J. A. Fraser, Wounded at Ypres, is appointed to West Side Position

The meeting of the common council in committee this morning, which was marked by the triumph of the principle that returned soldiers should receive first consideration in the award of public positions, was held in the council chamber.

GERMANS ADMIT SERFS IN BATTLE

Berlin, Oct. 30.—British troops, attacking the German lines on the Somme front between Les Bois and Marval, succeeded in gaining some ground from the Germans. The war office announced this today.

MAYOR WILL BRING UP MATTER OF RECOGNITION OF OLIVER'S BRAVE ACT

Mayor Hayes, speaking of the gallant act of William Oliver in jumping from the rescue of a drowning boy, said that he thought that the city should take some steps to recognize such a gallant action.

Brave Lads Home From The Battlefields

Lieutenant Frank M. Smith, son of Mr. and Mrs. R. Morton Smith, of this city, arrived home today on a month's furlough, after spending nearly two years on the battle fields of France.

CALL ON WORKING MEN OF STATUS TO WITHDRAW SONS FROM BOY SCOUTS

Boston, Oct. 30.—Working men of the country are called to withdraw their sons from Boy Scout organizations in a resolution adopted by the state branch, American Federation of Labor, last night.

SEES SUBMARINE ACTIVITY ON A LARGE SCALE ACROSS ATLANTIC

London, Oct. 30.—(New York Sun)—"Long distance submarine blockade" of England, in waters far from Europe, such as the U-S carried out for a short time, is sure to be undertaken on a large scale, writes D. Thomas Curtin of Boston, in the Times.

THE BETTING MEN AND THE ELECTION TODAY

New York, Oct. 30.—The Times says: Election betting odds in the week before election have indicated correctly in advance the results of presidential fights in every campaign since the last thirty-six years, since Washington's election was common.

NEWS OF MARITIME MEN IN THE WAR

"Had" Gray, of Sackville, who went overseas with the 5th Battalion, is rapidly recovering from his wounds received somewhere in France on the 12th of August last. In a recent letter to his mother, Mrs. A. G. Spence of Sackville, Young Gray says in part:

CAREER OF NOTED ENEMY AVIATOR, BOELKE, ENDED BY BRITISH AIRMAN

London, Oct. 30.—Captain Boelke, a noted German aviator, whose death is reported, is said by the Exchange Telegraph Company's Amsterdam correspondent to have been brought down by a British aviator east of Cambrai.

U. S. Senator Lodge Springs Sensation

Wilson Rider to "Strict Accountability" Note to Germany, Taking Force Out of it, is Alleged

New York, Oct. 30.—The first real sensation of the political campaign was sprung on Saturday night by United States Senator Henry Cabot Lodge, when, in a speech in Somerville, Mass., he asserted that President Wilson, at the time the second Lusitania note was sent to Germany, wrote a postscript informing the German government that the contents of his former "strict accountability" note were not to be too seriously interpreted.

SAYS BAVARIANS ARE WORSE THAN PRUSSAINS

Most Given to Destruction—Best Troops to Oppose Them Are Men of Education

New York, Oct. 30.—A cable to the Tribune from its Paris correspondent says: The question naturally occurred to me why it was not among the many little nations composing the German empire, and I said to a staff officer beside me:

### SIR WILLIAM ROBERTSON UNVEILS CROSS

The cross was offered by the Lincoln Incorporated Chamber of Commerce to the Lincolnshire village which secured the greatest percentage of enlistments among its eligible manhood, and Daldyby, which has scarcely 300 inhabitants, won the honor with more than 77 per cent. The photo shows Sir William addressing the assembly. "I think," he said, "we can look forward with every confidence."

### WESTERN CANADA FARMERS WERE NEVER SO PROSPEROUS

Traffic Manager Hinton of G. T. P. Looks for Large Influx of Settlers From U. S. A. After War

Montreal, Oct. 30.—"All indications show that the volume of immigration into Canada from the United States at the close of the war will be remarkably large," said W. P. Hinton, traffic manager of the Grand Trunk Pacific Railway here. Mr. Hinton reports a very gratifying movement of settlers into western Canada during the last summer. "These settlers have been possessed of considerable means and equipped with the lower prices of farm lands, which generally prevailed, and by the certainty that even if one crop can be secured, equal to the general yield of last year, the entire purchase price of the land will be regained."

### Killing the Calves

All sorts of excuses are offered for the high price of beef, the most plausible being the alleged demand for veal—"the killing of calves which should be allowed to grow into regular beef." You cannot have beef if you eat it as "veal," but you can have Shredded Wheat Biscuit which contains more real nutriment than beef and costs much less. Shredded wheat biscuit is the whole wheat steam-cooked, shredded and baked. Make it your "meat" for ten days and see how much better you feel. Wholesome and strengthening for any meal with milk or cream or in combination with fruits.

### CAN SUE CANADIAN FOUNDRY.

Robert Dollar Co. Wins Important Point in \$1,250,000 Action.

(New York Times.)

The Robert Dollar Company, which is the holder of assigned claims for commissions aggregating \$1,250,000 against the Canadian Car and Foundry Company, Ltd., on contracts with the Russian government for shrapnel, won an important point yesterday in its suit in the supreme court to compel the foundry company to pay the commissions. An answer in the suit has been filed by the agency of the Canadian Car and Foundry Company, alleging that it is the party at interest and that the complaint asserts no valid claim against it.

Justice Greenbaum rejected the answer yesterday, and held that the agreement used upon was sufficient indication that the persons who assigned their claims to the plaintiff were entitled to a share of the cash and notes paid by the Russian government for shrapnel and that a lien was created which can be enforced against any party into whose hands the money may come.

AUSTRIAN PREMIER IS CHOOSING MEN ACCEPTABLE TO TISZA.

Vienna, via London, Oct. 29.—Austria's new premier, Dr. Von Koerber, this afternoon submitted to Emperor Francis a list of the members of the new cabinet, the Stuerzsch cabinet having in the course of the day submitted their resignations.

Who the members of the new cabinet will be is still unknown, but the impression is held here that the ministry will be composed entirely of men acceptable both to Dr. Von Koerber and Count Tisza, the Hungarian premier, with whom Dr. Von Koerber consulted yesterday on the subject.

ROTHESAY DEFEATS FREDERICTON HIGH

The football team of Rotesay College vanquished the representatives of Fredericton High by a score of 18 to 0 on the former's grounds on Saturday afternoon. The game was a little too much one sided to afford interest, although at times the losers braced up and played with an aggressiveness, which won the admiration of the many spectators. The brilliancy of the victory was marred by repeated protests made by Fredericton against the referee's decisions. The blacked down was made after one of the Rotesay boys had made a forward while within fifteen yards of the victors' touch line. This brought forth loud protests from the Fredericton players as well as some of St. John High School boys, who witnessed the game.

THE ENGAGEMENT OF MISS WILLIAMS-TAYLOR

Of an engagement announced here the other day, the New York Times says: "Sir Frederick and Lady Williams-Taylor, of Montreal, Canada, announced the engagement of their daughter, Miss Brenda Williams-Taylor, to Frank Duff Fraser of this city. Miss Brenda Williams-Taylor is well known in society in New York as she has visited here frequently, and is prominent in society in the dominion and in London. Her father is the general manager of the Bank of Montreal. Her mother, Lady Williams-Taylor, is a warm personal friend of Queen Mary, and last winter she stayed in New York a few days on her way from London to Montreal, to explore Her Majesty's appreciation in the work of the American branch of Queen Mary's Needlework Guild. She is the president of the Canadian branch of the Queen Mary's Needlework Guild, a relief organization formed during the early months of the war. Miss Williams-Taylor's brother, Captain Williams-Taylor, was among those who went to the front with the Canadian contingent at the beginning of the war. "Mr. Fraser is the only son of Mr. and Mrs. Frank Pierce Fraser of 17 West Fifty-seventh street, this city, who are now at their country place, Uplands, Manchester-by-the-Sea, Mass. He is a graduate of Yale, class of '05, and belongs to the Union Club of Chicago.

Last Night's War Cables

On the Transylvanian front the Russians and Rumanians apparently are operating successfully against the Teutonic allies near the junction of Bukovina, Transylvania and Roumania and to the south near Campulung, and in the Jiu Valley the Rumanians are declared by Bucharest to have captured two howitzer batteries, which later were turned against the Austro-Germans.

The Rumanians and Russians in Dobruja are still in retreat before the German, Bulgarian and Turkish troops, and are now endeavoring to make their way across the Danube at various points on pontoon bridges, according to the Sofia war office.

Again, according to Berlin, another heavy Russian offensive against the German lines along the Stokhod river in Volynia has been put down by the German curtain of fire. Petrograd reports successful reconnaissances by the Russians along the River Stavok, a tributary of the Stokhod.

The Macedonian theatre is still the scene of somewhat vigorous fighting, especially at the bend of the Cerna river where the Serbians and French together have made a decided advance.

Athens, Oct. 29, via London.—The Greek government officially made it known today that following the recent visits by the Entente ministers to the royal palace, King Constantine has spontaneously undertaken further to dispel Entente suspicions of his sincerity by ordering what he had previously refused to grant on the insistence of the French military attaché, that is, the transfer of third and fourth army corps from Thessaly and the sixteenth division from the Epirus to the Peloponnese, the southern Greek peninsula. In both districts only a force sufficient to maintain order is to be kept. The transfer is to begin on November 3.

Fighting Indecisive on Saturday.

Petrograd, Oct. 28 (Saturday).—The text of today's statement reads: "Western (Russian) front: On the whole front reconnaissance and an exchange of fire are taking place. "On both banks of the River Bystritsa, in the region of Dorna Watra, the enemy, supported by his artillery, launched a series of fierce attacks, compelling our advanced posts to abandon two heights. The attacks of the enemy south of this region were without success. "Caucasian front: No events of importance have occurred. "Rumanian-Transylvanian front: Near Bran Pass and in the Targaj and Jiu valleys fierce enemy attacks continue. "Dobruja: No events of importance occurred during Oct. 27. "Italians Win Fierce Battle. Rome, Oct. 28, via London, 4:45 p. m.—An intense artillery action is in progress east of Gorizia and on the Carso plateau, the war office announced today. Near Novavilla the Italian line has been advanced more than 300 yards by a surprise attack. The text of the statement follows: "To the south of the depression between Loppo and Mori, in the Cameres and Adige valleys, our infantry entered the village of Sano, drove out the enemy and destroyed his defenses. "From the Sano plateau and the Sugna Valley increased activity on the part of the enemy artillery is reported. "On the Julian front there has been further intense activity on the part of the enemy's artillery east of Gorizia and on the Carso. Our batteries replied with an equally heavy fire. To the southeast of Novavilla we have advanced our line 300 metres as the result of a surprise attack."

**CLOSE OF BOYS' CONFERENCE**

The third New Brunswick conference for older boys, held under the auspices of the Y. M. C. A. and the church Sunday school boards, was brought to a close with an impressive service in Centenary church last evening. Throughout, not only the leaders conference which made the meeting but the start of the work which is to follow it, were noticeable. Practically the whole programme edited around the Canadian Standard Efficiency Tests, a method of measuring up the boy's ability along various lines and encouraging the development of those features in which he is most lacking. As a result of the conference it is expected that the system will be introduced throughout the province to a much greater extent than it has been in the past. The conference was fortunate in its leadership and the group of officers who directed the meetings left a marked impression on the boys and young men in attendance.

On Saturday afternoon the boys were addressed in Centenary church by T. H. Hutchinson on the subject of the mid-week programme in organized Bible studies. Following this, the boys visited points of interest about the city. At 8 o'clock the boys marched to the municipal theatre where they viewed the educational film.

At 8:30 o'clock the boys reassembled in Centenary church where a banquet was served by the ladies. "The Boy Builder" was the subject of T. H. Hutchinson's talk. This is the final magazine for boys.

A mass meeting was held yesterday afternoon in Centenary church where the leaders, delegates and other boys Taylor Statten was the speaker. He illustrated some practical lessons of religion from a baseball game.

Following this the closing meeting of the conference was held with the president, John N. Jordan, of St. John, in the chair, and Taylor Statten conducting the meeting. The secretary, James A. Humphrey, of Moncton, presented a report on the previous sessions, and vice-president, Harold Brewer, of Woodstock, presented the report on credentials. The latter report showed a total of 302 delegates registered and conveyed resolutions of thanks to all those who had assisted the conference in various ways.

Mr. Statten gave a brief address on the object of the work. Rev. C. Myers told of the beginning of the united churches and the work of the Y. M. C. A. in this province. Rev. F. H. Langford asked that substantial work should be the outcome of the conference when the delegates return to their homes. Rev. R. A. Ross told of the work accomplished by other boys following a conference.

This was followed by the delegation reports in which a representative from each district told of the work which the members from his section had decided to carry on after they returned home. Reports were presented by Charles McCoy, Moncton; G. F. Henderson, York and Sunbury county; George Fry, Charlotte county; J. Stephenson, Kings and Queens county; Douglas Pitts, St. John; Baptists: Arthur Willet, St. John; Presbyterians: Basil Robertson, St. John; Methodists: George Nason, St. John; Church of England: Arthur Carby, Digby (N. S.); Mr. Bank on behalf of Bridge-town (N. S.); Clarence Gospen, Petticoddie, and Raymond Dixon, Sackville. Short addresses were given by Mr. Statten, Charles Beaching of New York; Rev. W. H. Barraclough, and Rev. J. H. A. Anderson, chairman of the advisory committee.

The conference was brought to a close with the singing of "Blest be the Tie That Binds" while the delegates clasped hands.

**"IRELAND SUFFERING FROM BRAIN-STORM," SAYS JOHN REDMOND**

London, Oct. 29.—Speaking at Sligo Sunday, John Redmond, the Nationalist leader, urged the immediate putting into effect of home rule for Ireland.

"The present state of Ireland," said Mr. Redmond, "is a serious menace to the British empire, to a victorious end of the war, Ireland's suspicion of British statesmen and their promises should be met with trust and home rule put into operation. This would do more to help the successful ending of the war than the alliance of half a dozen neutrals. Ireland is suffering from a brainstorm. A gust of passion has swept the country, and a period of calm is necessary to restore a national and sane view of the causes and the consequences of the tragedy through which Ireland has just passed. "Common sense is rapidly reasserting itself, and the passion is subsiding. Ireland has come to believe that she must not sacrifice the fruits of forty years of patient labor in a moment of anger and disappointment."

**IMPERIAL PRESS ASSOCIATION IDEA OF G. F. PRESIDENT**

Montreal, Oct. 29.—An Imperial Press association, for the collection and dissemination of the news of the empire, was the remedy proposed by Mr. E. F. Slack, president of the Canadian Press, Limited, for the present position of the news gathering situation, in the course of a statement made to the Dominion Royal Commission here Saturday.

Mr. Slack suggested the establishment of a central news clearing house at London, where the news of Great Britain and the whole empire could be collected, collated, edited and distributed throughout the empire, each portion bearing its share of the expense according to its population and wealth—adapting the system of the American Associated Press to the service of the empire. This would draw the bonds of empire closer, he claimed.

With reference to the American Associated Press, Mr. Slack said its news was not colored, but it was collected entirely for American readers, Canada being merely allowed to come in. Emphasis was placed on the news of little interest in Canada, while news of great importance to the dominion and of the whole empire was neglected, as of little interest in the United States.

The Canadian Associated Press, Mr. Slack said, was too narrow in its scope, dealing with merely Canadian interests, instead of British and imperial affairs.

try for war service is the probably unparalleled record of scoutmasters of the 1st British Columbia Sea Scouts and one of the most popular scouting men in Vancouver.

Mr. Master's troop of Sea Scouts is one of three in Canada and for their training ship have been using Robert Louis Stevenson's ship "The Casco," which was used during the famous writer's sojourn in the South seas.

Notwithstanding the large number of enlistments of senior Boy Scouts and scoutmasters, the annual census of the numerical strength as of June 30 last shows an appreciable gain throughout Canada. This gain totalling 1,199, is largely made up in increase in the provinces of Manitoba, Saskatchewan and Alberta, where re-organization was effected last year. Ontario, Quebec and the maritime provinces continue to hold their own and British Columbia reports holding well together.

The figures are:

Province	Officers	Scouts
Ontario	844	7,114
British Columbia	78	1,004
Alberta	111	2,045
Saskatchewan	187	1,453
Manitoba	185	1,961
Quebec	118	1,891
New Brunswick	75	1,881
Nova Scotia	41	747
Prince Edward Island	8	102
Total	1,982	17,549

Compared with 1915 this shows a decrease of fifty-two officers and an increase of 1,199 Scouts and with 1914 an increase of 120 officers and 9,978 Scouts.

From these figures it will be seen that the great need at present is leaders. The chief scout for the empire is quoted as saying "Scoutmasters are the backbone of the movement and the finding of suitable men is our greatest difficulty."

**ACCUSED OF CORRUPTLY REQUESTING GIFTS**

Boston, Oct. 30.—Mrs. Connetta Capodilupo, who lives in Salem street, North End, and who is forewoman at the E. A. Johnson Company, State street, was before Judge Cohen in the Municipal Court on a very unusual complaint.

She was brought in by Policeman Day on complaint of three woman employees at the store. The charge is that the woman corruptly requested gifts from women employees at the store.

The woman told Day that she did nothing but what the American help have done, saying that gifts had been given to others at Easter and Christmas.

Mrs. Matilda Martin, aged ninety-four, went to New York from her home in Allentown, Pa., and attended a theatre for the first time in her life. Accompanying her was her daughter, Mrs. Matilda Satterfield, aged sixty-eight, who also never had been inside a theatre before.

May Change Training Camp.
New York, Aug. 27.—The Brooklyn team may not train at Dayton, Fla., next spring. Col. Ebbets is in receipt of a telegram from President Charles Weeghman of the Cubs asking that the Robins take over the Chicago club's contract covering the training camp at Tampa, as the Cubs will go to Pasadena, Cal. Ebbets has asked Weeghman to send the contract on for inspection, and has not as yet decided upon his plans. "I may not be in baseball next spring," was his observation.

FOOTBALL
U. N. B. Wins
Frederickton, Oct. 29.—The University of New Brunswick rugby team had no trouble beating the 29th Battalion team here Saturday. The score was 6 to 0, the university scoring two tries in the second half.

Rests says he is getting ashamed to take the money, and has promised not to enter every event in the future. He is going to skip a few to give the other boys a chance.
Resta hurried into the limelight back in 1915, when he hit the high spots in New York. Prior to that he had done a few fancy tricks for the natives in France, Italy and England, and when he drove in view of the Statue of Liberty he was well fortified with a bank roll, even if he hadn't scattered records on this side.

FOUR FASTEST SHIPS PLANNED
President Franklin to Have Them Built for American Line
P. A. S. Franklin, who was appointed president of the International Mercantile Marine Company at the directors' meeting held on Thursday in New York, left on Saturday for Hot Springs, Va., on the first vacation he has had in three years.

London, Oct. 28.—Following are the results of the British football games played yesterday:
English League—Lancashire Section.
Blackburn, 3; Preston, 2; Blackpool, 0; Stockport, 2; Bury, 3; Liverpool, 4; Overton, 3; Portvale, 0; Manchester City, 3; Oldham, 1; Rochdale, 0; Bolton, 6; Southport, 3; Burnley, 0; Stoke, 3; Manchester U., 4.

Mr. Franklin said the plans were to have oil-burning quadruple turbine steamships of about 30,000 gross tonnage, with a speed of 25 knots or more. The American Line, which is operating the St. Paul, St. Louis, New York, and Philadelphia at present, receives a mail subsidy of \$4 a mile for each mile traveled by the steamships out and home. This will have to be considerably increased, Mr. Franklin said, to put its new 25-knot liners in service between New York and Liverpool.

Service in Church of Good Shepherd in Memory of Samuel Small and J. H. Willis

In the Church of the Good Shepherd, Fairville, a memorial service was held last evening in honor of two members of the congregation, Samuel Small and John H. Willis, who recently made the supreme sacrifice for home and right.

Might it be said of the men who had fallen in this great conflict that they have given their lives for us and we would not persist in following the things that mean most good to ourselves.

John H. Willis had enlisted in the 11th and was one of the 100 men of a company drafted for service in France.
