MINIMIZES ALLIES' WORK

Declares German Navy has 'Thoroughly Fulfilled Hopes Placed in It'—Asks the Nation to Endure and 'Hold Out'

Paris, Nov. 30.—(Via Reuter's Ottawa Agency)—Reuter's correspondent at British headquarters in France wires: "We are improving the strength of our new gains and giving the enemy no rest. There is evidence that enemy troops have been hurried from Russia and even from Italy to try to restore the situation around Cambrai. The weather continues favorable for the troops and transport is able to move fairly easily."

London, Nov. 30.—Comparative quiet still prevails on the front of the British attack before Cambrai. No important operations there being reported in today's official statement. "A German raiding party which endeavored to approach our lines last evening in the neighborhood of Gavrelle was driven off by our fire before reaching our trenches."

The enemy's artillery was active during the night east of Ypres and also at some positions southwest and west of Cambrai. "The night was calm over the whole front," the war office reports, "except in the Argonne, where the artillery on both sides showed particular activity, and in the region of Chaubert, where, after a series of violent bombardments, the enemy used a large mine, in which he was repulsed completely."

More American Aviators Near the Front, Ready. With the American Army in France, Nov. 29.—(By the Associated Press)—A substantial vanguard of the great army of American aviators, which eventually will operate in France, has arrived near the front.

Slight British Gain. London, Nov. 30.—The official statement issued by the war office last night shows that considerable activity on both sides is continuing in the neighborhood of Boudon Wood. West of the wood we advanced our line slightly by a successful operation. "Hostile raids attempted early this morning in the neighborhood of Hollebeke were repulsed, leaving some prisoners in our hands. The enemy's artillery has shown somewhat increased activity in this sector and in the northeast of Ypres during the day."

ARE GERMAN TO TRY ELSEWHERE? Italian Army Headquarters in Italy, Thursday, Nov. 29.—(By the Associated Press)—The intensity of the enemy attacks along the northern front is regarded as forecasting the moving of activity to other points, either for massed attacks or in preparation of defensive positions capable of meeting the Italians, reinforced by the British and French, in a concerted advance. Aviators report that the enemy was very active along the Tagliamento river, where he is compelling the civilian population to assist in the construction of lines of defensive trenches and works on the eastern bank of the river, which he probably would fall back in case of a reverse along the Piave.

Improved conditions are reported in Italian finances and exchange, and the British sovereign has jumped nine lines within the week.

MINISTER RELEASED ON ADVICE OF JUSTICE DEPARTMENT. Kitchener, Ont., Nov. 30.—The department of justice at Ottawa has notified the local police to release Rev. H. A. Springle, pastor of St. Peter's Lutheran church, who has been in custody charged with aiding the enemy.

WALL STREET, NOON. New York, Nov. 30.—The market continued to sag during the forenoon, Pennsylvania and Baltimore & Ohio extending their mini ums, with additional losses in other rails, steels, coppers, tobacco and oils. Nominal rallies in shippings and motors were not especially helpful, abstention of public interest and luke-warm support from other sources constituting the chief drawback.

HAD GOOD TIME. The young people of the Fairville Baptist church held their monthly social in the vestry last evening. About thirty-five gathered and engaged in interesting games. During the evening readings were given by Miss Pearl Gludstone and Miss Frances Scott and Miss Alice Knox and Miss Scott played piano solos.

THE RIVERS. Reports from up river today were that the river has been frozen over as far down as Bely's Point. The Kennebecasis river is frozen over almost down to the mouth of the St. John river.

BRITISH CASUALTIES IN NOVEMBER 120,000. London, Nov. 30.—British casualties reported during November totalled 120,000, divided as follows: Officers killed or died of wounds, 1,152; men, 24,592. Officers wounded or missing, 8,507; men, 91,108.

LANSDOWNE IS ROUNDLY CRITICIZED

London Editorial Views On His Pacifist Letter SENSATION OF THE DAY

Daily Mail Calls it "The White Flag"—Times Says Extraordinarily Foolish and Mischievous—Could Not Have Chosen Worse Time For Such Sentiments

London, Nov. 30.—The Marquis of Lansdowne's letter giving peace suggestions holds first place in the editorial columns of the London morning newspapers, but with the exception of the Radical Daily News, which approves it, and the moderate Daily Telegraph, which endorses it in part, it is denounced. As a pacifist, Lansdowne is not to be faulted, but his letter is regarded as extraordinarily foolish and mischievous. The Daily Mail heads its editorial with the words "The White Flag" and concludes with denunciatory comment, declaring Lansdowne is alone in his surrender.

LAST HOURS OF VICTORY LOAN LOCAL DRIVE. Charlotte county, it was estimated, would raise about \$900,000 for the Victory loan and was received at the end of the last day. The drive subscriptions to date were \$669,500. St. John has been asked to subscribe \$800,000, but is yet more than \$1,000,000 behind with only one more day left, but it is considered probable that it will be raised. A spirit of quiet optimism prevails, however, here of the fact that there has been some splendid encouragement given the local workers since the first of the present week.

GERMANS TAKE SPEECH OF LANSDOWNE KINDLY. London, Nov. 30.—The newspapers in Germany today publish the Lord Lansdowne letter on their front pages. They consider it a "beginning of England getting reasonable." The letter has caused general satisfaction in Germany, where it is regarded as a "semi-official feeler."

GERMANS ATTACK BRITISH LINES. British Army Headquarters in France, Nov. 30.—(By the Associated Press)—The Germans this morning made an attack on the British lines about Conzelic, just south of the area included in last week's British offensive; no details yet.

DRIVING THE WEDGE HOME. "BYNG!"

Americans Helped In Byng's Great Drive Engineers Took Prominent Part in Pushing Along Railroads Behind Advancing British

British Army Headquarters in France, Monday, Nov. 26.—(By the Associated Press)—American engineers, the first American troops to be engaged in military operations on the British front, took a prominent part in the breaking of the Hindenburg line by General Byng's army. Military necessity has announced that the American army had a large part in pushing up the front lines behind the advancing British soldiers. The devastated battle fields of the Somme district for nearly four months, and two of their men who were wounded, were the first American casualties announced in London.

LENINE GOVERNMENT SAID TO HAVE FALLEN

Austria-Hungary Accepts Proposal to Negotiate For Armistice and General Peace; Alleged Terms on Which Italy Entered War

London, Nov. 30.—The government of Nikolai Lenin has fallen, according to a Petrograd despatch to the Daily Chronicle, dated Wednesday. It has been succeeded by a coalition cabinet of advanced Socialists, in which, however, the Bolsheviks are represented.

Austria Accepts. Amsterdam, Nov. 30.—The Austro-Hungarian government, according to a despatch from Vienna, has sent an official reply accepting the Russian government's wireless proposal to enter into negotiations for an armistice and a general peace treaty. The reply follows: "The guiding principles announced by the Russian government for negotiations for an armistice and a peace treaty, counter proposals to which are awaited by the Russian government, are in the opinion of the Austro-Hungarian government, a suitable basis for entering into these negotiations. The Austro-Hungarian government therefore declares that it is ready to enter upon negotiations as proposed by the Russian government regarding an immediate armistice and a general peace treaty."

Foreign Minister. London, Nov. 30.—The Russian envoys sent to treat with the Germans, according to a Reuter despatch from Petrograd, have telegraphed the Bolshevik government that the Russo-German plenipotentiaries will meet on Sunday.

Some Discussion on Chancellor's Speech. Amsterdam, Nov. 30.—The war credit of fifteen billion marks asked by Chancellor Von Hertling, passed its first and second readings in the Reichstag yesterday after brief remarks by Deputies Scheidemann and Haase. The third reading has been set for Saturday.

LANSDOWNE LETTER PROVOKES DISCUSSION

Plan for Revision of Allies' War Aims and Attempt For Peace Before World Ruined

London, Nov. 29.—The strongest impetus to a renewal of the heated discussion of the rival schools on the war side of the allies was provoked today by the publication of a long letter from the Marquis of Lansdowne, strongly pleading for a revision of the allies war aims and an attempt to secure peace before "the prolongation of the war leads to the ruin of the civilized world."

His letter gives formal adhesion to President Wilson's policy of a league of nations and he asks: "What would be the value of blessings of peace to nations so exhausted that they can scarcely stretch forth a hand to grasp them?" Lord Lansdowne contends that an immense stimulus would probably be given to the peace party in Germany if it were understood:

"First—That the annihilation of Germany as a great power was not desired.
"Second—That we do not seek to impose upon the German people a form of government against their choice.
"Third—That except as a legitimate measure, we do not desire to deny to Germany her place among the great commercial countries.

"Fourth—That we are prepared after the war in concert with the other powers to examine the international problems connected with the freedom of the seas."
"Fifth—That we are prepared to enter into an international pact under which ample opportunities will be afforded for the settlement of international disputes by peaceful means."

Lansdowne's long and intimate connection with foreign affairs and diplomacy lends unusual authority to such a pronouncement at the moment of the meeting of the inter-allied conference at Paris and because of Clemenceau's recent declaration against a league of nations, including Germany and already there are indications of an embittered controversy over it.
It is authoritatively announced that the government had no previous knowledge of the letter and the strongest supporters of the government in the evening press suggest that the letter is very welcome to the government.

The Evening Times and Star

ST. JOHN, N. B., NOVEMBER 30, 1917

The St. John Evening Times is printed at 27 and 29 Canterbury Street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

THE NEGLECTED CHILDREN.

To take a child out of hopelessly bad conditions and place it in a home where it will have an opportunity to grow up to a healthy, intelligent and useful manhood or womanhood, is to make a notable contribution to the welfare of the community.

The Children's Aid Society of the city and county of St. John has given the blessing of home and opportunity to a considerable number of children whose future was dark indeed.

The society, however, has been very greatly handicapped because of a lack of proper accommodation. Because it has no facilities for taking care of children suffering from infectious diseases, its Home is now and has been for some time unable to take in any more children.

Several times during the past year and a half there is no hospital wing, and indeed no proper facilities for treating venereal and possibly diseased children before they are taken into the Home.

The society is able to show that some of its wards placed in foster-homes have proved under favorable conditions to be very clever children. Letters from them and from their foster-parents reveal a real transformation.

The Society needs and must have a new home, or it cannot do its work. The value of that work cannot be over-estimated. The Woman's Council, representing all women's organizations in the city, is appealing to the citizens to aid in providing funds for a new home.

THAT 100,000 MEN. The question at issue is not whether another 100,000 men from Canada will turn the scales in France and Flanders, but whether Canada by refusing to send more men is to give comfort to her enemies and break faith with the living and the dead.

Every Liberal supporting union government would have preferred to follow Sir Wilfrid Laurier if he had adopted the policy they believe to be vital. Since he did not do so they asserted a Liberal principle and followed their own convictions.

Some of the men who are bestest in defaming Liberal supporters of union government are themselves rank partisans, who are disappointed because a government has been formed that is pledged to abolish patronage.

With great effrontery certain persons supporting Sir Wilfrid Laurier claim a monopoly of Liberal principles. Since when has it been a political crime for a Liberal to assert his independence?

The union government has increased the separation allowance to soldiers' wives to \$25 per month. This is an increase of \$5, and will be universally commended.

There has been another change of government in Russia. There will be others, until the strong man comes to bring order out of chaos.

BOURASSA AND LANSDOWNE.

Official Germany is as boastful and defiant as ever. The Chancellor, Count von Hertling, told the Reichstag yesterday that the submarine was doing its work successfully, that the German lines on the western front are still unshaken.

On the same day on which the German Chancellor makes this boastful speech, the Marquis of Lansdowne sent a letter to the British press urging an attempt to secure peace.

A group of western politicians were swapping reminiscences of their experiences in other parts, according to Every-body's, when one said: "In Arizona I was once the victim of a lynching party."

When the nervous system gets run down there is weakness throughout the entire body. You feel tired and languid and your stomach and other digestive organs are similarly affected.

St. Catharines, Ont., Nov. 28.—Many people never realize that the movement and action of every organ of the human body is dependent on the energy supplied by the nervous system.

The answer of the Allies to Chancellor von Hertling should be prompt and decisive. He practically charges them with starting the war and paints Germany as a long-suffering nation fighting for truth and righteousness.

Halifax Chronicle: When you buy a Victory bond you perform a triple service for your country. First, you lend your country the money that it needs.

St. John ought to make good the subscription of \$4,000,000 for Victory bonds.

CHILDREN NEED FOOD—NOT ALCOHOL

How careless it is to accept alcoholic medicine for children when everybody knows that their whole health and growth depends upon correct nourishment.

If your children are pale, listless, underweight or puny, they absolutely need the special, concentrated food that only

SCOTT'S EMULSION

gives, to improve their nutrition and repair waste caused by youthful activity. During school term all children should be given Scott's Emulsion because it benefits their blood, sharpens their appetite and rebuilds their strength by sheer force of its great nourishing power.

Deeply Interesting Lecture Given Before Large Audience in Centenary

An audience which completely taxed the capacity of Centenary church school room last evening heard Mrs. St. Clair Stobart's interesting lecture on Serbia and incidents relating to the war in that country. The lecture, which was under the auspices of the Women's General Club, was illustrated with views of Serbia and the Montenegro mountainous country, lasted more than two hours. She held the audience intensely interested from start to finish.

Mrs. G. A. Kuhring, president of the Women's Canadian Club, was in the chair and those occupying seats of honor in the front of the hall were Lieutenant-Governor and Mrs. Pugsley, General Macdonell, Mayor Hayes, Lady Tilley and officers from the Serbian draft now stationed at Summerside.

Before introducing the speaker, Mrs. Kuhring put in a strong plea for all present to contribute to the Victory Loan.

In opening her address, Mrs. Stobart showed how for years the Germans had planned to overrun the whole world, and how in places where they had conquered, Hun rule was a hell. She made a strong plea for Canadians to do everything in their power to prevent German autocracy and militarism from ruling in the world. She said that those who wanted peace were either ignorant fools, pro-Germans or profiteers who looked forward to another war later on. The German government was not, she asserted, alone to blame for the war, but the German people who are behind the government in every way.

After outlining her work in connection with the Belgian Red Cross, she told how, shortly after opening a hospital in Brussels, that city was captured by the Germans. She with several others, was arrested as a spy and condemned to be shot within twenty-four hours, but she was dragged through the streets under guard and put in prison. She managed to get her liberty and later returned to England.

Then, learning of the Serbian need for nurses, she organized a band of brave women and some nurses and assistants and set out for that country. Mrs. Stobart was appointed to the rank of major by the Serbian government.

With her gallant band she performed many deeds of mercy in that unfortunate country. People came in thousands, some from nearly one hundred miles, to be treated at her hospitals, which were scattered all along the roadsides. More than 20,000 people in all had received medicine from these tents and many fever patients were nursed back to life.

The speaker paid a warm tribute to the courage of the English nurses and also to the Serbian priests and their bravery under fire. She said that the wrong impression held of the Serbians by the people of this country previous to the war, had come from German and Austrian sources. She said that the Serbian soldiers were brave, generous, orderly under fire and dignified in retreat. A coarse word had never been heard from a Serbian soldier while in her presence.

Concluding, she said that the enemy were doing their best to exterminate the Serbian nation, and had bragged that Serbia may exist but there will be no more Serbians. The people, she said, in some instances, been placed within wire enclosures on the edges of pits, shot down in hundreds and buried in the pits. Children had either been killed or sent to Austria and Asia Minor to be educated and denationalized. Serbia has sacrificed her country, in fact everything she has prized, but Serbia is fighting on. Canadians who know what freedom is, should, she thought, help Serbia.

Mayor Hayes, in moving a vote of thanks to the lecturer, said that the trials of Belgium and the Serbians are not to be compared with those of Serbia, and that those in more fortunate countries should press forward with a greater determination to win the war.

Lieutenant-Governor Pugsley stated that he had never heard a better address than that delivered by Mrs. Stobart. General Macdonell, who was introduced by Mrs. Kuhring as a hero who had lately come to reside in St. John, made an appropriate speech expressing his appreciation of the lecture.

Lieutenant Paul, a veteran of the Serbian army, who carries several decorations including one which is on a par with the British Victoria Cross, was also introduced to the audience by Mrs. Kuhring.

HON. MR. CARVELL TO BE HEAD HERE ON MONDAY

The announcement that Hon. F. B. Carvell, Minister of Public Works, is to address public meetings in this city next Monday has created great interest. Mr. Carvell is to speak at the Imperial Theatre Monday afternoon at 4 o'clock and Monday evening at 9 o'clock. The afternoon is to be given over to a mass meeting of women in the interests of union government and Mrs. George F. Smith is to take the chair. Besides Hon. Mr. Carvell, the local candidates S. E. Elkin and R. W. Wigmore are to speak. At 9 o'clock a mass meeting of the electors of St. John and Albert is to be addressed by the minister.

These meetings are sure to be very large—in fact, it is doubtful if the theatre will hold all who wish to attend. Mr. Carvell's stirring message should greatly stimulate the earnest efforts which are being made to elect union government supporters here and elsewhere.

A great many people have been asking when the minister was to speak in St. John and they will be glad to know that on Monday they will have an opportunity to hear the man who has worked so hard in behalf of our soldiers overseas.

Premier May Be Heard at Same Time. Ottawa, Ont. Nov. 29.—Tentative arrangements for Sir Robert Borden's campaign in the Maritime Provinces have been made. The following dates have so far been fixed, although it is possible that some changes will yet be made: St. John, December 8; Amherst, December 8; Charlottetown, December 8, and Pictou, December 7. The prime minister is expected to leave Ottawa on Sunday afternoon, returning probably at the end of the following week.

LEONARD NOT A ONE PUNCH FIGHTER
Uses More Finesse Than Former Champions But He is Just as Effective

When Benny Leonard failed to stop Jack Britton in their recent bout he lost a grand opportunity to convince the doubting ones as to whether he is as great a lightweight champion as some of the others that preceded him. If Britton had opened up and fought toe to toe Leonard might have brought him down, but when the bigger man covered up the smaller could do nothing with him.

The critical ones do not catch this as an adequate excuse, however. They say that if Kid Lavigne or Terry McGovern had been in there with Britton that night his attempt to cover up would not have saved him. McGovern would have stood in close and whaled away until something dropped, and the same thing would have done the same thing, say the admirers of the heroes that are gone.

Leonard's answer to this sort of criticism is that he is not that kind of a fighter. Instead of beating his man down by main strength and aggressiveness he uses more finesse. Leonard asserts that he tried to make Britton open up by backing away from him, as he realized that it would have been foolish to risk breaking his hands on an elbow by flopping away when he had no clear mark to shoot at. But Britton was too cautious to be fooled by this maneuver and the only result was to make Leonard look as though he was none too sure of himself.

Just what is the best procedure when an opponent covers up with both arms wrapped around his head and his stomach drawn in and protected by a crouching attitude has puzzled most fighters. Joe Gans solved it on one occasion by taking aim and driving his fist against his opponent's glove so hard that the latter was knocked out by his own fist, as it were. This happened in his match with Jabez White at Philadelphia.

That Gans was able to perform such an astonishing feat shows what a wonderful hitter he was. It goes without saying that Leonard would be foolish to attempt such a thing, as he would only waste his strength in vain. Leonard is not a powerfully built man and his fists strength are entirely beyond him. He is effective because his judgment of distance and timing is almost perfect and he is able to plant his fists exactly on the vital spots. He never scores a clean knockout with one wallop, as many of the other champions were wont to do, but he gets results in his own way and his record shows that he has been ever more effective than many of the one punch fighters.

You never can tell. Just because a man rushes headlong into things is no indication that he is long-headed.—Philadelphia Record.

COLD STORAGE EGGS
(Montreal Journal of Commerce.) A paternal government which shows a disposition to help those in distress is very apt to find its hands full. In Canada the government has co-operated with various organizations seeking to increase production, to get volunteers for overseas forces, workers for munition plants, to conserve food supplies, to eat fish, and goodness knows what not. These movements have all been praiseworthy, and have achieved a large measure of success as a result of the public work carried on by the government.

Now comes a naive suggestion from the cold storage men who have been hoarding eggs, that the government should spend some thousands of dollars in an advertising campaign to get people to substitute eggs for meat. The nerve of these poor egg kings, and get the people to eat eggs instead of meat. We have no quarrel with the cold storage man. He performs a legitimate part in our scheme of food distribution. We do quarrel, however, with the selfishness of egg-packers or any other group of individuals who selfishly hoard food stuffs and then when the schemes go astray come to the government and suggest that they be helped out of the hole. Instead of the government spending money in educating the people to use more eggs we would like to see them put a minimum price on all cold storage goods. This would force the hoarders of eggs to dispose of the product. After the packing house investigation, which showed the Wm. Davis Company making 80 per cent. in a single year, and other men dealing in food stuffs and operating cold storage plants are not apt to get very much sympathy from the people of the country. We would suggest to these egg packers who have been caught with an over-supply of hen-fruit on their hands, that they should take a leaf from the Chinese method of keeping eggs, and hold them for many years, and then ship them to China, where stale eggs are regarded as a delicacy. Certainly they are not apt to get very much sympathy or encouragement from the Canadian people, who are now paying sixty cents a dozen for cold storage eggs and anywhere from seventy-five to eighty cents for strictly new laid eggs. A cold storage man who is getting five cents apiece for his eggs is not deserving of very much sympathy.

The fellow in the next house says that dealing with one grocer regularly has its advantages. For instance, you can get a few pounds of sugar without being identified.—Pittsburgh Gazette.

(Montreal Journal of Commerce.) A paternal government which shows a disposition to help those in distress is very apt to find its hands full. In Canada the government has co-operated with various organizations seeking to increase production, to get volunteers for overseas forces, workers for munition plants, to conserve food supplies, to eat fish, and goodness knows what not. These movements have all been praiseworthy, and have achieved a large measure of success as a result of the public work carried on by the government.

Now comes a naive suggestion from the cold storage men who have been hoarding eggs, that the government should spend some thousands of dollars in an advertising campaign to get people to substitute eggs for meat. The nerve of these poor egg kings, and get the people to eat eggs instead of meat. We have no quarrel with the cold storage man. He performs a legitimate part in our scheme of food distribution. We do quarrel, however, with the selfishness of egg-packers or any other group of individuals who selfishly hoard food stuffs and then when the schemes go astray come to the government and suggest that they be helped out of the hole. Instead of the government spending money in educating the people to use more eggs we would like to see them put a minimum price on all cold storage goods. This would force the hoarders of eggs to dispose of the product. After the packing house investigation, which showed the Wm. Davis Company making 80 per cent. in a single year, and other men dealing in food stuffs and operating cold storage plants are not apt to get very much sympathy from the people of the country. We would suggest to these egg packers who have been caught with an over-supply of hen-fruit on their hands, that they should take a leaf from the Chinese method of keeping eggs, and hold them for many years, and then ship them to China, where stale eggs are regarded as a delicacy. Certainly they are not apt to get very much sympathy or encouragement from the Canadian people, who are now paying sixty cents a dozen for cold storage eggs and anywhere from seventy-five to eighty cents for strictly new laid eggs. A cold storage man who is getting five cents apiece for his eggs is not deserving of very much sympathy.

The fellow in the next house says that dealing with one grocer regularly has its advantages. For instance, you can get a few pounds of sugar without being identified.—Pittsburgh Gazette.

New York, Nov. 30.—Wall Street—Utah Coppers' three point decline and Baltimore and Ohio's decrease of one and a half points to the new minimum of 48 featured the initial trading on the stock market today. Pennsylvania also fell a fraction to the new low record of 45. Other rail and industrial were depressed, presumably in consequence of foreign developments. U. S. RESTORES FIND OF GOLD.

After 25 Years H. J. Helberg Returns Money With Interest. New York, Nov. 30.—Hjalmar J. Helberg, now living at 461 West 164th street, found twenty-five years ago in Central Park West a red pocketbook, in which was \$400 in gold. Hard up then, he banked the money and used some of it. Later he prospered somewhat and now has restored what he had used. He presented to Lieutenant McCann in the West 117th street police station an envelope containing \$1,075, which he said represented his find, with compound interest at 6 per cent. If the rightful owner is not found, he wants the money to go to the police pension fund, though under the law he may reclaim it. Helberg said a card bearing a woman's name and the address of a hotel around Fifty-eighth or Fifty-ninth street was in the pocketbook when he found it, but he recalls neither name nor address.

Quebec Liberals' Prediction.

Montreal, Nov. 30.—Alfred Leduc, Liberal candidate in Westmount-St. Henry division, at a meeting in his behalf last night, predicted that the Liberals would carry sixty-two or sixty-three in Quebec, and from 135 to 140 out of the 235 federal divisions. He admitted the possibility of two or three Unionist candidates being elected in this province.

CHANCELLOR BOASTS BUT FAILS TO GIVE PROMISE OF REFORMS

Van Hertling Says Submarine Will Reach Its Aim

Calls on Germany For Another Large Sum For War—Little Consolation For The People Who Demand Voice in Affairs of Nation

Berlin, via London, Nov. 29.—Continuing his speech in the Reichstag, in which he announced Germany's readiness to enter into peace negotiations with Russia on the terms the Russian government sent to Berlin representatives, having full powers, Count Von Hertling, imperial chancellor, referred to the submarine warfare against merchant ships systematically.

"The ships sunk will continually exceed the tonnage of those newly built. All observations give us unmistakable proof that the submarine warfare against merchant ships will reach its aim intended for it." In asking the Reichstag for a new development of 15,000,000 marks the chancellor alluded to extraordinary war experience which had called forth among all the German people consciousness and solidarity. Every member of the community, he said, was now aware that the needs of the great total of valiant and able members of the state, which they recognize quite peculiarly as their affair and possession.

When our political life developing itself from this foundation under the crown, and after adjustment to some new bills or reform affecting the workmen's union, referred to the question and promised to do all that was possible to allow free expression of opinion and set aside abuses. He continued: "The point now is to get together the German people and the workmen's union, to the wishes and suggestions which may reach it from this honorable house. . . Of that I am aware."

Count Von Hertling contended that the initiative for Prussian reforms proceeded from the crown, and after allusion to some new bills or reform affecting the workmen's union, referred to the question and promised to do all that was possible to allow free expression of opinion and set aside abuses. He continued: "The point now is to get together the German people and the workmen's union, to the wishes and suggestions which may reach it from this honorable house. . . Of that I am aware."

VON HERTLING SPEAKS ON THE WAR SITUATION.

(Continued from page one.) "From the Sinai peninsula the British are operating against the Turkish army in Palestine and have been able to achieve certain initial successes there. These, however, have no influence on a military point of view. In the theatre of war in Asia Minor and in Irak the situation is unchanged. Says Navy's Work Great, Too. After declaring that the German war fleet had thoroughly fulfilled the hopes and expectations placed in it, the chancellor continued: "The high seas fleet, whose constant activity often has been veiled from the public view, deserves the thanks of our country. It has since its glorious day off the Skagerrak, lately shown anew, after a long interval, in the capture of the islands of Oesel, Dago and Moon in its lately successful fight in the German Bight in the North Sea against a considerable superiority of forces, its constant readiness for battle. As a support and reserve it stands behind our submarine boats, it protects their places of support and opens up a way for them into the open sea."

Count Von Hertling expressed the wish that the territories formerly under Russian sway—Poland, Lithuania and Courland—could have that political form which corresponded to the conditions and culture. He said that affairs in this direction were still completely in a state of uncertainty, and that reports in the press indicating that a definite agreement had been reached on one point were premature. He referred to Germany and her allies as having placed themselves on the foundation of the papal peace note of last August, and said that every ground had been removed for the "foolish argument" that the object of her enemies was to destroy German militarism, which was destroying the peace of nations. He said: "It has been shown here, in truth, the peace destroying militarism can be sought. The Italian minister Sonnino, "Our war aim from the first day was

the defence of the fatherland and the inviolability of its territory, freedom and independence of its economic life. On that account we could greet joyfully the Pope's peace appeal. The spirit in which the answer to the papal note was given still is alive today, but—so much the enemy must await—this answer signifies no license for the criminal lengthening of the war.

"For the continuation of the terrible slaughter and the destruction of irreplaceable works of civilization and for the mad self-mangling of Europe the enemy alone bears the responsibility and will also have to bear the consequences. This applies specially to Sinnolo, Italian minister of foreign affairs. If the Italian authorities who drove into the war the unfortunate population of a beautiful land bound to us by thousand-fold memories had taken the hand of peace held out by the Pope, the frightful defeat of their armies with all its associated consequences would not have taken place. "May Italy's friends accept this as a warning and lend an ear at least to the voice of reason and humanity." In conclusion, the chancellor said that Germany's watchwords must be "wait, endure, hold out."

FIFTEEN PEOPLE WERE LIVING IN SIX ROOMS

Two Families Ordered to Leave and One Remains—One of Many Cases

Rev. George Scott, agent of the Children's Aid Society, yesterday afternoon, accompanied by Dr. G. G. Martin of the Board of Health, paid a visit to one of the poorer districts of the city. As a result two families were ordered to leave a tenement of six rooms occupied by three families, a total of fifteen persons. One family of eight persons will be left to occupy the six rooms. There is neither water nor sewerage in the house at present but efforts will be made to have these conveniences installed if at all possible.

FINE LECTURE AND GOOD CONCERT IN CITY HALL, WEST ST. JOHN

A fine programme was carried out at West St. John City Hall last evening in aid of funds for the Christmas treat for the widows and children of men killed in action, also the children of the returned veterans. The star event of the evening was a series of extraordinary pictures shown on a screen and accompanied by a lecture by the proprietor of them, Sergt. E. Puddy of the First Contingent of Artillery. Sergeant Puddy took his audience from St. John to England and on to France. On the way they met England's mighty navy on duty. To France through the town of Bullion on to Ypres through the ruins of this once famous city. By the wayside they passed sights such as gun teams killed in route, the divisional train, stores, men going to the trenches, prisoners coming down from Ypres. They entered the first line trenches, went over the top, over the German trenches, and saw our boys bayonet the Germans. After holding the line the cavalry galloped into the fight and our guns advanced under a heavy fire. They saw the wounded being brought out, the chaplain attending to them. The boys in hospital, and then on to Arras and the Somme; the big guns in action, the city of Albert and Arras, now famous in Canadian history. The guns captured by the 2nd and 3rd Battalions at Courcellette.

It is to be hoped that Sergt. Puddy will show these films to the young men of the city, as every citizen would see more of the war in two hours with the pictures than they would read of in two years. Sergt. Puddy is a very fine outfit for a soldier. He said he would be willing to show the views at a convenient time of this evening, free of charge for a private purpose. At present he is working to help the benevolent fund of the O. W. A. of St. John district, to provide a pair of blankets to each widow and widowed mother in St. John. At present there are more than fifteen widows of men killed in action. Five hundred attended last evening and were delighted with the performance. Baby Lorna Waring had to appear a third time, as her dancing was excellent. Mrs. Murray Long was excellent in her solo work, and Mr. Davidson was good on the banjo. Mr. Baird and Private O. Logan of the 14th R. M. R. gave good recitations. Mr. Logan's were exceptionally good. The committee is tendered to all who so willingly helped to make this affair a success.

Fifteen Heroes of War Reach St. John

SEVERELY WOUNDED

Three St. John Men Among The Number—One of Originals of N. B. Battalion Says But 20 or 25 Now Remain

Some fifteen returned soldiers arrived in the city this morning en route to their homes in the province, after doing their "bit" for their country on the firing line in France and Flanders. Included in the party were men suffering from the loss of eyes, arms and hands. For some time there has not arrived here a small party of men who have suffered such severe wounds as have these men. All were cheerful, however. In the party were three St. John men, Private W. O. Mungham, 88 Westmorland road; Private J. D. Campbell, 68 St. Patrick street, and Private V. Bochka, 577 Main street. Private J. D. Campbell, this city, enlisted in 1915 with the 8th Royal Rifles. At the battle of Vimy Ridge he received a bullet wound in his jaw while fighting with the 87th Grenadier Guards. His wife, Mrs. John McPartland, lives at 98 St. Patrick street. Pte. W. O. Mungham's wife and children are still in England, waiting their turn to come back. It is expected, however, that they will be here soon. Private Mungham enlisted in 1915 with the 4th Battalion and was transferred later to another. In April 1917 he contracted illness and was returned home. Private J. D. Campbell, this city, enlisted with the 24th Battalion in 1915 and has been twenty-two months in khaki. In September 1917 he was wounded in the left arm with a sharp-shooter's bullet while in his own trenches. Other Parts of Province. Private E. Bookers, of Bristol, Carleton county, was among those who returned. In March of 1916 he enlisted with the 140th and on reaching France the enemy line immediately awakened to activity and the bullets began whizzing overhead, but the men in the dug-out positions and the very positions themselves had been wiped out of existence. Unfortunately, while the raid was in progress, a shrapnel shell which the enemy had sent over the trench, burst immediately over Private Bookers' head and he was struck in the left shoulder and wrist. After some time in hospital he was sent back to Canada. Private F. Cool of Chatham, who returned will soon make his way to Chatham, where his wife and two children are waiting his return. He enlisted in March of 1916. He was wounded in the head, legs and hand. For three months the wound on his head deprived him of the power of speech, but he has almost completely recovered. Private F. C. Sherwood of Norton enlisted in February of 1915. At Vimy Ridge he was wounded. Private Joseph Carter is to return today or tomorrow to his family in Dalhousie, N. B. He enlisted in March of 1916 and was wounded in the back, head and arm just before Vimy. He was out with a party preparing trenches for the great push of the morning. It was midnight in No Man's Land. The position was a very dangerous one, as the Germans had been expecting something for some time. Pieces of shrapnel wounded him in several places and he was carried to the rear. After several months in hospital he was considered fit to return to Canada. Sapper C. F. Trianel of Holyoke, Mass., was among the other heroes to arrive this morning. In 1916 he enlisted in the 8th Canadian Railway Troop. While in France he contracted serious illness and was sent to England. After months in hospital he was returned home, arriving here this morning.

Very Few Left

Private S. Smith, of Fredericton, a member of a famous N. B. battalion, was in the party. He was wounded at Lens on August 15 by shrapnel and suffered nine wounds, many of which were about the head. One piece of shrapnel pierced his left eye and as a result he has lost the sight of it. He said that from the time the 26th arrived in France he was steadily on duty until August 15, when he was hit. He passed through all the heavy engagements of the battalion and was successful in coming through the worst of them when men all around him were falling. When he left France, he said, there would not be more than twenty or twenty-five of the original members of the battalion left. He was only sixteen years old when he crossed overseas, but his being large for his age got him past all the medical inspectors.

Gunner J. F. McRae, of Hillsboro, arrived. He went overseas as a member of a sapper battery, under the command of Major Allen. At the battle of Vimy Ridge he was hit and had his left hand blown off.

Private G. A. Williston of Chatham, was in the party. He went overseas as an infantryman, and after his arrival in England was transferred to France. After spending a few months in France he was taken ill with trench fever and as a result has been invalided home.

Private S. Frazee of Moncton was in the party. He went overseas with the 22nd Battalion draft and after his arrival in England he was transferred. At the battle of Vimy Ridge he was wounded in the right arm and leg.

Gunner J. Hill, of St. Anne, Restigouche, Quebec, arrived home. He went overseas with the 122nd Battalion and after his arrival in England was transferred. At the battle of Vimy Ridge he was wounded in the left hand and as a result the hand had to be amputated.

ENEMY REGIMENTS
FIGHT EACH OTHER
ON ITALIAN FRONT

Headquarters of the Italian army in northern Italy, Wednesday, Nov. 28.—(By the Associated Press)—Details have been officially received of one of the most sanguinary fights in the northern zone, in which two Austro-Hungarian regiments fought until they almost exterminated each other. The fight was back of Asiago during one of the main attacks against the Italians. The enemy advanced from the two flanks and toward night a regiment of Hungarian Czechs became engaged with a regiment of Galician Poles, both wearing a different uniform and speaking a different dialect. The rifle fire was followed by a bayonet charge and then hand-to-hand struggle with grenades lasting throughout the night, until the two regiments were disintegrated after heavy losses, when it became known that they belonged to the same side. The general situation is not materially changed tonight along the northern and Piave fronts.

ATTACKS REPULSED
Rome, Nov. 28.—Tעות attacks against the Italian positions in Albania at a point ten miles northeast of the Adriatic Sea port of Avlona were repulsed yesterday with heavy losses, the Italian war office announced today. The text of the statement reads: "Albanian troops. Enemy attacks at the confluence of the Susica and Voyksa rivers at dawn yesterday were repulsed with heavy losses."

BIG MEETINGS FOR UNION ARE HELD IN CITY

Candidates Receive a Hearty Reception

Telling Arguments

Large Gatherings in Seamen's Institute and Star Theatre Hear Messrs. Elkin, Wigmore, Baxter, E. A. Schofield, A. O. Skinner and L. P. D. Tilley

Two fine meetings in the interest of union government were held in the city last evening.

Seamen's Institute Meeting.

Dr. J. Roy Campbell was chairman of the meeting at the Seamen's Institute. After a few brief introductory remarks he called upon R. W. Wigmore, one of the unionist candidates. The latter received a warm reception, which was significant of the sympathetic sentiment of the large audience in the cause of unionism.

Mr. Wigmore said that he had been working hard during the past week but he intended to keep it up and work insistently and ceaselessly until the day of the election. The speaker expressed pride at being in a position to stand on the same platform with men who formerly were his political opponents. Although on many former occasions he had fought strenuously their political beliefs he was glad that in this great crisis he was able to see eye to eye with them and they with him. He felt his own unworthiness in the position he now found himself but as he had received the nomination he was determined to do his share in bringing the affair to a successful issue. The whole question, he declared, was whether Canada intended to remain in this great fight of civilization with the same degree of energy or whether she was going to desert the men who have already gone to France to maintain Canada's standing among the nations of the earth—to fight for the principles of humanity.

"I say it with a great deal of pride; I say it with a great deal of humility, that Mr. Elkin and myself are the candidates of the boys at the front."

The speaker then referred to the visit of Sir Robert Borden to England to attend the imperial conference. When he

What is Crushed Coffee?

Briefly, Crushed Coffee is coffee that has had the beans crushed between steel rollers with just enough pressure exerted to break the beans into clean, even grains from which the bitter chaff and dust are easily separated by air suction—

Resulting in a coffee so pure that no egg is needed to settle it. Red Rose Coffee is as easy to make as Red Rose Tea, and its flavor, aroma and smoothness are a delight as compared with the ordinary ground coffees.

returned home he was convinced of the fact that conscription was necessary. It was impossible to secure the necessary men in any other way.

Make Profiteers Loosen Up.

Continuing, the speaker declared that he was not alone for conscription of men but also for conscription of wealth and everything that may be necessary to help win the war. If he went to Ottawa he gave assurances he would use his every effort to despoil profiteers of their ill-gotten gains. To use a street expression, he said, he would make them "loosen up." This was no time for men to take advantage of conditions to make profit for themselves.

Referring to the conscription issue Mr. Wigmore said he did not consider the voluntary system a failure. He considered it to the everlasting glory of Canada that she had sent 400,000 men across, and that within six weeks of the declaration of war 80,000 were proceeding overseas. There was nothing to be ashamed of in this. Rather, from a

standpoint of patriotic response, he believed Canada was head and shoulders above any other nation. The voluntary system, however, has been worked out and the selective draft scheme was the most logical and at the same time the most equitable means of maintaining Canada's strength in France.

Before union government was an accomplished fact a large part of the press of Canada was calling upon the prime minister to do something in this respect. In response to the general sentiment prevailing he extended an offer of coalition to the leader of the opposition but that offer was rejected. Laurier says a referendum should be taken.

"We believe a referendum would be defeated, but even if it were not it would take two years at the least to send the reinforcements to France which Borden proposes to send immediately."

"So go to the ballot box on election day and tell Quebec in no uncertain terms that we do not propose to be dominated by that province. There is no need of making any bones about it, that

is the question. Quebec has been the political football of both parties since confederation. But in spite of Quebec we insist upon sending immediate aid to our men in France who are calling for support."

In concluding, the speaker expressed pleasure at the large attendance of the meeting. He said that he was glad to work artfully in the cause and impress upon their friends why they should do likewise.

Stanley E. Elkin, the other Unionist candidate, had just ascended the platform and he was greeted with a burst of applause, speaking largely along the same lines as at the North End meeting.

E. A. Schofield.

E. Allen Schofield, whom the chairman next called upon, presented a most logical and straightforward argument in favor of conscription. In handling his subject he dwelt upon several subsidiary issues. He first referred to the patriotic fund, the payments made from which showed clearly that the voluntary system did not reach the proper men.

The speaker said that he was in close touch with the recruiting situation in the province. A year ago last March representatives from each of the provinces met at Ottawa to discuss the recruiting situation and it was the general opinion that the voluntary system was a failure. At that time it was pointed out by Sir Robert Borden that there was a border line of 4,000 miles which would have to be guarded in event of the introduction of conscriptive measures, so that a greater force would be required to enforce the act than the number raised. Now, however, conditions were different. The United States was now an ally and international comity served the same purpose as a 4,000-mile line of guards.

Mr. Schofield also spoke of the food control movement. He presented the difficult situation of the food controller. Mr. Hanna was doing much, he said, and within a short time he was hopeful of material improvement in food prices. The need of greater production was also touched upon.

The speaker declared that Union government had his whole-hearted support. Previous to 1914 he was a Liberal, but in 1914 he became a supporter of the union idea which has just lately been consummated.

In concluding his remarks he appealed for a conscientious and impartial study of the recruiting situation. Men were needed and he asked if the selective draft system was not the most just and most democratic.

A. O. Skinner.

A. O. Skinner, formerly one of the most prominent local Liberals, also spoke a few words. Support of Union government, he believed, was the only course for him to take. He was just as much a Liberal as ever, but during the war he intended to drop politics and bend every effort to the successful carrying on of the war.

The audience listened with great interest and the speakers were interrupted time and time again with enthusiastic applause. Three cheers for the candidates and for the king concluded the meeting.

Profiteering An Issue.

Prevention of profiteering was one of the chief issues discussed at the union meeting at the Star theatre last night. Several speakers said that the practice of using the war for the purpose of amassing millions of dollars would be perpetually stopped when the Union government is returned to power.

"And it will be in the better position to prevent this evil," said one of the speakers, "as it will be much stronger than a partisan government being composed of both Liberals and Conservatives."

The chairman for the evening was J. Fraser Gregory, and on calling the meeting to order Mr. Gregory remarked that the gathering was for the purpose of supporting the Win the War candidates. He said that the meeting was intended to bring home to the hearts of the citizens of North End, all the objects of Union government.

Cheers for Candidates.

The first speaker was Mr. Elkin. On entering the hall, some minutes before, Mr. Elkin had been greeted with a great deal of applause and when he rose to speak three hearty cheers were given by the audience which showed unmistakably what the sentiments of the North End people are in the present issue. At the beginning of his speech,

Mr. Elkin remarked that he was not a politician but a fighter. He said that he was on the platform to endeavor to get the people a few things for which Union government stands. Mr. Elkin said that he was greatly pleased to see the work that the women, and the men who had never before taken any interest in an election campaign are doing at the present time for the Union government. He said they did not consider the party which was going in power, they were interested in bringing the boys home and the winning of the war. Mr. Elkin explained that before the conscription bill was passed there was the old militia act in Canada which made every male citizen perform military duty in war time when called upon re-

The Kaiser's Secret Army In The U. S. A.

While American manhood takes up the challenge of the Kaiser's armed forces on the seas and fields of Europe, the very sources of its support in the United States are menaced by furtive, non-uniformed armies whose weapons are spying, sabotage, bomb-planting, incendiaryism, murder, and a hundred forms of insidious and demoralizing propaganda.

What are we going to do about it? The leading article in THE LITERARY DIGEST for December 1st, will give one a clear idea as to what is being done and what it is proposed to do. It presents the facts from many angles and reflects the feeling of the American people on the subject, through the editorial comments of leading publications. Various remedies are suggested—an ominous undertone being evidenced in the statement of the New York Morning Telegraph, which says, "In our judgment these outrages will continue until some spy is caught, convicted, and shot."

PREMIER COMING EAST TO CONTINUE FIGHT NEXT WEEK

Dates for Sir Robert's Maritime Tour Not Yet Announced

WITHDRAWALS IN TWO COUNTIES

Albert Champagne No Longer a Candidate in Battleford; Straight Fight in Bonaventure—London Papers Refuse Laurier Advertising—Premier's Tour in Ontario.

Ottawa, Nov. 29.—Sir Robert Borden is expected to leave on Sunday afternoon for the maritime provinces, where his campaign will be continued. Dates for the meetings there have not yet been definitely fixed.

Champagne Out of Fight. Ottawa, Nov. 29.—Albert Champagne, one of the Unionist candidates in Battleford (Sask.), has dropped from the fight, according to a telegram received here today. Mr. Champagne is a former Liberal member who voted for conscription.

Narrowing the Issue. Quebec, Nov. 29.—Captain Ambrose Lendry, anti-conscriptionist candidate in Bonaventure county, retired from the

campaign today. The two candidates remaining in the field are Hon. Charles Marcell, Laurier Liberal, and P. Furois, Unionist candidate.

Staying in Field. Neepawa, Man., Nov. 29.—Alexander Dunlop, the Laurier candidate, who on Tuesday announced his resignation through the columns of his paper, the Neepawa Press, has reconsidered his decision and is again in the field.

Premier at Milton (Ont.)

Milton, Ont., Nov. 29.—Two crowded meetings in the town hall and the Princess Theatre were addressed by Sir Robert Borden today. The premier's arrival was delayed slightly by the discovery at Toronto that a brake beam on his private car had broken. It was left in the city for repairs and the party came out on a special consisting of a combined baggage and first class car. They were met at the station and escorted to the meeting by a band.

The Union government, declared Sir Robert, could give better service to Canada in the hour of her stress and strain than could be given by any party.

Mayor E. F. Earl, of Milton, who acted as chairman, made a brief reference to the Kitchener disturbance. Any man, he said, who refused to listen to both sides in the great question of the day should be deprived of his franchise.

The Union government, the premier asserted, had already justified itself by its deeds. First, extension of the Civil Service act to the outside service; second, abolition of patronage lists; third, the appointment of a non-partisan war purchasing commission for all departments of the government; fourth, taxation of incomes; fifth, adequate taxation of war profiteers.

It was not an agreeable task for a man of his temperament, he said, to ask the youth of Canada to go forth voluntarily and fight even in as just a cause as that which called them out. It was a still sterner and more painful duty to impose a compulsory military service. Sir Wilfrid Laurier, who objected to it now, had re-enacted it in the Militia act in 1904, which had contained it since 1868.

If the Canadian troops had not barred the way to Calais at St. Julien, conditions in Canada would not be as soft as they are today. Cries of "No," and "Never" greeted the premier's appeal to the audience whether they were prepared to desert the Canadian troops at the front. There were men there who ought to have a rest, men who had been wounded three or four times, but who had to go back to the front because there were no reinforcements. Addresses were also delivered by Dr. Anderson, the candidate in Halifax, and Robert Mackay, K. C. of Toronto.

Disapproves of Demonstration. Winnipeg, Nov. 29.—The Army and Navy Association here discountenances any suggestion that opposition should be offered to Sir Wilfrid Laurier, speaking in Winnipeg, and in a resolution states: "We stand for the utmost freedom, including freedom of speech, and we would deprecate any attempt in Winnipeg to emulate the example of the rowdies at Kitchener, who denied the prime minister of Canada the right to address a public meeting by interrupting or in any way embarrassing Sir Wilfrid if he chooses to speak in Winnipeg. This is fully in line with public feeling in Winnipeg."

The Only Question Worth While, Says Honorable F. B. Carvell

Speech At Andover

Says Opponents of Union Government Fail in Duty to Country, To Theirself and to Soldiers at Front - Given Hearty Welcome

Andover, Nov. 29—Andover gave a hearty welcome to Hon. F. B. Carvell when for the first time here he addressed a meeting called in support of a government that stands against the policies enunciated by Sir Wilfrid Laurier.

The meeting was held in the Specialty Theatre and the audience, which numbered some 600 electors, filled the hall to capacity. Every portion of the lower end of Victoria county was represented and the minister was given a splendid hearing.

In introducing the speaker he referred briefly to the events leading up to the formation of the Union government and said it was the first time in his long political experience that he had had the pleasure of appearing and speaking in favor of F. B. Carvell.

When the call was made for 20,000 men the response received was 38,000. These drafted men were sent to the front in the month of August, and they were to stay there for at least eight months.

He believed the people of Canada would support the men who voted to keep that contract as he believed the people of Canada placed their duty to the soldiers ahead of every other question.

He then dealt with events leading to the formation of the Union government and said that he was not a man who had ever advised a leader as he had advised Sir Wilfrid Laurier.

There was no debate on the question as there was a complete agreement, Sir Wilfrid Laurier declaring that he was in this war to the last man and the last dollar a promise in which the speaker concurred and which he intended to see kept.

Idea and still not separate from my leader.

"When conscription became law we had several conferences upon it. I tried to get an understanding of what the party policy would be when it came time to go to the country, but I could not get any other proposal except that after the elections were over we should hold a referendum to see whether we should go on or not.

"It did not take me long to split on that rock and in twenty-four hours after I had separated from my leader the Union government was formed, and I had accepted a position in that government.

Mr. Carvell said he had had previous offers to enter union government. Sir Robert Borden had approached him in May, in June, and had a dozen other times. He refused because he thought the problem could yet be settled and the party kept in line.

Not a Bite of Breakfast Until You Drink Water

Says a glass of hot water and phosphate prevent illness and keeps you fit.

Just as coal, when it burns, leaves behind a certain amount of incombustible material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated from the system each day, becomes food for the millions of bacteria which infest the bowels.

Remember inside bathing is more important than outside bathing, because the skin pores do not absorb impurities into the blood, causing poor health, while the bowel pores do. Just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels.

proportion to the English speaking part of the Dominion? By sending a partisan government into power? By returning the Laurier government to Ottawa? All governments have catered to Quebec, the late government did. There is only one way to overcome that. The Military Service Act calls for 100,000 men. If necessary, and I believe it will be necessary, for the war is not to be won easily as we have seen, more will be needed later. How are we going to make Quebec do her share unless we have a non partisan government at Ottawa which will be the voice of the Canadian people? Then we can let Quebec vote as it pleases. Laurier and Bourassa are together, Laurier says they are not, but Bourassa says that Laurier and his followers suit him. Are they together?

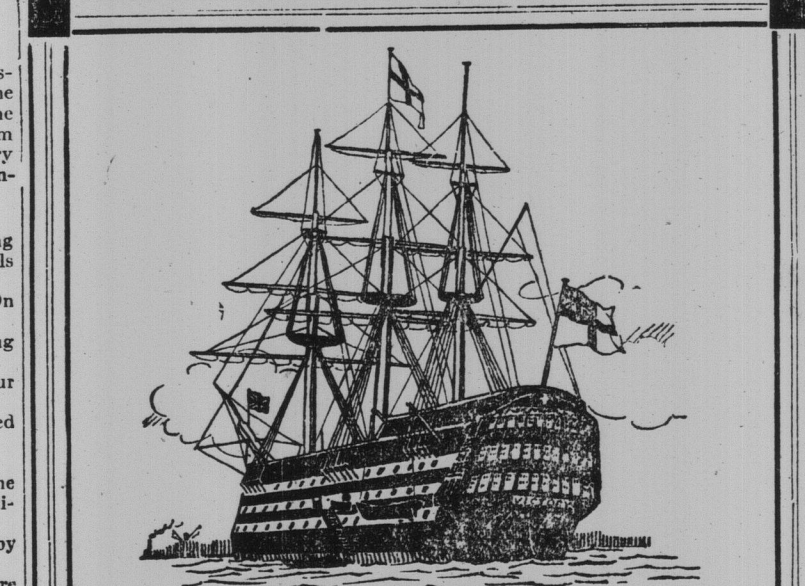

Think what the Christmas message to the soldiers will be. Will it be, 'We are sending to Ottawa men who we can trust to do their very best for you and the empire' or 'We have decided to let you stay where you are for eighteen months while we decide what to do for you.'
At the conclusion of his address Mr. Elkin was enthusiastically applauded.

'The Liberals have no better fighter than F. B. Carvell. Does he follow Sir Wilfrid tonight? We know that he does not. Does any man of reputation dare to say that Carvell left his leader and broke with numerous friends to get a seat in a cabinet? No man dare say it and no truthful man can say it. Besides, if the election had been run on a party basis, it is practically certain that the Conservatives would have been defeated for they have incurred a heavy loss of votes. Palpitation of the Heart and Nerve Troubles WERE CURED BY Milburn's Heart and Nerve Pills

When the heart begins to beat irregularly or intermittently, palpitate and throb, skip beats, beat fast for a time, then to slow as to seem almost to stop, it causes great anxiety and alarm and the least excitement or exertion seems to affect it.
Many people are kept in a state of morbid fear of death, because weak, worn and miserable through this unnatural action of the heart.
To all sufferers from heart troubles we would advise the use of Milburn's Heart and Nerve Pills, which by their action in strengthening the heart and regulating the beat remove all the distressing conditions and impart vigor and vitality to the system.
Mrs. Thomas Davidson, Mount Brydges, Ont., writes: 'I have been a great sufferer in the past with nerve troubles and palpitation of the heart. I tried several remedies, but without any good results. My son came in one day and advised me to take Milburn's Heart and Nerve Pills. After using one or a half boxes, I am fully recovered and am in a perfect state of health, thanks to your valuable medicine.'

The Kaiser Started It

'No one likes conscription; but we did not start it. The Kaiser did, and until he is beaten we will have to bear it. There has been profiteering in this country. I am not going to blame the government that was, for what happened, because there is so much work entailed in running the war that it is impossible to know every person who came in contact with the government in the supplying of different things. But the fact that men in the government have dropped out and men like Carvell have entered one, is a surety to Liberals and every one else, that the answer is 'No.'
At this point a man in the back of the house answered 'Yes.' Then Mr. Baxter said: 'If the issue answered me, I will aid them in Frank Carvell, thank God I have, and this audience has, and the whole constituency has, and the whole country has expressed itself must be disappointed. He does not want a union government, he wants a partisan government.'
R. W. Wignors, who had arrived from the city meeting, addressed the audience. He spoke on the same lines as in the other meeting last night, and in the former one in Victoria Park. He said that he considered himself as the representative of the boys in the trenches. He also said that he did not want the voters to split the ticket. 'If Elkin does not go to Ottawa I don't want to go.'
E. A. Schofield addressed the people, and he mentioned in his speech the seriousness of the food situation in Canada at the present time. He said that Canada will have to make some sacrifices in that line now another crop has been harvested for England needs to have some of that which we had reserved in Canada to do us for the coming year.
An appeal to subscribe to the Victory loan was given by L. P. D. Tilley, who told the people that they were still some people in the city who do not think the Dominion of Canada is as safe a trustee for their money as is a bank. He said that the people of St. John have in the banks over fourteen millions and they are only asked to invest four million of it, and they get the best of the deal. He said that some people talked as though it was giving the money to the government instead of lending it, and at first class interest, too.
When the speakers had finished, the chairman called for three cheers for the candidates, and they were given with a will and a tiger, too. The spirit of the North End people in regard to this question is unmistakable. Then three cheers were given for the king, and the meeting broke up. There was a large crowd present and the hall was crowded to the doors, a number of men standing up at the back. The meeting was by far the most enthusiastic that has yet been held.

MOTHERHOOD WOMAN'S JOY

Suggestions to Childless Women.

Among the virtues of Lydia E. Pinkham's Vegetable Compound is its ability to correct sterility in the cases of many women. This fact is well established as evidenced by the following letter and hundreds of others we have published in these columns.

'I want other women to know that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong. Write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice—it will be confidential and helpful.'

LYRIC *Another Feature Superior Today!* **LYRIC**

MR. F. M. MASON, in conjunction with the management of the Lyric, takes very great pleasure in presenting the foremost stars of the stage screen, and the illustrator of fighting types:

MR. TYRONE POWER
 In Special Adaptation of Herman Whitaker's Novel

The Planter

This remarkable story was one of the best sellers on the market when written, and was syndicated to one hundred metropolitan newspapers of the United States, with a circulation of over four million.

Something of Local Interest is Centred in the Film Appearance of Mr. Power in St. John

The older folks will, no doubt, recall the engagement of Tyrone Power with his former wife, Edyth Crane, at the Opera House here in the early nineties. He was the first to produce the well-known play, "Tribby," in St. John, and also won much prominence for his work in a bill called "The Texan." He gave much pleasure to local theatre-goers at the time; in fact, his was as much a household word then as P. X. Bushman's or Mary Pickford's is now. Be sure to see him in "The Planter."

SPECIAL PRICE SCALE:
 MATINEES—Children, 10c. - - - - - Adults, 15c.
 EVENINGS—Children 10c. - - - - - Adults, 15c.

MATINEES 2.30 **EVENINGS, 7 and 8.45**

And, mark you, "The Planter" commanded a price scale of from 50c. to \$1.50 in Upper Canada. The special price arrangement during its St. John engagement was made possible only by a guarantee of several other bookings.

GLEAMINGS OF TRUTH ABOUT "THE PLANTER"

The well-known Novelist himself personally supervised the picturization.

Over \$250,000 was spent in building the production.

It was necessary to move a company of 200 men and women to locations in Southern Mexico.

A fascinating feature of the play is a beautiful young Slave girl who uses every artifice of her sex to overcome the hero's northern scruples.

The horrors of a stockade fire and the deadly tangle of a jungle forest are vividly pictured.

"The Planter" is most decidedly unique in construction and different from anything you have ever seen.

Supporting Mr. Power is Laman Johnston, Pearl Elmore, Helen Bate-man, Mabel Wiles, Lucille King and others.

WHAT YOU'LL SEE IN "THE PLANTER"

The southern Mexican jungle at its wildest with the natives of the country engaged in gathering rubber. Native villages as they are conducted under the stockade system with white overseers. The old Spanish monasteries of the country that rear their white walls and castellated towers in the most unlikely places. A raging fire that destroys an entire native village in the heart of the rubber country. A beautiful Mestizo, Andrea, who cannot comprehend the manners or morals of Northerners. A tropical storm that whips the wilderness with true tropic ferocity.

DUFFY BALTON AND H. B. WARNER IN "THE RAIDERS"

A Five-Part Thomas H. Ince Production.
 Peter Milne, Critic of the M. P. N., Said:

The finesse, the human touches, the vital bits of comedy that are always present in Thomas H. Ince pictures lift them far above the average feature. Those things which go to make Mr. Ince's pictures so extraordinary are present in "The Raiders."

The picture is full of contrasts, contrasts of scene and of dramatic action, and as a consequence, "The Raiders" keeps one in a good humor over its entire length. And it is unusually strong besides.

The realism of the settings is of the usual Ince sort, and not to be passed over without extra comment. The stock exchange scenes are excellent, and the office settings are equally good. The scenes laid in the lunch room are delightful, and the home of Haldeman looks as if it had never seen a motion picture studio.

Beavers Win From Ramblers.
 In the city bowling league last night on Black's alleys, the Beavers defeated the Ramblers by three points to one. The match was very close and interesting throughout and is said to be one of the best rolled in the league so far this season. Some very good scores were made by both teams. Carleton, of the Beavers, made the highest score last night, rolling 119 for his first two strings and 98 for his third, giving him an average of 112. Duffy of the Ramblers rolled 105 and 101 in two of his strings and had an average of 100.3 for the three strings. Tonight the Tigers will bowl the Colts. The individual scores last night were:

Separation Allowance To Be Raised To \$25

Ottawa, Nov. 29.—An order-in-council has been passed in connection with the separation allowance paid to wives and other dependents of soldiers below the rank of sergeant in the Canadian expeditionary force from \$20 to \$25 per month, beginning Dec. 1. The effect of this is that in the month of January the wife or other dependent of every soldier hitherto in receipt of \$20 per month will receive \$25, the extra \$10 representing the increase for the two months of December and January and in each month thereafter she will receive \$25 instead of \$20. Checks for January will be issued earlier than usual.

WANT QUEBEC TO HAVE CREDIT FOR TOTAL

Quebec, Nov. 29.—In connection with the statement of figures given by the Victory loan headquarters of Toronto to the press of Canada and showing the province of Quebec to a disadvantage by reason of separating Montreal and the Island of Montreal from the figures given by this province, the matter has been brought to the attention of the local committee and yesterday the following telegram was sent to the chairman of the Victory loan committee, Toronto:

"People of this province feel keenly your action in publishing the figures of Montreal and province separate as against province of Ontario. Has detrimental effect here.

ANARCHISTIC ITALIAN ORGANIZATION FORMED PLOT TO CRIPPLE U. S.

Seattle, Wa., Nov. 29.—Desire of the Circola Studi Sociali, an alleged pro-German-Italian anarchistic organization to cripple America's war plans, led it to distribute propaganda and send out agitators to give false warnings to American housewives that the American food administration planned to seize their canned fruits, jellies and their stored foodstuffs. H. M. White, United States immigration commissioner, announced today. Mr. White directed recent raids in which more than seventy alleged members of the society were arrested.

The task of endeavoring to undermine the food administration's work was but one of many undertaken by the members in their efforts to aid Germany, federal officials say. Other steps included an assassination of King Emmanuel of Italy, seizure of foodstuffs in the United States and spreading of disinformation both in the ranks of the Italian army and throughout the United States.

RESCUED BY A ST. JOHN MAN

Wm. Hartin Saves Roy McMillan of Vancouver, Adrift, Helpless, in Storm on Queen Charlotte Sound

The following account of a heroic rescue by a St. John man is quoted from a Vancouver province of October 29.—"Roy McMillan of Vancouver had a remarkable escape from being drowned in Queen Charlotte Sound two weeks ago. He started for home from Prince Rupert, where he had been fishing all summer, in a thirty-foot gasoline launch. After leaving Calvert Island the sea was running so that he could not turn to go back, so he ran between Table Island and the mainland looking for shelter, but finding none decided to make for Shushartle Bay. When near Cape Cauton his engine broke down and his boat was driven on the rocks, smashing his propeller and steering gear. Having lost his small boat, and with his launch rapidly filling with water, he drifted helplessly. With a heavy southeast wind blowing him out to sea, he gave up in despair. After drifting for hours he was observed by William Hartin, light-keeper on Egg Island, who tried to launch a boat to go to his assistance. After having his boat overturned several times, Hartin succeeded in getting his boat out. His wife watching, at times could see neither boat. But, fortunately, he reached Mr. McMillan and both got safely back to Egg Island, where Mr. McMillan has since been because it has been impossible to launch a small boat."

Rely on Bread and Potatoes.

Amsterdam, Nov. 29.—Speaking in the Prussian lower house today on food conditions, Herr Von Waldow, president of the German food regulation board, said: "Considerable supplies of grain for making bread have been provided by early threshing. The imperial grain bureau has already received 1,000,850 tons, as compared with 800,000 tons last year. The potato crop may be regarded as satisfactory—almost as a good one, and we count upon having 34,500,000 tons. Distribution will be carried out much more efficiently than in recent years. The same quantity of sugar as formerly can be delivered. We shall still have to bear many restrictions, but we have adequate food supplies for the new year. Herr Von Waldow said that bread and potatoes would form the basis of the food supply."

Pathe Records are Supreme

Supreme musically—supreme scientifically—supreme in the extent of repertoire.

Pathe records are supreme musically and scientifically because of the method of recording in a long, broad sound wave, and the reproduction by means of a round, polished, genuine sapphire ball, which completely fills the groove and gathers the music from every point of contact.

This combination produces a tone full, rich, natural and with forty per cent. more tone colors than any other record.

The sapphire ball never requires to be changed, and never wears out the record.

The Pathe repertoire of records is superior because not only does it include records by the most popular artists in America, but also contains selections by the best-loved European artists who have not yet left, and may never leave, the old world. Such artists as Ruffo, Muratore, Didur, Albani, Cavallieri, Fittuzi, Cisneros, Slezak, Weil, Ober, Urtus, Parvis, Boninsegna, Koralek, Georgini, Constantino, and many others record for Pathe. Band, orchestral, and instrumental records, without equal, are at your command through the Pathe Records. All the best in art and music is yours through Pathe. And the Pathe list is kept strictly up to date.

If you already own a talking machine it can be equipped to play Pathe records. Call on any of the dealers mentioned below and see how you also may enjoy Pathe records.

SEE THE NEW PERIOD DESIGNS IN PATHEPHONE
