VOL. IV. NO. 13

SAINT JOHN, CANADA, WEDNESDAY, APRIL 10, 1912.

EIGHT PAGE

TRADE PACT WAS SIGNED YESTERDAY

Assent of Canadian Government and West Indian Legislatures Pending.
Agreement Will Be Made for a Term of Years and Other Colonies Will Be Encouraged to Enter.

Ottawa, April 9.—Before His Royal Highness the Duke of Connaught, the reciprocity treaty between Canada, the British West Indies and British Guiana was signed at 3.30 this afternoon. A memorandum was subsequently issued but no details as to the commodities included in the agreement were given with it.

The official statement reads: "An agreement was signed today by the representatives of the West Indian colonies and the government of Canada. It includes exchanges of products on a wide and generous scale, and is based on a preference of each country in the markets of the other."

The agreement goes to the governments of the colonies included for consideration, and comes into effect when approved by both the Dominion and colonial legislatures and His Majesty's Secretary of State for the Colonies. It will be possible for all these to consider and decide on the agreement to go into effect before the beginning of the year 1913.

The agreement is between Canada and the interested colonies alone, and leaves both with complete liberty to adjust their tariffs as respects all other countries. Grenada, the Bahamas, Bermuda, Jamaica, and the British Honduras are the only British West Indian colonies that are not included, and for these the treaty is left on the outside of the door, and the "happy hour" benefits in the shape of a warm welcome certain for them when they come.

The questions of improved cable and steamship communications between Canada and the West Indies were carefully considered, and the views of the conference were embodied in resolutions unanimously passed. The objective of these resolutions is to effect an up-to-date and adequate cable and steamship connection, based upon the cooperation of the West Indian colonies, the Dominion of Canada, and the government of Great Britain.

Inasmuch as the agreement is to be submitted to the various governments concerned for their consideration and approval, it is not advisable to give the details thereof at present to the public.

SUBURB OBJECTS TO ANNEXATION--CHARGES FORGERY

Delegation from Georgetown Claims Underhand Methods Were Resorted to to Bring About Union with Moncton.

Special to The Standard.
Moncton, April 9.—There was a hot time at tonight's meeting of the city council, which lasted until the proceedings were brought to a close by the time limit.

A delegation from the suburb of Georgetown, which it is proposed to bring into the city, appeared and charged that names to the petition asking for annexation had been forged and one of the aldermen said there had been dirty business in taking these people in against their will and wanted to send a protest to Fredericton against passing the bill in its present form.

There was also talk of cancelling the lease of the city lighting plant to the Tramways and Electricity Company, and taking over the franchise, it being alleged that the company had not lived up to its agreement and was charging too much for natural gas.

On the casting vote of the mayor action was deferred until the next night of meeting, and in the meantime notice is to be served on the company, and the matter is to be taken up with the public utilities commission.

GAINED TWENTY POUNDS PER DAY
Boston, April 9.—The abnormal weight of 850 pounds attained by Abraham Sodekson, caused his death today from fatty degeneration of the heart. This was the twenty-sixth anniversary of his birth at North End where he had always lived. Four weeks ago when taken ill, Sodekson weighed 424 pounds. During his sickness it is estimated that he gained in weight at the rate of 20 pounds a day.

BULLOCK LEADS FOR FRINK--KEEN CONTEST AMONG THE CANDIDATES

Citizens Candidates For Commissioners All Elected in Primaries.

Frink Will Fight It Out With Bullock For Chief Magistracy

Wide Interest Displayed in Preliminary Elections for Commission Yesterday.

Many Unable to Vote Owing to Unpaid Taxes and Crowded Polling Booths--Many Ballots Spoiled Through Ignorance of New System.

YESTERDAY'S WINNERS.

FOR MAYOR.
T. H. BULLOCK.
JAMES H. FRINK.

FOR COMMISSIONERS.

MILES E. AGAR.
CLARENCE B. ALLAN.
WALTER W. ALLINGHAM.
JOHN MCGOLDRICK.
H. R. McLELLAN.
FRANK L. POTTS.
HERBERT B. SCHOFIELD.
RUPERT W. WIGMORE.

As the result of the preliminary civic elections yesterday the citizens' committee was successful in carrying all of their commission candidates into the final elections, with the exception of the mayoralty candidate, W. S. Fisher, who was badly beaten by T. H. Bullock, the successful candidate and ran within 35 votes of the number polled by Mayor Frink. In the election for commissioners H. B. Schofield led the poll followed by H. R. McLellan, Miles Agar and C. E. Allan. Mr. Schofield ran well ahead of his ticket while Walter Allingham was nearly 500 behind the lowest of the ticket and Alderman Wigmore.

The result of careful organization and a thorough canvass of the polls was seen in the vote cast for the candidates on the citizens' ticket as they all ran fairly well together while their opponents with few exceptions were scattered. A peculiar fact about the contest was that the four candidates for commissionerships on the citizens' ticket, all of whom go into the second election polled a total of 8,229 votes while for their fourteen opponents there was a total of 12,922.

Whether this will have any bearing on the second election of the four candidates from the citizens' ticket will be pitied against the four highest candidates among their opponents, Mr. H. B. Schofield, Mr. H. R. McLellan, Mr. Miles Agar, and Mr. C. E. Allan. Mr. Schofield ran well ahead of his ticket while Walter Allingham was nearly 500 behind the lowest of the ticket and Alderman Wigmore.

A noteworthy feature about the contest was the splendid vote polled by Mr. McLellan, a new man in civic affairs who, single handed, and with only individual organization ran second with the total of 2,217 votes, defeating all the candidates on the citizens' ticket except Mr. Schofield, Ald. Wigmore, McGoldrick and Potts, who also polled a good vote, while of the men who were unsuccessful in landing in the first eight, Ald. Scully was high with 1,247 votes. He was followed by Ald. McLeod of the west end, with 1,018 votes, ex-Ald. Sproul with 861, and Ald. J. B. Jones with 840. George Maxwell, the Labor candidate, also polled well for a new man and had 799 votes to his credit. T. H. Somerville, also a new man, polled 441 votes. Ald. Codner, 416, and Ald. Green, 253. There was a great race for the cellar championship between Fred Hyatt, the Socialist candidate, and John Sims, but Hyatt won with 114 votes against 125 for Mr. Sims.

As in the contest for commissioner last year, the candidates on the citizens' ticket polled the highest votes in the wards in the business centres of the city. They were badly beaten in the West End where the favorite combination seemed to be Ald. McLeod, Scully and Wigmore. In the mayoralty contest the result was not in doubt after the first returns were received. Mr. Bullock secured a comfortable lead in the West End and never lost it. He led in eight of the thirteen wards. Mayor Frink tied in Kings ward with Mr. Fisher, while the candidate of the

citizens' ticket led in Queens and Dukes wards. The vote was not much larger than usual and until the latter part of the day there was little excitement. The same difficulty as in other years was experienced in some of the larger city wards where many citizens were unable to get in to vote. This was especially noticeable in Wellington ward.

There were quite a number of spoiled ballots, some of the voters thinking they had the right to vote for eight candidates for the commissionerships and two for mayor.

The result of the primaries was distinctly a triumph for the organized ticket. When it was learned that Mr. Fisher had been defeated by a narrow margin there was considerable disappointment among the members of the ticket. Well satisfied with the results, the gathering was not particularly enthusiastic, and the candidates who were present were not required to make any speeches.

Speaking to a reporter one of the candidates said that they expected to have a hard fight during the next two weeks. The Citizens' Committee will continue its campaign with redoubled energy.

There was a good deal of complaint about the arrangements for voting in the larger wards. Although a large percentage of the citizens came to the booths with their ballots already marked, the process of casting the ballots in some wards was very slow, and there were long queues of impatient citizens waiting to get into the booths during the better part of the day.

Some citizens complained that they had a chance to vote in a number of wards, and left in indignation. In Wellington ward, it is estimated that 150 voters were unable to get into the booth, and when the polls closed at four o'clock there was a long line of men waiting in Lansdowne ward there was also a large overflow. It is claimed that much of the delay was due to the slowness of the returning officers.

The number of booths was the same as in the last civic election, but the hours for voting were shorter. Owing to the provision of the new charter calling for the appointment of paid returning officers, the elections this year will cost considerably more than in previous years.

PROROGATION IS PROBABLE NEXT WEEK

Likely That Supply Will Be Voted by House on Thursday.

Hydro-Electric Bill Sent Back to Committee of Whole -- Early Closing Bill Through Committee.

Special to The Standard.
Fredericton, April 9.—The legislature resumed business this morning after the Easter vacation. There was a larger gathering of members than was expected, and the regular business was advanced a stage. In the afternoon several committees met and dealt with bills which are not being opposed. The budget debate will be resumed tomorrow, and it is expected that supply will be voted by Thursday and the House prorogued before the end of next week. In the afternoon several committees met and dealt with bills which are not being opposed. The budget debate will be resumed tomorrow, and it is expected that supply will be voted by Thursday and the House prorogued before the end of next week.

The early closing bill which gives municipal councils power to make by-laws regarding early closing was passed through committee. An important government measure providing for the purchase of 18,000 acres of land from the New Brunswick Railway Company was introduced by Premier Fleming. These lands are to be opened up for immediate settlement. Much of the land has already been applied for. Indeed from an answer to an inquiry it would appear that there are more applications than land.

The House adjourned to meet tomorrow at 3 o'clock. The corporations committee met this afternoon. Bills to amend the act incorporating the St. John Rural Cemetery Company and to amend the act incorporating the St. John Law Society were agreed to.

A bill relating to the Buctoncha and Rexton Railway Company was agreed to with amendments to provide that construction shall start in two years and be completed in five years. A bill to incorporate the North and Springfield Telephone Company was agreed to with amendments.

J. S. Armstrong supported a bill relating to the Avon Road Company. He said the company proposed to improve highways and to establish auto routes. The bill was referred to a sub-committee.

The bill to incorporate the Sussex, Stanholm and Havelock Railway Company was agreed to with amendments that construction should commence in three years and be completed in five years.

The committee considered the bill relating to the St. John Canal and Dock Company. Mr. Armstrong presented a plan of the proposed canal, which it is planned to construct from the head of St. John harbor to Marble Cove. He said that the expenditure for the canal would be between two and three million dollars, while an addition of several millions for wharves and other accommodations might be made. The committee decided to further consider the bill at a later date.

THINKS CHURCH IS A FAILURE IN FIGHTING VICE
Toronto, April 9.—It is like putting an ambulance at the foot of a precipice instead of placing a protecting fence around the top, is how B. Steadwell of Lacrosse, Wis., this morning described what the church is doing to suppress the social evil. This remark was made in his opening address to the World's Purify Federation Conference in session today at the Metropolitan Methodist church.

This is the opening meeting of a campaign in which all the important cities of Canada and the United States will be visited, and a greater influence in the suppression of the evil than what is being done by the church in the opinion of Mr. Steadwell, would be to incorporate purity education in the list of public school studies even in the lower grades.

TEAM MAY NOT COMPETE IN BISLEY SHOOT

National Association Objects to Sutherland Sight on Ross Rifle.

Much Dissatisfaction Among Canadian Marksmen Over Attitude of British Authorities--Team May Not Sail.

Ottawa, April 9.—It is still doubtful if Canada will this year send a team to the Bisley shoot. The action of the council of the National Rifle Association in refusing to accept the arm which the Minister of Militia declares is the national arm of the Canadian militia has not been amended and is still causing trouble for the executive of the Dominion Rifle Association, which has charge of the sending of the team from Canada.

The British authorities have sent out a sight made by the Birmingham Small Arms Company which they say they have decided to accept. The plain intimation is that the Canadian made Sutherland sight should be taken up by the Ross rifle, and the Canadian Bisley team, and the Birmingham sight substituted for it.

In that case the national committee would allow the Canadian team to shoot all through. One of their rules says that the weapon must be the authorized service rifle and the combination of Ross rifle and Birmingham sight would hardly pass this rule.

GOVERNOR'S BALL PROVED A BRILLIANT FUNCTION

More Largely Attended Than Any Similar Event in Recent Social History of Capital--Legislative Halls Assumed Festive Appearance for the Occasion--Majority of Members of Legislature in Attendance.

Special to The Standard.
Fredericton, April 9.—The ball given by Lieut. Governor Wood in the legislative building this evening was more largely attended than any recent event of similar character. A large number of invitations were sent out all over the province and acceptances have been very general. Every member of the legislature brought his quota of guests. All the members of the government were present and the majority of the members of the legislature were also present.

The Governor Woods has been prolific in his entertainments since he assumed the gubernatorial chair and his daughter, Mrs. Black, who has been obliged to take the place of her mother, whose illness is generally regretted, has become extremely popular in Fredericton society. There has been a general round of entertainments. The Governor has given several dinners and there will be others still. Reception has been held every Wednesday in the Governor's private apartments at the Barker House. At homes have been given by the wives of the Premier and Leader of the Opposition and the wives of the other members have also entertained. Fredericton has not experienced such a whirl of social gaiety during the legislative session for years.

The legislative chamber is perhaps the handsomest single room of the province. With a high ceiling and well ventilated it is an ideal room for a grand ball, and readily accommodates 600 guests. It is now brilliantly decorated with flags and bunting. There is a great deal of dissatisfaction among the executive of the D. R. A., among shooting men and among militiamen generally, over the attitude of the national executive in this matter, and it has served to recall and accentuate the manner in which Canadian marksmen have been interfered with by Bisley officers for the past three or four years, in fact ever since Canada began arming the team with a Canadian made rifle.

This year, while the Bisley team is being armed for service, a majority of the authorities here believe that the team will not sail.

CONGRESSMEN DISREGARDED THEIR OATHS

New Yorker Accuses Representatives of Perjury in Pamphlet.

Arrested Because He Claims all Congressmen are Crooks and Libels Hon. Henry D. Clayton.

New York, N. Y., April 10.—Henry W. A. Page, a well to do commission merchant and importer of linens and cottons was arrested here today on a federal warrant from the district of Columbia, charging him with libeling Representative Henry D. Clayton, of Alabama, chairman of the house committee on judiciary and other members of congress. Page took his arrest coolly; in fact he requested that the federal officers be notified that he was waiting for the arrival of officers. When arraigned he gave \$5000 bail for his appearance in Washington where he will go without fighting extradition.

In the indictment, which contains 3 counts, Page is charged with having circulated alleged libellous matter in a pamphlet, bearing a title page as follows: "The Crime of the Hon. Henry D. Clayton."

Congressmen Commit Perjury. On the title page these captions were followed by these questions: Q.—Do congressmen take a solemn oath to defend the constitution against all enemies? A.—Yes. Q.—Do congressmen keep their oath? A.—No. Q.—Why do not congressmen keep this solemn oath? A.—Because all congressmen are crooks.

At the bottom of the title page is the following from Ecclesiastes 1:5: "Better it is that thou shouldst not know, than thou shouldst know and not say." This pamphlet addressed to all the members of the house committee on judiciary, was circulated among all the members of the 62nd congress.

CREW ABANDONS WRECKED STEAMER

Montauk Point, N. Y., April 9.—Rising seas forced the abandoned steamer today to the shore of Ontario, which heaved to save her passengers when the vessel took fire early Monday morning.

Eight members of the crew took refuge on the lumber cutter Acushnet, and the remainder were taken aboard the wrecking tug Taseo. All are now en route for New London Conn.

A Sale of Bedsteads AT COST And Why

We intended handling furniture, but on account of the amount of space required, which would interfere with our rapidly growing business in other lines, we have decided to sell off the bedsteads on hand (which consist of brass and white enamel) at cost --- the greatest bargain ever offered in this line of goods.

The sale will be short, but if you do not require one before May 1st we will store it free of charge. Come and examine at once before the best selections are made.

Asepto Store

Corner Mill and Union Streets

TO THE ELECTORS OF ST. JOHN

Ladies and Gentlemen:

Permit me to extend to you my sincere thanks for the magnificent support tendered me by you in the primary contest. May I respectfully solicit the continuance of this support in the final contest on Tuesday, April 23rd.

Thanking you in anticipation,

Yours sincerely,
T. H. BULLOCK.

CARD OF THANKS

I desire to thank the ladies and gentlemen electors of St. John for the generous measure of support tendered me in the preliminary contest, and to solicit from them their further support in the approaching final election.

JAMES H. FRINK

CARD OF THANKS

Please accept my thanks for your splendid support in yesterday's contest, and trusting to receive your further support on April the 23rd, along with others who may be relieved from promises.

I am, yours respectfully,

F. L. POTTS

RED ROSE FLOUR

DIED.

ROBINSON—At Palouse, Washington, April 8th, James Robinson, in the 56th year of his age, leaving a widow, two sons and one daughter, his mother, Mrs. Thomas G. Hunt, aged 67 years, daughter of the late Captain A. Finley, of this city. Funeral service today at 2:30 o'clock from the residence of her daughter, Mrs. Norman L. Gregory, 247 Charlotte street.

D. BOYANER, Optician.
Eyes tested, Glasses properly fitted, for the correction of any defect that can be remedied with glasses. Kryptok and Toric Lenses a specialty. 38 Dock Street.

CARD OF THANKS

Ladies and Gentlemen, Electors of the City of St. John:

I beg to thank you for the support so generously accorded me in yesterday's preliminary election for the commission, and to solicit your votes in the coming final contest.

RUPERT E. WIGMORE

A Dangerous Hole.

The police report a dangerous hole on the corner of Britain and Pitt streets.

German steamer Willehad, now on her way to Rotterdam from this port, took away a cargo valued at \$115,812. Her wheat shipment was 75,086 bushels.

CARD OF THANKS

Please accept my thanks for your splendid support in yesterday's contest, and trusting to receive your further support on April the 23rd, along with others who may be relieved from promises.

I am, yours respectfully,

F. L. POTTS

When the Food Ferments

Chronic dyspepsia is essentially a disease of the intestines rather than of the stomach. The trouble is caused by the food passing too slowly along the alimentary canal and fermenting instead of being digested. It will be found that the liver is sluggish and the bowels constipated. The fermenting food gives rise to gas, which crowds the lungs and heart, gives rise to belching wind and to smothering sensations. The stomach gets sour the food repeats and leaves sour taste in the mouth; you feel out of sorts and are unfit for work or pleasure.

By using Dr. Chase's Kidney-Liver Pills you can get rid of this congested condition of the digestive organs in quick time. The liver is awakened and the system is thoroughly rid of the poisonous waste matter which has been causing so much trouble.

WITH THE BOWLING LEAGUES

Last night on Black's alleys in the City League the Ramblers took three points and the Tigers one. In the Commercial League the S. Hayward & Co. team took the four points from Brock and Paterson. The score was as follows:

CITY LEAGUE.	
Tigers.	
Lunney	83 105 82 270 90
Mitchell	68 79 82 239 79.25
Belyea	71 102 78 251 83.25
Moore	84 80 80 244 83
Bailey	85 88 87 260 86.25
391 459 419 1269	
Ramblers.	
Wilson	82 94 88 265 88.13
Jordan	73 87 101 261 87
Sutherland	80 89 88 247 89

At Cincinnati—Detroit, 6; Cincinnati, 1.
At Philadelphia—Philadelphia Nationals, 10; Philadelphia Americans, 5.
At Washington—Brooklyn Nationals, 5; Washington Americans, 7.

COURT TENNIS CHAMPS

New York, N.Y., April 10.—The most interesting of the three court tennis championships matches played here today was that between Vane Poppel, of England and W. H. T. Huhn, of Philadelphia. Huhn surprised everybody by taking the first two sets from the former British champion. The latter improved suddenly, taking the third set 6-3 and in the next beating Huhn to love. Poppel practically played Huhn off his feet in the deciding set for the match in 2-2. Pierre Lovillard of Tuxedo, who drew a bye, will meet the Englishman tomorrow in the semi-finals, the other pair being Charles E. Sands of this city and Joshua Crane of Boston. Summary: Joshua Crane, of Boston, beat T. A. Havenmeyer, New York, 6-3, 6-1, 6-2. Vane Poppel, England, beat W. H. Huhn, Philadelphia, 6-6, 1-6, 6-3, 6-0, 6-2.

GAMBLE FOULED AND LOST

Special to The Standard, Boston, Mass., April 9.—George T. Gamble, of St. John, N. B., fought a hard and furious bout in the semi-finals of the 145 pound class of the A. A. U. national boxing championships tonight in Mechanics Hall, only to lose out in the second round, being disqualified for hitting low. Gamble, until ordered from the ring, held his opponent, Askins, of Boston, well. It was the opinion of the fans that Gamble's blow was accidental, as he was in-fighting when disqualified. Askins later won the championship.

The other lad from the provinces to do well, was Don McDonald, of New Glasgow, who went as far as the semi-finals in the 150 pound class. Mac fought a hard go with Arthur Sheridan, the New York champ, who finally won the championship. At the conclusion of the three rounds between McDonald and Sheridan, both were so weak that they could hardly stand. Many of the spectators thought they should have been sent another round before a winner was declared.

Jimmy Lynch won the 165 pound title. John Cooper, of Chelsea won the 175 pound class, and Tommy Regan, the A. A. U. champion, was victorious in the 215 pound class. Al Walimans, of New Orleans, was the final victor for the middleweights and J. Silverino, however, was defeated in a special bout with A. Berkler, of New Orleans, after the latter had lost out in the middleweight trials.

ENGLISH FOOTBALL RESULTS

London, April 9.—Results of league games played today were:
English League—Div. 1.
West Bromwich A., 0; Preston N. E., 2.
Tottenham H., 1; Manchester, 1.

Huddersfield, 0; Hull City, 2.
Leicester, 2; Clayton, 0.
Southern League.
Northampton, 3; Stoke, 1.
Leyton, 3; West Ham, 1.
Brighton, 4; Crystal Palace, 1.
Bristol R., 1; Reading, 1.

MAY ATTRACTIVE PLAYS

Remarkable Production Now Being Offered by Helen Gracey.

The last rendition of Charlie's Aunt is announced for this afternoon. The wonderful success of Helen Gracey and her players in this bright comedy is the talk of the town. For this evening a dramatization of the famous Bronie novel, Jane Eyre will be given. Will-fire tomorrow afternoon will also be offered for the last time. It is rare indeed, that such an all round clever gathering of actors visits St. John, and therefore their appearance in Romeo and Juliet Thursday evening is one of the most important events of the fourteen days' visit of the company. Arizona, Friday night and the remainder of the week.

HALF A MILLION ACRES SUBMERGED NOW IN ARKANSAS

Memphis, Tenn., April 10.—Between 1700 and 2000 square miles, including more than 500,000 acres of rich farming lands in northeastern Arkansas are affected by a break in the main line of the levee system about 50 miles north of Memphis near Golden Lake, Ark. Today Marked Tree and Wilson, Ark. are inundated and many other villages are threatened. No loss of life has occurred so far as is known here tonight. Telephone lines to Marked Tree and Wilson were down. The damage will run into millions. Thousands of head of live stock have perished. Boats bearing rescue parties are in the parts of the flooded area nearest Memphis. Relief parties also have been organized and despatched from Osceola, Ark. and other towns.

GAYNOR MAY BE SEEKING NOMINATION

New York's Ninety Delegates Pledged Neither to Taft Nor Roosevelt and Leaders Favor the Mayor.

New York, N. Y., April 10.—With the return today of Charles Murphy, leader of Tammany Hall, from Atlantic City, it was declared that if the counsels of the party leaders were followed, as there is every reason to believe they will be, New York's 90 delegates to the Democratic national convention will go to Baltimore unpledged to any candidate for the presidential nomination.

It was freely predicted by leading Democrats today that the speech by Mayor William J. Gaynor before the national Democratic club which is to celebrate the 169th birthday of Thomas Jefferson at a dinner at the Waldorf Astoria on next Saturday evening, would be the formal announcement of his candidacy for the presidential nomination.

It is declared by close friends of the leaders, including those of Mr. Murphy, that the 90 delegates from New York, even though, as seems probable, they are to go to Baltimore unpledged, will vote for Mayor Gaynor. It was pointed out today that friends of Mayor Gaynor already have engaged rooms at a Baltimore hotel, and that headquarters will be opened there in the interests of Mayor Gaynor should he consent to be a candidate for the presidential nomination.

It is declared by close friends of the leaders, including those of Mr. Murphy, that the 90 delegates from New York, even though, as seems probable, they are to go to Baltimore unpledged, will vote for Mayor Gaynor. It was pointed out today that friends of Mayor Gaynor already have engaged rooms at a Baltimore hotel, and that headquarters will be opened there in the interests of Mayor Gaynor should he consent to be a candidate for the presidential nomination.

Whenever the telephone rings, a 17 year old girl is always sure it's for her.

ANGRY FATHER SHOT SUITOR

Mexican Whistled for Sweetheart but Was Met by Fusillade of Revolver Shots—Two Injured.

Valleyfield, Que., April 9.—Whistling to his sweetheart to come to a window that he might speak to her, Jules Petro was surprised when, instead of the smiling face and figure he expected to see he was met with an infuriated father and two friends, all armed with revolvers. A wild revolver battle followed in which two were injured.

The dark eyed Mexican was a suitor for the hand of pretty little seventeen-year-old Alice Spedding, who lives with her father between Grande Isle and Valleyfield, and his courtship ended amid the rattle of a pitched gun battle during which Richard Pickup and James Sharron, two Englishmen were wounded, neither seriously.

In all some fifteen shots were fired. Petro, as far as can be ascertained, escaped being hit by any of the ten or a dozen bullets aimed at him.

The Mexican who arrived in Canada two years ago entered the service of Farmer Spedding and was dismissed because of his persistent attentions to the farmer's daughter.

Time and time again, it is said, the girl's father had warned the Mexican away from his property, but each time the faithful lover returned to the home of his lady love, and it is even hinted that he was not altogether discouraged in his love making by the girl.

The two wounded Englishmen are in the hospital at Valleyfield, but their injuries are said to be slight.

THE SACKVILLE NEWS LETTER

George Wallace Dies at Port Elgin—Death of J. J. Sutherland, at Parrsboro, N. S.—Other News.

PILES CURED

Writing from Poplar, B. C., Mrs. C. Hanson, proprietress of the Commercial Hotel, says: "I suffered for years with bleeding piles. The pain was so bad at times that I could hardly walk, and ordinary remedies seemed utterly unable to give me any ease. Finally I decided to undergo an operation, and went to the Sacred Heart Hospital in Spokane. There they performed an operation. For a time I was certainly better, but within two months the piles became as painful as ever. I tried liniments, hot poultices, various 'pile cures,' and indeed everything I could think would be likely to do any good, but still continued to suffer, and the shooting, burning, stinging pains, the dull,aching, 'worm-out' feeling, that the disease causes continued as bad as ever.

"One day I read about Zam-Buk and thought I would try it. The first one or two boxes gave me more ease than anything else I had tried, so I went on with the treatment. In a short time I began to feel altogether different and better. Well, I went on using Zam-Buk, and by the time I had used six boxes I was delighted to find myself entirely cured. That was three years ago, and there has been no return of the trouble.

Zam-Buk is a sure cure for piles, eczema, ulcers, abscesses, eruptions, chapped hands, varicose sores, burns, scalds, bruises, inflamed patches, and all skin injuries and diseases. Druggists and stores everywhere, 50c. box, or Zam-Buk Co., Toronto, for price.

DOCTORS COULD NOT HELP HIM

BUT GIN PILLS DID

"During August last, I went to Montreal to consult a specialist as I had been suffering terribly with Stone in the bladder. He decided to operate, but said the stone was too large to remove and too hard to crush. I returned home and was recommended by a friend to try Gin Pills.

"They relieved the pain, I took two boxes and went back to the specialist. He said the stone was much smaller, but he could not remove it although he tried for two hours and a half. I returned home and continued to take Gin Pills—and, to my surprise and joy, I passed the stone. Gin Pills are the best medicine in the world, and because they did me so much good, I will recommend them to all the rest of my life."

ALBERT LESSARD, Joliette, P. Q. See a box, 6 for \$2.00, at dealers and money back if they fail to give relief. Sample box free. National Drug and Chemical Co., of Canada, Limited, Dept. 183, Toronto.

Skin on Fire?

Just the mild, simple wash, the well known D.D.D. Prescription for Eczema and the ache is gone.

We have sold other remedies for skin trouble but none that we could personally recommend as we can the D.D.D. Remedy. Clinton Brown, Drugist.

TIRED WOMEN

ANNUAL MEETING OF TRINITY CHURCH

Sunsey, April 6.—The Easter Monday meeting of parishioners of Trinity Church, Sunsey, was held in Medley Memorial Hall, with a fairly good attendance of parishioners. The accounts and financial statement presented by Dr. Warden Goodfellow, showed the church to be in a most satisfactory condition.

Some improvements are under consideration looking forward to the meeting of the church and will probably be put into effect the coming summer. The election of officers for the year 1912 was held on Friday, April 6. St. Warden—S. J. Godfrey, Jr. Warden—Jas. H. Jeffrey. Vestrymen—W. S. Smith, Dr. G. N. Pearson, P. A. Robertson, E. H. Arnold, G. W. Hoyt, A. E. Pearson, W. N. Robinson, J. S. Knox, Arch. Adair, F. W. Wallace, W. C. Hunter, J. C. Martin. Representatives to Synod—A. E. Pearson, G. H. Adair. Stewards—J. H. Jeffrey, W. S. Smith. Auditor—J. P. Altherton. Vestry Clerk—E. A. Charlton.

CHINESE FAMINE FUND

Within a few weeks there has been organized in Toronto a Chinese Famine Relief Fund, with the Governor General as patron, the Lieut. Governor of Ontario as honorary chairman, R. S. Gourlay, chairman, Joseph Henderson, vice-president of the Bank of Toronto, honorary treasurer, and Wm. D. Bayne, honorary secretary. Up to March 29, they had received from Presbyterian and Methodist sources \$8,398.87, and C. H. Keyes tells us in his letter of April 3 that they would back \$10,000 to China in a few days.

In this circular they say:—"In Asia the 20th century is China as it is in Canada in America. China is now the scene of a transformation the most marvellous in history, and what is happening there is of importance to us, since in this rapidly shrinking world Canada and China are neighbours. Familiar at any time is the grievous affliction, but added to political revolution, as in China, it must stir the sympathy of a people as favoured as Canadians are with stable institutions and blessed with abounding prosperity. Here, there is a unique opportunity to show practically our good will to the new Chinese nation in the time of their sorest need. Scattered contributions are already being sent in through United States channels, but it is the general feeling that our plan of relief should be carried out on a national scale."

\$245 of donations, received by our local treasurer from New Brunswick and a few places in Nova Scotia, was forwarded on the 8th March to the relief committee in Shanghai through the International Banning Corporation of New York, but as they have worked up in Toronto, and have formed a Canadian National Effort for China's relief, the balance of contributions received here will be sent through them. The total received here to date is not quite \$200 less, than the amount received at the closing of the fund in St. John in July of last year.

Chinese Famine Fund. Periodically reported. \$758.42. April 1, 1912, per Rev. W. R. Crowell. United Baptist Church, \$7.75. April 2, 1912, per Mrs. J. J. Collier, Fredericton, N. B. Methodist Church, \$1.00. Mrs. A. C. M. Lawson, \$1.00. Mrs. T. J. Collier, \$1.00. Mrs. P. G. Collier, \$1.00. Mrs. T. P. Fraser, \$1.00. Ebenezer Street Baptist Church, Mrs. Walter Burdett, \$1.00. St. S. Church, \$1.25. Per Rev. Gordon Dickie, J. Sterling King, \$1.00. April 3, 1912, per Rev. H. E. Thomas, \$1.00. Carleton Methodist Church, \$1.25. April 1, 1912, per Gray & Ribey, \$1.66. Per Church of England Institute, \$2.00. Anonymous, \$2.00. Total, \$1,819.72. Already remitted to China on cable transfer, \$1.00. Balance on hand, \$268.82. \$1,819.72. J. CLAWSON, Treasurer.

PICTURE SHOWS INCITE BATTLE AMONG CHILDREN

Toronto, April 9.—In a battle which was waged nearly all yesterday afternoon between rival gangs of boys around the Grand Trunk tracks at Jones avenue, thirteen-year-old Edward Bains of 17 Maple-wood avenue, was shot through the hand with a small calibre rifle and Gordon Foster, 12 years old, 5 Victoria avenue, was injured seriously. The mother of young Foster declares that the battle was the result of ideas gained by the lads of the neighbourhood at moving picture shows.

TWO ARE HELD FOR DEATH OF GEORGES LECLERC IN QUEBEC

Quebec, April 9.—As a result of a coroner's inquest held in the presence of Louis Geroux and Joseph Gagnon are held responsible for the death of Georges Leclerc, which occurred last Friday.

Leclerc was beaten to death last Thursday near a bar room in St. Roch. Both prisoners will stand trial at the term of the Court of King's Bench, which opens tomorrow.

REBELS CAPTURE CITY OF JOJUTLA

Mexico City, April 9.—The City of Jojutla, in the State of Durango, has been taken by 1,000 rebels under the command of Emiliano Zapata, according to a report received here. The rebels are said to be making a serious attack and a severe fight is pending.

ST. JOHN, N. B., WEDNESDAY, APRIL 10, 1912.

WHO SHOULD GET THE CREDIT?

It is a habit of the Opposition at Fredericton to give all the credit to the Government for the enormous increase in the revenues of the Province during the past four years. No Opposition speaker would consider that he had done his full duty if he failed to allude to the fact that the old Administration succeeded in getting a re-adjustment of the Dominion subsidy by which the Province in receipt of \$150,000 more than it formerly was. Mr. Robinson in dealing with this question the other day told the House in very plain language that New Brunswick got but scant justice in this rearrangement of the subsidy and that there were still unsettled claims against the Dominion amounting in the total to a very large sum.

For years successive Governments have been endeavoring to secure the adjustment of fisheries claims against the Dominion Government, but owing to some reason the claims were still pending when the Borden Administration came into power. While Sir Wilfrid Laurier did not deny that New Brunswick had a good claim against the Dominion he made no effort to have it adjusted, although he appeared on more than one occasion by representatives of the New Brunswick Government. Successive Ministers of Marine promised to adjust the claims but never got beyond the correspondence stage.

When Mr. Fleming was Provincial Secretary he urged the Ottawa Government, led by Sir Wilfrid Laurier, to do justice to the Province, but the claim was not nearly settled after the appeal from former appeals. A few months ago Mr. Fleming went to Ottawa and submitted the claims to a committee of the Privy Council was appointed to make a complete examination of all the facts connected therewith with a view to a final adjustment. This is the first real progress that has been made towards a settlement of an outstanding claim of over twenty years ago.

In 1882 when Mr. Blair came into power the total revenue of the Province was in the vicinity of \$800,000, of which \$465,880 was from the Dominion subsidy. In 1911 the revenue had risen to \$1,347,977, of which the Dominion contributed \$594,904 in the form of subsidies. The greater part of this increase, amounting to over half a million dollars, came largely from the territorial revenue, which amounted in 1911 to \$528,000 as compared with \$184,000 in 1882. Had it not been for the increase in the territorial revenue the Government of the Province would have been unable to have increased the expenditure for important public services much beyond the figures of 1882, as the debt had increased from about a million dollars to nearly \$6,000,000 under the Administration of Mr. Blair and his successors.

In 1885 the Province was paying about \$60,000 for interest on the permanent debt and in 1908 about \$240,000 as a result of twenty-five years of Liberal rule. The difference in the interest charges, therefore, amounts to \$180,000 or \$50,000 more than the increase in the Dominion subsidy secured by the old Government. Had the Haza-Fleming Administration been unable to increase the territorial revenue they could not have expended any more on public works, education and agriculture than the old Government did.

THE LESSON OF THE COAL STRIKE.

The settlement of the British coal strike on the tentative basis of the Minimum Wage Bill, introduced by the Asquith Government, discloses one or two features in relation to Free Trade and Protection regarding which there can be no misapprehension.

In the first place, it has been made clear that the act deals only with the recent crisis in the coal mining industry, and does not profess to be a far-reaching measure applying a statesmanlike remedy to the general unrest which prevails in Great Britain. Secondly, while conferring statutory rights on the miners, there are no statutory safeguards against the abuse of these rights. There will be no compulsory arbitration, and no security against further strikes. It has, therefore, no element of stability even for its three years' currency as an Act of Parliament. There is nothing to prevent the same lamentable conditions recurring in a few months or even a few weeks. So far from being a settlement, it may only provoke further unrest, and give rise to a demand for still further statutory benefits.

But the outstanding feature of the act undoubtedly is the adoption of the principle of a minimum wage. This means, it is hardly necessary to point out, the complete abandonment of the principle of "laissez faire" which, until lately, has been the historic creed of the Free Trade party in England. The orthodox Free Trade view was that the duty of the Government with regard to labor disputes was simply to "keep the ring," and let the combatants fight it out to a finish. An employer was left free to bargain as he chose with his workpeople. Now this is all changed. A Radical Free Trade Government have adopted undisciplined protection. Wages in the coal industry are to be regulated, not by any natural law of supply and demand, nor by negotiations between master and workman, but by the State. Should the workers in other industries demand that Parliament shall do for them what it has done for the miners, it is not easy to see how the Asquith Government can logically refuse their request.

One point is very clear. The general adoption of the principle of the minimum wage, the demand for which has been encouraged by the action of the Asquith Government with respect to the coal miners, necessarily involves the tariff protection of British industries. If the Government protect the wages of the workers they must also protect the profits of the employers. Manufacturers cannot live without profits any more than workpeople without wages. If the Government dictate to an employer the rate of wages he must pay his workpeople, it follows that they must enable him to make sufficient profits to meet the demand. In other words, they must see that he is placed on fair terms of competition with foreign manufacturers who are not subject to similar restraints. Otherwise it will be impossible for British manufacturers to carry on business, and the latter state of the workpeople will be worse than the first. A minimum wage, therefore, must fall in its object if it be not accompanied by tariff reform. But Tariff Reformers in the Old Country believe that the policy for which they stand

would render a state-controlled minimum wage entirely uncalculated for. They are fully convinced that a tariff on competitive goods coming from abroad would stimulate British industries as to lead to a general rise in the level of wages, and this, as Mr. Bonar Law has said, would be "the greatest of all possible social reforms."

THE NOTIONS OF MR. PUGSLEY.

(Frederick Gleaser.)
Mr. Pugsley persists in his amusing habit of advertising in the St. John Telegraph his great interest in the development of St. John as a winter port and an industrial centre. Every practical and well defined move by Mr. Hazen or the Department of Public Works is followed by a published interview, in which the ex-minister very gravely says "that is what I intended to do; that was my scheme; I left the instructions behind, and I am very glad they are being adhered to; it is a great satisfaction to me," etc., etc. And the Telegraph, influenced by notions quite as silly as those which move Mr. Pugsley, indulges in editorial comment.

It does not yet appear to have occurred to Mr. Pugsley that the sensible citizens of St. John and the people of New Brunswick are a lot more concerned just now in what is being actually done for the present and for the future than in what Mr. Pugsley promised to do, and did not do. If Mr. Pugsley can get away from the notion that there are any number of people in this Province in any way interested in what he claims were his intentions he will make himself less ridiculous and his political game the less transparent. Our people are used to business now. They have had enough of the Pugsley promises, and there has been a surfeit of quack advertising.

Grant, however, that Mr. Pugsley's interest in St. John and in New Brunswick was just what he says it was; grant—and few will deny the position in this respect—that the national importance of St. John demanded specially large expenditures and the rapid development of the port, why did he have to wait for a change of Government, by which Mr. Pugsley was thrown out of office, before any substantial progress was made? We do not doubt that Mr. Pugsley tried hard before the general elections of September last to have a contract signed that he might go with it to the people for political purposes, if for no other reason; but he failed.

Although Minister of Public Works, he had not the influence with his colleagues in the Government to get the business through. He does not seem to have had their confidence, for there seems to have been a suspicion about everything he touched. The Government would only go as far as to create the impression on the eve of a general election that they intended to move. Mr. Pugsley was really dead as a controlling influence, and this notwithstanding the fact that the business was in the department over which he presided.

As a matter of fact, he was not even an important factor. It was not until Mr. Hazen as the representative of this Province in the Cabinet interested himself in the business that practical shape. Mr. Hazen had so established himself as a man of influence in the Cabinet, confidence, and who invariably viewed matters from the broad standpoint of the public good; and within a few short weeks of his taking office an order-in-council was passed authorizing the entering into a contract, and within a few weeks following the details were arranged and the contract signed.

Will Mr. Pugsley ever learn that it is men who do things, accomplish something for the good of the Province who enjoy the respect and confidence and end the interest of the people. In this age of political business activity, he who had not the influence to accomplish anything when he was in power, but who persists in writing interviews with himself to say what he would like to have done, must be regarded more or less as a joke, for he has passed beyond the limit of sympathy even in the ranks of his own political party. Experience has shown that the Province is much the better for men of influence at Ottawa.

THE CIVIC ELECTION.

The result of the polling at the civic election primaries yesterday must be regarded generally as satisfactory. There will naturally be some regrets that this or that candidate is missing from the list of survivors, but it must not be forgotten that St. John has not witnessed for many years a civic election in which so many citizens with strong claims for support were engaged. For the Mayor's party this is particularly true. There can be no doubt that Mr. W. S. Fisher was under a great handicap by his absence from the city. With two opponents of the calibre of Mr. Bullock and Mr. Pritch his chances under those circumstances were greatly reduced.

It is to be regretted that so many voters were unable in some wards to record their votes. For this the new conditions under which the election was held are probably in part responsible. The final test a fortnight hence should bring out a record vote. Whatever the result, the city is assured, by yesterday's polling, of a strong and businesslike Council at a period in its history when these qualifications are especially to be desired.

Current Comment

(Nelson, B. C., Daily News.)
Why should Canada rely upon the taxpayers of Great Britain for the protection of her commerce on the seas and the defence of her shores?

(Toronto Mail and Empire.)
No matter how warm and sincere the compliments a woman may receive about any Easter bonnet, she will not consent to be flattered into wearing it the second Spring.

(Mail and Empire.)
The Dickens fund in England has closed with contributions amounting to \$42,000. The money will be put at interest and will be sufficient for the support of the novelist's granddaughters, who are in need. Our debt to Dickens is not reduced by this small payment on account.

(Montreal Gazette.)
Professor Keith, of London, after much ethnological study and observation, has reached the conclusion that the Garden of Eden may have been in the neighborhood of the South Pole. Perhaps the professor is right. Judging from the experiences of Captain Scott's expedition, however, there has been a great change in climate and surroundings since Adam's time.

(Calgary Herald.)
It has been presumed in some quarters that the coal strike in Great Britain will reduce British immigration to Canada this year. The result of the labor difficulties is quite likely to be the reverse. Today two miners, direct from the Rhymney valley in South Wales, reached Calgary on their way to the Crow's Nest Pass. British immigration this year will break all records.

(London Chronicle.)
There are differences in these days between men and women. But have you noticed the small differences? It was a domestic servant who pointed it out to me when she struck a match. Note a woman striking a match. She strikes it outward. And that observant girl could always detect the sex of the striker upon the stage by the way matches were struck. A man scrapes the match to himself, the woman the other way.

Most Anything

Did you ever see a man propose
And note his frightened look?
He acts just like a foolish fish
When jerked fresh from the brook;
Why shouldn't he, when well he knows
She's got him on the hook.

The danger of a little knowledge
of things is disputable; but beware
the little knowledge of oneself—
George Meredith.

Do You Remember—

Piping Hot Water Always Ready

for every occasion, with the Kootenay Steel Range,
without "driving" the fire or wasting fuel. The
generous firebox is built so that the water heats very
rapidly as it passes through the water front, and
gives a plentiful supply. One bath usually empties
the boiler heated by an ordinary range with the
result that the rest of the family must wait for more
water to heat. Not so with the boiler attached to
the water front of a

KOOTENAY steel Range

because the Kootenay never fails to heat as much
water as is required and as fast as it is used. The
nearest McClary Agent will make clear to you the
reasons why you ought to own a Kootenay.

I. C. R. TO RUN "FARMING SPECIAL"

Lectures on "Better Farming" to be Given to New Brunswick Farmers.

Farmers along the line of the Intercolonial Railway in New Brunswick will have the opportunity next June to take advantage of lectures on "better farming" to be delivered by members of the staff of the Provincial Government Department of Agriculture. In connection with the tour of the "Better Farming Special" train, the Intercolonial Railway will furnish the exhibit train, which will consist of three baggage cars laden with specimens for illustration and demonstration, a passenger car where the lectures are to be given, and a car for the habitation of the officials in charge. The train will start from Fredericton about June 20th and its stops will be governed by a schedule which will be announced at a later date. The principal points along the Fredericton Division, to Blackville, will be visited, thence via the Indian River Branch to Millerton and thence to Newcastle and Chatham. From here the "Farming Special" will proceed East as far as Sackville, making stops long enough for lecturing purposes at Barnaby River, Rogersville, Harnett, Moncton, where a two hours' stop will be made, the schedule will then cover Salisbury, Petticoat, Sussex, Norton and Hampton. The North Shore will then be visited and stops made from Bathurst to Campbellton and Dalhousie, after which the train will return to Fredericton.

The object of the tour of the "Farming Special" is to instruct the farmers in the more advanced and scientific methods of agriculture, and the exhibit material carried on the train is merely for the purpose of demonstration. A hearty invitation will be extended to farmers all over the province to assemble at the most convenient railway point on the day scheduled for the visit of the train, and attend these lectures, and by questioning and inspection gain whatever knowledge or enlightenment they may require. These "Farming Specials" have been run in Ontario and the West with most satisfactory results, and they should prove a great benefit to the farmers of our own province.

WAS SO RUN DOWN COULD NOT DO ANY WORK

Thought She Was So Far Gone Nothing Could Cure Her.

MILBURN'S HEART AND NERVE PILLS Made Her Strong and Healthy.

Many women get run down, and are unable to look after their household duties, owing to their nervous system becoming unstrung, and when this happens, the heart starts to work in sympathy with the nerves. In Milburn's Heart and Nerve Pills is combined a treatment that will cure all forms of nervous disorders, as well as act on the heart itself. Mrs. F. McEadyen, Brookside, writes:—"It is with the greatest pleasure I write you stating the benefit I have received from using Milburn's Heart and Nerve Pills. This spring I was so run down I could not do any work, and one day a neighbor advised me to try your Pills. I told her that I thought nothing could cure me, as I was too far gone. But she told me to try a box of Milburn's Heart and Nerve Pills, which I did, and before I had finished them, I began to improve, and when I had finished the one box I was as strong and healthy as any person. Anyone who is suffering from heart or nerve troubles should take your Heart and Nerve Pills and they will soon discover their worth."

Price 50 cents per box, or 3 boxes for \$1.25, at all druggists, or mail direct on receipt of price by The F. Milburn Co., Limited, Toronto, Ont.

C. P. R. CAR SHOPS BEING ERRECTED NEAR CALGARY, ALBERTA

The great car shops which the Canadian Pacific Railway Co. is erecting near Calgary, Alberta, will rank amongst the biggest undertakings of Canada's great transformational road. They are happily named the "Ogden Shops," in honor of Mr. I. G. Ogden, one of the vice-presidents of the company, and the town which will grow up around them is also to be called "Ogden." The shops are of course, to be of the most modern construction and equipment, and will consist of a group of twenty buildings, and occupy an area of 120 acres of land, the locomotive works alone covering from six to eight acres. The Ogden shops are intended by the C. P. R. to provide for the repairs to equipment on its western lines. That they will have plenty work to do is evidenced from the fact that the Canadian Pacific Railway makes it a point to completely overhaul its rolling stock at least once a year. This company does this so that its equipment may always be in the highest possible state of efficiency. A few years ago the Angus shops at Montreal and the shops at Winnipeg were sufficient for this work, but the C. P. R.'s equipment has increased so greatly within the last few years that the Ogden shops are a necessity. Between two and three thousand men will be employed and they will be systematically housed on a modern plan that will make the town of Ogden one of the world's model lives of industry and an ideal residential place for the workmen.

The naming of the shops after Mr. Ogden is a particularly happy choice by Sir Thomas Shaughnessy, for that gentleman is one of the real old guard of the C. P. R.—a veteran in deed—having for thirty-one years given the best of his talents to the company's service.

A New Yorker by birth—belonging to a family of financiers, his forerunners having been bankers—Mr. Ogden has spent the larger portion of his busy life in the finance departments of railways. In 1871 he became paymaster and accountant of the Chicago and Pacific Railway and five years later was made auditor of that company. The high reputation he gained with the C. P. R. attracted attention towards him, and at the birth of the Canadian Pacific Railway Company in 1881, he was selected to take charge of the finance of the western division of the road, with headquarters at Winnipeg. Two years' excellent work in the west was followed by his promotion to the position of chief auditor of the entire system. The higher title of comptroller being bestowed upon him in 1887. Other honors quickly followed, and in 1901 he was made vice-president of the company, having naturally the finance of the large corporation particularly under his charge.

During all these years Mr. Ogden displayed rare financial ability and sagacity, and in the struggling days of the company—and there were not a few of them in the eighties and the early nineties—his advice and knowledge materially aided in tiding the C. P. R. over many a financial difficulty. His work, indeed, would form a large part of the history of the C. P. R. In having the company's huge works at the foothills of the Canadian Rockies named after him, Mr. Ogden is paid a justly deserved tribute—a tribute none the less to his many excellent qualities of head and heart, and to his great financial genius and to his long years of loyalty and faithfulness to the great corporation with which he has been associated from infancy, and with which he has grown to see it take the foremost place amongst the great transportation companies of the world.

Fair Suffragette—Till she a fright Why did she do it? Her Chum—Principle. She swore she wouldn't wear a rat or a corset until Mame Smith is elected president.

BACK FULL OF AGES, HEADACHES AND DEPRESSION

Much of Women's Suffering is Needless and Can be Prevented by the Use of Dr. Hamilton's Pills.

That Stabbing Pain in the Back is Sure Indication of Kidney Trouble. Mrs. Anna Rodriguez writes as follows: "For a long time I suffered with falling strength and nagging headaches. My condition grew steadily worse, my limbs became bloated and shaky, I was pale and thin, felt rheumatic pains, dizziness and chills. I unfortunately didn't suspect my kidneys, and was nearly dead when I discovered the true cause of my sufferings. I read so much about the wonderful health and strength that comes to all who use Dr. Hamilton's Pills that I felt sure they would help me. Such blessings of health and comfort I got from Dr. Hamilton's Pills I can't describe. They speedily put me right, and their steady use keeps me active, energetic, strong and happy. I strongly urge others to regulate and tone their system with Dr. Hamilton's Pills of Mandrake and Butternut."

No greater medicine exists than Dr. Hamilton's Pills for the cure of indigestion, constipation, flatulence, liver bladder and kidney trouble. Refuse substitutes for Dr. Hamilton's Pills. 25c. per box or five boxes for \$1.00, at all dealers of the Catarrhous Company, Kingston, Ont.

OPENING UP OF GRAND PRAIRIE AND PEACE RIVER DISTRICTS

W. H. Ellwanger, formerly of Green Mountain, Iowa, but now of Edson, Alta., gave the following interview recently at Winnipeg, his new headquarters for the holidays, and expects to interest and bring back with him a considerable number of his former neighbors to settle in the new country. Mr. Ellwanger is particularly enthusiastic over the opening up of the Grand Prairie and Peace River districts for settlement.

"The names of Grand Prairie and Peace River have become synonymous with prosperity and contentment. They carry the suggestion of ideal surroundings, beauty, fertility and prosperity. Many new districts have been opened in the great northwest, but it remained for this particular section of the west to awaken in the first country to that country a true sense of its natural possibilities. For over 200 years the Blackfoot Indians had lived just south of the Peace River for here they found in ideal proportions wood, water and grass, with shelter in winter from storms—a fact of history with the abundance of wild fruits and the common birds of North America who make their habitations there. It is very evident that it is a good country to grow crops and raise live stock. These facts have attracted the attention of those looking for homes from every quarter of the globe.

It is a truth that this part of the northwest contains the last great area of free homestead land in North America. There is no land for sale in Grand Prairie or lower Peace River districts but it is open for homesteading. Grand Prairie comprises about 324 million acres of agricultural land of a generally undulating surface dotted with many beautiful lakes, creeks and rivers. It has a natural drainage and belongs to the great Peace River basin. There is enough timber to support the appearance of the other settled parts and relieve the monotony of the bare prairies. The soil is a black loam of silt formation with a chocolate-brown subsoil deepening to a true yellow—no alkali. During the season of 1910 and 1911, J. H. Peters, professor of soil fertility, University of Illinois, made a careful test of the soils of Grand Prairie and pronounced them of excellent quality, containing the necessary elements for growing all kinds of grains and fully demonstrated that it was equal to any Illinois soil.

But the real proof is what are the settlers raising? In conversation with a great number of those who have been there and who live there, one is convinced that there is no question about the ability of the soil to support an immense population, for the same crops can be raised that are grown in other parts of western Canada. Climate and weather are common property in the north temperature zone. The climate during the growing season is very similar, and everyone knows that western Canada produces superior yields in quantity and quality—the average yield per acre is higher than any other section of North America. Wheat raised in the north is of better quality. Millers must have Canada's superior wheat to mix with softer kinds from other fields.

NO CANADIANS ON EXCURSION BOAT SUNK IN THE NILE

London, April 8.—The steamer which founded on the Nile in the result of a collision with another vessel yesterday was a local excursion boat which, according to reports received here, was conveying 300 persons, all of whom are believed to have been Levantines. It is considered improbable that any Canadian or American tourists were on board.

CONTRACT SIGNED

By the Federal Government

WITH

NORTON-GRIFFITH COMPANY

To Spend \$12,000,000. in Courtenay Bay

MARKET REGAINS ITS RECENT STRENGTH

New York, N. Y., April 10.—After an early period of backing and filling in which prices moved in an irregular fashion today's stock market finally grew strong and broad with total transactions approaching one million shares. The opening was a mixture of slight gains and declines, the latter predominating. Local sentiment again inclined to bearishness, this being showing itself in attacks upon certain issues whose recent gains had been accompanied by some adverse comment. The professional element appeared to see little ground for encouragement in the anthracite situation despite the fact that the operators had conveyed intimations of an early conclusion of the differences with the miners. There was also some disposition to await the publication of the copper figures for March and the government report on the state of winter wheat and the copper figures were something of a disappointment, but far from having an unfavorable effect. Amalgamated Copper and allied shares were better priced after they became known. The government crop figures were not issued until the close of the market, and they contained them of excellent quality. In the railway group the strength of the coal shares as well as the southern transportation lines was the feature. Louisville and Nashville gained 34 points on what looked like accumulation. The buying served to all renewed attention to an old rumor of a possible increase of the dividend, but in all probability it was based on more legitimate reasons, such as the total's excellent earnings and cotton crop prospects. These same conditions apply with more or less force to all the railroads in the southern and southeastern territory. Union Pacific was again absorbed at prices above its recent high level, its stock displaying concurrent strength in London. In the industrial and equipment stocks American Smelting enjoyed some revival of its recent activity, and over a score of less prominent issues gained from 1 to 2 points, while General Electric and International Harvester rose 2 1/2 each. American Can common

BOMB WAS THROWN AT PROCESSION TO CHURCH IN LISBON

London, April 9.—A special despatch from Lisbon, Portugal, reports that five persons were killed and thirty injured in a bomb explosion. The bomb was thrown at a religious procession which was marching along the streets on its way to one of the principal churches.

TWO DELEGATES FOR ROOSEVELT WERE SELECTED

Montpelier, Vt., April 8.—Two Roosevelt delegates to the republican national convention were chosen at the second district convention today. The Roosevelt men had a majority of thirty in the convention.

Every Statement of Big Men Relating to St. John and Its Future IS A BOOST FOR TISDALE PLACE

Key to the Courtenay Bay Situation

What the federal ministers have said and done for St. John as a transportation centre, what Norton Griffiths, the contractor for the tremendous work has to say of the place; the pronouncements of Sir Tom Shaughnessy and Vice-president McNicholl of the C. P. R.; the opinions of American and English experts all point to the strategic position and therefore the great value of Tisdale Place as a real estate investment. These lots lie directly in the path of all traffic to East St. John. They are being sold rapidly at low prices. Those who own lots now refuse to resell and they're wise at that.

AROUND THE CITY
 Caused Water to Flow.
 A defective stop cock on the corner of Carmarthen and Pitt streets yesterday caused a flow of water down the center of the street.
 Presentation.
 Ross E. Woodburn, of the West End on retiring from the C. P. R. staff last Monday was presented with a pipe and fittings by the clerks in the general office West Side. One of the staff made a very pretty address and in reply Mr. Woodburn thanked the donors for their present. He is now employed by the Allan Line.
 New Settlers for N. B.
 Among the new settlers for the province which arrived here yesterday were H. J. Smith and wife, J. H. Claxton, Jas. Evans, Jack Gifford, C. Chaudhler, Chas. Stevens and D. K. Pariah. Most of these have secured positions near Sackville and left for their destinations last evening. One of the men who arrived yesterday has a family of seven sons and daughters ranging from 20 years of age downward, whom he hopes to bring to the province in a short time.
 The Gasoline Engine.
 Professor L. Killam, of Mt. Allison University, delivered his last lecture on the gasoline engine in the Y. M. C. A. last evening, when he took up engine troubles and their remedies. Speaking on this phase of his subject Professor Killam gave some very comprehensive and instructive advice as to the manner in which various troubles ought to be treated. While delivering his address Professor Killam made several sketches on the blackboard with which to illustrate his remarks.
 Successful Lecture.
 An interesting and highly instructive lecture on "Life in the Hawaii Islands" was delivered by Miss Lotta Tiltonson before a large audience in the school room of St. John's Presbyterian church last evening. Miss Tiltonson also rendered a number of songs. In addition to the entertainment provided by the Misses Tiltonson there was a vocal solo by Miss Jessie Mackay, a piano solo by Miss Annie Mackay, a mandolin solo by Geo. Hill, and a duet by Miss Annie Rubius and Geo. Creble.
 Board of Health Meeting.
 The regular monthly meeting of the board of health was held yesterday afternoon. Dr. Melvin submitted his quarterly report, and recommended that cards be posted in grocery and fruit stores in the city showing a printed copy of the regulations where food products are exposed for sale. He also recommended that posters be placed about the city instructing landlords and agents to clean their premises. The nurse on tuberculosis cases submitted the report of the work done for the month. The temporary inspectors were appointed for the spring work in the residential parts of Lanester and St. Martins.
 Arts Club Meets.
 The St. John Arts Club held a pleasant evening at the home of Mrs. J. V. Ellis on Princess street, last evening, when an enjoyable programme of music and readings was rendered as follows: Paper, "The Origin and Development of the Opera," Miss Knight; sextette from Lucia de Lammermoor, Messrs. Brown, Griffiths, Kelly and Dickson; Misses Knight and Creighton; scenic aria from La Traviata, Miss Knight; quartette from Rigoletto, Misses Knight and Creighton and Messrs. Kelly and Griffiths; Air de Lia from the Froidgall Son, Miss Knight; piano duet, Mrs. Barnes and Miss Corvorn; reading, "The Louvre of Paris," Mrs. Lawrence. This paper was written by Mrs. Sheffield, who was to read it, but was unable to do so on account of sickness. At the close of the programme refreshments were served.

LOCAL PLAYERS TO COMPETE IN OTTAWA
 Loyalist Dramatic Club Will Represent Province in Earl Grey Dramatic Trophy Competition on April 19th.
 The members of the Loyalist Dramatic Club who presented The Servant in the House at the Opera House last January with great success, are making active preparations for the trip to Ottawa where the club will represent St. John in the Earl Grey Dramatic Trophy competition next week. The competition will be held in the Russell Theatre and will occupy the entire week, twelve dramatic and musical organizations from all parts of the Dominion taking part. In the contest, two performances will be given each night. The local club has been selected the first performance on Friday evening, April 19. Sir John Hare, the well known English actor, has been specially engaged to act as judge throughout the competitions.
 Previous to leaving for Ottawa the Loyalist Dramatic Club is giving two performances of the play, at Sussex on Thursday, and at the Moncton Grand Opera House next Monday. The expenses in connection with the trip are no light consideration and it is satisfactory to note that many of the leading citizens of St. John have come forward with contributions. The representatives of New Brunswick in the House of Commons when they heard that this province was to be represented for the first time in the competition, also guaranteed a generous amount towards the fund. The success with which this celebrated play has been given in local performances of the club is an assurance that the province will be well represented. The appearance of a company from St. John this year for the first time in the history of the competition should prove an excellent advertisement for the city.

MASTER PLUMBERS OF PROVINCE MEET
 Encouragement of Use of Better Sanitary Appliances Object of Association Formed Officers Elected.
 At a meeting of master plumbers from various parts of the province held here yesterday, an association was formed with the object of encouraging the installation of better sanitary appliances and improving conditions in the trade generally. About 60 delegates were present and officers of the association were elected as follows:
 President—George Blake.
 Vice president—D. Shea, of Fredericton.
 Secretary treasurer—Peter Campbell.
 Committees were appointed to draw up a constitution and by-laws for the association and they will report at the meeting to be held today.
 Other committees were appointed to make a study of the regulations governing plumbing in different districts of the province, and institute comparisons with conditions in other parts of Canada, with a view to determining in what particulars the regulations may be improved. The association will also take up questions relating to the commercial needs of the plumbers of the province, and consider the educational needs of the situation.
 In the evening the local master plumbers entertained the visiting delegates at a dinner in the Victoria Hotel. Geo. Blake, the president of the association, presided and about 40 were present. After enjoying an excellent dinner, an impromptu programme of speeches and songs was carried out.

FORMERLY OF ST. JOHN, MARRIED IN MONTREAL CHURCH
 Montreal, April 10.—The marriage of Donald Murray, son of Alexander Murray, of St. John, N. B. to Miss Mary Ethel Kelly, daughter of John Kelly, of this city, was solemnized in Olivet Baptist church today, by Rev. Joseph Sullivan. The couple will reside in this city.

ANOTHER VACANCY LIKELY IN COMMONS
 Special to The Standard.
 Ottawa, April 9.—Another vacancy in the House of Commons is in prospect through the selection of W. D. Staples, M. P., for MacDonald, Manitoba for a place on the Grain Commission. The new Grain Act was promulgated yesterday and appointments of commissioners will be announced without delay. It is understood that Prof. D. Magill of Halifax, F. N. Gibbs, chief grain inspector, Port William and Mr. Staples will comprise the commission.
 English Made Raincoats.
 An indispensable garment for every lady's wardrobe is a serviceable raincoat and every lady wants to look jaunty on a wet day as well as on a fine day. F. A. Dykeman and Co. are showing a new lot of English made, rainish shaped, cadmore, rubber lined raincoats that are creating intense interest on the part of the ladies. They have a jaunty appearance that you cannot find in any other style of garment and being full length will cover all garments on a rainy day, and the prices are within the reach of all, \$5.75 to \$15.

FREDERICTON NEWS IN BRIEF
 Banquet to Hon. J. D. Hazen This Evening—Burton Stewart Confers with Premier Fleming in the Capital.
 Special to The Standard.
 Fredericton, April 9.—Hon. J. D. Hazen, the federal minister of marine and fisheries is to be banqueted by his former colleagues in the government of New Brunswick and his former supporters in the legislature.
 The dinner will take place tomorrow evening at the Barker House and will be an informal affair. Covers will be laid for upwards of 30 and it is the intention to limit the affair only to Hon. Mr. Hazen's former supporters in the legislature.
 The minister of marine and fisheries will arrive from St. John tomorrow evening and will leave for Ottawa on Thursday afternoon.
 W. Burton Stewart, managing director for Norton Griffiths and Co., Ltd., arrived this evening from Montreal and is having a conference tonight with Premier Fleming at the Barker House.
 A. E. Gould, president of the St. John and Quebec Railway Company, arrived this evening, from his home at Presque Isle, Me. It is understood that some announcement will be made within a day or two as to awarding of the contracts for the St. John Valley Railway.

ATTENTION DRAWN TO Y.M.C.A. BUILDING
 "Making of Men" Most Important Industry Helping to Make Bigger and Better St. John.
 One of the points of interest to which visitors are directed in this city is the fine building of the Young Men's Christian Association, so centrally and prominently located on the hill overlooking the railroad station. This is a building of which our citizens have reason to be proud, standing as a monument to the enterprise and generosity of the many who contributed the funds for its erection. Visitors are always courteously welcomed and shown through the building.
 Among the industries that are helping to make a bigger, better and more prosperous St. John, there is none of more importance than that which is conducted for the "making of men." The success of a city depends, not so much upon the amount of its wealth and business as upon the character of its citizenship, and every agency that helps in making better men and for the right "forming" rather than re-forming of boys, should have the encouragement of every loyal citizen.
 The Young Men's Christian Association, through its agencies for the development of the physical, mental, social and spiritual sides of the nature of men and boys is doing a work not paralleled by any other organization. To keep the association within the reach of those who need it most, the fees must be kept low, and the revenue from this source cannot be expected to meet the current expenses. About 25 per cent. of the budget is annually contributed by the business men of the city, and each year since the association has entered its new building, the management have been able to present to the members a statement showing all current expenses met.
 Members of the association will wait upon the citizens on Thursday in the interests of the work, and as in the past a liberal response is anticipated.

NEW BRUNSWICK'S GREATEST SHOE HOUSE
 The "Just Wright" Shoe
 Men who appreciate something out of the ordinary in footwear will like our showing of "Just Wrights." The exclusiveness of the shapes, designs and patterns—excellence of the materials, beauty of the workmanship and the unapproachable fitting quality, stamp the "Just Wright" as the highest class footwear made in the United States.
 Boots and Oxfords
 Blacks and Tans
\$6.00 a pair

DAUGHTERS OF THE EMPIRE HOLD DANCE
 The dance held in Keith's assembly rooms last evening under the auspices of the local chapter of the Daughters of the Empire, was a most enjoyable social event. The assembly rooms were tastefully decorated for the occasion, and there was a large attendance. Officers of the local regiments were present in dress uniform.
 The programme of dances was extensive and varied, and everybody enjoyed themselves immensely. Refreshments were served during the evening. The proceeds of the entertainment will be devoted to charitable purposes.
 Members of the association will wait upon the citizens on Thursday in the interests of the work, and as in the past a liberal response is anticipated.

MAY HAVE CAUSE TO REGRET
 Two were arrested last evening and for one of the number William Holm, his arrest may prove to have more serious consequences than those of the mere charge of intoxication.
 Only a few weeks ago Holm was found guilty of theft, and the term of some years in Dorchester penitentiary was allowed to stand against him by Judge Forbes. At the time the Judge instructed the police that should they see Holm going into a saloon, drinking or drunk, to arrest him and take him to court.
 "I will give him the full penalty that will be held against him,"

TEMPERANCE MEN ELECTED OFFICERS
 The annual meeting of the St. John county branch of the New Brunswick Temperance Federation was held in the Christadelphian Hall, Union street last evening when officers were elected for the ensuing year and the reports presented and read.
 Those who were elected to office were:—Rev. R. H. Boyer, president; R. H. Cocher, 1st vice-president; H. Washburn, 2nd vice-president; James Bryant, 3rd vice-president; Kelly, secretary; J. R. Woodburn, treasurer; J. T. Washburn, financial secretary; J. Willard Smith, A. Donaldson, J. R. Lincoln, Mrs. J. Seymour members of the executive. After the election of officers the routine business was taken up after which addresses were delivered by Rev. R. H. Boyer, Rev. H. E. Thomas, J. Willard Smith, R. H. Cocher and Rev. W. R. Robinson. The general topic of these addresses dealt with the good work which had been done in connection with the enforcement of the liquor license law during the year.
 Commission is not talked nearly so much about as the big sale at Fraser, Fraser and Co.'s 27 and 29 Charlotte street. The large crowds who visit their store every day all vote that it is the greatest bargain sale they ever saw. Every one goes away satisfied that it is the real sale. They know by the low prices that they are absolutely going out of the dry goods and ready-to-wear business. There are some very pretty and stylish ladies' costumes and spring coats at prices that you could not buy the goods for: lot ladies' raincoats in the give-away prices, new, stylish garments; wash goods are marked at and below the cost; prints, 22 inch at 9 cents; the wide English print at 15 cents; pongee, duck, drill, muslin, gingham, all in the marked down prices.
 The High Cost of Living.
 This is the cry today. The two great items are food and clothing. Both are excessive in cost, but the latter expense can be reduced nearly half if you have your old garments dry cleaned or dyed instead of buying new ones. This is a fact, but if you want to be further convinced try Ungar's, 25 Waterloo street, St. John.

Good Results in Painting
 Mean Longest Wear. Best Appearance. Greatest Economy.
The Moore's House Color Paint
 Wears longest because it is made of the best materials. It has the best appearance because it is ground very fine, spreads evenly, and the colors are clear and strong. It affords greatest economy because its extra fine grinding makes it cover most surface, and it wears longest and the need of repainting is put off.
 Use It and You'll Get Satisfaction
EMERSON & FISHER, Ltd., 25 Germain St.

Exceptional Values in Suit Cases, \$4.25
 Our special suit case at above price is well known and has been proved by a great many. We were fortunate to have made arrangements for another lot just before the advance in prices and are still able to offer cases identical with last year's quality at the same exceptionally low price.
 The cases are without doubt the best value in Canada at \$4.25.
 They are made of heavy real leather, full thickness, new brown and russet color. Iron frame and valance, polished brass locks and bolts, solid handles, heavy solid leather corners, leather straps in body and cover; lined with checked cotton. Sizes 22, 24, 26 inches.
 We invite your careful inspection before purchasing elsewhere. These cases can only be bought from us at this special price, \$4.25. The present market value being \$5.00, \$5.50, \$6.00.
 We carry in stock at all times the largest variety of Travelling Bags, Suit Cases, Trunks and Travelling Requisites; also Motor Comforts

Our Guarantee
 When we supply your glasses we guarantee them to be correct—that whatever defect there may be in your eyes it is properly corrected by the glasses we have given.
 Sometimes the wearing of glasses causes slight changes in the condition of the eyes, as the muscles relax from the strain they have been under and different lenses would give better results. Should such a change occur in your eyes it is likely to show inside of three months from the time you begin to use your glasses, but we guarantee to make any change in your glasses that may be necessary within one year free of charge.
 Come in and talk glasses with us.
