The Toronto World

Germany's Counter-Proposals Ready and Will Be Presented to Allies Today

SIR ADAM GRANTS SCHEDULE DEMAND BY HYDRO WORKERS

Forty-Four Hour Week, Time and a Half for Overtime, Arbitration as to Wages, Prevent Strike Threatened by Canal Employees, Affecting 130 Municipalities.

Special to The World. Niagara Falls, Ont., May 28.—There will be no strike of electrical workers. Toronto and all the municipalities served by the Hydro-Electric will still get their light and power as usual. This was the result of the decision come to late last night by a mass meeting of all the employees of the Hydro-Electric at Niagara, and on the Chippawa and Welland Canal, who will get their eight-hour day, or, rather, 44 hours per week, increased pay and a commission to enquire into the other grievances.

WILL OFFER TODAY COUNTER-PROPOSALS

Germany Will Disarm Battleships if Part of Mercantile Fleet is Restored.

Paris, May 28.—Only one or two copies of the German counter proposals to the peace terms, printed in German, will be handed to the allied and associated representatives at Versailles tomorrow. It is probable the document has been translated into French and English, but the translations have not yet been printed. When ready, 300 copies will be furnished the allied delegation. The document will comprise 108 pages.

GERMANY'S PROPOSALS

Berlin, May 28.—Germany's counter-proposals to the terms of the peace treaty presented to her plenipotentiaries at Versailles, including the following points according to an unofficial summary: Germany offers to disarm all of her battleships on condition that a part of her mercantile fleet be restored to her. She proposes that there be no territorial changes without consultation of the populations affected. The cession of Upper Silesia and the claims to East Prussia, West Prussia and Memel are emphatically rejected. It is stipulated that Danzig shall become a free port and the River Vistula neutralized. Occupied territory is to be evacuated within six months. If the league of nations is established with Germany as a member, her colonies shall continue to administer themselves in accordance with the principles of the league as its mandatory.

German Colonies. The proposal regarding Germany's colonies points out that an absolutely impartial settlement of all colonial disputes was promised in number five of the fourteen points mentioned in President Wilson's message to Congress, January 8, 1918. The proposal is made to refer colonial questions to a special committee formed of mandatories and experts of both parties. The proposal argues that Germany renounce her overseas possessions cannot be reconciled with

DELEGATES OF ALL PARTIES CONCERNED TRAVEL TO OTTAWA

Labor, Capital, City Seek Borden's Help in Strike. CANNOT LEGISLATE? Premier's Powers Limited in Enforcing Hours, Say Experts.

Twenty-eight men, representatives of labor, the city council, the harbor commission, the trades council, the Metal Trades Council, and the metal trades section of the Employers' Association, traveled last night to Ottawa, and are expected to confer with Premier Borden and the cabinet upon the demand of the Metal Trades Council for a 44-hour week and an eight-hour day, as well as the principle of collective bargaining so far as trades federations are concerned. These representatives of the various bodies are: Mayor Church, Controllers Cameron and McBride, for the city council; R. C. Brown, James Higgins, W. Harper, J. Poole, A. Sanderson (Blacksmiths), W. Kempfner (molders), F. J. Peel and General Organizer Lucas of the molders for the Metal Trades Council; W. C. Coulter, C. E. Stricker, Fred Bawden, William Inglis, Melville P. White, Thomas Thomson, Thom Findlay, T. A. Russell and James G. Merrick for the employers; General John Gunn for the repatriation committee, and Arthur O'Leary, president of the Trades and Labor Council.

OPINIONS DIFFER

Opinions differ both as to the powers Premier Borden will have in settling the difficult dispute, and as to what he should do. Some legal experts claim that the premier has the right to legislate an order-in-council granting the 44-hour week under the peace, order and good government clause of the act. Hon. A. K. Maclean is quoted as saying that a 44-hour week cannot be legislated. But the all-powerful question is: Will Premier Borden use the power he may have? Touching upon the alleged reds who had arrived in Toronto from Winnipeg, Paul Charbonneau, chairman of the metal polishers at the Labor committee, stated yesterday afternoon that the term "reds," as applied to the two delegates from Winnipeg, was entirely incorrect, and that in their addresses to the metal polishers at the Labor Temple they had advocated the most peaceable administration of the general strike should it ensue. Joseph Gibbons, business manager for the Street Railwaymen's Union, stated that the union itself was practically a trades federation, but that it did not take in every class of labor. He said that a separate head from one posted in law and treaties, another posted as to our trade interests.

PAPAL DELEGATE WILL GO TO BERLIN

Berlin, May 28.—Herr von Bergen, former counsellor of the legation, has been appointed minister to the Holy See for the German empire, succeeding the Prussian representative. Von Bergen is a Protestant centralist. It is expected that a papal delegate will be sent to Berlin, thus departing from diplomatic tradition.

STRIKERS STANDING FIRM IN OTHER WESTERN CITIES

More Trades Out in Calgary—Saskatoon Favors Strike—Port Arthur Men Pledge Moral Support for Winnipeg.

Calgary, Alta., May 28.—Calgary strikers on the third day of their general walkout, were joined by three more unions—the plumbers, steamfitters and teamsters. Many unions affiliated with the Trades and Labor Council have not yet taken a strike vote. The freight handlers today followed the lead of the brotherhood of railway clerks and voted against the strike. Coal miners, now on strike, say that they were preparing for a three-months' walkout. Business was not noticeably dislocated today by the general strike. Street cars were operating and lighting plants, theatres and hotels were conducted as normal. Volunteers are doing work in the postoffice and more will be added, it was announced. About 200 of the former governmental employees are on strike. Citizens formed a committee to aid the government during the strike and adopted a resolution condemning the sympathetic strike as not only morally but economically unsound and opposed to the principles of democracy. Enough citizens have volunteered for postal work to enable Postmaster J. B. Corley to handle some mail, it was said. The postal workers' union issued a statement declaring that Corley had informed the union that all postal employees were dismissed from the government service.

Port Arthur Supporting

Port Arthur, Ont., May 28.—A mass meeting of Port Arthur union men passed a resolution to pledge their full moral support to their brothers in Winnipeg. This may develop into a general sympathetic strike about Monday next.

Street Cars Stopped

Edmonton, May 28.—Conditions here are reported as more serious. The street cars have stopped, restaurants and hotels are closed or badly crippled, and the electric lighting system shut down. Police and firemen are said to be at work under orders from the strike committee.

Returning Soldiers

Two trains bringing troops from the Cedric will arrive at the Exhibition Camp this afternoon. The first carries the 4th Engineers, and the party on the second train will be composed of the 23rd Battery and the 2nd Divisional Signaller's Company. The exact hour of arrival of the trains could not be ascertained up till late last night, but can be procured by phoning the Military Information Bureau, Parkdale 7460 and 7468.

Canada's Affairs First!

Canadians are getting tired of being told that the time and duty of the prime minister of our country has been devoted to the war and to the settlement of the European settlement; that he is and was the chief of the second train will be the prime minister of Britain; that the little Welshman was constantly calling for Borden; that he is the second man in the empire; that he must get back to Europe at the earliest possible moment to put the final touch of his thought on the European settlement; that ninety-nine per cent. of the force, the energy, the directing mind of Canada's part in the war and in reconstruction came from our prime minister, and by inference the remaining one per cent. from all the other public men, journalists, citizens, soldiers, and women and children of Canada generally. Even Mayor Church is forgotten. Sir Robert, if he believed a fraction of this stuff, might be led to think that he had his mandate from the world at large, Great Britain in particular, and from Canada on the side. That if he was the second man in the empire Canada must have the second place in his duty! The prime minister of Canada's main concern must be Canada.

What makes this intense burning ire some is that a good deal seems to come from some ministers at Ottawa who are in control of or are able to influence the papers that load their columns with it. Not that Sir Robert Borden hasn't done a lot; he has. But there are many pressing things to do that are absolutely Canadian. And it doesn't help to get them done by this constant swelling of the center before one man, distasteful as we think it must be to him and those who respect him.

Cold Storage Profits

Profits of cold storage companies were before the house at question time last night. Mr. Mackenzie asked how much the government was collecting from the cold storage companies under the order-in-council limiting their profits to 12 per cent. "Persons, firms and incorporated companies engaged in the slaughtering of live stock for the manufacture of products there-

Cabinet Discusses Feasibility Of Passing Eight-Hour Law

Ottawa, May 28.—Word was received by the government tonight that the postal employees at Saskatoon have gone out, the western strike extending to conditions at Winnipeg are steadily improving, as the new staff becomes accustomed to the postoffice work. A great deal of interest centres in the interview that will take place tomorrow between the government and the Toronto deputation, which is on its way to Ottawa tonight to urge upon the government the desirability of passing legislation establishing an eight-hour day in Canada. It is realized that a great deal depends upon the answer given by the government to the request of the Toronto delegation. Differences of opinion exist even in cabinet circles, it is stated, as to the power of the government to pass an eight-hour law applicable to the postal employees. In anticipation of the request of the deputation tomorrow the question is being thoroughly looked into by the members of the administration.

Undercurrent of Optimism

Hon. Arthur Meighen, minister of justice, who proceeded to Winnipeg on Monday last with Hon. Gideon Robertson, to deal with the strike situation more particularly as it affects the government employees involved, is expected to arrive in the capital from the west tomorrow morning. He will make a full report to his colleagues on the situation. Despite the apparent spread of the sympathetic strike in the west, there is an undercurrent of optimistic feeling here, and it is believed that some solution of the difficulty that will restore normal conditions in western Canada will be arrived at shortly.

GERMANY'S COUNTER-CLAIM FOR DECREASE IN BIRTHS

Also for Deaths Due to Blockade Amounts to 12,850,000 Marks—Allies Are Prepared to Reply Effectively.

Versailles, May 28.—The German peace delegation here, it was learned today, will present a counter-claim of 12,850,000 marks for damage from the allied blockade, as an offset to the reparations demands of the allied. The counter-claim is based largely on the alleged effects of the blockade upon the life and health of the civilian population. It is argued that, roughly, a million births were prevented as a direct result of the blockade. The same cause, it is contended, increased the deaths approximately 800,000. The lack of milk for young children, the absence of rubber and cotton for hospital use, and the interruption of supplies of quinine, camphor and other medicaments were further factors in the losses, according to the German argument. Should the Germans open this field of inquiry the allies are prepared to reply effectively by reference to the far greater decrease of births and increase of deaths in France, Belgium, Poland, Rumania and Serbia, as a direct result of the German war measures. The allies possess the German official figures showing that the milk production in Germany during the war was never below forty-five per cent. of normal production, which would have been sufficient to have maintained the children, had they received it. The failure of German cities to re-

DECLINE TO PLACE INLAND SHIPS UNDER CONTROL OF BOARD

Curious Division in House of Commons on Armstrong Amendment. UNIONISTS SPLIT

Cabinet and Liberals Vote Down a Majority of Government Members.

Special to The Toronto World. Ottawa, May 28.—There was a curious division in the House of commons tonight when the Armstrong amendment to the railway act, placing vessels engaged in coastwise trade and inland navigation under the control of the Dominion railway commission was defeated by a majority of 25. The amendment was opposed by the government and all the cabinet ministers voted against it. On the other hand it was supported by a majority of the Unionist members. The curious spectacle was therefore presented of the cabinet and the members of the opposition voting down a majority of the government supporters. The vote Judge D. D. McKenna, the Liberal leader, Mr. Sinclair of Quebec, P. E. I., and W. D. Euler of Waterloo, voted for the Armstrong amendment, but all the other Liberals voted against it. The Toronto and Niagara Power clause will come up next Wednesday, and it would not be surprising if many Unionist members again took issue with the government.

Minister Goes East To Open Conference On Winnipeg Strike

Reassuring News From Ottawa. Government Announces in the House That Reports From the West Are More Hopeful.

Ottawa, May 28.—Mr. Frank Cahill inquired if the government had any information as to the labor situation in the west. Hon. A. K. Maclean replied that information had been received by the government to the effect that news of a reassuring nature was to hand. The railway mail clerks of Winnipeg were out on strike. A sympathetic strike had been called in Edmonton and Brandon. The postal service with Calgary had gone out in sympathy, but the postal service at Edmonton was still doing service. In Vancouver a general strike vote was being taken. Mr. D. D. McKenna suggested to the government the advisability of calling a general conference of man influential in the strike, with the object of arriving at a solution of the difficulty. Sir Robert Borden promised to give careful consideration to this suggestion. He thought that if such a conference was called it would be advisable to have the minister of labor, now in Winnipeg, present. The prime minister replied that he preferred to make no statement on this matter until the report of the commission on industrial relations was received. Mr. Cahill asked whether it would not be possible to hurry up this report. He understood that it had not expected before the middle of June. The situation in the country was serious. Sir Robert replied that he did not know whether the report could be prepared earlier. The house then went into committee on a resolution on which the bill providing for the re-classification of the civil service will be based.

MINISTER GOES EAST TO OPEN CONFERENCE ON WINNIPEG STRIKE

Reassuring News From Ottawa. Government Announces in the House That Reports From the West Are More Hopeful.

Ottawa, May 28.—Mr. Frank Cahill inquired if the government had any information as to the labor situation in the west. Hon. A. K. Maclean replied that information had been received by the government to the effect that news of a reassuring nature was to hand. The railway mail clerks of Winnipeg were out on strike. A sympathetic strike had been called in Edmonton and Brandon. The postal service with Calgary had gone out in sympathy, but the postal service at Edmonton was still doing service. In Vancouver a general strike vote was being taken. Mr. D. D. McKenna suggested to the government the advisability of calling a general conference of man influential in the strike, with the object of arriving at a solution of the difficulty. Sir Robert Borden promised to give careful consideration to this suggestion. He thought that if such a conference was called it would be advisable to have the minister of labor, now in Winnipeg, present. The prime minister replied that he preferred to make no statement on this matter until the report of the commission on industrial relations was received. Mr. Cahill asked whether it would not be possible to hurry up this report. He understood that it had not expected before the middle of June. The situation in the country was serious. Sir Robert replied that he did not know whether the report could be prepared earlier. The house then went into committee on a resolution on which the bill providing for the re-classification of the civil service will be based.

Hon. Arthur Meighen to Present Report to Cabinet --- Canadian Railway Brotherhood Offers to Arbitrate Big Dispute.

Winnipeg, May 28.—Despite the fact that officials of every branch of government affecting Winnipeg have characterized the general strike of local labor unions, as a move engineered by a few men for the purpose of causing a national revolution, the strikers outwardly maintained a firm attitude today. While serious moves were made to smash the control which executives of the Winnipeg Trades and Labor Council have on the local unions, the strike leaders were active in outward movements to intensify the movement of unrest. "Spread the strike," has been one of the front-page slogans of The Western Labor News. It is expected that the federal parliament at Ottawa will soon take some action on the sympathetic strike problem, judging from developments today. The Winnipeg city council this afternoon voted to recommend to Premier Norris that he urge legislation to "make sympathetic strikes illegal in Manitoba."

Minister to Report

Hon. Arthur Meighen, minister of interior, who was here several days, will probably arrive in Ottawa tomorrow to confer with Premier Robert Borden regarding the local situation and his tremendous effect on Dominion tranquility. Meighen recently denounced the methods of the strike leaders and, like minister of labor Gideon Robertson, who is still in Winnipeg, he said he believes the underlying scheme of the strike was an attempt to turn public opinion against the government, to defy federal efforts to enforce the law, and order and then, during the tumult, to attempt to overthrow Dominion and provincial authorities.

The Only Move Towards Conciliation Today Was an Offer by Members of the Canadian Railway Brotherhood to Arbitrate Dispute. No Action was Taken on the Suggestion

The only move towards conciliation today was an offer by members of the Canadian railway brotherhood to arbitrate dispute. No action was taken on the suggestion. This is a different Winnipeg than it was immediately after the opening of the general strike, on May 15. For that nearly three days the strike committee continued its mobilization plans without serious outward opposition from the federal, provincial and municipal governments. It was not until an effort was made to control the city food supply did aggressive opposition begin. Since then all public utilities and government services have been restored, or partially restored. Business is going on in all commercial lines, also under the handicap of partly normal facilities of communication and transportation. All local newspapers have resumed publication. From the standpoint of the city, a dent of considerable size has been put into the striking front but the disturbance which began as a Winnipeg strike was ceased to be a local proportion. It is understood, however, from authoritative remarks that government officers regard the strikes in cities west from here as engineered by persons connected with the Winnipeg movement.

"We will fight this thing out in Winnipeg," Meighen remarked credited to Minister Robertson.

Postoffice Working

The postal situation is receiving considerable attention. Postal employees numbering more than 75 have been placed in place striking employees who have been discharged for refusing to obey Robertson's command to return to work. Nearly all of the new employees recruited for Canada in the war since action has been promised by the labor minister if the Winnipeg railway clerks who struck last night fail to report for duty "within a short time." Mr. Robertson intimated today that similar action may be necessary in other parts of the Dominion. The city council met today to hear a report from the transportation committee upon the question of immediately resuming street car operation. The committee was not ready to report. It may be heard from tomorrow.

Recent statements made in the city council chambers by labor aldermen and other labor leaders, that members of the Winnipeg citizen's committee would not "sell their hands" to help the city maintain its public services, received an interesting response this afternoon. A communication was received at the council meeting, stating that one hundred or more members of the citizens' committee would personally join with other volunteers tomorrow in collecting and transporting garbage, and in otherwise cleaning up the city.

Cars Not Yet Running

The city council at the special meeting today did not take action upon the question of resuming street car service tomorrow. The matter will again be considered tomorrow. The council stands on record in favor of legislation to make sympathetic strikes illegal in Manitoba and will formally

Store for Rent KING STREET EAST, NEAR VICTORIA. For thousand square feet with full basement. Heat supplied.

H. H. WILLIAMS & CO. 88 King St. East. Main 548.

transmit these recommendations to the Board of Control.

The first formal indication of possible action by the Dominion parliament was received here this afternoon. A message from Major G. W. Andrews, Winnipeg member of the federal house of commons, was received by Mayor Gray in which Andrews asked that an outline of collective bargaining be sent to him immediately.

**Strikers Disappointed.**

Maintenance of railway service to and from Winnipeg by the running of trains, despite previous printed announcements that engineers, firemen and trainmen had voted to strike, resulted in criticism of brotherhood officials at strike gatherings today. It was learned from an authoritative source that international and Canadian brotherhood executives are unitedly opposed to the "one big union" plan which has been endorsed by the Winnipeg strikers, and that brotherhoods, while anxious to assist in settling the local strike by conciliation, will not assist the local strike leaders in any movement designed to add strength to the "one big union" idea.

**Returned Soldiers in Postoffice.**

Returned soldiers are co-operating with the federal government to reorganize its postal services in the Winnipeg district, it was announced at the postoffice at noon today. A number of men who have been sworn into the federal service to replace employes who deserted their posts to join sympathetic strike, are men who fought for the Dominion in Flanders and France.

The government, it is understood, has assured the men that they are not to be hired temporarily but that their position will be permanent.

Gideon Robertson, federal labor minister, formally announced that the government will take the same attitude towards the Winnipeg railway mail clerks who struck last night as it did to the local postal employes. They must report for duty within a short time or stand permanently dismissed from federal service, said Robertson.

The time limit will be announced later. Postal employes at Edmonton, Calgary and Saskatoon also are on strike.

**N.W.M.P. Guard Mails.**

Members of the Royal Northwest Mounted Police, with pistols in their belt, were on duty today at and near the postoffice at the railway stations. Mail wagons were also guarded by a scarlet rider. Trains leaving here this morning were manned by regular and volunteer clerks.

Efforts of leaders of the general strike movement in Winnipeg to enlist sympathy from unions in other cities was the outstanding development in the technical situation today. Ernest Robinson, secretary of the Trades and Labor Council, said that communications have been received from unions outside of Canada, and at least one important union in Great Britain.

Federal officials who have denounced the strike leaders as revolutionists said they were not alarmed at the efforts of the local leaders to obtain sympathetic support. They pointed out that ten days ago the strikers' newspaper officially announced that the Calgary strike would be general. At the council meeting Monday night, a labor representative said the Calgary walkout was general. Press despatches yesterday and today directly contradict this statement.

The new postoffice force which replaced the striking clerks was increased today. Railway service to and from Winnipeg is normal.

**DECINE TO GRANT CONTROL BY BOARD**

(Continued From Page 1.)

from, liable to taxation under the order-in-council of March 9, 1918, are assessable for all profits in excess of 15 per cent upon capital and one-half of profits in excess of 7 per cent, up to 15 per cent, upon such capital. Regulations under the said order-in-council, in effect since January, 1918. The commissioner of taxation has been engaged investigating the business and accounts of all persons, firms and incorporated companies who might be liable to assessment under the order-in-council. These investigations are not completed, but so far as they have proceeded they do not disclose any excess of the amount exempted by the order-in-council. Many firms and companies engaged in the business concerned sustained heavy losses during the 1918 calendar year, which year was most unfavorable to the packing industry.

**Wheat For Greece.**

Sir Robert stated to Mr. Robb, who had asked about the reported sale of Canadian wheat to Greece, that negotiations had been proceeding for the sale of wheat to the Greek government, but no contract had been yet signed. The efforts of the government had been directed to the exportation of wheat product, but it was not always possible to accomplish that to the full extent desired. He was not sure if any portion of the purchase by Greece would be wheat products instead of wheat.

Sir Thomas White added that the amount involved would be about 1,000,000 bushels per month for a period of twelve months.

**TO LAY STEEL IN A MONTH ON NEW RADIAL TO NIAGARA**

Hamilton, May 28.—Thousands of men will be at work within a month engaged in laying down the steel for Sir Adam Beck's electric railway from Toronto to the Niagara river, according to an announcement made by Engineer Jeffreys, of the Hydro Commission to the Burlington council. Arrangements are being completed for legislation in connection with Saltfleet township, which turned the by-law down, and construction would commence within a month, he stated.

The turning of the first sod of the "public ownership" railway will be an epoch in the history of transportation in Canada, and will also result in creating sufficient work to do away with the employment problem in Hamilton and Toronto to a very great extent. It will mean an expenditure of \$11,000,000, the greater part of \$69,286,

civil service examinations would be on the subjects which were necessary to qualify for the positions candidates were seeking. The same would apply to promotions, but promotion would depend upon record and efficiency.

Mr. Maclean remarked that no person now in the public service would suffer any decrease in salary during his or her lifetime. The schedules would show a very favorable increase generally. Bonuses had been paid last year and would be continued.

**"Milking the Government"**

Dr. Edwards declared that in dealing with salaries they had started at the wrong end. He mentioned that amongst the men who had been "milking the government" was Mr. P. D. Ross editor and proprietor of The Ottawa Journal.

From 1896 to 1911 he had received between \$9000 and \$10,000, and during the last six years he had received \$24,000 for advertising and over \$82,000 for renting part of his newspaper premises.

**TELEGRAPHERS' HEAD ARRIVES IN CANADA**

Thinks Toronto Men Will Stick—Says Local Strikes of His Men Unjustifiable.

Montreal, May 28.—"Under the laws of the American Federation of Labor no trades and labor council has the right to declare a strike," said S. J. Konekamp, international president of the Commercial Telegraphers' Union of America, who arrived in town at noon today to look into the local situation.

"Under our law," he continued, "no part of a division may declare a strike. Each unit, that is the smallest body in our organization, that has the power to declare a strike is a division. For instance, all the employes of the C.P.R. are in one division. That division extends from Canso on the Atlantic coast to Victoria on the Pacific coast. The same form of organization applied to the G.N.W. and the Canadian Press. Therefore the action of the telegraphers at Winnipeg is contrary to all the laws of trades unionism," he concluded.

Mr. Konekamp is rather worried about the situation today in Calgary, and while he cannot express a very definite opinion he is inclined to believe that the telegraphers in Toronto will remain on the job. He holds a similar view of the Montreal men in the event of a general strike here.

Referring to the idea of general strikes as affecting the telegraphers, Mr. Konekamp said, "I would like to put this one question to those who advocate that the telegraphers go out on strike. Our business is of such a nature that it is national and international. It does not affect one centre alone, but all centres are interdependent. For instance the strike in Winnipeg is affecting the business going to the west and coming from the west. I would like to ask these people if every time there is a local strike if the telegraphers are expected to go out and tie up the business of the whole country? If that is so, then it is no use for us to try to work any more, for we will be on strike last of the month to the whole year."

Mr. Konekamp is of the opinion that the radical element in these strikes should be handled very carefully. "We believe in the rights of the worker, but we do not want to go so far as to destroy the radicalism. I am in thorough sympathy with the workers but care must be exercised and precautionary measures taken to prevent any too great a current of radicalism."

**EARLSCOURT CREDITORS WILL MEET.**

A meeting has been called at the Labor Temple on Friday evening, May 30, by the Muskoka and Wood and Lumber Company to consider the claims of the depositors who have received from sale of wood, etc., and the sum of \$7,097 has been received from sale of wood, etc., or claims. Alex. Macgregor, barrister, chosen by the creditors, will preside at the meeting. Earlscourt and northwest district have about 180 creditors.

**HISTORICAL LECTURE.**

Past County Master Tom Self will deliver a lecture on scenes from Protestant history, the massacre of St. Bartholomew and other historical facts at the St. David's Presbyterian Church, 114 Avenue West St. Clair tomorrow evening. The proceeds will be devoted to the church funds. Rev. C. A. Mustard will preside.

**DRUG STORE ROBBERIES.**

Between 12 and 1 o'clock yesterday the cash register in the Bowden Drug Store, 114 West St. Clair avenue, was broken open, and the contents stolen, amounting to about \$30.

Mr. Bowden was at dinner at the time and did not hear the thieves enter. This is the second break on the "Hill" this week, both being drug stores. The police are investigating.

**YORK COUNTY AND SUBURBS**

**DANFORTH**

**WOMEN'S MISSIONARY SOCIETY IN SESSION**

The second day's session in connection with the Women's Missionary Society of the Methodist church, Toronto Conference Branch was held yesterday in Danforth avenue church. The proceedings opened at 9:30 with a short address on "The Unselfishness of Prayer" by Mrs. E. G. Graham, followed by the revision of the Roll, and conference and discussion on board work, presided over by Mrs. Kemp. Reports were also received from district superintendents. The sacrament followed by the doxology terminated the morning proceedings which were well attended.

Previous to the afternoon meeting at 2:30 a father's conference was held. Mrs. F. L. Brown presented the earnest address on "Communion With God" which was well received.

Mrs. N. Hill submitted the report of the department of Christian education which was followed by the report of the supply committee, submitted by Mrs. A. W. Briggs. Other reports submitted were from district superintendents. The proceedings terminated with several hymns were sung and a substantial offering was contributed.

**FREE TEXT BOOKS.**

The school board of S. S. 7, York township, met on Tuesday evening at the Plains Road school, Robert McGregor in the chair.

In reference to the complaint of the principal that the discipline of the school was impaired, it was moved by Mr. McGregor, and seconded by Mr. Ropt. Barker, that Mr. E. H. Klemmer be continued, through his illness, in complete charge of the school, both teachers and pupils, according to the regulations. The motion was unanimously adopted.

Mr. William Miller, president of Woodbine Heights Parents' Association, headed a large deputation of ratepayers from the section. He stated that the board, in failing to provide the free text books for the September term, were acting contrary to the law, and contrary to the inspector's ruling. He urged that the well which showed contamination, after cleaned out in the Easter holidays, should be analyzed to see if the colon bacilli had disappeared. He complained that the fact that pupils were turned away when the school contained vacant room created an extraordinary situation which the residents could not tolerate.

Sergeant Major Forster drew the attention of the board to the lack of proper sanitary arrangements in the school. He urged that the board at once take hold of the matter with a sincere view to solution so that a proper system should be installed. Sec. Treasurer Barker pointed out that this matter was outside the jurisdiction of the board and was in the hands of the ratepayers. A meeting should be called, thru the regular process of petition and a motion carried thru by a majority vote would instruct the trustees to raise debentures for the purpose.

The deputation then withdrew. It was moved by Robt. McGregor, and seconded by Robert Barker that the free text books be installed for the September term. The motion was passed without dissent.

**ANXIOUS ABOUT POSTOFFICE.**

The business men and residents of the Danforth section are expecting the postal authorities to get busy with the district sub-postoffice, for which they have secured premises in the northeast corner of Ferrier and Danforth avenues. Considerable inconvenience will be caused within the next week when the branch office is closed on the corner of Broadview and Danforth, owing to building operations.

The nearest offices in the meantime will be the district office at Woodbine and Danforth avenues, or Greenwood and Danforth avenues.

**ALLOTMENTS SCARCE.**

In connection with the greater food production campaign, 125 lots are now under cultivation by the Danforth Park Ratepayers' Association. D. McCarthy, secretary, stated that the cost of plowing and other expenses has been considerably in advance of last year, and additional vacant lots for applicants could not be secured.

**LEASES**

Considerable progress has been made in the laying of yard tracks at the C.N.R. layout Lease, during the past few weeks, with stock rails on hand. The 28-pound steel rails for the three lines, which, it is stated, were shipped from the Algoma Steel Works some time ago, have not yet come to hand. Preparations are being made to run the workmen's train between North Toronto and Lease, commencing on June 1.

**KEW BEACH TO BUILD NEW THEATRE**

The Peter Pan Theatre and the dwelling house adjoining, on the south side of East Queen street, near Waverley road, are at present being torn down to make way for a modern, up-to-date theatre for the Kew Beach district, which will be erected forthwith by a large moving picture syndicate. The frontage will be 75 feet facing on East Queen street.

**BEACHES BUILDING ACTIVE.**

Considerable building activity is at present in progress in the Beaches district and dwellings of the \$6000 to \$10,000 class are being erected. J. T. Moore, a prominent local builder, is just completing a modern two-storey house at 1922 East Queen street owned by Charles Barton, a war veteran, who will open in the grocery business. Mr. Moore has signed contracts for the immediate erection of three other buildings. There are no houses to rent in the section.

**RIVERDALE**

**WITHROW PARK ROSES.**

The Riverdale Horticultural Society executive committee, expect that Parks Commission Chambers will accede to their request to place a roseary in Withrow Park this season. According to the statement of the president, A. J. Smith, there are only three rose bushes in the park and several trees at the present time which were placed at the expense of the upkeep has been very small to the city.

Under the auspices of the "White Heather" Chapter, No. 26, O.E.S., a well attended dance and soiree was held last night in Playter's Hall, Danforth, avenue. A full string orchestra furnished the dance music, and prizes were presented to the winners in the evening contest. Refreshments were served by the women's committee, and an enjoyable time was spent.

**PRESBYTERIAN YOUNG PEOPLE**

A meeting of St. John's Presbyterian Young People's Society was held in the Church Hall, Broadview avenue, last night when the charts of the forward movement were presented by Mrs. Bingham, who gave a short explanation of the aims and objects of the association.

There was a good attendance, and Carl Wallace, president, occupied the chair.

**WOODMEN'S SOCIAL**

The members of North Riverdale Camp, Woodmen of the World, No. 29, held a pleasant social evening at the home of E. Smith, council commander, 107 East Lynne, council command. A musical program was contributed and short speeches delivered by several members. Refreshments were served, and an enjoyable time was spent.

In connection with the Danforth district "peace celebration" a meeting of the North Riverdale Ratepayers' Association was held recently in Frankland school, Logan avenue, when the various committees reported progress. A. J. Smith, chairman, was instructed to secure military bands in connection with the parade. Many special attractions were suggested and added to the program. It was decided to hold regular weekly meetings.

**TODMORDEN**

**WILL WIDEN WOODVILLE.**

After repeated and fruitless appeals during the past thirty years by the residents of Woodville avenue to widen and open the street for thru traffic to the owners and the York Township Council, the present petitioners are at last within measurable distance of success.

The York Township solicitor is now preparing the legal documents regarding the widening of Woodville avenue and the straightening of the roadway for a thru thoroughfare between Dog Mills road and Pope avenue by order of the York Township Council.

**PLAINS ROAD SCHOOL PICNIC**

The school board of S. S. 7 decided to hold the annual picnic of the Plains road school at Thorncliffe Flats on the Don Mills road on Saturday afternoon, June 28. The small pupils are to meet at 12 o'clock noon at the school and be driven to the grounds.

Trustee Robt. McGregor has been appointed treasurer while Mrs. S. K. Klenner has been appointed to general charge of the picnic arrangements. Mrs. Galeney of Savoy ave, Woodbine Heights, will have charge of the refreshment tent. A program of sports and races is under preparation.

**EAST TORONTO**

**RENNIE-TRIPP MARRIAGE.**

A quiet wedding took place at Hope Methodist Church parsonage, Danforth, when Martha Gertrude Tripp, 9 Woodbine avenue, was married to Walter Thompson Rennie, a returned veteran. The pastor, Rev. A. I. Terry, performed the ceremony. Among those present were Frederick Tripp, brother of the bride, and many friends. Mr. and Mrs. Rennie leave on Saturday for Western Canada, the home of the bridegroom, where they will permanently reside.

**UXBRIDGE**

The funeral of Rebecca Chapman, widow of the late I. J. Gould, took place at Uxbridge yesterday afternoon. Service was held at her late residence on Toronto street, with interment in the Uxbridge Cemetery. A large number of relatives and friends were in attendance. Mrs. Gould was highly esteemed for her many sterling qualities. The deceased lady was in her eightieth year, and leaves a family of two sons and five daughters. The late Mr. I. J. Gould was one of the first mayors of Uxbridge, a former warden of the county, M. L. A. for North Ontario, and member of parliament for West Ontario. The Gould family was one of the pioneer families of this section, and did much in the development of the town and surrounding country.

Items of Interest to Returned Soldiers Will Be Printed in This Column. Phoned or Sent in.

**DOUGHBOYS RIDICULE "AMERICAN VICTORY"**

"The bombast you see in the American papers about the Americans having won the war may be discounted as coming from unrepresentative sources," said a member of the American Nurses Corps yesterday to The World. This woman who was for many months in charge of a building at the American hospital at Vatel, on the Lorraine sector, stated that the stories in many of the newspapers that the American army over Germany were ridiculed by the doughboys who had seen service over there could have reached the coasts of either Britain or France, and I know that to be a fact myself. It is the irresponsible stay-at-home in the United States who is responsible for such superficial ideas. I have no hesitation in pointing out that to attribute such calumnies to the doughboy is to do him a grave injustice. The unrepresentative so-called busy stirring up trouble between Canada and the United States that it is high time the true attitude of the

**RECONSIDER RESIGNATION.**

A resolution to reconsider the demand for the resignation of W. E. Turnbull, provincial secretary of the G.W. V.A. in Ontario, was lost at last night's special meeting of the branch. The meeting adopted the Calgary grant for the \$2000 gratuity, delisting from that resolution the men who reached no point further than the shores of Canada. The meeting decided to leave the question of politics in abeyance. Thirty-nine new members were initiated.

**EMPLOYERS DO THEIR DUTY.**

That many employers are desirous of doing their duty by the returned soldier is evident from the array of letters received by the director of repatriation. One firm has written to say that it kept a position for its traveler, which he held four years ago, when he joined up. Another firm is anxious to point out that every fit man in its employ enlisted for service at the front, and that the firm is taking back every man who volunteered, whether he is fit or disabled. Still another employer advocates vocational training centres at many points throughout the Dominion.

**THREE WAR BADGES FOR SERVICE IN NAVY**

Ottawa, May 28.—The naval service department has made an announcement with regard to war badges which are issued in Canada. These are three in number. The first, the imperial silver badge, is issued to invalided officers and men who served at sea or overseas, and to officers and men withdrawn from sea service on account of physical unfitness. The second, the Canadian naval silver badge, is issued to officers and men who served at sea or overseas and who have been honorably discharged for reasons other than physical unfitness. The third is issued to every fit man who only served on harbor vessels or on shore in Canada, and have been honorably discharged. For this class, unless the discharge is due to physical unfitness, officers and men must serve for a minimum period of three months. In order to be eligible for any war badge officers and men must have served prior to November 11, 1918.

**TORONTO ISLAND DELIVERY.**

Delivery of The Morning World at Hanlan's Island, Centre Island and Ward's Island will resume on May 1st. An early and efficient service is assured. Orders telephoned to Main 6308 will receive prompt attention.

**QUESTION OF FIUME SETTLED AT LAST**

Agreement Also Reached on the General Adriatic Questions.

Paris, May 28.—The question of Fiume and the southern territorial boundaries of Austria has been settled by the allied council, according to the best information here this evening. An agreement also has been reached, it is said, on the general Adriatic questions, except regarding economic arrangements. Thus all territorial questions will be presented to the Austrians Friday in the proposed terms. The matter of reparations will come up for consideration later.

A plenary session of the peace conference will be held tomorrow afternoon in the foreign office. The terms of the Austrian treaty will then be communicated to the representatives of the countries which broke relations with Austria.

The states formed from the old Austrian empire have virtually agreed to pay part of the Austrian indemnity, not as enemies of the entente, but in recognition of their liberation, and also to redeem proportionately their shares of the 40,000,000,000 kronen Austrian paper currency still in circulation in these states.

Austria's indemnity payment will be about 2,500,000,000 kronen. Another 2,500,000,000,000 will be proportioned among Hungary, Czechoslovakia, Yugoslavia, Rumania, Poland and Italy.

A peculiar feature of the arrangement is that Italy is sharing the cost of Austria's war against Italy. The results from the acquisition by Italy of the Trentino, Trieste and other sections which share in the total amount assessed against Austria.

Final details of the financial terms of the treaty were concluded at the conference today.

THE T. EATON CO LIMITED

DISCUSS SWELLED CANNED SARDINES

Health Congress End Conference, With Many Subjects of Interest.

COMMUNITY NURSING

Grave Problem in Rural Districts Owing to War Exigencies.

Last hours of the conference of the Canadian Public Health Association and the Ontario health officers were filled with information for the audience, a number of subjects of immediate interest being discussed. "The Bacteriology of Swelled Canned Sardines" was discussed at the morning session in a paper prepared by Dr. Wilfrid Sadler, of Vancouver, and read by Dr. R. H. Mullin. The paper told of experiments undertaken under the auspices of the biological board of Canada which resulted in organisms isolated being proved to be culturally identical with those used for inoculation. "Community nursing" was treated in a very bright and comprehensive address by Miss K. Olmstead, extension secretary of the National Association for Public Health Nursing, Chicago. The problem as to who should do this phase of the work in rural districts was a difficult one. At first it had been thought that groups known under various names, "Help Visitors," "Women Advisers," and so on, might do as well as the regular "nurses." These were tried, but it was found that they failed, the women of the country parts having no assured confidence except in the trained nurse. "The rural mother wants a trained nurse," said the speaker. The nurse at once gets her confidence and she soon learns about the ill and sicknesses of the household. The rural mother wants a trained nurse to combat today are infant mortality and tuberculosis. In the States they have managed to lower the death rate of the child between one month and one year, but had not succeeded in lowering the mortality of the children under a week old. To help in the shortage of nurses and medical attendants, Miss Olmstead advocated special courses for girls who would be given standards and called trained attendants. In the West, particularly in the provinces of Saskatchewan, were vividly told by Dr. F. C. Middleton, of the bureau of health, Regina. The speaker emphasized the normal lack of medical attention, which had been increased by war conditions, 90 of the 550 doctors of the province having gone into military work. Before the mental hygiene section Mrs. Emma O'Sullivan, of the Mercer Reformatory, made suggestions among which were a police court for women, proper boarding houses, surveillance of railway stations, equal justice for men and women, longer indeterminate sentence, release on parole, assistance for unmarried mothers. Dr. C. H. Clark stated that the public and press failed to understand the seriousness of the problem of the insane and in connection with the plan to hospitalize he advocated the appointment of independent commissions. A resolution was passed asking that the government take control of the material for the cure of venereal disease, which is now a monopoly of two private concerns. The new officers for the current year are: Hon. president, Governor Brett, Edmonton; president, Dr. H. E. Young, Victoria; vice-president, Dr. J. A. Amyot, Toronto; Hon. Dr. Wm. Roberts, St. John; Mrs. Colin Campbell, Winnipeg; secretary, Dr. R. D. Defries, treasurer, Dr. J. A. Adams. Votes of thanks and appreciation were moved to the retiring secretary and treasurer, Dr. Porter and Dr. Fitzgerald. Edmonton was chosen as the next place of meeting.

CANADIAN NATIONAL RAILWAYS.

Changes in Train Service.

On June 1st, summer train service becomes effective, and important changes are: New train—Leave Toronto 8.55 a.m., except Sunday, for Muskoka Lakes and Parry Sound. New train—Arrive Toronto 6.15 p.m., except Sunday, from Parry Sound. New train—Sundays only, leave Toronto 1.45 p.m. for Parry Sound, commencing June 14th. New train—Sundays only, arrive Toronto 10.30 p.m. from Parry Sound, commencing June 15th. Train now leaving Toronto 4.00 p.m., except Sunday, will leave at 5.20 p.m. for Parry Sound. Train now arriving Toronto from Parry Sound at 12.35 noon, except Sunday, will arrive Toronto at 10.40 a.m. Dining and parlor car service on the above trains commences Saturday, June 14th. Trains 32 and 33 will operate between Toronto, Trenton, Belleville, Napanee and York, except Sunday, leave Toronto 4.50 p.m., arrive Toronto at 11.45 a.m. Toronto-Winnipeg service is daily, except Sunday. Leave Toronto 9.55 p.m. Monday, Wednesday and Friday, via Canadian National Railways all the way, and on Tuesday, Thursday and Saturday via G.T.R. to North Bay, and on Sunday via G.T.R. to North Bay, and on Sunday via G.T.R. to North Bay, and on Sunday via G.T.R. to North Bay.

NEW ALL SLEEPING CAR TRAIN TRANS-CANADA LIMITED DAILY. Montreal and Toronto to Vancouver. On Sunday, June 1st, new train will be placed in service to operate daily to Vancouver via Canadian Pacific. Train No. 7 will leave Montreal 3.30 p.m. Train No. 9 will leave Toronto 7.15 p.m. Trains will consolidate at Sudbury and operate Sudbury to Vancouver as No. 7, due to arrive Vancouver 10.00 a.m. the fourth day. Further particulars from Canadian Pacific Ticket agent, or W. B. HOWARD, District Passenger Agent, Toronto.

MRS. HOYLE, WIDOW OF FORMER SPEAKER, DEAD. The death took place at her residence, 52 Concord avenue, yesterday, of Mrs. W. H. Hoyle, widow of the late Hon. W. H. Hoyle, former speaker of the Ontario legislature. The late Mr. and Mrs. Hoyle celebrated their golden wedding three years ago. Mrs. Hoyle is survived by three daughters, Helena, wife of Dr. Walker Henderson of Qu'Appelle, Saskatchewan; Mabel, wife of Dr. Angus Campbell of Toronto, and Edith, wife of Dr. Emmerson McNeil, also of Toronto.

SHRUBS AGAIN AT TOWNSEND'S. C. J. Townsend & Company, 11 West King St., have received from Bookop, Holland, a consignment of roses, paeonies, rhododendrons, box trees, azaleas, laurels, wisteria, etc. These are now on private sale at their West King St. warehouses. Many owners of fine shrubs in Toronto are indebted to Townsend & Company from whom the original stock was purchased.

BISHOP M'GUIRE AFTER THE SPOONS

Latter Day Saints Give Evidence as to Church Property.

The suit of Bishop McGuire, representing the Latter Day Saints, against Bishop Evans and other members of the Christian Brotherhood, continued before Justice Falconbridge in the assizes yesterday. Evidence as to the church membership and funds of the Latter Day Saints was given by members of the church before the secession of Bishop Evans to found a church of his own.

Bishop McGuire claims funds amounting to \$2000 as belonging to the old Soho Street Church. Part of the funds in question, it is alleged, came from the Sunday theatre meetings of Bishop Evans and from the treasury of the Women's Auxiliary. Bishop McGuire claims all the knives, forks and spoons and sewing machines of the auxiliary, which were taken to his new church when Bishop Evans broke away.

W. R. Smyth, K.C., is trying to prove that the Central Church never had any jurisdiction over Bishop Evans, and that the funds of the Ladies' Auxiliary were entirely their own, to dispose of as they saw fit, and that they, too, had been in connection with the church. Theatre Services. W. J. Hughes, a member of the church for 15 years, was the first witness called to the stand. He told of contributing \$150 to the building fund of the church. He said that at business meetings of the church, reports on the theatre service were asked for, and that in reply to a question as to the cost of printing of his sermons, Bishop Evans told the enquirer to mind his own business. Asked as to whether the branch at any time operated any control over Bishop Evans' theatre meetings, the witness answered in the affirmative.

Archibald F. McLean, president, treasurer and elder of the Toronto branch of the Re-Organized Church, told how the Ladies' Auxiliary contributed wiping out church debts, and loaned money to purchase motor cars. Mr. McLean said the printed sermons by Bishop Evans, distributed at the theatre meetings, could not be sold on account of the Lord's Day Alliance, but an appeal was made that contributions might be given towards various business meetings, at which the theatre gatherings were discussed and various resolutions adopted.

Mr. George Wilkie, counsel for the theatre meetings, explained to his lordship that the Sunday World published one of Bishop Evans' sermons weekly in return for his obtaining 500 subscribers. Reference was also made to the Dramatic Club, and Mr. Smyth said he understood that Bishop Evans once played a leading part in "Ten Nights in a Barroom." This statement was refuted by the bishop.

PROPOSE ROSEDALE STADIUM. The board of control has instructed Finance Commissioner Bradshaw and Parks Commissioner Chambers to report on the proposal to erect a stadium at the old Rosedale racetrack, now owned by the city. It is estimated the stadium would cost \$55,000.

ADVANCE FOR HOUSING. Finance Commissioner Bradshaw has advanced \$10,000 to the Toronto housing commission.

TINY HEWITSON BACK FROM GERMAN PRISON After spending nearly four years in a German prison camp at Munster, Pte. Lawrence A. (Tiny) Hewitson, of 904 Yonge st., returned home Tuesday night. "Tiny" enlisted at Fort Arthur with the 90th Winnipeg Rifles immediately after the outbreak of war in 1914. He was taken prisoner in the spring of 1915 and was in Germany until one week after the armistice was signed. He spoke highly of the parcels sent by the Canadian Red Cross, and said that while they did not always come regularly the boys could slide over the delays by going sparingly on what they had. The last few weeks of the war were the worst as regards food. After the signing of the armistice the prisoners were treated in fine style by the German people. Pte. Hewitson returned to England early in December, but was in a hospital until a few weeks ago. "Tiny" played quarterback for the old Victorias in Jesse Ketchum Park a few years ago. He is a member of Integrity Lodge, L.O.O.F. Before going to Port Arthur he was employed in the composing room of The Toronto World.

TORONTO-MUSKOKA WHARF TRAIN SERVICE. On Saturdays, May 31st, June 7th and 14th, the Grand Trunk will run the Muskoka Express from Toronto to Muskoka Wharf, leaving Toronto at 10.00 a.m. Returning train will leave Muskoka Wharf at 12.45 p.m., for Toronto, on Mondays, June 2nd, 8th and 15th. Trains will connect with the Muskoka Lakes Navigation Company steamer to and from all points on Muskoka Lakes. Full information from Grand Trunk ticket agents.

ANOTHER LITTLE TIFF ENLIVEN CONTROLLERS Quarrels between controllers, banging of the table and so forth, seems quite a pastime at the city hall; in fact one member stated recently that he had lost his dignity since he had entered the board. There was another little squabble yesterday, Controller Cameron charging Controller Robbins with telling some firemen after a prison meeting that he had switched on the question of an increase to the Controller McBride. Controller Robbins denied having used these words. "Then I withdrew the words," said Controller Cameron, "but I do charge Controller Robbins with breaking faith." Controller Robbins denied the explicit charge and picked up his hat and left the room.

RED CROSS CONSULTS WITH HEALTH BODIES The Canadian Red Cross Society took advantage of the joint congress of the Canadian Public Health Association and the Ontario Health Officers' Association to call an informal conference with representatives of these bodies, and also the Canadian Medical Association, the Canadian National Association of Trained Nurses, the Victorian Order of Nurses, and the St. John Ambulance Association and Brigade. The meeting which was held yesterday afternoon in the Red Cross board room, 125 Bay street, was to obtain as much practical advice as possible on a proposed future nursing service for Canada. One point emphasized by those present was the need for co-operation between existing bodies, rather than any new organization. It was recommended by those present that there should be further consideration of the subject and that in addition to the medical and nursing professions the health authorities, federal, provincial and municipal should be consulted with a view to the most beneficial co-operation. Those present included Colonel

Social Service Students Presented With Certificates The closing exercises in connection with the department of social service were held in Convocation Hall yesterday when Sir Robert Falconer, president of the University of Toronto, presided. Professor R. M. MacIvor, director of the department, gave a report of the year's work, indicating a growth and enlargement of the department. There were 24 full-time students and 279 part-time students. Certificates were presented to the graduates. An address was given by Rev. Dr. G. C. Pidgeon.

EMPPOWER SIR ADAM TO HANDLE CRISIS

Hydro. Chief May Submit His Own Terms to Canal Employes.

MEN DETERMINED Eight-Hour Day or Strike Seem the Only Alternatives.

If it had been possible to accumulate all the human electricity that was generated yesterday afternoon when 134 municipalities using Hydro-Electric service met together, Sir Adam Beck would have had sufficient power with which to supply Toronto with light for a month to come.

When Sir Adam Beck rose to address the delegates there were quite 250 persons crowded into a small room. Sir Adam told the meeting that the estimates for new construction had already been exceeded by between six or seven million dollars and if the present demands of the men were met there would be another seven million dollars to add to that.

Moment of Triumph. This was Sir Adam's moment of triumph, his grief went with his anger when the meeting almost to a man rose and shouted out: "But Sir Adam, the job cannot do without you."

The remainder of the speeches were of the usual order, except that each and every delegate went out of his way to slate the Ottawa powers—that be and the government generally for slacking supplies and want of administrative energy.

Be It Resolved. "Now, therefore, be it resolved that this meeting of representatives of the municipalities of the Niagara district does hereby express its absolute confidence and good faith in Sir Adam Beck and his ability to fairly protect the interests of the municipalities in any matters arising out of the demands of the Niagara Trades Federation, and hereby authorizes Sir Adam Beck for and on behalf of the municipalities to negotiate an agreement between the municipalities and the federation."

Many members of the commission thought the government ought to help them in the matter of the expenses of construction as much of the new work had been undertaken for the sole purpose of helping out the government during the war period.

Frank Healy interviewed. After the meeting The World interviewed Frank Healy, of the Niagara District Trades Federation, and asked him what he thought of Sir Adam's offer.

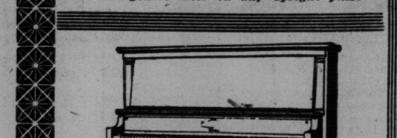

"No good," he said. "The men will not accept it. They want eight hours or nothing—that is what they are fighting for. To recognize the eight hours principle and then ask certain sections of the men to work ten hours, or nothing—that is what they are fighting for. To recognize the eight hours principle and then ask certain sections of the men to work ten hours, or nothing—that is what they are fighting for."

Heintzman & Co. Stock-Taking Sale LIMITED

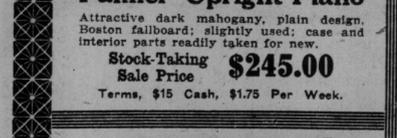

Closes This Week "Ye Olde Firme"—193-195-197 Yonge Street, Toronto Closes This Week

Marshall & Traver Square Piano Attractive dark mahogany, excellent working order; just the instrument for summer cottage. Stock-Taking Sale Price \$39.00

SIX ARCHITECTS FOR CITY SCHOOLS

Nominations of Building Committee Await Ratification Today.

Six architects have been nominated to take the place of the one architect who has just resigned from the building department of the board of education. Their appointments will, it is expected, be approved at this afternoon's meeting of the property committee and ratified at the board meeting next Thursday.

DEAF MUTE DRINKS CARBOLIC ACID

William Gray, a deaf mute, was found in his home at 647 East Queen street at 6:15 last evening suffering from carbolic acid poisoning.

Pay Your City Taxes Now and Avoid Penalty.

NEW THEATRE FINEST STRUCTURE IN CANADA

Toronto is to have a Pantages vaudeville theatre, the largest and best in the Dominion. It is to be erected on Victoria street, between Shuter and East Dundas, and will have an entrance from Yonge street, just south of Dundas street.

The building will cost approximately \$600,000, and will become one of a circuit of six theatres in which Mr. Pantages is interested. It will accommodate 3500 people, and have a magnificent pipe organ of the latest design.

BYLAW PROPOSED TO PURCHASE RAILWAY

At the board of control yesterday, Mayor Church advocated the submission of a bylaw to the voters at the next municipal election, Jan. 1, 1920, to provide for the expenditure of \$5,000,000 to purchase the railway and taking over of the Toronto Railway Company by the city in 1921.

FREIGHT FRANCHISE HOLDS UP SALE

T. & Y. R. Refuse to Sell Unless County is Safeguarded.

Reporting to the board of control yesterday on the conference last Monday between the city, Toronto and York Railway Company and representatives of the county council, Mayor Church stated W. H. Moore, on behalf of the company, intimated that the company would not be prepared to make any offer for the purchase of the road unless it included taking care of the obligations to the County of York regarding carrying freight to Farmington avenue and taking care of the rights and privileges the county have under the acts of the legislature and various agreements.

**A CRIMINAL FOR WHOM THERE MUST BE NO REPRIEVE**

**Food the Real Problem.**  
 Government has a momentous task before it today. It is a question of which God the government will serve. Will the authorities take the side of the fifty thousand, more or less, or the side of the eight millions, more or less, who represent the opposite sides of the debate. There will be an effort towards compromise, because compromise is the British method, but in these war times the spirit of compromise is not so evident as it was. We are not compromising with Germany, for instance.

The difficulty of compromise is all the greater as nobody appears to be willing to face the real issue. It is not an eight-hour day, nor a 44-hour week, nor the right to collective bargaining, all of these are important. Underlying these is the whole problem of food supply. The cost of food is behind the question of wages. As food rose in price, the food controllers refusing to do anything to keep it down, wages were bound to go up. As wages increased cost of production soared until the inevitable stagnation set in when competition at such cost became impossible in outside markets. The food profiteers out the throats of the manufacturing profiteers. The confiscation of surplus profits by the government does not, of course, affect this condition of affairs.

Unless the price of food comes down wages cannot come down. Unless wages come down, hours or no hours, unions or no unions, manufacturers cannot get orders. They cannot hire men to work with no work for them to work at. This is a labor problem, not an employer's problem.

We believe that the 44-hour week is quite feasible, and the other demands of the unions are reasonable enough if we can get food on such a basis as our resources warrant. Only a few years ago Toronto was the cheapest place in the world to live in. Today it is the dearest. What has made the difference? The food profiteers, the cold storage men, the melon cutting transportation men, and all the other men interested in loading up the traffic with all it can bear.

The secret of the situation is that they have loaded it up with more than it can bear. In the one instance of food it is possible to put one's finger on the spot and say that here is the evidence. The cost of living has gone up 102 per cent. The dollar is only worth forty nine cents. Consequently the workman must have two dollars where before he was satisfied with one. The manufacturer has stated his case. He is going to close up his factory till he gets work to keep it running and he cannot quote at rates to attract orders while costs remain as they are.

The government alone is in a position to deal with the situation. The men's demands for shorter hours and union privileges should be granted without hesitation, but that does not begin to settle the problem. Now that the profiteers have run the country into a deadlock the big financial powers of the nation ought to be held responsible by the government to devise a plan for the stepping down of the whole extravagant schedule of food rates and all that contributes to their high level, and the cost of such a measure should be distributed among the interests involved. If the captains of industry believe in their business they should see that this is the only way to set the wheels going again. Labor men dimly see and feel all this, and the general strike is the inarticulate utterance of revolt against the policy under which labor suffers.

**The Imperial Bank, and Mining in Ontario.**

The Imperial Bank continues to grow, to keep itself strong, to serve its many customers, and to maintain the traditions that have been grown round the management since its start, nearly 50 years ago. It is very much of a Toronto and Ontario and a western bank. It has been helpful in the development of Cobalt and Porcupine, and has had no reason to regret that it was a factor in making those two mining camps. We believe other camps equally productive are on the verge of springing forth in Northern Ontario, and The World hopes in the adjacent sections of the province of Quebec.

We regret that our governments here in Toronto and at Ottawa have never attempted to find out what the real value of the output of our nickel mines is, especially in the matter of palladium, platinum, iridium, and the associated metals—the most valu-

able metals in the world, and the greatest store of which we believe to be in Ontario. The banks that have their headquarters in Ontario, like the Imperial, are the ones that ought to see that every reasonable mining proposition that has paying ore in quantity in sight ought not to lack for aid in the work of development and production.

**Germany's Faith—Is It Good or Bad?**

If Germany had not double-crossed the Russians at Brest-Litovsk, we should be more inclined to give a sympathetic ear to the complaints now made by the vanquished Teutons about the terms of the peace treaty. It is this doubt of the good faith of the German government that makes the pleadings of their representatives vain. They claim the rights of a free and democratic people to self-determination and to all kinds of privileges and compensations, on the ground that they are utterly innocent of all the things that the mad Kaiser and his bad advisers perpetrated. The nations, however, receive these protests with incredulity, and when Germany presents a bill to the allies for damages done by them by blockading Germany to the tune of three and a quarter billion dollars, the reputed lack of humor in Germany finds strong confirmation.

Everybody will admit that if the Germans were genuinely repentant they should get every opportunity to restore their nation to normal conditions and resume their place in the world. The boycott of 70,000,000 people is not a thing that civilization can handle without difficulty. We are all anxious that the evil fame of Germany should be removed as fully and as fast as possible.

But it is only the Germans who can remove their own stigma and shame. When they show real repentance, a genuine sense of the tragedy they imposed on the rest of Europe, and make some show of anxiety to repair the ills of which they have been the author, they may demand sympathy, but not before.

Whether the treaty be signed or not, it is obvious that the leaders of German opinion are a recalcitrant group, whose sympathies are much more with the Kaiser and his junker friends than with the liberties of Europe. If it be signed it will be the signal for renewed intrigue on the part of Germany to involve the other nations in social war, to sow distrust and dissension among the allies, and, in general, to make the world an unlivable place.

If they refuse to sign, a deeper occupation by French, British and American troops has been staged. This may extend to Berlin. The people are not greatly concerned, once this decision is taken. They know they will not suffer from an allied army of occupation, but will, indeed, benefit from the good order and the circulation of money that will result.

A better acquaintance with outside nations would do much for the German people. They are rightfully afflicted with big head, and when they realize that other nations are just as clever as Germany, and, in some respects, more so—sufficiently at least, to win the war, the moral disease of the German people will be ready for treatment.

Troops are ready to push forward to the further occupation of the land beyond the Rhine. Whatever course the Germans take, the allies are prepared for it. We are inclined to think that the treaty will be signed, but are not sanguine enough to depend upon it for more than the Belgian "scrap of paper."

**THE DAY AT OTTAWA**

By TOM KING

Ottawa, May 28.—The Winnipeg strike and the labor situation continue to engross the attention of the house and the government. The government is in a ticklish position and the opposition members are sitting tight. It is an open secret that overtures have been made to leading Liberals from Quebec to join the government. The argument is made that a real political union is needed and the strongest possible government required for the difficult time ahead. To these overtures the one reply has been that any Liberal member from Quebec who joins the present government would merely commit political suicide and bring with him no popular support.

The Ottawa papers print a story to the effect that Sir Lomer Gouin may join the government. This is not taken seriously by the Quebec members, who point out that Sir Lomer has other things to try during the next four weeks. Some of them believe that the labor situation may yet become so serious as to require a Dominion general election by legislation, and that these questions were not in the minds of the people and received no consideration when the present parliament was elected. None of the members from other provinces on either side of the house share in this Quebec idea about a general election being imminent. They do, however, think it likely that a cabinet construction is at hand. It is common gossip that all the members of the government do not view the strike situation from the same light angle and should that situation become more serious and acute, these differences will soon become manifest. Some of the ministers, it is said, were not consulted about sending Hon. Gidson Robertson and Hon. Arthur Meighen to Winnipeg.

Be that as it may, Mr. Meighen has apparently not accomplished a great deal, and he will be back in Ottawa when this article is in print. Hon. Mr. Robertson is expected to be in the city by the time this article is written, and he is said to have arrived at Winnipeg last night.

Opposition members interpellated the government about the Winnipeg situation, but are careful not to commit themselves. They know that the government is not proceeding more energetically against the strikers, and are being blamed on the other hand with taking sides against them. They take it for granted that any general period of disorder and unrest must injure the government. They are waiting eagerly for the Toronto delegation which is to interview the government tomorrow.

Sir Robert Borden practically told the house today that the government would not bring down legislation defining collective bargaining and kindred subjects until the report of the royal commission on industrial relations was received. This would seem to preclude his giving a favorable answer to the visitors from Toronto. His policy and position were outlined in his statement to the house on Tuesday and it is not likely that he will go much farther when he replies to the delegation tomorrow.

The house spent this afternoon on Hon. A. K. MacLean's resolution respecting the classification of the civil service upon which a bill is to be founded. The discussion was rather desultory as the bill itself has not yet been printed. The house also approved an appropriation of \$2,500,000 for

the bonus to be paid members of the civil service for the first quarter of the present fiscal year. It is anticipated that after the new civil service act is passed the members of the inside and outside service alike will receive a fixed compensation according to classification. There was some grumbling about the extravagance of the government, but on the other hand, many members wanted a bonus for various officials and employees, like the Dominion police, who, for some reason or other, have received no bonus up to this time.

The bill to amend the consolidated railway act was again referred to the committee of the whole, in order to permit the discussion of certain amendments. The famous clause 374, respecting the franchise of the Toronto and Niagara Power Company to maintain poles and wires in the streets of the municipalities and to sell and distribute electric light and power there, is without the consent of the municipalities will not be enacted until Wednesday. The debate tonight was upon an amendment proposed by Mr. Joseph E. Armstrong of East Lambton to place all vessels engaged in coastwise trade or inland navigation under the control of the Dominion Railway Commission. It is an amendment to the act which Mr. Armstrong has advocated for many years and he supported it tonight with considerable vigor.

The arguments in its favor are much the same as those which justify placing the rates of railway, telegraph, telephone and express companies under government control.

**SAY GUELPH STUDENTS CUT UP \$4000 MOTOR**

Special to The Toronto World. Guelph, May 28.—One of the most flagrant acts of vandalism which have taken place here in a long time was committed last night, at the rear of the Ontario Agricultural College, when an open car belonging to the Great Guelph Radial Railway was literally cut to pieces. The perpetrators of the deed, who are alleged by the railway management to be fourth-year students at the O. A. C., used an axe for the work of destruction, and today a \$4000 car is practically a wreck. Ald. Westoby, president of the Radial Railway Board, has secured convincing information that students who were about to depart for their homes after the examinations, are responsible for the deed.

**Bolshevik Message Denies Evacuation of Petrograd**

London, May 28.—A Russian wireless message today denies the report that explosions had occurred in Petrograd, due to its approaching evacuation. The despatch declares there is no intention of abandoning the city, and that reinforcements already sent to the Gatchina front, south of Petrograd, are succeeding in driving back the enemy.

**A Desperate Resolve.**

CHAPTER XVII.  
 Often at this time I wondered if a woman had so perplexing a life as did I. If men in other kinds of business were obliged to resort to such expedients as Neil appeared to consider necessary to win success. I thought of father's quiet, uneventful, respected existence. Of men like Mr. Powers to whom all looked up, and whose name was a synonym for honesty and square dealing. Then of Mr. Frederick, his blunt honesty, his habit of calling "a spade a spade," as he so often expressed it, and of how even Neil admired his rough goodness and probity. Then I would think of Neil, the man I loved, the father of my boy, and long with all my heart and soul to have him like these others.

I had been very proud of my handsome husband's success. Very blind to the manner of his making. I had been very happy also at first, although all of this was changed. I was no longer so proud of his success; no longer quite so blind. And I was no longer happy. The upheaval had been gradual in a way, but it had come.

Now my whole mind was fixed upon saving my husband from the mortifying blame of the public. He was so boastfully proud of his success, so ambitious to become one of the rich men of the city, that it seemed terrible to me that he should perhaps be disappointed. That he would meekly yield to circumstances I did not imagine. He would fight for what he believed his rights, regardless of what I, what anyone could do. If I accomplished anything it must be by seeming not to drive him, where Mr. Scott's office was, the letter episode I had not much hope of being able to coax him.

I worried until I looked ill, and aunt was anxious about me, although I assured her I was all right. Neil still preserved his attitude of coldness, but somehow I did not feel quite so resentful since I had heard him declare that no one could say anything about his relations with Blanche Orton. I was obsessed with the idea that if I had received his friends perhaps I could have prevented much that must have happened, even though I was unaware just what it was. You see not even yet did I understand about Neil's business; never had he explained the slightest transaction to me.

Suddenly a thought came to me. I would show Neil that I too could be a "good fellow" as I so often had heard him describe Blanche Orton. It might not be too late for me to retrieve my mistake in driving him to make her home, not mine, his place of meeting men who preferred to do business over a dinner or supper table to the more conventional way of a

man's office.  
 With this thought in mind I telephoned Mr. Frederick:  
 "Can you tell me when the next dinner is to come off at Mrs. Orton's?" I asked.  
 "Yes—on tomorrow night," a world of wonder in his voice.  
 "Thank you." And after a little desultory talk I hung up.  
 I had been thinking about what he had said about Mr. Scott. I knew where Mr. Scott's office was, and making myself as attractive as possible I went down to the building in which it was located. I would wait for him when he went out to luncheon. I had heard Neil say that "one could set his watch by Scott's luncheon hour" so if he were in town I had no fear that I should have to wait long. I scarcely had taken a position where I could see the elevator when it disgorged its crowd of busy, hungry men when I spied him coming toward me. I walked briskly along, until I was beside him, when I said:  
 "How do you do, Mr. Scott? It is a long time since I have seen you. I had extended my hand in friendly fashion.

lient with Neil. I had failed, miserably. I would do something. I would not give up. I would go to Blanche Orton's dinner. I would show Neil that I, too could help him, if it were help to entertain men like Scott. I did not confess it, not even to myself, but I knew that I had intended to go ever since I had called Frederick on the telephone and asked when it was to be.  
 But why had Mr. Scott so insulted me? It must be because of something Neil had done, and Mr. Frederick had said he was a bad man to have for an enemy.

 The convoyed ship will surely find the ports to which it hath inclined. And as I travel o'er life's sea The convays of my surety Have been the craft of Hope, and Love, When clouds have lowered black above The craft of Confidence in God, The craft of Faith, and Gratitude, And always in the vanguard there In weather black, or weather fair, To hold the forward course clear, The craft that holds the Light of Cheer.

**"Will Morning Never Come?"**

"If I could only sleep I believe my nerves would soon be all right, but night after night I lie awake and think about everything under the sun."

"What chance is there of getting better so long as this goes on?"

"None. Nerve force is being exhausted nearly twenty-four hours of every day, and there is no rest and sleep in which to replenish the waste."

"One thing sure I cannot stand it much longer, for I know that every week—yes, every day—finds me more restless and nervous, and less able to stand the strain of the day's work."

"I suppose the doctor could give me something to make me sleep, but I don't want that. I am weak enough now. I want something to build up strength rather than to tear down the tissues of the body."

"I believe I will try Dr. Chase's Nerve Food. I have often heard of it, but never thought I would need to use it. I was always so strong and healthy."

"This nervous trouble is a peculiar ailment. No one would believe what I suffer from sleeplessness and nervousness. I do not look like an invalid, but I certainly am one."

"One thing sure I shall not spend another sleepless night before I begin using Dr. Chase's Nerve Food. I expect it will take a little time to get my nerves right, but I shall get half a dozen boxes and give it a try out. Something seems to tell me that I shall not be disappointed."

You are protected against imitations by the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, which are on every box of the genuine Dr. Chase's Nerve Food, 50c a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

### WIDOW'S INSURANCE DECREASES PENSION

#### Board Takes Advantage of City Grant Without Authority.

According to a letter read at the board of control yesterday, the government is deducting from pensions to mothers of deceased soldiers the amount of insurance paid to them by the city. Controller Maguire produced the communication, which was in the following terms:

"I beg to draw your attention to the treatment which was meted out to Mrs. J. A. Hinds, 180 Sumach street, whose son was killed at Courcellette on Sept. 15, 1916. A young lady acting as a representative of the board of pensions called on Mrs. Hinds and advised her that the government had decided that any mother or widow whose son had been killed on active service would not be allowed to draw any more than \$40 per month from any source. It was also explained that Mrs. Hinds was drawing \$40 per month from the city pension fund, and \$40 per month pension from the government. In all \$80, it would be necessary to reduce the government pension to \$10 per month until such time as the insurance had been paid in full; then the pension allowance would be \$40 per month, as before."

Controller Maguire: "The government is taking advantage of these matters."

Major Church: "I understand there are several hundred cases of this kind. The pensions board is making these deductions without authority." Mayor Church was authorized by the board to take up the matter with the government.

### SCHOOL TRUSTEES WANT WOMAN INSPECTOR SOON

Strong pleas for the early appointment of a woman inspector for the board of education were made at the school management committee yesterday afternoon by Mrs. A. C. Courtice, Mrs. Groves and Dr. Caroline Brown.

Dr. Noble said that the name of Miss Marty of Ottawa should not be made a football in the shuffle, while the legality of the appointment of a woman inspector was in doubt. Miss Marty was unanimously endorsed for the appointment by the management committee several months ago, but the legal doubt had blocked further action.

A number of appointments referred back by the board were reappointed, and a hot fight for their confirmation will, if necessary, be made at the board meeting. Twenty-six new teachers' nominations were approved.

### CONCERT FOR LECTERN.

St. Hilda's Anglican Church held a very successful concert under the auspices of the church choir, the proceeds of which will go to the fund for a memorial in the form of a new brass lectern for the church. The church was filled to its capacity. The artists were: Miss Courtney of Toronto, contralto soloist; and Mrs. N. R. Neal, organist. Rev. H. R. Young is the rector.

### DINEEN'S

#### Very Special Voile Waists

Reg. \$3.95 for \$1.95

Today we are showing dainty White Voile Waists, square and round neck, well finished and developed in small tucks, pearl buttons and embroidery, some with narrow self stripes, others with stripes in mauve and black. These were regularly selling at \$3.95. Special today at \$1.95.

### SOCIETY

Conducted by Mrs. Edmund Phillips.

Sir John and Lady Eaton invited nearly 2000 people to Ardwood yesterday afternoon, when they gave a most delightful garden party in honor of the Ontario Medical Association. The lovely grounds were in their fairest springtime garb, and the view of the ravine from the stone terrace was, if possible, more beautiful than the gardens where the wonderful herbaceous borders are just coming into early summer bloom. The band of the 110th Regiment played during the afternoon, and the guests thoroughly enjoyed refreshments were served under a marquee from long tables decorated with flowers from the adjoining borders.

Lady Eaton was unfortunately not sufficiently recovered to be present, and the flowers were received by Sir John, Dr. and Mrs. Marlow and Dr. and Mrs. Cameron. Mrs. Marlow was wearing a gown of white satin, with pearl and silver embroidery, lace sleeves and wide-brimmed hat of mauve tulle and georgette crepe, with silk ornaments of the same shade; Mrs. Cameron was in French blue satin with gold brocade panels, and deep purple lace with white and silver flowers. Mrs. Timothy Eaton gave a becoming gown of pearl grey satin with panels of fine lace back and front. A lovely stole of black ostrich and black tulle hat with border of feathers, and a pearl necklace, which she accompanied her. She was in black felt gown veiled with net, and weighted with jet tassels, hat woven out of black ostrich feathers. A very few of those noticed were: Sir St. Clair Thompson, Lieut. Col. Shirley Murphy and Lady Murphy, Admiral Dimsey, Major Groves, British representative to the convention; Mrs. E. Y. Eaton, Mr. and Mrs. Arthur McCrea, Gen. Sir Henry and Lady Pellatt, Mr. R. W. Eaton, Miss Friesse, Mrs. Marshall, Miss Johnston, Mr. H. C. Bickford, Dr. and Mrs. Parry, Mrs. McCann, Mr. Geo. MacLean, Dr. and Mrs. Macdonald, Campbell Reeves, Dr. and Mrs. Harold Parsons, Dr. and Mrs. J. A. Roberts, Hon. Finlay and Mrs. Macdunnachie, Hon. W. D. and Mrs. McPherson, Dr. and Mrs. Edmund King, Miss Freer, Dr. Adam Wright, Sir James Gray (Ottawa), Dr. and Mrs. H. B. Anderson, Miss Alexander, Mr. and Mrs. McMahon, Dr. and Mrs. T. Gibbs Wishart, Misses Wishart, Mrs. Palm, Mr. and Mrs. Hunsdon, Mrs. John Kent, Dr. and Mrs. Porter, Mrs. Geo. Shaw, Dr. and Mrs. Husband, Prof. Keys, Dr. Burson, Mrs. Howell, Dr. and Mrs. Gouding, Dr. Graham, the newly-appointed professor at the University of Toronto; Dr. Hendrick, Dr. Ellis, Mr. and Mrs. Austin, Dr. W. McPhedran, Mrs. C. G. Nasmith, Dr. Clarence Starr, Dr. and Mrs. F. N. G. Starr, Dr. and Mrs. Pepler, Mrs. Ballantyne, Dr. Broughall.

General Bickford will arrive in Van couvea Friday. Mrs. F. J. Dunbar and Mrs. Lyman Sibley are in Halifax, waiting to sail by the "Olympic" for England. Sir Clifford will return with Lady Sifton. Major Clifford Sifton is staying with Mrs. Arthur. Sir Shepherd is giving a little dance tonight after her at-home at the Heliconian Club. John L. Davidson will arrive in Montreal on Saturday. Mr. and Mrs. George Cassels will return from overseas in June. Mr. and Mrs. Hot Guerne are spending a week in Oakville before going to Swanton, Mass. Mr. Correlly, director of the archaeological department of the Royal Ontario Museum, gave a small tea yesterday for the members of the Young People's Study Club. Miss MacLean, the official guide and organizer of the club, received with Greenway pouring out the tea and coffee.

Mrs. D. B. Donaldson is spending two or three days in London, Ont., with the Bishop of Ontario and Mrs. Bidwell.

Mrs. John Garvin is in Collingwood today for a recital of Canadian folk songs, under the auspices of the I.O.G.E. Club.

Mr. and Mrs. Clement Brooke Marsland have arrived in town from Guelph. Mr. Marsland has been transferred from the Union Bank in that place to the head office in Toronto. They are at the Selby for the present.

Engagement. Mr. J. M. Patterson, Paris, Ont., announces the engagement of his youngest daughter, Gladys Narette, to Mr. Armando A. de Castro, of Bananquilla, Colombia, South America, the wedding to take place early in June.

"It's Good to Know so Fine a Sugar is Canadian from the ground up."

WE know that no woman will use a Sugar for any other reason than that supplied by its intrinsic merit. We realize that the "Made in Canada" claim counts for nothing unless backed up by real quality. Thousands of Canadian women are using Dominion Crystal Sugar—and insisting that their Grocers supply it in preference to any other; solely because they have found it to be a superior product.

These women, when they learn that this Sugar that they like so well—

## DOMINION CRYSTAL SUGAR

is made from Canadian Sugar Beets, are delighted to find that the Brand which gives them unfailing satisfaction—in the kitchen and on the table—is the Sugar that is "Canadian from the ground up."

You do not know how fine a Sugar can be until you have tried this brand.

Not all Dominion Crystal Sugar is made from Sugar Beets. We do import raw Cane Sugar, and we

refine it in the same three refineries that produce our "Beet" Sugar. But our pride is in the product we make from Canadian Sugar Beets. There is none better.

Write for our beautiful book entitled: "Sugar from Beet to Bowl." It tells the interesting story of Dominion Crystal Sugar and how we make it in our modern and splendidly-equipped refineries. The book is free—write for it.

REFINERIES AT WALLACEBURG, CHATHAM AND KITCHENER

### Verdict Against Car Thief Who Killed Morris Shrinkham

That Morris Shrinkham came to his death on May 23 as the result of injuries received when he was run down by a motor car driven by a person or persons unknown to the police, was the verdict returned by a jury at the morgue last night. Shrinkham was struck by a stolen motor car at the corner of Richmond street and Augusta avenue, driven by a man the police have been unable to find. The stolen car, which ran down Shrinkham, was found the following day abandoned on Dalton road.

## Sunlight Wash Days—

A Sunlight Wash Day is free from the toil and labour usually associated with washing, because Sunlight Soap washes clothes beautifully clean and white without rubbing or scrubbing.

## Sunlight Soap

being the surest, gentlest, purest of all cleansers is kind to the clothes—they last ever so much longer—kind to the hands, too. Do not accept substitutes—but ask for the soap you always use and insist on getting it.

All you do is soap the wet clothes with Sunlight—roll each garment tightly and leave to soak. Later you rinse thoroughly. No wrenching or relentless rubbing. The dirt just really drops out. You can go out shopping—or do other work—while Sunlight is actually cleaning the clothes for you. Good news, isn't it? Its true.

Try Sunlight for yourself and see.

LEVER BROTHERS LIMITED, Toronto

Meredith, Mrs. Beat, Miss Hanna, Mrs. W. Hanna, Mrs. H. A. Telfer, Mrs. Collins, Miss Evans, Halifax; Miss Mary Hanna.

Sir Clifford Sifton and Mr. Winfield Sifton are in Halifax, waiting to sail by the "Olympic" for England. Sir Clifford will return with Lady Sifton.

Major Clifford Sifton is staying with Mrs. Arthur.

Sir Shepherd is giving a little dance tonight after her at-home at the Heliconian Club.

John L. Davidson will arrive in Montreal on Saturday.

Mr. and Mrs. George Cassels will return from overseas in June.

Mr. and Mrs. Hot Guerne are spending a week in Oakville before going to Swanton, Mass.

Mr. Correlly, director of the archaeological department of the Royal Ontario Museum, gave a small tea yesterday for the members of the Young People's Study Club. Miss MacLean, the official guide and organizer of the club, received with Greenway pouring out the tea and coffee.

Mrs. D. B. Donaldson is spending two or three days in London, Ont., with the Bishop of Ontario and Mrs. Bidwell.

Engagement. Mr. J. M. Patterson, Paris, Ont., announces the engagement of his youngest daughter, Gladys Narette, to Mr. Armando A. de Castro, of Bananquilla, Colombia, South America, the wedding to take place early in June.

Imperial Reservists Back in Toronto

It was a happy crowd of veterans who were the arrivals from the Aquitania at the Union Station at 5.40 p.m. yesterday afternoon. The party was composed of 82 imperial reservists, the majority of whom were accompanied by their families. The men were all discharged in England, and returned to Canada as civilians in khaki.

The band, usually present on such occasions, was absent, as was the official welcoming party, but the men made up for the deficiency, and cheer after cheer rent the air as the coaches, lined with protruding heads, pulled in at the station.

Assembled on the platform were those who had been fortunate enough to make their way past the watchful gatekeepers, but the majority of the kinship of the returning warriors were excluded and were forced to wait within the gates until such time as their particular soldier would emerge to be smothered with kisses and fondly embraced by overjoyed parents and sweethearts.

The station army were on hand to help the various families with their luggage and to supply information when they were asked for it. The M. C. A. and kindred organizations in serving hot coffee and refreshments to the men and their families.

Among the imperials returning last night was Corp. J. Hurst, who was company sergeant-major in the York Rangers, but transferred to the Worcestersters on reaching England.

CAR BROKE HIS LEG. Wilfred Hurley, 57 Nassau street, had his leg broken at 7.25 last night, when he was run down by an automobile at the corner of Nassau street and Augusta avenue.

### SONG RECITAL BY PUPILS OF CARBONI

Columbus Hall was literally packed last night when every seat was taken and standing room at a premium, the occasion being a song recital given by pupils of Maestro Carboni with orchestral accompaniment. The program was long, embracing ballads, operatic selections and oratorio, the number of names on the program giving proof of the recognition of Carboni as among the leading instructors of the art of voice production and culture. Twenty-four numbers were on the program, several of which were made doubly attractive by the accompaniment of various stringed instruments, including

### FIFTEENTH BATTALION DANCE.

The reception and dance given for the 15th Battalion and auxiliary at Columbus Hall was a great success, about 300 of the men being present and the auxiliary well represented. Mrs. Morgan Dean, on behalf of the auxiliary, presented Col. Irving with an "insignia," and a bouquet of flowers was presented Mrs. Dean by Miss Bowden. Refreshments were served, the entire entertainment being under the patronage of Mrs. Gardhouse, assisted by a committee of seven members of the auxiliary.

### ANNOUNCEMENTS

Notice of future events, not intended to raise money, so per word, minimum 50c; if held to raise money solely for Patriotic Church or Charitable purpose, 1c per word, minimum \$1.00; if held to raise money for any other cause than these purposes, 1c per word, minimum \$2.50.

### POLICEMEN CALL MASS MEETING

Will Consider Question of Surrendering Charter as Requested by Commission.

The Police Union has called mass meetings for today in Sons of Erin Hall to discuss the report of the royal commission, which has suggested the surrender of the charter to the Trades and Labor Congress of Canada. The men signed to abide by the decision of the commission, but an effort will be made to keep the men organized. One is the dropping of the charter and turning the union into an independent organization without outside affiliation. There is a split in the ranks, but the majority of the men favor following out the findings of the royal commission and forming an association of their own. The meetings promise to be of a stormy nature.

### WILLS AND BEQUESTS

Jessie Knowles, sole executrix, has applied for probate of the will of her husband, Richard Knowles, who died April 26, leaving an estate valued at \$25,299. He willed his watch, jewelry and clothing to his son, Richard Gordon Knowles, and the rest of the property to his wife, directing that any residue left at her death be equally divided among his children.

Isaac Pimblett, 98 Barrington avenue, has applied for administration of the estate of Thomas Chandler, a carpenter, formerly residing in Toronto, who died in No. 3 Canadian Stationary Hospital, April 28, 1918. Attached to the papers filed in the Surrogate Court yesterday was a photograph of a letter sent by the deceased to his brother Fred, in which Sergeant Chandler directed \$25 to be paid to his fiancée, Miss B. Witter, of Meaford; \$45 to Marcus Brown, 29 Eglinton avenue; the estate, consisting of \$1,000 and \$221 deferred pay, will be equally divided between the deceased's father, two brothers and three sisters, all in England.

### ASK INTERNATIONAL

The Toronto local of the International Union of Stationary Engineers decided at a meeting held last night at the Labor Temple to join international union of workers in sympathy with the metal trades strikers.

**WANTED FOR MURDER, ARRESTED IN STRATFORD**

Police Apprehended in Stratford Ivan Petroff, Sought For By Galt For Killing Russian.

**Special to The Toronto World.**

Galt, May 28.—With his man securely handcuffed, Chief Gorman arrived back in the city tonight from Stratford where he went this morning to get Ivan Petroff, who is accused of murdering John Stepanovs Sokratsky, alias John Brown, Russian, in the gravel pit on farm near this city, on Sunday. Petroff is 23 years of age, about 5 ft. 7 inches in height and is well dressed. The murder was cleared up within 24 hours of the time the authorities were made aware of the crime. The murdered Russian is a married man, his widow now living in Armenia. Funeral will take place on Thursday.

Petroff will appear in court Thursday morning in answer to murder charge and will be remanded. Stayko Boyeff, companion of alleged murderer, was brought before Magistrate this morning and on nominal charge of murder was remanded to county jail at Kitchener until June 4. It was his confession that led to discovery of the murder, of which he was only eye-witness.

**Yukon Legislature Extends Franchise to Women in Elections**

Dawson, Y.T., May 28.—The Yukon legislature has passed an act extending the franchise to women in all territorial elections on full equality with men, and has asked the Canadian federal government to grant similar rights to women in all future federal elections.

### WHOLESALE FRUITS AND VEGETABLES

Asparagus came in very freely again yesterday and was difficult to dispose of, even at reduced prices, a small quantity of extra choice quality bringing \$1.75 per 11-quart basket, and ranging from that price down to \$1 per 11-quart basket.

Watercress is also coming in freely, and has declined in price, selling at 50c to 75c per 11-quart basket.

Strawberries of extra choice quality are coming in freely, the best selling readily at 40c per box, and some not quite so good at 35c per box.

Potatoes.—Choice stock Ontario are scarce and again showed a firming tendency, selling at \$2.40 to \$2.50 per bag.

White & Co., Ltd., had a car of mixed new vegetables—carrots at \$3.50 per hamper, beets at \$2.25, green wax beans at \$2.25 per hamper; cabbage at \$1.50 per crate; car of extra fine quality strawberries selling at 40c per box; asparagus at \$5 to \$5.50 per crate; mushrooms at \$3 to \$3.25 per basket; radishes at \$1 to \$1.75 per 11-quart basket; watercress at 50c to 40c per dozen; tomatoes at 75c per 11-quart basket.

Chas. Bamford & Sons had a car Florida potatoes, No. 1's selling at \$10 per bag; No. 2's at \$8, and No. 3's at \$6 per bag.

Mississippi vegetables—cabbage at \$2.25 per hamper; lemons at \$2.25, beets at \$5, and beets at \$2.50 per crate; asparagus at \$2.25 to \$3 per basket; tomatoes at 30c to 40c per pound.

The Union Fruit and Produce, Limited, had choice Ontario potatoes at 25c to \$2.50 per bag; pineapples at \$2.25 to \$2.75 per crate; beets and carrots at \$3 per hamper; cabbage at \$1.50 to \$1.75 per 11-quart basket; asparagus at \$1.50 to \$1.75 per 11-quart basket; radishes at \$1.25 to \$1.50 per basket; Canadian head lettuce at \$2.50 per case.

Chas. S. Simpson had a car of lemons, selling at \$5 per hamper; asparagus at \$2.50 to \$3 per crate; a car of Cuban grapefruit at \$6 to \$7.50 per case; cherries at \$5 to \$6 per case; green peas at \$1.25 per basket.

Dawson-Elliott had asparagus, selling at \$1 to \$1.75 per 11-quart basket; watercress at 50c to 40c per dozen; tomatoes at \$7.50 to \$8.50 per crate; Ontario potatoes at \$5 per case; Valencia oranges at \$5 per case.

H. J. Ash had oranges at \$5 to \$7 per case; lemons at \$2.50 to \$3 per case; Cuban at \$5 to \$7 per case; cucumbers at \$5.50 per hamper; asparagus at \$1.50 to \$2 per 11-quart basket; tomatoes at \$4.50 to \$5 per case; onions at \$7.50 to \$8.50 per case.

McWilliam & Everist, Ltd., had a car of cabbage, selling at \$5 to \$7 per crate; a car of tomatoes at \$7 to \$8 per crate; carrots at \$3.25; beets at \$3; beans at \$5 to \$6 per case; asparagus at \$1 to \$1.75 per 11-quart basket.

A. McKinnon had a car of Ontario potatoes, selling at \$2.40 per bag; beets at \$2.25, beets at \$2.75, and carrots at \$3.25 per hamper; cabbage at \$1.50 to \$1.75 per 11-quart basket; asparagus at \$1.50 to \$1.75 per 11-quart basket; radishes at \$1.25 to \$1.50 per basket; Canadian head lettuce at \$2.50 per case.

According to a telegram received here from Kiev, the Bolshevik revolutionaries in the Shungia district were killed and their guard dispersed. Confirmation of this report is contained in the Russian wireless statement which says "The enemy has occupied the village of Slnsky, on the eastern shore of Lake Onega."

The Bolshevik statement also admits that the Bolshevik troops continue to retire in the Petrograd region before the Estonians.

Vinnitsa is in the Ukraine, south-west of Kiev. It is in the rear of the Bolshevik forces engaged against the Rumanians in Bessarabia.

Were Storming Orenburg.

London, May 28.—Siberian troops of the Kolchak government were storming Orenburg, one of the last Bolshevik strongholds in southern eastern Russia, and an important railway junction, on May 21, according to a telegram received here from Omsk today.

**Hawker and Grieve Decorated By King With Air Cross**

London, May 28.—Harry G. Hawker and Lieut.-Commander Mackenzie Grieve were received by King George at Buckingham Palace this morning. His Majesty bestowed on Hawker and Grieve the insignia of the Air Force Cross. They are the first actual recipients of this order.

**German U-Boat Proceeds From Montreal Up the Lakes**

Montreal, May 28.—The U.C.S.G. which was in the harbor for the last 36 hours, left at 6 o'clock this morning in tow of the tug Iroquois, for Grand Haven, N.Y. From that point she will proceed up the river and great lakes to Milwaukee, stopping at twenty-five Canadian and American ports on the way.

**Settle Up Seventy-Five Per Cent. Of War Supply Contracts**

Washington, May 28.—The work of settling supply contracts in Canada and the United States, which were terminated or curtailed by reason of the suspension of hostilities, is more than 75 per cent. complete, United States Assistant Secretary Benedict Brownell said today in a special report on this subject.

### WASAPIKA SELLS AT RECORD PRICE

New York Shows Interest in Stock—Kirkland Lake Labor Dispute Reported.

Decided strength in Wasapika was the more conspicuous in the mining market yesterday by reason of the fact that there was a tendency toward irregularity elsewhere, although a number of issues finished with net gains. The unexpected report that labor troubles are threatening the Kirkland Lake district, naturally had a depressing effect, particularly on such issues as Lake Shore and Kirkland Lake, which are in the area said to be affected. In Porcupine, Cobalt and other camps there are no signs of serious friction and it is probable that the disturbed state of the public mind at present, any differences of opinion that have arisen at Kirkland Lake have been magnified in the telling.

Wasapika, which advanced from 60 1/2 to 62 1/2, was the highest price on record, and a gain for the day of three points closed with 64 1/2. The opening price was 54, the highest price on record, and a gain for the day of three points closed with 64 1/2. The opening price was 54, the highest price on record, and a gain for the day of three points closed with 64 1/2.

The full amount of Wasapika stock recently sold to New York interests has been pledged, and the portion of the buying yesterday was stated to have come from that city. Trading in West Tree shares was active, higher at \$12.75 with the where Wasapika has been a favorite for some time, and from all appearances, the West Tree district is to be brought prominently before the investing public in Boston, Philadelphia and other centers.

Lake Shore, which declined six points to \$1.75, was influenced not only by the report of labor troubles but by the rumor that the management of the company may temporarily suspend dividends in order to conserve funds for the enlargement of the mill capacity to deal with the increasing reserves. Kirkland Lake at 45 was off a point, with the closing bid at 44. A wire from Cobalt was a local favorite, higher at \$12.75 with the understanding that an ultimatum had been reached on the mine managers at the Kirkland Lake camp, the miners' union demanding an eight-hour day, a wage of \$2.75, and a 10 per cent. increase in the cost of living.

Two firm spots in the Cobalt list were Nipissing and McKinley-Darragh. The Nipissing was higher at \$12.75 with \$12.75 bid and \$15 asked at the close. Reports that the Nipissing has ventured into an oil enterprise in Texas are given confirmation by President Earle who has about 1,000 acres have been acquired and that drilling of a well will be begun without delay. McKinley-Darragh was up a point, and Mining Corporation rallied nine points to \$1.84. Beaver was affected by the news of its subsidiary, Kirkland Lake, continuing to sell at 45, and Timesmaking was firmer at 40 1/2. Crown was higher at \$12.75 with \$12.75 bid and \$15 asked at the close. It was held on Tuesday by falling back four points to 35. The low for the current movement. Ophir was at \$4 per share, extent of 71,200 shares between 6 1/2 and 8 1/2. The closing level, it is officially announced that the Nipissing has decided to discontinue work on the Ophir, this permitting the option to lapse, but that two other companies are negotiating for a new option, advance at the high of \$10 per share, 2 1/2, showed a gain of a point, but receded at the close to 20. Chambers-Ferland at 12 1/2 was off half a point.

Prices delivered in Toronto, furnished by John Hallam:

City Hides—City butcher hides, green, flats, 15c; calfskins, green, flats, 30c; sheepskins, each, 12.00 to 14.00; \$6 to \$7; sheep, \$3 to \$4.

**CREMENT IS HELD FOR GRAND JURY**

Buffalo, May 28.—City Judge Clifford McLaughlin today held Arthur Crement of Montreal, former member of the Canadian parliament, for the grand jury, charged with grand larceny. He is alleged to have been implicated in the theft of \$126,000 from the Montreal office of a Montreal contractor, thru a wire-tapping swindle in this city late last year.

**German U-Boat Proceeds From Montreal Up the Lakes**

Montreal, May 28.—The U.C.S.G. which was in the harbor for the last 36 hours, left at 6 o'clock this morning in tow of the tug Iroquois, for Grand Haven, N.Y. From that point she will proceed up the river and great lakes to Milwaukee, stopping at twenty-five Canadian and American ports on the way.

**Settle Up Seventy-Five Per Cent. Of War Supply Contracts**

Washington, May 28.—The work of settling supply contracts in Canada and the United States, which were terminated or curtailed by reason of the suspension of hostilities, is more than 75 per cent. complete, United States Assistant Secretary Benedict Brownell said today in a special report on this subject.

### WASAPIKA SELLS AT RECORD PRICE

New York Shows Interest in Stock—Kirkland Lake Labor Dispute Reported.

Decided strength in Wasapika was the more conspicuous in the mining market yesterday by reason of the fact that there was a tendency toward irregularity elsewhere, although a number of issues finished with net gains. The unexpected report that labor troubles are threatening the Kirkland Lake district, naturally had a depressing effect, particularly on such issues as Lake Shore and Kirkland Lake, which are in the area said to be affected. In Porcupine, Cobalt and other camps there are no signs of serious friction and it is probable that the disturbed state of the public mind at present, any differences of opinion that have arisen at Kirkland Lake have been magnified in the telling.

Wasapika, which advanced from 60 1/2 to 62 1/2, was the highest price on record, and a gain for the day of three points closed with 64 1/2. The opening price was 54, the highest price on record, and a gain for the day of three points closed with 64 1/2.

The full amount of Wasapika stock recently sold to New York interests has been pledged, and the portion of the buying yesterday was stated to have come from that city. Trading in West Tree shares was active, higher at \$12.75 with the where Wasapika has been a favorite for some time, and from all appearances, the West Tree district is to be brought prominently before the investing public in Boston, Philadelphia and other centers.

Lake Shore, which declined six points to \$1.75, was influenced not only by the report of labor troubles but by the rumor that the management of the company may temporarily suspend dividends in order to conserve funds for the enlargement of the mill capacity to deal with the increasing reserves. Kirkland Lake at 45 was off a point, with the closing bid at 44. A wire from Cobalt was a local favorite, higher at \$12.75 with the understanding that an ultimatum had been reached on the mine managers at the Kirkland Lake camp, the miners' union demanding an eight-hour day, a wage of \$2.75, and a 10 per cent. increase in the cost of living.

Two firm spots in the Cobalt list were Nipissing and McKinley-Darragh. The Nipissing was higher at \$12.75 with \$12.75 bid and \$15 asked at the close. Reports that the Nipissing has ventured into an oil enterprise in Texas are given confirmation by President Earle who has about 1,000 acres have been acquired and that drilling of a well will be begun without delay. ### SILVER

THE SUNBURST CONSOLIDATED MINES CORPORATION COLORADO

Capital, \$1,000,000. \$1.00 VALUE

400,000 RESERVED IN TREASURY.

Pre-Listing Offering 300,000 Treasury Stock at 52 1/2 Cents

Dollar Silver means big profits to the shareholders of Sunburst Consolidated. There are five silver mines in this group. The Boston Syndicate has spent over \$125,000 on these properties to bring them to the shipping stage—which is approaching at a time when silver is ascending to its zenith. Engineers have issued most favorable reports. Properties are fully equipped. Tunneling of 3,100 feet in length reveals excellent values. Operating by aerial gravity tramway. This is an opportunity of exceptional merit. Acquire an interest now! Those who delay will buy later on—at higher prices. Profits are in sight. Trading commences New York Curb, Monday, June 9th.

WEST SHINING TREE IMPRESSES EXPERTS

W. H. Collins of Federal Department of Mines Made Favorable Report Early.

W. H. Collins of the geological survey branch of the department of mines, Ottawa, made a very favorable report on West Shining Tree practically before any prospecting work was done. He then declared that "a surprising number of veins and mineralized zones have been found."

The camp has made remarkable progress since Mr. Collins' examination. It is attracting a great deal of attention on behalf of very large mining interests. Mr. Emmerson's report will be awaited with interest. It is, of course, anticipated that he will agree with Mr. Collins and the other scientists who have so strongly pronounced in favor of this promising field.

**WEST TREE MINES LIMITED**
