. Haverstock has an interesting class of boys which he meets once a week as well as on Sunday. Miss Annie Fitch meets her class during the week and gives them instruction in sewing.

The school contributes toward the support of a child in India.

The Treasurer reported the Sunday evening collections \$54.23. Sunday School collections \$21.81. Donations \$91.20, making with balance from last report a total of \$197.04.

The expenditure, including interest, insurance, fuel, light, etc., \$113.92, leaving a balance of \$83.82.

Capt. J. B. Tingley was elected President, Prof. F. R. Haley, Vice-president; Rev. M. P. Freeman, Secretary; Deacon John Caldwell, General Superintendent; A. Cobos, Treasurer; Chas. Patriqua, Sunday School Superintendent; and Prof. Haycock, reported Trustee.

Rev. C. H. Martel, Mrs. Geo. Fitch, Mrs. Kempton and Miss Richardson were appointed a Committee with power to add to their number to do personal work.

Among the forces at work for the moral improvement of our town, we believe the work at the Tabernacle occupies an important place and deserves the sympathy and support of all who desire this moral improvement. The outlook for the Society was never better. Its property, worth between \$1500 and \$1800, is clear of debt except \$200.00 on the mortgage, which we hope to clear off during the year. New helpers are coming forward and the workers are looking and praying for the manifestation of saving power. A. COHOS.

Recent Deaths.

Wolfville people generally extend profound sympathy for Captain and Mrs. Samuel M. Beardsley in their recent bereavement—the death of their eldest son, Harold, which occurred on Sunday last, of appendicitis, following an operation performed by Dr. Westbury, of Halifax, on Saturday night. The deceased was fifteen years of age and a bright and sunny lad, justly popular with his companions during his residence in Wolfville. He was a student of the middle year at Acadia Collegiate Academy last year and did excellent work, carrying off a number of prizes. His parents naturally had high expectations for him and his early death is a heavy blow. The funeral took place on Monday morning, the remains being taken by train to Port Lorne, Annapolis county, his old home, for interment, accompanied by the hearty members of the family. Rev. Dr. Archibald conducted the service at the home, and spoke most feelingly of the lad who had been one of the brightest pupils at his school. There was a very large attendance, the boys of the Academy attending in a body and also the various patrols of Boy Scouts, of which the deceased was a leader.

Mrs. Estelle A. Rand, the widow of the late Dr. Theodore Harding Rand, died at her home in Hwangton, Cape Breton, last week. Mrs. Rand had not been so well as usual for some time but her death was quite unexpected. Mrs. Rand was born June 7th, 1837. She was educated largely at Mt. Holyoke Seminary, where it was then called, and was married to Theodore Harding Rand, Nov. 24, 1861. She has made her home during Dr. Rand's life in Truro, Fredericton, Wolfville, Toronto, and since his death in Wolfville, where she had made a large place for herself in the hearts of many of the residents of the town. Mrs. Rand was a woman of superior culture, and had travelled extensively both in this country and abroad. She was an artist of merit, having written also a very appreciative monograph concerning some of the masterpieces in the National Gallery of the British Museum, a devoted Christian, a true friend, a generous helper, whose life was spent in quiet, unobtrusive ways, none the less helpful. Mrs. Rand will be greatly missed by her immediate relatives, in her church, her social circle and in the wider circle of those who she has so greatly benefited by living. She was a sister, the youngest, of the late Dr. E. H. Brown, C. F. Eaton and Mrs. Johnson Harris.

The funeral service was held at Hwangton Cottage on Tuesday at 2 o'clock. Dr. Simon Spilde officiating. The interment was beside her husband in the Canadian cemetery.

Tan Suede Button Boots, White No-Buck Boots, Tan Suede Button Oxfords, and Tan Suede Pumps are the quick sellers this week at Bonner's.

Personal Mention.

Miss Alice Craig, of Cambridge, spent part of last week in Wolfville, visiting her sister, Mrs. C. A. Patriqua.

Mrs. Shannon and three children, of Prince Albert, Sask., are visiting in town at the home of her parents, Mr. and Mrs. C. R. Bell.

Miss Edna Borden left on Monday for Sackville where she will attend the closing exercises of Mt. Allison University and spend a few weeks with friends.

Mr. Arthur Chute arrived home on Saturday last. Since finishing his studies at Edinburgh he has been making an extended tour of the east visiting the Holy Land and many other points of interest. His many friends are glad to welcome him back to Wolfville.

Rev. Thomas Stewart, D. D., and family, of Halifax, have arrived at their summer home at Grand Pre. Dr. Stewart expects to leave shortly to spend some weeks in Scotland.

Mr. Olin Prestwood, who for the last two months has been a patient at the Springhill Hospital, spent a few days in town last week. He left for Halifax on Friday last, taking his motor boat, which he built here last year, with him.

The Boy Scouts.

The Tournament on Saturday promises to be one of the most interesting events seen in Wolfville, for some time. Full entry lists have been received from Halifax and Windsor.

The names of all the boys entering for the different events appear on the programs now on sale. These will serve as tickets of admission to the camp, and, as they give the names of all the boys taking part, should be interesting souvenirs of the event, particularly to those knowing the boys. These programs sell for the small sum of 10 cents and we ask the public to please purchase liberally. All Scouts are requested to attend the Friday evening meeting this week.

"The County Sheriff" is one of those stirring dramas of the early days on the borders of civilization in which a sweet story is woven from, and tells a story of true love. It allows one to settle comfortably in an orchestra chair and watch the interesting story develop. All the good that is in man comes to the surface. It is the pure soul triumphing in the end by his very trust and honesty. It is the fundamental principle of success and happiness that triumphs. "The County Sheriff" will be the attraction at the Opera House next Thursday evening, May 29th.
