Masse & Co., Opp. Grand Opera

HAS CITY ACTED WISELY IN ABOLISHING SCHOOL BOARDS?

Some Heart to Heart Plain Speaking at C. C. I. Board Yesterday—Dr. Thornton's Comparison—Was Mr. Twohey Aimed at?—The County's Position—Catholic Representation—Other Important Matters

Up till yesterday no one ever accused the C. C. I. Board of going in for pictorial decorations or black-board illustrations. There is no art gallery of ex-Mayors; no framed beauty show or enclosed and mounted nature study exhibit, to adorn their modest meeting room in Secretary Harris' office. It was, then, quite natural that an unusual interest should be manifested by the Trustees, as they gathered during the afternoon, in the large and artistically lettered chart that beamed down upon them from the wall. There was naturally much speculation as to its meaning. The manner in which aldermen and trustees were seated suggested a table of odds at the race track, and Trustee Arnold would persist in urging Trustee Battisby into making a wager. Chairman Richards said he didn't quite understand the lingo of the bookies, but intimated that he'd take a chance anyhow. Some were

last year which was in abeyance. Upon this no litigation was contemplated, as had been stated at the Council. The Board was simply following the statute and submitting the matter to the County Judge. Ald. Austin was entirely wrong in his statements and it was to be regretted that he had not better before speaking. It was an easy thing to make statements, but sometimes much harder to establish them.

THE COMPARATIVE CHART.

The other argument which the speaker had heard adduced at the Council was in relation to the Public School Board and was that a better class of trustees would be elected under the new system than by the present ward plan. Not in spirit of desiring comparisons, which are ever odious, but with an honest desire to weigh calmly and justly this claim, the doctor had framed the accompanying comparative statement. He had good friends upon both Boards, but he thought, in view of the direct comparison invited by cer-

SIZING THEM UP

Dr. Thornton's comparative statement, submitted at yesterday's meeting of the C. C. I. Board, on the respective results of Election by the city at large and the ward system, as evidenced in the city of Chatham in the year 1905 A. D.

COMPARE

Mayor Cowan with Chairman Morley
Ald. Austin with Trustee Drader
Ald. Marshall with Trustee Dr. McKeough
Ald. Dunn with Trustee McArthur
Ald. King with Trustee Bensen
Ald. O'Keefe with Trustee Robertson
Ald. Ainsworth with Trustee Lenfesty
Ald. Potter with Trustee Heyward
Ald. Westman with Trustee Paxton
Ald. Edmondson with Trustee Coraish

Which Board, taken as a whole, would you prefer to entrust with the conduct and interests of your own business, Mr. Ratepayer?

HOW ABOUT THESE?

Men who have been elected to serve on the School Board under the ward system.

William McKeough, Thomas Stone, R. K. Payne, John Hoon, J. A. Walker, K. C. James Holmes, Dr. Fleming, Dr. Rutherford, D. R. Van Allen, John L. Dolson, Dr. Siverwright, John Sheriff, A. D. McLean, Robert Cooper, Dr. Radley, R. G. Fleming, Robert Riddell, J. A. Wilson, W. L. G. Snell, John McCorvie and W. S. Marshall.

significantly called attention to the bracketing of Paxton and Westman and wondered which would work the biggest contract. Other speculations and equally un-understandable comments were finally interrupted by Dr. Thornton's clear and vigorous exposition on his chart, and it set the trustees—and will doubtless set the ratepayers, too—to doing some serious thinking.

Rev. Dr. Battisby spoke briefly on a personal matter of privilege, relative to his reported comment to Mayor Cowan on the formation of a Board of Education, which he did not desire to have further quoted in the press.

MAYOR VS. SCHOOL BOARDS.

Dr. Thornton followed and dealt in a most interesting manner with his carefully prepared comparative statement, reproduced for the benefit of Planet readers.

It was particularly unfortunate, said the doctor, that in a discussion which should have been carried on in a kindly and mutually beneficial manner, that personalities had been introduced and bitter feelings engendered. This deplorable sentiment had done much to belittle the issue.

It was striking that no honest, straight-forward business reason had been advanced by the City Council as to why the change they proposed should be made. It had never been pointed out where any good would accrue to the city or the ratepayers. The only statements submitted in support of the project had been inaccurate and misleading and he regretted that fuller consideration had not been given. Ald. Austin in referring to the Collegiate Institute had said that the city was paying \$120 of every \$2 maintenance and that the County was only paying 80 per cent. of the cost of their own pupils. This was misleading—and it would not have been difficult to ascertain the facts before speaking.

As a matter of fact the County had always paid 100 per cent. of the maintenance and the full cost of their pupils. It was only the matter of

sealed with the corporate seals. After asking the County to come in then the Council cannot justly turn round now and seek to turn them out without even consulting the County Council or the County representatives on the Board.

LOSES \$2,000 A YEAR.

But let the ratepayers weigh the proposed action, even assuming that it was good. What benefit would it be to the city to turn out the 75 to 100 county pupils attending the Collegiate Institute? It means five to seven in each room. Their departure would not mean the dispensing with a single teacher. But it would mean the loss of \$2,000 in each and every year, which is the amount paid by the County for its share of the maintenance of the institution. Fourteen years ago by reason of the agreement under the statute it became a County institution. It is not a city institution but a County institution.

TO END IN SMOKE.

The conclusion of the Council is not worth a sky rocket—for it's bound to end in smoke in any case. If the resolution remains on the books for four months, there will be a lawsuit between the County and the city. The County would be justified in looking after their contributions since the agreement of 1891 and the city would find it a most expensive and disastrous litigation. Thus, assuming that the resolution is good or assuming that it is bad, the city pays the piper.

AIMED AT MR. TWOHEY?

"There is another matter to which I somewhat hesitate to allude," continued Colonel Rankin, "but I believe that this is a time for open, free and fearless speaking. There must be straightforward and plain, outspoken conduct in this very serious and important matter. There are reasons advanced on the street, there are reasons said to be discussed in private caucus—and, moreover, it has been told me on the street several times that this matter is aimed at our esteemed and valued principal, Mr. Twohey. I have been told repeatedly that the aim is to oust Mr. Twohey from the principalship. Is there anything in such a strange and remarkably persistent rumor?"

Continued on Page Five.

SILLY YARN TO SCARE PEOPLE

Chief Pritchard and Architect Carswell Condemn Foolish Stories

Chairman Westman Equally Vigorous—Stories Were Started for a Joke

Relative to the somewhat startling yarns that the Opera House Block was being "jolted" by the removal of the Bank of Montreal building, to which reference was made in yesterday's Planet, investigation shows that the stories originated in an effort to have "a joke" with some of the residents. It was naturally a poor joke as it could only harm and alarm the people who took it seriously.

This morning Fire Chief Pritchard, Architect James Carswell and Ald. Westman, chairman of the civic property committee, roundly condemned the story and emphatically declared that not only was there no danger but there never had been. "The building is just the same as it ever was—perfectly safe," said the Fire Chief smiling.

"As a matter of fact, the removal of the Bank of Montreal, which had no wall of its own, would have a tendency to strengthen the Opera House Block," he added, "and the starting of such stories is very reprehensible."

HAS OPENED STUDIO

Mr. J. A. Brent, organist of First Presbyterian Church, has opened a studio at Mrs. Fields', Wellington street. Pupils accepted in piano and theoretical subjects.

Mr. Brent is a thorough piano student of the analytical type, hence a teacher from whom the most valuable secrets of the process of technical and musical development may be expected.

His method and special technical material, which are original, have been thoroughly tested with variously talented pupils, with almost unique success, proving them, beyond a doubt, to be among the most effective means ever devised to brush the cobwebs from the fingers. The 20th century is nothing if not progressive in the matter of piano technique.

Intending pupils will do well to apply early.

GOOD CONCERT

A splendid concert was given last evening in Cedar Springs under the auspices of the Baptist church. The choir was occupied by the pastor, Mr. McLean.

Some of those taking part in the program were Miss Evelyn Barstiss, pianoniste, Mrs. S. G. Walker, Messrs. Hollman, Blenheim orchestra, Baptist choir and others. The proceeds amounted to about \$40.

YARNS

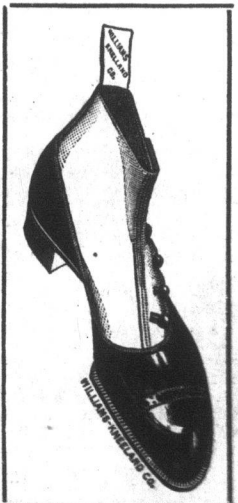

Time has come again, we have our stock complete of the best brands that are made on earth. Customers who have been buying from us for years need no advice on this question. But to those who have been buying at other places and getting inferior goods, just a word. The brands we sell have been handled by us for twenty-five years, always giving satisfaction, always increasing our business, always possessing uniformity and strength combined with fineness, and meeting requirements of particular customers—a few leaders of ours are:

Baldwin Beehive
Koch Saxony
Saxony
Goblin Saxony
Scotch Fingering
Zephyr
Berlin's Single - Double
Shetland Floss
Ice and Angora etc.

Our Canadian Yarn cannot be beaten, strong and smooth, well cleaned and perfect.

Others use our yarns with the greatest of satisfaction, why not you?

RULES FOR NEW MARKET

Ald. Westman Submits the
Schedule for Venders
at the Square

Other Business Transacted at Mid-
night Session of City Council—
Meet Again Friday

Every member of the Council was present at the meeting last evening and it was not before half past eleven o'clock that the Mayor's gavel fell for the adjournment.

One of the most important matters brought up was in reference to the electric light plant. A communication was received from the Gas Company saying they would have their estimates for taking over the lighting of the city ready in a few days.

Ald. Westman thought that the Council had waited long enough for the Gas Company and made a motion that the Property committee be given power to purchase a new dynamo and place the plant in up-to-date shape. He had a report on the estimates for lighting the city made out by Engineer Jones, which he did not wish to read, as it would put the city's figures in the hands of the Gas Company. If the dynamo were purchased it would provide lighting for the city this winter and the Gas Company could still make their offer. He thought, however, the city could furnish lights cheaper than the Gas Company. If the dynamo were purchased the Property committee would guarantee good light.

Ald. Austin moved in amendment that the matter be laid over for a few days to hear the offer from the Gas Company.

The amendment was lost and the motion was ruled out of order, as the report from Engineer Jones had not been read.

So the matter stands as it was before.

Much discussion was caused through the state of affairs on Raleigh street recently discovered.

Ald. O'Keefe reported the sewer connections to residences there were disgracefully made.

Ald. Austin—The Board of Works should find out who was to blame and if it were the workmen they should not again be employed on such work.

Ald. O'Keefe—There was no one in charge. There were 15 or 20 workmen on the job.

Ald. Austin—Then fire the 15 or 20.

Ald. Dunn—Didn't the superintendent look at the work before it was covered up?

Ald. O'Keefe—No.

Ald. King—Does this come under the engineer's department?

The Mayor—It is in his department. If he cannot do all the work alone he should have an assistant.

Ald. Dunn—Are there not Y's and T's on that street 50 feet apart?

Ald. O'Keefe—Yes. They struck one of them by accident (laughter).

Ald. Marshall—They were simply burying tile.

Ald. Dunn—I think a thorough investigation should be held.

The matter was then dropped.

The Secretary Railway commission sent plan of the Grand Trunk spur to the Bent Goods Company's factory.

Several accounts for sundry amounts were presented and passed.

Mr. Howell called the attention of the fact that all the lots in the cemetery are sold at the same rate and some are not worth as much as others. Referred to the Parks and Cemetery committee to re-adjust rates.

Mr. Colles, who resides on Wade street, complained that the sewer on this street has not been flushed in the last two years. Referred to the Board of Works.

The Manson Campbell Company asked permission to put down an asphalt block pavement in front of their factory on Colborne street, work to be done at their expense and under the supervision of the engineer. Granted.

Peter Roulhouse asked permission to erect a granolithic sidewalk on the corner Colborne and William streets. Granted.

A petition was received for a granolithic sidewalk in front of J. W. Miles property on King street. Granted.

A communication from Judge Bell asking permission to cut down trees was referred to the Chief of Police.

D. A. Hutchison asked for a transfer of a cemetery lot. Referred to Parks and Cemetery committee.

The Chatham Gas Company notified the Council they are preparing an estimate for which they will provide the city with street lights. Referred to Property committee.

Blight & Fielder notified the Council that on account of delays in the Head street pavement they would ask extra remuneration, and also asked to be relieved from liability for damages caused by any accident that may happen on that street. Referred to Board of Works.

The Board of Health recommended a sewer on Centre street from Harvey to Wellington streets. Referred to Board of Works.

INDUSTRIAL COMMITTEE.

Chairman Austin for the Industrial committee reported in favor of the acceptance of the offer from the editor of the Woodman to write up Chatham, giving views, providing it costs nothing to publish it. Carried.

FINANCE COMMITTEE.

Chairman Marshall for the Finance committee reported as follows:

1. Re the claim of Ed. Rouse we

BRUSHES

A brush that bears on its handle the name of an old-established and reliable maker, such as **Boeckh**, is sure to be superior to unknown or nameless varieties. The name is the manufacturer's guarantee of value. If you want the best in brushes ask for

Boeckh's

recommend no action, as we are not liable. Carried.

2. That the request of Thomas Moore for a refund of part of the license tax paid by the Norris & Rowe circus be of record. Lost.

3. That the account of W. R. Baxter for \$3.50 be paid. Carried.

4. Re the account of Blight & Fielder against Mr. Chrysler for \$3.40, no action be taken, and we advise Blight & Fielder to procure an order from Mr. Chrysler. Carried.

The report with the exception of the second clause was passed.

Ald. Marshall announced he would report on the Pleasance matter and the early closing matter at the next meeting.

BOARD OF WORKS.

Chairman O'Keefe for the Board of Works reported as follows:

1. That the sewer on Centre street from the C. P. R. to Harvey street be examined and, if necessary, relaid and cleaned.

2. That a new sewer recommended by the Board of Health on Centre street from Harvey to Wellington be laid.

3. In reference to the Raleigh street sewer matter we find that the house connections have been badly and disgracefully made, and we recommend that the part between Grey street and Spencer avenue be taken up and properly put down. Carried.

4. That the engineer be instructed to purchase Y's and T's for making house connections in sewers and that workmen be prohibited from breaking into the sides of sewers.

The Mayor—It is only justice to say that the city has had an order in for Y's and T's for some weeks but is unable to get them from the factory.

5. That no sewer connection be covered up until it is approved of by the engineer or his assistant.

6. Owing to the fact that land is much lower as you get back from the river, we find it impossible to get sufficient fall for sewers south of Harvey street to empty into King or Wellington, therefore we would recommend that the engineer be instructed to take the necessary steps to ascertain the most suitable point to locate a large brick sewer to serve as an outlet for all property south of Harvey street.

The report was adopted.

PROPERTY COMMITTEE.

Chairman Westman for the Property committee reported as follows:

1. Re W. Moffat's letter soliciting an order for name plates for Mayors whose pictures are not in the Council room, that no action be taken.

2. Re the letter of J. W. McGowan of Vancouver, asking information re the electric light plant, that the request be granted.

3. That the insurance on the market building be placed at \$12,000, and that it be given \$2,000 apiece to W. E. Rispin, A. McDonald, A. H. White, Smith Bros., G. K. Atkinson and J. F. Dunn.

4. Re the old market building, that it be left as it is until next year, when the ratepayers will have a chance to say what they want done with it.

5. That the small market scales be sold and a new 2,000 pound scale be purchased for \$25 or \$30.

6. Re the renting of the market stalls and spaces, that we rent four meat stalls at \$150 each per year, eleven vegetable and fruit stalls at \$90 each per year, two auctioneers' spaces at \$35 each per year, 180 spaces in basement at \$3 each per year, 40 spaces outside at from \$6

to \$3 each per year. This will make an income of about \$2,230 per year, and counting \$1,600 a fair estimate for maintenance, will give the city a revenue of \$330 per year every week.

7. That J. M. Northwood have the renting and collecting in hand and the city purchase books to keep accounts straight and receive a statement from Mr. Northwood every week.

8. That the Property committee have power to advertise the stalls and spaces for sale and sell them on October 14.

The report was adopted.

In reference to the sixth clause re the renting of the stalls, Mr. Austin moved in amendment that 40 stalls in the basement be reserved for casual visitors to use for a fee of ten cents per Saturday.

The amendment lost in the following vote:

Yeas—Ald. Austin and King, and the Mayor—3.

Nays—Ald. Marshall, Dunn, O'Keefe, Ainsworth, Potter, Westman and Edmondson—7.

Ald. Austin also thought \$60 too high a rent for the vegetable stalls.

Ald. Westman replied that the committee has not made final arrangements and some of the rentals may have to be changed. This was a trial draft to see how it works.

Ald. Austin read a letter which has been sent to the Electric Railway Company notifying them the street have not been properly laid.

INQUIRIES.

Ald. Austin asked if it was customary for the Board of Works to appoint inspectors on the new streets which were permanent works without consulting the Council.

Ald. O'Keefe replied that the matter was left to the Board of Works this year with power.

Ald. Austin asked if there was any trouble about the new Police Court ventilation.

Ald. King replied that the committee had made arrangements for a ventilation shaft which would be satisfactory to the police authorities.

Ald. Potter—I would like to draw the attention of the Board of Works to a water wagon which has been standing on the corner of School and Centre streets nearly all summer. He thought it should be removed.

Ald. O'Keefe (smiling)—That's for the Property committee.

Ald. Westman—The Board of Works should have it removed to the tool house.

Ald. Potter called attention to the mud on the sidewalks where street work is being done.

The Mayor also added a few words to Ald. Potter's remarks.

A petition for a granolithic sidewalk on the south side of McKeough avenue was referred to the engineer for his report.

The Board of Works to the poor curb and gutter on King street west. There is a guarantee on this work.

The matter of sundry small improvements to the market building was left to the Building committee with power.

The inches avenue sidewalk matter came up again and it was decided to introduce a by-law at the next meeting with a view to granting the prayer of the petitioners on that street.

The Council then adjourned.

TO CATARRH SUFFERERS

HYOMEI CURES BY BREATHING MEDICATED AIR.

The popularity and increase in the sales of Hyomei are unique in the annals of medicine. Such astonishing cures have been made by this remedy that its sale is steadily increasing every year.

The complete Hyomei outfit costs but \$1.00 and consists of an inhaler that can be carried in the vest pocket, a medicine dropper, and a bottle of Hyomei.

The inhaler lasts a lifetime, and if one bottle does not cure, an extra bottle of Hyomei can be obtained for 50 cents. It is the most economical of all remedies advertised for the cure of catarrh, and is the only one that follows Nature in her methods of treating diseases of the respiratory organs.

Breathe through the inhaler for a few minutes four times a day, and your catarrh is cured. That's all.

If you cannot obtain Hyomei of your dealer, it will be forwarded by mail, postage paid, on receipt of price. Write to-day for consultation blank that will entitle you to services of our medical department without charge. The R. T. Booth Company, Hyomei Building, Ithaca, N. Y.

When you require a bill of hardware call on Drew & McCallum.

The Northway Co., Limited

THE STAGE

"All the world's a stage and all the men and women merely players."

ANNOUNCEMENTS

At The Grand—
The Isle of Bong Bong—Oct. 3.
On the Bridge at Midnight—Oct. 5.
Pollard Australian Juvenile Opera Co.—Oct. 7.

(Supplied to The Planet by Press Agents.)

Manager B. C. Whitney, the enterprising purveyor of modern theatrical successes, will present the sparkling musical surprise, "The Isle of Bong Bong," at the Grand to-night.

The production is sumptuously staged and elaborately costumed, and an all-star cast of unequalled merit has been provided, including John W. Ransome, of "Prince of Pilsen" fame, Alice Yorke, Anna Boyd, Edith Dewey, John W. Hendricks, Walter Ware, Charles Parcor, Chas. R. Haigh, Clement Johnstone, and other notable.

"ON THE BRIDGE AT MIDNIGHT."

Persons, who, besides enjoying a good play are interested in a stage achievement that took twenty men five months to build, will be sure to see Kilnt & Gazzolo's "On the Bridge at Midnight," which is coming on Thursday, Oct. 5. They will find the \$10,000 reproduction of the jack-knife style of draw-bridge equal to the expectation aroused by its fame, and they will be delighted with the

bright comedy and romance of W. L. Roberts' well-known drama. The author and producers were determined that "On the Bridge at Midnight" should not offer the usual cheap, sensational effects but, on the contrary, should be a play of genuine merit, not by any means wholly dependent on its remarkable climax for success.

A genuine treat is in store for our people with the coming of the Pollard Australian Juvenile Opera Company to the Grand on Saturday, Oct. 7, for an engagement of four nights and Wednesday matinee.

This organization is without a peer in the world, the founders of the Pollard Company being the first to put on the road a company of children with success, in works that before that time were always thought to be impossible for youngsters to handle. Many fine performers who started in the ranks of the Pollard Company are now prominent in England and in this country, their special training for the stage standing them in good stead. They have made a number of tours of the Orient and last season made a successful trip through the western part of this country. "The Belle of New York" will be the opening musical comedy, said to be the best ever written.

GARIBALDI WANTED TO BE CREMATED.

Garibaldi left directions in his will for the cremation of his body, but his wishes were overruled by the Italian Government. The soldier's instructions were minute and perhaps a bit self-conscious. "Facing the sea, you shall erect a pyre two metres high, built of acacia wood, myrtle and other aromatic trees and plants growing at Caprea. On this lay a sheet of iron, on which shall be placed my body, dressed in the red shirt. A handful of the ashes place near the coffin of my daughter, Rosa and Anita." The rest were to be blown away by the wind as seeds of liberty for other parts of the world.

He Will Cure You First Then You Pay Him

The physician, who has not sufficient confidence in his own ability to cure his patient first and receive his pay afterward, is not the man to inspire confidence in those who are in search of honest treatment.

Dr. Goldberger's acceptance of a case for treatment is equivalent to a guarantee to cure, because he never accepts a case unless he is satisfied to cure it.

Dr. Goldberger has 14 diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee as to his standing and ability. He makes no difference who has failed to cure a patient, while the doctor, when he cures a patient, has given him what is worth much more money—he has given him his health.

Dr. Goldberger is the first specialist in the U. S. of America, who has had sufficient confidence in his ability to say to the afflicted that a dollar need be paid him only if he cures the patient.

There is no guesswork, no experiment in his method. He is a known expert in his specialty, and offers you the best, and only best treatment. When your life or your health is at stake, inferior treatment (which is inferior to the best) is worse than the disease itself.

Dr. Goldberger has 14 diplomas and certificates from the various colleges and state boards of medical examiners, which should be sufficient guarantee as to his standing and ability. He makes no difference who has failed to cure a patient, while the doctor, when he cures a patient, has given him what is worth much more money—he has given him his health.

Dr. Goldberger is the first specialist in the U. S. of America, who has had sufficient confidence in his ability to say to the afflicted that a dollar need be paid him only if he cures the patient.

There is no guesswork, no experiment in his method. He is a known expert in his specialty, and offers you the best, and only best treatment. When your life or your health is at stake, inferior treatment (which is inferior to the best) is worse than the disease itself.

THE UNIVERSAL BOOK.

Bible Now Speaks to Men in 430 Different Tongues.

Rev. R. E. Welsh of London, Eng., who has lately been appointed general secretary of the Canadian auxiliary of the British and Foreign Bible Society, and who will shortly enter upon active work in New Ontario and the west among the colonies of foreign immigrants, preached on a recent Sunday in Toronto. His addresses had scholarly polish, yet the arguments advanced were clear-cut, and the points were driven home without oratorical flourish. The speaker's delivery was smooth and pleasing, and lost little of its effectiveness through his sermons being read.

The sermon in the evening was typical of the work that Rev. Mr. Welsh is called upon to do by his recent appointment. It was a deliverance upon the power of the Bible in the development of Christianity, and upon the work which the Bible Society is doing in "going forward to undo the curse of Babel."

Mr. Welsh referred to the attempts that had been made to establish a universal language, attempts which had resulted in the setting up of about 10 different systems, so that all had come to naught. However, the Bible now spoke 430 tongues in different parts of the globe. One hundred years ago, when the society was founded, the Bible was a closed book to four people out of five; now it was so widely translated that it could be read by seven-tenths of the people of the world. There were still, however, in India alone, 74,000,000 people, to whom the book was not sealed, and throughout the world no less than 400,000,000.

Rev. Mr. Welsh remarked that it had been told him that Toronto's population was showing an increasing number of foreign immigrants, and he could see an extension of the society's work needed in the city.

Allusion was made by the speaker to the great difficulties met with by the translators, owing to the frequency with which it was found impossible to give proper and adequate expression in the native tongue to the highest thought contained in some of the Scriptural messages. Terms signifying lowliness and humility often found their nearest equivalents in expressions of servility, and thus it was in other instances, it was the work of the society to go on year after year, correcting errors that had crept in and generally revising.

With gratitude, the speaker testified to the facilities that the Government of the world had afforded for the transportation of the society's great outpouring of Bible literature. He eloquently pictured the mode of conveyance peculiar to far-off climes, and, as an instance of the generosity shown, said that one railway alone had carried 100 tons of Bibles in a year, free of cost to the society.

The Dread Poison Ivy.

Many persons cannot stand where the breeze blows upon them from a poison ivy without being poisoned. There is a cure for poison of this kind, which is recommended as so certain by those who have tried it that even the most sensitive to the effect of this vine need not long suffer discomfort. It is simply fresh cantaloupe bruised and rubbed on the eruption. In very bad cases the use of a strong decoction applied hot for at least twenty minutes at a time, several times a day, is recommended. One who has tried it states that the remedy is so simple that many persons are skeptical as to its efficacy. He maintains he has never known it to fail when used. In light cases he has chewed it and laid it on the blisters.

Another good remedy is to apply a poultice made of bread crusts dipped in a thin paste of baking soda and cold water. Bind this on for fifteen minutes and allow the skin to dry. Redip the crusts and repeat the process. Don't let this solution touch floors or carpets or it will ruin them.

The Time of Day.

Strictly speaking, the word "morning" which first meant the time of day dawn and then the early part of the day, is now confined to the time between midnight and midday, or noon. But it has long been usual in society to apply the term to the whole of the day before dinner. So long ago as April 16, 1796, the Hall Advertiser gave the information that "the Duke of Devonshire took a morning's ride before dinner yesterday at 7 o'clock in the afternoon." "Noon," too, once had a floating meaning, but is now definitely 12 midday. But at first it meant the ninth hour—that is, 3 o'clock in the day, the time of receding the "noons" in the Roman Catholic church. As the hour for this office fluctuated, so did the meaning of "noon," which might be any time between midday and 3. And finally the word assumed its present limited signification. It was, dinner time, the most important moment of the day to an Englishman.—London Chronicle.

Finest Scottish Deer Forest.

Probably the finest deer forest in Scotland is that of Glenquoich, which Lord Burton has rented from Mrs. Ellice for nearly a quarter of a century past, and it is there that the King will stay with Lord and Lady Burton towards the latter part of this month for the deer stalking, writes the Marquis. The King always enjoys these visits to Lord Burton, not only because of the perfection of the sport which the Glenquoich forest and hills afford, but likewise because the house party always includes that remarkable old maiden lady, Miss Thornhill, sister of Lady Burton, and reputed to be the finest bridge player in the United Kingdom. She is the King's favorite partner at the game, and when at the card tables sees in him no longer her Sovereign but her partner, treats him as such, and does not hesitate to scold him roundly if he is guilty of any play that in her eyes seems indifferent.

CURE SICK HEADACHE.

The Catamaran.

The catamaran, made of a hollowed log, shares the popularity of the Mas-soola boat with the fishermen of Madras. The rickety looking contrivance can weather any storm in the skillful native hands, and letters are sent by this means to ships in the offing when other communication with the shore is impossible. The catamaran requires steering with a paddle through the raging surf, and, though the boatman may be frequently dashed out of the rude skiff by the violence of the waves, he leaps into his frail bark again with the efficiency of long practice, and the catamaran, flying over the crest of the great billows which threaten instant destruction, accomplishes the perilous voyage in safety.

A Hint For Lovers.

Being "in love" is very different from loving and may be only a selfish emotion, which is the direct opposite of loving. Being in love without love is bondage—sometimes pleasant and sometimes painful, but always bondage, says Leslie's Monthly. True loving means freedom—freedom both for ourselves and, as far as it is in our power to give it, for all whom we love, for when we truly love another human being we love him for the sake of his best strength, his best use and his best happiness, and not at all for the sake of ourselves.

The Toilers in Our Factories.

No workmen in the world can do so much or use the same intelligence that our own American work-men and women are capable of. That is why America is now beating the world in manufactures; all due to the brain and muscle of our Yankee men and women.

Unfortunately where there is smoke, dirt and dust and little sunlight there also can be found the germs of disease. Nature's great disinfectant is sunlight. It is in the factory, the workshop, the office, that men and women suffer from diseases which are in the dust and the bad air. Such disease germs enter into the blood in two ways, either through the lungs or stomach.

After years' experience in an active practice, Dr. R. V. Pierce, of Buffalo, N. Y., discovered a remedy for a blood-poisoning disease, at the same time alleviates a cough. He called it Dr. Pierce's Golden Medical Discovery—an alternative extract that assists in the digestion and assimilation of the food—so that the blood gets its elements from the products of digestion, the liver at the same time is started into activity and there is perfect elimination of waste matter.

The germs of grip, malaria, catarrh or consumption find a fertile field if the body is not kept in perfect order and the blood pure.

Because the stomach is diseased there is a diminution of the red corpuscles of the blood. This is why one is sleepless, languid, nervous and irritable. Sensitive stomachs groan aloud at the irritating food liver oils, but they will get all the food elements the tissues require by using the "Golden Medical Discovery."

The "Discovery" is absolutely a non-alcoholic and non-narcotic medicine. There is nothing else "just as good." Dr. Pierce's Pleasant Pellets, the best laxative for old and young people. They cure constipation and biliousness.

"Walton's Angler."

This insignificant duodecimo volume, not remarkable for any special literary merit beyond an easy, cheerful, chatty good humor, interlarded with technical information about a strangely fascinating sport, occupies one of the topmost niches in the huge temple of British bibliographical fame. "Worth its weight in gold" is a very inadequate expression. The number of sovereigns its value represents overbalances many copies. Its companion volume, the second part, by Charles Colton, was not issued from the press until twenty-three years later and naturally increases the already stupendous price when found with the earlier work.

The perennial popularity of "Walton's Angler" is very remarkable. Seldom a year passes that does not witness its reissue in some form or other, either in a new edition, or for the connoisseur's shelves or commonplace and cheap for the traveler's pocket. There is a charm about the book which time apparently cannot destroy.

How to Make Beeswax.

The following recipe for beeswax can be vouched for: After the combs have been put through an extractor or crushed and strained through a thin cloth the wax is put in a copper or porcelain lined kettle, with cold water enough to cover it, and boiled for half an hour, or longer if it seems necessary. When the wax is taken from the stove it is strained and poured in a vessel previously dipped in cold water. To make a round cake of beeswax pour the melted wax in a bowl that has been dipped in cold water. To make wax sheets use a board three-eighths of an inch thick, dampened with warm water, then dipped in the melted wax two or three times. The board is next put in water to cool for a little while, after which it is taken out, the edges trimmed with a sharp knife and two sheets of wax peeled off. To make these wax sheets the wax must not be too hot or it will crack.

Sound Waves.

The sensation of sound, as is well known, is produced by a certain to and fro or wave-like movement of the air striking upon the drum of the ear and so setting it in vibration. Each sound wave consists of two portions, in one of which the air is compressed beyond and in the other rarefied below the average pressure. If two sound waves are traveling in the same direction, but one of them starts half a wave length behind the other, the compressed half of one will fall upon the rarefied half of the other, the average air pressure will remain undisturbed, and the two sounds will combine to produce silence. If a sounding tuning fork be slowly rotated near the ear four positions will be found in which the sound will be barely audible. This is due to such interference of sound waves as has been described.

How to Cut Glass.

Glass can be cut without a diamond, and the way is very simple. Dip a piece of common string in alcohol and squeeze it reasonably dry. Then tie the string tightly around the glass on the line of cutting. Touch a match to the string and let it burn off. The heat of the burning string will weaken the glass in this particular place. While the string is burning, hold the glass under water, letting the arm go under well to the elbow, so there will be no vibration when the glass is struck. With the free hand strike the glass outside the line of cutting, giving a quick, sharp stroke with any long flat instrument, such as a stick of wood or a long bladed knife, and the cut will be clean and straight as if made by a regular glass cutter.

Napoleon Before the Convention.

When Barras introduced Napoleon to the convention as a fit man to be entrusted with the command the president asked: "Are you willing to undertake the defense of the convention?" "Yes," was the reply. After a time the president continued: "Are you aware of the magnitude of the undertaking?" "Perfectly," replied Napoleon, fixing his eyes upon his questioner, "and I am in the habit of accomplishing that which I undertake."

First Great Depression.

"What, may I ask, was the keenest disappointment of your career?" asked the anxious interviewer. The great financier stared coldly at the ink bottle. "It was when I was four years old, I think," he drawled, "when I woke up one morning and found my red balloon shrunken to one-fourth the size of the day before."

Man and the Dog.

We are alone, absolutely alone, on this chance planet, and amid all the forms of life that surround us not one, excepting the dog, has made an alliance with us. A few creatures fear us, most are unaware of us and not one loves us.—From a Masterlink Essay.

Supplied a Deficiency.

Mr. Goodman—James, the gentleman you gave as reference tells me you're not very truthful. Jimmy (the office boy)—Well, say, yer sich a truthful guy yerself yer need an alibedded liar like me round der place.

Their Descent.

DANTE.

Mrs. Holland, of Detroit, is visiting her sister, Mrs. Francis Pesha. Bert James lost a fine fat cow last week.

Mr. Chas. Snary, who has been living in Wm. Leason's house, has moved out and Walter Rolston and wife will be moving in next week.

Reeve Annett, of Euphemia, was selling jobs on the town line on Friday.

S. C. Walker, of Chatham, was in the vicinity Monday on business. On Friday last, after Mrs. Winter had her bread baked and put on the cook house table, she went over to one of her neighbors for a few minutes, and while she was gone some one came in and took it all. It was not so much the loss of the bread, but they did not have any for supper.

Mrs. Winter had to bake the next day. She had better look it up next time.

Russell Fausher is home attending the funeral of his mother. He will return on Tuesday to his home in Moosejaw.

Mr. Wood, Miss Wood and Miss Elgie, of Dresden, were the guests of the latter's aunt, Mrs. George Randle.

Now is the time to subscribe for The Planet—25 cents from now until 1906. When you once have it you will always want it.

Mr. and Mrs. Thomas Winter, of Wardsville, visited their daughter, Mrs. W. Wilkinson, on Sunday.

A very bad death occurred at 11 o'clock on Wednesday at the home of Mr. Franklin Fausher, when his beloved wife, Lucy, aged 53 years, one month and ten days, passed away. Death was not unexpected, as she had been suffering some days from appendicitis. The deceased was a faithful laborer of the Methodist church League and Sunday school.

The grief stricken husband and children have the heartfelt sympathy of the entire community. The funeral took place Sunday afternoon at 3 o'clock to the Fausher cemetery, the service being conducted by the Rev. Mr. Sawyer, and was largely attended by the many friends of the family.

THE LOCAL BUDGET.

Guns and Ammunition at Briscoe's. E. Hanson, of Wheatley, is a Chatham visitor to-day.

B. W. Wilson, of Ridgetown, is spending the day in town.
Late shipment of \$1.25 colored shirts for 89c, at The 2 T's.

Mrs. J. S. Black, Victoria Ave., will be at home to-morrow afternoon and evening.

Phil. H. Bowyer, M. P. P., and B. W. Willson, of Ridgetown, are in the city to-day.

Mrs. Phil Singer has had a couple of articles accepted by Lee's Magazine, Boston.

W. T. Campbell is still selling coal at the old stand, Victoria Block, Fifth street, phone 169.

Mrs. Elliott, who has been visiting her sister, Mrs. Ed. Jones, returns to-day to her home in Kingston.

J. E. Thomas has taken up his residence in one of the houses erected by Westman Bros., on King St. West.

For Sale at a bargain! A parlor suit and sideboard, as owner is leaving the city. Apply at this office.

Wanted! A bright young girl to work in store, must be reliable. Apply in own handwriting, box B, Planet Office.

Architectural or builder draughtsman seeks engagement. Accustomed to supervise works in progress. Apply 1, Planet.

Arthur Andrew and wife left for Manitoba to-day to visit their son, who has been in the hospital at Beresford.

Rev. J. M. Nicol, wife and family are spending a few days with Mrs. Nicol's parents, Mr. and Mrs. A. R. Oltart, William St.

The next meeting of the License Commissioners will be held on Saturday next to consider two transfers and for the passing of accounts.

James Simon, manager of the Bank of Commerce, has rented the new residence erected by W. H. Westman on King St. West. He will occupy the house on November 1.

Dr. Owens, specialist, surgeon, will be at Dr. Badley's drug store, Chatham, on Wednesday, October 4, to treat diseases of the eye, ear and nose, and to fit glasses properly.

The Young Peoples Society of Christian Endeavor and Epworth League at Huffman's Corners church will hold a grand rally for North Harwich on Friday evening next at eight.

Fire Chief Pritchard has issued permit No. 23 to Stephen Tilley, who will erect a two storey frame house, 26 feet by 28 feet, on the south side of Park Ave. West. The cost of the building will be \$1,250.

A carload of organ posts arrived in the city yesterday from the Kana piano and organ factory, Woodstock, and preparations are being made for the opening on Sunday, 15th inst.

The last trip of the City of Chatham for the season was made yesterday. Owing to the yellow fever trouble in the south the shipments of fruit have been stopped, and for the last ten days the cargoes and travel have been light.

W. H. H. Webster, formerly of this city, and now American Consul at Niagara Falls, stopped over a train yesterday on his return home from attending the meeting of the Railway Y. M. C. A. convention at Detroit.

An extended report of the annual meeting of the Ladies of the Home of the Friendless, which was held yesterday, and other local matter, is unavoidably crowded out of this issue, but will appear in to-morrow's paper.

Mr. and Mrs. Geo. E. Cook have returned after a nine days' visit north, during which they visited Toronto, Niagara Falls, Muskoka and Gravenhurst. Mrs. Cook was, before her marriage, Miss Minnie Maine, daughter of Elijah Maine, 5th concession, Raleigh.

The Ladies' Aid of St. Andrew's Church held their regular monthly meeting on Monday last, with a large attendance. The tea-meeting returns were made, and it was found that something over a hundred dollars will be realized. It was decided that the talent money should be handed in by the first of December.

Harry J. Stevens, formerly of this city, is operating on the Board of Trade in Montreal and is handling large orders for western grain and produce dealers. An inspector for a large eastern insurance company made the statement last week that Mr. Stevens will some day be counted amongst the most successful operators.

License inspector N. Massey has been spending a few days around the vicinity of the old homestead in Oxford. He was joined by his brother, James, of Dundas, and by another brother, Edward, who resides on the old farm where the three spent their boyhood days. With Joseph Retter, a brother-in-law, they spent a number of pleasant hours recounting their escapades of by-gone days. The three brothers had not been together for about fifteen years.

FOR GENERAL HOSPITAL

\$255,000 Subscribed in Just a Few Minutes.

Generous Private Donations to the New Toronto General Hospital—Almost a Million of Money Now Ready For the Great Project—Names of the Donors and the Amounts They Respectively Subscribed.

Toronto, Oct. 3.—A meeting took place in the office of Mr. Byron E. Walker at the Bank of Commerce yesterday morning between the trustees and a few gentlemen interested in the contemplated new Toronto General Hospital. There were present: Messrs. J. W. Flavelle, the Hon. Senator Cox, Byron E. Walker, E. B. Oslender, H. D. Warren and Peter C. Larkin.

In a few minutes there was subscribed \$255,000, as follows: Senator Cox, \$100,000; this amount to be devoted to a separate building or wing in memory of the late Mrs. Cox.

Mr. Timothy Eaton, \$50,000.
Mr. J. W. Flavelle, \$25,000.
Mr. E. B. Oslender, \$25,000.
Mr. Byron E. Walker, \$10,000.
Mr. H. D. Warren, \$10,000.
Mr. Peter C. Larkin, \$10,000.

This brings the amount available for the work up to \$855,000, with expectations of another \$100,000. It will take over \$400,000 more to do the work on the plan laid down. Other large gifts have been: From the Province of Ontario, \$250,000; University of Toronto, \$50,000; City of Toronto, \$200,000; Mr. Cawtha Mulock, \$100,000.

UNIVERSITY COMMISSION.
May Be Able to Report in Time to Enable Government to Act Next Session.

Toronto, Oct. 3.—Premier Whitney gave out yesterday the text of the instructions to the newly-appointed university commission which provided for a report on a new scheme of government, the incorporation of the School of Practical Science with the university, and such changes in the relations with affiliated colleges as may be considered advisable. The Cabinet will meet to-day and formally appoint the members of the commission.

The commission will probably organize immediately after its formal appointment to select a chairman and discuss its duties.

The scope of the commission does not relate to the teaching methods, but rather to the future business management of the university. It is probable the commission will be able to place their report in the hands of the Government in time to enable them to place the new scheme before the next session of the Legislature.

The members will make extensive observations as to the management of European, American and other Canadian institutions in order to apply to Toronto University the essence of what is believed to be the best in university management.

The commission to be appointed to-day will consist of Goldwin Smith, Rev. Canon Cody, St. Paul's Church; Rev. D. Bruce, Macdonald, St. Andrew's College; J. W. Flavelle, of the Wm. Davies Co.; A. H. U. Colquhoun (secretary) news editor, Toronto News, and Sir Wm. Ralph Meredith, chief justice of the Court of Common Pleas.

LOCAL BRIEFS
David Gordon, M. P., is at the Rankin House.

Mrs. J. G. Carron left to-day for Williamstown, Mass., for a month.

Geo. Pritchard has returned from Flint, Mich., after an absence of two months.

Harry Taylor has so far recovered from his recent long and serious illness that he was able to take a trip to Windsor to-day.

Bert Miller and John Glassford shipped their horses to Leamington Fair this morning, where they will race during the Fair. M. Mount and Ilean D. also go in the same car.

Mrs. J. W. Dezell and children, who have been visiting Mrs. Dezell's parents, Mr. and Mrs. Peter Miller, Harvey street, returned to their home in Idaho to-day.

The little daughter of John Barrett, Park street, who fell and dislocated her shoulder yesterday, is improving nicely under the care of a local surgeon.

Geo. Peltier, of Dover, brother of Eugene Peltier, formerly of this city, is receiving the congratulations of his friends over the birth of a little girl.

SPLENDID PRODUCTION
It is very unfortunate that there was not a larger attendance at the Grand last evening to greet Melbourne MacDowell and his excellent company in their admirable presentation of Sardou's great masterpiece, "Gismonda."

The production was in every sense a finished and pleasing one and if ever the company again plays Chatham they can rest assured of a liberal patronage.

FOR SALE
House and lot in excellent location on Harvey street; contains hall, double parlors, dining room, kitchen, pantry, one bedroom down stairs, and four bedrooms up stairs, summer kitchen and woodshed; lot 41 x 128. Apply to

CENTRE STREET GETS SEWER

Board of Health Takes Action on Ald. O'Keefe's Vigorous Report

Sanitary Measure Affecting School—Others Matters Discussed at Meeting

Charles Hadley moved, seconded by Dr. Cornell, that the local Board of Health for the city of Chatham recommends and resolves that it is advisable and necessary in the public interest to construct a sewer for the purpose of draining the locality being on Centre St. between Harvey St. and Wellington St., for sanitary purposes as a local improvement.—Carried unanimously.

This action at yesterday afternoon's meeting of the City Board of Health was the result of the vigorous and outspoken comment of Ald. O'Keefe, chairman of the Board of Works, recently. The new drain will operate in connection with the sewage at the big Central school.

There were present at the meeting Chairman Charteris, Dr. Bray, Dr. Cornell, W. R. Baxter, Chas. Hadley and Mayor St. John.

A communication was read from Rev. W. H. G. Colles, asking to have Wade St. flushed. Referred to City Board of Works.

The Medical Health Officer recommended the putting down of the Centre St. sewer.

The Medical Health Officer handed in \$5.00 which he received from some persons who were unable to pay more than the actual cost of antitoxine purchased by the Board of Health.

The secretary was instructed to have the amount placed to the credit of the Board of Health.

The Medical Health Officer stated the committee had tried to see the city solicitor in regard to the G. T. R. hog pens, but had not succeeded. The M. H. O. wrote Mr. Cunningham, of the T. R. Co., re same, and sent him copies of resolutions passed. The latter replied that he regretted delay but could assure city that the company were giving the matter every attention and would in a short time advise of what they intend to do.

Mr. Hadley moved, seconded by Mr. Baxter, that the Mayor be added to the committee re G. T. R. hog pens.—Carried.

The Mayor asked what would be done in regard to an isolation hospital in place of the present one, as the time will expire on Oct. 19, 1905.

Dr. Cornell moved, seconded by Mr. Chairman, Mayor and Medical Health Officer, be a committee to investigate and report upon the matter of an isolation hospital.—Carried.

Dr. Cornell moved, seconded by the Mayor, that the telephone in the isolation hospital be moved to the residence of the sanitary inspector.—Carried.

Dr. Cornell gave notice of a resolution to change the date of the meeting of the first Friday in each month at eight o'clock p. m.

JOHN MILLAR DEAD.
Deputy Minister of Education For Ontario Passes Away—Sketch of His Career.

Toronto, Oct. 3.—Mr. John Millar, Deputy Minister of Education, died at his residence, 533 Sherbourne street, at 120 this morning.

Mr. Millar married first Miss Susie Dingle of Barton, who died in 1889, and in 1890 he married Kate, daughter of the late Mr. Neil McCallum of London. He leaves a widow, three daughters, Edith, Gladys and Maud, and one son, John Jerrold, all at home.

Sketch of His Career.
Mr. Millar has been deputy minister since May, 1890. He was born in Ireland 60 years ago, coming to Canada at an early age with his parents. He received his earlier schooling at the high school. Up to 1890 he was principal of the St. Thomas high school, which position he filled with so much credit that upon the death of Alexander Norman, in that year, he was appointed deputy minister of education. In 1884 he was elected a senator of Toronto University.

He wrote a valuable report on the educational system of Ontario in 1888, "School Management" (1896), and "Books," a guide to good reading (1897). His literary efforts have all been appreciated by the public.

The Dominion Educational Association honored him in 1896 by electing him to the vice-presidency.

How easy it is for one to suggest a sure way for someone else to manage a troublesome affair.

Your Doctor
We wish you would ask your doctor what he thinks of Vapo-Cresolene. He will say "It's certainly the best way of reaching the throat and lungs, this inhaling method." You see, it brings the medicine right in contact with the weak places. If it's asthma, bronchitis, whooping-cough, croup, or any such trouble, the Cresolene vapor touches every inflamed place. Relief is quick, certain.

Vapo-Cresolene is sold by druggists, or sent express (based on receipt of price). A Vapo-Cresolene outfit including a bottle of Cresolene, complete \$2.50. Send for free illustrated booklet. Legerre, Milne Co., Ltd., Agents 280 St. James Street, Montreal, Can.

A. I. McCall & Co., Ltd. Druggists

HAS CITY ACTED WISELY

Continued from Page One.

Dr. Bell—I'm afraid there is I heard it already on the streets since I came to Chatham to-day. Colonel Rankin—Exactly, doctor, and it's a time for plain speaking. If the idea is to get rid of Mr. Twohey, then I am not surprised that they have to exterminate the Board to carry out that project. The present Board is so thoroughly satisfied with Mr. Twohey's appointment that nothing short of its absolute extermination could result in his removal.

BLAMES ALD. AUSTIN.

"I am satisfied," continued Colonel Rankin, "that if the members of the City Council had been possessed of the full facts and the data in the hands of this Board, the resolution would never have been the light of day. I cannot understand Mr. Austin's position. I went over the matter with him and he knew that the county had always paid 100 per cent. of its share of the maintenance and the full cost of all its pupils every year from 1891 to 1904, and I fail to understand why he should go out before an intelligent body of men in the City Council and tell them that the county paid 120 per cent. and the county only 80 per cent. I am reluctantly forced to the conclusion that Mr. Austin knew it to be totally inconsistent with the facts.

COL. RANKIN WILL RUN.

"The education of our children is a matter of the most vital importance to our community. It is not a matter to be played about or to be jockeyed with. There should be no ulterior motives. Every patriotic citizen should bring his best judgment to bear honestly upon the matter. I'm afraid there would be very few men who would forgo the exorbitant salaries of the Board of Education to devote their time and energies to the duties of a Board of Education, with the government of all three of our large schools. This was the position I found myself in. But I have felt myself called upon to reconsider that decision. If a Board of Education is to be formed I shall seek to become a member of that Board—in fact, I do not hesitate to say I am anxious to become a prominent member of that Board. But I say with sincerity and earnestness and as a ratepayer that the financial burden must prove far in excess of the present arrangement. It is a bad thing for the city and for the ratepayer; it will cause friction between the city and the county, and I cannot view it as other than an outrage to take the county by the neck and endeavor to throw it out."

Rev. Dr. Battisby—There is nothing against the county in the proposal. They can make arrangements with the Board of Education if they desire and pay for what they get. Trustee S. B. Arnold—Oh, yes. It will bring on a conflict with the county just as Mr. Rankin pointed out. We're bound to have trouble.

CATHOLIC REPRESENTATION.

Dr. Thornton—I must say that it would appear that our Roman Catholic citizens are militant against. Rev. Dr. Battisby—Have we not the same privilege to vote for a Roman Catholic if we want to?

Dr. Thornton—Oh, no. They must all be public school supporters. There is to be one Catholic representative appointed by the Separate School Board on High School matters only. This means that he has got to sit silent during four-fifths of his time and there is only one-fifth of the business in which he can take any part. Then, again, no matter how able he might be, he could never be

There were present Chairman W. G. Richards and Trustees Rev. Dr. Battisby, Robert Smith, Dr. Bell, S. B. Arnold, Dr. Thornton, Colonel Rankin, Secretary Harris and Principal Twohey.

Principal Twohey reported the attendance for September as follows: enrolled 334, average 314.

Dr. Thornton reported that the new desks were now on the way.

On motion of Colonel Rankin and Dr. Bell, Charles Parquharson was paid \$20 for substituting for Mr. Jennings during the week of the latter's bereavement.

On motion of Colonel Rankin and Dr. Thornton, Principal Twohey was authorized to purchase works on English and supplementary reading for the school library in order to save pupils having individually purchase these books.

Batteries—Emlank, Kilton and Drili; Hogg and Connor. Umpire—Sheridan.

DO YOU GET BILIOUS?

No remedy could be more prompt and agreeable than Dr. Hamilton's Pills. No matter where you go you'll hear of the grand cures they make. Writing from Ottawa Mrs. M. E. Le-bonness and sick headache I don't think there is a remedy to compare with Dr. Hamilton's Pills. I formerly had bilious attacks about once a month—used Dr. Hamilton's Pills and obtained grand results. My stomach has been put in good order and my health greatly improved. No medicine better for men, women or children. Try Dr. Hamilton's Pills—25c. per box or five boxes for \$1.00, at all druggists.

CALLS FOR A MUTINY.

Radical Coalitionist Makes Appeal to the Hungarian Army.

Buda-Pest, Oct. 2.—Deputy Zoltan Lenz, leader of the Radical wing of the coalition party, is an open letter published to-day, calls on all the Hungarians in the army to lend their aid in supporting the nation's desires.

All Hungarian-born officers of the reserve and all non-commissioned officers, he contends, ought to resign, while the Hungarian soldiers henceforth should refuse to obey orders issued in the German language.

The deputy also proposes a social boycott of German and Austrian officers by the Magyar population.

The punishment of the mutinous troops, he points out, is impossible, as there would not be men enough left in the army to deal with the Hungarian protesters.

The independence party is beginning to be convinced that Emperor William has had a hand in the opposition to their demands.

National League. At Cincinnati—New York-Cincinnati game postponed; wet grounds.

At Pittsburgh—Pittsburgh-Boston game postponed; rain.

At Chicago—R.H.E. Chicago 20204000—8 6 3 Philadelphia 010000102—4 5 6

Batteries—Green and Kling; Nichols and Dool. Umpire—Emslie. Attendance—12,000.

At St. Louis—As Tuesday is the 10th day of the National League baseball season in St. Louis, and also the day of the annual Velled Prophets' festivities, it was decided to postpone Monday's St. Lo. -Brook game, to enable the management to over an additional attraction by playing a double header.

American League. At Philadelphia—R.H.E. St. Louis 000000000—0 4 2 Philadelphia 01000130—3 11 1

Batteries—Buchanan and Spencer; Cook and Schreck. Umpire—O'Loon. Attendance—7,327.

At Washington—R.H.E. Washington 30000000—3 7 2 Chicago 00000000—2 9 3

Batteries—Patten and Hayden; Smith and McFarland. Umpire—McCarthy. Attendance—3,500.

At Boston—R.H.E. Boston 20012030—8 14 2 Cleveland 01002000—3 8 2

Batteries—Winter and Crier; Joe Bush and Wakefield. Umpire—Connolly. Attendance—10,000.

At Detroit—First game—R.H.E. Detroit 011001000—7 9 3 New York 010100000—2 9 3

Batteries—Donovan and Warren; Smith and McFarland. Umpire—Sheridan. Attendance—3,500.

Second game—R.H.E. Detroit 000001000—1 5 4 New York 000001000—1 5 4

Batteries—Emlank, Kilton and Drili; Hogg and Connor. Umpire—Sheridan.

DO YOU GET BILIOUS?

No remedy could be more prompt and agreeable than Dr. Hamilton's Pills. No matter where you go you'll hear of the grand cures they make. Writing from Ottawa Mrs. M. E. Le-bonness and sick headache I don't think there is a remedy to compare with Dr. Hamilton's Pills. I formerly had bilious attacks about once a month—used Dr. Hamilton's Pills and obtained grand results. My stomach has been put in good order and my health greatly improved. No medicine better for men, women or children. Try Dr. Hamilton's Pills—25c. per box or five boxes for \$1.00, at all druggists.

CALLS FOR A MUTINY.

Radical Coalitionist Makes Appeal to the Hungarian Army.

Buda-Pest, Oct. 2.—Deputy Zoltan Lenz, leader of the Radical wing of the coalition party, is an open letter published to-day, calls on all the Hungarians in the army to lend their aid in supporting the nation's desires.

All Hungarian-born officers of the reserve and all non-commissioned officers, he contends, ought to resign, while the Hungarian soldiers henceforth should refuse to obey orders issued in the German language.

The deputy also proposes a social boycott of German and Austrian officers by the Magyar population.

The punishment of the mutinous troops, he points out, is impossible, as there would not be men enough left in the army to deal with the Hungarian protesters.

The independence party is beginning to be convinced that Emperor William has had a hand in the opposition to their demands.

Red Rose Tea Uniformity

A TEA that is good to-day and poor to-morrow is unreliable.

Have you ever noticed variations in the quality of the tea you use? One package good, the next bitter, herby, perhaps weak and insipid.

A lack of expert knowledge by the tasters and blenders of that tea produced that result. There was a failure at a vital point, an ignorance of combining qualities in teas, poor judgment in the blending of that maker's teas, a weakness which invariably gives just such results as your poor tea.

Every chest of Red Rose Tea is tested at the gardens, again by the Eastern Red Rose shippers, then at the Red Rose warehouse upon its arrival before blending; after that an experimental blend is tested, and the final or actual blend is also tested before being packed.

Nothing is left to chance.

That is why that "rich fruity flavor" is always present in Red Rose Tea.

Why Red Rose Tea is always uniform, why

Red Rose Tea

is good Tea

EAST BRANCH.

A large number intend taking in the Harvest Home services in Salem Church on Sunday next, also the concert the following evening.

Rev. Mr. Barker returned to Cambric on Thursday, after a month's holidays in this vicinity.

Mrs. (Dr.) Thorne and brother, Mr. Davis, of Wallaceburg, called up the Branch last week.

Rev. Mr. Moorehouse, of Tupperville, and Rev. Mr. and Mrs. Garbutt, of Wallaceburg, spent Wednesday afternoon at T. Richardson's.

Rev. J. D. Richardson and wife left on Friday morning for their home in Port Dover, after enjoying a week's holidays under the parental roof.

Dr. Knight and Master Fraser, of Wallaceburg, called up the Branch last week.

Salvation Army representatives were around on Thursday collecting. Our farmers respond liberally to the different calls for help.

A number from here took in the excursion to Detroit on Thursday. The fall wheat is looking well in this section.

The farmers are busy picking apples. Mrs. G. Lidster, of Zone, spent Sunday at her home here.

H. Carpenter, who has been ailing for some time, is very low this week.

A number from here will take in the Peninsular Fair at Chatham this week.

We are anxious to make a fortune chiefly to render ourselves less dependent on fortune.

SUNLIGHT SOAP

Household utensils can be made to look as good as new by washing in a sunny solution of Sunlight Soap. They will shine and glitter thus helping to make the home bright and inviting.

Sunlight Soap means less than half the labor required in washing with common soap—and makes everything spotlessly clean.

Sunlight Soap is made of pure oils and fats, contains no ingredient injurious to the hands or clothing.

ASK FOR THE OCTAGON BAR

Sunlight Soap Washes the Clothes White and won't Injure the Hands

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, the face full and clear, energy returns to the body, and the moral, physical and sexual systems are invigorated; all drains cease—no more vital waste from the system. The various organs become natural and healthy. You feel yourself a man again, and know marriage cannot be a failure. We invite all the afflicted to consult us confidentially and free of charge. Don't let quacks and fakirs rob you of your hard-earned dollars. WE WILL CURE YOU OR NO PAY.

THREATENED WITH PARALYSIS.

Peter B. Summers, of Kalamazoo, Mich., relates his experience: "I was troubled with Nervous Debility for many years. I lay it to indigestion and excesses of early youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loose, memory poor, etc. Numbers in the medical profession told me I had nervous debility. I took all kinds of medicines and tried many first-class physicians, were an electric belt for three months, went to Mt. Clemens for baths, but received little benefit. While after treatment at Mt. Clemens I was induced to consult Dr. Kennedy & Kergan, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through my nerves. I was cured mentally, physically and sexually. I have sent them many patients and will continue to do so."

CURES GUARANTEED OR NO PAY. STRICTURE, NERVOUS DEBILITY, BLOOD DISEASES, URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

DRS. KENNEDY & KERGAN

148 SHELBY STREET, DETROIT, MICH.

Humor and Philosophy

By DUNCAN M. SMITH

FRENZIED NEATNESS.

There's the woman whose house is so tidy and prim,
Of dirt no suggestion or trace;
You feel quite instinctively sorry for
"him!"
The man who's attached to the place.
You call unannounced; she at once has a fit.
Though really it gives her delight.
"Had I known you were coming we'd
tidied a bit!"
She says, "for the place is a fright."

No sign of disorder that you can discern,
No rooms that are slightly awry;
It gives her, she murmurs, the greatest
concern
That things are not fixed apple pie.
However, she says, if you can feel at
ease
And manage to push past the grime,
You're welcome, oh, very, but overlook,<
please,
Her wretched housekeeping this time.

You glance all around, but you can't see
a sign
Of what she is talking about.
The house looks as fresh as a picture and
fine.

With all of the dirt put to rout.
Of course you assure her to once to your
mind
Things look very neat and all right.
And she in reply says she's sure it is kind.
Although she insists it's a fright.

Say, women like that—don't they give you
a jar
And make you feel cross as a bear
And wish you had nerve to light up a
cigar
And put your feet up on a chair?
To muss up the pillows that stand there
for show
And put a crimp in the davenport?
Of course you restrain your impulses, but,
oh,
You're tickled that you're not her man.

Narrow Escape.

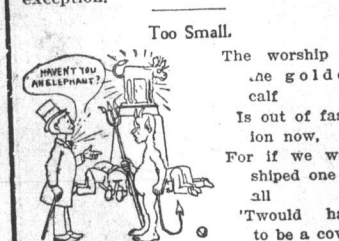

"He was offered a position in the cabinet."
"Why didn't he take it?"
"Just because he couldn't walk to the telegraph office in his sleep."

Early Rising.
Some scientist has discovered that early rising is bad for the health. Talk about popular science! What is the matter with the brand this man turns out for being popular?

This intelligent scientist says that the morning air is bad and that the vitality is low about that time and that taken together these two form a combination that has killed many men. Killed men! Think of that!

For years the race has been in rebellion against early rising, but having the assurance of the old time copy books, it has striven to overcome the desire to lie abed, thinking it was doing something smart and adding years to its life. With this greatest of all discoveries to back him up a man can spring science on his wife and turn over for another snooze.

It is hard to teach an old dog new tricks, but here is one that will be an exception.

Too Small.

The worship of
the golden calf
Is out of fashion
now,
For if we wor-
shipped one at
all
'Twould have
to be a cow.

Knew His Own Worth.

"What do you call your stipend—wages or salary?"
"Neither. Hush! Don't give it away. Just obtaining money under false pretences."

Cause and Effect.

"That grocer gives short weights."
"That is why he has such long waits between customers."

PERT PARAGRAPHS.

The man who doesn't know when he has enough can't expect the bartender to tell him.

You never can tell what a day may bring forth, but you may be pretty certain that the night will bring forth cats.

Never look a gift mule in the heels.

To lose an objectionable friend loan him \$5.

The best way to lose a bad habit is to forget that you have it.

The shadiest way round is the pleasantest way home for a pair of lovers.

No woman ever has the last word, because with a woman there is none.

There is a large class of people who seem to be unable to distinguish between a joke and bad manners.

The only way to beat the game is to extract a dollar's worth of pleasure out of a fifty cent ticket.

There are some very beautiful schemes that suddenly turn ugly when you try them out.

Some people are so modest that the naked truth invariably gives them a shock.

PANDORA GRATES

The Pandora Range has more labor-saving features than any other range. Its labor-saving features are practical, real, muscle-saving devices.

The grates are triple, that is, there are three instead of two

as is usual in common ranges. The grates are geared into each other at the shaker. Because there are three instead of two wheels gearing into each other, the leverage is twice as great and the effort of turning them is just one-half, so that is why the labor of shaking down a Pandora Range is just one-half of that in common ranges.

Then, when a grate burns out you can remove it in half a minute with a ten cent piece for a screw-driver.

In common ranges it takes an expert mechanic and a big plumber's bill to renew the grates, because the common range must be practically taken apart to get the old grate out. That is one big reason why the Pandora is the best range ever used in a kitchen, and it has dozens of other good parts. It actually does

"make kitchen work easy."

Just Common Sense and

ARMOUR'S EXTRACT OF BEEF

will simplify many household difficulties, reduce your table expenses, and add several dishes to your daily menu without additional expense.

"Culinary Wrinkles" tells how to use Armour's Extract of Beef in the kitchen, at the chafing dish, and in the sick-room. Sent postpaid on receipt of name and address and a metal cap from a jar of Extract of Beef. Sold by druggists and grocers.

ARMOUR LIMITED, Toronto

Sisters-in-Law.
Jinks—What tender care your wife takes of you—always worrying about your health. Blinks—Yes; I have my life insured in favor of my sister.

The truly sublime is always easy and always natural.

THE WONDER OF THE BODY.

Its mechanism, like delicate machinery, by even a slight cause is so disarranged as to be practically useless. A headache is no trifling matter, because the stomach, kidneys and liver are sure to be affected. To cure the cause of headaches and prevent new attacks, use **Erozzone**; it aids the stomach by supplying nourishing blood, vitalizes the nerves and brain instantly. **Erozzone** braces—gives tone—elevates your spirits. No such health bringer known. Fifty cents per box of fifty chocolate coated tablets at all dealers.

Sydney Smith's Wit.
"By Jove," said a country squire who had got the worst of an argument with Sydney Smith, "if I had a son who was a donkey I'd make a parson of him straightaway!"
"Possibly," returned the wit, "but your father was evidently of a different mind."

IT HEALS THE LUNGS.
When the antiseptic vapor of "Catarrhose" is inhaled it spreads through the breathing organs, carrying healing and health to the sore spots. An irritable throat "Catarrhose" cures in five minutes, bronchitis, it soothes instantly, weak lungs are fed and quickly nourished back to health. To be free from colds and coughs, to avoid catarrh and bronchitis—use **Catarrhose**; it is prescribed by more than twenty thousand physicians in America alone, and used by the people of nine nations.

Could Tell In A Moment.
Mr. Munn E. Baggs—Now, then, you know what kind of a house I want. What will it cost to build it? Architect—Why—um—what was the amount you originally intended to put into the building?

PAIN ABOUT THE HIP.
It is a common complaint with women. The right treatment is **Nerviline**, which penetrates to the seat of the pain immediately. **Nerviline** warms and soothes the affected parts, draws out the irritation and pain, allows the patient ease after one rubbing. No liniment so economical and safe. Nearly fifty years in use, and the demand immensely greater every day! **Nerviline** must be good.

The breath of scandal is the ill-wind that blows nobody good.
Oratory is a gift, but it takes more than that to make a balking mule go.

The profit of a gold mine depends, not on the amount of rock crushed under the stamps, but upon the amount of gold which can be extracted from the rock. In a similar way, the value of the food which is eaten does not depend on the quantity of food which is taken into the stomach, but upon the amount of nourishment extracted from it by the organs of nutrition and digestion. When these organs are diseased they fail to extract the nourishment in sufficient quantities to supply the needs of the several organs of the body, and these organs cannot work without nourishment. The result is heart "trouble," liver "trouble," and many another ailment. **Dr. Pierce's Golden Medical Discovery**, acting on every organ of the digestive and nutritive system, restores it to health and vigor. It cures diseases remote from the stomach through the stomach in which they originated. "Golden Medical Discovery" contains neither alcohol nor narcotics.

It seems strange that the things that don't seem possible happen so often.

THE HUNTING SEASON.

Get away from your every day life and enjoy a few weeks sport in the Highlands of Ontario. Single fare rate will be in effect to all hunting grounds, including the Temagami region, the sportsman's new paradise. For further particulars call on agents. **W. E. Rispin, 116 King St.**

For quality, workmanship and every detail, Sugar Beet Cigars lead, 5c.

VACCINATION LAW IGNORED.

20,000 Warrants Are Out—Great State of Affairs at Derby, England.

An extraordinary position of affairs has arisen at Derby as the result of twenty years' official neglect to enforce the vaccination acts.

It is estimated that there are no fewer than 20,000 defaulters in the town against whom distress warrants have been issued, but not executed.

Representations have from time to time been made to the Home Office with a view to enforcing the law, and Mr. Akers-Douglas has now sent an ultimatum which has caused some consternation. He has informed the water committee, that unless the police take steps to execute the warrants he will withdraw the Government grant towards the aid of the police, which last year amounted to £2,000.

The Town Council, on receipt of the communication, instructed the chief constable to put the law into operation; but, apart from the formal nature of the task, there is the additional difficulty of finding an auctioneer to conduct the sales.

All the auctioneers who have been applied to have declined to do so, what they consider is a serious task and so far the watch committee has heard of only one man who is willing to undertake the work.

He is a London auctioneer, and has expressed his willingness to sell the trained goods for a fee of twenty guineas in addition to his hotel and travelling expenses. In many cases, however, the fine amounts to only one shilling and as all the expenses attached to the watch committee feel that it would be unfair to place further burdens on the shoulders of the anti-vaccinationists.

As soon as an auctioneer can be obtained at a reasonable fee an attempt will be made to execute all the 20,000 warrants. Lively scenes will then be expected.

In the House of Commons the subject was brought to the notice of the Home Secretary by Sir Thomas Roe.

Mr. Akers-Douglas said he had been in communication with the Derby watch committee, and he was glad to learn that some effort was now being made to carry out the law. If the suggested number of defaulters—20,000—was even approximately accurate it resulted strongly to the evil which resulted from the failure to enforce the law.

The Home Secretary added that he knew of no other large towns where the police had so entirely failed to enforce the orders of the justices as they had at Derby.

KEEPING TOWNS CLEAN.

Valuable Advice Gleaned From A Recently Issued Appeal.

Especially for a town which seeks to attract tourists or to develop its greatness as a city, it is a great advantage if everything about it has a well kept and prosperous appearance, says The Pathfinder. The mayor of Denver has brought about a notable change in that city by issuing an appeal to the citizens as follows. The example could be followed elsewhere:

If your street front, residence or fence is dull or dingy, order it painted. If your awning is old, torn or faded get a new one.

If your sidewalk, fence or gate needs repairing, fix it.

Destroy the young weeds that are starting on your property and on your neighbor's property.

If your advertising sign is old or faded, take it down or repaint it.

Resolve never to throw paper in the streets.

Burn all the rubbish possible. Allow no one to throw it on the streets, alleys or vacant lots.

Promise not to spit on the sidewalk.

Organize a block improvement society and allow no weeds to grow on sidewalks, alleys or vacant property in your block.

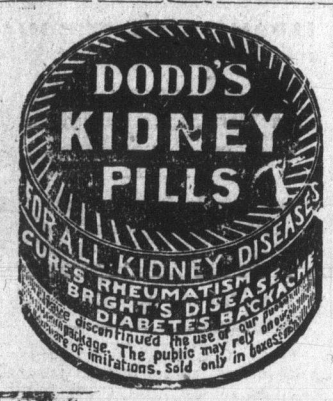

Ask your milkmen, grocers and expressmen to have their wagons painted.

Illuminate the front of your store in the business section.

Every effort put forth or dollar spent to improve our city's appearance will be returned twofold.

Writer James Douglas Is Unique.

An Irishman by birth, a Scot by descent, and a Londoner by habit is Mr. James Douglas, the well-known writer and critic whose remarkable studies of public celebrities were recently reviewed in M. A. P. According to himself, he was educated at the "Royal University of Irish Womankind," his wife being a charming Dublin lady, whom he married while both were still in their teens. Works of reference, however, state positively that he was educated at the Belfast Model School and the Royal University of Ireland. Originally he was intended for the Church of Ireland. The subtleties of the Thirty-nine Articles, however, were too much for him and he was in the throes of intellectual despair when he was offered and accepted the post of private secretary to the late Sir Edward Harland, founder of the famous firm of Harland & Wolff. Later, when Sir Edward Harland entered Parliament Mr. Douglas accompanied him to London. Unlike the private secretary, he liked London, and was particularly impressed by the brilliant work of Mr. A. B. Walkley and Mr. George Bernard Shaw in The Star. His literary ambitions fired now by fever heat, he reconnoitred Stonecutter street in search of an opening, and chanced to meet Mr. Ernest Parke on the threshold of The Star building. Mr. Parke asked him to write two "notes" on anything he chose to select from the evening's news. This he did, they were published next morning, and an appointment on the editorial staff followed immediately. The staff met every morning at 7.30 to discuss the news, and the private secretary had to be at Sir Edward Harland's residence in Kensington Palace Gardens by 10 a. m. So Mr. Douglas had to rise with the milk, rush to the office, write his article, and scurry back to Kensington. The pace was hot, but for some years Mr. Douglas went it, presenting the paradoxical combination of Radical journalist and private secretary to a Conservative M. P., as Sir Edward Harland was. On Sir Edward's death he became assistant editor of The Star and later succeeded Mr. Richard Le Gallienne as that paper's literary critic.

The Ant's Ancestry
"What makes Judge Ant so stuck up? Is he any better than the rest of us?"
"Is he! Why, say, the judge is a direct descendant of the ant that the sluggard was sent to."

Never hold any one by the button or the hand in order to be heard out, for if people are unwilling to hear you you had better hold your tongue than them.
—Chesterfield.

COULD NOT BE BETTER.

The uniform success of Chamberlain's Colic, Cholera and Diarrhoea Remedy has won for it a wide reputation and many people throughout the country will agree with Mr. Chas. W. Mattison, of Milford, Va., who says: "It works like magic, and is the best preparation I know of. I couldn't be any better." He had a serious attack of dysentery and was advised to try a bottle of this remedy, which he did, with the result that immediate relief was obtained. For sale by all druggists.

Costly Cards.

The Empress Catherine, noticing that the beautiful Mlle. Potocka, who had lately come to court, had no pearls, immediately commanded a fancy dress ball, to which the girl was bidden to come as a milkmaid. Then while Mlle. Potocka was dancing the empress slipped the pearl necklace of pearls into the pail she carried and at her exclamation of wonder said, "It is only the milk which has curdled."

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand, and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by all druggists.

Multiple Screws.
Multiple screws were used as early as the American civil war on certain vessels known as "tin clads" on the Mississippi, their adoption being necessitated by the shallow draft. The great advantage they possess in securing a vessel against total disablement and for maneuvering soon made them the rule in the navy. They were much longer in coming into use in the merchant service. But since the era of the very large transatlantic steamers, beginning with the Paris and New York and the Teutonic and Majestic, all very large vessels have been built with twin screws.

Some of the narrowest men are persons of wide experience.

DIAMOND DYES
are used by all women who value Pure, Bright, Fast and Never-Fading colors.
The use of **DIAMOND DYES** assures perfect results in Home Coloring.
Refuse all other Package Dyes that are offered to you. Other dyes are but poor imitations.

Chatham Mineral Springs!

Be sure your ticket reads over the Union Pacific. Inquire of H. E. Carter, T. P. A., 14 James Building, Toronto, Canada, or F. B. Choate, G. A., 126 Woodward avenue, Detroit.

MESSRS. C. C. RICHARDS & CO.

Gents.—A customer of ours cured a very bad case of distemper in a valuable horse by the use of MINARD'S LINIMENT.

Yours truly,
VILANDIE FRERES.

Smoke Quail on Toast Cigars, 5c. Clear Havana filled.

The Wig.

The wig is older than civilization, for the savage used one to make him more formidable on the field of battle. The French revolution killed the article as a piece of headgear. Before the guillotine fell in France the wigs which adorned the heads of its victims cost \$150 to \$200. The costly decoration lingered a long time on official heads in England. So recently as 1858 Archbishop Sumner found it necessary to wear one at the marriage of the princess royal.

A man who can induce others to walk into his trap is a strategist.

Superiority in Sateen and Moreen Underskirts

We're after the best for the money always. And we believe that we have the best Sateen and Moreen Skirts on the market.

THIS SKIRT BUSINESS is a comparatively new departure for this store, and it was only because the line of skirts we now handle was so good that we were induced to establish this department.

THE FOUR POINTS of superiority of THE FOREMAN UNDERSKIRTS.

- 1—They are full nine inches wider than any skirt on the market
- 2—Each Skirt has a gusset back where the strain is greatest.
- 3—Better materials used in construction.
- 4—Better workmanship.

THE PRICES ARE: 75c, \$1, \$1.50, \$2, \$2.25 and \$2.75 each

JAPAN AFTER THE WAR

Great Confidence Returns to the Land of the Mikado.

Sharp Rise in Prices on the Tokyo Stock Market—Business Activity Taking Place of Depression Caused by Disappointment Over the Peace Terms—Good Effect Follows Anglo-Japanese Alliance.

Tokio, Oct. 2.—A sharp rise in prices took place again yesterday morning in the local stock market, with every indication that the depression will gradually overcome the depression caused by the treaty of peace.

The new alliance with Great Britain has inspired a feeling of perfect confidence in the future tranquility of the situation in commercial circles, and that activity is expected soon in all lines of business.

A New Loan Probable.
London, Oct. 3.—Koretyo Takahashi, the financial agent of Japan, who shortly returns to America, says there is no definite project for a new Japanese loan, nor have steps been taken for the conversion of the old loans. He anticipated, however, that the financial program to be submitted to the coming session of the Diet will propose a new loan to liquidate the high-priced bonds now outstanding. The last loan is still intact, and will suffice to repatriate the Japanese armies in Manchuria, and defray the expenses of their demobilization. Regarding pensions and compensation to widows and others, they will be paid in Government bonds, which are more likely to remain in possession of the beneficiaries than cash.

Lower Transportation Rates.
Tokio, Oct. 2.—Baron Kiyoura, minister of agriculture and commerce, addressing the Associated Chambers of Commerce today, said the government was considering the improvement and extension of the means of communication, and carrying power by land and water, and also lower transportation rates.

He dwelt on the importance of the introduction of foreign capital, and said it was possible the facilities for that purpose would be extended.

3,500 DELEGATES ATTEND.

International Tuberculosis Congress Will Hear 300 Papers.

Paris, Oct. 3.—The International Tuberculosis Congress was opened yesterday at the Grand Palace, in the presence of President Loubet, the Cabinet Ministers and the Ambassadors. Over 3,500 delegates were present. The opening address was delivered by Dr. Herard of the French Academy of Medicine, who was chosen president of the congress. The report of Dr. Letulle, the secretary, said that the 33 nations representing the entire civilized globe had united to consider the most effective means of combating the worst human malady.

Three hundred papers will be presented to the congress, which will last five days.

THE PORTE AND THE POWERS.

In Deadlock Over the Financial Affairs of Macedonia.

Constantinople, Oct. 3.—The Porte persists in its unyielding attitude in regard to the financial control of Macedonia. Replying to the collective note of September 26 from the six powers (declaring that their decision to assume international control of the finances of Macedonia is unalterable) the Porte reiterates what it regards as insuperable objections.

A deadlock has thus been reached, necessitating fresh measures on the part of the powers.

Sir F. Pollock's Addresses.

Toronto, Oct. 3.—Speaking without notes for an hour and a quarter, Sir Frederick Pollock addressed the faculty and students of the Toronto Law Society yesterday morning. His subject was the Jurisdiction of the Judicial Council. A more important address by Sir Frederick was that made to the members of the County of York Law Association in the Convocation Hall of Osgoode Hall in the afternoon. His subject was the Organization of An Imperial Council.

Port Hope v. Trenton.

Port Hope, Oct. 3.—Yesterday Hon. H. R. Emmerson, Minister of Railways and Canals, came with Collingwood Schreiber, consulting engineer to the Railway Commission; J. M. Butler, Deputy Minister; and the secretaries of the above gentlemen, to see for themselves what advantages the town has to offer as an outlet of the proposed waterway connecting Lake Ontario with the inland lakes. The Minister received a great quantity of information, but was non-committal.

Getting Cold in Manchuria.

Godzyadani, Manchuria, Oct. 3.—Severely cold weather has set in. The troops are demolishing the fortifications, buildings and military bridges to obtain fuel, much of which will be necessary until the winter quarters in the rear. Reviews, dinners, theatricals and athletic sports occupy the officers and soldiers.

Gets 19 Years in Prison.

New York, Oct. 3.—Frederick E. Carlton, who was convicted in Brooklyn of three charges of bigamy, and one of grand larceny, was yesterday sentenced by Judge Aspinwall to an aggregate term of nineteen years in State Prison.

Takes Carbolio in Ale.

London, Oct. 3.—William Hume, an hotel porter, took carbolio acid in ale yesterday afternoon, and was found dead in his room at the Boswell House. He was 50 years old, and an excessive drinker.

Mrs. Kyle on Trial for Murder.

Woodstock, Oct. 3.—The grand jury returned a true bill yesterday against Mrs. Robert Kyle, accused of the murder of David McGee in Ingersoll on July 13 last. The trial opens to-day.

SHE WAS IN BED FOR THREE YEARS

Pain-Racked Woman Cured by Dodd's Kidney Pills

Strong Statement of Mrs. James Hughes, of Morley, Ont. — She's Strong and Healthy Once More.

Morley, Ont., Oct. 2.—(Special).—What Dodd's Kidney Pills are doing for the suffering women of Canada will never be fully known. It is only when some courageous woman breaks the secrecy that covers woman and her troubles that a passing glimpse of their great work is given. For this reason a statement made by Mrs. Jas. Hughes, of this place, is of more than passing interest.

"I was a great sufferer for four years," says Mrs. Hughes. "I was treated by five doctors and a specialist from the U. S. I tried nearly every kind of medicine I could hear of, but none seemed to do me any good."

"I was in bed for nearly three years. I had pains in my spinal column, in my head, over my eyes, across my back and through my left side. I took fourteen boxes of Dodd's Kidney Pills, and now I am strong and able to do a good day's work, thanks to Dodd's Kidney Pills."

BOTH WILL DIE.

Armenian and Daughter at Death's Door in Brantford Hospital.

Brantford, Oct. 2.—(Special).—At 2 o'clock this morning both victims of Saturday's shooting affray were still alive. To the World the mother of the John H. Stratford Hospital said it was only a matter of time for either, as they were both pretty low. The girl is in better condition than her father.

A statement was taken from both patients by the court-appointed attorney or Brant Monday evening.

At the police court Monday morning the Armenian, who was charged with inciting the father to shoot his daughter, pleaded "not guilty" and was remanded.

RIKSDAG NOW IN SESSION.

Summoned to Deal With Karlstad Treaty Receives Recommendation.

Stockholm, Oct. 2.—The special session of the riksdag, summoned to deal with the treaty of Karlstad, assembled in the throne room to-day and listened to the king's speech, which, in the absence of King Oscar, was read by a royal secretary, the minister of state.

The members then repaired to their own chambers, where the treaty was submitted to them in the form of a royal proposal, attached to which were the cabinet's recommendations for its ratification.

Catch Securities Thief.

New York, Oct. 2.—Henry Leonard, who was employed by Halle and Steiglitz, a prominent firm of brokers as a clerk, made a confession to-day that it was he who robbed the National City Bank of securities worth \$350,000. Leonard had been for years a trusted employee of Halle and Steiglitz and lived quietly with his mother in Harlem. He was about 25 years of age.

Leonard was arraigned in the Tombs police court and held in \$50,000 bail for further examination. He was not represented by counsel. As he left the court room he said to a questioner, "I did it on a bet."

Tug Sunk; Crew Saved.

Detroit, Oct. 3.—The tug Fanny Tutill was sunk in Lake St. Clair late Sunday night in collision with some unknown steamer. The crew of twelve men are reported to have been rescued. The accident was reported here by the captain of the steamer Mariposa, which picked up two of the Tutill's boats with seven of the crew.

PILES CURED

SUFFERING FOR YEARS, AND BED-RIDDEN FROM PILES, A CONTRACTOR OF MARION, INDIANA, IS CURED BY PYRAMID PILE CURE.

Trial Package Mailed Free To All Who Send Name and Address.

"I was troubled with piles for several years before I would let it be known. But at last they became so severe that I could not walk and I had to take my bed. I tried everything and nothing helped. The doctors prescribed and took their treatments for a long time. But nothing ever did me any good. I had seen your ad. in different newspapers, so I got a 50-cent box and began using them. From the very first I got quick relief and by the time I was starting on my third box I saw I was cured. I have not been troubled with them since. Now you can use this as you please, because it is genuine. Yours, T. A. Sutton, Stone and Cement Contractor, Marion, Ind."

Instant relief can be gotten by using the marvelous Pyramid Pile Cure. It immediately reduces all congestion and swellings, heals all sores, ulcers and irritated parts. The moment you start to use it your suffering ends and the cure of your dread disease is in sight. The Pyramid Pile Cure renders a surgical operation foolhardy. Don't try to piece those tender muscles which must be intact if a satisfactory cure is to be obtained. The Pyramid Pile Cure is put up in the form of "easy-to-use," specially made, suppositories. They are soothing, painless, instant and certain.

A trial treatment will be sent you at once by mail, in plain, sealed wrapper, without a cent of expense to you, if you send your name and address to Pyramid Drug Co., 5453 Pyramid Building, Marshall, Mich.

After you receive the sample, you can get a regular-size package of Pyramid Pile Cure at your druggist's for 50 cents, or if he hasn't it, send us the money and we will send it to you.

MODE MATERIAL and MAKING

Are the three clothes graces and we advisedly give MODE the place of honor.

Material and making may be unexceptional but if MODE be missing a Suit is like a soundless organ or a lustreless light. It lacks the "Vital Spark".

A. T. & D. Suit is instinct with STYLE. Skeptics specially welcome. Autumn Suits, single and double breasted, \$18.00, to \$20.00.

Stetsons Hats, \$4.00 to \$5.00

LIMITED

The Letter-Box

A CORRECTION.

To the Editor of The Planet:

Dear Sir,—In that "Horn" account in yesterday's Planet, either you or the typesetter have got me mixed up with Methusalem. You say that I said "there have been no caribou since the first settlement here," which was about 150 years ago; then that I saw them on my father's farm in Southwood." My birthday, which comes on the anniversary of the Battle of Trafalgar, I am pleased to say is still a few years short of the 150 years; while I very seriously regret that I could never see a deer on my father's farm, as he died when I was a little boy just out from England. What I meant to report was, that I found a similar horn on a farm in Southwood, and that the horns of the caribou sometimes measured 10 feet from tip to tip, and that I had seen a pair eight feet across on a steamboat on the Upper Mississippi. This piece of horn which I found on the 4th Con., Chatham Tp., is over three inches in diameter at the base, and, instead of being a caribou, is a wapiti or elk horn.

W. K. MERRIFIELD.

Stare of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure, Frank J. Cheney.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. Gleason, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O.

Sold by Druggists, 75c. per bottle. Take Hall's Family Pills for constipation.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health. Sold for sixty years. We have no secrets! We publish the formulas of all our medicines.

J. C. Ayer & Co., Lowell, Mass.

AMATEUR PHOTOGRAPHY

Many amateurs haven't time to finish their pictures; others don't know how. SEND IT TO US. You will then be rid of the bother, and at the same time know that your work is done right. We sell all sizes of Plates, also Self-Toning Papers and Post Cards
