GERMANS SOON MUST RETIRE TO THE MEUSE

Extensive Naval Engagement Fought in the Baltic Sea

ALLIED FORCES ON WEST HAVE GAINED 11 MILES SOISSONS UNDER FIRE

LAST PHASE OF AISNE BATTLE HAS SET IN, WITH THE ALLIES STANDING LIKE A STONE WALL

Germans Forced to Take Further Defensive Position on Plateaus Which Afford Good Opportunities for Entrenchment—Town of Soissons Bombarded for Nine Days.

Germans to Bombard Antwerp?

LONDON, Sept. 23.—The German army at Brussels has been largely reinforced, and it is expected that they will shortly begin active investment of Antwerp. Artillery is being placed in position only seven miles from the city.

Canadian Press Despatch.
PARIS, Sept. 23, 6.06 p.m.—General Joffre, the commander-in-chief of the French army, is devoting much attention to the western wing of the battle line, where the fighting has been incessant night and day. The allies, since the beginning of the battle of the Aisne, have pushed back the Germans a distance of nearly 11 miles, forcing them to seek a further defensive position on the plateaus and in the rough country, which however, offer excellent opportunities for entrenchment.

STRUGGLE VON KLUK ON AISNE NEAR END

Present Battle in Character of War by Assault Similar to Operations at Mukden—Exceptional Power of Artillery Adds Value to Trenches.

Flank of German Right Wing Not Completely Turned—Allies Make Gain of About Twelve Miles in Region of Lassigny—Attacks Are Repulsed.

(FRENCH OFFICIAL)

Canadian Press Despatch.
LONDON, Sept. 23, 11.16 p.m.—The French official communication issued tonight, after announcing that there has been no change in the situation on the battlefield since the issuance of the previous communication, makes some comments on the battle of the Aisne.
The text of the announcement is as follows:
"There has been no change in the situation since the last communication.
"The battle which is in progress along the Aisne has extended over eight days but it should cause no surprise, if one recalls the Russo-Japanese war.
"The battle of the Marne was an action undertaken in the open field and the ground are very substantial in themselves in many places and which he has been able gradually to improve as to organization.
"This battle of the Aisne therefore presents, on a large part of its front, the character of war by assault similar to the operations in Manchuria.
"It might be added that the exceptional power of the artillery facing each other—the heavy German artillery against the French 7.5 centimetre cannon—gives a particular value to the temporary fortifications which the two adversaries have drawn up.
"The task is therefore to take whole rows of entrenchments, each one protected by very close defences, particularly rows of barbed wire, with inter-communications in concealed positions.
"In these circumstances progress of necessity must be slow. It often happens that the progress of the attacks only amounts to from 500 metres to one kilometre a day."

BRITISH MORATORIUM BROUGHT TO AN END

No Further Extension as Regards Bills of Exchange, Retail Obligations, Rents, Etc.

Special Direct Copyrighted Cable to The Toronto World.
LONDON, Sept. 23.—After lengthy consultation with the interests concerned the government has decided that this is the time to bring the present moratorium to an end with as little delay as possible. No further extension of the moratorium insofar as bills of exchange, obligations in retail trade, rents, etc., are affected, will be made. The moratorium applies to debts of other kinds until Nov. 4, when it will come to a definite end.

\$200,000 Fur Purchase.

The enormous purchase of high grade furs recently closed by the W. & D. Dineen Company—149 Young street—and recently put on sale at sensational prices, continues to draw crowds to their showrooms. Hundreds of ladies have profited to an almost unbelievable extent, and are in high glee over their purchases. The extraordinary European conditions gave the Dineen Company this unique opportunity, and they are glad to be in a position to place before patrons such real money-saving chances. Although the sale has run over a week, there are still hundreds of charming fur coats and an almost endless variety of choice fur pieces still left. You cannot make your visit too soon—better look in today.

IT'S THE LONG ROAD THAT MUST BE MEASURED

This war must be judged from the long view and not from daily incidents—from the things that are part of the beginning, part of the middle, part of the end of the fight. It's the long way to Tipperary that must be measured and not the sunbeams counted.
The Kaiser started out to capture Paris as his first great object. He has failed in that. He is now on the defensive. He is getting away from Paris. It is, back to Berlin!
He thought Germany was in no great danger from Russian invasion; or if it began he would bring a victorious army back from Paris and chase the invaders out. The Russians are steadily moving toward Berlin. It is, back to Berlin!
He relied on Austria as an ally of substance, of fighting capacity; not only able to beat the Slavs on her southern border, but able to at least keep Russia at bay. Austria is in a state of absolute military collapse. She may negotiate terms for herself any day.
He relied on his navy. It is bottled up in the North Sea, home ports. England still rules the sea and German trade ships have disappeared.
There is more or less demoralization in Germany; trade is demoralized, finances are at high pressure and based on inflation, the great industrial organizations of Germany have lost their worldwide markets.
The German colonial possessions are gradually falling into other hands. Japan will fight Germany out of Asia before she quits.
Daily does world-wide public opinion grow stronger against Germany.
The feeling of accumulating disaster and of doom; the relentlessness of that necessity (in the old Greek sense) that overshadows and pursues them; of failure that must inevitably come from miscalculation; of the hopelessness of a system that puts the masses in millions under the barbarian tyranny of a limited military class; these and other states of mind must be breaking the German spirit, must be forcing the German people to the consciousness of indifference and inertness.
The awful persistent strain will be too much for Germany. She has got in wrong and she's getting in deeper.

TWO CRUISERS SUNK IN BALTIC SEA FIGHT

Paris Reports the Russian Cruiser Dayan Sunk, While London Hears German Cruiser Was Sent Down—Austrian Cruisers, Disabled, Enter Port.

Special Direct Copyrighted Cable to The Toronto World.
ROME, Sept. 23.—The Austrian armored cruiser Kaiserin Maria Theresa and the torpedo cruiser Admiral Spaun have put into Sebenico, a port in Dalmatia, badly crippled. The cruiser carries a complement of 502 men and has a tonnage displacement of 5,187 tons; the Admiral Spaun is of 320 tons. Details of the engagement are not available.

GERMANS LOSE CRUISER.

Canadian Press Despatch.
LONDON, Sept. 23, 8.55 p.m.—According to a message from Paris to the Central News a Russian cruiser has sunk a German cruiser and two torpedo boats in the Baltic.

AUSTRIAN SHIPS DISABLED.

Special Direct Copyrighted Cable to The Toronto World.
BORDEAUX, Sept. 23.—The French minister of marine, Victor Augagneur, announced today that the French fleet in the Adriatic has landed a number of heavy guns and gunners at Anitvari, Montenegro, which will be taken to Mount Lovien to bombard the fortifications and the Austrian war vessels in the harbor.

PRZEMYSL CUT OFF BY RUSSIAN ARMIES

Troops of Czar Occupy Wislok, Blocking Escape of Austrians to Hungary—Muscovite Soldiery in Close Contact With Enemy on German Front.

Canadian Press Despatch.
PETROGRAD, Sept. 23.—The Russian general staff has issued the following:
"In continuing the pursuit of the retreating Austrians the Russian troops have reached Veschloky.
"In the region of Przemyśl the operations of the Russians are progressing with success.
"Upon the German front the Russian troops are in close contact with the enemy, but no battle has yet taken place."

WISLOK OCCUPIED.

Canadian Press Despatch.
LONDON, Sept. 23.—In Galicia the Russians are pushing steadily on to their goal, which for the moment is Przemyśl. They apparently have that place pretty well surrounded by now.
for, following the capture of Jaroslau, they announced today the occupation of Wislok, a town on the Hungarian border, southeast of Przemyśl and an important station on the railway which runs from Sanok thru one of the passes of the Carpathians to Semlin and thence to Budapest.
Wislok was probably taken by that part of the Russian army which advanced from Lemberg by the southern route to cut off the retreat of the Austrian army thru the Carpathians to Hungary. It is also another link in the chain which the Russians are drawing around the fortresses of Przemyśl.
On the German frontier the Russians are in close touch with the German forces, according to report, but no fighting has occurred.
The Servians record their almost daily successes. This time it is the capture of Lubovia, on the river Drina.

Turning Point of Whole Campaign Will Be Reached in a Day or Two, and if the Allies Continue as They Have Commenced, the Germans Must Retire to the Meuse—Entire Forces of Von Kluk and Von Buelow Thrown Against Allies in Attempt to Stem Turning Movement—Servians Retake Liubovia After Violent Fighting—China Tells Germany She is Unable to Defend Her Neutrality.

Direct Copyrighted Cable to The Toronto World.
LONDON, Sept. 23.—Smashing attacks delivered by the allies on the German right under General Von Kluk are believed to have splintered the defence of the sorely tried wing. Unless all signs fail, the last phase of the battle of the Aisne has set in, altho it will probably be several days before the German forces are in full retreat. The very magnitude of this movement, hampered by sodden roads and falling rain, with thousands of his guns to be moved, will retard the Germans for many precious hours.
CENTRE STANDS LIKE STONE WALL.
At Rheims and along the line of the Craonne Plateau the entire German forces of Von Kluk and Von Buelow have been thrown against the allies in an effort to stem the turning movement. If the French centre could be shaken the pressure would automatically stop, but the centre has stood like a stone wall. North and west of Rheims the French and British have kept up a persistent enveloping movement that is apparently on the verge of fruition. The extreme right flank of the enemy has been forced back until it is perpendicular to the main battle front, extending from the Meuse on the east to the Oise on the west. St. Quentin has fallen after a desperate resistance, and Roisel and Le Catelet, far to the north, are also in the hands of the allies. Another advance of ten miles from the tip of the contending forces in the north will see the enveloping manoeuvre effected, and the Germans must give up their positions on the Aisne or risk being surrounded.

CRUX OF THE SITUATION.
The crux of the situation hinges on the developments of the German right. Altho the Kaiser's forces have delivered desperate attacks around Verdun, it is believed that they were merely intended to draw off the allies from the west. The main German lines are either retreating slightly, or holding their own, and the allies have been contented to hold their positions in front of the Germans. Their whole efforts are aimed at the right wing. Should the advance succeed in getting around this wing, or in cutting thru at some weak point, the line of German communication of the armies of Von Buelow and Von Kluk will be the next objective. Laon, back of the Kaiser's lines, is the key to the whole system of communication.
Another 24 hours must bring developments of the utmost importance, and may witness the turning point of the whole campaign. If the Germans fall back they cannot make another stand before reaching the Meuse.

FRENCH STATEMENT.

The official French communique of this afternoon says: "On our left wing, on the right bank of the River Oise, we have advanced in the region of Lassigny, where there have been violent encounters with the enemy. On the left of the Oise and to the north of the River Aisne the situation is unchanged.
"On the centre, between Rheims and the River Meuse, there has been no change of importance. In the Woevre district, to the northeast of Verdun, and in the direction of Nouilly and Domperre, the enemy undertook violent attacks, which were, however, repulsed. In the southern part of the Woevre district the enemy holds a line from Richecourt to Sercheprey to Lironville, from which he has not issued.
"On our right wing, in Lorraine and the Vosges, the Germans have evacuated Nomeny and Arracourt, and have shown but little activity in the country around Domereve.
"The capture by the Russians of the fortress of Jaroslau, in Galicia, is announced."

UNOFFICIAL DEATH TOLL.

One thousand six hundred and twenty-four men and officers is the unofficial toll of the worst marine disaster that England has suffered in many decades. Captain Wilmot S. Nicholson, commander of the Hogue, and about 700 men have been landed at English and Dutch ports, many of them seriously wounded.
The German submarine U-9, it is announced from Berlin, is the vessel which wrought the destruction of the Aboukir, Cressy and Hogue. Altho the point at which the catastrophe occurred has not been made public, it is hinted that the U-9 was far afield on a scouting expedition when she encountered and sunk the British men-o'-war.
Thrilling stories are coming to hand in connection with the tragedy. Captain Berkhout of the steamer Titan, which brought a number of survivors to Rotterdam, says that he first sighted the three cruisers when some distance off. After a few minutes he noticed that one was missing, but thought nothing of its disappearance. When the other two went down he put on full speed and reached the scene after about three hours' delay. Many survivors were then in the water

British Aviation Raiders Inflict Extensive Injury

Canadian Press Despatch.
LONDON, Sept. 23, 1.29 a.m.—An Antwerp despatch to the Exchange Telegraph Co. gives additional details of the British aviation raid. It seems that the expedition was divided into two parts, one with Cologne as its objective, the other Dusseldorf. Because of the mist the Cologne expedition failed, but the others flew over the Belgain sheds at Dusseldorf, throw-

ing down a number of bombs. While the extent of the damage is not definitely known, all the projectiles were disposed of, and it is believed they inflicted extensive injury, without the aviators being disturbed.
The raiders were conveyed by Belgian automobiles and flew at a height of about 1000 feet. These facts were given out by the chief of the British aviation squadron.

CAPTAIN BERKHOUT RECAPTURED

most of them naked, having divested their clothing to avoid drowning. They clung to wreckage and pieces of furniture. It is said that only the men on deck at the time of the explosions had an opportunity to save themselves.

ESCAPED FROM THREE SHIPS.

"What do you think of this for one of your brave little English midshipmen?" asked Captain Berkhout. "He was on board the first cruiser that struck, and as she was settling down he jumped clear of the vessel and swam through the tremendous wash that followed the sinking of the cruiser. He was picked up by one of the other cruisers, but shortly afterwards this vessel was also torpedoed, and she began to settle. Once more he had to take to the water. He had the good fortune to again escape injury from the explosion.

"A third cruiser now managed to rescue him, but he had not been aboard long before this ship was struck, and for the third time he had the harrowing experience of having his ship torpedoed under him.

"Very luckily he was able to jump in time, and once in the water he managed to cling to a piece of passing wreckage and keep afloat until he was picked up. He was mighty glad when we got him aboard. I wanted to bring him to Holland, but he refused to come, saying he would rather go right back to England, so I put him on a torpedo boat. I hope he is safe home by now, poor boy."

In his anxiety to rescue the distressed survivors from the water, Captain Berkhout himself fell overboard but was rescued.

SERVIANS RECAPTURE LIUBOVIA.

A despatch to the Reuter Telegram Company from Nish says that Serbian troops have recaptured Liubovia after violent fighting, in which the losses were very heavy on each side. Further to the left, the Serbians have occupied Srebrenica, ten miles southwest of Liubovia, in Bosnia.

50,000 GERMAN WOUNDED MOVED.

AMSTERDAM, Sept. 23.—A telegram from Maastricht says that 50,000 wounded Germans have been conveyed from battlefields in France to the interior of Germany by way of Liege.

BARRICADES NEAR BRUSSELS.

ANTWERP, Sept. 23.—The Germans at Ternath, south of Brussels, have felled 10,000 trees and prepared barricades, in which they have mounted guns directed toward Merchtem, with the object of preventing the Belgian troops from Antwerp falling upon them if the Germans retreating from France have to traverse Belgium. The entire German garrison at Brussels has left for the Ath and Ternath districts. One thousand five hundred Germans arrived at Ath today in some disorder, coming from France.

The entire neighborhood of Brussels is entrenched and mined.

A German aeroplane flew over Ostend today.

CHINA CANNOT RESIST JAPS.

PEKIN, Sept. 24.—(1.25 a.m.)—The Chinese Government has replied to the protest of Germany against the landing of Japanese troops in China, disclaiming responsibility for the violation of her neutrality, which, she says, she is unable to defend.

FIFTEEN STATES OF INDIA WILL SEND CONTINGENTS

Viceroy States That Offers Have Been Definitely Accepted, and That Services of Ten Other States Will Be Accepted If Need Arises.

Canadian Press Despatch. LONDON, Sept. 23, 10.50 p.m.—Offers of assistance from the many states of India continue to pour in. The viceroy reports that contingents of the imperial service troops have already been accepted from fifteen states and that similar offers from ten other states will be accepted if the need arises. The joint offer of

four other states, the viceroy adds, is under consideration. The tribesmen of Kurram and Swat valley are anxious to participate in favor of the empire and various maharajas and the Arab chiefs in the Aden hinterland have expressed their loyalty and desire to be of service. The Maharaja of Gwalior has donated \$10,000 for motor cars and transport and \$25,000 for the relief of the Belgian sufferers.

HAMILTON TROOPER BRUTALLY KICKED

Unknown Man Attacked Geo. Osborne While Marching With Dragoons.

ASSAILANT GETS AWAY

Evidence of Padding of Civic Pay Sheets Submitted at Works Inquiry.

HAMILTON, Thursday Morning, Sept. 24.—Just as the 91st Regiment and 2nd Dragoons were turning the corner of King and James streets last evening in their first parade, a man rushed out from the crowd standing on the east side of James street and attacked Trooper Bert Osborne, 59 Sydney street, who was marching in uniform with the dragoons. The man, whose identity is unknown, kicked Osborne in the abdomen, inflicting a nasty wound. Osborne was carried into a nearby drug store, where he received medical attention and was later taken to the city hospital in the police ambulance. His condition was announced as critical at a late hour. When the assault was committed the crowds standing near the scene became disorderly, and in the confusion the culprit got away before a policeman could find out who had kicked Osborne. An effort will be made to locate him and a prosecution will follow.

Over 550 members of the 91st attended the parade, under the command of Lieut.-Col. MacLaren. After the street parade the men returned to the armory, where company drill was held.

Home Guard Active. No. 2 company of the Hamilton Rifle Association, which was formerly known as the Hamilton Home Guard met in the armory last evening and held camp drill and rifle practice. The men all showed good results in their shooting. On Sunday morning the association will attend division service at the Church of the Ascension, South John street, where they will be addressed by Rev. Dr. Renison, who has been asked to act as chaplain.

ton Street School and heard an interesting lecture by Dr. R. V. Perry on "How to Help Thru the Winter."

The first of a series of sewing meetings to be held by St. Hilida Chapter, L.O.E.B., during the winter months, has been given at the school. The Aden hinterland have expressed their loyalty and desire to be of service. The Maharaja of Gwalior has donated \$10,000 for motor cars and transport and \$25,000 for the relief of the Belgian sufferers.

Other evidence of padded payrolls was given by Robert Osborne, foreman of the quarry. The time sheets and payrolls showed that four names had been added. They all had been paid \$5 a cent an hour, except John Callahan, who drew 50 cents an hour. A McIntosh had received \$65, Martin \$10, S. Williams \$8.33 and Callahan \$2 during 1913. It was also found that E. Callahan's time had been changed on the time sheets from 35 to 55 hours, and A. Hill from 30 to 55 hours. Nichols swore that the time sheets had been changed after he had handed them in to the city hall and Brennan admitted having changed them.

Time Sheets Missing. Mr. Cowan, counsel for the investigating committee, made an effort to find some trace of the missing time sheets for 1913 and 1912. He questioned A. Robinson, Charles Stewart, E. Hines and George Mullins, but none of these witnesses could throw any light on their disappearance. A number of burning some papers under instructions from Stewart and Hines, but they both stated that the papers which had been burned were not time sheets, but records of sewerage jobs.

Seek Work for Idle. At a special meeting of the board of control the providing of work for the unemployed during the winter was considered. Controller Morris presented a list of works necessary, as the applying of various streets, the new east and sewer, a new roadway from the Jolley Cut to James street, mountain face work, the Beckett driveway, filling in of the coal oil inlet, sidewalk and roadway repairs

HOSTAGES LIABLE TO SUMMARY EXECUTION

Proclamation Issued by German Commander of Suburb of Liege Evidence of Ruthlessness of Belgium's Invaders—People Ordered to Salute German Officers.

(BRITISH OFFICIAL)

Canadian Press Despatch. LONDON, Sept. 23, 9.30 p.m.—The official press bureau tonight made public a copy of a proclamation said to have been issued by Major Dieckmann, commanding the general forces of the Germans in the commune of Grivegnée, a suburb of Liege. The proclamation ordered all inhabitants to give up arms or explosives, saying, "Whoever does not do this will be liable to the penalty of death; he will be shot immediately or otherwise executed, unless he can prove that he is not to blame."

The inhabitants of the commune are ordered to be indoors at nightfall and to keep their doors shut. "Resistance to orders," the proclamation says, "entails a penalty of death."

Hostages Face Death. The third section says: "The commandant must not meet with any difficulty. When domiciliary visits are made, all rooms must be thrown open on summons. All opposition will be severely punished."

After stating that the inhabitants of certain villages will be permitted to return to their homes, the proclamation says the burgomaster must furnish a list of persons who are to be kept as hostages, and that the list is to be changed every day.

"The lives of these hostages," says the proclamation, "are at stake if the population does not keep quiet under all circumstances. I shall select out-

side the lists given me persons who from noon of one day to noon of the next will have to stay as hostages. If a relieving hostage does not appear punctually, the first hostage will be detained another twenty-four hours in the fort. After the second twenty-four hours he may be shot if his substitute does not appear."

"In the first class among the hostages will be placed priests, burgomasters and members of the administration of communes. I require that all civilians moving about in my sphere of command shall show respect to the German officers by taking off their hats and bringing their hands to their heads in military salute."

"In any case of doubt where anyone is an officer any German soldier should be saluted. Anyone failing to do this must expect a German soldier to exact respect from him by any method."

Other sections say that a person falling without delay to obey an order to hold up his hands is liable to death. The same penalty is fixed for anyone, except soldiers, entering the grounds of headquarters without duck and which might injure the morale of the army.

"While by the above directions inhabitants are menaced with severe penalties if they break these rules," the proclamation says in conclusion they may, if they conduct themselves peacefully, could on all occasions when they may be wronged."

QUEEN'S OWN PARADED WITHOUT RIFLES OR BAND

BUGLERS LED THE COLUMN

Because six hundred of their old Lee Enfield rifles had been forwarded to Quebec in the morning the Queen's Own Rifles were forced to parade last night without rifles. Of the thousand men out for parade last night 253 were recruits and 75 Toronto University students.

Following the transfer of Sergeants C. Savage, H. Bricker, Bandmen H. Clark, J. M. Coghill, J. A. McClure, A. E. Melhuish, C. Rountree and W. St. John of the Q. O. R. to the stretcher bearers' corps, marked discontent has arisen among the men of the brass band, and several members have left. Only twenty men turned up last night and when the regiment marched after inspection it was led by the bugle band.

Highlanders Drilled. One hundred recruits of the 48th Highlanders were put through a drill at the Armories last night. The Highlanders are daily adding to their regiment and expect to have a second bat-

alion up to war strength in a short time. To Augment Cavalry. Seventy-five recruits of the Missisquoi Horse will join the camp at Long Branch this morning. This addition will make 300 men encamped at the range.

A. S. C. Wants Recruits. Notice has been served by the Canadian Army Service Corps asking for recruits for the present strength of the corps is 100, but the officers are anxious to double this number and bring the local regiment to war strength. A uniform parade will be held tomorrow night at the Armories.

The 11th Field Ambulance Corps has issued a call for non-commissioned officers.

The No. 1 Clearing House Hospital is building up its company in preparation for another call on its members. The original company went in a body to Valcartier and it is the aim of the officers to bring the company up to the war strength of 35 again. Up to last night recruits numbered 35.

Start Work on Plant. Proctor-Gamble, toilet manufacturer yesterday, tolled the erection of his buildings in the east end of the city. It is proposed to put up seven different buildings. The one started will be 60 by 200 feet and five stories.

To Extend Hydro System. Steps are now being taken to place hydro lights in the homes of the people living in the county on Main street east of Ottawa, and in the surrounding district.

A meeting of the Hamilton and Wentworth branch of the national patriotic fund will be held in the court house Saturday afternoon for the discussion of the launching of a money raising campaign in the county.

BLUE JACKETS MORE CRITICISM OF THE CANADIAN BANKS

Editor World.—I think you are deserving of the greatest credit for tackling the banks in their outrageous and unpatriotic methods during this intense monetary crisis.

As far back as Aug. 17, I wrote to one of your contemporaries, calling his attention to the very harmful effect on our commerce due to the closing down of our factories, on the part of the banks; but it would appear that yours is the only paper which has had pluck enough to stand up and speak the truth about these institutions, which are generally supposed to exist, not only for the benefit of their stockholders, but also as a means of developing our industries.

I note that a general election is probable in the spring, and it would be as well if every district Conservative association would take up the matter with Sir Robert Borden and his cabinet, indicating that the defeat of this government is almost certain, unless the finance minister can be induced to be sufficiently public-spirited to compel the banks to do their duty in this time of stress and national trial.

The trouble about Mr. White appears to be, that he looks at everything from the bankers' point of view, and thereby shows that he lacks the essence of statesmanship, viz.: large-minded patriotism.

What is the good of all this talk about capturing Germany's trade, when owing to the action of the banks, we are unable to keep our present factories working? WELLANDER.

The question of currency and banking in Canada increases in public interest every day and we publish the above letter simply as a pointer. We do not quite agree with the writer that the banks' conduct is outrageous; but we certainly think it is unpatriotic when they did what they did in August last at the outbreak of hostilities, and when a number of them instructed local managers to refuse further loans, to cancel existing loans, to insist that overdrafts be covered. How widespread this withdrawal of credit was is only now coming out as business men in different quarters of the country compare experiences.

As to newspapers, and one is mentioned in the communication, we do regret the fact that hardly a newspaper here in the east has spoken out on this question. More to be deplored is an effort on the part of a prominent newspaper to screen the banks from criticism by calling on the business men to cheer up and that the wheat crop will cure the situation and that the railways are going to improve their earnings and all things of this kind; that is another issue, but what we are discussing is currency and banking, not the price of wheat.

Now as to what the writer says about a general election; there might be something in that and it may give the government reason for stirring up the banks to do better than they have done. As to the finance minister, we do not agree with the writer that he looks at everything from the bankers' point of view. He has done a great deal to help out the situation; the one criticism we would pass on him is he has not compelled the banks to do better than they have done, and made them avail themselves of the issue of excess currency provision and borrow Dominion notes more liberally on approved securities for the use of customers or for "financing business." In the words of Lloyd George. As to his last statement that if we want to capture the German's trade we have got to have financial assistance to do it; that seems patent to everyone.

But what The World wants to drive home today more than anything else, is that it is the banks' duty to take care of their customers and help to finance business; and that they have been painfully derelict in this respect since the war broke out. Some of them have lots of money of their own and others have securities that they could put up for Dominion notes; but have they confidence in the business of Canada? This is the question: if they have they don't show it! What we suspect is that their policy or lack of public policy within the last few weeks has been dictated largely by jealousies between banks and we think we could lay our fingers on three prominent banks who are to blame more than any of the others for not helping to finance business, either out of their own funds or out of funds to be got from government!

Perhaps we have some very old-fashioned bankers in this country at the moment and we have heard of some of them who talk about government money as "fat" money, probably meaning thereby that it is "fat" money. Now nothing has advanced so rapidly as has banking outside of the United States and Canada; and what has proved successful outside of these two countries ought to be practised here; and the banking of this country must be based on an absolute national currency issued by government, secured by gold reserve of reasonable percentage; and working in connection with such national currency a national bank of rediscunt like the one that will be in operation in the United States before the new year, and the principle of which has practically been adopted by our minister of finance in his remedial legislation of August. We are afraid too many of our bankers belong to the school of the "Bank of Upper Canada" as was instanced by a prominent banker who induced an eastern newspaper a few days ago to tell the Canadian public that the Bank of Upper Canada was a success because it had been in existence for 100 years. It is a success because it has a very sturdy and up-to-date method of banking in Canada 60 years ago and has not been brought up-to-date nor has our currency legislation been brought up-to-date. These old gents of the Bank of Upper Canada days should take their pensions and retire!

Yes, this banking and currency question is the question of today and it will have to be settled at the approaching session of parliament and the Conservative party and the Liberal party will have to govern themselves accordingly! Let there be no idea of getting the war over and then getting back to our old system! A new era is coming with the close of the war and there will have to be new methods and new men and both will have to be up-to-date and progressive.

The World therefore intends to keep on appealing to public opinion on this matter and it also intends to advise the voters of Canada to begin to read up this question and to ask their members of parliament and their governments to give them some information and some leadership on the subject. The press also must read and think!

In the meantime Montreal men went to know what the meeting of the Bankers' Association, held in Montreal last week, did in regard to making bank notes legal tender in the clearing houses as has been advocated by a number of the banks and supported by the World for some weeks now. If two of the bigger banks would start a lead in this matter and not be jealous of rivals or of those who are inclined to act liberally towards clients, there would be a lot more money for business, the banks would borrow more freely from the government on approved security and a recovery of Canadian business would be in sight! Why?

But the Bankers' Association is a close corporation with jurisdiction over the currency of Canada and masters of the banking policy of Canada and yet responsible as nobody! They can even defy the minister of finance and perhaps that is what they are doing today; and they certainly are defying public opinion. We wish to point out to those gentlemen that the discussion is only beginning, that we are overwhelmed with letters and communications about the situation, and that if they do not get busy and do something parliament will get busy and the whole question of banking and currency reform in this country will, as we said, bring forward a great real political issue for Canada. Bank managers should be above petty jealousies as between institutions, they should recognize the responsibility of the public trust that is reposed in their cells, and as well as recognize the duty they owe their own shareholders; and at times like these it is better to err on the side of generosity than to save themselves the heavens fall. The bank that closes up like a clam might lose itself through such a policy; and we may lose our country and the empire may go to pieces and Canada will be a mass of business ruins. We have got to fight for our country and we have got to save our business, and the two go together. We can't lose our country and lose our business and save our banks; either must be saved or all must fall together. This is the most stupendous question Canada has ever had to face. The banks ought to recognize it! Don't be petty-minded, and don't be afraid of progressive ideas. There's room for all our banks in the new system, just as the banks have come to see in the States. There they have accepted national currency and a national reserve bank for rediscouting.

Provincial Detectives. John Miller and W. D. Greer both left town on the afternoon train.

It is authoritatively stated that the defence next spring will be that Dr. Robinson did not know the woman's body was buried in the trunk. It is expected the another sensational arrest will be made in connection with this case as a result of some new evidence secured by the police.

PRISONER'S MODEL AIRSHIP. KINGSTON, Sept. 23.—Some of the prisoners of war at Fort Henry have had some experience in the making of models of airships. One German, who is handy with a penknife, has amused himself for some days in cutting a model of an airship out of pieces of wood picked up around the grounds inside the walls. A few pieces of wire were used to put the machine together. Pieces of cotton form the wings on the ship. The maker takes great pride in his work, and has the model hanging from the ceiling in the room where he is confined. It is stated that there

are other men in the fort who have had considerable experience in the work.

IMPOSSIBLE TO FACE OF RUSSIAN HOSTS OVERWHELMS OPPONENTS

RUSSIAN FOR A FEW DAYS CONTINUES ALONG LINE

Jaroslau Was Taken at Bayonet Point, Przemysl Will Be Masked To Permit March on Cracow, and Big Fight is Coming at Kovno.

Special Direct Copyrighted Cable to The Toronto World.
PETROGRAD, Sept. 23.—Jaroslau was carried at the point of the bayonet and not surrendered as at first reported, according to latest advices from the front. The Russian hosts advanced irresistibly and literally overwhelmed their opponents, although the Austrians succeeded in destroying a good part of the two years' supply of munitions which the fortress contained. Despite this, however, valuable captures were made.

The Russian war office states that many members of the Landwehr corps are being sacrificed by their commanders in order to preserve intact the first line corps. A large part of these corps are also Slavs and they show decided disinclination to fight the Russians. Dysentery is likewise taking a terrible toll in the Austrian ranks, on account of poor sanitary arrangements and inferior food supplies.

Russian General Decorated.
General Ivanoff has been decorated with the Order of St. Alexander Nevsky by the czar, for bravery in action. Przemysl will not be carried by attack, but masked with a sufficient number of troops to permit the advance on Cracow, and the Russian field forces are sufficiently large to spare this force. In fact the armies are said to be greatly in excess of the number required for present operations. The River San is being bridged by the Russians and a forward movement continues all along the line.

The Germans are said to be massing their troops at Kovno for a strong offensive movement. They have with drawn large forces from Russian Poland.

JAROSLAU'S CAPTURE DECISIVE STROKE

London Considers Russian Victory of Great Importance to Allies.

Canadian Press Despatch.
TORONTO, Sept. 23.—The fall of Jaroslau, the Austrian fortified position in Galicia, is regarded here as the most decisive stroke announced from the continental battlefields in the past 24 hours, and the Russian occupation of this important fortified railroad centre is considered in London as likely to have a greater effect on events in the western theatre of the war than anything reported from France for several days past. The Russian army which took Jaroslau by storm is in hot pursuit of the Austrians, who are reported in London to be retreating on Cracow. As Przemysl is now isolated, it seems probable that the Muscovites will be content to mask this fortress while they push on to Cracow with the view of joining up their forces preparatory to a march in the direction of Breslau.

AUSTRIANS ARE ROUTED IN NINE-DAY BATTLE

Servians in Vigorous Pursuit, Says Official Statement From Nish.

Canadian Press Despatch.
NISH, Serbia, Sept. 23.—The following official statement has been given by the Serbian government: "After a nine days' struggle the Austrians, whose wings both have been broken completely, are in full retreat along the whole front from Lubovetz to Lozniza. The Servians are pursuing them vigorously. Serbian columns from Vlasograd and Balna Bascha continue their progress into the interior of Bosnia."

GERMANS EVACUATE TOWNS IN POLAND

Canadian Press Despatch.
LONDON, Sept. 23.—The Daily Telegraph's Petrograd correspondent says: "The Novoe Vremya for the first time today gives information concerning the extent of the German invasion of Russian Poland, by announcing that the Germans on September 17 evacuated the towns of Vladistawow, Wolowyski, Mariampol, Kalwarka and Suwalki. These towns, none of which is more than twenty miles from the frontier, apparently define the high-water mark of the German invasion."

FRENCH TO BOMBARD FORTS AT CATTARRO

Canadian Press Despatch.
BORDEAUX, Sept. 23.—(1:15 p.m.)—The minister of marine announced today that a detachment of heavy guns and a detachment of gunners at Antivari, Montenegro. The guns will be mounted on Mount Lovchen, whence they will open fire on the forts and the harbor of Cattaro, in Dalmatia. The forts at the mouth of the Cattaro harbor were destroyed some days ago by a bombardment carried out under the direction of Admiral De La Peyrere.

WHEN THE DOG GETS HOME

GERMANY'S CREDIT GREATLY INFLATED

"Deutschland" in Grave Danger Owing to Financial Risks Undertaken.

SYSTEM MAY COLLAPSE

Experiment Only Possible Thru Belief in Invincibility of Arms.

LONDON, Sept. 23.—The Westminster Gazette, in an article on international conditions, says: "Germany has not proclaimed a moratorium and its proud of the fact. Instead, she has adopted financial measures entailing considerable risks. German business is transacted on a cash margin, which is in hot pursuit of the Austrians, who are reported in London to be retreating on Cracow. As Przemysl is now isolated, it seems probable that the Muscovites will be content to mask this fortress while they push on to Cracow with the view of joining up their forces preparatory to a march in the direction of Breslau."

WAR CREDIT BANK

"Secondly, a 'war credit' bank has been set up which has the power to advance \$375,000,000 upon securities. Thirdly, full scope has been given to local initiative everywhere through Germany. Credit banks are projected or being established with the idea of helping the small capitalists, which are guaranteed by 'communes' or co-operative societies, supported by the larger firms."

"The amount of credit which these banks are prepared to advance is amazing. At Frankfurt, for example, it is proposed that credit to the amount of \$2,500,000 shall be advanced on cash, or one-twentieth of that sum, or \$125,000. This cash basis, especially when the securities offered may collapse under defeat, is not readily convertible into cash.

GERMANS CONFIDENT YET

"The experiment is only possible because the German hand, as revealed in the German press at least until ten days ago, was still full of confidence owing to the advance of the German army in France. The whole edifice of credit may collapse under defeat."

DASHING RAID MADE BY BRITISH AVIATORS

Canadian Press Despatch.
ANTWERP, Sept. 23.—A London, 11:10 a.m.—A successful raid by a squadron of five English aviators on the German aviation camp at Bicken-dorf, near Cologne, is reported by The Handeblad. Bicken-dorf is the centre for the Zeppelin air craft and, according to the story, the Britishers, from a height of 1500 feet, dropped bombs that set fire to the hangars. Four of the aviators returned to the point of their departure, while the fifth was obliged to descend owing to engine trouble. He succeeded in landing in Belgium, however.

ONE SUBMARINE ALONE SURVIVED

Captain of Rescue Ship Tells Story of Sinking of Cruisers.

MIDDY THRICE SAVED

He Was on Each Cruiser in Turn—Picked Up on Wreckage.

Canadian Press Despatch.
LONDON, Sept. 23.—The correspondent of The Daily Telegraph at Rotterdam sends this story of the sinking of the three British cruisers by German submarines: "Captain Berkhout of the steamer Titan, who saved over one hundred of the British sailors, witnessed the disappearance of the cruisers. Some of the rescued sailors claim that two of the attacking submarines were sunk, as only one submarine was seen sailing off. Captain Berkhout told me the following story: 'The fight took place about 7 o'clock in the morning, at which time I saw a German submarine tearing away at great speed. "Far away on the horizon I saw three cruisers—the Aboukir, Cressy and Hogue, and after a while I noticed that one of them had gone. I did not pay particular attention at the time, but when I next turned to look for them I noticed another had disappeared. There was some smoke and I heard a slight explosion. "At once I dashed in their direction, and on arriving in the vicinity I lowered away two boats to rescue a large number of men whom I saw swimming about in the water. Altogether I picked up 111 men and three officers. All were naked, for they had thrown off their clothes in the water. One of the officers was Commander W. S. Sells of Portsmouth. His wrist watch had stopped at five minutes past seven, and it was 10 o'clock that I picked him up. All were exhausted. "As soon as the commander was brought on board he dropped down exhausted. He was given some brandy about ten minutes he came around. Then he smiled and said it was a long swim. "While I was on my way, the remaining cruiser rolled over and sank. When I arrived I was pleased to find that two Lowestoft cutters had reached the spot before me. They were pulling naked men out of the water. One boat was absolutely full of men and other men were struggling all around, but they were nearly exhausted and almost numb from the cold. Many were rescued, but one group clustered around a floating table. "Middy Thrice Saved. "Commander Sells told me of the trying experience of a brave little midshipman. It appears that the midshipman was on board the first vessel which was struck, and as she was settling down he jumped overboard and swam. He was picked up by another of the cruisers, but soon she was struck by the submarine's torpedo, and in her turn began to settle down. He had again to jump into the water, he was uninjured by the explosion and cleared the downward motion. The midshipman rescued him, but he had not been long on board her before she also received her death wound. Again he got clear and clung to a piece of wreckage, from which he was rescued by the Titan. "This midshipman was pleased when we of the Titan rescued him, and we asked if he would come with us. He preferred to go to England, however, and accordingly we put him on board a destroyer and hope he is safe at home now. The destroyer also took most of the men I picked up. "The Flora picked up over two hundred and the Lowestoft's boats rescued others before I came up. One destroyer came up too late to rescue me, but she took some of the men to England. Those engaged in the work of rescue had to row among floating naked bodies."

DAMAGE TO CATHEDRAL IS NOT IRREPARABLE

Restoration of Most of Damage is Possible, Says Observer.

Canadian Press Despatch.
LONDON, Sept. 23, 8:55 a.m.—The Paris correspondent of The Daily Mail has just returned from a second visit to Rheims, where he made a closer examination of the cathedral, the danger from falling beams and stonework no longer preventing entry. In his report of this examination he says: "Thirteen out of 130 German wounded in the cathedral perished in the flames and their blackened corpses are still lying among the cinders. Many beautiful statues in the west front of the cathedral are headless. The belfry collapsed and the bells were melted in the conflagration. It is, however, clearly to be seen that suffered, and the restoration of most of the damage seems possible."

STRICKEN CRUISERS VANISH SUDDENLY

Many Men Drowned Before Lifeboats Could Reach Scene.

Special Direct Copyrighted Cable to The Toronto World.
YMUDEN, Holland, Sept. 23.—A survivor of one of the British cruisers sunk in the North Sea by German submarines, and brought here by the Dutch steamer Flora, says that the three cruisers according to a member of the crew of the Aboukir who was rescued and brought here. "The Aboukir was the first attacked," he said. "She was struck by one torpedo amidships and buckled up. Her boilers exploded, casting wreckage over a wide area. The Hogue came to the rescue of the sailors who had escaped death and were clinging to the wreckage. Fifteen minutes after her arrival on the scene, she was torpedoed twice. The Cressy was hurrying up to help the Hogue when the Germans let loose four torpedoes. All struck her below the water line and she went down."

CAPTAIN WAS CHEERED BY MEN IN WATER

Commander of Cressy Stayed With His Ship Until End.

Canadian Press Despatch.
LONDON, Sept. 23, 9:03 p.m.—The correspondent at Harwich of The Evening News says he learns from survivors of the disaster to the British cruisers Aboukir, Cressy and Hogue that Captain Robert W. Johnson of the Cressy went down with his ship, cheered by his men who were swimming around the doomed vessel.

GERMAN HARBORS MAY BE SEALED

British Admiralty May Lay Mines to Prevent Further Raids.

Canadian Press Despatch.
LONDON, Sept. 23.—The swift and silent destruction of three big British cruisers, which cost \$12,000,000, has brought home to the foremost naval people the risks and possibilities of modern naval warfare.

The survivors, who have been brought to Dutch and British ports, declare there were three German submarines in the attacking force, some say five, and that the cruiser Cressy or the Lowestoft accounted for two of them.

The experts say that a submarine might easily slip from Emden, and the call on the admiralty is for more aggressive action, although the alternative is presented of sealing the Germans up in their harbors with mines if their strategy of keeping their big ships at home and making raids with submarines proves consistently effective.

BRITISH SURVIVORS REACH AMSTERDAM

Canadian Press Despatch.
LONDON, Sept. 23, 2:35 p.m.—Telegraphing from Amsterdam a correspondent of the Reuter Telegram Company says a special train arrived there today having on board 286 survivors, including 27 officers, of the three British cruisers sunk in the North Sea.

The party was guarded by a detachment of Dutch infantry. Later the train pulled out for Gaasterland, in the southwestern part of the Province of Friesland.

As the train was leaving the station spectators and survivors exchanged remaining cheers.

Berlin Newspapers Feature Sinking of Three Battleships; Claim That Ambulances Were Stopped, and Say Russians Lost 150,000 Killed and 92,000 Captured.

(GERMAN OFFICIAL)

Special to The Toronto World.
BERLIN, Sept. 24.—(By wireless via Sayville)—The sinking of the three British armoured cruisers Aboukir, Hogue and Cressy, of 12,000 tons each, is the big news feature of the morning papers. Further details are as yet available but the news is received with particular pleasure as it recalls the sailors with the policy of inaction imposed upon them by the higher strategy, under which both officers and men are starving, despite all admonitions to patience from the various organs of public opinion.

A hostile aeroplane dropped two bombs near the Düsseldorf railway hall yesterday.

There is no news from the front in France except from the war office headquarters that the cathedral at Rheims was respected until the French established an observation station in the spire to direct the French artillery fire. Then the Germans used shrapnel instead of shells to drive observers from the spire. The fighting stopped immediately after this had been accomplished.

Special despatches from East Prussia report the Germans under General Hindenburg pursued the Russians until they reached the shelter of their guns in the fortress of Kovno. The roads there are impassable quagmires. Correspondents assert that they personally saw at Wilsallen, in Russian Poland, a Russian train of forty or fifty cars bearing the Red Cross, loaded with rifles, artillery and ammunition.

The Bavarian Socialist, Michael Schwab, serving in the Landwehr, has been presented with the Iron Cross for bravery in the field.

A letter written by a Bavarian general staff officer, who was an eye witness, says that the French systematically fire on ambulances which are carrying away wounded soldiers from the firing line.

The newspapers here have a communication from the Nachrichten of Basel, which says that captured German ambulance soldiers were stoned by a French mob and robbed of their luggage.

Russian Casualties

It is officially stated that the Russians lost in the battles near Tannenberg 92,000 captured and 150,000 killed.

An official report of the German Air Commission, appointed to investigate the damage to works of art in Belgium, states that all examples of art and monumental buildings in Louvain and Liege were saved with the only exception of the contents of the library and the library building of Louvain.

MANY MORE CANNON CAPTURED BY RUSSIANS

Canadian Press Despatch.
PARIS, Sept. 23.—A Havas Agency despatch from Petrograd says that the Paris Journal publishes the following list of Russian captures in Galicia from August 10 to September 14: "Seven flags, 627 guns, of which 35 bore the initials of Emperor William, 34 machine guns, 853 cases of ammunition, one general, 135 officers and 69,931 soldiers."

BRITISH AVIATORS CARRY AERIAL WAR INTO CAMP OF THE ENEMY

GERMANY ALARMED BY RAID OF BRITISH NAVAL AVIATORS

Bombs Dropped Upon Zeppelin Shed at Dusseldorf Intimation That Enemy Can Expect Reprisals For Aerial Assaults on Belgian Towns, Says British Admiralty.

(British Official)

Canadian Press Despatch. LONDON, Sept. 23, 5.43 p.m.—The admiralty confirms the report of a raid on the Zeppelin shed at Dusseldorf in the following communication: "Yesterday the British aeroplanes of the naval wing delivered an attack on the Zeppelin shed at Dusseldorf. The conditions were rendered very difficult by the misty weather, but three bombs on the Zeppelin shed, approaching within 1400 feet. The extent of the damage done is not known. Flight Lieut. Collet's machine was struck by one projectile, but all the machines returned safely to their point of departure. "The importance in this incident lies in the fact that it shows, in the case of further bombs being dropped into Antwerp or other Belgian towns, measures of reprisal can certainly be adopted, if desired, to almost any extent."

STIR IN GERMANY.

Special Direct Copyrighted Cable to The Toronto World. ANTWERP, Sept. 23.—Aeroplane hangars and Zeppelin sheds at Dusseldorf, near Cologne, may have been destroyed by bombs from a fleet of five British air craft, which made a daring raid into German territory from some point on the British front. The exact damage done has not been learned, but the incident has caused a great stir in Germany. One of the English aviators, whose machine became disabled on the return trip, had an exciting experience when a Belgian patrol attempted to capture him while working over his aeroplane. When escape seemed impossible a Belgian armored automobile drove in view and rescued him, defeating the Belgians.

LONDON WATCHFUL.

Canadian Press Despatch. LONDON, Sept. 23.—While many English military authorities believe it would be impracticable for German air craft to attempt to drop bombs on London, preparations have been made in the British capital to lessen the danger of such attacks. It is generally conceded that Zeppelins could hardly make a trip over as well defended a city as London in the day time because of the danger from guns fired from high buildings. Still the firing of such guns is highly dangerous in a crowded city like London, because the shells discharged at the air craft must inevitably do great damage when they hit the earth. At night the flight of a Zeppelin over London would be comparatively safe. It is difficult for guns to locate an airship at night, even with strong search lights.

AUSTRIA ALSO TO CANCEL PATENTS

Government Decides on Retaliatory Action—Meat Prices in Vienna Rise.

Canadian Press Despatch. VIENNA, via Paris, Sept. 23, 6.50 p.m.—In consequence of the reported action of the British Parliament in canceling Austrian, German and Hungarian patent rights in the British Isles, the Hungarian Cabinet has empowered the ministry of commerce to adopt immediately extraordinary rules regarding patent rights and trade marks in Hungary. It is asserted that 3358 British patents have been granted in Hungary, as against 280 Hungarian patents granted in Great Britain. Owing to the constantly increasing demands of the army for meat the supply of cattle arriving in Vienna has considerably diminished, with a consequent advance in prices.

GERMANS WILL SHIP VIA NEUTRAL PORTS

Hon. Dr. Reid Obtains Circular From Agent of Firm in Hostile Country.

By a Staff Reporter. OTTAWA, Sept. 23.—Hon. J. D. Reid, minister of customs, has obtained one of the many circulars with which Canadian merchants are being deluged these days from agents of German and Austrian firms in the United States. The circular is as follows: "After having been cut off from our connections abroad since Aug. 3, we are glad to advise that we have re-established cable communication with our friends. "We are glad to inform you that our Hamburg factories are in operation and goods are being made up. Arrangements are now being made to ship these goods via neutral ports, and we believe that the new routing will be in good working order very shortly. We may of course be inconvenienced by some delays, but this will be only for a short time we hope. "We shall keep you further posted on developments in the meantime. We beg you not to be alarmed as to possibility of not being able to secure the goods for which you may have placed orders with us. "In the meantime we shall continue to fill orders from our stock, which we hold at the disposal of our customers without advance as long as it lasts. "The customs department, since the issuing of the imperial proclamation prohibiting trading with the enemy, has taken drastic steps to prevent any of the goods crossing the border, and so far there has been a complete cessation of trading with the enemy. The same vigilance will be maintained during the war."

HORDE OF GLUTTONS GERMANS ARE CALLED

Everywhere the Soldiers Go Food, Wine and Tobacco Are Demanded Without stint.

Special Direct Copyrighted Cable to The Toronto World. LONDON, Sept. 23.—The practices of the Germans on occupying a hostile town are clearly indicated by a proclamation now in the hands of the French, which was posted at Lunenburg when the Kaiser's men took possession. It calls for 100,000 cigars, 200,000 cigarettes, 500,000 litres of wine, and similar quantities of other luxuries. Failure to provide the articles requisitioned was punishable by a fine of \$60,000. It is said that the advance of the German troops into France was the coming of a horde of gluttons. Everywhere they went food, wine and tobacco were demanded without stint. Drunkenness is said to be the common rule among all classes of troops when not actually engaged in battle.

BROCKVILLE REGIMENT TO DOUBLE STRENGTH

Special to The Toronto World. BROCKVILLE, Ont., Sept. 23.—The 41st Regiment Brockville Rifles, on permission granted by the minister of militia, is being increased from a four to an eight company regiment and recruiting is going on at the armories. The regiment was greatly depleted by volunteers for the first Canadian overseas contingent, but the vacancies have been more than filled up and the new companies are gradually being mustered at full strength. A provisional school of instruction for the new officers and non-commissioned officers required has been opened under the direction of Adjutant Wilkinson.

ASSESSMENT SYSTEM.

Canadian Order of Chosen Friends OFFICIAL NOTICE

The position taken by the Canadian Order of Chosen Friends in regard to those members who may enlist, or have enlisted, in the active military or naval service of Great Britain in the present war is as follows:

1. The insurance of all members who were in good standing on September 8th, 1914, and who have enlisted for active military or naval service shall be continued at the regular rates of assessment, provided that they keep in good standing.
2. That all members joining the Order on and after September 9th, 1914, and taking up active military or naval service shall pay in addition to the regular assessment the sum of \$50 per year, payable in advance.
3. A circular has been issued by the Grand Recorder asking for information from each Subordinate Council as to the names of any members who have enlisted at the war, whether such members are married, if so, how many children they have, and the approximate ages of the same, or of any other dependents.
4. It is desired to have a complete record in regard to those who are left behind by the members of the Order, who so nobly go to the front and assist in fighting the battles of the Empire in our behalf with the idea of doing what we can to look after them in the absence of such members.
5. Notice should be given by or on behalf of such members to the Recorder of the Subordinate Council in which they hold membership and this should be done promptly by those concerned.
6. The Recorders of the Subordinate Councils of the Order are requested to send in the necessary information promptly in regard to those who require to be cared for in the absence of such members. It is desired to tabulate the information so that no one will be overlooked.

A contribution of one thousand dollars has been made on behalf of the Order to "The Canadian Patriotic Fund," so that the necessary provision has already been made for looking after the loved ones of those who have gone to the front. The information required by the foregoing notice should be sent to the Grand Recorder of the Order as promptly as possible. Attest: W. M. F. MONTAGUE, Grand Recorder, Hamilton, Ont. A. J. PAUL, B.A., Grand Councillor, Brampton, Ont. 246

USE EVERY SCHOOL AS TRAINING BASE

Toronto Improvement Conference Will Ask Board of Control Support Today.

The military training and education committee of the Toronto Improvement Conference will meet on the board of control at 11 o'clock today to ask for support in the organization of citizens corps, which will be affiliated with all the ratepayers' associations represented in the improvement conference. The committee has already been promised the hearty support of the board of education, and every school ground and basement will be available as a training base. A mass meeting will be held in the city hall on Friday night, when the final details of organization will be completed. At present there are fifty Ross rifles stored in many of the schools for the use of the cadets, and in some shooting tubes have already been erected. As there are fifty schools a detachment training at each base would result in quite a formidable citizens corps.

Cornwall Township Residents Also Send Clothing for Belgian Refugees.

Special to The Toronto World. CORNWALL, Ont., Sept. 23.—A well attended meeting of citizens on behalf of the patriotic fund was held in Connelley's Hall, Wales, J. Adams presiding. Addresses were delivered by Rev. Mr. Fisher, Rev. M. Gosling, Mr. Colquhoun, J. Ransom, Mr. Connelley and Dr. Feader. A deputation was appointed to wait upon the council to ask for a generous grant to the patriotic fund, and also to arrange for meetings to be held on Friday, Oct. 2, at other centres in the township, viz., Aultsville, Newington, Lunenburg and Onabruk Centre. A committee of women was appointed for the purpose of either organizing a branch of the Red Cross Society or for distributing Red Cross work, should it be found more feasible to work individually. Fourteen crates of clothing were forwarded to Belgium for the destitute.

CREDITORS REFUSE TO PAY SWISS MERCHANTS

Germans Will Not Meet Obligations Now, But Will Pay Five Per Cent. Interest.

Special Direct Copyrighted Cable to The Toronto World. PARIS, Sept. 23.—Indignation is rife in Switzerland by reason of the attitude of German creditors who have coolly advised Swiss manufacturers that they cannot pay any obligations during the course of the war, but have used the amounts due to support the government loan of five milliards of marks. The Swiss are advised that the investment will be carried to their accounts at 5 per cent. Those who do not accept the terms, the Germans state, will be eliminated after the war is over from all commercial relations.

DEATH SUMMONS LEEDS PHYSICIAN

Dr. J. M. Shaw Dies Suddenly—Body Found in Chair on Verandah.

Special to The Toronto World. BROCKVILLE, Ont., Sept. 23.—Dr. J. M. Shaw, a prominent medical man of Leeds County, died suddenly at his home in Lansdowne Village, upon returning from a Conservative convention, he complained to his housekeeper of feeling ill and shortly afterwards sat down on a chair on the verandah. The woman noticing nothing unusual retired and on arising this morning found the doctor's lifeless body in the chair. An inquest, conducted by Dr. Jackson, Brockville, found that death was due to natural causes. Dr. Shaw was a graduate of Queen's University, Kingston, both in arts and in medicine.

UNIVERSAL SERVICE TOPIC IN BRITAIN

London Spectator Has Editorial "Fleeter"—Words of Lincoln Recalled.

Canadian Press Despatch. LONDON, Sept. 23, 7.17 p.m.—The Spectator, in an article on "President Lincoln and Compulsory Service," gives verbatim Lincoln's plea for the draft as taken from John Hay's biography of Lincoln. The paper says that while England would be as likely to get a million men with conscription, it is obviously better to leave things as they are during the war, "even the voluntary system acts with a good deal of unfairness and places a heavy burden on willing shoulders. "We put Lincoln's words forward," says the Spectator, "not for immediate needs, but because they are so wise and stimulating and because at the moment people will really listen on a question of universal service."

GERMANS IN RETREAT ON RUSSIAN FRONTIER

Canadian Press Despatch. LONDON, Sept. 23, 5.10 p.m.—A despatch to the Exchange Telegraph Company from Petrograd says that German columns which, in considerable strength, crossed the Russian frontier at Miawa on Sept. 26, have retreated northwards. It is reported, says the correspondent, that the German troops in the fortified positions on the left bank of the Vistula, on the frontier between Thorn and Kallish, have received large reinforcements. The valley of the River San contains immense quantities of valuable booty taken by the Russians.

Canadian Press Despatch. LONDON, Sept. 23.—The Grimsby trawler Kilmarnock, was sunk by a mine in the North Sea yesterday. Only three members of her crew were saved. The trawler was blown in two and went down immediately.

EMPEROR OF AUSTRIA IN DAILY CONFERENCE

Long Consultations Held With Foreign Minister—Keen Anxiety in Vienna.

Canadian Press Despatch. VIENNA, Sept. 23.—Vienna is waiting with keen anxiety news of the progress of the fighting against the Russians and Servians, but nothing is forthcoming beyond the bare official statement that there are no new developments in the eastern theatre of the war. Emperor Francis Joseph receives Count von Berchtold, the foreign minister, in long audiences daily. A session of the council of ministers last Sunday lasted for nearly five hours.

WILSON ADHERES TO COPPER STRIKE PACT

Canadian Press Despatch. WASHINGTON, Sept. 23.—President Wilson today refused to change his attitude toward the Colorado strike situation, and indicated that the mine operators must accept the basis of settlement already agreed to by the miners or stand responsible before the country for the result. It was said at the White House tonight that the president will stand behind the original plan of settlement, which was drawn up by a mine operator and a miner named by Secretary of Labor Wilson.

ASIATIC CHOLERA CLOSE TO VIENNA

One Case Discovered Only Hour's Ride From Austrian Capital.

Canadian Press Despatch. VIENNA, Sept. 23, 1.30 p.m., by way of Paris, 6.35 p.m.—Nine cases of Asiatic cholera have been discovered among wounded soldiers in Hungary, according to an official announcement by the Hungarian minister of the interior. The announcement has excited great apprehension throughout the dual monarchy. It is learned here that the first suspected case of cholera in Hungary was that of a wounded soldier who was brought on September 15 to Bekescsaba from the Galician battlefield. The bacteriological examination clearly showed Asiatic cholera. The patient was immediately isolated in the hope of preventing a spread of the disease. Since then eight other cases have been discovered also among the wounded who returned from Galicia. One case was found at Munkacs, another at Tokod (Tokay) and six at Dumaszordahely in Pressburg, immediately on the Austrian border, within an hour's ride of Vienna. Both Austrian and Hungarian ministers of the interior are taking the utmost precautions against a spread of the disease.

Four Boys From Mimico Will Go To the Front

Victoria Industrial School at Mimico is doing its share. Four of its boys are to go to the thick of the fight. The school did its work. Whatever these brave lads were before matters not now, for they are ready to make the supreme sacrifice.

Superintendent Ferrier told the industrial school board yesterday that numerous letters had come to him from graduates of the Mimico School, now with the overseas contingent at Valcartier. The boys were very proud that they should thus be able to serve their country and their King.

Besides graduates there are four boys now attending the school who are, as the superintendent expressed it, "dead set" on going to the front. They are eighteen years of age, and they were not accepted for the first contingent, they are confident of being enlisted with the second when recruiting starts.

A spirit of patriotism is prevalent throughout the school, according to the superintendent.

TRAINS TO THE RANGES

Special Service Has Been Arranged—Dentists Form Rifle Club.

Announcement has been made by the Ontario Rifle Association that special arrangements have been made with the Grand Trunk Railway for service from Toronto to Long Branch woods camp.

At the organization meeting of the Board of Trade Rifle Association yesterday W. P. Gundy was elected honorary president; Captain T. W. Forwood, captain; and C. E. A. Goldman, chairman of the following executive committee: Lieut.-Col. H. Brock, Staff Sergeant, Instructor of Musketry Geo. J. Cliff, R. J. Dilworth, F. I. Fox, Capt. W. W. Forwood, M. L. Martin, Sergeant-Major J. Phillips, Quartermaster-Sergeant-Major Alex. Rose, F. Albany Howlitt, and W. P. Gundy. F. T. Tolchard was elected secretary-treasurer.

Over 50 Toronto dentists have joined a Rifle Association just organized by them and it is expected that within the next few days the number will be doubled. It is thought that the use of Long Branch Ranges for practice will soon be arranged.

There is a growing tendency on the part of towns and cities in the province to solve their own unemployment problems. The latest of these to formulate active measures is Orillia and plans are developing, so well at present that no great difficulty is expected in the winter time. Arrangements have already been made to set one hundred or more men at work on projects that would have to be performed within the next year at any rate.

Tent Colony to Be Erected—Town Plans to Prevent Poverty.

Within a few days the hope is to set forty men in tents on a wooded section of land belonging to the government as a tent colony in that district. They will remain there all winter, clearing the land at a nominal rate of wages. This work has long been under the consideration of the provincial secretary and the unemployed commercial conditions now present an opportunity that will help the town considerably.

J. A. Hart, M.L.A., who was in conference with some of the government officials here yesterday, also states that the expectation is to send forty or fifty men into the north on road work under the public works department.

Business Women's Club Would Be Grateful for Loan of One Tonight.

Tomorrow afternoon at 3 o'clock Mrs. L. A. Hamilton, convener of the civic branch of the Women's Patriotic League, will address a meeting of the College Heights and Rosedale Patriotic Association, in the Methodist Deaconess' Home, Avenue Road. All interested are invited to attend.

The Women's Institute of Waubausene held a "Flag Day" and netted \$105 for the Red Cross Society.

A concert in aid of women thrown out of employment will be given this evening at the residence of Mrs. Ward-Price, 38 St. Joseph street.

The women of the Mercer Reformatory, 100 in number, have already sent sixty pairs of socks to the Red Cross and will continue the good work when they get a fresh supply of wool. The women of the jail are also contributing their quota.

Invitations are out for an address to be given by Colonel G. Sterling Rycerson on "Valcartier" at the Woman's Art Association, 594 Jarvis street, on Friday afternoon at 4 o'clock.

The newly-formed Runnymede Red Cross Society will meet every Tuesday and Friday at 1:30 p.m. All women wishing to help are welcome. Donations of money or material will be received by Mrs. Baker, treasurer.

The Mothers' and Teachers' Educational Association of Annette Street School will hold its regular monthly meeting on Monday, September 28, at 3:30 in the Kindergarten Room. Dr. Minerva T. Reid will speak on the relation between mother and child. All mothers welcome.

The regular monthly meeting of Toronto District W.C.T.U. will be held at Willard Hall today at 2:30 p.m. Important convention business will be transacted. All members are urged to attend. The Willard Hall Board will meet at 11 a.m. as usual.

Mrs. Barker has resigned her position as president of the Canadian Business Women's Club, because her personal views on the subject of war relief work do not coincide with the views of the club in general.

The ladies of the Montefiore Patriotic League will sew today at 10 a.m. at 254 McCaul street.

The Union Jack Chapter, Daughters of the Empire, will be addressed by Mrs. Ambrose Small on "The Land of Yesterday" at Harrison's Hall, Mimico, at 3 o'clock on Tuesday, September 29.

Contributions were received by the Red Cross Society yesterday as follows: Women's Institutes, Ancaster, \$15; Bishop's Mills, \$100; Leamington, \$100; Holmesville, \$40; Canfield, \$50; Mount Elgin, \$20; Stamford, \$83; Anonymous, Vancouver, \$10; Carleton Place, \$100; Auburn Patriotic Concert, \$68.55; and a School Teacher, \$15.

Anyone who will lend a sewing machine for the circle of the Business Women's Club, which meets tonight for sewing at Mrs. MacDougall's, 313 Roncesvalles avenue, will kindly communicate to above address. Telephone, P. 2373.

The regular monthly meeting of the Royal Grenadier I.O.D.E. will be held in the Armories this afternoon at 3 o'clock sharp.

SCARCITY OF MEAT TO BECOME ACUTE

Farmers Sold Nearly All Stock But Dairy Cows to States.

The Commission of Conservation has issued the following bulletin on the "Increasing of Live Stock Production."

The outbreak of the war in Europe and the consequent demand which is naturally to be expected for increased exports of meats, finds Canada in a very much denuded condition as regards live stock.

As a result of the removal of the American tariff on cattle a heavy export trade developed to the south. In some districts in eastern Canada, nearly everything has been shipped out of the country, except dairy cows. This export trade, together with many farmers selling their calves for veal, can have but one result in Canada, viz: a greater scarcity of meat than at present exists, even in a normal market.

The meat industry in Canada should not be allowed to dwindle—rather, the production of hogs, sheep and cattle on Canadian farms should be greatly increased. To obtain this increase does not mean that farmers should devote their whole attention to live stock. The majority of farmers will admit that with very little extra effort and expense they could increase by several head the live stock on their farms without in any way interfering with their present system of farming.

From reports to the Commission of Conservation, present conditions indicate a world-wide scarcity of live stock, with little likelihood of an over-crowded market for many years to come. The opportunity for Canadian farmers is therefore apparent. To take advantage of this, farmers should save their heifer calves to produce more cattle, while the others may be turned off, not as veal but as beef.

Expert stockmen advise that there are good times ahead for those raising sheep. The high price of mutton and of wool and the comparative ease with which a flock of sheep may be sustained upon land which is otherwise unsuitable for agriculture, should suggest a great increase in the number of sheep raised by Canadian farmers.

Increased production in hogs can be brought about more quickly than in any other class of live stock, and consequently should receive immediate attention.

Animal production on the farm is desirable because it increases the fertility and crop-raising ability of the soil. Good prices are sure to be obtained for any surplus which farmers will have to sell on account of the inevitable shortage of supply resulting from war conditions in Europe. These two conditions should be an incentive to Canadian farmers to increase their live stock production. A little foresight now, with modern methods of feeding, will make increased production easily possible.

TYLTYL AND MYTYL COME NEXT WEEK

Buffalo is Enthusiastic Over Presentation of Maeterlinck's "Blue Bird."

SPIRIT OF CHILDHOOD

Injected into the Lines by Jack Davis and Harriet Mendell.

The triumphant return of the Blue Bird Co. has been heralded by the Buffalo newspapers in their Tuesday morning review of Maeterlinck's world-famed drama spectacle, which will be presented at the Royal Alexandra next week by the only organization that has presented this greatest success in many seasons.

The Buffalo Courier writes: "Jack Davis is a brave and charming little boy Tytyl and a sweeter picture of baby girlhood cannot be imagined than that presented by Harriet Mendell as Mytyl. Ethel Brandon as Mummy Ty, Martha Messenger as Light and Thomas Corless as Tyle, the dog, are wonderfully adapted to their various parts. The entire production is staged with infinite care given to details and is admirably presented. The entire cast of more than one hundred people is superb."

Patriotic Entertainment Tonight. All arrangements for the big patriotic entertainment tonight in Massey Hall, have been satisfactorily completed, and a very fine program is promised. Mr. Teigh has been constantly adding to his war views, and he will show the latest. From a local standpoint the pictures from the camp at Valcartier will be specially interesting. The Queen's Own Band will play some very appropriate music, and Bandmaster Barrow has just secured a new selection known by the suggestive title "The March of the Allies," which he hopes to present. Mr. Harold Jarvis, it is expected, will sing "It's a Long, Long Way to Tipperary," a song which has obtained speedy popularity among the soldiers at the front. The entertainment is one which should call for much enthusiasm and Massey Hall should be crowded.

The Buffalo Enquirer writes: "As the charming little boy, Tytyl, Jack Davis is excellent. A sweeter picture of baby girlhood could not be imagined than that presented by Harriet Mendell as Mytyl. Ethel Brandon as Mummy Ty, Martha Messenger as Light and Thomas Corless as Tyle, the dog, are wonderfully adapted to their various parts. The entire production is staged with infinite care given to details and is admirably presented. The entire cast of more than one hundred people is superb."

The Buffalo Evening News writes: "Jack Davis and Harriet Mendell as Tytyl and Mytyl, the youngsters who appear in the title roles, are wonderful child actors. Harriet Mendell has the proper spirit into his lines, and little Miss Mendell is charmingly pretty. One of the big hits of the play is scored by Dore Davidson as Gaffer Tyl. Henry Guggan and Thomas Corless as the dog and the cat inject much good fun into the action of the piece."

The Buffalo Enquirer writes: "As the charming little boy, Tytyl, Jack Davis is excellent. A sweeter picture of baby girlhood could not be imagined than that presented by Harriet Mendell as Mytyl. BOARD OF EDUCATION CANNOT INVESTIGATE

Mimico School Inquiry Must Be Conducted by Industrial School Board.

The industrial school board yesterday afternoon Chairman McTaggart of the board of education explained that his board has not the jurisdiction to institute an investigation into the death of a boy at the Mimico School some months ago. Controller Simpson had reported the matter to the board of control, and the board of education had been asked by him to investigate.

The board of education's solicitor stated it was his opinion that, since the board had delegated its jurisdiction to the industrial school board, it remained with that body to proceed with the enquiry.

At the meeting a committee was appointed to revise the constitution and rules for the Toronto Industrial Schools. It will be composed of representatives of all bodies represented on the industrial school board.

THE BAKING POWDER SOCIETY Conducted by Mrs. Edmund Phillips.

Some of the ladies at the Lake St. Joseph Hotel are trying to provide colored cotton handkerchiefs for the men of the Toronto regiments...

Mrs. Parke, Amherstburg, is visiting Mrs. Bruce Macdonald, Jarvis street.

Mrs. Gordon Gooderham was the hostess of a very good luncheon yesterday in the royal suite at the King Edward Hotel...

Mrs. Charles Lowndes, Mrs. Norman Copping, Miss Freda Taylor, Miss Marjorie Green, Mrs. Arthur Meredith, Mrs. Miss Irene Cass, Miss Ruth London, Miss Marjorie Mundy, Mrs. Kiesler.

The marriage takes place very quietly today of Miss Maude Rogers, R. L. Benson, Winnipeg. The ceremony takes place at 2:30 o'clock in the Church of Christ, West Park.

Mrs. D'Arcy MacMahon and her son and daughter returned last week to Ottawa from a trip to England, and had the honor of being escorted by two English cruisers.

A letter received from Mrs. Lionel Guest, Montreal, who is at her London house, 44 Seymour street west, states that she is looking after consignments of clothing for men, women and children, and is sending it to Ostend, where there are large numbers of refugees living in the same almost destitute conditions and with little clothing.

Mr. John Bigelow Dodge has lately become a naturalized Englishman and has joined the Right Hon. Winston Churchill's Royal Naval Brigade, now in training at Walker, Kent, as a sub-lieutenant.

Mr. and Mrs. A. D. Braithwaite and Miss Braithwaite, Montreal, went to Valcartier for the review on Sunday.

Capt. Noel Grant, R.N., whose ship, the Carmanah, sank a German cruiser off the American coast in the Gulf of Mexico, is the first cousin of Lady Williams-Taylor, Montreal, and a second cousin of Mrs. Forbes Angus. Capt. Grant's mother was a Miss Henshaw, Montreal, sister of the late Mr. Joshua Henshaw.

While her brother, the commander of the Amphitrite, was sailing to attack the German fleet, her cousin marching with his regiment to meet the Kaiser's land forces, Miss Jessie Denison of Col. George T. Denison's regiment is the guard room of a German fortress. She was one of a party which included Miss Catherine Welland Merritt, St. Catharines; Miss Dorothy Hodgins, daughter of Justice Hodgins, Toronto; Mrs. Louis McMurray and Mrs. Mary Hunter, who were all in Germany when England declared war and the entire party was arrested and brought before an official tribunal.

There is a feeling that the government is the proper authority to give facilities to the various civilian rifle associations, and that the government should be invited to take over the control of the rifle clubs, which are now being controlled by private individuals.

It is also suggested that there are many church and school basements which are idle, and which could be used for rifle ranges, and in this connection it is suggested that the government should be invited to take over the control of these buildings, and to use them for rifle ranges.

The first meeting of the Roden District Ratepayers' Association was held last night at the residence of Mrs. W. J. Chapman, and was marked with much enthusiasm. The new association will supersede the British Imperial Association, which has been affiliated with the Conservative body. It is hoped to stir up the ratepayers into action so that improvements may be secured for the district.

The meeting was held in the Orange Hall on Rhodes avenue, and W. H. Kennedy was elected president. Other officers are: First vice-president, Mr. Robert G. Smith; second vice-president, Mr. Graham; executive committee, Messrs. Trowell, Eaton, Wilson, Robertson, Avery, Tolson, and Gervais; Bladwin, Clarke, Lee, Johnston, Martin and Girdon. The association will be non-political and non-denominational, and the next meeting of the association will be held on Friday afternoon at the residence of Mrs. Gervais.

Particular emphasis was laid on the deplorable condition of the sidewalks of Gerrard street and the grounds surrounding Roden school. It was recommended that a rifle range be formed in the district, and a motion of protest was passed, and the secretary was instructed to forward it to the board of education that the sidewalks be kept for educational purposes only, and that no portion of it be used for the use of the first floor and be basement. This particular question was thrashed out with much discussion. The next meeting of the association will be held on the third Wednesday in October.

PRACTICE RAIN AT LONG BRANCH

Civilian and Military Marksmen at Work Despite the Weather.

IRISH RIFLE MEETING Entries Rolling In—Civilian League to Meet Monday.

The heavy rain of yesterday materially affected the attendance at the Long Branch rifle range, but the higher aggregate scores of the Arts and Science Association at the 200 and 500-yard ranges were: Shepard, 59; Martin, 52.

The higher aggregate at the three ranges of the Irish Rifle Club were: J. Hillis, 95; R. Hutchison, 97.

The Irish Rifle Club were: J. Hillis, 95; R. Hutchison, 97.

An encouraging number of entries from both military men and civilians have been received, but the executive is satisfied that many, even from their own club, will yet be received, the time when entries will close has been postponed till noon of Monday.

Marketers and register keepers have been appointed and arrangements are being made for the appointment of range officers tomorrow.

There is a feeling that the government is the proper authority to give facilities to the various civilian rifle associations, and that the government should be invited to take over the control of the rifle clubs, which are now being controlled by private individuals.

It is also suggested that there are many church and school basements which are idle, and which could be used for rifle ranges, and in this connection it is suggested that the government should be invited to take over the control of these buildings, and to use them for rifle ranges.

QUEEN'S TO HAVE STRONG OUTFIT

Prospects Bright in the Limestone City - Rugby News and Gossip.

A Kingston despatch says: Queen's Rugby prospects for this season are certainly excellent, if one is to judge by the men who will be out for the heavy practice Monday. The following of last year's team will be out: Hill, Hazlett, Scott, McCartney and Macdonald, in the back division; Quigley, quarter; Pilgrim, White, McQuay, Box, McLeod, Ellis and Freida, on the wing line.

Parkdale Junior O.R.F.U. team had their first practice last night at Exhibition Park, twenty-two men being in uniform. Pouch Davidson put them thru a hard workout. Parkdale look to have the best junior team they have had in years. They practice on Friday evening at Exhibition Park at 8.30, when every player must be in uniform.

The Capital Junior O.R.F.U. team request all the following players to be out to practice in Jesse Ketchum Park tonight at seven o'clock sharp in uniform, as the first game is on Saturday: Manner, Glass, McDonald, Ramsden, F. Armstrong, T. Armstrong, Hewitson, Cunningham, (Newell, Shorthill, Landsberg, La Rush, Keyes, Friedman, Lowery, Lamb, Nunn, Fraser, Milligan, Dopp, Sanderson; also all players, old and new, of the Intermediate and Senior City teams to be out to practice tonight, and last year's juniors on Friday night, at seven o'clock.

West End Y. M. C. A. held a very successful Rugby meeting last night, at which it was decided to enter teams in the Senior City and Senior Boy's Union League. S. Holmes was elected president, N. B. Gerry and C. Nelson vice-presidents, and Les MacDonald secretary. A full turnout of players and officials was present, to be held on Thursday night at 8.45 at Dufferin Grove. A good coach has been secured.

The Balmy Beach senior city team have room for a few heavy line men, and Manager Bert Orr would be glad to meet any players, not yet located for the season. Telephone Beach 187, or turn up at Friday night practice at Scarborough. A game is being arranged for Saturday afternoon, and all the players are requested to turn out for regular practice.

The Balmy Beach O.R.F.U. team will practice at 7 o'clock Thursday and Friday nights, rain or shine. Coach Warren R. Corry will be on hand, and the team for Saturday's game against last season's Junior Canadian champions, the Capitals, will be chosen from those turning out on these nights. The junior and senior city teams will practice on Friday night as usual. "Jimmy" Dolan, the Beachers' hustling manager, is badly missed around the club-house, and his return the latter part of the week will be very welcome.

THE QUEEN CITY PIGEONS FLY. The Queen City Homing Pigeon Association held its fifth young-bird race from Powassan, an air-line distance of 166 miles. Results in yards per minute: Robertson Bros., 955.81; Freeland's, 953.05; Joe Hughes, 953.90; Burgess & Law, 956.95; E. Holt, 958.91; W. Drohan, 958.01; A. Breckles, 951.27; V. NEW YORK NOTES ARE AT PREMIUM

Advance Made Toward Forming Gold Pool, Another Hopeful Sign.

STEEL ORDERS POOR Some Demand for Copper Created by Lower Prices Quoted.

NEW YORK, Sept. 23.—Financial developments of the day, or far as they have upon domestic conditions, were of a hopeful character. The outcome of the New York City \$100,000,000 loan, with the notes already quoted at a substantial premium, and the energy manifested by the leading bankers of the country in connection with the gold pool, were regarded as sure indications of returning confidence.

Foreign exchange moved uncertainly early, early bills being sold under yesterday's rates, but rebounding later on an unexpected demand for cotton bills, some of which, it was said, were for Berlin and Hamburg.

Steel Trade Lags. The weekly reviews of the steel trade authorities furnished the only discordant note of the day. It being flatly declared that conditions have grown worse instead of better.

Despite a reduction in operating expenses of almost \$700,000, the Baltimore and Ohio Railroad reported a net loss for August of \$235,000.

Cables from London touching upon the efforts under way to resume trading there on a modified basis were received with much interest.

Loew's theatre permitted the selling of membership buttons in the lobby at the conclusion of afternoon and evening performances.

DEMAND FALLS OFF ON FRUIT MARKET

Liberal Deliveries of Seasonable Orchard and Vineyard Products.

BUYERS INDIFFERENT

Large Quantities of Grapes Offered - Prices Extremely Low.

The wholesale fruit and vegetable market was again very quiet yesterday.

Pears sold at 25c to 40c per 11-quart basket, while the very few Bartlett were at 50c to 75c per basket.

Apples sold at 20c to 30c for the 11's and 40c for the 16's, a few of the latter going as high as 50c.

Most of the Canadian peaches shipped in yesterday were of very poor quality, and sold at 50c to 75c for the 11-quart flats, some better quality bringing \$1 per basket.

Plums sell fairly well, simply because the supply is limited—35c to 50c for the 6-quart, and 70c to 85c for the 11's.

Pickling onions, gherkins and cucumbers are particularly difficult to dispose of the onions yesterday selling at 25c to 75c per 11-quart basket, the gherkins at 30c to 50c, and cucumbers at 15c to 30c per 11-quart basket.

Clemes Bros. had a shipment of splendid tomatoes from A. A. Kelton, Niagara, grape plums from Chas. Lowrey & Sons, Kingston.

Wholesale Fruits. Apples—10c to 20c per 11-quart basket, and \$2 to \$2.50 per bushel.

Bananas—\$1.25 to \$1.75 per bunch. Cantaloupes—20c to 30c for the 11's, and 40c to 50c for the 16-quart salmon.

Crab apples—20c to 25c per basket. Cranberries—\$6.50 to \$7 per bushel.

Grapes—Tokay \$1.75 to \$2 per box; Catawba 15c to 17c for the 6-quart baskets, and 25c for the 11's.

STRONG REACTION IN CHICAGO WHEAT

Heavy Buying for Exports in Coast States Stiffens Market.

Canadian Press Despatch. CHICAGO, Sept. 23.—Reports of immense export buying in the Pacific northwest gave the wheat market a sudden bounce today.

Before the market opened, a steady advance for oats from unchanged figures to 1 1/2c gain. The final range in provisions was 1 1/2c off to 7 1/2c up.

As much as 5,000,000 bushels of wheat was sold to have been sold for export at Portland, Ore., in the last week, and an equal amount at Tacoma and Seattle.

In addition, despatches from the Oregon coast of steamers there loading flour for England, the first of shipments of that kind in a number of years.

The Pacific shipments caused the Chicago trade to lean to the bear side and brought a general flurry among shorts.

Before the wheat market had been somewhat depressed by the piling up of stocks, especially at Minneapolis. On the other hand, Winnipeg and St. Paul were strong and active.

Light market, with a few orders of fresh export buying. There were also assertions that 4,000 sacks of flour had been shipped out of St. Louis to go direct to Scotland.

Fine weather and slowness of demand checked corn. In the state dealings, however, the market reflected to a considerable extent the renewed strength of wheat.

Business in oats was curtailed by difficulty in following European shipments. Price changes were indecisive and of a see-saw character.

In the provisions pit demand for lard was fairly good, but for meats rather slow. Business was confined almost exclusively to the January delivery.

DULNESS RULED IN CATTLE TRADE

Absence of Choice Fat Cattle Becomes More Accentuated.

NO CHANGE IN PRICES

Principal Demand in Stockers and Feeders - Hog Values Steady.

Receipts of live stock at the Union Stock Yards on Wednesday were 35 carloads, comprising 638 cattle, 1128 hogs, 1523 sheep and lambs, 71 calves and 35 horses.

The quality of the cattle offered for sale was worse than at any time this season. Out of the 638 fresh cattle all classes there was not a single straight load that could be classed as choice, and in fact we doubt very much if there was one load of good butchers' steers and halfers on sale, nearly everything being common and medium.

We heard of one or two that brought \$3.75 and eight cattle bought by J. H. Dingie for \$3.75 each. J. H. Armstrong bought seven butchers and springers at \$5 to \$5.50 each, and one choice cow at \$4.

Fred Rowan bought 25 milkers and springers on Tuesday and Wednesday at \$5 to \$5.50.

Wm. Burdette bought 13 milkers and springers at \$5 to \$5.50 each; three stock bulls at \$5.50.

R. Carver bought one deck of hogs at \$5.50, one choice cow, a select butcher hog, weighing 185 lbs. each.

CHICAGO LIVE STOCK. CHICAGO, Sept. 23.—Cattle—Receipts, 14,000; market, firm; beefs, \$6.50 to \$7.50; choice cows, \$6.75 to \$7.75; good cows, \$6.25 to \$6.50; medium cows, \$5.75 to \$6; common cows, \$5 to \$5.50.

Stockers and Feeders. Choice steers, 800 to 900 lbs. sold at \$7.25 to \$7.50; good butchers' steers, \$7.75 to \$8.25; stockers, \$6.50 to \$7.

Milkers and Springers. A moderate supply of milkers and springers sold from \$5 to \$5.50 each, the bulk of sales being between \$5 to \$7.

Only 71 calves were reported on sale, and prices were very firm. Choice calves sold at \$10 to \$11.25; good at \$9 to \$9.50; medium, \$8.50 to \$9; inferior, \$7.50 to \$8.50.

Sheep and Lambs. Receipts of sheep and lambs were liberal, especially the latter. Sheep, light ewes, \$5.75 to \$6.50, heavy ewes and rams, at \$4 to \$5; culls, \$2.50 to \$3.50; yearlings, \$3.75 to \$4.50, with a few at \$7.75; culls, \$6 to \$7.

Hogs. Selects, fed and mixed, sold at \$23.25 and \$23.50; cobs and country points, \$23.50 weighed off cars.

Representative Sales. Rice and Wheatley sold 12 carloads of live stock: Butchers—1, 550 lbs., at \$8.75; 2, 600 lbs., at \$9.25; 3, 650 lbs., at \$9.75; 4, 700 lbs., at \$10.25; 5, 750 lbs., at \$10.75; 6, 800 lbs., at \$11.25; 7, 850 lbs., at \$11.75; 8, 900 lbs., at \$12.25; 9, 950 lbs., at \$12.75; 10, 1,000 lbs., at \$13.25; 11, 1,050 lbs., at \$13.75; 12, 1,100 lbs., at \$14.25.

Stocks—5, 1030 lbs., at \$7.40; 1, 1140 lbs., at \$7.75; 2, 1210 lbs., at \$8.10; 3, 1300 lbs., at \$8.45; 4, 1400 lbs., at \$8.80; 5, 1500 lbs., at \$9.15; 6, 1600 lbs., at \$9.50; 7, 1700 lbs., at \$9.85; 8, 1800 lbs., at \$10.20; 9, 1900 lbs., at \$10.55; 10, 2,000 lbs., at \$10.90; 11, 2,100 lbs., at \$11.25; 12, 2,200 lbs., at \$11.60.

Estate Notices. NOTICE TO CREDITORS.—In the Matter of Arthur Jackson, of 381 Yonge Street, in the City of Toronto, Gentleman's Furnishings and Clothier, insolvent.

The insolvent has made an assignment to me for the benefit of creditors under R.S.O., 1914, c. 134.

A meeting of creditors will be held at my office, 16 Leader Lane, Toronto, on Thursday, the 1st day of October, 1914, at the hour of 4 o'clock in the afternoon, for the appointment of inspectors, the fixing of the amount of their remuneration, and giving direction with reference to the disposal of the assets of the insolvent.

Creditors are requested to file their claims with the assignee before the date of such meeting of the creditors.

And notice is hereby given that after thirty days from this date the assets will be distributed among the parties entitled to the same, and the assignee will not be liable for the amount of any claim thereafter made, unless the claimant has been notified of the appointment of inspectors, and the fixing of the amount of their remuneration, and giving direction with reference to the disposal of the assets of the insolvent.

Creditors are requested to file their claims with the assignee before the date of such meeting of the creditors.

And notice is hereby given that after thirty days from this date the assets will be distributed among the parties entitled to the same, and the assignee will not be liable for the amount of any claim thereafter made, unless the claimant has been notified of the appointment of inspectors, and the fixing of the amount of their remuneration, and giving direction with reference to the disposal of the assets of the insolvent.
