The Lighter Man Put Up a Game Fight, But Could Not Last.

New York, Aug. 15.—Jack Bonner of Philadelphia met Charley Goff of San Francisco and defeated him in the 18th round of what was to have been a 25-round bout before the Greater New York Athletic Cub to-night. Goff was nearly 10 pounds lighter than his opponent, and for 17 rounds made a very good showing. Goff's seconds, in order to save their man, were forced to throw up the sponge in the 18th round, when Charley was stunned from the force of a heavy left swing. Goff's showing was excellent, considering that he was only notified a few hours before he went into the ring that the club wished him to take the place of Dan Credon, who had reported sick.

Johnson Family of Counterfeiters at Last in the Law's Clutches.

They Had Made Many Thousands of Dollars by Manufacturing Bogus Money, Committing Burglaries Etc., on Both Sides of the Line Whole Family in It.

Detroit, Aug. 15.—David Henry John son, the youngest of the four Johnson brothers, notorious counterfeiters, was ar brothers, notorious counterfeiters, was arrested early this morning at the house of Joseph J. Wetherail, farmer, living two miles from Blenheim, kent County, Canada. Johnson was locked up at Police Headquarters at Windsor. He was the third of the family to be arrested in this city within the last week. Two of the other brothers, Charles and Edmund, were arrested here Friday. The fourth brother, John, allas "Shang," Johnson, is in Kingston Penitentiary, Canada. Young Johnson is known to the police and secret service as the most dangerous man in this country, and the whole family were artists in their line. The man arrested yesterday eluded even suspicion for the last 10 years. The official secret service say there is positive official secret service say there is positive proof that David Johnson, though only 35 years old, was the author of counterfeit bills in 1888, and the authorities have been looking for the man who did this job ever since the bills first came into circulation. The bills in question are \$2^{+}\$ notes. tion. The bills in question are \$2 notes, with heads of Hancock and Windom. The counterfeit Hancock note came out 10 years ago. The difference between it and the original is in the signature and in the vignette. The discrepancy is so small that many experts have been fooled. The Windom \$2 note was igned about \$1.500 and \$1.500 a dom \$2 note was issued Aug. 4, 1891, and the imitation was discovered in 1893. Detectives Were Looking for Them.

The detective force of this city has been looking up evidence against the Johnbeen looking up evidence against the Johnsons for a long time. More than three months ago they went to work, and the first point scored was the arrest of Charles and Edmund. Saturday last the house in which David had been living was searched, and a hollow place behind the baseboard bedroom panel was removed, touching a spring, and showed a small cabinet. Detectives found in here plates and other apparatus for making counterfeit money; also between \$7000 and \$10,000 in counterfeit notes. A letter was found in thehouse giving information of the death of ouse giving information of the death of Weatherald of Bienheim, who is a relative of the Johnsons. Detroit officers, with Of-ficer Mahoney, visited Bienneim, and Maficer Mahoney, visited Blenneim, and Mahoney made the arrest. Johnson was every obstinate, but was finally taken to Windsor, and says he will fight extradition to the last. In searching the house of the other brothers, the officers found a large number of dies and colorings. The arrests are regarded as of the utmost importance. Washington authorities connect the Johnsons with the issue of a number of other bills, including \$100 silver certificates, which are among the best counterfeits ever turned out. Treating notes with glycerine gives them the appearance of having been used. David Johnson is married, and has two children. The Canadian League.

At London (morning game): London and Hamilton played. Up to the sixth, the score stood tie, but in the eighth the Hamiltons got onto Hagerman, the ex-Saginw pitcher, touching him up for five nice hits in that innings, which, coupled with errors on the part of London, allowed Hamilton to score five runs. The score:

R.H.E. London ... 0 0 0 2 0 0 1 1 0 4 9 5
Hamilton ... 10 1 0 0 0 0 5 \* - 7 6 0 Three Rugby Leagues and They'll

The Islanders pounded Pitcher Doc Amcle, late of Baltimore, for a total of 24 bases yesterday at the Island, and only rounded off with seven runs. The Bisons did better with their seven singles and one home run, the run column figuring up to four. Though the visitors were ahead for a little while, Suthoff's demeanor on the slab placed confidence in his supporters. It was a nice game to watch and full of features.

Afternoon game: London turned the tables on Hamilton in a well-played game. Bradford and Kelb were the opposing pitchers, and both were hit freely especially Bradford, who was hit for no less than 17 hits, including four three-baggers, Good fielding made the game quite interesting for the crowd, which numbered about 4000. Features of game were Lohman's good work behind the bat and Bradford's home run. Score:

Another factor which has had a wonderful effect on railway passenger business, and which the companies are now beginning to realize, and, which must compel a reduction in passenger rates, is the telephone. Telephone communication between New York and Chicago is now an everyday matter. Instead of spending fifty dollars on the trip from Chicago to New York and losing three days, business men prefer to spend five or ten dollars on the telephone. They get just as much satisfaction as a personal interview would afford them. Amd the same is equally true as between Toronto and is equally true as between Toronto and Montreal, Toronto and Hamilton and hundreds of other places. People can hundreds of other places. People can use the telephone where formerly they had to go on a long journey. The New York Central and the Michigan Central, its ally, have taken off the fast imited express between Chicago and New York, and the principal reason given for this change is that the telene has greatly decreased travel. We commend these facts to Mr. Hays and to Sir William Van Horne, and trust that before they attempt to reimpose the old rates they will give the public first-class passenger travel for two cents a mile, or even less. Let them cut off the deadheads and give the

public value for their money. Too many concessions have been given to freight rates, and, as a matter of fact, none in passenger rates for

The trolley and the telephone are after three cents a mile on the steam railway, and the managers of the latter had 440 yards only 42-inch All-wool Black better get this into their heads quickly.

PERVERTED JUSTICE. In an article in Saturday's World, headed "Perverted Justice," we referred, among other things, to the fact that the authorities had failed to investigate the scandalous failure of two Toronto finan-"the officers of the law in Toronto had allowed a man charged with a wretched crime to escape, because he was able call up improper influence in his favor." It appears that County Crown Attorney Curry takes this as a reflection upon himself. In making the statement it did, The World had no intention of who had been guilty ,beyond a doubt, of a gross crime against morality had evaded justice. There was no doubt whatever as to the evidence against him, and one would think that it would be an easy matter to secure a confiction. But no conviction followed the prosectation. It appears that it was possible to proceed against the individual in ques-

The country woman is usually healthy and robust. If she isn't it is generally because of her own ignorance or neglect. She is a hard working woman, but her surroundings are healthy, and unless she has some local weakness, she bears her heavy burden without serious inconvenience.

The trouble with too many country women is that they do not sufficiently realize the supreme importance of keeping healthy in a womanly way. A woman's general health cannot be good if she suffers from local weakness and disease. If she suffers in this way, the strongest woman will soon break down and become a weak, sickly, nervous, complaining invalid. Dr. Pierce's Favorite Prescription cures all weakness and disease of the organs distinctly feminine. It acts directly on these organs, making them strong, healthy and vigorous. It cures all weakness, disorders and displacements of the delicate internal organs. It is the greatest of all nerve tonics. It banishes the discomforts of the period of solicitude, and makes baby's advent easy and almost painless. It positively insures the little new-comer's health and an ample supply of nourishment. Thousands of women have testified to its wonderful merits, and many of them have cheerfully permitted their experiences, names, addresses and photographs to be printed in Doctor Pierce's Common Sense Medical Adviser. The "Favorite Prescription" is sold by all good medicine stores, and a paper-covered "Medical Adviser" of 1008 pages is mailed free on receip to 31 one-cent stamps to cover cost of customs and mailing. Clothbound 50 stamps. Address Dr. R.V. Pierce, Buffalo, N. V.

## Juvenile "Slaters."

If boys' feet were not distorted in youth there would be no bad feet on grown up men.

If the right kind of a shoe be worn in youth the foot will be preserved in its natural beauty, grace and vigor till old age.

Unless the shoe fits the foot and is devoid of tacks, lumps and threads under the foot, there will be corns, callosities and painy spots.

A shoe too narrow or too short will leave its painful impress for life, after a few days'

### SECOND RACE FOR THE DOMINION.

Crane's Challenger Beaten Over the Twelve Mile Triangular Course by 2 Min. 47 Secs.-Third Race To-Day.

Canadian boat, won the second of the in-

ternational yacht races to-day, defeating the American boat by 2 minutes 47 seconds on a 12-mile triangular course, in a light breeze.

There could hardly have been a better day for the race than it turned out. Though there promised nothing but a dead calm at the outset, there was not anything like the number of boats and steamers on the course that were present on Saturday, though there seemed a greatr number of smaller craft.

Everyone was for the Dominion, of course, and when the Challenger came plugging along with a lead on the first leg of the course, which took her into Beaconsfield, there was some consternation, even though the Dominion was so close and caught her rival up so quickly after they had passed the buoy.

There seemed every reason to think that a foul had been made, but just then this was found not to be so, though the yachts were close, and they sped away from Beaconsfield toward the second turning buoy

Exhibition Lacrosse Game Results in Favor of Ottawa by 5

Goals to 2.

Orillia, Aug. 15.—The Capitals arrived here by special train Saturday evening, accompanied by a number of their supporters. A large crowd had gathered to receive the visitors, and a procession formed, headed by the band, and the visitors were escorted to their hotel. The home management treated the visitors right royally on Sunday on the beautiful Lake Couchiening, a number of citizens placing their steam launches at the disposal of the comsteam launches at the disposal of the committee. All trains from the north, together with both steamers on the lakes, ran excursions to town to see the champions, and when the teams lined up fully 1500 people had gathered to witness the struggle. The home team started in with a rush, and, greatly to the gratification of the crowd, scored the first game in a little over half a minute, Curran doing the trick. The visitors then awoke to the fact that it was a fairly good team they had to play with, and for the next hour the playing of both teams was phenomenal, Pulford, both Murphys, Westwick and Donaldson simply excelling themselves, and, although the home team did not score, their play showed them to be no mean exponents of the national game. At this stage the rain, which had been holding back, poured down in torrents, but both teams played on and scored a game each. The players were as follows:

Capitais (5)—Goal, Kimpton; point, Shore; cover, Raiph; defence, Pulford, Robinson, Kelley; centre, Starrs; home, Westwick, Murphy, Murphy; outside, Durkin; inside, Donaldson; field captain, Dr. J. L. Chabot. Orillia (2)—Goal, Hanley; point, O'Connor; cover, Churchill; defence O'Connor, Thomson, Boyd; centre, Dunn; home, Curran, Wilkinson, Armstrong; outside, Grant; inside, Watson; field captain, J. M. St. Mary's Championship. St. Mary's, Ont., Aug. 15.—The final game in the Western League, C.L.A., was played here to-day between St. Mary's and Exeter, resulting in a victory for the home team by a score of 8—6. This gives St. Mary's the championship in the Western District.

Police Games To-Morrow.

Everything is now in readiness for the sixteenth annual athietic tournament of the Toronto Police Athletic Association, to be held to-morrow afternoon at Hanlan's Point. There is much speculation among the men as to who will be the lucky winner of the handsome championship medal, and the bets are about even between Constables Robinson and McArthur. "There is a good deal of uncertainty as to the winner," said Inspector Stark, secretary of the association, last night. "We have five entries from Hamilton, three from Ottawa and six from Montreal," There will be 24 events in all, embracing bleyele races, standing broad jump, running high jump, throwing 56-lb. weight, long-service race, constable race, putting 16-lb, shot, 100 yards race, tossing caher, running hop, step and jump, throwing 16-lb. hammer, quarter-mile, race, old men's race, throwing 56-lb. weight, pairol sergeants' race, trowing 56-lb. weight, pairol sergeants' race, running broad jump, half-mile race, officers' race, fat men's race, hurdle race and consolation race. The Highlanders' Band will furnish music during the afternoon, and the competitions will commence promptly at 2 o'clock.

Ningara-on-the-Lake, Aug. 15.—The fourth annual open tournament of the Ningara Golf Club will be held on the Fort George golf links on Thursday, Friday and Saturday, Sept. 1, 2 and 3. The Ningara Golf Club, which is one of the oldest in America, having been founded in 1881, was one of the first clubs in America, having been founded in 1881, was one of the first clubs in America to hold an open tournament. The occasion has always been noted as a pleasant meeting place for players from both sides of the border and this year coming a few weeks in advance of the Royal Canadian championship tournament to be held in Toronto on Sept. 27, it would be pleasant prelude to the larger tournament. The Niagara Golf Club has taken steps to incorporate as a joint stock company and to secure a charter. It has obtained the use of the offiers' quarters for club house purposes, and the club are now fitting up the rooms for the use of members. A very considerable amount of work has ben done this summer on the links, and the green is in good condition, and should be in good shape for the tournament to be held on the 1st, 2nd and 3rd Sept. The committee is composed as follows: Messrs. George K Birge, president; Herbert Bissell, vice-president; Capt. R. G. Dickson, captain; Capt. J. Welr Anderson, hon. secretary; Committee, Messrs. E. Wyly Grier, L. E. Laflin, W. S. Lansing, W. B. Hoyt and Stewart Houston.

The program of the tournament, which is held under the regulations of the Royal Canadian Golf Association:

Thursday, Sept. 1—Event No. 1—Handicap; open to all amateur players; first, second and third prizes. No. 2—Driving competition by points for distance and accuracy; two prizes.

Friday, Sept. 2—No. 3—Niagara Challenge Cup; open event: First prize, sliver challenge trophy, gift of Niagara Golf Club (value \$300), to become the property of any player winning it three times in succession, and prizes to first, second and third. Second round—Open event.

Saturday, Sept. 3—Final round of open event. No. 4— Lawn Tennis at Owen Sound. Owen Sound Aug. 15.—A lawn tennis match was played here this afternoon be-tween Owen Sound and Meaford, which resulted in favor of the home team, as follows:

Lord Aberdeen Needs a Rest.

It had been His Excellency's wish and purpose to respond to the desire of the directors of the Toronto Industrial Exhibition that he should perform the opening ceremony of Aug. 30, especially as it was at one time probable that this might have been the last occasion on which Their Excellencies could visit Toronto officially before leaving Canada. But it is now understood that they hope to pay at least a regimning of November, and understood that they note that the end of October ceumstances and in view bein Toronto of the control of the cont at one time probable that this might have been the last occasion on which Their Excellencies could visit Toronto officially before leaving Canada. But it is now understood that they hope to pay at least a brief farewell visit at the end of October or beginning of November, and under these circumstances and in view of the fact that to be in Toronto on the 30th would involve nearly a week's interruption of the necessarily brief holiday stay of the Governor-General with his family at their seaside cottage resort at New Richmond, to which they are now traveling for a little rest and quiet, the directors agreed to fall in with His Excellency's suggestion that some one else should be asked to offichate at the opening ceremony. His Excellency has shown his interest in the Exhibition by offering a prize, value \$50, for competition in any agricultural department of the Exhibition at the discretion of the directors. In connection with the above arrangements the meeting and parade of the Boys' Brigade will also be held later in the fall instead of at the time of the Exhibition.

The Education of Deaf Mutes.

Mr. George E. Powers, representing the Fredericton Institution for the Education of Deaf Mutes, came to the city Saturday, and will make a tour of Ontario in behalf of the institution.

The annual report tells of a calendity which befell the institution just after the opening last session, being the total destruction of the building by fire. The management immediately took steps to secure another building, so that the work should proceed with as little delay as possible. The use of the old Government House was granted for this purpose for a period of two years, and the operations of the institution are now being carried on there until a new building shall be erected. Efforts are now being made with this object in view. Mr. Powers has recently visited Montreal and other portions of Quebec Province, where the appeal has met with a liberal response.

The Wabash Railroad Company With its superb and magnificent new train service, is now acknowledged by all travelers to be the most perfect railway system in America. It now runs four trains each way daily, between Buffalo, Chicago, St. Louis and Kansas City, passing through Niagara Falls, Welland, Sincoe, Tilsonburg, St. Thomas, Chatham and Detroit. To-day's statistics showed last week's decrease in the American visible supply to have been a large one for this time of the year, but the freer onerings of new wheat at the West and a break in cash wheat caused some weakness in futures on the Chicago board. The decline at the close was about ½c per bushel, as compared with Saturday's last figures.

During the six weeks, July 1 to Aug. 8, receipts of wheat at the nine primary markets in the West show a faling out of 6,501,000 bushels, as compared with same period in last year. Of this denciency, 6,442,000 bushels took place in the three spring wheat markets, so Minneapolis, Duluth and Wisconsin, so that the net deficiency has not been owing so much to non-deliveries of new wheat as to the total exhaustion of reserves of all wheat in the Northwest spring wheat States,

New York Gossip.

Henry A. King & Co., 12 King-street east, received the following despatch today from New York:

New York opened this morning shade higher on the London quotations, and commission house buying, but the advances brought out considerable stock. The market felt lits effect. The trading element inrned sellers and offered prices down. There was, however, considerable strength shown in some of the specialities, notably Air Brake, Illinois Steel, Rubber, common and preferred, Biscuit, Malting common and Tobacco. In the Grangers St. Paul led in point of activity and strength. U.P. common and preferred were also conspicuously strong, the latter on reports of an important deal, which is said to be assured and on continued talk of a surplus after paying the preferred dividend. In the last hour the market railled sharply on covering of shorts stock, put our by the professional element early in the day and on buying by Keene brokers.
