Big Reduction in Cost of Lighting Brantford With Civic Operation and Hydro-Electric Power.

BRANTFORD, Nov. 11.—(Special).—The general citizens' power committee held another meeting to-night, when the special sub-committee submitted detailed plans of the cost of expropriating the present lighting and power equipment of the Cataract Power Company and of operating the same with power secured from the Hydro-Electric Commission.

Brantford, according to the report, could do its own street lighting at \$37.94 per arc light, whereas the city now pays \$55 per annum on a capital expenditure of \$39,400. Incandescent lighting can be provided, both commercial and domestic, for 5 cents per kilowatt with no charge for meter rentals, whereas the present rates are 8 and 9 cents per kilowatt.

CLUMSY FORGER CAUGHT.

ST. CATHARINES, Nov. 11.—(Special).—This morning the police made a speedy capture of a clumsy forger. The man gave his name as Robert Collins and said he was from New York. He passed a cheque on Peter Freeman, who gave him \$3 on it. It was drawn for \$140 and signed by H. Sterling Bank. On the prisoner were found other cheques in favor of George F. Beaver for \$340 and \$845, signed by William H. Bunting in pencil. On the cheque for \$340 the prisoner had got whiskey worth \$150 from J. Donnelly of the Geneva Hotel.

SIR HIBBERT TO SUPPLANT R. L. BORDEN

Interesting Story From Ottawa That Conservative Chief May Take the C. P. R. Solicitorship —Montreal View.

A despatch from Ottawa to The Evening Telegram last night said: "It is understood that a movement has been started among certain sections of the Conservative party here to attempt to depose R. L. Borden from the party leadership and replace him by Sir Charles Hibbert Tupper. Those who are behind the movement state that Mr. Borden himself is weary of the political game, and that he would not object to be provided for by the C.P.R., from whom it is said he has a standing offer of one of their solicitorships. The plan is to seat Sir Hibbert Tupper in Carleton Place, Borden will vacate, and after a decent show of service perhaps for the coming session, allow him to be deposited in favor of the knight from Vancouver. There are of course objections to the plan from the wing of the party."

French Like Tupper.
MONTREAL, Nov. 11.—(Special).—The news that there is a possibility of Sir Hibbert Tupper running in Carleton Place has been heard here, but his possible succession to the Conservative leadership is not discussed, and is not taken here as indicating a possibility of a change near, tho it may be. The French-Canadian press admires the Tupper, one thing however they cannot understand, and that is why Sir Hibbert backed out of the Pictou contest.

Resent Movement.
HALIFAX, N. S., Nov. 11.—(Special).—Conservatives of Nova Scotia warmly resent any movement to supplant Mr. Borden, but if Mr. Borden has his own motion, really desires to give up the leadership, they would not doubt look with more favor upon Sir Hibbert as his successor than upon any one else in sight.

Out of Politics.
VANCOUVER, Nov. 11.—(Special).—Sir C. H. Tupper is still out of politics and has no present intention of running.

FOUNDATION OF A VAST NATIONAL INDUSTRY

Silver Production of Canada in Five Years May Approxi- mate Wheat Crop of the Prairie Pro- vinces.

ELK CITY, Mont., Nov. 11.—(Special Staff Correspondence).—While standing on the balcony of a large hotel at Cobalt just before penetrating the mining regions up the Montreal River, I saw several cars of machinery being shunted on to a siding. Stepping down the hillside to the track I passed along the line of cars and noted the names of the manufacturers who had built the boilers, lathes, shafting and other appliances. Firms from Toronto, Galt, Brantford, Montreal and several other places had their metal name plates on the sides of the various appliances.

It has been estimated that \$3,000,000 has been spent for plant by the mines of Cobalt and this vast sum of money has been largely spent to turn the wheels in the factories of Canada.

It has been estimated also that \$12,000,000 has been paid in wages to workmen in the past four years.

However accurate this may be there can be no question that the development of silver mines in the north has stimulated trade and industry directly or indirectly in the entire Dominion.

The Montreal River country stands to-day on the threshold passed by Cobalt four years ago. Two thousand prospectors have blanketed the country with claims and 120,000 acres have been staked out and discoveries sworn to. Little camps have sprung up all over the landscape and assessment work or initial development work is going on. With no railways development has been slow and expensive. The ambition to sack and strip ore has been stifled. A railway is absolutely essential. Instead of leading the way in throwing open the country the railway is following reluctantly, and daily the demand for the steel mills becomes more imperative. That the country possesses great potentialities is best shown by the fact that it thrills with animation in spite of the absence of the railroad, telegraph or telephone, and despite the limitations of the waterway because of portages which ruin the freight rate on supplies from Latchford to Elk City up to \$1.25 per hundred weight.

It is only about twenty miles from the end of steel on the Charlton Extension of the T. & O. Railway to Elk City. The people are not demanding a line of costly construction or heavy grading. That will come when the traffic justifies it. They do want the steel rails, however, and will be satisfied in the meantime if the service does not come up to gain line standards. To-day freight for the mining companies and for Elk City, Gowganda and West Branch, if not left on the portages, must be hauled or packed into the country at great cost and personal hardship.

The Men Who Know.
In forming an estimate of the great mining possibilities of the Montreal River it is not fair to say that the man who judges best is he who has been there, who is investing his capital there and is so satisfied that he proposes to stay there?

The man, who after much hardship, locates and stakes a claim, must commence to live up to certain obligations imposed by the government. If there was nothing to justify his hopes he would not spend a dollar nor one day of his time. He is the judge. Hundreds.

IN THE CAUSE OF FLOWERS.

Concluding Proceedings of the Horticultural Society. The Ontario Horticultural Association concluded its conventions yesterday.

The directors' report recommended that the department of agriculture increase the legislative grant at least \$2000, as the membership of the societies had increased over one-third during the year. A tax on billboards was also recommended.

It was also decided to affiliate with the American Civic Improvement Association, and J. Lockie Wilson, Prof. Hutt will be delegates to the annual meeting next week.

Rev. A. H. Scott, Perth, read the report, the committee appointed to consider the incorporation of horticultural topics in the new school books of the province, which strongly urged that such be done. The department of education, while recognizing the importance of this, stated that these books would be ready only, while they would bring nature study as much as possible to the front, they could not teach special subjects.

Rev. A. H. Scott, Perth, reported a balance on hand of \$96.30. Twenty-eight societies had paid affiliation fees for the next year.

The election of officers resulted: President, Major H. J. Shelgrove, Cobourg (re-elected); first vice-president, R. B. Whyte, Ottawa (re-elected); second vice-president, Roderick Cameron, Toronto (re-elected); secretary, J. Lockie Wilson, Toronto; treasurer, H. E. Cowan, Peterboro; hon. directors, W. Diamond (Belleville), Miss Blacklock, Hutt (O.A.C., Guelph), Prof. W. T. Macoun (C.E.F., Ottawa); directors, James Mitchell (Goderich), G.W. Tebb (Hespeler), John S. Pearce (London).

The necessity of an increased legislative grant was urged by W. B. Burgoyne, St. Catharines, who reviewed the situation under the old and the new societies under the old and the new. The increase in membership was about 45 per cent., and in expenditure of \$3 per member.

A paper by J. F. Watson, Ottawa, was read by Mr. Short. Its subject was "Increasing Membership." The policy of the Horticultural Society is to look on things in a business-like manner. The use of such as possible and had always been found generous in giving special prizes, crisp items were furnished, such as would appeal to the people. Afterwards canvassing was done for members. Their increase of membership to 100 was due to strenuous work.

Mr. Jaffray, Galt, said that they had the best men in the town behind them in their work. The horticultural cause, in the hands of the horticultural cause, Miss Rose, Guelph; H. E. Cowan, Peterboro, and G. W. Hodgetts, St. Catharines, corroborated this.

SOME CAN VOTE THREE TIMES

BUDAPEST, Nov. 11.—The bill providing for universal suffrage in Hungary was presented to the chamber of deputies today by Count Andrási, minister of the interior. It contains many novel provisions that are designed, as the preamble points out, to prevent the political agitators of the day from holding a puppet government.

The bill provides that every Hungarian over 24 years of age who has resided in the country for one year is entitled to vote. Illiterates, however, will be assembled in groups of ten, and each group will have the power to elect a single elector.

As a further means of "preserving the ascendancy of the intelligent classes," the bill provides for a system of plural electors for every 32 years of age who have fulfilled their military duty and who have three children are given two votes. Workmen who have completed a course of the secondary schools, also are given a double vote.

Electors who have completed the full course of the secondary schools or who pay \$30 in direct annual taxes, are to have the high privilege of voting three times.

CHINA WILL FIGHT JAPAN.

Missionary Says That Revolution is Also in Formation. PHILADELPHIA, Pa., Nov. 11.—Declaring that the youth of China, the younger and more progressive element in the nation, would overthrow the present dynasty, Rev. William Christie, a missionary at the Christian and Missionary Society, said today that disturbances were about due in the celestial empire, and also that a war with Japan was in contemplation.

The object of the revolutionary movement is the overthrow of the present dynasty, which is hated for its conservatism and feared for its power. During the past year there have been three or four attempts, each time before the movement had been fully organized, to overthrow the present dynasty. Mr. Christie said that the revolution was being fostered by the student element.

"China is not afraid of Japan. The government is afraid of the people. In the training of men for the war with the Japanese, that eventually will come. All this talk of revolution, of China and Japan in the event of another war with the western nations is ridiculous."

KEEP THE RECEIPT FOR EVERYTHING YOU PURCHASE HERE

It May \$100.00 to Mean \$100.00 You
It Will Mean Great Pleasure Anyhow

We are inaugurating an enterprise that we believe will interest thousands of our customers. It is to supply several thousand poor little girls in Toronto with a dainty doll on Christmas Eve. There is going to be a lot of work about it, but the newspapers are going to help, we are going to help, and above all you (our customers are going to help), so with

- A long pull,
- A strong pull,
- A pull all together,

we shall make it a success.

It is to Be a Dressed Doll Competition

With prizes given by the firm as follows:

- 1st Prize, \$100.00
- 2nd Prize, \$50.00
- 3rd Prize, \$25.00
- 5 Prizes of \$10 Each
- 10 Prizes of \$5 Each

This competition will be for our customers only. It will be absolutely in the hands of five Toronto ladies, each one connected with a Toronto newspaper. They will be the judges, they will distribute the prizes, they will give the dolls away on Christmas eve to the various "homes" and institutions in the city as well as to private homes where the little ones will never expect to receive a Christmas gift of any kind. This committee, however, will receive the names of poor children from every competitor, investigate the case, and if found worthy a doll will be sent to that address.

The money spent in the purchase of a doll with materials for dress must not cost more than fifty cents. So that it will be a case of who does the neatest work in the most tasteful manner. Every doll entered for the competition becomes the property of the ladies' committee, but the wishes of the competitor will be considered as to the little girl who shall receive it.

With every purchase at the store in any department we issue a date stamped receipt. Any lady producing one of these to the amount of \$1 or over, dated from to-day till the competition closes, will be eligible for competition. Buy your dolls where you like, your material where you wish. Our part is to offer the prizes as an incentive for everyone who can use the needle to join in this great Christmas distribution of dolls to the poor children of Toronto.

Bring your receipt to the store and get your competition coupon now.

OF INTEREST TO WOMEN

Womens' Baptist Missions.

The annual convention of the Baptist Women's Foreign Missionary Society opened yesterday morning at Bloor-street Baptist Church. Mrs. J. Firstbrook, president, welcomed the delegates.

Miss Martha Rogers, formerly a foreign missionary, also expressed the pleasure of the Toronto members in welcoming the delegates from outside points.

Mrs. M. J. Mulock of St. Catharines responded for the visitors.

Mrs. H. H. Lloyd, recording secretary, reported 13 associations, 233 mission circles, 112 mission bands and 25 other allied societies. During the year the association had raised \$11,664.74.

Owing to the extension of the work an appeal had been made for funds to send out three additional lady missionaries to India. The expense reached the sum of \$1700. This was being expended in sending out Misses Zimmerman, Finley and Ryser, who are now on their way to India.

Miss Webster, treasurer, reported a net increase of \$60 in the receipts. The total was \$13,664.94, with disbursements of \$12,225.97.

The bureau of literature, Mrs. R. C. Davey reported that she had sold 1234 tracts. The circulating library had circulated 97 missionary papers and 25 books. The receipts were \$22.89 and expenditures \$44.23.

Mrs. R. W. Angus, corresponding secretary, reported that in addition to the three ladies now en route to the east, five others had volunteered. Miss Jones and Miss Priest had suffered from typhoid fever at their foreign posts, but were now restored to health.

A new building had been completed at Ramachandra Jiron, where Miss Hatch and Miss Jones are stationed. Of the 71 girls who went up from the Cocanadar school 57 passed the government examination. Excellent work was also reported from Timpany Memorial High School.

Aunt Miss Morrow and Miss Priest are assisted by eight Bible women, Miss McLeod is touring the

16, and afterwards on the first and third Mondays of the month.

Mrs. James McKenzie will receive to-day, and afterwards on the first Thursday of the month at 447 Gladstone-avenue.

Mrs. George H. Smith and the Misses Smith, 45 West Roxborough-street, will receive on Friday afternoon of this week, and afterward on the first Thursday of each month.

Mrs. Henry Ward, 118 Kippendavie-avenue, will receive for the first time since her return from abroad, on Friday afternoon and evening of this week, and afterward on the first Thursday of each month.

Mrs. James M. Sinclair (nee Sampson) will be at home on Friday afternoon from four until six o'clock at 35 Bernard-avenue.

Mrs. George E. Dunbar, Strathgowan, Eglington, will not receive till the second Wednesday and Thursday of December.

Mrs. F. Wellesley Holmsted and Miss Holmsted will receive to-day, and afterwards on each second Thursday during the season.

Mrs. Frank E. Luke, Maynard-avenue, will receive on Thursday, Nov. 19, and afterwards on the second and third Thursdays of each month.

Mrs. Thomas Arthur Doherty, 20 Pembroke-street, will be at home on the second Wednesday of the month during the season.

Mrs. Cattanaoh, 26 Park-road, will receive next Monday and the following Mondays this season.

Mrs. Henry C. Hewetson will receive with her mother, Mrs. W. F. Weddon, to-day, at her new home, 75 Kendall-avenue.

Mrs. H. T. MacDonald (formerly Christina Davidson) will receive for the first time since her marriage at her home, 32 Alexander-street, on Saturday, Nov. 14, afternoon and evening, and not again until after the New Year.

W. J. Eagleson of Cobourg is in the city.

Mrs. and Miss Sheridan of Avenue-road will be at home on Friday of this week and on the second Friday of each month throughout the season.

Mrs. George H. Sedgwick, 566 Spadina-avenue, will receive this afternoon.

The Governor-General and Lady Grey proposes to stay for a month in Montreal, beginning Nov. 23.

The Spanish lectures to be given by Senor Dedo and Senor Blanco, under the direction of the Spanish Club, will be held at the Strolling Players' Club, 70 East King-street, instead of the Women's Art Association Hall, 694 Jarvis-street, as announced. At St. Simon's Church yesterday afternoon the marriage took place quietly of Thelma Grace Victoria, daughter of Mr. and Mrs. M. T. Lester, West Roxborough-street, to Mr. Harvey M. Gordon, son of Mrs. M. Gordon. Rev. Mr. Cayley officiated, only the immediate relatives being present, and both bride and groom were unattended. Mr. Lester gave his daughter away, and she wore a smart traveling suit of London smoke cloth, with hat to match. Immediately after the ceremony Mr. and Mrs. Gordon left for a honeymoon trip to the States. They will occupy their new residence on Bathurst-street on their return.

At Brandon, Man., Nov. 4, the wedding took place of Miss Margaret Cecilia Graham, eldest daughter of Mr. and Mrs. Herbert C. Graham, to Norman Rothwell Gibson of Toronto. St. Paul's Church was filled with guests. Palms and white chrysantheums flanked the chancel rail and carnations tied with white satin ribbon decorated the pews retained for the guests. The bridal procession entered the church, the ushers, Lawrence H. Pentland, Mr. Nixon, Mr. Grey and Mr. Barrington, leading, followed by the bridesmaids, Miss Melinda Speers

To-Day and To-Morrow AT SELLERS-GOUGH

To-Day and To-Morrow Will Be Opening Days

Our new store is complete and we anxiously await your criticism. The two opening days will be given over to an exhibition of the finest furs the ladies of Toronto ever had the opportunity of viewing.

MUSIC=FLOWERS

The store will be beautifully decorated with flowers, and we will have a splendid orchestra to discourse music. We have tried not to overlook anything that will add to a pleasure of the visit here on either of the opening days, and trust we will have the pleasure of entertaining you, and can assure you that you will find a visit to this store interesting and profitable. We have arranged a display of furs and fur garments that cannot be equaled elsewhere in Canada. While the fur and quality is the finest known to the trade, still you will find our prices moderate to a degree. Speaking of prices, we wish to impress upon your mind that this store has absolutely only one price, there is no hair-splitting or charging of two profits. We are content with a small profit and our treatment is the same to everybody.

BREDIN'S HOME-MADE BREAD

The good taste of Bredin's Home Made Bread, together with your own "good taste," will make you want it again.

It's the rich flavor of the wheat flour and the modern method of baking that make this clean, sweet loaf so popular.

"The quality goes in before the name goes on."

and Miss Jessie Gibson, sister of the groom, and the maid of honor, Miss Winnifred Graham, sister of the bride, and lastly the bride, who looked sweet and girlish as she came in with her father. They were met at the chancel steps by the groom, and his best man, Gordon Graham, brother of the bride.

The bride wore a lovely gown of ivory duchess satin over chiffon and taffeta made on the empire-princess lines, the soft folds of the skirt falling into a long train, the bodice having a bertha and yoke of exquisite rose point lace, finished with silk fringe and tassels, and long sleeves of shirred chiffon, a sash finished with fringe and tassels, falling to the end of the long train. Her veil, caught in her hair with a coronet of orange blossoms, was worn over the face and fell to the hem of her train. She carried a shower bouquet of white orchids and she also wore a beautiful necklace of pearls and pearls, the groom's boutonniere was a carnation. NOTE AND COMMENT

The leaders in the baseball revolt declare that they are not outlaws, that they bolted yesterday from the National Association meeting...

There may be all kinds of close struggles in the leagues like the Toronto Soccer who may tie up on Saturday after a good season's play...

Jack Bennett, the popular announcer and referee, liked the style of Albert Edwards of Hamilton better than any other lad in the tournament...

Champion Bob Day is anxious to box in the Hamilton tournament. He trained consistently two months for the city bouts and had not to extend himself to win his trial...

The chances are that the first ten games of the match bowling contest between West and Bell of London and Capps and Sutherland of the Royal Canadians will take place here at the Royal Canadian alleys to-morrow night...

As an example of the interest which the public men of Great Britain take in athletic sports, Mr. Emmanuel Tasse, who represented the Canadian Olympic committee at the Olympic games in London...

London, Nov. 11.—(C.A.P. Cable)—The results of to-day's Southern League games were as follows: Brighton and Hove 1, Queen's P. R. 1, Exeter 2, Plymouth A. 1.

THE "Gillette" Safety Razor is used on more than two million faces—shaves over two million different beards, from the soft down of youth to the wiry bristles of the grandfather...

The "Gillette" is the only razor in the world that may be accurately adjusted for every face and every beard—for light and close shaves.

The "Gillette" is the only razor in the world that is so absolutely safe that a blind man may use it.

The "Gillette" is the only razor in the world that has the "New Process" Blades—a triumph in steel-making and tempering which produces the keenest, most durable shaving edge ever ground on a razor blade.

President Molson Names Kingston For The Play Off

A Hamilton dispatch says: The Hamilton Tigers and Ottawa will play off the game to break the tie for the championship of the Intercollegiate Union at Kingston next Saturday afternoon.

The Tigers are disappointed that Kingston was not chosen, but they like the venue better than Montreal. A special train for the teams and supporters will probably be run, leaving Hamilton early Saturday morning.

It comes to a saw-off between Ottawa and Queens for the Canadian football trophy, what a kicking duel the Wings brothers, Jack and Ken will have.

With Moor Lee back in the game for Varsity Saturday, the blue and white should score a win over Queens and thus tie the Frosty rivalry for the championship.

Dr. Hendry will referee and Russell Dutton umpire for the Queens-Varsity game, held at 7:30 p.m. Saturday night at the University of Ottawa.

The Toronto A.A.C. and Argonauts will not play off their tie for the city championship. They could buckle against the Hamilton team, but the plan opens this morning at 10 a.m. at the University of Ottawa.

Queens are bringing up a special train of 300 routers for their game with Varsity Saturday.

"TIPPING ON PERCENTAGE."

Hotelkeepers' Congress in Rome Will Regulate the Custom.

NEW YORK, Nov. 11.—Special cable despatches from Rome say: The International Hotelkeepers' Congress, which has been in session here for several days, wound up with a discussion of tipping. The expression was practically unanimous that the habit was ineradicable, the greatest obstacle to abolition being the unwillingness of a large class of travelers to renounce the right of rewarding the special attentions of servants.

It was resolved that, as the custom could not be abolished, it was desirable to regulate it. Therefore, when travelers wished to tip, hotelkeepers might undertake L. J. Hayman, Lieut.-Col. J. G. Langton, vice-president, Major M. S. Mercer, Capt. A. T. Hunter, Lieut. H. Eden Smith, committee, W. M. Meadows, J. P. White, E. C. Van Duser, A. Rutherford, Geo. Thompson, Geo. Creighton, E. S. Todd, secretary, Wm. Meadows, J. P. White, secretary-treasurer, A. S. Todd.

Club shoots will be held each Tuesday and Thursday, starting Nov. 11. Spoon shoots to be held each Thursday. All interested kindly communicate with the secretary-treasurer.

St. Simon's Lacrosse Banquet. St. Simon's Lacrosse Club will hold their annual banquet on Friday, Nov. 23, at the St. Charles. All who have not secured their tickets should do so at once, as there is only a limited number to be sold, and they are going fast. The boys intend to make this the best they have ever had.

Checker Club Meets To-night. A business meeting of the Checker, Bridge and Whist Club will take place to-night at 60 Jarvis-street. J. L. Hughes, the president, will preside. After business various games will take place.

Big Theft, Sixty Days. For theft of \$100 worth of jewelry from his aunt, it was held guilty in police court yesterday morning, Nathan Cohen was given 60 days in jail yesterday.

Match Ignites Gasoline Fumes. H. M. Arling, broker, of 187 Isabella-street, lit a match in his garage yesterday morning and ignited the gasoline fumes. His \$200 machine was destroyed and \$200 damage done to the building.

Law Case Fixed for Trial. Frank Law, the mining broker, will come up for trial at 4th December. CHATHAM, N. B., Nov. 10.—Alarmed by a fresh outbreak of scarlet fever, the board of health yesterday ordered all schools, Sunday schools, public meetings and places of entertainment closed, and engaged watchmen to enforce this. The town has also been divided into medical districts, each being placed under a physician's care. Yesterday afternoon the school's ball of \$10,000 against his appearing for trial was renewed.

A Boy Rescued. Charles Sheran, the boy who told the police a lurid tale of being deserted by his parents in the Union Station, when they went off with his blind sister, has been claimed as a ward of J. J. Keiso of the department of neglected children, who escaped from the custody of the attendants.

GET QUEBEC BANK ROBBER.

Was One of Four Men Arrested in New York as Vagabonds.

NEW YORK, Nov. 11.—When several Central Office detectives at once were strolling through Chinatown the other night looking for suspicious characters, they took into custody a party of four men because they had recognized two of them as safe blowers. One of the strangers described himself as George W. Monroe of Cumberland, Maine, made a plea for freedom, saying he knew nothing of the men in whose company he had been found.

To-day Monroe, or as the police say he is better known as "Portland Faty," is in a cell awaiting the call of Canadian officials, who wish to take him across the border to tell what he knows of the robbery of a bank in Quebec. In the pockets of the prisoner the police found a number of certificates marked "La Banque Province, St. Raphael, Quebec, Canada." Enquiry developed that the bank was robbed Oct. 23.

Got What Was Coming to Him. Edward Mulvaney, on suspended sentence by Judge Winchell, after a sessions jury had found him guilty of assaulting George Brown of Reid-avenue, in February last, turned up in court yesterday morning on a probation charge and was sent down for 60 days by the judge.

What's the Use of Helping a Man who won't help himself? A man in honor. "I told you to leave whiskey alone, Mulvaney, and you haven't done it. Remember the next time you get out on suspended sentence that I mean what I say."

No Assault. Because he decided that Edgar Smith was acting for a customs officer to whom Robert L. Fraser, 59 Charles-street, a lawyer, had refused to submit his baggage on his return from Niagara Falls, Sept. 3, Magistrate Kingsford held in police court that Smith was not guilty of assault, even if he did lay hands upon Mr. Fraser, in asking him to go to the customs office.

Law Case Fixed for Trial. Frank Law, the mining broker, will come up for trial at 4th December. CHATHAM, N. T. J. PROTECT FRUIT CROWEES Legislation for Compelling Nurserymen to Sell Good Stock.

Farmers and fruit growers will be protected from the nurseryman who often fills an order with trees untrue to name, if the recommendations of the fruit growers become law.

A special committee was appointed last year to draft a suitable bill. Their report was submitted yesterday and carried. By its provisions all nurserymen and agents will have to have licenses. These licenses are subject to cancellation upon sufficient evidence of wrongdoing. No nurseryman is allowed to substitute other varieties for those named, without the written consent of the purchaser. But the chief clause around which interest centered was the one which laid the nurseryman to damages where the planting trees showed fruit other than that ordered.

One of the most practical addresses of the session was that by Prof. Charles Smith of Cornell University, on the new work of the state in making orchard surveys and tabulating their results. This work had established the singular accuracy of the law of averages.

Several district representatives of the agricultural department discussed the apple difficulties of their sections. E. Lick of Oshawa handled very ably the question of packing and packages for apples. He claimed that the character in the apple packer counted for more than anything else, and that the average apple packer was too careless of the fruit.

The following directors were elected: District No. 1, R. B. White; No. 2, H. Jones; No. 3, F. S. Wallbridge; No. 4, W. H. Gibson, Newcastle; No. 5, E. W. Grierson, Oshawa; No. 6, A. W. Palmer, executor of the J. C. Palmer Estate, northwest corner King and York-streets, asking to transfer his tavern license to Charles B. Palmer.

NEW FLORAL ATTRACTIONS. American Beauties Predominate at St. Lawrence Market Show.

Each night of the Flower, Fruit and Honey Show is an improvement on the former one. The third night presented a new set of attractions in the rose competitions, which are surpassingly beautiful. American Beauties appear to predominate, but exquisite white, pink, crimson and new varieties lend charm to the display. Ten roses of exquisite old-fashioned tints and color are also shown. Another novelty is found in the display of plants in which where Manton was the successful competitor.

Clematis and violets were also shown for the first time last night. Still another new feature was the memorial wreath and floral tribute class. A number of very artistic and unusual designs were shown.

In the vegetable classes there were also some novelties. An exhibit of York County potatoes attracted a great deal of attention. The numerous varieties and the excellent specimens doing credit to the home county.

The attendance was larger than ever. The Grenadiers Band played, a large crowd who sat on the tiers and watch the prize-winners and listen to the music.

SEEKS DECENT BURIAL. Michael Basso Discovers Murder and Alleges Slight to Dead.

Michael Basso will go before Archbishop McEvoy to ask for a proper burial of two Italians, Leonardo Lombardo and Francesco Gallone, whose bodies were found in the Severn River near Coldwater, Ont., and according to Mr. Basso, buried in the woods in rough boxes, with no ceremony and with nothing to mark the place where they lie.

The bodies were found a year ago and shortly afterwards word was taken to their families in Italy that the men had been murdered. Mr. Basso went to where the men had been working and found that they had gone to the river after drawing their pay with a third Italian.

Shouts were heard from that direction and after a time the other man returned alone. He gathered up his things and left the camp. He has not since been seen.

M'GILLICUDDY GUILTY GETS OFF WITH FINE

Plea of Justification Was Not Sustained—Judicial Roast for "Eye Opener."
CALGARY, Nov. 11.—(Special.)—The jury in the McGillucuddy criminal case were out for near four hours and gave a verdict finding the accused guilty of libel; and that the plea of justification was not sustained.

The following rider was added: "We believe the contents of the letter published in The News too drastic to meet the requirements of the case, but as citizens of Calgary we desire to place on record our disapproval of obscene and suggestive articles and illustrations which appear in The Eye-Opener and we respectfully request your lordship to caution the prosecutor against publishing any more such articles; and if persisted in, they should be suppressed."

Judge Beck sentenced McGillucuddy to a fine of \$100, or in default to two months' hard labor, execution of judgment to be stayed until Dec. 15.

GAVE BACK PART OF GRAFT

The remainder he kept for himself.
"Who would you call this?" asked Mr. Watson.
"His interest," replied the witness, amid laughter.

Patrick Murphy, a saloon keeper, had over \$3000 of accounts against the department for the last three years, most of which was for coal bags and for stevedoring. He drew his money from the department thru O'Dell, a grandson of Mr. Gregory. The same young man figured in the evidence of Purvis Ritchie, a member of contractor supplies, who declared that O'Dell got a commission on the business he brought him and had aided him to get departmental orders.

Speaking of the security Senator Choquette, counsel for Mr. Gregory, said this morning: "Our defence is that Mr. Gregory has from time to time advanced sums to the government, approximately between \$30,000 and \$40,000. He got no interest from the government where the exaggerated interest in brief, he did a brokerage business. He also advanced payments to these firms before the government money came and their gifts were in consideration for this."

COBALT--- Mining Markets Irregular in Speculative Sales ---COBALT

INTEREST IS INCREASING IN THE COBALT CAMP

La Rose Still Leads in the Volume of Shipments—Temiskaming Is a Big Attraction.

COBALT, Nov. 10.—(From the Man on the Spot).—La Rose continues to lead the Cobalt shippers. This mine shipped two cars of high grade ore last week and will ship two more this week. Yesterday they shipped one thirty ton car of second grade ore and have got another thirty ton car of screenings from No. 10 tunnel ready for shipment. Thirty-six tons of high grade ore are sacked and ready for shipment and two cars of screenings (second grade) will be ready to-night or to-morrow. Five tons of 7000 oz. ore are sacked and ready for shipment at the entrance of No. 10 tunnel. The vein here shows increased width and value. The McDonald vein now has a width of five inches and carries ore averaging between seven and eight thousand ounces of silver to the ton. Argentite in very considerable quantities is now being found in this vein. Never in Cobalt's history has there been greater interest displayed by the outside world in the camp, nor has there been as much local activity. Special trains consisting of several coaches have been arriving during the past few days from Montreal, Toronto and New York. The great Temiskaming veins have caused that section of the camp to be visited by all these tourists. The development being done by the Coleman-Development (now to be known as the Pan-Silver), and the Gifford pay result in other new shipping mines from that section of the camp. The sensational width of 43 inches of solid ore on one of the big Temiskaming veins at a depth of 250 feet stamped this as one of the greatest of Cobalt's producers. The sensational appearing ore at the Crown Reserve makes this another hot-spot of attraction. Frank Burr Mosure.

SHIPMENTS IN THIRTY DAYS

Capt. John Harris Pushing Operations on Victoria Property. A letter from Capt. John Harris, (written Nov. 10), who is manager of the Victoria Mines, says: "I am pleased to inform you that the ore produced from the west and east vein at the end of shaft four is composed of nickel, cobalt and silver. The vein runs the length of the property and promises to establish a reputation for the mine. I think we will be able to make a shipment within three or four weeks."

STAKES TEN CLAIMS.

Prospectors Are Busy in the Gowganda Lake District. The New Liskeard Speaker says: Messrs. Thos. Taylor, Thos. Magladery and Robt. Reid, who were prospecting in company, have come out of the Gowganda District and we are told that they have staked no less than ten claims in the midst of the mineral belt. They believe that some of their claims will just about put them on easy street. Reuben Armstrong has also returned, bringing with him about fifty pounds of silver samples which abundantly prove that the claim held by himself and associates contains the "pure goods." These young men have formed a company to be known as the Gowganda King Silver Mines Limited. They report that an offer of \$100,000 has been refused for their claim. An old man, evidently a tramp, was killed on the railway near Woodstock.

NO SURVEYS YET MADE ON THE GILLIES LIMIT

Mistaken Impression Gives Rise to a Somewhat Sensational Story in Haileybury. HAILEYBURY, Nov. 11.—(Special).—A story is current here, and it seems to be well authenticated, that the government at Toronto have completed a survey into small lots of the Gillies timber limit, immediately south of the Cobalt mining camp, practically covering all the southern portion of the Township of Coleman, and that they are about to throw them open for purposes of staking on a fixed date. It is even said that in some way inside information has leaked out, and that parties with a tip are already here and in Cobalt, and actually have their stakes made and their trenches made, and that they will be ready on the first day to record their discoveries and claims. Sir James Whitney declared yesterday that it was news to him that the limits were to be thrown open was more news. "There has been no talk among us

GIFFORD EXTENSION

A PROPERTY WORTHY OF CONSIDERATION BY INVESTORS.

The location of the Gifford Extension makes it one of the best prospects in the Cobalt Camp to-day, and its low capitalization—only \$350,000—marks it out as one of the most promising of the newer mines in the camp.

This property is right in the Temiskaming section, in which is located the famous Temiskaming Mine, one of the greatest silver mines in the world. It has already shipped over \$1,000,000 worth of silver to the smelters, and paid out a quarter of a million in dividends.

The men connected with the Gifford Extension are well known in Cobalt circles. Their names are a guarantee of fair treatment to the shareholders.

It is safe to say that the Gifford Extension is one of the best non-shippers in the Cobalt Camp.

MOOSE HORN MINES

ONE OF THE GREATEST MINES OF THE NEW COBALT

The engineer in charge of the Moose Horn Mine, Montreal River District, is sending the most glowing reports to his principals. It is reported that assays have been had on six distinct veins, running from 250 to 15,000 ounces of silver to the ton. The main shaft is down 68 feet, with a two-inch vein carrying high values. "At about twenty-five (25) feet down the shaft, the vein widens to one inch of Calcite, in some places showing almost solid SILVER. This holds good to the bottom of the shaft and the full length of the drift. I have been in the Cobalt Camp almost from its beginning, and would say that there are as good showings of silver on the Moose Horn property as in any of the Cobalt Mines at their commencement, and for the same amount of work having been done. BELIEVE THE MOOSE HORN MINE CAN BE MADE A PAYING PROPERTY FROM THE START."

THE VICTORIA SILVER COBALT MINE—LOCATION COMBINED WITH RICH VALUES.

The location of the Victoria is fortunate. It is surrounded by some of the biggest shippers in the camp. Sinking is now being done on veins carrying 1100 ounces of silver to the ton. This is an opportunity, and you should act quickly if you wish to take advantage of it. Victoria is not a prospect, it is a working mine.

TRANSACTIONS ARE HEAVIER AT ADVANCING QUOTATIONS

Wall Street Operators Continue to Bull Prices—More Buoyancy at Local Market.

World Office. Wednesday Evening, Nov. 11. There was no great broadening in the market for securities at the Toronto Stock Exchange yesterday. There was an increase in the interest from the public, and brokers had more orders than they have had for some time past. The discussion in London regarding the cable was not an immediate influence on Mackays, on the ground, apparently, that it was suggested that the present cable companies should be bought out, if international arrangements for a cable service should be effected. The advance in Mackay today was evidently under the aegis of New York stock market, which, the irregular, still had a very buoyant attitude. Dominion Coal was one of the strongest features of the day, and it appears from the transaction that the stock is exceptionally scarce at or around present levels. The market is changing from an investment situation into a speculative one, as is evident by the lack of transactions in the actual investment issues. At the close last night it was felt in brokerage circles that an increase in outside speculative orders might be expected with correspondingly advancing prices in securities included in this class.

Total Railway Earnings.

Gross earnings of the railroads of the United States decreased by the sum of \$129,000,000 during the fiscal year ended June 30, 1908, according to Sleson Thompson, manager of the bureau of railway news and statistics, whose report was issued to-day.

Wall Street Pointers.

Copper stocks show independent strength. London and Paris markets strong on improving political situation and elimination of Germany as disturbing factor.

Regular dividend rate expected on C. and O. Early dividend expected on International Harvester common.

President Grant of American Can expects continuance of improvement in that business.

American Woolen Co. now operating about 67 per cent. of all machinery.

Union Typewriter reports all factories working full and some prospect of dividends resumption.

Regular quarterly dividend on Sloss Sheelid common.

Joseph says: Southern Pacific preferred may be converted into the common stock at par at any time at the option of the holder. Southern Pacific looks like and actually is an excellent proposition. St. Paul is being sold into a bag, which William Rockefeller is holding open. Get long of both Pennsylvania and Atchison. Colorado Southern common and preferred going higher.

Bullish operations soon likely to be more and more of specialized nature. Conservative purchases may be made by daily operators on reactions, but profits on bulges should not be neglected. Public buying continues and the technical position is becoming more and more susceptible to frequent recessions, which may develop into a general setback later in order to establish a more stable structural foundation for subsequent improvement. We would exercise more conservatism, especially in high priced stocks. Erie shows a strong upward trend and may go higher to-day. M. K. and T. is in a position to advance substantially any time it suits the pool. We would not now climb after R. G. buying only on recessions for turns. Harvester common may be bought on this recession. We see no reason to change the conservative bull position on S. P., U. P. or Atchison.—Financial News.

We have been speaking right along favorably regarding the Erie stocks, and they were strong features among the rails to-day, advancing a point for the common and for both preferred.

THE DOMINION BANK PAYS SPECIAL ATTENTION TO SAVINGS ACCOUNTS

REFUSES TO BE BROUGHT INTO ACTIVITY.

World Office. Wednesday Evening, Nov. 11.

The Toronto Stock Exchange still refuses to be brought into any great activity. Tentative efforts are being made to stimulate certain issues in the market, but thus far in the line of operations there is not sufficient response from outside buyers to warrant any aggressive operations. It was pointed out yesterday that Dominion Coal was in a strong position. This was demonstrated to-day when an attempt was made to buy a few shares of the stock, only 25 shares being available at four points above yesterday's market. As far as can be seen from the market operations, this issue has been depressed on account of the lawsuit between it and the Dominion Steel Company. The coal company has intrinsic merits which the steel company certainly has not, and even if the lawsuit should be against the coal company, the latter has sufficient assets to pay off any such obligations, and still hold out prospects for investors in the shares. It would seem from the present action of the market that bullish sentiment is being catered to, and that higher prices along certain lines are quite likely to follow.

WEST TORONTO.

WEST TORONTO, Nov. 11.—Runny-mede Presbyterian Church was the scene of a delightful little function to-night, when the members of the congregation and their friends met to celebrate the anniversary of the opening of the Presbyterian Mission in that locality two years ago.

Rowing race was held on the lake on Wednesday night. The boat race was destroyed to-night by fire, which broke out at 6 o'clock.

There will be no coroner's inquest in connection with the building of the new Carnegie library.

YEAR WAS FAIRLY GOOD.

See Keepers Discuss Matters of Mutual Interest.

The annual meeting of the Ontario Beekeepers' Association opened in the old court house on Adelaide-street yesterday and was fairly well attended.

President F. J. Miller of London was in the chair and acknowledged the aid given the society by the Ontario Department of Agriculture. The appointment of extra inspectors had produced good results. The appointment of A. C. Miller of Providence, R.I. read a paper on "Highlights on Marketing."

The use of uniform packages was strongly urged. Yesterday's session

was a very successful one.

There were many floral tributes, among others, from the masters and students of Upper Canada College, where deceased was janitor for 28 years, attended in a body and the procession was headed by Principal Auden and Mr. Somerville. The chief mourners were his sons and daughters.

A pleasant evening was spent by the members of Sherwood Lodge, S.O.E., last night, when after concluding the routine business of the lodge, they entertained their lady friends to games of euchre and carpet ball. Ex-Councillor A. J. Brown donated a handsome buckle, which was won by Mrs. Ford, while Mrs. Adams succeeded in winning the booby prize. Mr. Hays won a gold-mounted watch and Mr. Smith the booby prize among the gentlemen. Luncheon was served and a short musical program rendered.

The second of Clement's Literary and Musical Society's entertainments was given last night. Rev. A. K. Griffin, Mrs. Galbraith and Miss J.

was not a long one and to-day it is expected the attendance will be larger.

It was expected that W. F. Maclean, M.P., would address a public meeting in the town hall on Saturday, but Mr. Maclean will be unable to attend on that occasion.

A treat is in store for the people of Edlington who attend the concert under the auspices of the Ladies' Society to be given in the Edlington Presbyterian Church (5 p.m. on Thursday) evening, Nov. 12. Mr. Gearing, soloist, St. Andrew's Presbyterian, a tenor from Carlton-street Methodist Church, together with other well known city singers will contribute.

BIG MEETING TO-NIGHT.

Great Enthusiasm Exists, and Rally is for Business.

That a field-venue, Presbyterian Church will be taxed to its full capacity to-night at the meeting to be held in the interests of annexation is assured.

The action of the railway and municipal boards in the city, which were recently presented petition, while probably along constitutional lines, is so manifestly opposed to the interests of the great majority of the ratepayers in the disputed area, that the promoters are more than ever enthusiastic and determined respecting the outcome.

Mayor Beatty and the Mayor will be present, in addition to a number of local and city speakers. The meeting will be a rousing one for those who want a good seat to get to the early deck.

IMPROVE CONDITIONS SAY RETAIL MERCHANTS

Meeting of Dealers in Vicinity of St. Lawrence Market—Will Hold Conference With Association.

To bring about some important improvements in the St. Lawrence Market whereby it can be used only for market purposes, and the objects of the meeting of the merchants doing business in that vicinity. The meeting was called by circular and was held in the office of the Mayor, Toronto, on Tuesday afternoon. R. C. Steele presided.

A deputation from the Retail Merchants' Association was present, and suggested that the charges referred to were necessary to bring about more desirable marketing conditions. The right of the farmer to sell in quantities of more than a bushel was also discussed.

A committee was appointed consisting of Messrs. R. C. Steele, Henry Swain, T. Meredith, J. Carey, C. P. Godden, D. Pike, G. Crosby, John Rennie, Sydney Rennie and Mr. C. H. Clibborn, manager of the market branch of the Bank of Commerce.

A conference with the property commissioner will be called by Secretary Parks.

It was decided also to hold a joint conference with the Retail Merchants' Association at 3 p.m. Monday in their Richmond-street offices. The subject of the conference was made whereby Property Commissioner Harris will meet a committee of merchants of the neighborhood this morning at 10:30 to discuss the question.

DUEL OR MURDER?

Different Versions of the Events Leading Up to Tragedy.

NASHVILLE, Tenn., Nov. 11.—The tragedy Monday afternoon in which E. F. Johnson, a senator from Tennessee, was shot and killed by Robin Cooper, a young attorney from Nashville, has been the subject of a duel or murder, a close personal and political friend of Governor Patterson, is still the sole topic of conversation in political circles here.

Col. Cooper, who was with his son when the latter shot Mr. Carmack, has been reported to fall without a wound, charged with murder. Young Cooper remains under guard at a local hospital, where his wounded arm is being treated.

The friends of the Coopers claim that the affair was merely a street duel, in which both sides met and began firing; that the Coopers had tried to avoid a meeting with Mr. Carmack and they were on their way to the state capitol to respond to a telephone message from Governor Patterson when the tragedy occurred; that Senator Carmack had been warned and was expecting to meet the Coopers.

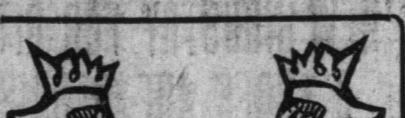

The friends of Senator Carmack strenuously claim that the killing was the result of a conspiracy, pure and simple, which was planned by the Coopers and a man gets them to the top notch in one of those hard-twisted yarn Scotch woven tweed suitings, which R. Score & Son are marketing up at a special price—twenty-five dollars.

One of the most interesting features of New York's opera history has been the development of Mme. Jonanna Gadeki, who is to be heard here Dec. 8 with the Toronto Symphony Orchestra. The famous prima donna, was a very young singer indeed when she made her American debut with the Demrosch Opera Company, and the greater portion of her subsequent career has been spent in the States. A sense, then, she belongs to America, despite her European successes and her German name, it is not surprising that she was recruited by the Metropolitan Opera Company and has again scored heavily in the famous Wagnerian roles, there is still further reason for Americans to feel a peculiar pride in her success. Gadeki's local appearance will be one of the most important events of the season.

STREET RAILWAY MANAGERS CONVENE.

OTTAWA, Nov. 11.—The annual convention of the Canadian Street Railway Association, whose members include all the leading street railways of Canada, opened this morning in the board of trade rooms.

The members of the Ontario Railway and Municipal Board, Messrs. Leitch, Ingram and Kitson, are present.

GROGERS DID NOT ACT AT GUID'S DICTATION

Firms Merely Switched to Wholesalers as Matter of Individual Policy.

The closing chapter of the famous Grogers' Guild case is being heard by Chief Justice Falconbridge in the city hall.

Witnesses yesterday were Henry S. Burke, secretary Empire Tobacco Co. Montreal; Samuel Meyers, one of that company's agents; and Hector McBean, treasurer of the Canadian Shredded Wheat Co., Niagara Falls; George P. Benson, president and general manager of the Edwardes, Starck Co., and Jas. Morris, traveler for the Empire Tobacco Co.

E. F. Johnson's line of defence is that the company did not act at the dictation of the guild. He also sought to show that each company fixes its own prices.

No Agreement.

Henry S. Burke denied having had any agreement with the guild. He admitted having an agreement with the Hanover company, but he said he had refused to supply goods to John Curtis of Port Hope, and the G.O.E.'s Wholesale Co. of Hamilton, because of a recent arrangement between Curtis and the G.O.E. He said he had gone to find the reason, but got none beyond the fact that the company was now selling only to the wholesalers. Witnesses said that the company did not recognize any guild as a guild, and that the change in their methods of doing business was due to the great cost of working up a trade with the retailer. Under the present system the wholesaler carries the goods and pays the expenses of distribution.

BURIAL OF SARDOU.

Thousands Pay Tribute, The Ceremony is Extremely Simple.

PARIS, Nov. 11.—Victorian Sardou, the French author and dramatist who died November 8, was buried in this city to-day.

He would have been gladly accorded a state funeral had it not been for his expressed wish that he be buried without pomp or ceremony. He was, however, given the military honors always accorded those who have received the grand cross of the Legion of Honor.

The privacy, however, was unable to prevent tens of thousands in every walk of life from coming to lift their hats and bow their heads in memory of the beloved dramatist.

Telegrams and letters of condolence continued to pour in on the family of King Edward and Queen Amelie, mother of King Emanuel of Portugal, sent from a window in his office on the 19th floor, landing on the roof of an adjoining building, nine storeys below, and was instantly killed.

FOUNDATION OF A VAST

Continued From Page 1.

of prospectors have built cabins and will be there three years from to-day, when, as at Cobalt, mills, concentrators and shafts houses tower into the sky line.

The silver is there. I have seen lots of it. It is widely scattered. I have handled rich samples of native silver from Maple Mountain, from Gowganda and Miller Lakes. I have handled vein matter from the Mother Lode Mine which assays 6000 ounces to the ton. I have seen native silver on Elk Lake Discovery, the Moose Horn, the Marvel, the Oxford, Godfrey, Owen-Sperce, Odise, Garvin-Hamilton and many other prospects. At the recorder's office are samples from all over the district which would make one stare.

The area of this silver belt extends roughly from the southern part of Smith Township, southeast through the north-east corner of Willett. The width varies, with an average distance of nine miles in James Centre.

West of the belt some extends nine miles to Silver Lake and north to Hubert Lake.

Opinion of an Expert.

W. W. Taberner, well-known engineer, was seen at Elk Lake Discovery Camp.

"This is one of the richest mineral areas on earth," he said. "In all my mining experience I never saw anything of such value showing to the surface. The work at Cobalt shows that these values go to a great depth. The arsenical base ores mean permanency and this discovery eliminates the theory of many expressed several years ago that the present rate of development of this country will soon reach the top among the silver-producing nations of the world. The Ontario government, I believe, has not yet awakened to the wonderful heritage the people have in this north country."

Michael Hackett, partner of Jack Munro, the fellow who knocked Jim Jeffrey off his feet at the time he gained wide notoriety in consequence, said:

"There is nothing that I ever heard of or saw like it. Why, values nothing like so great have resulted in the up-building of great mining industries in other parts of the world. We are here to become residents of Canada and the Montreal River country will be our home. I like the Canadian people and realize more than ever what a magnificent future has been what a magnificent building has developed into an important industry and camp buildings are being thrown up over a wide area. Mr. Frederick Skelton, a man with characteristic enterprise was the first to recognize the necessities of the district, and he has now in operation at Elk City a saw mill which is working to capacity."

This winter he will have from sixty to a hundred horses delivering lumber. "My only regret," he said, "is that I did not install a mill of double the capacity while I was at it."

"What are your prices?" I asked. "Thirty dollars a thousand," he replied. "I shall have to charge \$50 a thousand for lumber teamed into the Gowganda country."

Will Equal Wheat Crop.

The silver production of Upper Ontario will this year reach about \$12,000,000 or about one-sixth the value of the wheat crop of the western provinces. At the present rate of development the miles of the north will be producing in five years silver enough to buy two-thirds of a wheat crop as large as the west produced in 1908. For it must be remembered that the silver belt has now been traced from Lorne on the east to West Branch and Gowganda on the west, a distance of about one hundred miles. It is a fact of stupendous import to Canada and the nation's greatest interest. One of the reasons for this is that it is a fact.

Slavery Still in Florida.

NEW YORK, Nov. 11.—What was asserted to be practical marooning of several persons on wild and inaccessible regions of Florida, and their detention there under hard labor for a period of several months, was dealt with at length before Judge Hough and jury in the United States Circuit Court, in the course of the trial of the government's case against employers and agents of the Florida East Coast Railway Company, for alleged violation of the statute prohibiting "peonage, slavery and enforced servitude."
