highly esteemed among men, and approved by human standards, are an abomination in the sight of God. Contrariwise, sometimes things disapproved by man are in accord with the Divine Law. God seems to put justice in the very highest place in His estimation of sin, while poor human judgment sometimes gives it a very low place. For instance, some will cry out vigorously and vengefully against immoral dances and petty thievery, who would not hesitate to join in a Trust intended to deprive thousands of fellow-creatures of their share of the blessings of our day. In the eyes of human judgment, these would be esteemed noble examples; while in the sight of Divine Justice, we believe, they would rank as very vicious and criminal.

When ten lepers came to our Lord praying for healing and were granted their request, only one of them returned to thank the Saviour; and Jesus called attention to the fact, who well illustrates the difference between the two classes of the saved. The entire ten lepers would well represent the world of mankind in sin. All would be glad to be relieved of the leprosy of sin and to be holy and happy.

But as only one of the ten was so appreciative as to come back and worship the Redeemer and offer Him his services, it represents the fact that only a small proportion of humanity is properly appreciative of the blessing of forgiveness of sins and healing therefrom. The only one who was thankful would well represent the class of sinners who now constitute the true Church, and who, realizing the Divine arrangement for the forgiveness of sins, come thankfully and offer the Lord their little all to be used in His service.

The "exceeding great and precious promises" of God's Word are given only to the thankful and consecrated, who have already presented themselves living sacrifices to God. "To you it is given to know the mysteries of the Kingdom." "God hath revealed them unto us by His Spirit," which is granted only to the consecrated. These promises are to strengthen and nerve the consecrated and to enable them to overcome, by fulfillment of their covenant of consecration.

VERDICT IS EXPECTED FROM JURY TO-MORROW

Famous Fight for Scott's Millions is Drawing to a Close—Sir Edward Carson Upholds Validity of the Will—Has Been Very Interesting Case.

LONDON, July 7.—The jury which for eight days has been hearing the case to break the will made by the late John Murray Scott, by which he left £500,000 to Lady Sackville, to-day sustained the will. They found no influence or fraud on the part of Lady Sackville.

Sir Edward Carson declared that Sir John Scott could have changed his will at any time twelve years before his death in favor of the Sackvilles, at any time he had wished to do so.

The only hope of the plaintiffs, the members of the Scott family, was, he said, in the magnifying and exaggerating the trivial quarrels of a long friendship to the appearance of something important.

The charges were true, continued Sir Edward, the Sackvilles would be disgraced if society. They were charged both with a crime against the estate of an individual, who was leaving his property, and with a species of injury of the relatives to whom he might have left it.

Fredrick E. Smith, counsel for the plaintiffs, said the jury had the choice of two views of the case. "One is Lady Sackville's own view expressed by her will, that she would have liked Sir John just as much if he had not a penny, and the other view is that she followed up this chance acquaintance in order to get his wealth and to obtain as large a portion of it as possible for herself and her family."

Sir John Scott, said Attorney Smith, a man easily influenced. He was physically weak and constitutionally incapable of asserting himself or of using a scene or a quarrel. Hence he gave way to Lady Sackville, because she was alarmed and dominated by her temper. He continued:

"In all your experience of life you have never encountered a more assertive and dominating personality than Lady Sackville. In cross-examination she showed an extraordinary and uncanny cleverness in dealing with every phase of this case."

LONDON, July 7.—Lady Sackville, the person mostly interested in the outcome of "the fight for the millions," was not present in court when the concluding stage of the case opened to-day. It was stated that she felt the need of rest after her long absence on the witness stand last week.

When Sir Samuel Thomas Evans, the presiding judge, took his seat for the eighth day's hearing of the action

THE COFFINS OF THE GRAND VIZIER, AND HIS AIDE-DE-CAMP.

The coffins were witnessed at the funeral of Mahmud Sherket Pacha, Turkish Grand Vizier and Minister of War, at Constantinople. The coffins are of the Turkish custom, both covered with red satin, richly embroidered with green and gold. The first was the Grand Vizier, the second the aide-de-camp. The above photograph shows the coffins of the Grand Vizier and his aide-de-camp before the Mosque of St. Sophia, Constantinople.

HER CURIOSITY GOT THE JEWELS

Famous New York Robbery Cleared up by Inquisitive Woman.

[Canadian Press Despatch] LONG BRANCH, N. J., July 7.—It was a woman's curiosity that led to the recovery yesterday of most of the \$50,000 worth of jewels which were stolen on the evening of July 2 from the home here of Harry L. Haas, a New York lawyer. It is learned that the arrest of James McIntyre and R. Rhind, in Greenwich Conn., yesterday, and the result of detective work on the part of Mrs. Eugene Scott, in whose home Greenwich, took rooms. McIntyre visited Rhind and the lady's curiosity was such that she listened while the men were talking in Rhind's room. She heard them discussing, she later told the police, the disposition of some jewels.

[Canadian Press Despatch] TORONTO, July 7.—After starting out in a motor car to make the three hundred miles between Toronto and Ottawa in record time so that he might see his injured son alive, G. Mr. Marshall was here on a business trip, when he received word that his son had been fatally injured. Hoping that the motor car would take him home more quickly than would a train he had set out in a motor car, apparently to change his mind when Oshawa was reached.

THIS WAR'S SLAUGHTER IS HEART BREAKING ONE

Servians and Bulgarians Fight at Point of Bayonet—Eleven Thousand Servians Reported to Have Been Slain—Horrible Sufferings.

LONDON, July 7.—The Belgrade correspondent of The Daily Telegraph says that the losses of both Servians and Bulgarians are heart-breaking. There is reason to believe, however, that the Bulgarians suffered most, because throughout they hurled themselves on the Servian positions in close formation with bayonet, regardless of the sacrifices such primitive methods entailed.

"Thus," adds the correspondent, "throughout the 60 mile front there has been for a whole week a series of desperate night attacks with the bayonet, resulting in great slaughter. It is easy to understand that the Servians proved more than a match for their formidable enemy and it is obvious that the Bulgarians underestimated both the valor and skill of their opponents."

The correspondent asserts that Is-tip has been burned, but not occupied

by either side owing to its being surrounded by marshes. It thinks a decisive battle will be fought out near Kustendil and around Krivolak.

11,000 Killed.

VIENNA, Austria, July 7.—Eleven thousand officers and men of the Servian Timoc division were killed during the battle with the Bulgarians in which it was defeated, according to the Sofia correspondent of The Reichspost. The division consisted of 15,000 men who were surrounded by a Bulgarian army who outflanked them. Only 4,000 of the Servians survived and these were taken prisoners.

According to other newspaper reports a Bulgarian column composed of 14,000 troops has succeeded in reaching the Servian town of Vranja and is threatening the line of retreat of the Servian army. The Bulgarians presumably were pushed forward from Egri Palanka.

Two Killed

In Rear End Collision of Roller Coaster Cars At Park.

[Canadian Press Despatch] NEW YORK, July 7.—Two men were killed and twenty and thirty persons were injured in a rear-end collision of two trains last night on a roller coaster at Palisades Park near New Jersey, across the Hudson River from uptown New York. Arthur Olson and Frank Lechler were killed, and several others being injured from the wreckage of the two trains on the coaster. Of the injured, two are not expected to live many hours, while a score are suffering from broken bones and internal injuries.

The accident occurred after the first train of two cars had ascended the first incline and descended to the dip beyond, where it was cradled when the electric-propelled cable failed, to carry it up the next slope. The second train of two cars meanwhile reached the top of the first incline, and dashed down the dip into the first train. The occupants of the two trains were thrown from their seats on to the wooden structure fifteen feet above the ground, to which many fell.

ROYAL TRIP TO LANCASHIRE

[Canadian Press Despatch] LONDON cable says: The King and Queen will leave London this morning for a great tour of industrial Lancashire. They will be in the county for a week of Lord Derby, at Knowsley Hall, near Prescott.

Probably no monarch has ever engaged in so industrious and remarkable a pilgrimage. From 10 a.m. until 6 p.m. every day their Majesties will be travelling by motor car among the people. The roads to be covered, excluding state visits to Liverpool and Manchester, will be 250 miles in length. It is estimated that 3,000,000 will see the King and Queen.

GERMAN EMPEROR AMUSED BY CARTOONS OF HIMSELF

Wilhelm Enjoys the Funny Pictures and Keeps Them.

BERLIN, July 7.—The impression generally prevailing in Germany that Emperor William becomes incensed every time he sees himself caricatured is quite erroneous. It is in the class of popular misconceptions concerning the German Emperor, and has no foundation in fact. On the contrary, Emperor William finds much amusement in these caricatures, and he has made an extensive collection of them, to which he is constantly adding. He makes selections from foreign papers as well as German, and has many American cartoons of himself properly indexed and classified. The signatures of the best American caricaturists are about as familiar to him as they are to most American newspaper readers.

The Emperor began this collection by acquiring a book of caricatures of himself by a Frenchman named Carteret. The sale of this volume in Germany was prohibited by the authorities immediately it appeared, but the Emperor, hearing of this restriction, sent for a copy, looked it over, and then ordered the prohibitions removed. Carteret's sketches are the nucleus of his collection.

Up to the time of this incident the Emperor, however, had avoided all direct representation of the Emperor, but after the Carteret episode German caricaturists became bolder. In 1905 Kladeradatsch astonished his Majesty as a caricaturist, the fact consisting of an interrogation mark in which the features of the Emperor were plainly discernible. Since then the German press has added many specimens to the Imperial collection many of them by no means complimentary to the Royal subject.

Few men travel over the road to success without an occasional puncture.

HOLIDAY'S DEATH LIST

Twenty-Four People Were Drowned in Waters of New York.

[Canadian Press Despatch] NEW YORK, July 7.—The triple holiday of July 4, 5, 6, brought 24 pleasure seekers to their death by drowning in local waters. Seven persons lost their lives in this vicinity yesterday and seven others were rescued from drowning only by the smallest margin. One of the accidents was witnessed by hundreds of persons on Riverside drive. Joseph Ross and Julius Reiss, two young men, who had been cruising with friends in a launch, were trying to get ashore when the launch was capsized and the men were swept away by the strong tide. P. They Fought Police

OTTAWA, July 7.—When an attempt was made today to collect debts owed by the Great Star Circus at Rimouski the performers vigorously resisted and the local police had to send to this city for assistance. The men will be charged with performing without a license, while the property will be held as security by the Gulf Terminal Railway Company for charges due it.

THREE MONTHS RESPITE GIVEN

Charles Gibson Would Have Been Hanged Within 48 Hours.

[Canadian Press Despatch] TORONTO, July 7.—Less than 48 hours before the time set for him to be hanged for the murder of a junk dealer named Rosenthal, over a year ago, official word came to Charles Gibson this morning that the Dominion Cabinet had granted him a three months' respite having changed his date of execution to October 9.

In the meantime Gibson's father, his counsel and others who have been foremost in the movement to secure for him a new trial have endeavored to substantiate their belief that new evidence has been secured to warrant such action to the satisfaction of the minister of justice and his colleagues.

WANT AD HDROSCOPE JULY 7.

There is a tendency among people born on this date to be miserly. They do not save in the right sense of saving, but hoard up what they get through fear of poverty. They are largely actuated by motives of fear. This must be controlled before these people can possibly succeed. They should remember that such men as Napoleon and General Grant never knew what it was to be afraid, or to know when they were beaten. It is this imperviousness to fear that made them great men. Men of this birthdate, who are awakened to their own power, make successful manufacturers, mechanical geniuses and managers of large enterprises. Women born on this date are fond of good clothes and are apt to be rather vain. This time is favorable for the selling an automobile through a Want Ad. Exchange of household goods will bring good results.

THE BOUNDARY EXTENSION MATTER

The agitation for the extension of Brantford boundaries now seems to be as dead as the late Julius Caesar, who defuncted 44 B.C.

And so, for all reasons, it should be. The Brantford Expositor let the cat out of the bag with regard to its yearning advocacy in the matter by intimating that opponents of the scheme were afraid said extension would hurt Mr. J. Fisher, M.P., and Mr. J. Westbrook, M.P.P., members for North Brant.

That slip clearly showed the basis of enthusiasm of the organ on the subject.

As a matter of fact, there could be an extension, and the added portion still remain in the north constituency. So much for that.

Putting politics aside—and there is no need for them in this matter—let us all look at this thing from a business and a municipal standpoint. The points of objection are these:

1. Brantford had better put what territory she now possesses in proper order, rather than add new obligations.

2. Former experience shows that properties in added territory remain at the comparatively low township rate for some years, and are likewise for a specified period taxed at a lower figure than the city rate.

3. It is not now desirable, by added territory, to increase the police and fire patrols, or to extend waterworks and other public systems.

4. Brantford has enough obligations to meet right now, and for some years hence, without taking on new responsibilities.

For all of which reasons the political pot, under a greater Brantford guise, of our cotem, has proved to be still-born, as it jolly well deserved to be.

TITLED WORKERS

"The belted earl," remarks the New York Herald, "has in many cases become a business man, and there is even one who is not above putting his coat-of-arms on the caps that he piles for public hire. Others find employment in London stockbrokers' offices, on ranches in Australia, on the western plains, and in Canadian forests."

Some of 'em, however, prefer to get a living by marrying American heiresses.—Hamilton Herald.

The latter statement is, of course, true, but not to a greater proportionate extent, perhaps, than men in other walks of life look for something financially substantial when they scan the matrimonial market. That is true from costermongers to dukes, and Tennyson's poem, in which an old farmer strongly advises his son to marry property, is a case in illustration.

As a matter of fact, it has for quite a long while been true that men and women of title or prospective title have jumped into the workaday world.

The Marquis of Salisbury did newspaper work in his early days, and more than one peeress has been in the millinery business in old London. The Earl of Stamford (who some years ago visited Brantford as a New England Company director) used to be a teacher in the West Indies, and so on.

Speaking of later events, the MacLaine of Lochbuie, of Lochbuie Castle, and the twenty-seventh lord, has entered on music hall work. He is a godson of the Duke of Argyll, who was at the depot to wish him good luck when he recently left for the States to pursue his profession.

Viscount Dangan, the future Earl Cowley, started as a stage scenic artist at \$5 a week, and he is now appearing in music hall sketches.

Hon. Helen Douglas Scott-Montagu, daughter of Lord Montagu, has been in Shakespearean parts and vaudeville.

The second daughter of Lady Sophie Montgomery, and niece of the Earl of Eglinton, has followed a like course. Lady Ogilvie Grant, sister of the Earl of Seafield, is a musical comedy artiste. In 1908 Hon. Nora Johnson, sister of Viscount Massereene, started work as a ballad singer.

And locally, as well known to a few of you, a man of title is right now at quite ordinary work in Brantford. He has dropped the handle to his name, not from pride, but because he desires to mix with the rest in the ordinary way. And then there is the case of the present Viscount Hill, who ran a paper in the neighboring town of Paris, under the plain name of Hill, until he came into his seat as a member of the House of Lords.

Far more exclusive in the matter of theatrical enterprise than people of coronets have been the officers of the army. Yet right to-day two of them, Captain Arthur Wood, son of Field Marshal Sir Evelyn Wood, and Capt.

A RECEPTION AT BURFORD

The regular meeting of the City Council will be held in the Council Chamber to-night. The meeting will probably be a lively session as the following matters of business will in all probability come before the city fathers.

New Rector Was Received Warmly by Congregation Last Week.

On the evening of Wednesday, the 2nd inst., the members of St. John's Church, Cathcart, and Holy Trinity, Burford, met together at the Rectory for the purpose of welcoming Rev. Mr. Cameron to Burford as their new rector, who had succeeded Rev. J. M. Horton. The evening was delightful, the lawn brilliantly lighted, and the large company thoroughly enjoyed themselves in pleasant chat and listening to the numbers of the musical program so admirably arranged by Mrs. J. Lloyd-Jones. The primary object of the gathering was, of course, to present an address of welcome to Rev. Mr. and Mrs. Cameron. Mr. David Secord of Cathcart kindly acted as chairman, and after a few well chosen remarks in his usual happy style, called on Mr. J. R. Chilcott, rector's warden, to read the address, which was replied to most ably by Mr. Cameron, who interspersed his speech with some very interesting anecdotes. Refreshments served under the management of the Women's Auxiliary were particularly dainty, and were much appreciated. The address was as follows:

"It is my pleasant duty to-night, sir, on behalf of our parishioners of St. John's church, Cathcart, and Holy Trinity, Burford, to extend to Mrs. Cameron, yourself, and family, a hearty and sincere welcome to our midst. You have come to us with the highest eulogiums of the past, of which you may well feel proud. Your quiet, unassuming manner, and many traits have already given us confidence in your stability. We have heard that through your own marked ability and indomitable perseverance, you have won for yourself the exalted position you now hold, that of leading souls to Christ; what on earth can be higher, or nobler? Now in order that you can do the better achieve this grand object, we feel that you need the earnest co-operation of every individual member of this assembly, and we have met together partly to assure you of the willingness on our parts to assist you in what of necessity must at times prove arduous, with the right spirit of co-operation, there cannot be such a thing as failure; rather, your efforts will be crowned with success.

In the parish of Burford and Cathcart we are proud to be able to state unhesitatingly that we have one of the very best country parishes in the diocese. We have here the material that only needs further development, and the Women's Auxiliary will find devoted women, capable of the highest performances. Their work in the past speaks for itself, and is sufficient guarantee for the future. In the Girls' Guild you will find another faithful little band of workers, only needing the guiding hand. Our finances, we are able to state, are in a healthy condition. We have no debt of any kind to hamper us. We have in contemplation (largely through the munificent gift of the late lamented Canon Wade) the building of a suitable room for the use of the Sunday school, as well as for entertaining generally, which will be a great boon to us all, as well as being an incentive to further achievements. It has been a pleasure to us to hear of your marked success in the Sunday school (the nursery of the church), and I feel sure that your appeal for volunteer workers will not have fallen on deaf ears. Now, sir, I must conclude my address by wishing Mrs. Cameron, yourself and family, all the health, happiness and prosperity you could wish for yourselves, and may Burford prove a congenial home to you in every sense of the word.

AN AMUSING ORGAN

As the momentum of Liberal rule in Ontario is exhausted, and Sir James is left to his own resources, the manifest incompetence of his administration develops lamentable results.—Toronto Globe.

It does, eh? Well, let's look at a few of the said results with regard to which the alleged Liberal momentum had no more to do than the man in the moon:

1. Cheaper school books and the breaking up of the famous ring.

2. Hydro-electric power.

3. A clean and business-like administration of provincial affairs.

4. Adequate enforcement of the liquor laws.

5. The establishment of a prison farm.

6. The returning of more money to the municipalities in various directions.

7. The betterment of educational work and the pay of teachers.

These are just a few of a score of other things which the Toronto Globe rightly places under the head of incompetence.

Perhaps it wants to return to the Minnie M. stuffed ballot-boxes and other terrible stunts of the Ross regime.

NOTES AND COMMENTS

They've a steam shovel now at work on the L. E. & N. which could remove Brantford's City Hall in about six scoops. 'Nuff sed.

The comparatively small list of fatalities in connection with the recent celebration of July Fourth shows that our neighbors are commencing to observe that day in a more sane fashion. And that pleasing result, it might be noted, has been largely the result of newspaper agitation.

The death of Henri Rochefort in Paris, France, removes a member of the fourth estate there who used to write most bitter articles, and back them up by many duels. He was a very keen rapier artist, and in his case the sword was mightier than the pen.

Shakespeare wrote, "For this relief much thanks, 'tis bitter cold." Can't subscribe to the latter statement exactly, but the houses south has certainly been abated to a welcome extent.

The Manitoba Free Press and other Liberal papers are still predicting a Dominion general election next spring. Keep cool, gentlemen. Premier Borden will remain in office for at least four years, just as he should, and then he'll go back into power again as strong, if not stronger, than ever.

And if you haven't yet taken your summer vacation, do not do so in a way to fag yourself. Many people, as the result of rushing hither and thither, are more exhausted at the end of the splurge than when they started.

At a Liberal gathering in Owen Sound the mere mention of the name of Hon. Mr. McKay was each time greeted with loud cheers. That doesn't look well for the chances of the Rowellite candidate, for after endorsement by his constituents he was kicked out of the Ontario leadership to make room for the present occupant of the post.

WESLEY PICNIC WAS ENJOYABLE

Cool Breezes at Port Dover Much Enjoyed on Saturday.

About 400 took in the Wesley Methodist Church Sunday school excursion and picnic to Port Dover, including in the neighborhood of 100 from the Sydenham St. Methodist Sunday school which joined the Wesley picnicers.

A special G. T. R. train of eight cars conveyed the picnicers to the lake side town, arriving there about 10 o'clock, after a very pleasant journey. During the morning the picnicers enjoyed themselves in whatever way they chose. At 12 o'clock lunch was served, which was needless to say, greatly enjoyed after the journey. During the afternoon a list of prizes were awarded. There were races for everybody, big and little. The bathing was a big feature of the day. While the picnicers were at the resort the "Militant," a Government newspaper, was visited by many of the picnicers.

At 5 o'clock tea was served, and at 6 o'clock the picnicers arrived in the city after having spent a royal time. Everybody was greatly pleased with the outing, and to all who for any assistance to make the picnic the success it was, great credit is due.

A Narrow Escape.
 Mr. Gordon Berry of local baseball fame and a friend from Toronto were sailing on Mohawk Lake on Sunday morning when a gust of wind sent them into the water. Their cries for help were heard by Mr. Noble and Mr. McGillivray of Hamilton who made record time in crossing the lake in their canoe. Owing to the strong wind and the water being very rough they had difficulty in rescuing them, but when they had succeeded and landed them on shore, both were in a very exhausted condition.

Too Much Paper.
 "It is simply a disgrace," said Mayor Hartman yesterday afternoon, as he gazed upon the large amount of old paper that was lying around the market square. "There will have to be a stop put to that," remarked His Worship.

A Good Pusher.
 The big elephant, which was seen pushing the heavy circus wagons around after being unloaded in West Brantford last night, caused a lot of amusement for the large crowd who were standing nearby. One individual was sarcastic enough to remark: "I would like to see him shove the city hall." "So would I," echoed from a dozen throats.

A Minor Accident.
 The propeller on the biplane, on which Carlstrom will make daily flights in Brantford this week was broken in a minor accident at Niagara Falls on Friday and a new one had to be secured from Chicago. The following Tuesday events, including canoe races will be run-off.

Left For Camp.
 At 7.30 this morning the Boy Knights and an advance guard of eight men from the B. C. F. Cadets left for their camp at the Slater's Island. The B. C. F. Cadets, from each company left via T. H. and B. for the camp at Niagara-on-the-Lake. The Boy Knights looked fine and are looking forward to a good time at the camp, as did the other cadets. The main body of the B. C. F. and Public School cadets leave to-morrow morning. If any of the cadets wish to go to camp who have not already signified their intention of going they should see Sergt. Major Oxtoby at the armories this evening.

Mistaken Identity.
 "Come on, Sarah!" this remark caused a lot of laughter on Wimpett street last night as the circus people were unloading. An elephant, which was unheeded and engaged in handling the wagons of the circus, evidently commenced to "soldier," and the driver gave him a jab in the ribs with a stick, and yelled, "Come on Sarah," "I will not, I'm going to stop and see the monkeys," said a woman to her husband, who evidently thought her better half was calling her. It was simply a case of mistaken identity, and those standing near by had a good laugh.

Lacrosse Fighters.
 TORONTO, July 7.—For an alleged assault committed on Longfellow and Warwick of the Toronto, Buck Yeaman and Jack McKenzie of the Tecumsehs have been summoned to appear in the local police court to-morrow morning. The trouble occurred in the lacrosse match at the Island on June 28, and Yeaman and McKenzie are alleged to have slashed the two Toronto over the head with their sticks.

Sarnia's Big Fire.
 SARONIA, Ont., July 7.—Fire broke out in the big grain elevator at Point Edward this morning about 5 o'clock and long before noon the entire structure was a smoking ruin with out even the walls standing. The loss is estimated at about \$300,000, which includes the building and the grain stored in it. The cause of the conflagration is not known. The elevator is one of the largest in this part of the country, and was partly covered by insurance.

Guelph Defeated Berlin.
GUELPH, July 7.—Guelph Maple Leafs administered a good coat of whitewash to the Berlin team on Saturday afternoon, beating them in a well played game before a big Saturday crowd by 11 to 0.
Lefty Dorbeck who twirled for the Leafs, was in great form, and had the Keenites completely at his mercy. He also slammed out a home run to deep centerfield. Big Bill Schaeffer, the former Leaf pitcher, was on the mound for Berlin, and was banged to all corners of the lots for 16 hits. His support was also ragged.

Divided a Double Header.

HAMILTON, July 7.—Deneau's Cockneys and the Kolts each took a slice of the double header staged at the Charlton Ave. ball field on Saturday afternoon. London applied a coat of whitewash in the initial fixture, the final score being 5 to 0, but Doherty had the visitors eating out of his hand in the second game, and the Kolts won 3 to 1. The second game was the best sample of the Father Chadwick pastime dished up in years. Each team played practically errorless ball in the field, and Doherty and Chaput had a battle royal on the mound, with Doherty having the edge. The local twirler allowed but three scratch hits. In the first game Donahue, Hamilton's star twirler, was pounded for 11 bingles.

Split Even in Last Games at the Capitol

Brantford Won the First Game 7-5, and Lost the Second 1-0 Bases on Balls by Donovan Responsible.
OTTAWA, July 7.—The Brantford and Ottawa teams divided Saturday's double-header at Lansdowne Park. In the first inning of the first game Lill passed four and gave three hits, which left the score 4 to 0 for the Red Sox. They scored again in the 5th and added two in the sixth. Ottawa commenced to rally and scored two in the fifth and sixth, with one in the eighth, but, though Rogers opened the ninth with a double, they could not bring him in with the tying runs, and Brantford won by 7 to 5. Lill was in grand form at times. In the seventh he fanned three men on ten pitched balls. Clermont did good work in the box for Brantford.
In the second game, Renfer gave three hits and Donovan four, but the Ottawas bunched two on Donovan in the fifth, which with a pass resulted in the winning run.
Evans had more clashes with the spectators and players. He banished Pitcher Merchant, who was on the coaching line and fined him for back talk.
Bullock saved Ottawa several times in both games. He started at bat and in the field. On one occasion he threw out a runner at first, and completed the prettiest double play of the season by taking the return and tagging the runner as he slid for third. Bullock is putting up a great ball.
Capt. Wagner of the visitors was out of the game through illness.

CHICAGO, July 7.—The Cubs won the first of what was to have been a double header from the St. Louis Cardinals Saturday afternoon by 6 to 0, finding Harmon at opportune times. By agreement the second was to have been called at 5 o'clock to permit both teams to catch a train. The game did not start until 3:45 and evidently Evers, after Overall had been touched up three hits and three runs in the first inning, decided upon dilatory tactics to prevent the playing of 4 1-2 innings before 5 o'clock, thereby preventing its being a game. He put in pinch hitters when not needed, and in the fourth substituted Stetsbach for Overall, who dropped and juggled the first hit made to him, and deliberately threw it over first base. Umpires Eason and Brennan then declared the game forfeited to St. Louis. Evers rushed the umpires but did not strike either, and they were applauded for their decision when they left the field. The crowd poured into the field and jeered the Cubs to the dressing rooms, and halted in front of the office of President Murphy, demanding their money back, leaving the Cubs' owner who did not emerge from the office.

SOME HARD CONTESTS IN FOOTBALL LEAGUE

But the Dragoon-Y. M. C. A. Affair Proved a Failure—Disappointment Expressed in Football Circles—Other Matches.
The only team to win a game on the athletic field on Saturday in the football league was the Dufferin Rifles who defeated the plucky St. Andrews team two goals to nil. The Y.M.C.A. defaulted to the Dragons but that is simply having the game handed to them on a silver spoon. The Holmedale Tigers and the Scotchmen played a draw—one goal each, as did the S. O. E. and Cockshutt's United. They were all hard fought games as the scores well indicate. With the exception of the St. Andrew's team, the defenses were too strong for the forwards, and held the attacking divisions safe. Time and again well planned and well directed attacks were turned aside by the splendid work of the defence players.
Dragoons Disappointed.
The non-appearance of the Y. M. C. A. team at Agricultural Park on Saturday was a keen disappointment to the Soldier boys, more especially as this was the first occasion on which they were represented by their best possible team. Referee Farnsworth lined the boys up and declared the Y. M. C. A. defaulters, thereby placing two points to the credit of the Dragoons, although they hardly appreciate this method of rising in the league table. In addition to the regular eleven a large number of reserves turned out, so president R. T. Hall and Secretary Sam Seagoe decided to give the boys a run out and selected sides. Referee Farnsworth kindly consented to officiate. The result of a closely contested game was a win for the President's eleven by 3-1. For the winners, President Hall was the outstanding star, proving that although an old veteran, he can still show the boys a trick or two in goal. For the losers Secretary "Sam" made his debut as a player, his only fault being that Sam preferred to down the man first and attend to the ball afterward.
Next Saturday the Dragoons are due at Mohawk Park to face the Champions, and with their strengthened team, should put up a great game.
Scots v. Tigers v.
The All Scots and Holmedale Tigers met at Mohawk on Saturday evening in a league game. The first half was evenly contested, Hart scored for the Tigers and Ramsay for the Scots. The second half found the Scots in rampant form and gave Scanlon a lively time, the Tigers goal having many narrow escapes. The game ended in a draw. Scots 1, Tigers 1.

SATURDAY'S RESULTS.

What will the result be when the Tigers and Scots meet in the cup tie, will it be another draw? Scanlon gave a clever display in goal.
Holmedale have a good team, and ought to make good before the end of the season.
That goal of Ramsay's was a beauty.
Morrow and McGrattan are backs of reputation—both are junior internationalists. The combination of the pair is a treat to watch.
Forgie will make a good centre half.
The Scots will practice at Mohawk on Wednesday evening at 7 o'clock.
S.O.E. v. Cockshutt's v.
The S. O. E. and Cockshutt's played a draw of one all at Tutela Park on Saturday, it being the return game in the Brantford League. Cockshutt's won the toss and the Bull Dogs kicked off before over one thousand people and soon made tracks for the United goal, where a corner was forced, and Johnson just missed with a shot over the bar. Cockshutt's were now playing hard, the teams being evenly matched, the ball going from one end to the other. The game was stopped on several occasions in the early part of the game owing to injury to players. Walter Holmes, the Sons' goalkeeper was hurt and was carried from the field, but after attention by Trainer Clay, was back again. Cockshutt's were now getting the best of the game and after twenty-five minutes, scored with a lovely shot by G. Richardson. The Sons tried hard to get level, but at half time the score was still one to nothing in favor of the United.

The second half was good football by both teams, each end being visited in turn, corners being frequent at both ends. B. Richardson had hard luck with a shot while Holmes was on the ground, but Mitchell was there and cleared, the ball going to Clark, who took a run and shot at the other end, Carey batting the ball over for a corner. Budd put in a lovely corner. Continued on Page 8

Galt Beat Brantford at Cricket Saturday

Local Team Having Strenuous Time in Western Ontario League—Another Match Played.

The local cricketers journeyed to Galt on Saturday to play their fourth Western Ontario League game. The team was somewhat weakened owing to the unavoidable absence of H. S. Leach, C. W. F. Rawle, G. Whitwell and W. S. Burton. Galt won the toss and elected to bat first on a perfect wicket. Brantford opened their bowling with F. W. Stewart and E. Winyard. Galt sending Tank and York to bat, York hitting the first ball of the match for a single. With the score at four, Winyard clean bowled Tank with his third ball—4-2. Grey joined York and scored a single off his second ball from Winyard. By patient cricket the score was carried to 18, when York was dismissed at the wicket off Winyard. York appreciated his escape by hitting the next ball to the boundary for 3. With the score at 23, York was lucky again in not being run out. Bland failing to handle the ball, Derbyshire replaced Stewart at 27. Stewart taking Winyard's place and bowling from the bottom end. A splendid catch by Walsh off Derbyshire dismissed Grey, the pair having added 35 for the second wicket—39-2-13. The next batsman was J. P. Jaffary, he reappearing after an absence of three years from Galt cricket. With only a single added, York had another life, Derbyshire failing to hold a hot return. With the score at 43, he was clean bowled by Stewart, having scored 24, which was demolished by three lives—43-3-21. Hall partnered Jaffary, and together they raised the score to 50, when Jaffary was run out—50-4-0. Ladbroke was the next batsman, and hit Stewart for three. Hall followed his example, and hit Derbyshire out of the ground for 4. With the score at 69, Winyard replaced Derbyshire. The change, however, did not work, as the score was carried to 80, with out further loss, when West took the place of Winyard. Both batsmen, however, were well set, and the run appeared on the score board when Usher went in for West, six runs coming off his first over. Elliott took Stewart's place with the ball with the score at 106. Hall was run out without any further score having scored an admirable 34.—106-3-34. Simpson joined Ladbroke, but with two runs added, Ladbroke was run out—108-6-27. Boyd was the next to bat, and at once commenced a hit, scoring 5 off one over from Elliott. He was dismissed, however, by a catch by Richardson off Usher—121-7-0. Codling joined Simpson and Stewart replaced Elliott. The Galt captain then declared the innings closed without any addition to the score. Bland and Winyard opened the Brantford batting to the bowling of York and Ladbroke, and tried hard to save the game, but were all dismissed for 32. Galt thus winning by 89 runs. Full score:— Galt— Tank b Winyard..... 2

Football Contests

(Continued from Page 7.) which Keightley headed, just outside. The Sons forwards were now trying hard and F. Smith missed a good chance to score, but a few minutes after the same players again got the ball and scored, with only five minutes more to go. Both teams again began to work hard and Bob Plant, who had been greatly watched got away and put in a grand shot which Holmes saved. The danger was cleared and nice field play followed till the whistle sounded and the score still one each, after one of the hardest games that has yet been played. The following were the teams: S. O. E.: W. Holmes; W. Mitchell and W. Stewart; F. Westcott, E. Clark and J. Mathias; W. Budd, F. Smith, W. Smith, J. Keightley and A. Johnson. Cockshtutt—H. Casey, W. Gray and C. Stubbs; A. Match, T. Robertson, and J. Gouick; R. Plant, R. Richardson, G. Richardson, A. Paul and W. Richardson. Mr. G. Elliott had charge of the game. Notes on the Game: It sure was some crowd and a good game. It was Smith who scored and how the crowd roared. Trainer Clay had a busy time in the early part of the game. Tutela Park seems an ideal spot for football. The "Happy Four" after the game—Clay, Castle, Clark and Mears. "Clay" keeps the "Bill" dogs' teeth in good order. A point out of the champions was a good performance. Next week S.O.E. and St Andrews.

Junior Ball

At Tutela Park Saturday afternoon before quite a good crowd of enthusiastic baseball fans, considering the threatening weather, the Eagle Place Stars took the Maple Leafs into camp to the extent of 4-0. The game was played in record time, one hour and thirty-five minutes. The ground was very heavy owing to the rain of the previous evening, making the fielding slow. The following was the line-up:— Maple Leafs—C. Birckett, s.; A. Shuert, 3b; I. Pearce, 1b; G. Coy, c.; C. Wilkinson, 1b; A. Livingston, r.f.; E. Crowley, 2b; E. Pierce, c.; B. Hartwood, p. Stars—G. Berry, c.; Woolams, r.; Johnson, 1b; B. Bowers, 2b; M. Brown, s.; Liddish, 3b; A. Buck, r.f.; Fisher, c.; Schofield. The Stars secured three of the four runs in the first innings. Hartwood twirling for the Leafs, being a little unsteady, walked two men, and two errors in the infield gave the Stars the runs. After the first it was a pitchers' battle. In the sixth, two hits and a stolen base resulted in the Stars' last run. In the seventh, Liddish went in to pitch. The Leafs' nearest chance to score was in the ninth, when Shuert was called out at the plate on a very close decision. Notes: Frank Reid umpired, and his decisions were impartial. Bowers and Liddish were the pick for the winners. The Leafs hit both pitchers fairly hard, but the pitchers for the Stars tightened up in pinches, and were backed up by good fielding. The Stars, while mostly composed of old ball players, certainly played as if they had a new lease of life, and it will take a strong team to beat them. Manager Johnson of the Stars, and Beckett of the Leafs had their teams well in hand. The Leafs' practice for next week have been withdrawn, owing to the grounds, not being available. They expect to hook up with the Beavers at Recreation Park next Saturday. A week ago last Saturday, that self same aggregation beat the Leafs 15-10. Manager Beckett is determined to have his strongest team in the game on Saturday, and the Leafs will make every effort to get away with the game. Since the Stars have reorganized, the Tigers Leafs and Beavers playing, it looks as if a good city and four league might easily be formed for the balance of this season. A good article of ball has been put up by these teams. One of the managers' secret later will be supplying each of his players with a stick, to rest on his shoulder. Why not decide it by playing a series of scheduled games? Several have expressed the opinion that the league should be formed.

Soft Ball

Thursday evening at Recreation Park the Beaver soft ball team play the Ham and Notch. The present schedule will be finished on July 17.

BRANTFORD BEAT LONDON

Lacrosse Game on Saturday—Tecumsehs Downed in Good Style.

LACROSSE RECORD D. L. A. Standing. Teams: W. L. For. Agt. Irish-Canadians 5 2 48 47. Tecumsehs 4 3 40 33. Nationals 4 4 49 38. Toronto 2 6 38 60.

Notes on the Game

Brantford defeated the London Tecumseh lacrosse club on Saturday afternoon, at Tecumseh Park, by the score of 12 to 0. The game was filled with many close plays and had not the locals been too anxious to score goals during the latter part of the game they might have won out. By leaving their own nets unguarded during the last five minutes of play the Tecumsehs were gaining a lead of three goals with no one to defend the nets but goallier Mooney. The work of Mooney in goal for the locals was the feature of the game, although the aggressiveness of Hearn for the visitors is what spelt the undoing of the Tecumsehs. By using this game the London team has practically put out of the running

for the district honors. During the first quarter Brantford scored four goals in short order, while shortly before time Anderson scored the only goal for London during this period. The first half of the game ended with the score 6 to 2 in favor of the visitors, but the most sensational plays of the game came during the third last quarter, when London made the score to read 7 to 6 in their favor. The Tecumsehs scored five goals in less than nine minutes, and looked like the winners, but Brantford came back and tied the score and before the whistle blew for time in this quarter, Broley scored a goal, making the score 8 to 7 with London up. Hearn tied the score after two and a half minutes of play and London again forged ahead when Broley notched goal number nine. Here Penney injured his leg in a mix-up and it handicapped London. Brantford changed goalkeepers, as Shannon was hurt during the third quarter. Ryan replaced him and ten men finished the game, as H. Pesterly went off with Hutton at half time. With the score tie Hearn defeated the London defense, which had been bent on scoring instead of laying back on the defense, three times with the goals that trimmed London. The line-up:— Brantford: Shannon, Goal; Mooney, Collins; Point; Jackson, Nichols; cover-point; Simons, Hutton; first defense; Simmers, Jons; second defense; Holly, Danby; third defense; H. Pesterly, Kearsley; centre; G. Fetherly, Martin; third home; McKay, Duncan; second home; Aitchison, Slattery; first home; Broley, Ryan; Outside home; Anderson, Hearn; Inside home; Penney. Referee—Frank Doyle. First Quarter Goals:— Brantford, Hearn, 1-2 minutes.

Second Quarter Brantford, Duncan, 3 minutes. Brantford, Hearn, 1-2 minutes. London, Anderson, 8 minutes. Third Quarter London, Anderson, 3-1-2 minutes. London, Broley, 1 minute. London, Penney, 2 minutes. London, Aitchison, 1-2 minute. Brantford, Anderson, 1-2 minutes. Brantford, Hearn, 1-2 minutes. London, Broley, 2-12 minutes. Fourth Quarter Brantford, Hearn, 2-1-2 minutes. London, Broley, 3-1-2 minutes. Brantford, Hearn, 1-2 minutes. Brantford, Hearn, 2-1-4 minutes. Brantford, Hearn, 1-3-4 minutes. Charmeuse Tailored Suit of the New Red Tone Seen at a French Race Meet. Copyright by N. Y. H.

ONE sees the prettiest of clothes at race meets. This is especially true of those worn at the Paris spring races, for the women who attend—lovely, rich or talented, as well as the fortunate ones who combine these attributes—are gowned in the latest creations of the French dressmaker's skill. It is a well known fact that at the two principal spring races in Paris—the Au-teuil Steeplechase and the Grand Prix—there is to be seen a display of feminine elegance in dress the renown of which has spread over the globe. Besides the moudain, the actress and the manikin, the three types of French women who best display the Paris modes, there are those of an exotic type of beauty such as the Russian, American or English woman, gowned like the Parisian, in latest French styles. The scene is a kaleidoscope of color and style that enchants the eye, and the setting of greensward and trees but enhances their elegance and charm. There seems to be a considerable difference of opinion as to the correct type of garb for these race meets. Some prefer a simple form of tailored suit that would seem almost too unpretentious were it not for the light color and impeccable cut. Others, and perhaps they are in the majority, wear an elaborate afternoon costume that goes under the popular name

of "three-piece suit," as the coat is designed to specially harmonize with the gown. These suits are often of sombre hue, but the material is invariably elegant. The manikins from the famous dress-making houses are always gowned to herald some advanced fashion and are responsible for the extreme and sometimes eccentric styles. These animated fashion plates, however, with their suggestions for future acquisitions to the wardrobe, are not the least interesting feature of these occasions. Later at the Ostend and Deauville summer races they are seen presenting the first hints of the changing styles to come in autumn—even though the material is formal, summerlike. At the American race meets the style of dress varies in the same manner as in France depending somewhat on the fashionable interest in the race and the country club where it is run. The same freedom of choice is noticeable, however, and the tailored suit with correct accessories, the afternoon suit or the

elaborate dress seem to be simply a matter of individual taste. Two snapshots, reproduced here, taken at one of the latest spring races in Paris, are of an afternoon gown and a tailored suit. Both indicate a determined effort to get away from the narrow, straight outline so long observed in modish skirts and are so draped that the entire contour of the figure is changed. This is more strongly accentuated in the brocaded dress and less in the tailored suit. The afternoon gown is of old blue satin brocaded with a silvery gray figure. A part of the corsage, and the narrow tunic extending across the back only in a coat fall effect, are of a matching blue chiffon lightened by a white lining of charmeuse and chiffon and a white collar. The skirt is typical of what is already hinted at in all extreme fashions—a simple skirt draped about the figure, the long folds ending in plaits that fasten into the belt so that the skirt puffs out prettily at the sides. The front breadth lap

across each other widely, so that the un-stitched edges hide the most discreet of slashes and allow for the fashionable tightening of the skirt about the hem. The tailored suit is of the beautiful new red that approaches the mulberry shade. Here the one added drapery that is so effective on the simpler tailored suit models is used. Tassels of two sizes, replacing the usual buttons and button-holes, are of beautiful workmanship, their ends both fringed and knotted in true Oriental style. The wearer has arranged the soft lace blouse ruffle into the standing frill so much in vogue at this moment, and the corsage rose, fringed sunshade and poke shaped hat of layers of tulle caught with an odd red stone ornament shows the coquettish accessories that elaborate a suit of otherwise unassuming cut and design. Three views are pictured here of a novel three-piece gown of the type one often sees at the races. The gown is of blue and white block checked taffeta and shows the very latest fashion details. Widely

lapped in front, the skirt shows a few narrow draped folds fitting it in to the lines of the figure. The standing frill of lace and the filmy net front soften the rather hard brilliancy of the taffeta on the corsage, and the tunic is distended so that it stands smartly away from the figure. The accompanying coat of blue moire has the new kimono rever which rolls over into a ridged lapel half way between neck and shoulder. In the back breadth of the coat are introduced overlapping bias bands piped along the edges, and belt edges, collar and cuffs are finished with a corded piping. Over-bound buttonholes, without the accompanying buttons, and the lower edge of the back breadth turning under to form a loop are noticeable style details. In the afternoon gown pictured in two views the material is of peacock blue charmeuse. A sash of the same is wound about the figure, and the skirt, folded rather than draped, finishes in a diagonal edge across the front and buttons to the sash with white pearl buttons and button-holes that have at their outer corners tailored arrows of embroidery. On the bloused waist these same pearl buttons follow over the shoulder. A bit of English point lace at the wrist and collar gives the necessary touch of white. Roses frame the brim of a small straw hat and little ribbon streamers lie in a careless knotting at shoulder depth.

RADIAL CAR SHEDS BURN IN HAMILTON

\$75,000. Damage Caused by Fire, Which Destroys Five Freight Cars.

(Canadian Press Despatch) HAMILTON, July 7.—The freight sheds of the Interurban Lines of the Dominion Power and Transmission Company at the corner of Main and Catharine Streets were destroyed by fire yesterday morning. Five freight cars, an auto truck and other stock belonging to the company was burned. Spontaneous combustion is said to have been the cause. The loss is estimated at \$75,000, covered by insurance.

BIG LEVIATHAN DOES GREAT WORK

One of the Largest Steam Shovels Made at Work on New Railroad.

One of the largest steam shovels ever operating in this country is now at work on the Lake Erie and Northern Railway, cutting a hill in rear of the McPherson farm house about three miles from Galt.

This leviathan boasts that it can do double the work of the average steam shovel, and what's more, proves it.

A Courier representative on Saturday afternoon paid a visit to the scene and found the monster eating up earth and boulders and tree roots with an evident relish for the meal.

Alongside a temporary track has been installed and a number of cars with two engines attached are kept more than busy in running the results of the "scoops" for a big fill-in of a Grand River loop near by.

Several more camps can be seen dotted here and there to accommodate the additional gangs of men now employed. That the first train will be run into Galt early in the fall is now practically assured.

In the latter city, several houses have been torn down to make room for the right of way to the centre of the place.

As for the "Shovello Mastodon", he will shortly be seen in full action in rear of the golf links.

Sunday at the Local Churches

At The First Baptist. Yesterday was an extra good day at the First Baptist. All the services were well attended. The Sunday school was held in the morning for the first time for the summer season, and the attendance showed an increase over last year's record. For the last six months the average increase per Sunday as compared with the same period of last year showed an increase of 58 per cent. There was a splendid showing of the boys and girls at the preaching service. When the pastor preached a special sermon to the children on "Lessons from the Life of Moses," emphasizing the period of childhood and the importance of obeying God's voice when He speaks. Fourteen new members received the hand of welcome into the church at the monthly communion service, when a very large company observed the ordinance of the Lord's Supper. In the evening the cool weather helped to bring out an unusually large audience for the summer season. The pastor preached on "A Pool's Choice," and took Lot and Esau as working examples of men who erred along this line. Miss E. Phipps sang sweetly "The name of Jesus is so sweet," and the choir sang by special request "Rock of Ages." The pastor will preach at both services next Sunday, "Saved by a mother's love," will be the evening subject.

At Colborne St. Church. Rev. James Awd of Hamilton, in the absence of Rev. T. E. Holling, pastor of Colborne St. Methodist Church, who is on a trip to the British Isles, occupied the pulpit morning and evening and delivered excellent sermons. Rev. Awd will continue to occupy the pulpit until Rev. Holling's return in September.

Manager Deneau wired pitcher Duggan to report at once and it is likely the Ohio College star will be on hand to-night.

CARNIVAL SHOW ARRIVES IN CITY

Difficulty in Securing Accommodation For Arrivals on Sunday.

A big crowd of people watched the unloading of the Ferrari Shows in West Brantford last night. The stunts which the elephants pulled off in boosting the heavy loads to the park being particularly amusing. Over 250 people arrived with the show by special train shortly before 6 o'clock and despite the fact that advance agents were busily engaged on all Sunday endeavoring to secure rooming accommodation for the visitors, only 35 out of 350 were placed. A couple of local men also assisted in the search for rooms. The hotels were either crowded or had to reserve rooms for the usual early week influx of travellers. Contrary to general practice, canvas had to be erected at Agricultural Park, otherwise a number would have been forced to remain out of doors during the night. The shows which have a reputation for cleanliness, looked the part, and the unloading which was carried out Sunday night, was quietly done.

Military Notes

At the Ranges.

The third Canadian Military Rifle League match was fired at the Mohawk Ranges on Saturday, when some very excellent scores were put on. In the last of the Gibson Spoon Competitions, the winner was Sergt. C. Bissett, with a score of 91 in the 85 class. The shooting for the Ottawa team of five men, which was also started on Saturday is bringing out very keen competition. The results on Saturday were as follows:

FAMOUS PICTURES AT THE GEM

Of all the moving picture films shown in Brantford, those of the "Lucky" Scott Expedition are most interesting. They will be on exhibition at the Gem Theatre to-night and to-morrow, afternoon and evening. It will be remembered that this expedition penetrated to the unknown lands of the far North. There all kinds of adventures were met with, and best of all, this party included a skilful moving picture artist who recorded every phase of the trip in imperishable moving pictures. There are 5,000 feet of films in all, these including many wonders of the North heretofore never pictured by the camera. The hunting of polar bear and seals is shown as faithfully as though the spectator were looking at the real adventure.

PARALYZED BY LUMBAGO

Manual labor or even light exercise is impossible with lumbago. The muscles stiffen out like steel—to move means agony. Only a powerful remedy can penetrate deep enough to help. The surest relief comes from rubbing in Nerviline. It sinks into the very root of the trouble—penetrates where an oil-liniment cannot go. To prevent lumbago returning, put on a Nerviline Porous Plaster which removes inflammation and strain from the muscles, and acts as a guard from drafts and exposure. Nothing will so quickly cure as these remedies. All dealers sell Polson's Nerviline and Nerviline Porous Plasters. Refuse all substitutes.

THE GENTLE CYNIC

It comes much harder for some people to spend money than to make it. No man should complain that his hands are tied if he has a free foot. Don't coddle your bad habits just because it's never too late to mend. Riches have wings, and they generally fly so high as to be out of range. Flattery is a good bait for suckers, but you can sometimes catch them with a bare hook. Would you say a man is effeminate just because he always manages to have his own way. Counterfeiters pass lots of bad bills, but then, so does the Legislature. We are apt to speak well of the dead, except in the case of the dead broke. At the age of 16 you can never tell whether a girl is suffering from malaria or is merely in love.—New York Times.

"The Mystery of Agatha Webb"

By KATHARINE GREEN CHAPTER XIX. A SYMPATHETIC FRIEND.

The next day was the day of Agatha's funeral. She was to be buried in Porchester, by the side of her six children, and, as the day was fine, the whole town, as by common consent, assembled in the road along which the humble cortege was to make its way to the spot indicated. From the windows of farmhouses, from between the trees of the few scattered thickets along the way, saddened and curious faces looked forth, till Sweetwater, who walked as near as he dared to the immediate friends of the deceased, felt the impossibility of remembering them all and gave up the task in despair. Before one house, about a mile out of town, the procession paused, and at a gesture from the minister every one within sight took off their hats, amid a hush which made almost painfully apparent the twittering of birds and the other sounds of animate and inanimate nature which are inseparable from a country road. They had reached Widow Jones' cottage, in which Philomena was then staying. The front door was closed and so were the lower windows, but in one of the upper casements a movement was perceptible, and in another instant there came into view a woman and a man, supporting between them the impassible form of Agatha's husband. Holding him up in plain sight of the almost breathless throng below, the woman pointed to where his darling lay and appeared to say something to him. Then there was to be seen a strange sight. The old man, with his thin white locks fluttering in the breeze, leaped forward with a smile, and, holding out his arms, cried in a full and joyful tone, "Agatha!" Then, as if realizing for the first time that it was death he looked upon and that the crowd below was a funeral procession, his face altered, and he fell back, with a low, heartbroken moan, into the arms of those who supported him. As his eyes disappeared from sight the procession moved on, and from only one pair of lips went up that groan of sorrow with which every heart seemed surcharged—one groan. From whose lips did it come? Sweetwater endeavored to find out, but was not able, nor could any one inform him unless it was Mr. Sutherland, whom he dared not approach. This gentleman was on foot like the rest, with his arm fast lanked in that of his son Frederick. He had meant to ride, for the distance was long for man past 60; but, finding the latter unable to walk, he presented to do the same rather than be separated from his son. He had fears for Frederick—he could hardly have told why—and as the ceremony proceeded and Agatha was solemnly laid away in the place prepared for her by the architect and assumed to such an extent that he found it difficult to quit the young man for a moment or even to turn his eyes away from the face he had never seemed to look till now. But as a friend and stranger were now rapidly leaving the yard he controlled himself and, assuming a more natural demeanor, asked his son if he were now ready to ride back. But to his astonishment, Frederick replied that he did not intend to return to Sutherlandtown at present, that he had business in Porchester and that he was doubtful if he would be ready to go home. As the old gentleman did not wish to raise a controversy, he said nothing, but as soon as he saw Frederick disappear up the road he sent back the carriage he had ordered, saying that he would return in a few days. The carriage was not settled some affairs of his own, which might and might not detain him there till evening. Then he proceeded to a little inn, where he hired a room with windows that looked out on the highroad. In one of these windows he sat all day, watching for Frederick, who had gone further up the road. But so Frederick appeared, and with vague misgivings, for which as yet he had no name, he left the window and set out on foot for home. It was now dark, but a silvery gleam on the horizon gave promise of the speedy rising of a full moon. Otherwise he would not have attempted to walk over a road proverbially dark and dismal. The churchyard, in which they had just laid away Agatha, lay in his course. As he approached he felt his heart fall, and stopping a moment at the stone wall that separated it from the highroad, he leaned against the trunk of a huge elm that guarded the gate of entrance. As he did so he heard a sound of suppressed sobbing from some spot not very far away, and moved by some undefinable impulse stronger than his will, he pushed open the gate and entered the sacred precincts. Instantly the wildness and desolation of the place struck him. He wished, yet dreaded, to advance. Something in the grief of the mourner whose sobs he had heard had set upon his heartstrings, and yet as he hesitated, the sounds came again, and, forgetting that his intrusion might not prove altogether welcome, he pressed forward till he came within a few feet from the spot from which the sobs issued. He had moved quietly, feeling the awe of the place, and when he paused it was with a sensation of dread not to be entirely explained by the sad and dismal surroundings. Dark as it was, he discerned the outline of a form lying stretched in speechless misery across a grave, but when impelled by an almost irresistible compassion he strove to open his tongue close to the roof of his mouth and he only drew back further into the shadow. (To be continued.)

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work.
