SQUIBOGRAPHS.

Fans in March furs in April.
A beautiful spirit of resignation prevails in Ottawa at present.
The frost effects on Easter plumage were very realistic this season.
At the Chicago elections on Tuesday the Prohibitionists polled five thousand votes, nearly a vote for every saloon in the city.
Immigrants quartered at the Welcome Bureau in Toronto are complaining of the cheap brand of cigarettes furnished guests.
She wound a mop rag around her brow and donned her dirtiest blouse, exclaiming "I am ready now, Get busy, let's clean house."
The ladies are not worrying about the peach crop, but when frost nips the fruit on their Easter bonnets it is time for lamentation.
A new business establishment in London was opened with prayer this week. The politicians in that city are past praying for, and their meetings are generally opened and closed by the police.
The members of the Thaw jury threaten to strike unless they are paid five dollars per diem. They are estimating the value of their services on the brain storm artist's scale.
The Toronto base ball team, who are training down south, lost their uniforms on the trip. If they were the same bathing clothes they wore last season the fans hope they will never be found.
There is some talk of establishing a silk stocking factory in Toronto. The 48th Highlanders will have no further excuse for parading with undraped knee caps.
At the Teachers' Convention in Toronto this week the question of forming a union will be considered. If the bachelor and spinster members approach this subject in the proper spirit no difficulty should be experienced.
At the city elections in Chicago Tuesday, voting machines were used for the first time. They are no novelty over here, having been in use in Ottawa and Toronto for years.
Prince Edward threatens to secede unless granted better terms. A government sledge from the navy yard at Hull is under sealed orders to make a naval demonstration in front of Charlottetown in case of a revolt.
Experiments in tobacco growing are being made in Ireland. If successful the natives will have something besides home rule to chew about.
"Mother Ellinor," head of the Flying Roll Colony at Windsor, has demonstrated that there is something in a name by making a midnight flight with a large roll of money belonging to her long haired followers.
A Greek criminal in an Indiana prison had his death sentence reprieved by the Governor. The guards were unable to communicate the news in his own language, and the prisoner is still hanging in suspense.
A New York dealer advertises eggs, "Direct from the nest." A straw and feather given with every egg as a guarantee of freshness.
A man was fined in Toronto the other day for selling verses on the street. Poets are supposed to have a license, but it costs five dollars in Toronto.
The Toronto lady teachers, who visited Washington last week, had, only a few minutes left to visit the educational institutions of the city after attending the spring millinery openings and viewing the room where "Princess" Alice was married.
Expecting weather warm and fair
The coal bin was scraped clean and bare,
Oh, how it grieves our anxious soul
To order another ton of coal.

SPRING medicines, all kinds, at Taylor's.
THERE are few towns where the stores present a more pleasing appearance than those of our own town. Our merchants take a pride in the appearance of their respective places of business and such pride is certainly commendable. That is not all, they carry good, clean stocks of merchandise and their reputation for fair dealing draws a splendid patronage from the surrounding territory.
We can save you money on hardware, and if you are building it will be to your interest to get our figures.—EST. N. B. HOWDEN.
THIRD STYLES writing from Souris, Man., states that they had a very severe winter, but no one in Souris suffered as they had plenty of fuel, weather is fine and warm now, but roads are bad, neither wheeling or sleighing. The Souris old boys would like to take in the re-union, but are afraid they will be too busy at that time.
RAILROAD men report that the holiday traffic has been heavier this year than ever before and attribute the lateness with which all the through trains are running to this fact. Monday night train No. 5 was the worst offender and did not arrive in London until nearly ten o'clock. Many of the other trains were also delayed for long periods at connecting points.
DRESS goods, such lovely styles and so reasonable in price.—SWIFT'S.
JOS. OSBORNE, of Wyoming, author of the interesting series of articles of the early history of Lambton county, now running the Sarnia Observer, has entered the General Hospital at London for treatment for Asthma, from which he has suffered for some time past. It is to be hoped that Mr. Osborne's detention in the hospital will be of short duration, and that he will soon be able to return home completely cured of his ailment.
GOOD FRIDAY was quietly observed in town. Business was suspended, and many spent the day getting things in shape for gardening operations, fishing, or visiting friends at a distance. The holiday traffic on the railways was the largest in years. Easter Sunday was cold and gloomy, and a disappointment to owners of new spring toggery. The church services were largely attended, and the sermons had special reference to the great event the day commemorates.
LONG gloves, open Saturday, kid, silk, lisle, and cotton.—SWIFT'S.
BRIGHTEN up with Sherwin-Williams paint the standard of the world. We have it in all shades.—EST. N. B. HOWDEN.
DON'T judge a man by his clothes. God made one and the tailor made the other. Don't judge a man by his family, for Cain belonged to a good family. Don't judge a man by his failure in life, for many a man fails because he's too honest to succeed. Don't judge a man by the house he lives in, for the lizard and the rat often inhabit grand structures. When a man dies those who survive him ask what property there is left behind; the angel who bends over the departing soul asks what good deeds he has sent before him.
When housecleaning you may require new furnishings. T. A. Adams has the latest designs, at right prices.
DOWN around Detroit they are finding fault with the Star Line management, for raising the fare from Detroit to the flats and return and there is the usual talk of an opposition line. The astute management of the line are said to control the wharves at several of the resorts, and own Tashmoor Park so an opposition line would have hard sledding. There has been no hint yet of increasing the thirty cent return fare from Sarnia to Algonac, and until then Sarnia will continue to smile on the Star line.—Canadian.
WHITE linen for suits, we have the correct goods.—SWIFT BROS.
A Strathroy gentleman informs The Age that the C. P. R. really mean business regarding the proposal to extend its line through this town to Sarnia. He has had several interviews with C. P. R. engineers who have gone over the proposed route and from which he could gather, it will be no surprise to him if the stakes for the new road are in place by the first of July. The intention is to build on the south side of the G. T. R. through Petrolia to Sarnia, where it is said they have secured property for a suitable entrance to the border town.
A. BROWN & Co. have recently made extensive improvements in the upper flat of their large double stores. A commodious and well lighted carpet room has been provided, equipped with the latest appliances for displaying the different patterns. A novel device for showing lace curtains enables customers to judge of the effect the same as if they were draped in the windows. The millinery show room has been improved and a few stores in the west surpass the arrangements made for the convenience and satisfaction of shoppers.
THE Easter millinery openings last week attracted the customary large crowds and the lady visitors saw the latest creations in feminine headgear the skillful and artistic work of our local milliners. The display was pronounced the finest ever seen in Watford and excelled by few larger towns. The extent and variety of the new spring styles shown furnished a wealth of selection from which the most fastidious taste could satisfy their requirements. The shapes are very different this season to

those of last. Picture hats are largely shown trimmed with ostrich plumes. Flowers are used in great profusion, sometimes as many as ten different kinds forming one wreath. Mushroom shapes are very much in evidence in both large hats and smaller toques. The leghorn is another hat which is making a bold bid for popularity. The newest colors shown are Copenhagen blue, shrimp pink, cell blue, meadow brown, aphelio grey, white black and white are as popular as ever. All kinds of flowers are in demand, the most up-to-date being roses, wisteria, lilac, forget-me-nots, lily of the valley and sweet peas. Any quantity of fruit is also used, such as green apples, peaches, prunes, cherries, strawberries, currants, etc. Materials used are chiffon, muline, Arabian and Valenciennes laces, dotted nets, tulle and satin ribbon.

WILLOUGHBY—WILSON.
A very pleasant event, the marriage of Miss May Willoughby, daughter of Wm. Willoughby, 10th line east, of Enniskillen, to Mr. J. Lendrum Wilson, son of the late Jno. Wilson, occurred at the residence of the bride's parents on Wednesday night of last week, at 7 o'clock, in the presence of about forty guests. The ceremony was performed by Rev. R. D. Hamilton, of Petrolia, who was assisted by Rev. E. G. Johnston, of Memphis, Mich., a brother-in-law of the bride, and Rev. J. A. Spencely, of Wanstead. The happy couple, who were unattended, stood under an arch trimmed with pink and white flowers. The wedding march was played by Mrs. (Rev.) E. A. Johnston, the bride's sister. The bride, who was given away by her father, wore a dress of white Persian lawn, with all over lace and chiffon trimmings, and she carried a bouquet of white roses. After the ceremony, the principals and guests enjoyed a recherche wedding repast, the table decorations carrying out the general color scheme of pink and white. The happy young couple then left for their own home on the 8th line, carrying with them the best wishes of a large circle of friends for their future happiness.
Another of Wyoming's bachelors was safely launched on the sea of matrimony last week when Mr. Malcolm McIntyre was wedded on Thursday last in Petrolia to Miss Belva Lawson, second daughter of Mr. and Mrs. Henry Lawson, Wanstead. We extend congratulations.

Glimpse Into the Future.

In "A Hundred Years Hence," Mr. T. Baron Russel has sought to tell the world about some changes he believes are coming. He is a few of them: "The recording telephone will lessen the amount of speaking, and sights as well as sounds will be conveyed over long distances, without wires. The house of the future will be one hundred stories high. Streets will be laid and houses built upon the surface of the sea; and vehicles will skim the waves without being even partly submerged. Flying machines will be as common as bicycles, and with them travellers will visit the Arctic regions or the tropics with as little concern as they would go for a drive in the park. Domestic servants will be generally replaced by mechanical arrangements. Instead of living actors on the stage there will be photographic and panoramic representations of plays, which will be performed but once, and then repeated and photographed for further mechanical repetition."

When Illness Comes

Have you near at hand a remedy that will relieve pain and help all the doctor comes? A wise thing is to have right in your home a bottle of "Nerviline" which gives instant relief, and prevents disease from spreading. Nothing known for the stomach and bowels that compares with Nerviline. For cramps, indigestion, heart burn and headache, it's indispensable. For fifty years Poison's Nerviline in 25c bottles has been a family stand-by. Get it today.

Pictorial Post Cards

The following circular from the Post Office Department at Ottawa has been sent to all postmasters: "The attention of the Department having been called to the fact that certain Pictorial Post Cards upon which there are illustrations outlined with what is known as 'diamond dust' cause injury to the electric stamping machines in use at City Post Offices, it has been decided to exclude such cards from the mails in future. The Postmaster will be good enough therefore not to accept cards of this kind when posted at his office. Should they be posted without his knowledge, or should they be received from another Post Office, he will please to forward them to the Dead Letter Office. No objection will of course be made to their being forwarded to destination if enclosed in suitable envelopes."

We Trust Doctors

If you are suffering from impure blood, thin blood, debility, nervousness, exhaustion, you should begin at once with Ayer's Sarsaparilla, the Sarsaparilla you have known all your life. Your doctor knows it, too. Ask him about it.

Unless there is daily action of the bowels, poisonous products are absorbed, causing headache, dizziness, nausea, dyspepsia, and thus preventing the Sarsaparilla from doing its best work. Ayer's Pills are liver pills. Act gently, all vegetables.

Fraser, ex-M.P., was united to Dr. Edward Jillet Martin, of Detroit. Rev. Mr. Arnold performed the ceremony, and the church was beautifully decorated for the occasion with flowers, Easter lilies, and ferns being much in evidence.

The bride was attired in ivory duchess satin, with train and veil of Brussels net and orange blossoms. She was attended by her sister, Miss Kathleen Fraser, while Dr. Stone, of Lansing, Mich., acted as best man.

During the signing of the register Mr. John Peat rendered a solo in acceptable style. Following the ceremony a reception was held at the residence of the bride's parents. Many handsome gifts testified to the esteem in which the bride is held. Dr. and Mrs. Martin left in the afternoon train for their honeymoon trip.

Watford Old Boys and Girls.

Mr. and Mrs. F. H. McKenzie gave a jolly party last Monday evening at which all the guests were former residents of Watford, Ont., and vicinity. The evening was spent in playing games and contests. Dainty refreshments were served before midnight.

During the evening Mayor Smith was voted to the chair and a "Watford Old Boy's and Girls Association" was formed. Mayor Smith was elected president, Wm. Hindson was appointed secretary, and J. F. Bole, M. L. A., was elected as treasurer.

There is to be a grand reunion in the old Ontario town sometime during the coming summer and it is probable that a large number of Watfordites living in Regina and districts surrounding may take advantage of the occasion to take a trip east to renew acquaintances and visit relatives.

Among those who were present at the gathering at Mr. and Mrs. McKenzie's were the following, Mr. and Mrs. J. W. Smith, Mr. and Mrs. J. F. Bole, Mr. and Mrs. W. Hindson, Mr. and Mrs. J. A. W. McGregor, Mr. and Mrs. H. Willoughby, Mr. and Mrs. W. J. Hastings, Mrs. Dawson, Mr. and Mrs. L. Rankin, Mr. and Mrs. W. H. Rogers, Mr. B. Petch, Mr. W. Hillis, Miss Corestine, Mr. and Mrs. Mavity, Mr. and Mrs. R. J. Westgate.

The winners of the prizes were Mrs. McGregor and Mr. W. Hindson.—Regina West.

Rheumatism Almost Killed Her.

For years Mrs. E. Stahlschmidt of Humboldt, Ont., was a martyr to rheumatism. She was so stiff and lame I could scarcely walk," she writes. "An attack striking my limbs made walking impossible. Friends and doctors gave prescriptions but I only got relief from Ferrozene. I took twelve boxes and gained from the first. Today I am well, feel stronger, weigh heavier and look the picture of health. Whether muscular or inflammatory, chronic or otherwise, Ferrozene does cure rheumatism and sciatica, 50c per box at all dealers.

THE clover crop is said to be very discouraging, and the outlook is very poor. The changeable weather has heaved out the greatest portion of it, and only the most favorable weather from now on will make the crop worth while. The wheat that was put in early is looking good, and a heavy crop is promised. On the whole farmers are anticipating a prosperous year.

THERE has been an advance in the price of thread. The four-cent spool will increase 25 per cent, lately. But the increase is less noticeable in the price of prints than in the price of thread. The manufacturers can adjust the difference in the cotton fabrics without the public realizing it; but sewing cotton has to be kept up to standard, and consequently the thread goes up in price.

LET everyone keep hustling to improve the appearance of their streets and lots. Keep all kinds of rubbish off the streets and sidewalks, and see that your houses, fences, etc., are neatly painted. There is nothing that helps the looks of a town and induces new comers to settle in it more than neatly painted houses and fences, neat and tidy streets and sidewalks, and fruit and shade trees on your lots. Let us see what you will do for the benefit of our progressive town.

RUNNING a newspaper is just like running a hotel, only different. When a man goes into a hotel and finds something on the table which does not suit him, he does not raise hedges with the landlord and tells him to stop his old hotel. Well hardly. He sets that dish to one side and waits until the many dishes that suit him. It is different with some newspaper readers. They find an article occasionally that does not suit them exactly, and without stopping to think it may please hundreds of other readers, make a grand stand play and tell the editor how a paper should be run and what should be put into it. But such people are becoming fewer every year.

NOT A NAUSEATING PILL.—The exponent of a pill is the substance which entails the ingredients and makes up the pill mass. That of Parmelee's Vegetable Pills is so compounded as to preserve their moisture, and they can be carried into any latitude without impairing their strength. Many pills, in order to keep them from adhering, are rolled in powders, which prove nauseating to the taste. Parmelee's Vegetable Pills are so prepared that they are agreeable to the most delicate.

W. H. H. Advocate.

WATFORD, APR. 5 1907.

BOARD OF TRADE.

Annual Meeting and Election of Officers.

The annual meeting of the Watford Board of Trade was held in the council chamber on Wednesday evening, President Swing was read and adopted. The minutes of last meeting were read and adopted. The membership fee was reduced to \$1 and the following members were enrolled: T. B. Taylor, G. A. Dunlop, C. H. Howden, E. A. Brown, T. Goodhand, P. J. Dodds, S. E. Thompson, W. E. Fitzgerald, L. D. Caldwell, J. W. McLaren, H. F. Williams, Dr. Gibson, T. Harris, C. A. Class, E. D. Swift and E. A. Dwyer.

The question of fire protection was taken up. The present rating of the town was considered unsatisfactory and a special committee consisting of Messrs. Fitzgerald, Taylor and Humie were appointed to obtain an estimate of the amount of insurance carried and to report as to the best method of securing a better rating.

Mr. Fitzgerald reported as to the prospects of C. P. R. extension. Nothing is yet definitely known of the Co's. plans and until they make some move in the matter, action was deferred.

The electric light question was brought up and Messrs. Taylor and Parker were appointed to inquire into the matter and see what could be done.

Early closing was discussed, it being alleged that the agreement to close was not being as strictly observed as it should. E. A. Brown and P. J. Dodds were appointed to interview the merchants regarding the matter and arrange to have the bell rung at closing time.

A motion to place an advertisement in the Globe and Mail re industries was adopted.

ELECTION OF OFFICERS.

The following officers of the Board are elected for the current year:—
President—T. B. Taylor.
Vice-President—C. H. Howden.
Sec'y.—D. G. Parker.

Treas.—J. W. McLaren.
Council—E. D. Swift, P. J. Dodds, Dr. Gibson, H. F. Williams, W. E. Fitzgerald, L. D. Caldwell, L. D. Caldwell, S. E. Thompson.

On motion of Messrs. Caldwell and Howden a hearty vote of thanks was tendered the retiring officers for the able and efficient manner in which they had conducted the business of the Board.

Retiring President Swift in acknowledging the vote referred to the work of the Board since its organization two years ago, Watford compared favorably with any town of similar size and considered the Board had been instrumental in accomplishing something for the town. Those who had found fault with their efforts in securing industries were now satisfied.

Secretary Brown congratulated the Board on their wise selection of officers for 1907. He urged upon the members the necessity of prompt and regular attendance at the meetings of the Board. It was suggested that a banquet be held in connection with the Board at a convenient date, and Messrs. Parker, Brown and Howden were appointed a committee to arrange details.

The regular night for the Board meeting was fixed for the second Tuesday in each month at 8 p.m.

Mrs. David Calvert.

The many friends of Mrs. David Calvert, of Mandanina, will regret to hear of her death, after a few weeks illness, on Wednesday the 27th inst. Deceased was born in Lanark county, but moved to Mandanina when a bride, some forty years ago, and was sixty-four years of age at the time of her death. She was a staunch Christian all her days, and always made friends by her pleasant ways and kindly acts. Besides her husband, she leaves to mourn five children, Mrs. Jos. Jolly, of Hamilton; D. D. Calvert, with the John Goodison Co., of Sarnia; A. E. Calvert, manager of the Sovereign Bank of Walton, Ont.; and Misses Ethel and Isabelle, of Detroit, who have the sympathy of many friends in their bereavement.

The services were held at the home, and interment took place in the Wyoming cemetery on Friday.

The Liberals of West Middlesex are talking of holding a big public picnic at Mt. Brydges in June next, the object of which will be to do honor to Senator Ross, who represented the riding for so many years.

The Watford old boys in Sarnia will hold a meeting in the hall over Peter Clarke's store on Christina street, on Wednesday, April 10th, at 8 o'clock p. m. for the purpose of organization and to complete arrangements for attending the reunion at Watford on the 19th and 20th of August next.—Sarnia Observer.

Mr. McCormick is to be congratulated on securing such a beautiful pony for his breeding farm and had to pay a fancy price for the little fellow. Mr. McCormick now

has ten of the finest ponies to be found in the west, having won prizes at all the leading fairs where he exhibited.

Dr. Gibson has received a letter from W. H. Stewart, of Rouleau, Sask., from which we make a few extracts. "We have had a long winter here, snow fell on Nov. 15th, and until February 5th it was very cold, sometimes 45 or 50 below. Since Feb. 5th it has been nice winter weather, but the snow is here and good sleighing still. We have a good warm house and plenty of coal. This is a healthy country, do not know of any lung trouble or asthma, the air is clear and dry. There have been a few cases of typhoid but no deaths. The church was somewhat full, but they are getting some cars now." Mr. Stewart has been appointed Secy.-Treas. of the town. There is a good opening for a dentist in Rouleau.

During the signing of the register, Mr. John Peat rendered a solo in acceptable style. Following the ceremony a reception was held at the residence of the bride's parents. Many handsome gifts testified to the esteem in which the bride is held. Dr. and Mrs. Martin left on the afternoon train for their honeymoon trip.

PASTOR AND PEOPLE PRAISE PSYCHINE (PRONOUNCED SI-KEEN)

A Marvellous and Triumphant Record of Victory Over Disease.

No medicine has ever effected as large a number of wonderful and almost marvellous cures as Psychine. It has had one continuous record of victories over diseases of the throat, chest, lungs and stomach. Where doctors have pronounced cases incurable from consumption and other wasting diseases Psychine steps in and rescues numberless people even from the very verge of the grave. Coughs, Colds, Catarrh, Bronchitis, Chills, Night Sweats, La Grippe, Pneumonia, and other like troubles, all of which are forerunners of Consumption, yield quickly to the curative powers of Psychine.

Mrs. Campbell, one of the many cured, makes the following statement: "I cannot refrain from telling all who suffer of my remarkable recovery with Psychine. In April, 1902, I caught a heavy cold which settled on my lungs and gradually led to consumption. I could not sleep, was subject to night sweats, my lungs were so diseased, my doctor considered me incurable. Rev. Mr. Mahaffy, Pastor of the Presbyterian Church, recommended Dr. Elgin Psychine to me, when I was living in Ontario. After using Psychine for a short time I ate and slept well, the night sweats and cough ceased. Months ago I stopped taking Psychine, as I was perfectly restored to health and today I never felt better in my life. Psychine has been a god-send to me."

A Preconcerted Accident

By JEANETTE WALDEN

Copyright, 1906, by May McKeon

"It's good to see you once more, Arthur!" Naoma Lake ran across the room, holding out both hands to the strong, dark young man who came forward to meet her. Her delicate face was alight with real joy.

"Good!" he echoed, taking her extended hands and drawing her to him. As he bent his face to meet hers she struck back, flushing painfully. Then a smile flickered across her face, and she disengaged her hands, motioning him to a seat.

For a moment he studied her. "Forgive me," he said ironically. "You kissed me goodbye, you remember?"

"I was young five years ago," she laughed as she sat down. He threw himself into a chair opposite and drew his hand across his forehead.

"Perhaps we ought to be introduced," he suggested cheerfully. At this her laugh rang genuine.

"Tell me about yourself," she commanded. He shook his head. "Nothing—same old story. But tell me about yourself. There is something, I know. I went to seek my fortune. You already had yours in your face."

She could not meet his eyes. "Same old story!" She only attempted to laugh this time. "There's nothing to tell."

There was a tremor in her voice. He studied her face again.

"I've got a machine out here," he said, rising. "Come for a ride."

She sprang up with impulsive acquiescence. Then her gray eyes clouded suddenly. "Oh, I can't!"

"But you want to?" he asserted. "Yes, I want to, oh, so much, but—I have an appointment."

"It's been a long time since you rode with me. You need a change. Let the other fellow wait."

"The other fellow! You know, then?" "I don't know anything," he growled. "Get your hat."

She obeyed. As they went down the broad walk to the drive an elegant white car chug-

"I'M AFRAID I'VE GOT YOU INTO TROUBLE," HE SUGGESTED.

ged up behind the machine that was waiting for Arthur Boyd. The occupant jumped to the ground before his chauffeur had time to bring the car to a stop and came to meet Boyd and Naoma. He was well proportioned, blond and dressed with absolute correctness.

Arthur Boyd looked at Naoma. Her face was changing color.

"Is this your appointment?" The blond man, with a faint, insinuating smile, was slowly, suavely lifting his hat. He raised it just high enough to expose a slight baldness, then settled it carefully upon his head again.

"Mr. Hampton, Mr. Boyd." Naoma's self control was perfect now. Arthur Boyd received an expressionless handshake.

"You are ready in good time," Hampton spoke to Naoma in a voice that was as genteel as his dress. "I just left the decorator at the house."

These words sent a chill over Boyd. He drew back a little.

"But I can't go just now," Naoma's voice was firm. "Something quite urgent has turned up unexpectedly. You will excuse me for a little while?" She smiled up at Hampton.

"I'd excuse her forty times a day to get that smile," thought Arthur Boyd as he advanced again to her side.

But Hampton drew himself up, and his face grew pink. He flashed a savage look at Boyd. "It will be impossible for the decorator to wait. I'm very sorry," he said to Naoma in the same genteel voice. Then he took her arm with the air that all was settled.

But Naoma drew back and surveyed him in frank astonishment.

"The decorator can wait better than I—than this new appointment. I must ask you to excuse me."

The pink in Hampton's face changed to crimson, and he breathed hard. "Naoma, what is this that's important enough to interfere with a plan that was made weeks ago? I demand an explanation."

The girl was angry. "Come," she said to Boyd, and he felt that things were evened up by the look she gave the recent recipient of her intimate smile.

She was trembling a little at Boyd's side when they chugged away, drowning the noise of the big white car that was flying in the opposite direction.

"Why did you do it?" he questioned after they had gone a half mile in silence.

"I wanted to," she replied. "Wanted to quarrel with him?"

"Oh, no!" with widening eyes. "Wanted to ride with me," he asserted.

"I—I hadn't thought about it." She glanced up at him, and he met her puzzled expression with an illuminating look. "Yes," she said simply; "I did."

There was a long silence. When they had passed into a quiet country road, he spoke again. "Can't you tell me more about it?"

"Oh, I forgot. Didn't you know?" "Well, I should say not."

"Fred—Mr. Hampton—is my fiance. Uncle's going back to India again, and, you know, I can't live in that climate, and he didn't want to leave me alone, and so—and so preparations are being hastened for—"

"For your wedding," Boyd finished. Then he stopped the machine, fussed over the feed tank for a few minutes and started on again.

They had gone only a few rods when there was an explosive sound, and the machine stopped short. Boyd got out, looked under it and tinkered at it here and there in a desultory fashion.

"Guess we're stuck," he remarked as he watched Naoma's face keenly. He seemed satisfied with what he saw there. "Shall we explore this mossy dell while we're waiting for a tow?"

"By all means." She was on the ground almost before he could help her.

"Isn't this glorious?" she cried after they had walked a short distance and she placed her hand on Boyd's shoulder as she jumped upon a low, flat rock. Her eyes were just on a level with his. As they looked at each other a shadow came over the happiness of her expression.

"I'm afraid I've got you into trouble," he suggested.

"Oh, no," she replied wearily. "We'll make it up. We fall out periodically."

"Has there ever been a man in the case before?" He tried to make the question seem careless.

"No!" A new intelligence came into her eyes. She dropped her hand from his shoulder.

"Do you want to make it up?" He put the question calmly, quietly, but something in his face made her hesitate, made the bright color come into her delicate cheeks.

"Yes"—She couldn't say it. "No!" Suddenly he swung her off the stone. For an instant she rested in his arms, and her face met his without shrinking.

As they went back to the road she looked up at him half reproachfully. "Why did you stay away so long?"

"Because I couldn't have you."

"Couldn't have me?" "I couldn't ask you to marry a beggar."

She smiled indignantly. "But how is it different now?"

"Oh, I've turned out about a million and a half on that Arizona land deal and a few other irons I've had in the fire for the last year or two."

They had reached the disabled auto by the roadside.

All at once Naoma laughed gleefully. "It's the first time I ever saw a machine run itself out of the road before it broke down."

Boyd's eyes had a mischievous twinkle. "Didn't you realize that we'd turned out? I guess the thing's rested up now, and we can go back," he continued as he helped her in.

When they had started, Naoma was thoughtful. "I shouldn't think you'd want a wife that would turn a man down at the slightest excuse," she mused.

"I shouldn't want her to do it more than once," he laughed.

SPRING ERUPTIONS

3 CHILDREN WHO WERE COVERED WITH SORES

Wonderful Zam-Buk Triumph!

Every mother knows with what rapidity sores, ringworm, ulcers, etc., spread from child to child. In Montreal recently most of the public schools were visited by an epidemic of itch in this way. A child is afflicted with scalp sores, itch or ringworm. In the course of play, one child puts on another's hat. In this way, or in a hundred and one more which children make possible, the infection spreads and sometimes a whole family is affected. Mr. J. C. Bates, of Burk's Falls says:—"My three children were all broken out with sores on faces, hands and feet. Their condition was pitiable; and although I tried various ointments and salves the sores continued to spread."

"One day I saw a report telling how beneficial Zam-Buk was for skin diseases, ulcers, etc. I got a supply of the balm and applied it to the children's sores. Almost immediately they got relief, and the sores began to heal. Although the skin disease had defied all the salves I had previously tried, in one week Zam-Buk overcame the trouble, and to-day the children have not a pimple or spot or mark of disease on their skin. For this grand result I have Zam-Buk to thank."

Electrifying Tunnel.
The St. Clair tunnel is the only known submarine tunnel in the world to be equipped with electric power. That it was a most gigantic undertaking was realized by the Grand Trunk officials when they decided to make the change, but they saw the need of using something besides steam power, and electricity was all that was left.
The big power house on Military street below the overhead bridge, is nearly completed. A trestle work consisting of 25 bridges on the American side and 29 on the Canadian side was erected and finished several weeks ago. The total cost will exceed \$1,000,000.
The St. Clair tunnel at its deepest point is 100 feet below the level of St. Clair river. There is a two per cent. slope 5,000 feet in length on each side.—Port Huron Times, March 16th.

PORT HURON TO CELEBRATE
Will Be Fifty Years Old Next August.
Port Huron, Mich., March 26.—At a meeting of the common council and chamber of commerce committee last night plans were laid for the celebration of the fiftieth anniversary of the founding of the city. The dates of the celebration will be August 20, 21 and 22. An effort will be made to have many former Port Huron residents present. It is estimated that the blow-out will cost \$10,000. The festivities will be in the general nature of a home-coming event. The chamber of commerce to-night held a meeting to talk over plans for a "seventh district fair." It will be an agricultural show for the counties of St. Clair, Macomb, Lapeer, Sanilac and Huron.

"IT'S WELL TO KNOW A GOOD THING," said Mrs. Surface to Mrs. Knowell, when they met in the street. "Why, where have you been for a week back?" "Oh, just down to the store for a bottle of Dr. Thomas' Electric Oil," and Mrs. Surface, who hates puns, walked on. But she remembered, and when she contracted a weak back there was another customer for Electric Oil. m

PAIN
Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.
If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.
Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.
We sell at 25 cents, and cheerfully recommend

To know how quickly, how surely Ferrozone cures, to see how it rebuilds and restores, you have only to read the following letters—read them carefully—see if the symptoms resemble yours.
Miss Evelyn M. Gaetz of Kingston, writes: "I have had an attack of blood disorder which broke out in horrid looking pimples. They were ugly red disfiguring blotches that ruined the appearance of my face. I tried all sorts of medicine, but the pimples didn't leave. I was recommended Ferrozone and gave it a trial. I noticed an improvement after the second box, and kept up the treatment, which cleared my skin. As the result of Ferrozone I have a clear healthy complexion and can recommend it to all other young women similarly affected."
Another young lady well known in society circles of Springfield, Mo., derived exceptional benefit from Ferrozone, says: "I felt it my duty to make known the value of Ferrozone. My trouble was poor weak blood, and as a consequence my lips were pallid, and my cheeks had no color. I wasn't at all strong, and required a bracing tonic. Ferrozone soon brought color to my cheeks, improved my appetite and made me stronger than I had been in years. I favor Ferrozone because it is so simple to take and works so quickly."
No blood remedy exists that has the power to cure, to heal, to restore like Ferrozone; try it, 50c per box at any drug store.

Hall, Spring.
"Tis Spring!
Get out and dance a highland fling,
And yet, I pray,
Be not too gay,
Unto those flannels cleave and cling.
"Tis Spring!
So warble lays and loudly sing.
Be careful of your hat,
For hully gee,
You may take cold and likewise wing!
"Tis Spring!
Of seasons all, it is the king.
An autocat—
Take off your hat,
Or have it wadded off by jing!

300 Farmers go West.
Over 300 Ontario farmers, most of them with wives and families, left Toronto Tuesday for the West on two trains, the first leaving the Union Station at 2:00 p. m. A special train was needed to carry the live stock, implements, and household effects.
These farmers are all from points west of Peterboro. They went West last summer and prospected, and fixed on their land, returning to Ontario for the winter. They have sold their farms here, and intend to settle permanently in the West.

A Smooth Swindler.
A large number of Woodstock people have been swindled by a rather smooth canvasser, who was about that city a short time ago. He called at many houses and had the winning ways and sly tongue of the professional canvasser. He represented himself as the agent of a Toronto firm, whose name he gave, which manufactured and sold patterns of ladies' garments. His offer was a generous one. For one dollar he gave a certain number of patterns and as an additional inducement promised that a well known ladies' magazine would be sent for one year. Fifty cents was to be paid at once, and the remainder on receipt of patterns and the first copy of the magazine. Needless to say his customers were numerous and half dollars clinked merrily in his capacious pockets. To those with whom he did business he gave a receipt with the name of the firm at the bottom and initialed by himself. He left the city and nothing has since been heard from him, an investigation has proved that it was a swindle.

Good Reasons for It's Success.
The majority of catarrh remedies are useless. But one that does cure is "Catarrh-zone." It clears the head of all mucous discharge. Patrid matter in the nostrils, phlegm in the throat, and disease germs are completely swept away. The cause of the disease is destroyed, its results are destroyed, and the system so thoroughly cleansed of catarrhal poison that cure is permanent. All types of catarrh, throat and bronchial troubles, colds and coughs are more certainly cured by Catarrh-zone than any thing else. Two sizes, 25c and \$1.00 at all dealers.

Diet Not The Whole Thing.
Your table is loaded with food—digestible and wholesome, yet you never gain strength. What's the trouble? Look within, and what do you find? A lazy liver, stomach overloaded with work—useless work because the bowels and liver are not sufficiently active. Relief is quickly supplied by Dr. Hamilton's Pills. They make weak folks strong by removing the cause of the weakness. Digestion improves, constipation leaves, liver takes new life, kidneys wake up.—the whole system is enlivened by Dr. Hamilton's Pills. No better medicine for the sick or well, 25c at all dealers.

HOSPITALS CROWDED
MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow-white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.
Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the abdomen, nervous exhaustion, pain in the small of the back, pelvic catarrh, dizziness, flatulency, displacements or irregularities. All of these symptoms are indications of an unhealthy condition of the female organs, and if not heeded the trouble may make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Mrs. Robert Glenn, of 434 Marie St., Ottawa, Ont., writes:
Dear Mrs. Pinkham:
"Lydia E. Pinkham's Vegetable Compound is so well and widely known that it does not need my recommendation, but I am pleased to add it to the many which you have in its favor. I suffered untold agonies from serious female troubles for nearly three years, and the doctors told me that I must undergo an operation, but as I was unwilling to do this, I tried your Vegetable Compound and I am only too pleased that I did so, for it restored me to perfect health, saving me the pain of an operation and the immense bills attending the same. Pray accept my hearty thanks and best wishes."

Just as surely as Mrs. Glenn was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure other women who suffer from female troubles, inflammation, kidney troubles, nervous excitability and nervous prostration.
Mrs. Pinkham invites all women who are ill to write her for free advice. She is a daughter-in-law of Lydia E. Pinkham and for twenty-five years has been advising sick women free of charge. Address, Lynn, Mass.

Everybody Agrees

that COD LIVER OIL and IRON are beyond question the greatest medicines known. Then why does not everybody take Cod Liver Oil and Iron? Simply because most people cannot take the Oil and few can digest the Iron in any ordinary form. These difficulties have been entirely removed by the introduction of FERROL, in which the Iron is scientifically combined with the Oil, rendering the Oil palatable and the Iron digestible. While

FERROL

is manufactured from the best quality of Cod Liver Oil (the whole of the Oil) and is richer in oil than any other emulsion, and while it contains just the right quantity of the best form of Iron and Phosphorus, it is so scientifically prepared that not one person in a thousand finds any trouble in taking it, and infants digest it without difficulty. Moreover the well-established value of the Oil and Iron is immensely enhanced by the process of manufacture, and as the formula is freely exposed it is not to be wondered at that physicians everywhere have fully endorsed FERROL, and used it largely in their practice. FERROL is invaluable for the treatment of any kind of Lung or Bronchial troubles, while for wasting diseases it has no equal, and

TORONTO.
Toronto, April 2.—There was a good market for the small run of live stock at the city cattle market this morning. Farmers apparently thought that butchers had overstocked themselves for the Easter trade, and therefore failed to appear with enough to satisfy the demand.

There was no export cattle offering today and prices are unchanged.

Butchers brought good prices in every case. Quite a number sold between \$5 and \$25.

Stockers are a shade easier, common beef quoted at \$2.75 to \$3.75.

Grain fed lambs are also weaker at \$7 to \$7.25. Spring lambs show a firmer tendency. They are quoted at \$5 to \$7.50.

Calves are up 50c at \$3 to \$6.50.

Hogs have fallen off 10c at \$6.80 for select and \$6.50 for lights and fats.

The run was 22 cars, containing 300 head of cattle, seven sheep and lambs, 300 hogs and 22 calves.
