DRESS and MANTLE MAKING

—AT— **The Fashionable West End.**

To the Ladies:

We have during the past two years contemplated the establishment of a Dress-Making Department, in connection with our other branches. The difficulty of obtaining a suitable person to take charge, has, up to the present time, only prevented us from doing so.

We have now great pleasure in informing you that we have secured the services of Miss Morrison, of Toronto, a lady of first-class abilities, highly recommended to us, and we believe eminently qualified to give complete satisfaction in every respect. Miss Morrison has for the past ten years occupied the position of cutter and fitter in one of the leading Fashionable Dress-making Establishments in the City of Toronto.

Orders for these departments will be received on and after Monday next, the 17th of May.

A. O. BUCHAN, Fashionable West End Dress, Mantle and Millinery Establishment.

Town and County News.

LECTURE.—Mr. E. Barrett, G. W. L. of the I. O. G. T., is to deliver a lecture on Temperance in the Good Templars Hall on Monday evening next, 30th inst., to which all are cordially invited. No admission fee.

THE LECTURE TO-NIGHT.—We would remind our readers of the Rev. Prof. Bryo's lecture in the Town Hall this evening, on Manitoba—its physical features, social and religious aspects. The lecture promises to be an interesting one, and we hope to see it well attended.

Y. M. C. A.—The Bible Class in connection with the above Association, which formerly met on Monday evenings, will henceforth meet on every Tuesday at 7:30 p. m. The class is taught by Mr. D. McCras, and all who can make it attend are cordially invited to attend. The lesson for this evening is a recapitulation of the life of Joseph.

THE RAIN.—The long-looked for rain has at last come. Last (Monday) evening it set in quietly, and during the night it rained heavily and almost incessantly.

The parched earth eagerly drank in the blessed showers, and to-day vegetation looks green and much invigorated. The prospect now is that we may have a good deal more rain, but though we have some every day for a week it is all needed.

DOMINION SALOON.—We learn that Mr. Geo. Bookless has leased this saloon, lately occupied by Mr. D. Bunyan, and will open it in a few days. He intends to make it in all respects a first class saloon and restaurant. Being steady, attentive to his business and obliging, we have no doubt Mr. Bookless will meet with success in this his first venture on his own account.

THE 10TH ROYALS.—For some time past troubles have been brewing in the camp of the 10th Royals, and certain irregularities have at last assumed such a magnitude that it comes within our province to allude to them. It is freely reported that serious pecuniary difficulties exist in certain quarters and that certain monies have got into the wrong hands.

On behalf of the citizens, who take a deep interest in the proficiency and success of our volunteer soldiery, it is to be hoped that these ugly rumors can be explained away. In the opinion of many, however, the new Minister of Militia, when appointed, cannot inaugurate his term of office in a more befitting manner than by at once instituting a court of inquiry into the state of affairs said to exist, which if correct demands a prompt punishment for the offenders. A compact is said to have been entered into by certain of the officers, the conditions of which reflect anything but credit on their honor and integrity. We trust that the existing difficulties will be at once arranged, and that the 10th Royals may continue to be an honor to our city and a credit to the country.—Toronto Sun.

A very handsome young fellow from Baltimore assumed a citizen on the street in Staunton, Va., a few days ago, and was sentenced to the chain-gang in default of payment of his fine. While the gang was working near a girls' seminary, the girls caught sight of his handsome face, which so appealed to the sympathies of the tender-hearted creatures that they "chipped in" and paid his fine. He manifested his gratitude by getting beastly drunk.

West Toronto is becoming the scene of numerous and exciting occurrences. On Saturday last there was a suicide by a woman, a man accidentally shot by another, a lad accidentally shot by himself, a man drowned, and a man hurt by a runaway.

A virulent type of small-pox is prevalent at Clatham, Eng.; 39 women having been attacked.

The docks of Cardiff, Wales, constructed by the Marquis de Bute at cost of £30,000 are reported to be on fire.

The discovery of extensive fields of gold at the head waters of the Big Laramie river, and its tributaries, in Wyoming, is reported.

Helmhold, of broken notoriety, is said to be shipping potatoes from Berlin to London.

Mrs. J. V. Noel, of Kingston, a writer on Canadian subjects of some repute, died on Saturday evening, after an illness of two or three weeks.

THIS MORNING'S DESPATCHES

More Fighting in Cuba.

Fire.

The Shah in Woolwich.

The Great Eastern.

London, June 23.—General Sir Henry Rawlinson, President of the Royal Geographical Society, is seriously ill.

At noon on Saturday the Great Eastern was in latitude 53 degrees 35 minutes; longitude 31 degrees 42 minutes. Eight hundred and ninety nautical miles of cable had been paid out. Up to noon on Sunday, at which hour the steamship was in latitude 53 degrees 6 minutes; longitude, 35 degrees 52 minutes, one thousand and fifty-five miles of cable had been laid.

The Shah of Persia, accompanied by a number of distinguished persons, went to Woolwich on Saturday, and visited all places of interest in that town. In the evening he attended the opera.

Cambridge, Ohio, June 24.—A coal tar vat exploded yesterday afternoon in the foundry of C. P. Simons & Bros., and before the alarm could be given the building was in flames. The fire spread to the adjoining building, threatening at one time to destroy that portion of the town. At midnight, however, the fire was under control.

New York, June 24.—Havana special advices report heavy fighting in the Manzanillo district in which the insurgents were uniformly successful, and a number of Spanish soldiers killed. It is reported that minor engagements have occurred on both sides. The insurgent General Garcia is reported to have united the commands of General Diaz, Gonzalez and Pradoll, and with the formidable force thus formed is operating between Bayamo and Manzanillo. Ten prominent Cuban citizens have been banished from Manzanillo by a general order of expulsion.

The Spanish inhabitants of Havana are a good deal excited and excited by the uncertain condition of affairs in the mother country.

Fire in Malton.

TWO MEN BURNED TO DEATH. (Special to the Mercury.)

Malton, June 23rd.—Acheson's Hotel and stables at Malton were destroyed by fire on Friday night. The loss sustained is about \$1,600; the insurance \$1,000. The property is owned by Mr. Acheson, and occupied by Mr. Peacock. The origin of the fire is unknown, but it is supposed to have been the work of an incendiary. Mr. Peacock and family barely escaped with their lives, only saving their night clothes. Two men were burnt to death, namely: Theo. Dawson, who was in the employ of a Mr. Wilson, timber contractor, Toronto; and the other person is supposed to be Mr. Crawford, from Lot No. 27, 4th Line West Chinguacousy, County of Peel. This is the second time this property has been burned down, resulting in loss of life each time.

The Cholera Cases in Nashville.

The following is a copy of a letter sent on the 10th inst. by a prominent physician of Nashville, Tenn., to a brother practitioner in Louisville, and relates to the type of cholera existing in the former city:

"We have a malignant form of cholera morbus in our city, a species of cholera equally as violent and uncontrollable as it imported from Asia. The disease made its appearance without any previous warning, in the old locality known as the Wilson Spring neighbourhood, a hotbed for all epidemics that reach Nashville. As yet it is not epidemic. Our city is in a good condition to diffuse the malarial virus, but it is mainly confined to the southern portion. Violent vomiting is generally its commencement, soon followed by copious liquid evacuations. In the first cases that appeared the matter thrown up contained bile, as also the first and second evacuations, but it soon changes to a colorless rice-water discharge, and after two or three evacuations the patient collapses and is urged rapidly to dissolution. There is not a convulsive state, but the appearance of an Asiatic cholera corpse. In almost all of the fatal cases to the 7th inst., the exciting cause of the same was traceable to a hearty meal of this year's new vegetables. In a meeting we compared notes, and almost every fatal case was traced back to imprudence in using vegetables. Hence I still hold out that we have a severe malignant form of cholera morbus in our midst. I will here state that, when the patient is reached in time, the disease yields to medical treatment, at least most of the cases terminate favorably when taken in time, and the sequel of the present form of cholera promises quicker reaction and fewer relapses. I am confident that the medical provision this year are of the cause of the early breaking out of the cholera. I certainly looked for it this year after the dispersion of the masses from the Vienna exposition, but we have a very severe prelude here now. I am confident that the medical provision this year are of the cause of the early breaking out of the cholera. I certainly looked for it this year after the dispersion of the masses from the Vienna exposition, but we have a very severe prelude here now. Our city is in a good condition to diffuse the malarial virus, but it is mainly confined to the southern portion. Violent vomiting is generally its commencement,

accompanied with a post office order for the balance. The letter containing this statement is still in the agents' hands. A full and detailed account of the receipts, each congregation being credited with the proper amount, appeared in the first monthly Record of the church after my official statement to the Agent. I have no doubt that Mr. Mitchell had this number of the Record in his possession, as he had allowed me a reading of a previous number of the same year when I was at his house.

At present, I do not consider it necessary to say more.

I am yours faithfully,
THOMAS LOWRY.

TUESDAY EVENING, JUNE 24, 1873.

The New Central School Site.

At the meeting of the School Board on Monday night, a petition was presented, asking the Board to reconsider the question of the site before going on with the erection of the Central School, and urging them to select a new site, of greater extent and more convenient of access. The subject is one of very great importance, and as there appears to be a difference of opinion in regard to suitability of the site chosen long ago on the Catholic Hill, both among the members of the Board and among the ratepayers, the present is a most opportune time for discussing it, before the contracts are let, or anything definite done which would commit the Board to any particular locality.

There is no doubt but that the lot on which the Board at present designs to erect the new school is too small for the purpose, if any allowance is made for play grounds. The proposed building will occupy the greater portion of the land available, and leave but a mere fraction of the property for play room. As to the matter of convenience and accessibility, we do not think that these objections are worthy of the same considerations as the one with respect to the extent of the land. That it is the most central lot which can be obtained, all must admit, and though it stands high, and is exposed to the rude storms of winter, yet it is not much worse in this respect than other lots would be. It is much more accessible now than it formerly was, and when the streets and sidewalks leading to the hill from the southern and western parts of the Town are all built—as they soon will be—it can be as easily reached as any other part of the Town.

We think it is of the first importance that there should be plenty of play room connected with every school, and in the case of the one proposed to be built, where will be collected a large proportion of the children in the Town attending school, the inconvenience arising from a very limited space around the school, as well as the injury which will be done to the health of the pupils, is a matter which every Trustee and every parent should seriously consider while there is yet time to remedy the evil. We think it very unfortunate that the Board gave up their right to the two lots on the hill adjacent to the school lot, for with these the property would have been of reasonable size, and would have allowed a fair, though by no means large, space for play grounds. It is possible that the Board might yet be able to obtain these lots from the Catholic Church, and in that case we would favour the old site in preference to all others. If they fail in this we have no objection to the selection of another site, if a suitable one can be obtained at a reasonable figure. Several parties interested in the matter have suggested the old burying ground, but it could not be obtained without considerable delay in procuring the necessary legislation setting it apart for school purposes, and moreover not a few in town would strenuously object, out of feelings of respect for the dead, and for the memories which cling around it. Others again are in favour of securing the large lot belonging to Mr. George Elliott, opposite the Exhibition Grounds, which though a little to one side of the Town would be a most suitable site, if it could be obtained at a reasonable figure.

The matter is now before the ratepayers, and it is for them to instruct their representatives how they should act in regard to the question. The suitability, central position and extent of the land should be carefully considered, and every allowance made for the steady and certain increase of our population; and the land should be selected and the school built with these most important objects in view.

Guelph, June 24th, 1873.

TOWN OF GUELPH.

It is positively asserted in Quebec, on good authority, that the article of the *Cherche* commentary of the Judges of the Queen's Bench was inspired by Sir John A. Macdonald during his brief visit to Quebec, and that Mr. O. G. Holt, Q.C., law partner of Attorney General Irvine, was the writer. Sir John's object is to pave the way for changes, under pretence of their being demanded by popular opinion, which would not concede to the well-founded accusations of the Opposition.

STEAM FIRE ENGINE WATER TANK

Tenders will be received at the office of the Town Clerk, on the 24th of JULY, next, for the construction and completion of two or more Water Tanks, in accordance with specifications which may be seen at this office.

By order, JOHN HARVEY, Town Clerk.

1873 THE LION! 1873 THE LION!

GREAT COMMOTION IN THE DRY GOODS TRADE and a Tremendous Rush at our Mantle and Millinery Rooms.

On all hands we hear of dull trade: "Nothing doing," says Tom, Dick, and Harry, but it is not so at THE LION. Times better than ever. Still great bustle and activity at the leading house. The spring trade is opening beautifully, thus encouraging us to greater endeavors in the public weal; and the reason of our success is apparent. Our Goods are all direct from the manufacturer, and none can do a successful business only those who buy from first hands, for which our Establishment has long been noted, and has raised the standard of our House (combined with the energy of the proprietors of the firm) to the present proud position, and more especially for the last two years, so that our daily sales are almost equal to the combined trade of the same character in the Town of Guelph.

OUR MILLINERY DEPARTMENT

Our Millinery is a complete success this spring, the taste inherent displayed by Miss McDonald is captivating all hearts, and places her high in the ranks of first-class Milliners. Combined with the genuine popularity of Miss Sutherland, thus making our rooms the centre of attraction.

5 cases New Hats and Bonnets, registered styles, secured only for our House; 3 cases, third lot, of those splendid Black Silk Parasols, supplied with the double sword—the only ones in Guelph.

\$4,000 WORTH of New Plain and Shot Silks, lovely shades, combining all the latest tints, amongst them will be found many of the new azure green, real gems in color and brightness.

2 cases New Dress Goods this week from Bradford, Eng.; 2 cases New Fresh Black Goods.

Another arrival of 500 pieces more of the best Prints, light and dark, worth 16 cents: we will sell them off at 12½ cents.

THE TEMPTATION.

CHAPTER XXV. TAKEN CAPTIVE. It was an operation which required the utmost coolness and nicety of handling.

The extreme slowness of motion by which the Indian was gliding round the tree favored the enterprise, as did also the intensity of watchfulness which he was directing to the spot where Jim was perched.

At length he came in the proper position, when with silent celerity the noose was dropped upon his shoulders enclosing his head.

They obeyed with alacrity. First Philip slung down the rifle, then glided down the rope himself, when he was immediately followed by Jim—the whole operation being silently observed by the captive Indian as, with bound limbs he lay upon the ground.

An Irishman, referring to the sudden death of a relative, was asked if he lived high. "I can't say he did," said Terence, "but he died high. Like the banks in these days—he was suspended."

Since Miss Anthony's conviction and fine, the old song "Susannah Don't you cry" is coming into fashion again.

BRKFAST.—Epps's Cocoa.—GRATEFUL AND CAPORNING.—By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected cocoa, Mr. Epps has provided our breakfast tables with a delicately flavoured beverage which may save us many a heavy doctor's bill.

The Athletics were defeated by the Baltimores in their 5th game, in Baltimore, on the 21st inst., by a score of 2 to 18. Neither club played up to the average. The batting of the Baltimore nine was very heavy, by which they made 25 total 1st base hits. The Athletics couldn't stand Cumming's pitching at all, and retired on nearly every innings with a whitewash. Errors, Baltimore 10, Athletics 15. Time 1h 45m.

The Athletics were defeated by the Philadelphia in their 4th game, in Philadelphia, on Saturday, by a score of 17 to 5. By means of faultless fielding the Philadelphia won easily. 1st base on errors, Athletic 0, Philadelphia 8. Time 2h 15m.

LACROSSE.
 A big match is to be played in Toronto on Dominion Day between Montreal and Toronto Lacrosse Clubs.

CHALLENGE.—We, the First Nine of the Printers' B.B.C., stand to the quick by the ignominious defeat of our 2nd Nine by the Shoemakers, hereby challenge the said 2nd Nine to play a game of base ball, on the first of July; and, moreover, give them to commence with, without the least hesitation, the united score made by them and the Shoemakers yesterday (50). After having averaged our honour we will take into our hands the regaining of our laurels, which were so ruthlessly thrown away yesterday by defeating the Cobblers.

We have instructed our Secretary to have this challenge published, so that the public may know and sympathize with us in this our sore trouble; and also to reveal to them the matter of our defeat by that now dishonoured second nine who so wantonly deceived us, and who have heaped coal of fire on their own heads.

Large families of girls are badly wanted in Manitoba, where bachelors are many and maidens few.

WISTAR'S BALSAM OF WILD CHERRY

THE GREAT REMEDY FOR CONSUMPTION
 which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

LIBRARY GIFT CONCERT.
 NINETY DAYS POSTPONEMENT.
A Full Drawing Certain
\$500,000 in Bank to Pay Gifts!
 10,000 Cash Gifts paid in Full!
\$100,000 for only Ten Dollars!

Enough of the 100,000 Tickets issued for the Third Grand Gift Concert, in aid of the Public Library of Kentucky, having been sold to insure a full drawing, and the wish having been universally expressed that 10,000 cash gifts offered should be drawn in full and paid in full without any scaling down, as heretofore, the management, with the concurrence of the trustees, have determined to allow ninety days more for the sale of the remnant of tickets left on hand. The concert and distribution advertised for April 8, is therefore postponed to TUESDAY, JULY 8, 1873, on which day and on others they will, as usual, meet weekly to take place in the Public Library Hall, Louisville, Kentucky.

At this grand concert the following cash gifts will be distributed by lot and paid in full to the ticket holders who draw them—
