Street Railway Men Accept Two Dollars a Week Raise And Three Year Agreement

After Noisy Session Sunday Morning By Almost Unanimous Vote Union Decides To Take Company's Offer of 2 1/2 Cents an Hour and Other Valuable Concessions.

At 3.02 a.m. Sunday, by a vote of 49 in favor to about 1200 favoring, the employees of the Street Railway Company agreed to accept the company's offer of two and one-half cents an hour raise. The company also granted other concessions and, taken all round, men seemed more than satisfied in what was offered them.

The meeting was held in the hall of the Street Railway Company, and was attended by about 1200 men, many of whom were very tired and many were more intent on having a noisy time in being present. After the first minutes and when the men knew what was the company would give, they seemed to think most of them, that there was no further need to be present.

From the carshops and sheds, the committee was asked to take the committee what they intended doing for them, and the men were made inaudible often in their shouting. The latter presumably found no fault with what was offered them. At the end of the session, which lasted from 11.30 to 1.00 a.m., fully fifty minutes was lost in disorder.

A Rebuke That Silenced. Several times the men had to be told not to hiss, and one time when the men were exceedingly noisy, the chairman had to take the meeting into confidence and declare, "There are no hisses in this meeting whose business it is to hiss. They are the kind men who yell and do their best to shame you when you should be giving consideration to what is before you. And then, when you say strike, you are men whom you find working the cars of the company while you are on strike."

Mr. Robbins first read the terms of the agreement, and then the men were asked to vote on it. The vote was taken by ballot, and the result was a unanimous acceptance of the offer.

Now, if you do not like this agreement, you must be board of conciliation. You know all the board granted us two years.

Charles Catto Drowned When His Canoe Upset

Only Son of Toronto Merchant Could Not Swim and Sank to Death at Rideau Ferry—Was Major in Highlanders and Was Very Popular in Toronto. Major Charles J. Catto, only son of John Catto, the well-known Toronto retail merchant of King-street east, was drowned at Rideau Ferry, a summer resort on the Rideau Lakes about six miles from Perth, yesterday evening. He was out on the lake in a canoe by himself when in some way he lost his balance and fell overboard. He could not swim. His body was recovered shortly after the accident, but life was extinct. Doctors worked to resuscitate, but to no avail. Mr. Catto was holidaying at the ferry and had been there but a few days.

Annie Richardson Sank After Heroic Attempt at Rescue by Her Fiance—Canoe Half Full of Water, With Paddle Marked L. B., Found Off Balsam Ave.—Six People Rescued When Yacht Sank.

Annie Richardson, aged 20, was drowned in the lake near Mimico about 10 o'clock Saturday night. The young woman was being paddled toward the Humber River by her fiance, William Rushon, aged 23, when, becoming excited at the sea that was starting to rise, she sprang from her seat and capsized the canoe opposite her. Rushon immediately placed her on his back and started to swim. After spending ten minutes in a vain attempt to reach land, the young woman discovered that they were going farther out, and became hysterical. She grasped Rushon around the throat, shut off his breath and pulled him with her beneath the water. What happened after that the young man has no recollection.

Robert Orr of Humber Bay rescued one of the men, and a launch picked up the other. When one young fellow reached shore, \$63 in bills was missing from his pocket. Tobie Jenkins, the Humber boatman, later found the money floating on the waves and returned it to the owner.

Empty Canoe Found. A canoe half-full of water was found floating in the lake at the foot of Balsam-ave. Sunday afternoon, and the residents in that section believe that it is the canoe in which the young man was drowned.

CECIL B. SMITH DIED SUDDENLY OF CANCER

Best Hydro-Electric and Railway Engineer in the World Was Sent Home From Angeles Suffering From Cancer and Died in Toronto Yesterday in His 48th Year.

Cecil Brunswick Smith, one of the best known railway and hydro-electric engineers in the world, died last evening, at his residence, 51 Spencer-avenue, from malignant cancer. Although Mr. Smith was only 48 years old, he had gained a reputation second to no man in the world for the particular line of work in which he had been engaged since his graduation from McGill University. Nearly every hydro-electric plant in America either was designed or built by Mr. Smith, and in Canada, from the Atlantic to the Pacific, his works stand as monuments to his memory.

Mr. Smith was the first chairman of the Timiskaming and Northern Ontario Railway Commission. His appointment was looked upon as one of the great honors of the world, and was a provincial government railway had been allowed to drift under the Rosedale bridge, a reorganization of the railway which resulted in the efficient railway which the T. and N. O. now is.

When the hydro-electric scheme first was taken up by the Ontario Government, Mr. Smith was chosen as the engineer to lay out the scheme. He resigned from the chairmanship of the T. and N. O. commission, and for several years devoted all his time and energy to the hydro-electric. The fact that the Niagara transmission line is below the estimated cost, is due largely to Mr. Smith's foresight and knowledge of electrical engineering. It was upon Mr. Smith's recommendation that the Ontario Government decided to put millions into the scheme, and that the Hon. James Macpherson, minister of the Interior, became actively engaged in the work of the commission.

Mr. Smith also was the engineer of the Canadian Niagara Power Company's line and was resident engineer while the line was being built. His description of this work at the Engineers' Club won for him the Gowell medal, the highest honor of the society.

Successful Work. When the Lake Du Bonnet power plant was projected in Winnipeg Mr. Smith was engaged to outline and supervise the erection of the plant, and when the Calgary Power Co. was organized he also was engaged for that purpose. He was president of the British-Canadian Power Co., which was vice-president and general manager and built up the company's line and was resident engineer while the line was being built.

World-wide Reputation. Mr. Smith was a member of the Canadian Society of Civil Engineers, and for some time was president. He was also author of several books on electrical engineering. He also was a member of the Institute of Civil Engineers of Great Britain and of the American Society of Engineers. He was president of the Engineers' Club of Toronto. The subjects upon which Mr. Smith spoke were the loss at between \$4,000,000 and \$5,000,000, while five hundred killed and injured is only a hazey guess at the casualties.

Many Happy Returns. The day of William Plunkett, born July 1st, 1852. Mr. Plunkett has served for 29 years with His Majesty's Customs.

Twenty Lives at Least Lost Business Area is Devastated Hundreds of Houses in Ruins

Saskatchewan Government Telephone Exchange Building Collapsed, Burying Operators in Ruins and Relief Parties Work in Darkness to Release Victims—Property Loss Will Reach Millions—Cyclone Comes Suddenly in Midst of Hail and Rain and Cuts Wide Swath.

REGINA, Sask., June 30.—(Can. Press).—A terrific windstorm, accompanied by hail and rain, struck this city from the south at 4.50 this afternoon, cutting thru the heart of the business centre, causing a loss of life variously estimated at between twenty and one hundred souls, and destroying property to the extent of \$1,000,000 or more. The chief loss of life took place in the Saskatchewan Government Telephone Exchange, which was blown down. Relief gangs are searching the ruins and bringing out the dead and injured, but the number of telephone operators in the building is not known.

Three churches are destroyed and other public buildings. Hospitals are full and temporary hospitals being formed.

Two hundred private residences were carried down in the blast. Substantial brick buildings also went, including the Canadian Pacific Railway's roundhouse. The central part of the storm lay between Hamilton-street on the east and Albert-street on the west, including between them the greater portion of the financial, business and shopping districts.

Before it entered the city the storm passed directly over the new provincial parliament buildings south of Wascana Lake; but it is impossible to obtain word as to any damage done there. Crossing the lake, its path north was over the Dominion Jail buildings, when it struck the most select residential section included on 16th, 15th, 14th, 13th and Victoria-streets. On the latter are the land titles and other public buildings and a number of big churches. Next in order came 12th and 11th-avenues, and South Railway-street, and these cover the financial and business districts.

Not abating a whit in fury the storm passed over the Canadian Pacific Railway, taking down in its course half a dozen elevators, one of which fell down across the main line tracks, halting up traffic, which was, however, later diverted. It then passed to that portion of the city lying north of the railway, where the wholesale houses are largely situated, while beyond it is a big residential district.

Plunged in Darkness. Although the full force of the storm was most apparent in the central swath between Hamilton and Albert, a good deal of damage was done outside, particularly in the western railway yards. The blow was so sudden that at first indescribable confusion reigned, but soon order was restored and relief gangs organized. The city power works went out of commission and there is no light, which must greatly hamper the work to-night.

Not taking any chances against disorder, the contingents of city troops at Sewell military camp in Manitoba have been ordered to return by special train. Two fires broke out, but fortunately the brigade was able to get a stream of water playing and there appears little danger of a general conflagration. At this hour details of losses with names of killed and injured are not obtainable.

City of Mourning. With half the business section lying in wreckage and street after street through the southern and central residential sections razed to the ground for blocks at a time, Regina to-night is a city of mourning. But a few hours ago there was a scene of almost gorgeous display in preparation for the celebration of Dominion Day.

Bunting and flags covered buildings everywhere, and networks of colored electric lights, glowing in the sunshine, were strung ready for illumination on Dominion Day.

In the space of half an hour little was to be seen in many sections but the ruins of buildings lying in ruins on the ground and scattered over the streets, swathed in their shrouds of early colored bunting. Early estimates place the loss at between \$4,000,000 and \$5,000,000, while five hundred killed and injured is only a hazey guess at the casualties.

Crowds of Volunteers. Crowds of volunteers all over the city are assisting in the work of tearing up the wreckage and bodies of the dead and injured are being uncovered every minute. The streets are full of hurrying men and women speeding on their errands of mercy.

and some sought comfort in the park while others remained at home. Numbers were seen on the waters of Wascana Lake. Five are known to be drowned. Every house in the city that is standing has been thrown open to the homeless. One of the large grain elevators was picked up and thrown a distance of 50 feet from its foundation, landing on a freight train of goods and cars. One house barely on the edge of the storm, was picked off its foundation and then next to it was settled squarely on the vacated site. A roof carried three blocks was forced cornerwise thru the roof of the residence of one of Regina's prominent business men and remains there. Every stable has lost everything. Hardly a horse has been saved and the buildings and contents are total losses. Early in the evening the mounted police, at their barracks, two and a half miles west of the city, were apprised of the disaster, and 150 came to the city and supervised the work of rescue through the night. Newspapersmen to Rescues. The first warning of the actual extent of the damage wrought to Regina outside the scope was when three of the girls from the telephone exchange with one of the men working there, appeared in the doorway of one of the local morning papers, telling that the building was lost. They were not believed at first, but repeated their tale of how the three girls had come right thru from the second story to the basement, carried down by the weight of a fifteen-ton switchboard. They were miraculously saved by a basement window, little injured. A rescue party of some half dozen newspaper men started out thru the storm of rain and flying bricks and glass and at once commenced the work of rescue of the 25 girls remaining in the building buried under heaps of brick and timber knotted together with coils of lead and steel. The storm ceased and soon two hundred and fifty men were on hand tearing up the wreckage. The residential district was found to be the most seriously affected, and here was where the majority of the deaths were found. None of the girls in the telephone exchange were killed, although some were seriously injured. Six hundred families are homeless. The mayor and city council have started a fund and are providing for them.

WINNIPEG IS SENDING AID

WINNIPEG, June 30.—(Can. Press).—News of the disaster at Regina spread rapidly here and newspaper offices were besieged by relatives and friends of Regina people, anxiously enquiring for news. First reports here gave total deaths in the hundreds, and wires being down, more conservative estimates were not available for hours. Vice-President Bury of the Canadian Pacific Railway wired his sympathies and offered all facilities of the company for alleviating the distress. The General Hospital received a request for nurses and these will leave to-morrow morning. One of the first names as being among the dead received here was of Andrew Bryant, manager of the Tudhope-Anderson Co. of Orillia, whose wagon and carriage house was totally destroyed.

issued to exhibitors, of whom there  
will be upwards of 600, to judges and  
marshals, call for the muster to com-

that the judging will commence sharp  
at 9 o'clock, at the conclusion of which  
and after the awarding of the ribbons  
the parade will take place over the

attention and care. Class 28 having  
35 entries will be divided into two or  
three sections, being Major Classes,

48th Highlanders' band, half a dozen  
pipes heading the procession, and by  
the Queen's Own band on the lawn.  
Supt. George Swift will be at the  
north-eastern corner of the approach  
from College-street to give instruc-

the Atlantic by exhibition matters, re-  
gretting his absence and wishing the  
parade and show every possible suc-  
cess.

## Tip to British Manufacturers

Canada Not Getting Class of Goods  
Wanted, Visitors  
Are Told.

CALGARY, June 28.—The city tend-  
ered a luncheon to members of the  
British manufacturers and delegates to  
the Panama Canal Conference to-day,  
which was attended by three hundred  
Speakers were made by the mayor, Sir  
Richard McBride, and representatives  
of the manufacturers, J. R. Dennis of  
the C.P.R., and ex-president Hoopes of  
the Vancouver Board of Trade.

Mr. Dennis quoted figures showing  
three hundred and seventeen million  
pounds British capital to be invested  
in the Dominion, as against six hun-  
dred and fifty-six million pounds in-  
vested in the United States, and asked  
British manufacturers to supply Can-  
ada with the class of goods Canada  
wants instead of the class of goods  
manufacturer thinks Canada wants  
and should have. He predicted when  
this condition was fulfilled, trade rela-  
tions will increase a hundred-fold. He  
predicted five hundred thousand Uni-  
ted States settlers within five years, but  
said the imperial sentiment of loyalty  
was, nevertheless, increasing.

Lunch was adjourned to allow Sir  
Richard to proceed to open the exhibi-  
tion. The city is overflowing with visitors.

CITY HALL SQUARE

Saturday, Sunday results Sport Holiday Program

Note and Comment

There is a variety of sports on the local program, and all that is needed to make a successful holiday is the fine weather that is promised.

The Toumshes played consistently throughout the game against the Toronto, in which they scored exactly one goal in each quarter, which was as much satisfaction as the Indians extracted from the conflict. However, the trolleys were busy, just like earning their big salaries. Billy Fitzgerald especially having a vigorous afternoon, even if he failed to score the final season. The knocked out on more than one occasion, and being somewhat battered up about the face, he otherwise kept up the good work. Billy emerged none the worse and should go on the field today, comparing favorably with the other dished-up ones that won Saturday at Montreal, viz. the Irish-Canadians. Truly, the national game is a strenuous one and well worthy of the vigorous and energetic nature of the people.

The Leafs are at home to-day after two weeks' absence on the road, still no worse than the top of the second division. They have wound up most of their games around, having only another trip over the waters end of the circuit this season and two more at Montreal, Rochester and Buffalo. Thus, only being half a dozen games behind the leaders, and a raft of new players in line, McCaffery, Kelley & Co. have still a good chance to land the championship.

The Rosedale batmen had no difficulty in playing the Hamilton bowlers on Saturday in the cup game, while the reverse was the case when the visitors were on the attack. Hope Gibson, who came with an average of three figures, made no stand at all, the side being all out for a paltry 33. The Rosedale gave Hamilton a merry time hunting the leather, and it would have been less said but for the fact that there was one veteran who, with the rest of the team, had to be challenged for the green sward for about three hours. Now Rosedale must play Toronto for the championship, and as the challengers are on tour this month, the trustees will be obliged to change the date.

Grays Make Clean Sweep. PROVIDENCE, June 29.—Providence made a clean sweep of the Buffalo boys to-day, winning at Rocky Point the fourth straight game of the series, 3 to 4. Stroud was batted out of the box in the second. Score: Providence, A. B. R. H. O. A. E. At Hamilton Saturday—With the score 6-1 in the eighth inning, the Colts won from London when Killias walked, got to third on Lane's base-bagger and crossed the plate when Coach muffed Fisher's easy pop fly. With the arrival in town of George Kennedy and his Irish-Canadians on Sunday morning, the ardent lacrosse follower is inclined to look for still further lacrosse surprises in the Big Four (this afternoon). Kennedy intimated a week ago that his team might land here a day in advance, to give them a good rest-up for their holiday struggle, and in view of their victory over the Frenchmen on their own campus, the Montreal-Shamrock aggregation are out after the scalp of the Baschettes. R. J. and his henchmen will have their hands full in keeping this team out of the score column this afternoon, and will be lucky to pull out a win. The Scott brothers have at last got rid of the one-man idea and are playing the best of combination with the rest of the home, and with the defence end of the team going right, the Irish will be the team to beat for the buntings.

According to the report of the doctor, Norman Harshaw will not be able to participate in to-day's game, in which event Tommy Fitzgerald, who replaced him in

WIN OUT Second in Ninth and Game May Be Protested—Results and Records.

BALTIMORE, June 29.—Baltimore and Toronto each won a game to-day. In the first the Birds made hits and the Leafs made errors in the seventh inning. ## THE MANAGER WINS CAN. DERBY

Only Four Starters in Feature Race on Opening Day at Fort Erie—Two Long Shots Won.

FORT ERIE, June 30.—Thomas McDowell's voter coat, The Manager, won the rich Canadian Derby here to-day. Buckhorn was second and Progress third. Koerner sent the winner to the front at the raise of the gate with Progress in close pursuit and Buckhorn laying back. They ran that way till the turn. The Manager faltered a little at the stretch turn, but Progress was up to last year's tactics, running with his head over the rail, making it impossible for Buckhorn to straighten him. Buckhorn closed fast and beat Progress for the place in the last jump by a nose.

The weather was ideal for racing and the largest crowd in the history of Fort Erie was on hand to witness the running of the Canadian Derby on Monday. The opening scramble for two-year-olds, Oliver Lodge, took a good field of youngsters into camp in good style, with Sand Vale and Briar Path running in order named.

## POLO

Some excellent practice at polo was had at the Hunt Club on Saturday afternoon between members of the Toronto Hunt Polo Club, in which Messrs. Alfred Beardon, K. R. Marshall, F. S. Hammond, Alan Case, Wilfrid Baldwin and Major Blockford were the principal participants. A match was arranged between two sides, denominated the Reds and Blues, in which the play was decidedly even, some admirable shooting on goal being done by both sides. There was quite a large gathering of members of the club and their friends, who took the liveliest interest in the individual play. Weather looks as if polo was going to be quite a feature of the summer season this year. Several international matches are on the tapis, including a tournament towards the latter end of this month, in which the Glenville Cup will be played for, and Toronto, Montreal and Buffalo will take part.

## Lack of Harmony in Mutt's Convention Caused by Chinese Delegate

MR. A. MUTT, THE LIKELY CANDIDATE OF HIS OWN CONVENTION, WHEN SEEN AT LUNCH BY OUR REPRESENTATIVE SAID:

"WE MAY HAVE TO HOLD OUR CONVENTION ON BLACKWELLS ISLAND AS MOST OF OUR DELEGATES ARE RESIDING THERE FOR THE SUMMER."

LITTLE JEFF, THE REAL BRASS BEHIND THE MUTT ORGANIZATION, WAS WEARING A BRAND NEW PANAMA HAT AND WAS IN A GREAT HURRY WHEN OVERTAKEN BY OUR REPORTER. WHEN ASKED WHY HE WAS IN SUCH A RUSH, HE REPLIED: "I THOUGHT YOU WERE THE MAN WHO OWNED THE HAT."

HONORABLE WILLIAM SALMONS TRYAN ISSUED THE FOLLOWING STATEMENT TODAY: "I'M GLAD TO LEARN THAT I WAS DEFEATED FOR TEMPORARY CHAIRMAN OF THE BALTIMORE CONVENTION. I WAS QUITE WORRIED FOR FEAR I SHOULD WIN. I'VE BEEN LOSING REGULARLY SINCE 1896 AND DIDN'T WANT TO WIN AND SPOIL MY RECORD."

DESIGN SELECTED BY MUTT AS THE EMBLEM OF HIS PARTY. THE DESIGN SHOWS A WILD CORNBEEF BEING SHOT BY A WORKING MAN. THIS IS SYMBOLIC OF BRINGING DOWN THE HIGH COST OF LIVING.

AN GEE WHOLE, THE CHINESE DELEGATE, WHO MUTT FEARS MAY CAUSE A SPLIT IN THE PARTY AND RUN HIMSELF OR THE LAUNDRY TICKET.

WHITBY, June 30.—(Special.)—But for the efficiency of the waterworks of the town, the Ontario Ladies' College, the splendid educational institution which is Whitby's chief pride, would have been destroyed by fire early this morning.

Preparations were underway for opening the missionary conference or summer school on Tuesday. However, large staff of workmen will to-morrow get things in shape.

SOCIETY PLAY AT THE ROYAL

Miss Haswell Will Present "My Friend From India" With Special Matinee To-day.

Commencing with a special matinee this afternoon, and for the remainder of the week, Miss Haswell will present at the Alexandra Theatre, that most amusing of all farces, "My Friend From India."

A good birthday party for a child was arranged by one mother in this way: she did not want the little guests to bring gifts or to be dressed in their best clothes, so she engaged a kindergarten for the afternoon to entertain the little folk; men she asked the other mothers if their children could come and play with her little child on a certain day.

Rainy day games for children. Children must play, even if it rains, so when ever I empty a tin can, I pound down the edges so no one can hurt himself and put it away.

Home Helps Table Service. Knives should be at the right with the cutting edges turned toward the plate, forks on the left with the tines of forks and the bowls of spoons turned up.

Home Helps Table Service. All plates, knives, forks, spoons, etc., should be at least one-half inch from the edge of the table, and may be an inch.

Home Helps Table Service. Napkins are placed at the left of the fork, glasses at the tip of knives at the right. If bread and butter plates are used butter knives should be on the plates, but these are not used for formal dinners in any case.

Home Helps Table Service. An asbestos pad for the table may be made in this way: Get enough asbestos paper to cover the table with double thickness. From a couple of old sheets cut two pieces the size of the table.

Home Helps Table Service. A Luncheon Decoration. At a dainty club luncheon the centre-piece was a large old-fashioned poke-bush in a glass vase, with pink roses in each plate and a grape-fruit glass with a pink rose tied to its stem by a large bow of pink gauze ribbon.

Home Helps Table Service. FASHION NOTES. Prettier than ever before are the wash silks in stripes and plain colors which are being used for the mannish skirt waists and frocks.

SEVEN DAYS A BIG SUCCESS

Will Be Presented by the Phillips-Shaw Company at the Grand This Week.

One of the biggest comedy hits seen in this city for many seasons was the one written by Mary Robert Rhinehart and Avery Hopwood entitled "Seven Days," and produced under the management of Wagenhals & Kemper. The Phillips-Shaw Stock Company have made arrangements with the authors to present the comedy at the Grand this afternoon, and for the remainder of the week.

Home Helps Table Service. The secret of being dressed appropriately and comfortably while you are on a short trip abroad is, of course, not only to know what not to take, but just the right clothes to take.

Home Helps Table Service. Why take with you a quantity of underwear and dress accessories when in Paris you can buy both the underwear and the little dress novelties much cheaper and in much newer designs than here in America?

Home Helps Table Service. Why burden yourself with the care of a hat trunk, for instance, when there is no place in the whole world like Paris in which to buy the smartest and ahead-of-the-style hats at the least cost?

Home Helps Table Service. A suit case and a steamer trunk are the luggage that you will require with your dinner frock, and yet you can wear them on almost any occasion, except when sight-seeing. It is very necessary not to take, when planning your clothes, any unnecessary dress.

Home Helps Table Service. In regard to separate waists, I would put in my steamer trunk as many as I can find room for. The waists of cotton, which may be laundered without ironing, are serviceable, and a shirt-waist of some pretty tub silk which will blend in color with your tailored suit, will be smart to look at and easy to wear.

Home Helps Table Service. Of course you would never think of starting off with your tailored suit, unless you had a good looking costume blouse to wear with it, for there are so many occasions when you need a very attractive dress.

Home Helps Table Service. A soft felt steamer hat in some beautiful color is almost an absolute necessity. And you can manage very well with only one other. This hat must be a smart shape, and one that means, take along some extra trimming for it, so you can change its effect in case it should become necessary to wear it with your dinner dress or your voile costume.

Home Helps Table Service. The good results that every one hopes a holiday will bring are dependent very largely on two things. These are the spirit in which the vacation is entered upon and the preparation that has been made for the outing.

Home Helps Table Service. The right vacation spirit is born of the desire to make the most and best of the change and an intention to leave the mind open to all the benefits of new experiences, and to let the leaving behind, so far as possible, thoughts of problems which will be attacked all the more vigorously and effectively because of the vacation is the spirit of anticipation of joyousness and relaxation. It is for the adult as near an approach as can be realized to the spirit of the child. If should, indeed, lead to a renewal of youth, a freshening of faculties and an increase in power.

Home Helps Table Service. But, as many a woman has learned, more or less painfully, this spirit cannot be summoned at will. It rests on a very solid and practical foundation of preparation.

Home Helps Table Service. The woman who allows herself time to get her affairs and herself in readiness for a vacation is the one who may expect reasonably to gain the most from the vacation. And the important thing to remember about this is that fore-handness in making the arrangements is the surest guarantee for the enjoyment of the rest time and for beneficial effects to be gained from it.

Home Helps Table Service. The housewife, the teacher, the business woman, who goes away "all tired out" is not fitted to get what she should from the change. She misses that comfortable and sustaining feeling of satisfaction arising from the knowledge that things have not been rushed at the last and that what has been done has been done to the best advantage, because allowance has been made for it.

Home Helps Table Service. NAPOLI APPEARS TO-DAY. Joe Napoli, held on a charge of murder in connection with the fight at High Hamber Bay Pollen colony a week ago, will come up in the county police court this morning and will again be remanded till next week.

Home Helps Table Service. The inquest on the body of Guyra, which will be continued at Newton's Hotel, Hamber Bay, to-morrow night, Frank Battistio still evades the police.

# ROSEDALE CRICKET MATCH

## Hamilton Falls Before Toronto Men in Cup Game On Rosedale Grounds

Rosedale entertained Hamilton Saturday in the second round of the J. Ross Robertson Cup, Rosedale qualifying by virtue of their victory over Simpsons and Hamilton having defeated Batons.

Rosedale won the toss and took the unusual course of putting their opponents in to take first knock, which, however, was justified by the results. The Hamilton team were dismissed for the very moderate total of 53. The only one to reach double figures was T.H. Sutton, who batted well for 12. The wicket was a good one and the collapse of the Hamilton men was due to bad batting as well as exceptionally good bowling.

Total 53

Wooley and Swan bowled unchanged, and their respective analysis read: Wooley, 3 wickets for 22, average 6.5; Swan, 4 wickets for 15, average 4.5.

Rosedale commenced their innings with Reid and Bell to the bowling of Garstide and Southam. The batsmen from the outset played steady cricket and the bowling had to be frequently changed. Gibson, Counsell and Thomas joining in the attack. Reid was missed at the wicket when 16, but he had his revenge by sending the 50 up.

STREET RAILWAY MEN ACCEPT \$2 WEEK RAISE

Continued From Page 1. ago. One cent an hour increase for first-year men and one cent and a half for second year. I think we have had pretty nearly enough of boards of conciliation.

"I look into consideration what the men were receiving in other cities. In Buffalo they reach 28 cents an hour extra as the four cents extra on Sunday and the concessions as to uniforms work out. In Cleveland the maximum is 30 cents in Detroit 29 cents. Now you can see how we would stand in relation with other cities."

The speeches of the committee men and the whole session of the meeting were strongly averse from any dealings with a conciliation board.

"Two years ago," continued Mr. Gibbons, "we put up a pretty good case and I think we deserved a better award. However, it's for you to say whether you will accept or go to the board. And then you are not bound to accept the board's award. While he didn't say so, the speaker didn't appear eager for strike. He thought the agreement a very good one and quietly urged acceptance."

"We had five meetings, and at the last one Mr. Mackenzie was present. He said this agreement, which you have just heard, was final."

Several of the shop men, to whom the company agreed to supply tools, thought they were not getting a fair show. They wanted to be protected against loss if any of the tools should be misplaced or stolen, but they did not want to accept too much responsibility for loss. They have to stop kidding while the shop men are talking," exclaimed Chairman Johnson, when some of the motormen and conductors felt inclined to greet the talk with ribald jesting. That subject was suddenly cleared up when the repair men's representative said, "I'm a man on the road steals anything he is freed. You fellows will have to expect the same thing."

Depend on Legislation. At one stage, when a great deal of warm criticism was directed at the committee on the platform, the men decided to tell them "you are treating the committee as if they had agreed to all this. There is nothing agreed to."

Somebody, and he immediately had several noisy backers, wanted to know what the committee had done about schedules. This subject was not treated in the agreement. "If we put in anything about schedules we would have tied ourselves up," declared Mr. Gibbons. "The company would have the right to look at it when they want to sign anything. I said it out and leave it out. The Ontario Government at last session passed legislation to make a work day no more than ten hours, six days a week."

"On Sunday the management will make the run as nearly as possible eight hours." And when someone demanded he told them that he knew men who wanted long runs, and hinted that many were quite eager to get them as long as possible.

No Exhibition Kicks. As for exhibition overtime, the men were told "the people of Toronto are proud of their exhibition, and they might feel a little sore if the service was not what it should be and the exhibition suffered. We want to show the people we are reasonable and we want to make the exhibition a success." Whereupon there were some cheers, and everybody seemed quite willing to keep in the good graces of the citizens.

President Moody of Boston appealed to the Toronto union for assistance. In Boston the men are out on strike, and as they have but a young organization, they are rather short of funds. The meeting decided to help out their Boston brothers by contributing 25 cents a man.

International President Mahon appealed to the union men for calm consideration of the agreement. "If this agreement could be granted to the Boston men there would be no happier 6900 men anywhere. It is far above others in many places. In strikes we involve not only ourselves but our neighbors." He congratulated the committee on their work and had a word to say against conciliation boards.

Almost Unanimous Vote. After ten minutes of speaking by the chairman, sufficient order was secured for the taking of a show of hands vote as to how the vote on the agreement was to be taken. A standing vote was decided on, and at 3:02 a.m. about 1200 men of the 1600 members of the union voted on a motion to accept the offer of the company as a whole. Not more than forty stood up against it, and the chairman thought it not worth while to count them.

The agreement follows: All matters in dispute are hereby settled. 1. The wage schedule shall be in force and effect from June 16, 1912. 2. For motormen and conductors, first year, 23 1/2 cents an hour, second year, 25 1/2; third year, 27 1/2; the rate of wages for Sunday work shall be four cents an hour in excess of the day rate. For shedmen, foremen, 27 1/2; an hour, assistant 24 1/2; car washers, 23 1/2; motor and truck repairers, 21 1/2; first year, second year, 25 1/2; third year, 27 1/2.

Three Year Agreement. 3. The agreement shall be for a term of three years. 4. The company will pay half cost of uniforms after the first year's service, and will provide them free after the second year. No employee will

17. All cars must be properly equipped. 18. Men who are entitled to five off days per month shall receive same. This is the agreement as read to the men Sunday morning. It will be dated back to June 16, and the men will receive the increase since that time.

All that remains now is for the union officials to formally sign the document, which they will do on the first legal day, and then for the next three years those who do not like walking need have no apprehension.

Republican Revolt In Massachusetts. Progressive Party Launched in State, The Some Roosevelt Men Objected. (BOSTON, June 29.—(Can. Press).—Two hundred Republicans, who were active for Roosevelt in the recent campaign, bolted the Republican party at a meeting in Ford Hall to-night and formed "The Progressive Party of Massachusetts." The new party takes over the organization of the Progressive Republicans, of which Matthew Hale was chairman.

Col. Roosevelt was endorsed as candidate for president, and a telegram was sent informing him of the action taken. Charles S. Baxter, chairman of the Roosevelt delegates-at-large to the Republican national convention, headed a faction which objected to the formation of the new party, but was defeated. Mr. Baxter expressed himself in favor of organizing a reform movement within the Republican party and later issued a public statement embodying his views.

H. L. Drayton Will Receive \$10,800 Increase Later

OTTAWA, June 30.—(Special).—The order-in-council appointing H. L. Drayton, K.C., Toronto, chairman of the railway board, to succeed Judge Mabee, was signed by His Royal Highness the Duke of Connaught in Montreal on Saturday afternoon, and the appointment has now been officially announced. It dates from July 1, but Mr. Drayton will not be expected to actively assume the duties of his position for a few weeks, as it will require some time to close up his engagements as corporation counsel of Toronto.

Mr. Drayton will be given \$10,800 per annum, but it is said that this figure may be increased by parliament next session. It is not likely that the new chairman will be able to accompany the board on its western trip, commenting about the middle of July.

## JULY WHEAT AT BELINE OTHER OPTIONS HIGHER

### Chicago Fit Shows Irregular Tone at Week End--Crop News Generally Favorable--Corn and Oats Close Lower.

CHICAGO, June 25--Settlement of the elevator controversy here acted as an offset to-day to continued hot weather northwest. In consequence the wheat market closed irregular, varying from 1/8c lower to 1/8c to 5/8c advance. Corn finished 3/8c down, oats off 1/8c to 5/8c, and provisions unchanged.

A decided advance took place in wheat when it was announced that storage houses in Chicago had all agreed to abide by board of trade regulations and the Illinois State laws. Settlement as to corn arrivals in the near future was down.

In the provision pit most of the trade consisted of changing July holdings to September, carriers taking the nearby month.
