### ZAM-BUK PROVED BEST

Ambulance Brigades Adopt It

Zam-Buk has now been selected as the balm to be carried by the members of the St. John Ambulance Brigade. This is further proof of its superiority.

Mr. G. H. Westmore, of 187 Yonge street, Toronto, Divisional Superintendent of the St. John Ambulance Brigade, also writes: "I am pleased to report that the members of this Brigade use Zam-Buk when on public duty, and find it very useful. It is a wonderful healer."

### MAKING LIVING EASY FOR DEPARTMENT STORE WORKERS IN OREGON

Portland, Or., Sept. 26—The Industrial Welfare Commission of Oregon has adopted a ruling, made public today, which will become a law Nov. 23, fixing a minimum wage of \$9.25 a week for adult women clerks who are not apprentices, defining 8 hours and 20 minutes as the maximum day's work, and making 6 p. m. the latest hour at which any woman may be employed on any day of the year in a mercantile establishment.

The order automatically eliminates Saturday night shopping and Christmas holiday night shopping in such establishments. Some department store proprietors protested vigorously, but in vain. One department store owner helped frame the ruling and defended it warmly.

## Daily Hints For the Cook

### Poppers

One egg, well beaten, 1 cup of milk, 1 small teaspoon of salt, 1 cup of flour. Four into hot gem pans and bake in quick oven.

### Lamb and Tomato Soup

Peel and slice 4 tomatoes, add 1 sliced onion, 4 thin slices of carrot and 1-4 of a seeded sweet green pepper; cook 20 minutes and rub through a sieve. Cook 2 tablespoons of flour in 1-2 table-spoons of butter, add gradually 1 quart of lamb stock, stir until smooth and thickened, then add the strained vegetables, season with salt and let simmer 15 minutes.

### Plum Marmalade

Put enough water on plums to cover them. Boil until soft enough so you can rub through a wire strainer with a spoon, getting all the pulp you can possibly get. Add as much sugar as you have pulp. You can add less if you don't like it very sweet. Boil down until quite thick. Watch it so that it will not burn. Put in glass jars or jelly tumblers and cover tightly.

### A NEW PROFESSION

Boston is opening a new school in response to a demand for training in the field of preventive medicine, the courses to deal particularly with the problems of water supply, sewerage and garbage disposal, dairy and food inspection, food analysis and other studies along kindred lines. The school is primarily to be a training school for board of health work and will be the first institution of the kind. It is to be conducted under the joint auspices of Harvard and the Institute of Technology and will include courses at both of those institutions and also in the various laboratories and experiment stations of boards of health. The need of trained men for health boards is generally realized and this Boston experiment will doubtless not only meet with success, but will be followed by the establishment of other similar schools.

### Her Ninety-Sixth Birthday

A number of friends called on Mrs. Jane Inglis Dodge at the home on Gray street, on Monday, to offer their congratulations to this good old lady, on reaching her 96th birthday, taking with them floral and other gifts. They found Mrs. Dodge in fairly good health, and in possession of all her faculties, and happy. Her name, Jane Inglis, was given her owing to the fact that her god-mother was Jane, daughter of Bishop Inglis. Jane Inglis Walker was married to Charles R. Dodge by Rev. Nathaniel Vidito, at Aylesford, May 10, 1841, who died July 6, 1896. From the day of her marriage, Mrs. Dodge resided at the homestead until the death of her son James, nine years ago. She then came to Windsor to reside with her only surviving son, John W., where she is kindly cared for by her daughter-in-law.

## BROTHERHOOD OF SAINT ANDREW IN CONFERENCE

More than 100 delegates will be here this afternoon for the sixth maritime conference of the Brotherhood of St. Andrew in Canada, which will open in Trinity church school room at 2:30 o'clock.

The programme for today will be as follows: 2:30 to 5 p. m.—Trinity Parish Hall.

Chairman: W. A. Steiper, president of conference committee. Subject of session—Ways to Win Men and Boys. (a) In the City, A. B. Wiswell, Halifax; (b) In the Country, J. A. Birmingham, Toronto.

8:30 p. m.—Supper in St. Luke's Parish Hall. Addresses of welcome, greetings, notices, etc. Chairman: The Rev. J. A. Richardson, D. D., Lord Bishop of Fredericton.

Addresses of welcome from Rev. R. P. McKim, rector of St. Luke's church, St. John, and from his worship the mayor of St. John.

Replies by the Rt. Rev. C. I. Worrell, M. A., D. C. L., D. D., Lord Bishop of Nova Scotia, and from A. B. Wiswell, Halifax, first vice-president of the Brotherhood of St. Andrew in Canada.

7:30—Evening meeting to be held whilst the delegates are still at the tables in St. Luke's Parish Hall. Arrangements will be made for the seating of those who have already arrived, this meeting but may not be able to come for supper.

Subject: Our Responsibility. Speakers: The Very Rev. Dean Lwydy; All Saints Cathedral, Halifax.

A great number of the delegates are already in the city and, through the energy of the hospitality committee and the kindness of several local people, have been billeted in different parts of the city. The following is a partial list of those who have already arrived, with the names of the persons with whom they are stopping:

- Very Rev. Dean Lwydy, Halifax, also with Rev. R. A. Armstrong.
- Rt. Rev. Bishop Worrell, Halifax, with Dr. Thomas Walker, 156 Princess street.
- Rt. Rev. Bishop Richardson, Fredericton, with J. S. Harding, 244 Gorman street.
- Very Rev. Dean Schofield, Fredericton, with F. B. Schofield, 48 Carleton street.
- Rev. Canon Neale, Sussex, with Ven. Archdeacon Raymond, 70 Summer street.
- Douglas Adams, Lunenburg, guest of Mrs. Woodman, at Ten Eyck Hall, 121 Union street.
- J. A. Birmingham, Toronto, with Rev. R. A. Armstrong, Trinity rectory.
- H. W. Campbell, Truro, with F. R. Fairweather, 47 Duke street.
- John Crawford, Hampton, guest S. D. Crawford, 47 Sydney street.
- Roy Capton, Moncton, with Mr. Hoyt, E. A. Charlton, Sussex street.
- W. L. Connor, Truro, with J. S. Harding, 244 Gorman street.
- A. Dodge, Bridgetown, with W. F. Hatheway, 71 St. James street.
- F. G. Dayton, Boston (Mass.), Victoria Hotel.
- Chas. DeMille, Hampton, with A. H. Wetmore, 173 Canterbury street.
- Rev. R. M. Fenton, McAdam, with J. N. Rogers, 16 Charles street.

### You might as well expect a troop of Boy Scouts to capture Gibraltar as to expect any ordinary dentifrice to successfully combat the ravages of "Acid Mouth" upon the teeth.

There's as much difference between any ordinary dentifrice and Pebecco Tooth Paste as there is between a flint-lock musket of 1776 and a present-day machine-gun.

### PEBECCO TOOTH PASTE

Ordinary dentifrices clean, whiten and polish teeth. Here their work stops—for this is all they were ever intended to do.

### Pebecco Tooth Paste

Pebecco Tooth Paste was made to do what no other known dentifrice has ever done—overcome "Acid Mouth"—that arch enemy of the teeth because it is the direct cause of 95% of all tooth decay.

## COMMITTEES APPOINTED YESTERDAY

The features of yesterday's session of the United Baptist Association in the Brussels street church were the appointment of various committees and the report of the Home Mission Board.

The report was lengthy and stated that the board was divided into ten districts, each district containing about six subsections. The financial condition was said to be better than last year but it was said \$6,000 must be raised to supply the needs of the board in the province.

In the minimum salary department it was pointed out that thirty churches had sent in donations and several had increased the salaries of their ministers to the full sum, showing the educational value of the agitation. A balance of \$28.85 is on hand, it was shown, in this department.

The general finances of the board were good, showing a balance to Sept. 1, 1913, of \$347.81. Receipts were \$3,777.75. In the afternoon Rev. Dr. W. G. McIntyre resigned from the committee on letters and Rev. R. M. Bynon was appointed in his place. The committee read the following as members of the executive committee: Revs. J. E. Wilson, Dr. McIntyre, H. B. Boyer, M. S. McCutcheon and J. P. Colpitts. The committee of the Home Mission Board were Revs. W. F. Parker, A. E. Newcombe and F. H. Wentworth.

The following committees were appointed: Obituary—Revs. F. S. Porter, E. H. Cochrane and David Patterson. Temperance—Revs. W. Robinson, R. H. Coultter, T. D. Bell and A. H. Patterson, C. A. Lambman, W. E. Ashbell, Ministers' list—Rev. R. J. Colpitts, Rev. C. P. Wilson, Rev. E. C. Wayman, Sunday schools—Revs. B. M. Bynon, D. N. Chapman, Samuel Kierstead and H. O. Howlett.

The evening session was confined to devotional exercises and addresses on foreign missions by Rev. M. E. Fletcher, field secretary of the eastern district of foreign missions board, and Rev. H. Y. Corey, of Vitiavatu, India. Rev. J. L. Campbell, pastor of the First Baptist church, Boston, also spoke on The Foreign Secret. At the afternoon session Rev. Mr. Campbell gave an address on Can the Old Book be Trusted.

### FULLILING THE SCRIPTURE

(Moncton Transcript) The people of Prince Edward Island are in terrible agony over the automobile question. It would seem as governments are being disrupted and the controversialist is rampant because of them.

It is not likely to end there—they have the reputation for being a "God fearing and loving people," that automobiles were propitiated in the Bible, and we are only now realizing the fulfillment of the prophecy. In the Book of Nahum, Chapter 2, Verses 3 and 4, will be found the following: "The chariot shall be with flaming torches in the day of his preparation and the fire shall be terribly shaken. The chariot shall rage in the streets, they shall jostle one against another in the broadway; they shall seem like torches, they shall rush like the lightnings."

That was the vision of Nahum, the Elshahite! The rural communities of the Island should stand rebuked for their obstinacy.

## A BIT OF HISTORY

(Sackville Post) The recent death of Mrs. Augusta Parson, of Point de Bate, having surviving but one of a family of six—two sons and four daughters—born unto William Knapp, of Fort Cumberland, Mr. Knapp was a son of Titus Knapp, who in revolutionary times moved from New York State and settled in the vicinity of the old fort, where he conducted a large business and was for some time one of the county representatives in the legislature of New Brunswick. A sister of Mrs. Parson's, Miss Emma Knapp, now deceased, was one of the very small band of poets to which this section of the province has given birth, having published in 1872 a small volume of verse entitled "Lyrics of the Past." Her brothers, Charles E. and Titus, were both men of note in the legal and medical professions respectively, and Dr. Henry, of Sackville, son of Titus, is one of the most capable and popular practitioners in the county.

THIS IS SERIOUS

The grave reflections made by Hon. J. D. Hazen, Minister of Marine and Fisheries, upon the British Admiralty, in his address to the Borden Club last evening, cannot of course be lightly passed over by the British government.

WASTING WORDS

Mr. Hazen must either have a low estimate of the intelligence of the members of the Borden Club, or he was trifling with them last evening when he told them that the revised American tariff would give Canada greater benefit than she would have derived from reciprocity.

THEY WERE DISAPPOINTED

Bitter disappointment came to the members of the Borden Club last evening. They had confidently expected that he would reply to their memorial concerning the St. John terminals of the Grand Trunk Pacific.

BALFOUR'S ATTITUDE

The attitude assumed by Mr. Balfour in relation to the activities of Sir Edward Carson and his friends in Ulster is a serious disappointment to those who had anticipated that a man of his birth and training and political experience, especially his experience in relation to Irish affairs, would insist upon upholding the authority of the crown and constitution.

has not openly applauded the agitators, or taken a hand in the shameful work in which they are engaged, but it is quite clear that he is willing to permit the social order to be seriously endangered in the hope that the Unionist party may gain a political advantage.

Mr. Balfour recently made a long speech in which he denounced the government's Home Rule policy, and predicted most serious results if it should be carried into effect. He declared that they were near to difficulties "which may prove insoluble or almost insoluble to British statesmanship."

BIRTHDAYS OF NOTABILITIES

THURSDAY, SEPTEMBER 25

The Hon. H. R. Emmerson, former minister of railways and canals in the Laurier government, celebrates his sixtieth birthday today. He is a native of New Brunswick, a lawyer by profession and has long occupied a prominent place in politics.

FRIDAY, SEPTEMBER 26

The Hon. L. O. Tallon, Montreal, who was postmaster-general in the short-winter administration of 1894, reaches his seventy-third birthday today. He was for many years active in the provincial legislature and was for a short time premier of the province.

**JURY BLAMES OPERATOR FOR I. C. R. WRECK**

Sackville, Sept. 25.—At the inquest into the fatal wreck near Aulse last Tuesday, which cost five lives, the coroner's jury tonight, after deliberating three and three-quarters hours returned the following verdict:

"We find that the said Enoch Rushton, Byron Colpitts, Frank Lyons, Oscar Hingley and Whitman Banks met death from injuries received in a head-on collision between trains Nos. 281 and 284 at a point about a mile east of Aulse, known as Sibley's Cut, on Tuesday, Sept. 23, 1913; that said head-on collision was caused from the fact that the crew of train No. 281 left Amherst with their train when they should have remained in Amherst until No. 284 arrived or until they received orders to proceed, and in our opinion the collision would have been averted had the operator at Amherst answered the call made by the Moncton dispatcher between 12:25 and 16:15 o'clock, or had he reported the dispatch of train No. 281 as he should have done; that from the fact that after the supplementary time table went into effect on the Intercolonial Railway on Sept. 7, 1913, it has generally been discussed among the trainmen that this time table might lead to accidents, and from the fact that this collision occurred so soon after the time table went into effect, we recommend that the Intercolonial authorities hold an investigation to determine if the time table cannot be simplified.

**Eight Children Burned.**

Quebec, Sept. 25.—As the result of a midnight blaze which broke out in a three-story wooden building at 423 St. Francois street, adjoining the Terrain Beaudry, all indications at an early hour this morning pointed to the cremation of eight children of the family of Ulic Prud'homme, the proprietor, who, together with five other families, lived in the house.

**Paymaster Shot.**

Sherbrooke, Que., Sept. 25.—Lewis Dean, paymaster at the Amalgamated mines, was shot in the back by an unidentified man this afternoon, while he was driving to Black Lake to pay off the men at the mines. A posse is searching for Dean's assailant. Dean, who is fifty years old, is in a local hospital and his chances for recovery are good.

**GRANULATION OF THE EYELIDS**

Is Cured by Dr. Chase's Ointment—Scores of Users for the Great Soothing, Healing Ointment.

Most people know Dr. Chase's Ointment best as a cure for eczema and itching piles. Nor is this to be wondered at when you think of the remarkable record made in this class of cures. But there are scores of other uses for this ointment, which are only discovered when it is kept constantly at hand.

Mr. Martin, 15 Carroll street, Toronto, formerly of Bowmanville, Ont., writes: "We have used Dr. Chase's Ointment for years, and found it invaluable in treating skin irritations and all sorts of burns and wounds. In fact, we would not be without it in the house. It is a most excellent treatment for granulated eyelids, from which I suffered without finding anything to help me."

Wherever there is itching of the skin or a sore that refuses to heal you can use Dr. Chase's Ointment with full assurance that it will prove entirely satisfactory. 60 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

**RECENT WEDDINGS**

John H. Cahill, of Albany, N. Y., and Miss Gertrude A. Burns, the youngest daughter of Mrs. and the late Martin Burns, formerly of this city, but now of Schenectady, N. Y., were married at that place in the Church of St. John the Evangelist on Sept. 18 by Rev. Father P. J. Crowe. The bride is a sister of M. J. Burns of this city, and also of Mrs. M. H. Downing.

William G. Douglas and Daisy W. B. Stretton of Lakeside, were married on Sept. 24 by Rev. Cannon Hoyt.

At the home of C. C. Grant at Green Road, Carleton county, a pretty wedding took place on Wednesday evening at eight o'clock, when Cedric Clayton Craft of Attercliffe, Ont., and Miss Dulores Brown, daughter of the late J. Brown, of Aroostook Junction, were married by Elder J. A. Strickland. Mr. and Mrs. Craft will reside at Attercliffe Station, Ont.

In St. James' church, Westfield, on Wednesday, Miss Cornelia A., daughter of Mr. and Mrs. Leander Lingley of Westfield, was married to Mr. J. H. Hopkins, son of Mr. and Mrs. J. W. Conroy, of Colingwood, Ont. Miss Irene McArthur of this city was among the guests at the wedding.

Bishop Richardson officiated at a wedding in Trinity church, Andover, on September 24, when Gwendolyn Louise, only daughter of Rev. J. H. Hopkins, was married to Douglas Burns, of Colingwood, Ont. Miss Irene McArthur of this city was among the guests at the wedding.

The marriage took place at Annandale P. E. Ch., on the 18th inst., of Miss Bertha Howlett, daughter of Mr. and Mrs. Robert Howlett of that place, to Jacob McDowell of Sydney Mines, N. S. Rev. C. O. Howlett, of Moncton, N. B., is a brother of the bride. Upon the conclusion of their wedding trip Mr. and Mrs. McDowell will reside in Sydney Mines.

Mr. and Mrs. James T. Brown announce the wedding of their daughter, Lulu L. Brown, to William T. Grievie, of Vancouver, on the 13th day of September, 1913.

To Return to Work.  
 The raftsmen last evening decided to accept the offer made by J. W. Holly some time ago and it is expected that they will return to work immediately. The offer made is for one hour per day less than the number that was in force before the strike began, which, the men say, means that instead of going to work at 6 o'clock in the morning, as usual, they will now not have to turn out until 7 o'clock. The hours will, therefore, be from 7 to 5. The meeting was held in the Victoria street hall.

What is thought to be the largest one-piece Skiboie in the world is in Vancouver, B. C. It is 200 feet long, weighs five tons dressed and after being seasoned six months was erected in a solid foundation 10 feet deep.

**MONTREAL HARBOR TUG FOUNDERS; CREW'S CLOSE CALL**

Montreal, Sept. 25.—The Harbor Commissioners' tug Robert MacKay, founder today alongside the Laurier pier in 80-feet of water, only the trucks of her masts now being visible. Captain E. Labelle, the commander, and fifteen men who formed her crew, had a narrow escape. They were rescued by bargemen who witnessed the foundering.

The cause of the accident will only be ascertained when the tug is raised which will be accomplished as speedily as possible.

**DARKEN GRAY HAIR, LOOK YOUNG, PRETTY**

Sage Tea and Sulphur Darkens So Naturally That Nobody Can Tell

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyer's Sage and Sulphur Hair Keesey," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy. **FATALLY INJURED ON POST OFFICE SITE**

A newly-bought wire cable snapping in two, the heavy boom of the big derrick used to haul rock from the post office excavations on Prince William street to the dump carts, crashed down last evening on one of the wagons directly underneath, smashing the wagon, nearly killing a horse and fracturing the skull of Joseph A. MacKinney, 287 Brussels street, a teamster with a wife and baby.

The ambulance arrived with dispatch, and, as is usual in cases of the kind, when it reached the hospital the driver, Herbert MacKinney, jumped off his perch to assist the ambulance-surgeon up the hospital steps with the injured man. In doing this he caught a glimpse of his face. It was his own brother.

MONCTON SCHOOLS  
 The enrollment in the Moncton schools now numbers 2028, and the total number of permits issued during this term number 816.

**VERDICT OF GUILTY IN ISAACS CASE**

Verdict Was on Charge of Uttering a Forged Document Knowing it to be Forged

Isaacs was on the stand again in the afternoon as a witness for the prosecution alongside the Laurier pier in 80-feet of water, only the trucks of her masts now being visible. Captain E. Labelle, the commander, and fifteen men who formed her crew, had a narrow escape. They were rescued by bargemen who witnessed the foundering.

The prosecution wanted to bring in George A. Knodell to prove Isaacs had had certain documents printed at Knodell's print shop, but Judge White decided the evidence would not be proper rebuttal testimony. Mr. Baxter's address to the jury occupied only half an hour and summed up the case against Isaacs tersely and vividly. Mr. Barry spoke longer, and exhorted the jury to ponder the evidence carefully and award their verdict to the prisoner. Judge White, in his summing up, congratulated Mr. Barry on his defence, but spoke rather against the prisoner than for him. The jury were out thirty-one minutes, and on their return found Isaacs guilty.

After being out thirty-one minutes, yesterday afternoon, the jury in the case of Richard D. Isaacs, charged with uttering a forged document, returned a verdict of guilty. The prisoner received the verdict calmly, as he sat in the dock. He was remanded to jail. Judge White will give sentence before the circuit court adjourns sine die, and he will probably do so today.

The argument of counsel took only about an hour and the charge of the bench to the jury about another hour. The jury then retired at 4:45 p.m., returning at 5:15 p.m., with their verdict. J. A. Barry, counsel for the prisoner, was congratulated by the bench for the manner in which he presented the prisoner's case, and before giving the matter to the jury, he said that whatever the fate of Isaacs might be, he could feel satisfied that his counsel had handled his case in a wise and able manner.

The matter was then left to the jury. In thirty-one minutes they returned the verdict and Isaacs was remanded for sentence.

**How to Make Hairs Disappear From Skin**

(Beauty Topics).  
 Expensive or elaborate treatments are not necessary for removing objectionable hairy growths, for with a paste made by mixing water with powdered delonate the hairs can be made to vanish quickly. This paste is applied to the skin and after 3 or 8 minutes rubbed off, and with it comes every trace of hair. Washing leaves the skin clear and smooth.

Eyebrows will be greatly beautified by rubbing pyroxin on frequently, and short, straight eyelashes will grow long and slightly curly if pyroxin be applied at lash-roots with thumb and forefinger. Use care not to get any pyroxin where no hair is wanted.

**ANOTHER LINER GROUNDS AND FLOATS IN ST. LAWRENCE**

Montreal, Sept. 25.—The Canada liner Pica grounded off Batiscan shortly after 2 o'clock this afternoon but was refloated with the assistance of the government steamer Bellechasse. Subsequently she anchored off Batiscan to await the tide before proceeding further.

The presumption is that she was steaming too slowly through the narrow off Cape La Roche and the current drifted her upon one of the mud banks off Batiscan. She took the mud at a slow rate of speed and is believed not to have sustained any injury of consequence.

**SICK, SOUR STOMACH, INDIGESTION OR GAS**

"Pape's Diapipan" Makes Upset Stomachs Feel Fine In Five Minutes

Wonder what upset your stomach— which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset; and what you just ate has fermented into stubborn lumps; head dizziness and aches; belch gases and acids; and cruetate undigested food; breast foul, tongue coated—just take a little Pape's Diapipan and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapipan occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help; remember the quickest, surest most harmless relief is Pape's Diapipan which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

**PROBLEM OF GOOD ROADS**

(Bangor Commercial)  
 The Engineering Record, in speaking of the action of the Missouri residents to the number of 200,000, more or less, in turning out to work on the highways at the request of the governor, finds a source of danger in the possibility that the impression will be created that highway work is very simple and that no great attention must be paid to the questions of drainage, maintenance, etc. The Record seems to be straining a bit in this view. The fact remains that a great number of Missouri citizens manifested sufficient interest in the cause of good roads to devote their time and energy to improving them and they will doubtless have the same interest in maintaining them. The Good Roads proposition is one that is spreading everywhere in the country as the economic value of proper highways becomes more and more generally appreciated.

I. C. R. PLANS

New Ticket Office on King Street

Start on Water Street Tracks Next Week

This visit of Hugh Jardine, of the I. C. R. Trust, to the city today was said to have had connection with a rumor to the effect that the management of the road contemplated making a change in the location of the ticket office from the lower end of King street further up towards Charlotte street. In fact it was said that they had in mind a site in view directly at the upper end of the street.

Mr. Jardine, who was accompanied by J. McPherson, truck-master of Moncton, had a conference this morning with Mayor and Council in connection with the I. C. R. tracks in Water street. If suitable arrangements are made, no unforeseen circumstances present themselves, it is thought that a start on the work will be made some time next week.

GAG RULE AT LABOR CONGRESS IS CHARGED

Montreal, Sept. 26—James Simpson, delegate from Toronto, clashed with the labor congress this morning when he charged "gag rule" when the congress passed, without debate, a resolution that it was opposed to any restriction in any form, because of the occurrences in Vancouver in the miners' strike and approval of the petition of industrial unions to join the militia.

The resolution had been put yesterday by delegate W. Busby of Brandon, and a call for debate followed. Today, when the matter was taken up, a delegate from Toronto, James Simpson, rose and stated that he was opposed to the course of procedure, which was to his mind gag rule, and said he did not appreciate the action of the congress in regard to it.

A report was also circulated by the congress today endorsing the action of Secretary-treasurer Labor in referring the Bradford Trades and Labor Council to the federal government for information for the members' conference in Drapes and said he had written his rights, and that they did not believe there had been any unnecessary expenditure.

FREDERICTON NEWS

(Special To Times) Fredericton, Sept. 26—Rev. John McP. Scott, pastor of St. John's Presbyterian church, Toronto, is in the city, and will accompany Donald Fraser on a trip to the Tobique next week. He will be the principal speaker at St. Paul's mission banquet here on October 3, and will occupy the pulpit at both services on the following Sunday. The reverend gentleman has lately returned from a trip around the world and while absent visited mission stations in Korea, Japan and China.

The U. S. consular agent here has lodged with the police a complaint against a city marshal for assault. He claims that Roberts assaulted him for smoking a cigarette on the steps of the opera house a few nights ago.

In connection with the report that Police Magistrate Macdonald is to be removed from the city, it is learned that his successor will likely be George Bidlake, editor of the New Brunswick Advocate, and a former resident of this city.

BUILDING IN SUSSEX

(Sussex Record) Michael Ross is arranging to erect a new home on School street on a lot purchased from the Girvan property subdivision. The building will be started in the spring.

Heber Folkens is having built for himself on Essex street a self-contained dwelling. It will be modern in every respect and when finished will present an attractive appearance.

George W. Fowler, M. P. has the foundation laid for a large new barn on his town farm. The building work has been completed this fall. Mr. Fowler will later add about forty-head of stock to his present holdings.

The first steps toward providing a splendid new home for the Sussex militia have been completed. The site has been purchased and tenders which were asked for, for the construction of the building closed on Tuesday and are now in the hands of the officers of the militia department, Ottawa.

RECENT DEATHS

The death of Mrs. Joseph C. Raworth occurred at her home at Upper Cape, N. B., on Saturday evening at the age of 78 years. She was formerly Elizabeth Tingley, of Upper Point de Bute, and is survived by two sisters, Mrs. (Rev.) Joseph A. Cahill, of Bridgewater, Me., and Mrs. Borden Richardson, Rosedale, Mass., and one brother, Alfred Tingley, of Boston, Mass.

The funeral of Miss Ann Gallagher took place at 8.30 this morning from her late residence, 600 Main street, to St. Peter's church, where high mass was conducted by Father Holland. Interment was made in the old Catholic cemetery.

ON WAY HOME

Professor W. E. Cameron of St. Dunstan's College, Charlottetown, was in the city today on his way home from Boston. He has been in the Hub since the convention of the Knights of Columbus which he went to attend in August last. He was registered at the Dufferin and was heartily greeted by friends here while in the city.

Hereafter Robert H. Cost of Chicago will go on St. Andrew's, N. B., on the 24th inst., Isaac Merritt Cowan, aged 71 years, leaving wife and three children.

Funeral for his late residence, 111 Main street, Saturday at 2.30.

WIRELESS STATION AT NEWCASTLE MOST POWERFUL IN WORLD

Will be Able to Talk With San Francisco, 3,200 Miles Away—Messages Cannot be Picked up by Other Systems

(Newcastle Advocate) Construction of the new wireless station for the Universal Radio Syndicate is now well under way, there being now some 140 men at work. Part of the plant is being erected under contract with Messrs. Galbraith and Cate, of Montreal, and the other part is being built by the company itself. Already the foundation for the central steel tower has been laid and the four legs for some of the air-wooden towers. At the foot of the steel tower, foundations are being prepared for the concrete blocks, 100 feet long by 48 feet wide. The tower will be situated on a concrete base and will be supported by the general offices, two operating rooms, one for sending and the other for receiving messages, and offices for other purposes. Between the central steel tower and the power house is being built. This is a concrete block upper structure, 55 feet by 40 and 80 feet from the ground floor to the eaves. In this power house will be installed two of the latest design Diesel oil engines, each of 250 h. p. nominal, and a second crew of men for the operation of the engines. The power house has developed 840 h. p. each, with dynamo attached. The fly wheels of these engines are 114 inches diameter and the outside measurements of each engine are 31 feet long by 12 wide and 18 feet high. Overhead is a traveling crane. The power house will also contain a small auxiliary engine and storage batteries for supplying light to the plant.

Between the central steel tower 800 feet high will be stretched a network of copper wire of which from 130,000 to 150,000 feet will be used, the whole forming when complete, one gigantic skeleton umbrella. Another 100,000 feet of wire is laid in trenches around the towers to furnish proper grounding for the system formulated, and built in England and is now on its way out here; the wooden towers will be built on a concrete base and will be constructed of Georgia Pine, 8 1/2 feet by the hundred feet or so, and 8 1/2 above, and spaced together with 8 1/2 and 8 1/2 cross ties.

This station will be the most powerful wireless station in the world, though at present the station at San Francisco communicates with Honolulu, 2,300 miles away, enjoys that distinction. That station is rated at 80 kilowatts, and has a voltage of 550, and covers 25 acres, while this at Newcastle will be a 40 kilowatt station with a voltage of 1,000, covering 35 acres. The distance across the Atlantic to the proposed station at San Francisco, 3,200 miles, is able to operate so satisfactorily over 2,800 miles, the more powerful station will be able to talk to San Francisco, 3,200 miles away, with ease.

TO-DEPORT HINDUS FROM UNITED STATES AS UNDESIRABLES

Seattle, Sept. 26—While there is no direct law on the United States statute books barring Hindus, natives of India, from entering this country, yet they have heretofore been deported to the point of original embarkment unless otherwise deemed desirable from an educational standpoint by the immigration department.

This ruling is the result of a hearing before Federal Judge Netter, of Seattle, who recently ruled that several Hindus who had entered the port of Seattle from the Philippine Islands must be sent back to India, notwithstanding the fact that they had entered the port of Seattle from territory belonging to the United States.

Judge Netter held that such a hearing was not subject to review in any other court aside from the one in which the original investigation had been held, and this precludes any form of appeal to a higher court on matters of this nature.

The original case arose over several Hindus who came to Seattle on the steamer "Albatross" and who were brought to this country by a Canadian missionary for religious purposes. The court ruled that the emigrants were liable to become public charges, as they had no money and barely sufficient change of clothing. In several previous instances Hindus have been allowed to enter this port from the Philippines, but in each case they were of an advanced type intellectually and well supplied with funds.

EARLY CLOSING LAW IS A LIVE ISSUE

Calgary, Alberta, Sept. 26—The question of whether or not the city of Calgary has power to pass an early closing law in the interest of the large number of clerks employed in the Calgary stores is the cause of considerable discussion at the present time. Nine hundred store clerks sent a petition to the city council asking for the passage of such a by-law. A number of the merchants of the city objected to the petition with the result that the matter was referred to the council's legal adviser and he came to the conclusion that Calgary had no power to pass such a by-law. While steering his autobest he took up with the legislature and the necessary authority secured.

EXPECT LUMBER CUT TO EQUAL LAST YEAR

(Fredericton Gleaner) Indications are now pointing to a lumber cut at least the equal of that of last year and perhaps larger on the upper St. John river this winter.

Many of the operators are getting their plans for the season formulated, and crews are being engaged now for the season. The prevailing wages are from \$28 to \$32 per month, which is about the same as paid last year for the long season.

This morning Harry McClary, who was the first operator to start from here for the upper St. John, water, left with a second crew of men for his operations for Randolph & Baker on Green river. Arthur Noble, of this city, is preparing for a cut of about fifteen million feet on the upper St. John for the Stetson-Cutler Company, making his estimate about the same as last year.

His father, W. J. Noble, will be associated with him.

165 Millions on Restigouche Reports as to other sections indicate a projected cut of lumber in the province. The Restigouche cut will be said, amount to about 165 million feet, or 10 per cent more than last year.

The Shives Lumber Co., and the Richards Manufacturing Co., which are carrying on the mill at Campbellton, the Dalhousie Lumber Co., which has a mill about sixteen miles below Campbellton, will cut 20,000,000.

The Chaleur Bay mills, which are located on the opposite side of the Bay of Chaleur from Campbellton, will cut 20,000,000.

The B. A. Mowat Co., of Campbellton, plans to take out about 20,000,000 feet.

ALFALFA CULTURE

(Sussex Record) The Provincial Department of Agriculture has completed arrangements for carrying on a series of experiments in connection with the growing of alfalfa in New Brunswick.

Saturday morning, J. B. Daggett, secretary for agriculture, announced that the department had been notified of the acceptance of the offer made to Mrs. F. A. Coates, Boston, for a plot of seven or eight acres of land at Havelock, Kings county, which was one of those that had been selected for carrying on the experiments.

The experiments will continue over a period of five years and it is hoped to produce New Brunswick grown seed alfalfa of a high quality which will insure the success of alfalfa growing in this province, experts declaring that with home grown seed New Brunswick will be well suited for growing alfalfa. The seed for carrying on the first experiments will be brought from North Dakota.

Will Mr. Fleming Do It? (Carleton Sentinel) For fear we may be misunderstood we repeat our question: "Will Mr. Fleming dare state over his signature that the Andover section of the Valley Railway will be built."

Did you see anything in the last witness's examination of the child, and saw his examination of the child, and saw the doctor open one hand and take out something resembling a key. In the other hand he thought there was a twig. The clothing was pinned on. Questioned by Mr. Grimmer—

Did you touch the child? No. Did you see the child after the cloth was removed from its face? Yes. Describe it. Had long, dark hair. You buried the child? Yes, the following day. Later on the body was exhumed in the presence of the attorney-general and other witnesses. Questioned by Mr. Grimmer—

Did you notice a cord around the neck? Yes. Was it tight? It could be seen very well. I think, however, it was not very tight. When Mr. Riddow wanted to exhumate the body did he show you any authority? No. Dr. George W. Bailey, sworn, said he procured medicine seven years. He deposited he had been summoned to the body on April 28, 1886. Questioned by Mr. Grimmer—

How was the child?—Not more than two or three days. Examined by Mr. Grimmer—

How long would you say the child would have to be dead for decomposition to set in?—About three days. Hot weather combined with rain would hasten the decomposition of the body?—Yes. A newspaper was placed by somebody over the child's head after it had been found by Alexander?—Yes. Did you see anything in the left hand?—Some particles of earth dropped out when I opened the hand. Could the child have moved its hand and got the earth that way?—It's possible. Do the legs draw up in death?—Not until rigor mortis sets in. Rigor mortis, then, must have set in after the body had been placed on the ground?—That doesn't follow. But that would have been likely?—Yes. There was nothing to prevent the child moving its arms?—I noticed particularly that there was not. It would have been a natural action of the baby?—I would not

One who had read the report of yesterday's accident on the site of the new Post Office in which Joseph McKinney was so sadly injured, said today that more caution should be taken by men putting these derricks in position to have them safer than apparently they have been. On Monday, he said, a derrick had fallen on the Ballast wharf in some way being done there, and it was just by good fortune that no one was hurt. He suggested that a very stern test be made of the derricks before they were put in active use.

**A TRIBUTE TO THE BRITISH CONSULS**

High Respect in Which They Are Held Differs From Attitude Towards Others — British Diplomat in St. John Today

Eric Campbell, a native of Argyshire, Scotland, and returning to his native home after fifteen years spent in the interior of China and Korea, was in St. John today for a short time, took lunch with A. G. Forsyth at the Victoria and caught the Boston boat. He intends sailing from New York on the new Imperator.

Mr. Campbell seemed averse to talking much about himself when interviewed by the Times, but was willing to describe conditions in the interior of China, "The Far East is in a ferment now, just as Mexico," he said, "but out of chaos we all expect to see law and order and a stable government emerge, and that in the near future. As British consul for one of the interior provinces of China I was called upon several times to interfere in native revolts for the purpose of saving the lives of foreigners. I may add that in China and in most other foreign countries I have been in, the British consul is the man most respected and depended upon. In the town where I lived for five years there was an American, German and British element, who all lived in the same quarter, which they designated as the "foreign half." In cases of disturbances the Americans and the Germans preferred to take their grievances to me sooner than to the consuls of their own countries, for they knew the respect in which Great Britain is held in China and the contempt, more or less, in which the United States and Germany are held.

"The primal reason for this contempt of Germany and the United States in China is the attitude of their diplomats there, who seem to delight in meddling in the native affairs, which the British do only when the interests of foreign nations are at stake. On the Klayan Ho river a big dam was to be built by the government. Two firms put in bids, one British, the other American. By underbidding the American firm won. They built the dam, but it was so flimsily constructed that in less than six months it collapsed, costing the lives of four hundred people.

"The British are known to be just, fearless, impartial and swift to strike should vengeance be necessary. Natives arrested in the foreign quarter of Hong Kong prefer to take their case before the British justice sooner than the American if they are innocent, and before the American if they are guilty. I am not prejudiced against America, but am simply stating facts to you. I myself have lived in the states many years and have many friends over there. But I do think Washington should effect a complete re-organization of its consular department."

**PROBLEMS OF HOME MISSIONS**

Proposal to Amalgamate With Other Boards

OVER TO 1914

Dr. McIntyre Tells of Activities of "Modern Devils" in New Brunswick — Discussion Was Lively

A lengthy discussion of the report on Home Missions followed the devotional exercises conducted by Rev. E. H. Cochran at the opening of this morning's session of the United Baptist Association of New Brunswick.

The discussion was a very lengthy one and occupied the whole morning. It was chaired by the resolution moved by Rev. J. E. Berrie and seconded by Rev. A. J. Archibald that the Home Mission Board of this province amalgamate with that of Nova Scotia and Prince Edward Island.

A discussion followed and many of the members expressed their views on the subject, most of them being opposed to the idea, it being pointed out that New Brunswick has plenty of work for one evangelist in the home mission field without having to go to the other maritime provinces.

Rev. Dr. McIntyre said that there were 300 churches under the care of the association and that it was all one man could do to superintend the evangelistic work among these churches, especially as an exceptional vigilance had to be maintained among the churches on the Maine border.

He said that the work of the church here was being undermined by what he termed "modern devils" in the person of Go Preachers, Seventh Day Adventists, Plymouth Brethren, Unitarians, and those who advocate the new theology, to say nothing of atheists. These enemies of the church he said came over from Maine where they abound in great numbers.

**None From Here**

Speaking of Unitarians, Dr. McIntyre said he had never heard of one who had been born in New Brunswick.

A new and more systematic method of raising funds for the work of the association was also suggested this morning.

After discussing the proposal of amalgamation for about three hours the following resolution was moved by Rev. F. S. Porter and seconded by Rev. W. Park:

"That the Home Mission Board be requested to take into consideration the question of consolidation and co-operation of the home mission work of the maritime provinces, and report at the next association."

Amendment, moved by Dr. McIntyre, seconded by D. C. Clark, that this question be referred to the next association and notice be given in the Maritime Baptist.

The amendment was carried. The meeting adjourned shortly after noon and the unfinished business of the morning was resumed at the afternoon session.

Rev. F. S. Porter, who was to have given an address on Christian Stewardship said a few words this morning and offered to withdraw his address in order to make more time for the business of the association.

Among the officers elected at yesterday afternoon sessions were James Patterson of this city, who was re-elected treasurer and E. C. Weyman, elected secretary.

Missions in India

At the meeting last evening Rev. M. E. Fletcher held secretary of the eastern section of the Foreign Mission Board delivered an interesting address on the work of the Canadian Foreign Missionary Society in India. There are at present two mission stations and eight missionaries—men and women—in charge of the stations.

The society is doing good work in educating the people of India both on secular and religious lines, 200 village schools having been established besides eight boarding schools. The work in the schools is done in English. About 1,500 new church members were added in India last year, making in all 10,000 members.

**ALAS! 'TIS TOO TRUE**

St. John, West, Sept. 25, 1913.  
Editor of Times,  
Sir—I am just a poor, insignificant, "blooming" Englishman, and hearing of the wonderful new palace of entertainment recently built in St. John, I decided to go and feast my eyes on its untarnished beauty.

I arrived at King Square, and, with my eyes turned rapturously up toward the gleaming "Imperial" I was moving slowly forward, when I butted into a surging, fighting struggling mass of gesticulating humanity.

After a few spasmodic efforts, I resigned myself to my fate and drifted onward. After a long period of agonizing kneeling, I suddenly emerged in front of a little hole in a piece of glass. I poked in some money and was guided within.

Whilst sitting there in the dark, recuperating my shattered energy, my mind drifted back to a little quiet city called London. I remembered then what the Imperial reminded me of. But—how differently does one enter there! A long queue of people standing quietly on the sidewalk, or moving slowly forward as the place empties, with probably one solitary constable to marshal three or four queues of as many thousand people.

But, as I wended my weary way back home, I remembered this is St. John, and in conformity to the old adage "When in Rome, do as Rome does," I must, whenever I attend the "Imperial," make a lunge forward and press and squeeze, and walk over women and children, and continue the pressing and squeezing process until finally I emerge at the ticket office.

But, strange to say, I like the London way best.

This is not mere talk, it is a statement of fact which investigation will prove to your entire satisfaction. Doesn't it stand to reason that you must get more for your money when you buy directly of the makers and pay but one profit over the cost of production—which is what you do when you buy clothing at Oak Hall—than you can possibly get at any other store, where you must pay two profits, the manufacturer's and the retailer's?

Now look into this matter carefully before you spend another dollar for clothing. Make comparisons and you'll find that you can actually save an astonishingly large amount in buying at Oak Hall, and at the same time get absolutely the best in style and quality.

There are extreme styles for young persons who want fashion's latest touch, and there are conservative styles for the conservative man.

SUITS ..... at \$ 6.00 to \$30.00

RESPONSIBILITIES gravitate to the person who can shoulder them, and POWER flows to the man who knows how. —Albert Hubbard

**That's Why so Many Men in This City Come Here For Their Clothes**

They have learned by experience that at this store they get clothes that are "responsible." Clothes that are equal to any reasonable task that is put upon them—whether it be appearance or service.

These men have found out by actual wear test that it pays to buy "responsible" clothes, especially when they can get them for the same cost.

**Got That Fall Feeling Yet?**

We have, and these are a few of the things that we are wearing this fall.

A soft hat in a green or grey with the bow at the back. They cost from \$1.50 to \$5.00.

A snappy shaped Derby with a nicely curled brim and a bow at the back. They're worth from \$2.50 to \$5.00.

For motoring or a trip we wear a tweed hat or cap, because they stick best.

Tweed Hats are ..... \$1.50 and \$2.00  
Caps are ..... 1.00 and 1.50

In gloves we are wearing Dent's, in tan and grey. They cost from \$1.00 to \$2.00.
