**THEY HAVE HAD GREAT SEASON**  
Tappley Bros. Report Record Number of Logs in the Kennebecasis Booms.

With about twenty million logs in their booms, the largest number within record and a record quantity, Messrs. Tappley Bros. of Indiantown, expect at any hour to close their season. Messrs. Tappley have three booms all in the Kennebecasis—the "Don," "Oldie" and "Sea Dog." Last season they had but ten million logs but account for the huge number this year from the fact that there was so much water in the river. On this account all of the lumber hung up last season was got out which, in itself, amounted to twenty or thirty million. In summing up this firm say that the season has been a phenomenal one, eclipsing all records in recent years. They expect the season to close at any hour in fact at any moment as ice is now making where the water is still.

### EARL GREY'S SPEECH FROM THRONE WAS OPTIMISTIC AND IN CHEERFUL TONE

**Parliament Opened Today—Speech From Throne Refers to Canada's Prosperity and Predicts That Financial Stringency Will Be of Brief Duration—Oriental Immigration, the National Transcontinental Railway and Other Matters—Sessional Programme Outlined.**

**OTTAWA, Nov. 28 (Special).—**The fourth session of the tenth parliament of Canada was opened today with the usual ceremonies. The weather was not propitious, the day being a raw, cold variety with touches of snow underfoot and a few snow flurries. Earl Grey left Government House, attended by an escort of the Princess Louise Dragoon Guards, who drew up before the house to allow the equipage to pass.

There was a fair attendance outside the buildings, but the scene within was brilliant and the ceremonies well attended. Both the senate chamber and the commons were alive with gay dresses and bright costumes.

**The Speech from the Throne.**  
The speech from the throne was as follows: "Honorable gentlemen, of the Senate; gentlemen of the House of Commons."

"In again meeting at a period of the year most convenient for the dispatch of business it gives me great pleasure to be able to congratulate you on the remarkable expansion of the trade of our country over the past few years. It is a gratifying result of this expansion that the revenue of the last fiscal period of nine months was more than sufficient to meet expenses on consolidated and National Transcontinental Railway, capital and special outlays, all expenses of the Dominion of every kind and leave a balance of over three million dollars applied in reduction of the public debt.

"The sudden and unexpected collapse of the great cantilever bridge in course of construction across the St. Lawrence in the vicinity of Quebec, may be regarded as a national calamity, and the lives which it cost are a sad reminder of the dangers which are about to be met, and immediate steps will be taken for the commencement of work at both eastern and western ends of the mountain division. Thus, in a very short time, the whole work from Montreal to the Pacific coast will be under vigorous construction.

### HON. MR. LEMIEUX LUNCHEES WITH JAPANESE EMPRESS

Conference On Japanese Immigration Will Await Arrival at Tokio of Mr. Ishii—Japan Is Prepared to meet Canada's Views.

TOKYO, Nov. 28.—Hon. R. Lemieux, Canadian postmaster general, and commissioner of labor, who is on a mission concerning emigration, had an audience today and lunched with the empress at the palace. The usual ceremony was observed. The empress was indisposed, with a cold and unable to be present. K. Ishii, chief of the bureau of commerce of the Japanese foreign office is expected on the 30th of November. After his arrival it is believed negotiations concerning emigration into America will proceed more rapidly. It is understood that Viscount Hayashi, minister of foreign affairs has assured Mr. Lemieux that the Japanese government is prepared to meet the views of Canada regarding limitation of immigration.

"Gentlemen of the house of commons—The public accounts for the nine months ending 31st March last will be laid before you without delay. "The estimates for the coming fiscal year will be submitted for your approval at an early day. "Honorable gentlemen of the Senate, gentlemen of the house of commons—Among the measures to be submitted to you is a bill for the extension of the boundaries of Manitoba and of other provinces, also a bill to provide for the issue of government annuities for old age, a bill respecting insurance, and a bill to amend the election act, and the dominion lands act. "I commend to your thoughtful consideration the several subjects to which I have referred and I trust that in your deliberations you may be guided by divine light."

### F. H. MATHEWSON SERIOUSLY ILL

**Manager of Canadian Bank of Commerce Has Heart Trouble as Result of Accident.**

MONTREAL, Nov. 28.—(Special).—The accident to Mr. F. H. Mathewson, manager of the Canadian Bank of Commerce, as a result of a runaway last night, was in the nature of an affection of the heart. While driving, his horse ran away, and it was while striving with the task of pulling the horse in, that his heart became affected. An operation is to be performed this afternoon by the most eminent surgeons in the city, but an official of the bank stated today that his friends feared the worst.

### COLLINS' COUNSEL BELIEVES CONFESSION STORY IS TRUE

J. C. Sherren Says He Fells Assured That Published Statements Were Correct.

MONTGON, Nov. 28.—(Special).—James C. Sherren, junior counsel for Thomas F. Collins, intervenor in the case of Collins, has today in reference to the story that Collins had made a confession said: "I have no personal knowledge of the alleged confession which was published in the St. John Telegraph, but I believe the publication of them, when their publication can do no harm to Collins, is fair and just course. I do not think, as newspapers have stated, that there was any statement made by any person for publication, but that the confession mentioned was made in such a way that those who heard it may have felt in duty bound not to disclose it. "Collins did not at any time make to myself, nor to Hon. H. A. McKeown, my colleague, any acknowledgments of his guilt but had always stoutly protested his innocence. Neither Hon. Mr. McKeown nor myself saw or had any personal conversation with Collins since the last trial.

### MR. CONNELL SAYS IT WAS PURE BUSINESS MATTER

**He Loaned Money to Chamberlain Sandall But His Transactions Were Perfectly Honorable—Has Retained Counsel and Courts the Fullest Inquiry**

There was considerable comment about the streets today on the recent developments in the chamberlain's office. The morning papers in referring to the recent treasury board meetings stated that more complications had arisen. The Telegraph in an article dealing with the affair stated that according to report the chamberlain has raised funds with which to meet the deficiency in the cash balance, during the past four years by giving short term notes to a well-known citizen, who discounted them at the bank. The consideration given by the chamberlain for this service was said to be 15 per cent. It was further stated that the members of the treasury board are said to hold the opinion that the citizen who participated in these financial dealings must have known that he was engaged in a questionable transaction, and that he was being remunerated out of the city's funds. What action will be taken it is reported has not yet been definitely decided. Both criminal and civil proceedings are said to be under consideration.

### WATER PIPE DAMAGED

**Reported That the Extension to Partridge Island Is Leaking Badly.**

It is stated that the water pipe extension to Partridge Island is leaking badly and has never been in good condition since it was first put down. The salt water gets into the pipe, and those who live on the island cannot use it on that account. The diver has been called many times to fix the pipe, but it looks as if he could not locate the leak.

### WARNING TO CITIZENS.

The board of works has decided not to entertain any pleas for compensation for injuries sustained by persons stumbling and falling on the streets while on their way to the good roads meeting this evening. It is held, not without some justification, that the board had nothing to do with calling this meeting, and that there were persons venturing upon the streets to attend it should do so at their own risk.

A DAY OFF.

BY MARK ALLERTON.

The earl pushed aside the heap of parliamentary papers, rose and walked to the window, yawning widely. He had had a very busy week, mastering the details of his new office, for when a man—even an earl—is presented with a portfolio before he is 40 he feels that he is on his mettle. He watched where the sunshine of the Saturday afternoon was lighting up the trees in the West-end square, and he yawned again. Then he remembered that at that particular moment his mother, his younger brother, and his sisters were enjoying the sunshine in Surrey, and he felt inclined to regret the conscientiousness that had kept him in town. He looked at his watch. It was a o'clock. "I don't want tea," he muttered, "and it's ages till dinner. This is too dull for anything, and I can't go to the club or these idiots will be asking questions. I wonder if a cabinet minister dare go to a music hall. I must ask Dontrich. He knows everything. But a music hall in weather like this—pah! How they would laugh if I turned up in dinner after all! Bo-oh! I do feel horribly bored." He lit a cigarette meditatively. "I wonder what I can do. I'm not in the mood for work." Then he started up. "I know! I'll do it!" He went into the hall and threw on a light coat, for the spring evenings were chilly. He was pulling a tweed cap over his eyes when the butler approached him. "Will you be in for dinner, my lord?" "No, I—er—I shall dine out." He hesitated, thinking that some explanation was due. But he could find none, and hurriedly got out. At the corner of the square he saw approaching him Capt. Marlowe, who was paying calls, and he started. Fancy being seen in Grosvenor square in the afternoon wearing a dust coat and cap! But Capt. Marlowe did not recognize him, and he breathed freely again. "Took me for a coachman having a day off," he chuckled. "Well, that's a good beginning." He crossed Piccadilly, furtively and clambered on top of a bus. Two men were discussing politics in front of him, and he overheard his name mentioned in tones of contempt. Their argument was so unjust that he longed to put them right. Besides, it wasn't true that his position in the cabinet was due to his being an earl. He had worked hard for it. "The bus took him to the Hamersmith, where he got out, wondering where he should go next. An electric tram labelled 'Lew' looked inviting, and he joined in the struggle for a seat. The very stout woman who shared the seat which he captured told him that she had come from Camden Town in a motor bus that had broken down, and expressed her views on the principle of getting one's money back. She told him further that she was going to Gunnersbury to see her married son, who was in the tea trade, and doing well. The earl was keenly interested, and took trouble in helping the woman off the car. When he regained his seat an elderly man leaped him on the shoulder. "That's right, my lad," he said. "All ways be polite to the ladies, especially to the old ladies. You'll get on, you will." "I hope so," replied the earl, humbly. "What line are you in?" "I—I—I— began the earl. "If you're out of work it's like enough not your fault. I've been like that myself, once, but not now. No; I've got on, I have." At that moment the earl perceived a slight fragrance of alcohol, and hastened to agree. "If you want a job come to me. I'm a builder, I am." "You are very good." "You're not afraid of work, are you?" "I—I don't think so." "Then come to me on Monday morning at 8 o'clock. There's my address." "But—"

Silk chiffon cloth, having woven silk dots is the material employed in this very elaborate party frock. There is an under-ship of thin but fine china silk, the skirt falls in soft folds straight from the neck to the hem. The back and sides have a skirt shirred full onto a short empire waist, the waistline marked by a braided belt of ribbon ending in rosettes on either side the front panel. Bands of puffings outlined with Valenciennes lace and settings are disposed over each shoulder, the effect being that of a small bolero. The sleeves are of elbow length and com-

Eczema, Salt Rheum.

Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed. The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable. The pre-eminent success which Barrook Blood Bitters has not with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties. No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to. Mrs. Jno. R. Keedy, Linton, N.B., writes: "I was so troubled with Salt Rheum for eight years, that I could not touch my hands were so sore. By using Barrook Blood Bitters my hands were eventually cured." Mrs. Ira C. Buckner, Eden, Ont., writes: "I was troubled with Eczema for a long time. It came out on my face and between my shoulders. A friend told me about Barrook Blood Bitters. I took two bottles and it helped me so much I cannot recommend it too highly."

"Come along, Blanche," cried Lil, starting up. "You're not going home yet?" pleaded the maid. "Who said we were?" "Well, don't go, please. Look here. Will you and your friends have dinner with me?" "Dinner? We've had dinner hours ago." "Well, tea, if you like." "We're not in the habit of—" "I know what you are going to say. Of course you're not in the habit of having tea with strangers, but this time you'll be doing me a good turn. Do!" "Shall we, Blanche?" The girls glanced at each other. "We don't know your name." "And I don't know yours. Never mind." "But—" "All right. I'm the Earl of —" He stopped. The girls laughed. "And I'm Lady Montmorency," cried Lil. "Well, we'd better get along if we're going." "Where shall we go?" "The girls led the way to a tea shop that was quiet and cosy. Tea and cakes were ordered and the conversation became lively. "Do you often go on the terrace?" asked Lil. "No," replied the earl. "Not often. Do you?" "I should think not. We've more to do." "It's very lively." "Lor! You should see it in the summer. They've lovely concerts on then. Saturday's the best day." "Is that when you come?" "Now you're asking! But it's not often we're alone. We know such a lot of people." "How fortunate! I mean," noticing the look of suspicion, "how jolly." "Don't try to be sarcastic, because it doesn't suit you. Does it, Lil?" "Never mind him. He's young yet." "How old do you think I am?" asked the earl, suddenly. "I don't know. Twenty-five?" "Oh, Blanche, how jolly!" "What? More than 25?" "You're 30 if you're a day." "Tell us." "Yes, I'm 30 if I'm a day." "How old's Lil and me?" "My dear young ladies, I shouldn't dare to guess." "Come on. Don't be silly." "Well, say 20 each?" "Not bad. I'm 20 and she's 19." "We must go now," said the other girl, pulling on her gloves. "Perhaps we'll see you again." "I hope so, but—" "Do you get your Saturday afternoons off?"

Stanfield's Underwear (Chapter 5) The Knitting Machines in the Stanfield mills, are almost human. They must be, in order to knit better underwear than can be knit by hand. And these machines do it. Every stitch is exactly the same length. These machines run 16 distinct threads of yarn at once. Should any one of the strands break, the whole machine stops, and won't run until the break is mended. There are no "dropped" stitches in Stanfield's Underwear. No such machinery as this existed before the Stanfields' time. When they found how unsatisfactory the ordinary knitting machines did the work, the Stanfields turned in and invented this modern machine. It was the founder of the Stanfield mills, too, who perfected the only absolutely unshrinkable underwear. He discovered that no matter what was done to garments after they were made up, they would shrink if woven of untreated wool. So he invented a process, whereby the shrink was taken out of the wool before the yarn was spun. This is the process in use in the Stanfield mills, and each season proves that it is the only possible way to make unshrinkable underwear. In all the other details of the making, Stanfield's Underwear is improved. So it is only natural that the finished garments are better. It is made for men and women in all sizes from 22 to 70 inches. There are 3 weights, with colored labels to distinguish them. RED label, light weight. BLUE label, medium weight. BLACK label, heavy weight. Your dealer has all sizes and weights or can easily get them for you. 153 STANFIELDS LIMITED - TRURO, N. S.

PARLIAMENT

The session of parliament which opened today will probably not be concluded before June roses are out on Parliament Hill.

The government presents a long list of important bills, some of which will cause protracted discussion.

There will also be numerous private bills, and as the general feeling is that this may be the last session before the general elections, members on both sides will doubtless do more or less talking for the effect in their constituencies.

The opening days of parliament will doubtless be enlivened by an opposition challenge to the minister of public works to be enlarged and given control of telegraph and telephone.

One of the bills which will no doubt provoke a debate of considerable length will be the insurance bill.

THE TORONTO WORLD has the interesting statement that Sir Frederick Borden's house at Ottawa is offered for sale, and the rumor that he will soon retire to private life.

necessary contracts. For one thing, the credit of the country ought not to be drawn upon for other projects of vast expense while the construction of the new transcontinental railway is going forward.

It was of course unfortunate that on the very day the Sun printed a somewhat boastful article about itself the Telegraph should have so hopelessly distanced it as a newspaper.

After all, the customary Christmas observances are not to be abandoned in the schools of New York.

**BORDEN CALLS ON PUGSLEY TO MAKE GOOD HIS CHARGES**

Speaking at Ottawa Banquet He Declares He is Anxious for Royal Commission to Inquire Into Campaign Funds of Both Parties--He Denies That He Had Any Knowledge of Election Fund for Improper Purposes.

Ottawa, Nov. 27.—The Russell Theatre was crowded tonight to hear R. L. Borden, the opposition leader. It was a fitting termination of that great political rally which he recently made, extending from ocean to ocean. The demonstration was one of which any might well be proud. Mr. Borden has many speeches on Parliament Hill, but this was the first great address he has made to Ottawa and the surrounding citizens.

On the platform surrounding him were Premier Whitney, Mr. Bergeron and a large number of members of parliament, who have arrived for the opening tomorrow, in addition to many citizens of Ottawa. Mr. Borden was escorted from his residence in the city to the theatre by a large procession.

During his address he was enthusiastically cheered. Mr. Whitney got a splendid reception, and so did Mr. Bergeron.

Mr. Borden got a most enthusiastic reception on being introduced by A. Fripp, president of the Conservative Association of the City of Ottawa. The leader of the opposition thanked the members of the Conservative Association and the members of the Borden Club for the reception accorded him. He also referred to the presence of representatives of Conservative associations from the adjoining counties, especially from his own riding of Carleton, which made it possible for him to remain in public life after the last general election. It was an honor for him to represent a constituency for which Sir John Macdonald set. On his journey from the Atlantic to the Pacific he saw no finer country than that of Carleton, and no city more beautiful than Ottawa.

"We have returned from our trip," said Mr. Borden, "thoroughly convinced that the public conscience throughout Canada is becoming rapidly awakened to the misgovernment which this country has suffered for some years past. I have much pleasure in referring to the excellent work done by Mr. Bergeron on the trip."

Referring to Mr. Whitney, Mr. Borden said he was the representative of a progressive and upright government. His address was a masterpiece of eloquence.

"I have returned from my trip," said Mr. Borden, "thoroughly convinced that the public conscience throughout Canada is becoming rapidly awakened to the misgovernment which this country has suffered for some years past. I have much pleasure in referring to the excellent work done by Mr. Bergeron on the trip."

**PLENTY OF GOOD WATER**

Try This at Home for Kidney and Bladder Diseases and Rheumatism As It Is Easily Prepared.

"The people here do not drink enough water to keep healthy," exclaims a well-known authority. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected."

Stop loading your system with patent medicines and cures; but get on the water wagon. If you are really sick, why, of course, take the proper medicine. The common vegetable treatment, which will not shatter the nerves or ruin the stomach.

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was: "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism; they are a source of irritation to the bladder, and most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions I would suggest the following prescription, which is composed of only vegetable ingredients, which can be obtained from any good prescription pharmacy. Any one can mix them by shaking well in a bottle. Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Sassafras, three ounces. To be taken in teaspoonful doses after each meal and at bedtime, but don't forget the water. Drink plenty and often. This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight."

**RICH WIDOW, 70 WEDS YOUTH, 58**  
(N. Y. World.)

Mrs. Charlotte Henderson, seventy years old, of New Hyde Park, Long Island, laid to rest yesterday a long and eventful life, she died at a few minutes past one of the morning in a hospital. Her name was Mrs. George H. Garretson, and she lived in Flushing, where he is the proprietor of a prosperous drug business. He is fifty-eight years old and a handsome man, five feet tall, with a white hair who frequently drove past his pharmacy.

While his friends were busy chaffing him about his interest in several eligible women, Garretson slipped, and fell into Mrs. Henderson's home in the neighboring village and to be on the safe side carried his own person with him. In the presence of Gen. James F. Pease, a mutual friend, the couple joined hands and when the clergyman began his cross-examination they didn't mind a moment's delay. It was "Yes," straight, plain and clear.

Then the wedding party went over to the bride's home, which is one of the finest in the village. Following a luncheon, during which the youthful pair were chided by their friends for keeping their romance such a secret, Mr. Garretson and Mrs. Henderson were driven to the depot by the bride's parents. On the way to the depot they were the recipients of a shower of rice and old shoes.

Mrs. Garretson owns property at New Hyde Park valued at \$300,000. Her husband has money also, and, besides, there is his drug store. His bride will never want for ice-cream sodas.

R. L. Borden, M. P., Leader of the Opposition.

ministration is such that the finger of scorn cannot be pointed to his political record. It was in this theatre a few years ago that Sir Wilfrid Laurier said that the Rose government was his right arm, and entered the support of all good citizens to preserve that useful member. Mr. Whitney performed a good service in amputating that right arm.

Mr. Borden then took up the Halifax platform and said that it was enunciated at every meeting he addressed on his recent tour, and it was received with marked approval by the people of every province. Canada had a party system of government, but there were certain essentials upon which no honest man should hold himself shackled by the ties of party allegiance. The very essential of decent democratic government demands that there should be honest appropriation and expenditure of public money, decent appointments to public office in the public interest, and clean elections without the influence of the people cannot find adequate expression and the public service cannot be properly carried on.

Liberal organs that these statements are mere platitudes, which have been repeatedly uttered, and that those who sit on the treasury benches, who have been repeatedly and outrageously violated by the men who hold the reins of power in Canada today. Men have been selected for important public offices whose appointments cannot be defended by the people and it is in the interest of capital, as well as of the people and of the municipalities, that the tribunal such as I have mentioned should be established, and the Conservative party stands for that policy. The object of the telegraph and telephone is precisely the same as that of the post-office.

**4,888 KILLED OR HURT BY CARS DURING OCTOBER.**  
(N. Y. World.)

Although there was a slight falling off in the total number of accidents on the city last month the total still averages 166 a day. The number injured during October was 4,888.

In September, 5,202 were injured, and in August, 5,500 were hurt. The falling off is attributed chiefly to the withdrawal of the omnibus cars.

Forty-seven were killed outright in October; fifteen sustained fractured skulls and forty had limbs broken. The total number killed or seriously injured was 181, as against 216 in September and 184 in August. Of the total number hurt 603 were employees of the various companies.

**PRIZE FIGHT IN IOWA STATE HOUSE.**

DES MOINES, Ia., Nov. 27.—Almost within the shadow of the State House, in which Gov. Cummins sat deliberating with Adjutant-General Thirt and Attorney Block, of the Davenport Law and Order League, revolvers were to be taken to quiet the Davenport insurrection, a bunch of Des Moines sports pulled off a slugging prize-fight.

The fight went ten fast and furious rounds and was stopped by the referee only after a right swing on the jaw of one of the men. The principals were Frank Bingham and John Cavanaugh, both of Des Moines. The referee was Frank Harry of the Iowa Athletic Association.

CADETS AND "MIDDIES"

studies Annual Army vs. Navy Game Creates Excitement.

WEST POINT, Nov. 26.—A two-inch covering of snow and sleet on the ground made it impossible for the cadets to do any scrimmaging work today. Coach orbes, assisted by Mr. Crolius and Mr. Toms, gave the team a long blackboard in the academy building and some work was done through in the gymnasium.

ATHLETIC CLIFTON A. C. ROAD RACE.

Everything points toward the Clifton Athletic Club having a most successful road race on December 7th. Many entries have already been received and more are expected. The race will be held at the Clifton Hotel. Prizes for the winners are needed by the club and will be gratefully received. The following persons are taking entries for the race: P. G. Finley, 127 Duke street; E. T. McGowan, 146 Limestone street; R. M. Titus, 68 Mecklenburg street; R. M. Lead, 44 King street.

TAYLOR PULLS TENDON AND QUITS TRAINING.

PHILADELPHIA, Nov. 26.—J. B. Taylor, University of Pennsylvania's colored quarter-mile champion, is likely to be out of the game for some time. While racing recently for a cross-country run he pulled a tendon in his left leg, and, as a result, is very lame, and has quit training at the Clifton Hotel. He had even had the game he could not have started. The 50-yard record he set in Philadelphia last August is now a record for Taylor to compete at the 22nd regiment games tomorrow night in New York. Taylor is very much put out over the reports that the A. A. U.'s new rule against college athletes was aimed at him. He can't understand why he should have been dragged into the net.

PERELLI'S WEIGHT IS AN ADVANTAGE.

BOSTON, Nov. 27.—John Perelli, the Italian heavyweight wrestler, defeated Leo Datto, the Bulgarian, in straight falls at the Columbia last night. The falls were secured in 23 minutes and 17 minutes respectively. The contest was wrestled in rounds of 10 minutes each, an innovation that proved some excellent work by both men. Datto proved to be a performer of exceptional skill, but was outweighed by Perelli by about 20 pounds. This was much for him to overcome and he succumbed more to the extra weight than because of Perelli's superiority.

FOOTBALL NAVY IS HOPING FOR DRY FIELD.

ANNAPOLIS, Nov. 26.—Clear weather and a brisk breeze were the factors that aided the Navy football team today. The team was able to practice their plays with a firm footing. This is regarded as most important, as the midshipmen must depend upon their agility and speed to win over West Point, whose backs are probably green with practice. It is strongly hoped here that Franklin Field will be in a dry condition for a long time which the midshipmen are certain to attempt all sorts of plays which will entirely depend upon their success upon quick and nerve. Most of the plays have been worked out at the secret practice this year are not known.

HILLEBRAND MAY PITCH FOR PIRATES IN 1908.

PITTSBURGH, Nov. 26.—Homer Hillebrand, one of the cleverest utility men ever identified with the Pittsburgh baseball club, may again become a Pirate. Homer has been in the city for several days, the guest of District Attorney George. The other day he had a long talk with President Dreyfus, with the result that the former Princeton star is likely to join the Pittsburgh club in the practice at Hot Springs. Hillebrand remained idle last season as a result of being laid up. He did not feel that his left arm had fully recovered, and preferred remaining out of baseball, devoting himself to his farm in the Northwest.

DECLINE TRIP TO PACIFIC SLOPE.

CARLEISLE, Pa., Nov. 26.—The Carlisle football eleven have declined an invitation to play at the University of Washington, Cal. and the University of Washington, to play football at Los Angeles and Seattle on Christmas and New Year's days, respectively. The Carlisle Indian school authorities decided today to decline this invitation to take their training away from their studies any more this season. Carlisle has already made two transcontinental trips to play football and will hardly be able to give any Pacific coast games until next year.

SAW DUST, 3; CARPETS, 2.

The stewards of the steamer Empress of Ireland, on account of working cargo, not being able to play the stewards of the Empress, a game between the cabin stewards, "Saw Dust" of the Empress was decided upon and played at Carleton yesterday afternoon. Half time score was Carpets, 0, Saw Dust, 0. For the second half play seemed more animated. Rothron scored first goal for Saw Dust, which was followed by two more goals by Pardon for Saw Dust. Carpets scored one goal by Foster and another by Grey. Result: Saw Dust, 3; Carpets, 2.

DE ORO ONE MORE DOES BETTER WORK.

ST. LOUIS, Mo., Nov. 26.—De Oro defeated Daily in tonight's match in the three-cushion billiard tourney for the championship of America at the Rex, by a score of 50 to 38. The high runs were: De Oro, 5, Daily, 4. The averages: De Oro, 30.75; Daily, 22.75. De Oro and Jevne lead the tourney, each having won four matches and lost only one. Tomorrow night Clime will meet Hogan.

THE TURF

RED FRIAR BEST IN THE HANDICAP.

WASHINGTON, Nov. 26.—Although only two favorites won at Benning today, all the winners were well supported. J. Dwyer's Red Friar, who is now at his best, was victorious in the handicap. He was backed at 25 to 5, while Ironsides ruled favorite. Grace Cameron showed the way for half a mile, where Ironsides, Lally and Red Friar passed her. Then McDaniel led Red Friar down and the old horse galloped home by three lengths before Ironsides, with Lally five lengths back. Banker couldn't raise a gallop.

THE RING

MGOVERN AFTER WALSH.

Emergency Kelly, who represents Phil McGovern, Jerry's younger brother, wants to match Phil with Jimmy Walsh at any weight or under any conditions that will suit Walsh.

MIKE HAS IT ON JIM.

NEW YORK, Nov. 27.—Mike Donovan of Rochester bested Jim Donovan of England in a fast six-round bout before the Brown Gymnasium Club. The Rochester boxer was the aggressor and tried hard to land a knock-out blow, but the Englishman was too clever and evaded a knock-out by his stalling.

BOXING GOSSIP.

The match between Owen Moran and Abe Attell, if clinched, will be held at Colma, Cal., New Year's day. The boys will weigh in at 122 pounds ringside and will battle for the world's feather-weight championship. The distance will be 45 rounds. Charles Rich, the Mississippi promoter, who promoted the Sullivan-Kilsain fight, plans a revival of pugilism at Katoeburg, Mass., a thriving lumber city. If Rich's plans mature he will offer prizes that will compare favorably with those offered by the gold camps of Nevada. He has announced that he claims the welter-weight championship and is ready to defend it. He is especially anxious to meet Mike (Twim) Sullivan. Bill Squire and Jim Flynn are expected to be matched for a \$25,000 purse at Bakersfield, Cal., for December 24.

SPLENDID PICTURES SHOWN AT THE NICKEL.

There was Much Enthusiasm Last Night When Naval Views Were Shown.

To watch a vessel of 23,000 tons—H. M. S. Dreadnought—sliding into the water and then to behold the home fleets of England in grand celebration review is not the privilege of many St. John people and those who saw this event, reproduced as truthfully as a camera can portray, at the Nickel yesterday afternoon, and evening were worked up to a high state of enthusiasm and declared it to be the finest picture ever shown in St. John. Besides the numerous aerial photographs of His Majesty King Edward, Queen Alexandra, the Prince and Princess of Wales, and last, but not least, of the royal, little Prince George of Wales, the heir presumptive to England's crown. Admiral Sir John Fisher, Lord Eversford and other dignitaries are also shown. This picture lasts more than twenty minutes. It will be shown again this afternoon and tonight.

There is Much Enthusiasm Last Night When Naval Views Were Shown.

The other picture of note is entitled "How They Enjoy Winter in Norway," and depicts the Norwegian ice-boating, skiing, coasting, sleighing, sail-skating, etc. The comedy element is supplied in Tommy in Society. This evening Mr. Tommie will sing The Waltz Music Change to The March, Marie, a stirring military melody, and this afternoon Mr. Cairns will render With You in Eternity, by special request.

MEETINGS IN COLCHESTER

Mr. Foster Spoke at Truro Last Night, and Mr. Fowler at Londonderry.

Truro, Nov. 27.—The greatest meeting ever held in Truro was the Conservative rally at the Metropolitan rink tonight when 2,000 people crowded in to hear Hon. Geo. E. Foster. A special train brought a delegation of 300 Conservatives from New Glasgow and Westville. Mr. Foster was given a great reception. G. W. Fowler, M. P., spoke at Londonderry. These meetings were fitting final steps to what has been a lively and interesting campaign in Colchester. The Liberals were invited to share the time at the Truro meeting but they found excuse for not accepting.

WOMAN RESCUED

Ottawa, Ont.—Slavery is not dead. Daily, the traffic in human souls goes on. Only a short time ago, a number of Chinese were arrested as they attempted to smuggle young girls from Canada into the United States. In Eastern countries, the slave trader piles his victims in the market places. Some go into another kind of slavery—unbeknownly—yet make a valiant effort to escape. Ottawa is all agog over the wonderful escape of one of her charming matrons from that physical slavery, Rheumatism. Mrs. R. C. Small says: "I was a constant sufferer from rheumatism for over seven years. I used many treatments—consulted doctors—tried hot baths—used almost every known mineral water—but nothing did me any real good. The pains were in my joints and back, and I had frequent headaches and had indigestion. About a year ago, I saw 'Fruit-tives' advertised and decided to try them. After I had taken two boxes, I was much better. Although I took seven boxes, I have had no rheumatism for over six months now and feel that I am quite cured. I have gained over ten pounds in weight."

REVISE WATER RATE ON CHURCH PROPERTY

Water and Sewerage Board Will Do This Because of Inequalities.

At a meeting of the water and sewerage board last evening it was decided that, owing to certain inequalities in the valuations, the water assessment on the church property in the city should be revised next year. The director was instructed to report on the condition of the hydrants. Several small claims for damage were reported settled. The report of the director on increased wages for permanent employees was referred back for further information. The chairman and director were instructed to look into the matter of a complaint by George Rinehart that his sewer pipe on Mecklenburg street was stopped. A report from the chairman that he had settled the claim of Joseph Arthur for damages from the bursting of No. 2 main, for \$125, was confirmed. A recommendation to pay the Bishop of \$100 for damages to crops at St. Patrick's Industrial Home, Silver Falls, was agreed to. On motion of Mr. Goldrick it was decided to recommend that the charge for laying a pipe to the Methodist parsonage at Silver Falls should be \$15 a year, in lieu of the usual 4 1/2 per cent. on the cost. A communication from James E. Cowan, acting for Dr. J. Hazelwood, asking for compensation for injuries in a carriage accident in King Street, Carleton, was left in the hands of the chairman and director. The accident was claimed to be due to an excavation made by the city. A number of reductions in water assessments were granted after hearing the reports of the director. The rate for the Church of Assumption in Carleton was reduced from \$80 to \$30. A recommendation to accept a proposal from May A. Robertson to convey to the city 2 1/4 acres of land near Lake Robert, son for \$125 was agreed to. Simon I. Graham, a tenant on a lot on No. 1 section of the pipe line, agreed to accept \$75 compensation. The matter was held over for the chairman to report. The monthly report of Mr. Hunter was read. Particulars of the recent repairs in the main concrete pipe were given and the pipe was said to be without any cracks. Reference was also made to the work done at the concrete pipe had been satisfactorily closed by using it.

GEORGE FAIRWEATHER DIED AT THE HOSPITAL

Boy Who Cut His Throat Last Sunday Night Passed Away Last Night.

George Fairweather, the 13-year-old boy who cut his throat with a razor on Monday, and who was progressing favorably in the hospital yesterday, took a sudden turn for the worse and died about midnight. The lad was the son of Abraham Fairweather and lived with his grandmother, Mrs. Julia Griffiths, 78 Broad street. On Monday last a boy was detected by I. C. R. Policeman Smith gathering coal from a car on the Ballard wharf and gave him the name as Geo. Fairweather. The letter was notified on Monday evening last by Policeman McNamee to the police. The boy left him but soon after the patrolman found him cut a gash four inches long in his throat with a razor, severing the windpipe. Dr. J. S. Bentley inserted a tube for purposes of breathing and there were hopes for the lad's recovery. At 10 o'clock last evening his condition was reported unchanged, but about 12 o'clock he grew suddenly worse and expired a few minutes after midnight. He leaves his grandmother, father and two brothers, William and Frederick, who reside with the grandmother in Broad street. The father at the time of the occurrence was in Boston.
