Nothing Succeeds Like Success

The Reporter Now Printed Wholly in This Office By Steam Power on Our New Wharfedale Press.

During the past three or four months the circulation of the Reporter has increased so much that it was found a very heavy and laborious task to print the required number of copies on our Washington press. Then, too, the space taken up by advertising left us only about half the space required for local matter, county and general news.

The above cut gives a very fair representation of our new Wharfedale press, which weighs in the neighborhood of four tons. While the press was being set up, many of those who dropped into the office shook their heads dubiously when told that we expected to run it with our little Acme coal oil engine.

A few words to our patrons and subscribers may not be out of place just at this time. In order to make our present change we have expended upwards of \$1,000 cash. We have done so feeling satisfied that those who are indebted to us, either for job work or subscription, would appreciate our efforts to give them one of the best local papers in Eastern Ontario.

Itch of every kind, on human or animal, cured in 30 minutes by Woodford's Scurvy Lotion. Warranted by J. P. Lamb.

REUMATISM CURED IN A DAY.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears.

Rebecca Wilkinson, of Brownsville, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nervine, which done me more good than any \$50 worth of doctoring I ever did in my life."

Having purchased the stone building near our old premises and moved our woolen-working machinery into it, we will be ready to receive orders for Carding, Spinning, Weaving and Cloth-dressing about the first of May.

"Complete Manhood"

AND HOW TO ATTAIN IT.

A Medical Work that Tells the Causes, Describes the Effects, Points the Remedy.

Scientifically this work explains, intelligently the most beautiful medical book ever published. It covers every page bearing a half-acre illustration in line. Subjects treated: Nervous Debility, Impotency, Sterility, Development, Vasectomy, The Menstrual, Rheumatism, Migraine, Headache, etc.

Every man who would leave the Grand Turk, the Flat Feet, the Old Bones and the New Discoveries of Medical Science as applied to the WONDROUS LITTLE "ERIE" will be sent free, under seal, while the edition lasts. Address the publisher, ERIE MEDICAL CO., Buffalo, N.Y.

It is his business to boom the town for all it is worth, month after month, and then see \$100 worth of printing go out of the town because ten cents can be saved in doing so. It is the business of the newspaper to give every enterprise a frequent "send off," and then catch sleep because he had failed to record the fact that some prominent citizen had his delivery wagon painted. To subscribe liberally to every public charitable and church or entertainment, advertising them for nothing, pay his own way to everything and then be called prejudiced and mean spirited because a column is not devoted to that particular item. Do you wonder that there are so many cranks in the newspaper business?

MEMBRAY'S KIDNEY & LIVER CURE. A Preparation of Herbaria Roots & the Medical Properties of which are universally known.

Babcock Milk Tester.

EDITOR REPORTER:—

Dear Sir,—Allow me to speak a word to milk producers, particularly to those who are unfortunate in having tests that do not give milk high up in commercial value. We are acquainted with some of those men who are dissatisfied with the Babcock Tester and will say I am not in it; but the man who produces milk which stands highest in value will be well pleased with the tester.

A word in time to those who may be inclined to say, or do, rash things. Appear and be content with the best method of ascertaining the value of your milk, and learn to render into Caesar that which is Caesar's, and to your neighbor that which belongs to your neighbor. The Babcock Tester is designed to give every man just what belongs to him in the factory which he patronizes and to do away with skimming and watering milk, thus stimulating men to improve their herds and feed and care for them better, thereby raising the commercial value of their milk and consequently raising the average and quality of cheese and butter made therefrom. This will make you richer and more popular as a dairyman, as well as bring up the reputation of the factory and the country to which we belong.

The Babcock Tester may not be universally used this season to divide your shares, but it will be in time. In every case it will be used by inspectors to detect frauds.
