DUTY ON COKE URGED BY NOVA SCOTIA MINERS

Also Request Tariff Boost On Anthracite Screenings

BESCO APPEALS

Shoe Makers Prepare Brief for Submission to Federal Board Feb. 3

GLACE BAY, N. S., Jan. 15.—P. J. Muise, vice-president of the Nova Scotia Mine Workers, and W. P. Delaney, district secretary, left last evening for Ottawa, where they are to submit on behalf of the miners of Nova Scotia a brief in connection with the application of British Empire Steel Corporation for:

- 1—Increased tariff on anthracite screenings.
2—Imposition of a duty on coke imported into Canada for metallurgical, foundry and domestic purposes, and
3—Abolition of the rebate on coal used in by-product coke ovens.

THE COKE SITUATION

It is understood that district executive officers are not concerning themselves with all of the matters set forth in the application, but they will in their brief confine their attention chiefly to a request for an increase of duty on coke imported for domestic use and also a request for the abolition of the rebate on coke used in by-product coke ovens.

They are submitting their brief, it is understood, on the assumption that during the coming session, the Federal parliament will introduce legislation looking to erection of coaling plants for the use of Canadian coal and they believe that by keeping down the importation of American coal it will mean the release of large quantities of winter coal for conversion into coke.

SHOE TARIFFS

OTTAWA, Ont., Jan. 15.—(By Canadian Press) An application by the Shoe Manufacturers Association of Canada for revision of the tariff on boots and shoes, has been added to the agenda for the sittings of the Federal tariff board which is to open on February 1. This application, which the board hopes to reach by February 3, asks in part:

That the British preference on boots, shoes, slippers, etc., be retained, so as to read in the tariff schedule, 25 per cent. instead of 17 1/2 per cent as at present.

That slipper cloth of camel hair, wool and cotton, imported by slipper manufacturers, be admitted free, all tariffs.

VALUE FOR DUTY

That the customs act be revised to provide that the value for duty shall be not less than the cost of production of similar goods in the principal markets of the country of export, plus a reasonable profit.

That the present limitation of dumping duty to 15 per cent. ad valorem, be repealed, in order to provide a more effective deterrent.

CHAPLIN GIVES HIS VERSION OF TROUBLES

Screen Comedian to File Counter Suit For Divorce

Continued from Page 1
his attorney, Nathan Burkan, last night. "I can't understand all this bitterness, except that I know it has been instigated by my wife's family. She must be devoid of feeling, I guess."

CONFIDENT OF OUTCOME

Chaplin intimated he would be here for perhaps two weeks, in which time he would plan his divorce action. He admitted he was worried, but said he was confident of the outcome. "I have faith in the patience and sense of fair play of the people until I have a chance in court to tell my side of the story," he said.

LOVES CHILDREN

"I see all around me happiness, tenderness, home life, sanity—all the things I love, and I am very much attached to children and home life. I like both my children—they are both very wonderful. I wouldn't say that I love one more than the other; one may be more interesting than the other, but I love them both."

DENIES RETIREMENT

Mr. Chaplin denied he would retire from the screen, although, he said, work on his latest picture in process of making, was temporarily suspended. He also emphatically denied a statement in his wife's complaint that while on a railroad train on their honeymoon, he said to friends that it was better to marry than go to the penitentiary. "The story, he said, was a deliberate falsification, false in every detail."

HAYS SUSPENDS JUDGMENT

Will Hays, head of the moving picture industry in El Paso, Texas, last night said that in fairness to Chaplin, until the public has heard his side of the divorce proceedings, judgment should be suspended.

CALLS BAN "UNFAIR"

NEW YORK, Jan. 15.—As a protest against alleged unfair treatment of Fatty Arbuckle films several years ago, and in anticipation of "an equally unfair ban" on Charlie Chaplin film productions, a local playhouse has announced a week's run of a combination Arbuckle-Chaplin films.

CANADA GIVEN
PRAISE FOR HER
WORK AT GENEVA

Dr. W. A. Riddell, Advisory
Officer, Addresses Cana-
dian Club Here

"THAT Canada's external relations are attracting more attention both at home and abroad than ever before in the history of the country," was one of the outstanding statements made by Dr. W. A. Riddell, Canadian Advisory Officer, accredited to the League of Nations, at a luncheon given him by the Canadian Club of Saint John, last night, in the Admiral Beatty Hotel.

"Canada," said the speaker, "has an excellent record at Geneva and has been fortunate in the men she has sent over to represent her."

"Because of their experience in complex federal-imperial constitutional systems, the Canadian delegates have shown a splendid attitude in dealing with the questions of a constitutional nature, and at the first assembly they struck out Article 10 of the Covenant by their protection, and in presenting their arguments, the Canadian delegates drew attention to the fact that Canada and the United States had enjoyed a period of over 100 years of peace, although a 4,000-mile frontier separated the two countries."

QUESTION RAISED.
"The enlargement of the council last March," the speaker continued, "at once raised a question for the British Commonwealth of nations. Before the reorganization of the British Commonwealth group had one representative out of ten; now it has one out of fourteen. In view of this fact, it was decided that Sir George Foster, the head of the Canadian delegation to the Seventh Assembly should make a declaration in the assembly on behalf of the dominions, re-stating in part the position taken by Sir Robert Borden, and accepted by the Big Three at the Paris Peace Conference, that the British dominions had equal rights to representation on the council and otherwise with every one of the fifty-six members of the League of Nations."

The chairman of the evening was Dr. J. M. Magee, who introduced the speaker. Seated at the guests table were Dr. C. C. Jones, Chancellor of the University of New Brunswick; Dr. H. H. Hagerman, president of the Alumni Association of the University of New Brunswick; and Professor Adam Cameron, of the Chemistry Department of the University of New Brunswick.

\$250 LIQUOR FINE
IN YARMOUTH CASE

YARMOUTH, Jan. 14.—William Sweeney, of Central Argyle, was before Stipendiary Magistrate Hatfield at Tusk, today, charged by Deputy Provincial Inspector O'Leary with a violation of the Nova Scotia Temperance Act. The case arose from the results of a visit which Inspector O'Leary made a few days ago to Sweeney's premises and located a quantity of Scotch whisky, hidden under the floor of the garage. Sweeney put up a strong plea of innocence of the goods being there other than for storage. He said they were left there by a friend from the United States, who visited him some months ago. Evidence was brought by

O'Leary, however, that quite confounded the story of Sweeney and he was found guilty of keeping liquor for sale. Stipendiary Hatfield imposed a fine of \$250 and costs of six months in jail. Sweeney chose the former and paid up.

MAINE FAIR DATES
ARRANGED FOR 1927

BANGOR, Me., Jan. 14.—The annual meeting of the Maine Fair Managers Association closed yesterday morning. Protracted conferences were held regarding fair dates. The probability appears to be that there will be something of a re-arrangement of the Bangor-to-Brookton chain with the Central Maine Fair, at Waterville, leading off a week earlier than the Bangor fair, Skowhegan following Bangor on the week usually taken by Waterville, the State Fair at Lewiston followed by Farmington and Gorham which brings the chain up to the Rochester, N. H., time. The arrangement is tentative but will probably be adopted.

The FORGOTTEN CLAUSE

A NUMBER of years ago we issued a policy to a man who subsequently became incapacitated from tuberculosis. For three years, he was unable to do anything. One day his mother came to me wanting to surrender the policy on her son's life for the cash value. I examined the policy and found it carried a total disability clause which the poor woman had entirely overlooked.

"Surely," I said, "You don't want to surrender this policy." And I read the mother the disability clause. She didn't yet quite understand.

"It's all right for you to talk," she said, "but 'I need that money NOW'"

"It would be a sin to take this policy from you now. I simply won't do it," I told her flatly.

I reported the case to the head office. The Mutual Life Assurance Company of Canada promptly refunded two years' premiums and in addition paid an amount covering the monthly income for the two previous years.

Regularly each month after that until her son died, The mother received a cheque from the Mutual Life of Canada. At his death the company sent her a cheque for the amount of the policy in full.

Had she surrendered that policy as she tried to do, she would have been practically penniless before he died, as her son's policy had only been running a few years and its cash surrender value was therefore comparatively small.

All Representatives of the Mutual Life of Canada are equipped to give invaluable counsel upon life insurance, explain the various provisions of different Mutual policies and point out the particular policies called for by your insurance needs. Beware of
La Grippe

In Europe La Grippe is reported to have appeared in a very serious form and it is feared that it will strike Canada before long.
An excellent way to ward it off, one which was well demonstrated in the epidemic in 1918-1919, is to take two or three times a day and before retiring at night a full dose of Mathieu's Syrup of Tar and Extract of Cod Liver in triple quantity of hot water—following each dose with a Mathieu's Nervine Powder or Tablet.
This treatment does not interfere with one's daily occupations.
All dealers sell these preparations.

THE LATE JOHN L. PECK

ALBERT COUNTY and the province lost a good and useful citizen when Mr. John L. Peck, M. L. A., went to his rest. For nearly half a century Mr. Peck had been active in business affairs in Albert county, first as a merchant, then also as a lumber operator, and in turning taking banking in a private way and building construction work.

THE FREIGHT RATES

PREMIER RHODES of Nova Scotia has given to the press a statement to show how utterly incorrect are any references to the proposed lower freight rates recommended by the Duncan Commission as a subsidy to the provinces.

THE THREAT OF CIVILIZATION

THE Chinese situation has been brought directly home to Canadians by the news that several hundreds of our fellow countrymen have been forced to leave the province of Szechwan.

Real Fireproof House

CAN you imagine a house two stories high with the roof and walls of steel, and the walls of brick, in every detail, and not a particle of anything inflammable in its construction?

Other Views

JUST SLUSH. (Sault Star) WHERE is this case for nudist stop? Where is the jazz madness to end? Was there no virtue at all in the last generation's idea that modesty was a virtue?

CHEMICALS OR OTHER WEAPONS

THE poison gas protocol stands out as an example of how broken agreements shake the confidence of all around. Almost twelve years ago Germany launched the first cloud of poison, contrary to the Hague agreement of 1907, to which Germany was a party.

THE BETTER WAY.

IS the English coal strike, with its long drawn out its losses to owners, workers and the public, with its sympathetic general strike, the straw that has broken the camel's back? Has it, in other words, taught the lesson already learned in many American industries, that co-operation and mutual understanding are safer, financially, economically and humanly?

THE ENGLISH WAY.

AN American paper notices that in the attempt to prevent jay-walking the warnings placed on the streets of London are couched in these words: "Please cross here."

CAPACITY OF HOSPITAL IS NOT SUFFICIENT

G. P. H. Commissioners Discuss Admission of Patients From Outside

The position of the hospital with regard to caring for indigent patients from outside the county was discussed at length at the meeting of the commissioners of the General Public Hospital yesterday afternoon, the matter having come up through the admission of two boys from the government institution, the Boys' Industrial Home, who are scarlet fever cases. A committee was appointed to report on this matter.

M. E. Agar, president, was in the chair. Others present were Alexander McMillan, Dr. Hayes Case, Dr. C. M. Pratt, J. King Kelley, W. E. Emerson, R. H. Gale, superintendent, who reported that the hospital was filled to capacity and difficulties were encountered in supplying beds for acute cases. The annex was unusually full because of many scarlet fever cases. It was pointed out that in 1926 there had been a daily average of 12 more patients in the hospital than in 1925. In December, 1926, the average number was 162.8, in that month in 1925 it was 136.9 and in 1924 it was 122.8.

DECEMBER REPORT

Mr. Gale's report for December showed the average number of patients per day was 162.8 and the total under care 380; at the end of the month 172 remained. There were 20 deaths, 46 operations in the operating rooms, 122 in the out-patient department, where 386 treatments were given. Miss L. Belding, anaesthetist, had undergone an operation and Miss Rhoda Keith was taking over her duties temporarily.

FILLED TO CAPACITY

The superintendent reported also that the hospital continued to be filled to capacity and difficulties were encountered in supplying beds for acute cases. The annex was unusually full because of many scarlet fever cases. It was pointed out that in 1926 there had been a daily average of 12 more patients in the hospital than in 1925. In December, 1926, the average number was 162.8, in that month in 1925 it was 136.9 and in 1924 it was 122.8.

FINANCIAL STATEMENT

The financial statement showed receipts totalling \$20,340.46, which included the following items: Pay patients, \$3,284.98; X-ray, \$1,080.91; city, \$15,000; salaries, \$441. On Jan. 1 the debit balance was \$1,615.64. Miss M. Murdoch, superintendent of nurses, reported eight graduates and 67 student nurses. There were only 17 days lost through illness in the month as compared with 54 days last December.

Out-Patient Dept.

Dr. O. B. Evans, for the out-patient department, showed statistics as follows:

December	1925	1926
Patients	184	278
Visits	688	896
Operations	83	122

The dietitian, Miss H. Wetmore, reported 26,863 meals served at a slightly increased per capita cost. Miss E. J. Mitchell, matron, reported 948 articles supplied the linen room in December and the total in the year was 2,287 and the total to the operating room 254, while 129 were supplied the nurses home. The Women's Hospital Aid kindly donated six wool blankets to replace worn out quilts in the Nurses' Home. Miss Mitchell reported 8,214 articles in use in the hospital and 1,165 in the nurses' home. The year's financial statement for 1926, audited by Paul Blanchet, was submitted and it was pointed out that

LONDON—The ancient customs and coiffures of India are giving way before the flapper and her bobbed hair, according to Sir Awarag, a member of the legislative assembly of India. Throughout the whole Orient the feminist movement is spreading, he reports.

LONDON—London has two Charlestons now, the "kicking" and the "flat." Many dancing teachers hold that the "kicking" version is vulgar and have fostered a type which they deem more graceful and fitting for a ballroom.

SEATTLE, Wash.—Surpassing any waterfall in grandeur, size and volume is the great Mount Kinley. A large glacier, coming down from a height of 15,500 feet in the 15,000 foot level makes a sheer drop of 3,000 feet. The fall is perennial.

FLORENCE, Kas.—When the old Florence Hotel, built fifty years ago, was razed recently, there was much speculation among the residents as to what would be found in the cornerstone. It was a bottle of whiskey—an ounce. On a piece of paper attached to the bottle was written: "Dedicated to a fool."

LEIPZIG—A new opera, entitled "Jonny Splett Auf" was scheduled for its debut here toward the end of January. The work is by Ernst Krenak.

HAVRE-ST. PIERRE TO GET BALED HAY

Ice-Breaker Montcalm is Loading Cargo to Help Settlement

QUEBEC, Jan. 14—The government ice breaker Montcalm has arrived at Ellis Bay, Anticosti Island, and today reported that she expected to sail with a large quantity of cargo, for Havre, St. Pierre. Most of this cargo is composed of baled hay on account of a serious shortage of fodder at the settlement. On leaving Havre St. Pierre, the Montcalm will proceed to Sydney, N. S., to pass the remainder of the winter at that port.

that the full grant received the hospital would have closed the year with a deficit of about \$60. The annual report of the X-ray department was submitted by Dr. A. Stanley Kirkland, showing 687 fluoroscopes were made, 892 X-ray treatments given and 5,233 radiographic examinations were made. The number of X-ray treatments showed a decrease but the other two figures represented a very considerable increase.

PASSES TESTS

Miss Thompson, the assistant in the department, has passed the necessary tests and obtained registration making the department fully standardized. Dr. Kirkland urged the Commissioners to establish some arrangement by which patients from outside the county should be required to pay full charges for the X-ray service. He also recommended that the floor of the department be refinished.

Mr. Kelley was asked by the Board to prepare a bill for presentation to the legislature to cover the recommendation regarding patients from outside the county and it was decided that should be included in the draft bill. Alexander McMillan was appointed Commissioner for the ensuing month.

Bathurst Defeats Chatham By 4 To 3

CHATHAM, Jan. 14—Bathurst defeated Chatham 4-3 here tonight after ten minutes of overtime play. The game ended 3-3, and with but one minute to go, Ken Carroll shot a rebound past Moar and won the game for Bathurst. The game was played on soft ice which made fast hockey difficult.

DARROW TO ASSIST AT TORONTO TRIAL

Noted Chicago Counsel Expected to Take Part in Sterry Case

TORONTO, Jan. 15—Clarence Darrow, noted Chicago counsel, is coming to Toronto to aid word from our defence of Ernest V. Sterry, charged with blasphemous libel, according to Sterry's local counsel. According to the Toronto Evening Telegram, E. L. Cross, Sterry's solicitor, said: "There is no doubt left as to the conduct of the defence of E. V. Sterry. I have had word from our friends in New York and can state that Clarence Darrow is positively coming to Toronto and will conduct the defence with me if the Bar Association will grant him that courtesy." Sterry now out on \$10,000 bail, came before the magistrate on January 18. He is publisher of the Christian Enquirer, in which the writings complained of were published.

Ottawa Company Alleges Agreement to Aid Munitions Factory Broken

OTTAWA, Jan. 15—An action for damages against the Dominion government for \$856,007.20 entered by the Ottawa Car Manufacturing Company will be heard in the Exchequer Court on Monday by Justice Audette. The basis of the suit is an alleged contract between the company and Federal government under which, it is stated, the company was to build a \$2,000,000 munitions factory. The company alleges an agreement was entered into whereby the Dominion government was to supply sufficient orders to keep the plant running. This agreement, the plaintiff claims, was not carried out. Orders for the manufacture of howitzers, it is alleged, were countermanded, resulting in heavy losses to the company.

NOT INVESTIGATING ANOTHER SCANDAL

Landis Denies 1922 World's Series to Be Probed—Commissioner Gets Angry

CHICAGO, Jan. 14—Kenesaw M. Landis, commissioner of baseball, exploded angrily today denying that he was secretly investigating a new scandal in baseball—the 1922 world's series between the Glatts and Yankees. The commissioner said the world's series was when he read today's Tribune. "The only thing to be exploded," he said, "is the story in one edition and then deny it in the next. "I'm getting tired spending all my time making denials to these silly stories. "Some of these reporters get themselves filled with stale beer, mince pie and, oh well— "With that he banged up the receiver.

Figure Skating Meet To Be Held At Toronto

TORONTO, Jan. 15—The annual figure skating championships of Northern America will be held at the Toronto Skating Club January 26, it has been announced here. Competitors from the leading cities in Eastern and Western Canada have sent in the entries for this affair, which promises to be one of the most successful held in recent years. The competitions will be governed by the rules of the International Skating Union and all entries must be in the hands of the secretary of the Toronto Skating Club one week before the date of the meeting.

St. Lawrence Survey By Unbiased Board Favored

ALBANY, N. Y., Jan. 14—A commission of such high order as to be above bias to study both public and private development of the St. Lawrence River's 2,400,000 horse-power of state-owned hydroelectric energy and report its conclusions to the present Legislature, if possible, is the latest suggestion of Republican legislative leaders to break the deadlock between Governor Smith and the lawmakers on the water-power issue. John Knight (R.), Senate majority leader, offered the names of Charles E. Hughes, Maj.-Gen. George W. Goethals, Owen D. Young, and Charles E. Treman, a director of the Federal Reserve Bank of New York, as four of the proposed seven members of the commission. His plan is to draft a bill, placing the names of the men in the act, and to choose persons who could command public respect and who have not been active on either side in the water-power issue. Governor Smith has just indicated that the Sargent Bill, just introduced, would not be acceptable to

him. This is the one carrying out the suggestion of Charles D. Hillel, Republican state leader. It provides for a committee of eleven, five Republicans, four Democrats and two exponents to be agreed upon by both Republicans and the Governor. The Republican leaders have sounded a warning that unless some way is found soon to break the deadlock between themselves and the Governor over a public development policy or one of development by private corporations the State is in danger of losing its water-power rights on the St. Lawrence.

Women's Council Executive Meets; Annual On Jan. 28

Preparations for the annual meeting to be held on Jan. 28 were made at the meeting of the executive of the Women's Council held yesterday afternoon, in the Church of England Institute with Mrs. A. W. Estey, president, in the chair. The annual meeting will be held in afternoon and evening sessions and Mrs. Estey and Miss E. L. Colwell were appointed a committee to decide upon the place of meeting. Greetings from Lady Aberdeen were received with much interest and pleasure by the meeting. The secretary of the National Council of Women, Mrs. Horace Parsons, wrote regarding the observance of the golden wedding of Lord and Lady Aberdeen and the executive decided to defer consideration of this matter until after the annual meeting.

RECEIVES DONATION

With great pleasure and gratitude the executive heard of the gift of \$5 received as the first of four quarterly contributions from St. Elizabeth's Society of St. Peter's church towards the free milk fund.

Splendid reports of good cheer work

At Christmas were given by the Salvation Army and by Mrs. A. M. Belding for the committee which looked after the inmates of the jail and of the Boys' Industrial Home. Good things to eat, many articles of clothing, sleds, skates and a great variety of other gifts were presented to the boys in the Industrial Home.

Mrs. T. H. Carter, treasurer, presented a most satisfactory report. Mrs. A. J. Mulcahy reported that the lecture given by the city teachers on the Beaverbrook tour had realized \$26.50 for the Council funds. A number of the affiliated societies

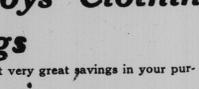

sent their lists of delegates to the Council and the hope was expressed that all of the societies would fulfill this duty before the annual meeting. The executive meeting was largely attended.

Dorothy Dix

"Love is Devoid of Selfishness"—It Permits the Same Freedom After as Before Marriage—It is Not Jealous, Because It Realizes That No One Person Can Supply All the Needs of Another"—Thus One Man Paints Love as a Little Heaven on Earth.

TO THOSE who ask, "What is true love?" and "Why do so many people who marry, believing that they are in love, so soon quarrel and get divorces?"—a man who signs himself "Experience" makes the following answer:

DOROTHY DIX

"TRUE love is the purest affection one individual can have for another and is absolutely devoid of selfishness. It makes one feel lost when apart from the other and yet permits one the same freedom that he or she had before marriage, because no one person can supply all of the strains of harmony necessary for the harmonious whole of the other. This freedom is only possible where jealousy, the curse of human kind, does not creep in."

THIS is a beautiful and high ideal of love which "Experience" sets before us, but it is so lofty and so austere that it is small wonder that poor, weak, faltering humanity so often falls by the wayside at Reno and never reaches it.

So mixed with dress is the gold in our hearts, that the noblest passion that ever inspires us is, in some ways, the meanest, and the very essence of love is selfishness and monopoly.

WE MAY be generous enough to share our fortunes our houses, our lands, our cloaks with others, but when it comes to dividing the affection of the one we love with anybody else we find ourselves incapable of such nobility.

THIS is why love has drenched the world in blood and blackened it with murder since the heart of the first man clove unto the heart of the first woman. This is the reason of all the bitter intestine strife in families and the hatred and conflict between "in-laws."

The man who loves a woman cannot endure that she should look kindly upon any other man. The mother cannot reconcile herself to giving the first place in her son's life to his wife. The wife in her secret soul cherishes an inextinguishable enmity toward that woman, even if she is his mother, whom her husband loved before he did her and whose claims upon him are as great as her own.

GRANTED that all this is wrong, yet it must be admitted as a fact that in the present degenerate state of mankind, love and selfishness, whose other name is jealousy, go hand-in-hand. Where you see the one you are so sure to see the other that they have come to believe that there can be no true love without this jealousy and monopolistic feeling.

THIS makes impossible the halcyon condition described by "Experience" when he says, "True love makes one feel lost when apart from the other and yet permits one the same freedom he or she had before marriage." Without doubt, if men and women ever attain this degree of altruism we shall have a heaven on earth, an earth in which marriage will, indeed, be a holy state and there shall be neither divorce nor thoughts of divorce.

UNFORTUNATELY, at present, we are about a billion years from the matrimonial millennium and the plain, ordinary, common or garden variety of husband or wife, who is sufficiently in love with his or her life partner to let the party of the other part sit out of his or her sight, keeps a pretty tight grip on the said party of the other part.

THERE is no freedom in their love. You never hear of a man, who is still crazy about his wife, urging her to use the freedom that she had before marriage and dance six times an evening with that Mr. Smith or entertaining Mr. Brown to drop in for an afternoon tea and a heart-to-heart talk in the twilight.

ON THE contrary, if the lady does any of these things, there are ructions in that house that make the dove of peace feel that it is no proper roosting place for him.

NOR do you ever observe the woman who has finally captured the man that she broke her neck trying to catch, presenting him of her own accord with the freedom that he had before marriage and looking on complacently while he pays attention to other women or continues to go out with the boys.

FAR from it and any man who tries to introduce the personal liberty platform into matrimony gets drowned in his wife's tears.

Marriage is the Mother and Father of all the trusts and the Great Parent Monopoly, and it brooks no side-stepping.

"EXPERIENCE" third proposition: True love should realize that no one person can supply all the strains of harmony necessary to the harmonious whole of the other, is equally beautiful and ideal—and equally impracticable.

IT IS one of the things that should be and isn't. Of course, it is true that no one person can supply all of the needs, bodily, mentally and spiritually, of another, as the cant phrase goes, but our vanity will not permit us to accept this obvious fact.

NO MAN who loved a woman would be content to know that while she adored him because he was big and strong and handsome and generous and kind to her, she also loved another man because he could talk transcendental philosophy with her, nor would any woman be content to know that while the man she loved, loved her for her amiability and domesticity, and he likewise loved some other woman for her peachy skin and golden hair.

BUT what an elysium "Experience" definition of true love opens up! A paradise where we shall be free through married and able to love without having to wrestle with the green-eyed monster.

Newsp Notes of Movies and Players

HOLLYWOOD, Calif.—There are thirteen young women in this city of movies, beautiful girls and knickerbockered men who are thoroughly convinced that there is a Santa Claus, fairy godmother, or whoever it is who brings good luck and bounteous gifts to mortals. For these thirteen young-fame in the movies, are members of the lucky group recently picked by Wampus, an organization of West Coast publicity men, as the film actresses most likely to attain stardom within the year.

Most of the newcomers in pictures here would just about give their eye teeth to be one of the chosen "Wampus Stars of 1927."

Each year Wampus members carefully go over the list of new players. They eliminate until only thirty remain. Then the names of these thirty are placed in a safe until the day of balloting arrives. As an additional honor the thirteen finally selected are feted at a ball usually held in February.

Those upon whom Wampus has put its stamp of approval this year include Patricia Avery, Rita Carewe, Helene Costello, Barbara Kent, Natalie Kingstone, Frances Lee, Mary McAllister, Gladys McConnell, Jean Navelle, Sally Phillips, Sally Ran, Iris Stuart and Admasse Vaughan.

Glancing over last year's list of Wampus stars we find the names of Mary Astor, Mary Brian, Joyce Compton, Dolores Costello, Joan Crawford, Marceline Day, Dolores De Rio, Janet Gaynor, Edna Marian, Sally O'Neill, Vera Reynolds, Fay Wray and Sally Long.

All of these young women have had a good measure of film success during the past year and several have attained stardom.

MENUS For the Family

Do you need to be reminded again that apples are one of the best and healthiest of winter fruits? Use them raw and cooked in various ways. It is surprising the number of ways this delicious fruit can be cooked or used raw.

Swiss Steak Pie. Winter Vegetable Salad. Escalloped Apples. Graham Crackers. Coffee. Milk.

TODAY'S RECIPES. Swiss Steak Pie—(From left-overs) Boil potatoes, cut up in tiny cubes, with small pieces of cut-up onions, being careful that the potatoes do not get mushy. Mix with salt and pepper and left-over Swiss steak which is cut into small pieces. Put into casserole and cover with a rich biscuit dough made from one cup flour, two teaspoons baking powder, one-half teaspoon salt, two big tablespoons lard and about one-fourth cup milk. Bake in hot oven about 25 or 30 minutes. The juice will come through the slit in the dough.

Escalloped Apples—Core and peel apples. Cut up into eighths. Grease casserole, put in a layer of apples, sprinkle with flour, a liberal amount of sugar and dot with butter. Repeat this for two layers of each. Add water almost to the top of apples. Bake uncovered till brown on top and sticky throughout.

Spanish Hash. Another way to use up left-over meat is to make Spanish hash. Chop together four cold potatoes, two small onions and one green pepper, then add one cup cold roast beef (any kind of meat may be used) and one cup canned tomatoes. Add one-half teaspoon pepper and one-fourth teaspoon salt, also a pinch of red pepper. Add one egg well beaten. Drop mixture by spoonful into muffin pans. Bake in hot oven and serve.

The Rhyming Optimist

Do you, sometimes, amid the hush of gracious twilight hours, look backward to the din and rush that taxes all your powers? The fiery conflicts of the day, the long-disputed prize... do you, when these have passed away, look back with wondering eyes? Do you the secret meaning tell of things you say and do, and ask yourself with dusk's sweet spell how much of this is you? Oh, of that inner self few know how much is given here! As day's full, fleeting hours go, what part have you made clear? How much of all your work and play—till the care-creation's fire—when you are sad, when you are gay, is what you most desire? Do you, sometimes, as daylight dies, your joys, aims, hopes review and do you vow with tear-filled eyes to make them more like you?

See-Sawing On Broadway

UNTIL a few days ago her picture was still in the lobby of a Broadway theatre.

There were two photos, in fact—one profile and one full face. The passing crowds, perhaps, did not so much notice them, and those who judged at a glance in the lobby space as they stood in line at the ticket window gave them, no doubt, only the most casual glance.

And therein lies the irony and the tragedy of this particular story.

TO ACHIEVE that moment when her photographs would appear in the lobby had been more than a mere ambition.

Insist on

And, somehow, she didn't hold anything very long. Well—it was a couple of weeks ago that her pictures finally appeared in a lobby.

Pretty nice, you say, after all that struggle! Yes, sir, she got a part at last and went to a high-class photographer who charges from \$10 up per print.

And then the play went on—but she was dismissed the day after the opening.

The picture was still there a couple

FREIGHT RATES CUT VITAL, SAYS PREMIER BAXTER IN SPEECH

Duncan Report Is Subject of Address; Premier Rhodes Refers to Critics and Defends Findings

TWO MARITIME PREMIERS, one in a speech and the other in a statement, dealt with the Duncan Report last night.

One was Premier Baxter, of New Brunswick, who pointed out that in recommending a reduction in freight rates, the Duncan Commission struck at a vital point in the present problem and that the granting of this reduction would bring about a great improvement in business. The other was Premier Rhodes, of Nova Scotia, who dealt with the tendency of some editorial writers to oppose certain recommendations in the report.

Extreme party cohesion in political affairs was one of the main hits of the Maritime Provinces, was the statement made last evening by Premier Baxter in his address at the New Albert School auditorium, West Saint John.

The Premier chose the Duncan report as his subject for the address, which was heard by about 200 people and their relatives.

The Premier said it was not his intention to criticize the report, but he would like to draw attention to the recommendation of a reduction in freight rates. In his opinion the commissioners had struck at the vital point of the present basis of grievance of the three eastern provinces and this reduction would mean a great improvement in business trade when once put into effect.

Referring to provincial and federal policies, he said the great trouble prevailing here was the party cohesion, which in many instances tended to

Best Way to Loosen Stubborn Cough

This home-made remedy is a wonderful for quick results. Easily and cheaply made.

Here is a home-made syrup which millions of people have found to be the most dependable means of breaking up stubborn coughs. It is clean and simple, but very prompt in action. Under its soothing influence, chest soreness goes, phlegm loosens, breathing becomes easier, tickling in throat stops and you get a good night's restful sleep. The usual throat and chest colds are conquered in 24 hours or less. Nothing better for bronchitis, looseness of throat, tickle, bronchial asthma or winter cough.

Make this splendid cough syrup, pour 2 1/2 ounces of Pinex into a 16-oz. bottle and the bottle with plain granulated sugar syrup and shake thoroughly. If you prefer, use distilled honey, instead of sugar syrup. Stir up, you get 16 ounces—a family supply—much better cough syrup than you could buy ready-made for \$2.50. Keeps perfectly and children love its pleasant taste.

Pinex is a special and highly concentrated compound of genuine Norway pine extract and palatable gaultheria. It has a powerful and lasting healing effect upon the membranes. The medicinal properties of Pinex are guaranteed to give you prompt relief. The money promptly refunded.

pose some of the recommendations contained in the report of the Duncan Royal Commission on Maritime Rights, particularly those dealing with what they call "subsidized freight rates."

"It is rather unfortunate that the impression should be abroad that any reduction applicable to the Atlantic region, as recommended by the Commission, will be subsidized by the Dominion Government. From the evidence presented to me on this subject, it is impossible that such an interpretation should be placed on the freight recommendations of the commission.

HISTORY OF I. C. R.

"The Duncan Commission deals with the history of the construction of the Intercolonial Railway, now a part of the Canadian National System."

(a) That leading Canadian statesmen in urging the adherence of the Maritime Provinces to Confederation defined the purposes of the railroad to be:

(1) A means of affording to Canadian merchandise, and to Canada herself, in times of national and imperial need, an outlet and market for her products—available all the year round—and

(2) To afford the Maritime merchants, traders and manufacturers a market of several millions of people inland and abroad, and to give to the small and scattered populations of the Maritimes themselves, particularly in the light of the distance from their trade, the benefit of the reciprocal arrangements that had prevailed in the United States.

(b) That strategic considerations determined the actual course of the line—making it many miles (estimated by Sir Sandford Fleming at 200 miles) longer than the direct line which had been "to connect the cities of the Maritime Provinces with those of the Dominion."

(c) That to the extent that commercial considerations were subordinate to national and imperial considerations, the cost would be borne by the Dominion and not by the traffic that might pass over the line.

"It will be sufficient to state that the construction of the Intercolonial Railway was planned before Confederation as a commercial proposition. The guarantee of the Imperial Government was sought and given on the understanding that commercial considerations should be sacrificed to imperial interests. The conference resolutions, adopted in London in 1866 and submitted to the Imperial Government and Parliament as the basis of the British North America Act, contained the following resolution:

"The construction of the Intercolonial Railway being essential to the consolidation of the union of British North America, and to the benefit of the Dominion, it is the duty of the Imperial Government to guarantee the construction of the same."

"The Imperial guarantee mentioned therein was given because the Imperial Government desired to determine the route of the railway, and the respective commercial considerations."

VIEW OF SIR JOHN A. "And Sir John A. Macdonald in previous declarations dealing with the construction of this railway, which was to be government owned, and not a national enterprise, said at Halifax:

"I do not hesitate to say, with respect to the Intercolonial Railway, that it is understood by the people of Canada—Ontario and Quebec—that it can only be built at a cost of millions of dollars for the Colonies. It cannot be denied that the railway, as a commercial enterprise, would be a disadvantage to the Colonies. It is not a national advantage to the people of Canada. Whilst we have the St. Lawrence and the St. Lawrence American ports in times of peace, we have all that is requisite for our purposes."

"We (Canadians) recognize, however, the fact that peace may not always exist, and that we must have some other means of outlet if we do not wish to be cut off from the ocean for many months in the year. We do not wish to feel that security; to know that we can have assistance readily in the hour of danger."

"In the case of a union, this railway (I. C. R.) must be a national work and Canadian. Ontario and Quebec—well, cheerfully contribute to the utmost extent in order to make that important link which will be a political connection can be complete."

CONCLUSION REACHED "It is unnecessary here to give in further detail the historical references that were submitted as evidence of these facts, but it is sufficient to say that from the evidence presented to the Duncan Commission very definitely arrived at the conclusion that—(1) The Intercolonial Railway was built as a commercial enterprise, and (2) The cost of operating at least 200 miles of non-essential commercial traffic should be borne by the Dominion Government. The Commission further stated:

THE PROBLEM OF THE DELICATE CHILD Solved for Parents by Father John's Medicine

The delicate child is the under-nourished child. Pale, nervous, listless, the tendency to take cold, the inability to get rid of colds, are bound to follow as long as the child does not get the proper amount of nourishment. When Father John's Medicine is given as a food-tonic, there is an immediate gain in weight, a gain in color, a gain in strength.

Mrs. Pierre Desjar, of St. Louis, P. I., writes: "Q. Is only one of many mothers who owe the health of her son to Father John's Medicine. In a letter, Mme. Desjar says, 'I was afraid my son was going into a decline. The slightest cold would make him cough a great deal and nothing seemed to relieve him. One of our friends advised Father John's Medicine which he took until the cough had disappeared. He is now in perfect health and does not cough at all—but I will keep a bottle of Father John's Medicine on hand in case he should take a cold.'"

Father John's Medicine is a body-builder peculiarly suited to the needs of the frail, delicate child. It is a preparation of the finest cod-liver oil, scientifically blended with several other valuable food elements by specially designed apparatus which breaks up the cod liver oil into such remarkably tiny particles that the wonderful food properties are absorbed by the weakened system. It is this abundance of rich, easily digested nutriment in Father John's Medicine which makes it so valuable for the delicate child—brings new sturdy strength to the weak muscles—gives new energy and fills the whole system with that fighting power which resists disease and transforms paleness and thinness into glowing health.

Mothers feel safe in giving Father John's Medicine to the children because it is free of alcohol and dangerous drugs, and has been successfully used for

Timely Hints And Advice In Avoiding Flu

ACCORDING to news despatches, influenza is again epidemic in many parts of the world. Fortunately there are no signs of a recurrence here, but to be on the safe side, and believing that "prevention is better than cure," The Evening Times-Star publishes the following timely hints and advice.

Infants attack the strong almost in preference to the weak. Therefore, keep away from crowds and avoid contacts. This means you must minimize socializing under the conditions are more favorable, salute instead of shaking hands, and avoid the cougher and sneezer as you would a bill collector.

Keep your general health as near par as you can; eat simple, wholesome food, get enough sleep and don't get panicky. If you suffer from fever, chills and depression go home and call the doctor, and isolate yourself so you do not expose others.

AVOID prolonged exposure to chill and wet, especially when tired. Don't take alcohol or other poisons.

Take plenty of exercise and fresh air. Take cold baths, and sponge or spray neck, chest and spine to increase resistance to chills and drafts.

Give prompt attention to first signs of cold—chill, fever and sore throat symptoms. Keep the hands away from the nose and mouth; avoid picking or rubbing the nose. Use a mild menthol oil spray in the nose before going out or mingling in crowds.

CLEANSE the nostrils at night with a salt solution—one teaspoon to a pint of water. Do not douche the nasal cavity, but lightly spray the entrance with the salt solution properly warmed in an atomizer, then gently blow each nostril separately while closing the other one. Never compress both nostrils at once when blowing, as this may cause infection of the middle ear.

At the first signs of severe cold take a hot foot bath, a brisk purge, go to bed and send for a physician. Do not make up your mind you have influenza until he tells you, then obey orders.

If you can control affairs in your kitchen, have all eating utensils boiled. Be physically examined now and have yourself in prime condition. Only the physically well can fight well.

REV. M. F. CLARY OF BANGOR DIES AT 60 Was Rector of St. Mary's Catholic Church—Native of Portland

BANGOR, Me., Jan. 14.—Rev. Martin F. Clary, rector of St. Mary's Catholic church, died last evening. Rt. Rev. John G. Murray, Bishop of Portland, died last night and will make funeral arrangements.

Father Clary was born in Portland in 1867. He was an altar boy in the church of which he was afterwards the rector. He studied in St. Francis College, Brooklyn, at the Grand Seminary, Montreal, and St. Sulpice, Paris. He was ordained priest on June 12, 1897.

After extensive travel in Europe he returned to the diocese of Portland and was sent to the church of St. Joseph, Bangor, Me., near Eastport. Later he was selected by Bishop Healy to be rector of a church at Millbrook, then emerging from a wilderness with the building of the great paper mills. In 1907 he was made rector of the Cathedral of the Immaculate Conception, serving until 1918, when he was sent to St. Joseph's church in Oldtown for a brief period to his native city to become rector of St. Dominic's church. On Nov. 7, 1923, he was appointed by Bishop Walsh as permanent rector of St. Mary's church of Bangor. He had been in failing health for nearly two years and was granted leave of absence for a European trip and consulted specialists. He had not been able to attend to any duties for several months.

Three of Interest Are Read at Meeting of High School Alumnae

The High School Alumnae last night heard with much interest and appreciation three enlightening papers dealing with three of New Brunswick's industrial and commercial centers—the residence of Miss Grace Campbell, Hazen street, Miss Campbell presided.

The program was in charge of Miss Barbara Dobson, who gave the first paper, dealing with wooden shipbuilding in this province and telling of the famous wooden ships which sailed from Saint John.

Miss K. Bates gave the second paper, which was a record of the lumber industry in this province. Mrs. Philip Simms in her paper, told of the brush industry, its history and many branches. A pleasant social hour was enjoyed at the close of the evening.

HAVE FEARFUL RIDE DOWN MINE SHAFT

Two Men Escape Death in 130-Foot Plunge at Kemptonville, N. S.

YARMOUTH, Jan. 14.—An accident occurred which might have been attended with serious results, is reported from the Kemptonville gold mines, 27 miles from here. Foreman Hurlbert and Walter Eldridge, two members of the night shift were about to go into the mine and were in the steel tub to be lowered into the shaft. Through some misunderstanding, however, the hoist was suddenly released and before it could be got under control Hurlbert and Eldridge were precipitated to the bottom of the shaft, a distance of 130 feet. Hurlbert escaped with a badly bruised leg and Eldridge suffered a rather bad fracture of one arm, while both were badly shaken as a result of their sudden drop.

CHILDREN'S AID DEBIT TO BE MET

Councillors Meet Again This Afternoon on 1927 Estimates

THE municipal finance committee wielded the axe to such good purpose this morning that they added nearly \$25,000 to the \$10,000 cut from the 1927 municipal estimates yesterday, making the total reductions ordered to date \$35,000.

Opposed to this there is an increase of \$3,654.63 in the amount for the Children's Aid Society.

The letter is to wipe out a debit balance. There also is an increase of \$17,074 in the amount required for the care of pauper patients at the Provincial Hospital, but this was not passed, being left until the meeting of the council.

In connection with the latter amount, Mayor White said that this was something over which the Municipal Council had no control, and His Worship said that considerable overlapping existed in charitable work in the city and it was time for a survey to see if some arrangements could not be made to co-ordinate the work and save expense.

AMOUNTS APPROVED. The amounts approved this morning were: Interest and sinking funds, \$31,715 (last year, \$33,737); Boys' Industrial Home, \$3,680 (last year, \$3,280); contingent, \$40,000 (last year, \$35,000); Children's Protection Act, \$1,551 (last year, \$2,500); Children's Aid, \$10,960.63 (last year, \$7,305.93); County Housing Board, \$4,550 (last year, \$3,875); Indian and Lancaster Parishes, \$1,107.50 (last year, \$1,405.81); Provincial Hospital, same as last year, subject to change at the council meeting on Jan. 22.

At 1 o'clock the committee adjourned to meet at 2:30 this afternoon.

BURIAL IN MONTREAL

Aged Man Who Was Found Dead in West End

The body of Edward Durnford, an 83-year old reclusive found dead in a Duke at the corner of Ludlow and Duke streets, West Saint John yesterday, by his landlord, E. O. Parsons, will be taken to Montreal by today's train for interment. The aged man had been living in this city for some years and it is said to have had relatives in the Canadian metropolis who supplied him with funds for his livelihood through a local solicitor. At one time he lived alone in a cottage on the Manawoganish Road. When his body was found it was considerably frozen.

Coroner F. L. Kennedy considered an inquest unnecessary as there was evidence that death had taken place from natural causes.

Two Are Honored On Their Birthdays

Thirty-five guests attended an enjoyable birthday party given by Mr. and Mrs. Chas. Robinson, 101 Pitt street, in honor of their daughter, Miss Clara Robinson, Miss Margaret Freeman, of Paradise, N. B., and Miss M. E. Rice, especially for the occasion. Cards, dancing and singing were enjoyed and refreshments were served.

About 20 friends of Miss Phyllis Ricker, 374 Main street, assembled at her home last evening in honor of her 12th birthday. Games and music were enjoyed, and refreshments were served by Mrs. M. E. Ricker and Mrs. F. E. Rice. Many gifts were presented by friends. Miss Ruth Kane, Miss Marion Barlow and Miss Freda Sweetzky were accompanists for the evening. Among those present were Misses Isabel Price, Pearl Swetkey, Doris Kane, Albert McKinney, Audrey Barlow, May McBeath, Clare Murphy, Lillian Weldon, and David Stihwal, George Ricker and Owen Ricker.

GOOD LIVING. The C. G. I. T. of Central Baptist church has been functioning under the leadership of Miss Alma Price and Mrs. Eric D. Knott. Each group held a successful skating party during the Christmas holidays, and last evening the two groups merged in an inspirational service, attended by the pastor, Rev. Mr. Knott, who took as his impromptu subject "Rules for Success."

(1) Have an Aim, (2) Have Enthusiasm, (3) Cultivate Patience, (4) Have Courage, (5) Be Optimistic and, lastly, Be Christian. The pastor was tendered a vote of thanks for his talk and address, and a short social period the interesting session closed.

SPECIAL MASSES. In the Cathedral this morning a large number of the children of the parish attended a special mass, celebrated by Rev. W. M. Duke, to ask God to bestow on them in the new year. Yesterday a special requiem mass was celebrated for the repose of the souls of those who passed away during 1924.

THE 1927 AUTOS. Echoes of the big automobile show in New York and other centres are beginning to be heard in local auto circles. The show here is being prepared for conferences of Maritime salesmen here, with pictorial demonstrations of new cars and their special improvements, and it is understood technical experts are to make tours through the eastern distributing centres.

WEDDING ANNIVERSARY. At the gathering of 40 friends at the home of Mr. and Mrs. F. Henley, 71 High street, referred to last evening and at which a presentation was made to Mr. and Mrs. Henley, in honor of their birthday, there also was presentation of a gift of silverware and china to Mr. and Mrs. F. Henley, in honor of their wedding anniversary. E. C. Tremaine officiated at the presentation.

NO WORD FROM FLORIDA YET. No word has yet been received by the daughters of the late J. S. Flagg, Mrs. Lewis and Mrs. MacCowan, as to the departure of Mrs. Flagg and her daughter, Mrs. B. D. Lingley, for Jacksonville, Florida, Thursday and the only telegram signed by her, that the journey would not be undertaken right away. Advice of departure is now expected momentarily, and which funeral arrangements will be made.

NOVELTY SHOWER. Mrs. Leslie McLean and Mrs. H. G. Adams, of Brockville, were joint hostesses at a novelty shower at their home last evening, in honor of Miss Myrtle Downey, whose marriage is to take place in the near future. A large chintz-covered hat box, decorated with a bow of pink and mauve ribbons, was placed before Miss Downey, and when opened disclosed the little daughter of the hostess, Miss Lillian McLean, in a dainty frock of mauve and pink, who presented to the bride-to-be an array of dainty and useful gifts. Delicious refreshments were served.

SALVATION ARMY EVENT. The Home League of No. 4 Corps, Salvation Army, West Saint John, held their annual tea and Christmas treat last evening. Ensign Peddieson and Lieut. Hunt were joint hostesses. Guests of honor were Major and Mrs. Knight, and Mrs. Staff Captain Ursaki, Adjutant Sibbick, matron of the Evangeline Hospital, and last evening the two groups merged in an inspirational service, attended by the pastor, Rev. Mr. Knott, who took as his impromptu subject "Rules for Success."

(1) Have an Aim, (2) Have Enthusiasm, (3) Cultivate Patience, (4) Have Courage, (5) Be Optimistic and, lastly, Be Christian. The pastor was tendered a vote of thanks for his talk and address, and a short social period the interesting session closed.

SHALE OIL PLANT FOR NEW BRUNSWICK

MONCTON, N. B., Jan. 15.—Manufacturers of machinery in shops here and in Amherst, N. S., will begin immediately for the equipment of the first unit of a plant to be erected soon for the extraction of lubricating and other oils from the shales of Albert county, not far from this city. It was announced today by Col. K. E. Clayton-Kennedy, of New York, who arrived here last evening from Saint John, where he conferred with Premier J. B. M. Baxter, in company with Matthew Lodge, who is interested in the concessions.

The property was acquired recently from the estate of Sir William Mackenzie of Ontario, after a year of testing and experimentation at a plant located in New York, in which the feasibility of the oil extraction plant is said to have been proved. The exact site of the plant has not been decided upon, but it is said that one in Albert county, with both rail and water shipping facilities, is favored at the present time.

MEET POSTPONED. Owing to unfavorable weather conditions the ice skating meet which was proposed to hold at Lily Lake this afternoon has been postponed.

HUSBAND TAKES WIFE BACK AND CASE IS ENDED

Montreal Man and Woman Pay Fines of \$50 Each

The case against a young Montreal man and woman, who were arrested in a local hotel yesterday, was again taken up in the Police Court this morning. The accused, Mrs. Elizabeth E. Vanderbruggen and W. A. Van Houten, entered a plea of guilty through their counsel, C. J. Melliday, who asked for the leniency of the court, but in view of the plea, the husband willing to return to his wife as requested by him and promised to be faithful to her in the future.

READY TO FORGIVE. Vanderbruggen, called to the stand, said he was willing to take his wife back and would forgive her. Van Houten said he was sorry for his extreme indiscretion and promised to see or write to the woman again. The magistrate informed the offenders they were liable to a fine of \$50, but in view of their plea and their youth and the fact they had not been in any court before on a criminal charge, he would not impose the maximum penalty, but fine them \$30 each or two months in jail. They paid the amount and left the court, the husband planning to return to Montreal with his wife this afternoon.

REPORT OF OFFER TO BUY INCORRECT

Harris Abattoir Co. Did Not Make Bid For British Canadian Packing Co. Plant

On Thursday evening The Times-Star published a statement to the effect that a representative of the Harris Abattoir Company of Toronto had made an offer to the directors of the British Canadian Packing Company, Limited, for the latter's Saint John plant. The statement further stated that the directors of the local packing company declined the offer.

The above statement is without foundation, but was made in this paper on the basis of information furnished by Walter A. Roffey to a Daily Star reporter. Mr. Roffey is connected with the Swift Canadian Packing Company, a competitor of the British Canadian Packing Company. In the matter, Mr. Roffey informed this paper that his statement in the Swift Canadian plant was incorrect.

CONGRATULATED ON HIS 86TH BIRTHDAY

Peter Campbell Reaches Another Milestone in Long Life in Saint John

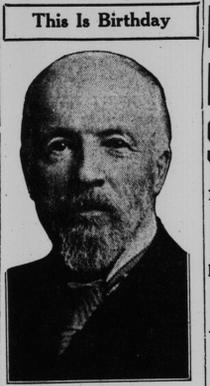

Heartly congratulations will be showered today on Peter Campbell, of P. Campbell & Co., Prince William street, on his 86th birthday and on the fact that the day finds him in vigorous health and still taking keen interest in business and affairs in general, particularly those of the city where he has been an honored resident all his life.

Mr. Campbell was born in Saint John in 1842, the son of Peter and John Campbell, natives of Perthshire, Scotland. When 16 years of age he entered the employ of his father as an apprentice, later going into the office as an accountant. He spent the year 1876 in the Old Country and on his return to Saint John entered the employ of James Harris & Co., remaining there for a year, when he became a member of the firm of Bowes, Campbell & Ellis. On the death of the latter Mr. Campbell carried on the business.

EIGHT STREAMS EMPLOYED TO SUBDUCE BLAZE

1,700 or 1,800 Tons of Coal Still Afire This Afternoon

MANAGER SAYS NO EFFECT ON SERVICE

Also Declares There Was No Danger of Explosion of Tank

A THIRD alarm called out the entire fighting apparatus of the city proper this morning to extinguish a fire in the coal sheds of the New Brunswick Power Company at the gas plant, Carmarthen and St. James streets.

Three-alarm fires are not frequent, and there were many telephone calls to the Times-Star from people anxious to know what was a fire. Good work confined the blaze to the coal sheds.

The fire was first seen at 6:50 o'clock and after vain attempts by employees of the company to get it under control an alarm was sent in at 7:10 o'clock. When it was found that the fire might spread to the gas storage tanks which house the city's supply of gas, it was found necessary to follow the first alarm with a second and later by the third alarm.

SHEDS WIPED OUT. The fire was said to have been caused by spontaneous combustion and the large coal storage sheds were wiped out.

Eight streams of water were directed on the blaze, three of them from one of the storage tanks adjoining the sheds. The conflagration was brought under control about a half hour after the arrival of the department although streams were still being played on the smoldering mass this afternoon.

Some residents of the district ran from their homes, alarmed by the noise of the blaze to the gas tanks and fearing an explosion with great property losses to get it under control. It was said at the plant, however, that this was a remote danger.

HAMPERS FIREMEN. High clouds of dense black smoke which hung close to the ground, hampered the firemen in their work and made it almost impossible to approach the building with any nearness without suffocating.

The production work of the gas plant was not delayed in any way by the outbreak, the employees of the company sticking to their posts in spite of the raging fire less than fifty feet away.

It was soon learned that the fire was under control for in industrial plants and homes many would face difficulties if the gas supply had been cut off.

MANAGER'S STATEMENT. In a statement to The Times-Star this afternoon, William H. Swift, manager of the New Brunswick Power Company, said that the fire damage was entirely covered by insurance. There are between 1,700 and 1,800 tons of coal still burning, he said, and the sheds which housed the supply had been completely destroyed.

"The fire has not in any way affected the plant," Mr. Swift continued, "the generating work has not been hampered in any way and the plant will continue to operate as usual."

Asked regarding the danger of an explosion Mr. Swift said that such a thing was practically impossible. The only way the fire could enter the tank would be through a valve and even then there would not be enough oxygen to support a flame.

First Artillery Ball Here in Some Time

The novelties offered yesterday for the ball to be given by Major D. V. White, M.C., and officers of the 19th Medium Battery Canadian Artillery 3rd New Brunswick Brigade in the Admiral Beatty Hotel on Thursday evening, February 8. They promise to surprise the patrons. The band committee has arranged an excellent program for an orchestra of seven pieces.

"This dance will be the first of its kind to be given by an artillery unit for some time. Members of the committee are Major D. V. White, M.C., chairman, Capt. Henry Morrissey, Lieut. Adrian Gilbert, Lieut. Harold Vines, Lieut. Martin Merrill and Lieut. W. C. Curry. The latter is master of ceremonies.

J. L. PECK, M. L. A. FOR ALBERT CO. PASSES AWAY

Prominent Conservative
Dies in Moncton
Hospital

MONCTON, N.B., Jan. 14.—John L. Peck, aged 63 years, senior member for Albert in the Provincial Legislature of New Brunswick, died in the Moncton Hospital this afternoon after an illness of four weeks.

Mr. Peck had been a member of the Legislature for Albert since 1917. He was born in Albert County and was one of the most prominent men in the industrial, political and social life of the county. For years he had been in the lumber and shipping business, but for the last 15 or 20 years he had conducted a private banking business in Hillsboro.

He was widely known throughout the province through his business and political associations. He was a Conservative in politics.

John Lewis Peck was born at Hopewell Hill, Albert county, in the year 1857, the son of Elisha and Rebecca Lewis Peck, in the old home and on the old farm which was part of the original Peck block granted to John Peck about the year 1780. He attended common school until the age of 14 years when he entered the employ of his grandfather, Hon. John Lewis, at Hillsboro, the store business having been established in 1828. Hon. John Lewis died in 1868 after turning the business over to his grandson, John L. Peck, at a time when, on account of the closing of the old Albert Mines and the decline of shipbuilding, business was at a low ebb.

Lumbering, which up to that time had been carried on in a haphazard

JOHN L. PECK,
Senior member for Albert in the
Provincial Legislature, private
banker of Hillsboro, and promi-
nent in the business, social and po-
litical life of his province, who
died in Moncton Hospital yester-
day, after an illness of four weeks.

way, offered an opportunity which Peck had vision enough to recognize. He began to purchase lumber from the small operators, first marketing it in Saint John by schooner, but eventually joining with J. Nelson Smith, of Coverdale, father of the Hon. Lewis Smith, the present provincial minister of agriculture, in loading steamers and sailing vessels at Hopewell Cape and Grandstone Island for shipment to

the middle of August. For a time he seemed somewhat improved in health, but on Nov. 26, he was taken to the Murray hospital in Butte. Later he underwent an operation, and for a number of weeks attending physicians pronounced his case as critical.

"Mr. Coy was known throughout the community as a high type of citizen and a devoted husband and father, and the residents of this city extend their sincere sympathy to the bereaved family. Mr. Coy is survived by his widow, 609 Main street, a daughter, Miss Anna Mae Cook, and a son, Harold Edmund Coy, who are now in Evanston, Ill.; a sister lives in Bridgeton, N. J."

"Havelock George Coy, one of Anacoda's best known pioneer merchants, died at the Murray hospital in Butte recently. News of the prominent resident's passing came as a severe shock to his scores of friends in Anacoda, and cast a pall of gloom over Christmas day for many of his associates.

While Mr. Coy's health had been failing for the last year and his condition had been critical for some weeks, friends clung to the hope that he would finally overcome the effects of his illness.

"Mr. Coy was engaged in contracting work for some time, but later decided to establish a mercantile business in Anacoda and opened up a hardware and implement store. For a time he was in partnership with Mr. Luck and later, for a year, many years ago, he had scores of friends among the farmers and ranchers of the Deer Lodge valley, as for many years he had furnished many of them with their supplies.

"Thirty-three years ago Mr. Coy journeyed to Boston and when he returned to Anacoda brought with him his bride, who had formerly been Miss Annie May Edmunds.

"Because of failing health, Mr. Coy sold his business to Chris Marchion a year ago his coming January. Since that time he has been attending to private business matters and last May, accompanied by his wife, he Coy moved to Massachusetts and New Brunswick. He visited relatives in those places for several months and returned to his home thenceforth

largely instrumental in building the Prince Albert Hotel in Hillsboro and was the contractor for the large new First Hillsboro Baptist church. His last building effort was the erection of a large residence, the largest and probably the finest in the county of Albert.

IN POLITICAL ARENA.

Following in the footsteps of his grandfather, the Hon. John Lewis, and of his uncle, Dr. William J. Lewis, he entered the political arena and in 1903, with A. E. Trites of Salisbury as a running mate, contested the county for the Provincial House. He and his partner were defeated, however, by Hon. C. J. Osman and S. S. Ryan. He entered the field again in 1917, running in the provincial election with the Hon. Lewis Smith and on that occasion both were successful. They were re-elected in the 1921 and 1925 elections.

Mr. Peck's only son, Lieut. George Peck, who left college, enlisted and went overseas, was killed in action in France. News of his son's death was a blow from which Mr. Peck never really recovered. From that time on he gradually withdrew from business and at the time of his death had withdrawn from practically all but his banking business. In 1921, as a memorial to his son and to the other soldiers of the county of Albert who had lost their lives in the Great War, Mr. Peck erected a fine concrete and stone Community Hall, which he presented to the citizens of Hillsboro in fee simple.

PROMINENT MASON

At the time of his death, Mr. Peck was treasurer of and a leading supporter of the First Hillsboro Baptist

church, a director of the public hall and a member of the Legislative Assembly. He was a prominent member of the Masonic fraternity.

Besides his wife, who is a daughter of the late Chipman Bishop, he is survived by two daughters (Mary), Mrs. C. W. McLatchey, Sussex, and (Flora B.), Mrs. George Blight, wife of the county secretary for Albert. A son was killed in the Great War. Three sisters, Mrs. W. K. Gross, Moncton; Mrs. Alice E. Peck, Miss Annie S. Peck, Hopewell Hill, and one brother, William Peck, Hopewell Hill, also survive.

The funeral will be held Monday afternoon at Hillsboro.

Deaths

Miss Ida Marion Smith.

The death occurred on Friday, Jan. 14, of Ida Marion Smith, daughter of William H. Smith, of the firm of Robertson, Foster & Smith, Limited, and the late Mary B. Smith. This young lady will be very much missed by a large circle of friends in the city and throughout the Maritime Provinces. She was of a very bright and cheerful disposition and very popular wherever she was known.

She was a member of Trinity church to which she was very much devoted. She leaves, besides her father, one sister, Mrs. Francis C. Harris, of Westport, two brothers, W. G. Smith, of this city, and Arthur R., of Water-ton, Mass., to whom the sympathy of the community will be extended.

Havelock George Coy.

The "Anacoda Standard," of Deer Lodge county, Montana, of recent date, chronicles the death of Have-lock George Coy, one of its pioneer merchants. The late Mr. Coy was born in Upper Gagetown, a son of the late Samuel Coy. He went west in 1867 and has a number of friends and relatives in New Brunswick. The paper says:

"Havelock George Coy, one of Anacoda's best known pioneer merchants, died at the Murray hospital in Butte recently. News of the prominent resident's passing came as a severe shock to his scores of friends in Anacoda, and cast a pall of gloom over Christmas day for many of his associates.

Mr. Peck's only son, Lieut. George Peck, who left college, enlisted and went overseas, was killed in action in France. News of his son's death was a blow from which Mr. Peck never really recovered. From that time on he gradually withdrew from business and at the time of his death had withdrawn from practically all but his banking business. In 1921, as a memorial to his son and to the other soldiers of the county of Albert who had lost their lives in the Great War, Mr. Peck erected a fine concrete and stone Community Hall, which he presented to the citizens of Hillsboro in fee simple.

PROMINENT MASON

At the time of his death, Mr. Peck was treasurer of and a leading supporter of the First Hillsboro Baptist

church, a director of the public hall and a member of the Legislative Assembly. He was a prominent member of the Masonic fraternity.

Besides his wife, who is a daughter of the late Chipman Bishop, he is survived by two daughters (Mary), Mrs. C. W. McLatchey, Sussex, and (Flora B.), Mrs. George Blight, wife of the county secretary for Albert. A son was killed in the Great War. Three sisters, Mrs. W. K. Gross, Moncton; Mrs. Alice E. Peck, Miss Annie S. Peck, Hopewell Hill, and one brother, William Peck, Hopewell Hill, also survive.

The funeral will be held Monday afternoon at Hillsboro.

\$15,000 Liquor Seized In Car At Truro, N. S.

TRURO, N. S., Jan. 14.—Customs officer Hopper this morning seized 1200 gallons of pure alcohol, valued at upwards of \$15,000 loaded at Weymouth, N. S., and shipped via Windsor Junction for Timmins, Ont. The car in which the alcohol was found, was billed as containing lumber. The alcohol was packed in cases and drums and was piled beneath one layer of lumber which was designed, according to the way-bills, for building purposes. The name of the consignee on the way-bills was not disclosed.

the middle of August. For a time he seemed somewhat improved in health, but on Nov. 26, he was taken to the Murray hospital in Butte. Later he underwent an operation, and for a number of weeks attending physicians pronounced his case as critical.

"Mr. Coy was known throughout the community as a high type of citizen and a devoted husband and father, and the residents of this city extend their sincere sympathy to the bereaved family. Mr. Coy is survived by his widow, 609 Main street, a daughter, Miss Anna Mae Cook, and a son, Harold Edmund Coy, who are now in Evanston, Ill.; a sister lives in Bridgeton, N. J."

"Havelock George Coy, one of Anacoda's best known pioneer merchants, died at the Murray hospital in Butte recently. News of the prominent resident's passing came as a severe shock to his scores of friends in Anacoda, and cast a pall of gloom over Christmas day for many of his associates.

While Mr. Coy's health had been failing for the last year and his condition had been critical for some weeks, friends clung to the hope that he would finally overcome the effects of his illness.

"Mr. Coy was engaged in contracting work for some time, but later decided to establish a mercantile business in Anacoda and opened up a hardware and implement store. For a time he was in partnership with Mr. Luck and later, for a year, many years ago, he had scores of friends among the farmers and ranchers of the Deer Lodge valley, as for many years he had furnished many of them with their supplies.

"Thirty-three years ago Mr. Coy journeyed to Boston and when he returned to Anacoda brought with him his bride, who had formerly been Miss Annie May Edmunds.

"Because of failing health, Mr. Coy sold his business to Chris Marchion a year ago his coming January. Since that time he has been attending to private business matters and last May, accompanied by his wife, he Coy moved to Massachusetts and New Brunswick. He visited relatives in those places for several months and returned to his home thenceforth

largely instrumental in building the Prince Albert Hotel in Hillsboro and was the contractor for the large new First Hillsboro Baptist church. His last building effort was the erection of a large residence, the largest and probably the finest in the county of Albert.

IN POLITICAL ARENA.

Following in the footsteps of his grandfather, the Hon. John Lewis, and of his uncle, Dr. William J. Lewis, he entered the political arena and in 1903, with A. E. Trites of Salisbury as a running mate, contested the county for the Provincial House. He and his partner were defeated, however, by Hon. C. J. Osman and S. S. Ryan. He entered the field again in 1917, running in the provincial election with the Hon. Lewis Smith and on that occasion both were successful. They were re-elected in the 1921 and 1925 elections.

Cigarette Blamed
In Theatre Tragedy

MONTREAL, Jan. 14.—Although evidence is incomplete, and the inquiry will continue Tuesday afternoon, Fire Commissioner Emmett Quinn declared today he had heard enough to convince him that last Sunday's blaze at the Laurier Palace Theatre, with its consequent panic and 78 child deaths, was caused by a lighted cigarette which dropped or rolled through a trapdoor in the forenoon of the balcony floor.

Details of Stabilization Law In Brazil of Interest

Complete drafts of Brazil's stabilization law, which was passed by Parliament last month, about the plan in its present stages to be an extremely sketchy one. The bill is comparatively short, omits consideration of many phases necessary to stabilization and leaves many details of importance to be decided by executive decree. However, the important fact is that the Brazilian Government finally has the will and the authority to stabilize its currency, according to the Wall Street Journal.

The plan was necessarily a hurried operation. President Luis was inaugurated November 15th and had the choice of putting a rough draft of the stabilization law into shape or waiting until the country's financial condition had improved somewhat.

The plan provides for a new currency unit, the cruzado, and establishes the value of the cruzeiro at slightly above 1190 to the dollar. The cruzeiro is to be minted in gold and silver and contains 200 milligrams of gold. The plan also provides for the stabilization of the cruzeiro by the sale of government securities and the raising of the necessary gold by the sale of government securities.

FIRST DIVIDEND PAID BY B. C. PULP AND PAPER

Is \$8.75 Per Share on Preferred Stock Is Announcement

MONTREAL, Jan. 15.—It is announced by B. C. Pulp & Paper Co., Ltd., that a dividend of \$8.75 per share has been declared on the company's 7 per cent cumulative preferred stock payable February 1st, 1927.

The dividend is the first since the company's reorganization in 1925. It is a result of the company's improved financial position and the successful operation of its mills.

The company's earnings for the year ended December 31, 1926, were \$1,000,000. This represents a 10 per cent increase over the previous year.

The company's assets are estimated at \$10,000,000. This includes land, buildings, machinery, and inventory.

The company's liabilities are estimated at \$2,000,000. This includes accounts payable and other obligations.

The company's net worth is estimated at \$8,000,000. This represents a 20 per cent increase over the previous year.

The company's management is confident of the company's future success. They expect continued growth and profitability in the coming year.

The company's stock is currently trading at a price of \$100 per share. This represents a 25 per cent increase over the previous year.

The company's stock is widely held and is considered a safe investment. It is a good choice for long-term investors.

The company's stock is available in all major stock exchanges. It is a good choice for investors looking for a stable and profitable investment.

ANOTHER shipment of \$2,500,000 from Canada, coincident with the discount of the Canadian dollar in exchange transactions, has been received by the Bank of Montreal in New York.

PITTSBURGH—Sheet business is slow. Automobile manufacturers appear unwilling to increase production further until the results of the auto show are known. Facing orders for railroad cars will eventually involve good tonnage of sheet, but none of this business has reached sheet mills so far.

THE Homer Insurance Company has increased its dividend rate from 10 to 12 per cent, and has changed quarterly from semi-annual to a quarterly basis, with a payment of 4 per cent at the end of 1927.

LONDON—Negotiations of Anglo-American Oil for the purchase of a 50 per cent interest in the Canadian oil fields are continuing. The negotiations are expected to be completed in the near future.

DOMINION Textile In Good Position The last of wildcatting and high price speculation in the textile market has been ended. The market is now in a good position and is expected to remain so for some time.

MONTREAL, Jan. 15.—In a good year textile might easily have an earnings power double present common dividend requirements; and such earnings could be paid in dividends. Like most of the leading industrial companies, Dominion Textile is rich in cash assets. Holdings of cash, bills receivable and government securities at 31st March, 1926, aggregated over \$1,000,000, compared with \$700,000 in inventories and with \$1,245,490 total current liabilities.

Textile stock is not in the ordinary speculative class. It is a stock of a small quantity of shares on the Street, it is not widely distributed, and it is in the list, and owing to its excellent record, it is a stock which is well known to investors.

The present dividend declaration on the preferred may be accepted as an indication of the satisfactory operation of the properties by B. C. Pulp & Paper Co., Ltd. A balance sheet published on April 30th, 1926, showed earnings for the year of \$1,000,000. It is understood that for the full year ended Oct. 31, 1926, the net earnings available for common stock were \$1,200,000, while working capital stood at the satisfactory figure of approximately \$1,400,000. As the full year's interest requirements for the company's two bond issues is \$275,000, it is presumed that the preferred dividend is earned by a comfortable margin.

The company operates a 100-ton bleached sulphite pulp mill at Port Arthur, and a 100-ton sulphite pulp mill at Woodville, N. B., and also the production of these products in European and Australian markets. With this in view, the company's management is confident of the company's future success.

WESTERN Electric Company reports consolidated net income for 12 months ended Nov. 30 of \$4,213,899, after taxes, interest, depreciation and preferred dividends of subsidiaries, compared with \$4,148,808 in the preceding 12 months. Net income for November was \$379,267.

TRUSTEES of Boston Elevated Railway have awarded \$466,000 par value, 50-year 8 per cent bonds to Boston Elevated Railway. The purpose of the issue is to refund two issues of 100,000 par value bonds issued by Boston Elevated on consolidation of the two companies. The West End issues comprise \$2,700,000 maturing Feb. 1, 1927, and \$1,956,000 maturing May 1, 1927.

WASHINGTON—Loadings of revenue freight for week ended Jan. 1 totaled 740,348 cars, a decrease of 1212 from the corresponding week last year and 25,770 from the similar week in last-minute presentation by Sir Henri Detering of Royal Warrant. The proportion in which all leading commodities are being shipped is as follows:

Brokers' Opinions (By McDougall & Cowan) NEW YORK, Jan. 15.—J. S. Bachman continues to view the oil, rail and steel groups as desirable mediums for speculative play. In these groups are to be found issues whose earnings justify higher prices.

Stocks—In general, the market appears to be still held back. It is dangerous to hold stocks in this group for higher prices.

Prices That Set a New Measure of Value for Finer Motoring

Men Needed in Electricity ALL over Canada there is a steady increase in the use of Electricity. During the first five months of 1926 the amount of Electricity generated for purely Canadian use increased by 17% over the corresponding months of 1925 and surpassed the same period in 1923 by 38%.

Practically all of Canada's industries are adopting Electricity in preference to steam, as their driving power. More and more men are being called to the power stations, electric plants, service stations—they all need trained men. The demand is greater than the supply. Canadian industrial developments now under construction mean even greater opportunities for better jobs—more interesting work—higher salaries—better prospects.

Why not study Electricity and prepare yourself for one of these profitable positions? You can do it right at home in your spare time through the International Correspondence Schools.

GETS GRAIN RECORD

FORT COLBORNE, Ont., Jan. 15.—Topping all previous records by 4,000,000 bushels, Fort Colborne retained its position as Canada's third largest grain port during 1926, despite serious setbacks to lake freighters. Harbor elevators handled, during the year, over 16,000,000 bushels of grain, an increase of 1,000,000 bushels over the season of 1925.

A new beauty still further above the commonplace

In its alluring smartness and beauty the new, finer Chrysler '70' forecasts the new vogue in motoring design even more definitely than the first Chrysler did three years ago.

Newer, more exquisitely graceful bodies—newer, more distinctive silhouettes with military front and cadet visor (see illustration)—newer luxury of comfort—newer, greater riding ease—newer richness of upholstery—newer, finer hard-wood interiors—newer refinements in controls and lighting—newer, more attractive color blendings far in advance of current harmonies. And with this newer appearance is the famous chassis—unchanged save for valuable refinements—whose basic performance, dependability and long life have been proved for three years by hundreds of thousands of enthusiastic owners.

FUSILIERS DEFEAT MONCTON ATLANTICS AND TIE FOR LEAGUE LEAD

LARGE CROWD SEES VISITORS LOSE TO LOCALS

Frank Kiley Makes Only Tally of Game—Ice Poor But Lots of Excitement

BY defeating the Moncton Atlantics here last evening, the Saint John Fusiliers are now tied for first place in the Southern New Brunswick Hockey League. The locals won by a score of 1 to 0, the only tally of the game being made by Frank Kiley after eight minutes of play.

One of the largest crowds ever to attend a game, witnessed the contest which was replete with thrills, although the condition of the ice made good stick handling and team work out of the question. There were 20 penalties handed out during the game.

Frank Brown, of Moncton, and J. H. Drummond, of Saint John, keeping close tabs on the players, some of whom argued with Brown regarding his decisions. With the exception of the first period, Moncton had the better of the territory play, the Fusiliers staying on the defensive most of the time after getting a one goal lead.

The Fusiliers are now tied for first place with the Atlantics, each team having won four games. The former have one game yet to play with Sussex and should yet win they will be undoubted winners of the first section. Should Sussex defeat the Fusiliers and also Fredericton, there would result a three-cornered tie.

The winners of the first and second sections will play off after the schedule has been completed.

THE FIRST PERIOD.
Kiley received the puck from Keating at the faceoff and beat the Moncton defense for a drive at Bidlake. Moncton returned fast and the Saint John defense handled everything. Keating received a penalty for holding and had his time raised to five minutes for arguing with the official. Play ceased neither team having any advantage.

Kiley gave the fans something to holler about when he slapped the puck on the left wing to dent the drapery back of Bidlake for what proved to be the winning tally of the game, after eight minutes of play.

Wick James received two minutes in the pen for holding and was checked for a knee check. Thompson did not boost his stock any when he drove the puck at the referee. He was lucky not to be banished from the game.

Hallisey and Thompson combined for the length of the ice only to have Bidlake come out of the nets for a sensational save. Thompson was taking a smack at Bidlake for his stick. Wilson and Fraser received three minutes each for interfering with each other while skating after a puck near the Moncton nets.

Moncton forced hard and Wilson was in top form. Cole received three minutes for knee-checking and Keating two for a trip. The bell sounded with the puck near the Moncton net.

SECOND PERIOD.
James received the first trip to the pen in the second period but his stay was only for one minute. He no sooner returned to the ice than his fellow player, Gould, was driven off for two minutes. Moncton carried the fight to the Saint John end and only Cole's checking and goal tending of the puck-off prevented a score.

Fraser dumped Lane and got a trip to the pen.

The fans freely boomed some of the decisions of the referee. Keating was banned for slashing and a minute later was followed by Fraser for grabbing Bidlake, when skating in fast after a re-bound. Thompson and Wilson followed a few seconds later to the pen. Wilson was featured with the puck near the Saint John nets.

Keating returned to the game and Kevin of the Moncton team was banished and it was Saint John's turn to have the puck. The bell sounded with the puck near the Saint John nets.

THE THIRD PERIOD.
The final session was slow but by no means devoid of thrills. Moncton had a decisive edge on the play, the Fusiliers checking themselves with shooting the puck up the ice and blocking Moncton's attempts to score. One or two individual rushes by Saint John players lived things a little.

The period was just one attempt after another on the part of the Atlantics to score and the entire team was thrown into the front line of battle. Pole-checking and goal tending of the highest order were the only things that prevented a score. The play went into the gateway city players by a wide margin.

Penalties in this session were handed out to Thompson, James, Fallon, Hallisey and Gould.

Bristling Battles of Bare Fist Days

MY LIFE STORY
by Jack McAvilly

FIGHTERS were treated like dogs in those days.

I was matched to fight Jack Hopper, the man who hit me a terrible blow above my cheek bone in our first fight and paralyzed my mind so I could not remember a single thing that happened for four rounds. We were to meet in back of the Cedarhurst country club. It was February 27 (I believe) in 1915, late at night.

My, how the cold raw wind blew! Our teeth were chattering, our faces were blue. Twenty of New York's biggest swells, all great men from Wall Street, were in the clubhouse eating and drinking. I was warm fire when we reached the building.

We tried to get in the clubhouse to get warm.

"No fighters in here," said the bull at the door. "Stay out and freeze for all I care. And you don't get nothing to eat either."

We went over to the grandstand in the darkness and huddled together until one by one, taking their sweats, the swells came out to see us.

We stripped our clothes off and it's a wonder we didn't catch pneumonia! A thin layer of ice coated the water bucket held by my brother Con.

Hopper and I started off at a fast pace to keep warm. Every time we drew a quick deep breath it seemed like a milking into a tin can and I thought Hopper would be easy, but he sure was tough. The swells sat in their seats and protected by heavy blankets, watched us maul each other while the wind cut to the bone. Hopper and I each put up a \$250 side bet and all lights then were on a winner-take-all basis.

Finally in the 17th round I knocked out Hopper in 40 seconds each day.

Then after that grueling pace and the hardships we had just put our clothes on and were sitting down, half-finished, to eat when the cry of "Police!" echoed across the frosty air.

EDITOR'S NOTE—In the next chapter McAvilly tells of his exciting experience in Boston and how an opponent gave him \$5 so he wouldn't run out on a match and how he spent the whole \$5 on steaks to keep from starving to death.

J. H. WHEATON BACK IN BOWLING GAME

Bowling fans throughout the city will be glad to hear that J. Hartley Wheaton, formerly of this city and now at Malden, Mass., is back in the bowling game again after a lapse of two years caused by an accident to his left leg.

Mr. Wheaton said that he would do his best this winter to break the ten-ting record. He broke into the game again on Archie Walsh's alleys with a total of 603 for five strings. Both Archie Walsh and Jim Whalen, noted bowlers, urged Wheaton to compete in the Boston Post championship tournament, but he was unable to on account of his work.

Several of his home friends have urged him to get a team together composed of former Marine recruits and come to Saint John for a special match game. If he is successful in doing this the team will be made up of Wheaton, former Saint John boys and one from Amherst.

This aggregation would be given royal welcome by the bowlers of the city and every effort will be made to have them come to the city.

Wheaton holds three records on Archie Walsh's alleys—single string, 165; three string, 421 and five string, 631.

The officials in charge of the game were appointed by the president of the league, G. P. Bolton, of Sussex. Frank Brown, of Moncton, was referee with J. H. Drummond as his assistant, or umpire. Both had jurisdiction over plays and penalties.

CANADIENS AND MAROONS MEET THIS EVENING

Senators Play Bruins, Americans, Pittsburgh and Detroit Toronto in N. H. League

MONTREAL, Jan. 15.—Canadians and the Montreal Maroons, inter-city rivals in the National Hockey League, will clash tonight in their third meeting of the season. In their first meeting the Maroons won while in the second Canadians took the honors.

Interest in the game is created by the report that there will be several changes in the Montreal lineup.

Reasons of a change of nature have been going the rounds in the Maroon camp for the past three weeks, but so far, have failed to materialize.

The two teams are evenly balanced for tonight's tussle.

Ottawa Senators, leaders of the Canadian section, who have stretched their latest winning streak for three straight games, will be at home to Art Ross Boston Bruins.

The Senators will be at full strength for tonight's game and should give the Bruins a hard tussle for the two points. A win for the Hub City team will place them in undisputed possession of second place in the American section, which they now share with Chicago.

Montreal fans will be also interested in the New York Americans-Pittsburgh clash at the Smoky City. Should the Pirates beat the Americans, Canadians can move into the tie for second place, providing they defeat the Maroons.

The fourth game scheduled will be between the Detroit Cougars and the Toronto St. Patricks. The Cougars have shown a reversal of form lately, which has brought them within striking distance of the leaders in the United States section.

SULLIVAN OF LOWELL, MASS., SECOND CHOICE

Race Will Start at 3 p.m. Saint John Time—Not All Entrants Will Start

NEW YORK, Jan. 15.—New York betting commissioners today made Norman Ross, of Chicago, a favorite in the Catalina Island marathon swim, rating his chances against the field and the tides at 1 to 3.

Henry Sullivan, of Lowell, Mass., was considered a 1 to 4 choice, while Mrs. Lottie Schoemmel and Charles Toth, of Boston, came next at 1 to 5.

AVAILON, Santa Catalina Island, Calif., Jan. 15.—The churning waters of the Catalina Channel today met the challenge of more than 100 of the world's best swimmers, as they swam the crack of the gun at the start of the \$40,000 deep sea derby—the Catalina Island to California swim.

The Canadian entrants are George Young and Shier Mendelson, of Toronto, and Omer Perreault, of Montreal.

The start was scheduled for 2 o'clock Eastern Standard Time.

The sands of the isthmus on the northeastern edge of the island, were checked with marked-off plots of beach from which each contestant was assigned to plunge into the chilling waters in the marathon race.

FAIR WEATHER.
Fair weather was indicated for the start. Predicted light easterly winds were expected to aid rather than handicap the swimmers.

Despite a leg injury which he received in training, Mrs. Charlotte Moore Schoemmel, of Howard Beach, Long Island, was determined to make the start along with nearly a score others of her sex.

Among the entrants are Henry F. Sullivan, of Lowell, Mass., and Charles Toth, of Boston, who successfully crossed the English Channel in 1925, Norman Ross and Leo Purcell, of San Francisco.

WALTER CHAMPION PUTS UP GREAT BATTLE AND SCORES THREE KNOCK DOWNS

WILKESBARRE, Pa., Jan. 15.—Pete Latzo, of Scranton, welterweight champion, received the decision over Sammie Baker of Mitchell Field in ten rounds at the Armory last night.

Appearing before his coal region neighbors for the first time since he won the title from Mickey Walker last May, Latzo put up a great battle and received the unanimous decision of both judges and the referee.

Latzo scored three knock downs early in the fight and had Baker down in the ninth and tenth rounds.

CLASS OF '77 PLAN RE-UNION FOR NEXT YEAR

Will Be Held in Conjunction With U. N. B. Encenia in May

A 50th anniversary reunion of the graduates of the class of 1877 is to be held in connection with the encenia of the U. N. B. in May of this year and a member of that class, Dr. Wallace Broad, of St. Andrews, has been chosen by the U. N. B. Alumni Society to be the alumni orator at the encenia.

TO MAKE ARRANGEMENTS

A committee consisting of C. McN. Steeves, Dr. B. C. Foster and Dr. W. S. Mylre was appointed to arrange for an alumni dinner on the night preceding the graduation exercises at the university in May.

The speaker of the evening at the alumni meeting was Professor Adam Cameron, who has been for 18 years professor of chemistry at the U. N. B. He gave an altogether delightful address, which held the fascinated attention of his hearers as he spoke of Scottish university life. Professor Cameron is a graduate of St. Andrew's University in Scotland.

Dr. C. C. Jones, chancellor of the university, announced that the attendance at the university this year exceeds all previous records, the present enrollment being 242 and all departments being crowded.

PRESENTATIONS AT BOY SCOUT DINNER

St. James' Troop Hears Several Excellent Addresses at Annual Function

An account of a Gilwell hike by Ell Boyaner, an address by Assistant District Commissioner, F. Choppin, urging the boys to provide scraps of yarn and other materials for the birds to use in building nests, and an address by W. E. Hoyt, district secretary, on the how they are caused, were among the specially interesting features of the very successful annual dinner of the St. James' troop of Boy Scouts last evening.

There were 26 boys who sat down to the bountiful repast with Scout Master K. W. Stagg presiding. Mr. Stagg gave an outline of the work and encouraged the boys to make their patrol competition as keen as possible.

Following the supper, the dinner was inspected by Mr. Choppin and A. Kee, made the presentation of the patrol competition flag to the Scout Master. The Beaver patrol is leading in the competition for January.

Mr. Choppin made the presentation of a Scout Master's certificate to Mr. Stagg, and Mr. Boyaner gave a very interesting talk on the 1926 Gilwell first class hike in which he had participated.

H. E. Collins gave a much appreciated vocal solo and the evening indulged in, all present joining in heartily. During the evening a number of games were played and a number of special prizes were given.

The convener for the supper were Mrs. H. G. Gibson and Mrs. James Laidlaw, and those assisting were Mrs. James Laidlaw, Mrs. H. A. Cody, Mrs. F. H. Watson, Mrs. H. E. Collins, Mrs. S. MacCowan, Mrs. A. M. Doyle, Mrs. F. Dodge, Mrs. M. T. Gibson, Mrs. H. D. Brown and Miss M. Longley.

COMMISSIONERS OF G.P.H. RESENT JURY VERDICT

Say Institution Should Not Have Been Brought Into Recent Case

"It was a fool verdict," declared Dr. C. M. Pratt at the meeting of the commissioners of the General Public Hospital yesterday afternoon when the recent inquest into the cause of death of a patient, who died in the hospital, was under discussion.

M. A. Gray, president of the board, declared that while he was not supposed to make criticisms of what had been done in court, he did not appreciate the verdict which had stated that death had been due to septic poisoning and had been hastened by a fall but, which did not give any word of the cause of the septic poisoning.

It was stated by Dr. M. C. Case that Dr. H. L. Abramson had asserted that the woman had received no injury through her fall. R. H. Gale, superintendent, interposed to state that the woman had not fallen but had been endeavoring to get out of bed.

BRINGS UP MATTER.

J. King Kelley first brought the matter before the meeting, and expressed his opinion that the hospital ought not to be summoned in such cases, but he advocated having the superintendent make an immediate report to the chief of police of every such case being admitted to the hospital.

Mr. Kelley resented having the hospital made a cloak for such cases and was ready to put his suggestion with regard to the notification of the chief of police in the form of motion.

Dr. Case said that he believed the verdict of the inquest as published was unfair. The verdict had said that the fall contributed to the death, which was absolutely wrong, he said.

Mr. Gale, superintendent, said that he had taken action in three cases that had been brought to the hospital. He also explained that the only deaths in the hospital, which were reported to the coroner, were those in which the cause of death had not been determined or where death had been by violence or from unnatural or suspicious causes.

SUFFERS DAMAGE ON ATLANTIC VOYAGE

Italian Steamship Adeline, Now Here, Had Difficulty in Making Halifax

The Italian steamer Adeline here from Barrow-in-Furness, England, via Halifax, sustained damage estimated at \$22,000 on the way across, and only after difficulty, was able to make Halifax. The vessel left the other side on November 31, and encountered stormy weather all the way.

On December 18 she sprang a leak in No. 1 hold and the forepeak. Two feet of water got into the hold, doing considerable damage to the engine and H. P. turbine. The ship arrived at Halifax on December 21 and repairs were made.

Musical credit was given to Captain Mario Patalano and his crew in Halifax, for being able to bring the ship into port. The Adeline is now at berth No. 3, Sand Point, fitting out for a cargo of grain for Italian ports.

The ship's other officers are Cenzo Alberto, chief officer; Crovato Tilio, second officer; Bonpane Getore, chief engineer; Michaeli Antonio; Gatto Luigi, wireless telegraph operator.

Teachers' Tour of Europe Described By Miss McGuigan

Under the auspices of the League of the Sacred Heart of St. John the Baptist church, Miss Annie McGuigan last night gave a very interesting account of the recent overseas tour of the New Brunswick teachers as the guests of Lord and Lady Beaverbrook. The address was fully illustrated with a number of lantern slides.

During the evening Mrs. Alice Harris sang delightfully a number of English, Scotch and Irish airs, her accompanist being Miss Kathleen Shortis. The St. John the Baptist orchestra gave several selections. At the close of the evening short addresses were given by Rev. J. J. McDermott and Rev. Father Handley, who is the chaplain of the society. Mrs. Ernest Wallace, the president, was in the chair and extended to Miss McGuigan a hearty vote of thanks.

Nice Program Given At Old Ladies' Home

The members of the Junior W. A. of St. Luke's church visited the Old Ladies' Home last evening and presented their Christmas entertainment, program of choruses, piano solos, a vocal selection as well as sketches, "Old Growler's Christmas Eve," and "Children's Other Days." The residents of the home were most appreciative of the children's very fine program and heartily thanked the young performers and those who were in charge. Mrs. H. Usher Miller, superintendent of the Junior W. A., was assisted by Mrs. Walter Gregg, Mrs. Allan Whitebone and Mrs. William Gaskin in directing the entertainment.
