### PEACE PALAVER NOT OPPORTUNE, RIBOT ASSERTS

"Peace Can Come From Victory Alone," He Impresses on Socialists.

#### DENIES SECRET PACTS

Curtain is Drawn Over Session to Discuss Situation in Russia.

Paris, June 1.—Premier Ribot announced in the chamber of deputies today on behalf of the government that passports would not be issued to French Socialist delegates to the Stockholm conference, and that passports for Petrograd would be given to Socialists only when there was no longer danger of their meeting enemy delegates in Stockholm.

The premier's declaration brought three-fourths of the members of the chamber to their feet in a demonstration unsurpassed in enthusiasm since the beginning of the war, except in the historic session of August 4, 1914, and the manifestation in honor of the intervention of the United States in the war.

**No Peace Without Victory.**

All the deputies, except the Socialists stood up and cheered. The premier Ribot added: "Peace can come from victory alone."

Continuing, the premier said: "It is certain that in peace negotiations no party can take the place of the government. The peace of tomorrow cannot be a peace of any party, neither of the Socialist party, nor of the Catholic party. As it concerns France, it should be a French peace. When the hour comes the government will ask the advice of your committee and it will tell everything. The government has a complete knowledge of its responsibility."

### PROSPECT NOW BRIGHT FOR COALITION CABINET

Borden Stated to Have Offered Liberals Equal Representation With Conservatives in Ministry—Pardee Leaves for Second Conference With Gouin.

Ottawa, June 1.—After twenty-four hours of high tension and uncertainty, the chances for coalition look brighter tonight than at any time since the prime minister made his proposals to the opposition leader. Although the situation is still somewhat blurred by un-informed speculation and corridor rumor, there are certain things which can be discerned as indicating a strong tide of coalition probability. In the first place, there have been renewed conferences between the prime minister and Sir Wilfrid Laurier. In the second place, and equally encouraging for the prospects of union, is the fact that Chief Liberal Whip Pardee left tonight for Quebec, for a second conference with Sir Lomer Gouin.

### MANY PRISONERS FALL TO BRITISH OFFENSIVE

Thirty-Four Hundred Germans Are Captured During May—Artillery Activity Increases Before Arras and Ypres.

London, June 1.—During May the British forces in France captured 3412 Germans, says the official statement from British headquarters issued tonight. There has been increased artillery activity on both banks of the Scarpe, on the Arras front, and in the Ypres sector. The statement follows: "During the month of May we captured in operations in the battle area and in raids and minor operations on other portions of the front 3412 German prisoners, including 65 officers. We also took one German field gun, sixty machine guns and 21 trench mortars. On early this morning northwest of Bourisies, on the Espaunne-Cambrai road, a party of our troops entered the enemy's positions south of Ypres and successfully bombed a number of occupied dugouts."

### CANADIANS SPLENDID, SAYS LIEUT.-GEN. BYNG

Resistance at Vimy Ridge Not Feeble, Heavy Losses Show.

Ottawa, June 1.—Lieut.-Gen. Sir Julian Byng, commander of the Canadian corps in the field, wrote Sir Geo. Perley, following the battle of Vimy Ridge, expressing his pride in his men. The following extract from his letter was issued from the militia department tonight: "The corps was splendid last week. I knew they would do well, but could not have imagined that the attack could possibly go as smoothly and up to the time as it did. I see a good deal has been written that the resistance was feeble. This is by no means the case, as is evidenced by the enormous number of dead Germans and our heavy casualties. The two flank divisions had heavy fighting (the 1st and 4th) in the centre of the fourth division, where we were checked for some hours, but otherwise nothing disturbed the accuracy of the timetable. Naturally one's pride in the corps can hardly be described by words, and it would be impossible for me to do so."

### U-BOATS IN COLLISION WHILE UNDER WATER

German Paper Reports Encounter Without Precedent in Channel.

Amsterdam, via London, June 1.—A submarine collision of a British submarine and a German U-boat is reported by the Rheinische Westfalische Zeitung, of Essen, which describes the incident as unprecedented. The paper states that the collision took place "in the channel," on April 19, and declares that a German U-boat, while submerged, rammed a British submarine, that the British boat emerged, bringing up the German boat and the submarine lying across the bow of the British vessel. The German slid off into the water and both vessels started by about 50 yards, both divided. The commander of the German U-boat did not see the British submarine again. The paper asserts that both submarines were anxious to fight, but that it was impossible under the circumstances.

It has, on the contrary, according to the Tagblatt, directed its policy toward advancing the authority of the Austrian emperor.

Following a quarrel at their home in Winnipeg, Mrs. Brennan left surreptitiously with her daughter and journeyed to Stratford, Ont., the home of relatives. Brennan followed her, and by some means, or other managed to prevail upon the police authorities of that place to allow him the custody of the child. He then left Stratford for Toronto. His wife followed, secured the services of two private detectives, and instituted a search for her husband and daughter.

# STAND BY THE OLD FLAG! MASS MEETING TO DISCUSS CONSCRIPTION AT QUEEN'S PARK, SATURDAY AFTERNOON

## LABOR DELEGATES PLANS CONCEALED

Roberts Attends Meeting to Discuss Stockholm Peace Conference.

### WILL CONVEY IDEAS

Mrs. Pankhurst Wants Passports for Women's Delegation to Russia.

London, June 1.—At a meeting of the British labor party today, which was attended by George H. Roberts, lord commissioner of the treasury, and many other labor members of the house of commons, the question of the Stockholm peace conference was considered, but nothing is known as to what decisions were reached. A formal announcement was made, however, that a deputation would proceed to Petrograd. Those who attended the meeting declined to reveal the composition of the deputation, or anything about its official status.

One official, however, declared there was no idea of Mr. Roberts attending the conference at Stockholm, but that he was only to see His Majesty, the Swedish Socialist, and convey to him some ideas from the British labor party. This official also expressed the belief that Arthur Henderson, member of the British cabinet, already has called at Stockholm, on his way to Russia.

Mrs. Emmeline Pankhurst has written to Premier Lloyd-George asking for passports for a deputation from the Women's Social and Political Union, including herself, to proceed to Russia to explain their views on the war. In her letter, Mrs. Pankhurst points out that if the government permitted James Ramsay MacDonald, the labor leader, and his party to go to Russia to preach their "unpatriotic" doctrines, there can be no excuse for hindering patriotic women from going.

They told Dominion officers, it is alleged, that they fled from Detroit and crossed the river in a rowboat. They were returned to this city by the immigration authorities.

### CONFERENCE DELEGATES NOT FULLY POSTED

Hamilton, Saturday, June 2.—That the labor leaders at the conscription conference at Ottawa would not be in a position to give the true opinion of the labor organizations on conscription, and that the labor leaders in England and the United States, were not recognized as they are in this country, was the subject of a long and lively discussion at the meeting of the labor council last night.

### MONTEREAL CONVENTION REVIEWED AT HAMILTON

Lieut.-Col. McCullough Believes Quebec Trouble is With Small Body of Politicians.

Hamilton, Saturday, June 2.—The agitation in Quebec against conscription is being caused by a few politicians and about thirty men from the lower courts of the province," said Lieut.-Col. C. R. McCullough at a meeting held in the board of trade rooms last night to hear the report of the Hamilton delegation to the winter-war convention recently held in Montreal.

"Our duty now," said Kevin Martin, "is to strengthen the hands of the politicians in Ottawa who are in favor of conscription." (Applause). The majority of the members of the delegation appeared to have been very much impressed with the attitude of the French-Canadians, and in their addresses state that the better element appeared to be heart and soul in the war. A few of the other delegates stated that the situation looked as if the French-Canadians were lukewarm in anything concerning the cause of the allies.

Among the speakers were Captain Pugsley, F. J. Howell, F. G. S. Patterson, Dr. J. G. Stone, Rev. Canon Day, G. Martin, W. F. Treisman, W. F. Campbell, F. F. MacPherson. A committee of six was appointed to complete arrangements for the meeting of the Hamilton Recruiting League in the winter-war committee in one organization.

### SCORE'S GUARANTEED SERGE SUITINGS

It is putting most of the tailor folk to the test these days to ask them to guarantee their lines of blue serge, whether the serge is made of the "all wool" or the fastness and genuineness of the dye. R. C. Score, however, gives an absolute guarantee that in blue serge suitings they are selling at the special price of thirty-two dollars (regular \$40.00) every thread is pure wool—Botany York—and that every yard is indigo dyed Irish blue serge, and will stand the acid test.

### LABOR LEADERS ATTENDING AT OTTAWA CANNOT GIVE OPINION ON CONSCRIPTION.

Hamilton, Saturday, June 2.—That the labor leaders at the conscription conference at Ottawa would not be in a position to give the true opinion of the labor organizations on conscription, and that the labor leaders in England and the United States, were not recognized as they are in this country, was the subject of a long and lively discussion at the meeting of the labor council last night.

### WINSTON CHURCHILL MAY AGAIN BECOME MEMBER OF THE MINISTRY.

London, Saturday, June 2.—Political circles are also abuzz in a discussion of supposed actual or impending resignations and a redistribution of posts in the ministry. The only officially admitted resignation thus far is that of Baron Devonport, the food controller, but the parliamentary correspondents of the morning newspapers predict several other changes, involving Dr. Vincent Massey, minister of education; Viscount Cowdroy, chairman of the air board; Baron Rhondda, president of the local government board; Albert Illingworth, postmaster-general; and others of minor rank, who are expected to obtain promotion. The likelihood of Colonel Winston Spencer Churchill resigning the government is again to the fore.

### VARIOUS CONTRADICTIONS.

The several reports of the correspondents contradict one another and none of them can be confirmed in authoritative sources. While some of the correspondents deny Dr. Massey will quit the ministry post, the Times says he will leave and probably will join the war cabinet without portfolio. The Daily Chronicle has Mr. Illingworth on the slate to succeed Baron Devonport, in which case, it says, Dr. Massey probably will become postmaster-general, Viscount Cowdroy's resignation is referred to by some of the correspondents as an indefinite possibility, while others imply that he has actually resigned. The Daily News, which says he will resign and also that he now understands Dr. Massey will retain the munitions post, asserts that Col. Churchill is being seriously considered as the new chairman of the air board.

### NEWSPAGERS BUSY.

The Daily Express forecasts the immediate resignation of Baron Rhondda, while the Daily News says it hears that Lord Cozens-Hardy is about to retire from the post of master of the rolls, to which Sir George Cave will succeed, resigning his present portfolio.

## WAR SUMMARY

### THE DAYS' EVENTS REVIEWED

**BRITISH GUNNERS, AVIATORS AND WARSHIPS HAVE OF LATE ENGAGED IN INCREASED VIGOR OF ACTION AGAINST THE YPRES SECTOR, THE BELGIAN COAST AND THE BELGIAN LITTORAL.** The bombardment of the sector between Ypres and the sea has risen to great intensity. Their armor has just carried out several raids against Ostend, Zeebrugge and Bruges, and have dropped tons of explosives on their targets, probably German munition and supply depots, as well as submarine sheds. These greatly increased activities betoken the intention of the allies to carry the war into Belgium, perhaps, when the present lull breaks up into intense fighting. It is suggested by some authoritative military writers that the British first and second armies, under Generals Gough and Plumer, will open an advance towards La Bassée and Lille as the next operations of the general allied plans. The second army has not yet joined battle, its mettle is an unknown equation to the Germans. The enemy also expects a general allied offensive on all the fronts and he is preparing for it. By far the heaviest fighting of the British army has yet to come.

Not only the German people, but the German army is suffering from a serious shortage of food, for, according to a press correspondent at the front, the best fed of the German fighting units have rations equal in amount and food value to only 60 per cent. of the rations of the British army. The Germans in the trenches have two meatless days a week. They have had the greater part of their reduction in the past eight months.

British general headquarters reported last night that during May the British forces in France captured 3412 Germans. They took one field gun, 80 machine guns and 21 trench mortars. The figures for April show as taken, 19,242 prisoners, 287 guns and howitzers, 227 trench mortars and 470 machine guns. The British total for the past two months is 22,775 prisoners. The French, between April 15 and May 24, took 31,829 prisoners. Of these, 28,045 were unwounded.

The French yesterday smashed German attacks north of the Moulle de Laffaux. They thus prevented the enemy from gaining any ground beyond their new positions in the Ydolie region and northern part of the Carso Plateau. The Austrians undertook heavy counter-attacks, but after suffering heavy losses they fell back under compulsion to the points whence they had emerged. If it is the turn of Brusiloff to begin his offensive, he has as yet shown no signs of action, beyond an increase in his artillery fire. According to the enemy, the Russians are busily employed in the shelling of various junction points on the whole of their lengthy front.

The Petrograd workmen have gone out on strike for a six-hour day and many of the munition factories at the Russian capital have closed down. Russia, however, has obtained most of her munitions from Great Britain, the United States and Japan, and any accumulation for the proposed summer offensive would be completed long ago. The strike, however, may have an adverse effect on the campaign later on.

### LIVELY ARTILLERY DUEL ON WITSCHAEFT BEND

Berlin, via London, June 1.—The supplementary official statement issued this evening by the German war office reads:

"There has been a lively firing duel on the Witschaeft bend, on the Artois front.

"North-east of Solsoens there were patrol engagements, which were successful for us."

### MAY EMPLOY U. S. WORKMEN BEHIND THE LINES IN FRANCE

Paris, June 1.—Premier Ribot, replying to a question in the chamber of deputies today by Gaston Trepoigny, deputy from the Creuse, said that the United States, deputy high commissioner in the United States, was studying the question of replacing territorialists in the service before the front by American workmen from familiar families by American workmen in order to aid in economic revival.

Returned Men Entertained At St. Paul's Parish House

The reception and concert given to over 200 returned soldiers, their wives and friends in the parish house of St. Paul's Church, was a huge success. The boys said: "It's the best time we have had since coming back from France." Ven. Archbishop Cody gave a short address of welcome. Benjamin Scovell acted as master of ceremonies. After a song by all present, Mrs. Harvey Keller, wife of Sgt. Keller, a Vimy Ridge hero, gave a reading. Mrs. Jean Knox Holt sang two solos. Fr. R. Bruce Carruthers, a hero of St. Julien. Men were present representing every battle since the war began. The women of the church served a plentiful supply of refreshments, and the men treated the boys to all the smokes they could get.

Could Not Collect Wages Due Under Agreement

Justice Sutherland in the non-jury assize court at the city hall yesterday afternoon dismissed the action of Isaac Cassidy, of Georgetown, against the Glass Garden Builders Co. of Toronto, for \$10,000. It was alleged by the plaintiff that the amount claimed was due him for wages. He declared that under an agreement made on July 31, 1914, he was employed by the defendant company as general manager, for a period of five years, at a salary of \$5,000 per annum. On December 31, 1916, he was dismissed. Cross-examined by M. K. Cowan, counsel for the company, Cassidy admitted that a contract of employment apparatus purchased for the company was his own invention, and that he had hidden the fact from his employers because he anticipated they would ask him to take shares in the company.

DROPPED LETTER LED TO ARREST OF TWO MEN

Police Found It and Now Hold the Two on Burglary Charge.

The finding of a letter dropped by John Haley, alias Cummings, who, with Fred Wilson, another Toronto man, was brought back from Montreal last night by Detective Armstrong to stand trial here on charges of house-breaking, led to the detection and subsequent arrest of the two men. According to the police, some days ago the home of Mabel Somerville, 77 Florence street, was broken into at night and a diamond ring and other jewelry stolen. The police were immediately notified and Acting Detective Nicholls was assigned to the case. Investigation of the Somerville home led to the discovery of the letter containing Haley's name, and that of the C. P. R., by which he had been employed. The communication had reference to some wages due Haley, but instead of going to collect them himself, he entrusted the task to another man, who fell foul of the police and was arrested on a charge of vagrancy. The C. P. R. police were informed of the affair, and after some trouble, Chief of C. P. R. Police Chamberlain succeeded in locating Haley in Montreal. Wilson was arrested thru information supplied by Haley.

PLACE MEMORIAL TABLET IN HARBOR COLLEGIATE

Honor Memory of Lieut. Hagarty Killed in Desperate Fight One Year Ago.

A handsome brass tablet has been placed in the Harbor Collegiate Institute by Lieut.-Col. and Mrs. E. W. Hagarty, as a memorial of their son, Lieut. Daniel Gales Hagarty, Princess Patricia's Canadian Light Infantry, who was killed in action one year ago today in Sanctuary Wood, near Zillebeke, in the third battle of Ypres. He was in command of No. 7 Platoon on the left of Capt. Niven's company, in the most advanced part of the salient, with Capt. Percy Molson in charge of No. 8 Platoon on his right. He had entered the trenches on the evening of May 31, within an hour after returning from a week's leave in London, where he was thought to be recovering before returning to Canada to join his father's battalion, the 201st Toronto Light Infantry, as captain and adjutant. The bombardment which began the two weeks' battle of Zillebeke started at 8.30 a.m., on June 2, and lasted for four hours. About 10.30 a.m. Capt. Molson sent an orderly to get a report for the C. O. as to the state of affairs on the left. This orderly never came back. The second was sent and returned in a short time with word that Lieut. Hagarty had been killed and his platoon practically wiped out. At 12.30 Sergeant Patterson, who had seen Lieut. Hagarty writing the report, found the body under that of the orderly, Pte. Macdonald, in a bay of a trench. The parapet was all blown in and the bodies in full view of the enemy. Owing to sniping at close range it was impossible to recover the bodies. At 1 o'clock the Germans came over on each side of this trench. Capt. Molson with a small remnant of his platoon, held the enemy at bay until he was wounded by a bullet in the jaw. The remnant of Capt. Niven's company retired on the supports just before daybreak on the following morning overlaid. On that day the Princess Patricia's moved the situation by hanging on when others were retiring, and prevented the Germans from breaking thru to Calais. Only three of Lieut. Hagarty's platoon came out alive, and the regiment suffered some 500 casualties, including Col. Butler and five other officers killed and 18 wounded. On Sunday morning, June 4, a handful crawled back to billets more dead than alive, and a roll call that evening showed a muster of a little over 100 out of 800 or 900 men. On June 13 the Germans were driven out of a greater part of the captured trenches, but since June 2 none but the enemy have been in possession of that part where Lieut. Hagarty fell. Col. and Mrs. Hagarty are also placing a memorial tablet for their son in the Church of the Redeemer, where he was baptized and confirmed.

ASPHYXIATED IN BEDROOM.

Mrs. Catherine Ewen, aged 75, was suffocated by gas in her room at 47 Bloeker street early yesterday morning. The woman was found by the landlady of the house, who was led to the room by the odor of escaping gas. There she found a gas jet and the tap of a gas plate partly open. A doctor was called, but pronounced Mrs. Ewen dead. The body was removed to the morgue, but no inquest will be held, as the police believe Mrs. Ewen's death to be accidental.

GOODRICH BLACK SAFETY TREAD TIRES

EVOLUTION climbs on the bones of the weak. Only THE STRONG, THE BEST, survive the TEST. As true of TIRES as of cave men. Goodrich Black Safety Treads are the FIT fabric tires that have survived the relentless TEST of the Goodrich Test Car Fleet. To produce them hundreds of tires have been worn to the quick over millions of miles of the worst roads of America. Goodrich never sells you an experiment. Be it a Goodrich rubber mat, a garden hose, or a Goodrich tire, it must prove itself by wear and tear test worthy of the Goodrich name. A cruel test of tires—that test of Goodrich's Test Car Fleets.

Tested The Country Over

Six corps of heavy cars, light cars, hard running cars—take Goodrich Tires and maul their MERIT against teeth of sand, rock and gravel. Two sets of drivers; speeding them sixteen hours a day, hammer them week after week on the anvil of the road. Wherever climate and roads can test and tell something about tires a Goodrich Test Car Fleet is grinding the TRUTH out of Goodrich tires. While the Atlantic Fleet crunches through the hills and valleys of New York and New England, the Pacific Fleet hammers the granite highways of the Western Coast. While the Dixie Fleet braves the sun of the South, the Lake Fleet ploughs the sand stretches of Minnesota. While the Prairie Fleet scours the roads around Kansas City, the Mountain Fleet battles the rocky trails of Yellowstone and Glacier Parks. Throughout miles of roughing it, which run into millions, over roads which cross-hatch the map of the United States, Goodrich learns the TESTED VIRTUES of its tires. Thus it settles the durability and resilience of the UNIT MOLDED TIRE—the unbroken curing Goodrich has always maintained was the BEST construction for fabric tires. Thus it settles the wearing strength of Black Tread, the toughest rubber known. ALL THIS IS THE BEST IN TIRES BECAUSE IT HAS SURVIVED THE TEST.

Ford Car Tires of Heroic Size GOODRICH Three-Seventy-Five. The tire sensation of 1917, made exclusively by Goodrich, designed expressly for Ford Cars, is a burly tire, 31 x 3 3/4 in., built in Safety Tread only, to fit 30-inch rims. Its extra rubber and fabric means less stress and strain on the tire and your car, hence ECONOMY, in longer-lived tires and longer-lived cars. These handsome tires, at little more cost, make a DE LUXE FORD CAR. PRICE EACH 375 (31 x 3 3/4) \$27.50 30 x 3 1/2 (Regular Size) \$24.00

### WANT TO PROVIDE FOR YONGE WIDENING

Will Ask Dominion Bank to Build Ten Feet From Street Line.

Because the city has decided to abandon the widening of Yonge street for the present, Assessment Commissioner Forman and Works Commissioner Harris laid a report before the works committee yesterday afternoon advising against the proposal to widen the northeast corner of St. Clair avenue and Yonge street. The Dominion Bank has commenced the erection of a building at the corner.

Ald. Ball thought that the bank should be public spirited enough to build ten feet back from the Yonge street line. If the works commissioner or assessment commissioner approached Sir Edmund Osler, and the directors of the bank he was confident that they would agree to the proposition on the understanding that the bank would receive consideration in the event of Yonge street being widened. The bank had enough land and he thought it could be induced to help beautify that part of the street.

On the motion of the alderman the commissioners were instructed to take the matter up with the bank officials. A deputation asked the committee if it would consider the erection

### ALIMONY ACTION FAILED

Justice Middleton yesterday dismissed the action for alimony brought against Max Arno Frind by his wife, Mrs. Alice Louise Frind. His lordship also directs the husband to pay the wife's solicitor's fees under the rule to this effect. In the judgment Justice Middleton held that there was no proof of adultery or cruelty, and advised them to reunite.

### AWARDED JUDGMENT

Justice Maaten in the non-jury assize court yesterday awarded Charles H. Edwards judgment for \$122.40 with interest on a promissory note issued to him by Norman Blackmore and Burkes Limited.

### EXPERIENCED MEN REQUIRED AT WHITBY

Mayor Thinks There Are Too Many Civilians on the Hospital Staff.

Sir James Loughheed has promised Mayor Church that he will look into the complaints of returned soldiers regarding conditions at Whitby hospital.

The mayor said that he would not be satisfied until the authorities stopped sending men to Whitby. He would wire Sir Edward Kemp demanding that a thorough investigation be made. The trouble was that there were too many civilians on the staff who should be at the front. There was too much nagging at the returned men. In Toronto there were plenty of buildings where the soldiers would be more comfortable and contented.

With all due respect, the mayor declared that S. A. Armstrong, head of the commission, had no experience in the work.

### SENT TO JAIL FARM

Perry Christ, Samuel Gibson and William Cook, three boys, appeared in the police court yesterday on a charge of stealing a motor car belonging to C. E. Timmins, and were sent to the jail farm for 60 days each. The car was recovered at Hamilton.

Edward Creeley, who was arrested recently and tried at Oakville, was found guilty of stealing letters from rural mail boxes and sentenced to three years in Kingston penitentiary.

### CITY HALL NOTES

City Solicitor Johnston states that funds supplied under the 57law 8828 can be used for the construction of a civic garage at the Don incinerator.

Mayor Church, discussing the victory obtained by the city before the select committee of the house of commons, said that the fight was not yet over, and that they would have to keep going until the legislation passed both houses of parliament. It is from the senate that the municipalities get the bumps.

### MUST PROVIDE ROOMS OR PAY PARTNER'S RENT

Justice Britton, at Osgoode Hall, yesterday rendered judgment in favor of the plaintiff, E. A. Boardman, in his suit against G. E. Furry, for the surrender of certain lands, and damages. Boardman and Furry jointly secured a farm, with home and barns, in the Township of Crowland, Welland County, on the condition that each work half the farm and occupy half the buildings. When a fire on June 21, 1916, destroyed the house, Furry collected \$1,200 insurance money, expended a new house and refused Boardman leave to live in the house. For compensation Justice Britton allows Boardman \$105, that is \$5 per month for the 21 months he was refused rooms, and also that after May 15, if Furry does not provide rooms, he must continue to pay Boardman \$5 per month.

### HOTEL REGULATIONS

According to the new regulations respecting standard hotels, prepared by the Ontario Board of License Commissioners, inspectors are urged to insist upon a more strict obedience to the regulation requiring a secure bolt door in each room, a card stating rates for room and meals must be posted prominently.

The German retreat from Bapaume and Peronne was the biggest victory on the western front since the Battle of the Marne. These pictures record the preliminary fighting and the final attack. The entry of the towns was first effected by the Australians. This film shows what these troops saw—devastation and ruin left by the German retreat.

## Among The Glaciers

STAND with me on the summit of a Canadian Pacific Rocky Mountain. What a wondrous panorama is unfolded: not only of peaks and ranges, tier on tier, line on line, but of vast glittering fields of snow and ice, making a white world of the upper heights, a region of eternal winter in striking contrast of the flower-covered beds of the valleys a mile below us, or the green of the alpine meadows and the forest depths.

We are standing in a realm where rivers of ice flow, for it is one of the manifold wonders of nature that these huge snaky lines of ice are slowly but surely moving down the mountain slopes to their death in a terminal moraine. And while they thus travel down hill, they are at the same shrinking, so that with few exceptions they show a gradual recession which is marked in some glaciers by scientific study, huge boulders carrying the year when the toe of the glacier reached that spot, with later markings indicating the shrinking process. The Illecillewaet Glacier, for example, retreated up the valley, between 1890 and 1898, a distance of no less than 452 feet.

The Illecillewaet glacier, in the Selkirk, is one of the largest remaining glacial deposits in the Canadian ranges, a gigantic icy river of green and white flowing valleyward with a magnificent sweep. Longfellow's description comes to mind as one gazes on the scene as "a glittering gauntlet which the frost king has thrown in defiance of the sun," and so it seems as it glitters back its radiance from its white bosom and its crystal architecture.

Or stand on Lefroy or Hungabee, or better still, on Temple, in the Lake Louise region, and again the eye is held in thrall with the colossal canvas and the icy glaciers on every peak. Who will forget that superb view of the Victoria Glacier from the Lake Louise Châlet, or the white masses on the lofty roofs of the Ten Peaks, when a full moon floods them with silver light? The sheen of a hundred sparkling waterfalls makes a drapery, while at times the ear is bombarded with the sound of a mighty avalanche tumbling from inconceivable heights.

The wonder of the glacier is more fully realized when they are explored at close quarters, when their fantastic caverns and awesome fissures are entered or crossed, when the mountain climber picks his way over a mass of ice masses thrown up as if in mortal agony by the pressure of the upper deposits that cause the downward movement. Yonder is the snow field from which the glacier flows, here is a "bergschrund" as the ugly-looking crevasse is called that separates the glacier from the mountain side. Seracs—curious ice towers—look like monuments of the gods, and the tongue of snow marks the end of the glacier from whence flow the melting waters that mark the birth of great rivers.

In this vast Canadian Garden of the Gods, of Rockies and Selkirks, in which scores of Switzerland could be put, nothing is more wonderful than the great glaciers ever journeying to their obliteration, ever sweeping toward the valley beds.
