COOLLY CONFESSES TO CRIMES ORCHARD TELLS OF MINERS' TACTICS OF MOST APPALLING VIOLENCE

Ringleader in Plots Which Carried
Death to Operators and Detectives,
and Tried to Murder Governor
Peabody.

NOT NERVOUS ON STAND MET HAYWOOD FIRMLY

BOISE, Idaho, June 5.—Alfred Horsley, alias Harry Orchard, the actual assassin of Frank Steunenberg, went on the stand to-day as a witness against Wm. D. Haywood, and testified to a long chain of brutal, revolting crimes, committed by himself, as well as the leaders of the Western Federation of Miners. Orchard stated that he was born in Ontario, Canada. An undertaking by counsel for the state, that they would, in later stages of the connection, make his testimony legitimate, opened the way like a flood-gate to the whole diabolical story, and through the entire day Orchard went through the recital of one crime to the recital of another, each succeeding one being seemingly more abhorrent than the one that preceded it.

Orchard confessed that, as a member of the mob which wrecked the Bunker Hill and Sullivan mill in the town of Victor, he lighted one of the fuses that carried fire to the giant powder explosion. He confessed that he set the death trap in the Victor mine at Cripple Creek, which killed Supt. McCormick and Foreman Beck. He confessed that because he had not been paid for his first attempt at violence in the Victor mine, he was in charge of the Florence and Cripple Creek Railway that there was a plot to blow up their trains.

He confessed that for days he dodged Governor Peabody of Colorado about Denver for a chance to kill him. He confessed that he and Steve Adams, a partner in the mine under the station at Independence, which instantly killed 14 men, and he confessed that he and Steve Adams, in an attempt to murder Fred Bradley of San Francisco, he blew him and his house up with a bomb of gelatine powder.

Orchard retained control of himself almost from the moment he took the stand and if he suffers much he did not show it. His eyes were bloodshot and his face mottled when he came into the room to confront the man whose life he jeopardized. He was plainly nervous. He quickly steadied himself, however, and was soon talking in soft easy tones. His eyes met those of Haywood several times, and the two gazed freely at each other without flinching.

Orchard's entry into the court room, after a dramatic pause, was itself intensely dramatic. Five witnesses who traced Orchard's and Frank Simpson's movements at various times before the Steunenberg murder, viz., at Caldwell, at Nampa and at Silver City, and identified Orchard as the man who had signed their names, took up the first hour of the morning session with their testimony, and then Senator Beaman, looking toward the bench, said in a quiet tone: "It will be a few moments before the next witness arrives." The crowd knew Orchard was to come, and watched the doors of the court.

Haywood's mother, Mrs. Carruthers of Salt Lake City, and her daughters, stood beside the prisoner and his wife, having arrived yesterday. The prisoner's daughters were absent. Haywood held a notebook, and the witness took notes of the proceedings.

Horsley had spent the night and morning at the office of Mr. Hawley, and was brought to this court house in a carriage with three armed guards. In the chambers of the judge he was turned over to Deputy Sheriff Beaman, who is to be his special guard at the trial. Strangers entering the court room during the morning were searched for weapons.

"Call Harry Orchard," cried the state's leading counsel, when the sheriff had signalled that he was ready.

ASSEMBLY FLEET DR. CAMPBELL TO DENY OR

Surprise at Opening Session
of Presbyterians
—Accepts Honor
That is Thrust
Upon Him.

MONTREAL, June 5.—(Special).—A surprise was sprung on the Presbyterian General Assembly to-night, in the election of Rev. Dr. Campbell of St. Gabriel's, Montreal, as moderator. He asked to be permitted to retire from the contest, but the commissioners who supported him would not consent.

The first nomination was by Mr. Tufts, St. Laurent, N.S., of Rev. Dr. Mowatt, this city, Walter Paul seconding. Rev. Dr. Lyle, Hamilton, was nominated by Dr. Macmillan and retired in favor of Dr. Mowatt.

Principal Gordon, Queen's, then nominated Dr. Campbell, senior clerk of the assembly, and with a record of forty-one years' service in his congregation. He is also distinguished as an authority on the history of the Presbyterian Church in Canada. He is also distinguished as an authority on the history of the Presbyterian Church in Canada.

Dr. Campbell, in acknowledging the honor, was reminded of the line from Virgil, "How hard a thing it was to lay the foundation of the city." He would have been more comfortable at his clerical desk, but their will prevailed over him.

Principal McLaren moved a vote of thanks to the retiring moderator, who spent Sunday at St. Gabriel's, Montreal, and stayed there till dark, which was the last place he was seen alive.

Mrs. Morey, his housekeeper, who spent Sunday at Albert Tauschway's, said she was very anxious to see what was wrong. She found the back door locked and the front door shut, but not locked. She went in the room where he lay, and supposed he was asleep, and called him, but received no answer. She touched him on the cheek, but found it cold, and, being fright-

ened, ran back and told his brother, Albert, who went to South Mountain and notified Drs. Ferrier and Porter. The latter found a bullet wound thru the brain. It seems that Albert Tauschway, when he saw the body, did not know the cause of death, because the head was covered almost entirely by the pillow, thus hiding the bullet wound. Dr. Porter summoned W. C. Whiteaker, M. D., who thought things looked very suspicious, and ordered an inquest.

Everything Broken Open.
The representative of "The World" was with the coroner when the house was opened. Trunks were smashed open; the writing desk lock broken open, and not a cent was found in the pockets of the deceased's clothes, which lay on the floor. In one corner of the house were his long-legged boots, just where he had left them, and under the stove was kindling wood, prepared for the Sunday morning fire.

The body lay upon the bed about six inches from the edge, with the quilts drawn up over the shoulder. The head was as natural as if in sleep; the right arm lay across the breast, while the left arm lay at full length close along the body, and the pistol was four inches from the hand on the bed. The bullet entered the head one inch behind the ear, and was extracted one inch below, on the right side.

SOUTH MOUNTAIN, Ont., June 5.—(Special).—The home of James Tauschway, the victim of last Sunday's tragedy, is a small red house on lot 10 in the third concession of Mountain Township, consisting of four rooms, and entirely surrounded by trees. It was in the front room on the east side of the house that the body was found.

Deceased spent Saturday afternoon in Inkerman Village, four miles from home. While returning home, he met Fred Jackson on the road, and purchased three loaves of bread. After getting home he assisted Ben Storey to load a ton of hay, and was as jolly as ever. Then he went over to his brother's farm, and stayed there till dark, which was the last place he was seen alive.

Mrs. Morey, his housekeeper, who spent Sunday at Albert Tauschway's, said she was very anxious to see what was wrong. She found the back door locked and the front door shut, but not locked. SCOTCHMEN ON JURY; IT IS DISMISSED

Counsel for G.T.R. Afraid
National Sentiment
Would Prejudice
Fraser Inquest
Verdict.

Following a letter from the attorney-general's department, Coroner Johnson yesterday dismissed the jury sitting in the inquest into the death of John Fraser, killed at the Bay Street crossing May 27.

The letter referred to a protest lodged by Leighton McCarthy, K. C., counsel for the G. T. R., setting out that two members of the jury, P. A. Gilen and John Donohoe, were improperly upon it, being members of the St. Andrew's Society.

Protest was also made against the questioning of witnesses by counsel for interested parties, seeking information upon which to base actions against the railway company.

The letter was read by County Crown Attorney H. L. Drayton at the opening of yesterday's session at the city hall. Coroner Johnson took occasion to refer to the matter as "delayed fireworks." He said that counsel's objection was well taken, but he thought should have been urged directly before himself. He did not know that the men were members of the Scottish Society when he had sworn them in.

He could not see that there was any wrong in there being Scotchmen upon the jury.

"Whenever two or three lawyers are gathered together, I naturally expect trouble," said he.

The new inquest will open at St. Michael's Hospital at 3 o'clock this afternoon, when the body of Francis Hart, the second victim of the accident, will be viewed.

News of Hart's death was yesterday called to the Lord Provost of Edinburgh by the St. Andrew's Society there, with a request that the news be broken to his parents there.

Hart's body will be buried in St. Andrew's church, and the Canadian Lake and Ocean Navigation Co. will share the expense with the society.

THEY ARE ALL THERE.
A word in season. Real June weather is about to arrive. With it you want the straw hat. Dineen's specials are \$2, \$2.50 and \$3. Young's Temperatures were nearly double the receipts for the same period of last year. To be exact, the increase was \$150,000. The greater portion of which, however, is accounted for by the sale of Cobalt and Kerr lakes.

Power of the Gospel.
If, as had been said, the gospel had lost its power, and the intelligence of the age had outrun it, it was because the cross has been thrust out of its true place. The closer to Christ's heart men kept, the more open were their minds to new interpretations of truth.

GRAIN EXCHANGE LEAVES THE CONVENTION ROOM

WINNIPEG, June 5.—(Special.)—The convention of the grain growers and the grain exchange commenced this morning in the legislative room at the parliament buildings. About 120 delegates were present representing the Grain Growers' Association, Grain Exchange, track buyers, commission men, bankers and railways. Much time was taken up in a resolution asking that the public be admitted upon the floor and have the privilege of the Grain Exchange.

President Robin opened the convention, which promises to result in an exhaustive decision of the needs of the western grain growers' interests. The feature of the afternoon session was the animated debate between the grain growers' delegates and the Grain Exchange members, resulting, finally, in the withdrawal of the exchange from the convention.

They objected to having their bylaws revised by the government in council. The proceedings were most spirited, the grain growers taking the position that they were forced to give the grain while the exchange reaped the profit.

MANY GALICIANS ARRIVE. Largest Number to Come West at One Time.

WINNIPEG, June 5.—(Special.)—The largest number of Galicians to come westward in Canada at any one time arrived on two special immigration trains this afternoon. The first train arrived at 11 o'clock, and the second half an hour later. There were 1340 Galicians and 170 other nationalities. These latter, however, were hardly observed among the mob of Galicians, who were dressed in their best, with their hats strapped over their backs.

Most of the men were accompanied by their wives and children. To-night 140 British and 30 French arrived.

Canada's business weapons. They have helped to produce a finer quality of goods.

In the battles of business the tariff is the modern weapon of defence and the weapon of offence. Germany has been as hostile to Canada as the United States, and against Germany, Canada has imposed a surtax or extra high tariff. This is where it is a weapon of offence.

Canada is prospering in the business war. She makes better shoes than are made in any country, and the market for fine woolsens has improved in two ways. The tariff has helped the woolen manufacturer to produce finer serges and the tariff has helped the serger to buy these serges.

Somet years ago the Blanz serger was put on the market in Canada. In five years the demand for this one-product has tripled. Only two mills in Canada are equipped for the making of this high-class product. It has been improved each year, so that it will soon be among the best serges with the finest "Beltzoniom," but at present it is sold in the semi-ready shops at \$20.

DECK CROKER'S SORBY DEFEATS P. CAPTURES THE ENGLISH DERBY

Woolwinder Second and the Favorite, Steve Gallion, Third—King Edward at the Races in the Rain.

LONDON, June 5.—Richard Croker today won the Derby at Epsom and gained the ambition of his life, his only Orby, bred from an American dam, ridden by Johnny Beff, having beaten all the British crack horses and captured the blue ribbon of the world's turf by two lengths.

The enthusiasm of the Americans can be easily imagined that described, and Mr. Croker, his white-bearded face beaming with happiness, was congratulated on all sides. The Derby stakes amount to £500,000, and the distance is a little over a mile and a half. The favorite, Steve Gallion, was second, and Orby, a half-brother of the winner, was third. Orby's time was 2:44.

Orby was bred in Ireland out of an American dam, Ithold B., and thus the Derby has been won by an American owner, whose horse was ridden by an American jockey, and whose mount was out of an American mare. Nine horses started, and Orby was the only one to finish.

The other horses were Galvini, Eskonian, Gallop, John Bull, Epsom and All Black. Orby had stable support, and the Duke and Duchess of Connaught, and the Grand Duke Michael of Russia.

THE QUEBEC BANK

Annual Meeting of Shareholders, Held Monday, the 3rd of June, 1907.

Proceedings of the eighty-ninth annual meeting of the Shareholders of the Quebec Bank, held in the Banking House, Quebec, on Monday, the 3rd of June, 1907.

Present: John Shaw, A. C. Joseph, H. B. Patton, W. Brodie, G. LeMoine, Vesey Boswell, Mrs. McDougall, John Breakley, John T. Ross, W. A. Marsh, C. W. Wolcott and others.

On motion of A. C. Joseph, Esq., seconded by W. Brodie, Esq., the chair was taken by John Breakley, Esq., and Mr. R. C. Patton was requested to act as secretary of the meeting.

The Chairman read the report of the Directors, and Thomas McDougall, Esq., General Manager, read the statement of the affairs of the Bank, as on the 15th day of May, 1907.

Report of the Directors of the Quebec Bank to the Shareholders thereof, made at the Annual General Meeting, held at the Head Office of the Bank, in Quebec, on Monday, the 3rd day of June, 1907.

The Directors of the Quebec Bank desire to put before its Shareholders the Balance Sheet of the Bank and its

Profit and Loss Account, as they appeared on the 15th of May last, when the books closed for the year.

The year's profits are \$300,011.15, deduction being made of the expenses of management, together with due allowance for bad debts and for unearned interest on bills discounted.

Four quarterly dividends have been paid for the year, forming a distribution at the rate of seven per cent. per annum. The usual amount of \$500,000 has been set apart toward the Pension Fund, and a special reserve is made to cover recent shrinkage in American Railway Bonds held.

The sum of \$100,000.00 has been placed to the Rest Account, bringing that fund up to fifty per cent. of the paid up Capital of the Bank.

The Bank premises account shows an increase this year; but the buildings comprised in this item intrinsically represent more money than the amount stated.

Branches of the Bank have been opened this year at Cache Bay, Ont., and at Inverness, P. Q.

A careful inspection has been made of all the offices of the Bank; also a verification of the cash in the Head Office, and the securities held there, together with those held by the Agents of the Bank; this examination was fully made by a committee of the Board named for that purpose, as per bylaw required.

JOHN BREAKLEY, President.
