TRAIN WRECKED, 8 PASSENGERS AND 2 OF CREW KILLED

Fatal Night Accident on the Denver and Rio Grande

Five Passengers Injured—A Report That Disaster was Caused by a Landslide in Canyon—Two Engines Overturned.

Salt Lake City, May 3.—Eight passengers and two trainmen were killed and twenty-five passengers were injured, some fatally, in the wreck late last night of an east-bound Denver and Rio Grande western passenger train near Woodside, Utah, according to telegraphic advices received here early today.

Two engines pulling the train of eleven cars were overturned, killing one engineer and one fireman, and the baggage car and smoking car crashed into the wreckage. The eight passengers killed were occupants of the smoking car, it was reported.

Meagre reports were received and officials of the road said the cause of the wreck was unknown.

One report said that the two locomotives were swept from the tracks by a landslide.

The injured will be brought to Salt Lake City hospitals. None of the dead has been identified, railroad officials here say.

The wreck occurred in the treacherous canyon country of a mountainous region two miles east of Woodside at about eleven p. m. last night.

VICTORIA SQUARE AND LOWER PART OF MAIN AND BRIDGE STREETS ARE UNDER WATER

Some of the Houses Almost Completely Surrounded—Much Damage to Stock in Warehouses—Water in Magaguadavic Sets Century Record—More Bridges Gone.

Conditions at Indian town are beginning to assume alarming proportions due to the continued rise of the freshet. The water is fifteen or sixteen inches higher today than it was yesterday, and part of the bridge leading from Bridge street to Spar Cove road is awash. If it continues to rise there will be a serious situation.

The ferry steamer Maggie Miller was supposed to start operating today between Millville, Baywater and Sumnerville, but owing to the freshet she was unable to do so. The water at Millville is right up to the houses above the entrance to the R. K. Y. C. Club and is said to have already reached the top step of the club house. Until the water recedes it will be impossible to operate the ferry.

Flood damage in and about St. George is said to have amounted to about \$300,000. The loss of lumber, mostly pulpwood, is reckoned at about \$200,000. The Bonny River mill at St. George is afloat and will have to be rebuilt.

The steamer D. J. Purdy arrived in Fredericton from St. John last night about nine o'clock with a cargo of fifty-five sacks of mail. This was the first since Saturday with the exception of a load of fifty-five sacks brought by motor boat from Maugerville. This had been shipped from St. John to Minto via Norton by rail, taken to Maugerville on trolleys and then relayed by motor boat. Last night the tug Joseph left Fredericton for St. John with practically all the mails which have accumulated in Fredericton since Saturday.

MAAGUADAVIC IN RECORD FLOOD. Fredericton, N. B., May 3.—Heavy additional losses of highway bridges were reported to A. R. Wetmore, chief bridge engineer of the Department of Public Works, last night. His reports said that the freshet in the Magaguadavic reached a height eight feet higher than has been known during the last 91 years.

Among the bridges not previously mentioned and which are being washed away are the bridges at Lee Settlement has been carried out in the Magaguadavic district. In this district also at Second Falls, another bridge was reported destroyed while heavy damage was sustained to the upper highway bridge at St. George.

Two bridges, one on the north bank and another on the south bank of the Medusnekeag River have been demolished. These last three bridges were built by the Canadian Pacific railway company's heavy bridge division.

On the Fredericton-Newcastle subdivision of the C. N. R. four work trains are being held up by the freshet. (Continued on page 2, second column)

C. N. R. Work Train Rushed to Scene This Afternoon—Valley Train Cancelled on Account of Woodman's Point Washout.

An alarming report was received at C. N. R. headquarters here about noon today saying that there was grave danger of a bad washout at Riverside. As both the C. N. R. and C. P. R. are operating trains over this line a washout would cut off all communications by rail between this city, upper Canada and the west.

The Valley train is still cancelled owing to a serious washout at Woodman's Point. A crew of men are engaged there endeavoring to make temporary repairs so that the service can be resumed.

LIQUOR MATTERS IN PARLIAMENT

Methods of Handling Business in B. C. Condemned.

Argue Against Increasing Power of Government—Referendum on Importation Suggested—Discussion Continued Today.

Ottawa, May 3.—Reading was given to an act to amend the Canada Temperance Act. This was given first and second reading and considered in committee stage. Members of British Columbia condemned the present methods of handling the liquor business in that province and argued against increasing the power of the Government.

An amendment was moved by W. G. McQuarrie, of New Westminster, to the effect that a referendum should be provided on the question of importing intoxicating liquors into British Columbia and other provinces. Today in Parliament.

The House of Commons today will continue in committee on the act to amend the Canada Temperance Act. Other Government bills on the order paper will follow, and if supply is reached, estimates of the secretary of State will come up.

BOARD OF TRADE COUNCIL. It was announced at a meeting of the board of Trade Council this morning that G. E. Barbour, president of the board, and Mrs. Barbour, had arrived in Southampton yesterday, according to a cable received by Mr. Barbour's firm.

There was a good attendance at the meeting, which was presided over by L. W. Simms, vice-president. The main item of business before the meeting was the report of A. H. Wetmore, representative to the recent conference with Sir Henry Thornton in London.

THE MATTER OF THE NEED of a vocational training school was discussed and was left in the hands of the vocational training committee. It was given an opportunity to advance their opinion of the modus vivendi suggested by the Canada Fisheries as a check to American fishermen in Canadian waters.

THE ROUTING OF FREIGHT from Vancouver to Fredericton was discussed and it was left without action pending the receipt of information from the department in Ottawa. There was some discussion of the matter of the bill now before parliament on the subject of mail matters combined but no action was taken.

COMMISSION REJECTS ANNULMENT PROPOSAL. Rome, May 2.—The parliamentary commission for reform of the civil rights code has rejected the proposal made by the prominent jurist, Deputy Enrico Ferri, that marriages be annulled in the event of either party being sentenced to life imprisonment or terms of thirty years or more, or upon becoming an inmate of an insane asylum.

MANY SEEK LICENSES. The interrupted train service of the last few days has resulted in the office of the provincial tax inspector being besieged for automobile tags which had been ordered. It was said at noon that these had arrived and could be obtained there.

RECORD DAY IN THE BIG LEAGUES

Yankee Fans Twelve Batters in Ten Innings.

Yankee Shortstop Takes Part in Thousandth Game—Detroit Now Tie for First Place—Yesterday's Features.

(By Canadian Press) New York, May 3.—It was a record day for both major leagues yesterday and today, the men who set the new marks played on losing teams. Denny Vance, of Brooklyn, struck out fifteen New York Giants in the ten innings that he pitched, setting a record for the 1923 season. 14 of the whiffs came in the first nine innings and four passes.

The record for strike-outs, nineteen in nine innings, is held jointly by C. Sweeney, made with the Providence team, in June, 1888, and H. Dally, of Chicago, in the old Union Association who performed the same feat in 1887. Cobb used seven ten-inning games played when he participated in his 1,000th contest against the Senators. Walter Johnson held the New York Yankees to three hits, and Washington won 4 to 3, passed the Yankees and tied the Indians for first place in the league.

Detroit, by defeating Cleveland, 4 to 3, passed the Yankees and tied the Indians for first place in the league. Detroit players before he managed to win. Morton, Cleveland albatross, was hit by Vance up to the eighth when he weakened, passing Cobb with the bases full, forcing in the tying run. Cobb's athletic star pitcher scored his first win this season, defeating Boston, 4 to 3.

Scott's Record. New York, May 2.—Bretton Scott, Yankee shortstop, who played in his 1,000 consecutive baseball game yesterday at Washington, has led all American League shortstops in the matter of defensive play while setting a new record for the league. He has hit only one home run in 1,000 games, and his batting average was .333, and his highest .376, in 1918 and 1919.

CHARGE ASSAULT ON AN INSPECTOR. William Harding Pleads Guilty to This and Possession of Liquor—Explains Alleged Assault.

William Harding pleaded guilty in the police court this morning to the charge of assaulting Fred Killen, a police inspector, and to the charge of possession of liquor. He explained the alleged assault by saying that he was in the habit of carrying two suitcases to the station for him. This he had consented to do and added that he was to be paid when he arrived at the depot. A few minutes later he was accosted by the inspector. He admitted that he pushed the inspector away a couple of times but as soon as he found out who he was he came along quietly.

The magistrate told the prisoner he was liable to \$200 on one count and \$80 for the alleged assault. He was sentenced to 122 days in the reformatory on King street for being intoxicated, impeding pedestrians, and using profane language. He pleaded guilty to being drunk but could not remember anything of the additional charges. He was also sent into jail.

TO ENCOURAGE SHEEP FARMING IN ANTIPODES. Sydney, N. S. W., May 3.—(Canadian Press, via Reuters)—Senator Pearce, federal Minister of Home and Territories, will visit the Northern Australian territory soon, prior to formulating a development policy. It has been stated that the territory is a splendid one and could maintain ten million sheep. The Government favors a policy of encouraging sheep farming and helping the cattle industry in the hope that the agricultural will flourish.

LAD COMES HOME WITH LITTER OF EIGHT WOLF CUBS. Fort William, Ont., May 3.—Gordon Cooper, the young son of Alfred Cooper, of this city, on Tuesday, brought into the city a litter of eight timber wolf cubs which he had captured. The day before he had followed the mother to her den but she showed fight and he came back the following day with a rifle, frightened her off with a shot and returned with the eight cubs in his knapsack. An attempt will be made to rear them by hand. They are only two weeks old.

FRENCH CABINET REJECTS GERMANY'S NEW PROPOSALS

LACK OF GUARANTEES AND INSUFFICIENCY OF SUM THE REASONS

Foreign Exchange Rates in London Affected—Mine Directors Fined and Sentenced to Five Years Each.

Paris, May 3.—The French cabinet today unanimously rejected the new German reparations proposals. The reasons given for the rejection were lack of guarantee and the insufficiency of the sum offered by Germany.

MINE DIRECTORS SENTENCED. Essen, May 3.—Two directors of the Heinrich mine and machine works, at Glatton, have been sentenced by a French court martial to serve five years in prison and to pay fines amounting to 250,000 marks. The directors, whose names are Paeger and Zwiely, were charged with having caused the arrest of the mine and officials appearing on the property, this rallying an assembly of workmen which endangered the lives of the visiting authorities.

THE MEN WERE ALSO ACCUSED OF violating the coal export regulations and of "disturbing the public order." Their company was alleged to have violated the export order in that it sent out by a special tramway from the mine just inside the occupied area to the machine works which lie immediately across the French-Belgian customs border.

CURRENCY AFFECTED. London, May 3.—The publication in London of the German note advance, affecting the exchange rates on Berlin, Paris and Belgium, these movements expressing the emphatic belief that France will reject the note.

THE TIMES IN AN EDITORIAL, characterizes the note as stupidly worded, giving only the vaguest guarantees and so clumsily presented as to irritate every French susceptibly, but adding "we believe that France and Belgium would be wise not to reject it too summarily."

CURRENCY AFFECTED. Duisburg, May 3.—The occupation forces yesterday seized 85,000 marks at the Duisburg Reichsbank Bank.

OSBORNE, who pitched the first seven innings for the Cubs, allowed but one run in his possession other than the two innings, held the Red Sox tight. The Boston Braves beat the Philadelphia Phillies in a slugging contest, and won their sixth straight victory.

THE LOUIS CARDINALS won from Pittsburgh 2 to 1, pounding three of the Pirates pitchers for seventeen hits.

SCOTT'S RECORD. New York, May 2.—Bretton Scott, Yankee shortstop, who played in his 1,000 consecutive baseball game yesterday at Washington, has led all American League shortstops in the matter of defensive play while setting a new record for the league. He has hit only one home run in 1,000 games, and his batting average was .333, and his highest .376, in 1918 and 1919.

CANADIAN CAPITAL INTERESTED IN THE TURK CONCESSIONS

Courts May Be Asked to Decide Claims in Connection With the Chester Development of Resources.

(Canadian Press) New York, May 3.—Canadian capital threatens to become a contender for the ownership of the Chester concession obtained by Rear-Admiral Colby M. Chester, retired, for the development of Turkish resources, says the Washington correspondent.

Admiral Chester, according to the correspondent, is in conflict with Canadian interests which have become involved in the concession, and the courts may be appealed to.

Canadian-British interests in the concession are said to have developed during the war. The outstanding Canadian claim is said to be B. E. Clayton-Kennedy, who married an English woman named Clayton and retained her name as part of his own.

Kennedy, after serving as an aviator in the Near East under General Allenby, learned of the Chester plans, got in touch with the promoters and entered into a deal whereby financial backing from a Canadian source was secured up to \$200,000, it is said.

The courts may be appealed to in order to determine whether the Canadian bankers have fulfilled their contract with Admiral Chester.

KING AND QUEEN OF SPAIN IN BELGIUM. Brussels, May 3.—King Alfonso and Queen Victoria of Spain, arrived in Brussels shortly before noon today for their visit to the Belgian monarchs. They were received by King Albert, Queen Elisabeth and members of the Royal household at the station.

MRS. B. A. FIELDING. The death of Mrs. Emma Fielding, wife of B. A. Fielding, occurred today at her later residence, 124 Elliott row, after a short illness. She leaves, besides her husband, one daughter, Miss Minnie Fielding, at home, and two sisters in the United States. The body will be taken to Halifax tomorrow night for interment on Saturday.

AGAINST SUGAR INCREASE. Washington, May 3.—The Women's Universal Alliance, which is holding its annual convention here, has joined the ranks of the women's organizations in their war against the rising price of sugar through adoption of a resolution urging housewives to reduce consumption of the commodity to a minimum "until the present crisis is over and normal prices prevail."

HOWARD SAXBY DEAD. Cincinnati, May 3.—Howard Saxby, widely known humorist, writer and lecturer, died suddenly at his home here last night. He was in his 69th year.

C. N. R. PURCHASE OF TORONTO SITE CRITICISED IN SENATE. (Canadian Press.) Ottawa, May 3.—Strong criticism of the management of the Canadian National Railways for their action in purchasing a site for a ticket office on the corner of Yonge and King streets, Toronto, was voiced in the Senate yesterday by Senator Lynch-Staunton. He said \$1,100,000 had been paid for the site while four years ago it had been bought by the Imperial Bank for \$700,000.

Senator Reid was opposed to erecting a new building in Toronto, while deficits continued on the Government system. The cost of erection would, it was stated, probably amount to a further million dollars.

WHARVES ALONG RIVER DAMAGED

Reports Received by Marina Department—Concrete Block on Negro Point Breakwater Moved. Some damage to wharves along the St. John river as a result of the recent storm has been reported to the Marina Department. The warehouse on the White's Bluff was saved from drifting away by a very narrow margin when it was anchored just before it was ready to float. The water at this point rose sixteen inches between 11 o'clock yesterday morning and 6 o'clock yesterday afternoon. The Victoria wharf, just across the river, had a lot of top planks torn away by the force of the water. The wharf above lost its pier head, which was forced out of position and drifted away some distance.

NOVA SCOTIA CRAFT PUTS LIBERTY'S NOSE OUT OF JOINT

(Canadian Press.) New York, May 3.—As Joseph Conrad was coming up the harbor on the Tuscania yesterday a score or more of ship newspaper reporters stood about him and attempted to interview him. But the famous writer of sea stories was reporter-shy and had very little to say. Finally one of the newspapermen asked him what was the most interesting thing he had seen coming in sight of New York. This is a conventional ship-news question in New York and the person being interviewed is, of course, expected to say the Statue of Liberty.

**PREMIER WILL BE AT OPENING**

Hon. P. J. Veniot Will Assist in Boosting Concerts—Other Prominent Speakers for Belyea Benefit.

Premier Peter J. Veniot last night informed the delegation from the Citizens' Committee waiting on him that he would be pleased to assist in the opening of the concert in connection with the Belyea Benefit program of next week. Other prominent speakers will be Hon. Dr. W. S. Foster, Hon. Dr. W. F. Roberts, R. T. Hayes, M. P. P., and Rev. R. G. Fulton.

A meeting of the committee was held last evening and satisfactory reports were presented. It was decided to interview the Knights of Columbus, the Y. M. C. I. and the Carleton Tower Lodge, K. of P. It was the matter of twenty-five volunteer workers from each. Plans were outlined to George Lawson, contractor, for the erection of a grand stand.

**HEALTH MEETING PRAISES ANIMAL RESCUE LEAGUE**

Members of the Board of Health, at a meeting yesterday, spoke highly of the work of the Animal Rescue League headquarters for stray dogs and cats, following an announcement by Commissioner Wigmore that the city council had come to the conclusion that it was a matter for the board to consider and deal with. Petitions have come to the council, he said, from time to time asking for the removal of the league's headquarters in St. David street as the people in the vicinity claimed it was a nuisance. Dr. Warwick produced a letter addressed to the council in which he stated that he could not say the establishment was a nuisance. It was especially well conducted. The matter was discussed at length and it was decided to leave the matter over as there was some chance of parties at East St. John taking care of all dead animals such as previously was done by the fertilizer works, before it was burned down.

## Sickness Comes When You Are Underweight

Simple Method for Determining Proper Weight. See How Quickly Ironized Yeast Builds Proper Weight.

Watch your weight. Do not lose four or five pounds and then wonder why you are tired and run down. If you do not weigh as much as you should, you cannot expect to be strong and vigorous. Build yourself up and see how your appetite grows and how quickly you will feel like a new person.

Ironized Yeast will bring a wonderful improvement—skininess will be changed to normal weight, pale faces transformed into rosy cheeks and the present "draggy," don't care feeling will give way to the vim and vigor of health. All good druggists will supply you under guarantee to give satisfactory results.

Here is an easy method for determining your proper weight. Figure that a person five feet high should weigh 140 pounds. For every inch you are over five feet, add 5½ pounds. Thus if you are 5 feet six inches your normal weight would be 140 pounds plus 6 times 5½ which is 148 pounds.

If you find from this experiment that you do not weigh as much as you should, begin at once to take Ironized Yeast, the highly concentrated yeast from the famous Bass' Ale in England which has been prescribed for generations and recognized by physicians over the entire world for men, women and children who are underweight. Ironized Yeast also contains organic iron, the kind of iron that is found in spinach and raisins, the kind doctors prescribe to make rich, red blood.

Ironized Yeast will bring a wonderful improvement—skininess will be changed to normal weight, pale faces transformed into rosy cheeks and the present "draggy," don't care feeling will give way to the vim and vigor of health. All good druggists will supply you under guarantee to give satisfactory results.

WANT IDENTITY OF COLLEGE KEPT

(Canadian Press Despatch.)

Considerable debate on the question of college federation, the annual meeting of the Associated Alumni of King's College here today adopted the following resolutions:

1. Your committee, recognizing that this association was first formed and continues to exist only for the defense and maintenance of the honor and privileges of King's College, would urge upon the governors the vital importance of the maintenance of the association before entering into a confederation with other universities that the confederation should be on an equal footing, that King's College shall not be merged in one of the existing universities, that a central university set up shall have a neutral name.

2. Archdeacon F. W. Vroom, Windsor, was elected president of the Alumni and Dr. M. A. B. Smith, Halifax, vice-president.

Rev. J. H. A. Holmes, St. John, and W. H. Roach, Windsor, were elected governors of King's College today to fill the vacancies caused by the retirement by rotation of L. H. Martell, M. P., and Canon V. E. Harris.

**1,284,900 UNEMPLOYED.**

London, April 11.—(By Mail).—The number of persons on April 8 recorded on the live registers of the Employment Exchanges in Great Britain as wholly unemployed was 1,284,900. This was 41,670 more than in the preceding week, but 300,778 less than the figure recorded on January 1, 1923. The increase occurred principally in Lancashire and Cheshire. The total included 984,000 men, 41,400 boys, 222,800 women, and 86,700 girls. The number working short time and

serious damage was done, but property loss will be considerable.

**STATE TAX ON "GAS."**

The gasoline tax is now a law in 16 States—Arizona, Arkansas, Colorado, Connecticut, Georgia, Kentucky, Maryland, Mississippi, Montana, New Mexico, North Carolina, Oregon, Pennsylvania, South Carolina, South Dakota and Washington. In all cases the rate is one cent a gallon, except in Oregon, Maryland and South Carolina, where the rate is two cents.

**FLOOD IN SYDNEY**

Sydney, N. S., May 3.—Hundreds of cellars in the area bounded by Townsend, Mackenzie, Brooklands and Morrison street were flooded yesterday by a deluge of water which came down the Wash Brook, when Kehoe's dam in the hills back of the city gave way before the unusual freshets. At some places several feet deep were formed and street traffic was obstructed. Several small bridges were torn away and the district drained before

LITTLE GIRL FOUND KILLED IN CELLAR

Head Crushed in With a Piece of Wood—N. Y. Police Investigating.

New York, May 3.—Josephine Bruno, eight years old, was found murdered in the cellar of the tenement at 192 Prospect street, Brooklyn. The child's head had been crushed with a two foot piece of wood, which, stained with blood, was found in the cellar. The police are investigating.

children, a boy and a girl had been restored to their parents unharmed, scores of detectives in Brooklyn and Manhattan were put to work on the murder by Chief Deputy Inspector Cahalan. Their investigations finally led to one man, a boarder in an apartment of the house in which the body was found. Detectives said, however, that this suspect and his friends had given a very strong impression of his innocence.

After questioning all of the tenants and others in the neighborhood, Captain Carey called the father of Josephine and had him confront one of the men examined. Then three of the men questioned were taken to the Brooklyn police headquarters tonight for further examination, but none was detained under arrest. It was said that two of the men were witnesses.

RECENT DEATHS

The Late F. J. Curran. The late Frank V. Curran, whose death occurred in Toronto yesterday, is survived by his wife, who was formerly Miss Margaret Doherty of this city; also four sons, George of the C. N. E., St. John; Frank, William and Thomas, the latter studying for the priesthood. Five daughters also survive—Mrs. Gordon Hatfield, who left yesterday for Toronto; Marion, Eleanor, Irene and Mary. Mrs. Charles Kyffin and Mrs. John McManus of this city, are sister-in-laws, as is Mrs. Thomas Kyffin of Pasadena, Cal. James McManus, in the baggage room at the Union Depot, is a nephew.

The funeral of Mrs. Annie Bennett, wife of Pilot James T. Bennett, took place yesterday afternoon from her late residence, 145 Orange street to Trinity church where the service at 2:30 was conducted by Rev. Canon R. A. Armstrong. Interment was made in Cedar Hill cemetery. Mr. Bennett's brother-in-law, who acted as pall-bearer, they were William Traynor, George and James Miller, William Murray, Fenwick McKivie and Captain W. R. Bennett.

NO CANDIDATES OVER 29 FOR YOUNG REPUBLICANS
Chicago, May 3.—The young element in the Republican party in Illinois is demanding that an age limit of fifty years be placed on candidates for all state offices. They seek to bar all "weed leaders," asserting that the older politicians are responsible for present factional quarrels. Senator William B. McKinley would go under the age-limit wire by one year. Senator McCormick would have three years to spare, but the law would fall on Governor Small, former Mayor William Hale Thompson, former Governor Lowden, Deneen and Yates and former Senator Lawrence Y. Sherman among others.

Woman Selected as Liberal Candidate
Mrs. B. O. Allen Will Stand for Provincial House at Fort William, Ontario.
Fort William, Ont., May 3.—Mrs. B. O. Allen was nominated Liberal candidate in the provincial election at the district party convention here last night. Her opponents were John King, D. R. Byers and J. McLeod. The women delegates apparently voted solidly for Mrs. Allen, the balance, about half of the available votes, being divided.

Plan Model Village in France to Honor Bernhardt
Should be the Abode of Artists and Thinkers, Hence a Paris Suburb Is the Conclusion of Architect.
London, April 5.—(By Mail)—A society called "La Renaissance des Cites," which corresponds to the model town associations so familiar in England, has conceived the idea of creating a "Sarah Bernhardt Village" to commemorate the famous actress, reports the Paris correspondent of "The London Morning Post." M. Sardou is the architect whom the society will probably choose to carry out its scheme, should it prove possible. He is the son of Victorian Sardou, the author of innumerable plays and life long friend of Bernhardt.

The original idea was that a Sarah Bernhardt village should be built in the devastated regions, but M. Sardou insisted that the village must be a home for artists and thinkers, and must, therefore, be built close to Paris. It must be a suburb and a suburb easily reached by rail and tram. He said, in reply to an interviewer this morning, that it would be premature at the moment to say where the foundations of the Sarah Bernhardt village will be laid.

"Excelsior" suggests this morning that the Place du Chatelet should henceforth be called Place Sarah Bernhardt, and appeals to the Municipal Council to decree that the existing Theatre Sarah Bernhardt shall never bear another name as long as it is the property of the City of Paris. While projects to perpetuate the memory of Sarah Bernhardt are in vogue, certain journals are raising the question of his birth. There seem to be two birth certificates, one representing her as having been born at Le Havre in 1856, the daughter of quite

unimportant tradespeople, and another which Sarah is alleged herself to have produced as evidence of identity at the Conservatoire, according to which her mother was a German named Bernhardt, while her father's name is unstated. According to this birth certificate Sarah was born in Paris and was twelve years younger than the world assumed her to be.

HEAVY FRESHET ON THE OTTAWA RIVER
Ottawa, May 3.—With most of the sluice gates at the Chaudiere Dam open, in order to prevent flooding of the shores along the upper reaches of the Ottawa River, the water is pouring

over the Chaudiere Falls in mighty volume, and the level of the river is rapidly rising. Since noon yesterday the height of water at the foot of the Ottawa locks has risen eleven inches, registering nineteen feet four inches.

(Continued from Yesterday)  
The reporter was instantly alarmed. Dick had been haggard before, he was ghastly now. He got up slowly and held to the back of his chair. "Not a murder?" he asked with still lips.  
"No," Bassett said quickly. "Not at all. See here, you've had about all you can stand. Remember, we don't even know you are Clark. All I said was—" "I understand that. It was murder, wasn't it?"  
"Well, there had been a quarrel. The law allows for that, I think." Dick went slowly to the window, and stood with his back to the room. For a long time the room was quiet. In

ed him. "Whether he lived or died, he is dead to the authorities here."  
After an even longer silence Dick turned.  
"I told you there was a girl. I'd like to think out some way to keep the thing from her, before I surrender myself. If I can protect her, and David—"  
"I tell you, you don't even know you are Clark."  
"All right. If I'm not, they'll know. If I am—I tell you I'm not going through the rest of my life with a thing like that hanging over me. Maggie Donaldson was sane enough. Why, when I look back, I know our leaving the cabin was a fight. I'm not Henry Livingstone's son, because he never had a son. I can tell you what the Clark ranch house looks like." And he drew the reverse of a dream when you've dreamed you are guilty of something, and wake up to find you are innocent! Who was it?"  
Bassett watched him narrowly.  
"His name was Lucas. Howard Lucas."  
"All right. Now we have that, where does Beverly Carlisle come in?" "Clark was infatuated with her. The man he shot was the man she had married."  
Shortly after that Dick said he would go to his room. He was still pale, but his eyes looked bright and feverish, and Bassett went with him, uneasily conscious that something was not quite right. Dick spoke only once on the way.  
"My head aches like the mischief," he said, and his voice was dull and lifeless.  
He did not want Bassett to go in with him, but he went, nevertheless. Dick's statement, that he meant to surrender himself, had filled him with uneasiness. He determined, following him along the hall, to keep a close guard on him for the next few hours, but beyond that, just then, he did not try to go. If it were humanly possible he meant to smuggle him out of the town and take him east. But he had an uneasy conviction that Dick was going to be ill. The mind did strange things with the body.  
Dick sat down on the edge of the bed.  
"My head aches like the mischief," he repeated, "look in that grip and find me some tablets, will you? I'm dizzy."  
He made an effort and stretched out on the bed. "Good Lord," he muttered, "I haven't had such a headache since—"  
His voice trailed off. Bassett, bending over the army kit bag in the corner, straightened and looked around. Dick was suddenly asleep, and breathing heavily.  
For a long time the reporter sat by the side of the bed, watching him and trying to plan some course of action. He was overcome by his own responsibility, and by the prospect of tragedy that threatened. That Livingstone was Clark, and that he would insist on surrendering himself when he awakened, he could no longer doubt. His mind wandered back to that day when he had visited the old house as a patient, and from that along the long road they had both come since then. He reflected, not exactly in those terms that life, any man's life, was only one thread in a pattern woven of an infinite number of threads, and that to knot the one thread was to interfere with all the others. David Livingstone, the girl in the blue dress, the man

## RED ROSE TEA "is good tea"

You'll be especially delighted with the charming fragrance and flavor of the young leaf ORANGÉ PEKOE QUALITY.

The maid tapped at the door. He twitched uneasily in the bed. Wilkins, the sheriff, himself, who could tell how many others, all threads. He swore in a whisper.

opened it an inch or so and sent her off. In view of his new determination even the maid had become a danger. She was the same elderly woman who looked after his own bedroom, and she might have known Clark. Just what Providence had kept him from recognition before this he did not know, but it could not go on indefinitely.  
After an hour or so he locked the door behind him and went down to lunch. He was not hungry, but he wanted to get out of the room, to think without that quiet figure before him. Over the pretence of food he faced the situation. Lying ready to his hand was the biggest story of his career, but he could not carry it through. It was characteristic of him that, before abandoning it he should follow through to the end the result of its publication. He did not believe, for instance, that either Dick's voluntary surrender or his own disclosure of the situation necessarily meant a conviction for murder. To convict a man of a crime he did not know he had committed would be difficult. But, with his customary thoroughness, he followed that through also. Livingstone acquitted was once again Clark, would be known to the world as Clark. The new place he had so painfully made for himself would be gone. The sensation would follow him, never to be lived down, and in his particular profession confidence and respect were half the game. All that would be gone.  
Thus by gradual stages he got back to David, and he struggled for the motive which lay behind every decisive human act. A man who followed a course by which he had nothing to gain and everything to lose was either a fool or was actuated by some profound selfishness. To save a life? But commandingly, a man's degree of popularity, a man's degree of sentence would have been unlikely. Not a life then, but perhaps something greater than a life. A man's soul.

## Freckle-Face

Sun and Wind Bring Out Ugly Spots. How to Remove Easily.

Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist, and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength Othine, as this strength is sold under guarantee of money back if it fails to remove freckles.

## METEGAMA HERE WITH HEBRIDEANS

En Route to Ontario Points and Went Forward Today—Other Prominent Passengers.

The Canadian Pacific steamer Metegama arrived in port yesterday and docked at No. 4 berth, Sand Point. She came from Glasgow and Stornoway and brought 427 cabin and 1,016 third-class passengers, as well as 2,600 tons of general cargo. She went from Glasgow to Stornoway, where a party of Hebrideans embarked en route to Ontario and Western Canada. A farewell ceremony was held on board the ship in Stornoway harbor and sail was set for Canada. The voyage lasted twelve days, owing to fog, but the time passed pleasantly with concerts and entertainments. Divine service was held on Sunday and was conducted in Gaelic by Rev. Stuart C. Parker. Another passenger was T. Chalmers, representing The People's Friend, a well-known Scottish publication of Dundee. Mrs. Nora G. Hillier of London, England, who is known to many of the Canadian boys as superintendent of the Beaver Hut in London for eighteen months, also arrived on a pleasure tour of Canada and will visit Miss Lillian Moseley for a few days. All the passengers were held here over night by the washouts on the railway.

## Hair Often Ruined By Careless Washing

If you want to keep your hair looking its best, be careful what you wash it with. Do not use prepared shampoos or anything else that contains too much free alkali. This dries the scalp, makes the hair brittle, and ruins it.

The best thing for steady use is Mulford's coconut oil shampoo (which makes an abundance of suds) diluted in a cup of glass with a little warm water and rub the Mulford's oil. It makes an abundance of suds, which lather, which rinses out easily, removing every particle of dirt, dandruff and excess oil. The hair dries quickly and evenly, and it leaves the scalp soft, and the hair fine and silky, bright, lustrous, fluffy and easy to manage.

You can get Mulford's coconut oil shampoo at any pharmacy. It is very cheap, and a few ounces will supply every member of the family for months. Be sure you get Mulford's. Beware of imitations. Look for the name Watkins on the package.

There's no profit, ultimately, in doing business with a crook.—Forbes Magazine.

## Y.W.C.A. CAMPAIGN IN FULL SWING

Final Organization for Big Drive Completed at Meeting of Workers—Canvasers Appointed.

Final organization for the work in connection with the Y. W. C. A. drive was completed last evening at the meeting of the workers held in the New Brunswick Telephone building with Col. J. E. Massie in the chair. Encouraging reports were received and already some large contributions have been received towards the objective of \$10,000. The work of the canvasers was outlined to the meeting and details as to how the canvass will be carried out were handed out to those present. A general discussion of the work of the association and its object took place and proved that the workers were heartily in accord with the activities of the association. The captains of the various teams have all received good workers and everything points to a successful campaign.

The canvassers are as follows: District No. 1—Prince William street—W. A. Lockhart, captain; H. A. Allison, F. T. Barbour, John Armstrong, H. A. Porter, I. N. Northrup, R. B. Parker, G. L. Warwick, G. D. Ellis, P. D. McAvity, H. Mont Jones, E. A. Fleming, S. C. Young, E. J. Fleetwood.

## Popular Business Man Adds His Endorsement

Now Sleeps Soundly and is Steadily Gaining Weight and Strength Since Taking Tanlac—"It Hasn't an Equal." Declares E. Chartrand.

E. Chartrand, popular owner of the O. Chartrand flower shop, 338 Mt. Royal Ave., East, Montreal, adds his voice to the thousands who have already endorsed the famous Tanlac treatment. Mr. Chartrand expressed himself as follows: "My experience with the Tanlac

treatment is that it hasn't an equal, for I tried most everything in an effort to get relief before I came across the medicine. For a period of twelve months I suffered from habitual constipation. I was so restless I couldn't sleep more than three hours during the entire night, and felt weak, tired and without all the time.

"I am on my third bottle of the Tanlac treatment now, and the constipation is entirely gone. My sleep is sound and restful, I am gaining weight right along, and my strength is greatly increased. I heartily recommend Tanlac to all my friends, it certainly is 'fig'."

Tanlac is for sale by all good druggists. Take no substitute. Over 37 million bottles sold.

Those who claim to have seen the beast have denied reports that it sports three horns. No horns adorn its dome, but it has huge tusks. Its forelegs are shorter than those behind, giving it a kangaroo-like appearance.

Police, aroused by persistent reports, have gone carefully over the infested district without result. Now residents of the border cities are reported to be organizing hunting parties with the object of bringing the strange beast to judgment.

Eleven receiving licenses and two transmitting licenses for radio apparatus were issued during the month of

## Removes Hairy Growth Without Pain or Bother

(Modes of Today)

It is not necessary to use a painful process to remove hairy growths, for there is a little delicate handy you can keep the skin entirely free from these hairy destroyers. To remove hair, use a stiff paste with a little powdered talcum and water. Spread this on the hairy surface and in about 2 minutes rub off. To guard against discoloration, be careful to get real Delcote. Mix fresh as wanted.

Mr. George H. Townsend, Sydney, N. S., Electrician and Returned Soldier, Who Recovered Health and Strength After a Protracted Siege of Illness That Was Rapidly Undermining His Constitution.

Mr. George H. Townsend, an electrician employed by one of Canada's largest Steel Plants, found, like many other returned men, that his health had been greatly impaired by the hardships he had undergone in the service of his country. Upon his return from overseas, he rapidly developed chronic constipation and rheumatism. After seven months continuous suffering from these painful and distressing complaints, during which nothing seemed to give him relief, Mr. Townsend tried Decco. After taking two bottles of this splendid body builder he received such relief as to convince him of its outstanding merit. The story of his suffering and subsequent recovery, should be read by every man who has suffered similarly for Decco will give them just the same relief it gave to Mr. Townsend.

He says: "I suffered seven months with rheumatism. I tried various remedies but nothing seemed to go to the bottom of my troubles. I have constantly taken laxatives since my service overseas and I have had chronic constipation and severe pains through my forming drugs.

Decco is being specially introduced in St. John by Ross Drug Co., 100 King street. It is also sold by Moore's Drug Store, 105 Prince Edward street, and F. W. Munro, 357 Main street. It is also sold in Fairville by T. H. Wilson, in West St. John by Watson R. Dunlop, and is a good druggist everywhere.

\$25,000,000 BASE BALL SWINDLE

Claim That Major League Cities are Heavy Contributors to Scheme.

(By Joe Le Blanc in the Chicago Referee.) Approximately \$25,000,000 was lost in baseball pools in the principal cities of the country last season, according to an estimate of baseball officials, which figure they claim is conservative, and does not take into account the smaller amounts included in the pools in the lesser cities.

Commissioner Landis has declared war on the pools and is conducting an investigation of them in every major league city. He has no power either to suppress or regulate them, but is dependent upon local city administrations for action.

The commissioner, however, refused to tip his hand. He said he had investigated all but Cincinnati and New York. His only answer to other questions was: "I don't care to discuss it with you."

He took the matter up with different city officials, but failed to win their cooperation. It was found that politicians high in the councils of the ruling party of certain cities were involved and that there was an intermingling of other interests that effectually balked official action.

In only a few instances was there any record of advertised rich prizes being paid. Sop was thrown to the public by disbursements of the smaller prizes. While direct evidence was lacking, the investigators were convinced the special combinations were evolved that prevented the appearance of the winner of the top prize from collecting and that where it was impossible to crowd out the legitimate winner, he was forced to content with a split with others whom it was alleged held the same combination.

Sanwich, May 3.—Dr. C. F. Williams of Portland, Oregon, and A. Gardner, Chicago came through with the two lowest scores in the first round of the stroke competition for the Royal St. George's challenge cup, here yesterday.

A NOVELTY CUE MATCH ARRANGED

Greenleaf and Layton, Champions, May Meet in Pocket Billiard and Three Cushion Match.

(By N. C. Ward in the Chicago Referee.) As a climax to one of the most successful seasons the game of billiards has ever enjoyed, efforts are being made to stage a novelty match between Johnny Layton, the three-cushion champion, and E. Ralph Greenleaf, who holds the pocket-billiard title.

The proposed match will be at 100 points at three-cushion billiards in two blocks of 50 each, and 200 points at the pocket game, played in two blocks of 200 each, the winner to be the one scoring the most points, one point at three-cushion counting as two at pocket billiards.

This proposed match has opened up the old question of which is the most difficult game to master, Greenleaf and other exponents of the pocket game maintain that three-cushion billiards is not only unscientific but that it is largely a game of luck.

The meeting of the Duke of Rothesay Chapter, I. O. D. E., yesterday was held in the cottage of Miss Gairing with Mrs. John H. McIntyre presiding. It was decided to give the usual twenty cents a head contribution to the provincial convention fund and the \$50 to the Rothesay Consolidated School. Arrangements were made for a lecture on Rome by Ven. Archbishop Crowfoot.

Mrs. Douglas Hetherington, 290 McKenzie St., Sarnia, Ont., writes: "Having suffered from severe headaches for a considerable length of time I decided to try Burdock Blood Bitters, and found that it helped me wonderfully. It relieved the headaches, and I noticed a decided improvement in my health."

Burdock Blood Bitters is a remedy that has been on the market for the past forty-four years, so you don't experiment with some new and untried medicine. It is put up only by The T. Milburn Co., Limited, Toronto, Ont.

### CHILDREN ARE KEPT IN POLICE CELLS

Protest Against it by Chief of Police—Place is Cold and Damp.

Four juveniles who were arrested last week-end on various charges seem to have become a problem at police headquarters. Evidence in their respective cases has been taken on two occasions this week and following a hearing yesterday they were sent below to the police cells, where they have been lodged since their arrest. This morning at the instance of George Reier, janitor at the police station, they were brought before the magistrate again for destroying the police cells, the extent of the damage being a few scratches to the point on the brick walls. There are four boys in the cells. When asked this morning, Chief Smith said that he did not think a police cell was a proper place for the detention of the boys. The place was cold and damp. As there were several empty cells in the jail he could not see why they had not been placed there as it would at least have been more comfortable. None of the boys is over twelve years. They will come up for final hearing on Saturday.

The steamer is expected to arrive at Bamfield before the end of August with the cable cad.

### C.P.R. LINES IN PROVINCE TODAY PRACTICALLY BACK TO NORMAL

#### Western Service Held Up By Maine Conditions, However

#### Shore Line is Still Tied Up by Washouts and Musquash Bridge Failure—Four Steamship Specials Away Over the C. N. R.—Two Months to Complete Repairs.

Encouraging reports were given out from C. P. R. headquarters today. Officials announced that they are now open for traffic from St. John to Vancouver on the main line; that they have established connections through Fredericton; that they expect to get a train through to St. Stephen today, and that their full suburban service has been inaugurated.

Owing to the fact that the section of the Maine Central between Vanceboro and Matakawicog is still under water they are unable to re-establish their western service. A report received from that section this morning said that it will be at least two days before the waters recede sufficiently to allow them to start repair work. Experienced river men there claim that the river is high-chief road engineers is also expected here tomorrow or the day after to look after damage along the East St. John road where some bad washouts have occurred.

#### Shore Line Tied Up.

The Shore Line railway is unable to operate due to a large number of washouts along the line and the fact that their bridge at Musquash was washed away by the recent onrush of water from the Musquash dam. A crew of men are engaged today making repairs to the roadbed, etc. They started out from St. Stephen and are working this way.

With reference to the opening of the St. Stephen line from McAdam it was pointed out that there is a bad washout at the bridge there. It is necessary to make a transfer of 1,500 feet.

#### Specials Away.

Four special steamship trains left today for Montreal with passengers off the Canadian Pacific steamship Metagama. The first got away at 11:15 this morning and the others were expected to leave at intervals of approximately one hour. All are being routed over C. N. R. The C. P. R. regular train for Montreal, No. 12 and 99 consolidated, will leave at 7:15 local time this evening. Nos. 40 and 18 consolidated left Montreal last night enroute to St. John and is due in the city tonight at 11 o'clock.

It was estimated today that it will be all probability take large crews of men with equipment trains two months to repair damage sustained in this section as a result of the floods.

### Y. W. C. A. Canvassers Get Good Reception

A drive, the proceeds of which will go towards the activities of the Young Women's Christian Association, got away to a good start today. The canvassers who have charge of the various districts, which will take in the whole city, were out bright and early on the job this morning and were extended a most cordial and hearty reception. The objective is \$10,000 and already some large subscriptions have been received which will help materially to all the fine proceeds. Arrangements have been made to have the Bank of Montreal handle the returns. Instructions were issued at the final organization meeting last evening, to the canvassers to have their returns in at the bank before six o'clock tonight.

### Make Plans For Coming Season

#### North End Improvement League Starts Spring Activities—Committees named.

At a meeting of the executive of the North End Improvement League last evening the ground committee was empowered to erect poles and a screen for a fifty foot backstop. A maintenance committee was appointed with James McLeod as chairman. A spot committee was elected as follows: George Armstrong, James McLeod, Frank Finnamore, and Charles Cunningham. A financial committee was appointed and consists of George P. Hann, F. W. Munro, Hon. W. F. Roberts, W. H. Turner and H. Fisher Miller. The ground committee was authorized to proceed with leveling the grounds and getting them in condition for the season's activities. A road will be made from Lansdowne Avenue to the grounds so as to afford teams an opportunity of hauling ashes there. C. F. Stevens organized the chair and Thomas Armour officiated as secretary.

### BOOTLEGGERS SMOKE SCREEN BALKS POLICE

Washington, May 2.—Bootleggers and run-runners in Washington, taking a hint from naval warfare, have called the smoke screen to their aid with successful results. Use of such a screen recently by two supposed bootleggers enabled them to escape from Revenue Agent Fowler and Policeman Bauer. Fowler and Bauer set out to pursue two automobiles near Goodhope, Md. Near the District of Columbia boundary the two machines separated. The officers pursued the one that entered the city and chased it along Pennsylvania avenue at a seventy-five mile gait. Suddenly the officers found themselves enveloped in a dense cloud of smoke in the wake of the escaping machine. They were obliged to stop and when they emerged from the smoke the fugitive was out of sight.
