DE LA SALLE INSTITUTE,

Corner of Duke and George Streets,
TORONTO ONT.

DIRECTED BY THE CHRISTIAN BROTHERS:

This thoroughly Commercial Establishment is under the distinguished patronage of His Grace, the Archbishop, and the Rev. Clergy of the City.

Having long felt the necessity of a Boarding School in the city, the Christian Brothers have been untiring in their efforts to procure a favorable site whereon to build; they have now the satisfaction to inform their patrons and the public that such a place has been selected, combining advantages rarely met with.

The Institution hitherto known as the "Bank of Upper Canada," has been purchased with this view, and is fitted up in a style which cannot fail to render it a favorite resort to students. The spacious building of the Bank—now adapted to educational purposes—the ample and well devised play grounds, and the ever-refreshing breezes from great Ontario, all concur in making "De La Salle Institute" whatever its directors could claim for it, or any of its patrons desire.

The class-rooms, study-halls, dormitory and refectory, are on a scale equal to any in the country.

With greater facilities than heretofore, the Christian Brothers will now be better able to promote the physical, moral and intellectual development of the students committed to their care.

The system of government is mild and paternal, yet firm in enforcing the observance of established discipline.

No student will be retained whose manners and morals are not satisfactory; students of all denominations are admitted.

The Academic year commences on the first Monday in September, and ends in the beginning of July.

In offering the present edition of the CITY OF TORONTO DIRECTORY to the Public, the Publishers have to regret the unavoidable delay in its issue, owing to the Printer's Strike, and their consequent inability to procure the necessary hands. CURRIE'S BOILER AND STILL ESTABLISHMENT.

NEIL CURRIE established his boiler works now located on the Esplanade, in 1851. Forty hands and an engine of twelve-horse power are kept constantly employed. The establishment is complete in all of its departments, the machinery used being of the very best kind, and fitted up with all the latest labor-saving improvements. He manufactures boilers for marine and stationary engines, stills, iron agitators, tanks, &c. Some of the largest oil establishments in Canada have been supplied by him

BISCUIT MANUFACTURERS.

G S & A WILLIS, 121 Bay street, employ thirteen hands and a thirty-horse power engine. Annual estimate, \$20,000.

BREWERIES.

DON BREWERY was established in 1834, by Mr. Thos Davies, and is now carried on by Davies and Bro. This brewery is on the River Don near Queen street. A steam engine of twelve horse power is used, and nine hands employed. The premises were greatly enlarged three years ago, and now have a manufacturing capacity of 3,500 gallons a day. The quality of ales and porter is unsurpassed. The water used is obtained from the City Water Works.

EAST TORONTO BREWERY.--This brewery was established on Parliament street near King, in 1847, by Mr. William Copland. The buildings are brick, 120 feet by 130, with a capacity of manufacturing 20,000 bushels of malt during the season.

QUEEN STREET ALE AND PORTER BREWERY, J. Cornnell. The premises are well adapted for brewing purposes and a very excellent article of ale and porter is turned out. Capacity between 4,000 and 5,000 gallons per week. The stock cellar is first class.

VICTORIA BREWERY.—This extensive brewery is situated on Gould street, corner of Victoria, and was established in 1849. It is now owned and carried on by Messrs. O'Keefe & Co. It has a capacity of 7,000 gallons a week. The malt floors in the new building have been put up with much care.

SEVERN'S BREWERY, YORKVILLE, Es-
tablished 40 years. This large establish-
ment was erected at a cost of \$40,000.
The machinery and appurtenances are of
the best quality. Capacity about 50,000
gallons per annum.

WALZ'S BREWERY, established in 1858
by John G Walz. Premises are on Duchess
street near Sherbourne. Manufactures ex-
clusively lager beer of first-class quality. A
notable feature of this establishment is the
patent cellar, of which there are only three
others on the continent. It is well worthy
of general adoption.
