ON WEDNESDAY WEEK

Registration Will
Likely Begin,

THOUGH THE ACT IS NOT YET
CLEAR—BOARD MEETS TO-
MORROW—POLITICAL
NOTES.

Registration will commence, according to the decision reached by the registrars in Toronto, on Wednesday, Feb. 9th and continue until the 13th. The board of registrars meets here tomorrow and they can interpret the act otherwise, however, if they want to. Like everything else enacted by the Hardy Government, the act is in such a bungled condition that no two persons read it the same. The act says (section 23) that four sittings shall be held, "the first of the said sittings being on the seventh day after the dissolution."

The proclamation dissolving the house is dated Jan. 28, and appeared in the Ontario Gazette, of Jan. 29th. Therefore it looks as if registration should legally commence on Friday of this week and last until Tuesday evening next at nine o'clock.

AT THE COMMITTEE ROOMS.
The Conservative committee rooms in the opera house block are now open and business is rushing. A full meeting of the representatives from all the wards will be held to-morrow evening. Every Conservative should be present. The rooms are opened now morning, noon and night and the public on

application can obtain any and all information desired.

THE DATES ARE OPTIONAL.
"The Act," says Magistrate Houston, "is optional as to the dates of registration and not mandatory. It provides that we shall hold our sessions four days, one of which must be Saturday, and I see that in London they are arranging to have it on four consecutive days of next week, the last being Saturday."

The hours, Mr. Houston proceeded to state, must be from 10 a. m. to 1 p. m., from 2 p. m. to 4 p. m., and from 7 p. m. to 9 p. m., the evening session being intended for the working men.

Where the booths will be has not yet been decided upon. The law requires that there be three places of registration; but the board, if they consider it necessary, have power to increase the number. It is not thought that this will be done.

The board of registration will meet in Harrison Hall at 9:30 to-morrow to arrange for the registration.

The Reformers in the south riding of Waterloo have turned down their old member, Moore, and nominated a new man named Phil.

By the advice of Premier Hardy, the Liberal candidate in Frontenac has been withdrawn. The contest now lies between Mr. Haycock, the Parson leader, and a Conservative.

The London city council claims that as it has to pay the election expenses, it has the right to name the polling booths, and it has done so.

Mr. Whitney, in a raging storm, was given a rousing reception in Brockville last night. He was escorted to the Opera House by two bands.

Premier Hardy and Hon. Mr. Harty addressed a large meeting in Kingston. Mr. Harty accepted the nomination provided his friends would do all the work. His health would not permit him to take part in the campaign.

PHILOSOPHER JIM.

He Looks Calmly Forward to His Execution.

Professes to be Quite Prepared to Die on Friday Next.

The Galt Reporter says of James Allison, the murderer, to be hanged at Berlin on Friday next:—"Jim looks on his approaching death not with the air of a stoic, so much as that of a philosopher. The foundation of this feeling appears to be the religious advice he has received. If one can judge from present circumstances he will not walk to the scaffold with dread and despair, but in hope, trusting in that little text, so dear and precious in his eyes. The boy may not have advanced so far as this but in one particularly supposed to be dull and stupid, the way his mind has grasped the words of comfort spoken to him would certainly show a radical change and one effected by divine means. Many have died since I have been here," Jim has said. "From one cause or another a large number have been called away. Why should I be afraid to die. We have all to die some time." He has also acknowledged that his fate will be a just one. Some sentiment if taken as a criterion of the mind, tells a great deal."

ORGAN FACTORY BURNED.

The Doherty Company Wiped Out in Clinton—Loss is Heavy.

(G. N. W. Special to The Planet.) Clinton, Ont., Feb. 1.—W. Doherty & Co's organ factory with Mr. Doherty's residence and stables was completely destroyed by fire early this morning. The loss on the factory is estimated at between \$50,000 and \$75,000; insurance \$35,000. Loss on residence, furniture and stables is covered by insurance.

COUNTY FINANCES.

Ex-Ald. Marx Thinks Reeve Morrison Should Be in the Hardy Government.

Editor of The Planet.

Sir,—In his motion to continue to borrow money at five per cent per annum, when it is offered at 3½ to 4 per cent, Councillor Morrison has evinced fully as much talent in financing as he did when as Reeve of Raleigh he managed the favours. It is very questionable whether the ratepayers of the county of Kent will appreciate such proceedings.

Mr. Morrison is entitled to a higher position. How would a portfolio in the Dominion government do for him? It might strengthen the Hardy government.

F. MARX.

Jan. 31st, 1898.

In connection with the above Mr. Marx has received the following from the city treasurer of Toronto:

Dear Sir,—I am in receipt of your letter of the 29th, and in reply thereto beg to say that last year the average rate of interest paid by the city for temporary loans was 3½ per cent. per annum. Some were higher and some were lower, but this was the average figure.

Yours truly,

R. T. COADY.

OVER THE WATER.

What is Going on in the old World.

Latest Cable News from Europe, Asia, Africa and Australia.

London, Feb. 1.—The engineering works throughout the country reopened yesterday, owing to the settlement of the great strike. About 25 per cent. of the men were employed. The others will be given work gradually, as the machinery gets in full swing.

ITALY AND DREYFUS.

A Rome despatch says:—The Minister of Foreign Affairs, the Marquis Visconti Venosta, replying to the question of a deputy, announced, amid great applause, that he was able to affirm in a most positive manner that neither the Italian military attaché at Paris nor any other Italian agent has ever had direct or indirect relations with Alfred Dreyfus, the former captain of French artillery, whose alleged unjust court-martial and sentence to imprisonment for life have caused so much agitation in France.

ANOTHER OLD CANADIAN FIGHTER DEAD.

Sir Daniel Lyons, who was sent to Canada to organize the militia at the time of the Trent affair, 1861, is dead. He entered the army in 1861 as an ensign in the First Royals, and four years later he was sent to Canada, where he served through the Mackenzie rebellion, 1868-69. He was in the engagements at St. Dennis and St. Rostache for bravery in the former of which he was mentioned in despatches. General Lyons served throughout the Crimean war, and was in the battle of Alma and Inkerman. He assisted in the capture of Balaklava, and took part in the siege of Sebastopol. He led the main column of attack on the Redan by the Light Division on June 18, commanded a brigade in the latter part of the action, and was engaged in the final assault on the Redan, in which engagement he was severely wounded. The Second Division Light Brigade was placed under his command until the close of the war. General Lyons was Quartermaster-General in Canada from 1862 to 1867. In 1877 he was created a Knight Commander of the Order of the Bath. He held the Crimean medal with three clasps, was an officer of the Legion of Honor, and had the third-class of the Order of the Medjidieh, the Turkish and Sardinian medals.

BARON CARLINGFORD DEAD.

Baron Carlingford (Chichester, Samuel Parkinson Fortescue), formerly President of the Board of Trade, Lord President of the Council, etc., is dead. He was born in 1823 and was Chief Secretary for Ireland from 1865 to 1866 and from 1868 to 1871, with a seat in the Cabinet. From 1871 to 1874 he was President of the Board of Trade.

RIOTOUS STUDENTS.

A Madrid despatch says:—The students re-assembled to-day with the objection of making a demonstration against the Progressives, but the great precautions adopted by the police prevented the young men from approaching the offices of that newspaper. The prefect made a speech to the students urging them to be quiet. The students of Madrid made a demonstration before the offices of the Progressives on Saturday last. They stoned the windows, but were eventually driven away by the police.

FOUGHT A DUEL.
The Berlin Lokal Anzeiger confirms the report of a duel between Count William Bismarck, President of East Prussia, and second son of Prince Bismarck, and Herr Maubach, the chief parliamentary councillor. The encounter grew out of a disrespectful allusion by Herr Maubach to Count von Bismarck.

BRITAIN'S BACKDOWN

The Manchester Guardian hears that the difficulty in the far east has been solved by the opening of Port Arthur to trade on the same terms at Kiaochow. Great Britain withdrawing her demand for the opening of Ta-Lien-Wan. It is supposed that Great Britain's withdrawal from Port Arthur and her ceasing to exert pressure for the opening of the port of Ta-Lien-Wan, which actions are regarded as incredible and suicidal to British interests and prestige, were owing to a disbelief in a secret treaty between Russia and China. But the Chinese government quotes this treaty as the reason for Russia's presence at Port Arthur, and Russia despatches to the Tsung-Li-Yamen allege that the occupation of Port Arthur is in accordance with the treaty. As regards Port Arthur, the Russian fleet, according to the same authority, is only there for winter quarters, and the statements as to a Russian occupation are unfounded. China is willing that the English warships should anchor there, if secured.

WALLACEBURG'S ELECTION.

A Councillor who had Resigned is Re-
turned Again—what Will he do?

(Special to The Planet.)

Wallaceburg, Feb. 1.—The election
yesterday to fill the vacancy in the
council, caused by resignations, result-
ed in the return of Messrs. Martin
Martin and Ernest McCoy. As one of
those elected previously resigned, it re-
mains to be seen what his actions will
now be.

THE MARKETS.

(Via L. J. Atwater's Private Wire.)

Chicago, Feb. 1.—Both bulls and bears
were satisfied with the outlook at
times today, the changes were rapid
and radical. May ranged from 95 1/8
to 95 3/4 and back again to 95 3/8. The
final close was 95 3/8 to 96. There was
well developed rumor at one time that
May would sell at 97c, and when it
started there was a hurrah among the
bulls, but it was gone before the echo
returned, and prices went off 1-2c.
Operators who do not believe in the
present prices of wheat, point to the
fact that Bradstreet's report showed
an increase of 80,000 in the world's
supply, while the corresponding week
of last year showed a decrease of
about two million bushels. But the
bulls say that more than the exportable
surplus of this country has already
been shipped abroad, and for the next
few months the supply and demand
conditions will govern prices.
Cables this morning reported the
situation starting at Liverpool had
but two weeks' supply on hand. This
market ought to react to near 96c for
May, and it would not surprise us if
it did before there is any material ad-
vance from present figures, but re-
member it's a one-man's market, and
opinion don't count for much, no mat-
ter from what source you get it.
Provisions have shown a little weak-
ness today on heavy realizing sales.
We believe provisions are on a sound
basis and will sell much higher before
March 1. Hogs at the yards closed 5c
lower.

Outs have ruled firm, trade fair.
There has been extra good buying of
oats today and we believe they are
a purchase below 24 for May.

Corn still holding dull. It closed
where it did last night, 28 3/4c for
May. Can see nothing to change our
opinion on corn. It's high enough.

AFTER YEARS OF AGONY

A Windsor Citizen Finds Relief, Strength

and Health.

Windsor, Jan. 31.—The talk of the
town for some days past, has been the
astonishing case of John M. McDona-
ld, of 130 Longview Ave. For years
past he has been a martyr to Rheuma-
tism and Dropsy, which defied the
skill of physicians and the power of
medicine, until he lost hope comple-
tely. Recently Mr. McDonald bought a
box of Dodd's Kidney Pills, and be-
gan using them.

Words fail to express the surprise
and delight of the patient, his family
and friends, when after a few days' use
of the Pills, he began to mend.

Continued use of Dodd's Kidney Pills
has cured him completely. To-day
Windsor has no healthier, stronger
citizen.

CAPTURED THE CUP

Maple City Curlers Beat Thames-

ville and Ridgeway

For the Ferguson Curling Trophy—

Must Win It Twice More

Chatham curlers won on their merits
in Ridgeway yesterday when two
rinks from here contested with two
from Thamesville and two from Ridgeway
for the honor of holding the
handsome Ferguson trophy.

Ridgeway drew a bye leaving Chat-
ham and Thamesville to try conclusions
in the morning. The result of the
morning play was that Chatham won
handily in both rinks, the scores be-
ing:

Ridgeway	Chatham
W. McMaster, D. Correll,	J. Little, R. Gray,
J. Little, James Graves,	A. McKelvey, J. Davis,
D. Leach, Sk-9	G. Schofield, Sk-21

Ridgeway	Chatham
A. G. Kennedy, J. M. McCoig,	C. E. Dauphin, W. T. Sheldon,
P. Trux, W. T. Bray,	J. Smith, Sk-13
Dr. J. Bray, Sk-19	M. Trudell, Sk-13

In the afternoon the victors took a
turn at Ridgeway, whom they also
beat. The afternoon scores were:

Thamesville	Chatham
R. Ferguson, Dr. Correll,	J. Trudell, Robt. Gray,
J. Hardy, Jas. Graves,	A. McKelvey, J. Davis,
A. McKelvey, Sk-15	G. Schofield, Sk-15

Chatham	Thamesville
J. M. McCoig, A. Sims,	J. J. Hoad, J. Davis,
W. T. Sheldon, J. Davis,	W. T. Bray,
Dr. J. Bray, Sk-19	M. Trudell, Sk-13

As a result the trophy donated by
Robert Ferguson, M. P. P. for Essex
Kent, is now in the possession of the
Chatham bonspielers, and is on exhibi-
tion in Hotel Garner.

This trophy, to become the property
of a club must be won three times, not
necessarily consecutively. It was first
played for last year when Thamesville
won it.

The Maple City curlers state that the
ice was in ideal condition and that only
in one respect did the Ridgeway bon-
spielers go contrary to all established
precedent in trophy competitions.

In friendly matches it is customary
for the home club to entertain their
visitors; but in tankard competitions it
is different. In Ridgeway yesterday,
however, the home team went contrary
to all rule and gracefully combined the
qualities of excellent hosts with those of
sturdy opponents. The popular verdict
here to-day is that, while they curl
well, they certainly far better; and it is
not alone the sense of victory that
makes yesterday's bonspiel a pleasant
memory to the Chatham curlers.

WALLACEBURG

Feb. 1.—The Recognition social held
at the residence of Mr. Cameron last
evening under the auspices of the
Epworth League was successful in
every way. Some of the old photos
provided were very odd and created
a great deal of amusement. Miss Hodge
received first prize and Mr. Harri-
son second prize. A program taken part
in by Misses Little, Colwell, O. Ayres
and M. Ayres and Mr. Tye, was greatly
appreciated. Mr. E. Tyrrell acted as
chairman. The young ladies provided
refreshments. The proceeds were quite
creditable.

We are glad to state that there is
nothing in the rumor that the glass
factory was about to shut down the
green glass tank indefinitely. It was
filled last night and the men are all
back to work again.

New Muslins

Already large shipments of all of the above lines are to hand with values and
styles so attractive as to create greater enthusiasm than ever, in both the selling
staff and all who have been examining them. Early buyers have the advantage, as in
many line patterns are exclusive, and you will do well to select from them while the
range is unbroken.

NEW PRINTS

Over 12,000 yards already to hand gives you a fine variety to select from. Special
attention is directed to the immense range we are showing at the popular price 12 1/2c
yard. This cloth is shown in patterns entirely distinct from last season's, in fact
surpassing all previous efforts of the artist in wash goods fabrics.
Any and all patterns are shown exclusively by us in Chatham, the advantage of
which is at once apparent.

Despite the fact that the thermometer was down to zero and almost a blizzard prevailing a large number of young people were in attendance for the ball in the opera house last night.

How many young men and young women are out off just as the future seems bright and full of promise? They are taken away by the disease which causes over one-sixth of all the deaths in the world—the disease which doctors call consumption. There is absolutely no reason in the world why consumption should be fatal—why it should be even serious. It is a disease of the blood, and can be cured absolutely and always by purifying and enriching the blood. The only exception to this is the case where the disease has been neglected and improperly treated until it is stronger than the body—until the body has become so weak as to have lost the ability to recuperate. Dr. Pierce's Golden Medical Discovery will cure 98 per cent. of all cases of consumption if used according to directions. "It also cures all lingering coughs, bronchitis and throat affections."

Send 1 cent in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 108 page Common Sense Medical Adviser, illustrated.

BLENHEIM

Feb. 1.—J. C. Burke, V. S., leaves for Edmonton, N. W. T., about Thursday of this week. He will leave in advance of the party and purchase horses there.

The Knights of the Macabees' new broom is on exhibition at VonGuten's window, and is a daisy. The degree team here are to be congratulated on securing this trophy, as the competition through this district was keen for the prize. It was presented last night to the lodge by Sir Knight W. Trautman.

January certainly went stormy and cold. And the rough night interfered no doubt with the attendance at the Rev. Mr. Scott's lecture in the Methodist church last night. Our Methodist friends are to be congratulated on securing so able a lecturer, and those who did not hear him missed a treat.

A party of ten whist players of the Ridgeway Whist Club will try a rubber with ten members of our club on Friday evening, the 4th inst.

The Joe Kenny Concert Co. of Leamington, will give one of their popular entertainments in the Opera House to-night.

Kent Lodge, A. F. & A. M., held their regular meeting last night.

The Daily Planet is on sale at G. N. Babcock's Drug Store. Subscriptions received, and the paper delivered to any part of the town free.

Eternity is around us here, now, at this moment, at all moments; and it will have been around us every day of our transient, sinful, selfish lives. Its stars are ever over our head, while we are so diligent in the dust of our worldliness, or in the tainted stream of our desires. The dull brute globe moves through its ether and knows it not; even so our souls are bathed in eternity; and are never conscious of it.—Canon Farrar.

DR. HALL.

A man of patience, zeal and skill, Of judgment cool, and iron will, An enemy to every ill, Is he—the family doctor.

He's at our call by night or day, And "ready for the road" always, A sudden summons he'll obey, The faithful family doctor.

When in the hall his hat is hung, He feels the pulse, and scans the tongue, Then quick prescribes for old or young, The skillful family doctor!

A queer black bag he brings so shy, It fills with dread the children's eyes, For once they heard a baby cry, Left by the family doctor!

One day he came with solemn tread, And speaking softly, shook his head; "We've done our best—poor man—he's dead."

The sympathizing doctor! He comes to cure our many ills, With powders, plasters, drugs and pills, Then by the post he sends his bills, Who would not pay the doctor!

But money cannot always pay The good he does from day to day, Our grateful love he earns always— God bless the family doctor!

CRANKY DYSPEPSIA

With Other Types, Being Eradicated By Dodd's Dyspepsia Tablets.

If all the dyspepsias and victims of indigestion, biliousness, etc., were assembled in one place what a curious assemblage they would make! Melancholy, sulky, cranky, sallow, pinched, lean, miserable, wretched, all types would be represented. There wouldn't be a pleasant word spoken by one of them in a year. But what change would take place if each sufferer were supplied with a few boxes of Dodd's Dyspepsia Tablets. Joy would replace misery, health would take the place of pain.

Are you a Dyspeptic? Have you indigestion? If so, no one knows as well as yourself what you suffer.

But, why do you suffer? You don't need to. If you stand beside a railway track when a train is approaching, you don't need to step in front of the engine. No more need you suffer from dyspepsia, indigestion, etc. Dodd's Dyspepsia Tablets will cure these and all other stomach troubles in a couple of weeks.

If you don't believe it, try them. Thousands have been cured by Dodd's Dyspepsia Tablets, and you'll be cured too, if you try them.

Dodd's Dyspepsia Tablets, each box containing full double treatment, can be purchased from all druggists, at fifty cents a box, or will be sent, on receipt of price, by the Dodd's Medicine Co., Limited, Toronto.

Free Trial To Any Honest Man

**The Foremost Medical Company
in the World in the Cure of
Weak Men Makes this Offer.**

**HEALTH AND ENERGY ASSURED.
HAPPY MARRIAGE, GOOD
TEMPER, LONG LIFE.**

In all the world to-day—in all the history of the world—no doctor nor institution has treated and restored so many men as has the famed **ERIK MEDICAL CO. of Buffalo, N. Y.**

This is due to the fact that the company controls some inventions and discoveries which have no equal in the whole realm of medical science.

No man, deception has been practiced in advertising that this grand old company now for the first time in its history is offering a special price. They will send their costly and ingeniously effective appliances and a whole month's course of treatment absolutely free, positively on trial, without expense to any honest and reliable man! This is a real opportunity for you to get a personal trial—its results are known to and acknowledged by the public.

Let the Medical Company's appliances and remedies have been talked about and written about for years, but the word has not been said of them.

They restore or create strength, vigor, health, and new life.

They quickly stop drains on the system that drain the life.

They cure nervousness, dependency and all the ailments of the nervous system.

They give full strength, development and tone to every portion exposed to the elements.

They make it possible for you to live longer.

This "Free without Expense" offer is limited to one trial only, and is not to be made a condition.

The C. O. L. scheme is a bona fide philosophy of health and a genuine—no clean business proposition by a company of high financial and professional standing.

Write to the **EMER MEDICAL COMPANY**, 107 E. 12th St., St. Paul, Minn., enclosing the coupon of their offer in this page.

A DIALECT SONG.

Who Wrote "De Wreck of La Julie Plante."

George C. Rankin Maintains That the Late Frank Morton, of Detroit, was the Author.

Editor of The Planet.

Sir.—Some little time since, while I was away at the mining ranch I am interested in at Algoma, there appeared in the Planet a communication from the well known Mr. Ed. Sandys, editor of "Outing," upon the subject of the authorship of the French Canadian English dialect ballad, "De Wreck of La Julie Plante."

Mr. Sandys' letter was in reply to an insipid dialect brochure of mine, over on some de plan, which I am free to admit I have since regretted the publication of, in that I have gotten to realize that the subject matter thereof should have been approached in a more serious vein than could be given it in an assumed dialect.

But apart altogether from this dialect creed (in which I am quite sure I made no uncompromising mention of Mr. Sandys), I had in conversation with that gentleman assured him that I personally knew, and gave him my reasons for so knowing, that my friend, the late Frank Morton, of Detroit, was the author of "De Wreck of La Julie Plante" and not Dr. Drummond, of Montreal as the Toronto Globe, the Buffalo Express and certain soap and syringe advertisers were endeavoring to make him out to be.

In view of this, while I can't say that I was very much hurt (one would be foolish to be because of the opinion of a skeptic under such circumstances), I none the less felt disappointed that Mr. Sandys should have to some extent gone out of his way to tell the public through the Planet, in a patronizing sort of way, that while I was a general fellow, he didn't believe my story of the origin of the dialect ballad in question.

Notwithstanding this, so long as I had remained in the bush "away from the madding throng," I don't think I should have bothered my head about anything Mr. Sandys' communication at all, but now that I am back here in the city, I have thought that the following statement bearing upon Mr. Sandys' incredulity might be of interest to Planet readers and I therefore beg to proffer it for publication.

HOW IT CAME ABOUT.

The grotesque, mock heroic story involved in "De Wreck of La Julie Plante" is based upon a supposition incident of the cord wood and building and supply business of the city of Detroit, as it once carried on some twenty and thirty years ago. At that time the city obtained (and for aught I know to the contrary, may still obtain) the bulk of its cord wood and sawdust from along the shores of Lake St. Clair, which at that time on both the American and Canadian sides, were principally inhabited by descendants of the old pioneer settlers under the regime of the Nouvelle France. During such season of navigation a large fleet of skows and small flat bottomed hookers were engaged in this traffic, and these were chiefly manned and equipped by a sort of marine habitude from along the lake's shores, the crew of each vessel usually consisting of a captain, a mate, a cook and two or three sailors and a female cook.

The sayings and doings of these grotesque crews furnished material for many a good French Canadian dialect story extant along the frontier twenty-five years ago, and it was during the existence of these conditions that the late Frank Morton, who was originally a printer, and subsequently the local Michigan Central Railway ticket agent at Detroit, wrote the "Skow Runners" or "De Wreck of La Julie Plante." I never knew anyone possessed of great powers of memory and a strong sense of the ridiculous than poor Frank Morton.

It was, I think, sometime during the winter of 1876 that I first heard him sing at Detroit the song in question to the air of "How ye winds of mornin' blow ye winds of ev'ning," in June of 1885, the piece was played for a week by the then Montreal Theatre, under the management of Mr. William Lytell, incidental to the action of the piece "De Wreck of La Julie Plante" was sung to a somewhat different air from that of Morton's, and to suit the stage setting and locale of Montreal I substituted Lac Saint Pierre (St. Peter) which is near Montreal, for Lac Saint Claire, and eliminated Groses Pointe, which is now a residential suburb of Detroit, at the foot of the lake, some several or eight miles above the city.

THE SEVEN VERSES.

Of the song as thus altered is the production credited to the genius of Dr. Drummond by the dramatic editor or reporter of the Montreal Gazette to give him a copy of the song, and I finally did write out and give him the Lac St. Pierre version thereof.

Shortly after this it appeared in the

Gazette, and I think if Mr. Sandys will take the trouble to enquire he will find that somewhere about this same time, July or August 85, Dr. Drummond, of Montreal, first became acquainted with the existence of the dialect "doggerel" "De Wreck of La Julie Plante."

However that may be the fact remains that during the winter of '85-'86 I elaborated L'Habitant into a four act melodrama, the title of which "Jean Baptiste" I copy righted both in the States and Canada.

Subsequently the manuscript of the thus enlarged piece was stolen from me, in some change of the ignominious one of "The Canuck" in which Mable Burt sang the St. Pierre version of this French Canadian dialect ballad (I never thought it anything else than a doggerel; yet, as emanating from Dr. Drummond, the Buffalo Express man, describes it as a "classic").

I have thus given a veracious history of, to vindicate my reputation for truth in the estimation of Mr. Ed. Sandys, who as a compatriot and the son of a distinguished friend of my father's I should like to have the good opinion of. Meanwhile, as the question of literary theft to the extent I have herein described, I am amazed that a man of Dr. Drummond's talent should have assumed the false position he has with regard to the authorship of "De Wreck of La Julie Plante."

AS TO PAVEMENTS.

Harkins—They say tonight is paved with good intentions.

Dames—And I wonder if they, too, have to rip up the pavement every time anybody gets ready to put in a hollow promise?

If I can stop one heart from breaking, I shall not live in vain; If I can ease one life the aching, Or cool one pain, Or help one fainting robin unto his nest again, I shall not live in vain.

GRIPPE'S LEGACY

SHATTERED NERVES

Weakened Heart

IMPOVERISHED BLOOD

Mr. Geo. Turner, who has resided in Chatham for over 40 years and is well and favorably known, writes the following letter.

"Gentlemen.—Five years ago I fell a victim to a bad case of la grippe, and with it had serious lung trouble. Since that time I have been weak, nervous, dependent and debilitated, oftentimes unable to work, having to sit down and wait until my heart stopped its excessively rapid beating.

As soon as I was able I would go about my work, but in a tired and exhausted condition. I had great pain in my heart. My blood was thin, and I lacked vitality. Sleeplessness also gave me much trouble, and I suffered greatly from dizziness and defective memory. In fact, I was just about completely prostrated.

In the only words of praise for this magnificent medicine.

DETOIT BEAN MARKET.

Toronto, Jan. 31.—Beans—Unchanged. Dealers continue to quote choice hand-picked beans at 85 to 90c., and common at 60 to 70c. per bushel.

TORONTO DRESSED HOGS.

Toronto, Jan. 31.—Markets for dressed hogs unchanged. Dealers are quoted in car lots of choice light weights, on track here, at around \$6.15 to \$6.25 and heavy at \$5.80 to \$6. On the street farmers' loads sold at around \$6.25 to \$6.50 according to weight. Provisions steady.

TORONTO PRODUCE.

Toronto, Jan. 31.—Wheat—Wheat markets acted a little tired today. Montreal exporters, who set the pace yesterday, were out of the market this afternoon. Local exporters were also inclined to go slow. Purchases today were light, partly because demand dropped off, and largely because outside holders were unwilling to make concessions whatever. In Chicago May wheat closed easier at 97-7/8c, and after the close, sagged off to 96-1/2c on the curb. A few odd cars of No. 2 red, north and west, sold at 95c, but in the afternoon buyers were disinclined to buy at that figure. Hard North Bay, sold at \$1.00 this afternoon, and track, Midland, offered at \$1.03.

Flour—Buying for export in the last few days has been heavy. Export agents paid the small mills \$3.95, in wood, middle freights. One house took 100,000 bushels in the past few days. Large mills report direct bids at rather better than \$4. for straight, in wood, middle freights.

Milled—Wheat scarce, and very firm at \$10.50 a ton, car lots, middle freight. Shorts in demand at \$12.50 to \$13, middle freight.

Oatmeal—Firm. Car lots of rolled oats, in bags, on track, Toronto, are quoted at \$2.25 to \$2.35 per barrel.

Peas—Firm, but quiet, owing to small offerings. No. 2 white are quoted today at 53-1/2c north and west, and 55c, high freights, at 49c. east.

Buckwheat—Firm. Demand increasing. Car lots west are quoted today at 33c, and east at 34c.

Car lots outside were quoted as follows: Fancy bright, 42 to 45c; No. 1, 38 to 40c; No. 2, 35 to 38c; No. 3 extra, 32 to 35c; No. 4, 28 to 32c; north and west, 28c and east, 28c.

Corn—Firm. Canadian yellow, track, Chatham, is quoted at 28c. No. 2 yellow, American, offers, track, Toronto, at 36c.

Oats—Demand good, with tone strong. White, north and west, 27c; and No. 2, mixed at 26-1/2c; white oats, east, 25c.
