The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaire. Les diagrammes suivants illustrent la méthode.

VICTORIA, VANCOUVER ISLAND, }  
February 13th, 1861. }

To

SIR:—We have the honor to inform you, that a Public Meeting was held here yesterday, at which His Excellency the Governor presided, for the purpose of considering the desirability of these Colonies joining in the Great International Industrial Exhibition, to be held in London in 1862.

We append the resolutions adopted, from which you will perceive that the meeting was preliminary only.

It was strongly felt that the joint co-operation of both Colonies was highly necessary for successfully carrying out an effort, which, if undertaken by either separately, might fail; in order, however, to hasten the initiation of so desirable an enterprise, it was deemed advisable that a Public Meeting should take place in Victoria without the delay which must intervene before communications could reach us from the various towns of British Columbia.

A highly respectable and tolerably large General Committee was appointed yesterday, including the names of many residents in British Columbia; but still with the expectation that many more gentlemen resident in and conversant with British Columbia would be added, in order to secure unity of action, and that the views of the inhabitants of that Colony should be fully represented.

To this end, the Sixth Resolution was framed, and we are directed, in furtherance thereof, to invite your hearty co-operation in this most important undertaking, and to request your assistance in bringing it before the public in your neighborhood, in such a manner as to secure the united action of the two Colonies in furtherance of a common object for the common good.

We have the honor to be, sir,

Your obedient servants,

CHAS. B. WOOD,  
JOSEPH W. TRUTCH, } Honorary Secretaries.
