Mr. Arthur Rottler left for Boston on Saturday.

Miss Ella Cohen spent the week end with relatives at Canning.

Mrs. Joseph Cohen and children who have been spending the past six weeks at Evangeline Beach, intend returning to town on Wednesday.

Miss Benlah Wheaton of Los Angeles, California, has been visiting her sister Miss Eva Wheaton at Delhaven, also relatives at Kentville and Centreville.

Mrs. B. McLellan of Spencer's Island has been spending a week with friends at Perea.

Mrs. W. Brown of Greenwich has been spending a week at her summer cottage at Delhaven.

Little Miss Myrtle Meister has been visiting at Chipman Corner, guest of her cousin, Miss Laura Meister.

Miss Janie Sutton of Portland, Me., has been visiting her brothers David Sutton and William Sutton, Church St. She also spent 3 weeks at Kentville with the Mises Byrnes.

Mrs. J. N. Pugsley of Parrsboro has been the guest of Mrs. W. B. Jordan for a few days, Miss Mildred Jordan accompanied her home yesterday.

WANTED—Girl for General Housework; no washing required. Apply to Mrs. A. L. Pelton.

H. Pinco, Wolfville, optometrist, will be at Noble Thorpe's, Lakeville, Wednesday afternoon, Aug. 29th, Thursday forenoon, Home Mondays, Tuesdays and Saturdays. Drop a card of appointment is wished, near any station. la-o

Mrs. Albert Kinsman will be at home to friends on Wednesday and Thursday afternoons, Aug. 29th and 30th at Sheffield Mills.

The New Glasgow Enterprise says:—"In the five Protestant Churches of New Glasgow last Sunday there were in attendance less than 400. This in a town with 10,000 population. In years gone by, when New Glasgow had only 2000 population, the churches were crowded. What is wrong? What is the reason?"

Kentville can follow this example in a fairly god ratio. People here are sadly complaining that people who are looked up to as an example are turning Sunday into a day for pleasure excursions with people languid and tired out after their Sunday pleasure.

A Patriotic Bazaar will be held on the grounds of Mr. Arthur Clerk, Upper Canard, on Wednesday, August 29th, afternoon and evening. A 15 cent tea will be served. Band in attendance. Admission 10 cents. Proceeds to aid Y. M. C. A. work at the front. la-o

Miss May McPherson of the Deputy Attorney General's Office, Halifax, who has been spending the last two weeks in Kentville the guest of Miss M. Sloan returned to the city this week.

Farm Boot For Summer Wear

Here at last is the perfect combination of boot and moccasin, and of Cromme-tanned and Oil-tanned leathers.

The general shape is that of a moccasin — but the boot is built on a last, with a long, solid counter to hold up the heel. It has all the easy, foot-fitting comfort of a moccasin, and at the same time it will stand up and keep its shape with any boot. They outwear any other boots of their kind on the market, and give solid comfort and satisfaction every day.

Suitable for farmers, dairymen, mechanics and carpenters, in fact for anyone requiring foot comfort

LAWN FETE

The Lawn Fete postponed from Tuesday night on account of rain was held at the Chestnuts on Wednesday afternoon and evening. The grounds were prettily decorated and a large number were in attendance. The band from Aldershot Camp discoursed a fine program of music. After the good things had been partaken of Mayor Pelton presented an address to the returned soldiers conveying the appreciation of all in the noble work they had done for King, Country and for us all. Principal Trask followed in an address full of patriotic feeling and also had a kindly message for all the students who were soon to be under his charge in the schools and Academy. Mr. R. S. Eaton expressed the feelings of deep regret of St. James Church and congregation at the removal of Rev. T. G. Mellor, Rector, to Annapolis Royal, and voiced the opinion of all as to the high esteem in which he had been held here during his several years as Rector not only from members of his own church but from every citizen of the town. The gathering closed with hearty cheers for all the returned soldiers, Rev. Mr. Mellor, Mr. Trask and "The Chestnuts."

CANADIANS CAPTURE OVER ONE THOUSAND PRISONERS

LONDON, Aug. 17.—The struggle was renewed on that part of the front south of St. Laurent at four o'clock this morning, when an Ontario Battalion went forward to attack a strong position along the railway embankment which now forms the boundary of the enemy line west of Lens. Strong opposition was encountered. After bombing their way into a nest of trenches our men were themselves bombed out. More troops were put in, and the area of the attack was extended to the north by the participation of another battalion. For several hours the struggle went on, and the Canadians finally won their objectives which were three trenches from which observation could be secured upon the recently won front.

The feature of today's struggle was the free use of airplanes by the enemy in support of his infantry. Taking a leaf out of our book the German airmen flew over the trenches and engaged the occupants with their machine guns. There were many aerial fights between these enemy airmen and ourselves.

The number of prisoners, wounded, and unwounded, now totals well over a thousand. The enemy's killed and wounded must number at least five times as many. Three enemy divisions, the Seventh, Eleventh Reserve and the Fourth Guards, have ceased to have any fighting value as the result of their great losses.

Lloyd George says the Germans stutter and stammer when you try to make them utter the word "restoration." There are prominent Liberals who are trying to make Sir Wilfrid Laurier utter the one word "conscription." He does not stutter or stammer. He simply refuses to speak. Later on, if he thinks the people of Quebec will stand for stuttering and stammering he may stutter and stammer enough to please the conscriptionists who desire an excuse to vote for him as of old.

FIELD MARSHAL HAIG CONGRATULATES GALLANT CANADIANS ON GREAT WORK.

CANADIAN HEADQUARTERS IN FRANCE, via London, August 21.—Sir Douglas Haig, in a message of congratulation to Sir Arthur Currie and the officers and men of the Canadian Corps makes short work of the lying German wireless reports that the Canadians attacked with four divisions when Hill 70 and St. Laurent were captured and failed to reach their objectives, despite extraordinary losses. The message follows:

"Lieutenant-General Sir Arthur Currie, Commanding Canadian Corps,
"General Sir Henry Horne, commanding the first army, has much pleasure in forwarding the following message received from the Field Marshal Commander in Chief: Please convey the following message from me to Lieutenant-General Sir A. W. Currie, commanding Canadian forces:

"I desire to congratulate you personally on the complete and important success with which your command of the Canadian Corps has been inaugurated. The two divisions you employed on the 15th instant totally defeated four German Divisions, whose losses are reliably estimated at more than double those suffered by the Canadian troops. The skill, bravery and determination shown in the attack, and in maintaining the positions won against repeated heavy counter-attacks were, in all respects, admirable."

Congratulatory messages have been received from the commanders of the armies on the Western front. General Byng, in his message after expressing his delight at the fine achievement of the corps, says his old comrades have been much in his mind during the progress of the operations.

GERMANS FOUGHT LIKE CORNERED RATS BUT THE CANADIANS BEAT THEM

LONDON, Aug. 21.—Reuter's correspondent at British headquarters in France telegraphs today:
Canadian troops around Lens launched another attack converging on the western environments of the town at half-past four this morning.

The dawn broke with a thick haze, and when the infantry went over the top they saw masses of shadow grey figures advancing towards them. It was actually the fact that the Germans had planned an attack to be delivered at the identical moment of our men, and what is probably one of the most desperate hand-to-hand battles of the war ensued.

In the words of an eye-witness: The Germans fought like cornered rats. In the shell torn, wire encumbered zone of No Man's Land, this struggle raged, bomb and bayonet being the principal weapons. Gradually the Canadians beat back the Huns, and about fifteen minutes after the clash came the enemy were making their last stand-up on the parapet of their trenches.

Then they retreated as rapidly as possible into the ruins of Lens, and almost immediately a furious machine gun fire began to rattle forth. Along the northern part of the Canadian attack, from the direction of Cite St. Emille, good progress was made. Strict orders had been given that the advance was not to be pushed beyond given limits. The centre and southern portion of the attack was fiercely resisted, and the latest news is that the fighting is still in progress.

A good many prisoners, of whom a large proportion are wounded, have been brought in.

Five thousand Australian troops who have been in active service for 1,000 days, come August 4, are to be relieved to spend Christmas at home, their places at the front to be taken by new recruits.

DR. BELAND'S HAIR HAS WHITENED

Former Postmaster-General, who is a Prisoner in Germany Has Had Trying Experiences.
NEW BEDFORD, Mass., August 21.—Dr. Henry S. Beland, former postmaster-general of Canada, who was captured in Belgium when the Germans invaded that country still believes that there is an organized campaign in Canada to rescue him, according to a letter received here tonight.

The letter was from a French-Canadian Officer who met an Englishman who had had been released from the prison camp where Dr. Beland was confined. He said the former Canadian postmaster general had nearly lost his reason when his wife died sometime after their imprisonment, but he had shown rare courage and had never given up hope of regaining his freedom. The Englishman said that Dr. Beland's hair had turned white during his confinement, as had been reported, but that his face was drawn and he weighs only 140 pounds. It is said that much longer confinement would place Dr. Beland's life in jeopardy.

A visitor in Ireland was bidding farewell, and said to an attendant:
"Good-bye, Pat."
"Good-bye, yer honor. May Heaven bless you, and may every hair in your head be a candle to light your soul to glory!"

"Well, Pat," he said, showing him a bald head, "when that time comes there won't be much of a torchlight procession."

MARKETING OF APPLE CROP

OTTAWA, August 21.—A special fruit and vegetable committee is to be appointed by the Food Controller. Its first business will be to co-operate with the Distribution Bureau of the Food Controller's office to insure proper distribution of this year's apple crop.

It is clearly apparent, from reports that the Ontario crop and a large section of that of the Province of Quebec, will not be more than fifteen per cent normal, while crops in the Maritime Provinces and British Columbia promise to be average.

Owing to the apple embargo by the British Government the British market will be cut off this year, and the Maritime Provinces must find their market in Central Canada. The special committee is to be composed of experienced business men, with a practical knowledge of fruit conditions and of marketing. It is the intention of the Food Controller that while producer shall be given reasonable price for fruit, it will be forwarded to the consumer at a minimum cost.

Mr. C. W. Baxter, chief fruit inspector, of the fruit branch, Ottawa, will leave on Tuesday for Nova Scotia, to get in touch with the growers and dealers in that Province. He will secure from them the quotations on certain grades and varieties of apples which he will submit to the Fruit Committee. With these prices arranged the wholesale and retail trade will be asked to co-operate with the Food Controller's office to distribute this fruit.

The British Columbia fruit growers will also be communicated with for the purpose of supplying the fruit demands of the Far West.

FOR OUR FLAG

Another of our brave Canadian soldiers has made the supreme sacrifice. Mrs. W. D. Muir of Dalhousie East, has received official news that her son, Pte. J. Lawrence Muir was killed in action July 4th Somewhere in France. Laurie was 20 years old last March. He enlisted in Nov., 1915, with the 112th Battalion. He trained in Middleton that winter, went overseas in July, 1916. The following winter he went to France. He was wounded April 10th in the shoulder. He went back to the trenches June 1st.

Fisherman operating at Ingonish has to date this season received between \$150,000 and \$175,000 for their catch, a record that has been heretofore approached in the history of this place. One trap took \$16,000 worth of fish for a couple of months' work this besides they give away, to handliners, which amounted daily to several boat loads. Buyers are paying \$7.00 a quintal for green fish landed at the stage, and as a result of the high price the fisherman are all prosperous.

Opponents of conscription in Quebec call Borden all sorts of names and threaten him with death and many of our politicians and newspapers raise no protest but there are Liberals who think Dr. Clark is too severe in his criticism of Sir Wilfrid and the same papers and persons shout it from the house top.

A Woman's Problem

How to Feel Well During Middle Life Told by Three Women Who Learned from Experience.

The Change of Life is a most critical period of a woman's existence, and neglect of health at this time invites disease and pain. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs. Read these letters:—

Philadelphia, Pa.—"I started the Change of Life five years ago. I always had a headache and back-ache with bearing down pains and I would have heat flashes very bad at times with dizzy spells and nervous feelings. After taking Lydia E. Pinkham's Vegetable Compound I feel like a new person and am in better health and no more troubled with the aches and pains I had before I took your wonderful remedy. I recommend it to my friends for I cannot praise it enough."—Mrs. MARGARET GRASSMAN, 759 N. Ringgold St., Philadelphia, Pa.

Beverly, Mass.—"I took Lydia E. Pinkham's Vegetable Compound, for nervousness and dyspepsia, when I was going through the Change of Life. I found it very helpful and I have always spoken of it to other women who suffer as I did and have had them try it and they also have received good results from it."—Mrs. GEORGE A. DUNBAR, 17 Roundy St., Beverly, Mass.

Erie, Pa.—"I was in poor health when the Change of Life started with me and I took Lydia E. Pinkham's Vegetable Compound, or I think I should not have got over it as easy as I did. Even now if I do not feel good I take the Compound and it restores me in a short time. I will praise your remedies to every woman for it may help them as it has me."—Mrs. E. KISSLENO, 951 East 24th St., Erie, Pa.

No other medicine has been so successful in relieving woman's suffering as has Lydia E. Pinkham's Vegetable Compound. Women may receive free and helpful advice by writing the Lydia E. Pinkham Medicine Co., Lynn, Mass. Such letters are received and answered by women only and held in strict confidence.

LAKEVILLE

Lakeville and Brooklyn Street held a very successful ice cream social on the lawn of Mrs. Arthur Johns last week. Several booths decorated with red, white and blue, offered different tempting dainties and were well patronized since over them hung the motto "Help Our Soldiers." One of the special attractions was an effigy of the Kaiser, which the boys took great pleasure trying to shoot. The splendid sum of eighty dollars was realized showing that all are only too glad to do their share to make "the boys" comfortable.

Mr. and Mrs. Harding Bligh of Ontario were the guests of Mr. and Mrs. Rupert Bligh on Thursday last. Quite a number enjoyed the picnic at the Experimental Station on last Wednesday.

Mrs. Rufus Morton and daughter Elsie have returned home after a very enjoyable trip to Sydney.

THE CORRECT WAY TO TREAT A COLD

A cough is not a distinct disease, it is the result of inflammation caused by a cold. Therefore, the only way to cure a cough is to allay the inflammation which invades the delicate bronchial tubes. All of the narcotics in the world will not correct the conditions which cause a cough—they simply deaden the senses and afford temporary relief.

Penslar White Pine and Spruce Balsam with Menthol will promptly soothe and heal the inflamed membranes and overcome the nervous irritation. Price, 25c and 50c the bottle.

THE INFLUENCE OF CANADA

News Letter Aug 15th 1917.
The influence of Canadian patriotism has been far-reaching. The Baltimore Sun has this to say of Canada—"It is honor to live next door to her." Blood is thicker than water. Our American cousins were quick to grasp the significance of Canada's response to the challenge of Germany. Our victories were their victories. When Canada won fame they cheered with the best of us, and felt it an honor to live next door to us. The Baltimore Sun reflects the close and friendly relations that now subsist between the Republic and the Dominion:

"Kipling called Canada 'Our Lady of the Snow,' but the story which our staff correspondent is telling of her war record shows that when her pride, her loyalty, and her affections enlisted she is the Vesuvius of Nations. Every American ought to read the narrative of Canadian sacrifice and Canadian heroism. It is an epic which Homer might have been proud to tell. We confess that, when we compare this splendid enthusiasm, this eager devotion, this unquestioned and magnificent courage and unselfishness with certain manifestations of American indifference, halfheartedness, and calculating prudence, we feel a sense of humiliating moral inferiority.

"Some fool American before the war used to talk about annexing Canada and extending to it the blessings of Republican government. Unless we raise ourselves to the spiritual level of these great-souled people, the best thing that could happen to us would be to get Canada to annex us. But we hope these letters will thrill our hearts with admiration, and will stir us to a generous emulatioin. To be a Canadian must be, for the next generation at least, equivalent to being one of the elect of the earth."

Canadians at home must live up to this record. It is record which has not been made by the Government or by Parliament, or by the millions of Canadian who live in comparative ease and security within their borders remote from the thundering reverberations of the guns. This record and its fame were won on the fields of battle where sleep the vanguard of Canada's army of national defence—the noble youths who for a perilled heritage.

"In some divine awakening caught, Set it against all dream and joy, And died in rapture at the thought."

—Toronto Globe, July 26

PROGRESS OF THE PULPWOOD INDUSTRY

The war with its changes in trade routes and markets has tended to greatly increase the pulpwood and pulp industry in Canada in the last three years. In fact the industry has grown steadily since its inception. These facts are shown in a bulletin just issued by the Forestry Branch of the Department of the Interior. The total value of the pulpwood made into pulp in Canada and exported in the raw state for manufacture abroad was nearly \$20,000,000. The amount of pulpwood made into pulp in Canada was 1,764,912 cords, an increase of about 300,000 cords over 1915. While over a million cords of wood were exported in the raw state for manufacture abroad, this was lower in proportion to the total pulpwood made into pulp in Canada than ever before, showing that the Canadian manufacturers are working up more of this raw material in our own country. The statistics of the industry are set out in Bulletin 62B, Pulpwood, 1916, which may be had free by application to the Director of Forestry, Ottawa.

Laurier Backs Quebec

The story sent out from Ottawa representing that Sir Robert Borden had made another futile attempt to induce Sir Wilfrid Laurier to join his Government is part of a general scheme to make it appear that the Premier is in deep water and is shouting lustily for help. The fact is that Sir Robert's negotiations with Sir Wilfrid ceased with the latter's refusal to countenance a coalition based upon conscription. He has later made it clear by public pronouncement that the attitude he then assumed he still maintains. Every one who has had the least knowledge of what has taken place during the negotiations and since knows that to be the fact. It is foolish to say that he reversed his attitude at any conference. He knows that Sir Wilfrid wants an election, hoping that with all the indignant and disloyal elements behind him he may succeed in the absence of the soldiers. If others think they have influence enough with Sir Wilfrid to make him change his view, there is no particular harm in letting them try their hand, and it is not the Premier's inclination to refuse to join in such conversations, although he knows they are condemned in advance to futility. Prominent Liberals inside and outside Parliament believed they could influence Sir Wilfrid in favor of conscription just as they believed last year that they could pry him loose from bilingualism. They find him now as they did then—obstinate and abducture. He has elected to stay with his compatriots in Quebec.

GERMAN TOLL NOW APPALLING

LONDON, Aug. 16—German casualties reported during July in the German official lists, but not necessarily having occurred in July aggregated 89,863 as follows:

- Killed or died of wounds or sickness—21,389.
- Prisoners or missing—14,620.
- Severely wounded—13,896.
- Wounded and slightly wounded—39,958.

The total German losses of all classes since the beginning of the war exceed 4,500,000.

BRITISH LOSSES ONE-THIRD OF LAST YEAR'S CASUALTIES

LONDON, Aug. 14—Reports of British casualties issued during the first two weeks of August total 21,722 officers and men.

They are divided as follows: Killed and died of wounds, officers 223, privates and non-commissioned officers, 4,424.

Wounded or missing: Officers, 1,821; men, 15,254; total, 21,722.

These losses are scarcely one-third of the casualties for the same period last year, when British losses averaged nearly 120,000 a month for the summer.

WANTED—At once a boy to learn trade and do chores. Apply to Box 103, Kentville.

Some years ago in Wyoming a bold bad man had been killed. There was scarcely any evidences against the man who shot him. The coroner's jury brought in the following verdict: "We, the jury, find 'Bad Bill' was killed with his boots on. We're against killin'; but, thank God, Bill's dead."

Mrs. J. W. Churchill, Mrs. D. M. Welton, Dr. and Mrs. Rice and Miss Violet Churchill came from Hantsport in their motor car on Wednesday proceeding westward on a short tour.

FRUIT SHIPMENTS STARTED

The apple season for the valley has opened by a shipment of a carload of Crimson Beauties by Mr. Sam. Glute through the Nova Scotia Shipping Co., Berwick. This is a very early variety and the Company expect to forward about 1200 barrels this week from Berwick to points in Nova Scotia, Cape Breton and Quebec.

IMPORTANT POSITION FOR NOVA SCOTIAN

A Nova Scotian has been placed in charge of the statistical bureau of the food controllers' office. R. J. McFall, Ph. D., He is a son of Rev. Thomas McFall, of Somerset, Kings County, minister of the Reformed Presbyterian church of Cornwallis. Dr. McFall's sister, Dr. Mary McFall, was a recent visitor in Halifax at the meeting of the medical association. The Ottawa Citizen says—"Dr. McFall, a Canadian originally from Nova Scotia, took his post graduate work in economics at Columbia university in New York, where he was a fellow for one year. He also studied at Glasgow university, Scotland. He came back to Canada this June from Minneapolis, where he was engaged in teaching transportation and commerce in the department of economics in the University of Minnesota."—Herald.

NEARLY DROWNED AT HALLS HARBOR

On Monday last Messrs Jesse and George Parker of Halls Harbor were out in their gasoline boat fishing. Late in the afternoon they made ready to go ashore and hauled in a net full of fish and were hauling in another net when it proved too heavy and the boat sank at the stern filling with water. It was then dark and both men took off all their clothing to make the attempt to swim a mile to the shore. George grabbed on oar and jumped clear and pulled for land Jesse remained near and the boat went down then dumped everything out and came up again and he was able to right the boat and get in where he sat with water to his shoulders. Their cries for assistance attracted the attention of John Roscoe who got help and pulled off rescuing George almost paralyzed with cold after swimming over half a mile and afterwards picked up the other man and boat. Had not help come thus early both men would have been lost as the tide was carrying them off shore.

BERWICK MOURNS THE DEATH OF A PROMINENT CITIZEN

A terrible accident occurred at Berwick on Wednesday evening last by which Boyd E. Woodworth lost his life. He was riding his bicycle along from the mill to his home on Foster St., and met an automobile near the corner. After passing the auto and while blinded by the light he turned into the road again only to crash into a team whose driver had also been blinded by the glare. As the driver of the horse reigned his horse into the road behind the auto the shaft struck Mr. Woodworth full force below the heart inflicting a terrible wound and causing internal injuries. He lived about forty-eight hours and died on Friday evening.

Mr. Woodworth was a young man of sterling worth and highly esteemed. He and his brother Bruce E. Woodworth established the Woodworth Mills an industry of great importance to the community. He leaves a wife and two small children, parents, brothers and sisters who deeply mourn their loss in his being cut off so suddenly in the prime of life. The funeral service was held on Sunday and was largely attended with beautiful floral offerings.

AN APPRECIATION.

A very pleasing feature in connection with the Healy-Kidston marriage, was the placing of a Jacobean Style Library Table and accessories, in the home of Mr. Healy during his absence on his wedding trip. In order to give him a pleasant surprise upon his return, and assure him of the hearty good will, of his Rector and fellow workers of the Church of St. John as well as his neighbors. As evidenced by the address with names of donors affixed, which was placed in one of the table drawers for as warden, friend and neighbor Mr. Healy merits the gratitude and confidence of all with whom he has come in contact in church and social work. And all gladly joined in wishing him to accept this gift as a token of their appreciation of his efforts, and hearty good will. Wishing for him and his popular young wife a long, happy and useful wedded life.

The Annual Exhibition of Flowers and Vegetables will be held in the Parish Hall at St. John's Cornwallis on Friday afternoon and evening, Aug. 31. The management intend to make this year's show excell any held before and to that end have re-arranged the prize-list and increased the prizes in many departments. A new feature is the establishment of an Illsley and Harvey prize to be offered each year for vegetables grown from seeds sold by them. The usual attraction features, of the sale of Ice Cream, Candy, etc., will be present and a short program of brief and pointed speeches will be carried out. Prof. Blair has kindly consented again to act as judge of flowers, and other experts will look after the other departments. It is to be hoped that the public will show their appreciation of this useful effort by attending in large numbers.

The death of Capt. Nelson S. Swindell, formerly of Black Rock, Kings County, N. S., occurred at the family residence 1937 6th Ave., East Vancouver, B.C., on July 21st. The funeral took place on the 23rd, from Armstrong & Hotson's parlors at the Mountain View Cemetery. Dr. Everett W. Sawyer, who has been visiting his former home at Wolfville was in Kentville yesterday and called on some of his former friends. He has improved considerably in health since his return to Kings Co., and expects to take up his work as college professor in Ontario early next month.

Dr. H. Chipman of Grand Pre was in town yesterday.

Miss Adelaide Muaro, daughter of Mr. and Mrs. F. M. Munro Kingston is leaving for Taber, Alberta to teach school.

Capt. Wm. McBride and his friend Capt. J. M. Murdoch of the British Navy returned from Harborville this week where they had enjoyed some fine cod fishing in the bay. They went out with Capt. Bloomfield Morris in his boat.

DEATH OF CALEB R. BILL

The death of Caleb R. Bill, Esq., took place suddenly at his residence, Wolfville on Monday morning. The funeral service will be held this Friday afternoon at two o'clock. Particulars of his death and funeral will appear in Tuesday's paper.

Mr. Oyer will sing a solo in St. James' Church on Sunday evening.

MARRIED

BISHOP-TURNER—At the home of the home of the bride, New Minas at 8 p. m. on Wednesday, by Rev. A. W. West, Henry Adelbert Bishop to Lillian Edith daughter of Mr. and Mrs. Arthur Turner, New Minas.

WEDDING BELLS

TURNER-BISHOP

The home of Mr. and Mrs. A. W. Turner, New Minas, was the scene of a pretty wedding on Wednesday evening, August 22nd, the participants being their daughter, Lillian Edith and Henry A. Bishop, son of Mr. and Mrs. Adelbert Bishop, also of New Minas. The Rev. A. W. West of Kentville performed the ceremony.

The bride looked very girlish in a gown of white crepe de chine embroidered in pearls, wearing the conventional veil and orange blossoms. Both bride and groom were unattended. Mrs. Chesley Mosher, of Truro played the wedding marches.

The parlors were prettily decorated for the occasion, the bridal party standing under a floral arch from which suspended a bell of sweet peas.

After the reception, at which many out of town guests were present, Mr. and Mrs. Bishop left by motor for Wolfville, going from there to Annapolis. The bride's travelling costume was tailored navy blue serge, with which she wore a large white picture hat. On their return they will occupy their new bungalow.

is one of the toughest jobs a razor is ever asked to handle. It's a job that needs a

Gillette Safety Razor

YOUR beard grows its fastest in the summer. Your face is more sensitive. The sun burns your skin; the wind cracks it. Perspiration and dust settle around the roots of the beard.

Then it is that the Gillette is most appreciated. Guarded—adjustable—matchless in its keenness—it shaves smooth, as close as you like, and cool. No pulling or irritation—nothing but grateful comfort, especially for the man whose skin is over-tender or whose beard is over-tough.

If you are sticking close to the job this summer, a Gillette shave every morning will make it easier. If you're taking a vacation trip, a Gillette in your grip will be a friend indeed.

Over Ten Thousand Austrians Taken by Italians

ROME Aug. 21.—More than 10,000 prisoners have been taken by Italians in their new offensive up to yesterday evening, the War Office announces.

The great battle on the Isonzo front continues with interruption. The War Office states that the Austrian line is beginning to bend and give way at various points. The Italians, supported by floating and fixed batteries and monitors are marching towards success, which, the statement says, is becoming delineated in spite of undiminished enemy resistance.

Enemy defenses between Corite and Sela, near the strongly fortified Starilokva position, have been captured by the Italians.

Over the battle-field 261 of our airplanes have flown," says the statement.

"Troops massed between Solo and Comeno and on the eastern slopes of Monterhada were bombarded. Works at the Tarvis railway centre, and enemy troops in movement there, were bombed with five tons of high explosives. One of our pursuit machines did not return to its base. One enemy airplane was

brought down.

"Up to yesterday evening the total number of the enemy passing into our prison camps was 243 officers and 10,103 men. Many other wounded prisoners are in the field hospitals.

LAND YIELDS 3 TONS MANURE PER ACRE

How much manure will an acre of land produce? This question is answered for farmers by tests made at the Ohio Agricultural Station.

The amount of manure produced varies with the fertility of the soil. One piece of land at the experimental station at Wooster for the last seven years has produced 62.3 bushels of corn, 28.6 bushels of soybeans, 35.6 bushels of wheat and 2.2 tons of hay per acre. The feeding of all these grains except wheat, and the use of all the hay, straw, and stover for either feed or bedding has resulted in the production of 3.3 tons of manure to the acre annually. Land of lower fertility would not yield as much manure.

BURDEN FALLS UPON STATES AND CANADA

Letter From Front Reveals the Need of Greater Activity.

Toronto Globe, (Liberal)—One of the Executive of the Win-the-war League has received a letter from the Lieutenant-Colonel of a Canadian battalion overseas, the following extract from which shows the great need of activity by those who sympathize with the Win-the-war movement:

"Things are none too promising. You must agitate and get the country on fire. The struggle now is a struggle between the democracy of the new world and the military autocracy of Prussia. France can do but little more for us. Russia is a hopelessly broken reed. England and Scotland are drained of their best manhood.

The world's hope rests on the United States, Canada, Australia and New Zealand. Not many more men can be drafted from the last two. The burden falls on the States and Canada. Don't fail us. We'll need every possible man and every available dollar, but we will win."

The North Sydney Herald reports a **A GREEN OLD AGE**

George W. Eaton, Berwick, at 85 Trips Sprightly Along the Streets of the Hub

Passing through Truro on business, but giving us a little visit too an octogenarian, in the person of Mr. George W. Eaton of Berwick has been stepping as sprightly through our streets as a man of 50 years. Mr. Eaton is 83 years of age and he says he feels fit for a "fat man's race" if any Truroian of similar years throws down the gauntlet.

Truro has more or less attachment to this worthy Kings County man as he was an uncle of the late Mrs. G. W. Stuart, Stuart House, Young Street; and in his last happy marriage his bride was formerly Miss Mary Crowe, daughter of the late Mrs. George Crowe, whose residence was on the site of the present Mair home, Prince street and Arlington Place.

Since writing the above we have met another "King's County man with a mighty 'green old age' too, our good and greatly respected citizen Dr. J. B. Calkin, who though five years Mr. Eaton's senior will be a close second, if not first in our just mentioned "fat man's race"

We congratulate these King's County "Boys" on the gentle way in which Time has sat upon them. — Truro News.

The North Sydney Herald reports a gigantic steal on the railway, amounting to \$50,000. A car of flour consigned to St. Pierre on being opened was found to be empty. This led up to a number of other similar serious stealings, amounting to the sum mentioned. This car was loaded with 200 barrels choice grade hard wheat flour. The chief perpetrators of the daring steal are rounded up. They are five desperate characters of Buffalo, N. Y.

An evangelist was exhorting his hearers to flee from the wrath to come. "I warn you," he thundered, "that there will be weeping and wailing and gnashing of teeth!"

At that moment an old woman in the gallery stood up. "Sir," she shouted, "I have no teeth."

"Madam," returned the evangelist, "teeth will be provided."

Beginning Sunday, Aug. 19th, the Boston and Yarmouth S. S. Co., commenced a four-trips a week service between Yarmouth and Boston on Sundays, Tuesdays, Thursdays and Fridays, and from Yarmouth on Tuesdays, Wednesdays, Fridays and Saturdays. Sailing hour from Boston 2 p.m.

Freight rates on lumber from the Provinces are the highest on record. Four vessels have arrived here within a week with lumber from Nova Scotia ports for transporting which the owners received 88 per thousand. The rate three years ago was about \$3.00. Freight on lumber from the south continues high, but owing to the scarcity of tonnage few cargoes are being shipped here. The rate is \$18. Within the past year several schooners have been built at Maine yards especially for the lumber-carrying trade from southern ports to Boston, but in almost every instance they have been sold at big profits for the off shore before they were completed. — Boston Globe.

U. S. War Vessels Interned in China Soon to be Freed

WASHINGTON, Aug. 20.—American naval vessels interned in China when the United States entered the war to be released directly. The interment was more of a formality than a reality, as the expectation both in China and in this country was that China would join the allies.

Another immediate benefit to the allied nations and the United States by the entry of China into the war is the use of that nation's waters as bases. It is only a matter of a few weeks before the Austro-Hungarian and German ships seized by the Chinese authorities will be available for allied use.

The return of the American ships to their American commanders is expected to have a wholesome effect upon the southern revolutionary leaders. These gunboats, while inferior to the ships in the Chinese navy would be able to cope with the units of Chinese war vessels which have gone over to the southerners. The American gunboats can interfere materially with military and naval operations by the southerners.

Interference by American forces would only be at the instance of the Chinese government. This assistance has not yet been requested, as the southerners have not yet made any great show of force. It is believed, too, that the declaration of war by China will tend to join the south to the Peking government.

There is a great satisfaction in Washington over the entrance of China into the war, principally for China's sake. That nation's interests now will be safeguarded at the peace conference.

Russian Hospitals As Good As The Best

PETROGRAD, August 21.—The new government is facing the present crisis with clearness of vision and sincerity of purpose which since the formation of the ministry, less than two weeks ago, has not failed of confidence. While the seriousness of the situation is manifest, there is every reason to hope that the present government will be strengthened by the full confidence of the Russian people for the great task before it.

The above is the estimate of the situation in Russia made by Dr. Frank Billings, of Chicago, one of the leaders of the American Red Cross experts after a fortnight's observation in Petrograd since the American Red Cross mission arrived. Already they have established a big working headquarters in the Hotel D'Europe and a supply house in Moscow.

They have also met and ETAOINN. The yalso have met and conferred with the heads of the government from whom they report most hearty co-operation. For the technical skill and proficiency of Russian physicians and surgeons, Dr. Billings expressed great admiration, while the hospitals he said, were "run as well as any in the world."

MILITARY STRATEGY

We must not print any information likely to encourage the enemy, but we think we may defy the censor by publishing the following:—

"It is stated that Allies left is trying to move around the Germans' right, but the Germans' right is also moving around the Allies' left. Now if the left of the Germans' right moves around the right of the Allies left, then what is left of the Germans' right must be right where the Allies left. But if the Germans' right's left is left right where the Allies left's right was right before the Allies left, then the left is left right where the right was right before the left's right left the right's left."

Hantsport which is one of our small-
est towns is not the least enterprising.
The revival of shipbuilding will bring
back some of the business and hustle
of former years. The town has an el-
ectric light plant but it is now consider-
ing the advisability of replacing steam
by water power. Negotiations are now
in progress for the purpose of bringing
in the water by a pipe line from Mid-
dle River about half a mile away.

Five thousand Australian troops who
have been in active service for 1,000
days, come August 4, are to be relieved
to spend Christmas at home, their plac-
es at the front to be taken by new re-
cruits.
