Declares The Allies' Extradition Demand Will Be Torn Up

Rector of Berlin University Returns Diplomas

President Reiner Brands Demand as a "Craving for Revenge by Arrogant Adversary" — Some of Those Wanted by Allies.

Berlin, Feb. 6.—Pending the receipt of the allied note the government has only been able to discuss the extradition situation in a perfectly neutral manner.

The German organist leader Baron von Lersner's action in declining to transmit the allied note, but the Vossische Zeitung publishing it, is a herculean deed.

President Reiner of the Prussian Diet, in a speech yesterday, declared that he was "craving for revenge by an adversary who had become arrogant."

The Vossische Zeitung all turns, whether the German government believes it will be able to persuade the allies to moderation, if so, the newspaper says, the government should take the nation into its confidence, if not, it adds, there is no alternative but to resist.

A statement issued by the government concerning the demand for the extradition of the war criminals says: "The deliberations, which took place on the basis of the list, which had officially become known, resulted in a full and unanimous agreement that the standpoint expressed by the German note delivered at Paris January 25, and also published in, in all circumstances, to be maintained."

"At the signing of the peace treaty the imperial government felt no doubt that compliance with the demand for extradition was impossible. This conviction, which it shares with an overwhelming majority of the German people, is not shared by the allies. These allies in their further measures and negotiations which may become necessary."

Will Tear It Up

Dr. Meyer, rector of Berlin University, in a statement yesterday, declared that if the demand for the extradition of the German war criminals is not officially resented it will be torn up.

The rector is returning diplomas conferred at Paris January 25, and also universities of Oxford, Liverpool, St. Andrew, Chicago and Harvard.

According to newspapers, Herr Auer, who was shot during a session of the Bavarian Diet in February of last year, has been completely recovered from his wound. They say that he probably is wanted by France in connection with the destruction or removal of industrial plants.

Some of Those Demanded.

The Vorwarts says Herr Auer was placed on the list of persons desired owing to a secret denunciation by independent communists and Bavarian opponents who hold him responsible for the death of Premier Premier in 1918.

The list also includes Inspector Steiner of the Berlin police, who, during the war, was head of the police department at Antwerp, and field police and soldiers who participated in the proceedings against Edith Cavell, the English nurse, who was executed. It also contains the names of several officers whose deaths have been announced, among them General Fritz Von Below, commander of the First Army in 1918, who is demanded by France, and General Otto Von Below, who is wanted by Italy.

France demands the turning over to her of the old field marshal, Count Von Haeseler, though though stayed at the headquarters of the German Crown Prince as an observer of the war. Concerning this soldier the Zeitung says: "It is unthinkable that the French war ministry failed to hear last year of the death of Le Diable de Metz."

Admiral Oscar von Ingenohl, former commander of the German high sea fleet, who is demanded by Great Britain, and Capt. von Der Planitz, formerly aide-de-camp to the German Crown Prince, who is wanted by Belgium, both are dying.

(Von Der Planitz is reported to have been killed in battle in October, 1918). The admiralty yesterday was overwhelmed with callers answering to names such as "Mr. Moser" who claimed to know whether they were on the extradition list of the Allies.

The admiralty up to the present has been able to identify twenty-eight U. S. boat commanders on the unofficial list. The work of disentangling the list and locating the other men of the naval service, who are carried out, Wilhelm Kreiswetter, who is demanded by Great Britain, is a well known Zeppelin commander.

Will Submit

Berlin, Feb. 6.—The German government will probably be willing to surrender its nationalities charged with crimes to be tried by a neutral tribunal, if the Entente will agree, says the National Zeitung. The Swiss government, the newspaper says, has declared its readiness to arrange such a tribunal.

BRITISH OCCUPY RAILROAD LINE

Constantinople, Feb. 6.—British troops have occupied the German railroad line from Smyrna to Constantinople.

WILL LOOK AFTER INFLUENZA CASES

Nurses Appointed to Care for Patients Unable to Employ Skilled Attendants.

A meeting of the board of health officials and the co-operative committees from the different societies in this city was held this morning in the board rooms in Princess street.

The meeting was presided over by Hon. Dr. Roberts, minister of health, who said that the object was to appoint nurses to look after cases of influenza where families are not financially able to employ nurses and have all the comforts needed when this dreaded disease invades their homes.

Miss Murray and Miss Armstrong were appointed this morning, and their duties will be to attend to the cases of persons who are unable to employ nurses and have all the comforts needed when this dreaded disease invades their homes.

There is still a slight increase in the number of cases of the type is very mild. Three cases were reported this morning from one family in the North End, making a total since the outbreak of forty-nine cases in the city and county in the province.

(Special to Times)

Federated, Feb. 6.—Reports received by the department of health indicate that the influenza epidemic did not spread as rapidly yesterday as it did earlier in the week.

All cases reported so far are of a mild type. Carleton county is the only new district to report cases of the disease. St. John city reported seven cases Feb. 5 and Carleton county sub-district three on the same date, two in Fredericton and one in Wakefield parish. The total number of cases reported is eighty-one.

CATHOLIC CHURCH STARTS PRESS BUREAU

Bishop Russell of Charleston, N. C., Will Be Head of New York.

New York, Feb. 6.—The Knights of Columbus announcing that the Catholic church takes up the trumpet, says that the Catholic church has formed a national press bureau, headed by Bishop William T. Russell of Charleston, N. C.

The Catholic church has great work to do. The Knights of Columbus comprise a programme of work embracing, calling for unflinching opposition to extreme materialism, for unflinching aid to the millions of young Americans who are won by the propaganda of the press, college scholarships and free business and trade schools.

MUNICIPALITIES ASK FOR REFORMS

Quebec, Feb. 6.—(Canadian Press)—A delegation representing the executive of the union of municipalities of the province met at Quebec yesterday and urged certain reforms which they held would result in a progressive movement.

That the term of office of mayors and councillors in rural municipalities be fixed at three years; to enact a provision of twelve months to determine the domicile of aliens who are to be interested; to make municipalities contribute to the maintenance of hospitals by assuring a control which would protect the interests of municipalities; to make school loans subject to the same formalities as municipal loans under the control of the department of municipalities; to regulate heavy traffic on rural roads.

Sir Lomer promised the delegates that he would consider their requests.

AN IMPORTANT MATTER

Some time ago Commissioner Thornton announced that he intended to look into the matter of better sanitary conditions in the various lunch carts throughout the city.

The matter was brought up at a previous board meeting and discussed. No inspector took the situation in hand and is now trying to make arrangements for running water. This is going to be a difficult problem to solve as many of the carts are old and it will mean that they will have to install a water system at the location. Nevertheless it is imperative in the interests of the health of patrons that there should be running water.

Delegates to the agricultural congress in Quebec were guests yesterday at the residences of Sir Charles Fitzpatrick, the lieutenant governor.

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "I went up to last father-son feed at the Y. M. C. A. last night just to see what it was like. I had a real good time. Nearly two hundred of 'em just handed back a lot of credit money half the time."

The old fellows went like that. That's a good sign. I had a real good time. Nearly two hundred of 'em just handed back a lot of credit money half the time."

ELIMINATE ALCOHOL FROM ALL MEDICINE

W. C. T. U. Speaker Brands belief of Its Medicinal Value a Superstition.

Macon, Ga., Feb. 6.—Elimination of alcohol from all medicine is the aim of the W. C. T. U. speaker, Mrs. J. A. Sheppard, who is visiting in St. John.

"One of the next important steps," she said, "is the eradication of the medicinal value of alcohol as a superstition."

Mrs. Sheppard said she had information that the army and navy were only waiting for enough physicians to lend their cooperation to the cause.

MACHINE GUN BRIGADE PART OF PERMANENT FORCE

Major H. H. Donnelly of St. John this morning received a letter from Ottawa advising him that a machine gun brigade of 200 members would be included in the Canadian permanent forces.

Major Donnelly said that the machine gun brigade would be organized in each state beginning March 25.

With 20,000,000 school children and each one giving only a cent, \$20,000,000 is needed for the memorial according to present estimates.

ON WALL STREET

New York, Feb. 6.—Owing to the tie-up of local and interurban traffic the stock exchange activities postponed the opening of trading at today's session until 12:30 o'clock.

Gains of one to seven points were made at the outset, the most particular features being General Motors, Pierce Arrow, Crasie Steel, Republic Iron, Mexican and Panama Petroleum, Texas Company, U. S. Rubber, American Locomotive, United Fruit-Hill and Leather preferred, American Woolen and Industrial Alcohol.

The market evidently derived much of its early stimulus from a further rally in foreign exchange, when the rate soon rising ten cents over yesterday's close.

New York, Feb. 6.—Shorts were a factor in the early recovery, many contracts being hurriedly covered on the better side of the market.

The market fell back. Reactions of some of the shipping and water issues which made great gains at the opening, particularly General Motors, Crucible Steel, American Petroleum and American Woolen. In a few cases the reversal carried prices under yesterday's lot level.

Forward Movement Plans Discussed

The St. John district of the Methodist church held a meeting yesterday in the interests of the forward movement, for the purpose of completing arrangements for the financial drive throughout all the Protestant churches in the district.

The reports from the different churches were very encouraging, as the interest in all parts of the district seem to be alive and vigorous.

QUEBEC DENTAL CASE BEFORE THE PRIVY COUNCIL

(Canadian Press Despatch)

London, Feb. 6.—An interesting application was made to the Privy Council yesterday when the Governors of the Quebec College of Dental Surgeons applied for leave to appeal from the judgment of the King's Bench court of Quebec in connection with the government proceedings against Mr. Gaston Maillet, a Montreal dentist.

The government's summary of the proceedings against Mr. Gaston Maillet, represented by the applicants.

The government was informed that the respondent, Mr. Maillet, was working for a dental firm which advertised contrary to the rules of the profession. The government is alleged to have instituted proceedings against Mr. Maillet, who was represented by the applicants.

PAINTINGS VALUED AT \$750,000 BURNED

New York, Feb. 6.—Art treasures valued at \$750,000 were destroyed today in a fire which swept through the annex of the American Fine Arts Buildings in West 88th Street.

While the fire was raging, 100 students, including 200 young women, marched in safety from the neighboring building of the Art Students League.

The annex, a three-story brick structure, was built by the American Fine Arts Buildings in West 88th Street.

The total loss is expected to exceed \$1,000,000. Most of the burned paintings were in the Vanderbilt exhibit.

The destroyed art objects, 800 in number, were mostly mural paintings and easel paintings of the modern school. Most of the paintings were the chief works of members of the Architectural League.

In addition to the Vanderbilt paintings, a number from the Morgan and Rockefeller collections were destroyed. The Fine Arts Building is the home of the National Academy of Design.

Goods To Be Returned

Europe Cannot Pay for Merchandise, So It Comes Back

New York, Feb. 6.—Women's silk stockings worth \$10,000,000, held in warehouses in Denmark, will soon be returned to the United States with millions of other manufactured goods, said A. J. Hansen of Saskatchewan, who arrived in New York from Copenhagen on the liner Hellig Aag today.

Mr. Hansen says huge amounts of Danish goods were purchased by the Scandinavian countries after the signing of the armistice. These they intended to sell in Germany, Austria and other European countries. The rate of exchange fell so low that they were unable to dispose of the goods at a profit and they will be compelled to return the materials for sale here.

The cost of living in Denmark, Mr. Hansen said, has increased 300 per cent since the beginning of the war.

Death From Sleeping Sickness

Passaic, N. J., Feb. 6.—Martin Feider, forty-two years old, died here today of sleeping sickness after an illness of nine days, in which he had only occasional periods of consciousness. He awoke Wednesday for a few minutes, recognized his wife and then lapsed into unconsciousness again from which he did not recover.

WILL REPRESENT RAILWAY MEN

James W. Kelley of the C. N. R. local office, has been appointed a delegate to represent the St. John division at a conference to be held next week in Montreal composed of railway clerks, freight handlers, and station employees. It is proposed at this conference that the representatives of the workers should ask the railway board to accept a wage schedule similar to that granted on the American roads by the McAdoo award.

to go to the steamer, but gave up the attempt when giant rollers nearly battered the craft to pieces.

New York, Feb. 6.—Waves 20 to 25 feet high were washing over Rockaway Beach at 9 o'clock, and it was considered extremely unlikely that a transfer of the distressed steamer's passengers would be attempted under these conditions unless it was absolutely necessary.

The passengers were reported in no immediate danger, and it was said that they were comfortable.

The coast guard station at Rockaway reported at 6 o'clock this morning that lights could be seen on the Princess Anne, which was apparently facing a heavy wind and a driving rain.

In response to a wireless inquiry from police headquarters, the Princess Anne reported that she was not in immediate danger of breaking up. He requested, however, that her passengers be taken off by tug as soon as possible.

Bad at Fredericton

Fredericton, Feb. 6.—Fredericton is in the grip of the most severe snowstorm in some years. The storm began last night and continued until this afternoon. Snow was followed by hail, a total of about two feet falling. The railroads are hard hit by the storm. The train from Otis on the Gibson branch of the C. P. R. was the only train to reach Fredericton up to 1 o'clock. The outgoing train to St. John was cancelled and the incoming train from that city was delayed upwards of three hours. Highways are also blocked.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

BANNER BILL FOR OPERA HOUSE

Good Comedy, Clever Acrobats, Singing and Music Are Features.

The new bill in the Opera House tonight is said to be even better than the banner programme concluded last night. The New York booking agent considered that the talent signed for the week-end bill should make a big hit with local patrons. There is lots of good wholesome comedy, clever acrobats, good singing, music and comedy juggling. The programme will be as follows: Stanley and Dale, two happy minstrel boys in white; Kerr and Essler, in comedy singing and breezy chatter; Arthur Davids, in a novelty juggling act on a slack wire; The Hanson Duo, in a sensational aerial act of merit, and Smith and Bagley, in comedy singing, music and gossip. There will also be another episode of "The Midnight Man," featuring James J. Corbett, ex-heavyweight champion of the world.

"AUCTION OF SOULS" A WIDELY READ BOOK

The Picturized Story at the Unique Next Week is Educational, but Neither Pleasant Nor Entertaining—Only Adults Admitted.

The Unique Theatre is showing a remarkable subject next week. When 500,000 young Christian girls were deported from Armenia by the Turks, a pretty eighteen-year-old girl was the only survivor, and her book, "Auction of Souls," telling of her frightful experiences in Turkish harems and soul markets had a 2,000,000 sale, while the story in motion pictures, with the girl referred to as Aurora Meridian, repeating before the camera her frightful experiences, has been productive of large sums for the sufferers in ravished Armenia. The New Brunswick and other Canadian censors have ruled that those under eighteen, even if accompanied by parents, will not be admitted; also that the picture can be shown but one engagement in each town.

NO PICTURES AT IMPERIAL TONIGHT

On account of the weather, Mrs. Roy C. Lewis will receive again on Saturday, February 7, at her residence, Earle Apartments, Lancaster Heights.

HORSE BREEDERS MEET
Toronto, Feb. 5.—At the annual convention yesterday of the Dominion Horse Breeders' Association, S. H. Logan, Amherst, N. S., was elected vice-president for the maritime provinces.

A resolution which was strongly supported by western delegates and which carried, was to the effect that laws should be framed to prevent the entry into Canada of any stallion not entered in breed records accepted as such in this country. The idea was to put a stop to the entry of undesirable grade stallions entering Canada from the United States as "setters' effects."

HOLSTEINS IN DEMAND. Toronto, Feb. 6.—With no liabilities and assets to the amount of \$80,200 and with an increase of 400 members in the past year, bringing the total membership up to 8,200 the Canadian Holstein Breeders' Association made a fine showing at its annual meeting here yesterday. The number of registrations for the year were reported at 18,284, an increase of 1238 over the previous year's registrations. The activity in the Holstein trade was indicated by the statement that there were 18,284 transfers last year, 8,189 more than in 1918.

KLIM is Genuine Powdered Separated Milk. THERE can be no question about the purity of Klim. It is made by separating the butterfat from liquid milk and drying the food solids, which include protein, into a fine powder by the "spray process." No chemicals nor adulterants are used. Klim is in powder form within a short time after the liquid milk is received at the milk powder plant. Of course, the separated milk for Klim is pasteurized. This is the best guarantee of safety and does not affect the natural flavor. Try a tin. Order from your grocer.

SPOKE ON "RECONSTRUCTION." An instructive and inspiring address on "Reconstruction" was delivered last evening in the Knights of Columbus lecture series in their rooms in Coburg street by Hon. R. J. Ritchie. He gave a lecture of much interest and his remarks were followed with appreciative attention. M. T. Morris, lecturer, presided and rendered the speaker a hearty vote of thanks, moved by T. K. Sweeney and seconded by Florence McCarthy.

To Readers of the Atlantic Leader. OUR publication starts 1920 firmly entrenched in these prosperous Maritime Provinces. We have been turning out a good paper, but it is our ambition to turn out a much superior one. We are going to have a three full page three-color comic feature each week, including "BRINGING UP FATHER" which is without doubt the finest comic on the market. In addition we are arranging to have more pictures of Maritime Province interest, and instead of having our illustrated section printed in ordinary colors, we are negotiating to have it rotogravured—similar to the illustrated sections of the great American Sunday papers. We are also adding a permanent feature, up-to-the-minute Sport and Children's pages.

The Atlantic Leader. All this costs money. Perhaps you don't realize that the price of 5c does not pay for the illustrated section alone. In order to improve the quality of The Leader so that it will meet all competition, starting from the first issue in February the retail price will be 10c a copy on news stands OR \$3.00 a year by mail.

STANDING IN OUR OWN WAY.

It is not fine that the city council informed the federal government that St. John does not want harbor commission? As long as matters remain as they are at present all appeals to Ottawa will be by a reference to the fact that harbor commission still hangs in the air. Why not get it down and bury it, and then call upon the government to carry out its signed agreement to provide this port with needed terminal facilities? For in addition to that agreement there is Sir Robert Borden's pledge of 1911 to nationalize the port of St. John and Hon. Robert Rogers' pledge in 1912 that the breakwater to Partridge Island would be completed. To adopt harbor commission and throw upon the harbor commission the burden it would involve would be the rankest folly of which St. John could be guilty. It is idle to say that we may safely trust the government in this matter. The city should not give up its harbor until it has practical proof, such as Halifax and other ports have received, of the government's intention to proceed with development work to the extent necessary to handle all the traffic offered. As the city is in a position to hinder the development of the harbor, it is giving a ready excuse for doing nothing. The Board of Trade and Commercial Club also appear to show but a mild interest in what is really the big question before St. John today. They big question before St. John today. They that congestion will continue until the citizens awake from their slumber and demand that the government carry out the agreement it signed and fulfill the pledges made. There is no politics in the agreement. It is vital to St. John and should be so regarded by every citizen.

WORK FOR ALL.

Rev. J. S. Wilson, in an address in Toronto on Sunday on present day problems, said: "We are living today at the close of a period the like of which there has been no parallel in history. One hundred years of education, one hundred years of mechanical skill and invention, one hundred years of travel and communication with all parts of the world, one hundred years of rapidly-developing democracy have culminated in a great and tragic war. This is the harvest time of the ages, and yet it is the seed time of the ages to be. It is not possible to understand this period. Only in the long perspective of history will it be possible to understand." "The remark that this, the beginning of a new era, is the seed time of the ages to be brings to thoughtful minds a keen sense of individual as well as national responsibility. Moving in the dark, not knowing what the future may disclose, there is the greater need to hold fast to those principles of democracy which have brought us to this moment and to the problems of a new era in human history. It is not a time for class-warfare, industrial or social warfare, but for an effort to harmonize in every direction conflicting interests and clashing opinions, that a better world may emerge for the happiness of posterity and the progress of the race toward the fulfillment of its highest ideals."

TAXES AND HOUSES.

The Toronto Globe keeps up a steady protest against the system of taxation in that city, which does not bear heavily enough, in proportion to land values. It says: "In the past six years—that is, since the summer of 1914, when the assessment for 1915 was made—land values in Toronto have been increased a little less than ten and a half million dollars, or from \$284,478,000 to \$294,991,000. During the same period the assessment of taxable improvements has been increased from \$200,794,000 to \$235,997,000, chiefly by the addition of new buildings to the rolls. Although the increase in land value assessment in the past five years has been only 3.68 per cent, the increase in the assessment of improvements has been 17.63 per cent." The Globe points out that "it is a law of economics that the taxation of land values forces vacant land into use by making it more difficult to meet the tax bills on property that returns no revenue to its owners, while the taxation of buildings discourages their erection and adds to the annual cost to the owners of vacant land, whether in use or vacant."

There is now a prospect that both the peace treaty and the League of Nations may be adopted by the United States senate next week. President Wilson is said to be ready to accept "any reasonable reservations," and the whole country desires to have the matter disposed of without further delay.

Forbes Magazine says: "Before England restricted the sale of booze 60,000 were committed to prison every year for drunkenness, contrasted with 1,670 last year. Prohibition should not ruin America."

LOANS TO FARMERS.

The farm credit system has proved a great success in Manitoba. The Toronto Globe says:—"In 1917 the farmers of Manitoba took steps to inaugurate their own credit system and to float their own loans. The single 'Rural Credit Society' of that year had become in 1919 a province-wide organization of thirty-eight societies; the poultry co-operative credit of \$16,000 in 1917 had swelled in volume by the close of last year to more than one million dollars—all on loan to farmers and all on terms impossible to secure in ordinary banking circles." In this connection the Globe tells an interesting story. It is as follows: "There goes the rounds in western Canada a characteristic story—in all probability literally true—regarding the decisive action once taken by Hon. T. A. Crerar in securing for his co-operative organization certain funds of which it stood in need. Denied the required amount, or any part of it, by the banking interests of Winnipeg, Mr. Crerar, according to all westerners, quietly took the case straight to the prime minister, but through the deal, and returned in the course of a few days with a credit running into the millions. True to the letter, or not, it may be, but the story has a moral that needs no pointing out to the prairie farmer."

The lumbering interests of the province at large will benefit from the prompt action taken by the business men of St. John in regard to demurrage on loaded cars of lumber. It is sometimes said that St. John thinks only of itself, but this is clearly a case where it was thinking of the province, since the demurrage charges would ultimately fall upon the original owner of the lumber sent here for shipment. The incident affords another illustration of the fact that the Canadian National Railways should consider very carefully the effect of any change proposed upon the industry or business concerned. To have continued the policy of charging demurrage on cars after five days would have been a serious blow to the lumber interests of this province and Nova Scotia. The Commercial Clubs and Boards of Trade of this city and Halifax have done the two provinces a real service.

Speaking in Hamilton this week, Hon. F. C. Biggs, in an address on the good roads policy of the new Ontario government, said that the provincial and federal governments would give 40 per cent of the cost of road-building and the provincial government would pay 40 per cent of a road superintendent's salary in any township that engaged one. The policy was to start near the large centres and work from there into the rural districts. This is good policy, and the municipalities of Ontario appear to be taking a keen interest in the subject. In Quebec a large part of the proposed loan of five million dollars for colonization purposes will be spent on roads, bridges and schools.

The drop in foreign exchange is expected to bring down the price of food-stuffs in the United States. The falling off in foreign demand, coupled with large stocks of wheat, oats and corn in stock will weaken the home market. If wheat goes down in the United States it will be the effect in Canada? Must the Canadian consumers go on paying toll to the farmers of the west? Referring to conditions in the States, it is said storage houses are overstocked and John E. Rowe, manager of the Western Cold Storage, says: "There is more food stored than ever before. It cannot be sold," he said, "under prevailing high prices."

Ex-King Constantine of Greece has "broken off relations" with his mother and brother because the latter married Mrs. Leeds, an American. Greece broke off relations with Constantine himself some time ago. If he had his deserts he would be placed where his likes and dislikes would have to be confined to a keeper.

The German government declares that it cannot consent to the surrender of the men the Allies desire to put on trial for crimes committed during the war. Of course the Allied method differs from that which found favor in Germany. The German way was to omit the formality of a trial and keep the firing squad busy. No man who is not guilty need fear a fair trial.

The telephone operator who set down the name of Dr. Karl Helfferich as "Helffrits" was not so far out after all.

One Satisfaction. "What do you think of the two candidates?" "Well, the more I think of it the more pleased I am that only one of them can be elected."—Michigan Gargoyle.

HENS.
I have a dozen silly hens I bought to make High Cost look sick; and it would take a powerful lens to see just where they do the trick. 'Twas in a poultry magazine I read that chickens always pay; they lay large eggs, and said eggs mean a handsome profit every day. That publication missed its guess, or tried to put some bunk across; the female roosters I possess are nothing but a total loss. I dreamed when first I took them home, of selling eggs about the town; no more I'd hawk the dippy pomme, and have my patrons upon my arm, and draw eight plunks or maybe nine—such dreams of commerce have their charm. Alas, my hens are golden bricks, they lay around on idle legs; their squawking voices answer 'Nix' when I beseech them for some eggs. They eat all kinds of greens and grain—what such things cost my ledger tells; I feed egg tonics all in vain, they who note that hens would help out fine; we cannot beat the High Cost graft by keeping hens or cows or swine.

CANADA—LAST AND WEST

Domestic Happenings of Other Days

CAUGHNAWAGA.

Thousands of tourists each year pass the Indian village of Caughnawaga, about six miles above Montreal on the St. Lawrence River. It is situated at the head of the famous Lachine Rapids and its braves now are famous the world over as bridge builders. Only recently a party went to France to erect structures destroyed by the German hordes, while in Canada the great bridges spanning the St. Lawrence are in a large measure their work.

Caughnawaga is an old village. As far back as 1749 it was established on its present site. When the French missionaries began the task of converting the Indians the converts were collected as much as possible at Caughnawaga. At one time it was said that 300 Christian warriors lived within the fortified place. These could not be trusted to fight their kinsmen, but they were always ready to do battle against the English. Like the other Canadian missions, the village was divided among the church, the army and the government. Two Jesuits, an officer and three chief traders—two of the original owners of the mission Indians a very lucrative fur trade with Albany, N. Y. Sir William Johnson never had a very high opinion of Indians and repeatedly expressed his contempt for the braves of Caughnawaga. Like all the warriors of the pioneer days, they were engaged almost all the time in other bloody forays against the whites or other tribes or chasing the wild animals of the forest. Now they are bridgemen and while the squaws find employment in shop, office or city homes.

LIGHTER VEIN.

Quite a Different Matter. (London Tit-Bits.)
The egg-shaped headed young man who reads the policy of the new Ontario government, said that the provincial and federal governments would give 40 per cent of the cost of road-building and the provincial government would pay 40 per cent of a road superintendent's salary in any township that engaged one. The policy was to start near the large centres and work from there into the rural districts. This is good policy, and the municipalities of Ontario appear to be taking a keen interest in the subject. In Quebec a large part of the proposed loan of five million dollars for colonization purposes will be spent on roads, bridges and schools.

THE GOVERNMENT AND THE FINANCES.

It is pretty hard to please the local opposition and its newspapers. They howled last year because the annual financial statement did not contain sufficient information; this year they are howling because it contains too much. They howled last year because the deficit was too small, and this year they are howling because it is too large.

For the benefit of the St. John organ, which shows a lamentable ignorance of the facts, it might be pointed out that the Foster administration is the first in the history of the province to make public a complete statement of the year's financial operations prior to the meeting of the legislature. It was never done before in the history of the province by any administration, Tory or Grit. It was the government which preceded the Hazen-Fleming regime which enacted a law requiring a statement of the transactions of the fiscal year to appear in the Royal Gazette prior to the close of the calendar year. This practice was followed by succeeding governments down to the close of the year 1918. The statement given out, however, was only a cash statement and did not show the actual financial position of the province. During the last session of the legislature the law was amended and the time limit for publishing the statement was extended from sixty to ninety days. This enabled the accounts to be audited and gave the comptroller general sufficient time to prepare a complete statement showing the actual financial status of the province at the close of the fiscal year.

REV. HAROLD ROE.

Halifax Chronicle—Rev. Harold Roe has announced his intention of remaining with the Oxford street congregation, Halifax, until their church has been rebuilt. Mr. Roe said that he felt that under the circumstances he would be a "quitter" if he accepted the call to Grace Church, Dartmouth, which has offered him. This is the second time Mr. Roe has decided to remain with Oxford street at some personal sacrifice.

TROUSERS IN COURT NOT A VEHICLE

Chicago, Feb. 6.—Holding that the stigma of "departed spirits" from a flask was insufficient evidence to prove violation of prohibition, Assistant District Attorney E. J. Witty ordered the release of Charles Neil Thomas, president of the Commercial Trust & Security Company, who was arrested Saturday night by prohibition agents in a cabaret, where he was said to have served refreshments for himself and friends from a pocket flask.

"We had no case against Mr. Thomas, and no sensible jury would convict him," Mr. Witty declared.

The release of Mr. Thomas was accompanied by the acquittal of his trousers, which some "dry" shark had designated a "vehicle," in that they carried

the pint flask, and were liable to confiscation and sale. Their status, however, is not settled. It may require a supreme court decision.

This "trousers a vehicle" business is the weirdest and most horrible threat that has ever been made against the peace of mind of the carriers of the hip-pocket flask.

Just suppose the decision had been made that trousers are "vehicles." How could Mr. Thomas have gotten home? Maybe they would have wrapped him in a blanket. Maybe they wouldn't.

Maybe he would have to wait in jail or in the judge's private room till congress amended the dry act, so as to insure a pair of trousers to those who fall by the wayside under this novel interpretation of the prohibition act.

The situation is horrible. It will keep folks on tenterhooks all over the United States, until some judge shall declare his opinion on this new wrinkle in trousers.

HOW CAN WE DO IT? We pay more for wheat, more for labor, more for taxes - but Shredded Wheat sells at about the same old price - very little advance on account of the war. How can we do it? We can do it because the volume of sales now reaches many millions of Biscuits per day. Considering its real food value Shredded Wheat is the cheapest food in the world today. It is 100 per cent whole wheat in a digestible form. Two Biscuits, with hot milk, make a nourishing meal for a few cents.

RECENT WEDDINGS

Titus-Ford. The marriage of Miss Annie Belle Ford and Mr. Harrison B. Titus, of Digby, took place on Wednesday, Feb. 4th in the Methodist church, Sackville.

RECENT DEATHS

Harry F. Morton.

Penobscot, Feb. 5.—Harry F. Morton, a respected resident of this place, died suddenly early this afternoon at his home here. He had been in ill health for about two weeks past, but had been up and about, and the end came unexpectedly from heart failure. He was well known throughout Kings county and was a man much respected by all who knew him. He was forty-eight years old, and a son of the late William Morton. He is survived by his aged mother, a widow and three young daughters.

Mr. Morton was engaged in the lumbering and insurance business, and enjoyed a wide acquaintance among the people of the county. For several terms he was a councillor for the parish of Cardwell, and he took an active part in public affairs. He was an ardent Liberal in politics. The heartfelt sympathy of the community will be extended to the bereaved relatives. Mr. Morton will be greatly missed and sincerely mourned in the community.

Charles E. Sheridan, youngest son of Colonel and Mrs. John Sheridan of Buctouche, N. B., passed away in the Moncton hospital. He was twenty-three years old and is survived by his parents, two brothers and three sisters.

Louis Keith Alward, son of H. V. Alward, formerly of Hampton, N. B., died recently at his home in Tacoma from influenza. He was only two years of age.

FREDERICTON MARKET

(Gleaner, Wednesday.)

While potatoes sold in the country market this morning, a barrel it was freely predicted that this price was maintained only because of a temporary local shortage, and it is expected that with a few days of mild weather no more than \$5 a barrel, which is the quotation for export by states, will be paid. There was a good supply of meat in the mid-week market this morning. Some fine chickens were quickly sold at 55 cents a pound. The prevailing prices follow: Beef, 10 to 18 cents; pork, 22 to 24 cents; veal, 14 to 15 cents; chicken, 50 to 55 cents; fowl, 40 cents; butter, 65 to 70 cents; eggs, per dozen, 85 to 90 cents; potatoes, per barrel, \$6 to \$7; apples, \$4 to \$6; turnips, \$1; carrots, \$2.25 to \$2.50; hay, per ton, \$20 to \$25.

RED CROSS ELECT OFFICERS.

Toronto, Feb. 5.—At the annual meeting of the Canadian Red Cross Society held today officers were elected as follows:

President, Her Excellency the Duchess of Devonshire, honorary vice-president, General Sir Arthur Currie, K.C.; chairman of the council, Colonel Noel G. L. Marshall, East president, Brig.-Gen. Sir John M. Gibson and Major-Gen. G. Sterling Ryerson, M.D., R.N.O.; vice-president, New Brunswick, Lady Tilly Nova Scotia, Mrs. William Dennis; Prince Edward Island, Hon. Mr. Justice Hissard; honorary treasurer, F. Gordon Oiler.

NEW SONG BY GITZ RICE.

The Times has received a copy of a new song, "Mother (I Love You)", lyric and music by Howard Smith and Lem Gitz Rice, composer of "Dear Old Pal of Mine." As the composer is a Canadian his newest song will appeal especially to Canadians. It is published by Shapiro, Bernstein & Co., Inc., New York. Lieut. Rice is a member of the "Lamb's Club," New York.

The case against James McCafferty, charged with allowing liquor to be consumed on his premises, was dismissed in the police court yesterday.

Winnipeg, Feb. 6.—Doctors of Winnipeg have issued over one half million prescriptions, which would permit prescription holders to obtain approximately 156,719 gallons of liquor, during the next year, according to J. N. Maylin, of the Manitoba Temperance Act. The liquor act came in for considerable discussion in government caucus last night. Private members, it is stated, spoke strongly in favor of establishing dispensaries, but the leaders of the party are opposed to this.

To Investors with Vision
Next to the automobile industry the Motion Picture Industry of recent years has shown the most amazing growth.
The reason is clear. The appeal of the "movie" is universal, its interest never-ending, and its cost to patrons reasonable and therefore often repeated.
So it is that far-sighted investors will vision both the security and profit offered by the 8% Cumulative Preferred Shares of Famous Players Canadian Corporation, Limited.
That is why there is an active and popular demand for these Shares. Wire or write immediately for advance prospectus and terms.

GREAT TREAT FOR FANS
Harry Katron, of Franklin, N. H., has been chosen to meet Len Neider, welterweight champion of the world, here Monday night. Katron, who recently returned from the Western States, has a sensational tour, has a wonderful record. He defeated John Klonis of Manchester, N. H., twice and a half hours to a draw with Waino Kelonen, middleweight champion of the world, defeated John Billini and a score of others. While in France with the 72nd U. S. A. regiment he defeated every amateur in the American overseas forces. American papers concede that he is one of the fastest and most spectacular welterweight wrestlers in the country. A bout between these wonderful wrestlers should be one of the greatest sporting events staged in Canada. Big ticket sale starts today.

WAR TRAGEDY TURNS INTO A PEACE COMEDY
Girl and Mother Find Husband in Chivalrous Brother of Erring Man.

New York, Feb. 6.—The last act of the Ellis Island drama of wardenship and forgiveness came to a close at five o'clock this evening with the departure on the Fall River boat of Emily Knowles with her baby and bridegroom-to-be. At the same time there passed from New York stage of this surprising case the woman whose intercession brought comfort to what had been a ruined life, and the future of happiness of a soul born in the shadow of disgrace.
Guy Spiker, who had promised to marry the English girl upon whom his brother had cast misfortune, arrived with the brother's wife, Cora, in New York, this morning, and the two went at once to the office of Benjamin Kerstein, the lawyer in the case. After being photographed and interviewed by swarms of newspapermen, all three went to Ellis Island, where, with the aid of \$1,000 in cash for a bond, they hoped to succeed in bringing Miss Knowles to America. They were told at the immigration office, however, that the surety must be furnished in the form of Liberty bonds, and after energetic action by Mr. Kerstein, a messenger was despatched to Manhattan to purchase the bonds and bring freedom to the prisoners. He was delayed in returning with the Liberty bonds so much that the Ellis Island feared they would not be able to catch the evening boat for Fall River, where the Department of Labor had ruled Miss Knowles must be taken if she landed on American soil. While he waits, Guy Spiker talked to the reporters.
"First of all," he began, "I want to say that much has appeared in the newspapers about this case which I am not responsible for. I have come here to marry Miss Knowles if she will consent. It has been said that the authorities told her to go to Fall River, but I am a workman, and must go back to my home as soon as possible. I want to say, too, that I am doing nothing as a matter of tradition, but solely on my own initiative. I have had abundant time to consider what I am doing, and I believe it is right."
Miss Knowles said very little until the bond had arrived, the arrangements had been made and she was actually on the way to her friends, the Battersbys, in Fall River, with her babe and intended bridegroom. On the boat she spoke more freely.
"I am rescued, indeed," she said, "and I owe everything to Mrs. Spiker. She is the dearest and most noble woman in the world. It was very many of Mr. Spiker to ask me to be his wife," she smiled, "and I did ever a woman honor man for a chivalrous act without loving him, too?"
The time for the boat's sailing approached, and the two women embraced each other fondly. "Oh, you dear," said Miss Knowles, and "thank God for this," exclaimed her fairy godmother—and the whistle blew.
The lawyer, Mr. Kerstein, went to Fall River with his clients, it was learned at his house tonight. At his office in the morning he had described to reporters how he happened to become counsel in the case.
"I was coming back from Ellis Island in the boat one day," he said, "when Percy Spiker, the man who wronged Miss Knowles, came across the deck to where I sat. 'You look like a lawyer,' he said, and I told him I was. He then gave me the whole story, and asked my help in getting Miss Knowles into America. That was on January 16th, and I met the girl the next Monday."
The wife of Percy Spiker, who turned a war-time tragedy into a peace-time comedy, has grown Miss Knowles for many years.
Her husband met the girl in September, 1918, when he was in the aviation service and stationed in England. Their relationship lasted until his return, he the United States in November,

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN
Not Aspirin at All without the "Bayer Cross"

For Colds, Pain, Lumbago, Stiffness, Rheumatism, Sciatica, Neuritis, Headache, Neuralgia, Toothache, Earache, take Aspirin marked with the name "Bayer" or you are not taking Aspirin at all.
Accept only "Bayer Tablets of Aspirin" in an unbroken "Bayer" package which contains complete directions. Then you are getting real Aspirin—the genuine Aspirin prescribed by physicians for over ninety years. Now made in Canada. Handy tin boxes containing 12 tablets each cost but a few cents. Druggists also sell larger "Bayer" packages.
There is only one Aspirin—"Bayer"—You must say "Bayer".
Aspirin is the trade mark registered in Canada of Bayer Manufacturers of Monocristallin of Salicylic Acid. While it is well known that Aspirin means Bayer, manufacturers, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross".

Stomach acidity causes indigestion! Food souring, gas, distress! Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful! Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapepsin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great. You, too, will be a Diapepsin enthusiast afterwards.

FIRE DAMAGES KING'S COLLEGE
Windsor, N. S., Feb. 5.—The main building of King's College, the oldest college building in Canada, was totally destroyed by fire here today at a loss of upwards of \$70,000. The insurance amounts to about \$45,000. Much sympathy is felt because of the loss. The fire did not affect the collegiate school nor the Edgemoor School for Girls.

Sackville Tribune—Mr. and Mrs. In-doe sail from St. John on the Scandinavian on a trip to the old country. They expect to be away about six months. Clark Grant of the Tribune staff left for St. John last week, to undergo an operation, as the result of wounds received during active service during the war.

BRASS TABLET IN MEMORY OF DR. DUVAL
Impressive Ceremony at General Public Hospital This Afternoon.

An impressive ceremony was performed this afternoon at the General Public Hospital when a brass tablet in memory of the late Major J. L. Duval, M.D., E.P., was unveiled. The tablet is made of brass and contains the following inscription:
"In memory of Major J. L. Duval, M.D., C.E.F., officer commanding No. 1 Field Ambulance. A member of the staff of this hospital, volunteered for active service on the declaration of the war against Germany in August, 1914. Left with the first division of Canadian troops for overseas. Severely wounded at St. Jean, Flanders, died of pneumonia August 26, 1915. His body was lost on the S.S. Hesperian, sunk by the German submarine." His tomb is the Atlantic ocean. His memory is an everlasting incentive to hospital commission members to give appropriate address, while Dr. A. E. Logic, president of the medical society, His Worship Mayor Robert T. Hayes, Warden Commissioner T. H. Bullock also gave addresses. The tablet was unveiled by Brigadier General A. H. Macdonnell, C. M. G., D. S. O., officer commanding military district No. 7, who made a few remarks. Colonel Murray MacLaren, C. M. G., M. D., and Rev. J. A. Morrison, D. D., gave addresses where they had been housed indicated a murderer. The next night Robert, armed with his trusty rifle, stayed at the corner of the building the rifle spoke into the snow. Mr. Wiseman secured the carcass and for a few hours enjoyed the sleep that rewards the contented and care-free. Now he is ascertaining the fate of the rabbit, which was killed above the low record reached the day before yesterday.

DEATH OF ROBERT GRAY
Robert Gray passed away at the General Public Hospital about two o'clock this morning, a victim of pneumonia. He was well remembered by the older people of the city. During the later years of his life he lived at the Musquash, New River and Lepraux. He was about sixty-three years of age. Mr. Gray spent many years on the St. Michael and in Newfoundland, as a timber cruiser. He was a man of superior character and of the most exemplary habits. All who knew him, old and young, will very sincerely mourn his death. The funeral will take place at Powers' undertaking rooms, Princess street, tomorrow afternoon at half past two o'clock.

Ottawa, Feb. 6.—(By Canadian Press)—There is absolutely no truth in it, said Alex. Johnston, deputy minister of marine and fisheries, when shown a dispatch from Quebec which stated that the Canadian government steamer Montcalm was in a very critical condition on Feb. 5, off pressure in the Gulf of St. Lawrence.
The City Coroner Band gave a fine entertainment last evening in the Municipal Hall. It was greatly enjoyed by the inmates. The affair was arranged by Commissioner Waring.

Thin, Nervous People Need Bitro-Phosphate
Weak, thin people—men or women—are nearly always nervous and are unconsciously proving that thinness, weakness, debility and neurasthenia are the result of an inadequate supply of nerve force. Feed your nerves and all these symptoms due to nerve starvation will disappear.
Eminent specialists state that one of the best things for the nerves is an organic phosphate known among druggists as Bitro-Phosphate, a five-grain tablet of which should be taken with each meal. Being a genuine nerve builder and not a stimulant or habit-forming drug, Bitro-Phosphate can be taken by the weakest and most delicate sufferer, and the results following its use are often simply astonishing. By strengthening the nerves, weak, tired people regain energy and vigor; thinness and angularity give way to plumpness and curves; sleep returns to the sleepless; confidence and cheerfulness replace despondency and gloom; dull eyes become bright and pale, sunken cheeks regain the pink glow of health.
CAUTION—Do not mistake the use of which is inexpensive, also wonderfully promotes the assimilation of food, way toward the building wherein the marked gains of weight in a few weeks. Those taking it who do not desire to gain weight should use extra care in avoiding fat-producing foods.

TELL THE WORLD THIS WOMAN SAYS
That Lydia E. Pinkham's Vegetable Compound made Me a Well Woman.

Los Angeles, Cal.—"I suffered with female troubles for years, was sick most of the time, and was unable to do my own housework, and I could not get any relief from doctors. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspaper, and took six boxes, and am a well woman. You can use my name to good purpose. My husband, Mr. A. L. I shall praise it always."—Mrs. A. L. St. Paul Avenue, Los Angeles, Calif.
Women who suffer from any form of weakness, as indicated by displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues," should do as Mrs. De Vane did, and give Lydia E. Pinkham's Vegetable Compound a thorough trial. For over forty years this famous remedy, which contains the curative, strengthening properties of good old-fashioned roots and herbs, has been correcting just such ailments. If you have mysterious complaints, write for advice to Lydia E. Pinkham Medicine Co., Lynn, Mass.

EXERCISE AND TONIC TO FIGHT THE 'FLU'
These Are Recommended to Persons Whose Constitution is Weak—Build up the Body With 'Liv-rite.'

Various remedies are given for the purpose of checking influenza but none is better than plenty of healthy exercise, with medicine to keep the body in good condition to combat germ attacks. It is very important that the constitution should be strong and vigorous but it is weakened something more than exercise and food are required to build it up—there must be proper medicinal ingredients and this is found to great advantage in "Liv-rite Tonic."
With brisk exercise, especially in the open air, and this tonic, few need fear the flu. Its ingredients are especially useful in the upbuilding of tired nerves, depleted muscles, and disordered internal organs, especially the liver whose purpose it is to destroy the poisons which enter the system. It contains iron and vegetable oils and is so prepared that the user receives the best advantages from them. Many people throughout New Brunswick are today finding it helpful to them. If your doctor cannot supply you, send his name to the Maritime Drug Co., 108 Prince William street, or send them a dollar and they will forward you a box of "Liv-rite" by return mail.—(Adv.)

IN THE WILDS OF HALIFAX COUNTY
The Furtive Wild-Cat is a Source of Wealth—How One Was Killed.

Halifax county gives a bounty of four dollars on wild-cats, and thus far this season it has been collected for twenty-three, but as the skins are worth \$10 to \$15 the owner sometimes prefers not to cut off the snout and collect the bounty. The Chronicle tells this wild-cat story: It was a fine morning in the woods the cat move towards the farms and roadways and the results are damaging to poultry, etc. Robert Wiseman, of this city, who is farming down towards Cole Harbor, while in the city last week, reported a wild cat killed but he was going to ascertain the value of the skin before he went looking for the bounty. He has some rabbits on the farm and during the week a couple of them disappeared, while blood on the snow near where they had been housed indicated a murderer. The next night Robert, armed with his trusty rifle, stayed at the corner of the building the rifle spoke into the snow. Mr. Wiseman secured the carcass and for a few hours enjoyed the sleep that rewards the contented and care-free. Now he is ascertaining the fate of the rabbit, which was killed above the low record reached the day before yesterday.

FOUND GOING UP.
New York, Feb. 6.—Rates on demand bills for the English pound sterling opened at \$3.34 this morning and closed advanced to \$3.39. This is twenty cents above the low record reached the day before yesterday.
Toward noon foreign exchange advanced more settled tone. Demand sterling sold up to \$3.39 1/2, but later dropped back to \$3.35 1/2, where it held steadily up to noon. Francs were quoted at 14.62.

10 to 1 Among 10,000 For Daylight Saving

(Boston Globe.)

The Massachusetts Chamber of Commerce, which is taking a state poll to find the sentiment as to a state daylight-saving law, announced today that 10,000 ballots had been received and the vote shows that ten to one are in favor of the law. It is expected that the full report will be given early next week.

The question being voted on is—shall the proposal for a daylight-saving law in the Commonwealth of Massachusetts, to be effective from two o'clock on the last Sunday in April each year to two o'clock on the last Sunday in each following September, be approved?

One of the ten arguments advanced in favor is: "Unless the Commonwealth adopts a daylight-saving measure, it is inevitable that numerous municipalities within the state will adopt statutes, local in character, in different states, through the confusion and annoyance arising from varying time schedules throughout the state; it is highly desirable that the law should be of uniform application. Local statutes have been passed already by the cities of Worcester and Marlboro, and

are under advisement in many other places." As against this the opponents say:— "The law should be national in application or not at all, otherwise much inconvenience may be caused to travelers and business interests, due to varying time schedules in different states. Through the congress of the United States the country has expressed its disapproval of daylight saving for the states of Worcester and Marlboro, and

decision and consider that it should not adopt such a measure for itself without consideration for neighboring states."

AS IN THE DAYS OF COLUMBUS

American Indians Becoming Numerous Enough to Combat Old Idea That They Are Disappearing.

Washington, Feb. 3.—(Associated Press)—Despite popular belief that the civilization forced upon him by the white man means his ultimate extinction, the North American Indian, reviving from a long period of decadence, has shown such substantial increase in population in recent years that he probably is, scarcely less numerous today than when Columbus discovered America.

Starting as this assertion may be to those who have pictured American forests in the discoverer's time as swarming with red men, it is freely advanced by experts of the government's Indian bureau, who maintain that the Indian necessarily formed an exceedingly scant population, which probably at no period materially exceeded the total of 885,022 Indians reported by the bureau for last year.

"The Indian no longer is to be thought of as a dying race," declared Dr. Lawrence W. White, an Indian authority of the bureau. "In support of that statement it is necessary, in the first place, to disabuse the public mind of the tradition handed down by discoverers and early colonists that American forests in their day swarmed with the dusky figure of the red man. As the Indian neglected agriculture almost completely, it is highly improbable that his country, considering its latitude, could have supported more than several hundred thousand of his race."

On the other hand, Dr. White continued, the Indian in the present day, after periods of sharp decrease following as a natural reaction to sudden contact with the civilization of the white man, is seen to be making substantial gains in population.

"While many estimates or guesses of the Indian population were made during the past century," said Dr. White, "ranging from less than 100,000 to 400,000, the first reliable census was made by the Indian bureau in 1870, when the population was placed at 313,712. So figures demonstrate that in the last fifty years the Indian population has made a substantial net gain.

Pointing to statistics which show an excess of births over deaths of 1522 in 1919, and almost as great an excess in 1917, normal years which were not affected by the epidemic of influenza, Dr. White declared these figures "fully reflected the generosity of a government that has increased its Indian health appropriation alone from \$40,000 in 1911 to \$350,000 in 1917, and subsequent years." They demonstrate, he said, that with the schools, hospitals and other advantages now provided for him, the Indian, be he tribesman or freedman, is "not a dying race but rather a flourishing one." Had he been treated as other nations have treated savage tribes, Dr. White concluded, there probably would not be a "vestige of the race within our republic today."

Philadelphia, Feb. 6.—Censure of spiritualism as a form of ancient idolatry, official denunciation of Christian missionary activities among Jews, and the adoption of a provision for the discharge from the Judaistic church of any member who embraces Christian science were features of the final sessions today of the annual convention of the United Synagogue of America and the Women's League of the organization at Dropsie College, Broad and York streets.

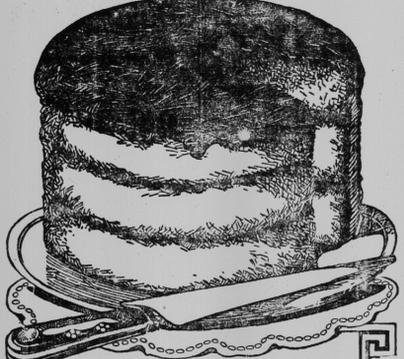

The convention brought together rabbis and prominent laymen and women from synagogues throughout the United States and Canada.

The criticism of spiritualism was made by the Rev. Samuel M. Cohen, executive director of the United Synagogue. He compared the doctrine with the idolatry of antiquity, and continued: "We have a tendency to condone with the afflicted relatives of the departed who seek consolation at the ouija board or from the medium, but this is misplaced sympathy. It is a narrow and selfish way of dragging one's self. The ancient prophets regarded it as a form of dissipation and stamped it anti-social in character."

The Rev. Charles I. Hoffman of Newark, N. J., chairman of the committee on Christian missionary activities among Jews, read before a joint meeting of the United Synagogue and the Women's League report of the committee, which characterized those activities as "conversionist adventures" and "assaults upon the dignity of the Jewish people."

The report asserted that attempts at proselyting were frequently made under the name of welfare work. "Sometimes also it is termed 'Americanization,'" the report said, "and under this campaign it is thought that its real, underlying and ulterior purpose may escape detection."

It was recommended that "the real character of Christian conversion in the enterprise be exposed," and that "recreational centres" be established and welfare work be conducted along the most approved lines, combined always

Traced Footprints to Robbers' Home; Two Men Arrested

Woodstock, Ont., Feb. 6.—A daring attempt at robbery was made at the home of William Muir, three miles from the city about 10 o'clock Saturday night. At the hour mentioned a knock came to the door of the house, Mrs. Muir did not open the door, but asked who was there. She received no reply. In a few minutes she decided to investigate and on opening the door was confronted by a man, who levelled a revolver at her and demanded all the money in the house. Mr. Muir at that moment came into the room. He was ordered to stand back by the intruder, but he kept advancing. In the meantime Mr. Muir had crept up to the door and slammed it shut with the would-be robber on the outside. The intruder fired a couple of shots through the door and joining a companion outside beat a retreat. Constable Hill was notified and from midnight until 6 this morning followed the tracks of the men in the snow. They led through fields and woods right into the city. The constable then notified chief killings and the search led them

"Go Teach All Nations Beginning at Jerusalem"

"THAT'S it," says a critic, "beginning at Jerusalem! You should correct paganism at home before going abroad to look for it. I do not believe in Foreign Missions."

Yet Jerusalem was not Christianized when the Apostles went to Antioch; when Philip was sent to the Ethiopian.

Remember This. The man who does not believe in Foreign Missions stands today clothed and educated because of Foreign Missions. When did English culture begin? With the visit of St. Augustine, a Foreign Missionary from Rome. Who Evangelized Rome? A Foreign Missionary named Paul, of Tarsus and Jerusalem! What if he had gone to the Ganges instead of to the Tiber? Certainly Canada needs more Christianity, but the best way to improve our own spiritual life is to help bear the burden of the world.

The Missions Established

Five Christian Communions in Canada—Anglican, Baptist, Congregational, Methodist and Presbyterian—have an extensive mission work abroad. They have sent overseas many devoted men and women.

Mass Movements in India. India is our brother-land, a loyal British dependency. Illiteracy is the rule. Caste imprisons the people and stifles all ambition. British administration has taught the folk the value of peace. English-speaking Missionaries from Canada are teaching them the value of education and the power of the Name which is above every name.

A Mandate for Expansion

All men, who think honestly realize that the Gospel of Christ is unique in moral splendor, in spiritual force, in civilizing influence. It redeems the individual and exalts the nation. It has made the modern world of thought, of industry, of progress.

The Chance in China. China is attempting to develop a democratic spirit before the nation is prepared for it. Many of the leaders in Christian Missions in China are now talking of establishing one million Government primary schools. They look to Canadian Missionaries for help in the establishment of normal courses.

The Call to Action

Canadians, Churchmen or non-Churchmen, you met the charges of the war with cheerfulness, since it was waged to establish righteousness in the earth. Now hear the call of the Churches for adequate means to continue by peaceful suasion the work which for four years was done by batteries and bayonets.

The Need of the World. Japan, Formosa, Korea, the South Sea Islands, South America, and not least, the pagans in our own land, need the Gospel. The Missionary is welcomed in all lands. Men everywhere appreciate the spirit of those Canadians who forget themselves in order to serve the suffering and the weary. Idealism in action counts!

The English Association Cup second round matches were the main attraction of the soccer program last Saturday. There were sixteen contests, and all were witnessed by enormous crowds. In London especially, which has seen a wonderful increase in the popularity of soccer, and indeed all outdoor sports, it is estimated that the game brings nearly a billion and a half passengers every Saturday to the under-ground railways, alone and twenty-five million such passengers have been carried since the opening of the soccer season last September. At the cup tie matches played in London on Saturday probably no fewer than 150,000 attended. The Chelsea contest with Windon drew 70,000.

STORM PLAYS HAVOC WITH RAILWAYS

Derailment at Hampton — Foot of Snow Followed by Sleet Makes Street Conditions Disagreeable — Street Railway Schedule Suffers.

The business suburbanites and other workers in the city whose homes are in the C. N. R. suburban districts were late getting to their work this morning on account of the heavy snow storm which held up the trains along the line. The Halifax train, due to reach the city at six o'clock did not arrive until 11.05, the delay being partly due to the heavy snow and partly to a slight derailment which occurred at Hampton when a freight engine slid off the points of the switch. A few minutes later the engine was put on the rails and was hitched ahead of the Halifax train. Everything was in readiness and the engines started to forge ahead through the snow when a drawbar on the first class coach was pulled out, causing a delay of some thirty minutes. The Halifax train reached the city at 11.05, while the suburban train followed and reached soon afterwards. The Sussex suburban was delayed at Apohaig but it also reached the city about noon.

The City.
The city roads and streets were in a trying state for traffic today, due to the storm of last night, when nearly a foot of snow fell, and its being followed today by rain and sleet. The temperatures were mild, and there was very little wind, however, which served to make the day less disagreeable. Snow began falling this morning about eight o'clock and continued through the night until about 8.30 o'clock this morning, when eleven and a half inches of snow registered and then it changed to sleet and rain. The storm has been moving slowly along the coast from Florida for the last few days and has given much trouble along the New England seaboard.

The street railway service was badly shaken after eleven o'clock last night and many people were compelled to walk in the snow to their homes. The sweeper and salt cars were kept out all night and managed to keep a clear track to be opened this morning, but the schedules towards midnight were rudely disturbed. There is no indication of severe weather again, it was said at the observatory this morning, but prospects are for a continuance of unsettled conditions.

Need Co-operation.

"If sidewalk conditions throughout the city are to be improved there will have to be greater co-operation from citizens in general," said Commissioner Fisher to a Times reporter this morning. He said that it is utterly impossible to cope with present conditions unless the people remove the snow and give the civic employees a chance to use their plows. He explained that when the plows clear off a portion of the sidewalks after storms a certain amount of naturally falling back and unless this is removed by tenants or property owners it becomes hard and unless broken up by broken stones endeavoring to remove another snow fall. This morning the snow was so heavy that spades of horses had to be used and the work was so difficult that many of the animals became so fatigued that they had to be taken back to the barns. One plow was quite badly broken and others were damaged as a result of coming in contact with hard snow which had not been removed.

Owing to the break in the water main many employees had to be utilized for fire protection and also for the purpose of distributing water from carts at King street east station, No. 3 engine house, Union street, No. 5 engine house, Main street, and the hook and ladder station in Portland street.

The Cars Today.

The baseball expression "everybody walks" was applicable to conditions about the city around noon today when the car service became quite demoralized or "demobilized" owing to the weather conditions. Several "fireworks" displays were given gratuitously when the trolleys encountered ice on the wires. King street was a particularly hard climb for the cars and it took those that were working some little time to make the ascent. The city restaurants were the only ones who heeded mostly from the failure of the car service because fewer people went home to lunch.

Early Reports on the Boston Train

Early reports on the Boston train this morning said that it was cancelled but later advice went to the effect that it was running nine hours late. The early train from Montreal due at 6.45 a. m., did not reach the city until after noon, the second Montreal was reported two hours late, and the Maritime three hours. The Valley train did not get out this morning until 10 o'clock owing to a freight train being stalled on the Shantytown grade and the St. John-Halifax local was held up fifty minutes in its departure.

Main Breaks In Brussels Street

Water Off in High Levels of City—Expect Normal Service This Afternoon.

A break occurred in the fifteen inch water main in Brussels street early this morning, and as a result all of the high levels were affected.
The superintendent of the water and sewerage department, speaking to the Times said that they located the break shortly after eight o'clock and immediately started to shut off the gates which were supplying this main. Owing to ice forming near the base of the gates the work was necessarily slower and more difficult than in the summer months, he said; but this afternoon he expected to have the pressure normal in all parts of the city, with the exception of those directly supplied by the broken main.
The break occurred between Hampton and Waterloo streets, and a crew of men are now at work effecting repairs. Owing to the storm and the fact that there is nearly six feet of frost in the ground, the men are finding the task an arduous one.

GLENWOOD

Are You Wasting Coal in an old worn out, troublesome range, when a new GLENWOOD would save from 100 to 500 lbs. of coal in every ton?

Just Figure It Out in Dollars for one year and then for ten or twenty years, and you will quickly see why it will pay you NOW, as never before to trade that old stove for an UP-TO-THE-MINUTE GLENWOOD.

Get a GLENWOOD and let it pay for itself in the coal it saves.

It will pay you to have us explain this range to you.

The Dream of Your Ideal in a Home May be Realized

When you look around the room and see the furniture that you have always wanted, you realize that you were foolish to wait so long to get it.

For you recognize it as an investment which will bring you an interest on your money beyond all mere material dividends. And you wish you had invested long ago.

All the quiet, pleasant evenings; all the family gatherings and sociable entertainments in which the new furniture will have a part, will be dividends on the investment you have just made—dividends which will roll up compound interest as the years go by.

We can help you make such an investment as this by showing you furniture which we know you will enjoy. In the language of the bond salesman, investment in the furniture we carry is a gift edged proposition.
